Dear Council Members:

I respectfully submit to you for consideration the reappointment of Angie Juzang to serve on the City of Gulfport Civil Service Commission representing Ward 6. Ms. Juzang was appointed in April 2014 to serve the unexpired term of Mrs. Cathye Ross-Amos.

Ms. Juzang is a lifelong resident of Gulfport and is employed Memorial Hospital at Gulfport in their marketing division. She is an active community volunteer and is a graduate of Georgia State University.

Your affirmation of Ms. Juzang's appointment to serve an additional six years on the City of Gulfport Civil Service Commission will be greatly appreciated. Her new term will expire December 31, 2026.

Sincerely yours,

Billy Hewes
Mayor

Councilwoman Cara Pucheu

Council Members,

I respectfully submit for your consideration and confirmation the re-appointment of Mrs. Bridget Weatherly to serve on the Gulfport School District Board of Trustees. Mrs. Weatherly was first appointed in 1999 to fill the vacancy created by the resignation of Mr. John Hash. She was reappointed in 2001, 2006 and 2011 and has served for the past twelve years representing the city with true commitment and integrity.

I would ask for your affirmation of Mrs. Weatherly's appointment to serve an additional term on the Gulfport School District Board of Trustees. Her term will become effective immediately and will expire on February 28, 2026.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "Billy Hewes", is written over the typed name and title.

Billy Hewes
Mayor

As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:

Violation(s):	Corrective Actions Required:
OVERGROWN PROPERTY, IPMC 302.4	CUT & CLEAN THE PROPERTY
TRASH & DEBRIS, IPMC 308.1	REMOVE/HAUL OFF TRASH & DEBRIS

The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.

NOTICE OF HEARING

If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 12/08/2020 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize advertisement for bids to perform the necessary corrective actions. All costs incurred will be assessed to your property taxes and/or posted to the county Judgment Rolls. Please contact our office at (228) 868-5718, if you have any questions about this letter or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.

Respectfully yours,

Travis Johnson

611 VICTORY ST

As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:

Violation(s):	Corrective Actions Required:
OVERGROWN PROPERTY, IPMC 302.4	CUT & CLEAN THE PROPERTY
TRASH & DEBRIS, IPMC 308.1	REMOVE/HAUL OFF TRASH & DEBRIS

The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.

NOTICE OF HEARING

If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 12/08/2020 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize advertisement for bids to perform the necessary corrective actions. All costs incurred will be assessed to your property taxes and/or posted to the county Judgment Rolls. Please contact our office at (228) 868-5718, if you have any questions about this letter or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.

Respectfully yours,

Linda Allen

As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:

Violation(s):	Corrective Actions Required:
OVERGROWN PROPERTY, IPMC 302.4	CUT & CLEAN THE PROPERTY
WEEDS & VINES, IPMC 302.4	REMOVE WEEDS & VINES
UNSAFE CONDITION, IPMC 302.1	REMOVE AND HAUL OFF TREE

The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.

NOTICE OF HEARING

If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 12/08/2020 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize advertisement for bids to perform the necessary corrective actions. All costs incurred will be assessed to your property taxes and/or posted to the county Judgment Rolls. Please contact our office at (228) 868-5718, if you have any questions about this letter or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.

Respectfully yours,

Linda Allen

At the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of the City. As a result, violations of one or more of the following ordinances were identified. Section 21-15-11 (Miss Code Ann. 1972 as amended), the City of Gulfport's Public Works Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:

Violation(s):	Corrective Actions Required:
OVERGROWN PROPERTY, IPMC 102.4	CUT & CLEAN THE PROPERTY
WEEDS & VINES, IPMC 102.4	REMOVE WEEDS & VINES
TRASH & DEBRIS, IPMC 108.1	REMOVE/HAIL OFF TRASH & DEBRIS

The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.

NOTICE OF HEARING

If you have not taken the above stated corrective actions within the 14 days provided, you are hereby given notice of and are invited to attend a public hearing before the Gulfport City Council on 12/08/2020 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2509 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of neglect and/or a nuisance to the public health, safety and general welfare of the City. The City Council will also authorize the City of Gulfport to take the necessary actions to correct the violations. If you do not appear at the hearing, the City Council will also authorize the City of Gulfport to take the necessary actions to correct the violations. In addition, the City Council will be asked to issue a stop-work order for the property for violation of the same type of violation. All costs incurred will be assessed to you. If you do not appear at the hearing, the City Council will be asked to issue a stop-work order for the property for violation of the same type of violation. All costs incurred will be assessed to you. Please contact our office at (228) 868-5718 if you have any questions about this notice or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid proceeding with a public hearing on your property.

WHEREAS, the Mayor and members of the Council of the City of Gulfport further find, determine and adjudicate that advertisement for bids to clean the above referenced properties should be made in the form and manner by law provided; and

WHEREAS, the Mayor and members of the Council further find, determine and adjudicate that the cost of the demolition and lot cleanup shall not exceed the aggregate amount of \$20,000.00 per parcel shall be a lien against said property and shall be enrolled in the office of the Circuit Clerk of the First Judicial District of Harrison County, Mississippi as other judgments are enrolled, and thereafter, the Tax Collector of the Municipality shall, upon order of the Mayor and members of the Council, proceed to sell the herein described land to satisfy said lien as now provided by law for the sale of land for delinquent municipal taxes.

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND MEMBERS OF THE COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the City Clerk be and is hereby authorized to advertise for bids to clean the property described above lying and being within the City of Gulfport, First Judicial District of Harrison County, Mississippi.

SECTION 3. That the cost of cleanup of the herein described property, including any

penalty assessed, shall be a lien against said property and shall be enrolled in the office of the Circuit Clerk of the First Judicial District of Harrison County, Mississippi, and thereafter, the Tax Collector of the City, shall, upon order of the Mayor and members of the Council, proceed to sell the land to satisfy said lien as now provided by law for the sale of lands delinquent municipal taxes.

Please place the attached item on the Council agenda for December 8, 2020.

Technical Report

Resubdivision

GENERAL INFORMATION

Case File Number: 2010PC136

Hearing Date: October 22, 2020

Current Zoning/Use: T4+ / Vacant property

Legal: Resubdivision 2010PC136, by agent Garlon Pemberton, tax parcel 1011D-03-009.000, Divide into two new parcels, Markham Dr, Zoned T4+ (General Urban Zone "Plus"), Ward 2

TECHNICAL DETAILS

The applicant proposes to split a 10,585-square-foot parcel along the original lot lines. This would create two lots with nonconforming width and area. The applicant has applied for a variance (case number 2010ZB135) for lot width, which would allow the new parcels to be 50 feet wide where 60 feet is the minimum. However, a variance for lot size is also required since the minimum lot size for a single-family home in a T4+ is 7,500 square feet, and the proposed new parcels are each less than 5,300 square feet. The existing parcel already meets minimum lot width, minimum size, and allows for one single-family home or any other use permitted in a T4+, which allows for multi-family and some commercial uses. If the variances and Resubdivision are ultimately approved, the only use allowed for each new parcel will be a single-family home.

The Gulfport Subdivision Regulations require that:

1. Each new lot created is in compliance with appropriate zoning ordinances, building codes, and restrictive covenants, if any;
2. Each new lot created shall have direct access to a dedicated public street for at least 35 feet; and
3. Each new lot created shall have available capacity for water and sewer

The proposed parcels are located adjacent to existing city rights-of-way, are protected by Gulfport Fire and Police, and will have capacity for city water and sewer. The applicant states there are no protective or restrictive covenants which would prevent the resubdivision of the parcels.

Any approval should consider these conditions:

1. Requires approved variances for reduced lot width and area.
2. All water, sewer, and/or drainage issues will need to be coordinated with the City of Gulfport Public Works Department.
3. Must meet all City of Gulfport Ordinances and current Building codes.
4. Large protected live oak to be preserved and protected.
5. Only use allowed for each new parcel will be a single-family home.

the following described property, together with the improvements, hereditaments and appurtenances
thereunto situated and located in the County of Harrison, State of Mississippi, and more particularly
described as follows, to-wit:

ATTACHED HERETO AS EXHIBIT "A"

**The Grantor hereby covenants that the property described herein does not
constitute as a part of his homestead, nor is it contiguous thereto.**

THIS CONVEYANCE is subject to any and all recorded restrictive covenants, rights-of-way
and easements applicable to subject property, and any prior recorded reservations, conveyances and
leases of oil, gas and minerals by previous owners of subject property.

Estimated county ad valorem taxes have been prorated between the parties as a part of the
consideration for this conveyance. In the event the estimates upon which such proration is based

prove to be inaccurate for any reason, the Grantee agrees to refund any excess, and the Grantor agrees to pay any deficiency, upon receipt of a copy of the tax statement for the current year and a computation of the true amount due, based on a 365 day year.

THIS CONVEYANCE is also subject to Zoning and/or other land use regulations promulgated by federal, state or local governments affecting the use or occupancy of the subject property.

WITNESS THE SIGNATURE of the Grantor on this the 21st day of April, 2020.

MATILDA WELCH

ALSO PRESENT:

MARGARET MURDOCK, ESQ.
City Attorney

1 11. Resubdivision 2010PC136

2 MS. WELCH: Resubdivision Case Number 136 has
3 been duly and timely noticed as required by law. The
4 applicant requests to divide into two new parcels Markham
5 Drive, zoned T4+, general urban zone plus, Ward 2. A copy
6 of the packet considered is hereby offered to the record.

7 MR. WILLIAMS: Thank you.

8 Have someone here to speak for the case?

9 Garland, on your way up, I have to ask you, I
10 know you learned something in all that process on that case;
11 right? I know you learned something on rezoning.

12 (Laughter)

13 MR. PEMBERTON: Oh, yeah. I hope my...

14 (Several people speaking at one time.)

15 MR. WILLIAMS: I'm sorry. Your name and
16 address.

17 MR. PEMBERTON: Garland Pemberton, 9591
18 South Bayou Bend Drive, Gulfport, Mississippi 39503.

19 All I'm trying to do is take one lot and turn
20 it into two. At one time it was two, and now it's one. The
21 previous owner at some point had combined it.

22 But it's within keeping in the neighborhood.
23 There are several lots that are 50 foot lots.

24 MR. WILLIAMS: Any questions of the applicant
25 right now?

1 All right. Thank you. Appreciate it.

2 Anyone else here to speak for the request?

3 Speak against it?

4 General questions?

5 Commissioners, any questions or a motion.

6 MR. DAIGLE: Motion to approve Case Number

7 2010PC136.

8 MR. WILLIAMS: Do I have a second?

9 MR. SELLERS: Second.

10 MR. WILLIAMS: Got a motion and a second to
11 approve the case. Any further discussion? If not, all
12 those in favor signify by saying aye. Any opposed? It's
13 been approved unanimously.

14 Thank you.

MEMORANDUM

To: Mayor Billy Hewes and
Gulfport City Council

From: Greg Holmes, Planning Administrator
Urban Development Department

Date: November 25, 2020

Re: Zoning Map Amendment 2010PC132, by owners Josh and Maria Dacus, tax parcels 0808F-03-001.001 and 0808F-03-001.009 Tract B, Rezone from R-1-10 (Single-family) to B-2 (General business), 515 N Wilson Blvd, Ward 7

Planning Commission recommendation: To approve applicant request.

Motion: Mr. Daigle

Second: Mr. Hewes

KEITH WILLIAMS	– Chairman
HAROLD SPANN	– Nay
COLETTE TOWLES	– Yea
VIRGINIA ADOLPH	– Yea
CHARLIE HEWES	– Nay
BJ SELLERS	– Yea
WM. PRINCE JONES	– Nay
DOUG HANCOCK	– Yea
JOHN ANTHONY	– Yea
BRANDON ELLIOTT	– Absent
TIM DAIGLE JR	– Yea

Action: Motion was carried 6 to 3.

Speaking for the Petition:

1. Josh Dacus

Speaking against the Petition: None

On October 22, 2020, the Planning Commission recommended approval of the above referenced case.

Please place the attached item on the Council agenda for December 8, 2020.

Technical Report

Zoning Map Amendment

GENERAL INFORMATION

Case File Number: 2010PC132

Hearing Date: October 22, 2020

Current Zoning/Use: R-1-10 / Vacant property

Legal: Zoning Map Amendment 2010PC132, by owners Josh and Maria Dacus, tax parcels 0808F-03-001.001 and 0808F-03-001.009 Tract B, Rezone from R-1-10 (Single-family) to B-2 (General business), 515 N Wilson Blvd, Ward 7

TECHNICAL DETAILS

Amendment of the Zoning Ordinance, including the zoning map, is intended to carry out the objective of a sound, stable, and desirable environment. Casual amendment of the ordinance would be detrimental to the achievement of that objective. Therefore, the ordinance dictates that a property should be considered for rezoning only when one or more of the following conditions prevail:

- (a) *Error*. There is a manifest error in the article.
- (b) *Change in conditions*. Changed or changing conditions in a particular area or in the city or metropolitan area generally make a change in the regulations necessary and desirable.
- (c) *Increase in need for sites*. Increased or increasing needs for business or industrial sites in addition to sites that are available make it necessary and desirable to reclassify an area or to extend the boundaries of an existing area.
- (d) *Annexation*. It is necessary and desirable to reclassify territory annexed to the city.
- (e) *Ordinance changes*. Amendment to the ordinance not involving a change in classification of land is necessary.
- (f) *Change in governmental property*. It is necessary to reclassify property as a result of acquisition or disposition of such property by the United States of America, the State of Mississippi, or Harrison County.

According to the Mississippi case law:

When requesting rezoning of real property, **an applicant must prove, by clear and convincing evidence**, one of the following:

1. That there was a mistake in the original zoning, or
2. That the character of the neighborhood has changed to such an extent as to justify reclassification, **and** that there was a public need for rezoning.

h.l

Technical Report

Zoning Map Amendment

The applicant is requesting to rezone approximately 4.69 acres of vacant, residential zoned property from R-1-10 (Single-family) to B-2 (General business). The applicant has stated that they intend to use the property for an automotive repair business and that construction is planned to begin within a year. An automobile and truck body repair shop requires Planning Commission approval in a B-2 zone. Using Google Maps, it appears that the owner is already operating a business called The Rice Patch, Honda Specialties, LLC. There is an active LLC record with the Secretary of State that shows it was formed in 2008 at the applicant's previous address. The business website is www.thericepatch.com and appears to show that the owner also intends to sell used cars, which would also require Planning Commission approval in a B-2 zone if an inventory of 50 vehicles cannot be kept. The city has no business license records for this automotive business, but they previously had a home occupation business for a graphic design business.

According to the City's 2002 Comprehensive Plan, the area was intended to be residential, with some adjacent public use where an old fire station was located on Klein Road.

This area was annexed in 1994, and it appears that some commercial activity was conducted on this and adjacent properties from looking at past imagery from Google Earth. This image history shows what appears to be a junkyard that increased in intensity from 1992 to 2006, and then began to clear up by 2019 (see attached imagery).

The applicant has chosen "Error" as justification for change of the current zoning district.

- (a) Error is indicated by the applicant as the only reason for the zoning change. They state that there was commercial activity in the area before annexation, and that it should have been zoned B-2 at that time. Previous uses of this site are mentioned as being "a repair/maintenance area for postal transport trucks and trailers." This could be what is visible in historical aerial imagery and Street View from Google.
- (b) Change in conditions is not mentioned by the applicant, though it may be applicable.
- (c) Increased need for sites is addressed is not mentioned by the applicant, and it may or may not be applicable.
- (d) Annexation is not mentioned by the applicant, though it is likely applicable to this site.
- (e) Ordinance changes are not mentioned by the applicant and are not applicable to this site.

Any approval should consider these conditions:

1. Proposed business requires Planning Commission approval.
2. Building will be subject to the B-2 design review guidelines.

Application for zoning Map Amendment

F.

1. Error

The Klein Rd property mentioned was along a string of business sites on the north side of Klein Rd at the time of annexation in 1994 that should have been zoned B-2 by the City of Gulfport at that time. The properties consisted of an automotive body shop, a fire station, a transport maintenance facility, and two small warehouses. They were all zoned residential with several being granted variance for use as businesses rather than correctly zoned as B-2. 11525 Klein Rd was used as a repair/maintenance area for postal transport trucks and trailers by the previous owners, which is the only use I have found of the property historically.

G.

I, Joshua P. Dacus, resident of 505 N Wilson Blvd, joint owner of 515 N Wilson Blvd and sole owner of 11525 Klein Rd seek to address an error in the zoning of said parcels.

I seek to build an automotive repair business at 11525 Klein Rd. 515 N Wilson will be utilized for future additional parking if necessary, but no current development is intended.

I am in the process of obtaining a contractor to build a 2400 square foot automotive repair facility at 11525 Klein Rd with work to commence as soon as possible pending permits and to be completed within the year.

This change would not greatly effect the bordering properties, as much of said properties are vacant land. My residence is to the south between this property and the only neighborhood in the area; the Flat Branch runs along the West and North border of the property, across which is vacant land. To the East lie 23 acres of Harrison County Development commission land, 23 acres belonging to the old Orange Grove Utility Company, and the aforementioned fire station property. It would not create excessive traffic, as the previously mentioned body shop no longer creates much traffic, the firestation property has been vacant since 1994, and access to both properties is on a dedicated street between my residence and the proposed repair shop that dead ends at the Flat Branch. I am on good terms with a number of neighbors who look foward to this change as it will put to good use previously delapidated property, provide potential jobs in the area and improve curb appeal in the area.

This correction of zoning would allow it to be used as it should have been allowed to originally, but was not.

BY: Barry Briggs Jr.
PRESIDENT

There came on for consideration at a duly constituted meeting of the City Council and Mayor of the City of Gulfport held on the ____ day of _____, 2020, the following Ordinance:

ORDINANCE NO. _____

AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF GULFPORT, MISSISSIPPI ADOPTED THE 29TH DAY OF JUNE, 1979, AS AMENDED, TO REZONE CERTAIN PROPERTY FROM ITS PRESENT ZONING CLASSIFICATION OF R-1-10 (SINGLE-FAMILY RESIDENCE) DISTRICT TO B-2 (GENERAL BUSINESS) DISTRICT

WHEREAS, the Mayor and City Council of the City of Gulfport, Mississippi, find and do so determine, based upon the recommendation of the Gulfport City Planning Commission and City departments, and based upon a reasonable consideration of the character of the district and neighborhood and suitability for particular purposes, that ad valorem tax parcel numbers 0808F-03-001.001 and 0808F-03-001.009 Tract B, which are generally described as being located north of Klein Road, south of Government Street, east of and west of and adjacent to North Wilson Boulevard, should be rezoned from its present classification of R-1-10 (Single-family Residence) District to B-2 (General Business) District. The Case File Number is 2010PC132.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1: That the Official Zoning Map of the Comprehensive Zoning Ordinance of the City of Gulfport, adopted the 29th day of June, 1979, as amended, be and the same is hereby amended to provide that the following legally described property **be rezoned from its present classification of R-1-10 (Single-family Residence) District to B-2 (General Business) District.**

Ad valorem tax parcel number 0808F-03-001.001 is legally described as:

Legal Description: A PARCEL LOCATED IN SECTION 4, TOWNSHIP 7 SOUTH, RANGE 11 WEST, HARRISON COUNTY, MISSISSIPPI, FIRST JUDICIAL DISTRICT, MORE PARTICULARLY DESCRIBED AS FOLLOWS:

COMMENCING AT THE SOUTHEAST CORNER OF SECTION 4, TOWNSHIP 7 SOUTH, RANGE 11 WEST, FOR THE POINT OF BEGINNING AND THENCE RUN NORTH 0 DEGREES 20 MINUTES 37 SECONDS EAST ALONG THE EAST LINE OF SAID SECTION A DISTANCE OF 602.22 FEET TO A POINT; THENCE RUN SOUTH 89 DEGREES 56 MINUTES 53 SECONDS WEST A DISTANCE OF 200.63 FEET TO A POINT; THENCE RUN SOUTH 0 DEGREES 33 MINUTES 30 SECONDS WEST A DISTANCE OF 312.54 FEET TO A POINT; THENCE RUN AROUND AN IRREGULAR CURVE TO THE RIGHT TO A POINT THAT IS SOUTH 38 DEGREES 47 MINUTES 56 SECONDS EAST A DISTANCE OF 193.5 FEET FROM THE LAST REFERENCED POINT; THENCE CONTINUE AROUND SAID IRREGULAR CURVE TO A POINT THAT IS SOUTH 11 DEGREES 51 MINUTES 28 SECONDS EAST A DISTANCE OF 141.71 FEET FROM THE

LAST REFERENCE POINT; THENCE RUN EAST ALONG THE SOUTH LINE OF SAID SECTION 4 A DISTANCE OF 49.7 FEET BACK TO THE POINT OF BEGINNING, CONTAINING 2.137 ACRES MORE OR LESS. (TAX PARCEL # 0808F-03-001.001)

Ad valorem tax parcel number 0808F-03-001.009 Tract B is legally described as:

Commencing at the SE corner of Section 4, Township 7 South, Range 11 West, First Judicial District, Harrison County, Mississippi, thence run N 89°47'28" W a distance of 188.67 feet to a Point, thence N 89°53'07" W along the Section line, said line also being the North boundary of Bel-Aire Subdivision, 4th Addition, Section "A", a distance of 220.88 feet to the Point of Beginning, thence N 89°53'07" W along the section line 211.27 feet to a point, thence N 00°00'00" W a distance of 300.00 feet to a point located in a concrete drainage ditch on the South right-of-way of North Wilson Blvd, thence N 90°00'00" E along said South right-of-way of North Wilson Blvd a distance of 210.30 feet to a point, thence around a curve to the right along said right-of-way through an arc distance of 207.45 feet, a radius of 300.00 feet and a chord bearing of S 70°12'15" E with a distance of 203.34 feet to a point, thence S 39°25'16" W a distance of 299.75 feet to the Point of Beginning. Said parcel contains 94407 square feet or 2.17 acres. Bearings based on GPS Observation, Mississippi East Zone, convergence angle -0.130449, scale factor 0.999960, per survey by Gary A. Durbin, P.L.S. dated: April 2, 2020.

SECTION 2: The rezoning of said parcel shall be further subject to the following conditions: The owner, agent or lessee who requested rezoning of the property, which was subsequently rezoned by the Mayor and City Council must secure a building permit from the Building Official and commence construction within one year from the date of approval of rezoning by the City Council. If no building permit has been obtained and said plan development is not completed according to approved plans, the rezoning of said parcel shall be null and void and automatically revert back to its original zoning classification.

See also: COMPREHENSIVE ZONING ORDINANCE {Section IX (3) (b)} Reversion.

SECTION 3: For good cause being shown and the interest and welfare of the City of Gulfport, the citizens thereof require that the said Ordinance be in full force and effect immediately upon its passage and this Ordinance shall be in full force and effect from and after its passage, but shall nevertheless be published and enrolled as provided by law.

The above and foregoing Ordinance, after having been first reduced to writing, was introduced by _____, seconded by _____ and was adopted by the following roll call vote:

City Attorney

1 9. Zoning Map Amendment 2010PC132

2 MS. WELCH: Zoning Map Amendment Case Number
3 132 has been duly and timely noticed as required by law.
4 The applicant requests to rezone from R-1-10 single family
5 to B-2 general business 515 North Wilson Boulevard, Ward 7.
6 A copy of the packet considered is hereby offered to the
7 record.

8 MR. WILLIAMS: Thank you. Appreciate it.
9 Anyone here to speak for this request?

10 MR. DACUS: Yes, sir. My name is Josh Dacus,
11 I am at 505 North Wilson Boulevard, Gulfport, Mississippi.

12 I want to pass this packet down.

13 MR. WILLIAMS: Okay.

14 MR. DACUS: The property being discussed, I
15 had a subdivision so it doesn't include the house, if you go
16 drive by you'll just pas the house, it does not include the
17 house that we are rezoning.

18 The shop I'm looking at putting is basically
19 directly across the street from the house. So that property
20 has historically been used commercially predating the
21 annexation. And so essentially it's been a part of the
22 commercial strip there.

23 This particular property was used for heavy
24 truck maintenance for a trucking company at the time of
25 annexation. And prior to that, it belonged to the fire

1 department.

2 So what I'd like to do now is put an
3 automotive shop on it. So I'm applying to have it rezoned
4 or have it amended based on the fact that it should have
5 been commercial at the time of the annexation.

6 The pictures in the packet, the first is
7 simply an overview that is current. The second is showing
8 further that it is a part of that strip. The third shows
9 it's a historical picture from roughly 2013 showing where it
10 was used for the trucking company.

11 Obviously, you don't have photos of that
12 corner. Let me show you pictures of it in '94.

13 But then the street views continue down that
14 strip again. And then the last couple there are showing
15 where it was historically used. And the final piece is
16 showing where it was part of the fire department property.

17 MR. ANTHONY: Could I say something?

18 MR. WILLIAMS: Yes.

19 MR. ANTHONY: Do you have any familiarity
20 with the () Specialities, LLC?

21 MR. DACUS: That is my business.

22 MR. ANTHONY: Is that already operating
23 somewhere already on that property?

24 MR. DACUS: No. It's a reference -- I'm
25 mobile mechanic at the moment. So what I'm seeking to do is

1 put an actual brick and mortar.

2 MR. ANTHONY: Okay. Do you have any
3 intentions on the vehicles -- selling any vehicles there on
4 the property?

5 MR. DACUS: I haven't really thought about it
6 one way or the other.

7 MR. ANDERSON: Thank you.

8 MR. WILLIAMS: Other questions for the
9 applicant?

10 MR. JONES: Yes. I always ask this question.
11 Would you have all your cars locked up at all times?

12 MR. DACUS: If necessary. I mean, most of
13 the shops that I've been associated with have an open lot.

14 MR. JONES: That open lot, sometimes you may
15 get too many cars where you can't see cars coming from
16 another direction. That's what I'm getting at. I see that
17 on West Railroad all the time.

18 MR. DACUS: Well, I'm on a dead-end street.

19 MR. JONES: Okay.

20 MR. DACUS: I'm literally the only thing
21 there because my house sits to the west. This property is
22 sitting to the east. That road that goes in front of it
23 just it's a service access to the canal. That's literally
24 all that is.

25 MR. JONES: Thank you.

1 MR. WILLIAMS: All right. Other questions?

2 MR. DAIGLE: This might have been asked
3 already. Do you plan on putting up a building there; has
4 that -- and I apologize.

5 MR. DACUS: That is a part of the plan. Yes,
6 sir. A 40 by 60 directly across from the house.

7 MR. DAIGLE: And your website, is it just a
8 generic website? Because I'm showing here that you
9 advertise used vehicles and parts for sale.

10 MR. DACUS: It's a futuristic, basically to
11 draw attention. That's what I'm planning on building.

12 MR. DAIGLE: So your intention is to sell
13 used vehicles?

14 MR. DACUS: I may. Again, it's to draw
15 attention. I have sold a couple of cars personally, so it's
16 not -- I mean, it's not part of the business that's going on
17 that site. The business that's going on that site is going
18 to be a repair business.

19 MR. WILLIAMS: And Greg, for clarification,
20 correct me if I'm wrong, for the sale, he would have to come
21 back to the planning commission for that authorization in a
22 B-2 zone?

23 MR. HOLMES: () rezone, but to actually
24 have a car lot, that's correct.

25 Also you need planning commission approval to

1 also have a repair business, as well.

2 So he's only doing rezoning today.

3 MR. WILLIAMS: So rezoning today. And then
4 he would come with the repair business and/or the lot of 50
5 or less cars.

6 MR. HOLMES: Correct.

7 MR. WILLIAMS: Okay.

8 Other questions, Commissioners?

9 MR. HANCOCK: I guess I have a question for,
10 since our legal counsel is here, he's saying there's an
11 error is the justification for the change, and he's saying
12 it's an error because there was commercial activity in the
13 area before annexation. Does that meet the definition of an
14 error?

15 MS. MURDOCK: Well, I'll tell you what, I'm
16 going to address that very point and exactly what the
17 standard is under the law, and I'll get to that in just a
18 minute.

19 MR. HANCOCK: So my other question for you,
20 since we're talking, a couple of the other potential
21 justifications it has, one is may be applicable or it's
22 likely applicable. So if he didn't cite those reasons, can
23 we still use those as justification?

24 MS. MURDOCK: I'll address that, as well.

25 MR. WILLIAMS: All right. Any other

1 questions?

2 If something comes up, we'll bring you back
3 up. Okay? Thank you.

4 Anyone else here to speak for the request?

5 Anyone here to speak against this request?

6 Got any further questions on the request?

7 All right. Commissioners, questions for the
8 staff? Margaret, you want to do this now, or you want to
9 wait until we get through the motion?

10 Let's do it now so we make sure we proceed
11 properly.

12 MS. MURDOCK: Thank you, Mr. Chairman.

13 In part of your technical report, it
14 references what Mississippi case law requires for the
15 rezoning of property. That's one of two things. There
16 either has to be a mistake in the original zoning or there
17 has to be a change in the character of the neighborhood, and
18 a public need. So it's either a mistake or a change and
19 need.

20 In this instance, he has pursued the error
21 that's referenced in our ordinance. For today's purposes,
22 I'm going to call that the mistake. We have a lot of case
23 law that addresses in zoning matters what a mistake is.

24 And I want to read from a case that's an
25 oldie but still very much a goody, City of New Albany versus

1 Ray. And this is where the Court has repeatedly and long
2 held that a mistake within the meaning of the law is not an
3 error of judgment, oops, we shouldn't have zoned it that.
4 Rather, a mistake is a clerical or an administrative
5 mistake.

6 Now, as you all know, your job today is to
7 make a recommendation to the City Council whether or not to
8 approve this rezoning or deny this rezoning.

9 In order to -- the City Council ultimately
10 will make the findings whether or not they have met that
11 particular standard that I just quoted to you.

12 But in order to recommend that this property
13 be rezoned, you would need to determine that the applicant
14 has demonstrated by -- and this is another requirement by
15 case law -- demonstrated by clear and convincing evidence.

16 Clear and convincing evidence is something
17 you've got, that 51 percent that's a preponderance of the
18 evidence, and you have beyond a reasonable doubt, that's 100
19 percent. Clear and convincing is somewhere in between
20 those. I know, Colette, I'm sure, is familiar with these
21 terms.

22 The applicant has to have demonstrated by
23 clear and convincing evidence that at the time the property
24 was zoned R-1-10, which would have been immediately after
25 annexation once they got all the zoning for the new area,

1 that that zoning was the result of a clerical or an
2 administrative mistake and not the result of a mistake in
3 judgment.

4 I'm not going to tell you what my thinking is
5 on it, but I wanted to make it very clear to you all what
6 the standard is, that ultimately if this matter goes up,
7 that is what the Courts will be looking at as to whether or
8 not this property can properly be rezoned under Mississippi
9 law or not.

10 Did that --

11 MR. HANCOCK: The only question I have is
12 whether one of the other, like it says in this packet a
13 change in conditions may be applicable and an increased need
14 for sites -- I'm sorry -- annexation is not mentioned, but
15 it's likely applicable. So he didn't cite those reasons.
16 If we use those, or would he have to --

17 MS. MURDOCK: The annexation, I respectfully
18 disagree with our planning staff, we didn't just annex this
19 and not setting the annexation right now. That was some
20 years ago, and it was set some years ago.

21 As to change in condition, I don't believe he
22 really put forth any information to show that there's been
23 any change. He didn't assert it. You all would, again,
24 have to find by clear and convincing evidence, if you want
25 to go that route, that he has presented evidence, clear and

1 convincing evidence that the character of the neighborhood
2 has changed to such an extent to justify the rezoning and
3 that there's a public need for the rezoning.

4 So if he's only proven the change in
5 character, in your mind, but hasn't proved any public need,
6 then that particular one doesn't work. It's the two part
7 thing in the second prong of the standard.

8 MR. SELLERS: I have a question.

9 MR. WILLIAMS: Yes.

10 MR. SELLERS: The clerical error, you could
11 understand that, it was written wrong or whatever.
12 Administrative error seems really fuzzy to me.

13 Can you give us some examples of
14 administrative error?

15 MS. MURDOCK: I can. And unfortunately the
16 Courts have never come down and said, we're saying this one
17 is clerical and this one is administrative.

18 Probably the funniest case in this whole
19 thing in this line of cases is one out of the City of
20 Oxford, Bridge versus City of Oxford. There they basically
21 got a number of their Board of Aldermen to give their
22 affidavits and depositions or statements that said back two
23 years ago when we zoned this property, we didn't have a clue
24 what we were doing. We didn't realize that that particular
25 property that had nothing but single family homes on it was

1 being zoned for multifamily. And we didn't catch it, we
2 missed it. And that has sort of been what they have called
3 in that instance, because they had the actual people who had
4 made the decision come in and saying we didn't catch it, I
5 think that's the type of administrative decision that they
6 would be looking for.

7 There are only about five or six cases that
8 really come down that provide a lot of guidance to us on
9 mistakes, so it's a tough one to provide a precedent on to
10 be able to guide any decisionmaking process as far as what
11 recommendation you want to make. You know, clerical, as you
12 said, is fairly clear. There have been some cases. It
13 tends to get more complicated when people start saying,
14 well, we didn't realize that's what we were doing, or the
15 map just got drawn wrong. And that could both be an
16 administrative if it turns up later or a clerical. It gets
17 confusing, the difference between the two.

18 But I think the closest we've seen to the
19 administrative is where the testimony was we didn't mean to
20 do that, that was never our intent to do that, but
21 administratively it got included and we voted for it, but
22 that was never what our intent was. It wasn't an error in
23 judgment because they thought they were voting a different
24 way.

25 As I said, oops, we shouldn't have zoned it

1 that way as they just, we knew we were doing it, but now we
2 regret that we did it. That would, to me, be an error in
3 judgment.

4 The oops, we zoned it that way, had no clue
5 we were zoning it that way, seems to be acceptable to our
6 Supreme Court under the standard of a mistake.

7 It's a tight area of law and hard to
8 describe, and I will freely admit that.

9 MR. HEWES: Mr. Holmes, can I ask you a
10 question for verification?

11 When I'm looking at this patch on the north
12 side of Klein Road to the east of the property that we're
13 talking about, those are obviously commercial buildings.
14 What is that zoned?

15 MR. HOLMES: I believe that is zoned
16 residential.

17 MR. HEWES: On the north side?

18 MR. HOLMES: Yes, sir.

19 MR. HEWES: Because when we look at these
20 pictures, that's anything but residential.

21 MR. HOLMES: Yes, sir.

22 MR. HEWES: And so it looks like a similar
23 building will be put up on this property.

24 MR. ANDERSON: But I'm wondering also,
25 because I know sometimes we look at the area, is it going

1 along the lines of the area that's what's happening. And if
2 we see buildings that are being utilized for that same
3 thing, is that suitable, you know, and I go down to the
4 visual process, but is that suitable, I'm saying in meaning
5 that there's a change in conditions somewhere.

6 MS. MURDOCK: I think if you're looking at
7 changing conditions there's got to be some sort of change
8 that we've had. If those commercial buildings have been
9 there for years, that wouldn't be a change in conditions.

10 I'm going to surmise, although I haven't
11 researched this point, so, please put that caveat on my next
12 statement, that many of these uses predated annexation.
13 And, Greg, correct me, please, if I'm wrong. They would be
14 preexisting nonconforming uses in a very large residential
15 area. Correct?

16 MR. HOLMES: Correct.

17 MR. ANDERSON: Thank you.

18 MR. WILLIAMS: Can I get the applicant to
19 come back up? And can you talk to us about the area and
20 some of the other buildings? I mean, obviously we're
21 looking at this, and you heard the education that Ms.
22 Margaret has been giving us. So if we're looking at change
23 in condition and those type things, you obviously have been
24 there for a while, tell us about those other buildings and
25 how long has that been there and those type things.

1 MR. DACUS: I mean, the entire strip is an
2 older commercial strip. Jay's Body Shop, the yellow, the
3 second property away from mine, has been in existence since
4 '91. The building has been there since the '50s. The slab
5 next to it at the time of annexation was a firehouse. And
6 my property had previously been a part of that fire station
7 property.

8 To the other side of that is Orange Grove
9 Utilities property. And they have a warehouse there where
10 they store equipment. And all the property behind that,
11 most of that belongs to Orange Grove Utilities. The
12 triangle there to the north belongs to the county. None of
13 this has anything to do with residential stuff.

14 As far as change since annexation, I mean,
15 it's hard to say. But it's my understanding with similar
16 but I guess y'all's () is on the error situation. So
17 that's the way I applied.

18 MR. WILLIAMS: Okay. Thank you, sir.
19 Appreciate it.

20 MR. DACUS: Thank you.

21 MR. WILLIAMS: All right.

22 MR. SELLERS: I know we can beat this thing
23 to death.

24 MR. WILLIAMS: Yeah. I'm going to ask a
25 question, too, but go ahead and get yours.

1 MR. SELLERS: So, Margaret, if you will, if
2 this was a commercial use pre-annexation, but after
3 annexation it was zoned residential, is that not an
4 administrative error?

5 MR. WILLIAMS: That's what I was going to go
6 with it, Margaret, in asking, when it was first done, I
7 understand. I mean, some of those buildings were there
8 already, and so I would think that the error was they made
9 that residential to begin with. And so it's either by
10 reasons for the annexation and/or an error because those
11 were there would have been more likely, because what he just
12 explained to have that that Charlie was talking about where
13 the commercial buildings are as a B-2 or even higher zoning
14 than that and everything behind it to be the same thing.

15 MS. MURDOCK: I think it would really come
16 into the minds of a, those who established the zoning back
17 at the time of annexation, and my understanding from the
18 technical report is that the 2002 comprehensive plan for the
19 city also shows this area as intended for residential
20 growth.

21 What that you would have to demonstrate would
22 be that there was an administrative mistake back in '94, and
23 that they did not intend, and I don't know what their intent
24 was there. Their intent in '94 may have flat out been to
25 zone this residential. And if it was, it wasn't a mistake.

1 You know, without knowing their intent, you
2 know, however long ago, 1994 was 26 years ago, I have no
3 idea.

4 So, you know, obviously there are some
5 commercial entities that exist within this residential area
6 that are -- would be preexisting nonconforming uses. I do
7 know that in conversation with Greg earlier today that a B-2
8 zone requires only four acres and he does meet the minimum
9 to have a B-2 zone.

10 But it is simply that -- and, you know,
11 ultimately this decision is the City Council's. You all
12 would be making a recommendation to them. But, you know, I
13 can't tell you if they had intended to zone this commercial
14 and it somehow ended up on the map as residential, then I
15 think we would definitely have either a clerical or perhaps
16 an administrative mistake.

17 If they intended that they wanted this area
18 back in 1994 or '95 when they adopted the zoning in the
19 area, if their intent was to have this and try to diminish
20 commercial and promote residential growth in this area, then
21 I don't think there was a mistake as they did what they
22 intended to do.

23 I don't know what the ultimate answer is.

24 MR. WILLIAMS: Well, Margaret, let me ask
25 you. Where did the Oxford case fall where they got them to

1 sign affidavits where they said they didn't know what they
2 were doing? I mean, I hope none of our current City
3 Councilmen were on the City Council at that time because
4 this is in the official transcript, but I don't think they
5 knew what they were doing. I mean, obviously they were
6 looking for residential growth, but if you're going to zone
7 an area that has nothing but commercial buildings on it as
8 residential, I mean, was the hopes that they were going to
9 eventually get dilapidated torn down or something and then
10 we could use that for residential.

11 So what was the precedent set by the Oxford
12 case there they just said back then we really didn't know
13 what we were doing?

14 MS. MURDOCK: They allowed the rezoning to
15 happen. And that case has struck a lot of municipal
16 attorneys as being an anomaly. There's not been another one
17 like it since.

18 MR. WILLIAMS: So I can't hang my hat on that
19 one.

20 MS. MURDOCK: I mean, it is out there. It
21 was a case from 2008. You know, whether that's going to be
22 the outlier case or not, I don't know. That's I guess why
23 people have lawyers so we can argue the gray areas.

24 But anyway, that is the standard as set by
25 the Mississippi Supreme Court is what I've outlined.

1 MR. WILLIAMS: So am I right in cautioning
2 the commissioners, when we vote on this, that we've really
3 got to have a reason as you've stated whether it was an
4 error and explain the error that they really meant for it to
5 be B-2 and somebody wrote down R-1-10, and that's not the
6 case obviously.

7 So if we don't have a reason such as that,
8 it's in our best interest not to approve the case, which I
9 don't think is fair to the citizen because obviously there's
10 an issue with that zoning and it probably should be B-2.

11 MS. MURDOCK: You can certainly state a
12 reason for either one. If you want to state that you
13 believe that this is a mistake in how it was zoned
14 originally back in the mid-1990s and therefore you want to
15 move to recommend it, you're certainly within your right to
16 do that.

17 As I said earlier, the ultimate decision lies
18 with the City Council, and they will be the ones who have to
19 make the ultimate decision whether or not there is clear and
20 convincing evidence in the record to support the finding
21 that there is the circumstance or that there was a mistake
22 in the original zoning back in the mid-1990s.

23 MR. ANTHONY: Mr. Chairman, I would like to
24 add this. I know when we're talking about the old school
25 statement of hindsight is 20/20, I'm sure that right now

1 that those who made the decision would see what is going on
2 right now. In my opinion, they would have a different
3 determination. Because what I'm seeing is, if I drove
4 through an area and it had nothing but docks, and I drove
5 through that area, I would have an expectation that if I
6 moved there, I'd have a dock.

7 But when you're telling me that now we're
8 sitting here right now talking about this, and there are
9 businesses that's been there, I think the gentleman is
10 actually trying to do what the conforming use is right now,
11 and everybody else is just still outdated.

12 And so my opinion to the commissioners is
13 that I know that there's a legal thing that has to go on,
14 and that's why I'm glad we got our City Council. But in my
15 opinion, I think that he has every right to use his property
16 as he's seeing all around the area is being used. That's my
17 opinion.

18 MR. WILLIAMS: Commissioner Anthony, I agree
19 with you. That's the commonsense approach. But
20 unfortunately, with all due respect to the attorneys in the
21 room, you know, law is not about commonsense sometimes.

22 So Ms. Margaret was here trying to educate us
23 on what we might need to do.

24 I want to ask the applicant if he could come
25 back up. He did have a question since we bounced back and

1 forth, I wanted you to have your comment or question.

2 MR. DACUS: It's a comment based on the
3 information that she gave. I have spoken extensively with
4 Jay Quiesenberry who owns the body shop. And he was
5 actually unaware that it was zoned R-1-10 until he wanted to
6 make an expansion onto the second property there which also
7 belongs to him which was in the roughly ten years ago.

8 So in 15 years of having that property since
9 annexation, he was never informed that it was actually zoned
10 residential.

11 And, to me, that speaks to them not intending
12 to have him go to residential, my personal opinion.

13 MR. WILLIAMS: All right.

14 And, Commissioners, that's easy sometimes
15 when somebody is grandfathered in and they're not going to
16 do an expansion or make a change to their business, you
17 know, there's really no need to change it. You just keep
18 going with it.

19 MR. SELLERS: So you said that he was
20 planning to do an expansion. Did he ask for the rezoning at
21 that time and was denied?

22 MR. DACUS: He went part way through the
23 process. He actually owns the smallest property there is
24 the body shop. Beside that is the larger property with the
25 building in the center to the right is a small warehouse

1 that he leases out to RPM Pizza. So the big Domino's
2 distributor in the area. They offered to build a building
3 on his property and continue renting from him. They would
4 build it. And so he started the process, and at some point
5 that he did not have four acres and so it got shut down
6 before it went to City Council, even though it probably
7 should have been zoned that way to begin with.

8 MR. WILLIAMS: That was a case where even
9 though the business was there you needed four acres for the
10 B-2, and so that was the issue.

11 MR. DACUS: Yes, sir. And if we were
12 actually adjoining, he would be on this application with me.
13 But we are not. There is property between us.

14 MR. WILLIAMS: All right.

15 MR. HANCOCK: I've got one more. It's just
16 kind of a procedural question. If we were to deny, then he
17 could then appeal to the City Council to go to the next
18 meeting, and they would have to render an opinion; is that
19 right?

20 MR. WILLIAMS: Yes. Charlie was saying even
21 if we approve it, they would still render an opinion.

22 MR. DAIGLE: I have a question. So even
23 though that the request was strictly made for B-2 rezoning
24 based off of error, there are several other categories,
25 request for rezoning. Can those not be -- can this request

1 not be quantified in one of those categories because his
2 application was strictly made because of error?

3 MS. MURDOCK: I think if we're going to do
4 that, the best way to have a clean record which would be in
5 his best interest, to be quite honest, would be to start
6 over and let him approach this as a change in the character
7 of the neighborhood and also public need because he would
8 have to prove two things. He would have to prove that the
9 neighborhood has changed and that there's a public need for
10 additional B-2 in the area.

11 MR. DAIGLE: Well, one of these specifically
12 says annexation.

13 MS. MURDOCK: I understand that. That's in
14 the ordinance, state law trumps, and we have -- that's
15 something we're going to be addressing. State law says it's
16 two things, it's a mistake or it is change in character and
17 public need.

18 MR. DAIGLE: And my reason for my question
19 was simply because I think we're -- most of us are on board
20 with wanting to get this gentleman B-2. We're just trying
21 to find the best way to get it approved.

22 MR. WILLIAMS: Exactly.

23 MS. MURDOCK: And I will tell you, I'm simply
24 stating what the law is. I don't have an opinion one way or
25 the other.

1 MR. WILLIAMS: So, Margaret, one more. The
2 poor people that have cases after this one, they drew the
3 short straw because they had to go through all this.

4 But wanted to ask you, if there was nothing
5 there when this was zoned residential, and then they started
6 getting some businesses and all of that, we'd say there was
7 a change in need, or there was a change in the area.

8 But because those businesses were already
9 there when they zoned it, there hasn't been a change, but
10 really there has because it's zoned residential, but it
11 grandfathered in a bunch of commercial property.

12 So when you define change, is that different
13 than what it was when it was zoned that way?

14 MS. MURDOCK: There's got to be a change in
15 the -- let me get the specific language -- it's a change in
16 the character of the neighborhood to such an extent as to
17 justify reclassification.

18 MR. WILLIAMS: So I would say there's a
19 change in that neighborhood because there's a bunch of
20 commercial businesses in it.

21 MS. MURDOCK: And, you know, if that's the
22 route you want to go, I will say that it's very clear that
23 the applicant -- the state law is very clear -- the
24 applicant has to demonstrate these things by clear and
25 convincing evidence. So if we're going to go completely

1 away from what's in this application, it might be in his
2 better interest to have an application before us that
3 focuses on that. Or for that matter on both. Take the
4 shotgun approach, approach both of them, and come back.

5 I don't know what his time frame is. But
6 obviously to take the broader approach may be to his better
7 interest.

8 Again, I'm not recommending anything to this
9 body.

10 MR. WILLIAMS: No, we appreciate it. I think
11 Greg has got some information that will help us there.
12 Greg?

13 MR. HOLMES: Well, considering the fact that
14 Margaret has () including the applicant, you know, it
15 might be best to table this and give the applicant a chance
16 to take () and come back with an amended application or
17 give him a chance to come back with something ().

18 That's up to the applicant if he wants to do
19 that. But, of course, you guys have to make that decision.
20 But hearing what Margaret said, you know, I just want to
21 make it easy on everybody.

22 MR. HEWES: If I can make a point. Before we
23 send the applicant home empty handed, we could at least
24 maybe hear a motion and see what comes out. Even with the
25 legal, I think there are a number of things that have been

1 presented here today that I think make it pretty clear to
2 most of us.

3 MR. WILLIAMS: Okay.

4 MR. SPANN: Mr. Chairman, I kind of agree
5 with Margaret because as it stands right now, I think there
6 is no way that we could approve this based on the
7 application of there was an error.

8 MR. WILLIAMS: Correct.

9 MR. SPANN: I think he has a better chance of
10 trying to get approved about a change in that area.

11 MR. HEWES: While we're discussing it, I
12 believe there was a grave error in this, and I'll call it a
13 mistake because that's the legal that we have to do. But I
14 think when they annexed that area, I would say people
15 probably were overwhelmed, and there was some oversight in
16 some of the areas like this at the time you don't really see
17 on a day to day basis.

18 So I think this applicant, based on the fact
19 that there was an error or there is a mistake as legal, I
20 think he stands on his two feet. I think he's on solid
21 ground as far as I'm concerned.

22 And as far as making a case, these
23 photographs of commercial buildings right next to it are as
24 much a case I can see.

25 MR. WILLIAMS: And again, I'll just make

1 mention and we've all heard it or whatever, but Ms.
2 Margaret's clarification of what a mistake is, and it was a
3 mistake when it was done. And I do agree with you because I
4 had the same argument. I'm not sure that that is, as you
5 said, the legal definition of that, you know, was Parcel 2
6 and somebody wrote Parcel 10 or they had approved it to be
7 B-2 and a clerk wrote down R-1-10. You know, that's
8 actually the mistake or an error as defined by law.

9 But, you know, we can proceed either way, we
10 can proceed either way.

11 All right. Other questions, comments?

12 MR. SELLERS: I would agree with Charlie.
13 And I would personally think it's called an administrative
14 error.

15 MR. WILLIAMS: Because of the decision, yeah.

16 MS. ADOLPH: Mr. Chairman, I'd offer a motion
17 to table based on the discrepancy and the education that has
18 been given here so that the applicant will have a clear shot
19 at having his request approved with the recommendations that
20 have been given.

21 MR. WILLIAMS: All right. I've got a motion
22 to table so that we can get clarification and the package be
23 updated or beefed up or changed in order to meet the
24 definitions as stated tonight.

25 Do I have a second on that?

1 MR. SPANN: Second.

2 MR. WILLIAMS: So I've got a motion and
3 second. Discussion on that motion?

4 MR. HEWES: I think we're in error. This
5 young man wants to start a business. He's probably losing
6 money by sitting here for the three hours or two hours we've
7 been here. And we need to give him an opportunity to run
8 his business properly. And I don't think we need to table.
9 We need to make a decision, send it to the City Council, and
10 let them discuss it a little further if they need to.

11 MR. WILLIAMS: All right. Other discussion?

12 MR. ANTHONY: As much as I always honor Ms.
13 Virginia's wisdom, I do really believe we should make this
14 decision. And I'm going to second. With all due respect,
15 Ms. Virginia.

16 MS. ADOLPH: Not a problem, not a problem.

17 MR. WILLIAMS: Other discussion?

18 All right. So we've got a motion on the
19 floor to table this until our next meeting to allow the
20 applicant to make some changes and updates and corrections
21 to the package. I'm going to ask everyone to raise their
22 hand on this vote. So all those in favor of that, raise
23 your hand, please.

24 (Adolph, Spann, Jones)

25 MR. WILLIAMS: Reverend Spann, Ms. Virginia,

1 and Coach Jones.

2 All those opposed, raise your hand.

3 (Towles, Daigle, Sellers, Anderson, Hewes,
4 Hancock)

5 MR. WILLIAMS: Six. All right. So that
6 motion fails.

7 So we are back to discussion on this case.

8 MR. DAIGLE: Mr. Chairman, I would like to
9 make a motion that we approve Case Number 2010PC132 with the
10 stated conditions in the packet.

11 MR. WILLIAMS: All right. Do I have a
12 second?

13 MR. HEWES: Second.

14 MS. MURDOCK: For clarity, that is to
15 recommend approval to the City Council?

16 MR. DAIGLE: Yes.

17 MR. WILLIAMS: Thank you.

18 So we have a motion to recommend approval to
19 the City Council on this package, and we have a second. Any
20 further discussion? If not, all those in favor, I'm going
21 to get you to raise your hand again, all those in favor
22 raise your hand.

23 (Towles, Daigle, Sellers, Anderson, Hewes,
24 Hancock).

25 MR. WILLIAMS: Six. All those opposed, raise

1 your hand.

2 (Adolph, Jones, Spann)

3 MR. WILLIAMS: Three. All right. So the
4 motion passes six to three. All right. So it will be going
5 to the City Council. And you heard the discussion and
6 education tonight, as well, so I would get with Greg who in
7 turn get with Ms. Margaret in order to better prepare you
8 for the way that would be the most successful way of
9 proceeding with the City Council.

10 All right. Good deal. Commissioners, great
11 case, great discussion. Appreciate you all doing that.

12 Ms. Margaret, thank you for coming tonight
13 and explaining that to us. Appreciate it.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2020, the following Order:

AN ORDER BY THE GULFPORT CITY COUNCIL, PURSUANT TO MISS. CODE ANN. §17-21-5(2), (REV. 2003, AS AMENDED), AUTHORIZING AN EXEMPTION FROM MUNICIPAL AD VALOREM TAXES, EXCLUDING SCHOOL DISTRICT TAXES, BASED ON THE INCREASE IN ASSESSED VALUE FOR QUALIFYING CAPITAL IMPROVEMENT INVESTMENTS IN QUALIFYING STRUCTURES IN THE DESIGNATED REDEVELOPMENT DISTRICT, SOUTH OF THE CSX RAILROAD TRACKS EXTENDING FROM THE WESTERN CITY BOUNDARY TO THE EASTERN CITY BOUNDARY OF THE NEWLY CONSTRUCTED STRUCTURE LOCATED AT 208 MURPHY AVENUE, GULFPORT, MISSISSIPPI, IN THE FIRST JUDICIAL DISTRICT OF HARRISON COUNTY, AND IDENTIFIED AS PARCEL NUMBER 0911B-02-032.000

WHEREAS, Miss. Code Ann. §17-21-5(2) (Rev. 2003, as amended) provides authority for the Mayor and City Council “in their discretion [to] exempt from any or all municipal ad valorem taxes, excluding ad valorem taxes for school district purposes, for a period of not more than seven (7) years, any privately owned new structures and any new renovations to structures lying within a designated business improvement district, urban renewal district or redevelopment district, as determined by the municipality, but only in the event such structure shall have been constructed, renovated or improved pursuant to the requirements of an approved project of the municipality for the development of the business improvement district, urban renewal district or redevelopment district. The tax exemption authorized herein may be granted only after written application has been made to the governing authorities of the municipality by any person, firm or corporation claiming the exemption, and an order passed by the governing authorities of such municipality finding that the construction, renovation or improvement of said property is for the promotion of business, commerce or industry in the designated business improvement district, urban renewal district or redevelopment district”; and

WHEREAS, on December 2, 2014, pursuant to this authority, and for the purposes of promoting restoration, revitalization, and preservation in the southern most portion of the City, ravaged by Hurricane Katrina, the Governing Authority of the City of Gulfport adopted Ordinance No. 2805 establishing a “Tax

Incentive Program for Redevelopment District to Promote Commercial and Residential Redevelopment and Revitalization” (herein after “Program”), which provided for the application and approval of ad valorem tax exemptions on the increase in assessed value related to building improvements, excluding taxes for school district purposes, for a designated historic district that includes the area south of the CSX railroad tracks extending from the western city boundary to the eastern city boundary in the City of Gulfport; and

WHEREAS, for purposes of the Program, the District Boundaries were identified, and previously approved by the Governing Authority as follows:

“Properties south of the CSX railroad track, from the Western City Boundary to the Eastern City Boundary, in Gulfport, Mississippi. The District shall exclude the Downtown District and the property identified as Centennial Plaza.”

and

WHEREAS, Edward Knox and Kathryn Knox, owners of the property located at 208 Murphy Avenue, Gulfport, Mississippi, in the First Judicial District of Harrison County, and identified as Parcel Number 0911B-02-032.000, have completed the construction of a new residence by and through Richmond Construction, LLC, and have requested, through written application, abatement of the Municipal ad valorem taxes for the increase in assessed value caused by renovation and improvements to the building, which application and supporting documentation is attached hereto collectively as **Exhibit “A”**; and

WHEREAS, Article III, Section 3.3 of Ordinance No. 2805 establishes the procedure for calculating the increase in assessed value qualifying for tax exemption as the “assessed value of the improvements (if any) on the parcel for the year prior to the renovation, restoration, or new construction being completed and assessed, and subtracting that from the assessed value of the improvements completed and assessed on the parcel for the then current year (after completion and re-assessment) and the tax rate applicable to the land, and the assessed value of the land for any individual year shall not be affected by the exemption of the increased value of improvements”; and

WHEREAS, the Economic Development Department has recommended full abatement of taxes on the assessed value of the improvements to the building/structure for the maximum statutory allowable period of seven years, which improved value shall be determined by the Office of the Harrison County Tax Assessor.

NOW, THEREFORE, BE IT ORDERED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts and things recited in the above and foregoing Preamble to this Order be, and they are hereby adopted as the official findings of the Governing Authority of the City of Gulfport.

SECTION 2. That, pursuant to Miss. Code Ann. §17-21-5(2) (Rev. 2003, as amended), the Governing Authority hereby finds that the “construction, renovation, or improvements” to the structure at 208 Murphy Avenue, Gulfport, Mississippi, in the First Judicial District of Harrison County, and which property is identified as Parcel Number 0911B-02-032.000, were done for the “promotion of business, commerce or industry in the designated . . . redevelopment district.”

SECTION 3. That the Owners of the above referenced property, Edward Knox and Kathryn Knox, have presented proof of ownership and eligibility to the City of Gulfport, and have submitted an application, attached hereto as **Exhibit “A”**, requesting municipal tax abatement on the increase of the assessed value of the structure, including supporting documentation to show construction work performed on the structure in the amount of Two Hundred Fifty-nine Thousand, Six Hundred and Fifty and no/100 Dollars (\$259,650.00 for the new residence and have requested abatement of the Municipal ad valorem taxes for the increase in the assessed value of the property.

SECTION 4. That the Municipal ad valorem taxes assessed for the increase in value should be and hereby is approved for abatement for a period of seven (7) consecutive years, contingent on final approval from the Harrison County Tax Assessor.

SECTION 5. That a copy of this Order, including the Owner's application, should be transmitted to the Harrison County Tax Assessor for final approval.

SECTION 6. This Order shall be published according to law and shall take effect immediately upon passage.

RE: Tax Abatement qualification for Edward R. Knox

Dear Administration and City Council:

On behalf of the Economic Development Department, I want to verify that Edward R. Knox has met all qualifications and processes for the Hwy. 90 Tax Abatement at his home at 208 Murphy Ave, Gulfport, MS and recommend full abatement of taxes on the assessed value of the improvements to the building/structure for the maximum statutory allowable period of seven years. All necessary fees and applications are received and attached.

Sincerely,

A handwritten signature in blue ink, appearing to read "David L. Parker", is written over a horizontal line.

David L. Parker, CEcD
Economic Development Director

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2020, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO REQUEST THE SUPPORT OF THE HARRISON COUNTY BOARD OF SUPERVISORS WITH RESPECT TO CERTAIN ROAD REPAIRS ON OR NEAR 15th STREET IN THE CITY OF GULFPORT, MISSISSIPPI, TO OBTAIN APPROVAL OF SAID REQUEST BY THE BOARD, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport, Mississippi (the “City”), is located entirely within the geographic boundaries of Harrison County, Mississippi (the “County”); and

WHEREAS, the City of Gulfport, by and through its Governing Authority, and Harrison County, by and through its Board of Supervisors, have entered into an Interlocal Government Cooperation Agreement pursuant to which the parties thereto agree to limited “concurrent jurisdiction over bridges, highways, approaches and related drainage within the municipal boundaries of the City” of Gulfport (Section II(A) of the said Interlocal Agreement); and

WHEREAS, the City of Gulfport has identified the resurfacing/overlaying of that portion of 15th Street from Broad Avenue to Lewis Avenue as road repair projects that are presently needed/necessary based on the current condition of the roadway; and

WHEREAS, Supervisor District 4 has indicated the availability of funding for paving within the City of Gulfport and his/her willingness to assist with needed road repairs in the City of Gulfport and, in light of such funding availability and willingness to assist, the City desires to request the support and assistance of the Harrison County Board of Supervisors with respect to the resurfacing of those public rights of way identified in Exhibit “A” hereto.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the Governing Authority of the City of Gulfport does hereby officially request assistance from the Harrison County Board of Supervisors with respect to those certain road repair projects identified in the preamble hereto (resurfacing/overlaying of a portion or all of the public rights of way identified therein) at an estimated cost of \$162,022.20.

SECTION 3. That this Resolution shall be in effect according to law, and shall be spread upon the minutes of the Gulfport City Council and a copy hereof shall be provided to the Harrison County Board of Supervisors for consideration on the next available agenda.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

PUBLIC WORKS

TO: Margaret Murdock, Legal

CC: Mayor Billy Hewes
Dr. John Kelly, CAO
Kris Riemann, P.E., Director of Engineering
Tyler Gentry, Assistant Director of Public Works – Operations

FROM: Wayne E. Miller, P.E., Director of Public Works 

DATE: November 19, 2020

RE: **AT&T In-Building Service Enhancement Agreement**

Attached for your consideration is an agreement to allow AT&T to install equipment at the Gulfport Public Works building located at 4050 Hewes Avenue. The equipment will give the Public Works employees who have AT&T First Net cell service the ability to use their assigned devices at their full potential. Currently, with the tremendous amount of metal along with cinder block walls, connectivity and data services are extremely inconsistent. AT&T is providing this service, installation, and maintenance at no cost to the City.

Please place this item on the December 8, 2020 Council Agenda.

This item has been approved by:

Mayor or C.A.O. _____

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

Customer	AT&T
Customer Legal Business Name: City of Gulfport Public Works Street Address: 4050 Hewes Ave. City: Gulfport State/Province: MS Zip Code: 39507 Country: USA	AT&T Mobility National Accounts LLC
Customer Contact (for Notices)	AT&T Contact (for Notices)
Name: Ryan Merrill Title: Street Address: (if different from above) City: State/Province: Zip Code: Country: Telephone: (228) 234-6246 Email: rmerrill@gulfport-ms.gov	AT&T Corp. One AT&T Way Bedminster, NJ 07921-0752 ATTN: Master Agreement Support Team Email: mast@att.com

This In-Building Service Enhancement Agreement ("ISE Agreement") is between the customer named above ("Customer") and the AT&T entity named above ("AT&T"). AT&T and Customer are, at times, referred to herein individually as a "Party" and together as the "Parties". This ISE Agreement is effective on the date the last party signs (the "ISE Agreement Effective Date").

AT&T and Customer are parties to the Wireless Service Agreement pursuant to which AT&T provides Customer with Service. As a supplement to that Service, Customer wants AT&T to provide enhanced RF coverage from the Network to certain Premises. AT&T is willing to provide the AT&T-owned components of a System to help enable such enhanced RF coverage pursuant to the terms and conditions of this ISE Agreement.

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

1. Definitions.

- 1.1 **"Affiliate"** of AT&T means any entity that controls, is controlled by, or is under common control with AT&T.
- 1.2 **"Base Station"** means an AT&T-owned base transceiver station ("BTS") (e.g., BBU, eNode-b, Node-b, mRBS, mRRUS, Picocell, Microcell, Macrocell) or any other device that generates RF.
- 1.3 **"COAM"** means Customer-owned and maintained and AT&T approved.
- 1.4 **"Distributed Antenna System" or "DAS"** means AT&T-owned or COAM antennas mounted on the interior of a building that can provide enhanced RF coverage to the interior of the building, the corresponding electronics, the cabling, and any distribution system required to connect the antennas to the electronics.
- 1.5 **"FCC"** means the Federal Communications Commission.
- 1.6 **"Frequency" or "Frequencies"** means the frequencies for which an AT&T Affiliate holds a license from the FCC for use in providing wireless telecommunication services and features.
- 1.7 **"Hazardous Materials"** means any substance or material capable of posing an unreasonable risk to health, safety or property or whose use, transport, storage, handling, disposal, or release is regulated by any law related to pollution, protection of air, water, or soil or health and safety.
- 1.8 **"Interference"** means undesired RF energy that can degrade the quality of Service on licensed frequencies, which may result in distorted conversations, dropped calls, and blocked calls for AT&T's licensed Affiliates or other carriers.
- 1.9 **"LAN"** means Local-Area-Network, which is a system that has networking equipment and/or computers in close proximity to each other capable of communicating, sharing resources and information.
- 1.10 **"Modifications"** means any modifications, enhancements, expansions, upgrades, adjustments, shut-downs, disablements, or other changes to a System or any component thereof.
- 1.11 **"Network"** means the AT&T infrastructure that is used to provide wireless radio telecommunications services on the Frequencies.
- 1.12 **"Premises"** means the individual, physical locations identified in Exhibit A, including its sub-exhibits, all of which are attached hereto and incorporated herein by reference (collectively, "Exhibit A").
- 1.13 **"Repeater"** means an AT&T-owned or COAM bi-directional amplifier.
- 1.14 **"RF"** means radio frequency.
- 1.15 **"Section" and "§"** mean sections of this ISE Agreement, unless otherwise noted.
- 1.16 **"Service"** means commercial mobile radio service, including without limitation wireless voice telecommunications services and wireless data telecommunications services, all as more fully described in the Wireless Service Agreement.
- 1.17 **"Small-Cell"** means a high capacity, low power small cell radio that generates RF for the purpose of extending Network coverage.
- 1.18 **"System"** means a customized in-building wireless radio telecommunications system comprised of one or more Base Station(s) or Small Cell or Repeater(s) (as applicable), the DAS (AT&T-owned or COAM), any related transmission facilities and any related equipment and cabling that will be installed for use on the Premises, as further described for each particular Premises in Exhibit A, to enable enhanced RF coverage from the Network.
- 1.19 **"Transport"** means the public telecommunications infrastructure that permits telecommunications between and among defined Network termination points. (e.g., Ethernet, Power over Ethernet, Microwave).
- 1.20 **"WAN"** means Wide Area Network, a private or public network service generally provided by a telecommunications carrier that connects LANs across diverse geographic regions.
- 1.21 **"Wireless Service Agreement"** means that certain Corporate Digital Advantage Agreement between AT&T and Customer effective December 17, 2015.
- 1.22 **"Wi-Fi"** means a technology that allows electronic devices to connect to a wireless LAN network and has Access Points and Controllers.

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

2. Term.

This Agreement will continue in effect so long as AT&T provides any AT&T-owned component of a System pursuant to Exhibits to this ISE Agreement.

3. Systems and Premises.

3.1 Identification. The Parties acknowledge and agree that a unique System will be required for each of the Premises identified in Exhibit A. These Premises will be identified in sub-Exhibits to Exhibit A as "Premises 1", "Premises 2" and so on. Similarly, the corresponding Systems, along with any installation fees, equipment removal fees, and other System-specific issues will be described in these sub-Exhibits. The Parties further acknowledge and agree that they may add additional Systems to existing Premises, or add new Premises in the future, by mutually agreed upon amendment. Unless otherwise set forth in Exhibit A, all terms and conditions of this ISE Agreement apply to each and all such Systems and Premises. In that regard, to the extent of any material conflict, the terms and conditions of Exhibit A take precedence over the terms and conditions of the remainder of this ISE Agreement.

3.2 Design. Each System may include a corresponding design to be mutually agreed by the Parties (each, a "Design"). If applicable, the Design will be attached hereto and incorporated herein as Exhibit B.

3.3 Installation. AT&T will install the AT&T-owned components of each System on the corresponding Premises in accordance with the corresponding System design(s). Related installation fees for the System(s), if any, are set forth in Exhibit A.

3.4 Ownership. FCC regulations require AT&T to maintain sole control over any transmitting device that operates within AT&T's assigned Frequencies. The Parties agree that except with respect to a COAM DAS or COAM Repeater (if applicable): (a) Customer does not have, and will not acquire through this ISE Agreement or the Wireless Service Agreement, any proprietary or ownership rights or interest in the System, the Network, AT&T's cell sites and related components, the Frequencies, or the public revenues associated with the Service or a System, (b) each System, and all corresponding components, are and will remain the property of AT&T, and (c) AT&T will have the right to install, operate, maintain and remove any System in its sole discretion at AT&T's expense. AT&T has no proprietary or ownership rights in the Premises or Customer's facilities, including Customer-owned cabling and distribution systems, including the COAM DAS and/or COAM Repeater (if applicable) used as part of a System installation.

3.4.1 Non-Exclusive Use of Base Station(s). Customer understands, acknowledges and agrees that, if a System includes one or more Base Stations, Customer's right to use the Base Station(s) is non-exclusive. AT&T may use any and all such Base Stations in connection with one or more separate customer's(s') systems provided, however, that if any use is to include others non-exclusive to Customer, that such use of this base station and any associated infrastructure or equipment shall comply with applicable City of Gulfport Ordinances regarding small cells and related technology

3.5 Maintenance and Monitoring. AT&T will maintain the System at AT&T's expense. If the System includes a COAM DAS or COAM Repeater, then Customer will maintain any such COAM DAS and/or COAM Repeater at Customer's expense and AT&T will maintain the remaining AT&T-owned System components, as applicable, at AT&T's expense. Notwithstanding the foregoing, AT&T will not maintain nor will it pay for any cabling, fiber or conduit related to a System damaged by Customer. Due to AT&T's ownership rights and FCC requirements, AT&T has the right to monitor the operation of a System twenty-four hours per day, seven days per week, in order to determine System performance and to ensure that Customer and/or a System does not cause Interference to other AT&T customers or their users, the Network, transmission facilities or other equipment. AT&T will determine the cause of any Interference it identifies in the vicinity of a System and may, at its option, disable or shut down such System until AT&T is able to determine and eliminate the cause of the Interference. In the event AT&T intends to exercise its option to disable or shut down a System, then AT&T will provide Customer reasonable notice of the related processes.

3.6 Capacity and Modification. Customer understands and agrees that a System impacts Network capacity and performance, and that, due to the nature of RF, a System may not provide coverage for the entire corresponding Premises. Customer will use reasonable good faith efforts not to change the Premises or Customer's use of the Premises in any way that interferes with the Frequencies, any System, or the Network. Customer understands and agrees that with reasonable prior notification to Customer (a) AT&T may, in its sole discretion, propose and make Modifications to the System at AT&T's Expense; and (b) any such Modifications may require additional space and consume additional power at the Premises. Furthermore, if (i) a planned Modification involves an expansion of the System or otherwise requires additional space and/or power or (ii) the DAS is COAM and does not support the Modification; and/or (iii) Customer objects to the Modification; or (iv) Customer changes the Premises or use of the Premises in a manner that interferes with the Frequencies, a System or the Network; and (v) no reasonable solution can be found, then AT&T may, at its option (A) disable or shut down the impacted System at any time, and/or (B) remove the AT&T-owned portions of the System in accordance with §6.3. Any Customer-proposed Modifications or COAM DAS expansions to a System are subject to AT&T's prior written approval, and, if approved, will be implemented at Customer's sole expense by an AT&T authorized vendor. Nothing in this Section will affect AT&T's rights under §3.8.

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

3.7 Connectivity. Customer understands and agrees that if a System includes a Base Station, then the Base Station requires connectivity to the Network via telephone company transport facilities, and AT&T will provide such connectivity at AT&T's expense. Customer understands and agrees Small-Cells require Transport. If Customer is responsible to provide Transport it must be available on a twenty four (24) hour, seven (7) day a week basis and maintained in good condition and repair. Customer acknowledges and agrees that failure to support the provision of the Transport as set forth herein will prevent the System from operating.

3.8 AT&T Access. When accessing the Premises to complete any necessary installation, maintenance, repair, replacement, removal or other Modifications of any System, AT&T agrees to be subject to Customer's reasonable security procedures and protocol, and at no cost to AT&T.

3.9 Use of Third-Parties. Customer understands that AT&T may install, maintain, make Modifications to, monitor, remove and otherwise provide and operate a System under this ISE Agreement using AT&T's Affiliates and/or third-party subcontractors, and, accordingly, all references to "AT&T" in this ISE Agreement will include any such Affiliates and subcontractors.

4. Customer Responsibilities. Customer represents, warrants, and agrees that:

(a) Customer will obtain, prior to installation and at no cost to AT&T, all required approvals, licenses, permits, right of way, permitted use and consents from any and all applicable parties (including but not limited to landlords) to allow AT&T to install, maintain, repair, replace, remove, make Modifications to, and/or operate a System on the corresponding Premises. For clarification, AT&T will obtain, at no additional cost to Customer, all approvals, licenses, permits and consents required by the FCC, the respective State Public Utilities Commission or any other regulatory agency for the operation of the AT&T-owned components of the System. AT&T acknowledges that infrastructure it constructs, installs, affixes, or locates on or to the exterior of any structure or building shall comply with the City of Gulfport's Ordinances, including those pertaining to construction / location of small cells and design guidelines with respect to such infrastructure

(b) Except as otherwise set forth in Section 3.7 (Connectivity), Customer will provide to AT&T, at no cost to AT&T, any conduit, holes (including without limitation any roof penetrations), wire ways, fiber wiring between buildings and floors, power/utilities and other items reasonably required to allow AT&T to install, repair, maintain, replace, remove, make Modifications to, and/or operate a System. Customer is responsible for any necessary extension of the telecom/data circuit from the demarcation point to the location where a Base Station or Small-Cell is deployed. Moreover, Customer agrees to reasonably cooperate with AT&T with the provision of such items, including but not limited to Transport, within a reasonable time;

(c) Customer will provide to AT&T, at Customer's sole cost, all electrical circuits and electricity, space in and on the corresponding Premises in accordance with Exhibit A that is sufficient, climate controlled, and in such a condition that will allow AT&T to install, repair, maintain, replace, remove, make Modifications to (subject to §3.5), and/or operate the corresponding System;

(d) Customer will ensure that the Premises at which AT&T installs and maintains a System is a suitable and safe working environment, free of Hazardous Materials. AT&T does not handle, remove or dispose of Hazardous Materials, and AT&T has no obligation to perform work at any Premises that is not a suitable and safe working environment. AT&T will not be liable for any Hazardous Materials;

(e) Customer will identify and make available to AT&T an authorized Customer representative to notify for gaining access to all Systems, and will provide AT&T with access to all Systems and any COAM DAS and/or any COAM Repeater as follows:

(1) Standard business hours for installation, maintenance, removal, replacement and certain Modifications (as reasonably determined by AT&T); and

(2) Twenty-four (24) hours per day, seven (7) days per week for repairs and certain Modifications (as reasonably determined by AT&T).

(f) Customer will ensure that all installation, modification, handling, maintenance, repair, removal of, and/or Modification to a System are performed solely by AT&T or an AT&T approved subcontractor;

(g) Customer will not allow any other wireless carrier to use an AT&T-owned System or any AT&T-owned component of a System;

(h) Customer will be solely responsible for all costs to repair a System from damage caused by acts or omissions of Customer, its agents, employees, contractors, or invitees;

(i) Customer will be solely responsible for all costs associated with a remodeling of a premises that alters the DAS and/or with moving a System within the corresponding Premises to a new location, if such move is done at Customer's request, and all such moves will be subject to AT&T's written approval which will not be unreasonably withheld;

(j) Customer will not install or operate a Repeater on any Premises to broadcast the Frequencies without AT&T's consent;

(k) Customer will notify AT&T of its intent to vacate any Premises at least sixty (60) days prior to such vacancy;

(l) Customer will provide rack space within its tenant space in the corresponding Premises; and

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

(m) To the extent it deems necessary, Customer will provide escorts when any AT&T personnel or agent is on the corresponding Premises in accordance with the ISE Agreement at no cost to AT&T.

5. Default. If either Party fails to perform or observe any material term or condition of this ISE Agreement within thirty (30) days after receipt of written notice of such failure from the other Party, then such Party will be in default of the ISE Agreement. No such failure, however, will be deemed to exist if a Party has commenced to cure such default within such period, provided that such efforts are prosecuted to completion with reasonable diligence. In addition, a Party will be in default of the ISE Agreement if (i) such Party makes a general assignment for the benefit of its creditors, (ii) a receiver is appointed for that Party due to its insolvency, (iii) that Party initiates a voluntary bankruptcy proceeding, (iv) that Party's creditors initiate a bankruptcy proceeding against that Party and such proceeding is continuing and not dismissed or discharged for sixty (60) days. Customer will also be in default of this ISE Agreement if it is in default of the Wireless Service Agreement or the Wireless Service Agreement is terminated.

6. Termination; Remedies.

6.1 Termination by Either Party. If a Party is in default of the ISE Agreement under Section 5 hereof, then the other Party may terminate this ISE Agreement and exercise any and all other remedies available at law or in equity. If AT&T terminates the Agreement under §6.1 it will also have the immediate right to shut down any and all AT&T-owned components of the System(s).

6.2 Termination by AT&T. AT&T may immediately terminate this ISE Agreement, exercise any and all other remedies available at law or in equity, and shut down any and all applicable Systems under the following circumstances:

6.2.1 Regulatory Change. In the event the FCC, the respective State Public Utilities Commission or any other regulatory agency or legislative body promulgates any rule, regulation or order that in effect or application prohibits or adversely affects AT&T's ability to fulfill its obligations hereunder.

6.2.2 Interference. In the event AT&T is unable to eliminate the cause of any Interference identified pursuant to §3.6.1 Monitoring, regardless of the cause.

6.2.3 Vacancy. In the event Customer vacates any Premises.

6.2.4 Operations. In the event AT&T experiences a significant loss of Customer provided power or Transport.

6.3 Equipment Removal. Upon termination of this ISE Agreement for any reason, AT&T has the additional right to enter the Premises and remove any and all AT&T-owned System or AT&T-owned component of a System upon reasonable notice to Customer, provided, however that AT&T's rights under §6.3 extend only to the corresponding Premises.

6.4 Equipment Removal Fee. To the extent any equipment removal fees apply at a specific Premise, they are detailed in Exhibit A and Customer must pay such equipment removal fees. Furthermore, equipment removal fees detailed in Exhibit A may apply if (a) AT&T terminates the ISE Agreement under §6.1; (b) AT&T terminates the ISE Agreement pursuant to §6.2.2 where AT&T determines that the Interference is caused by Customer or its use of the Premises; and/or (c) AT&T terminates the ISE Agreement pursuant to §6.2.3 or §6.2.4.

7. Limitations of Liability and Disclaimers.

7.1 Limitation of Liability.

(a) AT&T will not be liable for any damages, arising out of or relating to mistakes, omissions, interruptions, delays, errors or defects in the System(s).

(b) Section 7.1(a) will not apply to (i) settlement, defense or payment obligations under §8 (Third-Party Claims).

(c) AT&T's liability for bodily injury, death or damage to real or tangible property directly caused by AT&T's negligence or willful misconduct is limited to proven direct damages.

(d) EXCEPT FOR SETTLEMENT, DEFENSE OR PAYMENT OBLIGATIONS UNDER §8 (THIRD-PARTY CLAIMS), OR IN THE CASE OF A PARTY'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, PUNITIVE, RELIANCE OR SPECIAL DAMAGES, INCLUDING WITHOUT LIMITATION DAMAGES FOR LOST PROFITS, ADVANTAGE, SAVINGS OR REVENUES, OR INCREASED COST OF OPERATIONS.

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

7.2 Additional Limitations of Liability. AT&T WILL NOT BE LIABLE FOR ANY DAMAGES, EXCEPT TO THE EXTENT CAUSED BY AT&T'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, ARISING OUT OF OR RELATING TO: INTEROPERABILITY, ACCESS OR INTERCONNECTION OF THE SYSTEM WITH APPLICATIONS, EQUIPMENT, SERVICES, CONTENT OR NETWORKS PROVIDED BY CUSTOMER OR THIRD-PARTIES; SERVICE DEFECTS, SERVICE LEVELS, DELAYS OR INTERRUPTIONS; ANY INTERRUPTION OR ERROR IN ROUTING OR COMPLETING CALLS OR OTHER TRANSMISSIONS (INCLUDING 911 CALLS OR ANY SIMILAR EMERGENCY RESPONSE NUMBER; LOST OR ALTERED MESSAGES OR TRANSMISSIONS; OR UNAUTHORIZED ACCESS TO OR THEFT, ALTERATION, LOSS OR DESTRUCTION OF CUSTOMER'S, ITS AFFILIATE'S, USER'S, OR THIRD-PARTIES' APPLICATIONS, CONTENT, DATA, PROGRAMS, CONFIDENTIAL INFORMATION, NETWORK OR SYSTEMS.

7.3 Disclaimer of Warranties. AT&T MAKES NO REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, AND SPECIFICALLY DISCLAIMS (a) ANY REPRESENTATION OR WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, OR NON-INFRINGEMENT, OR (b) ANY WARRANTY ARISING BY USAGE OF TRADE OR COURSE OF DEALING. FURTHER, AT&T MAKES NO REPRESENTATION OR WARRANTY THAT WIRELESS CALLS OR OTHER TRANSMISSIONS WILL BE ROUTED OR COMPLETED WITHOUT ERROR OR INTERRUPTION (INCLUDING CALLS TO 911 OR ANY SIMILAR EMERGENCY RESPONSE NUMBER), OR GUARANTEE REGARDING NETWORK SECURITY OR COVERAGE.

7.4 Application and Survival. The disclaimer of warranties and limitations of liability set forth in this ISE Agreement will apply regardless of the form of action, whether in contract, equity, tort, strict liability or otherwise and whether or not damages were foreseeable, and will apply so as to limit the liability of each Party and its affiliates, and their respective employees, directors, subcontractors and suppliers.

8. Third-Party Claims. AT&T and Customer, but only to the extent permitted by Mississippi Law, agrees to indemnify, defend and hold harmless the other Party and its parent company, affiliates, employees, directors, officers, and agents from and against all claims, demands, actions, causes of actions, damages, liabilities, losses, and expenses (including reasonable attorney's fees) incurred as a result of third-party claims for damage to property and/or personal injuries (including death) arising out of the negligent or willful act or omission of the indemnifying Party. The following procedures will apply to any indemnification obligation under §8: (a) the Party seeking indemnification will promptly notify the indemnifying Party in writing of any claim or suit; (b) the indemnifying Party will have sole control of the defense or settlement; provided, however, that the indemnifying Party will not enter into any settlement that obligates the Party seeking indemnification to make an admission of guilt, or incur any expense for which the Party seeking indemnification is not indemnified, without such Party's prior written consent, which will not be unreasonably withheld; (c) the Party seeking indemnification will have the right to be represented separately by counsel of its own choosing, at its own expense, in connection with any claim or suit; and (d) the Party seeking indemnification will provide reasonable cooperation to the indemnifying Party at the indemnifying Party's expense.

9. Compliance with FCC Rules and Regulations. AT&T is a wireless carrier that uses federally licensed spectrum and is subject to rules and regulations of the Federal Communications Commission (FCC). The FCC has published specific regulatory guidelines as to the maximum permissible exposure (MPE) of radio frequency (RF) emissions. In connection with AT&T's installation of the equipment to be installed pursuant to this ISE Agreement at Customer locations, there may be circumstances when applicable FCC rules require AT&T to implement precautionary measures to implement safety protections for the benefit of the public relating to RF emissions. These include but are not limited to the placement of visible signage and/or physical barriers near the equipment's antenna. Customer hereby grants and/or will obtain for AT&T the right to post all required signage, place all barriers and otherwise comply with the applicable FCC regulations at all locations where AT&T installs the equipment to be installed pursuant to this ISE Agreement.

10. Marketing Assistance. Customer agrees to participate with AT&T marketing activities directed toward businesses and individuals who operate or reside within Customer's location. Marketing Examples: Permitting AT&T representatives to participate in "onsite events", the date and time of which shall be mutually agreed upon by the parties, posting digital signage, posting and maintaining a hyperlink from Customer's intranet site and any other mutually agreed upon marketing efforts.

11. Miscellaneous.

11.1 Force Majeure. Except for payment of amounts due, neither party will be liable for any delay, failure in performance, loss or damage due to fire, explosion, cable cuts, power blackout, earthquake, flood, strike, embargo, labor disputes, acts of civil or military authority, war, terrorism, acts of God, acts of a public enemy, acts or omissions of carriers or suppliers, acts of regulatory or governmental agencies or other causes beyond such party's reasonable control.

11.2 Notices. Any required notices under this ISE Agreement will be in writing and will be deemed validly delivered if made by hand (in which case delivery will be deemed to have been effected immediately), or by overnight mail (in which case delivery will be deemed to have been effected one (1) business day after the date of mailing), or by first class pre-paid post (in which case delivery will be deemed to have been effected five (5) days after the date of posting), or by facsimile or electronic transmission (in which case delivery will

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

be deemed to have been effected on the day the transmission was sent). Any such notice will be sent to the office of the recipient set forth on the cover page of this ISE Agreement or to such other office or recipient as designated in writing from time to time.

11.3 Governing Law. This ISE Agreement will be governed by the law of the State of Mississippi, without regard to its conflict of law principles, unless a regulatory agency with jurisdiction over the applicable Service applies a different law. The United Nations Convention on Contracts for International Sale of Goods will not apply.

11.4 Assignment and Subcontracting.

(a) Customer may, without AT&T's consent but upon notice to AT&T, assign in whole or relevant part its rights and obligations under this ISE Agreement to a Customer Affiliate. AT&T may, without Customer's consent, assign in whole or relevant part its rights and obligations under this ISE Agreement to an AT&T Affiliate. In no other case may this ISE Agreement be assigned by either party without the prior written consent of the other party (which consent will not be unreasonably withheld or delayed). In the case of any assignment, the assigning party will remain financially responsible for the performance of the assigned obligations.

(b) AT&T may subcontract to an Affiliate or a third-party work to be performed under this ISE Agreement but will remain financially responsible for the performance of such obligations.

11.5 No Third-Party Beneficiaries. This ISE Agreement is for the benefit of Customer and AT&T and does not provide any third-party (including Users) the right to enforce it or to bring an action for any remedy, claim, liability, reimbursement or cause of action or any other right or privilege.

11.6 Severability. If any portion of this ISE Agreement is found to be invalid or unenforceable or if, notwithstanding Section 11.3 (Governing Law), applicable law mandates a different interpretation or result, the remaining provisions will remain in effect and the parties will negotiate in good faith to substitute for such invalid, illegal or unenforceable provision a mutually acceptable provision consistent with the original intention of the parties.

11.7 Survival. The terms and provisions of this ISE Agreement that by their nature require performance by either Party after the termination or expiration of this ISE Agreement, including, but not limited to, limitations of liability and exclusions of damages, will be and remain enforceable notwithstanding such termination or expiration of this ISE Agreement for any reason whatsoever.

11.8 Independent Contractor. Each party is an independent contractor. Neither party controls the other, and neither party nor its Affiliates, employees, agents or contractors are Affiliates, employees, agents or contractors of the other party.

11.9 Amendments and Waivers. Any supplement to or modification or waiver of any provision of this ISE Agreement must be in writing and signed by authorized representatives of both parties. A waiver by either party of any breach of this ISE Agreement will not operate as a waiver of any other breach of this ISE Agreement.

11.10 Publicity. To the extent not precluded by law, neither party may issue any public statements or announcements relating to the terms of this ISE Agreement or to the provision of Services without the prior written consent of the other party.

11.11 Dispute Resolution. The parties agree to exercise their best efforts to settle any dispute arising out of or related to this ISE Agreement through good faith negotiation. Any dispute arising out of or related to this ISE Agreement that cannot be resolved by negotiation will be resolved by courts in the State of Mississippi.

11.12 Entire Agreement. This ISE Agreement constitutes the entire agreement between the parties with respect to its subject matter. This ISE Agreement supersedes all other agreements, proposals, representations, statements and understandings, whether written or oral, concerning the subject matter or the rights and obligations concerning the same, and the parties disclaim any reliance thereon. This ISE Agreement will not be modified or supplemented by any written or oral statements, proposals, representations, advertisements, service descriptions or order forms.

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

EXHIBIT A

Premises

Exhibit(s) A -1, attached below.

The Premises are hereby described as the commonly trafficked customer areas within the 1st & 2nd levels of the building that resides at 4050 Hewes Avenue in Gulfport, MS (approximately 64,000 total square feet).

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

EXHIBIT A -1

Premises 1

A. Location.

Physical address of Premises: 4050 Hewes Avenue, Gulfport, MS 39507

B. Installation Fee.

Amount: \$ 0

C. Equipment Removal Fee(s).

The equipment removal fee for the AT&T-owned components of the System that is located at Premises #1 is 20% of the System-Related Funding provided by AT&T and due within 60 days of invoice date. After the 3rd year of the ISE Agreement Effective Date, no Fee would apply.

D. System-Related Funding Provided by AT&T.

Amount: \$ 99,000

E. Special Notes.

- The project scope entails:
 - AT&T providing use of an LTE In-building Solution to the 1st & 2nd levels of the Customer Premises (approximately 64,000 total square feet). AT&T will fund, own, install & maintain the System at AT&T's expense. Ubiquitous coverage of the Premises is not the project intent (there may be some areas after System deployment that simply do not receive enhanced coverage due to the construction of the building and/or placement of the antennas).
- Customer understands and agrees:
 - This ISE Agreement and any System-Related Funding Provided by AT&T is subject to AT&T approval and availability.
 - Subscribers will need AT&T VoLTE capable devices & SIM cards to access the System attributes.
 - To report any trouble with the installed System to the Advanced Solutions Care Group at (800) 317-0935.
- Customer to provide at their sole expense:
 - Two (2) 208V AC L6 outlets adjacent to or above the relay rack at the System head end & a dedicated 110V AC quad outlet on a 20A circuit at each IDF/Hub location (unless otherwise indicated by AT&T after site survey).
 - Roof penetration, clear pathway and conduit to the roof of the building housing the AT&T base station equipment for an exterior GPS positioning antenna (AT&T will provide and install the GPS equipment at their expense).
 - Any required circuit extension from the MPOE to the AT&T Base Station head end location.
 - Any required fiber connectivity between the floors/buildings
 - All back up power (if desired)
- Conceptual design and floor plans to follow (for illustrative purposes only):

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

IN-BUILDING SERVICE ENHANCEMENT AGREEMENT

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2018, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL AWARDED BID FOR “TERM CONTRACT GROUP C1-LIMESTONE/WASHOUT MATERIALS”, APPROVING AGREEMENT BETWEEN THE CITY OF GULFPORT AND WARREN PAVING, INC., AND AUTHORIZING THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY

WHEREAS, the City of Gulfport desires to enter into a contract for the delivery of certain commodities (Group C1– Limestone/Washout Materials) for a stipulated price for a specified term; and

WHEREAS, pursuant to authority of this City Council, advertisements for bids were published and one (1) bid was received on the commodity noted above, with the low bidder being Warren Paving, Inc., of Gulfport, Mississippi, as referenced in the Memorandum of Connie Debenport and tabulation sheet which is attached hereto as Exhibit “A”; and

WHEREAS, a proposed Agreement Between The City Of Gulfport And Commodity Supplier On The Basis Of A Stipulated Price, is attached hereto as Exhibit “B”.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the proposed Agreement Between The City Of Gulfport And Commodity Supplier On The Basis Of A Stipulated Price, be and it is hereby approved in the form as attached hereto as Exhibit “A” and the Mayor is hereby authorized to execute the same on behalf of the City of Gulfport.

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

**AGREEMENT BETWEEN THE CITY OF
GULFPORT AND COMMODITY (Group C1 – Limestone, Washout Materials)
SUPPLIER ON THE BASIS OF A STIPULATED PRICE**

THIS AGREEMENT is dated as of the _____ day of _____ in the year 2020, by and between the City of Gulfport, Mississippi (hereinafter called CITY) and LAND SHAPER, LLC, (hereinafter called SUPPLIER).

CITY and SUPPLIER, in consideration of the mutual covenants hereinafter set forth, agree as follows:

Article I. Commodities.

SUPPLIER shall provide all commodities, goods, and deliverables as specified or indicated in the Bid Proposal submitted by SUPPLIER to CITY at the price contained therein (for those items for which SUPPLIER was the lowest and best bid as found on the bid tabulation sheet as approved by the City Council). SUPPLIER assures that all such deliverables shall meet industry standards of quality and as further set forth herein. The CITY will issue and submit to SUPPLIER a job specific purchase order or other written documentation of order to provide certain and various of the commodities, goods, or deliverables found in the Bid Proposal. Each purchase order or similar document shall contain the specific item(s) and the number of each item needed. The CITY is not guaranteeing that any specific number of items will be purchased hereunder and is not guaranteeing that such items will not be purchased in another manner or from another source. It is further understood and acknowledged that the items ordered at the end of one (1) year may be significantly more or less than the total bid submitted. There is no minimum number or amount of commodities, goods, or deliverables required for any purchase or similar order set out hereunder.

Article II. Contract Times.

SUPPLIER must agree to commence delivery of items requested via purchase order or other written documentation of order within the time frames set out in the bid documents (i.e., bid specifications and bid proposal) (to the extent that a time frame is set out in the bid documents). Failure to make delivery within any required time frame will be justification by the CITY for termination of this Agreement.

This Contract will be effective for the period January 1, 2021 thru December 31, 2021 (“Contract Term”). It is agreed that there is one (1) optional period of one (1) year, such option period to commence upon expiration of the Contract Term (“Option Term”). Such Option Term shall be effective and exercised automatically unless, at least thirty (30) days before the end of the Contract Term, CITY or SUPPLIER notifies the other of an intent not to exercise this option and extend the Contract Term for this second one (1) year. All pricing shall remain as bid through the Option Term.

Article III. Contract Price.

CITY shall pay SUPPLIER for the delivery of items ordered under this contract in accord with the unit price set forth for each item in SUPPLIER’s Bid Proposal for which SUPPLIER was awarded this contract which is attached hereto as Exhibit “A” and incorporated herein.

Any request for price increase during the term of contract will be rejected. Should this rejection result in the cancellation of the contract, the SUPPLIER shall be removed from the qualified bidders list for twenty-four (24) months. If adverse conditions exist industry wide, modifications to disqualifications may be made as circumstances warrant.

Article IV. Payment Procedures.

Payment of items delivered under any/all purchase orders issued hereunder shall be in accordance with the usual practices and ordinances of the CITY of Gulfport and the applicable statutes and regulations of the State of Mississippi.

Article V. Contract Documents.

The Contract Documents which comprise the entire agreement between CITY and SUPPLIER consist of this Agreement, Bid Specifications and the Bid Proposal submitted by SUPPLIER. There are no Contract Documents other than those listed or incorporation herein.

Article VI. Warranties.

SUPPLIER expressly warrants that all commodities, goods, and deliverables furnished or provided under this agreement will be new, will be free from defect in material and workmanship, and shall be free and clear of all liens, mortgages, security interests or other encumbrances. SUPPLIER further warrants that all such commodities, goods, and deliverables will conform to any specifications, drawings, statements or representations made to the CITY or otherwise appearing on the containers or labels or advertisements for such items and that any such commodities, goods, and deliverables will be adequately contained, packaged, marked and labeled. SUPPLIER also warrants that all commodities, goods, and deliverables furnished hereunder or in connection with this agreement will be merchantable and will be safe and appropriate for the purpose for which items of that kind are normally used. If SUPPLIER knows or has reason to know the particular purpose for which the CITY intends to use the commodities, goods, or deliverables, SUPPLIER warrants that such items will be fit for such particular purpose. SUPPLIER shall not limit or exclude any implied warranties and any attempt to do so shall render this agreement voidable at the option of the CITY. SUPPLIER agrees to promptly replace or correct defects of any commodities, goods, or deliverables not conforming to the foregoing warranties, without expense to the CITY, when notified of such nonconformity by the CITY for up to one year after acceptance of the same, provided the CITY elects to provide the SUPPLIER the opportunity to do so. If SUPPLIER fails to correct defects in or replace nonconforming commodities, goods, or deliverables, the CITY, after reasonable notice to SUPPLIER, may make such corrections or replace such goods and services and charge SUPPLIER for the cost incurred by the CITY in doing so. SUPPLIER recognizes that the CITY's requirements may require immediate repairs, re-working, or replacement of defective commodities, goods, or deliverables, without notice to the SUPPLIER. In such event, SUPPLIER shall reimburse the CITY for the costs, delays, or other damages which the CITY has incurred. In the event of a conflict with the length or duration of any warranties involving commodities, goods, or deliverables provided or sold to the CITY in connection with this agreement and any other warranties, whichever warranty is longer in duration or tenure shall prevail.

Article VI. Miscellaneous.

No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

CITY and SUPPLIER each binds itself, its partners, successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect to all covenants, agreements, representations, and obligations contained in the Contract Documents.

Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon CITY and SUPPLIER, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

SUPPLIER certifies that the SUPPLIER and its principals and agents are eligible to participate in this transaction, enter into this agreement, and perform in accordance herewith and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state or local governmental entity and that SUPPLIER is in compliance with the State of Mississippi statutes and rules relating to procurement and that SUPPLIER is not listed on the federal government's terrorism watch list as described in any governing or existing federal law or Executive Order, including, but not limited to, Executive Order 13224.

Article VII. Hold Harmless.

SUPPLIER further agrees that it will, and hereby does, fully indemnify, defend and hold harmless the CITY of Gulfport from and against any and all claims, damages, losses, costs and expenses of every kind and nature, including court costs and attorney fees and claims for damages resulting from or arising out of any infringement claim or claim of bodily injury, death or damage to real or tangible personal property caused in any way by contractor and/or its partners, principals, agents, employees or subcontractors in the performance of the Contract Documents or any provisions set forth or incorporated therein and the breach of the Contract Documents or in any way arising therefrom or relating thereto. The CITY of Gulfport will notify the SUPPLIER in writing of any claim to be indemnified hereunder, of which CITY has knowledge, and SUPPLIER in turn will promptly notify CITY of any such claim. SUPPLIER shall, at its sole expense, control the defense of such suit to the extent allowed by Mississippi law. The parties agree to cooperate with one another in the defense of any such matter.

IN WITNESS WHEREOF, CITY and SUPPLIER have signed this Agreement in duplicate. One counterpart each has been delivered to CITY and to SUPPLIER.

This Agreement will be effective on January 1, 2019).

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2020, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL AWARDED BID FOR “TERM CONTRACT GROUP C3 – PRODUCTS AND SERVICES FOR VARIOUS TYPES OF HOT BITUMINOUS PAVEMENT”, APPROVING AGREEMENT BETWEEN THE CITY OF GULFPORT AND WARREN PAVING, INC., AND AUTHORIZING THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY

WHEREAS, the City of Gulfport desires to enter into a contract for the delivery of certain commodities (Group C3 – Products and Services for Various Types of Hot Bituminous Pavement) for a stipulated price for a specified term; and

WHEREAS, pursuant to authority of this City Council, advertisements for bids were published and one (1) bid was received on the commodity noted above, with WARREN PAVING, INC., of Hattiesburg and Gulfport, Mississippi, being the low bidder for those items noted on the bid tabulation sheet under the WARREN PAVING, INC., name and shaded in gray, as referenced in the Memorandum of Connie Debenport and tabulation sheet which is attached hereto as Exhibit “A”; and

WHEREAS, a proposed Agreement Between The City Of Gulfport And Commodity Supplier On The Basis Of A Stipulated Price, is attached hereto as Exhibit “B”.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the proposed Agreement Between The City Of Gulfport And Commodity Supplier On The Basis Of A Stipulated Price, be and it is hereby approved in the form as attached hereto as Exhibit “A” and the Mayor is hereby authorized to execute the same on behalf of the City of Gulfport.

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and ready by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

MAYOR

**AGREEMENT BETWEEN THE CITY OF
GULFPORT AND COMMODITY
(Group C3 – Products and Services for Various Types Hot Bituminous)
SUPPLIER ON THE BASIS OF A STIPULATED PRICE**

THIS AGREEMENT is dated as of the _____ day of _____ in the year 2020, by and between the City of Gulfport, Mississippi (hereinafter called CITY) and WARREN PAVING, INC., (hereinafter called SUPPLIER).

CITY and SUPPLIER, in consideration of the mutual covenants hereinafter set forth, agree as follows:

Article I. Commodities.

SUPPLIER shall provide all commodities, goods, and deliverables as specified or indicated in the Bid Proposal submitted by SUPPLIER to CITY at the price contained therein (for those items for which SUPPLIER was the lowest and best bid as found on the bid tabulation sheet as approved by the CITY Council (i.e., for those items noted on the bid tabulation sheet under the WARREN PAVING, INC., name and shaded in gray)). SUPPLIER assures that all such deliverables shall meet industry standards of quality and as further set forth herein. The CITY will issue and submit to SUPPLIER a job specific purchase order or other written documentation of order to provide certain and various of the commodities, goods, or deliverables found in the Bid Proposal. Each purchase order or similar document shall contain the specific item(s) and the number of each item needed. The CITY is not guaranteeing that any specific number of items will be purchased hereunder and is not guaranteeing that such items will not be purchased in another manner or from another source. It is further understood and acknowledged that the items ordered at the end of one (1) year may be significantly more or less than the total bid submitted. There is no minimum number or amount of commodities, goods, or deliverables required for any purchase or similar order set out hereunder.

Article II. Contract Times.

SUPPLIER must agree to commence delivery of items requested via purchase order or other written documentation of order within the time frames set out in the bid documents (i.e., bid specifications and bid proposal) (to the extent that a time frame is set out in the bid documents). Failure to make delivery within any required time frame will be justification by the CITY for termination of this Agreement.

This Contract will be effective for the period January 1, 2021, thru December 31, 2021 (“Contract Term”). It is agreed that there is one (1) optional period of one (1) year, such option period to commence upon expiration of the Contract Term (“Option Term”). Such Option Term shall be effective and exercised automatically unless, at least thirty (30) days before the end of the Contract Term, CITY or SUPPLIER notifies the other of an intent not to exercise this option and extend the Contract Term for this second one (1) year. All pricing shall remain as bid through the Option Term.

Article III. Contract Price.

CITY shall pay SUPPLIER for the delivery of items ordered under this contract in accord with the unit price set forth for each item in SUPPLIER’s Bid Proposal for which SUPPLIER was awarded this contract which is attached hereto as Exhibit “A” and incorporated herein.

Any request for price increase during the term of contract will be rejected. Should this rejection result in the cancellation of the contract, the SUPPLIER shall be removed from the qualified bidders list for twenty-four (24) months. If adverse conditions exist industry wide, modifications to disqualifications may be made as circumstances warrant.

Article IV. Payment Procedures.

Payment of items delivered under any/all purchase orders issued hereunder shall be in accordance with the usual practices and ordinances of the CITY of Gulfport and the applicable statutes and regulations of the State of Mississippi.

Article V. Contract Documents.

The Contract Documents which comprise the entire agreement between CITY and SUPPLIER consist of this Agreement, Bid Specifications and the Bid Proposal submitted by SUPPLIER. There are no Contract Documents other than those listed or incorporation herein.

Article VI. Warranties.

SUPPLIER expressly warrants that all commodities, goods, and deliverables furnished or provided under this agreement will be new, will be free from defect in material and workmanship, and shall be free and clear of all liens, mortgages, security interests or other encumbrances. SUPPLIER further warrants that all such commodities, goods, and deliverables will conform to any specifications, drawings, statements or representations made to the CITY or otherwise appearing on the containers or labels or advertisements for such items and that any such commodities, goods, and deliverables will be adequately contained, packaged, marked and labeled. SUPPLIER also warrants that all commodities, goods, and deliverables furnished hereunder or in connection with this agreement will be merchantable and will be safe and appropriate for the purpose for which items of that kind are normally used. If SUPPLIER knows or has reason to know the particular purpose for which the CITY intends to use the commodities, goods, or deliverables, SUPPLIER warrants that such items will be fit for such particular purpose. SUPPLIER shall not limit or exclude any implied warranties and any attempt to do so shall render this agreement voidable at the option of the CITY. SUPPLIER agrees to promptly replace or correct defects of any commodities, goods, or deliverables not conforming to the foregoing warranties, without expense to the CITY, when notified of such nonconformity by the CITY for up to one year after acceptance of the same, provided the CITY elects to provide the SUPPLIER the opportunity to do so. If SUPPLIER fails to correct defects in or replace nonconforming commodities, goods, or deliverables, the CITY, after reasonable notice to SUPPLIER, may make such corrections or replace such goods and services and charge SUPPLIER for the cost incurred by the CITY in doing so. SUPPLIER recognizes that the CITY's requirements may require immediate repairs, re-working, or replacement of defective commodities, goods, or deliverables, without notice to the SUPPLIER. In such event, SUPPLIER shall reimburse the CITY for the costs, delays, or other damages which the CITY has incurred. In the event of a conflict with the length or duration of any warranties involving commodities, goods, or deliverables provided or sold to the CITY in connection with this agreement and any other warranties, whichever warranty is longer in duration or tenure shall prevail.

Article VI. Miscellaneous.

No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by

law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

CITY and SUPPLIER each binds itself, its partners, successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect to all covenants, agreements, representations, and obligations contained in the Contract Documents.

Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon CITY and SUPPLIER, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

SUPPLIER certifies that the SUPPLIER and its principals and agents are eligible to participate in this transaction, enter into this agreement, and perform in accordance herewith and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state or local governmental entity and that SUPPLIER is in compliance with the State of Mississippi statutes and rules relating to procurement and that SUPPLIER is not listed on the federal government's terrorism watch list as described in any governing or existing federal law or Executive Order, including, but not limited to, Executive Order 13224.

Article VII. Hold Harmless.

SUPPLIER further agrees that it will, and hereby does, fully indemnify, defend and hold harmless the CITY of Gulfport from and against any and all claims, damages, losses, costs and expenses of every kind and nature, including court costs and attorney fees and claims for damages resulting from or arising out of any infringement claim or claim of bodily injury, death or damage to real or tangible personal property caused in any way by contractor and/or its partners, principals, agents, employees or subcontractors in the performance of the Contract Documents or any provisions set forth or incorporated therein and the breach of the Contract Documents or in any way arising therefrom or relating thereto. The CITY of Gulfport will notify the SUPPLIER in writing of any claim to be indemnified hereunder, of which CITY has knowledge, and SUPPLIER in turn will promptly notify CITY of any such claim. SUPPLIER shall, at its sole expense, control the defense of such suit to the extent allowed by Mississippi law. The parties agree to cooperate with one another in the defense of any such matter.

IN WITNESS WHEREOF, CITY and SUPPLIER have signed this Agreement in duplicate. One counterpart each has been delivered to CITY and to SUPPLIER.

This Agreement will be effective on January 1, 2021.

Memorandum - City of Gulfport

Purchasing

To: The Honorable Mayor and City Council

From: **Jessica Versiga** , Procurement Specialist

Date: December 2, 2020

Ref: Term Contract Group J-1 – Water & Sewer Line Supplies

Contract Period 01/01/2018 thru 12-31-2018

Renewable Period 01/01/2019 thru 12/31/2019

I have reviewed the bids received on the above referenced group and recommend acceptance of the lowest and best bids as indicated by the highlighted and designated areas in each column. I have attached a tabulation sheet for your review and approval.

Thank you for your consideration.

**AGREEMENT BETWEEN THE CITY OF
GULFPORT AND COMMODITY (Group N1 – Chlorine for Water Purification & Sewage
Treatment) SUPPLIER
ON THE BASIS OF A STIPULATED PRICE**

THIS AGREEMENT is dated as of the _____ day of _____ in the year 2020, by and between the City of Gulfport, Mississippi (hereinafter called CITY) and DPC Enterprises, LP, (hereinafter called SUPPLIER).

CITY and SUPPLIER, in consideration of the mutual covenants hereinafter set forth, agree as follows:

Article I. Commodities.

SUPPLIER shall provide all commodities, goods, and deliverables as specified or indicated in the Bid Proposal submitted by SUPPLIER to CITY at the price contained therein (for those items for which SUPPLIER was the lowest and best bid as found on the bid tabulation sheet as approved by the City Council). SUPPLIER assures that all such deliverables shall meet industry standards of quality and as further set forth herein. The CITY will issue and submit to SUPPLIER a job specific purchase order or other written documentation of order to provide certain and various of the commodities, goods, or deliverables found in the Bid Proposal. Each purchase order or similar document shall contain the specific item(s) and the number of each item needed. The CITY is not guaranteeing that any specific number of items will be purchased hereunder and is not guaranteeing that such items will not be purchased in another manner or from another source. It is further understood and acknowledged that the items ordered at the end of one (1) year may be significantly more or less than the total bid submitted. There is no minimum number or amount of commodities, goods, or deliverables required for any purchase or similar order set out hereunder.

Article II. Contract Times.

SUPPLIER must agree to commence delivery of items requested via purchase order or other written documentation of order within the time frames set out in the bid documents (i.e., bid specifications and bid proposal) (to the extent that a time frame is set out in the bid documents). Failure to make delivery within any required time frame will be justification by the CITY for termination of this Agreement.

This Contract will be effective for the period January 1, 2021 thru December 31, 2021 (“Contract Term”). It is agreed that there is one (1) optional period of one (1) year, such option period to commence upon expiration of the Contract Term (“Option Term”). Such Option Term shall be effective and exercised automatically unless, at least thirty (30) days before the end of the Contract Term, CITY or SUPPLIER notifies the other of an intent not to exercise this option and extend the Contract Term for this second one (1) year term. All pricing shall remain as bid through the Option Term.

Article III. Contract Price.

CITY shall pay SUPPLIER for the delivery of items ordered under this contract in accord with the unit price set forth for each item in SUPPLIER’s Bid Proposal for which SUPPLIER was awarded this contract which is attached hereto as Exhibit “A” and incorporated herein.

Any request for price increase during the term of contract will be rejected. Should this rejection result in the cancellation of the contract, the SUPPLIER shall be removed from the qualified bidders list for twenty-four (24) months. If adverse conditions exist industry wide, modifications to disqualifications may be made as circumstances warrant.

Article IV. Payment Procedures.

Payment of items delivered under any/all purchase orders issued hereunder shall be in accordance with the usual practices and ordinances of the CITY of Gulfport and the applicable statutes and regulations of the State of Mississippi.

Article V. Contract Documents.

The Contract Documents which comprise the entire agreement between CITY and SUPPLIER consist of this Agreement, Bid Specifications and the Bid Proposal submitted by SUPPLIER. There are no Contract Documents other than those listed or incorporation herein.

Article VI. Warranties.

SUPPLIER expressly warrants that all commodities, goods, and deliverables furnished or provided under this agreement will be new, will be free from defect in material and workmanship, and shall be free and clear of all liens, mortgages, security interests or other encumbrances. SUPPLIER further warrants that all such commodities, goods, and deliverables will conform to any specifications, drawings, statements or representations made to the CITY or otherwise appearing on the containers or labels or advertisements for such items and that any such commodities, goods, and deliverables will be adequately contained, packaged, marked and labeled. SUPPLIER also warrants that all commodities, goods, and deliverables furnished hereunder or in connection with this agreement will be merchantable and will be safe and appropriate for the purpose for which items of that kind are normally used. If SUPPLIER knows or has reason to know the particular purpose for which the CITY intends to use the commodities, goods, or deliverables, SUPPLIER warrants that such items will be fit for such particular purpose. SUPPLIER shall not limit or exclude any implied warranties and any attempt to do so shall render this agreement voidable at the option of the CITY. SUPPLIER agrees to promptly replace or correct defects of any commodities, goods, or deliverables not conforming to the foregoing warranties, without expense to the CITY, when notified of such nonconformity by the CITY for up to one year after acceptance of the same, provided the CITY elects to provide the SUPPLIER the opportunity to do so. If SUPPLIER fails to correct defects in or replace nonconforming commodities, goods, or deliverables, the CITY, after reasonable notice to SUPPLIER, may make such corrections or replace such goods and services and charge SUPPLIER for the cost incurred by the CITY in doing so. SUPPLIER recognizes that the CITY's requirements may require immediate repairs, re-working, or replacement of defective commodities, goods, or deliverables, without notice to the SUPPLIER. In such event, SUPPLIER shall reimburse the CITY for the costs, delays, or other damages which the CITY has incurred. In the event of a conflict with the length or duration of any warranties involving commodities, goods, or deliverables provided or sold to the CITY in connection with this agreement and any other warranties, whichever warranty is longer in duration or tenure shall prevail.

Article VI. Miscellaneous.

No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

CITY and SUPPLIER each binds itself, its partners, successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect to all covenants, agreements, representations, and obligations contained in the Contract Documents.

Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon CITY and SUPPLIER, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

SUPPLIER certifies that the SUPPLIER and its principals and agents are eligible to participate in this transaction, enter into this agreement, and perform in accordance herewith and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state or local governmental entity and that SUPPLIER is in compliance with the State of Mississippi statutes and rules relating to procurement and that SUPPLIER is not listed on the federal government's terrorism watch list as described in any governing or existing federal law or Executive Order, including, but not limited to, Executive Order 13224.

Article VII. Hold Harmless.

SUPPLIER further agrees that it will, and hereby does, fully indemnify, defend and hold harmless the CITY of Gulfport from and against any and all claims, damages, losses, costs and expenses of every kind and nature, including court costs and attorney fees and claims for damages resulting from or arising out of any infringement claim or claim of bodily injury, death or damage to real or tangible personal property caused in any way by contractor and/or its partners, principals, agents, employees or subcontractors in the performance of the Contract Documents or any provisions set forth or incorporated therein and the breach of the Contract Documents or in any way arising therefrom or relating thereto. The CITY of Gulfport will notify the SUPPLIER in writing of any claim to be indemnified hereunder, of which CITY has knowledge, and SUPPLIER in turn will promptly notify CITY of any such claim. SUPPLIER shall, at its sole expense, control the defense of such suit to the extent allowed by Mississippi law. The parties agree to cooperate with one another in the defense of any such matter.

IN WITNESS WHEREOF, CITY and SUPPLIER have signed this Agreement in duplicate. One counterpart each has been delivered to CITY and to SUPPLIER.

This Agreement will be effective on January 1, 2021.

**21 AGREEMENT BETWEEN THE CITY OF
GULFPORT AND COMMODITY (Group P – Street Marking Materials)
SUPPLIER ON THE BASIS OF A STIPULATED PRICE**

THIS AGREEMENT is dated as of the _____ day of _____ in the year 2020, by and between the City of Gulfport, Mississippi (hereinafter called CITY) and VULCAN, INC., D/B/A VULCAN SIGNS, (hereinafter called SUPPLIER).

CITY and SUPPLIER, in consideration of the mutual covenants hereinafter set forth, agree as follows:

Article I. Commodities.

SUPPLIER shall provide all commodities, goods, and deliverables as specified or indicated in the Bid Proposal submitted by SUPPLIER to CITY at the price contained therein (for those items for which SUPPLIER was the lowest and best bid as found on the bid tabulation sheet as approved by the CITY Council (i.e., for those items noted on the bid tabulation sheet under the VULCAN, INC., D/B/A VULCAN SIGNS,, name and shaded in gray)). SUPPLIER assures that all such deliverables shall meet industry standards of quality and as further set forth herein. The CITY will issue and submit to SUPPLIER a job specific purchase order or other written documentation of order to provide certain and various of the commodities, goods, or deliverables found in the Bid Proposal. Each purchase order or similar document shall contain the specific item(s) and the number of each item needed. The CITY is not guaranteeing that any specific number of items will be purchased hereunder and is not guaranteeing that such items will not be purchased in another manner or from another source. It is further understood and acknowledged that the items ordered at the end of one (1) year may be significantly more or less than the total bid submitted. There is no minimum number or amount of commodities, goods, or deliverables required for any purchase or similar order set out hereunder.

Article II. Contract Times.

SUPPLIER must agree to commence delivery of items requested via purchase order or other written documentation of order within the time frames set out in the bid documents (i.e., bid specifications and bid proposal) (to the extent that a time frame is set out in the bid documents). Failure to make delivery within any required time frame will be justification by the CITY for termination of this Agreement.

This Contract will be effective for the period January 1, 2021, thru December 31, 2021 (“Contract Term”). It is agreed that there is one (1) optional period of one (1) year, such option period to commence upon expiration of the Contract Term (“Option Term”). Such Option Term shall be effective and exercised automatically unless, at least thirty (30) days before the end of the Contract Term, CITY or SUPPLIER notifies the other of an intent not to exercise this option and extend the Contract Term for this second one (1) year term. All pricing shall remain as bid through the Option Term.

Article III. Contract Price.

CITY shall pay SUPPLIER for the delivery of items ordered under this contract in accord with the unit price set forth for each item in SUPPLIER’s Bid Proposal for which SUPPLIER was awarded this contract which is attached hereto as Exhibit “A” and incorporated herein.

Any request for price increase during the term of contract will be rejected. Should this rejection result in the cancellation of the contract, the SUPPLIER shall be removed from the qualified bidders list for

twenty-four (24) months. If adverse conditions exist industry wide, modifications to disqualifications may be made as circumstances warrant.

Article IV. Payment Procedures.

Payment of items delivered under any/all purchase orders issued hereunder shall be in accordance with the usual practices and ordinances of the CITY of Gulfport and the applicable statutes and regulations of the State of Mississippi.

Article V. Contract Documents.

The Contract Documents which comprise the entire agreement between CITY and SUPPLIER consist of this Agreement, Bid Specifications and the Bid Proposal submitted by SUPPLIER. There are no Contract Documents other than those listed or incorporation herein.

Article VI. Warranties.

SUPPLIER expressly warrants that all commodities, goods, and deliverables furnished or provided under this agreement will be new, will be free from defect in material and workmanship, and shall be free and clear of all liens, mortgages, security interests or other encumbrances. SUPPLIER further warrants that all such commodities, goods, and deliverables will conform to any specifications, drawings, statements or representations made to the CITY or otherwise appearing on the containers or labels or advertisements for such items and that any such commodities, goods, and deliverables will be adequately contained, packaged, marked and labeled. SUPPLIER also warrants that all commodities, goods, and deliverables furnished hereunder or in connection with this agreement will be merchantable and will be safe and appropriate for the purpose for which items of that kind are normally used. If SUPPLIER knows or has reason to know the particular purpose for which the CITY intends to use the commodities, goods, or deliverables, SUPPLIER warrants that such items will be fit for such particular purpose. SUPPLIER shall not limit or exclude any implied warranties and any attempt to do so shall render this agreement voidable at the option of the CITY. SUPPLIER agrees to promptly replace or correct defects of any commodities, goods, or deliverables not conforming to the foregoing warranties, without expense to the CITY, when notified of such nonconformity by the CITY for up to one year after acceptance of the same, provided the CITY elects to provide the SUPPLIER the opportunity to do so. If SUPPLIER fails to correct defects in or replace nonconforming commodities, goods, or deliverables, the CITY, after reasonable notice to SUPPLIER, may make such corrections or replace such goods and services and charge SUPPLIER for the cost incurred by the CITY in doing so. SUPPLIER recognizes that the CITY's requirements may require immediate repairs, re-working, or replacement of defective commodities, goods, or deliverables, without notice to the SUPPLIER. In such event, SUPPLIER shall reimburse the CITY for the costs, delays, or other damages which the CITY has incurred. In the event of a conflict with the length or duration of any warranties involving commodities, goods, or deliverables provided or sold to the CITY in connection with this agreement and any other warranties, whichever warranty is longer in duration or tenure shall prevail.

Article VI. Miscellaneous.

No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

CITY and SUPPLIER each binds itself, its partners, successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect to all covenants, agreements, representations, and obligations contained in the Contract Documents.

Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon CITY and SUPPLIER, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

SUPPLIER certifies that the SUPPLIER and its principals and agents are eligible to participate in this transaction, enter into this agreement, and perform in accordance herewith and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state or local governmental entity and that SUPPLIER is in compliance with the State of Mississippi statutes and rules relating to procurement and that SUPPLIER is not listed on the federal government's terrorism watch list as described in any governing or existing federal law or Executive Order, including, but not limited to, Executive Order 13224.

Article VII. Hold Harmless.

SUPPLIER further agrees that it will, and hereby does, fully indemnify, defend and hold harmless the CITY of Gulfport from and against any and all claims, damages, losses, costs and expenses of every kind and nature, including court costs and attorney fees and claims for damages resulting from or arising out of any infringement claim or claim of bodily injury, death or damage to real or tangible personal property caused in any way by contractor and/or its partners, principals, agents, employees or subcontractors in the performance of the Contract Documents or any provisions set forth or incorporated therein and the breach of the Contract Documents or in any way arising therefrom or relating thereto. The CITY of Gulfport will notify the SUPPLIER in writing of any claim to be indemnified hereunder, of which CITY has knowledge, and SUPPLIER in turn will promptly notify CITY of any such claim. SUPPLIER shall, at its sole expense, control the defense of such suit to the extent allowed by Mississippi law. The parties agree to cooperate with one another in the defense of any such matter.

IN WITNESS WHEREOF, CITY and SUPPLIER have signed this Agreement in duplicate. One counterpart each has been delivered to CITY and to SUPPLIER.

This Agreement will be effective on January 1, 2021.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2020, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL AWARDED BID FOR “TERM CONTRACT GROUP P3-FENCING”, APPROVING AGREEMENT BETWEEN THE CITY OF GULFPORT AND SOUTHERN EXTERIORS FENCE COMPANY, AUTHORIZING THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to enter into a contract for the delivery of certain commodities (Group P3 – Fencing) for a stipulated price for a specified term; and

WHEREAS, pursuant to authority of this City Council, advertisements for bids were published and two (2) bids were received on the commodity noted above, with the low bidder being Southern Exteriors Fence Company of Perkinston, Mississippi, as referenced in the Memorandum of Connie Debenport and tabulation sheet which is attached hereto as Exhibit “A”; and

WHEREAS, a proposed Agreement Between The City Of Gulfport And Commodity Supplier On The Basis Of A Stipulated Price, is attached hereto as Exhibit “B”.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the proposed Agreement Between The City Of Gulfport And Commodity Supplier On The Basis Of A Stipulated Price, be and it is hereby approved in the form as attached hereto as Exhibit “A” and the Mayor is hereby authorized to execute the same on behalf of the City of Gulfport.

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and ready by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES

**AGREEMENT BETWEEN THE CITY OF
GULFPORT AND COMMODITY (Group P3 – Fencing) SUPPLIER
ON THE BASIS OF A STIPULATED PRICE**

THIS AGREEMENT is dated as of the _____ day of _____ in the year 2020, by and between the City of Gulfport, Mississippi (hereinafter called CITY) and SOUTHERN EXTERIORS FENCE COMPANY (hereinafter called SUPPLIER).

CITY and SUPPLIER, in consideration of the mutual covenants hereinafter set forth, agree as follows:

Article I. Commodities.

SUPPLIER shall provide all commodities, goods, and deliverables as specified or indicated in the Bid Proposal submitted by SUPPLIER to CITY at the price contained therein (for those items for which SUPPLIER was the lowest and best bid as found on the bid tabulation sheet as approved by the City Council). SUPPLIER assures that all such deliverables shall meet industry standards of quality and as further set forth herein. The CITY will issue and submit to SUPPLIER a job specific purchase order or other written documentation of order to provide certain and various of the commodities, goods, or deliverables found in the Bid Proposal. Each purchase order or similar document shall contain the specific item(s) and the number of each item needed. The CITY is not guaranteeing that any specific number of items will be purchased hereunder and is not guaranteeing that such items will not be purchased in another manner or from another source. It is further understood and acknowledged that the items ordered at the end of one (1) year may be significantly more or less than the total bid submitted. There is no minimum number or amount of commodities, goods, or deliverables required for any purchase or similar order set out hereunder.

Article II. Contract Times.

SUPPLIER must agree to commence delivery of items requested via purchase order or other written documentation of order within the time frames set out in the bid documents (i.e., bid specifications and bid proposal) (to the extent that a time frame is set out in the bid documents). Failure to make delivery within any required time frame will be justification by the CITY for termination of this Agreement.

This Contract will be effective for the period January 1, 2021 thru December 31, 2021 (“Contract Term”). It is agreed that there is one (1) optional period of one (1) year, such option period to commence upon expiration of the Contract Term (“Option Term”). Such Option Term shall be effective and exercised automatically unless, at least thirty (30) days before the end of the Contract Term, CITY or SUPPLIER notifies the other of an intent not to exercise this option and extend the Contract Term for this second one (1) year. All pricing shall remain as bid through the Option Term.

Article III. Contract Price.

CITY shall pay SUPPLIER for the delivery of items ordered under this contract in accord with the unit price set forth for each item in SUPPLIER’s Bid Proposal for which SUPPLIER was awarded this contract which is attached hereto as Exhibit “A” and incorporated herein.

Any request for price increase during the term of contract will be rejected. Should this rejection result in the cancellation of the contract, the SUPPLIER shall be removed from the qualified bidders list for twenty-four (24) months. If adverse conditions exist industry wide, modifications to disqualifications may be made as circumstances warrant.

Article IV. Payment Procedures.

Payment of items delivered under any/all purchase orders issued hereunder shall be in accordance with the usual practices and ordinances of the CITY of Gulfport and the applicable statutes and regulations of the State of Mississippi.

Article V. Contract Documents.

The Contract Documents which comprise the entire agreement between CITY and SUPPLIER consist of this Agreement, Bid Specifications and the Bid Proposal submitted by SUPPLIER. There are no Contract Documents other than those listed or incorporation herein.

Article VI. Warranties.

SUPPLIER expressly warrants that all commodities, goods, and deliverables furnished or provided under this agreement will be new, will be free from defect in material and workmanship, and shall be free and clear of all liens, mortgages, security interests or other encumbrances. SUPPLIER further warrants that all such commodities, goods, and deliverables will conform to any specifications, drawings, statements or representations made to the CITY or otherwise appearing on the containers or labels or advertisements for such items and that any such commodities, goods, and deliverables will be adequately contained, packaged, marked and labeled. SUPPLIER also warrants that all commodities, goods, and deliverables furnished hereunder or in connection with this agreement will be merchantable and will be safe and appropriate for the purpose for which items of that kind are normally used. If SUPPLIER knows or has reason to know the particular purpose for which the CITY intends to use the commodities, goods, or deliverables, SUPPLIER warrants that such items will be fit for such particular purpose. SUPPLIER shall not limit or exclude any implied warranties and any attempt to do so shall render this agreement voidable at the option of the CITY. SUPPLIER agrees to promptly replace or correct defects of any commodities, goods, or deliverables not conforming to the foregoing warranties, without expense to the CITY, when notified of such nonconformity by the CITY for up to one year after acceptance of the same, provided the CITY elects to provide the SUPPLIER the opportunity to do so. If SUPPLIER fails to correct defects in or replace nonconforming commodities, goods, or deliverables, the CITY, after reasonable notice to SUPPLIER, may make such corrections or replace such goods and services and charge SUPPLIER for the cost incurred by the CITY in doing so. SUPPLIER recognizes that the CITY's requirements may require immediate repairs, re-working, or replacement of defective commodities, goods, or deliverables, without notice to the SUPPLIER. In such event, SUPPLIER shall reimburse the CITY for the costs, delays, or other damages which the CITY has incurred. In the event of a conflict with the length or duration of any warranties involving commodities, goods, or deliverables provided or sold to the CITY in connection with this agreement and any other warranties, whichever warranty is longer in duration or tenure shall prevail.

Article VI. Miscellaneous.

No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

CITY and SUPPLIER each binds itself, its partners, successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect to all covenants, agreements, representations, and obligations contained in the Contract Documents.

Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon CITY and SUPPLIER, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

SUPPLIER certifies that the SUPPLIER and its principals and agents are eligible to participate in this transaction, enter into this agreement, and perform in accordance herewith and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state or local governmental entity and that SUPPLIER is in compliance with the State of Mississippi statutes and rules relating to procurement and that SUPPLIER is not listed on the federal government's terrorism watch list as described in any governing or existing federal law or Executive Order, including, but not limited to, Executive Order 13224.

Article VII. Hold Harmless.

SUPPLIER further agrees that it will, and hereby does, fully indemnify, defend and hold harmless the CITY of Gulfport from and against any and all claims, damages, losses, costs and expenses of every kind and nature, including court costs and attorney fees and claims for damages resulting from or arising out of any infringement claim or claim of bodily injury, death or damage to real or tangible personal property caused in any way by contractor and/or its partners, principals, agents, employees or subcontractors in the performance of the Contract Documents or any provisions set forth or incorporated therein and the breach of the Contract Documents or in any way arising therefrom or relating thereto. The CITY of Gulfport will notify the SUPPLIER in writing of any claim to be indemnified hereunder, of which CITY has knowledge, and SUPPLIER in turn will promptly notify CITY of any such claim. SUPPLIER shall, at its sole expense, control the defense of such suit to the extent allowed by Mississippi law. The parties agree to cooperate with one another in the defense of any such matter.

IN WITNESS WHEREOF, CITY and SUPPLIER have signed this Agreement in duplicate. One counterpart each has been delivered to CITY and to SUPPLIER.

This Agreement will be effective on January 8, 2020.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2020, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL APPROVING CONTRACT WITH ARTISAN PYROTECHNICS, INC., REGARDING JULY FOURTH FIREWORKS DISPLAY AND AUTHORIZING THE MAYOR TO EXECUTE THE SAME

WHEREAS, the City of Gulfport annually presents a fireworks display from Moses Pier at or near the Gulfport Small Craft Harbor on or about July 4th, in celebration of American's Independence Day; and

WHEREAS, Artisan Pyrotechnics, Inc. ("Artisan"), of Wiggins, Mississippi, was the only bid submitted after two bid solicitations and should be awarded the contract for the fireworks display for the City of Gulfport on (or about, if needed) July 4, 2021; and

WHEREAS, Artisan has provided the City with a proposed Contract concerning the said July 4, 2021, fireworks display in the City of Gulfport, which Contract is attached hereto as Exhibit "A" for your consideration; and

WHEREAS, award to and execution of the July 4th fireworks contract with Artisan is believed to be in the best interests of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the award to and proposed Contract between Artisan and the City of Gulfport, attached hereto as Exhibit "A", be and the same is hereby approved and the Mayor be and he is hereby authorized to execute the same on behalf of the City of Gulfport.

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect according to law.

APPROVED:

MAYOR

ARTISAN PYROTECHNICS, INC.

Pyrotechnic Contract

1) THIS AGREEMENT entered into this **17th day of November, 2020** by and between ARTISAN PYROTECHNICS, INC.; a Mississippi corporation hereinafter referred to as "ARTISAN" and **City of Gulfport/ Mayor Billy Hewes** hereinafter referred to as "PURCHASER".

2) ARTISAN agrees to furnish PURCHASER, in accordance with the terms and conditions hereinafter set forth, **1** pyrotechnic production (s) as per Program(s) **A**, submitted, accepted and made part hereof, including the services of a licensed pyrotechnic operator to take charge of and, along with sufficient helpers, safely discharge the display. The said production(s) are scheduled to be performed on **July 4, 2021** on **the Moses Jetty, Gulfport, MS.**

3) PURCHASER, at its own expense, agrees to provide ARTISAN: A) A suitable PRODUCTION SITE in which to stage the pyrotechnic display including a firing and fallout zone reasonably acceptable to ARTISAN in which the pyrotechnics may be exhibited, rise and fall safely. B) Adequate policing, guard protection, roping, fencing and/or other crowd control measures to prevent the access of the public or its property or any other people or property not authorized by ARTISAN into the PRODUCTION SITE. C) The services and cost of standby firemen and/or any applicable permit fees as required by state and local statutes, ordinances or regulations. D) Access by ARTISAN, at all times, to the PRODUCTION SITE to set up the production. E) Ensure that the Spectator Area does not infringe on the PRODUCTION SITE; F) PURCHASER shall furnish ARTISAN any and all certificates of fire retardancy and non-flammability with the return of this executed contract for Material that is within twenty-five (25) feet of any pyrotechnic effect. The term Material includes but is not limited to any and all stage scenery, curtains, pipe and drape, carpet, fluids or any thing or object susceptible to combustibility. The failure to supply this certificate may cause ARTISAN not to produce the said display and Purchaser will be responsible for the contract amount in full. If PURCHASER fails to fully comply with requirement A, B, C, D, E and/or F set forth above, ARTISAN shall have no obligation to perform and PURCHASER agrees to pay ARTISAN the entire contract price plus any additional expenses and damages incurred as a result of said failure. PURCHASER shall have the sole responsibility to police, monitor and appropriately control spectator access to the Spectator Area and police, monitor and appropriately control the behavior of persons in these areas. It is expressly agreed that ARTISAN, (including its operators and helpers) shall not inspect, police, monitor or otherwise supervise any area of the site other than the PRODUCTION SITE, except to ensure all spectators are outside the PRODUCTION SITE; and, after completion of the PRODUCTION, that the PRODUCTION SITE is cleared of any pyrotechnic debris originating from the production.

4) PURCHASER shall pay to ARTISAN the sum of **FIFTEEN THOUSAND AND FOUR HUNDRED AND FIFTY ONE** Dollars (**\$15,451.00**). Full final payment is due by **July 31, 2021**. The Payment will include a non-refundable charge of \$500.00 to cover the permit and insurance process. If the production proceeds, this amount will be applied towards the remaining balance due. A finance charge at a periodic rate of 1.5% per month, 18% annual percentage rate, or the maximum rate permitted by law, whichever is less, will be charged on the unpaid balance after 10 days from the date of payment due. PURCHASER does hereby authorize ARTISAN to receive and verify financial information concerning PURCHASER from any person or entity.

5) PURCHASER agrees to assume the risk of weather, or other causes beyond ARTISAN control, which may prevent the production from being safely discharged on the scheduled date or the cancellation of any event for which PURCHASER has purchased the production. It shall be within ARTISAN sole discretion to determine whether or not the production may be safely discharged on the scheduled date and at the scheduled time. If, for any reason beyond ARTISAN control, including, without limitation, inclement weather, ARTISAN is unable to safely discharge the production on the scheduled date or should any event for which PURCHASER has purchased the production be cancelled, the parties shall attempt to negotiate a new production date, which shall be within **180 days** of the original production date. PURCHASER further agrees to pay ARTISAN for any additional expenses made necessary by this postponement. Actual expenses include, but are not limited to, expenses for travel, lodging, labor, meals, rentals, permit fees, set-up and/or dismantling of production, additional taxes or surcharges, or any other additional expense that was incurred prior to and/or as a result of the postponement or cancellation. If the parties are unable to agree on a new production date, ARTISAN shall be entitled to liquidate damages from PURCHASER as if PURCHASER had cancelled the production on the date set for the production as follows.

6) PURCHASER shall have the option to unilaterally cancel this production at any time. If PURCHASER exercises this option, PURCHASER agrees to pay ARTISAN, as liquidated damages, the following percentages of the agreed contract price. 1) 25% if cancellation occurs three (3) or more days before the date scheduled for the production, 2) 50% if cancellation occurs between two (2) days prior to and the actual date set for the production, 3) 75% if cancellation occurs on the date set for the production but prior to the time physical set-up of the production actually begins 4) 100% thereafter. If cancellation occurs prior to the date set for the production, PURCHASER, agrees to pay to ARTISAN, in addition to the above percentages, the value associated with any specific custom work performed by ARTISAN or its agents including but not limited to music/narration tape production, sponsor logos and/or the costs of all special equipment purchased specifically for the use in this production, including but not limited to all applicable taxes and shipping charges.

7) ARTISAN reserves the ownership rights and trade names that are used in or is a product of the pyrotechnic production to be performed. Any reproduction by sound, video or other duplication or recording process without the express written permission of ARTISAN is prohibited.

8) ARTISAN agrees to furnish insurance coverage in connection with the Production only, for the following risks and amounts: bodily injury and property damage, FIVE MILLION DOLLARS (\$5,000,000) combined single limits. Such insurance shall include PURCHASER as an additional insured regarding claims made against PURCHASER for bodily injury or property damage arising from the operations of ARTISAN in performing the Production provided for in this Agreement. Such insurance afforded by ARTISAN shall not include claims made against PURCHASER for bodily injury or property damage arising from A) Failure of PURCHASER, including through or by its employees, agents and/or independent contractors, to perform its obligations under this Agreement, including, without limitation, those contained in Paragraph 3 of this Agreement; B) Failure of the PURCHASER to provide discretionary Spectator and Parking Areas referred to in Paragraph 3 of this Agreement. Only to the extent allowed by law, PURCHASER shall indemnify and hold ARTISAN harmless from all claims and suits made against ARTISAN for bodily injury or property damage arising from A) and B) of this Paragraph, and for any and all willful, wanton or negligent acts of PURCHASER, its employees, agents or independent contractors.

9) Should PURCHASER fail to pay ARTISAN any fees, costs or expenses to which ARTISAN is entitled under the terms of this agreement, PURCHASER shall pay to ARTISAN, in addition to any other relief to which ARTISAN may be entitled, all costs of collection, including but not limited to attorney fees in the minimum amount of 25% of the balance due, court costs and judicial interest from the date of written demand to date of full payment.

10) PURCHASER shall not, under any circumstances, be entitled to recover any consequential, incidental, exemplary, special, and/or punitive damages from ARTISAN including, without limitation, loss of income, business or profits. Nothing in this paragraph shall be construed as a modification or limitation of the insurance coverage afforded in Paragraph 8 above.

11) It is agreed nothing in this Agreement or in ARTISAN performance of the production provided for herein shall be construed as forming a partnership or joint venture between PURCHASER and ARTISAN. The parties hereto shall be severally responsible for their own separate debts and obligations and neither party shall be held responsible for any agreements or obligations not expressly provided for herein.

12) This Agreement shall be governed and interpreted under the laws of the State of Mississippi.

13) Any Notice to the parties permitted or required under this Agreement may be given by mailing such Notice in the United States Mail, postage prepaid, **First** class, addressed as follows:

ARTISAN- **Artisan Pyrotechnics, Inc., P.O. Box 250, Wiggins, Mississippi 39577.**

PURCHASER – **The City of Gulfport / Mayor Billy Hewes, P. O. Box 1780, Gulfport, MS 39580**

14) All terms of this Agreement are in writing and may only be modified by written agreement of both parties hereto. The parties acknowledge they have received a copy of said written Agreement and agree to be bound by said terms of written Agreement, subject only to any written modifications signed by the parties hereto.

15) If there is more than one PURCHASER, they shall be jointly and severally be responsible to perform PURCHASER'S obligations under this Agreement. This Agreement shall become effective after it is executed and accepted by PURCHASER and after it is executed by ARTISAN at ARTISAN offices in Wiggins, Mississippi. This Agreement may be executed in several counter parts, including taxed copies, each one of which shall be deemed an original against the party executing same. This Agreement shall be binding upon the parties hereto and upon their heirs, successors, executors, administrators and assigns. PURCHASER agrees and acknowledges that because of the nature of fireworks, an industry accepted level of 3% of the product used in any production may not function as designed and this level of nonperformance is acceptable as full performance.

In Witness Whereof the parties hereto, by and through their duly authorized agents, have set their hands and seals this **17th** day of **November 2020.**

Memorandum - City of Gulfport

Purchasing

To: The Honorable Mayor and City Council
From: Jessica Versiga, Procurement Specialist
Date: November 16, 2020
Re: Fireworks Display – July 4, 2021
Department of Leisure Services

On October 27, 2020, the Purchasing Office sent Invitations to Bid to seven (7) firms for the 2021 Fire Works Display with a due date of November 13, 2020; there was only one bid received.

We request permission to issue a Purchase Order to Artisan Pyrotechnics, Inc. in the amount of \$15,451.00 for Fire Works Display on July 4, 2021. Please note that Artisan Pyrotechnics has been providing this service to the City of Gulfport since 2006.

Thank you for your consideration.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2020, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL
TO APPROVE AMENDMENT NO. 1 TO PROFESSIONAL SERVICES AGREEMENT
FOR CONSULTING SERVICES WITH TETRA TECH, INC., AND FOR RELATED
PURPOSES**

WHEREAS, on November 6, 2020, the City of Gulfport and Tetra Tech, Inc., entered into a Professional Services Agreement for Consulting Services pursuant to which Tetra Tech is to provide debris monitoring services to the City of Gulfport in connection with the City's Hurricane Zeta debris removal program; and

WHEREAS, the aforementioned Agreement provides for a "not to exceed" amount of \$300,000.00, and it is necessary to increase the "not to exceed" amount to \$830,946.00 to account for an increase in the estimated amount of debris to be removed and disposed of; and

WHEREAS, a proposed Amendment No. 1 to the aforementioned Agreement is attached hereto as Exhibit "A" for consideration by the Gulfport City Council; and

WHEREAS, approval of the Amendment attached hereto as Exhibit "A" is in the best interest of the City of Gulfport, Mississippi.

WHEREAS, NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the Amendment No. 1 attached hereto as Exhibit "A" be and the same is hereby approved and the Mayor is, hereby, authorized to execute and deliver the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution shall be spread upon the minutes of the Gulfport City Council and shall be in full force and effect upon its passage.

A RESOLUTION OF THE GULFPORT CITY COUNCIL ACCEPTING DONATION OF FUNDS FROM JERNIGAN CHIROPRACTIC FOR THE PURCHASE OF LOAD BEARING VESTS BY THE POLICE DEPARTMENT, AND FOR RELATED PURPOSES

WHEREAS, the practitioners at Jernigan Chiropractic have observed common back issues among officers of the Gulfport Police Department and have opined that those issues may be related to the weight of the officers' duty belts; and

WHEREAS, in an effort to alleviate the common back issues experienced by our officers, Jernigan Chiropractic has offered to donate to the City the sum of \$9,000.00 for the purchase of load bearing vests that will serve to disperse weight and, hopefully, alleviate recurrent back issues among our officers; and

WHEREAS, the Chief of Police has recommended that the donation of \$9,000.00 be accepted and that the funds be used for the purchase of the vests mentioned hereinabove.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the Administration of the City of Gulfport be, and it is hereby, authorized to accept the donation of \$9,000 from Jernigan Chiropractic, which funds shall be used by the City for the purchase of load bearing vests for use by the Gulfport Police Department.

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the Governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

Section 4. That the City does hereby express its appreciation for the generous donation of Jernigan Chiropractic for the benefit of the Gulfport Police Department.

Memorandum

To: City Council
From: Chief Chris Ryle *CR*
Date: Tuesday, November 24, 2020
Re: **Donation for vest carriers**

Jernigan Chiropractic Clinic, Inc. has submitted a check for donation in the amount of \$9,000. Jernigan Chiropractic observed similar health issues in numerous officers due to the weight of officer's duty belts. This donation is to purchase load bearing vests for police officers which will disperse weight to alleviate some common back issues observed. The Gulfport Police Department is very appreciative of this generous donation and the positive impact it will have on officers.

This \$9,000 donation should be placed in line item 213-612500, Uniforms/Personal Gear.

Units,

As the National Office continues to automate our processes to better serve our units, we will be implementing direct deposit for unit overage payment effective for 2020. This new process will allow units to receive their funds much faster and cut down on the issues with bad mailing addresses.

Below are the required pieces of information that will be needed for the National office to initiate the ACH payments via direct deposit. Please enter your bank information and double check the account number entries so that the funds are sent to the correct account.

Please also attach a copy of a voided check in your email submission of this financial report. The voided check is mandatory as we will need to confirm your unit's banking information.

Please note that for 2020 overages, the National office will stop sending monies via check so your immediate attention is necessary. **Further, your units overall compliance will be impacted if your unit fails to respond.**

Bank name	The First Bank
Routing number	065303360
Account Number	740190717

Do you authorize the NAACP National office to electronically deposit membership dues in your checking account and to electronically remove funds from your account to correct erroneous deposits.

☒ We authorize

☐ We do not authorize

Our NAACP unit understands that this authorization will remain in full force and effect until we provide 15 days written notice to the NAACP accounts payable department requesting to change the bank routing and account number or to discontinue the direct deposit of membership funds.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 8th day of December, 2020, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO AUTHORIZE AN EXPENDITURE FOR ADVERTISING AND BRINGING INTO FAVORABLE NOTICE THE OPPORTUNITIES, POSSIBILITIES AND RESOURCES OF THE CITY OF GULFPORT AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport's Department of Leisure Services regularly participates in and/or sponsors functions, events and community outreach efforts intended to promote a good relationship between the City and the community that it serves; and

WHEREAS, the Department desires to purchase various items in support of a number of events that it sponsors as more fully outlined in the attached documentation; and

WHEREAS, the Governing Authority of the City of Gulfport is of the opinion that the City of Gulfport benefits from such advertising in the event by having an opportunity to promote the City of Gulfport to individuals from around the Gulf South; and it finds that, pursuant to the authority of Miss. Code Ann. §17-3-1 (Rev. 2003) and Miss. Code Ann. §17-3-3 (Rev.2003), an expenditure of approximately \$23,000.00 for the purchase of items for events such as Boo Bash, Easter Egg Hunts, BBQ events for seniors, Cinema by the Shore event and The Back to School Health and Wellness Fair.

WHEREAS, the items identified in the attached documentation serve the purposes of advertising and bringing into favorable notice the opportunities, possibilities and resources of the municipality, and shall constitute a form of advertising or publicity that will be helpful toward advancing the moral, financial and other interests of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the City of Gulfport, by and through the City Council and Administration, is hereby authorized to expend municipal funds in the approximate amount of \$23,000.00 for items such as Boo Bash, Easter Egg Hunts, BBQ events for seniors, Cinema by the Shore event and The Back to School Health and Wellness Fair. The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES

NAYS

PRESIDENT

The above and foregoing Resolution was submitted to and approved by the Mayor, this the _____ day of _____, 2020.

APPROVED:

MAYOR

Memorandum - City of Gulfport

Purchasing

To: The Honorable Mayor and City Council

From: Jessica Versiga, Procurement Specialist

Date: November 30, 2020

**Re: Request Permission to Purchase Promotional Items
Leisure Services Department**

The Leisure Services Department is requesting permission to purchase promotional items for City upcoming events for 2021. Events include but are not limited to annual Boo Bash, Easter Egg Hunts, BBQ events for seniors, Cinema by the Shore event and The Back to School Health and Wellness Fair. The total amount requested is NTE \$23,000.00.

Request City Council make a finding that the purchase of such promotional items be spread across the minutes in accordance with the following provision in the MS Code. (See attached resolution).

Miss. Code Ann. §17-3-3 (Rev. 2003) provides,

“Advertising pursuant to Section 17-3-1 shall include newspaper and magazine advertising and literature, publicity, expositions, public entertainment or other form of advertising or publicity, which in the judgment of such board or boards will be helpful toward advancing the moral, financial and other interests of such municipality or county.”

Thank you for your consideration.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2020, the following Resolution:

**A RESOLUTION OF THE GULFPORT CITY COUNCIL RECONFIRMING
AND EXTENDING THE STATUS OF A STATE OF EMERGENCY DUE
TO THE SPREAD OF COVID-19 AND POTENTIAL ASSOCIATED IMPACTS WHICH
THREATEN TO AFFECT AREAS WITHIN THE CITY, AND FOR RELATED
PURPOSES**

WHEREAS, on March 15, 2020, the Mayor of the City of Gulfport, Mississippi, proclaimed the existence of a “Civil Emergency” pursuant to authority of §45-17-3, *et seq.*, *Miss. Code Ann.* and the existence of a “Local Emergency” pursuant to authority of § 33-15-17(d), *et seq.*, *Miss. Code Ann.* and related statutes due to the spread of Covid-19, a novel coronavirus, within Mississippi and surrounding areas and the potential impacts thereof (illness, injury and death) which threaten to commence in the area and impact an area that includes the City of Gulfport, Mississippi (the “Civil Emergency” and the “Local Emergency” shall hereinafter be referred to collectively as the “State of Emergency”); and

WHEREAS, the Gulfport City Council, on March 17, 2020, on April 7, 2020, on April 21, 2020, on May 19, 2020, on June 16, 2020, on July 7, 2020, on August 4, 2020, on August 18, 2020, on September 8, 2020, on October 6, 2020, on November 3, 2020, and on November 17, 2020, acted to confirm and extend the aforementioned State of Emergency; and

WHEREAS, because of the “State of Emergency” due to the aforesaid spread of Covid-19 and potential impacts thereof, Mayor Billy Hewes invoked emergency management provisions, including, without limitation, those set out in a Proclamation by the Mayor of the City of Gulfport Declaring a Civil and/or Local Emergency to Exist as a Result of a Threatened

or Existing Public Health Emergency (Covid-19), and the Governor of the State of Mississippi declared that the State of Mississippi is, likewise, under a “State of Emergency”; and

WHEREAS, further, due to said “State of Emergency”, and the need to commit resources deemed necessary for protection of the City and the residents, citizens and all people and property in the City of Gulfport and Harrison County, the Mayor invoked the powers of “emergency management” and invoked special emergency authority, including, but not limited to Sections 45-17-1, et seq., Sections 33-15-1, et seq., and Sections 21-35-19, et seq., *Mississippi Code of 1972, Annotated*, and any amendments thereto; and

WHEREAS, the Governing Authority having reviewed the existing needs, including those stated above, for continuing a state of emergency, finds that the need exists for continuing local emergency management and associated relief from Federal and State agencies to prepare for and respond to the impact and effects of the spread of Covid-19 and the potential impacts thereof, and shall continue until the Mayor and/or Governing Authority determines that conditions warrant the termination thereof.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things set forth and recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the City Council recognizes that there is a continuing need to commit resources deemed necessary for protection of the City and the residents, citizens and all people and property in the City of Gulfport and Harrison County and a continuing need to prepare for and respond to the impact and effects of the spread of Covid-19 and the potential impacts thereof.

SECTION 3. That a state emergency continues within the City of Gulfport, and Mayor Billy Hewes is authorized to continue to invoke emergency management authority, including emergency expenditures, coordination of assistance and relief with state and federal authorities and private corporations and the use of municipal personnel and equipment as deemed necessary and proper as a result of said emergency until the earliest time as conditions warrant the termination of the state of emergency by the Mayor or the Governing Authority, subject to review by the Governing Authority within thirty (30) days hereof.

SECTION 5. This Order shall not limit the authority hereby confirmed of the Mayor and City Council to make such orders or take such actions as is vested in them as the chief executive/administrative officer, and as the governing authority, respectively, of the City of Gulfport by the Laws of the State of Mississippi and the Ordinances of the City of Gulfport.

SECTION 6. This Resolution shall be in full force and effect on and after passage, and shall remain in full force and effect until the Mayor or Governing Authority declares that a state of emergency no longer exists in the City of Gulfport, or until otherwise terminated according to law.

SECTION 7. The Clerk of the Council is instructed to publish this Resolution and make it available for public notice and after its adoption, this Resolution shall be spread upon the minutes of the Governing Authority.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilman _____, seconded by Councilman _____, and was adopted by the following roll call vote:

MAYOR

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2020, the following Resolution:

**A RESOLUTION OF THE GULFPORT CITY COUNCIL RECONFIRMING
AND EXTENDING THE STATUS OF A STATE OF EMERGENCY DUE
TO THE IMPACTS OF HURRICANE ZETA ON THE CITY OF GULFPORT, AND
FOR RELATED PURPOSES**

WHEREAS, by virtue of a Proclamation executed on Monday, October 26, 2020, the Mayor proclaimed a “local emergency” pursuant to *Miss. Code Ann.* § 33-15-17(d) and a “civil emergency” pursuant to *Miss. Code Ann.* § 45-17-3, et seq., due to an imminent threat of a "natural disaster" resulting from Hurricane Zeta and related conditions (tropical rain, wind, storm surge, lightening, hail, flooding, etc.) projected to commence in the area on or about October 28-29, 2020; and

WHEREAS, further, due to said local/civil emergency, and the need to commit resources deemed necessary for protection of the City and the residents, citizens and all people and property in the City of Gulfport and Harrison County, the Mayor invoked the powers of “emergency management” and invoked special emergency authority, including, but not limited to Sections 45-17-1, et seq., Sections 33-15-1, et seq., and Sections 21-35-19, et seq., *Mississippi Code of 1972, Annotated*, and any amendments thereto; and invoked emergency measures according to authority of Sec. 1-70 and Sec. 7-19, *Code of Ordinances of the City of Gulfport, Mississippi*; and

WHEREAS, the Gulfport City Council, on November 3, 2020, and on November 17, 2020, acted to confirm and extend the aforementioned State of Emergency; and

WHEREAS, the Governing Authority having reviewed the existing needs, including those stated above, for continuing a state of emergency, finds that the need for continuing local emergency management and associated relief from Federal and State governments to prepare for and respond to the impact and effects of Hurricane Zeta, and shall continue until the governing body terminates the local emergency once conditions warrant.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things set forth and recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the City Council recognizes that there is a continuing need to commit resources deemed necessary for protection of the City and the residents, citizens and all people and property in the City of Gulfport and Harrison County and a continuing need to prepare for and respond to the impact and effects of Hurricane Zeta.

SECTION 3. That a state of civil emergency continues within the City of Gulfport, and Mayor Billy Hewes is authorized to continue to invoke emergency management authority, including coordination of assistance and relief with state and federal authorities and private corporations and the use of municipal personnel and equipment as deemed necessary and proper as a result of said emergency until the earliest time as conditions warrant the termination of the state of local emergency by the Governing Authority.

SECTION 5. This Order shall not limit the authority hereby confirmed of the Mayor and City Council to make such orders or take such actions as is vested in them as the chief executive/administrative officer, and as the governing authority, respectively, of the City of Gulfport by the Laws of the State of Mississippi and the Ordinances of the City of Gulfport.

SECTION 6. This Resolution shall be in full force and effect on and after passage, and shall remain in full force and effect until the Governing Authority terminates the local emergency in the City of Gulfport, or until otherwise terminated according to law.

SECTION 7. The Clerk of the Council is instructed to publish this Resolution and make it available for public notice and after its adoption, this Resolution shall be spread upon the minutes of the Governing Authority.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilman _____, seconded by Councilman _____, and was adopted by the following roll call vote:

Re: Request to Change Job Title and Description

We are proposing a change to a position that has been recently vacated in the Department.

We would like to change the Lt. Equipment Operator position to a Recreation Aide I. The salary range will be \$18,901 - \$28,141. This change will result in increased productivity for the Department.

This change, along with the job description, have been approved by Human Resources. Please advise if additional information is needed.

A handwritten signature in black ink, appearing to read "Gus Wesson", written over a horizontal line.

Gus Wesson, Director

City of Gulfport, Mississippi
Job Description

Recreation Aide I - Full Time

Community Centers/Cemetery

Department: 411 – Leisure Services

EEO Class: Service Workers

Date Revised: 11.23.2020

FLSA Status: Non-Exempt

Date Approved:

Position Overview

The Recreation Aide will perform routine duties necessary for the orderly operation of a recreational facility and/or cemetery. This person will interact with the public to ensure a safe, pleasant, and productive recreational and/or cemetery experience.

The Recreation Aide may work at centers, cemetery, parks or other public facilities. Schedules may include nights, weekends and holidays. The Recreation Aide may perform duties assigned in regards to the cemetery operations.

Essential Job Functions

Essential duties and functions, pursuant to the Americans with Disabilities Act, May include the following. Other related duties may be assigned.

- Serves as official point of contact at the recreational facility and/or cemetery office.
- Coordinates facility reservations for community, organizations or citizen events.
- Collects fees and issues receipts.
- Maintains attendance records, schedules and verification form.
- Enforces lease contracts, city ordinances and facility rules.
- Issues recreational supplies and equipment.
- Explains rules and regulations for use of facilities and equipment.
- Reports accidents or injuries occurring on public facilities to supervisor.

- Responsible for the upkeep of the facility to include sweeping/mopping floors, trash removal/disposal, cleaning rest rooms etc.
- Responsible for receiving shipments of equipment and other supplies used by the facility.
- May assist the public in locating burial plots and assists in maintaining accurate cemetery records.
- Locates burial spaces and assists customers in locating deceased family members. Marks gravesites for burials and records conveyance deeds and burials into database.

Knowledge, Skills and Abilities

Must possess required knowledge, skills, abilities and experience and be able to explain and demonstrate, with or without reasonable accommodations, that the essential functions of the job can be performed.

- Certification in CPR and First Aid.
- Some knowledge of recreational activities and rules of various games.
- Ability to establish and maintain effective working relations as necessary by work assignments.
- Knowledge of city and department rules, policies, and regulations.
- Knowledge of standard office equipment.
- Ability to deal with the public on a regular basis in a friendly and helpful manner.
- Must be able to demonstrate basic knowledge of a computer. Must have the ability to manage e-mail and scheduling systems.
- Must have the ability to work a schedule that includes mornings, evenings, nights (up to 1:00 or 2:00 am) weekends and holidays.
- Ability to effectively communicate and solve problems and handle emergencies.
- Must have effective writing and oral communication skills.

Education and Experience

High School graduate or equivalent. Prior experience in recreational tasks.

Required Licenses or Certificates

Must possess valid driver's license.

Physical Demands and Working Conditions

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Physical requirements include occasional lifting/carrying of 75+ pounds; visual acuity, speech and hearing; hand and eye coordination and manual dexterity necessary to operate a computer keyboard and basic office equipment. Subject to sitting, standing, reaching, walking, twisting and kneeling to perform the essential functions. Working conditions are both indoors and outdoors.

MEMORANDUM – CITY OF GULFPORT

Date: NOVEMBER 23, 2020

To: Mayor Billy Hewes
City Council Members

From: Greg Pietrangelo, Director
Department of Urban Development

Re: Resolutions Awarding Bids For Lot Clean-Up and/or Demolitions Of
Certain Property Within The City Of Gulfport And Providing For
Assessment Of Cost To The Said Properties Being Presented To The
City Council On The 8th Day Of December, 2020.

**Please place the attached item on the above referenced council agenda for
resolutions awarding bids.**

There came on for consideration at a meeting of the Mayor and Members of the Council of the City of Gulfport, Mississippi, held on the 8TH day of December, 2020, the following Resolution:

A RESOLUTION AWARDING AND/OR REJECTING BIDS FOR LOT CLEANUP AND/OR DEMOLITION OF CERTAIN PROPERTY WITHIN THE CITY OF GULFPORT AND PROVIDING FOR THE ASSESSMENT OF COSTS TO THE SAID PROPERTIES

WHEREAS, at a prior meeting of the Gulfport City Council, certain and various properties located within the City of Gulfport were declared to be in such a state of uncleanness as to be a menace to the public health, safety, and welfare of the community; and

WHEREAS, by prior action of this Council, the City of Gulfport was authorized to advertise for bids to perform the noted and required work on the identified properties; and

WHEREAS, having advertised for bids and having received bids, the following represent the lowest and best bids received (per parcel) for the work as described therein:

- Parcel 1: 0811F-01-063.000. E 85 Ft Of Lots 21 To 24 Inc Blk 80 Original Gulfport. Awarded To Twin City Lawn Care For \$345.00 To: 1.) Cut & Clean The Property 2.) Remove All Weeds & Vines 3.) Remove & Haul Off All Trash & Debris 4.) Remove & Haul Off Fence. From Site Located At: 2107 22nd St. (State Of Mississippi) Case: 6947
- Parcel 2: 0809G-02-003.001. (7.2 Ac) Beg At Inter Of W Line Of Sec 15 & N Mar Of Creosote Rd E Along Rd 989.3 Ft To E Line Of Ms Power Easement N 322.3 Ft W 989.5 Ft S 317 Ft To Pob Part Of Sw 1/4 Of Sw 1/4 Of Sec 15-7-11. Awarded To Twin City Lawn Care For \$1990.00 To: 1.) Cut & Clean The Property 2.) Remove All Weeds & Vines 3.) Remove & Haul Off All Trash & Debris. From Site Located At: 14472 Creosote Rd. (H & D Holdings LLC) Case: 6960
- Parcel 3: 0810E-03-069.000. Lots 13 & 14 Blk 372 North Gulfport Secs. 27/28-7-11. Awarded To Twin City Lawn Care For \$220.00 To: 1.) Cut & Clean The Property 2.) Remove All Weeds & Vines 3.) Remove & Haul Off All Trash & Debris. From Site Located At: Indiana Ave. (Anderson Maria) Case: 6983
- Parcel 4: 0910K-01-051.000. Lot 51 Belmede Subd. Awarded To Twin City Lawn Care For \$184.00 To: 1.) Cut & Clean The Property 2.) Remove All Weeds & Vines 3.) Remove & Haul Off All Trash & Debris. From Site Located At: 3902 Belmede Pl. (State Of Mississippi) Case: 6948

WHEREAS, the Mayor and Members of the Council find and do so determine that pursuant to bids heretofore received for lot cleanup and/or demolition of certain property described above in the City of Gulfport, that the bid price noted above is the lowest and best price and should be accepted; and

WHEREAS, the Mayor and Members of the Council further find and do so determine that Notice to Proceed should be given to the listed property above, and that the actual costs of cleanup should be assessed against the property as provided by law including a \$250.00 penalty.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND MEMBERS OF THE COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the individual bids for the cleanup of the certain properties described above

within the City of Gulfport, should be accepted as the lowest and best bid/bid price.

SECTION 3. That Notice to Proceed should be immediately given to the lowest and best bidder as noted above and the completion of all work shall be accomplished within 30 calendar days. If extenuating circumstances occur, the company may request an extension of time in writing to complete the work.

SECTION 4. That the costs of lot cleanup, plus a \$250.00 penalty, should be assessed as a lien against the said properties and shall be enrolled in the Office of the Circuit Clerk of the First Judicial of Harrison County, Mississippi, as other judgments are enrolled, as provided by law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____ seconded by _____, and was adopted by the following roll call vote:

Notice to Bidders

Notice is hereby given that the City of Gulfport will receive sealed bids until Ten O'clock A.M., Local Time, January 13, 2021, at the Office of Procurement, located at 1410 24th Ave, Gulfport, MS 39501 for furnishing the City of Gulfport as ordered below:

GROUP C - Sundry Road Materials.

GROUP U-Electronic Equipment

Electronic bids and/or reverse auction bids can be submitted at www.centralbidding.com. For any questions relating to the electronic bidding process, please call Central Bidding at 225-810-4814.”

The City of Gulfport reserves the right to utilize “anti-sniping” for reverse auctions. Anti-sniping is a tool that automatically extends the bid time for a reverse auction by five (5) minutes if a vendor places a bid in the final five (5) minutes of the reverse auction. The anti-sniping effect will also auto extend the reverse auction bid time any time a bid is placed in the last five (5) minutes of the reverse auction and can auto extend the reverse auction multiple times until the bidding on the reverse auction ends.

Electronic copies of the bid specifications are available by contacting cdebenport@gulfport-ms.gov or from Central Bidding at www.centralbidding.com. All bids must comply with the specifications provided. The City of Gulfport reserves the right to amend the specifications as necessary and agrees to notify all parties having requested bid packets. The Office of Procurement reserves the right to extend the auction date if necessary to complete the bid proposal pre-qualification process.

Above items are to be submitted on the bid form as provided. Failure to do so may disqualify the bidder. Bid packages may be obtained from the Purchasing Office, Hardy Building 1410 24th Ave, Gulfport, MS 39501, between the hours of 8:00 A.M. AND 5:00 P.M., Monday through Friday. Bid packages may be faxed or emailed upon request by contacting the Purchasing Office at 228-868-5705, Ext 6550 or email at cdebenport@gulfport-ms.gov.

The City reserves the right to accept bids by items or by group and to reject any or all bids if deemed to be in the best interest of the City of Gulfport. Bids will be awarded to the “lowest and best” bid submitted.

The owner is NOT responsible for bids which are mailed to the wrong address or which arrive in the mail after the designated bid opening time. Bids may be delivered in person to the Owner’s office prior to the bid opening at the time, date and location listed above.

Minority and Women’s business enterprises are solicited to bid on this contract as prime contractors and are encouraged to make inquiries regarding potential subcontracting opportunities and equipment, material and/or supply needs.

The successful bidder must adhere to the City's policy concerning non-discrimination without regard to race, creed, color, age, sex, national origin or handicap.

No bidder may withdraw his bid within sixty (60) days after the actual date of the opening thereof.

Direct contact with any City employee, GRC Commissioners, including Administration and City Council, on the subject of this proposal is strictly forbidden. Violation of this paragraph will result in disqualification of your submission.

Re: Change Fund for Holiday Celebration

We would like to request a temporary Petty Cash fund in the amount of \$500 for the purpose of change making for the Holiday Celebration. It will be closed out after the program is over. We would like a check to be issued in this amount for the change fund for the program. The custodian of this fund will be the Leisure Services Department and there will be no purchases made with these funds, only for making change.

A handwritten signature in black ink, appearing to read "Gus Wesson", is written over a thin horizontal line.

Gus Wesson, Director

Memorandum – City of Gulfport

Re: **Recommendation to Approve Debris Monitoring Services
- Hurricane Zeta – Debris Removal Contract**

On November 6, 2020, proposals were received for the above referenced project and a recommendation is attached from the Purchasing Office. Attached for your consideration for ratification is the Contract Agreement for Engineering Services with Covington-Tetra Tech. The cost of these services shall likely exceed the \$300,000.00 starting limit, and we will provide that amendment later. The Debris Monitor shall assist the City of Gulfport in its emergency debris management and planning by monitoring the field operations regarding all storm generated debris; debris pickup, debris hauling, debris staging and reduction, temporary site management, debris management, and final disposal of debris to an approved facility in order to eliminate immediate threats to life, public health and safety, and assist in the economic recovery of the City after Hurricane Zeta. A Notice to Proceed dated November 8, 2020 is also attached.

The City has a pre-event contract with Crowder Gulf, Inc. to remove and dispose of the debris from Hurricane Zeta. This contract will save the City an additional 2.0% on the overall cost from FEMA/MEMA reimbursement for the debris removal. The project should be funded up to 89.5 % by FEMA/MEMA. This will result in 10.5% being the City's Match.

The monitoring portion should be funded up to 87.5 % by FEMA/MEMA. This will result in 12.5% being the City's Match. Please place this item on the December 8, 2020 Council Agenda for Ratification by the City Council.

Memorandum - City of Gulfport

Purchasing

To: The Honorable Mayor and City Council

From: Connie Debenport

Date: November 6, 2020

Re: RFP for Debris Removal Monitoring Services

On November 6, 2020, the City of Gulfport received four (4) submissions in response to the above-mentioned RFP. One of the submissions was received at 11:53 AM and will be returned unopened. The other three (3) submissions were distributed to the selection committee to review and grade.

The committee met to discuss, grade and open the cost proposal of the submittals. Final grading scores are shown in the table below.

Grading Criteria	Thompson Engineering	Neel Schaffer True North	Covington – Tetra Tech
1. Past Performance (20)	82	80	97
2. Experience and Ability (20)	86	80	98
3. Understanding of Project Requirements (10)	34	37	47
4. Approach & Method (10)	32	34	48
5. Cost (100)	200	165	165
TOTAL POINTS	434	396	455

It is my recommendation to accept the decision of the selection committee and make award to Covington-Tetra Tech.

Thank you for your cooperation.

Maitland, FL 32804

Re: **Notice-To-Proceed (NTP): Debris Removal Monitoring Services
2020 Hurricane Zeta**

Dear Ms. Kamara,

The City of Gulfport, MS (City) hereby gives Tetra Tech, Inc. a "Notice to Proceed" with mobilization of personnel to assist City staff with debris removal monitoring services as a result of the recent 2020 Hurricane Zeta.

You are hereby notified to commence WORK in accordance with the Agreement dated NOVEMBER 8TH, 2020, on NOVEMBER 8TH, 2020, and you are to complete the WORK as soon as possible, thereafter.

On the basis of this action, you are authorized to proceed in accordance with the terms and conditions of the Professional Services Agreement between the City of Gulfport, MS and Tetra Tech for debris removal monitoring services, dated November 8th, 2020.

"Notice to Proceed" is hereby given and accepted by the signature below.

Please contact me at (228) 518.0232 or wmiller@gulfport-ms.gov to coordinate efforts.

Sincerely,

Wayne E. Miller, P.E.

**PROFESSIONAL SERVICES AGREEMENT
FOR CONSULTING SERVICES**

THIS AGREEMENT is made this **8th day of November, 2020**, by and between the **City of Gulfport, Mississippi**, located at 4050 Hewes Avenue, Gulfport, MS 39507 (hereinafter referred to as ("CLIENT") and **Tetra Tech, Inc.** (hereinafter referred to as ("CONTRACTOR")), located at 2301 Lucien Way, Suite 120, Maitland, FL 32751.

WHEREAS, Client has issued a Request for Proposal (RFP) for Debris Removal Monitoring Services which is attached hereto as **Exhibit A**.

WHEREAS, Client has reviewed Contractor's response to Client's RFP and wishes to enter into a contractual agreement with Contractor to provide debris removal monitoring services which Contractor's Technical Approach and Rate Schedule are attached hereto as **Exhibit B and C**.

NOW, THEREFORE In consideration of the promises herein and for other good and valuable consideration, the parties agree as follows:

1. **Scope of Services:** Contractor and Client agree Contractor will perform debris removal monitoring services as described in **Exhibit A and B** (Client's RFP and Contractor's Technical Approach), attached hereto.
2. **Term:** The term of this Agreement shall begin on the date written above and be in effect for one (1) year, subject to the provisions of Section 17 herein below. The term of this Agreement may be extended by written agreement signed by both parties. In addition to this agreement, any Audits or Checks of the Contract by the Federal Emergency Management Agency or Office of Internal General within 15 years dealing with Hurricane Zeta Debris Removal will be processed quickly and productively by each party.
3. **Independent Contractor:** Contractor is an independent contractor and is not an employee of Client. Services performed by Contractor under this Agreement are solely for the benefit of the Client. Nothing contained in this Agreement creates any duties on the part of Contractor toward any person not a party to this Agreement.
4. **Standard of Care:** Contractor will perform services under this Agreement with the degree of skill and diligence normally practiced by professional engineers or contractors performing the same or similar services. No other warranty or guarantee, expressed or implied, is made with respect to the services furnished under this Agreement and all implied warranties are disclaimed.
5. **Federal Provisions:** In performance of the services under this contract, Contractor will comply with all of the applicable federal provisions listed in **Exhibit D**, attached hereto.
6. **Interpretation and Exhibits:** This Agreement and its Exhibits A, B, C and D, which are attached hereto and incorporated herein by reference, constitute the entire agreement between the parties and together with its Exhibits supersede any prior written or oral agreements. This Agreement may not be amended, modified or changed except by written amendment executed by both parties.
7. **Uncontrollable Forces:** Neither the Client nor Contractor shall be considered to be in default of this Agreement if delays in or failure of performance shall be due to Uncontrollable Forces, the effect of which, by the exercise of reasonable diligence, the non-performing party could not avoid. The term "Uncontrollable Forces" shall mean any event which results in the prevention or delay of performance by a party of its obligations under this Agreement and which is beyond the reasonable control of the nonperforming party. It includes, but is not limited to fire, flood, earthquakes, explosion, strike, transportation, or equipment delays, act of war, Act of God, lightning, epidemic,

PROFESSIONAL SERVICES AGREEMENT
FOR CONSULTING SERVICES

war, riot, civil disturbance, sabotage, acts of terrorism and governmental actions outside the control of the Client. The schedule or payment under the Agreement shall be equitably adjusted, if necessary, to compensate Contractor for any additional costs due to the delay.

Neither party shall, however, be excused from performance if nonperformance is due to forces which are foreseeable, preventable, removable, or remediable, and which the nonperforming party could have, with the exercise of reasonable diligence, prevented, removed or remedied with reasonable dispatch. The nonperforming party shall, within a reasonable time of being prevented or delayed from performance by an uncontrollable force, give written notice to the other party describing the circumstances and uncontrollable forces preventing continued performance of the obligations of this Agreement.

8. **Fee for Services:** The fee for the services under this Agreement will be based on the actual hours of services furnished multiplied by Contractor's Billing Rates as set forth in **Exhibit C**. The hourly rates are fully burdened to include applicable overhead, profit, travel, equipment, and any other related expenses. **The total amount of this contract is the Not-To-Exceed amount of \$300,000.00.**
9. **Compensation:** Payment terms are net thirty (30) days. Client will review invoices for acceptance within ten (10) calendar days of the date of the invoice to which Client and shall promptly notify Contractor of any invoice discrepancies. Contractor and Client will work in good faith to resolve any such discrepancies within ten (10) days after notification. Should a discrepancy result in a partial rejection of any item(s) invoiced, Client shall proceed with partial payment within Net 30 days of the date of the invoice. Under no circumstances shall payment of Contractor's invoices be contingent on reimbursement of Client by any third-party authority or funding source. Any interest charges due from Client on past due invoices are in addition to amounts otherwise due under this Agreement.

All invoices shall be delivered to:

City of Gulfport, Mississippi
4050 Hewes Avenue
Gulfport, MS 39507

Payment shall be made to and delivered to:

Tetra Tech, Inc.
PO Box 911642
Denver, CO 80291-1642

10. **Indemnity:** Contractor shall indemnify, defend, and save harmless the Client from and against all claims and liability due to or arising out of activities of itself, its agents, or employees, performed under this Agreement to the extent caused by the negligent act, error or omission of the Contractor or of any person employed by the Contractor. Contractor shall also save harmless the Client from reasonable attorney fees which might be incurred by the Client in litigation or otherwise resisting said claims or liabilities which might be imposed on the Client as result of such activities by the Contractor, its agents, or employees.
11. **Insurance:** During the course of performance of the services under this agreement, Contractor will maintain the following insurance coverages:

Worker's Compensation	Statutory
Employer's Liability	U.S. \$1,000,000
Commercial General Liability	U.S. \$1,000,000 per occurrence
	U.S. \$1,000,000 aggregate

PROFESSIONAL SERVICES AGREEMENT
FOR CONSULTING SERVICES

Comprehensive General Automobile	U.S. \$1,000,000 combined single limit
Professional Liability	U.S. \$1,000,000 per claim and in the aggregate

Before beginning any work, Contractor shall deliver to Client, a Certificate of Insurance evidencing that the above coverages are in effect as well as naming Client as an Additional Insured. An Additional Insured Endorsement must accompany the Certificate of Insurance. Such coverage will not be canceled or materially changed without thirty (30) days written notice.

12. **Work Product:** Client shall have the unrestricted right to use the documents, analyses and other data prepared by Contractor under this Agreement ("Work Products"); provided, however Client shall not rely on or use the Work Products for any purpose other than the purposes under this Agreement and the Work Products shall not be changed without the prior written approval of Contractor. If Client releases the Work Products to a third party, other than Client's auditors, without Contractor's prior written consent, or changes or uses the Work Products other than as intended hereunder, (a) Client does so at its sole risk and discretion, and (b) Contractor shall not be liable for any claims or damages resulting from the change or use or connected with the release or any third party's use of the Work Products.
13. **Limitation of Liability:** No employee of Contractor shall have individual liability to Client. *In accordance with Mississippi law, there is no limitation on Contractor's liability to Client.*
14. **This is Intentionally Blank.**
15. **Information Provided by Others:** Client shall provide to Contractor in a timely manner any information Contractor indicates is needed to perform the services hereunder. Contractor may reasonably rely on the accuracy of information provided by Client and its representatives.
16. **Safety and Security:** Contractor has established and maintains programs and procedures for the safety of its employees. Unless specially included as a service to be provided under this Agreement, Contractor specially disclaims any authority or responsibility for job site safety and safety of persons other than Contractor's or Subcontractor's employees.
17. **Termination:** Either party may terminate this Agreement upon thirty (30) days prior written notice to the other party. Client shall pay Contractor for all services rendered to the date of termination plus reasonable expenses for winding down the services. If either party defaults in its obligations under this Agreement, the non-defaulting party, after giving ten (10) days written notice of its intention to terminate or suspend performance under this Agreement, may, if cure of the default is not commenced and diligently continued by the defaulting party, terminate this Agreement or suspend performance under this Agreement.
18. **Dispute Resolution:** Contractor and Client shall attempt to resolve conflicts or disputes under this Agreement in a fair and reasonable manner, and that if resolution cannot be made, the parties agree to attempt to mediate the conflict by a professional mediator. If mediation does not settle any dispute or action which arises under this Agreement, either party may pursue litigation after notifying the other party of its intentions.
19. **Successors and Assigns:** This Agreement is binding upon and will inure to the benefit of Client and Contractor and their respective successors and assigns. Neither party may assign its rights or obligations hereunder without the prior written consent of the other party.

21. **Severability:** The invalidity, illegality, or unenforceability of any provision of this Agreement, or the occurrence of any event rendering any portion or provision of this Agreement void, shall in no way affect the validity or enforceability of any other portion or provision of the Agreement. Any void provision shall be deemed severed from the Agreement and the remainder of the Agreement shall be construed and enforced as if the Agreement did not contain the particular portion or provision held to be void. The parties further agree to reform the Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this section shall not prevent the entire Agreement from being void should a provision which is of the essence of the Agreement be determined to be void.
22. **Governing Law and Venue:** This Agreement shall be construed under and governed by the laws of the State of Mississippi without giving effect to its principles on conflicts of law and applicable federal laws and regulations. Any disputes arising thereunder may only be brought in the appropriate state court in Harrison County, Mississippi.
23. **Access and Audits:** Contractor shall maintain adequate financial and program records to justify all charges, expenses, and costs incurred in estimating and performing the work under this Agreement for at least Fifteen (15) years following final payment to the Client as Federal Emergency Management Agency sub-grantee. The Client shall have access to all records, documents and information collected and/or maintained by others in the course of the administration of the Agreement. This information shall be made accessible at the Contractor's place of business to the Client, FEMA Administrator, Comptroller General of the United States and their respective designees and authorized agents, for purposes of inspection, reproduction, and audit without restriction or reasonably be emailed.
24. **Non-Discrimination:** The Contractor warrants and represents that all of its employees will be treated equally during employment without regard to race, color, religion, gender, age or national origin.
25. **Waiver:** A waiver by either the Client or Contractor of any breach of this Agreement shall not be

PROFESSIONAL SERVICES AGREEMENT
FOR CONSULTING SERVICES

binding upon the waiving party unless such waiver is in writing. In the event of a written waiver, such a waiver shall not affect the waiving party's rights with respect to any other or further breach. The making or acceptance of a payment by either party with knowledge of the existence of a default or breach shall not operate or be construed to operate as a waiver of any subsequent default or breach.

26. **Modification:** The Agreement may not be modified unless such modifications are evidenced in writing and signed by both the Client and Contractor. Such modifications shall be in the form of a written Amendment executed by both parties.
27. **Contingent Fees:** The Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Contractor to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for the Contractor, any fee, commission, percentage, gift or any other consideration contingent upon or resulting from the award or making of this Agreement.
28. **Confidentiality:** No reports, information, computer programs, documentation, and/or data given to, or prepared or assembled by the Contractor under this Agreement shall be made available to any individual or organization by the Contractor without prior written approval of the Client unless such disclosure is required by a federal or Mississippi law or regulation.
29. **Miscellaneous:** Client expressly agrees that all provisions of the Agreement, including the clause limiting the liability of Contractor, were mutually negotiated. In any action to enforce or interpret this Agreement, the prevailing party shall be entitled to recover, as part of its judgment, reasonable attorneys' fees and costs from the other party.
30. **Counterparts:** This Agreement may be executed in multiple counterparts, each of which shall be deemed to be an original instrument, but all of which taken together shall constitute one instrument.

IN WITNESS WHEREOF, the Contractor has caused this Agreement to be signed in its corporate name by its authorized representative, and the Client has caused this Agreement to be signed in its legal name by persons authorized to execute this Agreement as of the day and year first written above.

REQUEST FOR PROPOSALS (RFP)

Debris Removal Monitoring Services for the City of Gulfport

Issue Date: October 31, 2020

The City of Gulfport, MS (City) requests proposals from qualified firms and/or individuals for recovery associated with Hurricane Zeta. The Debris Monitor shall assist the City of Gulfport in its emergency debris management and planning by monitoring the field operations regarding all storm generated debris; debris pickup, debris hauling, debris staging and reduction, temporary site management, debris management, and final disposal of debris to an approved facility in order to eliminate immediate threats to life, public health and safety, and assist in the economic recovery to the City from Hurricane Zeta.

Based on the proposals received, the City shall have the right to award contracts to one or more Contractors when deemed in its best interest to accomplish the wide range of services detailed in this specification.

In addition, any Contractor(s) awarded a contract for the work may be required to participate in certain city directed disaster recovery training and/or exercises at no additional cost to the City.

This RFP includes a description of the scope of work, proposal instructions, and shall serve as the basis for the selection of one or more experienced consultant for the work which shall be done on behalf of The City of Gulfport, MS.

When you submit your proposal, you are making a binding offer to the City and are agreeing to all of the terms and conditions in this solicitation should your offer be accepted. Use only the form(s) provided in this document. If you make any change to the content or format of any form, the City may disqualify your offer. All information shall be legible and either written in ink or typewritten. If you make a correction or change on any document, the person signing the proposal must initial the change. The proposal shall be manually signed by an official authorized to legally bind the Offer to its provisions.

Specific Completion Directions:

- Pricing shall be completed using the Fee Schedule provided in Attachment "C" of this solicitation.
- Initial and date in BLUE INK the appropriate space(s) for each addendum you received for this RFP.
- Insert any prompt payment discount that you will offer. Note payment is NET 30 DAYS otherwise.
- Complete all certifications included within Section 6 of the solicitation.
- Complete the contractor information, and sign the forms (IN BLUE INK) in the spaces provided in Section 6 of the solicitation.
- If insurance is required, submit either a certificate of insurance, or evidence of insurability, that is in compliance with the stated insurance requirements.

SECTION 1.0 Scope of Services – Emergency Debris Removal Monitoring

This statement of work describes and defines the services which are required for the execution of debris removal monitoring for the City of Gulfport, MS hereafter referred to as the City.

The consultant shall provide all services described herein. Activities include, but are not limited to, monitoring the following – field operations regarding all storm generated debris; debris pickup, debris hauling, debris staging and reduction, temporary debris storage site management, debris management, and final disposal of debris to an approved facility. Roads and other City facilities will be identified by the City and direction will be given to the Contractor for clearing these roads and facilities and act in accordance with the City Debris Management Plan. The City reserves the right to add or remove highway segments at the direction of the Debris Manager. While this contract scope provides for debris removal work off the state road system, no work on or off the State Road System is guaranteed. The City, at its sole discretion, may elect to perform work with in house forces or other contract forces, or may cancel this contract at any time if in the best interest of the City.

The Consultant shall have experience in the Federal Highway Administration Emergency Relief Program (FHWA-ER), the Federal Emergency Management Agency Public Assistance Program (FEMA-PA), and other applicable federal, state and/or local programs to assist the City in its Emergency Response and Recovery efforts. Proper documentation by the Consultant as required by FHWA and FEMA is required for all debris removal monitoring operations to ensure reimbursement to the City from the appropriate agency.

The Consultant will be responsible for tracking all of the contract costs and adhering to the 'not to exceed' limit as defined. Proper notification must be given to the City as costs approach this limit.

The work will begin upon authorization by the City. No guarantee on minimum or maximum amounts per items bid is made under this Contract. No adjustment to bid prices will be considered due to increases or decreases in estimated quantities or fuel costs.

SECTION 2.0 DEFINITIONS

Contractor or Consultant – the successful proposer(s). "Contractor", "Consultant" and "Respondents" shall be used interchangeability throughout this document and both refer to the successful proposer(s).

City Debris Manager (CDM) – This shall refer to the City Engineer or his designee

Debris Management Team – The team staffed by the City of Gulfport, Contractor/Consultant, and the Debris Removal Contractor.

Debris Removal Contractor – A Contractor retained by the City to remove debris during the recovery process including processing FEMA submittals.

Debris – Scattered items and materials, broken, destroyed, or displaced by a disaster. Example: trees, construction and demolition material, personal property.

FEMA – Federal Emergency Management Agency

FHWA – Federal Highway Administration

MEMA – Mississippi Emergency Management Agency

TDSRS – Temporary Debris Staging and Reduction Sites

DMS – Debris Management Sites

SECTION 3.0 STATEMENT OF WORK

A. Administration

- 3.1 The Consultant shall ensure daily reports are provided to the City Debris Manager or designee and other key City personnel within a minimum number of hours requested by the Debris Manager. The Consultant shall ensure that debris monitors report within a minimum number of hours as requested by the City Debris Manager.

- 3.2 It is the responsibility of the Consultant to assist the City in performing:
- a) Contract Administration
 - b) Damage Assessment
 - c) Environmental Permitting of temporary debris management sites
 - d) Truck Certification
 - e) Debris Removal Monitoring
 - f) Quality Assurance and Quality Control of all documentation pertaining to debris removal monitoring.
 - g) Assist the City in responding to public inquiries.
 - h) Be available to address questions from FEMA and FHWA both during and after services have been performed.

B. Debris Monitoring Operations

The Consultant shall coordinate with the City to schedule debris removal monitoring and debris removal contractor operations. The consultant shall provide the following:

Project Manager of the consultant shall be responsible for the overall project management and coordination of the debris monitoring services and required to oversee the debris removal operations. The Project Manager shall be the point of contact to the City. The Project Manager shall assign Field Operations Manager(s) to oversee the debris removal contractor(s), monitors, and a Data Manager to provide supervision of the data entry operations and documentation process.

Project Manager duties include but are not limited to the following:

1. Ensure a sufficient number of trained debris monitors are available to monitor the "first push" (cut & toss) operations.
2. Ensure a sufficient number of trained debris monitors are available to monitor all "first pass" and subsequent passes of debris removal and hauling activities.
3. Provide tower / disposal site monitors to observe and record all debris loads entering the temporary debris management sites.
4. Provide tower / disposal site monitors to observe and record all debris loads exiting the temporary debris management sites for final disposal.
5. Provide data entry and document processing personnel if applicable.
6. Conduct safety meetings with field staff, as necessary.
7. Respond to and document issues regarding complaints, damages, accidents or incidents involving the Consultant or Contractor personnel and ensure that they are fully documented and reported.
8. Coordinate daily briefings with the City Engineering Department and the debris removal contractor(s), daily status reports with maps of work process, staffing, and contractor's progress.
9. Ensure the documentation of environmental authorizations and/or permits for temporary debris management sites and final disposal.
10. Review and reconcile debris removal contractor invoices submitted to the City.
11. Preparation of interim operations and status reports and final report, as directed by the City.
12. Provide status report with map at every City Council Meeting, which is at least 2 times a month.

C. Field Monitoring

The Consultant shall provide trained staff in sufficient numbers to adequately monitor all operations supervised by Field Operations Managers. Duties of monitors shall include, but are not limited to, the following:

1. Truck certification and documentation of all vehicles used in the debris removal activities.
2. Quality assurance / quality control (QA/QC) of truck certification measurements throughout life of project.
3. Provide monitoring services and documentation of all eligible debris removal activities from Federal Aid eligible roadways – First Push (Cut & Toss) and All Passes.
4. Provide monitoring services and documentation of all eligible debris removal activities on non-

5. Federal Aid eligible roadways, As Directed by the City– First Push (Cut & Toss) and All Passes. Provide monitoring services and documentation of all eligible debris removal activities from second and subsequent passes on all roadways, As Directed by the City.
6. Ensure that ineligible debris is not collected by the debris removal contractor, unless directed in writing by the City.
7. Disposal Site / Tower Monitors will observe and record the truck quantity estimates of inbound and outbound debris.
8. Exit Site Monitors will observe that all outbound trucks are fully discharged of their load prior to exit of the temporary debris management site.
9. Monitors will ensure that accurate, legible, and complete documentation is provided through load tickets, truck certifications, and/or other logs and reports, as required.
10. Maintain photo documentation of the debris removal trucks and activities, specifically of the hazardous stump removal process, hangers, leaners, or tree removal and/or other special or unusual occurrences in the field.
11. Document and report activities to the City which may require remediation, such as: fuel spills, hazardous materials collection locations, and other similar environmental concerns.
12. Document and report to the City damages which occur on public or private property as a result of the debris removal operations.
13. Document and report to the City any violations of Department of Environmental Protection's (DEP) debris site conditions.
14. If DEP debris site conditions are violated the Consultant shall oversee tasks sufficient to satisfy the DEP performed by the debris removal contractor.

D. Data Management and Documentation

The Consultant shall ensure all necessary documentation is provided as follows:

1. Ensure all eligible debris removal operations activities are documented and tracked specific to the FHWA-ER program, the FEMA PA program or other applicable Federal, state or local agencies.
2. Documentation of the number of crews and types of equipment utilized, actual hours of operation, and locations of work performed during the time and materials phase of operations.
3. Completion of truck certifications, equipment certifications, and establishment of a QA/QC program throughout the life of the project.
4. Load tickets documenting the eligible debris removal and/or disposal activities by the applicable program FHWA – ER or FEMA PA, and/or other federal, state or local programs as outlined in and in accordance with the Debris Management Plan.
5. Documentation of eligible hazardous stump removal, hangers, leaners, or tree removal which includes photos, GPS coordinates street or milepost identifier, and/or other information as available and applicable.
6. Environmental authorizations and/or permits, as applicable.
7. Daily electronic spreadsheet summaries of cubic yards / tons collected by Federal program. The daily summary shall be communicated to the City Emergency Coordination Officer (CECO) or designee.
8. Production in electronic format (scanned) and paper copies of all documentation for submittal to Federal and/or State agencies.
9. Provide certified weigh master if necessary.
10. Assist the City in creating field maps using GIS, as well as track and present contractor progress in GIS.
11. Organize, maintain, and provide the City electronic copies of documentation in a satisfactory manner. All documentation and information related to the project shall be surrendered to the City upon completion of the project.

The Consultant shall utilize electronic debris monitoring, the Consultant must comply with requirements set forth in sections E through G.

E. Equipment Requirements

1. Data Storage Media – Debris management data will be stored and transferred on encryption protected removable data storage media. All data media will be provided by the Consultant. Data must include a unique user ID which identifies the user's role, limits the user's ability to collect or validate information, etc. and employs an anti-tampering mechanism. Consultant shall provide media to each person performing a debris mission role that results in data collection, i.e., drivers,

ticket managers, etc.

2. **Handheld Units (HHU)** - The Consultant will provide weather proof and shock resistant handheld units (HHU) for recording debris management data in the field. These HHU devices will be capable of writing data to, and reading data from, the removable data storage media. HHUs shall have the capability to determine locations by GPS and the capability to write GPS coordinates to the removable media. The HHUs will perform two functions: (1) Recording of initial load data information, and (2) verification of vehicle certification, and recording of debris type and quantity and (3) All field units will be operated by stand-alone power sources which will allow the units to perform uninterrupted for a shift.
 - a. HHUs capable of recording truck certification data onto driver removable media are used at the truck certification area. Truck certification records will include truck measurements, Truck ID, Driver ID and a digital photograph of the truck and trailers.
 - b. HHUs capable of recording user ID information, including a unique user ID, digital photograph and any additional user information required for system operation.
 - c. GPS- HHU units shall have integrated GPS capability. GPS readings (accuracy within 3 meters of the HHU) shall automatically be recorded without any additional manual effort each time the HHU unit records and retrieves information related to the debris mission. External GPS units shall have reliable connectivity to the HHU and be rugged and durable.
3. **Durable Printer** – The Consultant shall provide a durable printer to print load tickets at the request of the City. Once the tower manager completes the load data entries the information shall be transmitted to the printer. The printer will print a minimum 2 copies of the ticket. Two copies shall be given to the driver (one copy for the driver and the other for the prime contractor. The HHU should have program flexibility to alter the number of printed tickets. The printed ticket paper and print shall be of a quality that the print is not affected by harsh weather conditions and does not fade over time, nor smear or deteriorate due to moisture or UV rays. All field units will be operated by stand-alone power sources which will allow the units to perform uninterrupted for a minimum of a shift.
4. **Server(s)** – The Consultant shall provide computer servers for the storage and maintenance of records. The data contained in the Consultant's database shall be placed on the Internet for controlled use, and be password protected by the Consultant. Upon completion of the work, the consultant shall surrender the records to the City who shall maintain the official database and records on its government furnished secure server. Access to the City server is limited to "Official Use Only". The City server is provided and maintained by the City.
5. **Back-up equipment** – In the event of equipment malfunction, loss or damage, the Consultant shall assure a sufficient supply of replacement equipment and personnel are available such that production is not affected. The back-up equipment shall be readily available on-site for rapid distribution.
6. **GIS** – GIS mapping shall be provided by the Consultant from the most current source(s) available. This information shall be used as a base map to visually illustrate work zones, ticket and tower personnel locations and activities, work progress, historically and/or environmentally sensitive areas, geospatial data and other mission informational needs from the data gathered by the HHUs.
7. **Internet Accessible database** – The Consultant will establish a web based database which is updated daily if not real-time. The data shall be accessible, by permission only, to sub-contractors, local and state officials and others on a "need to know" basis. Database access will be role-based and no direct access to the data tables shall be allowed, unless approved by the City.

F. General Statement of Electronic Debris Monitoring System Parameters

1. The system must utilize an encryption protected removable data storage device. The data storage device will store data collected in the field, such as fields from traditional debris paper load tickets as well as truck certification information. The device must be capable of depicting images and other identifying data.
2. The system must have a database capable of storing all data collected in the field. The Consultant shall provide the City a copy of the database with a matching structure at the completion of the work unless otherwise specified.
3. The system must include the capability to share database records with contractors, sub-contractors, the Department, and others via the internet. Data contained in the system must be

password protected, implement role-based access controls and must have viewing, printing and editing capabilities. Each contractor, subcontractor and customer must have permissions that allow only them to review and print information specific to their need. The system shall also have the capability to generate reports on all aspects of the debris mission.

4. The Consultant uses the HHU to initiate the load data by entering the debris type into the HHU. The driver's media card will either be swiped or inserted into the HHU and the HHU will write the debris type, pick-up GPS location), address of pick-up if applicable, time, date, truck certification and driver information, and the ticket manager's unique ID Code onto the removable media. Once the data is written to the media, the Ticket Manager will return the media to the driver. By this action, the Consultant verifies the debris meets FEMA and FHWA eligibility requirements.
5. HHUs are used at the debris verification area of disposal site(s) by tower manager. The vehicle driver presents the removable media, which was previously initiated by the field monitor, to the tower manager personnel located in the disposal site tower(s). The tower manager verifies the debris classification is appropriate (vegetative, C&D, mixed, etc. and manually revises, if needed), verifies vehicle(s) and driver information is correct, estimates and enters the load quantity into the HHU. The HHU will automatically extract the information recorded earlier on the smart card and add the information to the tower manager's HHU including the date, time debris arrives, site ID, GPS readings, load quantity and tower manager unique ID Code.
6. All information regarding each debris load will be stored in the HHUs internal memory or on a separate, encryption protected removable media device. The debris load information will be uploaded to the system City and Consultant databases. Once this information is recorded, the tower manager HHU will clear the removable media's debris data for the driver to re-use.
7. The media will retain a running total of the quantity and type of debris hauled by a particular vehicle. All debris load information within the tower manager HHU will be retained until upload to the database has been accomplished and confirmed by authorized personnel. Direct access to data on the HHU will be restricted to personnel specifically authorized to do so by the City.

G. Functional Specifications and System Architecture

1. Ticket/Tower Managers – Personnel Registration, Administration and Management: The system shall have the capability to manage user roles. The majority of the system users will be either ticket or tower managers. At a minimum, the system must have the following capabilities:
 - A means to create encryption protected electronic media with unique User ID, digital photograph, user roles and other identifying data;
 - Electronic registration of ticket/tower monitor;
 - Link designated ticket/tower personnel roles to a specific mission;
 - The ability to edit ticket/tower personnel roles i.e., create, update and delete;
 - Store ticket/tower personnel contact information relative to the mission;
 - Track and Manage ticket/tower personnel role and status
 - Assign and track equipment assigned to the user;
 - Reject invalid ticket/tower personnel credentials;
 - Reject invalid certification credentials.
2. Truck Certification: The system shall have the capability to record truck and trailer certification data. Truck certification is used to register authorized debris hauling vehicles and equipment. At a minimum, the following must be included:
 - A means of electronically registering authorized debris Consultant vehicles and equipment;
 - Link electronic registration to digital images/Identify mission and respective City;
 - Generate unique ID's for contractor vehicles and equipment;
 - Utilize uniform measurements e.g. feet and inches;
 - Capture vehicle volume;
 - Utilize industry standard equations for all volume calculations;
 - Capture drivers and certification team member unique identification number;
 - A means to create encryption protected electronic driver removable media with unique Truck ID, digital photograph, truck and /or trailer measurements, vehicle volume, and other identifying data;
 - must depict image and other identifying data;
 - must contain counter area for total cubic yards hauled;
 - must employ anti-tampering mechanism;

- Capability to recertify vehicles;
 - Recertified vehicles must be recorded in an audit table;
 - Certification data must be associated to authorized system user;
 - Reject media which are not associated with current event and applicant;
 - Capture vehicle audit records;
 - Create a printed certification record;
 - Administrative reporting capabilities.
3. Right-of-Way (ROW) Debris Management: ROW transactional data must be captured, stored, validated, audited, reported and transmitted to mission managers, haulers and applicants. At a minimum, the application must exhibit the following characteristics:
- Allow creation of point of origin load data on encryption protected driver media when position is known and credentials have been authenticated;
 - Capture date and time and other relevant point of origin data;
 - Validate media is present in system and configured to receive data;
 - Designate debris type;
 - Designate debris location as Federal Aid or Non-Federal Aid;
 - Designate first pass and subsequent passes;
 - Write point of origin load data using encrypted storage algorithms;
 - Associate ticket/tower personnel credentials with point of origin load data;
 - Acknowledge successful card write via display status message;
 - Provide user configurable time option for GPS audit;
 - Detect current location using GPS and store data to secure memory location;
 - Provide capability to add digital image if debris is other than vegetative or C&D.
4. Debris Disposal Site Management: Completed ROW, and Per-unit point of origin transactions must be received at the approved disposal site. Transactions are not considered complete until they are processed thru the receiving applications. At a minimum, the system must provide the capability to:
- Accept site configuration data at the beginning of each work day;
 - Dynamically configure receiving application based on site configuration data;
 - Display certification data and photo from driver smart card so that ticket/tower personnel can perform a field audit of truck/trailer to assure data matches certification and placard number;
 - Accept loads where:
 - Mission and applicant are valid;
 - Media authentication data is valid and unaltered;
 - Media contains valid load data;
 - Designate debris type;
 - Record debris volume (based on unit of measure);
 - Receive volume or per unit loads;
 - Identify original load data;
 - Identify duplicate load data;
 - Configure number of hard copies;
 - Create load data record in internal storage;
 - Create backup copy of internal storage;
 - Prepare driver media for next load;
 - Increment driver smart card based on total CY counter value;
 - Continuously calculate and present real-time disposal site statistics;
 - Re-print load ticket data;
 - Interface with durable outdoor printer;
 - Preserve in its original state, then transmit daily transaction data;
 - Associate ticket/tower personnel credentials with each received load.
5. Field Administrative Functions: The system must have the capability to perform administrative duties in the field. Requirements include the capability to edit user roles, verify vehicle audit information, display real-time collection volumes, and review ticket/tower personnel GPS audit logs. At a minimum, the system must provide the capability to:

- Change ticket/tower personnel identification badge roles and responsibilities;
 - Review media total CY counter value;
 - Audit vehicle certification data;
 - Validate/Invalidate smart cards;
 - Reinitiate security sequence for ticket/tower personnel or media;
 - In tabular format, display the results of ticket/tower GPS audit files by limiting access to the internet data or by the Department secure server.
6. Data Consolidation and Analysis/Reports Generation: Transactional data must be summarized, validated, presented and audited to provide an overall status of mission performance. The system must facilitate billing, error reporting, performance tracking and graphical data preparation. At a minimum the Data Consolidation/Data Storage and Data.
- Analysis/Reports tools must provide the capability to:
- Accept transactional data sets from multiple debris location systems
 - Recognize multiple mission/applicant configurations
 - Grant access to authorized authenticated users or processes
 - Contain a master record of:
 - Roles and responsibilities
 - Ticket/tower personnel credentials and other data
 - Certification credentials and other data
 - Mission data
 - Applicant data
 - Geospatial data
 - o Street centerlines
 - o City outlines
 - o Population and demographic
 - o Elevation
 - o Wetlands delineation
 - o Historic and Environmentally Sensitive areas
 - o Debris work zones
 - o Parcel data
 - o Land use
 - o FEMA flood zones
 - Graphically depict:
 - Load locations by contractor
 - Load locations by subcontractor
 - Load locations by driver
 - Load locations by ticket/tower personnel
 - Load locations by date range
 - Load locations by zone
 - Load locations by municipality
 - Load locations by applicant
 - Load locations by mission
 - Load locations by debris type
 - Load locations by disposal site
 - Load locations by Federal, state and private roads
 - Load locations by land use
 - Load locations by disposal site
 - Thematic mapping techniques to distinguish different data by color and/or symbol
 - Identify data attributes for a single point of data
 - Select one or many points of data
 - Calculate operational efficiency statistics such as:
 - Trip turnaround time
 - Trip distance to disposal site (straight line projection sorted by 0 -15 miles, 16 – 30 miles, 31 – 60 miles and greater than 61 miles)
 - Average container fill percentage
 - Average tower manager load call
 - Load call trend data e.g., by tower managers, contractor, sub contractor, driver, etc.
 - Dynamically configure user interface in response to point data selection to limit user authorities

- Multiple data selections generate tabular data reports
- Filter mechanisms to highlight geospatial data
- Control data access using role based security
- User interface and access to underlying system data must dynamically configured at run time through the presentation of appropriate user credentials
- Manage data ownership
- Provide access based on security role model
- Identify and distribute "owned" transactional datasets to limit internet access to the website data to view only your data
- Prevent distributed data from being reprocessed for billing purposes
- Identify billing data sets based on parameters such as:
 - Time/Date
 - Contractor/Subcontractor
 - Debris type
 - Debris disposal method (haul-in, reduction, open burn, incineration, haul-out, leave in place, etc.)
 - Haul distance
 - Route billing data sets via defined and customizable workflow rules
- Approved billing data sets
- Communicate general event status e.g.:
 - Total CY hauled (by debris type)
 - Total CY by disposal site
 - Total CY by contractor/subcontractor
 - Total CY by work zone/sector
 - Total CY by municipality
 - Total CY by Federal, state and private roads
 - Total CY by certified vehicle
 - Number of vehicles utilized
 - Number of ticket/tower personnel resources assigned
- Manage user roles, responsibilities and passwords
- Prevent modification to original data by unauthorized or unauthenticated users
- Insert audit records into audit tables for all insertions, modifications, and deletions to original data.

7. Field Architecture – The field based system must be characterized by the following general statements of direction with respect to construction, operability, supportability and security. At a minimum, the system must:
 - Require user authentication credentials
 - Display current version at application start-up
 - Synchronize with Greenwich Mean Time (GMT) for all date/time fields
 - System must utilize location specific configuration data to initiate a warm start sequence for global positioning system
 - System must remain in a ready state by default
 - Acknowledge successful card write via display status message
 - Create identification structures which utilize encryption technologies
 - Employ anti-tamper and anti-tearing methods and technologies
 - Where applicable, utilize 3 DES data encryption technologies to protect data
 - Perform validation and checksum (a running production total of cubic yards or appropriate payment capacity) stored on each debris vehicle's removable media)
8. Back-office Architecture – At a minimum, the back-office applications must be characterized by the following general statements of direction with respect to construction, operability, supportability and security.
 - Utilize relational database technology
 - Employ geospatial analysis tools for data visualization
 - Enable audit ability for:
 - Data insertion
 - Data modification
 - Data deletion
 - Prevent field and row level data deletion
 - All access to data must be controlled

- Store certification and other identification data using encrypted relational technology
 - Reside in a secure internet environment
 - Preserve base transactional data in its original state prior to processing or consolidation with other data
9. Initial Startup Procedure For Debris Removal – Debris missions are critical to emergency response and the Consultant should be adequately prepared to respond.

H. Reporting

The City requires the Consultant to provide daily status reports, unless otherwise specified, of the debris removal operations, preparation of interim reports (as directed by the City), as well as a final report of the debris removal operations.

1. The daily status report shall include at a minimum: the daily cubic yards/tons collected by material and by program (FHWA-ER First Pass, First Pass on non-Federal Aid roadways, second and subsequent passes on all roadways), cumulative totals in cubic yards/tons by debris type, number of debris removal crews and equipment operating, number of debris monitors in field, cubic yards/ton by debris type hauled to final disposal and location of final disposal, and total cubic yard/tons hauled to recycling or salvage facilities.
2. An interim status report may be required at the discretion of the Department. A final report covering the history of the operations, the locations temporary debris sites used, remediation and site closure activities, including any environmental reports or authorizations generated; and the locations of final disposal sites and permits, recycling facilities and salvage facilities used during operations. The report may include identification of weakness in the operations and recommendations for future debris activities.

I. Permits

1. Assist the City with any permit applications and coordination with environmental agencies.
2. Assist the City with any pre or post sampling of soil or groundwater.
3. Monitor compliance by the contractors to any permit requirements.

J. Meetings and Communication

1. Conduct daily meetings with the City and the Debris Removal Contractor.
2. Conduct field meetings as needed.

K. Invoicing

1. Ensure all contract quantities for both the contractors and monitors are documented and recorded according to current Federal requirements, including but not limited to FHWA-ER actual costs incurred (cradle to grave) for work conducted on First Push and First Pass Federal Aid roadways, including time at disposal sites estimating loads on incoming and outgoing debris loads.
2. For Non-Federal Aid eligible roadways FEMA PA program actual costs incurred (cradle to grave) for work conducted on non-Federal Aid eligible roadways First Push, First Pass, and second and subsequent passes. Monitor's invoices must delineate between hours spent on FHWA vs. FEMA reimbursed tasks.
3. Maintain a database of all contract quantities and perform contractor invoice verification for the City.
4. All invoices shall be submitted in an acceptable format to the City in an electronic and hard copy format with daily reports as supporting documentation. The invoices must be submitted in accordance with the Consultant Invoice Transmittal System (CITS) procedures and other federal, state and local rules, regulations and laws.
5. Invoices shall be submitted on a monthly basis to the City.
6. Final invoice will be submitted to the City not later than the 30th day following final acceptance of the individual task of as requested by the City.

L. PROPOSAL RESPONSE REQUIREMENTS

A prospective service provider's response to this RFP should include the following information at a

minimum. Please note that the proposal should address the requirements in a clear and concise manner in the order stated herein.

1. Proposals must be tabbed as follows and must include the information/documents specified in the applicable tab. Proposals that do not adhere to the following format or include the requested information/documents may be considered incomplete and therefore unresponsive by the City.
2. The City reserves the right to seek additional/supplemental representation on specific issues as needed.
3. Proposers shall construct their proposal in the following format and a tab must separate each section.

Do not submit BINDERS 1 and BINDERS 2 together IN SAME ENVELOPE (OR OTHER PACKAGING). Place in separate sealed envelopes/PACKAGES).

BINDER 1 – QUALIFICATIONS PROPOSAL

In a sealed envelope (or other packaging), provide an **ORIGINAL, so identified, FOUR (4) complete copies AND 2 ELECTRONIC RESPONSES ON CD OR FLASH DRIVE. CD OR FLASH DRIVE MUST CONTAIN ONLY ONE (1) FILE IN PDF FORMAT AND MUST MATCH THE WRITTEN PROPOSAL INDENTICALLY. FAILURE TO PROVIDE PROPER CD OR FLASH DRIVE WILL RESULT IN DISQUALIFICATION.**

TAB 1 - EXECUTIVE SUMMARY

- Present in brief, concise terms, a summary level description of the contents of the proposal and your company and its capabilities. Give the names of the person(s) who will be authorized to make representations for the proposer, their title(s), address(es), and telephone and fax number(s). The summary must be limited to a maximum of two pages.
- The signer of the proposal must declare that the proposal is in all respects fair and in good faith without collusion or fraud and that the signer of the proposal has the authority to bind the principal proponent.

TAB 2 – Experience and Ability

The proposer shall include a statement that they will meet all program standards as provided for in the guides:

- MS Comprehensive Emergency Management Plan (CEMP)
<http://www.msema.org/wp-content/uploads/2015/09/Basic-Plan-FINAL-Sept.-2015.pdf>
- FEMA "Debris Management Guide"
<http://www.fema.gov/government/grant/pa/demagde.pdf>

Include any pertinent information needed to determine the proposer's experience and ability to perform the anticipated work.

The proposer shall supply sufficient documentation, such as identification of major subcontractors and equipment suppliers, that they are well versed in all aspects of FEMA documentation, reimbursement and project management as well as demolition and debris removal work.

The proposal will address the proposer's ability to mobilize including what is anticipated for a maximum time to mobilize.

TAB 3 – Past Performance

The proposer shall include a list of major debris monitoring projects completed within the past five years. Major debris monitor projects completed beyond the five years may also be presented. Include any pertinent information needed to determine the proposer's past performance. The proposal will address how

the proposer was previously deployed and their response times for deployment.

For each of the above items the proposer shall include details of the project such as: the public agency, their contact, FEMA contacts, all pertinent phone numbers and dollar amounts. The proposer should provide information necessary to investigate the work with the public agency.

The proposer shall provide at least three (3) references for contracts of a similar size and scope, (if available) including at least two references for current contracts or those awarded during the past five years. Include the name of the organization, the length of the contract, a brief summary of the work, and the name and telephone number of a responsible contact person. Also provide a description of any conflicts occurring over the last five years with these or any other contract for similar work.

TAB 4 – Understanding of Project Requirements

The proposer shall provide their interpretation of what is required to meet the needs of the City. The proposer will use this document, their knowledge and experience to develop their understanding of this project. The proposer is urged to develop scenarios or examples to fully explain their position.

TAB 5 – Approach and Method

The proposer shall provide a complete scenario for the various scopes of work and scenarios identified in Sections 1 and 2. Each scenario will include how the work will be accomplished, the quality control, and how FEMA requirements will be met. The proposer shall provide the management processes anticipated to be used. It shall include how the interaction may take place between the City, the Debris Monitoring Consultant and the proposer.

TAB 6 – SMALL, MINORITY FIRMS, WOMEN'S BUSINESS ENTERPRISES AND LABOR SURPLUS AREA FIRMS:

Contractor will take all necessary affirmative steps to assure that qualified small, minority firms, women's business enterprises, and labor surplus area firms are used when possible by (i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;(ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;(iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;(iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;(v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and(vi) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (e)(2) (i) through (v) of this section.

TAB 7 – MISCELLANEOUS DOCUMENTS

- Attachment A - Representations/Certifications (include Federal IRS Form W-9)
- Attachment B - Affidavit Certification Immigration Law
- Attachment C – Fee Proposal
- Acknowledged Addendums (if issued)

TAB 8 – COST/FEE PROPOSAL

In a sealed envelope (or other packaging), provide an **ORIGINAL, so identified, FOUR (4) complete copies AND 2 ELECTRONIC RESPONSES ON CD OR FLASH DRIVE. CD OR FLASH DRIVE MUST CONTAIN ONLY ONE (1) FILE IN PDF FORMAT AND MUST MATCH THE WRITTEN PROPOSAL INDENTICALLY. FAILURE TO PROVIDE PROPER CD OR FLASH DRIVE WILL RESULT IN DISQUALIFICATION.**

The fee shall include all travel, equipment, and any other related expenses.

Use attached "Fee [Proposal](#) Form" for costs (Attachment C).

PROPOSALS SHALL BE DELIVERED AS FOLLOWS:

All proposals must be delivered SEALED to the City of Gulfport at the address shown below no later than the time and date set for receipt of proposals. Failure to comply with this or any other paragraph of the Request for Proposals shall be sufficient reason for rejection of the proposal.

DELIVER the separate QUALIFICATIONS PROPOSAL and COST PROPOSAL envelopes/packages to:

**OFFICE OF PROCUREMENT
2ND FLOOR, HARDY BLDG.,
CITY OF GULFPORT
1410 24TH STREET
GULFPORT, MS 39501**

The front lower left corner of each envelope/container shall contain the following information for proper identification:

ANNOTATE EACH SEALED PACKAGE/PACKAGE WITH THE FOLLOWING INFORMATION:

QUALIFICATIONS AND COST PROPOSAL DEBRIS MONITORING SERVICES DUE NLT: [see Section 4.0 below]	
---	--

ALL PROPOSALS RECEIVED WILL BE RECORDED AND CLOCKED-IN AT THE OFFICE OF PROCUREMENT. The responsibility for submitting the proposal to the Office of Procurement no later than the specified time and date is solely that of the proposer. The City of Gulfport will in no way be responsible for delays in mail delivery or delays caused by any other occurrence.

LATE PROPOSALS WILL NOT BE ACCEPTED.

All proposals must be in writing. Non-responsive proposals may not be considered. The signer of the proposal must declare that the proposal is in all respects fair and in good faith without collusion or fraud and that the signer of the proposal has the authority to bind the principal Proposer.

The City shall not be liable for any costs incurred by a Proposer prior to entering into a contract. Therefore, all Proposers are encouraged to provide a simple, straightforward, and concise description of their ability to meet the project requirements.

No proposal may be withdrawn for a period of 60 calendar days after opening without permission of the City of Gulfport governing authority. Respondents will be afforded fair and equal treatment with respect to any opportunity for discussion and revision. Revisions will be permitted after submission and before final contract award for the purpose of obtaining the best and final offer.

SECTION 4.0 SCHEDULE OF EVENTS

The proposed schedule as related to this procurement is as follows. Specific information relative to each event throughout this RFP.

EVENT	DATE/TIME
Release of RFP	10-31-2020
Deadline for Questions/Request for Clarifications	11-4-2020 @11:00 am local time
Proposal Due Date/Time (Deadline)	11-6-2020 @11:00 am local time
Final Scoring/Ranking/Selection	11-6-2020
City Approval/Award	11-6-2020
Anticipated Start Date of Debris Removal Contractor	11-10-2020

SECTION 5.0 EVALUATIONS OF PROPOSALS

Evaluation of proposals will be performed consistent with the City's Procedures Manual using the following categories and weighted values:

Categories	Maximum Rating Points
Past Performance	20
Experience and Ability	20
Understanding of Project Requirements	10
Approach and Method	10
Cost/Fee Proposal	40
POTENTIAL MAX POINTS	100

After the Proposals have been evaluated and scored (preliminary), the Selection Committee may shortlist respondents (number to be determined after preliminary scoring).

SECTION 6.0 CONTRACT AWARD

- 6.1 The City reserves the right to incorporate the successful firm's proposal into a contract. Failure of a firm to accept this obligation may result in the cancellation of any award.
- 6.2 The selected firm will be required to assume responsibility for all services offered in the proposal. The City will consider the selected firm to be the sole point of contact with regard to contractual matters, including payment of any or all charges.

SECTION 7.0 RIGHT OF REJECTION

The City of Gulfport reserves the right to waive any informality in any proposal, to reject any or all proposals in whole or in part, with or without cause, and/or to accept the proposal that in its judgment will be in the best interest of the City of Gulfport and its citizens.

SECTION 8.0 REQUESTS FOR CLARIFICATIONS & ASSISTANCE

All inquiries/questions concerning this RFP must be in writing (email acceptable) and must be addressed as shown below not less than ***seven (2) business days*** prior to the proposal due date. Telephonic inquiries will not be considered. Inquiries on matters that affect the nature of this document will be conveyed in writing to all parties receiving this document.

Office of Procurement
 Attn: Connie Debenport, CPPB
 1410 24th Avenue
 Gulfport, MS 39501
cdebenport@gulfport-ms.gov
 cell: 228-236-7265

SECTION 9.0

C.F.R. 200 §13.35 Subawards to debarred and suspended parties.

The City of Gulfport will not make any award or permit any award at any tier to any party which is debarred or suspended or is otherwise excluded from or ineligible for participation in Federal assistance programs under Executive Order 12549, "Debarment and Suspension".

SECTION 10.0 ISSUANCE OF ADDENDA

If this solicitation is amended, the City will issue an appropriate addendum to the solicitation. If an addendum is issued, all terms and conditions that are not specifically modified shall remain unchanged. Proponents shall acknowledge receipt of each addendum to this solicitation using one of the following methods:

- a. IF ADDENDUM IS RECEIVED BY PROPOSER PRIOR TO SUBMITTING A PROPOSAL TO THE CITY: By signing and returning the addendum with the "Qualifications Proposal" (placed in appropriate TAB) to the City and no later than the time and date specified in this RFP.
- b. IF ADDENDUM IS RECEIVED BY PROPOSER AFTER SUBMITTAL OF A PROPOSAL TO THE CITY: By signing and returning the addendum (also sealed) to the City and no later than the time and date specified in this RFP.

SECTION 11.0 CONFIDENTIALITY

By submitting a proposal in response to this solicitation, a Proposer acknowledges that City is a governmental entity subject to the MS Code Related to Records Request, <http://mdah.state.ms.us/new/wp-content/uploads/2013/06/ch61.pdf>. The Proposer further acknowledges that any materials or documents

provided to City may be "public records" and, as such, may be subject to disclosure to, and copying by, the public unless otherwise specifically exempt by statute. Should a Proposer provide City with any materials which it believes, in good faith, contain information which would be exempt from disclosure or copying under MS law; the Proposer shall indicate that belief by typing or printing, in bold letters, the phrase "Proprietary Information" on the face of each affected page of such material. The Proposer shall submit to City both a complete copy of such material and a redacted copy in which the exempt information on each affected page, and only such exempt information, has been rendered unreadable. In the event a Proposer fails to submit both copies of such material, the copy submitted will be deemed a public record subject to disclosure and copying regardless of any annotations to the contrary on the face of such document or any page(s) thereof.

Should any person request to examine or copy any material so designated, and provided the affected Proposer has otherwise fully complied with this provision, City, in reliance on the representations of the Proposer, will produce for that person only the redacted version of the affected material. If the person requests to examine or copy the complete version of the affected material, City shall notify the Proposer of that request, and the Proposer shall reply to such notification, in a writing that must be received by City no later than 4:00 p.m., local time, of the second City business day following Proposer's receipt of such notification, either permitting or refusing to permit such disclosure or copying.

Failure to provide a timely written reply shall be deemed consent to disclosure and copying of the complete copy of such material. If the Proposer refuses to permit disclosure or copying, the Proposer agrees to, and shall, hold harmless and indemnify City for all expenses, costs, damages, and penalties of any kind whatsoever which may be incurred by City, or assessed or awarded against City, in regard to City's refusal to permit disclosure or copying of such material. If litigation is filed in relation to such request and the Proposer is not initially named as a party, the Proposer shall promptly seek to intervene as a defendant in such litigation to defend its claim regarding the confidentiality of such material. This provision shall take precedence over any provisions or conditions of any proposal submitted by a Proposer in response to the RFP and shall constitute City's sole obligation with regard to maintaining confidentiality of any document, material, or information submitted to the City.

SECTION 12.0 PROHIBITED COMMUNICATIONS

Prohibited communications shall be in effect from the date/time submittals are due for this solicitation until the City Commission or authorized designee awards or approves a contract, rejects all responses, or otherwise takes action which ends the solicitation process.

SECTION 14.0 GENERAL CONTRACT TERMS AND CONDITIONS

The final contract will include, but not limited to, the following contract terms and conditions:

EQUAL OPPORTUNITY AGREEMENT

In connection with work performed under a City of Gulfport contract, the Proposer agrees, to the extent possible, to give priority to utilizing resources within the City. Debris monitoring contract local preferences will include, but not limited to, the procurement of services, supplies, and equipment, plus awarding service subcontracts and employment to the local work force, upon receipt of a written award or acceptance of a contract, to support and abide by the City's Equal Opportunity Pledge.

By submitting a proposal in response to this solicitation, the Proposer agrees to:

- Not discriminate against any employee or job applicant because of their race, creed, color, sex, marital status or national origin;
- Post a copy of this pledge in a conspicuous place, available to all employees and job applicants.
- Place or cause to be placed a statement in all solicitations or advertisement for job applicants, including subcontracts, that the Proposer is an "Equal Opportunity Employer".

SECTION 15.0 INDEMNIFICATION

The contractor shall indemnify and save harmless the City of Gulfport, its officials and employees, from all losses, damages, costs, expenses, liability, claims, actions, and judgments of any kind whatsoever brought or asserted against, or incurred by, the City, including without limitation attorney's fees and costs of litigation, to the extent that the same arise out of or are caused by any act or omission of the consultant, its sub-consultants or subcontractors, or by the employees, officers, directors, or agents of the consultant, or

its subcontractors.

PAYMENT

Prompt Pay Policy.

It is the policy of the City of Gulfport to fully implement the provisions of the State of Mississippi Prompt Payment Act. For more information, refer to <http://www.zlien.com/prompt-payment/mississippi-prompt-payment-statute/>

Withholding Payment.

In the event a contract is canceled under any provision herein, the City of Gulfport may withhold from the Contractor any monies owed on that or any contract, an amount sufficient to compensate for damages suffered because of the violation resulting in cancellation.

SECTION 16.0 INSURANCE REQUIREMENTS

All respondents must submit with the RFP a current certificate of insurance indicating coverage in the amounts stated below. Failure to provide current insurance certificate will result in disqualification of proposal. Prior to commencing work, the Contractor shall procure and maintain at Contractor's own cost and expense for the duration of the agreement, the following insurance against claims for injuries to person(s) or damages to property which may arise from, or in connection with, the performance of the work or services hereunder by the Contractor, his agents, representatives, employees or subcontractors. The cost of such insurance shall be included in the Contractor's proposal.

Contractor shall maintain limits no less than:

Commercial General/Umbrella Liability Insurance - \$1,000,000 limit per occurrence for property damage and bodily injury. The service provider should indicate in its proposal whether the coverage is provided on a claims-made or preferably on an occurrence basis. The insurance shall include coverage for the following:

- Premise/Operations
- Explosion, Collapse and Underground Property Damage Hazard (only when applicable to the project)
- Products/Completed Operations
- Contractual
- Independent Contractors
- Broad Form Property Damage
- Personal Injury

Business Automobile/Umbrella Liability Insurance - \$1,000,000 limit per accident for property damage and personal injury.

- Owned/Leased Autos
- Non-owned Autos
- Hired Autos

Workers' Compensation and Employers'/Umbrella Liability Insurance - Workers' Compensation coverage with benefits and monetary limits in accordance with the laws of the State of Mississippi. This policy shall include Employers'/Umbrella Liability coverage for \$1,000,000 per accident. Workers' Compensation coverage is required as a condition of performing work or services for the City whether or not the Contractor or Vendor is otherwise required by law to provide such coverage.

Other Insurance Provisions

Commercial General Liability and Automobile Liability Coverage

- The City of Gulfport, members of its City Council, officers, agents, employees and volunteers are to be covered as additional insured's as respects: liability arising out of activities performed by or on behalf of the Contractor; products and completed operations of the Contractor; premises owned, leased or used by the Contractor or premises on which Contractor is performing services on behalf of the City. The coverage shall contain no special limitations on the scope of protection afforded to the City of Gulfport, members of the City Council, boards, commissions and committees, officers, agents, employees and volunteers.
- The Contractor's insurance coverage shall be primary insurance as respects the City of Gulfport, members of its City Council, officers, agents, employees and volunteers. Any insurance or self-

insurance maintained by the City of Gulfport, members of its City Council, boards, commissions and committees, officers, agents, employees and volunteers shall be excess of Contractor's insurance and shall not contribute with it.

- Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City of Gulfport, members of its City Council, officers, agents, employees and volunteers.
- Coverage shall state that Contractor's insurance shall apply separately to each insured against whom a claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Workers' Compensation and Employers' Liability and Property Coverage

- The insurer shall agree to waive all rights of subrogation against the City of Gulfport, member of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers for losses arising from activities and operations of Contractor in the performance of services under this Agreement.

All Coverage

- Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) days prior written notice has been given to the City.
- If Contractor, for any reason, fails to maintain insurance coverage, which is required pursuant to this Agreement, the same shall be deemed a material breach of contract. City, at its sole option, may terminate this Agreement and obtain damages from the Contractor resulting from said breach.
- Alternatively, City may purchase such required insurance coverage (but has no special obligation to do so), and without further notice to Contractor, City may deduct from sums due to Contractor any premium costs advanced by City for such insurance.
- City named as "additional insured" as it's interest may appear.

Deductibles and Self-Insured Retentions

- Any deductibles or self-insured retentions must be declared to and approved by the City. At the option of the City, the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City of Gulfport, members of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers; or the Contractor shall procure a bond guaranteeing payment of losses, related investigation, claim administration and defense expenses.

Acceptability of Insurers

- Insurance is to be placed with Mississippi admitted insurers rated B+X or better by *A.M. Best's* rating service.

Verification of Coverage

- Contractor shall furnish the City with certificates of insurance and with original endorsements affecting coverage required by this clause. The certificates and endorsements for each policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be received and approved by the City before work commences.

Subcontractors:

- Contractor shall include each of its subcontractors as insureds under the policies of insurance required herein.

Respondent's duty to defend, indemnify and hold the City of Gulfport harmless shall be absolute. It shall not abate or end by reason of the expiration or termination of any contract unless otherwise agreed by the City of Gulfport in writing. The provision of this section shall survive the termination of the contract and shall remain in full force and effect with respect to all such matters no matter when they arise.

In the event of any dispute between the parties as to whether a claim, demand, suit, action, proceeding, lien or judgment appears to have been caused by or appears to have arisen out of or in connection with acts or omissions of Respondent, Respondent shall never-the-less fully defend such claim, demand, suit, action, proceeding, lien or judgment until and unless there is a determination by a court of competent

jurisdiction that the acts and omissions of Respondent are not at issue in the matter.

Respondent's indemnification shall cover, and Respondent agrees to indemnify the City of Gulfport, in the event the City of Gulfport is found to have been negligent for having selected Respondent to perform the work described in this request.

Respondent shall cause all trade contractors and any other contractor who may have a contract to perform construction or installation work in the area where work will be performed under this request, to agree to indemnify the City of Gulfport and to hold it harmless from all claims for bodily injury and property damage that arise may from said Respondent's operations. Such provisions shall be in form satisfactory to the City of Gulfport.

Loss Deduction Clause – the City of Gulfport shall be exempt from, and in no way liable for, any sums of money which may represent a deductible in any insurance policy. The payment of deductibles shall be the sole responsibility of Respondent and/or trade contractor providing such insurance.

17.0 PERFORMANCE AND PAYMENT BOND

In the event this contract is activated the awarded contractor shall post with the City of Gulfport within thirty-six (36) hours of notice and prior to any work commencing, a performance and payment bond in the amount of one hundred percent (100%) of the total purchase order amount. These bonds shall be executed by a corporate surety company duly authorized and admitted to do business in the State of Mississippi and licensed to insure such a bond in the State of Mississippi. Provide a letter from Surety Company of current bonding availability.

18.0 PIGGYBACKING:

No other governmental entities are permitted to utilize this agreement in accordance with FEMA regulations.

Proposal of: Debris Monitoring Services

(_____), organized and existing under the laws of the
Company/Firm name

State of _____, doing business as _____.

**To: City of Gulfport
1410 24th Avenue
Gulfport, MS 39501**

Gentlemen, in compliance with your invitation for proposals for:

DEBRIS MONITORING SERVICES

FOR THE CITY OF GULFPORT, MISSISSIPPI

Having examined the proposal documents, and scope of work, we do hereby propose to provide professional services and meet and satisfy all requirements and duties in accordance with the contract documents and at the price stated below. This price is to cover all expenses incurred in adequately and properly performing the work and services required under the contract documents, of which this proposal is a part.

The signee of this Affidavit guarantee, as evidenced by the sworn affidavit required herein, the truth and accuracy of this affidavit to interrogatories hereinafter made.

CITY RESERVES THE RIGHT TO REQUEST SUPPORTING DOCUMENTATION, AS EVIDENCE OF SERVICES PROVIDED, AT ANY TIME.

ATTACHMENT C

FEE SCHEDULE

DEBRIS MONITORING SERVICES

Provide an hourly price for each of the positions listed below. If your company provides other related positions, please add as appropriate. Note that descriptions are indicative of the type of work normally performed but descriptions are not comprehensive.

Item	Description	Hourly Rate
1	Project Manager: This position will serve as the Contractors' manager on the project. This position will direct the activities of contractor staff. Will work directly with the City's representative on the project. The Project Manager will be involved in pre-event planning and meetings as to become familiar with the City and its' operation.	\$
2.	Lead Monitors: Assist in setting-up and manning the TDSRS. Help train the Site and Field Monitors and track their performance. Assist in assigning Field Monitors to contract haulers. Assist in assigning Field Monitors and contract haulers to collection grids. Assist in tracking the daily collection on a citywide grid map. Assist in coordinating the daily collection operation in concert with the contract haulers Site Superintendent. Track the daily count of Field Monitors necessary to meet the contract hauler's demands. Track the daily count of contract hauler's trucks, trailers and loading equipment. Provide daily collection status reports to the Project Coordinator on request. Fill in as Site Monitor if needed. Record and inspect any property damage, public or private that may occur during the debris removal operation. Track and verify the satisfactory repair of any damage.	\$
3.	Site Monitors: Trained to evaluate and certify that each load of debris represents the actual size of the load by percentage of total rated capacity. FEMA staff rates the performance of each Site Monitor for accuracy. FEMA requires that two trained inspectors rate each load before it can be off-loaded at the collection site. One inspector is representing the City and the other is representing the Contractor. Both Site Monitors must agree on the percentage of load and sign off on the load ticket for the cubic yard quantity to be FEMA reimbursable.	
4.	Field Monitors: Trained to follow each contract hauler as debris is collected throughout the City. The Monitor must witness and certify by street address that the storm debris was collected from public roadways only. The Monitor must certify that the debris piles are not mixed (vegetation or construction & demolition debris) before loading. The Monitor is assigned to hauler(s) and given a certain grid in the City to collect either vegetation or C&D debris. The Monitor must assure that all targeted debris is removed by the contract hauler during each pass before the contract hauler may move to a new area. The Monitor must record the time, location and sign the contract haulers load ticket before the load can be delivered to the collection site for processing. The Monitor is responsible for reporting any unsafe or unauthorized collection practices to the Site Monitors for corrective action.	\$

Approach and Method

Operational Schedule

Based on Tetra Tech's understanding of the City and their needs, we have developed a draft mobilization schedule with key project management tasks in chronological order. The timeline is based on a typical activation; however, Tetra Tech is prepared to work with the City to adjust the timing of the specific elements below to meet the City's needs.

Prior to an event with warning (such as a hurricane), our team will begin monitoring the landfall of any tropical system at H-96 and will coordinate via conference call with the City. Following an event without warning (such as tornadoes or flooding), Tetra Tech will begin response at H-0.

Exhibit 5-1: Disaster Debris-Generating Event Operational Plan

Time	Task	Deliverables/Milestones
Preparedness		
Pre-event (normal conditions)	Meet with the City to review plans and documents	- Conduct annual pre-event meeting with the City and debris contractor - Review the City's disaster recovery contracts for FEMA compliance - Update critical documents and files, including any GIS files
H-96	Review capabilities and resources	- Contact the City and initiate daily conference call - Determine resource requirements from debris model - Review the City's emergency policies and contracts - Establish contact with the City's debris hauler and ensure Tetra Tech has the most up to date copy of the debris hauler contract
H-72	Execute responsibilities and activate contracts	- Review possible critical areas of concern, hospitals, major transit systems, historic districts, environmental issues, and critical infrastructure - Review protocols for private property, gated communities, and public drop-off sites - Review debris management site (DMS) locations and follow up with the Mississippi Department of Environmental Quality (MDEQ) on permitting procedures - Estimate equipment requirements and DMS capacity to haul and stage debris - Prepare ADMS technology for mobilization
H-48	Monitor storm track and continue preparations	- Conduct regular meetings with City staff as requested - Confirm staging location and begin mobilization of resources - Mobilize project assets and begin base camp coordination and logistics (food, water, housing, etc.) with the City and Tetra Tech headquarters (if necessary) - Review list of priority roads and the operational plan - Obtain GIS files for municipalities that the City will assist with debris removal - Continue to update and gather updates from the City's debris hauler
H-24	Prepare final reports	- Save all critical documents and files to the network drive, USB drive, and laptop hard drive - Certify emergency road clearance equipment (in coordination with the City's debris hauler) - Determine emergency road clearance priorities

Time	Task	Deliverables/Milestones
H-0	ARRIVAL OF NOTICE EVENT/INITIATE RESPONSE TO NO-NOTICE EVENT	
Response		
H +24	Emergency push	• Receive notice to proceed with not to exceed • Begin emergency push • Maintain time and materials (T&M) logs for push equipment • Coordinate with the City to conduct preliminary damage assessments and road closures (if requested) • Supervisors report to pre-designated locations and prep staff on project • Begin establishing ADMS infrastructure • Begin recruiting and training monitors, project coordinators, and data staff • Initiate opening of DMS locations • Follow up with MDEQ on debris permits (if required) • Work with the City to establish public information protocols to respond to concerns and comments
H +48	Emergency push/ damage assessment	• Continue emergency push • Continue preliminary damage assessment • Develop debris cost estimate required for presidential disaster declaration • Develop operational plan for disaster-specific issues • Refine health and safety plan for disaster-specific issues
H +72	Disaster debris vehicle certification/ site preparation	• Begin hauling truck certification • Install ADMS tower monitor infrastructure • Train monitors on policies, ADMS, and safety • Open public drop-off sites as requested
H +96	Begin debris collection monitoring	• Assign monitors to trucks • Assign supervisors to monitors • Hold morning and afternoon meeting with City staff and debris hauler • Implement QA/QC procedures
Recovery		
Week 1+	Right-of-way (ROW) debris collection monitoring	• Continue ROW collection • Address household hazardous waste (HHW) issues (if critical) • Issue daily reports/GIS maps • Hold daily meetings with the City, hauler, and/or State/FEMA as required • Staff citizens debris management hotline (if requested) • Define supplemental programs required (private roads, HHW) and prepare eligibility request
Week 1+	Data management and invoice reconciliation	• Provide ADMS reports and real-time monitoring access • Establish client GeoPortal to provide insight into project progress • Review truck metrics provided by RecoveryTrac™ • Initiate weekly reconciliation • Initial payment recommendations with retainage
Week 1+	Reimbursement support/grant administration (FEMA, NRCS)	• Prepare damage/cost estimates • Compile supporting documentation (debris permits, debris contracts, etc.) • Liaise with FEMA Region 4, Mississippi Emergency Management Agency (MEMA), U.S. Army Corps of Engineers (USACE), etc.

Time	Task	Deliverables/Milestones
Week 2+	Special projects (if required)	• Waterway debris removal • Private property debris removal (PPDR) • Public drop-off sites • HHW • Mud/silt/sand removal (from storm drains, ditches, etc.) • Identify areas of operational concern and make disaster-specific recommendations to FEMA to improve efficiency
Week 3+	Financial recovery assistance staff engaged (if requested)	• Facilitate kickoff meetings with primary stakeholders • Draft a PA work plan • Conclude/review preliminary damage assessments • Gather documentation for project worksheet (PW) development • Identify opportunities for mitigation • Conduct site visits
Project completion	Document turnover/closeout	• Final reconciliation • Retainage release • Release hard copy files • Provide electronic database • Assist with PW development • Assist the City with long-term reimbursement • Audit assistance • Appeal support if necessary

Project Management Methodology

Our methodology of project management governs both the planning and execution of all project work. The strategy, structure, and staffing requirements for the project organization are based on client expectations and the desired outcome. Tetra Tech's project management methodology enables our team to achieve success despite the unpredictable nature of disasters. Our methodology addresses the project management areas shown in the exhibit below.

Exhibit 5-2: Project Management Areas

These management areas are administered using the established project management procedures and protocols we have developed and refined over the years and numerous disaster activations. Our interactions with our clients are based on best practices that balance the need for direction of operational priority, issue resolution, and relevant information with considerations for the time availability of the client.

Procedures and Protocols

Each phase of Tetra Tech project management has documented procedures that govern the execution to provide **scalable, consistent, high-quality results**. We use a systematic approach with frequent in-process quality checks to execute our project processes. Our general project approach includes tasks in each of the following phases:

- **Initiation (Pre-Event)**
 - **Annual coordination** – Conduct annual trainings and meetings to plan and test execution protocols and identify potential risks/mitigation opportunities.
 - **Contract review** – Review contracts for understanding of contractual requirements and possible cost savings.
 - **Communication systems checks** – Verify that communication systems function as designed and reporting needs are understood.
- **Mobilization (Immediately Prior to and Following Event)**
 - **Scope, tasking, and budget** – Determine services required, performance metrics, schedule, and budget constraints.
 - **Deployment and resource requirements** – Develop work plan and safety plans. Update risk matrix for work plan specifics.
 - **Staging of equipment and resources** – Coordinate movement of required support equipment/supplies and setup of communication and information systems.
- **Execution (Post-Event)**
 - **On-boarding and training staff** – Conduct suitability for work checks and provide targeted training program based on work and safety plans.
 - **Monitoring** – Supervise field operations, quality assurance/quality control (QA/QC) in-process checks, prioritization of resource management, and project reporting.
 - **Communication** – Conduct status meetings and communicate project metrics and other pertinent information.
 - **Issue tracking/resolution** – Conduct issue identification, staff communication, and resolution tracking.
- **Closeout (Post-Event)**
 - **Documentation deliverable** – Produce and deliver required documentation to support auditing.
 - **Demobilization** – Manage reduction in staff, post-use maintenance, and movement of equipment and supplies.
 - **Audit support** – Provide continued availability of information systems to support closeout information requests.

Client Interaction

Coordinated project communications coupled with accurate information enables effective decision-making. Our implementation of this provides our clients with the benefits:

- **Common Operating Picture**
 - Tetra Tech's real-time data sharing information portal allows the client, the debris removal contractors, and the monitoring firm to access the same accurate information, which markedly improves their ability to execute efficiently. The result is a much more efficient completion of project objectives.
- **Interoperability**
 - The information portability across disparate systems is the true power of Tetra Tech's client interaction and communication system. It allows integration with existing systems to provide better understanding and coordination among organizations.
- **Reliability, Scalability, and Portability**
 - Documented procedures and protocols enable scalability without loss in fidelity and quality of work product. When in-process quality controls and team cross-training are added, the ability to tolerate faults without affecting outcome is substantially increased.
- **Resiliency and Redundancy**
 - Experience operating in disasters enables Tetra Tech to design systems and processes to be able to withstand loss of infrastructure and key personnel yet maintain client expectations for information. This is accomplished not only in technology design, but in effective procedural protocols and our risk mitigation component.

Tetra Tech's project managers use methods specifically aimed at increasing the success of the team by engaging in *collaborative problem solving and issue resolution*. By approaching others with professional mutual respect, our project managers form relationships that allow close coordination between the client and other contractors, ultimately improving communication, coordination, and efficiency of the project.

RecoveryTrac™ Automated Debris Management System – Tetra Tech's Alternative to Paper Ticketing

In today's technology-driven society, paper-based systems are quickly becoming obsolete. Recognizing the migration to electronic-based systems, our team has spent years on research and development in an effort to streamline the debris collection documentation process, with a focus on minimizing the cost to our clients while improving the visibility of debris project operations. RecoveryTrac™ is the result of these efforts. RecoveryTrac™ is a scalable and fully featured disaster management application designed specifically to address the operational challenges faced during a disaster recovery project.

Our proprietary ADMS technology, RecoveryTrac™, is one of only three systems validated by the U.S. Army Corps of Engineers (USACE). The system provides real-time collection of data and offers multiple solutions to data

- Owned and operated by Tetra Tech
- Over 6,000 mobile units on-hand and ready for state-wide multi-district mobilizations
- Meets USACE specifications for electronic debris monitoring handhelds
- Real-time situation awareness of field resources and efficient direction to support City priorities
- Real-time GIS web services for EOC information and visualization systems
- Capable of collecting data regardless of cellular service
- Automated photograph and GPS capture
- Provides reports and pass map tracking in real-time
- Minimizes chance of fraud through real-time monitoring
- Minimizes data entry and human error
- Expedites invoice reconciliation
- Intuitive and user-friendly

management, reporting, invoice reconciliation, and project controls that cannot be achieved with a paper-based program.

Tetra Tech has implemented RecoveryTrac™ ADMS technology on our last 200 FEMA PA-eligible projects. On these projects, our clients and FEMA found this state-of-the-art technology to increase efficiency and improve the management of debris removal efforts.

Key Benefits of RecoveryTrac™

Ability to Respond. Combined with the on-hand inventory of over 6,000 handheld devices and the ability to rapidly procure additional equipment through preferred vendor relationships, the City can rely on our mobilization strategy for zero-day activations in disasters covering large areas with little or no-notice. **The on-hand inventory can be on-site and ready to use within 24 hours of a notice to proceed,** and additional needs can be met quickly (in most cases, 72 hours or less).

Simple and Intuitive. A key foundation of our mobilization strategy is the ability to quickly hire and train local residents and begin debris removal operations. The mobile application is simple to understand and intuitive, allowing most users to begin using the device once the standard monitor training is completed.

Cost Effective. RecoveryTrac™ combines the advantage of automation and the desire of our customers to control costs by utilizing widely available commercial equipment and increasing the simplicity of operations.

Reliable and Stable. Based on the Android operating system, RecoveryTrac™ is secure and reliable. This minimizes the interruptions in field operations due to technical difficulties and reduces the number of support personnel required to maintain the system.

Technical Support. RecoveryTrac™ is designed to be self-repairing when possible; most support needs are resolved by field supervisors who are able to reach field monitors within 15–30 minutes in most cases. In addition, we have dedicated technicians at disposal sites and provide a field service center to maintain and repair equipment.

Real-Time Reporting. The key to successful management of a debris project is the timely availability of relevant information needed to make sound decisions and respond to anomalies before they become issues. Our powerful reporting engine allows the user to monitor contractor performance, track damages, track street-by-street debris removal progress, and identify and resolve potential problems as they happen. The geospatial reporting systems within RecoveryTrac™ provide real-time information that raises the bar for post-disaster project management.

Even under the harshest conditions where cellular service is not available, RecoveryTrac™ was built to comply with U.S. Army Corps of Engineers (USACE) specs using Near Field Communication (NFC) and internal memory to protect and transfer data.

The RecoveryTrac™ Process

The steps of the RecoveryTrac™ process are as follows:

1. The process begins with debris hauler truck certification using the handheld devices. Handheld devices are provisioned and assigned to both field and debris site/tower monitors.
2. A truck certification form is printed with a unique electronic bar code and provided to the driver as well as our debris site/tower monitor(s).
3. Field monitors begin a ticket by scanning the truck certification bar code to open a control ticket and then begin

Recently, our team simultaneously deployed approximately 6,000 ADMS units in the field following Hurricanes Harvey, Irma, Maria, and the California Wildfires. The use of RecoveryTrac™ reduces data entry costs and provides real-time project tracking reports to our clients.

TAB 5: APPROACH AND METHOD

to record waypoints (debris pile pick-up locations) on the handheld device as the truck is loaded.

4. When the truck is full, the field monitor selects the debris type and scans the control ticket to assign the load a unique number.
5. The truck then proceeds to the disposal site. The collection data is uploaded to a server via cellular connection, and using a process called *Look Ahead*, the collection ticket information is made available to the disposal monitor's handheld device before the truck arrives.
6. The control ticket is provided to the driver and taken to the DMS, where it is scanned by a debris site/tower monitor.
7. The debris site/tower monitor confirms the truck and debris type and enters the load call.
8. Finally, the disposal load ticket is printed and data is uploaded to the system, where it can be utilized in real-time reporting systems.

Even when there is no cellular connection, the handheld devices continue to operate in connected mode; however, the data is stored on the device until a data connection is restored. The device periodically searches for this connection, and when services are restored, the handheld device automatically uploads the stored ticket data. Exhibit 5-3 shows the RecoveryTrac™ process under normal operating conditions.

Exhibit 5-3: RecoveryTrac™ Process

Emergency Push Period

The emergency push period begins immediately following an event. Debris removal contractors coordinate with City crews to clear blocked roadways for emergency vehicle passage. Tetra Tech is prepared to assist during the push period by providing the following services:

- Documenting blocked roads that require immediate clearance
- Administering the sign-in and sign-out of labor and equipment to track time and materials (T&M) charges

- Helping staff maintain maps or databases to track road clearance progress and other essential tasks, as requested
- Maintaining documentation for reimbursement of emergency push work

Vehicle Certification

Tetra Tech has a proven vehicle certification procedure that complies with FEMA guidelines and results in maximum reimbursement for our clients. Tetra Tech's ADMS technology, RecoveryTrac™, will be used to electronically certify all trucks used in an activation. Benefits of using the mobile truck certification application include **electronic volume calculations**, instantaneous upload to the RecoveryTrac™ database to allow immediate QA/QC checks to verify the truck certification calculations, and automated photo-matching of truck and driver photographs to the truck. The truck certification application allows us to complete truck certifications in **30% less time than with a paper-based system**.

Our disaster debris vehicle certification procedure includes the following:

- Generation of unique truck numbers for contractor crews and equipment
- Automated truck certification form, which includes the latest FEMA guidelines on truck certification documentation and volume calculations and a bar code for automated ticket scanning
- Special vehicle notations on the truck certification form and vehicle placard, which inform tower monitors of sideboards, tailgates, or other modifications, thus discouraging debris removal contractors from fraudulently altering vehicles after certification
- Photographs of vehicles, vehicle cavities, and drivers
- Periodic spot checks and recertification of trucks to identify trucks altered after initial certification

Right-of-Way Collection Reporting

Our ADMS technology allows the City to view debris collection points, truck locations, monitor locations, damage, incidents, and daily metrics at any given time. The additional geospatial reporting capabilities are made possible through the Tetra Tech approach to field monitoring.

At each debris collection point, the field collection monitor marks the waypoint or location of the debris pile to collect GPS coordinates. The map below displays the waypoints associated with each collection ticket issued in the field. The waypoint collection report is updated in real time and can be filtered by date.

Exhibit 5-5: Waypoint Collection/Hazardous Tree Maps

An additional feature of our ADMS technology is that each handheld device reports back the location of the device regularly. By leveraging this location information, Tetra Tech can view monitor locations and truck locations in real time, as demonstrated in Exhibits 5-6 and 5-7.

Exhibit 5-6: Monitoring Locations

Exhibit 5-7: Truck Locations

Field Operations

The Tetra Tech debris monitoring program includes the following:

- **Operations.** Field collection monitors report to a staging location prior to the commencement of daily operations for a briefing to be given by the project manager or field supervisors and the distribution of safety gear (for example, caution lights or safety vests), map books, and ADMS handheld devices and debris tickets.
- **Deployment.** A field monitor is assigned to one loading unit or to a leaner and hanger removal crew. In instances where leaner and hanger crews have multiple saw operators, the cut crew can request the addition of a monitor (this typically happens when a cut crew can complete over 60 hazard removals per day).
- **Field Supervision.** Responsibilities of the field supervisor monitor include training, QA/QC of work being performed, verifying load ticket accuracy, and responding to field monitor and debris contractor issues in the field.
- **Responsibilities.** Field monitors will verify the proper loading of debris into the debris removal contractor's certified loading container. Monitors will document that contractors and their subcontractors adhere to local, state, and federal regulations and that they are working safely and efficiently. Field monitors often notice inconsistencies with debris removal procedures and submit them to their supervisors. If a field monitor feels there is justifiable need to stop operations, the monitor is instructed to refrain from issuing a ticket until the debris hauler supervisor and a Tetra Tech supervisor can be called in to determine the appropriate action.
- **Work Scheduling.** Tetra Tech will coordinate with the debris removal contractor's project manager to estimate the number of field monitors that will be required for the following day. To be responsive and mitigate overstaffing, Tetra Tech requests that the debris hauler release the next day's schedule by 5 p.m. This will verify the appropriate number of field monitors is dispatched.
- **Daily Closeout.** At the close of operations each day, all collection and disposal monitors will report to the staging area to clock out and turn in their ADMS handheld devices.
- **Contractor Completion.** Tetra Tech will assist the City in completing the project efficiently and within the timelines set forth in the RFP. There are many aspects of debris removal that are outside of the monitoring firm's control but will still need to be managed. Tetra Tech will assist the City with managing these goals, including the following:
 - The ability of a debris contractor to respond with sufficient equipment will affect the proposed schedule. Tetra Tech will provide burn rate analysis to verify the proper equipment is being provided. This will be adjusted as more accurate debris estimates are available.
 - Leapfrogging by the contractor (cherry picking work being performed) is detrimental to the efficiency of operations and will be reported.
 - Invoices by the contractor need to be produced in a timely manner so that Tetra Tech can reconcile in a timely manner. Tetra Tech will work to make the contractors aware of an appropriate time frame for invoicing and will communicate with the City if deadlines are not being met.
 - Deadlines for collecting debris are set to correspond with the work schedule that is based on estimated work to be completed. As damage estimates become more accurate (as is typical throughout the process), Tetra Tech will work with City officials to adjust the timeline to appropriately reflect the changing estimates.

In addition, there are events out of the control of all parties that could negatively impact a debris removal operation (for example, inclement weather). In the event any of these circumstances occur, Tetra Tech will work closely with the City to refine timelines and support an expeditious recovery for the City.

Debris Management Site Monitoring

Response to debris-generating events requires locating DMS, emergency permitting of DMS (including debris burning and State regulatory permits), baseline soil testing before the DMS are opened and as part of remediation process, and recycling and diversion initiatives once the reduced vegetative debris is collected and processed. Tetra Tech has had significant experience assisting local governments in Mississippi with pre-permitting DMS before a disaster event as well as post-disaster permitting.

As DMS are activated, Tetra Tech will provide a minimum of two disposal monitors per site. Staffing numbers may also increase or decrease, depending on site layout. Tetra Tech verifies hauler passes through the DMS and documentation remains accurate and complete with several daily audits by project operations managers and supervisors to verify load call accuracy and consistency. Specific documentation kept by Tetra Tech DMS disposal monitors includes the following:

- **Load Ticket.** The load ticket is used to document that debris removal complies with all FEMA requirements.
- **Disposal Monitor Log.** The disposal monitor log is used as backup documentation as required by FEMA.
- **Scale Manifest Tickets.** If the debris hauling contract is weight-based, Tetra Tech will digitize and catalog tickets generated by the existing scales at the City's DMS.
- **Incident Report.** Tetra Tech will document property damage, arguments, unsafe practices, and injuries.
- **Photographic Documentation.** Tetra Tech disposal supervisors will photograph a DMS frequently to create a visual timeline of the site.
- **QA/QC of Field Tickets.** Disposal monitors review and verify collection monitors' work in the field.

Exhibit 5-8: Load Call Estimate Examples

Residential Drop-Off Sites

To provide documentation to FEMA that supports reimbursement of debris brought by the City's residents to residential drop-off sites and proves the debris is not commercial, the City must monitor each site and screen citizens who enter. Tetra Tech is prepared to support the City by assisting with this task if needed.

Quality Assurance/Quality Control Program

Implementing comprehensive QA/QC protocols and technologies is critical to a debris monitoring effort. Proper QA/QC protocols reduce the amount of work associated with back-end data management, reduce invoice reconciliation timeframes, prevent fraud, and establish a sound dataset for future audits. Throughout years of experience assisting local governments with recovering from disasters and the subsequent audits, Tetra Tech has developed industry-leading QA/QC standards and protocols. The use of our ADMS technology expedites the QA/QC process and drastically reduces ticket errors that can result from traditional manual (paper and pen) debris monitoring operations. For example, monitors no longer have to carry a GPS device and manually write in GPS coordinates because this is logged automatically.

Our ADMS technology expedites the QA/QC process and drastically reduces ticket errors that can result from traditional manual (paper and pen) debris monitoring operations.

Due to the real-time information collected by our ADMS technology, Tetra Tech can establish a virtual command center to audit project information during the collection process and correct issues as they appear. For example, our ADMS technology provides reporting and tracking on any missed debris piles. This allows Tetra Tech to improve our responsiveness to resident complaints and provide real-time tracking tools to manage removal of these missed piles to the City.

Exhibit 5-9: Missed Piles Tracking

Fraud Prevention

Several practices are used to prevent debris haulers from committing fraud both in the field and remotely by real-time data monitoring. At DMS locations, Tetra Tech disposal monitors or supervisors will randomly recertify a previously certified truck. Recalculating the truck hauling capacity helps verify that the original work was accurate and that nothing has been altered since certification. Additionally, ADMS technology displays a photo of the truck as a ticket is scanned by the disposal monitor. This makes it nearly impossible for a debris hauler to switch truck certifications between trucks or alter their truck configuration (i.e., remove sideboards).

Fraud prevention reports are run daily to identify data anomalies that may be a result of fraud. The load call report shows all load calls for a given day/monitor to confirm no trucks are receiving extraordinarily high load calls. The load ticket report and unit rate daily ticket report determine if monitors are issuing an excessive number of tickets in relation to the average number of tickets per day. The RecoveryTrac™ system includes built-in project controls that alert the data manager to anomalies that may be indicative of fraud. For example, the following data features are flagged:

- **Truck Turn-Around-Time.** The time between last pick-up location and arrival of a truck at the DMS is tracked. A time that is too short may indicate that the debris hauler is not filling the vehicle to capacity.
- **Out-of-Bounds.** The municipality boundaries are programmed geospatially to confirm that debris pick-up remains within the eligible bounds of the City.
- **Debris Type.** Discrepancies between the debris type noted by the collection monitor and the debris type noted by the disposal monitor are flagged for review.

Hazardous Tree Removal

Guidance established by FEMA requires supporting photo documentation for each ticket issued for hazardous tree or hanger removal services. The previous standard for monitoring firms was to take supporting photographs with a digital camera and manually associate the photos to each tree ticket. Tetra Tech can utilize ADMS technology to automatically associate photographs for all hazardous tree and hanger removal operations, which eliminates the potentially extensive labor associated with this task. Additionally, our ADMS technology and software is designed to manage photo documentation by compressing and securely storing photos for field validations and audits in real time. The ability to associate photo documentation to unit rate tickets is critical for FEMA reimbursement, QA/QC, and fraud deterrence.

As work in the field is completed, the information and supporting photos are uploaded directly to our database for QA/QC checks. A QA/QC manager verifies that the photographs comply with FEMA regulations and that all measurements meet the City's contractual agreement with the contractor.

Unit Rate Ticket Geoportal Report

As monitors complete unit rate tickets for hazardous trees or hangers, their locations are logged and collected. The map below displays locations where hazardous tree or hanger removals were documented in the field. Clicking on the marker allows the user to review the data and photos collected by the field monitor (see example below). The unit rate ticket report is updated in real-time.

Exhibit 5-11: Unit Rate Ticket Map

Public Information

Following a disaster event, citizens will look to the City for direction regarding the debris removal process and project progress. Tetra Tech is prepared to assist the City with developing a means for City to manage inquiries from residents regarding the debris removal process. Tetra Tech has staffed debris hotlines for some of the largest disasters that have impacted the United States and is prepared to help the City establish and staff a debris hotline (including supplying equipment, phone lines, etc.) to respond to public inquiries and concerns.

Incident Reporting

Another key feature of our ADMS technology is that it allows field monitors to report incidents and provide supporting photographs in real time to the City, Tetra Tech, and the debris contractor. Examples of incidents include reporting pre-existing damage, damage caused by the contractor, debris piles skipped by the contractor, safety hazards, and other incidents critical to a debris removal program. As monitors complete incident reports in the field, the information and supporting photographs are uploaded to the Tetra Tech reporting server. Depending on the type of incident, priority e-mails may be sent out by the reporting server to City representatives, Tetra Tech's project team, and debris contractor representatives. Our firsthand experience assisting local governments with recovering from disasters has shown that accurately capturing and photographing pre-existing damage can alleviate residential damage claims that may be submitted to the City. Additionally, the incident map developed from the collection information is essential to quickly identify unresolved contractor damages before the completion of the program.

Daily Reporting Metrics

Tetra Tech has a suite of reports that are automated from RecoveryTrac™ and available in real-time via PC, tablet, or smart phone. Although the reports are available at any time to the City, Tetra Tech will submit a daily status report that includes daily cubic yards/tons collected by material and program, cumulative cubic yard/tons collected, number of debris monitors in the field, cumulative cubic yards/tons hauled to final disposal, and daily/cumulative hazard removals. Below are samples of these reports created for recent projects. Additionally, Tetra Tech takes pride in the customization of reports to meet our client's specific needs and provided reports tailored to any metrics not captured in the generic reports.

Exhibit 5-13: Sample Custom Reports Developed

Contractor Reconciliation

RecoveryTrac™ significantly reduces the amount of time needed for a contractor to generate an invoice and for the subsequent invoice reconciliation with Tetra Tech.

To expedite contractor invoice reconciliation efforts, Tetra Tech requires copies of contracts for all primary debris contractors. After reviewing the necessary contract(s), Tetra Tech sets up the RecoveryTrac™ database to generate transactions applicable to contract terms for tickets issued to each debris contractor.

Next, Tetra Tech meets with each primary debris contractor to review the debris contractor project reports that will be generated automatically via RecoveryTrac™. The debris contractor project reports will provide the debris contractors with sufficient data to reconcile with their subcontractors as well as generate invoices for payment by the client. The debris contractor is given a report login, which enables them to access the data remotely. They may run the report for a specific date or a range of dates.

Tetra Tech conducts several real-time QA/QC checks throughout the day, and a final daily comprehensive data analysis is performed at the close of operations. A final QA/QC check is completed when the debris contractor sends the invoice dataset to Tetra Tech for reconciliation. Incongruencies in the debris contractor's data are flagged for review and must be resolved prior to the issuance of a final invoice.

The step-by-step process for contractor invoice reconciliation in a RecoveryTrac™ project is outlined below:

Exhibit 5-14: Contractor Invoice Reconciliation Process

Monitor Training Program

To properly instruct newly hired employees, Tetra Tech has developed a training program that includes modules specific to the City. These modules are complete with the information required to facilitate accurate field monitoring and ADMS implementation. Qualifying tools included in the training modules assist with the retention of the material and assist Tetra Tech in screening and selecting the most qualified personnel for the monitoring task. Training module topics include truck certification, load site monitor responsibilities, disposal monitor responsibilities, hazardous trees monitor responsibilities, and field supervisor responsibilities. Project Managers,

data managers, and operations managers follow standard operating procedures and protocols established in our concept of operations plan.

Health and Safety

Tetra Tech's employees are the foundation of our business and protecting them at all work sites is our highest priority. The company subscribes to the philosophy that all occupational incidents can be prevented and that no incident is treated as an acceptable event when we execute our work. To achieve this, the company's health and safety processes are a vital and integral part of our work.

Health and safety addressed in our operations and management systems is supported by strong leadership. Tetra Tech's leaders understand their responsibility and accountability to plan for safety and to ensure that safety measures are implemented. Preventing incidents also relies on a management system that regularly evaluates performance and identifies necessary adjustments to target continual improvement. The principal objectives of our program are codified in our written health and safety policy, which is endorsed and regularly monitored by the highest levels of our management team.

Industry metrics for our 2019 health and safety performance are provided below:

- US Experience Modification Rate (EMR) of 0.71
- 2019 Enterprise-Wide Total Recordable Injury Rate (TRIR) 0.81
- 2019 Enterprise-Wide Lost Workday Incident Rate (LWDIR) 0.10

Tetra Tech is committed to workplace safety. As such, a project-specific health and safety plan will be developed for the scope of work. Field staff assigned to the project will be trained on the health and safety plan. Additionally, Tetra Tech project managers have completed the Occupational Safety and Health Administration (OSHA) Disaster Site Worker course and have their 10-hour Construction Safety Certification. During a debris recovery operation, Tetra Tech project managers and supervisors routinely examine the safety of field and debris staging site operations and have the authority to shut down unsafe operations. Debris staging site monitors are equipped with the appropriate personal protective equipment, which may include hard hats, appropriate footwear, reflective vests, hearing protection, and eye protection. Additionally, Tetra Tech project managers conduct regular tailgate safety sessions with their field employees to alert them of potential work hazards and review safe work practices.

Damage Assessment

Following a disaster, the City will need to evaluate city-wide damages and identify priorities. Preliminary damage assessments are a critical component to the City receiving a disaster declaration following a major debris-generating event. If tasked, Tetra Tech is prepared to supplement City staff and assist in conducting electronic damage assessments. Tetra Tech's ADMS technology, RecoveryTrac™, would be used to conduct damage assessments and collect supporting data including photo documentation of damages. The collected information would be reported real-time through web-based maps that depict damage assessment progress. Tetra Tech has recently supported damage assessment efforts for local governments following Hurricane Harvey in Texas and Hurricane Maria in Puerto Rico. See Exhibit 5-15 for a sample image of Tetra Tech's web-based damage assessment report.

Exhibit 5-16: Damage Assessment Report

Unmanned Aircraft Systems (UAS) Technology Capability

Tetra Tech is continuously working to incorporate leading-edge technology into our approach to provide our clients with innovative reporting capabilities. Evidence of this innovation in action is our disaster response team's utilization of UAS (more commonly, "drones") in a variety of applications to enhance our documentation and provide our clients with increased visibility into project scope and operations.

Our team has used UAS technology to help conduct damage assessments in communities affected by disasters. Data and imagery provided via UAS not only provides a more complete visual than photos alone, but also allows our team to survey areas that may be inaccessible after an incident. We can leverage this technology to reduce time spent accumulating ground survey data for large areas, to collect higher resolution data, and to provide real-time data capture to our clients. In addition to damage assessments, the technology is used in a similar fashion to provide increased visibility into debris removal operations and is particularly helpful for documenting parcel demolition and site remediation to better illustrate work progression throughout the course of a project. Our project teams have also used aerial imagery obtained from UAS to illustrate the progression of debris processing and removal at debris management sites.

Tetra Tech uses multiple UAS geomatics technologies on projects worldwide, including:

- Planimetric and Topographic Mapping
- Orthoimagery
- Light Detecting and Ranging (LiDAR)
- Multispectral and Hyperspectral Technology
- Mobile mapping for infrastructure/roadway design

UAS technology is especially useful in monitoring waterway disaster debris removal projects. Oftentimes, ease of accessibility can be an issue when working the length of some waterbodies. By using the data provided by UAS,

our project team can assess the area and develop smart workplans. Furthermore, aerial images provided by UAS can demonstrate work progression on waterways where visibility from the shore is obscured.

Reconstruction

Reconstruction typically begins during the recovery phase as funding is awarded and disbursed to applicants. In general, reconstruction activities are those services provided by the City after funding has been awarded to ensure that grant funds are being spent in accordance with the purpose outlined in the scope of the funding documents. The ultimate goal is to ensure that the necessary documentation exists to substantiate work completed with federal grant funds. Reconstruction is divided into five tasks:

- **Task 1: Program Management.** Tetra Tech will assist the City with program management activities to efficiently and effectively manage project implementation. The primary objective of Task 1 is to ensure that the City has the necessary tools and plans required to implement the FEMA PA and Hazard Mitigation Grant Program funds it has been awarded.
- **Task 2: Interim and Final Project Inspections (for Large PWs).** Tetra Tech will conduct interim and final project inspections to confirm applicants are completing work, following approved scopes of work, filing proper time extensions, and receiving adequate funding. Additionally, Tetra Tech will assist applicants with the creation of closeout packets, providing audit assistance and offering PW appeal and amendment/version support. At the City's request, Tetra Tech will accommodate requests made by FEMA to develop documentation necessary for releasing progress payments based on the interim inspections.
- **Task 3: Regulatory Auditing.** To ensure that work is conducted in compliance with federal, state, and local regulatory bodies, Tetra Tech will work with applicants to ensure that projects satisfy regulatory clearances. While the City does not maintain primary legal responsibility for policing regulatory matters, as an applicant for federal grant funding its proceeds are contingent upon the satisfaction of such requirements. For this reason, Tetra Tech will coordinate directly with federal, state, and local regulatory officials to ensure an open dialogue and active participation by all parties.
- **Task 4: Appeals Support.** Tetra Tech will work with FEMA and the City to proactively resolve funding challenges; applicants have the legal right to appeal decisions and judgments made by FEMA or the State if resolution cannot be reached. Part of this legal process requires that applicants submit appeals to the grantee (State of Mississippi) for approval and subsequent submission to the FEMA regional director. Tetra Tech will implement a systematic approach by which appeals are developed, submitted, and reviewed. In the event that a first appeal to the FEMA regional director is unsuccessful, Tetra Tech will assist the applicant with drafting the second appeal for submission to the national director of recovery.
- **Task 5: Long-Term Community Recovery Planning.** Due to the devastation that a hurricane or tropical storm can have on the area, the City and its local partners may wish to engage the FEMA Emergency Support Function (ESF) #14 Team – Long-Term Community Recovery. The ESF #14 Team can be deployed to those areas with catastrophic damage in an effort to effectively rebuild and recover from the disaster. ESF #14 planning efforts identify future initiatives (green building), economic revitalization (downtown redevelopment), and funding sources (private and public grants).

EXHIBIT C

ATTACHMENT C

FEE SCHEDULE

DEBRIS MONITORING SERVICES

Provide an hourly price for each of the positions listed below. If your company provides other related positions, please add as appropriate. Note that descriptions are indicative of the type of work normally performed but descriptions are not comprehensive.

Item	Description	Hourly Rate
1	Project Manager: This position will serve as the Contractors' manager on the project. This position will direct the activities of contractor staff. Will work directly with the City's representative on the project. The Project Manager will be involved in pre-event planning and meetings as to become familiar with the City and its' operation.	\$ 75.00
2.	Lead Monitors: Assist in setting-up and manning the TDSRS. Help train the Site and Field Monitors and track their performance. Assist in assigning Field Monitors to contract haulers. Assist in assigning Field Monitors and contract haulers to collection grids. Assist in tracking the daily collection on a citywide grid map. Assist in coordinating the daily collection operation in concert with the contract haulers Site Superintendent. Track the daily count of Field Monitors necessary to meet the contract hauler's demands. Track the daily count of contract hauler's trucks, trailers and loading equipment. Provide daily collection status reports to the Project Coordinator on request. Fill in as Site Monitor if needed. Record and inspect any property damage, public or private that may occur during the debris removal operation. Track and verify the satisfactory repair of any damage.	\$ 48.00
3.	Site Monitors: Trained to evaluate and certify that each load of debris represents the actual size of the load by percentage of total rated capacity. FEMA staff rates the performance of each Site Monitor for accuracy. FEMA requires that two trained inspectors rate each load before it can be off-loaded at the collection site. One inspector is representing the City and the other is representing the Contractor. Both Site Monitors must agree on the percentage of load and sign off on the load ticket for the cubic yard quantity to be FEMA reimbursable.	\$ 29.50
4.	Field Monitors: Trained to follow each contract hauler as debris is collected throughout the City. The Monitor must witness and certify by street address that the storm debris was collected from public roadways only. The Monitor must certify that the debris piles are not mixed (vegetation or construction & demolition debris) before loading. The Monitor is assigned to hauler(s) and given a certain grid in the City to collect either vegetation or C&D debris. The Monitor must assure that all targeted debris is removed by the contract hauler during each pass before the contract hauler may move to a new area. The Monitor must record the time, location and sign the contract haulers load ticket before the load can be delivered to the collection site for processing. The Monitor is responsible for reporting any unsafe or unauthorized collection practices to the Site Monitors for corrective action.	\$ 29.50

EXHIBIT D

The following clauses apply to this contract to the extent allowed by Mississippi law.

- A. Equal Employment Opportunity (Reference: 41 CFR Part 60-1.4(b)):** During the performance of this contract, the contractor agrees as follows:
1. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.
 2. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.
 3. The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
 4. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
 5. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
 6. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
 7. The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a contractor

becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States.

B. Copeland "Anti-Kickback" Act: Compliance with the Copeland "Anti-Kickback" Act

1. Contractor. The contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
2. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as the FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.
3. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.

C. Contract Work Hours and Safety Standards Act (Reference: 29 CFR 5.5(b)): Compliance with the Contract Work Hours and Safety Standards Act.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$26 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.
3. Withholding for unpaid wages and liquidated damages. The City of Gulfport, MS shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2)

of this section.

4. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section.

D. Clean Air Act and Federal Water Pollution Control Act:

D.1-Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. Section 7401 et seq.
2. The contractor agrees to report each violation to The City of Gulfport, MS and understands and agrees that The City of Gulfport, MS will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency (FEMA), and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

D.2-Federal Water Pollution Control Act

1. The contractor agrees to and the Federal Water Pollution Control Act, as amended, 33 U.S.C. Sections 1251 et seq.
2. The contractor agrees to report each violation to The City of Gulfport, MS and understands and agrees that The City of Gulfport, MS will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency (FEMA), and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

E. Suspension and Debarment

1. This contract is a covered a transaction for the purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. Section 180.995), or its affiliates (defined at 2 C.F.R. Section 180.905) are excluded (defined at 2 C.F.R. Section 180.940) or disqualified (defined at 2 C.F.R. Section 180.935).
2. The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
3. This certification is a material representation of fact relied upon The City of Gulfport, MS. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to The City of Gulfport, MS, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
4. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180,

subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

F. Byrd Anti-Lobbying Amendment, 31 U.S.C. Section 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not been used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. Section 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.

Appendix A, 44 C.F.R. Part 18 – Certification Regarding Lobbying

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge, that:

(1) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities", in accordance with the instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

Signature of Contractor's Authorized Official

Name and Title of Contractor's Authorized Official

Date

- G. Access to Records:** The following access to records requirements apply to this contract:
1. The Contractor agrees to provide The City of Gulfport, MS, the FEMA Administrator, the Controller General of the United States, or any of their authorized representatives' access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.
 2. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.
 3. The contractor agrees to provide the FEMA Administrator or his authorized representative access to construction or other work sites pertaining to the work being completed under the contract.
 4. In compliance with the Disaster Recovery Act of 2018, The City of Gulfport, MS and the Contractor acknowledge and agree that no language in this contract is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.
- H. DHS Seal, Logo, and Flags:**
- The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.
- I. Compliance with Federal Law, Regulations, and Executive Orders**
- This is an acknowledgement that FEMA financial assistance will be used to fund this contract only. The contractor will comply with all federal law, regulations, executive orders, FEMA policies, procedures, and directives.
- J. No Obligation by Federal Government**
- The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.
- K. Program Fraud and False or Fraudulent Statements or Related Acts**
- The contractor acknowledges the 31 U.S.C. Chapter 38 (Administrative Remedies for False Claims and Statements) applies to the contractor's action.
- L. Required Affirmative Steps to Assure Certain Firms Are Used (Reference: 2 CFR 200.321)**

During the performance of this contract, the contractor agrees, if subcontracts are to be let, to take the following affirmative steps:

- (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
- (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
- (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
- (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

M. Procurement of Recovered Materials (Reference 2 CFR 200.322)

The contractor must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act.

1) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA- designated items unless the product cannot be acquired—

- (i) Competitively within a timeframe providing for compliance with the contract performance schedule;
- (ii) Meeting contract performance requirements; or
- (iii) At a reasonable price.

(2) Information about this requirement, along with the list of EPA-designate items, is available at EPA's Comprehensive Procurement Guidelines web site, _

**STATE OF MISSISSIPPI
COUNTY OF HARRISON
FIRST JUDICIAL DISTRICT**

**MEMORANDUM OF AGREEMENT BETWEEN THE CITY OF
GULFPORT AND THE COAST TRANSIT AUTHORITY CONCERNING
THE LOCATION AND PLACEMENT OF A TRAMWAY ROAD AND
PEDESTRIAN AND BICYCLE PATHS TO SERVICE AND CONNECT
WITH THE GULFPORT SMALL CRAFT HARBOR AND ADJOINING
PARK AREAS AND FOR OTHER RELATED PURPOSES**

THIS MEMORANDUM OF AGREEMENT is entered into on the dates hereinafter set forth by and between the CITY OF GULFPORT, MISSISSIPPI, a municipal corporation organized and existing according to the laws of the State of Mississippi (herein the "City"), and the MISSISSIPPI COAST TRANSPORTATION AUTHORITY d/b/a COAST TRANSIT AUTHORITY, a political subdivision of the State of Mississippi pursuant to Miss. Code Ann. § 21-27-11, et seq., as amended, (herein the "CTA") for the purposes and on the terms and conditions, and under the authority hereinafter set forth:

WHEREAS, the City owns, manages, operates, and oversees several dedicated public parks and an adjoining small craft harbor generally located south of U. S. Highway 90 in the City of Gulfport; and

WHEREAS, these public areas presently have two (2) main means of ingress and egress from U. S. Highway 90 and all points north of this Highway, via traffic intersections at 20th Avenue and 25th Avenue; and

WHEREAS, the Gulfport Redevelopment Commission (the "GRC") owns properties north of U. S. Highway 90 across from the City's public parks and harbor, on which properties the Commission recently oversaw the construction of aquarium facilities and other amenities, all

of which are now open to the public and are expected to draw large numbers of tourists and visitors; and

WHEREAS, the CTA owns a three (3) story parking garage north of U. S. Highway 90 and has recently completed the construction of an adjoining large facility (site of the former library) that will act as a major transportation hub for the City of Gulfport and other points along the coast of Harrison County, Mississippi; and

WHEREAS, there is no direct access for pedestrians and cyclists to cross U. S. Highway 90 anywhere near the City's downtown area, but most especially in between the new aquarium facilities and the CTA's parking garage and its transportation hub, except for that across multiple lanes of highway traffic at the aforementioned two (2) intersections; and

WHEREAS, the CTA has proposed to construct pedestrian and cycle paths, along with a road dedicated for a tram to shuttle the public back and forth from the City's parks and harbor to the CTA's hub and parking garage and aquarium facilities and other attractions, all of which will be in the form of an overpass that will cross U. S. Highway 90 and will not be affected by but instead be free from the U. S. Highway 90 cross traffic, with such project commonly and generally referred to as the "tram bridge"; and

WHEREAS, the CTA will be principally responsible for the construction, maintenance, and oversight of the tram bridge, which project is anticipated to cost in excess of \$9 Million Dollars and which will serve to benefit the City's residents and its visitors and tourists; and

WHEREAS, the "tram bridge" will be located on the north side of U. S. Highway 90 along or around what previously was 21st Avenue, since vacated, and generally southwest of the CTA's hub and will cross over and span all lanes of U. S. Highway 90 and then be located south

of U. S. Highway 90 on City property to connect with the existing paths and sidewalks and also with 20th Avenue south of U. S. Highway 90; and

WHEREAS, the “tram bridge” will serve as driveway to the parks and harbor south of U. S. Highway 90 and as a means of connectivity with these points and those amenities on the north side of the Highway; and

WHEREAS, in recognition and consideration of the benefit and significant positive impact this “tram bridge” and its construction will have on the City, some of which will include the enhancement of the City’s parks and harbor and all they have to offer and making all of these more accessible to the public, visitors, and tourists, the City does find that it is in its best interests to enter into this Memorandum of Agreement and as part hereof, to authorize and permit this “tram bridge” and its various parts and amenities to be placed and located within the City’s parks as described and set forth herein and to authorize and permit the CTA to maintain, oversee, and exercise control and custody of such amenities on the terms and conditions set forth in this Agreement.

NOW THEREFORE, for the purposes hereinabove recited, the parties covenant and agree to enter into this agreement in order to effectuate the above stated purposes, recitations, understandings, and agreements.

1. **Terms of Agreement.** The parties agree that the above stated purposes, recitations, and understandings encapsulate the terms of this Memorandum of Agreement regarding efforts and necessary work to be undertaken or pursued and costs to be incurred by the respective parties in conjunction with the construction, placement, location, oversight, maintenance, custody, and control of the “tram bridge” and its pedestrian paths / sidewalks, bicycle paths, and roadways and related infrastructure. It is specifically acknowledged and agreed that the CTA shall be solely responsible for the design and construction of the “tram bridge” and all of its related parts and infrastructure as well as solely responsible for the maintenance, custody, control, and oversight of the same for the duration of this Agreement.

2. **Term; Effective Date.** This Memorandum of Agreement shall be in full force and effect for a period commencing on the effective date hereof, as hereinafter provided, and running until October 31, 2070. The Effective Date hereof shall be the last date on which the following required events are completed: approval and execution of the Memorandum of Agreement by Resolution or Order adopted by the governing authorities of City and the CTA.
3. **Amendments.** This Memorandum of Agreement may be amended by mutual consent in writing and duly authorized by each party's Governing Authority.
4. **Notices.** Official notice to the parties shall be to the mailing addresses identified below unless a change of address is provided to the parties in writing. Notice to the City shall be to: Mayor, City of Gulfport, 2309 15th Street, Gulfport, Mississippi 39501 with a courtesy copy to City Attorney at the same address. Notice to the CTA shall be provided to: Executive Director, Coast Transit Authority, 333 Debuys Road, Gulfport, Mississippi 39507. All official notices shall be in writing and served by First Class United States Mail, postage prepaid, or by hand delivery.
5. **Severance of Provisions.** In the event any provision or part of this Memorandum of Agreement shall be rendered or determined by any court of competent jurisdiction to be legally unenforceable, without legal authority, or in violation of any law or court decision, such provision or part shall be severed herefrom, and all remaining provisions and parts shall continue in full force and effect.
6. **Captions.** The captions, titles, or headings of each section or subsection hereof are included for identification purposes only and shall not control the context or interpretation of the section or subsection that it identifies.
7. **Counterparts.** This Memorandum of Agreement may be executed in more than one (1) counterpart, each of which shall constitute an original.
8. **Effect of Agreement.** Nothing in this Memorandum of Agreement waives, nullifies, rescinds, eliminates, or reduces in any way any immunity or exemption from liability afforded the parties under state or federal constitutional, statutory, or common law. It is further acknowledged and understood by the parties that nothing in this Memorandum of Agreement is meant or intended to convey, sell, or transfer any interest in land or title in or to the CTA, or anyone else, with respect to the City's park properties or any other properties or interests owned in whole or part by the City, and this agreement therefore does not convey, sell, or transfer any interest in land or title in or to the CTA, or anyone else, with respect to the City's park properties or any other properties or interests owned in whole or part by the City, or owned outright or with limited interest(s) by the City. In addition, if this Memorandum of Agreement or any part thereof is determined by any court of competent jurisdiction to violate any restrictions on title or restrictions or conditions associated with use concerning any properties in which the City has any interest and which would operate so as to revert

title or use of the property to anyone other than the City of Gulfport, a municipal corporation, then this Memorandum of Agreement shall then be void and of no effect.

9. **Liabilities.** Any liabilities, claims, demands, and actions arising out of and during the performance of this Memorandum of Agreement will be determined according to applicable laws. CTA and/or its contractors (and not the City) will be responsible for any and all claims, demands, actions, and liabilities arising out of the design, construction, and placement of the infrastructure and improvements described in this Memorandum of Agreement or otherwise contemplated herein and for any and all claims, demands, actions, and liabilities arising out of the use of the same during the term of this Agreement. Nothing in this Memorandum of Agreement in any way waives, nullifies, or limits any immunities afforded to or provided the parties under any statutory or decisional law or constitutional provision.
10. **Compliance with Applicable Regulations and Laws; Approval of Situs/Locations.** CTA acknowledges and understands that all infrastructure and improvements to be constructed by or on behalf of the CTA and of which it will have oversight, maintenance, or control and to be located on, over, above, or under property owned in whole or part by the City, will be designed, constructed, and maintained in accordance with applicable and governing standards, regulations, and laws. CTA further acknowledges and agrees that the City shall approve the location and situs of all infrastructure and improvements to be constructed or otherwise located on, above, or under any properties owned in whole or part by the City. At present, the locations of the "tram bridge" and its pedestrian and bicycle paths and related infrastructure and improvements are set out and shown in Exhibit "A" attached hereto, which locations are approved by the City herein. Any changes to these locations must be pre-approved by the City and incorporated as an addendum hereto.
11. **Relationship of the Parties.** The parties agree and acknowledge that this Memorandum of Agreement does not create any separate legal or administrative entity, nor does it create any partnership, joint venture, or contractual relationship or any other or similar type relationship among them with respect to the CTA's design or construction of the infrastructure or improvements described or contemplated herein or with respect to the CTA's oversight, maintenance, or control of the same. It is further understood and agreed that the City is not an agent or representative of the CTA, and the CTA is not an agent or representative of the City.
12. **Governing Law.** This Memorandum of Agreement will be construed in accordance with the laws of the State of Mississippi.
13. **Authority.** Actions taken by the parties with respect to approval and execution of this Memorandum of Agreement shall be by Resolution, Order, or Motion by the Governing Authority for each party.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 3rd day of November, 2020, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL TO
APPROVE MEMORANDUM OF AGREEMENT WITH THE MISSISSIPPI
COAST TRANSPORTATION AUTHORITY D/B/A COAST TRANSIT
AUTHORITY, TO AUTHORIZE THE MAYOR TO EXECUTE THE SAME
ON BEHALF OF THE CITY, AND FOR RELATED PURPOSES**

WHEREAS, the Mississippi Coast Transportation Authority d/b/a Coast Transit Authority (“CTA”) is a political subdivision of the State of Mississippi pursuant to Miss. Code Ann. § 21-27-11, et seq., as amended, and desires to enter into a Memorandum of Agreement with the City of Gulfport, Mississippi (“City”) concerning, among other things, the placement and location of infrastructure and improvements in public parks owned, overseen, and maintained by the City south of U. S. Highway 90, with such infrastructure and improvements to include pedestrian and cycle paths along with a road dedicated for a tram to shuttle the public back and forth from the City’s parks and harbor by way of an overpass (bridge) across U. S. Highway 90 to the CTA’s hub and parking garage, the aquarium facilities, and other public amenities and attractions on the north side of this Highway; and

WHEREAS, attached hereto as Exhibit “A” is a “Memorandum of Agreement” that serves to effectuate agreements associated with this proposed initiative; and

WHEREAS, the Governing Authority of the City is of the opinion that the City of Gulfport benefits from such agreement between the City and the CTA and that, subject to final approval by the City’s Legal Department, the same is in furtherance of the City’s best interests.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY
COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:**

SECTION 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the proposed Memorandum of Agreement, attached hereto as **Exhibit “A”**, be and the same is hereby approved in substantially the form attached hereto, subject to final approval of the Legal Department, and the Mayor is hereby authorized to execute the same on behalf of the City of Gulfport once the Legal Department has provided its final approval.

SECTION 3. That this Resolution shall be in effect according to law, and shall be spread upon the minutes of the Gulfport City Council and a copy hereof shall be provided to the Mississippi Coast Transportation Authority d/b/a Coast Transit Authority for its consideration.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Pucheu, and was adopted by the following roll call vote:

F.B. “Rusty” Walker, IV, President

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the 4th day of November, 2020.

APPROVED:

Billy Hewes, Mayor

There came on for consideration at a duly constituted and regularly scheduled meeting of the Board of Commissioners of the Mississippi Coast Transportation Authority (the "Authority"), held on the 19th day of November, 2020 the following Resolution:

**A RESOLUTION BY THE BOARD OF COMMISSIONERS
TO APPROVE MEMORANDUM OF AGREEMENT WITH
THE CITY OF GULFPORT, MISSISSIPPI, TO
AUTHORIZE THE EXECUTIVE DIRECTOR TO
EXECUTE THE AGREEMENT ON BEHALF OF THE
AUTHORITY, AND FOR RELATED PURPOSES**

WHEREAS, the Authority is a political subdivision of the State of Mississippi pursuant to Miss. Code Ann. Sec. 21-27-11, et seq., as amended, and desires to enter into a Memorandum of Agreement with the City of Gulfport, Mississippi (the "City") concerning, among other things, the placement and location of infrastructure and improvements in public parks owned, overseen, and maintained by the City south of U.S. Highway 90, with such infrastructure and improvements to include pedestrian and cycle paths along with a road dedicated for a tram to shuttle the public back and forth from the City's parks and harbor by way of an overpass (bridge) across U.S. Highway 90 to CTA's hub and parking garage, the aquarium facilities, and other public amenities and attractions on the north side of Highway 90, and

WHEREAS, attached hereto as Exhibit "A" is a "Memorandum of Agreement" that serves to effectuate agreements associated with this proposed initiative; and

WHEREAS, the Board of Commissioners is of the opinion that the Authority benefits from such agreement between the Authority and the City and that it is in the best interest of the Authority,

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE AUTHORITY, AS FOLLOWS:

SECTION 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Board of Commissioners.

SECTION 2. That the proposed Memorandum of Agreement, attached hereto as Exhibit "A," be and the same is hereby approved in substantially the form attached hereto, subject to final approval of the Authority's Legal Counsel, and the Executive Director is hereby authorized to execute the same on behalf of the Authority upon final approval by Legal Counsel.

SECTION 3. That the Resolution shall be in effect according to law and shall be spread upon the minutes of the Authority and a copy hereto shall be provided to the City of Gulfport.

This above and foregoing Resolution, after having been first reduced to writing, was introduced by Commissioner Fellows, seconded by Commissioner Dodge, and was adopted by the following roll call vote:

THE LOCATION AND PLACEMENT OF A TRAMWAY ROAD AND
PEDESTRIAN AND BICYCLE PATHS TO SERVICE AND CONNECT
WITH THE GULFPORT SMALL CRAFT HARBOR AND ADJOINING
PARK AREAS AND FOR OTHER RELATED PURPOSES**

THIS MEMORANDUM OF AGREEMENT is entered into on the dates hereinafter set forth by and between the CITY OF GULFPORT, MISSISSIPPI, a municipal corporation organized and existing according to the laws of the State of Mississippi (herein the "City"), and the MISSISSIPPI COAST TRANSPORTATION AUTHORITY d/b/a COAST TRANSIT AUTHORITY, a political subdivision of the State of Mississippi pursuant to Miss. Code Ann. § 21-27-11, et seq., as amended, (herein the "CTA") for the purposes and on the terms and conditions, and under the authority hereinafter set forth:

WHEREAS, the City owns, manages, operates, and oversees several dedicated public parks and an adjoining small craft harbor generally located south of U. S. Highway 90 in the City of Gulfport; and

WHEREAS, these public areas presently have two (2) main means of ingress and egress from U. S. Highway 90 and all points north of this Highway, via traffic intersections at 20th Avenue and 25th Avenue; and

WHEREAS, the Gulfport Redevelopment Commission (the "GRC") owns properties north of U. S. Highway 90 across from the City's public parks and harbor, on which properties the Commission recently oversaw the construction of aquarium facilities and other amenities, all

of which are now open to the public and are expected to draw large numbers of tourists and visitors; and

WHEREAS, the CTA owns a three (3) story parking garage north of U. S. Highway 90 and has recently completed the construction of an adjoining large facility (site of the former library) that will act as a major transportation hub for the City of Gulfport and other points along the coast of Harrison County, Mississippi; and

WHEREAS, there is no direct access for pedestrians and cyclists to cross U. S. Highway 90 anywhere near the City's downtown area, but most especially in between the new aquarium facilities and the CTA's parking garage and its transportation hub, except for that across multiple lanes of highway traffic at the aforementioned two (2) intersections; and

WHEREAS, the CTA has proposed to construct pedestrian and cycle paths, along with a road dedicated for a tram to shuttle the public back and forth from the City's parks and harbor to the CTA's hub and parking garage and aquarium facilities and other attractions, all of which will be in the form of an overpass that will cross U. S. Highway 90 and will not be affected by but instead be free from the U. S. Highway 90 cross traffic, with such project commonly and generally referred to as the "tram bridge"; and

WHEREAS, the CTA will be principally responsible for the construction, maintenance, and oversight of the tram bridge, which project is anticipated to cost in excess of \$9 Million Dollars and which will serve to benefit the City's residents and its visitors and tourists; and

WHEREAS, the "tram bridge" will be located on the north side of U. S. Highway 90 along or around what previously was 21st Avenue, since vacated, and generally southwest of the CTA's hub and will cross over and span all lanes of U. S. Highway 90 and then be located south

of U. S. Highway 90 on City property to connect with the existing paths and sidewalks and also with 20th Avenue south of U. S. Highway 90; and

WHEREAS, the "tram bridge" will serve as driveway to the parks and harbor south of U. S. Highway 90 and as a means of connectivity with these points and those amenities on the north side of the Highway; and

WHEREAS, in recognition and consideration of the benefit and significant positive impact this "tram bridge" and its construction will have on the City, some of which will include the enhancement of the City's parks and harbor and all they have to offer and making all of these more accessible to the public; visitors, and tourists, the City does find that it is in its best interests to enter into this Memorandum of Agreement and as part hereof, to authorize and permit this "tram bridge" and its various parts and amenities to be placed and located within the City's parks as described and set forth herein and to authorize and permit the CTA to maintain, oversee, and exercise control and custody of such amenities on the terms and conditions set forth in this Agreement.

NOW THEREFORE, for the purposes hereinabove recited, the parties covenant and agree to enter into this agreement in order to effectuate the above stated purposes, recitations, understandings, and agreements.

1. **Terms of Agreement.** The parties agree that the above stated purposes, recitations, and understandings encapsulate the terms of this Memorandum of Agreement regarding efforts and necessary work to be undertaken or pursued and costs to be incurred by the respective parties in conjunction with the construction, placement, location, oversight, maintenance, custody, and control of the "tram bridge" and its pedestrian paths / sidewalks, bicycle paths, and roadways and related infrastructure. It is specifically acknowledged and agreed that the CTA shall be solely responsible for the design and construction of the "tram bridge" and all of its related parts and infrastructure as well as solely responsible for the maintenance, custody, control, and oversight of the same for the duration of this Agreement.

2. **Term; Effective Date.** This Memorandum of Agreement shall be in full force and effect for a period commencing on the effective date hereof, as hereinafter provided, and running until October 31, 2070. The Effective Date hereof shall be the last date on which the following required events are completed: approval and execution of the Memorandum of Agreement by Resolution or Order adopted by the governing authorities of City and the CTA.
3. **Amendments.** This Memorandum of Agreement may be amended by mutual consent in writing and duly authorized by each party's Governing Authority.
4. **Notices.** Official notice to the parties shall be to the mailing addresses identified below unless a change of address is provided to the parties in writing. Notice to the City shall be to: Mayor, City of Gulfport, 2309 15th Street, Gulfport, Mississippi 39501 with a courtesy copy to City Attorney at the same address. Notice to the CTA shall be provided to: Executive Director, Coast Transit Authority, 333 Debuys Road, Gulfport, Mississippi 39507. All official notices shall be in writing and served by First Class United States Mail, postage prepaid, or by hand delivery.
5. **Severance of Provisions.** In the event any provision or part of this Memorandum of Agreement shall be rendered or determined by any court of competent jurisdiction to be legally unenforceable, without legal authority, or in violation of any law or court decision, such provision or part shall be severed herefrom, and all remaining provisions and parts shall continue in full force and effect.
6. **Captions.** The captions, titles, or headings of each section or subsection hereof are included for identification purposes only and shall not control the context or interpretation of the section or subsection that it identifies.
7. **Counterparts.** This Memorandum of Agreement may be executed in more than one (1) counterpart, each of which shall constitute an original.
8. **Effect of Agreement.** Nothing in this Memorandum of Agreement waives, nullifies, rescinds, eliminates, or reduces in any way any immunity or exemption from liability afforded the parties under state or federal constitutional, statutory, or common law. It is further acknowledged and understood by the parties that nothing in this Memorandum of Agreement is meant or intended to convey, sell, or transfer any interest in land or title in or to the CTA, or anyone else, with respect to the City's park properties or any other properties or interests owned in whole or part by the City, and this agreement therefore does not convey, sell, or transfer any interest in land or title in or to the CTA, or anyone else, with respect to the City's park properties or any other properties or interests owned in whole or part by the City, or owned outright or with limited interest(s) by the City. In addition, if this Memorandum of Agreement or any part thereof is determined by any court of competent jurisdiction to violate any restrictions on title or restrictions or conditions associated with use concerning any properties in which the City has any interest and which would operate so as to revert

title or use of the property to anyone other than the City of Gulfport, a municipal corporation, then this Memorandum of Agreement shall then be void and of no effect.

9. **Liabilities.** Any liabilities, claims, demands, and actions arising out of and during the performance of this Memorandum of Agreement will be determined according to applicable laws. CTA and/or its contractors (and not the City) will be responsible for any and all claims, demands, actions, and liabilities arising out of the design, construction, and placement of the infrastructure and improvements described in this Memorandum of Agreement or otherwise contemplated herein and for any and all claims, demands, actions, and liabilities arising out of the use of the same during the term of this Agreement. Nothing in this Memorandum of Agreement in any way waives, nullifies, or limits any immunities afforded to or provided the parties under any statutory or decisional law or constitutional provision.
10. **Compliance with Applicable Regulations and Laws; Approval of Situs/Locations.** CTA acknowledges and understands that all infrastructure and improvements to be constructed by or on behalf of the CTA and of which it will have oversight, maintenance, or control and to be located on, over, above, or under property owned in whole or part by the City, will be designed, constructed, and maintained in accordance with applicable and governing standards, regulations, and laws. CTA further acknowledges and agrees that the City shall approve the location and situs of all infrastructure and improvements to be constructed or otherwise located on, above, or under any properties owned in whole or part by the City. At present, the locations of the "tram bridge" and its pedestrian and bicycle paths and related infrastructure and improvements are set out and shown in Exhibit "A" attached hereto, which locations are approved by the City herein. Any changes to these locations must be pre-approved by the City and incorporated as an addendum hereto.
11. **Relationship of the Parties.** The parties agree and acknowledge that this Memorandum of Agreement does not create any separate legal or administrative entity, nor does it create any partnership, joint venture, or contractual relationship or any other or similar type relationship among them with respect to the CTA's design or construction of the infrastructure or improvements described or contemplated herein or with respect to the CTA's oversight, maintenance, or control of the same. It is further understood and agreed that the City is not an agent or representative of the CTA, and the CTA is not an agent or representative of the City.
12. **Governing Law.** This Memorandum of Agreement will be construed in accordance with the laws of the State of Mississippi.
13. **Authority.** Actions taken by the parties with respect to approval and execution of this Memorandum of Agreement shall be by Resolution, Order, or Motion by the Governing Authority for each party.

**STATE OF MISSISSIPPI
COUNTY OF HARRISON
FIRST JUDICIAL DISTRICT**

**MEMORANDUM OF AGREEMENT BETWEEN THE KANSAS CITY
SOUTHERN RAILWAY COMPANY AND THE CITY OF GULFPORT,
MISSISSIPPI CONCERNING THE OPENING, CLOSING, AND
MODIFICATION OF RAILWAY CROSSINGS AND RELATED
MATTERS WITHIN THE CITY OF GULFPORT**

THIS MEMORANDUM OF AGREEMENT is entered into on the dates hereinafter set forth by and between the CITY OF GULFPORT, MISSISSIPPI, a municipal corporation organized and existing according to the laws of the State of Mississippi, (herein the “City”), and THE KANSAS CITY SOUTHERN RAILWAY COMPANY, a duly existing Missouri corporation, qualified to do business in Mississippi, by and through its duly and properly authorized corporate representative, (herein “KCS”) for the purposes, and on the terms and conditions, and under the authority hereinafter set forth:

WHEREAS, KCS operates, manages, and oversees a railway service along several different railway tracks that traverse the City, including the north-south KCS main line and spur tracks associated therewith, to include the “DeLisle Lead” spur line; and

WHEREAS, KCS has been seeking the consolidation and/or closure of several railway crossings in the City, most especially in the northern parts thereof, as part of an effort to improve public safety and the safe and efficient operation of its lines; and

WHEREAS, the City is presently pursuing projects to improve transportation corridors, relieve significant traffic congestion, especially in areas constrained by limited crossings of KCS tracks, and increase means of east-west connectivity within the City, all in promotion of the health, safety, and well-being of its citizens and visitors; and

WHEREAS, one of these projects currently being undertaken by the City (referred to as the “BUILD Grant Project”) involves the construction of a new traffic corridor to cross

Interstate-10 to relieve substantial traffic congestion in the City and to provide a means of access to areas of the City that otherwise are limited by the railroad, and such project will cross the main line of KCS as well as the DeLisle Lead; and

WHEREAS, the parties recognize the need for cooperation in achieving their respective projects and objectives and have therefore reached the agreements stated herein.

NOW THEREFORE, for the purposes hereinabove recited, the parties covenant and agree to enter into this Memorandum of Agreement in order to effectuate the above stated purposes, recitations, understandings, and agreements.

1. Terms of Agreement. The parties agree that the recitations, understandings, and terms stated herein and set forth in the document attached hereto as **EXHIBIT "A"** encapsulate those of this Memorandum of Agreement ("MOA") regarding efforts, responsibilities, and necessary work and costs to be pursued, undertaken, or incurred by the respective parties.
2. Term; Effective Date. It is understood and agreed to by the parties that this MOA will take effect on the later of the dates that it is signed by the parties, and shall remain in effect for and until all of the acts agreed to be pursued and/or undertaken by the parties in **EXHIBIT "A"** attached hereto are properly and adequately completed. It is further understood and agreed to by the parties that each of these pursuits outlined or described in attached **EXHIBIT "A"** may have their own time lines and schedules, as perhaps referenced in **EXHIBIT "A"**, and that the parties agree to use due diligence in order to timely and adequately complete those tasks, terms, or events. The parties may at any time mutually agree in writing to terminate, cancel, or end this MOA.
3. Amendments. This MOA and the terms, conditions, and matters outlined, described or contained in **EXHIBIT "A"** attached hereto may be amended by mutual consent of both parties in writing by their duly authorized representatives.
4. Notices. Official notice to the parties shall be to the mailing addresses identified below unless a change of address is provided to the parties in writing.

Notice to the City shall be to:

Mayor
City of Gulfport
2309 15th Street
Gulfport, Mississippi 39501

with courtesy copies to:

City Attorney
Post Office Box 1780
Gulfport, Mississippi 39502

City Engineer
Post Office Box 1780
Gulfport, Mississippi 39502

Notice to KCS shall be provided to:

Daniel L. Lites
Public Safety Director
The Kansas City Southern Railway Company
4601 Hilry Huckaby III Avenue
Shreveport, Louisiana 71107

with a courtesy copy to:

Chief Legal Officer
The Kansas City Southern Railway Company
427 West 12th Street
Kansas City, Missouri 64105-1403.

All official notices shall be in writing and served by U. S. Postal Service, certified mail, return receipt requested, postage prepaid.

5. Severance of Provisions. In the event any provision or part of this MOA shall be determined by a court of law to be legally unenforceable, without legal authority, or in violation of any law or court decision, such provision or part shall be severed herefrom, and all remaining provisions and parts shall continue in full force and effect, except if the conflicting or inconsistent legal authority or law was enacted by the City Council of Gulfport on or after October 20, 2020, in which case KCS shall be released from any remaining obligations stated in Exhibit A.
6. Captions. The captions, titles, or headings of each section or subsection hereof are included for identification purposes only and shall not control the context or interpretation of the section or subsection that it identifies.
7. Counterparts. This MOA may be executed in more than one (1) counterpart, all of which together shall constitute an original.
8. Governing Law. As the City is a municipal corporation organized and existing in the State of Mississippi, Mississippi law shall govern the interpretation, application, and effectiveness of this MOA.

9. Effect of Agreement. Nothing in this MOA waives, nullifies, rescinds, eliminates, or reduces in any way any immunity or exemption from liability afforded the parties under state or federal constitutional, statutory, or common law.

IN WITNESS WHEREOF as duly authorized:

EXHIBIT "A"

TO MEMORANDUM OF AGREEMENT BETWEEN THE KANSAS CITY SOUTHERN RAILWAY COMPANY AND THE CITY OF GULFPORT, MISSISSIPPI CONCERNING THE OPENING, CLOSING, AND MODIFICATION OF RAILWAY CROSSINGS AND RELATED MATTERS WITHIN THE CITY OF GULFPORT

The City of Gulfport, Mississippi ("City") and The Kansas City Southern Railway Company ("KCS") agree, understand, and assent to the following terms:

I. Terms Specifically Involving the City:

1. The City will close 3rd Street located at its at-grade road/rail crossing with the KCS's main line concurrently with the execution of the "Memorandum of Agreement" ("MOA") to which this Exhibit is a part.

2. The City will not object to and will cooperate with KCS's closure of two (2) at-grade road/rail crossings on KCS's main line between Oak Lane and Orange Grove Road in the City of Gulfport and will accept perpetual maintenance of roads to be publicly dedicated that connect Oak Lane south to what is generally referred to as "B B Lane" and from a private driveway south to Orange Grove Road, all within the easternmost fifty (50) feet of KCS's main line right-of-way ("ROW") and in between Oak Lane on the north and Orange Grove Road on the south and within the corporate limits of the City of Gulfport.

3. The City will widen O'Neal Road west from the western edge of the Mississippi Department of Transportation ("MDOT") ROW of U. S. Highway 49 to Old Highway 49 to a four-lane divided road with a 10'6"-wide, non-traversable median in KCS's ROW to allow for median gates, as generally depicted in the drawing attached hereto as Exhibit "1." Work will include widening, striping, and active signalization. KCS previously installed active grade crossing warning devices (consisting of flasher and gate assemblies) at the existing O'Neal Road crossing. KCS will relocate and reuse the existing flasher and gate assemblies (including the foundations) currently installed at the existing O'Neal Road crossing to appropriate locations outside the widened road such that there will be no cost to the City for the installation of the flashers and gates on the outer edges of the widened O'Neal Road crossing. The City will pay for KCS's actual costs of obtaining and installing the median flasher and gate assemblies on both sides of the track, for a total of two (2) on the O'Neal Road widening project, at a total cost to the City for the two (2) median flasher and gate assemblies not to exceed \$200,000. The parties agree that this O'Neal Road widening project will be completed by June 1, 2022, to include all permitting and inspections and associated work completed by this date. Roadway design within KCS property must be submitted for and approved by KCS prior to construction, with such approval not to be unreasonably withheld or delayed.

4. The City will close John Clark Road at the at-grade road/rail crossing upon completion of improvements to the existing O'Neal Road at-grade road/rail crossing specified in the immediately-preceding paragraph.

5. The City will not pursue a request to create a new at-grade road/rail crossing on KCS's main north-south line at Community Road and Old Highway 49 in Gulfport for a minimum of ten (10) years from the effective date of the attached MOA.

6. The City will relocate its existing crossing on the KCS DeLisle Lead west to the location generally shown on the drawing attached hereto as Exhibit "2," publicly dedicate the four-lane divided road with a minimum 10'6" wide, non-traversable median at this new location as a public road (including the City taking all responsibility for roadway maintenance cost except crossing surface maintenance), quitclaim to KCS (upon the opening to traffic of this new DeLisle Lead crossing) all interest the City may have in the City's existing DeLisle Lead crossing at its current location, and pay KCS KCS's actual cost to obtain and install at the time of initial construction and installation (i) the initial crossing surface to the ends of the ties, and (ii) the active grade crossing warning devices for the new crossing (including median flasher and gate assemblies) at a total cost to the City for all four (4) of the active grade crossing warning devices at this crossing not to exceed \$350,000.00. Roadway design within KCS property must be submitted for and approved by KCS prior to construction, with such approval not to be unreasonably withheld or delayed.

7. The City will construct and publicly dedicate a new four-lane divided road with a minimum 10'6" wide, non-traversable median as an extension of Poole Street/Airport Road that crosses KCS's main north-south line at-grade. The City will take all responsibility for roadway maintenance cost (except crossing surface maintenance) and will pay KCS KCS's actual cost to obtain and install at the time of initial construction and installation (i) the initial crossing surface to the ends of the ties, and (ii) the active grade crossing warning devices for the new crossing (including median flasher and gate assemblies) at a total cost to the City for all four (4) of the active grade crossing warning devices at this crossing not to exceed \$350,000.00 . Roadway design within KCS property must be submitted for and approved by KCS prior to construction, with such approval not to be unreasonably withheld or delayed.

8. The City will construct and maintain the approaches to the crossing surfaces at the O'Neal Road, Poole Street/Airport Road, DeLisle Lead, and Creosote Road at-grade road/rail crossings.

II. Terms Specifically Involving KCS:

1. KCS will remove the portion of the at-grade crossings of the KCS main line at 3rd Street and John Clark Road within the KCS ROW when those crossings are closed as specified herein. This will include removing the approaches from the track to the KCS ROW line, removing the crossing surfaces, removing all signage within the KCS ROW, and installing MUTCD-compliant barricades at the KCS ROW line with end-of-road signage.

2. As part of widening O'Neal Road to four lanes with medians, as referenced herein, KCS at its sole expense will extend the at-grade crossing surface to accommodate a four-lane divided road. KCS will also give the City a one-time incentive payment of One Hundred and Fifty Thousand and no/100 Dollars (\$150,000.00) upon execution of the attached MOA to be used by the City for the adjustment/improvement of the road/rail at-grade crossing at O'Neal Road and associated work.

3. KCS will allow for a four-lane divided road with a minimum 10'6" wide, non-traversable median across KCS's main north-south line as an extension of Poole Street/Airport Road from its current location, as generally shown in the map attached hereto as Exhibit "3." KCS will grant and convey to the City a 135-foot wide easement for this new crossing as an extension of the Poole Street/Airport Road public roadway and associated City ROW for sidewalks and pedestrian pathways and utilities owned or maintained by the City and the Harrison County Utility Authority ("HCUA"), for so long as the roadway and these utilities are operated or maintained by the City or the HCUA, and will waive collection of the fair market value of the land/space crossed. KCS will also allow use of the easternmost edge of its main line ROW for the City to construct, at the City's sole cost, 12-foot wide turn lanes (one north and one south of the intersection) not exceeding 500 feet in length along Old Highway 49 to the widened Poole Street / Airport Road crossing. All roadway design and utility installation plans for construction within KCS property must be submitted for and approved by KCS prior to construction, with such approval not to be unreasonably withheld and to occur as expeditiously as possible so as to not delay the City's project schedule.

4. KCS will allow for a four-lane divided road with a minimum 10'6" wide, non-traversable median across KCS's DeLisle Lead, with the location of this crossing to be generally located as depicted in Exhibit "2" attached hereto and to take the place of the existing crossing on this line. KCS will grant and convey to the City a 135-foot wide easement for this crossing and associated ROW for sidewalks and pedestrian pathways and utilities owned or maintained by the City or the HCUA for so long as the roadway and these facilities are operated or maintained by the City or the HCUA, and will waive collection of the fair market value of the land/space crossed. All roadway design and utility installation plans for construction within KCS property must be submitted for and approved by KCS prior to construction, with such approval not to be unreasonably withheld and to occur as expeditiously as possible so as to not delay the City's project schedule.

5. KCS will assume all costs associated with maintenance of the grade crossing surface between the ends of the ties for their usable life, as well as the flasher and gate assemblies according to KCS Standards, at (1) both the KCS main line and the Seaway Lead at-grade crossings of Creosote Road; (2) the at-grade crossing of O'Neal Road, as widened; (3) the City's relocated crossing of the DeLisle Lead; and (4) the new Poole Street/Airport Road at-grade crossing of the KCS main line. When the usable life of the grade crossing surfaces has been reached, or its safety has been compromised, the City will have the choice of paying for the replacement of the concrete crossing surfaces with new concrete crossing surfaces, or for KCS to

replace the crossing surfaces with KCS's then current standard crossing surfaces at KCS's cost, with such replacement to be consistent with the posted speed for the affected roadways.

6. KCS waives all fees associated with obtaining permits for openings of crossings that are part of the MOA, described in this Exhibit "A". KCS also will not charge for its review of road construction plans. KCS will absorb the cost of any construction inspection of road construction. The City or HCUA will absorb the cost of any construction inspection and plan review by KCS connected with utility construction above or below the track by the City or the HCUA. KCS will grant, without fee, right of entry permits to the City or its contractor for the construction of the roadways, and to the City or the HCUA or their contractor(s) for the construction of any City- or HCUA-owned utilities within the easements granted by KCS under this MOA. The right of entry agreement will require, among other things, that the City or the HCUA, as applicable, or their construction contractor(s) will, at the City's, HCUA's or their contractor's sole cost and expense, contract with a KCS-approved flagging contractor to provide railroad flaggers when any employees, contractors, or agents of the City, HCUA or their contractor(s) or any construction equipment operated by the same is within twenty-five (25) feet of the centerline of KCS's track in connection with work or projects referenced herein.

7. KCS will expedite permitting and inspection processes so as to help move the BUILD Grant and O'Neal Road widening projects without delay.

**STATE OF MISSISSIPPI
COUNTY OF HARRISON**

I, *Joseph Mahan*, do solemnly swear (or affirm) that I will faithfully support the Constitution of the United States of America and the Constitution of the State of Mississippi, as well as the Ordinances of the City of Gulfport, and obey the laws thereof; that I am not disqualified from holding the office of law enforcement officer for the City of Gulfport; and that I will faithfully, honestly, and fearlessly discharge the duties of the office upon which I am about to enter. So help me God.

Officer Signature

Sworn on this, the 16th Day of November, 2020

Chris Ryle, Chief of Police

**Perseverance, Integrity and Honor
Protecting Gulfport Since 1898**

IN THE CITY OF GULFPORT
FIRST JUDICIAL DISTRICT OF HARRISON COUNTY
STATE OF MISSISSIPPI

**ORDER FULLY RE-OPENING THE GULFPORT SMALL
CRAFT HARBOR FOLLOWING HURRICANE ZETA**

WHEREAS, pursuant to Mississippi Law, including, but not limited to, Miss. Code Ann. § 45-17-1, et seq. and Miss. Code Ann. § 33-15-17, et seq., as amended, and in the public interest of the City and to safeguard and protect the health, safety, and welfare of the public and for the protection of life and property, the undersigned did on October 26, 2020, issue a “Proclamation Declaring a Civil And/Or Local Emergency to Exist as a Result of a Threatened or Existing Natural Disaster” associated with an imminent threat of a natural disaster resulting from Hurricane Zeta and related conditions (tropical rains, winds, storm surge, lightening, flooding, etc.) projected to commence in the area on October 28, 2020, and impact an area that included the City of Gulfport; and

WHEREAS, the Governor of the State of Mississippi subsequently declared and proclaimed, pursuant to authority vested in him by the Mississippi Constitution of 1890 and § 33-15-11(b)(17), that as of October 28, 2020, a State of Emergency existed in the State of Mississippi as a result of the impending impact of Hurricane Zeta; and

WHEREAS, Hurricane Zeta struck the Mississippi Gulf Coast and the City of Gulfport during the late afternoon and evening hours on October 28, 2020, and did so as a Category 2 Hurricane, which was a stronger storm than was expected; and which caused significant damage to public and private property in the City, and which damage included, among other things, downed power lines and utility infrastructure, trees, and other debris in and along the roadways, and which damage also included that caused by a surge of waters associated with the storm; and

WHEREAS, in particular, Hurricane Zeta had a significant impact on the Gulfport Small Craft Harbor (also known as the “Gulfport Municipal Marina”), and which resulted in navigational hazards being located within the basin and damaged decks and docks and which caused/created safety hazards for the movement of boats/vessels and persons in and around the harbor and basin areas; and

WHEREAS, in an effort to safeguard and protect the health, safety, and welfare of those in and around the harbor/basin, the undersigned issued an Order on October 30, 2020, which temporarily closed the Gulfport Small Craft Harbor / Gulfport Municipal Marina until further notice or additional Order declaring otherwise; and

WHEREAS, after this Order was issued, extensive work and diligent efforts were undertaken with respect to post-storm recovery in the harbor/marina and which work and efforts, over time, resulted in the removal of threats to general navigation in the Bert Jones Yacht Basin and the ability to partially re-open the harbor/marina in response thereto, as evidenced in the various Orders that were subsequently issued and which partially re-opened the Harbor/Marina; and

WHEREAS, persistent post-storm recovery work has now provided the opportunity to completely re-open this facility to all piers and locations; and

THEREFORE, pursuant to the authority vested in me by Mississippi Law, including, but not limited to, Miss. Code Ann. § 45-17-1, et seq. and Miss. Code Ann. § 33-15-17, et seq., as amended, and in the public interest of the City of Gulfport, the undersigned hereby issues this Order *fully re-opening the Gulfport Small Craft Harbor / Gulfport Municipal Marina such that all piers located in the Harbor / Marina that were previously closed as a result of Hurricane Zeta shall now be, and hereby are, re-opened to the public*, as there is no longer a need to safeguard and protect the health, safety, and welfare of the public or to protect and preserve life, property, and the good order by closing the same. It is further,

ORDERED that this Order shall be: (1) filed with the City Clerk; (2) distributed to the news media and other organizations reasonably calculated to bring its contents to the attention of the general public; and (3) distributed to others as necessary to ensure proper implementation of this Order.

THIS, the 17th day of November, 2020.

MAYOR BILLY HEWES
