c. If it is necessary for Engineer to identify, study, and evaluate multiple potential solutions, then identify **other alternative solutions** potentially available to Owner, unless Owner and Engineer mutually agree that some other specific number of alternatives should be identified, studied, and evaluated.

1) **Refer to attachment Exhibit A Scope of Services**.

2. Identify potential solution(s) to meet Owner's Project requirements, as needed.

3. Study and evaluate the potential solution(s) to meet Owner's Project requirements.

4. Visit the Site, or potential Project sites, to review existing conditions and facilities, unless such visits are not necessary or applicable to meeting the objectives of the Study and Report Phase.

5. Assess initially available Project information and data, including the Baseline Information set forth at the beginning of this Exhibit A.

6. Advise Owner of any need for Owner to obtain, furnish, or otherwise make available to Engineer additional Project-related information and data, for Engineer's use in the study and evaluation of potential solution(s) to Owner's Project requirements, and preparation of a related report.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7. After consultation with Owner, recommend the solution(s) which in Engineer's judgment meet Owner's requirements for the Project.

8. Identify, consult with, and analyze requirements of authorities having jurisdiction to permit or approve construction or operation of the portions of the Project to be designed or specified by Engineer, including but not limited to impacts and mitigating measures identified in previously prepared environmental assessments for the Project provided to the Engineer or being concurrently prepared for Owner by others.

9. Advise the Owner of any need for Owner to provide data or services of the types described in Article 2 of the Agreement, for use in Project design, or in preparation for Contractor selection and construction.

10. Assist Owner in evaluating the possible use of building information modeling; civil integrated management; geotechnical baselining of subsurface conditions at the Site; innovative design, contracting, or procurement strategies; project delivery method; or other strategies, technologies, or techniques for assisting in the design, construction, and operation of Owner's facilities. The subject matter of this paragraph will be referred to in Exhibit A as "Project Strategies, Technologies, and Techniques**." Not Applicable.**

11. Assist Owner in identifying opportunities for enhancing the sustainability of the Project, and pursuant to Owner's instructions, plan for the inclusion of sustainable features in the design.

12. Review with Owner the thresholds established in applicable codes, standards, and design criteria specifically governing the ability of the proposed facilities or improvements to perform, and to absorb or avoid damage without suffering complete or substantial failure. As part of the review, identify additional risk assessment studies or tools that are available to evaluate the susceptibility of the facilities or improvements to natural and man-made events beyond the applicable established thresholds. Upon Owner request, as an additional service, perform additional risk assessment studies or tools to further evaluate system resiliency beyond the applicable established thresholds. **Not Applicable.**

13. Utilities, including Underground Facilities

    a. Review any utility mapping and surveys and other utilities documentation made available by Owner. Take note of observable utilities during Site visit.

    b. Identify, in a preliminary manner and to the extent determinable by such mapping or other information provided by Owner, and by observations at the Site, those utilities (whether above-ground utilities of any type, or Underground Facilities) likely to be affected by the Project construction and additional utility facilities or extensions that will be needed to serve the Project.

    c. If the impact on existing utilities or the need for additional utility facilities or extensions cannot reasonably be determined in a preliminary manner from mapping or other information provided by Owner, or such information was not available from Owner, then assist Owner in evaluating the need to either obtain

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

additional utility mapping and utility documentation during the Study and Report Phase, or undertake other alternative approaches and contingencies to account for utility uncertainties in this phase.

d. Advise Owner of additional utility documentation and coordination needed during the design and construction phases to adequately assess, mitigate, and manage the impact of the Project (including any additional utility facilities or extensions needed to serve the Project) on existing utilities.

e. Use ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data" as a means to advise the Owner regarding the extent and identification and mapping of existing Underground Facilities during the design and construction phases.

1) If Owner has retained a land surveyor, utility engineer, or utility consultant, collaborate with such individuals or entities regarding the application of ASCE 38.

14. Inquire regarding survey methodologies and technologies that would aid in addressing Owner's Project requirements. Develop a scope of work and survey limits for any topographic and other surveys necessary for design. For recommended survey deliverables, specify a) required technical specifications; b) pertinent datum; c) survey limits, and d) formats of deliverables. Collaborate with land surveyor, when separately retained by Owner or third party, to develop such scope of work.

a. **Refer to Attachment Exhibit A Scope of Services**

15. Prepare a report (the "Report") which will, as appropriate, contain schematic layouts, sketches, and conceptual design criteria with appropriate exhibits to indicate the agreed-to requirements, considerations involved, and Engineer's recommended solution(s).

a. For each recommended solution, Engineer will separately tabulate Total Project Cost, itemizing those items and services included within the definition of Total Project Costs.

b. Engineer will meet with Owner to discuss the draft Report and receive Owner's comments.

16. Perform or provide the following other Study and Report Phase tasks or deliverables:

a. **[Refer to Attachment Exhibit A Scope of Services**

17. Furnish the Report and any other Study and Report Phase deliverables to Owner pursuant to the requirements of the Deliverables Schedule in Exhibit B, and review the deliverables with Owner.

18. Revise the Report and any other Study and Report Phase deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Engineer's services under the Study and Report Phase will be considered complete on the date when Engineer has delivered to Owner the final Report (as revised) and any other Study and Report Phase deliverables.

1.03 Preliminary Design Phase

A. After acceptance by Owner of the Report and any other Study and Report Phase deliverables (if Engineer's services under this Agreement included Study and Report Phase services); selection by Owner of a recommended solution; issuance by Owner of any instructions for use of Project Strategies, Technologies, and Techniques, or for inclusion of sustainable features in the design, or enhanced resiliency of the design; indication by Owner of any specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document in writing any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from the selected solution, related Project Strategies, Technologies, or Techniques, sustainable design and resiliency instructions, specific modifications to the Project, or changes, refinements, or supplementation of the Baseline Information.

B. Upon written authorization from Owner, Engineer shall:

1. Review and assess all available Project information and data, including any pertinent reports or studies (whether prepared by Engineer or others) and any related instructions from Owner.

2. Based on the threshold review and assessment of available information and data, advise Owner of any need for Owner to obtain, furnish, or otherwise make available to Engineer any additional information and data, for Engineer's use in the preparation of a Preliminary Design Phase Report.

3. Prepare a Preliminary Design Phase Report in the following format: **The scope of the design and sufficient for Owner's purposes— ranging from a consolidated and comprehensive technical specs, narrative report, and assemblage of required 30% drawings**.

4. The Preliminary Design Phase Report will consist of final design criteria, preliminary drawings, a preliminary list of expected specifications, and written descriptions of the Project. The Preliminary Design Phase Report will consider the following matters to the extent applicable to the Project and as necessary to establish the basis of design for proceeding to final design and construction:

a. The Project concept, intent, performance criteria, desired outcomes, Owner's standards and Owner directed improvements and facility elements as established in the Study and Report Phase and as expressly set forth in the Baseline Information section of this Exhibit A (collectively the "Project Goals").

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

b. Recommended appropriate design criteria for each primary portion and significant discipline of the design necessary to address the Project Goals.

c. Site conditions and characterization as known at the time of, or to be determined during, the Preliminary Design Phase, including topography; subsurface information; Constituents of Concern; cultural, historical, and archaeological resources at the Site; wetlands information; and evaluations of flora and fauna that may be affected by the Project.

d. The time schedule for completion of the Project in accordance with Project Goals, including any recommended changes to the time required to complete the Final Design Phase (as set forth in Exhibit B, Deliverables Schedule) and estimated schedule(s) for construction.

e. Identification of major items of materials and equipment, rationale for selection with consideration of quality, suitability, pricing, sourcing, regulatory, and bidding issues affecting recommended selection.

f. Revised opinions of probable Construction Cost.

g. The impact of Project Strategies, Technologies, and Techniques, sustainable features, and enhanced resiliency selected by Owner for inclusion in the Project on the Project Goals, schedule and probable Construction Cost, including impact of multiple prime construction contracts, separate procurement of materials or equipment, and other alternate project delivery methods when the Project Goals necessitate and Owner authorizes;

h. Construction Phase quality assurance and quality control needs affecting development of Drawings and Specifications and other Final Design and Bidding Phase documents.

i. The effect of permits and authorizations by other entities and utility coordination needs on the Project.

j. Other matters and information pertinent to addressing the Project Goals.

5. In preparing the Preliminary Design Phase Report, use any specific applicable Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features and enhanced resiliency, as appropriate, pursuant to Owner's instructions.

6. Visit the Site as needed to prepare the Preliminary Design Phase Report.

7. If at any point in the Preliminary Design Phase it becomes apparent to Engineer that additional reports, data, information, or services of the types described in Article 2 are necessary, then so advise Owner, and assist Owner in obtaining such reports, data, information, or services.

8. Above-Ground Utilities

   a. Review above-ground utilities information obtained from Owner and from observations at the Site.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

b. Make recommendations regarding any further identification, investigation, and mapping of above-ground utilities at or adjacent to the Site, for Engineer's design purposes or otherwise.

c. Account for above-ground utilities, based on available information, when advancing design during the Preliminary Design Phase.

9. Underground Facilities

a. Review Underground Facilities data furnished by Owner. Assist Owner in reducing and managing risks associated with Underground Facilities by working together with Owner to jointly establish a procedure ("Underground Facilities Procedure") for the further identification, investigation, and mapping of Underground Facilities at or adjacent to the Site, using ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data," as a basis for establishing such Underground Facilities Procedure.

b. Such Underground Facilities Procedure must take into account the Site and the nature of the Project.

c. Use the Underground Facilities Procedure to aid in the performance of design services:

1) Account for Underground Facilities, based on available information, when advancing the design during the Preliminary Design Phase.

2) The Underground Facilities Procedure will include a plan to keep Underground Facilities information current as Engineer proceeds with the provision of design services, and to add new or relocated Underground Facilities information to the base utility or Site drawings.

3) To manage the potential impact of design changes on Underground Facilities, Engineer shall work together with Owner to modify or reapply the Underground Facilities Procedure as the design progresses and changes.

10. Mitigation of Utilities Conflicts

a. Identify potential conflicts between the Project (including existing and new facilities and structures) and above-ground utilities and Underground Facilities as reviewed in Exhibit A Paragraphs 1.03.B.8 and 9 above, and advise Owner regarding the need for resolution of such conflicts with utility and Underground Facilities owners and permit agencies. Identify the potential need for the relocation of existing above-ground utilities and Underground Facilities.

b. Update the Underground Facilities Procedure as necessary for any Underground Utilities conflicts and relocations.

c. Working together with Owner, jointly identify which specific parties or other entities will be responsible for implementation of the various specific parts of the Underground Facilities Procedure (including those parts that address resolution of Underground Facilities conflicts), and for resolution of above-ground utilities

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

conflicts. Such identification will take into account Owner's authority and standing, as owner of the Site, with respect to Underground Facilities and above-ground utilities.

1) To the extent that Owner and Engineer agree that in addition to performing the design-related obligations set forth in Exhibit A Paragraphs 1.03.B.8 and 9, Engineer will also implement any non-design part of the Underground Facilities Procedure (including resolution of Underground Facilities conflicts), or undertake resolution of above-ground utilities conflicts, such additional duties will be Additional Services under Article 2 of this Exhibit A.

11. Surveys, Topographic Mapping, and Utility Documentation

    a. Coordinate with Owner's utility engineer, utility consultant, or land surveyor for the necessary field surveys, topographic mapping, and utility documentation required for Engineer's design purposes, or by the Underground Facilities Procedure.

    b. If no scope of work and procedure for utility documentation has been established, selected, or authorized, then at a minimum Engineer will contact utility owners and obtain available information. Except as otherwise provided in this Agreement, Owner acknowledges that the information gathered from utility owners may be incorrect, incomplete, outdated, or otherwise flawed, and as to Engineer, bidders, and Contractor, the Owner accepts all associated risks. Owner reserves all associated rights as to recourse against the sources of such flawed information and against third parties.

12. Prepare initial draft of a comprehensive permit document that identifies Owner's permit duties, Engineer's permit duties, and Contractor's permit duties, and the schedule for permitting activities.

13. Continue to assist Owner with Project Strategies, Technologies, and Techniques that Owner has chosen to implement in Exhibit A Paragraph 1.03.A.

14. Obtain Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's Bidding/Proposal Documents and Front-End Construction Contract Documents.

    a. Also obtain copies of Owner's standard Bidding/Proposal Documents and Front-End Construction Contract Documents (if other than the EJCDC 2018 Construction Series documents), and any other related documents or content for Engineer to include in drafts of the Project-specific Bidding/Proposal Documents and Front-End Construction Contract Documents, when applicable.

    b. Review Owner's instructions regarding procurement, bidding and contracting of construction services with respect to effects on the Project design, schedule and construction and address as needed in the Preliminary Design Phase deliverables.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

15. Prepare the Preliminary Design Phase Report. This Report will consist of, as appropriate, separate or combined submittals in whole or summary, the Preliminary Design Phase documents listed in Exhibit A Paragraph 1.03.B.4, and Engineer's findings and recommendations for advancing the Project to the Final Design Phase (including Engineer's findings and recommendations, if any, regarding permitting, utilities, and Underground Facilities). The submittal will be in the format of a report, or otherwise organized and assembled for ease and practicality of use.

    a. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and on the basis of information furnished by Owner, assist Owner in tabulating the various cost categories which comprise Total Project Costs.

    b. Engineer will meet with Owner to discuss the draft Preliminary Design Phase submittal and receive Owner's comments.

16. Perform or provide the following other Preliminary Design Phase tasks or deliverables:

    a. **NONE**.

17. Furnish the Preliminary Design Phase Report, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner pursuant to the requirements of the Deliverables Schedule in Exhibit B, and review the deliverables with Owner.

18. Revise the Report and any other deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

C. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Preliminary Design Phase Report (as revised) and associated documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables.

1.04 Final Design Phase

A. After acceptance by Owner of the Preliminary Design Phase Report and any other Preliminary Design Phase deliverables; issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from specific modifications to the Project, or changes, refinements, or supplementation of the Baseline Information.

    1. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is **One (1)**. If more prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. If more than one prime construction contract is to be awarded for the Work designed or specified by Engineer, then Owner shall define and set forth (in an exhibit to this Agreement, or in a subsequent document) the duties, responsibilities, and limitations of authority of a person or entity that will have authority and responsibility for coordinating the activities among the various prime Contractors, and any resulting changes in the duties, responsibilities, and authority of Engineer.

3. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime construction contract, or if Engineer's services are to be separately sequenced with the work of one or more separate design professional consultants or prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding/Proposal, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable under such separate prime construction contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such construction contracts is to proceed concurrently.

B. Upon written authorization from Owner, Engineer shall prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor, in accordance with the Preliminary Design Phase Report (as revised) and other Preliminary Design Phase deliverables. As part of the preparation of the Drawings and Specifications, Engineer shall prepare interim drafts and final Drawings and Specifications as follows, pursuant to the Deliverables Schedule in Exhibit B:

1. 60% - First Final Design Phase draft of all Drawings and Specifications.

2. 90% - Second Final Design Phase draft of all Drawings and Specifications, addressing Owner comments and including appropriate design advancement.

3. Final Drawings and Specifications that address Owner comments; complete the design; are suitable for estimating and pricing by prospective Contractors; and are complete and ready for construction.

C. In preparing the Specifications (and any bidding, contract, or other documents that are part of Engineer's scope of services), Engineer shall obtain from Owner or Owner's legal counsel any relevant constraints such as requirements for use of domestic steel and iron, other domestic purchasing requirements, statutory restrictions on utilizing proprietary specifying methods, and the like, and comply with or account for such constraints in drafting Specifications, Bidding/Proposal Documents, and other Project documents.

D. Engineer shall prepare or assemble draft Bidding/Proposal Documents and Front-End Construction Contract Documents as follows:

1. Such documents will be based on the 2018 EJCDC Construction Documents, and on the specific bidding or Contractor selection-related instructions and forms, contract forms, text, or other content received from Owner.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. When Engineer is required to use other than the 2018 EJCDC Construction Documents, then as required in the Preliminary Design Phase Owner will furnish to Engineer a copy of the required documents to be used for the Project's Bidding/Proposal Documents and Front-End Construction Contract Documents. Prior to the first Final Design Phase submittal, Engineer will review the bidding and contracting documents furnished by Owner and provide comments to Owner. Engineer will meet with Owner to discuss Engineer's comments. Owner will consider Engineer's recommendations to revise Owner's documents for the Project.

3. Engineer will furnish to Owner, for review by Owner's legal counsel, the draft Bidding/Proposal Documents and Front-End Construction Contract Documents. Owner and Owner's legal counsel must transmit to Engineer, in a timely manner, one coordinated set of comments and revisions to the draft documents.

E. During the Final Design Phase the Engineer shall continue to account for above-ground utilities and Underground Facilities as the design advances and is finalized. This may include:

1. performing the services assigned to Engineer under the Underground Facilities Procedure described in Exhibit A Paragraph 1.03 above, including but not limited to the design-related tasks in Exhibit A Paragraph 1.03.B.9.

2. addressing required and proposed activities or mitigations identified in the analysis of utilities and by the Underground Facilities Procedure as having an impact on the final design, and considering such in preparing the Drawings and Specifications.

F. Engineer shall perform or furnish the following other Final Design Phase services:

1. Visit the Site as needed to assist in preparing the final Drawings and Specifications.

2. Assist with or prepare applications for permits and approvals, as follows:

a. Update comprehensive permit document created in Preliminary Design Phase for Final Design detail.

b. Prepare the following applications for Owner's submittal to authorities having jurisdiction over the construction or operation of the Project:

1) **MDEQ – Sewer Permit**

2) **MDOH – Water Permit**

3) **MDEQ – SWPPP Permit**

c. Confer with Owner regarding revisions, if any, to the application(s), and make appropriate revisions to the application(s) for Owner's resubmittal to the authority having jurisdiction.

d. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of the authorities having jurisdiction listed above, including applications for review or approval of the final design.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

e. Identify and indicate in the Construction Contract Documents the permits and approvals for which Contractor will be responsible, including work permits, building permits, and other permits and approvals that will be Contractor's responsibility; and, in addition, indicate those permits initially obtained by Owner for which Contractor will be a co-permittee, together with associated requirements.

f. Unless expressly indicated otherwise, Engineer's scope and budget includes attending one meeting or conference call with each permit and approval-issuing agency to discuss the Project and receive the agency's comments on the application.

g. Engineer does not guarantee issuance of any required permit or approval.

h. Fees charged by authorities having jurisdiction for such permits or approvals are the responsibility of Owner.

3. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost. Furnish to Owner an updated opinion of probable Construction Cost with the interim and final deliverables of the Drawings and Specifications.

4. After consultation with Owner, include in the Front-End Construction Contract Documents any Electronic Document Protocol addressing specific protocols for the transmittal of Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website.

5. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.

6. Review the preliminary schedule for the Construction Phase and advise Owner when initial understanding of the Construction Contract Times must or should be revised, and furnish Owner with recommendations on revisions to the proposed Construction Contract Times.

7. Engineer's project manager and other appropriate staff will participate in the following meetings and conference calls:

   a. First draft design review meeting at Owner's office.

   b. Second draft design review meeting at Owner's office.

   c. **Other meetings as needed.**

   d. Engineer will prepare and distribute minutes of each such meeting and conference call, indicating attendees, topics discussed, decisions made, and action items for follow-up.

8. Perform or provide the following other Final Design Phase activities or deliverables:

   a. **Any other tasks as needed.**

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

G. Engineer shall complete the Final Design Phase as follows:

1. Pursuant to the requirements of the Deliverables Schedule in Exhibit B, furnish for review by Owner, its legal counsel, and other advisors, the final Drawings and Specifications (as set forth in Exhibit A Paragraph 1.04.B.3 above); assembled drafts of other Construction Contract Documents including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost; and any other Final Design Phase deliverables, and review the deliverables with Owner.

2. Revise the final Design Phase deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

3. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications; assembled drafts of the Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; and any other Final Design Phase deliverables, as revised.

1.05 Bidding/Proposal Phase

A. After acceptance by Owner of the final Drawings and Specifications; assembled drafts of other Construction Contract Documents, including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and any other Final Design Phase deliverables, and upon written authorization by Owner to proceed, Engineer shall:

1. Assist Owner in advertising for and obtaining bids or proposals for the Work; assist Owner in issuing assembled Bidding/Proposal Documents and proposed Construction Contract Documents to prospective contractors; if applicable, maintain a record of prospective contractors to which documents have been issued; attend pre-bid conferences, if any; and receive and process contractor deposits or charges, if any, for the issued documents.

a. **Owner's procurement website, commercial plan room or web service, and distribution by Engineer that Owner will use for distributing Bidding Documents.**

2. Prepare and issue addenda as appropriate to clarify, correct, or change the issued documents.

3. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work. Services under this paragraph are subject to the provisions of Exhibit A Paragraph 2.01.A.2.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Attend the bid opening; prepare bid tabulation sheets; and assist Owner in evaluating bids or proposals, assembling final Construction Contracts for the Work for execution by Owner and Contractor, and in preparing notices of award to be issued by Owner for such contracts.

5. Provide information or assistance needed by Owner in the course of any review of bids, proposals, or negotiations with prospective contractors.

6. Consult with Owner as to the qualifications of prospective contractors.

7. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.

8. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.

9. Perform or provide the following other Bidding/Proposal Phase tasks or deliverables:

    a. **Other needed tasks.**

10. The Bidding/Proposal Phase will be considered complete upon award of Construction Contracts for the Work and commencement of the Construction Phase, or upon cessation of negotiations with prospective contractors.

1.06 Construction Phase

A. After completion of the Final Design Phase and concurrent with the Bidding/Proposal Phase, and after issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, design, schedule, number of prime construction contracts, and other construction requirements of the Project during the Construction Phase desired by Owner, the Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services or compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from specific modifications to the Project.

    1. Engineer shall be responsible only for those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified. With the exception of such expressly required services, Engineer shall have no design, Submittal (including Shop Drawing) review, or other obligations during construction, and Owner assumes all responsibility for providing or arranging for all other necessary Construction Phase administrative, engineering, and professional services.

    2. Owner waives all claims against Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants, and Engineer's Subcontractors, that may be connected in any way to Construction Phase administrative, engineering, or professional services except for those services that are expressly required of Engineer in Exhibit A. Notwithstanding the foregoing waiver, Engineer shall be responsible for any professional opinions and interpretations provided by Engineer to Owner during the Construction Phase or Post-Construction Phase, including interpretations or clarifications of the Construction Contract Documents.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Upon successful completion of the Bidding/Proposal Phase, and upon written authorization from Owner, Engineer shall provide the following services:

1. General Administration of Construction Contract: Consult with Owner and act as Owner's representative as provided in this Agreement and the Construction Contract. Unless otherwise set forth in the scope of Basic Services (as duly modified), the extent and limitations of the duties, responsibilities, and authority of Engineer shall be as assigned in EJCDC® C-700, Standard General Conditions of the Construction Contract (2018) or other construction general conditions specified in this Agreement. Except as otherwise provided in the Construction Contract, Owner's communications to Contractor will be issued through Engineer.

    a. If the responsibilities of Engineer as set forth in the Construction Contract are greater than those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified, then Owner shall either (1) expand the scope of the Construction Phase services to match those of the Construction Contract, and compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services, or (2) identify a qualified individual or entity (other than Engineer) responsible for the additional responsibilities in the Construction Contract.

    b. If Owner, or Owner and Contractor, modify the duties, responsibilities, and authority of Engineer in the Construction Contract, or modify other terms of the Construction Contract having a direct bearing on Engineer, or if Owner requires Engineer's services for construction that extends longer than the anticipated Construction Contract Times, then Owner shall compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services.

    c. Engineer shall not be required to furnish or perform services contrary to Engineer's responsibilities as a licensed professional.

2. Field Office: **Not Applicable -** Engineer and Resident Project Representative (if any) will be based in a field office at the Site. The field office will be furnished and maintained at Owner's expense, and will include reasonable furnishings, all required temporary utilities (including internet service) and facilities, and be secured for Engineer's (and RPR's) exclusive use.

3. Resident Project Representative (RPR): Provide the services of an RPR at the Site to assist Engineer and to provide more extensive observation of Contractor's Work. Duties, responsibilities, and authority of the RPR are as set forth in Exhibit D. The furnishing of such RPR's services will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit D.

4. Selection of Independent Testing Laboratory: Assist Owner in the selection of an independent testing laboratory to perform required testing services.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5. Pre-Construction Conference: Participate in a pre-construction conference prior to commencement of Work at the Site; prepare and distribute agenda for the conference and prepare and distribute minutes of such conference.

6. Electronic Transmittal Protocols: If the Construction Contract does not establish protocols for transmittal of Electronic Documents by Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.

7. Original Documents: If requested by Owner to do so, maintain and safeguard during the Construction Phase at least one original printed record version of the Construction Contract Documents, including Drawings and Specifications signed and sealed by Engineer and other design professionals in accordance with applicable Laws and Regulations. Throughout the Construction Phase, make such original printed record version of the Construction Contract Documents available to Contractor and Owner for review.

8. Schedules: Receive, review, and, and, subject to the criteria of the Construction Contract, determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the progress schedule, schedule of submittals, and schedule of values. Advise Contractor in writing of Engineer's comments or acceptance of schedules.

    a. Schedules will be acceptable to Engineer as to form and substance:

        1) Progress Schedule: if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

        2) Contractor's Schedule of Submittals: if it provides a workable arrangement for reviewing and processing the required Submittals.

        3) Contractor's Schedule of Values: if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

9. Baselines and Benchmarks: As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.

10. Permits: Provide Owner with copies of technical information and supporting data previously obtained or developed by Engineer for Owner's use, or for Owner to provide to Contractor, in obtaining required permits and licenses delegated to Contractor by Owner.

11. Visits to Site and Observation of Construction: In connection with observations of Contractor's Work while it is in progress:

    a. Make visits to the Site at intervals appropriate to the various stages of the Work, as Engineer deems necessary, to observe as an experienced and qualified design professional, the progress of Contractor's executed Work. Such visits and

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

observations by Engineer, including its RPR, if any, are not intended to be exhaustive or to extend to every aspect of the Work or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Construction Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by its RPR, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Construction Contract Documents, and Engineer shall keep Owner informed of the progress of the Work. Engineer will make a report of Engineer's visit, summarizing Engineer's general observations and any significant findings.

b. The purpose of Engineer's visits to the Site, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to by this Agreement and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in general to the Construction Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Construction Contract Documents. Engineer will not, during such visits or as a result of such observations of the Work, supervise, direct, or have control over the Work, nor will Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to any Constructor's work in progress, for the coordination of the Constructors' work or schedules, nor for any failure of any Constructor to comply with Laws and Regulations applicable to furnishing and performing of its work. Accordingly, Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish or perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents.

12. Defective Work: If, on the basis of Engineer's observations or as indicated in documentation available to Engineer, Engineer believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, Engineer will promptly issue written notice to Contractor (with copy to Owner) of such defective Work. Such notice will communicate the scope, extent (to Engineer's understanding) of defect, and associated provisions of the Construction Contract Documents.

    a. Provide recommendations to Owner regarding whether Contractor should correct such Work or remove and replace such Work, or whether Owner should consider accepting the defective Work in accordance with the provisions of the

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Construction Contract Documents. Engineer shall give notice to Contractor regarding whether the defective Work should be repaired, replaced, or will be accepted by Owner.

b. However, Engineer's authority to provide this information to Owner or Engineer's decision to exercise or not exercise such authority will not give rise to a duty or responsibility of the Engineer to Contractors, Subcontractors, material and equipment suppliers, their agents or employees, or any other person(s) or entities performing any of the Work, including but not limited to any duty or responsibility for Contractors' or Subcontractors' safety precautions and programs incident to the Work.

13. Compatibility with Design Concept: If Engineer has express knowledge that a specific part of the Work that is not defective under the terms and standards set forth in the Construction Contract Documents is nonetheless not compatible with the design concept of the completed Project as a functioning whole, then inform Owner of such incompatibility, and provide recommendations for addressing such Work.

14. Clarifications and Interpretations: Accept from Contractor and Owner submittal of all matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. With reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Construction Contract Documents.

15. Non-reviewable Matters: If a submitted matter in question concerns the Engineer's performance of its duties and obligations, or terms and conditions of the Construction Contract Documents that do not involve (a) the performance or acceptability of the Work under the Construction Contract Documents, (b) the design (as set forth in the Drawings, Specifications, or otherwise), or (c) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer will not provide a decision or interpretation.

16. Field Orders: Subject to any limitations in the Construction Contract Documents, Engineer may prepare and issue Field Orders requiring minor changes in the Work.

17. Change Orders and Work Change Directives: Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.

18. Change Proposals and Claims

    a. Review and respond to Change Proposals. Review each duly submitted Change Proposal from Contractor and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer will not resolve the Change Proposal.

b. Provide information or data to Owner regarding engineering or technical matters pertaining to Claims.

19. Differing Site Conditions: Respond to any notice from Contractor of differing site conditions, including conditions relating to Underground Facilities such as utilities, and hazardous environmental conditions. Promptly conduct reviews and prepare findings, conclusions, and recommendations for Owner's use subject to limitations of Engineer's obligations under this Agreement.

20. Contractor's Submittals: Review and approve or take other appropriate action with respect to required Contractor Submittals, but only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Construction Contract Documents, and for compatibility with the design concept of the completed Project as a functioning whole as indicated by the Construction Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's Submittal schedule that Engineer has accepted.

21. Substitutes and "Or-equals": Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of Exhibit A Paragraph 2.01.A.2.

22. Inspections and Tests

    a. Receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Construction Contract Documents. Engineer's review of such certificates will be for the purpose of determining whether the results certified indicate compliance with the Construction Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Construction Contract Documents. Engineer shall be entitled to rely on the results of such inspections and tests.

    b. Reply to Contractor requests for written concurrence that specific portions of the Work that are to be inspected, tested, or approved may be covered.

    c. Issue written requests to Contractor that specific portions of the Work remain uncovered.

    d. As deemed reasonably necessary, request that Contractor uncover Work that is to be inspected, tested, or approved.

    e. Pursuant to the terms of the Construction Contract, require additional inspections or testing of the Work, whether or not the Work is fabricated, installed, or completed.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

23. Contractor's Applications for Payment: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

    a. Determine the amounts that Engineer recommends Contractor be paid. Recommend reductions in payment (set offs) based on the provisions for set offs stated in the Construction Contract. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, within the limits of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Construction Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Construction Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work. In the case of unit price Work, Engineer's recommendations of payment will include final determinations of quantities and classifications of the Work (subject to any subsequent adjustments allowed by the Construction Contract Documents).

    b. By recommending payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control the Work, or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the money paid to Contractor by Owner; to determine that title to any portion of the Work, including materials or equipment, has passed to Owner free and clear of any liens, claims, security interests, or encumbrances; or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.

24. Contractor's Completion Documents: Receive from Contractor, review, and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Construction Contract Documents, certificates of inspection, tests and approvals, and Shop Drawings, Samples, and other data approved as provided under Exhibit A Paragraph 1.06.B.20. Receive from Contractor, review, and transmit to Owner the annotated record

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

documents which are to be assembled by Contractor in accordance with the Construction Contract Documents to obtain final payment. The extent of Engineer's review of record documents will be to check that Contractor has submitted a complete set of those documents that Contractor is required to submit.

25. Substantial Completion: Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, visit the Site in company with Owner and Contractor to review the Work and determine the status of completion. Follow the procedures in the Construction Contract regarding the preliminary certificate of Substantial Completion, punch list of items to be completed, Owner's objections, notice to Contractor, and issuance of a final certificate of Substantial Completion. Assist Owner regarding any remaining engineering or technical matters affecting Owner's use or occupancy of the Work following Substantial Completion.

26. Other Tasks: Perform or provide the following other Construction Phase tasks or deliverables:

    a. **Any tasks as needed.**

27. Completion and Acceptability of the Work: After notice from Contractor that the Work is complete:

    a. visit the Site with Owner and Contractor to determine if the Work is in fact complete and acceptable;

    b. notify Contractor of any part of the Work that is found during the visit to be incomplete or defective, and subsequently confirm that Contractor has corrected any such deficiencies;

    c. follow the procedures in the Construction Contract regarding review and response to Contractor's application for final payment and accompanying documentation; and

    d. if Engineer is satisfied that the Work is complete and acceptable, provide a notice to Owner and Contractor using EJCDC® C-626, Notice of Acceptability of Work (attached as Exhibit E), stating that the Work is acceptable (subject to the provisions of the Notice and this Exhibit A) within the limits of Engineer's knowledge, information, and belief, and based on the extent of the services provided by Engineer under this Agreement.

28. Standards for Certain Construction-Phase Decisions: Engineer will render decisions regarding the requirements of the Construction Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth in the Construction Contract for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

C. Duration of Construction Phase: The Construction Phase will commence with the execution of the first Construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractor. If the Project involves more than one prime contract as indicated in Exhibit A Paragraph 1.04.A.1, then Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services, if any) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

1.07 Post-Construction Phase

A. Upon written authorization from Owner during the Post-Construction Phase, Engineer shall:

1. Together with Owner, visit the Project to observe any apparent defects in the Work, make recommendations as to replacement or correction of defective Work, if any, or the need to repair of any damage to the Site or adjacent areas, and assist Owner in consultations and discussions with Contractor concerning correction of any such defective Work and any needed repairs.

2. Together with Owner, visit the Project within one month before the end of the Construction Contract's correction period to ascertain whether any portion of the Work or the repair of any damage to the Site or adjacent areas is defective and therefore subject to correction by Contractor.

3. Perform or provide the following other Post-Construction Phase tasks or deliverables:

a. **Any such tasks as needed.**

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit A, will terminate 12 months after the commencement of the Construction Contract's correction period.

ARTICLE 2—ADDITIONAL SERVICES

2.01 Additional Services Not Requiring Owner's Written Authorization

A. Engineer shall advise Owner that Engineer is commencing to perform or furnish the Additional Services of the types listed below. For such Additional Services, Engineer need not request or obtain specific advance written authorization from Owner. Engineer shall cease performing or furnishing such Additional Services upon receipt of written notice to cease from Owner. These services are not included as part of Basic Services and will be paid for by Owner as indicated in Exhibit J.

1. Substantive design and other technical services in connection with Work Change Directives, Change Proposals, and Change Orders to reflect changes requested by Owner.

2. Services essential to the orderly progress of the Bidding/Proposal and Construction Phases and not wholly quantifiable prior to those Phases or otherwise dependent on the actions of prospective individual bidders or contractors and including:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. making revisions to Drawings and Specifications occasioned by the acceptance of substitute materials or equipment other than “or equal” items;

b. services after the award of the Construction Contract in evaluating and determining the acceptability of a proposed "or equal" or substitution which is found to be inappropriate for the Project;

c. evaluation and determination of an excessive number of proposed "or equals" or substitutions, whether proposed before or after award of the Construction Contract; and

d. providing to the Contractor or Owner additional or new information not previously prepared or developed by the Engineer for their use in applying for or obtaining required permits and licenses, in responding to agency comments on such applications, or in the administration of any such permits or licenses.

3. Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

4. Additional or extended services arising from (a) the presence at the Site of any Constituent of Concern or items of historical or cultural significance, (b) emergencies or acts of God endangering the Work, (c) damage to the Work by fire or other causes during construction, (d) a significant amount of defective, neglected, or delayed Work, (e) acceleration of the progress schedule involving services beyond normal working hours, or (f) default by Contractor.

5. Implement coordination of Engineer’s services with other parts of the Project that are not planned or designed by Engineer or its Subconsultants, unless Owner furnished to Engineer substantive information about such other parts of the Project prior to the parties’ entry into this Agreement, in the Baseline Information section of this Exhibit A, or otherwise in Exhibit A; if such substantive information has been so provided, coordination of Engineer’s services will be part of Basic Services.

6. Implement the specific parts of an Underground Facilities Procedure that are assigned to Engineer, or above-ground utilities tasks that are assigned to Engineer as the Project progresses (but not including the design-related services already assigned to Engineer as a Basic Service).

7. Services (other than Basic Services during the Post-Construction Phase) in connection with any partial utilization of the Work by Owner prior to Substantial Completion.

8. Evaluating unreasonable or frivolous requests for interpretation or information (RFIs), Change Proposals, or other demands from Contractor or others in connection with the Work, or an excessive number of RFIs, Change Proposals, or demands.

9. Reviewing a Shop Drawing or other Contractor submittal more than three times, as a result of repeated inadequate submissions by Contractor.

10. While at the Site, compliance by Engineer and its staff with those terms of Owner's or Contractor's safety program provided to Engineer subsequent to the Effective Date

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

that exceed those normally required of engineering personnel by federal, State, or local safety authorities for similar construction sites.

11. To the extent the Project is subject to Laws and Regulations governing public or government records disclosure or non-disclosure, Engineer will comply with provisions applicable to Engineer, and Owner will compensate Engineer as Additional Services for Engineer's costs to comply with any disclosure or non-disclosure obligations beyond those identified in the Basic Services.

12. Services directly attributable to changes in Engineer's Electronic Documents obligations after the effective date of the Agreement.

2.02 Additional Services Requiring Owner's Written Authorization

A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner as indicated in Exhibit J.

1. Obtain or provide specified additional Project-related information and data to enable Engineer to complete its Basic and Additional Services.

2. Preparation of special and customized reporting, invoicing, and related support documentation in addition to that identified to be provided under Basic Services.

3. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

4. Services to make measured drawings of existing conditions or facilities, to conduct tests or investigations of existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by Owner or others.

5. Services resulting from significant changes in the scope, extent, or character of the portions of the Project designed or specified by Engineer, or the Project's design requirements, including, but not limited to, changes in size, complexity, Owner's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Construction Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond Engineer's control.

6. Services resulting from Owner's request to evaluate additional Study and Report Phase alternative solutions beyond those agreed to in Exhibit A Paragraph 1.02.A.1.

7. Services required as a result of Owner's providing incomplete or incorrect Project information to Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8. Providing renderings or models for Owner's use, including development, management, and other services in support of building information modeling or civil integrated management.

9. Undertaking investigations and studies including, but not limited to:

    a. All-hazards risk assessments and other studies to evaluate the feasibility of enhancing the resiliency of the design;

    b. detailed consideration of operations, maintenance, and overhead expenses;

    c. the preparation of feasibility studies (such as those that include projections of output capacity, utility project rates, project market demand, or project revenues) and cash flow analyses, provided that such services are based on the engineering and technical aspects of the Project, and do not include rendering advice regarding municipal financial products or the issuance of municipal securities;

    d. preparation of appraisals;

    e. with respect to proprietary systems or processes requiring licensing, providing services necessary to assist Owner in obtaining such licensing.

    f. detailed quantity surveys of materials, equipment, and labor; and

    g. audits or inventories required in connection with construction performed or furnished by Owner.

10. Furnishing services of Subconsultants or Engineer's Subcontractors for other than Basic Services.

11. Providing data or services of the types described in Article 2, when Owner retains Engineer to provide such data or services instead of Owner furnishing the same.

12. Providing the following services:

    a. Services attributable to more prime construction contracts than specified in Exhibit A Paragraph 1.04.A.1.

    b. Services to arrange for performance of construction services for Owner by contractors other than the principal prime Contractor, and administering Owner's contract for such services.

13. Services during out-of-town travel required of Engineer, other than for visits to the Site or Owner's office as required in Basic Services (Article 1 of Exhibit A).

14. Preparing for, coordinating with, participating in and responding to structured independent review processes, including, but not limited to, construction management, cost estimating, project peer review, value engineering, and constructability review requested by Owner; and performing or furnishing services required to revise studies, reports, Drawings, Specifications, or other documents as a result of such review processes.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

15. Preparing additional bidding-related documents (or requests for proposals or other construction procurement documents); preparing pre-qualification procedures and documents, and participating in pre-qualifying prospective Bidders; and preparing Construction Contract Documents for alternate bids.

16. Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

17. Preparing conformed Construction Contract Documents that incorporate and integrate the content of all addenda and any amendments negotiated by Owner and Contractor.

18. Services to assist Owner in developing or modifying protocols for transmittal of Electronic Documents by Electronic Means after the effective date of this Agreement, either by revising or adapting Exhibit F to the Project or implementing other Electronic Documents protocols among Project participants.

19. Any services by Engineer in connection with Owner or Engineer providing a Document to a Requesting Party under Exhibit F Paragraph 1.01.D (see Exhibit F, Electronic Documents Protocol), or any other distribution of a Document to a third party. Such services may include but are not limited to preparing the data contained in the requested Document in a manner deemed appropriate by Engineer; creating or otherwise preparing and distributing the Document in a format necessary to respond to Owner's direction or decision to provide the Document to a requesting party, including Contractor, in a format other than that required for deliverables from Engineer to Owner; and services in connection with obtaining required releases from the third parties to which the Documents will be distributed. Compensation for these Additional Services is not contingent upon Owner's reimbursement from the requesting party.

20. Providing Construction Phase services beyond the original date for completion and readiness for final payment of Contractor, but only if such services increase the total quantity of services to be performed in the Construction Phase, rather than merely shifting performance of such services to a later date.

21. Preparing Record Drawings, and furnishing such Record Drawings to Owner.

22. Supplementing Record Drawings with information regarding the completed Project, Site, and immediately adjacent areas obtained from field observations, Owner, utility companies, and other reliable sources.

23. Conducting surveys, investigations, and field measurements to verify the accuracy of Record Drawing content obtained from Contractor, Owner, utility companies, and other sources; revise and supplement Record Drawings as needed.

24. Preparation of operation, maintenance, and staffing manuals.

25. Protracted or extensive assistance in refining and adjusting of Project equipment and systems (such as initial startup, testing, and balancing).

26. Assistance to Owner in training Owner's staff to operate and maintain Project equipment and systems.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

27. Assistance to Owner in developing systems and procedures for (a) control of the operation and maintenance of Project equipment and systems, and (b) related recordkeeping.

28. Preparing to serve or serving as a consultant or witness for, or producing documents for or on behalf of, Owner in any litigation, arbitration, mediation, lien or bond claim, or other legal or administrative proceeding involving the Project (but not including disputes between Owner and Engineer).

29. Overtime work requiring higher than regular rates.

30. Providing construction surveys and staking to enable Contractor to perform its work other than as required under Exhibit A Paragraph 1.06.B.9; any type of property surveys or related engineering services needed for the transfer of interests in real property; providing construction and property surveys to replace reference points or property monuments lost or destroyed during construction; and providing other special field surveys.

31. Providing more extensive services required to enable Engineer to issue notices or certifications requested by Owner.

32. Extensive services required during any correction period, or with respect to monitoring Contractor's compliance with warranties and guarantees called for in the Construction Contract (except as agreed to under Basic Services).

33. Other additional services performed or furnished by Engineer not otherwise provided for in this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT B—DELIVERABLES SCHEDULE

Paragraphs 2.04.E, 3.02.A, and Exhibit A of the Agreement are supplemented by the following paragraph and table.

Engineer shall furnish Documents to Owner as required in Column 2 of the following table (and as further described in Exhibit A), according to the schedule in Column 4. Owner shall comment or take other identified actions with respect to the Documents as indicated in Column 2 (and as further described in Exhibit A), according to the schedule in Column 4.

Party	Action	Exhibit A Reference	Schedule
Engineer	Submit **2** review copies of the Report and other Study and Report Phase deliverables to Owner.	1.02.A.17	Within **90** days of the Effective Date.
Owner	Submit comments regarding the Report and other Study and Report Phase deliverables to Engineer.	1.02.A.18	Within **14** days of the receipt from Engineer of the Report and other Study and Report Phase deliverables.
Engineer	Submit **2** copies of the revised Report and other Study and Report Phase deliverables to Owner.	1.02.A.18	Within **5** days of the receipt of Owner's comments regarding the Report and other Study and Report Phase deliverables.
Engineer	Submit **2** review copies of the Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.03.B.17	Within **30** days of Owner's authorization to proceed with Preliminary Design Phase services.
Owner	Submit comments regarding Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Engineer.	1.03.B.18	Within **5** days of the receipt from Engineer of Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **2** copies of the revised Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.03.B.18	Within **5** days of the receipt of Owner's comments regarding the Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **2** copies of the first Final Design Phase draft of Drawings and Specifications to Owner.	1.04.B.1	Within **30** days of Owner's authorization to proceed with Final Design Phase services.
Owner	Submit comments and instructions regarding the first Final Design Phase draft of Drawings and Specifications to Engineer.	1.04.B.1	Within **5** days of the receipt of the first final Design Phase drafts of Drawings and Specifications from Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Party	Action	Exhibit A Reference	Schedule
Engineer	Submit **2** copies of the second Final Design Phase drafts of Drawings and Specifications to Owner.	1.04.B.2	Within **5** days of the receipt of Owner's comments and instructions regarding the first Final Design Phase drafts of Drawings and Specifications.
Engineer	Submit **2** of copies of draft Bidding/Proposal and Front-End Construction Contract Documents, as required, and any other Final Design Phase deliverables (other than Drawings and Specifications) to Owner.	1.04.D.3; 1.04.F.8	Concurrent with submittal to Owner of the second Final Design Phase drafts of Drawings and Specifications.
Owner	Submit comments and instructions regarding the second Final Design Phase drafts of Drawings and Specifications to Engineer.	1.04.B.2	Within **5** days of the receipt from Engineer of the second Final Design Phase drafts of Drawings and Specifications.
Engineer	Submit **2** copies of the final, completed, pricing-ready and construction-ready Drawings and Specifications to Owner.	1.04.B.3 and 1.04.G.1	Within **15** days of the receipt of Owner's comments and instructions regarding the second Final Design Phase drafts of Drawings and Specifications.
Owner	Submit comments and instructions regarding the final, completed, pricing-ready and construction-ready Drawings and Specifications to Engineer.	1.04.G.2	Within **15** days of the receipt from Engineer of the final, completed, pricing-ready and construction-ready Drawings and Specifications.
Owner	Submit comments and instructions regarding drafts of Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables (other than Drawings and Specifications) to Engineer.	1.04.D.3; 1.04.F.8	Concurrent with Owner's submittal of comments and instructions regarding the final, completed, pricing-ready and construction-ready Drawings and Specifications.

Effective Date of Owner-Engineer Agreement: **[Effective Date of Agreement]**
Nature of Amendment: (Check those that apply)

☐ Additional Services to be performed by Engineer
☐ Modifications to services of Engineer
☐ Modifications to responsibilities of Owner
☐ Modifications of payment to Engineer
☐ Modifications to time(s) for rendering services
☐ Modifications to other terms and conditions of the Agreement

Description of Modifications:

[Here describe the modifications, in as much specificity and detail as needed. Use an attachment if necessary. Include cost breakdown and documentation, if applicable.]

Agreement Summary:
Original agreement amount: $
Net change for prior amendments: $
This amendment amount: $
Adjusted Agreement amount: $
Change in time for services (days or date, as applicable):

Owner and Engineer hereby agree to modify the above-referenced Agreement as set forth in this Amendment. The Effective Date of the Amendment is **[Enter Effective Date of Amendment]**.

EXHIBIT D—DUTIES, RESPONSIBILITIES, AND LIMITATIONS OF AUTHORITY OF RESIDENT PROJECT REPRESENTATIVE

ARTICLE 1—RESIDENT PROJECT REPRESENTATIVE SERVICES

Article 1 of the Agreement, Services of Engineer, and Exhibit A, Engineer's Services, are supplemented to include Exhibit D Paragraphs 1.01, 1.02, and 1.03, as follows:

1.01 Resident Project Representative

A. Engineer shall furnish a Resident Project Representative ("RPR") to observe progress and quality of the Work. RPR is Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

B. **The RPR will provide full-time representation unless requested by the Owner to work less hours during the working day.**

C. Subject to the scope of RPR's observations of the Work, which may include field checks of materials and installed equipment, Engineer shall endeavor to identify defects and deficiencies in the Work. However, Engineer shall not, as a result of such RPR observations of the Work, supervise, direct, inspect, or have control over the Work, nor shall Engineer (including the RPR) have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to the Work or any Constructor's work in progress, for the coordination of the Constructors' work or schedules, or for any failure of any Constructor to comply with Laws and Regulations applicable to the performing and furnishing of its work. The Engineer (including RPR) neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents. In addition, the specific terms set forth in Exhibit A Paragraph 1.06 are applicable.

1.02 Duties and Responsibilities of RPR

A. The duties and responsibilities of the RPR are as follows:

1. General: RPR's dealings in matters pertaining to the Work in general will be with Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, schedule of values, and other schedules prepared by Contractor and consult with Engineer concerning acceptability of such schedules.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings (but not including Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Safety Compliance: Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

5. Liaison

    a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Construction Contract Documents.

    b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

    c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

6. Clarifications and Interpretations: Receive from Contractor submittal of any matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. Report to Engineer regarding such RFIs. Report to Engineer when clarifications and interpretations of the Construction Contract Documents are needed, whether as the result of a Contractor RFI or otherwise. Transmit Engineer's clarifications, interpretations, and decisions to Contractor.

7. Shop Drawings, Samples, and other Submittals

    a. Receive Samples that are furnished at the Site by Contractor.

    b. Receive Contractor-approved Shop Drawings.

    c. Receive other Submittals from Contractor.

    d. Record date of receipt of Samples, Contractor-approved Shop Drawings, and other Submittals.

    e. Notify Engineer of availability of Samples for examination, and forward Contractor-approved Shop Drawings and other Submittals to Engineer. When appropriate recommend distribution of Submittal to specified Subconsultants.

    f. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal, if RPR believes that the submittal has not been received from Contractor, or has not been approved by Contractor or Engineer.

8. Proposed Modifications: Consider and evaluate Contractor's suggestions for modifications to the Drawings or Specifications, and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit Engineer's response (if any) to such suggestions to Contractor.

9. Review of Work; Defective Work

    a. Report to Engineer whenever RPR believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and provide recommendations as to whether such Work should be corrected, removed and replaced, or accepted as provided in the Construction Contract Documents.

b. Inform Engineer of any Work that RPR believes is not defective under the terms and standards set forth in the Construction Contract Documents, but is nonetheless not compatible with the design concept of the completed Project as a functioning whole, and provide recommendations to Engineer for addressing such Work.

c. Advise Engineer of that part of the Work that RPR believes should be uncovered for observation, or requires special testing, inspection, or approval.

10. Inspections, Tests, and System Start-ups

a. Consult with Engineer in advance of scheduled inspections, tests, and systems start-ups.

b. Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.

c. Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.

d. Observe whether Contractor has arranged for inspections required by Laws and Regulations, including but not limited to those to be performed by public or other agencies having jurisdiction over the Work.

e. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Work, record the results of these inspections, and report to Engineer.

f. Nothing in this Agreement will be construed to require RPR to conduct inspections.

11. Records

a. Maintain at the Site orderly files for correspondence, reports of job conferences, copies of Construction Contract Documents including all Change Proposals, Change Orders, Field Orders, Work Change Directives, Addenda, additional Drawings issued subsequent to the execution of the Construction Contract, RFIs, Engineer's clarifications and interpretations of the Construction Contract Documents, progress reports, approved Shop Drawing and Sample submittals, and other Project-related documents.

b. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Proposals, Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Upon request from Owner to Engineer, photograph or video Work in progress or Site conditions.

d. Record and maintain accurate, up-to-date lists of the company names and points of contact for Contractors, Subcontractors, and major Suppliers of materials and equipment.

e. Maintain records for use in preparing Project documentation.

f. Upon completion of the Work, furnish original set of all RPR Project documentation to designated recipients.

12. Reports

    a. Furnish periodic reports as required of progress of the Work and of Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.

    b. Draft responses to or make recommends on Change Proposals, Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.

    c. Furnish to Engineer and Owner copies of all inspection, test, and system start-up reports.

    d. Immediately inform appropriate parties of the occurrence of any Site accidents, emergencies, natural catastrophes endangering the Work, possible force majeure or delay events, damage to property by fire or other causes, or the discovery of any potential differing site condition or Constituent of Concern.

13. Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the schedule of values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.

14. Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.

15. Completion

    a. Participate in Engineer's visits to the Site regarding Substantial Completion, assist in the determination of Substantial Completion, and prior to the issuance of a Certificate of Substantial Completion submit a punch list of observed items requiring completion or correction.

    b. Participate in Engineer's visit to the Site in the company of Owner and Contractor, to determine completion of the Work, and prepare a final punch list of items to be completed or corrected by Contractor.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Observe whether all items on the final punch list have been completed or corrected, and make recommendations to Engineer concerning acceptance and issuance of the Notice of Acceptability of the Work (Exhibit E).

1.03 Limitations of Authority

A. Resident Project Representative shall not:

1. Authorize any deviation from the Construction Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in this Agreement.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers, or any Constructor.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of the Work, by Contractor or any other Constructor.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

NOTICE OF ACCEPTABILITY OF WORK (EJCDC® C-626 2018)

Owner: Owner's Project No.:
Engineer: Engineer's Project No.:
Contractor: Contractor's Project No.:
Project:
Contract Name:
Notice Date: Effective Date of the Construction Contract:

The Engineer hereby gives notice to the Owner and Contractor that Engineer recommends final payment to Contractor, and that the Work furnished and performed by Contractor under the Construction Contract is acceptable, expressly subject to the provisions of the Construction Contract's Contract Documents ("Contract Documents") and of the Agreement between Owner and Engineer for Professional Services dated **[date of professional services agreement]** ("Owner Engineer Agreement"). This Notice of Acceptability of Work (Notice) is made expressly subject to the following terms and conditions to which all who receive and rely on said Notice agree:

1. This Notice has been prepared with the skill and care ordinarily used by members of the engineering profession practicing under similar conditions at the same time and in the same locality.
2. This Notice reflects and is an expression of the Engineer's professional opinion.
3. This Notice has been prepared to the best of Engineer's knowledge, information, and belief as of the Notice Date.
4. This Notice is based entirely on and expressly limited by the scope of services Engineer has been employed by Owner to perform or furnish during construction of the Project (including observation of the Contractor's Work) under the Owner Engineer Agreement, and applies only to facts that are within Engineer's knowledge or could reasonably have been ascertained by Engineer as a result of carrying out the responsibilities specifically assigned to Engineer under such Owner Engineer Agreement.
5. This Notice is not a guarantee or warranty of Contractor's performance under the Construction Contract, an acceptance of Work that is not in accordance with the Contract Documents, including but not limited to defective Work discovered after final inspection, nor an assumption of responsibility for any failure of Contractor to furnish and perform the Work thereunder in accordance with the Contract Documents, or to otherwise comply with the Contract Documents or the terms of any special guarantees specified therein.
6. This Notice does not relieve Contractor of any surviving obligations under the Construction Contract, and is subject to Owner's reservations of rights with respect to completion and final payment.

EXHIBIT F—ELECTRONIC DOCUMENTS PROTOCOL (EDP)

ARTICLE 1—ELECTRONIC DOCUMENTS PROTOCOL (EDP)

Paragraph 6.03 of the Agreement is supplemented by the following Exhibit F Paragraph 1.01 and Exhibit F—Attachment 1: Software Requirements for Electronic Document Exchange:

1.01 Electronic Documents Protocol

A. Electronic Transmittals: The parties shall conform to the following provisions together referred to as the Electronic Documents Protocol ("EDP" or "Protocol") for exchange of electronic transmittals.

1. Basic Requirements

a. To the fullest extent practical, the parties agree to and will transmit and accept Electronic Documents by Electronic Means using the procedures described in this Protocol. Use of the Electronic Documents and any information contained therein is subject to the requirements of this Protocol and other provisions of the Agreement.

b. The contents of the information in any Electronic Document will be the responsibility of the transmitting party.

c. Electronic Documents as exchanged by this Protocol may be used in the same manner as the printed versions of the same documents that are exchanged using non-electronic format and methods, subject to the same governing requirements, limitations, and restrictions, set forth in the Agreement.

d. Except as otherwise explicitly stated herein, the terms of this Protocol will be incorporated into any other agreement or subcontract between the Owner and Engineer and any third party for any portion of the Project, or any Project-related services, where that third party is, either directly or indirectly, required to exchange Electronic Documents with Owner, Engineer, or any Contractor or other entity directly contracted with the Owner to furnish Program-related services. Nothing herein will modify the requirements of the Agreement and applicable Construction Contract Documents regarding communications between and among the individual third parties and their respective subcontractors and consultants, except to the extent that any respective subcontractor or consultant exchanges Electronic Documents with the Owner or Engineer.

e. When transmitting Electronic Documents, the transmitting Party makes no representations as to long term compatibility, usability, or readability of the items resulting from the receiving Party's use of software application packages, operating systems, or computer hardware differing from those established in this Protocol.

f. Nothing herein negates any obligation (1) in the Agreement to create, provide, or maintain an original printed record version of Drawings and Specifications, signed and sealed according to applicable Laws and Regulations; (2) to comply with any applicable Law or Regulation governing the signing and sealing of design

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

documents or the signing and electronic transmission of any other documents; or (3) to comply with any notice requirements limiting or otherwise modifying the acceptance of Electronic Documents for such notice.

2. System Infrastructure for Electronic Document Exchange

   a. Each party will provide hardware, operating system(s) software, internet, e-mail, and large file transfer functions ("System Infrastructure") at its own cost and sufficient for complying with the EDP requirements. With the exception of minimum standards set forth in this EDP and any explicit system requirements specified by attachment to this EDP, it will be the obligation of each party to determine, for itself, its own System Infrastructure.

      1) **The maximum size of an e-mail attachment for exchange of Electronic Documents under this EDP is 15 MB**. Attachments larger than that may be exchanged using large file transfer functions or physical media.

      2) Each Party assumes full and complete responsibility for any and all of its own costs, delays, deficiencies, and errors associated with converting, translating, updating, verifying, licensing, or otherwise enabling its System Infrastructure, including operating systems and software, for use with respect to this EDP.

   b. Each party is responsible for its own system operations, security, back-up, archiving, audits, printing resources, and other Information Technology ("IT") for maintaining operations of its System Infrastructure during the Project, including coordination with the party's individual(s) or entity responsible for managing its System Infrastructure and capable of addressing routine communications and other IT issues affecting the exchange of Electronic Documents.

   c. Each party will operate and maintain industry-standard, industry-accepted, ISO-standard, commercial-grade security software and systems that are intended to protect the other party from: software viruses and other malicious software like worms, trojans, adware; data breaches; loss of confidentiality; and other threats in the transmission to or storage of information from the other parties, including transmission of Electronic Documents by physical media such as CD/DVD/flash drive/hard drive. To the extent that a party maintains and operates such security software and systems, it will not be liable to the other party for any breach of system security.

   d. In the case of disputes, conflicts, or modifications to the EDP required to address issues affecting System Infrastructure, the parties will cooperatively resolve the issues; but, failing resolution, the Owner is authorized to make and require reasonable and necessary changes to the EDP to effectuate its original intent. If the changes cause additional cost or time to Engineer, not reasonably anticipated under the original EDP, Engineer shall be entitled to compensation as Additional Services for its costs associated with the revisions to the EDP, delayed adoption of Exhibit L or implementation of other Electronic Documents protocols.

   e. Each party is responsible for its own back-up and archive of documents sent and received during the term of any Project contract/agreement under this EDP, unless this EDP establishes a Project document archive, either as part of a

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

mandatory Project website or other communications protocol, upon which the Parties may rely for document archiving during the specified term of operation of such project document archive. Further, each party remains solely responsible for its own post-Project back-up and archive of project documents, as each party deems necessary for its own purposes, after the term of contract, or termination of the project document archive, if one is established.

f. If a receiving party receives an obviously corrupted, damaged, or unreadable Electronic Document, the receiving party will advise the sending party of the incomplete transmission.

g. The parties will bring any non-conforming Electronic Documents into compliance with the EDP. The parties will attempt to complete a successful transmission of the Electronic Document or use an alternative delivery method to complete the communication.

h. The **Owner** will operate a Project information management system (also referred to in this EDP as "Project Website") for use of Owner, Engineer, Contractors, during the Project for exchange and storage of Project-related communications and information. Except as otherwise provided in this EDP or the General Conditions, use of the Project Website by the Parties as described in this paragraph will be mandatory for exchange of Project documents, communications, submittals, and other Project-related information. The following conditions and standards will govern use of the Project Website:

1) Describe the period of time during which the Project Website will be operated and be available for reliance by the Parties.

2) Provide any minimum system infrastructure, software licensing and security standards for access to and use of the Project Website.

3) Describe the types and extent of services to be provided at the Project Website (such as large file transfer, email, communication and document archives, etc.).

4) Include any other Project Website attributes that may be pertinent to the use of the facility by Project-related parties and evaluation by those parties of the functionality and cost of such use.

5) Operation of the Project Website by the Engineer shall be part of Engineer's Basic Services and compensation will be paid on an hourly basis **standard hourly rate** plus expenses associated with operation as detailed in Exhibit C. Total estimated compensation is based on expenses associated with operation for a period of **360 days**.

B. Software Requirements for Electronic Document Exchange; Limitations

1. Each party will acquire the software and software licenses necessary to create and transmit Electronic Documents and to read and to use any Electronic Documents received from the other party (and if relevant from third parties), using the software formats required in this section of the EDP.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. Prior to using any updated version of the software required in this section for sending Electronic Documents to the other party, the originating party will first notify and receive concurrence from the other party for use of the updated version or adjust its transmission to comply with this EDP.

2. The parties agree not to intentionally edit, reverse engineer, decrypt, remove security or encryption features, or convert to another format for modification purposes any Electronic Document or information contained therein that was transmitted in a software data format, including Portable Document Format (PDF), intended by sender not to be modified, unless the receiving party obtains the permission of the sending party or is citing or quoting excerpts of the Electronic Document for Project purposes.

3. Software and data formats for exchange of Electronic Documents will conform to the requirements set forth in the following Attachment 1 to this EDP, including software version, if listed.

C. Format and Distribution of Deliverables

1. By definition, "Documents" as used in this Agreement are documents expressly identified as deliverables from Engineer to Owner. Exhibit A of the Agreement identifies various Documents that Engineer is required to deliver to Owner as part of Engineer's services; Exhibit B is a schedule of such Documents. Engineer will transmit such Documents to Owner in the formats identified in Attachment 1 to this Protocol. If no specific format is identified for a deliverable Document, the format will be Portable Document Format (PDF).

2. If a Document will be distributed to third parties, such as prospective bidders and contractors, reviewing agencies, or lenders, the transmittal format for distribution will be as identified in Attachment 1 to this Protocol; provided, however, that if a format for distribution of a specific Document is expressly stated in Exhibit A, then the Exhibit A format will take precedence. If no specific format is identified for distribution of a deliverable Document to third parties, the format will be Portable Document Format (PDF).

a. If a format for Document distribution other than Portable Document Format (PDF) is specified, Owner shall first obtain a written, signed release from each third party to which the deliverable Document is distributed, establishing agreement to the following conditions:

1) The content included in the Electronic Documents prepared by or for Engineer and covered by the request was prepared as an internal working document for Engineer's purposes solely, and is being provided to the third party on an "AS IS" basis without any warranties of any kind, including, but not limited to any implied warranties of fitness for any purpose. As such, the third party is advised and acknowledges that the content may not be suitable for the third party's application, or may require substantial modification and independent verification by the third party. The content may include limited resolution of models; not-to-scale schematic representations and symbols; use of notes to convey design concepts in lieu of accurate graphics; approximations; graphical simplifications; undocumented intermediate revisions; and other devices that may affect subsequent reuse.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2) Electronic Documents containing text, graphics, metadata, or other types of data that are provided to the Requesting Party are only for the convenience of the third party. Any conclusion or information obtained or derived from such data will be at the third party's sole risk and the third party waives any and all claims against Engineer or Owner arising from the use of the Electronic Documents covered by the request, or of any data contained in such Electronic Documents.

3) The third party shall indemnify and hold harmless Owner, Engineer, and Engineer's Subcontractors and Subconsultants, from all claims, damages, losses, and expenses, including attorneys' fees and defense costs arising out of or resulting from the third party's use, adaptation, or distribution of any Electronic Documents provided under the request.

4) The third party agrees not to sell, copy, transfer, forward, give away or otherwise distribute this information (in source or modified file format) to any third party without the direct written authorization of Engineer, unless such distribution is specifically identified in the request and is limited to the third party's subcontractors and consultants. The third party warrants that subsequent use by the third party's subcontractors and subconsultants will comply with all terms of the Construction Contract Documents and any specific instructions or conditions established by Owner.

b. If Engineer is required to assist or participate in obtaining such releases from third parties, such services will be categorized as Additional Services.

D. Requests by Project-Related Parties for Electronic Documents in Other Formats

1. Owner may release (or direct Engineer to release) an Electronic Document version of a Document prepared by or for Engineer, including but not limited to a deliverable Document as set forth in Exhibit F Paragraph 1.01.C, in a format other than those identified in Exhibit F Paragraph 1.01.B or 1.01.C of the Electronic Documents Protocol, or elsewhere in the Agreement, only if (a) a Contractor or other Project-related party (Requesting Party) makes a good faith request for such release, (b) Owner determines in its sole discretion that such release is prudent and will be beneficial to the Project, and (c) Owner obtains Requesting Party's written consent to the four conditions set forth in Exhibit F Paragraph 1.01.C.2.a.1-4 above.

2. Any services by Engineer in connection with Owner or Engineer providing a Document to a Requesting Party under this Exhibit F Paragraph 1.01.D are Additional Services. Such services may include but are not limited to preparing the data in a manner deemed appropriate by Engineer. Owner may require reimbursement from the Requesting Party for the cost of such Additional Services, but compensation by Owner to Engineer for the Additional Services is not contingent upon Owner obtaining reimbursement from the Requesting Party.

EXHIBIT G—INSURANCE

ARTICLE 1—INSURANCE

Paragraph 6.04 of the Agreement, Insurance, is supplemented to include the following Exhibit G Paragraphs 1.01 and 1.02:

1.01 Insurance Policies and Limits

A. In accordance with Paragraph 6.04.A of the Agreement, the insurance that Engineer must procure and maintain, and the policy limits of such insurance, are as follows:

Coverage	Policy limits of not less than:
Workers' Compensation	
State	Statutory
Employer's Liability	
Each accident	$1,000,000
Each employee	$1,000,000
Policy limit	$1,000,000
Commercial General Liability	
General Aggregate	$1,000,000
Personal and Advertising Injury	$
Bodily Injury and Property Damage—Each Occurrence	$1,000,000
Automobile Liability	
Bodily Injury	
Each Person	$
Each Accident	$
Property Damage	
Each Accident	$
Or	
Combined Single Limit	
Combined Single Limit (Bodily Injury and Property Damage)	$1,000,000
Excess or Umbrella Liability	
Each Occurrence	$1,000,000
General Aggregate	$1,000,000
Professional Liability	
Each Claim	$1,000,000
Annual Aggregate	$1,000,000
Unmanned Aerial Vehicle Liability Insurance	
Each Claim	$1,000,000
General Aggregate	$1,000,000
Other Insurance [Specify]	
Each Claim	$
General Aggregate	$

1.02 Additional Insureds

A. Owner shall cause Engineer, its Subconsultants, and its Engineer's Subcontractors to be listed as additional insureds on any of Owner's general liability policies that are applicable to the Project. The following individuals or entities are to be listed on Owner's general liability policies of insurance (and on Contractor's policies required under Paragraph 6.04.D of the Agreement) as additional insureds:

Name of Additional Insured	Address
Engineering Xcellence with Kris Riemann & Associates, PLLC	**3103 5th Avenue, Suite B, Gulfport, MS 39501**
[Engineer's Subconsultant]	**[Subconsultant's Corporate Address]**
[Engineer's Subconsultant]	**[Subconsultant's Corporate Address]**
[Other Additional Insured]	**[Other Additional Insured's Corporate Address]**

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Prior to commencement of work under this Agreement, Engineer shall obtain and furnish certificates of coverage, or any required documentation to evidence coverage, to the Owner for the following minimum amounts of insurance:

1. Workers Compensation Insurance as required by the State of Mississippi;

2. Comprehensive General Liability Insurance with a minimum combined limit of not less than One Million Dollars ($1,000,000.00) per occurrence, including coverage for bodily injury, broad form property damage (including completed operations), personal injury (including coverage for contractual and employee acts), blanket contractual, contractors protective, sudden and accidental pollution, products and completed operations, and coverage for other hazards;

3. Valuable Documents Insurance, whether as part of the property damage insurance referenced above or as separate insurance, in an amount sufficient to cover all costs associated with repairing, restoring, or replacing any documents kept or created by Engineer, as a part of the services, in the event of casualty to, or loss or theft of such documents;

4. Errors and Omissions Insurance in an amount not less than One Million Dollars ($1,000,000.00) per incident; One Million Dollars ($1,000,000.00) aggregate; and

5. Comprehensive Automobile Liability Insurance with a combined single limit for bodily injury and property damage of not less than One Million Dollars ($1,000,000.00) per incident with respect to the Engineer's owned, hired, or non-owned vehicles, assigned to or used in the performance of services.

C. The Owner shall be listed as a certificate holder or additional insured on any of the insurance required under this Agreement. Insurance identified herein shall be maintained in full force and effect by the Engineer throughout the duration of the Agreement, including any extra time for which ongoing work is completed. Should Engineer cease to carry the errors and/or omissions coverage provided herein, Engineer shall obtain "tail" or extension coverage at the same limits for a period of not less than three (3) years subsequent to policy termination or Agreement termination, whichever is longer.

D. In the event that the Engineer retains any subcontractor or other personnel to perform services or to carry out any activities under or incident to work on any work assigned as part of this Agreement, Engineer agrees to obtain from said subcontractor or other personnel, certificates of insurance demonstrating that said subcontractor or other personnel has all of the above coverage or sufficient coverage to cover their portion of the work. As an alternative, Engineer may include said subcontractor or other personnel within Engineer's coverage for the duration of the work assignment involving the subcontractor or other personnel.

E. Should Engineer change carriers or policies for any insurance required herein, Engineer shall provider new certificates of coverage, as well as any retroactive coverage from the new carrier. If the Engineer fails to procure or maintain required insurance, the Owner may immediately terminate this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

F. During the term of this Agreement the Engineer shall notify Owner of any other Subconsultant or Engineer's Subcontractor to be listed as an additional insured on Owner's and applicable Contractor's general liability policies of insurance.

G. The Owner must be listed on Engineer's general liability policy as provided in Paragraph 6.04.B.

H. For applicable Contractor's general liability policies of insurance, the additional insured endorsements will include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together). If Contractor demonstrates to Owner that the specified ISO endorsements are not commercially available, then Contractor may satisfy this requirement by providing equivalent endorsements.

I. For applicable Contractor's general liability policies of insurance, Contractor shall provide ISO Endorsement CG 20 32 07 04, "Additional Insured—Engineers, Architects or Surveyors Not Engaged by the Named Insured" or its equivalent for Engineer, Subconsultants, and other design professional additional insureds.

ARTICLE 1—NOT APPLICABLE

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies,
and American Society of Civil Engineers. All rights reserved.

EXHIBIT I—LIMITATIONS OF LIABILITY

ARTICLE 1—LIMITATIONS OF LIABILITY

Paragraph 6.10 of the Agreement is supplemented to include Exhibit I Paragraph(s) **1.01, Mutual Indemnification; 1.02 and Limitation of Engineer's Liability:**

1.01 Mutual Indemnification

A. Indemnification by Owner: To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants, and Engineer's Subcontractors, from and against any and all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to the Project, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Owner or Owner's officers, directors, members, partners, agents, employees, or others retained by or under contract to the Owner with respect to this Agreement or to the Project.

1.02 Limitation of Engineer's Liability

A. Engineer's Liability Limited to Amount of Engineer's Compensation: To the fullest extent permitted by Laws and Regulations, and notwithstanding any other provision of this Agreement, the total liability, in the aggregate, of Engineer and Engineer's officers, directors, members, partners, agents, employees, Subconsultants, and Engineer's Subcontractors, to Owner and anyone claiming by, through, or under Owner for any and all claims, losses, costs, or damages whatsoever (including but not limited to direct, indirect, special, incidental, punitive, exemplary, or consequential damages) arising out of, resulting from, or in any way related to the Project or the Agreement from any cause or causes, including but not limited to the negligence, professional errors or omissions, strict liability, breach of contract, indemnity obligations, or warranty express or implied of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors, will not exceed the total compensation received by Engineer under this Agreement.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET BC-1: BASIC SERVICES—LUMP SUM

ARTICLE 2—COMPENSATION PACKET BC-1: BASIC SERVICES—LUMP SUM

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 1.01:

2.01 Compensation for Basic Services (other than Resident Project Representative)—Lump Sum Method of Payment

A. Owner shall pay Engineer for Basic Services set forth in Exhibit A (except for Resident Project Representative services, if any) as follows:

1. A Lump Sum amount of **$423,783.80 (**15% of Construction Cost) based on the following estimated distribution of compensation:

a.	Study and Report Phase	$ 77,284.68
	Surveying & Video Inspection	$ 70,630.56
b.	Preliminary Design Phase	$ 78,608.50
c.	Final Design Phase	$ 81,574.25
d.	Bidding/Proposal Phase	$ 4,872.10
e.	Construction Phase	$ 18,520.95
	RPR	$ 84,756.66
f.	Post-Construction Phase	$ 7,536.78

2. Engineer may alter the distribution of compensation between individual phases noted herein to be consistent with services actually rendered, but compensation will not exceed the total Lump Sum amount unless approved in writing by the Owner.

3. The Lump Sum includes compensation for Engineer's services and services of Engineer's Subcontractors and Subconsultants, if any. Appropriate amounts have been incorporated in the Lump Sum to account for labor costs, overhead, profit, and expenses (other than any expressly allowed Reimbursable Expenses).

4. In addition to the Lump Sum, Engineer is also entitled to reimbursement from Owner for the following Reimbursable Expenses (see Appendix 1 for rates or charges): Owner shall reimburse Engineer for Reimbursable Expenses directly related to the provision of Basic Services, using the rates set forth in Appendix 1 to this Exhibit J when applicable.

5. Reimbursable Expenses include the expenses identified in Appendix 1 and the following: transportation (including mileage), lodging, and subsistence incidental thereto; providing and maintaining field office facilities including furnishings and utilities; toll telephone calls, mobile phone charges, and courier charges; reproduction of reports, Drawings, Specifications, bidding-related or other procurement documents, Construction Contract Documents, and similar Project-related items. In addition, if authorized in advance by Owner, Reimbursable Expenses will also include expenses incurred for the use of highly specialized equipment.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Period of Service: The compensation amount stipulated in Compensation Packet BC-1 is conditioned on a period of service not exceeding **36 months.** If such period of service is extended, the compensation amount for Engineer's services will be appropriately adjusted.

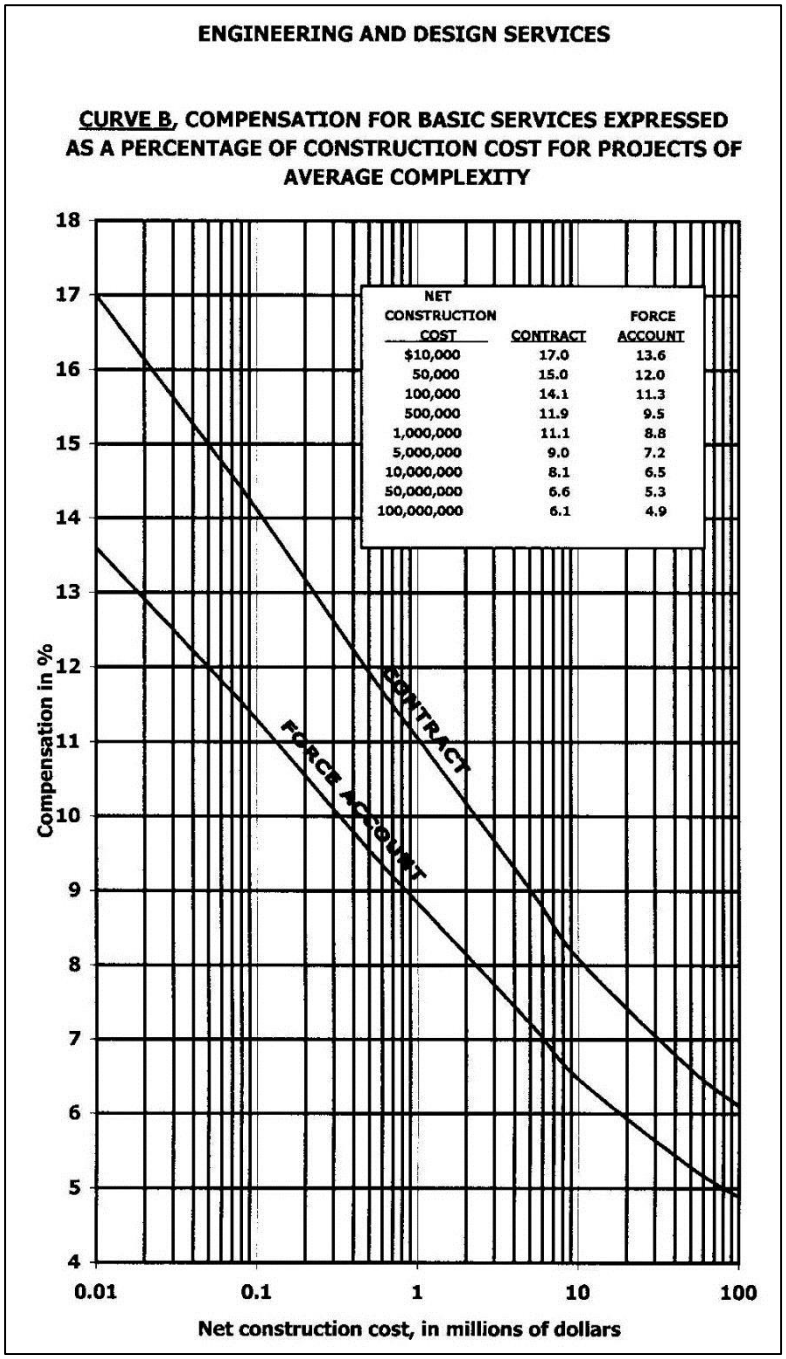
C. Below is the FEMA Curve used to determine the costs.

FEMA Public Assistance Cost Estimating Tool for Engineering and Design Services (12/18/2015)

Curve B

Curve B[2] applies to projects of average complexity. Examples of such projects include:

- Industrial buildings, warehouses, garages, hangars, and comparable structures;
- Bridges and other structures of conventional design;
- Simple waterfront facilities;
- Roads and streets;
- Conventional levees, floodwalls, and retaining walls;
- Small dams;
- Storm sewers and drains;
- Sanitary sewers;
- Water distribution lines;
- Irrigation works, except pumping plants; and
- Airports, except as classified for Curve A.



In addition to the basic engineering services, special services may be required for some projects. Such services include engineering surveys, soil investigations, services of a resident engineer, and feasibility studies. Because special services are not required on all projects, they are not included in the percentages on the engineering and design services curves. These services are estimated separately.

If a project requires only basic construction management, a fee not exceeding 3 percent of construction costs may be used for the estimate. Management functions include review of bids, work site inspection visits, checking and approval of material samples, review of shop drawings and change orders, review of contractor's request for payment, and acting as the client's representative. An example of a project requiring only inspection services but no design and engineering would be a building repair project that only included patching and painting damaged interior wall. Another example would be where a contractor is hired to repair local roads back to the pre-disaster condition, using local construction standards.
Estimates for engineering and design services and construction inspection typically are not included in small project estimates or emergency work project estimates except for complex projects or projects where special services are required.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET RPR-1: RESIDENT PROJECT REPRESENTATIVE—LUMP SUM

ARTICLE 3—COMPENSATION PACKET RPR-1: RESIDENT PROJECT REPRESENTATIVE—LUMP SUM

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 2.01:

3.01 Compensation for Resident Project Representative Services—Lump Sum Method of Payment

A. Owner shall pay Engineer for Resident Project Representative Services as follows:

1. Resident Project Representative Services: For services of Engineer's Resident Project Representative (RPR), if any, under Exhibits A and D, the Lump Sum amount of **$84,756.66.** The Lump Sum includes compensation for Resident Project Representative services, including any RPR-related services performed by Engineer's Subcontractors and Subconsultants. Appropriate amounts have been incorporated in the Lump Sum to account for labor costs, overhead, profit, and expenses (other than any expressly allowed Reimbursable Expenses, as set forth immediately below) related to the Resident Project Representative services.

2. Reimbursable Expenses: In addition to the Lump Sum, Engineer is also entitled to reimbursement from Owner for the following RPR-related Reimbursable Expenses (see Appendix 1 for rates or charges); all other expenses are accounted for in the Lump Sum: **None**

3. Resident Project Representative Schedule: The Lump Sum amount set forth in Exhibit J Paragraph 2.01.A.1 above is based on full-time RPR services on an eight-hour workday Monday through Friday over a 360-day construction schedule. Modifications to the construction schedule will entitle Engineer to an equitable adjustment of compensation for RPR services.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET AS-1: ADDITIONAL SERVICES—STANDARD HOURLY RATES

ARTICLE 4—COMPENSATION PACKET AS-1: ADDITIONAL SERVICES—STANDARD HOURLY RATES

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 3.01:

4.01 Compensation for Additional Services—Standard Hourly Rates Method of Payment

A. Owner shall pay Engineer for Additional Services, if any, as follows:

1. For services of Engineer's personnel engaged directly on the Project pursuant to Exhibit A Paragraph 2.01 or 2.02, except for services as a consultant or witness under Exhibit A Paragraph 2.02.A.28 (which if needed will be separately negotiated based on the nature of the required consultation or testimony), an amount equal to the cumulative hours charged by each class of Engineer's personnel providing such Additional Services times Standard Hourly Rates for each applicable billing class, plus Additional Services-related Reimbursable Expenses and Additional Services-related Engineer's Subcontractors' and Subconsultants' charges, if any.

B. Compensation for Reimbursable Expenses

1. For those Reimbursable Expenses that are directly related to the provision of Additional Services, and are not already accounted for in the compensation for Basic Services or RPR-related services, Owner shall reimburse Engineer, using the rates set forth in Appendix 1 to this Exhibit J when applicable.

2. Such Reimbursable Expenses include, to the extent Additional Services-related, the expenses identified in Appendix 1 and the following categories: transportation (including mileage), lodging, and subsistence incidental thereto; providing and maintaining field office facilities including furnishings and utilities; toll telephone calls, mobile phone charges, and courier charges; reproduction of reports, Drawings, Specifications, bidding-related or other procurement documents, Construction Contract Documents, and similar items. In addition, if authorized in advance by Owner, Reimbursable Expenses will also include expenses incurred for the use of highly specialized equipment.

3. The amounts payable to Engineer for Reimbursable Expenses, if any, will be the Additional Services-related internal expenses actually incurred or allocated by Engineer, plus all invoiced external Reimbursable Expenses allocable to such Additional Services, the latter multiplied by a factor of **5%**.

C. Other Provisions Concerning Payment for Additional Services

1. Whenever Engineer is entitled to compensation for the charges of Engineer's Subcontractors and Subconsultants, such compensation will be the amounts billed by Engineer's Subcontractors and Subconsultants to Engineer times a factor of **10%**.

2. Factors: The external Reimbursable Expenses and Engineer's Subcontractors' and Subconsultants' factors include Engineer's overhead and profit associated with Engineer's responsibility for the administration of such services and costs.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. The Standard Hourly Rates and the Reimbursable Expenses Schedule will be adjusted annually (as of **January 1**) to reflect equitable changes in the compensation payable to Engineer for Additional Services-related services and expenses.
4. To the extent necessary to verify Engineer's charges and upon Owner's timely request, Engineer shall make copies of such records available to Owner at cost.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

APPENDIX 1: REIMBURSABLE EXPENSES SCHEDULE

Reimbursable Expenses are subject to review and adjustment per Exhibit J.

Reimbursable Expenses: Reimbursable expenses shall be included in the total maximum fee. Reimbursable expenses include expenses of transportation in connection with the Project; expenses in connection with long-distance communications; expenses of printing and reproductions, postage and facsimile transmissions; expenses of renderings and models requested by the Owner and other costs as authorized by the Owner. Reimbursable expenses will not include overhead costs or additional insurance premiums.

Rates and charges for Reimbursable Expenses as of the date of the Agreement are:

8"x11" Copies/Impressions	$ /page – at cost
Copies of Drawings	$ /sq. ft. – at cost
Mileage (auto)	$ /mile – at cost
Air Transportation	at cost
Laboratory Testing	at cost
Health and Safety Level D	at cost
Health and Safety Level C	at cost
Meals and Lodging	at cost

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

APPENDIX 2: STANDARD HOURLY RATES SCHEDULE

A. Standard Hourly Rates

1. Standard Hourly Rates are set forth in this Appendix 2 to this Exhibit J and include salaries and wages paid to personnel in each billing class plus the cost of customary and statutory benefits, general and administrative overhead, non-project operating costs, and operating margin or profit.
2. The Standard Hourly Rates apply only as specified in Exhibit J.

B. Schedule: Hourly rates for services performed on or after the date of the Agreement are:

Gulfport DOE

MCWI Average Hourly Rate

Principal Engineer	$194.00
Senior Engineer	$183.00
Professional Engineer	$153.00
Senior Project Manager	$150.00
Project Engineer	$133.00
Professional Land Surveyor	$120.00
Survey Crew Chief	$72.00
Instrument Man	$58.00
Senior CAD Tech	$90.00
CAD Tech	$73.00
Clerical	$58.00
Resident Project Representative	$104.00
Engineering/Specification Technician	$70.00
Sub-Consultant Fee	Cost + 10%

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Under no circumstances shall the amount payable by the Owner for this assignment exceed **$423,783.80** (Total of all Charges) without the prior written consent of both parties. The Labor Rates have been identified in Paragraph B: Schedule of Hourly Rate above. The staff to be available to work on this project are listed below, however, may change if needed.

NAMES	LABOR CLASSIFICATION	RATE
Robert "Kris" Riemann, P.E.	Principal Engineer	194.00
Dennis Stieffel, P.E.	Principal Engineer	194.00
Robert "Kris" Riemann, P.E.	Senior Professional Engineer (held P.E. License minimum 10 Years)	183.00
Madeline Costelli Pettry, P.E.	Principal Engineer	194.00
Richard Thorsten	Resident Project Representative	104.00
Larry Smith, PLS	Professional Land Surveyor	120.00
Cliff Crosby, PLS	Professional Land Surveyor	120.00
Jim Holt	Senior CAD Technician (minimum 15 Years Experience)	90.00
David Leblanc, P.E.	Resident Project Representative	104.00
Fred Fountain	Project Engineer	133.00
Nick Fountain	Project Engineer	133.00
Nick Fountain	CAD Tech	73.00
Tracy Riemann	Engineering/Specification Technician	70.00
Tracy Riemann	Clerical	58.00
Other Local	Resident Project Representative	104.00
Other Local	Professional Land Surveyor	120.00
Other Local	Survey Crew Chief	72.00

EXHIBIT A

SCOPE OF SERVICES

MIMA PAVING INFRASTRUCTURE PROJECT

GENERAL PROJECT DESCRIPTION

This project generally consists of an Inspection of Water, Sewer and Drainage Pipes using Visual Inspection, Sanitary Sewer/Drainage Evaluation Survey (SSDES) Video, Smoke Testing, and Leak Fixed Reports in Cityworks, Water Master Plan, Sewer Master Plan, and Drainage Master Plan, **of at least seven (7) streets, one (1) street** from each Ward of an existing sewer and drainage collection system and existing water mains in the "MIMA City-wide Paving Area." The purpose of this assessment is to identify sewer mains, sewer service line, sewer manholes, drainage main, drainage inlets, water mains, water fire hydrants, water service lines, requiring removal and replacement, mains requiring cured-in-place rehabilitation, and other repairs to associated manholes, services, lift stations, force mains, fire hydrants and other related appurtenances. The next step would be to design a project to use removal and replacement, or use Cured In Place Pipe (CIPP) to restore the inadequate pipes.

SCOPE OF WORK – BASIC SERVICES

Phase I — STUDY AND REPORT PHASE - Sanitary Sewer/Drainage Evaluation Survey (SSDES) & Water System Analysis

The primary goal of the Study and Report Phase is to identify and evaluate alternatives for the work to be done to the water, sewer, and drainage system. Factors and limitations that will be considered and evaluated may include, but not be limited to, wastewater/water sources, drainage, review the CCTV video of the drainage system and sewer system, review the maps of water leak repairs made in the area, review the sewer leak repairs in the area, review of Master Plan maps for water, sewer, and drainage, review of all drainage/utility easements through the property, constructability, longevity, construction cost and maintainability of each of the identified alternatives.

STUDY AND REPORT PHASE TASKS

- Assemble and review maps, aerial photography and previous topographic information.
- Call Mississippi One Call to locate underground utilities within the project limits.
- Conduct field review of existing improvements and video documentation of project.
- Conduct preliminary surveying work of existing improvements.

- Prepare schematic layout of proposed infrastructure of each street.
- Compare the cost of CIPP vs replacement of the infrastructure.
- Prepare Preliminary Opinion of Probable Costs based on schematic layout.
- Conduct meeting with OWNER to discuss and decide on preferred alternative.

Utilizing information acquired per OWNER-provided Lift Station run-time data, rainfall gauge information, Geographic Information System (GIS), utilities location, previous project plans for this area, and planimetric data (with topography), and per any other deliverable subject to any OWNER-directed modifications or changes in the scope, extent, character, or design requirements of or for the Project, and upon written authorization from OWNER, the Engineer shall:

1. Field verify existing utility location and condition.
2. Perform a condition assessment for approximately existing sanitary sewer structures, including lift stations and manholes. Individual Inspection Forms will be prepared for each structure. Inspection Forms will indicate findings based on visual observations including: number of pipes, direction of flow, and type of pipes entering/exiting the structure, structure construction, evidence of infiltration, evidence of inflow, and overall condition of manhole. This data will then be utilized to rank the condition of each manhole and rehabilitation recommendations will be prioritized.
3. Perform smoke testing assessment (see special services) completed by the owner for necessary feet of sewer mains and record any defects found.
4. Review CCTV video (see special services) for evidence of inflow/infiltration, structural damage, obstructions, etc. and to rank the pipe's conditions and prioritize recommendations for rehabilitation and replacement.
5. The condition of, construction of, and depths of pipes and manholes visually observed during this phase of work will be utilized to prioritize areas of CCTV and survey in future phases of this project.
6. A preliminary opinion of probable construction cost will be provided.

Following the OWNER's review, the OWNER and the Engineer will determine priority areas for the project, considering the project budget, and develop the final project scope. This preliminary design will be performed without the benefit of a survey and based solely on planimetric data. As such, horizontal and vertical information is subject to change.

PHASE I – STUDY AND REPORT PHASE - Special Services

#1 - CCTV Inspection and Smoke Testing

We propose to closed-circuit-televise (CCTV) (with pre-cleaning) sewer/drainage mains identified as at risk for damage where complete removal and replacement is not feasible either from an economic standpoint or constructability stand point. Based on information provided by the OWNER, this work assignment assumes the feet of sewer and water main will be inspected via CCTV. CCTV inspections will

note any defects within the existing mains including: evidence of inflow, evidence of infiltration, structural damage, etc. After CCTV inspection is complete, a DVD disk and written reports identifying above-referenced defects and rehabilitation recommendations will be provided to the OWNER.

CCTV inspections will be per the standards of practice of the NASSCO Pipeline Assessment Condition Program (PACP).

We also propose to possibly smoke test the mains and services to find any defects. The smoke testing results already in place from the OWNER's Sewer Crew could also be used.

The cost of CCTV Inspection and Smoke Testing is included in this Engineering Agreement.

PHASE I – STUDY AND REPORT PHASE - Boundary and Topographic Survey

This phase is the beginning to the following items survey, design phase, bid phase, construction phase, and post-construction phase services for the rehabilitation of an existing sewer, water and drainage systems in the **"MIMA Paving Infrastructure Project."** Designed improvements will be based on Sanitary Sewer/Drainage Evaluation Survey (SSDES) performed at the Direction of the Gulfport (OWNER) by the Engineer, Engineering Xcellence.

Based on recommendations determined in the SSDES and the water system survey, we propose to survey and prepare a boundary and topographic map within the limits of the right-of-ways for any areas of sewer, water, and drainage identified as needing full removal and replacement. Based on information provided by the OWNER approximately 7 streets and alleys will be surveyed. The design survey will include: all surface features, existing R.O.W. lines, utilities (visible and per locates), publically-maintained cleanouts (with invert elevations), privately-maintained cleanouts (with invert elevations; with homeowner approval), finished floor elevations, horizontal and vertical controls, trees (protected species or >18" diameter at breast height), etc. One foot contour lines and spot elevations will also be provided. Any easements, etc. found on OWNER-provided records (i.e. plats, deeds, etc.) will also be included. Survey will further include adjoining property OWNER information as found on the Gulfport Online Atlas.

Survey will be per the standards of practice for the State of Mississippi.

Topographic surveying of the project area as necessary to determine depth.

Draft up to 5 easement documents with Maps and Deeds to be provided to the OWNER.

PHASE II – PRELIMINARY DESIGN PHASE

Utilizing information acquired in previous phases, per CCTV inspection, per the SSDES, per prepared opinion of preliminary construction costs, and per any other deliverable subject to any OWNER-directed modifications or changes in the scope, extent, character, or design requirements of or for the Project, and upon written authorization from OWNER, Engineer shall:

1. Prepare Conceptual (30%) drawings indicating the general scope, extent, and character of the Work. Furnish 3 review copies of the Conceptual (30%) documents and any other deliverables to the OWNER. A Conceptual (30%) Engineer's Opinion of Probable

Construction Cost will be provided. Following their review, OWNER shall submit to the Engineer any comments regarding the Design Phase documents and any other deliverables.

The preliminary design plans and an Opinion of Probable Costs will be presented to the OWNER for review, and will represent a 30% completion stage.

Coordination with various Agencies and updating permits. Engineering Xcellence will coordinate with MDEQ, MDOH in preparing permit applications for the respective Agencies as necessary.

Engineer (Engineering Xcellence) will not be applying for a Joint ACOE & MDMR permit in the project.

PRELIMINARY DESIGN PHASE TASKS

- Conduct kickoff meeting with OWNER to discuss specifics about project.
- Prepare a set of Preliminary Engineering Sheets to include, at a minimum:
  a. Layout Sheets
  b. Typical Section Sheets
  c. Cross Sections
  d. Plan and Profile Sheets
- Conduct a review IN-HOUSE and separately with OWNER.
- Complete review comments.
- Updating NEPA EA, MS Department of Archives and History, Joint ACOE & MDMR Permit Application – Not Included
- MDEQ General Stormwater and SWPPP
- MDEQ Sewer Permit
- MDOH Water Permit

PHASE III – DESIGN PHASE

The Design Phase will include preliminary design of the proposed improvements, in the location.

The Final Design Phase will include the detailed design of the proposed infrastructure improvements, in the location as outlined. The design will include CIPP replacement, replacement of pipe, replacement of fire hydrant, grassing and cleanup. The construction plans and an Opinion of Probable Costs will be presented to the OWNER for review, comment and revisions at the 60% completion stage and at the 90% completion stage.

DESIGN PHASE TASKS

- Prepare a set of Design Development Engineering Plans (60% and 90%) to include, at a minimum:
    a. Cover Sheet
    b. Location Plan, General Notes and Layout Sheets
    c. Typical Section Sheets
    d. Plan and Profile Sheets
    e. Standards and Special Details Sheets (if needed)
    f. Erosion Control Sheets
    g. Demolition Plan
    h. Cross Sections
    i. Landscaping Plan (grassing)

- Prepare the Technical Specifications and Contract Documents.
- Complete 60% Completion Plans.
- Calculate quantities and prepare OPC.
- Conduct a 60% completion review IN-HOUSE and separately with OWNER.
- Complete 90% Completion Plans.
- Conduct 90% completion review IN-HOUSE and separately with OWNER.
- Reproduction Costs

Utilizing information acquired in previous phases, per CCTV inspection, per the SSDES, per prepared opinion of preliminary construction costs, and per any other deliverable subject to any OWNER-directed modifications or changes in the scope, extent, character, or design requirements of or for the Project, and upon written authorization from OWNER, Engineer shall:

1. Prepare Final (90%) drawings and specifications indicating the scope, extent, and character of the work to be performed and furnished by the contractor. Furnish 3 review copies of the Final (90%) documents and any other deliverables to the OWNER. A Final (90%) Engineer's Opinion of Probable Construction Cost will be provided. Following their review, OWNER shall submit to the Engineer any comments regarding the Design Phase documents and any other deliverables.

2. Provide technical criteria, written descriptions, and design data for OWNER'S use in filing applications for permits from or approvals of governmental authorities having jurisdiction to review or approve the final design of the Project; assist OWNER in consultations with such authorities; and revise the Drawings and Specifications in response to directives from such authorities.

3. Prepare and furnish bidding documents for review by OWNER, its legal counsel, and other advisors, and assist OWNER in the preparation of other related documents. OWNER shall submit to Engineer any comments and instructions for revisions and Engineer will revise the bidding documents accordingly. 3 Final copies of the bidding documents, including a final Opinion of Probable Construction Cost, will be provided to the OWNER.

PHASE III – DESIGN PHASE – EASEMENTS - Boundary and Topographic Survey

If needed, OWNER shall instruct Engineering Xcellence to provide easement maps and deeds to complete the work. This phase generally consists of providing easement documents relative to improvements to an existing sewer/water/drainage system in the "MIMA Paving Instructure Project Area." Designed improvements will be based on Sanitary Sewer/Drainage Evaluation Survey (SSDES) already performed.

Easements. A meeting between Engineer, Engineering Xcellence, and the OWNER of Gulfport can identify the needs for up to five easements for new sewer, water, or drainage easements. Some examples of issues are:

1. These properties could have existing utility lines on them with no existing easement known.
2. These properties could involve rerouting an existing utility line onto private property to avoid a stream / road / bridge conflict.

This item will allow for the five (5) known easement documents to be prepared. Each of these easement documents will be prepared at a fee not more than $500 a piece (based on actual hours spent) and will include setting rods at the easement corners.

Please note, these easements, requiring only a single straight line across each individual property are considered simple easement documents. Should additional easements be required in future amendments, the fee per each may vary.

PHASE IV – BIDDING/PROPOSAL PHASE

The Contracting Phase will include assistance to the OWNER in Bidding and Awarding of the contract. This phase will include answering any technical questions during the contracting process.

BIDDING/PROPOSAL PHASE TASKS

- Distribute plans to the OWNER and potential bidders
- Taking Bids and Reading the Bids at the OWNER

- Providing the Bid Tabulation
- Providing a Recommendation to the OWNER regarding the Bids Received

After acceptance by OWNER of the bidding documents and the Opinion of Probable Construction Cost as determined in the Design Phase, and upon written authorization by the OWNER to proceed, the Engineer shall:

1. Assist OWNER in advertising for and obtaining bids for proposals for the Work and, where applicable, maintain a record of prospective bidders to whom Bidding Documents have been issued, attend pre-bid conferences, if any, and receive and process contractor deposits or charges for the bidding documents.

2. Issue addenda as appropriate to clarify, correct, or change the bidding documents.

3. Provide information or assistance needed by OWNER in the course of any negotiations with prospective contractors.

4. Consult with OWNER as to the acceptability of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors for those portions of the Work as to which such acceptability is required by the bidding documents.

5. If bidding documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by bidders.

6. Attend the Bid opening, prepare Bid tabulation sheets, and assist OWNER in evaluating Bids or proposals and in assembling and awarding contracts for the Work.

7. The Bidding Phase will be considered complete upon commencement of the Construction Phase or upon cessation of negotiations with prospective contractors.

PHASE V – CONSTRUCTION PHASE – INCLUDING RESIDENT PROJECT REPRESENTATION (RPR)

The Construction Engineering Phase shall include the general administration of the project, documentation of the Contractor's progress, and general construction engineering. Engineering Xcellence will act as the OWNERs representative, issuing instructions to the Contractor. Engineering Xcellence shall visit the project at appropriate intervals during construction to become generally familiar with the progress and quality of the contractor's work and to determine if the work is proceeding in

general accordance with the Engineering Plans. Engineering Xcellence will provide Resident Project Representation for the duration of construction at a minimum of 8 hour per day.

CONSTRUCTION ENGINEERING PHASE TASKS

- Hold Pre-Construction Conference
- Issue necessary interpretations and clarifications of the Plans.
- Review and process Shop Drawings, samples and other data which the Contractor is required to submit.
- Evaluate and determine the acceptability of substitute materials.
- Provide resident project representation.
- Provide a Flyer to the OWNER to pass out to the Public.
- If needed, Schedule and conduct progress meetings with the OWNER, Contractor to discuss progress, scheduling problems, conflicts and observations of all parties involved.

It is anticipated that the construction period for this project will be 360 calendar days. If the construction Contractor extends his work beyond the anticipated construction period, it may be necessary to revise this Agreement for these extended Construction Phase services.

Upon successful completion of the Bidding Phase, and upon written authorization from OWNER, Engineer shall proceed with Construction Phase services. For purposes of this proposal, a **12- month (360 day)** construction time is assumed. For the construction phase, the engineer shall:

1. *General Administration of Construction Contract:* Consult with OWNER and act as OWNER's representative as provided in the Construction Contract. The extent and limitations of the duties, responsibilities, and authority of Engineer as assigned in the Construction Contract shall not be modified, except as Engineer may otherwise agree in writing. All of OWNER's instructions to Contractor will be issued through Engineer, which shall have authority to act on behalf of OWNER in dealings with Contractor to the extent provided in this Agreement and the Construction Contract except as otherwise provided in writing.

2. *Resident Project Representative (RPR):* Provide the services of an RPR at the Site to assist the Engineer and to provide more extensive observation of Contractor's work.

3. *Selecting Independent Testing Laboratory:* Assist OWNER in the selection of an independent testing laboratory if necessary

4. *Pre-Construction Conference:* Participate in a Pre-Construction Conference prior to commencement of Work at the Site.

5. *Schedules:* Receive, review, and determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the Progress Schedule, Schedule of Submittals, and Schedule of Values.

6. *Visits to Site and Observation of Construction:* In connection with observations of Contractor's Work while it is in progress:

a. Make visits to the Site at intervals appropriate to the various stages of construction, as Engineer deems necessary, to observe as an experienced and qualified design professional the progress of Contractor's executed Work. Such visits and observations by Engineer, and the Resident Project Representative are not intended to be exhaustive or to extend to every aspect of Contractor's Work in progress or to involve detailed inspections of Contractor's Work in progress beyond the responsibilities specifically assigned to Engineer in this Agreement and the Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by the Resident Project Representative, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Contract Documents, and Engineer shall keep OWNER informed of the progress of the Work.

b. The purpose of Engineer's visits to, and representation by the Resident Project Representative at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for OWNER a greater degree of confidence that the completed Work will conform in general to the Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents. Engineer shall not, during such visits or as a result of such observations of Contractor's Work in progress, supervise, direct, or have control over Contractor's Work, nor shall Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by Contractor, for security or safety at the Site, for safety precautions and programs incident to Contractor's Work, nor for any failure of Contractor to comply with Laws and Regulations applicable to Contractor's furnishing and performing the Work. Accordingly, Engineer neither guarantees the performance of any Contractor nor assumes responsibility for any Contractor's failure to furnish or perform the Work in accordance with the Contract Documents.

7. *Defective Work:* Reject Work if, on the basis of Engineer's observations, Engineer believes that such Work (a) is defective under the standards set forth in the Contract Documents, (b) will not produce a completed Project that conforms to the Contract Documents, or (c) will imperil the integrity of the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

8. *Clarifications and Interpretations; Field Orders:* Issue necessary clarifications and interpretations of the Contract Documents as appropriate to the orderly completion of Contractor's work. Such clarifications and interpretations will be consistent with the intent of and reasonably inferable from the Contract Documents. Subject to any

limitations in the Contract Documents, Engineer may issue field orders authorizing minor variations in the Work from the requirements of the Contract Documents.

9. *Change Orders and Work Change Directives:* Recommend change orders and work change directives to OWNER, as appropriate, and prepare change orders and work change directives as required.

10. *Shop Drawings and Samples:* Review and approve or take other appropriate action in respect to Shop Drawings and Samples and other data which Contractor is required to submit, but only for conformance with the information given in the Contract Documents and compatibility with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's submittal schedule that Engineer has accepted.

11. *Substitutes and "or-equal":* Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor.

12. *Inspections and Tests:* Require such special inspections or tests of Contractor's work as deemed reasonably necessary, and receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Contract Documents. Engineer's review of such certificates will be for the purpose of determining that the results certified indicate compliance with the Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Contract Documents. Engineer shall be entitled to rely on the results of such tests.

13. *Disagreements between OWNER and Contractor*: Render formal written decisions on all duly submitted issues relating to the acceptability of Contractor's work or the interpretation of the requirements of the Contract Documents pertaining to the execution, performance, or progress of Contractor's Work; review each duly submitted Claim by OWNER or Contractor, and in writing either deny such Claim in whole or in part, approve such Claim, or decline to resolve such Claim if Engineer in its discretion concludes that to do so would be inappropriate. In rendering such decisions, Engineer shall be fair and not show partiality to OWNER or Contractor and shall not be liable in connection with any decision rendered in good faith in such capacity.

14. *Applications for Payment:* Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

a. Determine the amounts that Engineer recommends Contractor be paid. Such recommendations of payment will be in writing and will constitute Engineer's representation to OWNER, based on such observations and review, that, to the best of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Contract Documents, and to any other qualifications stated in the

recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe Contractor's Work. In the case of unit price work, Engineer's recommendations of payment will include final determinations of quantities and classifications of Contractor's Work (subject to any subsequent adjustments allowed by the Contract Documents).

b. By recommending any payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Contract Documents. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation +of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control Contractor's Work in progress or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the moneys paid on account of the Contract Price, or to determine that title to any portion of the Work in progress, materials, or equipment has passed to OWNER free and clear of any liens, claims, security interests, or encumbrances, or that there may not be other matters at issue between OWNER and Contractor that might affect the amount that should be paid.

15. *Contractor's Completion Documents:* Receive, review, and transmit to OWNER maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Contract Documents, certificates of inspection, tests and approvals, Shop Drawings, Samples and other data approved as provided under Paragraph 11 above, and transmit the annotated record documents which are to be assembled by Contractor in accordance with the Contract Documents to obtain final payment. The extent of such review by Engineer will be limited as provided in Paragraph 11 above.

16. *Substantial Completion:* Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, in company with OWNER and Contractor, visit the Project to determine if the Work is substantially complete. If after considering any objections of OWNER, Engineer considers the Work substantially complete; Engineer shall deliver a certificate of Substantial Completion to OWNER and Contractor.

17. *Final Notice of Acceptability of the Work:* Conduct a final visit to the Project to determine if the completed Work of Contractor is acceptable so that Engineer may recommend, in writing, final payment to Contractor.

B. *Duration of Construction Phase:* The Construction Phase will commence with the execution of the first Construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractors.

Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

C. *Limitation of Responsibilities:* Engineer shall not be responsible for the acts or omissions of any Contractor, Subcontractor or Supplier, or other individuals or entities performing or furnishing any of the Work, for safety or security at the Site, or for safety precautions and programs incident to Contractor's Work, during the Construction Phase or otherwise. Engineer shall not be responsible for the failure of any Contractor to perform or furnish the Work in accordance with the Contract Documents.

PHASE VI – POST-CONSTRUCTION PHASE

Close Out shall include the review and compilation of all construction documentation, and certifications, as provided by the contractor for submission to the OWNER. As-Built Drawings are part of this agreement.

A. Upon written authorization from OWNER during the Post-Construction Phase Engineer shall:

1. Together with OWNER, visit the Project to observe any apparent defects in the Work, assist OWNER in consultations and discussions with Contractor concerning correction of any such defects, and make recommendations as to replacement or correction of defective Work, if any.

2. Together with OWNER or OWNER's representative, visit the Project within one month before the end of the correction period to ascertain whether any portion of the Work is subject to correction.

3. Perform or provide the following additional Post-Construction Phase tasks or deliverables: Provide printed and electronic record drawings in latest version of AutoCAD or approved software.

4. Provide technical assistance to the OWNER until completion of the Project as defined by the Project scope.

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit, will terminate twelve months after the commencement of the Construction Contract's correction period.

C. As-built surveying services and a set of as-builts will be provided to the City.

Specific Services Excluded

Scope of services and related costs outlined in this proposal **do not** include the following. However, these services can be provided as additional services at an additional cost if requested:

- Flow Monitoring
- ALTA Survey or Title Search

- Wetlands delineation or environmental permitting
- MDMR Permitting
- SAV Analysis
- Construction Staking
- Construction Materials Testing

TIME

This AGREEMENT shall be effective upon the latest date of execution hereof and continue until, January 1, 2027 at 11:59 P.M. CDT. However, the Engineer may not begin work prior to receiving the agreement signed by the OWNER.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH ENGINEERING XCELLENCE WITH KRIS RIEMANN & ASSOCIATES, PLLC, FOR ENGINEERING SERVICES IN CONNECTION WITH THE MIMA PAVING INFRASTRUCTURE PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the MIMA Paving Infrastructure Project, a project intended to repair or replace outdated, undersized and/or damaged water, sewer and drainage infrastructure across the City; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the MIMA Paving Infrastructure Project and received proposals from seven (7) firms; and

WHEREAS, after referral to and grading by a selection committee, Engineering Xcellence With Kris Riemann & Associates, PLLC was selected as the highest scoring firm (see January 2, 2024, minutes) and recommended for award Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the MIMA Paving Infrastructure Project to Engineering Xcellence With Kris Riemann & Associates, PLLC and to approve an agreement with Engineering Xcellence With Kris Riemann & Associates, PLLC, subject to final approval of the Legal Department, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the MIMA Paving Infrastructure Project, be and the same is hereby approved and the proposed Engineering Services Contract between Engineering Xcellence With Kris Riemann & Associates, PLLC and the City be and it is hereby approved in substantially the form found at Exhibit "A" hereto, subject to final approval by the Legal Department, and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Flowers, and was adopted by the following roll call vote:

YEAS:	**NAYS:**	**ABSENT:**
Roland	**None**	**Casey**
Walker		**Holmes-Hines (out)**

Re: **Recommendation to Approve Engineering Services Contract**
- Engineering Xcellence, LLC.
- Mississippi Infrastructure Modernization Act - Paving Infrastructure Project (MCWI)

Attached for your consideration is the Engineering Services Contract for the referenced project in the not-to-exceed amount of $423,783.80. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

This project includes repairing or replacing outdated, undersized and/or damaged water, sewer, and drainage infrastructure across the City. The total cost of engineering and construction for this project is $3,057,892.50. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure "MCWI" and the American Rescue Plan Act "ARPA".

I recommend approval of this contract.

Re: Engineering Services Agreement between The City of Gulfport and Engineering Xcellence with Kris Riemann & Associates, PLLC for the MIMA Paving Infrastructure Project – MCWI Grant
- **City-Wide Paving Infrastructure**

Dear Mr. Harrison:

Please find enclosed **two (2)** originals of the "Engineering Services Agreement for Professional Services By and Between the City of Gulfport, Mississippi and Engineering Xcellence, PLLC." This agreement provides for engineering necessary to repair or replace outdated, undersized, and/or damaged water, sewer, and drainage infrastructure across the City in order to pave the streets. The scope of the services includes, but is not limited to, surveying, video inspection of pipes, development of construction plans/specifications, preparation of easements/right-of-way maps and deeds for purchases, permitting related services, bidding phase services, construction engineering, and inspection services.

These services will be provided for a NOT TO EXCEED amount of $423,783.80 in accordance with the attached Agreement. Engineering Xcellence's vendor number with the City of Gulfport is 42004.

If this Agreement is acceptable, please present it to the City Council for approval, and then have the Mayor execute and return one (1) original to my office. We appreciate the opportunity to work with the City of Gulfport on this project.

If you need any further information or have any questions, please contact me at (228) 518-2980 or kris@engineeringxcellece.com. As always, it is a pleasure working with you and the City of Gulfport.

Sincerely,

Robert K. Riemann

AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES

This is an Agreement between **City of Gulfport** (Owner) and **[Engineering Xcellence with Kris Riemann & Associates, PLLC** (Engineer). Owner's Project, of which Engineer's services under this Agreement are a part, is generally identified as **MIMA Paving Infrastructure Project** (Project). Other terms used in this Agreement are defined in Article 7. Engineer's services under this Agreement are generally identified as **Repairing or replacing outdated, undersized, and/or damaged water, sewer, and drainage infrastructure across the City in order to pave the streets**.

Owner and Engineer further agree as follows:

ARTICLE 1—SERVICES OF ENGINEER

1.01 Scope

A. Engineer shall provide, or cause to be provided, the services set forth herein and in Exhibit A.

B. All phases of service will include Management of Engineering Services as shown in Exhibit A.

ARTICLE 2—OWNER'S RESPONSIBILITIES

2.01 Project Information

A. To the extent Owner has not already provided the following, or has new, additional, or revised information from that previously provided, Owner shall provide Engineer with information and data needed by Engineer in the performance of Basic and Additional Services, including Owner's:

1. design objectives and constraints;
2. space, capacity, and performance requirements;
3. flexibility and expandability needs;
4. design and construction standards;
5. budgetary limitations; and
6. any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

B. Following Engineer's assessment of initially-available Project information and data and upon Engineer's request, Owner shall obtain, furnish, or otherwise make available (if necessary through retention of specialists or consultants) such additional Project-related information and data as is reasonably required to enable Engineer to complete its Basic and Additional Services; or, with consent of Engineer, Owner may authorize the Engineer to obtain or provide all or part of such additional information as Additional Services. Such additional information or data may include the following:

1. Property descriptions.
2. Zoning, deed, and other land use restrictions.
3. Surveys, topographic mapping, and utility documentation.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Property, boundary, easement, right-of-way, and other special surveys or data, including establishing relevant reference points.

5. Explorations and tests of subsurface conditions at or adjacent to the Site; geotechnical reports and investigations; drawings of physical conditions relating to existing surface or subsurface structures at the Site; hydrographic surveys, laboratory tests and inspections of samples, materials, and equipment; appropriate professional interpretation of such information or data.

6. Environmental assessments, audits, investigations, and impact statements, and other relevant environmental, historical, or cultural studies relevant to the Project, the Site, and adjacent areas.

7. Data or consultations as required for the Project but not otherwise identified in this Agreement.

C. Owner shall examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

D. Owner shall furnish to Engineer data as to Owner's anticipated costs for services to be provided to Owner by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) so that Engineer may assist Owner in collating the various cost categories that comprise Total Project Costs.

E. Owner shall advise Engineer if any invention, design, process, product, or device that Owner has requested, required, or recommended for inclusion in the Drawings or Specifications will be subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights.

F. Owner shall inform Engineer as to whether Engineer's assistance is requested with respect to Owner's evaluation of the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

G. Owner shall inform Engineer as to whether Engineer's assistance is requested in identifying opportunities for enhancing the sustainability of the Project.

2.02 Owner's Instructions Regarding Bidding/Proposal and Front-End Construction Contract Documents

A. Owner shall give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable) and Owner's construction contract practices and requirements, and furnish to Engineer (or give specific directions requesting Engineer to use copies already in Engineer's possession) the following:

1. Owner's standard contract forms, general conditions (if other than the current edition of EJCDC® C-700, Standard General Conditions of the Construction Contract), supplementary conditions, text, and related documents and content for Engineer to include in the draft Bidding/Proposal Documents, and in draft Front-End Construction Contract Documents;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. insurance and bonding requirements;

3. protocols for electronic transmittals during bidding and construction;

4. Owner's safety and security programs applicable to Contractor and other Constructors;

5. diversity and other social responsibility requirements;

6. bidding and contract requirements of funding, financing, or regulatory entities;

7. other specific conditions applicable to the procurement of construction or contract documents;

8. any other information necessary for Engineer to assist Owner in preparing its Bidding/Proposal Documents and Front-End Construction Contract Documents.

B. Owner shall have responsibility for the final content of (1) such Bidding/Proposal Documents, and (2) such Front-End Construction Contract Documents, other than content furnished by Engineer concerning the design (as set forth in the Drawings, Specifications, or otherwise) or other engineering or technical matters.

1. Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. If there will be an advertisement soliciting bids for construction, Owner shall place and pay for such advertisement.

2.03 Owner-Furnished Services

A. Recognizing and acknowledging that Engineer's services and expertise do not include the following services, Owner shall obtain, as required for the Project:

1. Accounting, bond and financial advisory services (including, if applicable, "municipal advisor" services as described in Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) and the municipal advisor registration rules issued by the Securities and Exchange Commission), independent cost estimating, and insurance counseling services.

2. Legal services, including attorney review of proposed Construction Contract Documents, legal services required by Owner, legal services needed as a result of issues raised by Contractor, and Project-related legal services reasonably requested by Engineer.

3. Auditing services, including those needed by Owner to ascertain how or for what purpose Contractor has used money paid to it.

B. Owner shall provide the services of an independent testing laboratory to perform all inspections, tests, and approvals of samples, materials, and equipment required by the Construction Contract Documents (other than those required to be furnished or arranged by Contractor), or to evaluate the performance of materials, equipment, and facilities of Owner, prior to their incorporation into the Work with appropriate professional interpretation thereof. Owner shall provide Engineer with the findings and reports generated by testing laboratories, including findings and reports obtained from or through Contractor.

C. Owner shall acquire or arrange for acquisition of the Site(s) and any temporary or permanent rights of access, easements, or property rights needed for the Project.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. With respect to the portions or phases of the Project designed or specified by Engineer, Owner shall provide, obtain, or arrange for:

1. all required reviews, approvals, consents, and permits from governmental authorities having jurisdiction, and

2. such reviews, approvals, and consents from others as may be necessary for completion of each portion or phase of the Project.

E. Owner may delegate to Contractor or others the responsibilities set forth in Paragraphs 2.03.C and D.

2.04 Owner's General Responsibilities

A. Owner shall inform Engineer of the policies, procedures, and requirements of Owner that are applicable to Engineer's performance of services under this Agreement.

B. Owner shall provide Engineer with Owner's budget for the Project, including type and source of funding to be used, and will promptly inform Engineer if the budget or funding sources change.

C. Owner shall inform Engineer in writing of any safety or security programs that are applicable to the personnel of Engineer, its Subconsultants, and Engineer's Subcontractors, as they visit the Site or otherwise perform services under this Agreement.

D. Owner shall arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under this Agreement.

E. Owner shall provide necessary direction and make decisions, including prompt review of Engineer's submittals, and carry out its other responsibilities in a timely manner so as not to delay Engineer's performance of its services.

F. Owner shall be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by Owner to Engineer pursuant to this Agreement. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement, subject to any express limitations or reservations applicable to the furnished items.

G. Owner shall give prompt written notice to Engineer whenever Owner observes or otherwise becomes aware of:

1. any development that affects the scope or time of performance of Engineer's services;

2. the presence at the Site of any Constituent of Concern; or

3. any relevant, material defect or nonconformance in: (a) Engineer's services, (b) the Work, (c) the performance of any Constructor, or (d) Owner's performance of its responsibilities under this Agreement.

H. Owner shall advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructability review.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

I. If Owner designates a construction manager, site representative, or any individual or entity other than, or in addition to, Engineer to represent Owner at the Site, Owner shall define and set forth as an exhibit to this Agreement the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

J. Owner shall:

1. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job-related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.

2. Primarily communicate with Engineer's Subcontractors and Subconsultants through the Engineer.

a. Promptly inform Engineer of the substance of any communications between Owner and Engineer's Subcontractors or Subconsultants.

b. Refrain from directing the services of Engineer's Subcontractors or Subconsultants.

3. Authorize Engineer to provide Additional Services as set forth in Article 2 of Exhibit A of the Agreement, as required.

4. Perform or provide the following:

a. **List of streets to be paved in the City that require removal, replacement, or CIPP of the pipe**

b. **Map of the streets overlayed with the sewer master plan and water master plan.**

c. **Water, Sewer, and Drainage Master Plans**

2.05 Payment

A. Owner shall pay Engineer as set forth in Article 4 and Exhibit J.

B. Engineer's compensation is summarized as follows; if there is a conflict between the following summary and the contents of Exhibit J, then Exhibit J will prevail.

Description of Service		**Amount**	**Basis of Compensation**
1.	Basic Services (Article 1 of Exhibit A)	$	268,396.58
2.	Resident Project Representative Services	$	84,756.66
3.	Additional Services (Article 2 of Exhibit A)		70,630.56

Based on a **12-month** continuous construction period.

1. Compensation items and totals based in whole or in part on Hourly Rates, Direct Labor, or Percentage of Construction Cost are estimates only.

2. Lump sum amounts incorporate Engineer's labor, overhead, profit, and Engineer's Subcontractor and Subconsultants' charges.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 3—SCHEDULE FOR RENDERING SERVICES

3.01 Commencement

A. Engineer is authorized to begin rendering services as of the Effective Date.

3.02 Time for Completion

A. Engineer shall complete its obligations within a reasonable time. Specific periods of time for rendering services, or specific dates by which services are to be completed, are provided in Exhibit B, and are hereby agreed to be reasonable.

B. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, will be adjusted equitably.

C. If Owner authorizes changes in the scope, extent, or character of the Project or Engineer's services, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, will be adjusted equitably.

D. If Engineer fails, for reasons within control of Engineer, to complete the performance required in this Agreement within the time set forth, as duly adjusted, then Owner shall be entitled, as its sole remedy, to the recovery of direct damages to the extent, if any, resulting from such failure by Engineer.

ARTICLE 4—INVOICES AND PAYMENTS

4.01 Invoices

A. Preparation and Submittal of Invoices: Engineer shall prepare invoices in accordance with its standard invoicing practices, the progress reporting and special invoicing requirements (if any) in Exhibit A Paragraph 1.01.A, and the terms of Exhibit J. Engineer shall submit its invoices to Owner on a monthly basis. Invoices are due and payable within 30 days of receipt.

4.02 Payments

A. Application to Interest and Principal: Payment will be credited first to any interest owed to Engineer and then to principal.

B. Disputed Invoices: If Owner disputes an invoice, either as to amount or entitlement, then Owner shall promptly advise Engineer in writing of the specific basis for doing so; may withhold only that portion so disputed; and must pay the undisputed portion, subject to the terms of Paragraph 4.01. After a disputed item has been resolved, Engineer shall include the agreed-upon amount on a new invoice.

C. Failure to Pay: If Owner fails to make any undisputed payment due Engineer within 30 days after receipt of Engineer's invoice, then:

1. amounts due Engineer will be increased at the rate of 1.0% per month (or the maximum rate of interest permitted by law, if less) from said thirtieth day, and

2. Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement until Owner has paid in full amounts due. Owner waives any and all claims against Engineer for any such suspension.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. Sales or Use Taxes: If after the Effective Date any governmental entity takes an action that imposes additional sales or use taxes on Engineer's services or compensation under this Agreement, then Engineer may invoice such additional sales or use taxes for reimbursement by Owner. Owner shall reimburse Engineer for the cost of such invoiced additional sales or use taxes; such reimbursement will be in addition to the compensation to which Engineer is entitled under the terms of Exhibit J.

ARTICLE 5—OPINIONS OF COST

5.01 Opinions of Probable Construction Cost

A. Engineer's opinions of probable Construction Cost (if any) are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If Owner requires greater assurance as to probable Construction Cost, then Owner agrees to obtain an independent cost estimate.

5.02 Opinions of Total Project Costs

A. The services, if any, of Engineer with respect to Total Project Costs will be limited to assisting the Owner in tabulating the various categories that comprise Total Project Costs. Engineer assumes no responsibility for the accuracy of any opinions of Total Project Costs.

ARTICLE 6—GENERAL CONSIDERATIONS

6.01 Standards of Performance

A. Standard of Care: The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.

B. Technical Accuracy: Owner shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation, unless such corrective action is directly attributable to deficiencies in Owner-furnished information.

C. Engineer's Subcontractors and Subconsultants: Engineer may retain such Engineer's Subcontractors and Subconsultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by Owner.

D. Reliance on Others: Subject to the standard of care set forth in Paragraph 6.01.A, Engineer may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Compliance with Laws and Regulations, and Policies and Procedures

1. Engineer and Owner shall comply with applicable Laws and Regulations.

2. Engineer shall comply with the policies, procedures, and instructions of Owner that are applicable to Engineer's performance of services under this Agreement and that Owner provides to Engineer in writing, subject to the standard of care set forth in Paragraph 6.01.A, and to the extent compliance is not inconsistent with professional practice requirements.

3. This Agreement is based on Laws and Regulations and Owner-provided written policies and procedures as of the Effective Date. The following may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, or compensation:

    a. changes after the Effective Date to Laws and Regulations,

    b. the receipt by Engineer after the Effective Date of Owner-provided written policies and procedures, and

    c. changes after the Effective Date to Owner-provided written policies or procedures.

F. General Conditions of Construction Contract: The general conditions for any Construction Contract Documents prepared hereunder are to be the current edition of EJCDC® C-700, Standard General Conditions of the Construction Contract, prepared by the Engineers Joint Contract Documents Committee, unless expressly indicated otherwise.

G. Copies of Drawings and Specifications: If Engineer is required to prepare or furnish Drawings or Specifications under this Agreement, Engineer shall deliver to Owner at least one complete electronic copy of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations, and one complete printed copy, duly signed and sealed.

H. Engineer shall not be required to sign any document, no matter by whom requested, that would result in Engineer having to certify, guarantee, or warrant conditions whose existence Engineer cannot ascertain within the authorized scope of Engineer's services. Owner agrees not to make resolution of any dispute with Engineer or payment of any amount due to Engineer in any way contingent upon Engineer signing any such document.

I. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor will Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.

J. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work in accordance with the Construction Contract Documents.

K. Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the Construction Contract Documents, other than those made by Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

L. Engineer is not required to provide and does not have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.

M. Engineer's services do not include providing legal advice or representation.

N. Engineer's services do not include (1) serving as a "municipal advisor" for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission, or (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances.

O. While at the Site, Engineer, its Subconsultants, and Engineer's Subcontractors, and their employees and representatives will comply with the applicable requirements of Contractor's and Owner's safety programs of which Engineer has been informed in writing.

6.02 Ownership and Use of Documents

A. All Documents are instruments of service, and Engineer owns the Documents, including all associated copyrights and the right of reuse at the discretion of the Engineer. Engineer shall continue to own the Documents and all associated rights whether or not the Project is completed.

1. Owner may make and retain copies of Documents for information and reference in connection with the use of the Documents on the Project.

2. Engineer grants Owner a limited license to use the Documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment due and owing for all services relating to preparation of the Documents, and subject to the following limitations:

a. Owner acknowledges that such Documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, on any other project, or for any other use or purpose, without written verification or adaptation by Engineer;

b. any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and Subconsultants;

c. Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the Documents without written verification, completion, or adaptation by Engineer; and

d. such limited license to Owner shall not create any rights in third parties.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If Engineer at Owner's request verifies the suitability of the Documents, completes them, or adapts them for extensions of the Project or for any other purpose, then Owner shall compensate Engineer at rates or in an amount to be agreed upon by Owner and Engineer.

C. Engineer shall inform Owner if Engineer is aware of any invention, design, process, product, or device specified in the Drawings, Specifications, or other Documents that is subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights. If Engineer's good-faith inclusion in the Drawings, Specifications, or other Documents of new, innovative, or non-standard technologies, for the benefit of Owner and the Project, results in third-party claims of infringement or violation of intellectual property rights, then Owner and Engineer shall share equally the costs of defending against, settling, or paying such claims.

D. Engineer will obtain Owner's consent, which will not be unreasonably withheld, prior to releasing any publicity, including news and press releases, promotional publications, award and prize competition submittals, and other advertising regarding the subject matter of this Agreement. Nothing herein will limit the Engineer's right to include information in statements of qualifications and proposals to others accurately describing its participation and participation of employees in the Project.

6.03 Electronic Transmittals

A. To the fullest extent practical, Owner and Engineer agree to transmit, and accept, Project-related correspondence, Documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with Exhibit F, Electronic Documents Protocol (EDP).

1. Compliance with the EDP by Engineer shall be considered a Basic Service and no direct or separate compensation will be paid to Engineer for such compliance, unless provisions for separate compensation are expressly set forth in the EDP.

2. Engineer's costs directly attributable to changes in Engineer's Electronic Documents obligations, after the effective date of this Agreement, necessitated by revisions to Exhibit F, delayed adoption of Exhibit F, or implementation of other Electronic Documents protocols, will be compensated as Additional Services.

B. If this Agreement does not include Exhibit F or otherwise does not establish or include protocols for transmittal of Electronic Documents by Electronic Means, then Owner and Engineer may operate without specific protocols or may jointly develop such protocols at a later date.

C. Except as stated otherwise in Exhibit F (if included in this Agreement), when transmitting Electronic Documents by Electronic Means, the transmitting party makes no representations as to long term compatibility, usability, or readability of the Electronic Documents resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the Electronic Documents, or from those established in applicable protocols.

D. This Agreement (including the EDP) is not intended to create obligations for Owner or Engineer with respect to transmittals to or from third parties, except as expressly stated in the EDP.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.04 Insurance

A. Engineer shall procure and maintain insurance as set forth in Exhibit G.

B. Additional Insureds: The Engineer's commercial general liability, automobile liability, and umbrella or excess liability policies, must:

1. include and list as additional insureds Owner, and any individuals or entities identified as additional insureds in Exhibit G;

2. include coverage for the respective officers, directors, members, partners, and employees of all such additional insureds;

3. afford primary coverage to these additional insureds for all claims covered thereby (including as applicable those arising from both ongoing and completed operations); and

4. not seek contribution from insurance maintained by the additional insured.

C. ~~Owner shall procure and maintain insurance as set forth in Exhibit G.~~

D. Owner shall require Contractor to purchase and maintain policies of insurance covering workers' compensation, general liability, motor vehicle damage and injuries, and other insurance necessary to protect Owner's and Engineer's interests in the Project. Owner shall require Contractor to cause Engineer, its Subconsultants, and Engineer's Subcontractors to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project. Owner shall give Engineer access to any certificates of insurance and copies of endorsements and policies obtained by Owner from Contractor.

E. Owner and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates must be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

1. Upon request by Owner or any other insured, Engineer shall also furnish other evidence of such required insurance, including but not limited to copies of policies and endorsements, documentation of applicable self-insured retentions (if allowed) and deductibles, full disclosure of all relevant exclusions, and evidence of insurance required to be purchased and maintained by Subconsultants and Engineer's Subcontractors. In any documentation furnished under this provision, Engineer may redact (a) any confidential premium or pricing information and (b) any wording specific to projects or jurisdictions other than those applicable to this Agreement.

F. All construction contracts entered into by Owner with respect to the Project must require builder's risk or similar property insurance.

G. All policies of property insurance relating to the Project, including but not limited to any builder's risk or similar policy, must allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer, its Subconsultants, or Engineer's Subcontractors. Owner and Engineer waive all rights against each other, Contractor, Engineer's Subcontractors and Subconsultants, and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by any such builder's risk or similar policy and

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

any other property insurance relating to the Project. Owner and Engineer shall take appropriate measures in other Project-related contracts to secure waivers of rights consistent with those set forth in this paragraph.

H. All policies of insurance must contain a provision or endorsement that the coverage afforded will not be canceled, and that renewal will not be refused, until at least 10 days' prior written notice has been given to the primary insured. Upon receipt of such notice, the primary insured must promptly forward a copy of the notice to the other party to this Agreement and replace the coverage being cancelled or reduced to conform to the requirements of this Agreement.

I. At any time, Owner may request that Engineer, or Engineer's Subcontractors or Subconsultants, at Owner's sole expense, provide additional insurance coverage, increased limits, or revised deductibles that are more protective than those specified in Exhibit G. If so requested by Owner, and if commercially available, Engineer shall obtain and shall require Engineer's Subcontractors or Subconsultants to obtain such additional insurance coverage, different limits, or revised deductibles for such periods of time as requested by Owner, and Exhibit G will be supplemented to incorporate these requirements.

6.05 Suspension and Termination

A. Suspension

1. By Owner: Owner may suspend Engineer's services for up to 90 days upon 7 days' written notice to Engineer.

2. By Engineer: Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement:

a. if Owner has failed to pay Engineer for invoiced services and expenses, as set forth in Paragraphs 4.02.B and 4.02.C;

b. in response to the presence of Constituents of Concern at the Site, as set forth in Paragraph 6.09.D; or

c. if persistent circumstances beyond the control of Engineer have prevented it from performing its obligations under this Agreement.

B. Termination for Cause

1. Either party may terminate the Agreement for cause upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms of the Agreement, through no fault of the terminating party.

a. Notwithstanding the foregoing, this Agreement will not terminate under Paragraph 6.05.B.1 if the party receiving such notice begins, within 7 days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30-day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein will extend up to, but in no case more than, 60 days after the date of receipt of the notice.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. In addition to its termination rights in Paragraph 6.05.B.1, Engineer may terminate this Agreement for cause upon 7 days' written notice:

    a. if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional;

    b. if Engineer's services for the Project are delayed or suspended for more than 90 days for reasons beyond Engineer's control; or

    c. as the result of the presence at or adjacent to the Site of undisclosed Constituents of Concern, as set forth in Paragraph 6.09.E.

3. Engineer will have no liability to Owner on account of any termination by Engineer for cause.

C. Termination for Convenience: Owner may terminate this Agreement for convenience, effective upon Engineer's receipt of notice from Owner.

D. Extension of Effective Date of Termination: If Owner terminates the Agreement for cause or convenience, Owner may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files. Engineer shall be entitled to compensation for such tasks.

E. Payments Upon Termination: In the event of any termination under Paragraph 6.05, Engineer will be entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, Owner will have the limited right to the use of Documents, at Owner's sole risk, subject to the provisions of Paragraph 6.02.A.

1. If Owner has terminated the Agreement for cause and disputes Engineer's entitlement to compensation for services and reimbursement of expenses, then Engineer's entitlement to payment and Owner's rights to the use of the Documents will be resolved in accordance with the dispute resolution provisions of this Agreement or as otherwise agreed in writing.

2. If Owner has terminated the Agreement for convenience, or if Engineer has terminated the Agreement for cause, then Engineer will be entitled, in addition to the payments identified above, to invoice Owner and receive payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with Engineer's Subcontractors or Subconsultants, and other related close-out costs, using methods and rates for Additional Services as set forth in Exhibit J.

6.06 Successors, Assigns, and Beneficiaries

A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 6.06.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, claims arising out of this Agreement or money that is due or may become due) in this Agreement without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

C. Unless expressly provided otherwise in this Agreement:

1. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

2. Nothing in this Agreement will be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them.

3. Owner agrees that the substance of the provisions of this Paragraph 6.06.C will appear in the Construction Contract Documents.

6.07 Dispute Resolution

A. Unless otherwise required by Exhibit H, Owner and Engineer shall resolve all disputes in the following manner:

1. Owner and Engineer agree to negotiate all disputes between them in good faith for a period of 30 days from the date of notice, ~~prior to invoking mediation.~~

2. ~~Owner and Engineer agree that they shall first submit any and all unsettled claims, counterclaims, disputes, and other matters in question between them arising out of or relating to this Agreement or the breach thereof ("Disputes") to mediation. Owner and Engineer agree to participate in the mediation process in good faith. The process will be conducted on a confidential basis, and must be completed within 120 days.~~

3. If the parties fail to resolve a Dispute through negotiations under Paragraph 6.07.A.1 ~~or mediation under Paragraph 6.07.A.2~~, then:

a. either or both may invoke the applicable dispute resolution procedures of Exhibit H for final resolution of Disputes.

b. If Exhibit H is not included, or if no final dispute resolution method is specified in Exhibit H, then the parties may exercise their rights at law.

6.08 Controlling Law; Venue

A. This Agreement is to be governed by the Laws and Regulations of the state in which the Project is located.

B. Venue for any exercise of rights at law will be the state court having jurisdiction at the location of the Project; or at the choice of either party, and if federal jurisdictional requirements can be met, in federal court in the district in which the Project is located.

6.09 Environmental Condition of Site

A. Owner represents to Engineer that, as of the Effective Date, to the best of Owner's knowledge, no Constituents of Concern, other than those disclosed in writing to Engineer, exist at or adjacent to the Site.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Undisclosed Constituents of Concern: For purposes of this Paragraph 6.09, the presence at or adjacent to the Site of Constituents of Concern that were not disclosed to Engineer pursuant to Paragraph 6.09.A, in such quantities or circumstances that such Constituents of Concern may present a danger to persons or property exposed to them, will be referred to as "undisclosed" Constituents of Concern.

1. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of this Agreement or the Construction Contract, are not undisclosed Constituents of Concern.

2. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under this Agreement are not undisclosed Constituents of Concern.

3. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under another professional services contract for Owner, or as part of the work under a construction or remediation contract, are not undisclosed Constituents of Concern if Engineer has been informed of the general scope of such contract.

C. If Engineer encounters or learns of an undisclosed Constituent of Concern at the Site, then Engineer shall notify (1) Owner and (2) appropriate authorities having jurisdiction if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

D. It is acknowledged by both parties that Engineer's scope of services does not include any services related to undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an undisclosed Constituent of Concern, or if encountered, uncovered, or revealed Constituents of Concern are present in substantially greater quantities or substantially different locations than disclosed or anticipated, or if investigative or remedial action, or other professional services, are necessary or required by applicable Laws and Regulations with respect to such Constituents of Concern, then Engineer may, at its option and without liability for direct, consequential, or any other damages, suspend performance of services on the portion of the Project adversely affected thereby until such portion of the Project is no longer so affected; and Owner shall promptly determine whether to retain a qualified expert to evaluate such condition or take any necessary corrective action.

E. If the presence at the Site of undisclosed Constituents of Concern, or of Constituents of Concern in substantially greater quantities or in substantially different locations than disclosed or anticipated, adversely affects the performance of Engineer's services under this Agreement, then:

1. if the adverse effects do not preclude Engineer from completing its Project services in general accordance with this Agreement on unaffected or marginally affected portions of the Project, Engineer may accept an equitable adjustment in its compensation or in the time of completion, or both; and the Agreement will be amended to reflect changes necessitated by the presence of such Constituents of Concern; or

2. if the adverse effects are of such materiality to the overall performance of Engineer that it cannot complete its services without significant changes to the scope of services, time

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

of completion, and compensation, then Engineer may terminate this Agreement for cause on 7 days' written notice.

F. Owner acknowledges that Engineer is performing professional services for Owner and that Engineer is not and will not be required to become an "owner," "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

6.10 Indemnification and Mutual Waiver

A. Indemnification by Engineer: To the fullest extent permitted by Laws and Regulations, Engineer shall indemnify and hold harmless Owner, and Owner's officers, directors, members, partners, agents, and employees, from losses, damages, and judgments (including reasonable consultants' and attorneys' fees and expenses) arising from third-party claims or actions relating to the Project, provided that any such claim, action, loss, damages, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors. This indemnification provision is subject to and limited by the provisions, if any, agreed to by Owner and Engineer in Exhibit I, "Limitations of Liability."

B. Environmental Indemnification: To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer, its Subconsultants, Engineer's Subcontractors, and their officers, directors, members, partners, agents, employees, and subconsultants from all claims, costs, losses, damages, actions, and judgments (including reasonable consultants' and attorney's fees and expenses) caused by, arising out of, relating to, or resulting from a Constituent of Concern at, on, or under the Site, provided that:

1. any such claim, cost, loss, damages, action, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, and

2. nothing in this paragraph obligates Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence or willful misconduct.

C. No Defense Obligation: The indemnification commitments in this Agreement do not include a defense obligation by the indemnitor unless such obligation is expressly stated.

D. Percentage Share of Negligence: To the fullest extent permitted by Laws and Regulations, a party's total liability to the other party and anyone claiming by, through, or under the other party for any cost, loss, or damages caused in part by the negligence of the party and in part by the negligence of the other party or any other negligent entity or individual, will not exceed the percentage share that the party's negligence bears to the total negligence of Owner, Engineer, and all other negligent entities and individuals.

E. Mutual Waiver: To the fullest extent permitted by Laws and Regulations, Owner and Engineer waive against each other, and the other's officers, directors, members, partners, agents,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

employees, subconsultants, and insurers, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes. Such excluded damages include but are not limited to loss of profits or revenue; loss of use or opportunity; loss of good will; cost of substitute facilities, goods, or services; and cost of capital.

6.11 Records Retention

A. Engineer shall maintain on file in legible form, for a period of five years following completion or termination of its services, or such other period as required by Laws and Regulations, all Documents, records (including cost records), and design calculations related to Engineer's services or pertinent to Engineer's performance under this Agreement. Upon Owner's request, Engineer shall provide a copy of any such item to Owner at cost.

6.12 Miscellaneous Provisions

A. Notices: Any notice required under this Agreement will be in writing, and delivered: in person (by commercial courier or otherwise); by registered or certified mail; or by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line. All such notices are effective upon the date of receipt.

B. Survival: Subject to applicable Laws and Regulations, all express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

C. Severability: Any provision or part of the Agreement held to be void or unenforceable under any Laws or Regulations will be deemed stricken, and all remaining provisions will continue to be valid and binding upon Owner and Engineer.

D. No Waiver: A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Agreement.

E. Accrual of Claims: To the fullest extent permitted by Laws and Regulations, all causes of action arising under this Agreement will be deemed to have accrued, and all statutory periods of limitation will commence, no later than the date of Substantial Completion; or, if Engineer's services do not include Construction Phase services, or the Project is not completed, then no later than the date of Owner's last payment to Engineer.

ARTICLE 7—DEFINITIONS

7.01 Defined Terms

A. Wherever used in this Agreement (including the exhibits hereto) terms (including the singular and plural forms) printed with initial capital letters have the meanings indicated in the text above, in the exhibits, or in the following definitions:

1. Addenda—Written or graphic instruments issued prior to the opening of bids which clarify, correct, or change the bidding requirements or the proposed Construction Contract Documents.

2. Additional Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 2 of Exhibit A of this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. Agreement—This written contract for professional services between Owner and Engineer, including all exhibits identified in Paragraph 8.01 and any duly executed amendments.

4. Application for Payment—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Construction Contract.

5. Basic Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 1 of Exhibit A of this Agreement.

6. Bidding/Proposal Documents—Documents related to the selection of the Contractor, including advertisements or invitations to bid; requests for proposals; instructions to bidders or proposers, including any attachments such as lists of available Site-related documents; bid forms; bids; proposal forms; proposals; bidding requirements; and qualifications documents.

7. Change Order—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Construction Contract Price or the Construction Contract Times, or other revision to the Construction Contract, issued on or after the effective date of the Construction Contract.

8. Change Proposal—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth in the Construction Contract, seeking an adjustment in Construction Contract Price or Construction Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Construction Contract Documents or the acceptability of Work under the Construction Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Construction Contract.

9. Constituents of Concern—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), lead-based paint (as defined by the HUD/EPA standard), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to Laws and Regulations regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

10. Construction Contract—The entire and integrated written contract between Owner and Contractor concerning the Work.

11. Construction Contract Documents—Those items designated as "Contract Documents" in the Construction Contract, and which together comprise the Construction Contract. See also definition of "Front-End Construction Contract Documents" below.

12. Construction Contract Price—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Construction Contract Documents.

13. Construction Contract Times—The number of days or the dates by which Contractor must: (a) achieve milestones, if any, in the Construction Contract; (b) achieve Substantial Completion; and (c) complete the Work.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

14. Construction Cost—The cost to Owner of the construction of those portions of the entire Project designed or specified by or for Engineer under this Agreement, including construction labor, services, materials, equipment, insurance, and bonding costs, and allowances for contingencies. Construction Cost does not include costs of services of Engineer or other design professionals and consultants; cost of land or rights-of-way, or compensation for damages to property; Owner's costs for legal, accounting, insurance counseling, or auditing services; interest or financing charges incurred in connection with the Project; or the cost of other services to be provided by others to Owner. Construction Cost is one of the items comprising Total Project Costs.

15. Constructor—Any person or entity (not including the Engineer, its employees, agents, representatives, or Subconsultants, or Engineer's Subcontractors), performing or supporting construction activities relating to the Project, including but not limited to Contractors, Subcontractors, Suppliers, Owner's work forces, utility companies, other contractors, construction managers, design-builders, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

16. Contractor—The entity or individual with which Owner enters into a Construction Contract.

17. Documents—All documents expressly identified as deliverables in this Agreement, whether in printed or Electronic Document form, required by this Agreement to be provided or furnished by Engineer to Owner. Such specifically required deliverables may include, by way of example, Drawings, Specifications, data, reports, building information models, and civil integrated management models.

18. Drawings—That part of the Construction Contract Documents that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. Effective Date—The date indicated in this Agreement on which it becomes effective, but if no such date is indicated, the date on which this Agreement is signed and delivered by the last of the parties to sign and deliver.

20. Electronic Document—Any Project-related correspondence, attachments to correspondence, data, documents, drawings, information, or graphics, including but not limited to Shop Drawings and other Submittals, that are in an electronic or digital format.

21. Electronic Means—Electronic mail (e-mail), upload/download from a secure Project website, or other communications methods that allow: (a) the transmission or communication of Electronic Documents; (b) the documentation of transmissions, including sending and receipt; (c) printing of the transmitted Electronic Document by the recipient; (d) the storage and archiving of the Electronic Document by sender and recipient; and (e) the use by recipient of the Electronic Document for purposes permitted by this Agreement. Electronic Means does not include the use of text messaging, or of Facebook, Twitter, Instagram, or similar social media services for transmission of Electronic Documents.

22. Engineer—The individual or entity named as such in this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

23. Engineer's Subcontractor—An individual, firm, vendor, or other entity having a contract with Engineer to furnish general services, equipment, or materials with respect to the Project as an independent contractor.

24. Field Order—A written order issued by Engineer which requires minor changes in the Work but does not change the Construction Contract Price or the Construction Contract Times.

25. Front-End Construction Contract Documents—Those Construction Contract Documents whose primary purpose is to establish legal and contractual terms and conditions, typically including the Owner-Contractor agreement, bonds, general conditions, and supplementary conditions. The term excludes the Drawings and Specifications, and any Construction Contract Documents delivered or issued after the effective date of the Construction Contract.

26. Laws and Regulations; Laws or Regulations—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

27. Owner—The individual or entity named as such in this Agreement and for which Engineer's services are to be performed. Unless indicated otherwise, this is the same individual or entity that will enter into any Construction Contracts concerning the Project.

28. Project—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the services to be performed or furnished by Engineer under this Agreement are a part.

29. Record Drawings—Drawings depicting the completed Project, or a specific portion of the completed Project, prepared by Engineer and based on Contractor's record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications, as delivered to Engineer and annotated by Contractor to show changes made during construction.

30. Resident Project Representative—The authorized representative of Engineer assigned to assist Engineer at the Site during the Construction Phase. As used herein, the term Resident Project Representative (RPR) includes any assistants or field staff of the RPR.

31. Samples—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

32. Shop Drawings—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Construction Contract Documents.

33. Site—Lands or areas to be indicated in the Construction Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

34. Specifications—The part of the Construction Contract Documents that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

35. Subconsultant—An individual, design firm, consultant, or other entity having a contract with Engineer to furnish professional services with respect to the Project as an independent contractor.

36. Subcontractor—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

37. Submittal—A written or graphic document, prepared by or for Contractor, which the Construction Contract Documents require Contractor to submit to Engineer, or that is indicated as a Submittal in the Schedule of Submittals accepted by Engineer. Submittals may include Shop Drawings and Samples; schedules; product data; Owner-delegated designs; sustainable design information; information on special procedures; testing plans; results of tests and evaluations, source quality-control testing and inspections, and field or Site quality-control testing and inspections; warranties and certifications; Suppliers' instructions and reports; records of delivery of spare parts and tools; operations and maintenance data; Project photographic documentation; record documents; and other such documents required by the Construction Contract Documents. Submittals, whether or not approved or accepted by Engineer, are not Construction Contract Documents. Change Proposals, Change Orders, Claims, notices, Applications for Payment, and requests for interpretation or clarification are not Submittals.

38. Substantial Completion—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Construction Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

39. Supplier—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

40. Total Project Costs—The total cost of planning, studying, designing, constructing, testing, commissioning, and start-up of the Project, including Construction Cost and all other Project labor, services, materials, equipment, insurance, and bonding costs, allowances for contingencies, and the total costs of services of Engineer or other design professionals and consultants, together with such other Project-related costs that Owner furnishes for inclusion, including but not limited to cost of land, rights-of-way, compensation for damages to properties and private utilities (including relocation if not part of Construction Cost), Owner's costs for legal, accounting, insurance counseling, and auditing services, interest and financing charges incurred in connection with the Project, and the cost of other services to be provided by others to Owner.

41. Underground Facilities—All active or not-in-service underground lines, pipelines, conduits, ducts, encasements, cables, wires, manholes, vaults, tanks, tunnels, or other

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

such facilities or systems at the Site, including but not limited to those facilities or systems that produce, transmit, distribute, or convey telephone or other communications, cable television, fiber optic transmissions, power, electricity, light, heat, gases, oil, crude oil products, liquid petroleum products, water, steam, waste, wastewater, storm water, other liquids or chemicals, or traffic or other control systems. An abandoned facility or system is not an Underground Facility.

42. Work—The entire construction or the various separately identifiable parts thereof required to be provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.

43. Work Change Directive—A written directive to Contractor issued on or after the effective date of the Construction Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

B. Terminology

1. The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

ARTICLE 8—EXHIBITS AND SPECIAL PROVISIONS

8.01 Exhibits to Agreement

The following exhibits are incorporated by reference and included as part of this Agreement:

A. Exhibit A, Engineer's Services.

B. Exhibit B, Deliverables Schedule.

C. Exhibit C, Amendment to Owner-Engineer Agreement (form).

D. Exhibit D, Duties, Responsibilities and Limitations of Authority of Resident Project Representative.

E. Exhibit E, EJCDC® C-626, Notice of Acceptability of Work (form).

F. Exhibit F, Electronic Documents Protocol (EDP).

G. Exhibit G, Insurance.

H. Exhibit H, Dispute Resolution. – **Not Used**

I. Exhibit I, Limitations of Liability.

J. Exhibit J, Payments to Engineer for Services and Reimbursable Expenses.

8.02 Total Agreement

A. This Agreement (which includes the exhibits listed above) constitutes the entire contractual agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

canceled by a written instrument duly executed by both parties. Amendments should be based whenever possible on the format of Exhibit C to this Agreement.

8.03 Designated Representatives

A. With the execution of this Agreement, Engineer and Owner shall each designate a specific individual to act as representative under this Agreement. Such an individual must have authority to transmit instructions, receive information, and render decisions with respect to this Agreement on behalf of the party that the individual represents.

8.04 Engineer's Certifications

A. Engineer certifies that it has not engaged in corrupt, fraudulent, or coercive practices in competing for or in executing the Agreement. For the purposes of this Paragraph 8.04:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the selection process or in the Agreement execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the selection process or the execution of the Agreement to the detriment of Owner, or (b) to deprive Owner of the benefits of free and open competition;

3. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the selection process or affect the execution of the Agreement.

8.05 Conflict of Interest

A. Nothing in this Agreement will be construed to create or impose any duty on the part of Engineer that would be in conflict with Engineer's paramount obligations to the public health, safety, and welfare under the professional practice requirements governing Engineer, its Subconsultants, and all licensed professionals employed by Engineer or its Subconsultants.

B. If during the term of this Agreement a potential or actual conflict of interest arises or is identified:

1. Engineer and Owner together will make reasonable, good faith efforts to avoid or eliminate the conflict of interest; to mitigate any adverse consequences of the conflict of interest; and, if necessary and feasible, to modify this Agreement to address the conflict of interest and its consequences, such that progress under the Agreement may continue.

2. Such efforts will be governed by applicable Laws and Regulations and by any pertinent Owner's policies, procedures, and requirements (including any conflict of interest resolution methodologies) provided to Engineer under Paragraph 2.04.A of this Agreement.

Engineer shall provide Basic and Additional Services as set forth below.

ARTICLE 1—BASIC SERVICES

1.01 Management of Engineering Services

A. All phases of Engineer's services will include management of Engineer's Project-specific responsibilities, including but not limited to the following management tasks, whether separately tracked and itemized or included as being incidental to other phase and scope task items.

1. Develop and submit an Engineering Services Schedule. The Engineering Services Schedule will:

a. be consistent with and serve as a supplement to the Schedule of Deliverables set forth in Exhibit B.

b. be updated on a regular basis, and as required to reflect any programmatic decisions by Owner.

c. include, but not be limited to, an anticipated sequence of tasks; estimates of task duration; interrelationships among tasks; milestone meetings and submittals; anticipated schedule of construction; and other pertinent Project events.

2. Develop and submit detailed work plans from Exhibit A tasks. **Not Applicable.**

3. Coordinate services within Engineer's internal team, and with Subconsultants and Engineer's Subcontractors.

4. Prepare for and participate in meetings with consultants and contractors working on other parts of the Project that may affect, or be affected by, Engineer's services or resulting construction.

5. Prepare and submit **monthly** engineering services progress reports to the Owner. Include summary of services performed in period, expected progress in next period, percent completion of current tasks, and a description of major issues or concerns.

6. Special Invoicing: In addition to, or as a substitute for, Engineer's standard invoicing, provide the specified additional information or documentation, following the invoicing procedures indicated: **Not Applicable;** .

7. Conduct ongoing management tasks, including:

a. Maintaining communications records and files pertaining to or arising from Engineer's services;

b. With respect to Engineer's services and other directly relevant parts of the Project, prepare for and participate in periodic progress meetings with Owner to discuss progress, schedule, budget, issues, potential problems and their resolution; and

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Preparing agendas prior to and minutes following all Engineer-led meetings.

B. In all phases of Engineer's services, Engineer shall prepare draft and final Drawings in accordance with **Engineer's CAD standards using AutoCAD, Owner's CAD standards, ACAD standard**, using **ACAD 2013 or newer** version **AutoCAD** software.

C. The source documents for the draft and final Specifications in all phases of Engineer's services will be **Engineer's standard specifications and Owner's standard specifications**, unless otherwise mutually agreed upon by the parties.

1.02 Study and Report Phase

A. Engineer shall:

1. Consult with Owner to define and clarify Owner's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility, and expandability, and any budgetary limitations, and identify available data, information, reports, facilities plans, and site evaluations.

a. If Owner has already identified one or more potential solutions to meet its Project requirements, then proceed with the study and evaluation of the Owner-identified potential solutions listed here:

1) **Refer to attachment Exhibit A Scope of Services**.

b. If Owner has not identified specific potential solutions for study and evaluation, then assist Owner in determining whether Owner's requirements, and available data, reports, plans, and evaluations, point to a single potential solution for Engineer's study and evaluation, or are such that it will be necessary for Engineer to identify, study, and evaluate multiple potential solutions.

c. If it is necessary for Engineer to identify, study, and evaluate multiple potential solutions, then identify **other alternative solutions** potentially available to Owner, unless Owner and Engineer mutually agree that some other specific number of alternatives should be identified, studied, and evaluated.

1) **Refer to attachment Exhibit A Scope of Services**.

2. Identify potential solution(s) to meet Owner's Project requirements, as needed.

3. Study and evaluate the potential solution(s) to meet Owner's Project requirements.

4. Visit the Site, or potential Project sites, to review existing conditions and facilities, unless such visits are not necessary or applicable to meeting the objectives of the Study and Report Phase.

5. Assess initially available Project information and data, including the Baseline Information set forth at the beginning of this Exhibit A.

6. Advise Owner of any need for Owner to obtain, furnish, or otherwise make available to Engineer additional Project-related information and data, for Engineer's use in the study and evaluation of potential solution(s) to Owner's Project requirements, and preparation of a related report.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7. After consultation with Owner, recommend the solution(s) which in Engineer's judgment meet Owner's requirements for the Project.

8. Identify, consult with, and analyze requirements of authorities having jurisdiction to permit or approve construction or operation of the portions of the Project to be designed or specified by Engineer, including but not limited to impacts and mitigating measures identified in previously prepared environmental assessments for the Project provided to the Engineer or being concurrently prepared for Owner by others.

9. Advise the Owner of any need for Owner to provide data or services of the types described in Article 2 of the Agreement, for use in Project design, or in preparation for Contractor selection and construction.

10. Assist Owner in evaluating the possible use of building information modeling; civil integrated management; geotechnical baselining of subsurface conditions at the Site; innovative design, contracting, or procurement strategies; project delivery method; or other strategies, technologies, or techniques for assisting in the design, construction, and operation of Owner's facilities. The subject matter of this paragraph will be referred to in Exhibit A as "Project Strategies, Technologies, and Techniques**." Not Applicable.**

11. Assist Owner in identifying opportunities for enhancing the sustainability of the Project, and pursuant to Owner's instructions, plan for the inclusion of sustainable features in the design.

12. Review with Owner the thresholds established in applicable codes, standards, and design criteria specifically governing the ability of the proposed facilities or improvements to perform, and to absorb or avoid damage without suffering complete or substantial failure. As part of the review, identify additional risk assessment studies or tools that are available to evaluate the susceptibility of the facilities or improvements to natural and man-made events beyond the applicable established thresholds. Upon Owner request, as an additional service, perform additional risk assessment studies or tools to further evaluate system resiliency beyond the applicable established thresholds. **Not Applicable.**

13. Utilities, including Underground Facilities

    a. Review any utility mapping and surveys and other utilities documentation made available by Owner. Take note of observable utilities during Site visit.

    b. Identify, in a preliminary manner and to the extent determinable by such mapping or other information provided by Owner, and by observations at the Site, those utilities (whether above-ground utilities of any type, or Underground Facilities) likely to be affected by the Project construction and additional utility facilities or extensions that will be needed to serve the Project.

    c. If the impact on existing utilities or the need for additional utility facilities or extensions cannot reasonably be determined in a preliminary manner from mapping or other information provided by Owner, or such information was not available from Owner, then assist Owner in evaluating the need to either obtain

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

additional utility mapping and utility documentation during the Study and Report Phase, or undertake other alternative approaches and contingencies to account for utility uncertainties in this phase.

d. Advise Owner of additional utility documentation and coordination needed during the design and construction phases to adequately assess, mitigate, and manage the impact of the Project (including any additional utility facilities or extensions needed to serve the Project) on existing utilities.

e. Use ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data" as a means to advise the Owner regarding the extent and identification and mapping of existing Underground Facilities during the design and construction phases.

1) If Owner has retained a land surveyor, utility engineer, or utility consultant, collaborate with such individuals or entities regarding the application of ASCE 38.

14. Inquire regarding survey methodologies and technologies that would aid in addressing Owner's Project requirements. Develop a scope of work and survey limits for any topographic and other surveys necessary for design. For recommended survey deliverables, specify a) required technical specifications; b) pertinent datum; c) survey limits, and d) formats of deliverables. Collaborate with land surveyor, when separately retained by Owner or third party, to develop such scope of work.

a. **Refer to Attachment Exhibit A Scope of Services**

15. Prepare a report (the "Report") which will, as appropriate, contain schematic layouts, sketches, and conceptual design criteria with appropriate exhibits to indicate the agreed-to requirements, considerations involved, and Engineer's recommended solution(s).

a. For each recommended solution, Engineer will separately tabulate Total Project Cost, itemizing those items and services included within the definition of Total Project Costs.

b. Engineer will meet with Owner to discuss the draft Report and receive Owner's comments.

16. Perform or provide the following other Study and Report Phase tasks or deliverables:

a. **[Refer to Attachment Exhibit A Scope of Services**

17. Furnish the Report and any other Study and Report Phase deliverables to Owner pursuant to the requirements of the Deliverables Schedule in Exhibit B, and review the deliverables with Owner.

18. Revise the Report and any other Study and Report Phase deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Engineer's services under the Study and Report Phase will be considered complete on the date when Engineer has delivered to Owner the final Report (as revised) and any other Study and Report Phase deliverables.

1.03 Preliminary Design Phase

A. After acceptance by Owner of the Report and any other Study and Report Phase deliverables (if Engineer's services under this Agreement included Study and Report Phase services); selection by Owner of a recommended solution; issuance by Owner of any instructions for use of Project Strategies, Technologies, and Techniques, or for inclusion of sustainable features in the design, or enhanced resiliency of the design; indication by Owner of any specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document in writing any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from the selected solution, related Project Strategies, Technologies, or Techniques, sustainable design and resiliency instructions, specific modifications to the Project, or changes, refinements, or supplementation of the Baseline Information.

B. Upon written authorization from Owner, Engineer shall:

1. Review and assess all available Project information and data, including any pertinent reports or studies (whether prepared by Engineer or others) and any related instructions from Owner.

2. Based on the threshold review and assessment of available information and data, advise Owner of any need for Owner to obtain, furnish, or otherwise make available to Engineer any additional information and data, for Engineer's use in the preparation of a Preliminary Design Phase Report.

3. Prepare a Preliminary Design Phase Report in the following format: **The scope of the design and sufficient for Owner's purposes— ranging from a consolidated and comprehensive technical specs, narrative report, and assemblage of required 30% drawings**.

4. The Preliminary Design Phase Report will consist of final design criteria, preliminary drawings, a preliminary list of expected specifications, and written descriptions of the Project. The Preliminary Design Phase Report will consider the following matters to the extent applicable to the Project and as necessary to establish the basis of design for proceeding to final design and construction:

a. The Project concept, intent, performance criteria, desired outcomes, Owner's standards and Owner directed improvements and facility elements as established in the Study and Report Phase and as expressly set forth in the Baseline Information section of this Exhibit A (collectively the "Project Goals").

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

b. Recommended appropriate design criteria for each primary portion and significant discipline of the design necessary to address the Project Goals.

c. Site conditions and characterization as known at the time of, or to be determined during, the Preliminary Design Phase, including topography; subsurface information; Constituents of Concern; cultural, historical, and archaeological resources at the Site; wetlands information; and evaluations of flora and fauna that may be affected by the Project.

d. The time schedule for completion of the Project in accordance with Project Goals, including any recommended changes to the time required to complete the Final Design Phase (as set forth in Exhibit B, Deliverables Schedule) and estimated schedule(s) for construction.

e. Identification of major items of materials and equipment, rationale for selection with consideration of quality, suitability, pricing, sourcing, regulatory, and bidding issues affecting recommended selection.

f. Revised opinions of probable Construction Cost.

g. The impact of Project Strategies, Technologies, and Techniques, sustainable features, and enhanced resiliency selected by Owner for inclusion in the Project on the Project Goals, schedule and probable Construction Cost, including impact of multiple prime construction contracts, separate procurement of materials or equipment, and other alternate project delivery methods when the Project Goals necessitate and Owner authorizes;

h. Construction Phase quality assurance and quality control needs affecting development of Drawings and Specifications and other Final Design and Bidding Phase documents.

i. The effect of permits and authorizations by other entities and utility coordination needs on the Project.

j. Other matters and information pertinent to addressing the Project Goals.

5. In preparing the Preliminary Design Phase Report, use any specific applicable Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features and enhanced resiliency, as appropriate, pursuant to Owner's instructions.

6. Visit the Site as needed to prepare the Preliminary Design Phase Report.

7. If at any point in the Preliminary Design Phase it becomes apparent to Engineer that additional reports, data, information, or services of the types described in Article 2 are necessary, then so advise Owner, and assist Owner in obtaining such reports, data, information, or services.

8. Above-Ground Utilities

   a. Review above-ground utilities information obtained from Owner and from observations at the Site.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

b. Make recommendations regarding any further identification, investigation, and mapping of above-ground utilities at or adjacent to the Site, for Engineer's design purposes or otherwise.

c. Account for above-ground utilities, based on available information, when advancing design during the Preliminary Design Phase.

9. Underground Facilities

a. Review Underground Facilities data furnished by Owner. Assist Owner in reducing and managing risks associated with Underground Facilities by working together with Owner to jointly establish a procedure ("Underground Facilities Procedure") for the further identification, investigation, and mapping of Underground Facilities at or adjacent to the Site, using ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data," as a basis for establishing such Underground Facilities Procedure.

b. Such Underground Facilities Procedure must take into account the Site and the nature of the Project.

c. Use the Underground Facilities Procedure to aid in the performance of design services:

1) Account for Underground Facilities, based on available information, when advancing the design during the Preliminary Design Phase.

2) The Underground Facilities Procedure will include a plan to keep Underground Facilities information current as Engineer proceeds with the provision of design services, and to add new or relocated Underground Facilities information to the base utility or Site drawings.

3) To manage the potential impact of design changes on Underground Facilities, Engineer shall work together with Owner to modify or reapply the Underground Facilities Procedure as the design progresses and changes.

10. Mitigation of Utilities Conflicts

a. Identify potential conflicts between the Project (including existing and new facilities and structures) and above-ground utilities and Underground Facilities as reviewed in Exhibit A Paragraphs 1.03.B.8 and 9 above, and advise Owner regarding the need for resolution of such conflicts with utility and Underground Facilities owners and permit agencies. Identify the potential need for the relocation of existing above-ground utilities and Underground Facilities.

b. Update the Underground Facilities Procedure as necessary for any Underground Utilities conflicts and relocations.

c. Working together with Owner, jointly identify which specific parties or other entities will be responsible for implementation of the various specific parts of the Underground Facilities Procedure (including those parts that address resolution of Underground Facilities conflicts), and for resolution of above-ground utilities

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

conflicts. Such identification will take into account Owner's authority and standing, as owner of the Site, with respect to Underground Facilities and above-ground utilities.

1) To the extent that Owner and Engineer agree that in addition to performing the design-related obligations set forth in Exhibit A Paragraphs 1.03.B.8 and 9, Engineer will also implement any non-design part of the Underground Facilities Procedure (including resolution of Underground Facilities conflicts), or undertake resolution of above-ground utilities conflicts, such additional duties will be Additional Services under Article 2 of this Exhibit A.

11. Surveys, Topographic Mapping, and Utility Documentation

    a. Coordinate with Owner's utility engineer, utility consultant, or land surveyor for the necessary field surveys, topographic mapping, and utility documentation required for Engineer's design purposes, or by the Underground Facilities Procedure.

    b. If no scope of work and procedure for utility documentation has been established, selected, or authorized, then at a minimum Engineer will contact utility owners and obtain available information. Except as otherwise provided in this Agreement, Owner acknowledges that the information gathered from utility owners may be incorrect, incomplete, outdated, or otherwise flawed, and as to Engineer, bidders, and Contractor, the Owner accepts all associated risks. Owner reserves all associated rights as to recourse against the sources of such flawed information and against third parties.

12. Prepare initial draft of a comprehensive permit document that identifies Owner's permit duties, Engineer's permit duties, and Contractor's permit duties, and the schedule for permitting activities.

13. Continue to assist Owner with Project Strategies, Technologies, and Techniques that Owner has chosen to implement in Exhibit A Paragraph 1.03.A.

14. Obtain Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's Bidding/Proposal Documents and Front-End Construction Contract Documents.

    a. Also obtain copies of Owner's standard Bidding/Proposal Documents and Front-End Construction Contract Documents (if other than the EJCDC 2018 Construction Series documents), and any other related documents or content for Engineer to include in drafts of the Project-specific Bidding/Proposal Documents and Front-End Construction Contract Documents, when applicable.

    b. Review Owner's instructions regarding procurement, bidding and contracting of construction services with respect to effects on the Project design, schedule and construction and address as needed in the Preliminary Design Phase deliverables.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

15. Prepare the Preliminary Design Phase Report. This Report will consist of, as appropriate, separate or combined submittals in whole or summary, the Preliminary Design Phase documents listed in Exhibit A Paragraph 1.03.B.4, and Engineer's findings and recommendations for advancing the Project to the Final Design Phase (including Engineer's findings and recommendations, if any, regarding permitting, utilities, and Underground Facilities). The submittal will be in the format of a report, or otherwise organized and assembled for ease and practicality of use.

    a. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and on the basis of information furnished by Owner, assist Owner in tabulating the various cost categories which comprise Total Project Costs.

    b. Engineer will meet with Owner to discuss the draft Preliminary Design Phase submittal and receive Owner's comments.

16. Perform or provide the following other Preliminary Design Phase tasks or deliverables:

    a. **NONE**.

17. Furnish the Preliminary Design Phase Report, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner pursuant to the requirements of the Deliverables Schedule in Exhibit B, and review the deliverables with Owner.

18. Revise the Report and any other deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

C. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Preliminary Design Phase Report (as revised) and associated documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables.

1.04 Final Design Phase

A. After acceptance by Owner of the Preliminary Design Phase Report and any other Preliminary Design Phase deliverables; issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from specific modifications to the Project, or changes, refinements, or supplementation of the Baseline Information.

    1. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is **One (1)**. If more prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. If more than one prime construction contract is to be awarded for the Work designed or specified by Engineer, then Owner shall define and set forth (in an exhibit to this Agreement, or in a subsequent document) the duties, responsibilities, and limitations of authority of a person or entity that will have authority and responsibility for coordinating the activities among the various prime Contractors, and any resulting changes in the duties, responsibilities, and authority of Engineer.

3. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime construction contract, or if Engineer's services are to be separately sequenced with the work of one or more separate design professional consultants or prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding/Proposal, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable under such separate prime construction contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such construction contracts is to proceed concurrently.

B. Upon written authorization from Owner, Engineer shall prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor, in accordance with the Preliminary Design Phase Report (as revised) and other Preliminary Design Phase deliverables. As part of the preparation of the Drawings and Specifications, Engineer shall prepare interim drafts and final Drawings and Specifications as follows, pursuant to the Deliverables Schedule in Exhibit B:

1. 60% - First Final Design Phase draft of all Drawings and Specifications.

2. 90% - Second Final Design Phase draft of all Drawings and Specifications, addressing Owner comments and including appropriate design advancement.

3. Final Drawings and Specifications that address Owner comments; complete the design; are suitable for estimating and pricing by prospective Contractors; and are complete and ready for construction.

C. In preparing the Specifications (and any bidding, contract, or other documents that are part of Engineer's scope of services), Engineer shall obtain from Owner or Owner's legal counsel any relevant constraints such as requirements for use of domestic steel and iron, other domestic purchasing requirements, statutory restrictions on utilizing proprietary specifying methods, and the like, and comply with or account for such constraints in drafting Specifications, Bidding/Proposal Documents, and other Project documents.

D. Engineer shall prepare or assemble draft Bidding/Proposal Documents and Front-End Construction Contract Documents as follows:

1. Such documents will be based on the 2018 EJCDC Construction Documents, and on the specific bidding or Contractor selection-related instructions and forms, contract forms, text, or other content received from Owner.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. When Engineer is required to use other than the 2018 EJCDC Construction Documents, then as required in the Preliminary Design Phase Owner will furnish to Engineer a copy of the required documents to be used for the Project's Bidding/Proposal Documents and Front-End Construction Contract Documents. Prior to the first Final Design Phase submittal, Engineer will review the bidding and contracting documents furnished by Owner and provide comments to Owner. Engineer will meet with Owner to discuss Engineer's comments. Owner will consider Engineer's recommendations to revise Owner's documents for the Project.

3. Engineer will furnish to Owner, for review by Owner's legal counsel, the draft Bidding/Proposal Documents and Front-End Construction Contract Documents. Owner and Owner's legal counsel must transmit to Engineer, in a timely manner, one coordinated set of comments and revisions to the draft documents.

E. During the Final Design Phase the Engineer shall continue to account for above-ground utilities and Underground Facilities as the design advances and is finalized. This may include:

1. performing the services assigned to Engineer under the Underground Facilities Procedure described in Exhibit A Paragraph 1.03 above, including but not limited to the design-related tasks in Exhibit A Paragraph 1.03.B.9.

2. addressing required and proposed activities or mitigations identified in the analysis of utilities and by the Underground Facilities Procedure as having an impact on the final design, and considering such in preparing the Drawings and Specifications.

F. Engineer shall perform or furnish the following other Final Design Phase services:

1. Visit the Site as needed to assist in preparing the final Drawings and Specifications.

2. Assist with or prepare applications for permits and approvals, as follows:

a. Update comprehensive permit document created in Preliminary Design Phase for Final Design detail.

b. Prepare the following applications for Owner's submittal to authorities having jurisdiction over the construction or operation of the Project:

1) **MDEQ – Sewer Permit**

2) **MDOH – Water Permit**

3) **MDEQ – SWPPP Permit**

c. Confer with Owner regarding revisions, if any, to the application(s), and make appropriate revisions to the application(s) for Owner's resubmittal to the authority having jurisdiction.

d. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of the authorities having jurisdiction listed above, including applications for review or approval of the final design.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

e. Identify and indicate in the Construction Contract Documents the permits and approvals for which Contractor will be responsible, including work permits, building permits, and other permits and approvals that will be Contractor's responsibility; and, in addition, indicate those permits initially obtained by Owner for which Contractor will be a co-permittee, together with associated requirements.

f. Unless expressly indicated otherwise, Engineer's scope and budget includes attending one meeting or conference call with each permit and approval-issuing agency to discuss the Project and receive the agency's comments on the application.

g. Engineer does not guarantee issuance of any required permit or approval.

h. Fees charged by authorities having jurisdiction for such permits or approvals are the responsibility of Owner.

3. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost. Furnish to Owner an updated opinion of probable Construction Cost with the interim and final deliverables of the Drawings and Specifications.

4. After consultation with Owner, include in the Front-End Construction Contract Documents any Electronic Document Protocol addressing specific protocols for the transmittal of Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website.

5. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.

6. Review the preliminary schedule for the Construction Phase and advise Owner when initial understanding of the Construction Contract Times must or should be revised, and furnish Owner with recommendations on revisions to the proposed Construction Contract Times.

7. Engineer's project manager and other appropriate staff will participate in the following meetings and conference calls:

   a. First draft design review meeting at Owner's office.

   b. Second draft design review meeting at Owner's office.

   c. **Other meetings as needed.**

   d. Engineer will prepare and distribute minutes of each such meeting and conference call, indicating attendees, topics discussed, decisions made, and action items for follow-up.

8. Perform or provide the following other Final Design Phase activities or deliverables:

   a. **Any other tasks as needed.**

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

G. Engineer shall complete the Final Design Phase as follows:

1. Pursuant to the requirements of the Deliverables Schedule in Exhibit B, furnish for review by Owner, its legal counsel, and other advisors, the final Drawings and Specifications (as set forth in Exhibit A Paragraph 1.04.B.3 above); assembled drafts of other Construction Contract Documents including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost; and any other Final Design Phase deliverables, and review the deliverables with Owner.

2. Revise the final Design Phase deliverables in response to Owner's comments, as appropriate, and submit revised deliverables pursuant to the Deliverables Schedule.

3. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications; assembled drafts of the Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; and any other Final Design Phase deliverables, as revised.

1.05 Bidding/Proposal Phase

A. After acceptance by Owner of the final Drawings and Specifications; assembled drafts of other Construction Contract Documents, including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and any other Final Design Phase deliverables, and upon written authorization by Owner to proceed, Engineer shall:

1. Assist Owner in advertising for and obtaining bids or proposals for the Work; assist Owner in issuing assembled Bidding/Proposal Documents and proposed Construction Contract Documents to prospective contractors; if applicable, maintain a record of prospective contractors to which documents have been issued; attend pre-bid conferences, if any; and receive and process contractor deposits or charges, if any, for the issued documents.

a. **Owner's procurement website, commercial plan room or web service, and distribution by Engineer that Owner will use for distributing Bidding Documents.**

2. Prepare and issue addenda as appropriate to clarify, correct, or change the issued documents.

3. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work. Services under this paragraph are subject to the provisions of Exhibit A Paragraph 2.01.A.2.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Attend the bid opening; prepare bid tabulation sheets; and assist Owner in evaluating bids or proposals, assembling final Construction Contracts for the Work for execution by Owner and Contractor, and in preparing notices of award to be issued by Owner for such contracts.

5. Provide information or assistance needed by Owner in the course of any review of bids, proposals, or negotiations with prospective contractors.

6. Consult with Owner as to the qualifications of prospective contractors.

7. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.

8. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.

9. Perform or provide the following other Bidding/Proposal Phase tasks or deliverables:

    a. **Other needed tasks.**

10. The Bidding/Proposal Phase will be considered complete upon award of Construction Contracts for the Work and commencement of the Construction Phase, or upon cessation of negotiations with prospective contractors.

1.06 Construction Phase

A. After completion of the Final Design Phase and concurrent with the Bidding/Proposal Phase, and after issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, design, schedule, number of prime construction contracts, and other construction requirements of the Project during the Construction Phase desired by Owner, the Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services or compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from specific modifications to the Project.

    1. Engineer shall be responsible only for those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified. With the exception of such expressly required services, Engineer shall have no design, Submittal (including Shop Drawing) review, or other obligations during construction, and Owner assumes all responsibility for providing or arranging for all other necessary Construction Phase administrative, engineering, and professional services.

    2. Owner waives all claims against Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants, and Engineer's Subcontractors, that may be connected in any way to Construction Phase administrative, engineering, or professional services except for those services that are expressly required of Engineer in Exhibit A. Notwithstanding the foregoing waiver, Engineer shall be responsible for any professional opinions and interpretations provided by Engineer to Owner during the Construction Phase or Post-Construction Phase, including interpretations or clarifications of the Construction Contract Documents.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Upon successful completion of the Bidding/Proposal Phase, and upon written authorization from Owner, Engineer shall provide the following services:

1. General Administration of Construction Contract: Consult with Owner and act as Owner's representative as provided in this Agreement and the Construction Contract. Unless otherwise set forth in the scope of Basic Services (as duly modified), the extent and limitations of the duties, responsibilities, and authority of Engineer shall be as assigned in EJCDC® C-700, Standard General Conditions of the Construction Contract (2018) or other construction general conditions specified in this Agreement. Except as otherwise provided in the Construction Contract, Owner's communications to Contractor will be issued through Engineer.

    a. If the responsibilities of Engineer as set forth in the Construction Contract are greater than those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified, then Owner shall either (1) expand the scope of the Construction Phase services to match those of the Construction Contract, and compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services, or (2) identify a qualified individual or entity (other than Engineer) responsible for the additional responsibilities in the Construction Contract.

    b. If Owner, or Owner and Contractor, modify the duties, responsibilities, and authority of Engineer in the Construction Contract, or modify other terms of the Construction Contract having a direct bearing on Engineer, or if Owner requires Engineer's services for construction that extends longer than the anticipated Construction Contract Times, then Owner shall compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services.

    c. Engineer shall not be required to furnish or perform services contrary to Engineer's responsibilities as a licensed professional.

2. Field Office: **Not Applicable -** Engineer and Resident Project Representative (if any) will be based in a field office at the Site. The field office will be furnished and maintained at Owner's expense, and will include reasonable furnishings, all required temporary utilities (including internet service) and facilities, and be secured for Engineer's (and RPR's) exclusive use.

3. Resident Project Representative (RPR): Provide the services of an RPR at the Site to assist Engineer and to provide more extensive observation of Contractor's Work. Duties, responsibilities, and authority of the RPR are as set forth in Exhibit D. The furnishing of such RPR's services will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit D.

4. Selection of Independent Testing Laboratory: Assist Owner in the selection of an independent testing laboratory to perform required testing services.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

5. Pre-Construction Conference: Participate in a pre-construction conference prior to commencement of Work at the Site; prepare and distribute agenda for the conference and prepare and distribute minutes of such conference.

6. Electronic Transmittal Protocols: If the Construction Contract does not establish protocols for transmittal of Electronic Documents by Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.

7. Original Documents: If requested by Owner to do so, maintain and safeguard during the Construction Phase at least one original printed record version of the Construction Contract Documents, including Drawings and Specifications signed and sealed by Engineer and other design professionals in accordance with applicable Laws and Regulations. Throughout the Construction Phase, make such original printed record version of the Construction Contract Documents available to Contractor and Owner for review.

8. Schedules: Receive, review, and, and, subject to the criteria of the Construction Contract, determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the progress schedule, schedule of submittals, and schedule of values. Advise Contractor in writing of Engineer's comments or acceptance of schedules.

    a. Schedules will be acceptable to Engineer as to form and substance:

        1) Progress Schedule: if it provides an orderly progression of the Work to completion within the Contract Times. Such acceptance will not impose on Engineer responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the Work, nor interfere with or relieve Contractor from Contractor's full responsibility therefor.

        2) Contractor's Schedule of Submittals: if it provides a workable arrangement for reviewing and processing the required Submittals.

        3) Contractor's Schedule of Values: if it provides a reasonable allocation of the Contract Price to the component parts of the Work.

9. Baselines and Benchmarks: As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.

10. Permits: Provide Owner with copies of technical information and supporting data previously obtained or developed by Engineer for Owner's use, or for Owner to provide to Contractor, in obtaining required permits and licenses delegated to Contractor by Owner.

11. Visits to Site and Observation of Construction: In connection with observations of Contractor's Work while it is in progress:

    a. Make visits to the Site at intervals appropriate to the various stages of the Work, as Engineer deems necessary, to observe as an experienced and qualified design professional, the progress of Contractor's executed Work. Such visits and

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

observations by Engineer, including its RPR, if any, are not intended to be exhaustive or to extend to every aspect of the Work or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Construction Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by its RPR, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Construction Contract Documents, and Engineer shall keep Owner informed of the progress of the Work. Engineer will make a report of Engineer's visit, summarizing Engineer's general observations and any significant findings.

b. The purpose of Engineer's visits to the Site, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to by this Agreement and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in general to the Construction Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Construction Contract Documents. Engineer will not, during such visits or as a result of such observations of the Work, supervise, direct, or have control over the Work, nor will Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to any Constructor's work in progress, for the coordination of the Constructors' work or schedules, nor for any failure of any Constructor to comply with Laws and Regulations applicable to furnishing and performing of its work. Accordingly, Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish or perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents.

12. Defective Work: If, on the basis of Engineer's observations or as indicated in documentation available to Engineer, Engineer believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, Engineer will promptly issue written notice to Contractor (with copy to Owner) of such defective Work. Such notice will communicate the scope, extent (to Engineer's understanding) of defect, and associated provisions of the Construction Contract Documents.

    a. Provide recommendations to Owner regarding whether Contractor should correct such Work or remove and replace such Work, or whether Owner should consider accepting the defective Work in accordance with the provisions of the

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Construction Contract Documents. Engineer shall give notice to Contractor regarding whether the defective Work should be repaired, replaced, or will be accepted by Owner.

b. However, Engineer's authority to provide this information to Owner or Engineer's decision to exercise or not exercise such authority will not give rise to a duty or responsibility of the Engineer to Contractors, Subcontractors, material and equipment suppliers, their agents or employees, or any other person(s) or entities performing any of the Work, including but not limited to any duty or responsibility for Contractors' or Subcontractors' safety precautions and programs incident to the Work.

13. Compatibility with Design Concept: If Engineer has express knowledge that a specific part of the Work that is not defective under the terms and standards set forth in the Construction Contract Documents is nonetheless not compatible with the design concept of the completed Project as a functioning whole, then inform Owner of such incompatibility, and provide recommendations for addressing such Work.

14. Clarifications and Interpretations: Accept from Contractor and Owner submittal of all matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. With reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Construction Contract Documents.

15. Non-reviewable Matters: If a submitted matter in question concerns the Engineer's performance of its duties and obligations, or terms and conditions of the Construction Contract Documents that do not involve (a) the performance or acceptability of the Work under the Construction Contract Documents, (b) the design (as set forth in the Drawings, Specifications, or otherwise), or (c) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer will not provide a decision or interpretation.

16. Field Orders: Subject to any limitations in the Construction Contract Documents, Engineer may prepare and issue Field Orders requiring minor changes in the Work.

17. Change Orders and Work Change Directives: Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.

18. Change Proposals and Claims

    a. Review and respond to Change Proposals. Review each duly submitted Change Proposal from Contractor and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer will not resolve the Change Proposal.

b. Provide information or data to Owner regarding engineering or technical matters pertaining to Claims.

19. Differing Site Conditions: Respond to any notice from Contractor of differing site conditions, including conditions relating to Underground Facilities such as utilities, and hazardous environmental conditions. Promptly conduct reviews and prepare findings, conclusions, and recommendations for Owner's use subject to limitations of Engineer's obligations under this Agreement.

20. Contractor's Submittals: Review and approve or take other appropriate action with respect to required Contractor Submittals, but only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Construction Contract Documents, and for compatibility with the design concept of the completed Project as a functioning whole as indicated by the Construction Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's Submittal schedule that Engineer has accepted.

21. Substitutes and "Or-equals": Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of Exhibit A Paragraph 2.01.A.2.

22. Inspections and Tests

    a. Receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Construction Contract Documents. Engineer's review of such certificates will be for the purpose of determining whether the results certified indicate compliance with the Construction Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Construction Contract Documents. Engineer shall be entitled to rely on the results of such inspections and tests.

    b. Reply to Contractor requests for written concurrence that specific portions of the Work that are to be inspected, tested, or approved may be covered.

    c. Issue written requests to Contractor that specific portions of the Work remain uncovered.

    d. As deemed reasonably necessary, request that Contractor uncover Work that is to be inspected, tested, or approved.

    e. Pursuant to the terms of the Construction Contract, require additional inspections or testing of the Work, whether or not the Work is fabricated, installed, or completed.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

23. Contractor's Applications for Payment: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

    a. Determine the amounts that Engineer recommends Contractor be paid. Recommend reductions in payment (set offs) based on the provisions for set offs stated in the Construction Contract. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, within the limits of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Construction Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Construction Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work. In the case of unit price Work, Engineer's recommendations of payment will include final determinations of quantities and classifications of the Work (subject to any subsequent adjustments allowed by the Construction Contract Documents).

    b. By recommending payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control the Work, or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the money paid to Contractor by Owner; to determine that title to any portion of the Work, including materials or equipment, has passed to Owner free and clear of any liens, claims, security interests, or encumbrances; or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.

24. Contractor's Completion Documents: Receive from Contractor, review, and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Construction Contract Documents, certificates of inspection, tests and approvals, and Shop Drawings, Samples, and other data approved as provided under Exhibit A Paragraph 1.06.B.20. Receive from Contractor, review, and transmit to Owner the annotated record

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

documents which are to be assembled by Contractor in accordance with the Construction Contract Documents to obtain final payment. The extent of Engineer's review of record documents will be to check that Contractor has submitted a complete set of those documents that Contractor is required to submit.

25. Substantial Completion: Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, visit the Site in company with Owner and Contractor to review the Work and determine the status of completion. Follow the procedures in the Construction Contract regarding the preliminary certificate of Substantial Completion, punch list of items to be completed, Owner's objections, notice to Contractor, and issuance of a final certificate of Substantial Completion. Assist Owner regarding any remaining engineering or technical matters affecting Owner's use or occupancy of the Work following Substantial Completion.

26. Other Tasks: Perform or provide the following other Construction Phase tasks or deliverables:

    a. **Any tasks as needed.**

27. Completion and Acceptability of the Work: After notice from Contractor that the Work is complete:

    a. visit the Site with Owner and Contractor to determine if the Work is in fact complete and acceptable;

    b. notify Contractor of any part of the Work that is found during the visit to be incomplete or defective, and subsequently confirm that Contractor has corrected any such deficiencies;

    c. follow the procedures in the Construction Contract regarding review and response to Contractor's application for final payment and accompanying documentation; and

    d. if Engineer is satisfied that the Work is complete and acceptable, provide a notice to Owner and Contractor using EJCDC® C-626, Notice of Acceptability of Work (attached as Exhibit E), stating that the Work is acceptable (subject to the provisions of the Notice and this Exhibit A) within the limits of Engineer's knowledge, information, and belief, and based on the extent of the services provided by Engineer under this Agreement.

28. Standards for Certain Construction-Phase Decisions: Engineer will render decisions regarding the requirements of the Construction Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth in the Construction Contract for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

C. Duration of Construction Phase: The Construction Phase will commence with the execution of the first Construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractor. If the Project involves more than one prime contract as indicated in Exhibit A Paragraph 1.04.A.1, then Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services, if any) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

1.07 Post-Construction Phase

A. Upon written authorization from Owner during the Post-Construction Phase, Engineer shall:

1. Together with Owner, visit the Project to observe any apparent defects in the Work, make recommendations as to replacement or correction of defective Work, if any, or the need to repair of any damage to the Site or adjacent areas, and assist Owner in consultations and discussions with Contractor concerning correction of any such defective Work and any needed repairs.

2. Together with Owner, visit the Project within one month before the end of the Construction Contract's correction period to ascertain whether any portion of the Work or the repair of any damage to the Site or adjacent areas is defective and therefore subject to correction by Contractor.

3. Perform or provide the following other Post-Construction Phase tasks or deliverables:

a. **Any such tasks as needed.**

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit A, will terminate 12 months after the commencement of the Construction Contract's correction period.

ARTICLE 2—ADDITIONAL SERVICES

2.01 Additional Services Not Requiring Owner's Written Authorization

A. Engineer shall advise Owner that Engineer is commencing to perform or furnish the Additional Services of the types listed below. For such Additional Services, Engineer need not request or obtain specific advance written authorization from Owner. Engineer shall cease performing or furnishing such Additional Services upon receipt of written notice to cease from Owner. These services are not included as part of Basic Services and will be paid for by Owner as indicated in Exhibit J.

1. Substantive design and other technical services in connection with Work Change Directives, Change Proposals, and Change Orders to reflect changes requested by Owner.

2. Services essential to the orderly progress of the Bidding/Proposal and Construction Phases and not wholly quantifiable prior to those Phases or otherwise dependent on the actions of prospective individual bidders or contractors and including:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. making revisions to Drawings and Specifications occasioned by the acceptance of substitute materials or equipment other than “or equal” items;

b. services after the award of the Construction Contract in evaluating and determining the acceptability of a proposed "or equal" or substitution which is found to be inappropriate for the Project;

c. evaluation and determination of an excessive number of proposed "or equals" or substitutions, whether proposed before or after award of the Construction Contract; and

d. providing to the Contractor or Owner additional or new information not previously prepared or developed by the Engineer for their use in applying for or obtaining required permits and licenses, in responding to agency comments on such applications, or in the administration of any such permits or licenses.

3. Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

4. Additional or extended services arising from (a) the presence at the Site of any Constituent of Concern or items of historical or cultural significance, (b) emergencies or acts of God endangering the Work, (c) damage to the Work by fire or other causes during construction, (d) a significant amount of defective, neglected, or delayed Work, (e) acceleration of the progress schedule involving services beyond normal working hours, or (f) default by Contractor.

5. Implement coordination of Engineer’s services with other parts of the Project that are not planned or designed by Engineer or its Subconsultants, unless Owner furnished to Engineer substantive information about such other parts of the Project prior to the parties’ entry into this Agreement, in the Baseline Information section of this Exhibit A, or otherwise in Exhibit A; if such substantive information has been so provided, coordination of Engineer’s services will be part of Basic Services.

6. Implement the specific parts of an Underground Facilities Procedure that are assigned to Engineer, or above-ground utilities tasks that are assigned to Engineer as the Project progresses (but not including the design-related services already assigned to Engineer as a Basic Service).

7. Services (other than Basic Services during the Post-Construction Phase) in connection with any partial utilization of the Work by Owner prior to Substantial Completion.

8. Evaluating unreasonable or frivolous requests for interpretation or information (RFIs), Change Proposals, or other demands from Contractor or others in connection with the Work, or an excessive number of RFIs, Change Proposals, or demands.

9. Reviewing a Shop Drawing or other Contractor submittal more than three times, as a result of repeated inadequate submissions by Contractor.

10. While at the Site, compliance by Engineer and its staff with those terms of Owner's or Contractor's safety program provided to Engineer subsequent to the Effective Date

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

that exceed those normally required of engineering personnel by federal, State, or local safety authorities for similar construction sites.

11. To the extent the Project is subject to Laws and Regulations governing public or government records disclosure or non-disclosure, Engineer will comply with provisions applicable to Engineer, and Owner will compensate Engineer as Additional Services for Engineer's costs to comply with any disclosure or non-disclosure obligations beyond those identified in the Basic Services.

12. Services directly attributable to changes in Engineer's Electronic Documents obligations after the effective date of the Agreement.

2.02 Additional Services Requiring Owner's Written Authorization

A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner as indicated in Exhibit J.

1. Obtain or provide specified additional Project-related information and data to enable Engineer to complete its Basic and Additional Services.

2. Preparation of special and customized reporting, invoicing, and related support documentation in addition to that identified to be provided under Basic Services.

3. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

4. Services to make measured drawings of existing conditions or facilities, to conduct tests or investigations of existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by Owner or others.

5. Services resulting from significant changes in the scope, extent, or character of the portions of the Project designed or specified by Engineer, or the Project's design requirements, including, but not limited to, changes in size, complexity, Owner's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Construction Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond Engineer's control.

6. Services resulting from Owner's request to evaluate additional Study and Report Phase alternative solutions beyond those agreed to in Exhibit A Paragraph 1.02.A.1.

7. Services required as a result of Owner's providing incomplete or incorrect Project information to Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

8. Providing renderings or models for Owner's use, including development, management, and other services in support of building information modeling or civil integrated management.

9. Undertaking investigations and studies including, but not limited to:

    a. All-hazards risk assessments and other studies to evaluate the feasibility of enhancing the resiliency of the design;

    b. detailed consideration of operations, maintenance, and overhead expenses;

    c. the preparation of feasibility studies (such as those that include projections of output capacity, utility project rates, project market demand, or project revenues) and cash flow analyses, provided that such services are based on the engineering and technical aspects of the Project, and do not include rendering advice regarding municipal financial products or the issuance of municipal securities;

    d. preparation of appraisals;

    e. with respect to proprietary systems or processes requiring licensing, providing services necessary to assist Owner in obtaining such licensing.

    f. detailed quantity surveys of materials, equipment, and labor; and

    g. audits or inventories required in connection with construction performed or furnished by Owner.

10. Furnishing services of Subconsultants or Engineer's Subcontractors for other than Basic Services.

11. Providing data or services of the types described in Article 2, when Owner retains Engineer to provide such data or services instead of Owner furnishing the same.

12. Providing the following services:

    a. Services attributable to more prime construction contracts than specified in Exhibit A Paragraph 1.04.A.1.

    b. Services to arrange for performance of construction services for Owner by contractors other than the principal prime Contractor, and administering Owner's contract for such services.

13. Services during out-of-town travel required of Engineer, other than for visits to the Site or Owner's office as required in Basic Services (Article 1 of Exhibit A).

14. Preparing for, coordinating with, participating in and responding to structured independent review processes, including, but not limited to, construction management, cost estimating, project peer review, value engineering, and constructability review requested by Owner; and performing or furnishing services required to revise studies, reports, Drawings, Specifications, or other documents as a result of such review processes.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

15. Preparing additional bidding-related documents (or requests for proposals or other construction procurement documents); preparing pre-qualification procedures and documents, and participating in pre-qualifying prospective Bidders; and preparing Construction Contract Documents for alternate bids.

16. Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

17. Preparing conformed Construction Contract Documents that incorporate and integrate the content of all addenda and any amendments negotiated by Owner and Contractor.

18. Services to assist Owner in developing or modifying protocols for transmittal of Electronic Documents by Electronic Means after the effective date of this Agreement, either by revising or adapting Exhibit F to the Project or implementing other Electronic Documents protocols among Project participants.

19. Any services by Engineer in connection with Owner or Engineer providing a Document to a Requesting Party under Exhibit F Paragraph 1.01.D (see Exhibit F, Electronic Documents Protocol), or any other distribution of a Document to a third party. Such services may include but are not limited to preparing the data contained in the requested Document in a manner deemed appropriate by Engineer; creating or otherwise preparing and distributing the Document in a format necessary to respond to Owner's direction or decision to provide the Document to a requesting party, including Contractor, in a format other than that required for deliverables from Engineer to Owner; and services in connection with obtaining required releases from the third parties to which the Documents will be distributed. Compensation for these Additional Services is not contingent upon Owner's reimbursement from the requesting party.

20. Providing Construction Phase services beyond the original date for completion and readiness for final payment of Contractor, but only if such services increase the total quantity of services to be performed in the Construction Phase, rather than merely shifting performance of such services to a later date.

21. Preparing Record Drawings, and furnishing such Record Drawings to Owner.

22. Supplementing Record Drawings with information regarding the completed Project, Site, and immediately adjacent areas obtained from field observations, Owner, utility companies, and other reliable sources.

23. Conducting surveys, investigations, and field measurements to verify the accuracy of Record Drawing content obtained from Contractor, Owner, utility companies, and other sources; revise and supplement Record Drawings as needed.

24. Preparation of operation, maintenance, and staffing manuals.

25. Protracted or extensive assistance in refining and adjusting of Project equipment and systems (such as initial startup, testing, and balancing).

26. Assistance to Owner in training Owner's staff to operate and maintain Project equipment and systems.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

27. Assistance to Owner in developing systems and procedures for (a) control of the operation and maintenance of Project equipment and systems, and (b) related recordkeeping.

28. Preparing to serve or serving as a consultant or witness for, or producing documents for or on behalf of, Owner in any litigation, arbitration, mediation, lien or bond claim, or other legal or administrative proceeding involving the Project (but not including disputes between Owner and Engineer).

29. Overtime work requiring higher than regular rates.

30. Providing construction surveys and staking to enable Contractor to perform its work other than as required under Exhibit A Paragraph 1.06.B.9; any type of property surveys or related engineering services needed for the transfer of interests in real property; providing construction and property surveys to replace reference points or property monuments lost or destroyed during construction; and providing other special field surveys.

31. Providing more extensive services required to enable Engineer to issue notices or certifications requested by Owner.

32. Extensive services required during any correction period, or with respect to monitoring Contractor's compliance with warranties and guarantees called for in the Construction Contract (except as agreed to under Basic Services).

33. Other additional services performed or furnished by Engineer not otherwise provided for in this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT B—DELIVERABLES SCHEDULE

Paragraphs 2.04.E, 3.02.A, and Exhibit A of the Agreement are supplemented by the following paragraph and table.

Engineer shall furnish Documents to Owner as required in Column 2 of the following table (and as further described in Exhibit A), according to the schedule in Column 4. Owner shall comment or take other identified actions with respect to the Documents as indicated in Column 2 (and as further described in Exhibit A), according to the schedule in Column 4.

Party	Action	Exhibit A Reference	Schedule
Engineer	Submit **2** review copies of the Report and other Study and Report Phase deliverables to Owner.	1.02.A.17	Within **90** days of the Effective Date.
Owner	Submit comments regarding the Report and other Study and Report Phase deliverables to Engineer.	1.02.A.18	Within **14** days of the receipt from Engineer of the Report and other Study and Report Phase deliverables.
Engineer	Submit **2** copies of the revised Report and other Study and Report Phase deliverables to Owner.	1.02.A.18	Within **5** days of the receipt of Owner's comments regarding the Report and other Study and Report Phase deliverables.
Engineer	Submit **2** review copies of the Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.03.B.17	Within **30** days of Owner's authorization to proceed with Preliminary Design Phase services.
Owner	Submit comments regarding Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Engineer.	1.03.B.18	Within **5** days of the receipt from Engineer of Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **2** copies of the revised Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.03.B.18	Within **5** days of the receipt of Owner's comments regarding the Preliminary Design Report, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **2** copies of the first Final Design Phase draft of Drawings and Specifications to Owner.	1.04.B.1	Within **30** days of Owner's authorization to proceed with Final Design Phase services.
Owner	Submit comments and instructions regarding the first Final Design Phase draft of Drawings and Specifications to Engineer.	1.04.B.1	Within **5** days of the receipt of the first final Design Phase drafts of Drawings and Specifications from Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Party	Action	Exhibit A Reference	Schedule
Engineer	Submit **2** copies of the second Final Design Phase drafts of Drawings and Specifications to Owner.	1.04.B.2	Within **5** days of the receipt of Owner's comments and instructions regarding the first Final Design Phase drafts of Drawings and Specifications.
Engineer	Submit **2** of copies of draft Bidding/Proposal and Front-End Construction Contract Documents, as required, and any other Final Design Phase deliverables (other than Drawings and Specifications) to Owner.	1.04.D.3; 1.04.F.8	Concurrent with submittal to Owner of the second Final Design Phase drafts of Drawings and Specifications.
Owner	Submit comments and instructions regarding the second Final Design Phase drafts of Drawings and Specifications to Engineer.	1.04.B.2	Within **5** days of the receipt from Engineer of the second Final Design Phase drafts of Drawings and Specifications.
Engineer	Submit **2** copies of the final, completed, pricing-ready and construction-ready Drawings and Specifications to Owner.	1.04.B.3 and 1.04.G.1	Within **15** days of the receipt of Owner's comments and instructions regarding the second Final Design Phase drafts of Drawings and Specifications.
Owner	Submit comments and instructions regarding the final, completed, pricing-ready and construction-ready Drawings and Specifications to Engineer.	1.04.G.2	Within **15** days of the receipt from Engineer of the final, completed, pricing-ready and construction-ready Drawings and Specifications.
Owner	Submit comments and instructions regarding drafts of Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables (other than Drawings and Specifications) to Engineer.	1.04.D.3; 1.04.F.8	Concurrent with Owner's submittal of comments and instructions regarding the final, completed, pricing-ready and construction-ready Drawings and Specifications.

AMENDMENT TO OWNER-ENGINEER AGREEMENT

Amendment No. **[Enter Amendment Number]**

Owner: **[Name of Owner]**
Engineer: **[Name of Engineer]**
Project: **[Name of Project]**
Effective Date of Owner-Engineer Agreement: **[Effective Date of Agreement]**
Nature of Amendment: (Check those that apply)

☐ Additional Services to be performed by Engineer
☐ Modifications to services of Engineer
☐ Modifications to responsibilities of Owner
☐ Modifications of payment to Engineer
☐ Modifications to time(s) for rendering services
☐ Modifications to other terms and conditions of the Agreement

Description of Modifications:

[Here describe the modifications, in as much specificity and detail as needed. Use an attachment if necessary. Include cost breakdown and documentation, if applicable.]

Agreement Summary:
Original agreement amount: $
Net change for prior amendments: $
This amendment amount: $
Adjusted Agreement amount: $
Change in time for services (days or date, as applicable):

Owner and Engineer hereby agree to modify the above-referenced Agreement as set forth in this Amendment. The Effective Date of the Amendment is **[Enter Effective Date of Amendment]**.

EXHIBIT D—DUTIES, RESPONSIBILITIES, AND LIMITATIONS OF AUTHORITY OF RESIDENT PROJECT REPRESENTATIVE

ARTICLE 1—RESIDENT PROJECT REPRESENTATIVE SERVICES

Article 1 of the Agreement, Services of Engineer, and Exhibit A, Engineer's Services, are supplemented to include Exhibit D Paragraphs 1.01, 1.02, and 1.03, as follows:

1.01 Resident Project Representative

A. Engineer shall furnish a Resident Project Representative ("RPR") to observe progress and quality of the Work. RPR is Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

B. **The RPR will provide full-time representation unless requested by the Owner to work less hours during the working day.**

C. Subject to the scope of RPR's observations of the Work, which may include field checks of materials and installed equipment, Engineer shall endeavor to identify defects and deficiencies in the Work. However, Engineer shall not, as a result of such RPR observations of the Work, supervise, direct, inspect, or have control over the Work, nor shall Engineer (including the RPR) have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to the Work or any Constructor's work in progress, for the coordination of the Constructors' work or schedules, or for any failure of any Constructor to comply with Laws and Regulations applicable to the performing and furnishing of its work. The Engineer (including RPR) neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents. In addition, the specific terms set forth in Exhibit A Paragraph 1.06 are applicable.

1.02 Duties and Responsibilities of RPR

A. The duties and responsibilities of the RPR are as follows:

1. General: RPR's dealings in matters pertaining to the Work in general will be with Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, schedule of values, and other schedules prepared by Contractor and consult with Engineer concerning acceptability of such schedules.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings (but not including Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Safety Compliance: Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

5. Liaison

    a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Construction Contract Documents.

    b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

    c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

6. Clarifications and Interpretations: Receive from Contractor submittal of any matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. Report to Engineer regarding such RFIs. Report to Engineer when clarifications and interpretations of the Construction Contract Documents are needed, whether as the result of a Contractor RFI or otherwise. Transmit Engineer's clarifications, interpretations, and decisions to Contractor.

7. Shop Drawings, Samples, and other Submittals

    a. Receive Samples that are furnished at the Site by Contractor.

    b. Receive Contractor-approved Shop Drawings.

    c. Receive other Submittals from Contractor.

    d. Record date of receipt of Samples, Contractor-approved Shop Drawings, and other Submittals.

    e. Notify Engineer of availability of Samples for examination, and forward Contractor-approved Shop Drawings and other Submittals to Engineer. When appropriate recommend distribution of Submittal to specified Subconsultants.

    f. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal, if RPR believes that the submittal has not been received from Contractor, or has not been approved by Contractor or Engineer.

8. Proposed Modifications: Consider and evaluate Contractor's suggestions for modifications to the Drawings or Specifications, and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit Engineer's response (if any) to such suggestions to Contractor.

9. Review of Work; Defective Work

    a. Report to Engineer whenever RPR believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and provide recommendations as to whether such Work should be corrected, removed and replaced, or accepted as provided in the Construction Contract Documents.

b. Inform Engineer of any Work that RPR believes is not defective under the terms and standards set forth in the Construction Contract Documents, but is nonetheless not compatible with the design concept of the completed Project as a functioning whole, and provide recommendations to Engineer for addressing such Work.

c. Advise Engineer of that part of the Work that RPR believes should be uncovered for observation, or requires special testing, inspection, or approval.

10. Inspections, Tests, and System Start-ups

a. Consult with Engineer in advance of scheduled inspections, tests, and systems start-ups.

b. Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.

c. Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.

d. Observe whether Contractor has arranged for inspections required by Laws and Regulations, including but not limited to those to be performed by public or other agencies having jurisdiction over the Work.

e. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Work, record the results of these inspections, and report to Engineer.

f. Nothing in this Agreement will be construed to require RPR to conduct inspections.

11. Records

a. Maintain at the Site orderly files for correspondence, reports of job conferences, copies of Construction Contract Documents including all Change Proposals, Change Orders, Field Orders, Work Change Directives, Addenda, additional Drawings issued subsequent to the execution of the Construction Contract, RFIs, Engineer's clarifications and interpretations of the Construction Contract Documents, progress reports, approved Shop Drawing and Sample submittals, and other Project-related documents.

b. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Proposals, Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Upon request from Owner to Engineer, photograph or video Work in progress or Site conditions.

d. Record and maintain accurate, up-to-date lists of the company names and points of contact for Contractors, Subcontractors, and major Suppliers of materials and equipment.

e. Maintain records for use in preparing Project documentation.

f. Upon completion of the Work, furnish original set of all RPR Project documentation to designated recipients.

12. Reports

    a. Furnish periodic reports as required of progress of the Work and of Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.

    b. Draft responses to or make recommends on Change Proposals, Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.

    c. Furnish to Engineer and Owner copies of all inspection, test, and system start-up reports.

    d. Immediately inform appropriate parties of the occurrence of any Site accidents, emergencies, natural catastrophes endangering the Work, possible force majeure or delay events, damage to property by fire or other causes, or the discovery of any potential differing site condition or Constituent of Concern.

13. Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the schedule of values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.

14. Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.

15. Completion

    a. Participate in Engineer's visits to the Site regarding Substantial Completion, assist in the determination of Substantial Completion, and prior to the issuance of a Certificate of Substantial Completion submit a punch list of observed items requiring completion or correction.

    b. Participate in Engineer's visit to the Site in the company of Owner and Contractor, to determine completion of the Work, and prepare a final punch list of items to be completed or corrected by Contractor.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Observe whether all items on the final punch list have been completed or corrected, and make recommendations to Engineer concerning acceptance and issuance of the Notice of Acceptability of the Work (Exhibit E).

1.03 Limitations of Authority

A. Resident Project Representative shall not:

1. Authorize any deviation from the Construction Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in this Agreement.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers, or any Constructor.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of the Work, by Contractor or any other Constructor.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

NOTICE OF ACCEPTABILITY OF WORK (EJCDC® C-626 2018)

Owner: Owner's Project No.:
Engineer: Engineer's Project No.:
Contractor: Contractor's Project No.:
Project:
Contract Name:
Notice Date: Effective Date of the Construction Contract:

The Engineer hereby gives notice to the Owner and Contractor that Engineer recommends final payment to Contractor, and that the Work furnished and performed by Contractor under the Construction Contract is acceptable, expressly subject to the provisions of the Construction Contract's Contract Documents ("Contract Documents") and of the Agreement between Owner and Engineer for Professional Services dated **[date of professional services agreement]** ("Owner Engineer Agreement"). This Notice of Acceptability of Work (Notice) is made expressly subject to the following terms and conditions to which all who receive and rely on said Notice agree:

1. This Notice has been prepared with the skill and care ordinarily used by members of the engineering profession practicing under similar conditions at the same time and in the same locality.
2. This Notice reflects and is an expression of the Engineer's professional opinion.
3. This Notice has been prepared to the best of Engineer's knowledge, information, and belief as of the Notice Date.
4. This Notice is based entirely on and expressly limited by the scope of services Engineer has been employed by Owner to perform or furnish during construction of the Project (including observation of the Contractor's Work) under the Owner Engineer Agreement, and applies only to facts that are within Engineer's knowledge or could reasonably have been ascertained by Engineer as a result of carrying out the responsibilities specifically assigned to Engineer under such Owner Engineer Agreement.
5. This Notice is not a guarantee or warranty of Contractor's performance under the Construction Contract, an acceptance of Work that is not in accordance with the Contract Documents, including but not limited to defective Work discovered after final inspection, nor an assumption of responsibility for any failure of Contractor to furnish and perform the Work thereunder in accordance with the Contract Documents, or to otherwise comply with the Contract Documents or the terms of any special guarantees specified therein.
6. This Notice does not relieve Contractor of any surviving obligations under the Construction Contract, and is subject to Owner's reservations of rights with respect to completion and final payment.

EXHIBIT F—ELECTRONIC DOCUMENTS PROTOCOL (EDP)

ARTICLE 1—ELECTRONIC DOCUMENTS PROTOCOL (EDP)

Paragraph 6.03 of the Agreement is supplemented by the following Exhibit F Paragraph 1.01 and Exhibit F—Attachment 1: Software Requirements for Electronic Document Exchange:

1.01 Electronic Documents Protocol

A. Electronic Transmittals: The parties shall conform to the following provisions together referred to as the Electronic Documents Protocol ("EDP" or "Protocol") for exchange of electronic transmittals.

1. Basic Requirements

a. To the fullest extent practical, the parties agree to and will transmit and accept Electronic Documents by Electronic Means using the procedures described in this Protocol. Use of the Electronic Documents and any information contained therein is subject to the requirements of this Protocol and other provisions of the Agreement.

b. The contents of the information in any Electronic Document will be the responsibility of the transmitting party.

c. Electronic Documents as exchanged by this Protocol may be used in the same manner as the printed versions of the same documents that are exchanged using non-electronic format and methods, subject to the same governing requirements, limitations, and restrictions, set forth in the Agreement.

d. Except as otherwise explicitly stated herein, the terms of this Protocol will be incorporated into any other agreement or subcontract between the Owner and Engineer and any third party for any portion of the Project, or any Project-related services, where that third party is, either directly or indirectly, required to exchange Electronic Documents with Owner, Engineer, or any Contractor or other entity directly contracted with the Owner to furnish Program-related services. Nothing herein will modify the requirements of the Agreement and applicable Construction Contract Documents regarding communications between and among the individual third parties and their respective subcontractors and consultants, except to the extent that any respective subcontractor or consultant exchanges Electronic Documents with the Owner or Engineer.

e. When transmitting Electronic Documents, the transmitting Party makes no representations as to long term compatibility, usability, or readability of the items resulting from the receiving Party's use of software application packages, operating systems, or computer hardware differing from those established in this Protocol.

f. Nothing herein negates any obligation (1) in the Agreement to create, provide, or maintain an original printed record version of Drawings and Specifications, signed and sealed according to applicable Laws and Regulations; (2) to comply with any applicable Law or Regulation governing the signing and sealing of design

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

documents or the signing and electronic transmission of any other documents; or (3) to comply with any notice requirements limiting or otherwise modifying the acceptance of Electronic Documents for such notice.

2. System Infrastructure for Electronic Document Exchange

   a. Each party will provide hardware, operating system(s) software, internet, e-mail, and large file transfer functions ("System Infrastructure") at its own cost and sufficient for complying with the EDP requirements. With the exception of minimum standards set forth in this EDP and any explicit system requirements specified by attachment to this EDP, it will be the obligation of each party to determine, for itself, its own System Infrastructure.

      1) **The maximum size of an e-mail attachment for exchange of Electronic Documents under this EDP is 15 MB**. Attachments larger than that may be exchanged using large file transfer functions or physical media.

      2) Each Party assumes full and complete responsibility for any and all of its own costs, delays, deficiencies, and errors associated with converting, translating, updating, verifying, licensing, or otherwise enabling its System Infrastructure, including operating systems and software, for use with respect to this EDP.

   b. Each party is responsible for its own system operations, security, back-up, archiving, audits, printing resources, and other Information Technology ("IT") for maintaining operations of its System Infrastructure during the Project, including coordination with the party's individual(s) or entity responsible for managing its System Infrastructure and capable of addressing routine communications and other IT issues affecting the exchange of Electronic Documents.

   c. Each party will operate and maintain industry-standard, industry-accepted, ISO-standard, commercial-grade security software and systems that are intended to protect the other party from: software viruses and other malicious software like worms, trojans, adware; data breaches; loss of confidentiality; and other threats in the transmission to or storage of information from the other parties, including transmission of Electronic Documents by physical media such as CD/DVD/flash drive/hard drive. To the extent that a party maintains and operates such security software and systems, it will not be liable to the other party for any breach of system security.

   d. In the case of disputes, conflicts, or modifications to the EDP required to address issues affecting System Infrastructure, the parties will cooperatively resolve the issues; but, failing resolution, the Owner is authorized to make and require reasonable and necessary changes to the EDP to effectuate its original intent. If the changes cause additional cost or time to Engineer, not reasonably anticipated under the original EDP, Engineer shall be entitled to compensation as Additional Services for its costs associated with the revisions to the EDP, delayed adoption of Exhibit L or implementation of other Electronic Documents protocols.

   e. Each party is responsible for its own back-up and archive of documents sent and received during the term of any Project contract/agreement under this EDP, unless this EDP establishes a Project document archive, either as part of a

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

mandatory Project website or other communications protocol, upon which the Parties may rely for document archiving during the specified term of operation of such project document archive. Further, each party remains solely responsible for its own post-Project back-up and archive of project documents, as each party deems necessary for its own purposes, after the term of contract, or termination of the project document archive, if one is established.

f. If a receiving party receives an obviously corrupted, damaged, or unreadable Electronic Document, the receiving party will advise the sending party of the incomplete transmission.

g. The parties will bring any non-conforming Electronic Documents into compliance with the EDP. The parties will attempt to complete a successful transmission of the Electronic Document or use an alternative delivery method to complete the communication.

h. The **Owner** will operate a Project information management system (also referred to in this EDP as "Project Website") for use of Owner, Engineer, Contractors, during the Project for exchange and storage of Project-related communications and information. Except as otherwise provided in this EDP or the General Conditions, use of the Project Website by the Parties as described in this paragraph will be mandatory for exchange of Project documents, communications, submittals, and other Project-related information. The following conditions and standards will govern use of the Project Website:

1) Describe the period of time during which the Project Website will be operated and be available for reliance by the Parties.

2) Provide any minimum system infrastructure, software licensing and security standards for access to and use of the Project Website.

3) Describe the types and extent of services to be provided at the Project Website (such as large file transfer, email, communication and document archives, etc.).

4) Include any other Project Website attributes that may be pertinent to the use of the facility by Project-related parties and evaluation by those parties of the functionality and cost of such use.

5) Operation of the Project Website by the Engineer shall be part of Engineer's Basic Services and compensation will be paid on an hourly basis **standard hourly rate** plus expenses associated with operation as detailed in Exhibit C. Total estimated compensation is based on expenses associated with operation for a period of **360 days**.

B. Software Requirements for Electronic Document Exchange; Limitations

1. Each party will acquire the software and software licenses necessary to create and transmit Electronic Documents and to read and to use any Electronic Documents received from the other party (and if relevant from third parties), using the software formats required in this section of the EDP.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. Prior to using any updated version of the software required in this section for sending Electronic Documents to the other party, the originating party will first notify and receive concurrence from the other party for use of the updated version or adjust its transmission to comply with this EDP.

2. The parties agree not to intentionally edit, reverse engineer, decrypt, remove security or encryption features, or convert to another format for modification purposes any Electronic Document or information contained therein that was transmitted in a software data format, including Portable Document Format (PDF), intended by sender not to be modified, unless the receiving party obtains the permission of the sending party or is citing or quoting excerpts of the Electronic Document for Project purposes.

3. Software and data formats for exchange of Electronic Documents will conform to the requirements set forth in the following Attachment 1 to this EDP, including software version, if listed.

C. Format and Distribution of Deliverables

1. By definition, "Documents" as used in this Agreement are documents expressly identified as deliverables from Engineer to Owner. Exhibit A of the Agreement identifies various Documents that Engineer is required to deliver to Owner as part of Engineer's services; Exhibit B is a schedule of such Documents. Engineer will transmit such Documents to Owner in the formats identified in Attachment 1 to this Protocol. If no specific format is identified for a deliverable Document, the format will be Portable Document Format (PDF).

2. If a Document will be distributed to third parties, such as prospective bidders and contractors, reviewing agencies, or lenders, the transmittal format for distribution will be as identified in Attachment 1 to this Protocol; provided, however, that if a format for distribution of a specific Document is expressly stated in Exhibit A, then the Exhibit A format will take precedence. If no specific format is identified for distribution of a deliverable Document to third parties, the format will be Portable Document Format (PDF).

a. If a format for Document distribution other than Portable Document Format (PDF) is specified, Owner shall first obtain a written, signed release from each third party to which the deliverable Document is distributed, establishing agreement to the following conditions:

1) The content included in the Electronic Documents prepared by or for Engineer and covered by the request was prepared as an internal working document for Engineer's purposes solely, and is being provided to the third party on an "AS IS" basis without any warranties of any kind, including, but not limited to any implied warranties of fitness for any purpose. As such, the third party is advised and acknowledges that the content may not be suitable for the third party's application, or may require substantial modification and independent verification by the third party. The content may include limited resolution of models; not-to-scale schematic representations and symbols; use of notes to convey design concepts in lieu of accurate graphics; approximations; graphical simplifications; undocumented intermediate revisions; and other devices that may affect subsequent reuse.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2) Electronic Documents containing text, graphics, metadata, or other types of data that are provided to the Requesting Party are only for the convenience of the third party. Any conclusion or information obtained or derived from such data will be at the third party's sole risk and the third party waives any and all claims against Engineer or Owner arising from the use of the Electronic Documents covered by the request, or of any data contained in such Electronic Documents.

3) The third party shall indemnify and hold harmless Owner, Engineer, and Engineer's Subcontractors and Subconsultants, from all claims, damages, losses, and expenses, including attorneys' fees and defense costs arising out of or resulting from the third party's use, adaptation, or distribution of any Electronic Documents provided under the request.

4) The third party agrees not to sell, copy, transfer, forward, give away or otherwise distribute this information (in source or modified file format) to any third party without the direct written authorization of Engineer, unless such distribution is specifically identified in the request and is limited to the third party's subcontractors and consultants. The third party warrants that subsequent use by the third party's subcontractors and subconsultants will comply with all terms of the Construction Contract Documents and any specific instructions or conditions established by Owner.

b. If Engineer is required to assist or participate in obtaining such releases from third parties, such services will be categorized as Additional Services.

D. Requests by Project-Related Parties for Electronic Documents in Other Formats

1. Owner may release (or direct Engineer to release) an Electronic Document version of a Document prepared by or for Engineer, including but not limited to a deliverable Document as set forth in Exhibit F Paragraph 1.01.C, in a format other than those identified in Exhibit F Paragraph 1.01.B or 1.01.C of the Electronic Documents Protocol, or elsewhere in the Agreement, only if (a) a Contractor or other Project-related party (Requesting Party) makes a good faith request for such release, (b) Owner determines in its sole discretion that such release is prudent and will be beneficial to the Project, and (c) Owner obtains Requesting Party's written consent to the four conditions set forth in Exhibit F Paragraph 1.01.C.2.a.1-4 above.

2. Any services by Engineer in connection with Owner or Engineer providing a Document to a Requesting Party under this Exhibit F Paragraph 1.01.D are Additional Services. Such services may include but are not limited to preparing the data in a manner deemed appropriate by Engineer. Owner may require reimbursement from the Requesting Party for the cost of such Additional Services, but compensation by Owner to Engineer for the Additional Services is not contingent upon Owner obtaining reimbursement from the Requesting Party.

EXHIBIT G—INSURANCE

ARTICLE 1—INSURANCE

Paragraph 6.04 of the Agreement, Insurance, is supplemented to include the following Exhibit G Paragraphs 1.01 and 1.02:

1.01 Insurance Policies and Limits

A. In accordance with Paragraph 6.04.A of the Agreement, the insurance that Engineer must procure and maintain, and the policy limits of such insurance, are as follows:

Coverage	Policy limits of not less than:
Workers' Compensation	
State	Statutory
Employer's Liability	
Each accident	$1,000,000
Each employee	$1,000,000
Policy limit	$1,000,000
Commercial General Liability	
General Aggregate	$1,000,000
Personal and Advertising Injury	$
Bodily Injury and Property Damage—Each Occurrence	$1,000,000
Automobile Liability	
Bodily Injury	
Each Person	$
Each Accident	$
Property Damage	
Each Accident	$
Or	
Combined Single Limit	
Combined Single Limit (Bodily Injury and Property Damage)	$1,000,000
Excess or Umbrella Liability	
Each Occurrence	$1,000,000
General Aggregate	$1,000,000
Professional Liability	
Each Claim	$1,000,000
Annual Aggregate	$1,000,000
Unmanned Aerial Vehicle Liability Insurance	
Each Claim	$1,000,000

~~General Aggregate~~	~~$~~
~~**Unmanned Aerial Vehicle Liability Insurance**~~	
~~Each Claim~~	~~$~~
~~General Aggregate~~	~~$~~
~~**Other Insurance [Specify]**~~	
~~Each Claim~~	~~$~~
~~General Aggregate~~	~~$~~

1.02 Additional Insureds

A. Owner shall cause Engineer, its Subconsultants, and its Engineer's Subcontractors to be listed as additional insureds on any of Owner's general liability policies that are applicable to the Project. The following individuals or entities are to be listed on Owner's general liability policies of insurance (and on Contractor's policies required under Paragraph 6.04.D of the Agreement) as additional insureds:

Name of Additional Insured	Address
Engineering Xcellence with Kris Riemann & Associates, PLLC	**3103 5th Avenue, Suite B, Gulfport, MS 39501**
[Engineer's Subconsultant]	**[Subconsultant's Corporate Address]**
[Engineer's Subconsultant]	**[Subconsultant's Corporate Address]**
[Other Additional Insured]	**[Other Additional Insured's Corporate Address]**

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Prior to commencement of work under this Agreement, Engineer shall obtain and furnish certificates of coverage, or any required documentation to evidence coverage, to the Owner for the following minimum amounts of insurance:

1. Workers Compensation Insurance as required by the State of Mississippi;

2. Comprehensive General Liability Insurance with a minimum combined limit of not less than One Million Dollars ($1,000,000.00) per occurrence, including coverage for bodily injury, broad form property damage (including completed operations), personal injury (including coverage for contractual and employee acts), blanket contractual, contractors protective, sudden and accidental pollution, products and completed operations, and coverage for other hazards;

3. Valuable Documents Insurance, whether as part of the property damage insurance referenced above or as separate insurance, in an amount sufficient to cover all costs associated with repairing, restoring, or replacing any documents kept or created by Engineer, as a part of the services, in the event of casualty to, or loss or theft of such documents;

4. Errors and Omissions Insurance in an amount not less than One Million Dollars ($1,000,000.00) per incident; One Million Dollars ($1,000,000.00) aggregate; and

5. Comprehensive Automobile Liability Insurance with a combined single limit for bodily injury and property damage of not less than One Million Dollars ($1,000,000.00) per incident with respect to the Engineer's owned, hired, or non-owned vehicles, assigned to or used in the performance of services.

C. The Owner shall be listed as a certificate holder or additional insured on any of the insurance required under this Agreement. Insurance identified herein shall be maintained in full force and effect by the Engineer throughout the duration of the Agreement, including any extra time for which ongoing work is completed. Should Engineer cease to carry the errors and/or omissions coverage provided herein, Engineer shall obtain "tail" or extension coverage at the same limits for a period of not less than three (3) years subsequent to policy termination or Agreement termination, whichever is longer.

D. In the event that the Engineer retains any subcontractor or other personnel to perform services or to carry out any activities under or incident to work on any work assigned as part of this Agreement, Engineer agrees to obtain from said subcontractor or other personnel, certificates of insurance demonstrating that said subcontractor or other personnel has all of the above coverage or sufficient coverage to cover their portion of the work. As an alternative, Engineer may include said subcontractor or other personnel within Engineer's coverage for the duration of the work assignment involving the subcontractor or other personnel.

E. Should Engineer change carriers or policies for any insurance required herein, Engineer shall provider new certificates of coverage, as well as any retroactive coverage from the new carrier. If the Engineer fails to procure or maintain required insurance, the Owner may immediately terminate this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

F. During the term of this Agreement the Engineer shall notify Owner of any other Subconsultant or Engineer's Subcontractor to be listed as an additional insured on Owner's and applicable Contractor's general liability policies of insurance.

G. The Owner must be listed on Engineer's general liability policy as provided in Paragraph 6.04.B.

H. For applicable Contractor's general liability policies of insurance, the additional insured endorsements will include both ongoing operations and products and completed operations coverage through ISO Endorsements CG 20 10 10 01 and CG 20 37 10 01 (together). If Contractor demonstrates to Owner that the specified ISO endorsements are not commercially available, then Contractor may satisfy this requirement by providing equivalent endorsements.

I. For applicable Contractor's general liability policies of insurance, Contractor shall provide ISO Endorsement CG 20 32 07 04, "Additional Insured—Engineers, Architects or Surveyors Not Engaged by the Named Insured" or its equivalent for Engineer, Subconsultants, and other design professional additional insureds.

ARTICLE 1—NOT APPLICABLE

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies,
and American Society of Civil Engineers. All rights reserved.

EXHIBIT I—LIMITATIONS OF LIABILITY

ARTICLE 1—LIMITATIONS OF LIABILITY

Paragraph 6.10 of the Agreement is supplemented to include Exhibit I Paragraph(s) **1.01, Mutual Indemnification; 1.02 and Limitation of Engineer's Liability:**

1.01 Mutual Indemnification

A. Indemnification by Owner: To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants, and Engineer's Subcontractors, from and against any and all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to the Project, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Owner or Owner's officers, directors, members, partners, agents, employees, or others retained by or under contract to the Owner with respect to this Agreement or to the Project.

1.02 Limitation of Engineer's Liability

A. Engineer's Liability Limited to Amount of Engineer's Compensation: To the fullest extent permitted by Laws and Regulations, and notwithstanding any other provision of this Agreement, the total liability, in the aggregate, of Engineer and Engineer's officers, directors, members, partners, agents, employees, Subconsultants, and Engineer's Subcontractors, to Owner and anyone claiming by, through, or under Owner for any and all claims, losses, costs, or damages whatsoever (including but not limited to direct, indirect, special, incidental, punitive, exemplary, or consequential damages) arising out of, resulting from, or in any way related to the Project or the Agreement from any cause or causes, including but not limited to the negligence, professional errors or omissions, strict liability, breach of contract, indemnity obligations, or warranty express or implied of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors, will not exceed the total compensation received by Engineer under this Agreement.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET BC-1: BASIC SERVICES—LUMP SUM

ARTICLE 2—COMPENSATION PACKET BC-1: BASIC SERVICES—LUMP SUM

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 1.01:

2.01 Compensation for Basic Services (other than Resident Project Representative)—Lump Sum Method of Payment

A. Owner shall pay Engineer for Basic Services set forth in Exhibit A (except for Resident Project Representative services, if any) as follows:

1. A Lump Sum amount of **$423,783.80 (**15% of Construction Cost) based on the following estimated distribution of compensation:

a.	Study and Report Phase	$ 77,284.68
	Surveying & Video Inspection	$ 70,630.56
b.	Preliminary Design Phase	$ 78,608.50
c.	Final Design Phase	$ 81,574.25
d.	Bidding/Proposal Phase	$ 4,872.10
e.	Construction Phase	$ 18,520.95
	RPR	$ 84,756.66
f.	Post-Construction Phase	$ 7,536.78

2. Engineer may alter the distribution of compensation between individual phases noted herein to be consistent with services actually rendered, but compensation will not exceed the total Lump Sum amount unless approved in writing by the Owner.

3. The Lump Sum includes compensation for Engineer's services and services of Engineer's Subcontractors and Subconsultants, if any. Appropriate amounts have been incorporated in the Lump Sum to account for labor costs, overhead, profit, and expenses (other than any expressly allowed Reimbursable Expenses).

4. In addition to the Lump Sum, Engineer is also entitled to reimbursement from Owner for the following Reimbursable Expenses (see Appendix 1 for rates or charges): Owner shall reimburse Engineer for Reimbursable Expenses directly related to the provision of Basic Services, using the rates set forth in Appendix 1 to this Exhibit J when applicable.

5. Reimbursable Expenses include the expenses identified in Appendix 1 and the following: transportation (including mileage), lodging, and subsistence incidental thereto; providing and maintaining field office facilities including furnishings and utilities; toll telephone calls, mobile phone charges, and courier charges; reproduction of reports, Drawings, Specifications, bidding-related or other procurement documents, Construction Contract Documents, and similar Project-related items. In addition, if authorized in advance by Owner, Reimbursable Expenses will also include expenses incurred for the use of highly specialized equipment.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Period of Service: The compensation amount stipulated in Compensation Packet BC-1 is conditioned on a period of service not exceeding **36 months.** If such period of service is extended, the compensation amount for Engineer's services will be appropriately adjusted.

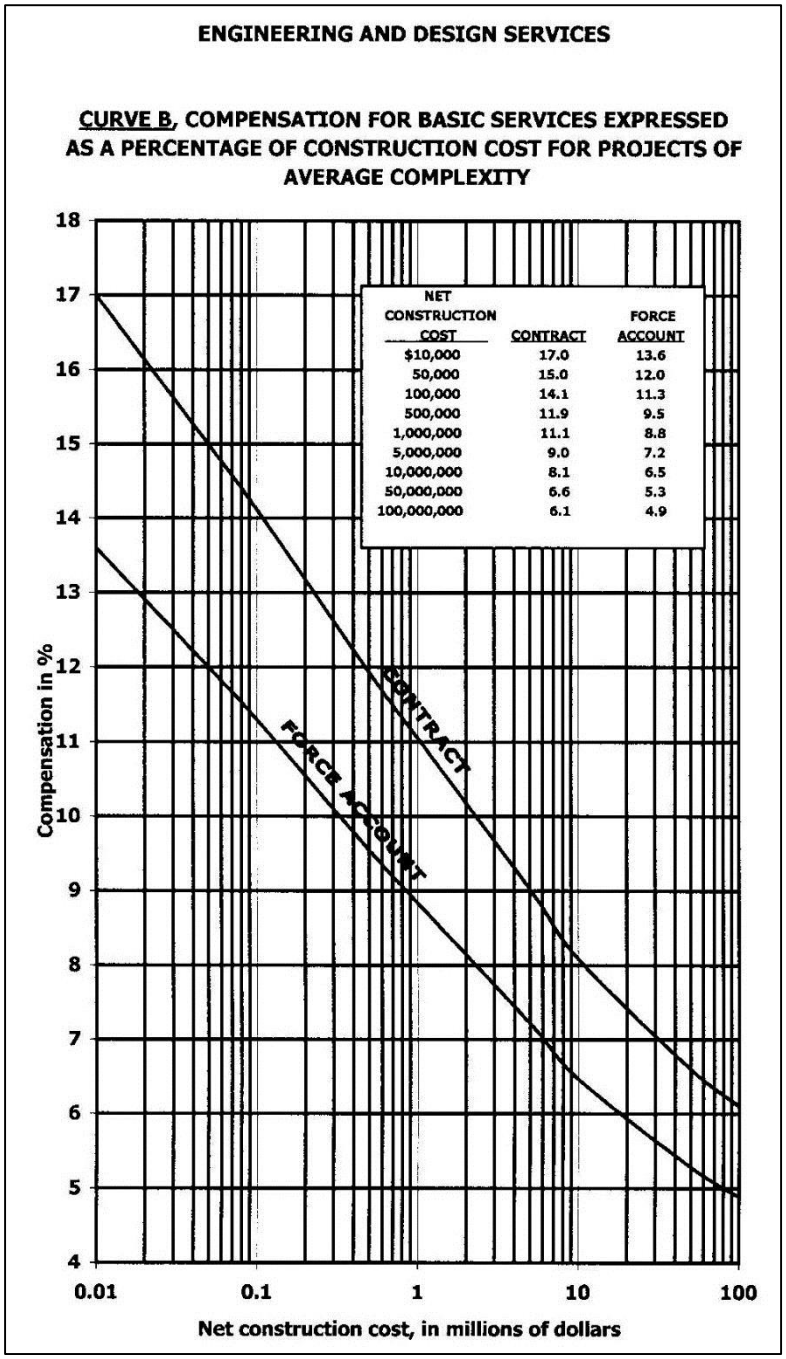
C. Below is the FEMA Curve used to determine the costs.

FEMA Public Assistance Cost Estimating Tool for Engineering and Design Services (12/18/2015)

Curve B

Curve B[2] applies to projects of average complexity. Examples of such projects include:

- Industrial buildings, warehouses, garages, hangars, and comparable structures;
- Bridges and other structures of conventional design;
- Simple waterfront facilities;
- Roads and streets;
- Conventional levees, floodwalls, and retaining walls;
- Small dams;
- Storm sewers and drains;
- Sanitary sewers;
- Water distribution lines;
- Irrigation works, except pumping plants; and
- Airports, except as classified for Curve A.



In addition to the basic engineering services, special services may be required for some projects. Such services include engineering surveys, soil investigations, services of a resident engineer, and feasibility studies. Because special services are not required on all projects, they are not included in the percentages on the engineering and design services curves. These services are estimated separately.

If a project requires only basic construction management, a fee not exceeding 3 percent of construction costs may be used for the estimate. Management functions include review of bids, work site inspection visits, checking and approval of material samples, review of shop drawings and change orders, review of contractor's request for payment, and acting as the client's representative. An example of a project requiring only inspection services but no design and engineering would be a building repair project that only included patching and painting damaged interior wall. Another example would be where a contractor is hired to repair local roads back to the pre-disaster condition, using local construction standards.
Estimates for engineering and design services and construction inspection typically are not included in small project estimates or emergency work project estimates except for complex projects or projects where special services are required.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET RPR-1: RESIDENT PROJECT REPRESENTATIVE—LUMP SUM

ARTICLE 3—COMPENSATION PACKET RPR-1: RESIDENT PROJECT REPRESENTATIVE—LUMP SUM

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 2.01:

3.01 Compensation for Resident Project Representative Services—Lump Sum Method of Payment

A. Owner shall pay Engineer for Resident Project Representative Services as follows:

1. Resident Project Representative Services: For services of Engineer's Resident Project Representative (RPR), if any, under Exhibits A and D, the Lump Sum amount of **$84,756.66.** The Lump Sum includes compensation for Resident Project Representative services, including any RPR-related services performed by Engineer's Subcontractors and Subconsultants. Appropriate amounts have been incorporated in the Lump Sum to account for labor costs, overhead, profit, and expenses (other than any expressly allowed Reimbursable Expenses, as set forth immediately below) related to the Resident Project Representative services.

2. Reimbursable Expenses: In addition to the Lump Sum, Engineer is also entitled to reimbursement from Owner for the following RPR-related Reimbursable Expenses (see Appendix 1 for rates or charges); all other expenses are accounted for in the Lump Sum: **None**

3. Resident Project Representative Schedule: The Lump Sum amount set forth in Exhibit J Paragraph 2.01.A.1 above is based on full-time RPR services on an eight-hour workday Monday through Friday over a 360-day construction schedule. Modifications to the construction schedule will entitle Engineer to an equitable adjustment of compensation for RPR services.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET AS-1: ADDITIONAL SERVICES—STANDARD HOURLY RATES

ARTICLE 4—COMPENSATION PACKET AS-1: ADDITIONAL SERVICES—STANDARD HOURLY RATES

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 3.01:

4.01 Compensation for Additional Services—Standard Hourly Rates Method of Payment

A. Owner shall pay Engineer for Additional Services, if any, as follows:

1. For services of Engineer's personnel engaged directly on the Project pursuant to Exhibit A Paragraph 2.01 or 2.02, except for services as a consultant or witness under Exhibit A Paragraph 2.02.A.28 (which if needed will be separately negotiated based on the nature of the required consultation or testimony), an amount equal to the cumulative hours charged by each class of Engineer's personnel providing such Additional Services times Standard Hourly Rates for each applicable billing class, plus Additional Services-related Reimbursable Expenses and Additional Services-related Engineer's Subcontractors' and Subconsultants' charges, if any.

B. Compensation for Reimbursable Expenses

1. For those Reimbursable Expenses that are directly related to the provision of Additional Services, and are not already accounted for in the compensation for Basic Services or RPR-related services, Owner shall reimburse Engineer, using the rates set forth in Appendix 1 to this Exhibit J when applicable.

2. Such Reimbursable Expenses include, to the extent Additional Services-related, the expenses identified in Appendix 1 and the following categories: transportation (including mileage), lodging, and subsistence incidental thereto; providing and maintaining field office facilities including furnishings and utilities; toll telephone calls, mobile phone charges, and courier charges; reproduction of reports, Drawings, Specifications, bidding-related or other procurement documents, Construction Contract Documents, and similar items. In addition, if authorized in advance by Owner, Reimbursable Expenses will also include expenses incurred for the use of highly specialized equipment.

3. The amounts payable to Engineer for Reimbursable Expenses, if any, will be the Additional Services-related internal expenses actually incurred or allocated by Engineer, plus all invoiced external Reimbursable Expenses allocable to such Additional Services, the latter multiplied by a factor of **5%**.

C. Other Provisions Concerning Payment for Additional Services

1. Whenever Engineer is entitled to compensation for the charges of Engineer's Subcontractors and Subconsultants, such compensation will be the amounts billed by Engineer's Subcontractors and Subconsultants to Engineer times a factor of **10%**.

2. Factors: The external Reimbursable Expenses and Engineer's Subcontractors' and Subconsultants' factors include Engineer's overhead and profit associated with Engineer's responsibility for the administration of such services and costs.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. The Standard Hourly Rates and the Reimbursable Expenses Schedule will be adjusted annually (as of **January 1**) to reflect equitable changes in the compensation payable to Engineer for Additional Services-related services and expenses.
4. To the extent necessary to verify Engineer's charges and upon Owner's timely request, Engineer shall make copies of such records available to Owner at cost.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

APPENDIX 1: REIMBURSABLE EXPENSES SCHEDULE

Reimbursable Expenses are subject to review and adjustment per Exhibit J.

Reimbursable Expenses: Reimbursable expenses shall be included in the total maximum fee. Reimbursable expenses include expenses of transportation in connection with the Project; expenses in connection with long-distance communications; expenses of printing and reproductions, postage and facsimile transmissions; expenses of renderings and models requested by the Owner and other costs as authorized by the Owner. Reimbursable expenses will not include overhead costs or additional insurance premiums.

Rates and charges for Reimbursable Expenses as of the date of the Agreement are:

8"x11" Copies/Impressions	$ /page – at cost
Copies of Drawings	$ /sq. ft. – at cost
Mileage (auto)	$ /mile – at cost
Air Transportation	at cost
Laboratory Testing	at cost
Health and Safety Level D	at cost
Health and Safety Level C	at cost
Meals and Lodging	at cost

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

APPENDIX 2: STANDARD HOURLY RATES SCHEDULE

A. Standard Hourly Rates

1. Standard Hourly Rates are set forth in this Appendix 2 to this Exhibit J and include salaries and wages paid to personnel in each billing class plus the cost of customary and statutory benefits, general and administrative overhead, non-project operating costs, and operating margin or profit.
2. The Standard Hourly Rates apply only as specified in Exhibit J.

B. Schedule: Hourly rates for services performed on or after the date of the Agreement are:

Gulfport DOE

MCWI Average Hourly Rate

Principal Engineer	$194.00
Senior Engineer	$183.00
Professional Engineer	$153.00
Senior Project Manager	$150.00
Project Engineer	$133.00
Professional Land Surveyor	$120.00
Survey Crew Chief	$72.00
Instrument Man	$58.00
Senior CAD Tech	$90.00
CAD Tech	$73.00
Clerical	$58.00
Resident Project Representative	$104.00
Engineering/Specification Technician	$70.00
Sub-Consultant Fee	Cost + 10%

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Under no circumstances shall the amount payable by the Owner for this assignment exceed **$423,783.80** (Total of all Charges) without the prior written consent of both parties. The Labor Rates have been identified in Paragraph B: Schedule of Hourly Rate above. The staff to be available to work on this project are listed below, however, may change if needed.

NAMES	LABOR CLASSIFICATION	RATE
Robert "Kris" Riemann, P.E.	Principal Engineer	194.00
Dennis Stieffel, P.E.	Principal Engineer	194.00
Robert "Kris" Riemann, P.E.	Senior Professional Engineer (held P.E. License minimum 10 Years)	183.00
Madeline Costelli Pettry, P.E.	Principal Engineer	194.00
Richard Thorsten	Resident Project Representative	104.00
Larry Smith, PLS	Professional Land Surveyor	120.00
Cliff Crosby, PLS	Professional Land Surveyor	120.00
Jim Holt	Senior CAD Technician (minimum 15 Years Experience)	90.00
David Leblanc, P.E.	Resident Project Representative	104.00
Fred Fountain	Project Engineer	133.00
Nick Fountain	Project Engineer	133.00
Nick Fountain	CAD Tech	73.00
Tracy Riemann	Engineering/Specification Technician	70.00
Tracy Riemann	Clerical	58.00
Other Local	Resident Project Representative	104.00
Other Local	Professional Land Surveyor	120.00
Other Local	Survey Crew Chief	72.00

EXHIBIT A

SCOPE OF SERVICES

MIMA PAVING INFRASTRUCTURE PROJECT

GENERAL PROJECT DESCRIPTION

This project generally consists of an Inspection of Water, Sewer and Drainage Pipes using Visual Inspection, Sanitary Sewer/Drainage Evaluation Survey (SSDES) Video, Smoke Testing, and Leak Fixed Reports in Cityworks, Water Master Plan, Sewer Master Plan, and Drainage Master Plan, **of at least seven (7) streets, one (1) street** from each Ward of an existing sewer and drainage collection system and existing water mains in the "MIMA City-wide Paving Area." The purpose of this assessment is to identify sewer mains, sewer service line, sewer manholes, drainage main, drainage inlets, water mains, water fire hydrants, water service lines, requiring removal and replacement, mains requiring cured-in-place rehabilitation, and other repairs to associated manholes, services, lift stations, force mains, fire hydrants and other related appurtenances. The next step would be to design a project to use removal and replacement, or use Cured In Place Pipe (CIPP) to restore the inadequate pipes.

SCOPE OF WORK – BASIC SERVICES

Phase I — STUDY AND REPORT PHASE - Sanitary Sewer/Drainage Evaluation Survey (SSDES) & Water System Analysis

The primary goal of the Study and Report Phase is to identify and evaluate alternatives for the work to be done to the water, sewer, and drainage system. Factors and limitations that will be considered and evaluated may include, but not be limited to, wastewater/water sources, drainage, review the CCTV video of the drainage system and sewer system, review the maps of water leak repairs made in the area, review the sewer leak repairs in the area, review of Master Plan maps for water, sewer, and drainage, review of all drainage/utility easements through the property, constructability, longevity, construction cost and maintainability of each of the identified alternatives.

STUDY AND REPORT PHASE TASKS

- Assemble and review maps, aerial photography and previous topographic information.
- Call Mississippi One Call to locate underground utilities within the project limits.
- Conduct field review of existing improvements and video documentation of project.
- Conduct preliminary surveying work of existing improvements.

- Prepare schematic layout of proposed infrastructure of each street.
- Compare the cost of CIPP vs replacement of the infrastructure.
- Prepare Preliminary Opinion of Probable Costs based on schematic layout.
- Conduct meeting with OWNER to discuss and decide on preferred alternative.

Utilizing information acquired per OWNER-provided Lift Station run-time data, rainfall gauge information, Geographic Information System (GIS), utilities location, previous project plans for this area, and planimetric data (with topography), and per any other deliverable subject to any OWNER-directed modifications or changes in the scope, extent, character, or design requirements of or for the Project, and upon written authorization from OWNER, the Engineer shall:

1. Field verify existing utility location and condition.
2. Perform a condition assessment for approximately existing sanitary sewer structures, including lift stations and manholes. Individual Inspection Forms will be prepared for each structure. Inspection Forms will indicate findings based on visual observations including: number of pipes, direction of flow, and type of pipes entering/exiting the structure, structure construction, evidence of infiltration, evidence of inflow, and overall condition of manhole. This data will then be utilized to rank the condition of each manhole and rehabilitation recommendations will be prioritized.
3. Perform smoke testing assessment (see special services) completed by the owner for necessary feet of sewer mains and record any defects found.
4. Review CCTV video (see special services) for evidence of inflow/infiltration, structural damage, obstructions, etc. and to rank the pipe's conditions and prioritize recommendations for rehabilitation and replacement.
5. The condition of, construction of, and depths of pipes and manholes visually observed during this phase of work will be utilized to prioritize areas of CCTV and survey in future phases of this project.
6. A preliminary opinion of probable construction cost will be provided.

Following the OWNER's review, the OWNER and the Engineer will determine priority areas for the project, considering the project budget, and develop the final project scope. This preliminary design will be performed without the benefit of a survey and based solely on planimetric data. As such, horizontal and vertical information is subject to change.

PHASE I – STUDY AND REPORT PHASE - Special Services

#1 - CCTV Inspection and Smoke Testing

We propose to closed-circuit-televise (CCTV) (with pre-cleaning) sewer/drainage mains identified as at risk for damage where complete removal and replacement is not feasible either from an economic standpoint or constructability stand point. Based on information provided by the OWNER, this work assignment assumes the feet of sewer and water main will be inspected via CCTV. CCTV inspections will

note any defects within the existing mains including: evidence of inflow, evidence of infiltration, structural damage, etc. After CCTV inspection is complete, a DVD disk and written reports identifying above-referenced defects and rehabilitation recommendations will be provided to the OWNER.

CCTV inspections will be per the standards of practice of the NASSCO Pipeline Assessment Condition Program (PACP).

We also propose to possibly smoke test the mains and services to find any defects. The smoke testing results already in place from the OWNER's Sewer Crew could also be used.

The cost of CCTV Inspection and Smoke Testing is included in this Engineering Agreement.

PHASE I – STUDY AND REPORT PHASE - Boundary and Topographic Survey

This phase is the beginning to the following items survey, design phase, bid phase, construction phase, and post-construction phase services for the rehabilitation of an existing sewer, water and drainage systems in the **"MIMA Paving Infrastructure Project."** Designed improvements will be based on Sanitary Sewer/Drainage Evaluation Survey (SSDES) performed at the Direction of the Gulfport (OWNER) by the Engineer, Engineering Xcellence.

Based on recommendations determined in the SSDES and the water system survey, we propose to survey and prepare a boundary and topographic map within the limits of the right-of-ways for any areas of sewer, water, and drainage identified as needing full removal and replacement. Based on information provided by the OWNER approximately 7 streets and alleys will be surveyed. The design survey will include: all surface features, existing R.O.W. lines, utilities (visible and per locates), publically-maintained cleanouts (with invert elevations), privately-maintained cleanouts (with invert elevations; with homeowner approval), finished floor elevations, horizontal and vertical controls, trees (protected species or >18" diameter at breast height), etc. One foot contour lines and spot elevations will also be provided. Any easements, etc. found on OWNER-provided records (i.e. plats, deeds, etc.) will also be included. Survey will further include adjoining property OWNER information as found on the Gulfport Online Atlas.

Survey will be per the standards of practice for the State of Mississippi.

Topographic surveying of the project area as necessary to determine depth.

Draft up to 5 easement documents with Maps and Deeds to be provided to the OWNER.

PHASE II – PRELIMINARY DESIGN PHASE

Utilizing information acquired in previous phases, per CCTV inspection, per the SSDES, per prepared opinion of preliminary construction costs, and per any other deliverable subject to any OWNER-directed modifications or changes in the scope, extent, character, or design requirements of or for the Project, and upon written authorization from OWNER, Engineer shall:

1. Prepare Conceptual (30%) drawings indicating the general scope, extent, and character of the Work. Furnish 3 review copies of the Conceptual (30%) documents and any other deliverables to the OWNER. A Conceptual (30%) Engineer's Opinion of Probable

Construction Cost will be provided. Following their review, OWNER shall submit to the Engineer any comments regarding the Design Phase documents and any other deliverables.

The preliminary design plans and an Opinion of Probable Costs will be presented to the OWNER for review, and will represent a 30% completion stage.

Coordination with various Agencies and updating permits. Engineering Xcellence will coordinate with MDEQ, MDOH in preparing permit applications for the respective Agencies as necessary.

Engineer (Engineering Xcellence) will not be applying for a Joint ACOE & MDMR permit in the project.

PRELIMINARY DESIGN PHASE TASKS

- Conduct kickoff meeting with OWNER to discuss specifics about project.
- Prepare a set of Preliminary Engineering Sheets to include, at a minimum:
  a. Layout Sheets
  b. Typical Section Sheets
  c. Cross Sections
  d. Plan and Profile Sheets
- Conduct a review IN-HOUSE and separately with OWNER.
- Complete review comments.
- Updating NEPA EA, MS Department of Archives and History, Joint ACOE & MDMR Permit Application – Not Included
- MDEQ General Stormwater and SWPPP
- MDEQ Sewer Permit
- MDOH Water Permit

PHASE III – DESIGN PHASE

The Design Phase will include preliminary design of the proposed improvements, in the location.

The Final Design Phase will include the detailed design of the proposed infrastructure improvements, in the location as outlined. The design will include CIPP replacement, replacement of pipe, replacement of fire hydrant, grassing and cleanup. The construction plans and an Opinion of Probable Costs will be presented to the OWNER for review, comment and revisions at the 60% completion stage and at the 90% completion stage.

DESIGN PHASE TASKS

- Prepare a set of Design Development Engineering Plans (60% and 90%) to include, at a minimum:
    a. Cover Sheet
    b. Location Plan, General Notes and Layout Sheets
    c. Typical Section Sheets
    d. Plan and Profile Sheets
    e. Standards and Special Details Sheets (if needed)
    f. Erosion Control Sheets
    g. Demolition Plan
    h. Cross Sections
    i. Landscaping Plan (grassing)

- Prepare the Technical Specifications and Contract Documents.
- Complete 60% Completion Plans.
- Calculate quantities and prepare OPC.
- Conduct a 60% completion review IN-HOUSE and separately with OWNER.
- Complete 90% Completion Plans.
- Conduct 90% completion review IN-HOUSE and separately with OWNER.
- Reproduction Costs

Utilizing information acquired in previous phases, per CCTV inspection, per the SSDES, per prepared opinion of preliminary construction costs, and per any other deliverable subject to any OWNER-directed modifications or changes in the scope, extent, character, or design requirements of or for the Project, and upon written authorization from OWNER, Engineer shall:

1. Prepare Final (90%) drawings and specifications indicating the scope, extent, and character of the work to be performed and furnished by the contractor. Furnish 3 review copies of the Final (90%) documents and any other deliverables to the OWNER. A Final (90%) Engineer's Opinion of Probable Construction Cost will be provided. Following their review, OWNER shall submit to the Engineer any comments regarding the Design Phase documents and any other deliverables.

2. Provide technical criteria, written descriptions, and design data for OWNER'S use in filing applications for permits from or approvals of governmental authorities having jurisdiction to review or approve the final design of the Project; assist OWNER in consultations with such authorities; and revise the Drawings and Specifications in response to directives from such authorities.

3. Prepare and furnish bidding documents for review by OWNER, its legal counsel, and other advisors, and assist OWNER in the preparation of other related documents. OWNER shall submit to Engineer any comments and instructions for revisions and Engineer will revise the bidding documents accordingly. 3 Final copies of the bidding documents, including a final Opinion of Probable Construction Cost, will be provided to the OWNER.

PHASE III – DESIGN PHASE – EASEMENTS - Boundary and Topographic Survey

If needed, OWNER shall instruct Engineering Xcellence to provide easement maps and deeds to complete the work. This phase generally consists of providing easement documents relative to improvements to an existing sewer/water/drainage system in the "MIMA Paving Instructure Project Area." Designed improvements will be based on Sanitary Sewer/Drainage Evaluation Survey (SSDES) already performed.

Easements. A meeting between Engineer, Engineering Xcellence, and the OWNER of Gulfport can identify the needs for up to five easements for new sewer, water, or drainage easements. Some examples of issues are:

1. These properties could have existing utility lines on them with no existing easement known.
2. These properties could involve rerouting an existing utility line onto private property to avoid a stream / road / bridge conflict.

This item will allow for the five (5) known easement documents to be prepared. Each of these easement documents will be prepared at a fee not more than $500 a piece (based on actual hours spent) and will include setting rods at the easement corners.

Please note, these easements, requiring only a single straight line across each individual property are considered simple easement documents. Should additional easements be required in future amendments, the fee per each may vary.

PHASE IV – BIDDING/PROPOSAL PHASE

The Contracting Phase will include assistance to the OWNER in Bidding and Awarding of the contract. This phase will include answering any technical questions during the contracting process.

BIDDING/PROPOSAL PHASE TASKS

- Distribute plans to the OWNER and potential bidders
- Taking Bids and Reading the Bids at the OWNER

- Providing the Bid Tabulation
- Providing a Recommendation to the OWNER regarding the Bids Received

After acceptance by OWNER of the bidding documents and the Opinion of Probable Construction Cost as determined in the Design Phase, and upon written authorization by the OWNER to proceed, the Engineer shall:

1. Assist OWNER in advertising for and obtaining bids for proposals for the Work and, where applicable, maintain a record of prospective bidders to whom Bidding Documents have been issued, attend pre-bid conferences, if any, and receive and process contractor deposits or charges for the bidding documents.

2. Issue addenda as appropriate to clarify, correct, or change the bidding documents.

3. Provide information or assistance needed by OWNER in the course of any negotiations with prospective contractors.

4. Consult with OWNER as to the acceptability of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors for those portions of the Work as to which such acceptability is required by the bidding documents.

5. If bidding documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by bidders.

6. Attend the Bid opening, prepare Bid tabulation sheets, and assist OWNER in evaluating Bids or proposals and in assembling and awarding contracts for the Work.

7. The Bidding Phase will be considered complete upon commencement of the Construction Phase or upon cessation of negotiations with prospective contractors.

PHASE V – CONSTRUCTION PHASE – INCLUDING RESIDENT PROJECT REPRESENTATION (RPR)

The Construction Engineering Phase shall include the general administration of the project, documentation of the Contractor's progress, and general construction engineering. Engineering Xcellence will act as the OWNERs representative, issuing instructions to the Contractor. Engineering Xcellence shall visit the project at appropriate intervals during construction to become generally familiar with the progress and quality of the contractor's work and to determine if the work is proceeding in

general accordance with the Engineering Plans. Engineering Xcellence will provide Resident Project Representation for the duration of construction at a minimum of 8 hour per day.

CONSTRUCTION ENGINEERING PHASE TASKS

- Hold Pre-Construction Conference
- Issue necessary interpretations and clarifications of the Plans.
- Review and process Shop Drawings, samples and other data which the Contractor is required to submit.
- Evaluate and determine the acceptability of substitute materials.
- Provide resident project representation.
- Provide a Flyer to the OWNER to pass out to the Public.
- If needed, Schedule and conduct progress meetings with the OWNER, Contractor to discuss progress, scheduling problems, conflicts and observations of all parties involved.

It is anticipated that the construction period for this project will be 360 calendar days. If the construction Contractor extends his work beyond the anticipated construction period, it may be necessary to revise this Agreement for these extended Construction Phase services.

Upon successful completion of the Bidding Phase, and upon written authorization from OWNER, Engineer shall proceed with Construction Phase services. For purposes of this proposal, a **12- month (360 day)** construction time is assumed. For the construction phase, the engineer shall:

1. *General Administration of Construction Contract:* Consult with OWNER and act as OWNER's representative as provided in the Construction Contract. The extent and limitations of the duties, responsibilities, and authority of Engineer as assigned in the Construction Contract shall not be modified, except as Engineer may otherwise agree in writing. All of OWNER's instructions to Contractor will be issued through Engineer, which shall have authority to act on behalf of OWNER in dealings with Contractor to the extent provided in this Agreement and the Construction Contract except as otherwise provided in writing.

2. *Resident Project Representative (RPR):* Provide the services of an RPR at the Site to assist the Engineer and to provide more extensive observation of Contractor's work.

3. *Selecting Independent Testing Laboratory:* Assist OWNER in the selection of an independent testing laboratory if necessary

4. *Pre-Construction Conference:* Participate in a Pre-Construction Conference prior to commencement of Work at the Site.

5. *Schedules:* Receive, review, and determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the Progress Schedule, Schedule of Submittals, and Schedule of Values.

6. *Visits to Site and Observation of Construction:* In connection with observations of Contractor's Work while it is in progress:

a. Make visits to the Site at intervals appropriate to the various stages of construction, as Engineer deems necessary, to observe as an experienced and qualified design professional the progress of Contractor's executed Work. Such visits and observations by Engineer, and the Resident Project Representative are not intended to be exhaustive or to extend to every aspect of Contractor's Work in progress or to involve detailed inspections of Contractor's Work in progress beyond the responsibilities specifically assigned to Engineer in this Agreement and the Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by the Resident Project Representative, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Contract Documents, and Engineer shall keep OWNER informed of the progress of the Work.

b. The purpose of Engineer's visits to, and representation by the Resident Project Representative at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for OWNER a greater degree of confidence that the completed Work will conform in general to the Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents. Engineer shall not, during such visits or as a result of such observations of Contractor's Work in progress, supervise, direct, or have control over Contractor's Work, nor shall Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by Contractor, for security or safety at the Site, for safety precautions and programs incident to Contractor's Work, nor for any failure of Contractor to comply with Laws and Regulations applicable to Contractor's furnishing and performing the Work. Accordingly, Engineer neither guarantees the performance of any Contractor nor assumes responsibility for any Contractor's failure to furnish or perform the Work in accordance with the Contract Documents.

7. *Defective Work:* Reject Work if, on the basis of Engineer's observations, Engineer believes that such Work (a) is defective under the standards set forth in the Contract Documents, (b) will not produce a completed Project that conforms to the Contract Documents, or (c) will imperil the integrity of the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

8. *Clarifications and Interpretations; Field Orders:* Issue necessary clarifications and interpretations of the Contract Documents as appropriate to the orderly completion of Contractor's work. Such clarifications and interpretations will be consistent with the intent of and reasonably inferable from the Contract Documents. Subject to any

limitations in the Contract Documents, Engineer may issue field orders authorizing minor variations in the Work from the requirements of the Contract Documents.

9. *Change Orders and Work Change Directives:* Recommend change orders and work change directives to OWNER, as appropriate, and prepare change orders and work change directives as required.

10. *Shop Drawings and Samples:* Review and approve or take other appropriate action in respect to Shop Drawings and Samples and other data which Contractor is required to submit, but only for conformance with the information given in the Contract Documents and compatibility with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's submittal schedule that Engineer has accepted.

11. *Substitutes and "or-equal":* Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor.

12. *Inspections and Tests:* Require such special inspections or tests of Contractor's work as deemed reasonably necessary, and receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Contract Documents. Engineer's review of such certificates will be for the purpose of determining that the results certified indicate compliance with the Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Contract Documents. Engineer shall be entitled to rely on the results of such tests.

13. *Disagreements between OWNER and Contractor*: Render formal written decisions on all duly submitted issues relating to the acceptability of Contractor's work or the interpretation of the requirements of the Contract Documents pertaining to the execution, performance, or progress of Contractor's Work; review each duly submitted Claim by OWNER or Contractor, and in writing either deny such Claim in whole or in part, approve such Claim, or decline to resolve such Claim if Engineer in its discretion concludes that to do so would be inappropriate. In rendering such decisions, Engineer shall be fair and not show partiality to OWNER or Contractor and shall not be liable in connection with any decision rendered in good faith in such capacity.

14. *Applications for Payment:* Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

a. Determine the amounts that Engineer recommends Contractor be paid. Such recommendations of payment will be in writing and will constitute Engineer's representation to OWNER, based on such observations and review, that, to the best of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Contract Documents, and to any other qualifications stated in the

recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe Contractor's Work. In the case of unit price work, Engineer's recommendations of payment will include final determinations of quantities and classifications of Contractor's Work (subject to any subsequent adjustments allowed by the Contract Documents).

b. By recommending any payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Contract Documents. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation +of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control Contractor's Work in progress or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the moneys paid on account of the Contract Price, or to determine that title to any portion of the Work in progress, materials, or equipment has passed to OWNER free and clear of any liens, claims, security interests, or encumbrances, or that there may not be other matters at issue between OWNER and Contractor that might affect the amount that should be paid.

15. *Contractor's Completion Documents:* Receive, review, and transmit to OWNER maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Contract Documents, certificates of inspection, tests and approvals, Shop Drawings, Samples and other data approved as provided under Paragraph 11 above, and transmit the annotated record documents which are to be assembled by Contractor in accordance with the Contract Documents to obtain final payment. The extent of such review by Engineer will be limited as provided in Paragraph 11 above.

16. *Substantial Completion:* Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, in company with OWNER and Contractor, visit the Project to determine if the Work is substantially complete. If after considering any objections of OWNER, Engineer considers the Work substantially complete; Engineer shall deliver a certificate of Substantial Completion to OWNER and Contractor.

17. *Final Notice of Acceptability of the Work:* Conduct a final visit to the Project to determine if the completed Work of Contractor is acceptable so that Engineer may recommend, in writing, final payment to Contractor.

B. *Duration of Construction Phase:* The Construction Phase will commence with the execution of the first Construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractors.

Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

C. *Limitation of Responsibilities:* Engineer shall not be responsible for the acts or omissions of any Contractor, Subcontractor or Supplier, or other individuals or entities performing or furnishing any of the Work, for safety or security at the Site, or for safety precautions and programs incident to Contractor's Work, during the Construction Phase or otherwise. Engineer shall not be responsible for the failure of any Contractor to perform or furnish the Work in accordance with the Contract Documents.

PHASE VI – POST-CONSTRUCTION PHASE

Close Out shall include the review and compilation of all construction documentation, and certifications, as provided by the contractor for submission to the OWNER. As-Built Drawings are part of this agreement.

A. Upon written authorization from OWNER during the Post-Construction Phase Engineer shall:

1. Together with OWNER, visit the Project to observe any apparent defects in the Work, assist OWNER in consultations and discussions with Contractor concerning correction of any such defects, and make recommendations as to replacement or correction of defective Work, if any.

2. Together with OWNER or OWNER's representative, visit the Project within one month before the end of the correction period to ascertain whether any portion of the Work is subject to correction.

3. Perform or provide the following additional Post-Construction Phase tasks or deliverables: Provide printed and electronic record drawings in latest version of AutoCAD or approved software.

4. Provide technical assistance to the OWNER until completion of the Project as defined by the Project scope.

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit, will terminate twelve months after the commencement of the Construction Contract's correction period.

C. As-built surveying services and a set of as-builts will be provided to the City.

Specific Services Excluded

Scope of services and related costs outlined in this proposal **do not** include the following. However, these services can be provided as additional services at an additional cost if requested:

- Flow Monitoring
- ALTA Survey or Title Search

- Wetlands delineation or environmental permitting
- MDMR Permitting
- SAV Analysis
- Construction Staking
- Construction Materials Testing

TIME

This AGREEMENT shall be effective upon the latest date of execution hereof and continue until, January 1, 2027 at 11:59 P.M. CDT. However, the Engineer may not begin work prior to receiving the agreement signed by the OWNER.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH MACHADO PATANO, PLLC, D/B/A MACHADO DESIGN GROUP, FOR ENGINEERING SERVICES IN CONNECTION WITH THE CITY WIDE LIFT STATION REHABILITATION PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the City Wide Lift Station Rehabilitation Project, a project intended to rehabilitate exsiting sewer pump stations located within the city limits of the City of Gulfport; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the City Wide Lift Station Rehabilitation Project and received proposals from seven (7) firms; and

WHEREAS, after referral to and grading by a selection committee, Machado Patano, PLLC, D/B/A Machado Design Group was selected as the highest scoring firm (see January 2, 2024, minutes) and recommended for award Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the City Wide Lift Station Rehabilitation Project to Machado Patano, PLLC, D/B/A Machado Design Group and to approve an agreement with Machado Patano, PLLC, D/B/A Machado Design Group, subject to final approval of the Legal Department, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the City Wide Lift Station Rehabilitation Project, be and the same is hereby approved and the proposed Engineering Services Contract between Machado Patano, PLLC, D/B/A Machado Design Group and the City be and it is hereby approved in substantially the form found at Exhibit "A" hereto, subject to final approval by the Legal Department, and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES **NAYS** **ABSENT**

WHEREUPON, the President declared the motion carried and the Resolution adopted this the _____ day of _____, 2024.

(SEAL)

ATTEST: **ADOPTED:**

_____ _____

CLERK OF THE COUNCIL **PRESIDENT**

The above and foregoing Resolution was submitted to and approved by the Mayor, this the _____ day of _____, 2024.

Re: **Recommendation to Approve Preliminary Engineering Services Contract**
- Machado Patano, PLLC.
- City Wide Lift Station Rehabilitation Project (MCWI)

Attached for your consideration is the Preliminary Engineering Services Contract for the referenced project in the not-to-exceed amount of $778,932.00. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

This project includes rehabilitation of existing sewer pump stations located inside the City limits of Gulfport. The total cost of engineering and construction for this project is $ 6,613,772.92. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure "MCWI" and the American Rescue Plan Act "ARPA".

I recommend approval of this contract.

RE: Proposal for Professional Engineering Services for City Wide Lift Stations
ARPA project #154-2-CW-5.5

VIA Email: jharrison@gulfport-ms.gov

Jeremy,

MP Design Group (MPDG) is pleased to offer you our proposal to provide engineering services for the city wide lift station project, ARPA project 154-2-CW-5.5. We have based our fee proposal on the industry standard FEMA Design Curves. The proposal will be an hourly not to exceed fee of $778,932.00, which is based on a construction value of $6,600,000. The fee for this proposal includes both the design phase and the construction administration services for this project.

We appreciate the opportunity and look forward to working with you on this project. I will be happy to answer any questions or concerns you have regarding the proposal.

Respectfully,
MP DESIGN GROUP

Gerrod W. Kilpatrick, P.E.
Principal

STANDARD FORM OF AGREEMENT BETWEEN
THE OWNER AND THE DESIGN PROFESSIONAL

This Agreement for professional design engineering services (the "Agreement") is entered into and made effective this, the 30th day of January, 2024, by and between City of Gulfport ("Owner") and the Design Professional identified below ("Professional").

OWNER: City of Gulfport
P.O. Box 1780
Gulfport, MS 39502

PROFESSIONAL:

Business Name _Machado | Patano, PLLC dba MP Design Group_____
Mailing Address _918 Howard Avenue, Suite F, Biloxi, MS 39530_____
City/State/Zip_Biloxi, MS 39530_____
Email Address_gkilpatrick@mpdesigngroup.us_____Phone:__(228)388-1950_____

The Professional is a *(Check and complete one of the following)*:

(X) CORPORATION (includes PA, LLC, or PLLC) solely organized and existing under the laws of the State of _Mississippi_____and having its principal office in ___Biloxi_____Harrison_____MS
(City) (County) (State)

( ) PARTNERSHIP of the following (*List all partners or joint venture partners*):_____

( ) SOLE PROPRIETORSHIP ( ) OTHER _____

The Professional shall provide services for the following Project: **CITY OF GULPFORT CITY WIDE LIFT STATION REHABILITATION PROJECT, MCWI 154-2-CW-5.5** (the "Project").

The Owner's total budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,613,773.92 (Six Million, Six Hundred Thirteen Thousand, Seven Hundred Seventy Three dollars, and ninety two cents) unless otherwise provided for in writing by the Owner.

The Professional warrants and represents that it is authorized to do business in Mississippi and that it holds a valid license from the governing Mississippi authority or agency, with its license number being MS-16559 Gerrod W. Kilpatrick, P.E.); E-1077 (Machado | Patano, PLLC).

(Name and Title)

For and in consideration of the covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Owner and Professional agree as follows and specifically set forth in Articles 1 through 10 below:

1. PROFESSIONAL'S SERVICES AND COMPENSATION

For the scope of this engagement, the Professional's Services shall be classified as: (1) Basic; (2) Additional; or (3) Extra (the "Services"). The Professional's engagement may include one or more of the Services depending upon the needs of the Project. The Professional's compensation for its work on the Project is calculated based upon the type of Services the Professional is engaged to perform. The Professional's fee is calculated differently for each type of Service. The Professional may also be entitled to reimbursement for actual costs incurred as a result of performing certain enumerated Project-related activities ("Reimbursable Expenses").

1.1 BASIC SERVICES

1.1.1 The Professional's Basic Services on the Project shall consist of Program Phase Services, Construction Document Services, Bidding Phase Services, and Construction Phase Services, and MCWI/ARPA Program Requirements. The scope of the Basic Services is explained in further detail in Article 3.

1.1.2 The Professional's compensation for Basic Services shall be an hourly not to exceed fee of **$778,932.00** that will be billed per the approved City of Gulfport hourly rate sheet. The not to exceed fee is based of the FEMA Curve A requirements (attached) for a construction value of $6,600,000. This fee includes both the design phase and the construction administration phase. Cost of Construction shall be the total cost to the Owner to construct all elements of the Project as designed and specified by the Professional, as set forth in the plans, specifications, and other contract documents, and as approved by the Owner. In no event shall the Professional's Fee for its Basic Services be calculated using a Cost of Construction exceeding the Owner's Budget as defined in Article 1.5. The Professional shall be compensated for its Basic Services in accordance with the provisions of Article 4 below.

1.1.3 Any consultants retained or otherwise employed by the Professional must be approved by the Owner. The Professional shall not employ or otherwise retain consulting Professionals with proprietary interests. The Professional agrees to employ any consultants needed for complete services, including inspection.

1.1.4 All consultants hired by the Professional shall be required to obtain the same levels and amounts of insurance for protection of the Owner and the Project that the Professional is required to obtain pursuant to Article 2.10 of this Agreement.

1.1.5 The Professional shall be responsible for all applicable taxes and shall not receive any extra or increase payment from the Owner for such taxes.

1.2 ADDITIONAL SERVICES

1.2.1 Additional Services are Services the Owner may elect for the Professional to perform. Additional Services performed by the Professional shall be billed to the Owner on a lump sum basis. Additional Services performed by a third party engaged by the Professional shall be billed to the Owner at the actual cost incurred by the Professional for the third-party service plus an amount equal to **10.0%** (ten percent) of the cost incurred. Prior to performing any Additional Service, the Professional shall provide the Owner with a detailed cost estimate of the Additional Service. If the Owner is dissatisfied with the proposed cost, the Professional shall obtain additional estimates. Additional Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Additional Services where the Owner's prior written approval was not first obtained.

1.2.2 The Owner shall make payments to Professional for any Additional Services upon completion of the same and Owner's approval of the same. Partial payments may be made upon written request by Professional and Owner's approval.

1.3 EXTRA SERVICES

1.3.1 During the course of its engagement, the Professional may be required to perform Extra Services as defined as follows:

.1 Services necessitated by a change in material information supplied by the Owner, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of Construction, or procurement or delivery method;

.2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

.3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

.4 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;

.5 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

.6 Preparation for, and attendance at, a public presentation, meeting, or hearing;

.7 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Engineer is party thereto; or

.8 Evaluation of the qualifications of entities providing bids or proposals.

1.3.2 Prior to performing any Extra Service, the Professional shall notify the Owner in writing of the circumstance creating the need for the Extra Service, the proposed scope of the Extra Service, and an estimate of the cost to the Owner for proposed Extra Service. Extra Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Extra Services where the Owner's prior written approval was not first obtained.

1.3.3 Except for Extra Services required due to the fault of the Professional, the Professional shall be compensated on an hourly basis as follows:

.1 The Professional's Principals' hourly rate shall be $194.00 per hour.

1.3.4 For purposes of this Agreement, the Professional's "principals" include the following individuals:

Gerrod W. Kilpatric, PE, David J. Machado, PE; Bradley P. Patano, PE, and Bradford A. Jones, AIA

1.3.5 For purposes of this Agreement, "Employees" are defined as anyone employed by the Professional but not identified as a Principal, including, but not limited to architects, engineers, professionals, draftsmen, specification writers, inspectors, and secretaries in consultation, research, design, production of the Instruments of Service and other documents pertaining to the Project and inspection of construction of the Project.

1.4 REIMBURSABLE EXPENSES

1.4.1 Reimbursable Expenses are in addition to compensation for Basic, Additional, and Extra Services and include expenses incurred by the Professional directly related to the Project. The Professional may be entitled to reimbursement for the following Project-related expenses:

.1 Permit fees and other fees required by authorities having jurisdiction over the Project;

~~.2 Printing, reproductions, plots, and standard form documents;~~

~~.3 Postage, handling, and delivery;~~

~~.4 Expense of overtime work requiring higher than regular rates, if authorized in advance in writing by the Owner; and~~

.5 Additional renderings, physical models, mock-ups, professional photography, and presentation materials requested by Owner or required for the Project.

1.4.2 The Professional shall not be reimbursed for any traveling or living expenses incurred personally, by associates, employees, or consultants.

1.4.3 The Professional shall be entitled only to reimbursement of actual expenses incurred by the Professional with no markup or fee.

1.4.4 All requests for reimbursement must be received with or before the Professional's final request for payment. Payment of the Professional's retainage as indicated below constitutes waiver by the Professional of any past, present, or future claims for reimbursement or other amounts.

1.5 THE OWNER'S BUDGET

1.5.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with a budget of all funds available to the Owner for completion of the Project (the "Owner's Budget"), which includes the contract(s) for construction, all fees, special consultants and contracts, advertising costs, code compliance expenses, a reasonable contingency, and any other expenses necessary to complete the Project and deliver a useful facility. The Owner's Budget may be revised from time to time in writing by the Owner and in the Owner's sole discretion. As stated above, the Owner's Budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,600,000, unless otherwise provided for in writing by the Owner.

1.5.2 As stated below, the Professional shall submit estimates for the Cost of Construction to the Owner in the course of performing its Basic Services. In the event the Professional submits an estimate of the Cost of Construction exceeding the Owner's Budget, the Professional shall also submit a detailed written report, at no additional cost to the Owner, explaining why the Professional's estimate exceeded the Owner's Budget and what steps are needed to bring the Professional's estimate within the Owner's Budget.

1.5.3 If after the Bidding Phase, the Owner determines that the Project cannot be constructed within the Owner's Budget, the Owner may authorize the Professional to either:

.1 Revise the Contract Documents (including the plans and specifications) and rebid; or
.2 Modify the Program, adjust the Project scope, and/or revise the Contract Documents, and rebid.

1.5.4 If at any time, it is determined by the Owner, in the Owner's sole discretion, that the Project cannot be constructed and completed within the Owner's Budget, the Owner may terminate this Agreement for convenience pursuant

to Article 9, and the Owner shall not be obligated to the Professional for any part of the Professional's fees or payments beyond the last Owner-approved phase.

1.6 PAYMENT

1.6.1 The Professional shall submit applications for payment for its Basic Services in accordance with Article 4. At the time the Professional submits its applications for payment for its Basic Services, the Professional shall also include applications for payment for any previously approved Additional or Extra Services the Professional has performed along with any Reimbursable Expenses incurred by the Professional. All applications for payment shall be itemized in detail and be supported by all related estimates, receipts, or invoices. Owner shall make payment to the Professional within thirty (30) days of receipt of the Professional's application for payment. Payments made by Owner shall not be construed as acceptance of defects in the Professional's Services.

1.6.2 All applications for payment by the Professional shall be submitted by the PRINCIPAL IN CHARGE identified in the Agreement.

1.6.3 The Professional shall keep full and detailed records and accounts related to its Services, expenses, payments, and reimbursements and exercise such controls as may be necessary for proper financial management under this Agreement. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Professional's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, consultant agreements, invoices, purchase orders, vouchers, memoranda and other data relating to this Agreement. The Professional shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

1.6.4 In the event that the Professional seeks to utilize drawings and/or specifications prepared under this Agreement for separate projects with Owner that are not covered by this Agreement, and understanding that such "duplicate work" requires primarily the modification of plot plans, foundations, service connections, incidental changes, supervision, and the like, then Owner will be entitled to credit toward the design costs for the other Project to the extent of such costs paid by Owner pursuant to this Agreement. Owner is not obligated to enter a new Agreement for duplicate work.

2. PROFESSIONAL'S RESPONSIBILITIES

2.1 The Professional shall provide professional services as set forth in this Agreement. The Professional represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

2.2 The Professional shall perform all Services consistent with the professional skill and care ordinarily provided by Professionals practicing in the same or similar locality under the same or similar circumstances. The Professional shall perform all Services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

2.3 The Professional shall be responsible for complying with all applicable laws, rules, regulations, codes, and industry standards in performing its Services under this Agreement.

2.4 The Professional shall identify a representative authorized to act on behalf of the Professional with respect to the Project. The Professional shall be bound by all acts, omissions, statements, and representations of its representative. The Owner shall have the right to approve or reject the Professional's authorized representative.

2.5 The Professional shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Professional's professional judgment with respect to the Project or otherwise.

2.6 The Professional shall assist the Owner with preparing and filing any documents required for the approval of governmental authorities having jurisdiction over the Project.

2.7 The Professional shall contact the appropriate government authorities required to approve the plans, specifications, and other construction or design documents, as well as the entities providing utility services to the Project. In designing the Project, the Professional shall respond to applicable design requirements imposed by such governmental

authorities and entities providing utility services. The Professional shall also assist the Owner in the preparation of applications to the U.S. Government or other granting agencies for construction, interest subsidy, or other forms of grants.

2.8 Time is of the essence of this Agreement. The Professional shall submit for the Owner's approval, an estimated Schedule of Performance of Services. The estimated Schedule of Performance shall specify the number days needed by the Professional to complete each phase of the Professional's Services and shall account for time needed by the Owner and/or a governing body to review any submission by the Professional. The Schedule of Performance may be modified as the Project proceeds but only with the Owner's written approval. This Schedule of Performance, when approved by Owner, shall not, except for reasonable cause, be exceeded by the Professional.

2.9 The Schedule of Performance shall designate the length of time in calendar days for completion of each phase of Services. The dates for receipt of phases shall be the date the documents are stamped into the Owner's office if they are in an approval condition. If submittals are rejected, then the clock will continue to run without charge for that time being reviewed by the Owner. The date for approval and beginning of the next phase shall be the date of receipt, by the Professional, of written approval from the Owner.

2.10 PROFESSIONAL'S INSURANCE AND INDEMNITY OBLIGATIONS

2.10.1 The Professional shall purchase and maintain with a company, or companies, licensed to do business in the State of Mississippi such insurance as will provide protection from claims resulting from errors and omissions, or negligent acts arising out of the performance of professional services and operations under this Agreement. The Professional shall maintain the following insurances, at a minimum, until termination of this Agreement:

.1 Commercial General Liability insurance with policy limits of not less than $1,000,000 for each occurrence and $2,000,000 in the aggregate for bodily injury and property damage.

.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Professional with policy limits of not less than $1,000,000 per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

.3 The Professional may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.10.1.1 and 2.10.2.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

.4 Workers' Compensation insurance at statutory minimum limits.

.5 Employers Liability insurance with policy limits not less than $1,000,000 each accident, $1,000,000 each employee, and $2,000,000 policy limit.

.6 Professional Liability insurance covering negligent acts, errors, and omissions in the performance of professional services with policy limits of not less than $1,000,000 per claim or occurrence and $2,000,000 in aggregate.

2.10.2 To the fullest extent permitted by law, the Professional shall cause the primary and excess or umbrella polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Professional's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations. Further, each of the Professional's insurance policies shall include waivers of subrogation in favor of the Owner.

2.10.3 The Professional shall provide Certificates of Insurance to the Owner that evidence compliance with the requirements in this Section 2.10 prior to beginning work or performing Services for the Project. The Certificate of Insurance shall contain a provision stating that the policy may not be canceled or not renewed without at least thirty (30) days prior written notice to the Owner. Failure to provide the Owner with a Certificate of Insurance reflecting all insurance coverages and requirements set forth in this Section 2.10 shall be a material breach of this Agreement.

2.10.4 If by the terms of this insurance any mandatory deductibles are required, or if the Professional should elect with the concurrence of the Owner, to increase the mandatory deductible amounts or purchase this insurance with voluntary deductible amounts, the Professional shall be responsible for payment of the amount of the deductible in the event a claim is paid. In the event of a claim against the policy, the Professional shall arrange for the restoration of the limit of liability so that full coverage is maintained at all times.

2.10.5 The Professional shall be fully responsible to the Owner for work performed by any employees, associates, and/or consultants. Errors and omissions insurance coverage for the total Project design, including that of all Associates and/or consultants, rests solely with the Professional. In the case of joint ventures, joint venture errors and omissions insurance coverage shall be required in accordance with the limits stated above.

2.10.6 The Professional shall defend, indemnify, and hold harmless the Owner and the Owner's agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees and litigation expenses, regardless of the nature or type of claim, which arise from or relate to the Professional's performance of Services under this Agreement, any acts or omissions of the Professional, or any alleged negligence of the Professional or the Professional's consultants, anyone directly or indirectly employed by them, or anyone for whose acts they or the Professional may be liable. This indemnification requirement shall survive the expiration or earlier termination of this Agreement.

3. BASIC SERVICES

The Professional's Basic Services are those described in this Article 3 and include all usual and customary civil, structural, mechanical, and electrical engineering services. The Professional shall manage all Services, consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and report progress to the Owner. The Professional shall coordinate its Services with those being provided by the Owner or any separate consultants hired by the Owner.

3.1 SCOPE OF PROGRAM PHASE SERVICES

3.1.1 Professional shall meet with Owner to ascertain the general requirements for the Project and shall meet with the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) to discuss, among other things, the scope of the Project, the functional and departmental objectives of the Project, and the relationship of the Project to other structures and facilities.. Professional shall advise Owner and the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) as to cost of the Project and time requirements for planning and construction of the Project.

3.1.2 The Professional shall prepare and submit to the Owner a comprehensive written Project Program, which shall set forth the scope of the Project. The Program will include at a minimum the following elements:

.1 Goal: Design objectives, limitations, and criteria;
.2 Site: Site requirements and analysis including location, boundaries, topography, vegetation, utilities, climate, flooding, traffic, and priority;
.3 Equipment: Special equipment and systems;
.4 Energy: Energy considerations;
.5 Existing: Analysis of existing facilities(lift station sites);
.6 Concept: Summary of Project concept, scope and goal with priority list; and
.7 Budget: Total Project budget, with controlling input from Owner

3.1.3 The Professional shall submit to the Owner copies of the written Project Program.

3.1.4 The Professional shall show progress to date, confirm the remainder of the Schedule of Performance, and obtain the Owner's written approval for completing the Program Phase before proceeding with the Construction Phase Design.

3.4 SCOPE OF CONSTRUCTION DOCUMENT PHASE SERVICES

3.4.1 After obtaining the written approval of the Owner for the Design Development Phase, the Professional shall prepare and submit to the Owner copies of working drawings and specifications detailing and prescribing the work to be accomplished to construct the Project including materials; workmanship; finishes; mechanical and electrical systems;

special equipment; general, special, and supplementary conditions for the agreement between the Owner and the contractor; and any and all other information required for receiving bids on the Project and subsequent preparation of shop drawings and detail drawings.

3.4.2 Upon receipt of the review comments from the Owner, the Professional shall complete and finalize the Contract Documents to conform to the Owner's review comments. Professional shall furnish copies to the Owner of the final version of the Contract Documents prior to release of said documents for bids.

3.4.3 The Professional shall furnish and distribute complete sets of plans, specifications, and other Bidding Documents as are necessary for bidding purposes (the "Contract Documents"), including in electronic form if required. Any cost of printing and mailing these Contract Documents shall be paid by the Professional and reimbursed by the Owner, with cost approval by the Owner before printing is ordered. Reimbursement to the Professional by the Owner of printing costs is to assure that an adequate number of plans and specifications shall be available for bidding purposes and thereby resulting in the best possible competitive bids being received by the Owner for the Project. Costs of all plans and specifications, other than for bidding, required for the design process shall be at the expense of the Professional.

3.4.4 The Professional shall prepare and submit to the Owner a detailed Cost of Construction estimate demonstrating allocation of cost for various systems. The basis for the cost estimate shall be a quantity survey. The estimate shall show an escalation projected from the date of the estimate to the projected bid date.

3.4.5 The date for receipt of bids shall be established by the Owner.

3.4.6 The Professional agrees that approval of the Contract Documents, including drawings and specifications, by Owner or by any person, body, or agency shall not relieve Professional of the responsibility for the adequacy, fitness, suitability, correctness of design, and for designing all documents and completing all Services in accordance with sound and accepted engineering practices and in compliance with all prevailing building codes and federal and state laws and regulations, including but not limited to such codes and regulations set forth below in Section 6.4.

3.4.7 The Professional shall submit to the Owner complete Contract Documents in electronic format within time sufficient to distribute same for bids.

3.5 SCOPE OF BIDDING PHASE SERVICES

3.5.1 After obtaining the written approval of the Owner of the Construction Document Phase, the Professional shall assist the Owner in obtaining bids and preparing and awarding all construction contracts. The Professional shall provide other preconstruction and bidding phase services such as preconstruction estimates, constructability analyses, project scheduling, and identifying potential qualified subcontractors and materialmen, if necessary.

3.5.2 For project subject to competitive bidding laws, the professional shall assist the Owner in bidding the Project by: procuring the reproduction of Contract Documents for distribution to prospective bidders; distributing the Contract Documents to prospective bidders and maintaining a log of distribution; organizing and conducting a pre-bid conference for prospective bidders; preparing responses to questions from bidders and providing clarifications and interpretations of the Contract Documents in the form of addenda to the same; and organizing and conducting the opening of bids and documenting the bidding results.

3.5.2 The Professional shall attend the bid opening and furnish a suitably detailed tabulation sheet for recording the name of each Bidder, the Bidder's Certificate of Responsibility Number, Bid Security, Base Bid, Alternates, and remarks. The Professional shall furnish sufficient tabulation sheets for all in attendance. Immediately after receipt of bids, the Professional shall submit to the Owner a certified tabulation of all bids received, along with his recommendation as to Contract award.

3.5.3 The Professional, following the award of a Construction Contract, shall prepare and submit to the Owner, copies of updated Construction Documents (including plans and specifications). Each copy shall be marked OFFICIAL CONTRACT DOCUMENTS and shall include an executed bid proposal form, agreement form, contract bond, power of attorney, certificate of insurance, all bulletins, addenda, and supplemental drawings. One (1) copy shall be retained by the Owner; one (1) copy shall be for the Contractor. Any other contract document guidelines will be distributed by the Professional at the bid opening.

3.6 SCOPE OF CONSTRUCTION PHASE SERVICES

3.6.1 The Construction Phase begins with the award and the preparation of the construction contract(s). The Professional is responsible for keeping the Owner completely apprised of the Project during the Construction Phase. The Professional shall perform all services necessary to ensure the construction of the Project is moving forward in a timely and cost effective manner and in accordance with the Contract Documents. Those services shall include, but not be limited to, the following:

1. Sanitary sewer design
2. Lift Station Design
3. Plan and Profiles sheets of proposed design
4. Electrical Controls Design
5. Mechanical Pump Selection/Design (if required)
6. Erosion control Plan
7. Overall Utility Plan
8. Obtain necessary MDEQ Stormwater permits
9. Obtain necessary MDEQ sanitary sewer approvals (if required)
10. Construction Details
11. Technical Specifications
12. Provide necessary documentation for ARPA Reimbursement

3.6.2 The Professional shall conduct on-site inspections as necessary to guard against nonconformity of the construction work with the Contract Documents and to observe and report on compliance with agreed upon construction schedules. The Professional shall be responsible for ensuring all inspections are made as needed and during the critical phases of construction by the consultants and the Professional's firm. The Professional shall maintain a written log of all visits to the site by the Professional and/or any consultants identifying by name and title each attendee and a brief description explaining the nature of the site visit. On-site inspections shall be done by a Principal of the Professional's firm and/or of each consultant firm, or a qualified employee of each firm as approved by the Owner. The Professional shall not be responsible for construction means, methods, techniques, sequence of procedures, or the safety precautions and programs in connection with the work. The Professional has the authority to disapprove or reject work that, in its judgment, fails to conform to the Contract Documents. The Professional shall submit monthly written reports to Owner detailing progress and condition of construction of the Project.

3.6.3 As required by the Owner, or upon the written request of the Contractor, the Professional shall promptly respond to any request for information relating to interpretation of the Contract Documents to ensure proper and timely execution of the work and construction of the Project. The Professional shall be the interpreter of the requirements of the Contract Documents and judge of the performance thereunder of the Contractor. The Professional's responses to such requests for information shall be in writing and issued with reasonable promptness so as not to delay the Project.

3.6.4 The Professional shall prepare change Orders for the Owner's approval and execution in accordance with the Contract Documents. The Professional shall have authority to order minor changes in the work which do not involve an adjustment in the Contract Sum or an extension of the Contract Time and which are not inconsistent with the intent of the Contract Documents. The Professional shall not issue any verbal or written directives that materially change the Contract Documents until approved in writing by the Owner.

3.6.5 Upon receipt of an application for payment from the Contractor, the Professional shall determine and confirm the amount owed to the contractor based on the Professional's field inspections, evaluations of the contractor's applications for payment in relation to the most recent schedule of values, and any other information the Professional deems necessary. Based on the Professional's evaluation, the Professional shall recommend to the Owner an amount the Professional believes the contractor is owed and shall issue for the Owner's approval a certificate for payment in that amount. The Professional's recommendation or certification of payment shall constitute a representation on which the Owner is entitled to rely that the work has progressed to the point indicated; that, to the best of the Professional's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents; and, that the Contractor is entitled to payment in the amount certified. The issuance of a certificate for payment will not be a representation that the Professional has made any examination relating to how the Contractor has used or applied previous payments from Owner other than to secure certification under oath that all materialmen, laborers, and subcontractors have been paid by the contractor.

3.6.6 The Professional shall conduct inspections to determine the date of Substantial Completion and the date of final completion; issue certificates of Substantial Completion; receive from contractor and forward to Owner all written

warranties and related documents required by the Contract Documents; and issue a final Certificate for Payment based upon a final inspection of the Project indicating that the Project was constructed in accordance with the requirements of the Contract Documents.

3.6.7 When the Professional is notified by the contractor that the work has been substantially completed and the Project is ready for inspection, the Professional and the Professional's consultants shall inspect the work. Based on this inspection, the Professional and consultants shall prepare lists of items needing correction, repair, or completion. When these items have been corrected by the contractor, the Professional and the Professional's consultants shall make a subsequent inspection to ensure all issues previously identified have been properly addressed. A representative for the Owner shall be present during this inspection. When all issues identified by the Professional and/or the Professional's consultants have been properly addressed, the Professional shall certify to the Owner that, to the best of the Professionals' knowledge, the Project has been fully completed in compliance with the Contract Documents. It is the responsibility of the Professional to have a representative(s) from each of its consultants present for all inspections.

3.6.8 Upon completion of the Project, the Professional shall deliver to the Owner two sets of revised Contract Documents which reflect the as-built condition of the Project. Such as-built documents shall reflect all changes caused by addenda, field changes, change orders, and observed changes by the Professional, contractor, or subcontractors. Additionally, the Professional shall submit two electronic format copies of the as-built Contract Documents in both PDF and CAD format. The Professional shall also deliver to the Owner the Manufacturer's data for the roof materials used, the Manufacturer's Guarantee, and the Roofing Contractor's Guarantee. The Professional shall deliver to the Owner all certificates, data, manuals, warranties, and/or guarantees relating to the Project.

3.6.9 The Professional shall forward to the Owner the following information received from the contractor: consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment to the contractor; affidavits, receipts, releases, and waivers of liens or bonds indemnifying Owner against lines and claims; and any other documentation required of the contractor under the Contract Documents.

3.6.10 During the warranty period of the construction contract(s), the Professional shall work with a representative of the Owner to secure remediation of any defects that are discovered. The Professional shall make, with a representative of the Owner present, a warranty inspection of the Project prior to the expiration of any warranty periods and report observed defects to the Owner and the contractor for correction. The Professional shall be responsible for coordinating all work necessary to repair, correct, or complete defects in the construction, and the Professional shall be responsible to prepare and issue any paper work necessary to effect such repair, regardless of whether such constitutes a change.

3.6.11 The Construction Phase shall terminate upon expiration of the Warranty period or settlement of all Warranty claims, whichever occurs last.

4. PAYMENT TO THE PROFESSIONAL FOR BASIC SERVICES

4.1 PAYMENTS FOR BASIC FEE

4.1.1 Upon completion of the Program Phases and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.2 Upon completion of the Construction Document Phase and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.4 Upon completion of the Bidding Phase, written approval of the Owner and any governing authority or board, and receipt of a construction contract executed by the contractor, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.5 During the Construction Phase, written approval of the Owner and any governing authority or board, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.6 The Owner reserves the right to determine when and who provides the Professional service items needed for this Project. Any pay request submitted by the Professional which contains service items not authorized by the Owner to be performed by the Professional may be disapproved in part, or total.

4.1.7 No delay in payment to the Professional, whether under section 5 of this Agreement or otherwise, shall entitle the Professional to terminate or suspend its Services.

5. PROFESSIONAL CONSULTING SERVICES AND CODES

5.1 PROFESSIONAL CONSULTING SERVICES

5.1.1 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering design services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared shall bear the stamp of the responsible registered professional. The Professional shall enter into Contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.1.2 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering engineering services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared above shall bear the stamp of the responsible registered professional. The Professional shall enter into contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.2 CODES AND REGULATIONS

5.2.1 The Professional shall prepare all Contract Documents, including drawings and specifications, in full conformance and compliance with all applicable codes and regulations, including but not limited to the following specific codes and regulations. The Professional shall reference the versions of the below codes and regulations that are current and in effect as of the date of this Agreement and all subsequent amendments to the same, unless a different and specific edition is expressly noted in the Contract Documents. In the event of any discrepancy or ambiguity, the Professional must comply with, and will be held to, the adopted and applicable codes of the local jurisdiction.

1. International Building Code
2. International Existing Building Code
3. International Plumbing Code
4. International Mechanical Code
5. International Fuel Gas Code
6. International Electrical Code
7. International Fire Code

6. OWNER'S RESPONSIBILITIES

6.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with the Owner's Budget, which shall state all funds available to the Owner for completion of the Project. The Owner's Budget may be revised from time to time in the Owner's sole discretion.

6.2 Unless otherwise provided for under this Agreement, the Owner shall provide information relating to the Project to the Professional in a timely manner when requested by the Professional.

6.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project.

7. OWNERSHIP OF DOCUMENTS

7.1 The Professional's instruments of service, including all contract documents and drawings and specifications, shall be the Owner's property upon payment of the Professional's fees through the latest completed phase. The Owner shall have full and unrestricted use of such instruments of service. The Professional shall not be entitled to re-use or recycle any of the instruments of service without the prior written permission of the Owner. The Professional shall furnish

permanent reproducible transparencies at the Owner's request and the Owner shall reimburse Professional for the actual cost. Original tracings and specifications shall remain in the Professional's custody until the Owner requests delivery.

7.2 The Owner shall have full and unrestricted use of the instruments of service, including all contract documents and drawings and specifications drawings and specifications, for use on any future Project without further compensation due to the Professional.

8. APPLICABLE LAW AND DISPUTE RESOLUTION

8.1 This Agreement shall be governed exclusively by the laws of the State of Mississippi, regardless of any choice of law provisions that might otherwise be applicable.

8.2 The parties shall attempt to resolve any dispute that arises out of or is related to this Agreement by first submitting the dispute to mediation. Any mediation will be conducted by one mediator selected by the Owner and will only be conducted in Harrison County, Mississippi or such other place selected by the Owner. If the parties do not resolve any such dispute through mediation, the parties shall resolve the dispute by litigation.

8.3 The courts of Harrison County, Mississippi shall be the sole and exclusive jurisdiction and venue for any civil action related to this Agreement. Each party irrevocably consents to jurisdiction in said courts and waives any argument that such courts are not a convenient forum or that venue is not proper in Harrison County.

8.4 If the Owner in good faith believes that any claim, dispute, or matter in controversy with the Professional also involves rights or liabilities of the contractor, or other third party, then, at the Owner's sole election, the Professional agrees to resolve such issues in the same forum or proceeding, including court or administrative authority, which has jurisdiction over some or all claims, disputes, and matters in controversy involving the Contractor, or other third party so as to promote economy and avoid inconsistent results.

8.5 No claim, dispute, or matter in controversy or question shall interfere with the progress of the Professional's Services, and the Professional shall proceed diligently with performance of its Services, notwithstanding the existence of any claim, dispute, or matter in controversy or question.

9. TERMINATION

9.1 The Owner may terminate this Agreement for cause should the Professional fail to timely perform its Services or fail to satisfy any of the terms or conditions of this Agreement, as determined in the Owner's sole discretion, within three calendar days after receipt of the Owner's notice of deficiency. In the event of such termination for cause, the Professional shall be responsible for all costs, fees, and expenses, including reasonable attorneys' fees, incurred by the Owner to remedy the deficiencies caused or created by the Professional or to otherwise complete the Professional's Services under this Agreement. Upon such termination, the Professional shall only be entitled to receive as payment any outstanding balance due by the Owner to the Professional for satisfactory Services that the Professional completed as part of the last approved design phase, but only to the extent that such payment exceeds all costs, fees, and expenses incurred by the Owner in connection with correction or completion of the Professional's Services or termination of the Professional. At the option of the Owner, all finished or unfinished instruments of service prepared by the Professional shall be the property of the Owner.

9.2 Notwithstanding anything to the contrary in this Agreement and in addition to the Owner's right to terminate this Agreement for cause, breach or default, the Owner may also suspend the Professional's Services or terminate all or any part of this Agreement, without cause, regardless of fault or the lack thereof by any party, for its sole convenience, or for any reason or no reason whatsoever. Upon such no-fault termination, the Professional shall be entitled only to payment for Services satisfactorily completed up to the date of termination. The Professional shall not be entitled to any payment, compensation, or damages, including but not limited to lost profits or other theory of recovery, with respect to Services not performed or not accepted.

9.3 If the Owner terminates the Agreement for default or breach but it is determined, for any reason, that sufficient grounds did not exist for terminating the Agreement, the Professional shall, as its sole and exclusive remedy, be entitled only to the amount due under the Agreement as if the termination were for no fault. Regardless of whether termination is for default or no fault, the Professional shall not be entitled to any payment in excess of the reasonable value or actual cost of work actually performed by the Professional in strict accordance with the Agreement, less offsets and other amounts due the Owner under this Agreement.

9.4 The Professional shall, in no event, be entitled to special, consequential, exemplary, or punitive damages because of the Owner's termination of this Agreement, the Owner's alleged breach or default under this Agreement, or any other act or omission of the Owner.

10. MISCELLANEOUS

10.1 Any notice to the Professional may be given in writing by United States Mail, fax, email, or verbally in person. Notice by mail shall be considered as given and effective when addressed to the last-known address of the Professional and deposited in the United States Mail, and shall be effective for all purposes as of the time of such deposit, whether actually received or not. Notice by any other means shall be effective when sent by the Owner to the Professional. Any notice to the Owner shall be in writing and sent to the Owner by certified or registered mail, return receipt requested, to Owner's office of general counsel.

10.2 The Professional shall not assign its rights nor delegate its obligations under this Agreement without first obtaining the written consent and approval of the Owner. The Professional shall not assign any amounts due or to become due under this subcontract without written consent from the Owner.

10.3 The parties intend as follows: (a) that if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) that if an unenforceable provision is modified or disregarded in accordance with this section, then the rest of this Agreement will remain in effect as written; and (c) that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

10.4 If a party desires to waive any right under this Agreement, it may only do so by signing a writing specifying the right waived. Any such waiver will be binding only for the limited purpose for which the written waiver was given.

10.5 Under no circumstances shall the Professional be entitled to receive consequential damages or lost profits from the Owner, regardless of the nature or type of breach or claim made by the Professional.

10.6 This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral. This Agreement may not be amended except in writing signed by both parties. All proposals, negotiations, and representations with respect to this Agreement, whether oral or written, are hereby superseded and merged into this Agreement. This Agreement cannot be changed, modified, altered, suspended, or terminated, except in writing signed by an authorized representative of the Owner. No delay, waiver, forbearance, or failure by the Owner to exercise rights or remedies under this Agreement or to insist upon strict compliance by the Professional shall prevent the Owner from strictly enforcing any of the provisions of this Agreement, nor shall relieve the Professional from strict compliance with all terms and conditions hereof nor shall waive, restrict, or adversely affect any of the Owner's rights and remedies as to any subsequent or continuing failure of the Professional to comply strictly with all terms and conditions of this Agreement. The invalidity or unenforceability of any term or condition of this Agreement shall not invalidate, render unenforceable, or adversely affect the remaining terms and conditions. This Agreement shall be binding upon the successors in interest of the parties hereto, but nothing in this Agreement is intended nor shall be construed to create any rights for or to benefit any third parties. Both parties have had the opportunity to review with their respective legal counsel and technical advisors this Agreement, and both parties therefore stipulate that this Agreement shall be given effect and shall not be subject to the rule of construction of being construed against the drafting party.

STANDARD FORM OF AGREEMENT BETWEEN
THE OWNER AND THE DESIGN PROFESSIONAL

This Agreement for professional design engineering services (the "Agreement") is entered into and made effective this, the 30th day of January, 2024, by and between City of Gulfport ("Owner") and the Design Professional identified below ("Professional").

OWNER: City of Gulfport
P.O. Box 1780
Gulfport, MS 39502

PROFESSIONAL:

Business Name _Machado | Patano, PLLC dba MP Design Group_____
Mailing Address _918 Howard Avenue, Suite F, Biloxi, MS 39530_____
City/State/Zip_Biloxi, MS 39530_____
Email Address_gkilpatrick@mpdesigngroup.us_____Phone:__(228)388-1950_____

The Professional is a *(Check and complete one of the following)*:

(X) CORPORATION (includes PA, LLC, or PLLC) solely organized and existing under the laws of the State of _Mississippi_____and having its principal office in ___Biloxi_____Harrison_____MS
(City) (County) (State)

( ) PARTNERSHIP of the following (*List all partners or joint venture partners*):_____

( ) SOLE PROPRIETORSHIP ( ) OTHER _____

The Professional shall provide services for the following Project: **CITY OF GULPFORT CITY WIDE LIFT STATION REHABILITATION PROJECT, MCWI 154-2-CW-5.5** (the "Project").

The Owner's total budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,613,773.92 (Six Million, Six Hundred Thirteen Thousand, Seven Hundred Seventy Three dollars, and ninety two cents) unless otherwise provided for in writing by the Owner.

The Professional warrants and represents that it is authorized to do business in Mississippi and that it holds a valid license from the governing Mississippi authority or agency, with its license number being MS-16559 Gerrod W. Kilpatrick, P.E.); E-1077 (Machado | Patano, PLLC).

For and in consideration of the covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Owner and Professional agree as follows and specifically set forth in Articles 1 through 10 below:

1. PROFESSIONAL'S SERVICES AND COMPENSATION

For the scope of this engagement, the Professional's Services shall be classified as: (1) Basic; (2) Additional; or (3) Extra (the "Services"). The Professional's engagement may include one or more of the Services depending upon the needs of the Project. The Professional's compensation for its work on the Project is calculated based upon the type of Services the Professional is engaged to perform. The Professional's fee is calculated differently for each type of Service. The Professional may also be entitled to reimbursement for actual costs incurred as a result of performing certain enumerated Project-related activities ("Reimbursable Expenses").

1.1 BASIC SERVICES

1.1.1 The Professional's Basic Services on the Project shall consist of Program Phase Services, Construction Document Services, Bidding Phase Services, and Construction Phase Services, and MCWI/ARPA Program Requirements. The scope of the Basic Services is explained in further detail in Article 3.

1.1.2 The Professional's compensation for Basic Services shall be an hourly not to exceed fee of **$778,932.00** that will be billed per the approved City of Gulfport hourly rate sheet. The not to exceed fee is based of the FEMA Curve A requirements (attached) for a construction value of $6,600,000. This fee includes both the design phase and the construction administration phase. Cost of Construction shall be the total cost to the Owner to construct all elements of the Project as designed and specified by the Professional, as set forth in the plans, specifications, and other contract documents, and as approved by the Owner. In no event shall the Professional's Fee for its Basic Services be calculated using a Cost of Construction exceeding the Owner's Budget as defined in Article 1.5. The Professional shall be compensated for its Basic Services in accordance with the provisions of Article 4 below.

1.1.3 Any consultants retained or otherwise employed by the Professional must be approved by the Owner. The Professional shall not employ or otherwise retain consulting Professionals with proprietary interests. The Professional agrees to employ any consultants needed for complete services, including inspection.

1.1.4 All consultants hired by the Professional shall be required to obtain the same levels and amounts of insurance for protection of the Owner and the Project that the Professional is required to obtain pursuant to Article 2.10 of this Agreement.

1.1.5 The Professional shall be responsible for all applicable taxes and shall not receive any extra or increase payment from the Owner for such taxes.

1.2 ADDITIONAL SERVICES

1.2.1 Additional Services are Services the Owner may elect for the Professional to perform. Additional Services performed by the Professional shall be billed to the Owner on a lump sum basis. Additional Services performed by a third party engaged by the Professional shall be billed to the Owner at the actual cost incurred by the Professional for the third-party service plus an amount equal to **10.0%** (ten percent) of the cost incurred. Prior to performing any Additional Service, the Professional shall provide the Owner with a detailed cost estimate of the Additional Service. If the Owner is dissatisfied with the proposed cost, the Professional shall obtain additional estimates. Additional Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Additional Services where the Owner's prior written approval was not first obtained.

1.2.2 The Owner shall make payments to Professional for any Additional Services upon completion of the same and Owner's approval of the same. Partial payments may be made upon written request by Professional and Owner's approval.

1.3 EXTRA SERVICES

1.3.1 During the course of its engagement, the Professional may be required to perform Extra Services as defined as follows:

.1 Services necessitated by a change in material information supplied by the Owner, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of Construction, or procurement or delivery method;

.2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

.3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

.4 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;

.5 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

.6 Preparation for, and attendance at, a public presentation, meeting, or hearing;

.7 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Engineer is party thereto; or

.8 Evaluation of the qualifications of entities providing bids or proposals.

1.3.2 Prior to performing any Extra Service, the Professional shall notify the Owner in writing of the circumstance creating the need for the Extra Service, the proposed scope of the Extra Service, and an estimate of the cost to the Owner for proposed Extra Service. Extra Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Extra Services where the Owner's prior written approval was not first obtained.

1.3.3 Except for Extra Services required due to the fault of the Professional, the Professional shall be compensated on an hourly basis as follows:

.1 The Professional's Principals' hourly rate shall be $194.00 per hour.

1.3.4 For purposes of this Agreement, the Professional's "principals" include the following individuals:

Gerrod W. Kilpatric, PE, David J. Machado, PE; Bradley P. Patano, PE, and Bradford A. Jones, AIA

1.3.5 For purposes of this Agreement, "Employees" are defined as anyone employed by the Professional but not identified as a Principal, including, but not limited to architects, engineers, professionals, draftsmen, specification writers, inspectors, and secretaries in consultation, research, design, production of the Instruments of Service and other documents pertaining to the Project and inspection of construction of the Project.

1.4 REIMBURSABLE EXPENSES

1.4.1 Reimbursable Expenses are in addition to compensation for Basic, Additional, and Extra Services and include expenses incurred by the Professional directly related to the Project. The Professional may be entitled to reimbursement for the following Project-related expenses:

.1 Permit fees and other fees required by authorities having jurisdiction over the Project;

~~.2 Printing, reproductions, plots, and standard form documents;~~

~~.3 Postage, handling, and delivery;~~

~~.4 Expense of overtime work requiring higher than regular rates, if authorized in advance in writing by the Owner; and~~

.5 Additional renderings, physical models, mock-ups, professional photography, and presentation materials requested by Owner or required for the Project.

1.4.2 The Professional shall not be reimbursed for any traveling or living expenses incurred personally, by associates, employees, or consultants.

1.4.3 The Professional shall be entitled only to reimbursement of actual expenses incurred by the Professional with no markup or fee.

1.4.4 All requests for reimbursement must be received with or before the Professional's final request for payment. Payment of the Professional's retainage as indicated below constitutes waiver by the Professional of any past, present, or future claims for reimbursement or other amounts.

1.5 THE OWNER'S BUDGET

1.5.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with a budget of all funds available to the Owner for completion of the Project (the "Owner's Budget"), which includes the contract(s) for construction, all fees, special consultants and contracts, advertising costs, code compliance expenses, a reasonable contingency, and any other expenses necessary to complete the Project and deliver a useful facility. The Owner's Budget may be revised from time to time in writing by the Owner and in the Owner's sole discretion. As stated above, the Owner's Budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,600,000, unless otherwise provided for in writing by the Owner.

1.5.2 As stated below, the Professional shall submit estimates for the Cost of Construction to the Owner in the course of performing its Basic Services. In the event the Professional submits an estimate of the Cost of Construction exceeding the Owner's Budget, the Professional shall also submit a detailed written report, at no additional cost to the Owner, explaining why the Professional's estimate exceeded the Owner's Budget and what steps are needed to bring the Professional's estimate within the Owner's Budget.

1.5.3 If after the Bidding Phase, the Owner determines that the Project cannot be constructed within the Owner's Budget, the Owner may authorize the Professional to either:

.1 Revise the Contract Documents (including the plans and specifications) and rebid; or
.2 Modify the Program, adjust the Project scope, and/or revise the Contract Documents, and rebid.

1.5.4 If at any time, it is determined by the Owner, in the Owner's sole discretion, that the Project cannot be constructed and completed within the Owner's Budget, the Owner may terminate this Agreement for convenience pursuant

to Article 9, and the Owner shall not be obligated to the Professional for any part of the Professional's fees or payments beyond the last Owner-approved phase.

1.6 PAYMENT

1.6.1 The Professional shall submit applications for payment for its Basic Services in accordance with Article 4. At the time the Professional submits its applications for payment for its Basic Services, the Professional shall also include applications for payment for any previously approved Additional or Extra Services the Professional has performed along with any Reimbursable Expenses incurred by the Professional. All applications for payment shall be itemized in detail and be supported by all related estimates, receipts, or invoices. Owner shall make payment to the Professional within thirty (30) days of receipt of the Professional's application for payment. Payments made by Owner shall not be construed as acceptance of defects in the Professional's Services.

1.6.2 All applications for payment by the Professional shall be submitted by the PRINCIPAL IN CHARGE identified in the Agreement.

1.6.3 The Professional shall keep full and detailed records and accounts related to its Services, expenses, payments, and reimbursements and exercise such controls as may be necessary for proper financial management under this Agreement. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Professional's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, consultant agreements, invoices, purchase orders, vouchers, memoranda and other data relating to this Agreement. The Professional shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

1.6.4 In the event that the Professional seeks to utilize drawings and/or specifications prepared under this Agreement for separate projects with Owner that are not covered by this Agreement, and understanding that such "duplicate work" requires primarily the modification of plot plans, foundations, service connections, incidental changes, supervision, and the like, then Owner will be entitled to credit toward the design costs for the other Project to the extent of such costs paid by Owner pursuant to this Agreement. Owner is not obligated to enter a new Agreement for duplicate work.

2. PROFESSIONAL'S RESPONSIBILITIES

2.1 The Professional shall provide professional services as set forth in this Agreement. The Professional represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

2.2 The Professional shall perform all Services consistent with the professional skill and care ordinarily provided by Professionals practicing in the same or similar locality under the same or similar circumstances. The Professional shall perform all Services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

2.3 The Professional shall be responsible for complying with all applicable laws, rules, regulations, codes, and industry standards in performing its Services under this Agreement.

2.4 The Professional shall identify a representative authorized to act on behalf of the Professional with respect to the Project. The Professional shall be bound by all acts, omissions, statements, and representations of its representative. The Owner shall have the right to approve or reject the Professional's authorized representative.

2.5 The Professional shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Professional's professional judgment with respect to the Project or otherwise.

2.6 The Professional shall assist the Owner with preparing and filing any documents required for the approval of governmental authorities having jurisdiction over the Project.

2.7 The Professional shall contact the appropriate government authorities required to approve the plans, specifications, and other construction or design documents, as well as the entities providing utility services to the Project. In designing the Project, the Professional shall respond to applicable design requirements imposed by such governmental

authorities and entities providing utility services. The Professional shall also assist the Owner in the preparation of applications to the U.S. Government or other granting agencies for construction, interest subsidy, or other forms of grants.

2.8 Time is of the essence of this Agreement. The Professional shall submit for the Owner's approval, an estimated Schedule of Performance of Services. The estimated Schedule of Performance shall specify the number days needed by the Professional to complete each phase of the Professional's Services and shall account for time needed by the Owner and/or a governing body to review any submission by the Professional. The Schedule of Performance may be modified as the Project proceeds but only with the Owner's written approval. This Schedule of Performance, when approved by Owner, shall not, except for reasonable cause, be exceeded by the Professional.

2.9 The Schedule of Performance shall designate the length of time in calendar days for completion of each phase of Services. The dates for receipt of phases shall be the date the documents are stamped into the Owner's office if they are in an approval condition. If submittals are rejected, then the clock will continue to run without charge for that time being reviewed by the Owner. The date for approval and beginning of the next phase shall be the date of receipt, by the Professional, of written approval from the Owner.

2.10 PROFESSIONAL'S INSURANCE AND INDEMNITY OBLIGATIONS

2.10.1 The Professional shall purchase and maintain with a company, or companies, licensed to do business in the State of Mississippi such insurance as will provide protection from claims resulting from errors and omissions, or negligent acts arising out of the performance of professional services and operations under this Agreement. The Professional shall maintain the following insurances, at a minimum, until termination of this Agreement:

.1 Commercial General Liability insurance with policy limits of not less than $1,000,000 for each occurrence and $2,000,000 in the aggregate for bodily injury and property damage.

.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Professional with policy limits of not less than $1,000,000 per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

.3 The Professional may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.10.1.1 and 2.10.2.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

.4 Workers' Compensation insurance at statutory minimum limits.

.5 Employers Liability insurance with policy limits not less than $1,000,000 each accident, $1,000,000 each employee, and $2,000,000 policy limit.

.6 Professional Liability insurance covering negligent acts, errors, and omissions in the performance of professional services with policy limits of not less than $1,000,000 per claim or occurrence and $2,000,000 in aggregate.

2.10.2 To the fullest extent permitted by law, the Professional shall cause the primary and excess or umbrella polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Professional's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations. Further, each of the Professional's insurance policies shall include waivers of subrogation in favor of the Owner.

2.10.3 The Professional shall provide Certificates of Insurance to the Owner that evidence compliance with the requirements in this Section 2.10 prior to beginning work or performing Services for the Project. The Certificate of Insurance shall contain a provision stating that the policy may not be canceled or not renewed without at least thirty (30) days prior written notice to the Owner. Failure to provide the Owner with a Certificate of Insurance reflecting all insurance coverages and requirements set forth in this Section 2.10 shall be a material breach of this Agreement.

2.10.4 If by the terms of this insurance any mandatory deductibles are required, or if the Professional should elect with the concurrence of the Owner, to increase the mandatory deductible amounts or purchase this insurance with voluntary deductible amounts, the Professional shall be responsible for payment of the amount of the deductible in the event a claim is paid. In the event of a claim against the policy, the Professional shall arrange for the restoration of the limit of liability so that full coverage is maintained at all times.

2.10.5 The Professional shall be fully responsible to the Owner for work performed by any employees, associates, and/or consultants. Errors and omissions insurance coverage for the total Project design, including that of all Associates and/or consultants, rests solely with the Professional. In the case of joint ventures, joint venture errors and omissions insurance coverage shall be required in accordance with the limits stated above.

2.10.6 The Professional shall defend, indemnify, and hold harmless the Owner and the Owner's agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees and litigation expenses, regardless of the nature or type of claim, which arise from or relate to the Professional's performance of Services under this Agreement, any acts or omissions of the Professional, or any alleged negligence of the Professional or the Professional's consultants, anyone directly or indirectly employed by them, or anyone for whose acts they or the Professional may be liable. This indemnification requirement shall survive the expiration or earlier termination of this Agreement.

3. BASIC SERVICES

The Professional's Basic Services are those described in this Article 3 and include all usual and customary civil, structural, mechanical, and electrical engineering services. The Professional shall manage all Services, consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and report progress to the Owner. The Professional shall coordinate its Services with those being provided by the Owner or any separate consultants hired by the Owner.

3.1 SCOPE OF PROGRAM PHASE SERVICES

3.1.1 Professional shall meet with Owner to ascertain the general requirements for the Project and shall meet with the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) to discuss, among other things, the scope of the Project, the functional and departmental objectives of the Project, and the relationship of the Project to other structures and facilities.. Professional shall advise Owner and the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) as to cost of the Project and time requirements for planning and construction of the Project.

3.1.2 The Professional shall prepare and submit to the Owner a comprehensive written Project Program, which shall set forth the scope of the Project. The Program will include at a minimum the following elements:

.1 Goal: Design objectives, limitations, and criteria;
.2 Site: Site requirements and analysis including location, boundaries, topography, vegetation, utilities, climate, flooding, traffic, and priority;
.3 Equipment: Special equipment and systems;
.4 Energy: Energy considerations;
.5 Existing: Analysis of existing facilities(lift station sites);
.6 Concept: Summary of Project concept, scope and goal with priority list; and
.7 Budget: Total Project budget, with controlling input from Owner

3.1.3 The Professional shall submit to the Owner copies of the written Project Program.

3.1.4 The Professional shall show progress to date, confirm the remainder of the Schedule of Performance, and obtain the Owner's written approval for completing the Program Phase before proceeding with the Construction Phase Design.

3.4 SCOPE OF CONSTRUCTION DOCUMENT PHASE SERVICES

3.4.1 After obtaining the written approval of the Owner for the Design Development Phase, the Professional shall prepare and submit to the Owner copies of working drawings and specifications detailing and prescribing the work to be accomplished to construct the Project including materials; workmanship; finishes; mechanical and electrical systems;

special equipment; general, special, and supplementary conditions for the agreement between the Owner and the contractor; and any and all other information required for receiving bids on the Project and subsequent preparation of shop drawings and detail drawings.

3.4.2 Upon receipt of the review comments from the Owner, the Professional shall complete and finalize the Contract Documents to conform to the Owner's review comments. Professional shall furnish copies to the Owner of the final version of the Contract Documents prior to release of said documents for bids.

3.4.3 The Professional shall furnish and distribute complete sets of plans, specifications, and other Bidding Documents as are necessary for bidding purposes (the "Contract Documents"), including in electronic form if required. Any cost of printing and mailing these Contract Documents shall be paid by the Professional and reimbursed by the Owner, with cost approval by the Owner before printing is ordered. Reimbursement to the Professional by the Owner of printing costs is to assure that an adequate number of plans and specifications shall be available for bidding purposes and thereby resulting in the best possible competitive bids being received by the Owner for the Project. Costs of all plans and specifications, other than for bidding, required for the design process shall be at the expense of the Professional.

3.4.4 The Professional shall prepare and submit to the Owner a detailed Cost of Construction estimate demonstrating allocation of cost for various systems. The basis for the cost estimate shall be a quantity survey. The estimate shall show an escalation projected from the date of the estimate to the projected bid date.

3.4.5 The date for receipt of bids shall be established by the Owner.

3.4.6 The Professional agrees that approval of the Contract Documents, including drawings and specifications, by Owner or by any person, body, or agency shall not relieve Professional of the responsibility for the adequacy, fitness, suitability, correctness of design, and for designing all documents and completing all Services in accordance with sound and accepted engineering practices and in compliance with all prevailing building codes and federal and state laws and regulations, including but not limited to such codes and regulations set forth below in Section 6.4.

3.4.7 The Professional shall submit to the Owner complete Contract Documents in electronic format within time sufficient to distribute same for bids.

3.5 SCOPE OF BIDDING PHASE SERVICES

3.5.1 After obtaining the written approval of the Owner of the Construction Document Phase, the Professional shall assist the Owner in obtaining bids and preparing and awarding all construction contracts. The Professional shall provide other preconstruction and bidding phase services such as preconstruction estimates, constructability analyses, project scheduling, and identifying potential qualified subcontractors and materialmen, if necessary.

3.5.2 For project subject to competitive bidding laws, the professional shall assist the Owner in bidding the Project by: procuring the reproduction of Contract Documents for distribution to prospective bidders; distributing the Contract Documents to prospective bidders and maintaining a log of distribution; organizing and conducting a pre-bid conference for prospective bidders; preparing responses to questions from bidders and providing clarifications and interpretations of the Contract Documents in the form of addenda to the same; and organizing and conducting the opening of bids and documenting the bidding results.

3.5.2 The Professional shall attend the bid opening and furnish a suitably detailed tabulation sheet for recording the name of each Bidder, the Bidder's Certificate of Responsibility Number, Bid Security, Base Bid, Alternates, and remarks. The Professional shall furnish sufficient tabulation sheets for all in attendance. Immediately after receipt of bids, the Professional shall submit to the Owner a certified tabulation of all bids received, along with his recommendation as to Contract award.

3.5.3 The Professional, following the award of a Construction Contract, shall prepare and submit to the Owner, copies of updated Construction Documents (including plans and specifications). Each copy shall be marked OFFICIAL CONTRACT DOCUMENTS and shall include an executed bid proposal form, agreement form, contract bond, power of attorney, certificate of insurance, all bulletins, addenda, and supplemental drawings. One (1) copy shall be retained by the Owner; one (1) copy shall be for the Contractor. Any other contract document guidelines will be distributed by the Professional at the bid opening.

3.6 SCOPE OF CONSTRUCTION PHASE SERVICES

3.6.1 The Construction Phase begins with the award and the preparation of the construction contract(s). The Professional is responsible for keeping the Owner completely apprised of the Project during the Construction Phase. The Professional shall perform all services necessary to ensure the construction of the Project is moving forward in a timely and cost effective manner and in accordance with the Contract Documents. Those services shall include, but not be limited to, the following:

1. Sanitary sewer design
2. Lift Station Design
3. Plan and Profiles sheets of proposed design
4. Electrical Controls Design
5. Mechanical Pump Selection/Design (if required)
6. Erosion control Plan
7. Overall Utility Plan
8. Obtain necessary MDEQ Stormwater permits
9. Obtain necessary MDEQ sanitary sewer approvals (if required)
10. Construction Details
11. Technical Specifications
12. Provide necessary documentation for ARPA Reimbursement

3.6.2 The Professional shall conduct on-site inspections as necessary to guard against nonconformity of the construction work with the Contract Documents and to observe and report on compliance with agreed upon construction schedules. The Professional shall be responsible for ensuring all inspections are made as needed and during the critical phases of construction by the consultants and the Professional's firm. The Professional shall maintain a written log of all visits to the site by the Professional and/or any consultants identifying by name and title each attendee and a brief description explaining the nature of the site visit. On-site inspections shall be done by a Principal of the Professional's firm and/or of each consultant firm, or a qualified employee of each firm as approved by the Owner. The Professional shall not be responsible for construction means, methods, techniques, sequence of procedures, or the safety precautions and programs in connection with the work. The Professional has the authority to disapprove or reject work that, in its judgment, fails to conform to the Contract Documents. The Professional shall submit monthly written reports to Owner detailing progress and condition of construction of the Project.

3.6.3 As required by the Owner, or upon the written request of the Contractor, the Professional shall promptly respond to any request for information relating to interpretation of the Contract Documents to ensure proper and timely execution of the work and construction of the Project. The Professional shall be the interpreter of the requirements of the Contract Documents and judge of the performance thereunder of the Contractor. The Professional's responses to such requests for information shall be in writing and issued with reasonable promptness so as not to delay the Project.

3.6.4 The Professional shall prepare change Orders for the Owner's approval and execution in accordance with the Contract Documents. The Professional shall have authority to order minor changes in the work which do not involve an adjustment in the Contract Sum or an extension of the Contract Time and which are not inconsistent with the intent of the Contract Documents. The Professional shall not issue any verbal or written directives that materially change the Contract Documents until approved in writing by the Owner.

3.6.5 Upon receipt of an application for payment from the Contractor, the Professional shall determine and confirm the amount owed to the contractor based on the Professional's field inspections, evaluations of the contractor's applications for payment in relation to the most recent schedule of values, and any other information the Professional deems necessary. Based on the Professional's evaluation, the Professional shall recommend to the Owner an amount the Professional believes the contractor is owed and shall issue for the Owner's approval a certificate for payment in that amount. The Professional's recommendation or certification of payment shall constitute a representation on which the Owner is entitled to rely that the work has progressed to the point indicated; that, to the best of the Professional's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents; and, that the Contractor is entitled to payment in the amount certified. The issuance of a certificate for payment will not be a representation that the Professional has made any examination relating to how the Contractor has used or applied previous payments from Owner other than to secure certification under oath that all materialmen, laborers, and subcontractors have been paid by the contractor.

3.6.6 The Professional shall conduct inspections to determine the date of Substantial Completion and the date of final completion; issue certificates of Substantial Completion; receive from contractor and forward to Owner all written

warranties and related documents required by the Contract Documents; and issue a final Certificate for Payment based upon a final inspection of the Project indicating that the Project was constructed in accordance with the requirements of the Contract Documents.

3.6.7 When the Professional is notified by the contractor that the work has been substantially completed and the Project is ready for inspection, the Professional and the Professional's consultants shall inspect the work. Based on this inspection, the Professional and consultants shall prepare lists of items needing correction, repair, or completion. When these items have been corrected by the contractor, the Professional and the Professional's consultants shall make a subsequent inspection to ensure all issues previously identified have been properly addressed. A representative for the Owner shall be present during this inspection. When all issues identified by the Professional and/or the Professional's consultants have been properly addressed, the Professional shall certify to the Owner that, to the best of the Professionals' knowledge, the Project has been fully completed in compliance with the Contract Documents. It is the responsibility of the Professional to have a representative(s) from each of its consultants present for all inspections.

3.6.8 Upon completion of the Project, the Professional shall deliver to the Owner two sets of revised Contract Documents which reflect the as-built condition of the Project. Such as-built documents shall reflect all changes caused by addenda, field changes, change orders, and observed changes by the Professional, contractor, or subcontractors. Additionally, the Professional shall submit two electronic format copies of the as-built Contract Documents in both PDF and CAD format. The Professional shall also deliver to the Owner the Manufacturer's data for the roof materials used, the Manufacturer's Guarantee, and the Roofing Contractor's Guarantee. The Professional shall deliver to the Owner all certificates, data, manuals, warranties, and/or guarantees relating to the Project.

3.6.9 The Professional shall forward to the Owner the following information received from the contractor: consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment to the contractor; affidavits, receipts, releases, and waivers of liens or bonds indemnifying Owner against lines and claims; and any other documentation required of the contractor under the Contract Documents.

3.6.10 During the warranty period of the construction contract(s), the Professional shall work with a representative of the Owner to secure remediation of any defects that are discovered. The Professional shall make, with a representative of the Owner present, a warranty inspection of the Project prior to the expiration of any warranty periods and report observed defects to the Owner and the contractor for correction. The Professional shall be responsible for coordinating all work necessary to repair, correct, or complete defects in the construction, and the Professional shall be responsible to prepare and issue any paper work necessary to effect such repair, regardless of whether such constitutes a change.

3.6.11 The Construction Phase shall terminate upon expiration of the Warranty period or settlement of all Warranty claims, whichever occurs last.

4. PAYMENT TO THE PROFESSIONAL FOR BASIC SERVICES

4.1 PAYMENTS FOR BASIC FEE

4.1.1 Upon completion of the Program Phases and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.2 Upon completion of the Construction Document Phase and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.4 Upon completion of the Bidding Phase, written approval of the Owner and any governing authority or board, and receipt of a construction contract executed by the contractor, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.5 During the Construction Phase, written approval of the Owner and any governing authority or board, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.6 The Owner reserves the right to determine when and who provides the Professional service items needed for this Project. Any pay request submitted by the Professional which contains service items not authorized by the Owner to be performed by the Professional may be disapproved in part, or total.

4.1.7 No delay in payment to the Professional, whether under section 5 of this Agreement or otherwise, shall entitle the Professional to terminate or suspend its Services.

5. PROFESSIONAL CONSULTING SERVICES AND CODES

5.1 PROFESSIONAL CONSULTING SERVICES

5.1.1 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering design services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared shall bear the stamp of the responsible registered professional. The Professional shall enter into Contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.1.2 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering engineering services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared above shall bear the stamp of the responsible registered professional. The Professional shall enter into contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.2 CODES AND REGULATIONS

5.2.1 The Professional shall prepare all Contract Documents, including drawings and specifications, in full conformance and compliance with all applicable codes and regulations, including but not limited to the following specific codes and regulations. The Professional shall reference the versions of the below codes and regulations that are current and in effect as of the date of this Agreement and all subsequent amendments to the same, unless a different and specific edition is expressly noted in the Contract Documents. In the event of any discrepancy or ambiguity, the Professional must comply with, and will be held to, the adopted and applicable codes of the local jurisdiction.

1. International Building Code
2. International Existing Building Code
3. International Plumbing Code
4. International Mechanical Code
5. International Fuel Gas Code
6. International Electrical Code
7. International Fire Code

6. OWNER'S RESPONSIBILITIES

6.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with the Owner's Budget, which shall state all funds available to the Owner for completion of the Project. The Owner's Budget may be revised from time to time in the Owner's sole discretion.

6.2 Unless otherwise provided for under this Agreement, the Owner shall provide information relating to the Project to the Professional in a timely manner when requested by the Professional.

6.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project.

7. OWNERSHIP OF DOCUMENTS

7.1 The Professional's instruments of service, including all contract documents and drawings and specifications, shall be the Owner's property upon payment of the Professional's fees through the latest completed phase. The Owner shall have full and unrestricted use of such instruments of service. The Professional shall not be entitled to re-use or recycle any of the instruments of service without the prior written permission of the Owner. The Professional shall furnish

permanent reproducible transparencies at the Owner's request and the Owner shall reimburse Professional for the actual cost. Original tracings and specifications shall remain in the Professional's custody until the Owner requests delivery.

7.2 The Owner shall have full and unrestricted use of the instruments of service, including all contract documents and drawings and specifications drawings and specifications, for use on any future Project without further compensation due to the Professional.

8. APPLICABLE LAW AND DISPUTE RESOLUTION

8.1 This Agreement shall be governed exclusively by the laws of the State of Mississippi, regardless of any choice of law provisions that might otherwise be applicable.

8.2 The parties shall attempt to resolve any dispute that arises out of or is related to this Agreement by first submitting the dispute to mediation. Any mediation will be conducted by one mediator selected by the Owner and will only be conducted in Harrison County, Mississippi or such other place selected by the Owner. If the parties do not resolve any such dispute through mediation, the parties shall resolve the dispute by litigation.

8.3 The courts of Harrison County, Mississippi shall be the sole and exclusive jurisdiction and venue for any civil action related to this Agreement. Each party irrevocably consents to jurisdiction in said courts and waives any argument that such courts are not a convenient forum or that venue is not proper in Harrison County.

8.4 If the Owner in good faith believes that any claim, dispute, or matter in controversy with the Professional also involves rights or liabilities of the contractor, or other third party, then, at the Owner's sole election, the Professional agrees to resolve such issues in the same forum or proceeding, including court or administrative authority, which has jurisdiction over some or all claims, disputes, and matters in controversy involving the Contractor, or other third party so as to promote economy and avoid inconsistent results.

8.5 No claim, dispute, or matter in controversy or question shall interfere with the progress of the Professional's Services, and the Professional shall proceed diligently with performance of its Services, notwithstanding the existence of any claim, dispute, or matter in controversy or question.

9. TERMINATION

9.1 The Owner may terminate this Agreement for cause should the Professional fail to timely perform its Services or fail to satisfy any of the terms or conditions of this Agreement, as determined in the Owner's sole discretion, within three calendar days after receipt of the Owner's notice of deficiency. In the event of such termination for cause, the Professional shall be responsible for all costs, fees, and expenses, including reasonable attorneys' fees, incurred by the Owner to remedy the deficiencies caused or created by the Professional or to otherwise complete the Professional's Services under this Agreement. Upon such termination, the Professional shall only be entitled to receive as payment any outstanding balance due by the Owner to the Professional for satisfactory Services that the Professional completed as part of the last approved design phase, but only to the extent that such payment exceeds all costs, fees, and expenses incurred by the Owner in connection with correction or completion of the Professional's Services or termination of the Professional. At the option of the Owner, all finished or unfinished instruments of service prepared by the Professional shall be the property of the Owner.

9.2 Notwithstanding anything to the contrary in this Agreement and in addition to the Owner's right to terminate this Agreement for cause, breach or default, the Owner may also suspend the Professional's Services or terminate all or any part of this Agreement, without cause, regardless of fault or the lack thereof by any party, for its sole convenience, or for any reason or no reason whatsoever. Upon such no-fault termination, the Professional shall be entitled only to payment for Services satisfactorily completed up to the date of termination. The Professional shall not be entitled to any payment, compensation, or damages, including but not limited to lost profits or other theory of recovery, with respect to Services not performed or not accepted.

9.3 If the Owner terminates the Agreement for default or breach but it is determined, for any reason, that sufficient grounds did not exist for terminating the Agreement, the Professional shall, as its sole and exclusive remedy, be entitled only to the amount due under the Agreement as if the termination were for no fault. Regardless of whether termination is for default or no fault, the Professional shall not be entitled to any payment in excess of the reasonable value or actual cost of work actually performed by the Professional in strict accordance with the Agreement, less offsets and other amounts due the Owner under this Agreement.

9.4 The Professional shall, in no event, be entitled to special, consequential, exemplary, or punitive damages because of the Owner's termination of this Agreement, the Owner's alleged breach or default under this Agreement, or any other act or omission of the Owner.

10. MISCELLANEOUS

10.1 Any notice to the Professional may be given in writing by United States Mail, fax, email, or verbally in person. Notice by mail shall be considered as given and effective when addressed to the last-known address of the Professional and deposited in the United States Mail, and shall be effective for all purposes as of the time of such deposit, whether actually received or not. Notice by any other means shall be effective when sent by the Owner to the Professional. Any notice to the Owner shall be in writing and sent to the Owner by certified or registered mail, return receipt requested, to Owner's office of general counsel.

10.2 The Professional shall not assign its rights nor delegate its obligations under this Agreement without first obtaining the written consent and approval of the Owner. The Professional shall not assign any amounts due or to become due under this subcontract without written consent from the Owner.

10.3 The parties intend as follows: (a) that if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) that if an unenforceable provision is modified or disregarded in accordance with this section, then the rest of this Agreement will remain in effect as written; and (c) that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

10.4 If a party desires to waive any right under this Agreement, it may only do so by signing a writing specifying the right waived. Any such waiver will be binding only for the limited purpose for which the written waiver was given.

10.5 Under no circumstances shall the Professional be entitled to receive consequential damages or lost profits from the Owner, regardless of the nature or type of breach or claim made by the Professional.

10.6 This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral. This Agreement may not be amended except in writing signed by both parties. All proposals, negotiations, and representations with respect to this Agreement, whether oral or written, are hereby superseded and merged into this Agreement. This Agreement cannot be changed, modified, altered, suspended, or terminated, except in writing signed by an authorized representative of the Owner. No delay, waiver, forbearance, or failure by the Owner to exercise rights or remedies under this Agreement or to insist upon strict compliance by the Professional shall prevent the Owner from strictly enforcing any of the provisions of this Agreement, nor shall relieve the Professional from strict compliance with all terms and conditions hereof nor shall waive, restrict, or adversely affect any of the Owner's rights and remedies as to any subsequent or continuing failure of the Professional to comply strictly with all terms and conditions of this Agreement. The invalidity or unenforceability of any term or condition of this Agreement shall not invalidate, render unenforceable, or adversely affect the remaining terms and conditions. This Agreement shall be binding upon the successors in interest of the parties hereto, but nothing in this Agreement is intended nor shall be construed to create any rights for or to benefit any third parties. Both parties have had the opportunity to review with their respective legal counsel and technical advisors this Agreement, and both parties therefore stipulate that this Agreement shall be given effect and shall not be subject to the rule of construction of being construed against the drafting party.

RE: Proposal for Professional Engineering Services for City Wide Lift Stations
ARPA project #154-2-CW-5.5

VIA Email: jharrison@gulfport-ms.gov

Jeremy,

MP Design Group (MPDG) is pleased to offer you our proposal to provide engineering services for the city wide lift station project, ARPA project 154-2-CW-5.5. We have based our fee proposal on the industry standard FEMA Design Curves. The proposal will be an hourly not to exceed fee of $778,932.00, which is based on a construction value of $6,600,000. The fee for this proposal includes both the design phase and the construction administration services for this project.

We appreciate the opportunity and look forward to working with you on this project. I will be happy to answer any questions or concerns you have regarding the proposal.

Respectfully,
MP DESIGN GROUP

Gerrod W. Kilpatrick, P.E.
Principal

STANDARD FORM OF AGREEMENT BETWEEN
THE OWNER AND THE DESIGN PROFESSIONAL

This Agreement for professional design engineering services (the "Agreement") is entered into and made effective this, the 30th day of January, 2024, by and between City of Gulfport ("Owner") and the Design Professional identified below ("Professional").

OWNER: City of Gulfport
P.O. Box 1780
Gulfport, MS 39502

PROFESSIONAL:

Business Name _Machado | Patano, PLLC dba MP Design Group_____
Mailing Address _918 Howard Avenue, Suite F, Biloxi, MS 39530_____
City/State/Zip_Biloxi, MS 39530_____
Email Address_gkilpatrick@mpdesigngroup.us_____Phone:__(228)388-1950_____

The Professional is a *(Check and complete one of the following)*:

(X) CORPORATION (includes PA, LLC, or PLLC) solely organized and existing under the laws of the State of _Mississippi_____and having its principal office in ___Biloxi_____Harrison_____MS
(City) (County) (State)

( ) PARTNERSHIP of the following (*List all partners or joint venture partners*):_____

( ) SOLE PROPRIETORSHIP ( ) OTHER _____

The Professional shall provide services for the following Project: **CITY OF GULPFORT CITY WIDE LIFT STATION REHABILITATION PROJECT, MCWI 154-2-CW-5.5** (the "Project").

The Owner's total budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,613,773.92 (Six Million, Six Hundred Thirteen Thousand, Seven Hundred Seventy Three dollars, and ninety two cents) unless otherwise provided for in writing by the Owner.

The Professional warrants and represents that it is authorized to do business in Mississippi and that it holds a valid license from the governing Mississippi authority or agency, with its license number being MS-16559 Gerrod W. Kilpatrick, P.E.); E-1077 (Machado | Patano, PLLC).

For and in consideration of the covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Owner and Professional agree as follows and specifically set forth in Articles 1 through 10 below:

1. PROFESSIONAL'S SERVICES AND COMPENSATION

For the scope of this engagement, the Professional's Services shall be classified as: (1) Basic; (2) Additional; or (3) Extra (the "Services"). The Professional's engagement may include one or more of the Services depending upon the needs of the Project. The Professional's compensation for its work on the Project is calculated based upon the type of Services the Professional is engaged to perform. The Professional's fee is calculated differently for each type of Service. The Professional may also be entitled to reimbursement for actual costs incurred as a result of performing certain enumerated Project-related activities ("Reimbursable Expenses").

1.1 BASIC SERVICES

1.1.1 The Professional's Basic Services on the Project shall consist of Program Phase Services, Construction Document Services, Bidding Phase Services, and Construction Phase Services, and MCWI/ARPA Program Requirements. The scope of the Basic Services is explained in further detail in Article 3.

1.1.2 The Professional's compensation for Basic Services shall be an hourly not to exceed fee of **$778,932.00** that will be billed per the approved City of Gulfport hourly rate sheet. The not to exceed fee is based of the FEMA Curve A requirements (attached) for a construction value of $6,600,000. This fee includes both the design phase and the construction administration phase. Cost of Construction shall be the total cost to the Owner to construct all elements of the Project as designed and specified by the Professional, as set forth in the plans, specifications, and other contract documents, and as approved by the Owner. In no event shall the Professional's Fee for its Basic Services be calculated using a Cost of Construction exceeding the Owner's Budget as defined in Article 1.5. The Professional shall be compensated for its Basic Services in accordance with the provisions of Article 4 below.

1.1.3 Any consultants retained or otherwise employed by the Professional must be approved by the Owner. The Professional shall not employ or otherwise retain consulting Professionals with proprietary interests. The Professional agrees to employ any consultants needed for complete services, including inspection.

1.1.4 All consultants hired by the Professional shall be required to obtain the same levels and amounts of insurance for protection of the Owner and the Project that the Professional is required to obtain pursuant to Article 2.10 of this Agreement.

1.1.5 The Professional shall be responsible for all applicable taxes and shall not receive any extra or increase payment from the Owner for such taxes.

1.2 ADDITIONAL SERVICES

1.2.1 Additional Services are Services the Owner may elect for the Professional to perform. Additional Services performed by the Professional shall be billed to the Owner on a lump sum basis. Additional Services performed by a third party engaged by the Professional shall be billed to the Owner at the actual cost incurred by the Professional for the third-party service plus an amount equal to **10.0%** (ten percent) of the cost incurred. Prior to performing any Additional Service, the Professional shall provide the Owner with a detailed cost estimate of the Additional Service. If the Owner is dissatisfied with the proposed cost, the Professional shall obtain additional estimates. Additional Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Additional Services where the Owner's prior written approval was not first obtained.

1.2.2 The Owner shall make payments to Professional for any Additional Services upon completion of the same and Owner's approval of the same. Partial payments may be made upon written request by Professional and Owner's approval.

1.3 EXTRA SERVICES

1.3.1 During the course of its engagement, the Professional may be required to perform Extra Services as defined as follows:

.1 Services necessitated by a change in material information supplied by the Owner, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of Construction, or procurement or delivery method;

.2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

.3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

.4 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;

.5 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

.6 Preparation for, and attendance at, a public presentation, meeting, or hearing;

.7 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Engineer is party thereto; or

.8 Evaluation of the qualifications of entities providing bids or proposals.

1.3.2 Prior to performing any Extra Service, the Professional shall notify the Owner in writing of the circumstance creating the need for the Extra Service, the proposed scope of the Extra Service, and an estimate of the cost to the Owner for proposed Extra Service. Extra Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Extra Services where the Owner's prior written approval was not first obtained.

1.3.3 Except for Extra Services required due to the fault of the Professional, the Professional shall be compensated on an hourly basis as follows:

.1 The Professional's Principals' hourly rate shall be $194.00 per hour.

1.3.4 For purposes of this Agreement, the Professional's "principals" include the following individuals:

Gerrod W. Kilpatric, PE, David J. Machado, PE; Bradley P. Patano, PE, and Bradford A. Jones, AIA

1.3.5 For purposes of this Agreement, "Employees" are defined as anyone employed by the Professional but not identified as a Principal, including, but not limited to architects, engineers, professionals, draftsmen, specification writers, inspectors, and secretaries in consultation, research, design, production of the Instruments of Service and other documents pertaining to the Project and inspection of construction of the Project.

1.4 REIMBURSABLE EXPENSES

1.4.1 Reimbursable Expenses are in addition to compensation for Basic, Additional, and Extra Services and include expenses incurred by the Professional directly related to the Project. The Professional may be entitled to reimbursement for the following Project-related expenses:

.1 Permit fees and other fees required by authorities having jurisdiction over the Project;

~~.2 Printing, reproductions, plots, and standard form documents;~~

~~.3 Postage, handling, and delivery;~~

~~.4 Expense of overtime work requiring higher than regular rates, if authorized in advance in writing by the Owner; and~~

.5 Additional renderings, physical models, mock-ups, professional photography, and presentation materials requested by Owner or required for the Project.

1.4.2 The Professional shall not be reimbursed for any traveling or living expenses incurred personally, by associates, employees, or consultants.

1.4.3 The Professional shall be entitled only to reimbursement of actual expenses incurred by the Professional with no markup or fee.

1.4.4 All requests for reimbursement must be received with or before the Professional's final request for payment. Payment of the Professional's retainage as indicated below constitutes waiver by the Professional of any past, present, or future claims for reimbursement or other amounts.

1.5 THE OWNER'S BUDGET

1.5.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with a budget of all funds available to the Owner for completion of the Project (the "Owner's Budget"), which includes the contract(s) for construction, all fees, special consultants and contracts, advertising costs, code compliance expenses, a reasonable contingency, and any other expenses necessary to complete the Project and deliver a useful facility. The Owner's Budget may be revised from time to time in writing by the Owner and in the Owner's sole discretion. As stated above, the Owner's Budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,600,000, unless otherwise provided for in writing by the Owner.

1.5.2 As stated below, the Professional shall submit estimates for the Cost of Construction to the Owner in the course of performing its Basic Services. In the event the Professional submits an estimate of the Cost of Construction exceeding the Owner's Budget, the Professional shall also submit a detailed written report, at no additional cost to the Owner, explaining why the Professional's estimate exceeded the Owner's Budget and what steps are needed to bring the Professional's estimate within the Owner's Budget.

1.5.3 If after the Bidding Phase, the Owner determines that the Project cannot be constructed within the Owner's Budget, the Owner may authorize the Professional to either:

.1 Revise the Contract Documents (including the plans and specifications) and rebid; or
.2 Modify the Program, adjust the Project scope, and/or revise the Contract Documents, and rebid.

1.5.4 If at any time, it is determined by the Owner, in the Owner's sole discretion, that the Project cannot be constructed and completed within the Owner's Budget, the Owner may terminate this Agreement for convenience pursuant

to Article 9, and the Owner shall not be obligated to the Professional for any part of the Professional's fees or payments beyond the last Owner-approved phase.

1.6 PAYMENT

1.6.1 The Professional shall submit applications for payment for its Basic Services in accordance with Article 4. At the time the Professional submits its applications for payment for its Basic Services, the Professional shall also include applications for payment for any previously approved Additional or Extra Services the Professional has performed along with any Reimbursable Expenses incurred by the Professional. All applications for payment shall be itemized in detail and be supported by all related estimates, receipts, or invoices. Owner shall make payment to the Professional within thirty (30) days of receipt of the Professional's application for payment. Payments made by Owner shall not be construed as acceptance of defects in the Professional's Services.

1.6.2 All applications for payment by the Professional shall be submitted by the PRINCIPAL IN CHARGE identified in the Agreement.

1.6.3 The Professional shall keep full and detailed records and accounts related to its Services, expenses, payments, and reimbursements and exercise such controls as may be necessary for proper financial management under this Agreement. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Professional's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, consultant agreements, invoices, purchase orders, vouchers, memoranda and other data relating to this Agreement. The Professional shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

1.6.4 In the event that the Professional seeks to utilize drawings and/or specifications prepared under this Agreement for separate projects with Owner that are not covered by this Agreement, and understanding that such "duplicate work" requires primarily the modification of plot plans, foundations, service connections, incidental changes, supervision, and the like, then Owner will be entitled to credit toward the design costs for the other Project to the extent of such costs paid by Owner pursuant to this Agreement. Owner is not obligated to enter a new Agreement for duplicate work.

2. PROFESSIONAL'S RESPONSIBILITIES

2.1 The Professional shall provide professional services as set forth in this Agreement. The Professional represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

2.2 The Professional shall perform all Services consistent with the professional skill and care ordinarily provided by Professionals practicing in the same or similar locality under the same or similar circumstances. The Professional shall perform all Services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

2.3 The Professional shall be responsible for complying with all applicable laws, rules, regulations, codes, and industry standards in performing its Services under this Agreement.

2.4 The Professional shall identify a representative authorized to act on behalf of the Professional with respect to the Project. The Professional shall be bound by all acts, omissions, statements, and representations of its representative. The Owner shall have the right to approve or reject the Professional's authorized representative.

2.5 The Professional shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Professional's professional judgment with respect to the Project or otherwise.

2.6 The Professional shall assist the Owner with preparing and filing any documents required for the approval of governmental authorities having jurisdiction over the Project.

2.7 The Professional shall contact the appropriate government authorities required to approve the plans, specifications, and other construction or design documents, as well as the entities providing utility services to the Project. In designing the Project, the Professional shall respond to applicable design requirements imposed by such governmental

authorities and entities providing utility services. The Professional shall also assist the Owner in the preparation of applications to the U.S. Government or other granting agencies for construction, interest subsidy, or other forms of grants.

2.8 Time is of the essence of this Agreement. The Professional shall submit for the Owner's approval, an estimated Schedule of Performance of Services. The estimated Schedule of Performance shall specify the number days needed by the Professional to complete each phase of the Professional's Services and shall account for time needed by the Owner and/or a governing body to review any submission by the Professional. The Schedule of Performance may be modified as the Project proceeds but only with the Owner's written approval. This Schedule of Performance, when approved by Owner, shall not, except for reasonable cause, be exceeded by the Professional.

2.9 The Schedule of Performance shall designate the length of time in calendar days for completion of each phase of Services. The dates for receipt of phases shall be the date the documents are stamped into the Owner's office if they are in an approval condition. If submittals are rejected, then the clock will continue to run without charge for that time being reviewed by the Owner. The date for approval and beginning of the next phase shall be the date of receipt, by the Professional, of written approval from the Owner.

2.10 PROFESSIONAL'S INSURANCE AND INDEMNITY OBLIGATIONS

2.10.1 The Professional shall purchase and maintain with a company, or companies, licensed to do business in the State of Mississippi such insurance as will provide protection from claims resulting from errors and omissions, or negligent acts arising out of the performance of professional services and operations under this Agreement. The Professional shall maintain the following insurances, at a minimum, until termination of this Agreement:

.1 Commercial General Liability insurance with policy limits of not less than $1,000,000 for each occurrence and $2,000,000 in the aggregate for bodily injury and property damage.

.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Professional with policy limits of not less than $1,000,000 per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

.3 The Professional may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.10.1.1 and 2.10.2.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

.4 Workers' Compensation insurance at statutory minimum limits.

.5 Employers Liability insurance with policy limits not less than $1,000,000 each accident, $1,000,000 each employee, and $2,000,000 policy limit.

.6 Professional Liability insurance covering negligent acts, errors, and omissions in the performance of professional services with policy limits of not less than $1,000,000 per claim or occurrence and $2,000,000 in aggregate.

2.10.2 To the fullest extent permitted by law, the Professional shall cause the primary and excess or umbrella polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Professional's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations. Further, each of the Professional's insurance policies shall include waivers of subrogation in favor of the Owner.

2.10.3 The Professional shall provide Certificates of Insurance to the Owner that evidence compliance with the requirements in this Section 2.10 prior to beginning work or performing Services for the Project. The Certificate of Insurance shall contain a provision stating that the policy may not be canceled or not renewed without at least thirty (30) days prior written notice to the Owner. Failure to provide the Owner with a Certificate of Insurance reflecting all insurance coverages and requirements set forth in this Section 2.10 shall be a material breach of this Agreement.

2.10.4 If by the terms of this insurance any mandatory deductibles are required, or if the Professional should elect with the concurrence of the Owner, to increase the mandatory deductible amounts or purchase this insurance with voluntary deductible amounts, the Professional shall be responsible for payment of the amount of the deductible in the event a claim is paid. In the event of a claim against the policy, the Professional shall arrange for the restoration of the limit of liability so that full coverage is maintained at all times.

2.10.5 The Professional shall be fully responsible to the Owner for work performed by any employees, associates, and/or consultants. Errors and omissions insurance coverage for the total Project design, including that of all Associates and/or consultants, rests solely with the Professional. In the case of joint ventures, joint venture errors and omissions insurance coverage shall be required in accordance with the limits stated above.

2.10.6 The Professional shall defend, indemnify, and hold harmless the Owner and the Owner's agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees and litigation expenses, regardless of the nature or type of claim, which arise from or relate to the Professional's performance of Services under this Agreement, any acts or omissions of the Professional, or any alleged negligence of the Professional or the Professional's consultants, anyone directly or indirectly employed by them, or anyone for whose acts they or the Professional may be liable. This indemnification requirement shall survive the expiration or earlier termination of this Agreement.

3. BASIC SERVICES

The Professional's Basic Services are those described in this Article 3 and include all usual and customary civil, structural, mechanical, and electrical engineering services. The Professional shall manage all Services, consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and report progress to the Owner. The Professional shall coordinate its Services with those being provided by the Owner or any separate consultants hired by the Owner.

3.1 SCOPE OF PROGRAM PHASE SERVICES

3.1.1 Professional shall meet with Owner to ascertain the general requirements for the Project and shall meet with the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) to discuss, among other things, the scope of the Project, the functional and departmental objectives of the Project, and the relationship of the Project to other structures and facilities.. Professional shall advise Owner and the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) as to cost of the Project and time requirements for planning and construction of the Project.

3.1.2 The Professional shall prepare and submit to the Owner a comprehensive written Project Program, which shall set forth the scope of the Project. The Program will include at a minimum the following elements:

.1 Goal: Design objectives, limitations, and criteria;
.2 Site: Site requirements and analysis including location, boundaries, topography, vegetation, utilities, climate, flooding, traffic, and priority;
.3 Equipment: Special equipment and systems;
.4 Energy: Energy considerations;
.5 Existing: Analysis of existing facilities(lift station sites);
.6 Concept: Summary of Project concept, scope and goal with priority list; and
.7 Budget: Total Project budget, with controlling input from Owner

3.1.3 The Professional shall submit to the Owner copies of the written Project Program.

3.1.4 The Professional shall show progress to date, confirm the remainder of the Schedule of Performance, and obtain the Owner's written approval for completing the Program Phase before proceeding with the Construction Phase Design.

3.4 SCOPE OF CONSTRUCTION DOCUMENT PHASE SERVICES

3.4.1 After obtaining the written approval of the Owner for the Design Development Phase, the Professional shall prepare and submit to the Owner copies of working drawings and specifications detailing and prescribing the work to be accomplished to construct the Project including materials; workmanship; finishes; mechanical and electrical systems;

special equipment; general, special, and supplementary conditions for the agreement between the Owner and the contractor; and any and all other information required for receiving bids on the Project and subsequent preparation of shop drawings and detail drawings.

3.4.2 Upon receipt of the review comments from the Owner, the Professional shall complete and finalize the Contract Documents to conform to the Owner's review comments. Professional shall furnish copies to the Owner of the final version of the Contract Documents prior to release of said documents for bids.

3.4.3 The Professional shall furnish and distribute complete sets of plans, specifications, and other Bidding Documents as are necessary for bidding purposes (the "Contract Documents"), including in electronic form if required. Any cost of printing and mailing these Contract Documents shall be paid by the Professional and reimbursed by the Owner, with cost approval by the Owner before printing is ordered. Reimbursement to the Professional by the Owner of printing costs is to assure that an adequate number of plans and specifications shall be available for bidding purposes and thereby resulting in the best possible competitive bids being received by the Owner for the Project. Costs of all plans and specifications, other than for bidding, required for the design process shall be at the expense of the Professional.

3.4.4 The Professional shall prepare and submit to the Owner a detailed Cost of Construction estimate demonstrating allocation of cost for various systems. The basis for the cost estimate shall be a quantity survey. The estimate shall show an escalation projected from the date of the estimate to the projected bid date.

3.4.5 The date for receipt of bids shall be established by the Owner.

3.4.6 The Professional agrees that approval of the Contract Documents, including drawings and specifications, by Owner or by any person, body, or agency shall not relieve Professional of the responsibility for the adequacy, fitness, suitability, correctness of design, and for designing all documents and completing all Services in accordance with sound and accepted engineering practices and in compliance with all prevailing building codes and federal and state laws and regulations, including but not limited to such codes and regulations set forth below in Section 6.4.

3.4.7 The Professional shall submit to the Owner complete Contract Documents in electronic format within time sufficient to distribute same for bids.

3.5 SCOPE OF BIDDING PHASE SERVICES

3.5.1 After obtaining the written approval of the Owner of the Construction Document Phase, the Professional shall assist the Owner in obtaining bids and preparing and awarding all construction contracts. The Professional shall provide other preconstruction and bidding phase services such as preconstruction estimates, constructability analyses, project scheduling, and identifying potential qualified subcontractors and materialmen, if necessary.

3.5.2 For project subject to competitive bidding laws, the professional shall assist the Owner in bidding the Project by: procuring the reproduction of Contract Documents for distribution to prospective bidders; distributing the Contract Documents to prospective bidders and maintaining a log of distribution; organizing and conducting a pre-bid conference for prospective bidders; preparing responses to questions from bidders and providing clarifications and interpretations of the Contract Documents in the form of addenda to the same; and organizing and conducting the opening of bids and documenting the bidding results.

3.5.2 The Professional shall attend the bid opening and furnish a suitably detailed tabulation sheet for recording the name of each Bidder, the Bidder's Certificate of Responsibility Number, Bid Security, Base Bid, Alternates, and remarks. The Professional shall furnish sufficient tabulation sheets for all in attendance. Immediately after receipt of bids, the Professional shall submit to the Owner a certified tabulation of all bids received, along with his recommendation as to Contract award.

3.5.3 The Professional, following the award of a Construction Contract, shall prepare and submit to the Owner, copies of updated Construction Documents (including plans and specifications). Each copy shall be marked OFFICIAL CONTRACT DOCUMENTS and shall include an executed bid proposal form, agreement form, contract bond, power of attorney, certificate of insurance, all bulletins, addenda, and supplemental drawings. One (1) copy shall be retained by the Owner; one (1) copy shall be for the Contractor. Any other contract document guidelines will be distributed by the Professional at the bid opening.

3.6 SCOPE OF CONSTRUCTION PHASE SERVICES

3.6.1 The Construction Phase begins with the award and the preparation of the construction contract(s). The Professional is responsible for keeping the Owner completely apprised of the Project during the Construction Phase. The Professional shall perform all services necessary to ensure the construction of the Project is moving forward in a timely and cost effective manner and in accordance with the Contract Documents. Those services shall include, but not be limited to, the following:

1. Sanitary sewer design
2. Lift Station Design
3. Plan and Profiles sheets of proposed design
4. Electrical Controls Design
5. Mechanical Pump Selection/Design (if required)
6. Erosion control Plan
7. Overall Utility Plan
8. Obtain necessary MDEQ Stormwater permits
9. Obtain necessary MDEQ sanitary sewer approvals (if required)
10. Construction Details
11. Technical Specifications
12. Provide necessary documentation for ARPA Reimbursement

3.6.2 The Professional shall conduct on-site inspections as necessary to guard against nonconformity of the construction work with the Contract Documents and to observe and report on compliance with agreed upon construction schedules. The Professional shall be responsible for ensuring all inspections are made as needed and during the critical phases of construction by the consultants and the Professional's firm. The Professional shall maintain a written log of all visits to the site by the Professional and/or any consultants identifying by name and title each attendee and a brief description explaining the nature of the site visit. On-site inspections shall be done by a Principal of the Professional's firm and/or of each consultant firm, or a qualified employee of each firm as approved by the Owner. The Professional shall not be responsible for construction means, methods, techniques, sequence of procedures, or the safety precautions and programs in connection with the work. The Professional has the authority to disapprove or reject work that, in its judgment, fails to conform to the Contract Documents. The Professional shall submit monthly written reports to Owner detailing progress and condition of construction of the Project.

3.6.3 As required by the Owner, or upon the written request of the Contractor, the Professional shall promptly respond to any request for information relating to interpretation of the Contract Documents to ensure proper and timely execution of the work and construction of the Project. The Professional shall be the interpreter of the requirements of the Contract Documents and judge of the performance thereunder of the Contractor. The Professional's responses to such requests for information shall be in writing and issued with reasonable promptness so as not to delay the Project.

3.6.4 The Professional shall prepare change Orders for the Owner's approval and execution in accordance with the Contract Documents. The Professional shall have authority to order minor changes in the work which do not involve an adjustment in the Contract Sum or an extension of the Contract Time and which are not inconsistent with the intent of the Contract Documents. The Professional shall not issue any verbal or written directives that materially change the Contract Documents until approved in writing by the Owner.

3.6.5 Upon receipt of an application for payment from the Contractor, the Professional shall determine and confirm the amount owed to the contractor based on the Professional's field inspections, evaluations of the contractor's applications for payment in relation to the most recent schedule of values, and any other information the Professional deems necessary. Based on the Professional's evaluation, the Professional shall recommend to the Owner an amount the Professional believes the contractor is owed and shall issue for the Owner's approval a certificate for payment in that amount. The Professional's recommendation or certification of payment shall constitute a representation on which the Owner is entitled to rely that the work has progressed to the point indicated; that, to the best of the Professional's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents; and, that the Contractor is entitled to payment in the amount certified. The issuance of a certificate for payment will not be a representation that the Professional has made any examination relating to how the Contractor has used or applied previous payments from Owner other than to secure certification under oath that all materialmen, laborers, and subcontractors have been paid by the contractor.

3.6.6 The Professional shall conduct inspections to determine the date of Substantial Completion and the date of final completion; issue certificates of Substantial Completion; receive from contractor and forward to Owner all written

warranties and related documents required by the Contract Documents; and issue a final Certificate for Payment based upon a final inspection of the Project indicating that the Project was constructed in accordance with the requirements of the Contract Documents.

3.6.7 When the Professional is notified by the contractor that the work has been substantially completed and the Project is ready for inspection, the Professional and the Professional's consultants shall inspect the work. Based on this inspection, the Professional and consultants shall prepare lists of items needing correction, repair, or completion. When these items have been corrected by the contractor, the Professional and the Professional's consultants shall make a subsequent inspection to ensure all issues previously identified have been properly addressed. A representative for the Owner shall be present during this inspection. When all issues identified by the Professional and/or the Professional's consultants have been properly addressed, the Professional shall certify to the Owner that, to the best of the Professionals' knowledge, the Project has been fully completed in compliance with the Contract Documents. It is the responsibility of the Professional to have a representative(s) from each of its consultants present for all inspections.

3.6.8 Upon completion of the Project, the Professional shall deliver to the Owner two sets of revised Contract Documents which reflect the as-built condition of the Project. Such as-built documents shall reflect all changes caused by addenda, field changes, change orders, and observed changes by the Professional, contractor, or subcontractors. Additionally, the Professional shall submit two electronic format copies of the as-built Contract Documents in both PDF and CAD format. The Professional shall also deliver to the Owner the Manufacturer's data for the roof materials used, the Manufacturer's Guarantee, and the Roofing Contractor's Guarantee. The Professional shall deliver to the Owner all certificates, data, manuals, warranties, and/or guarantees relating to the Project.

3.6.9 The Professional shall forward to the Owner the following information received from the contractor: consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment to the contractor; affidavits, receipts, releases, and waivers of liens or bonds indemnifying Owner against lines and claims; and any other documentation required of the contractor under the Contract Documents.

3.6.10 During the warranty period of the construction contract(s), the Professional shall work with a representative of the Owner to secure remediation of any defects that are discovered. The Professional shall make, with a representative of the Owner present, a warranty inspection of the Project prior to the expiration of any warranty periods and report observed defects to the Owner and the contractor for correction. The Professional shall be responsible for coordinating all work necessary to repair, correct, or complete defects in the construction, and the Professional shall be responsible to prepare and issue any paper work necessary to effect such repair, regardless of whether such constitutes a change.

3.6.11 The Construction Phase shall terminate upon expiration of the Warranty period or settlement of all Warranty claims, whichever occurs last.

4. PAYMENT TO THE PROFESSIONAL FOR BASIC SERVICES

4.1 PAYMENTS FOR BASIC FEE

4.1.1 Upon completion of the Program Phases and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.2 Upon completion of the Construction Document Phase and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.4 Upon completion of the Bidding Phase, written approval of the Owner and any governing authority or board, and receipt of a construction contract executed by the contractor, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.5 During the Construction Phase, written approval of the Owner and any governing authority or board, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.6 The Owner reserves the right to determine when and who provides the Professional service items needed for this Project. Any pay request submitted by the Professional which contains service items not authorized by the Owner to be performed by the Professional may be disapproved in part, or total.

4.1.7 No delay in payment to the Professional, whether under section 5 of this Agreement or otherwise, shall entitle the Professional to terminate or suspend its Services.

5. PROFESSIONAL CONSULTING SERVICES AND CODES

5.1 PROFESSIONAL CONSULTING SERVICES

5.1.1 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering design services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared shall bear the stamp of the responsible registered professional. The Professional shall enter into Contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.1.2 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering engineering services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared above shall bear the stamp of the responsible registered professional. The Professional shall enter into contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.2 CODES AND REGULATIONS

5.2.1 The Professional shall prepare all Contract Documents, including drawings and specifications, in full conformance and compliance with all applicable codes and regulations, including but not limited to the following specific codes and regulations. The Professional shall reference the versions of the below codes and regulations that are current and in effect as of the date of this Agreement and all subsequent amendments to the same, unless a different and specific edition is expressly noted in the Contract Documents. In the event of any discrepancy or ambiguity, the Professional must comply with, and will be held to, the adopted and applicable codes of the local jurisdiction.

1. International Building Code
2. International Existing Building Code
3. International Plumbing Code
4. International Mechanical Code
5. International Fuel Gas Code
6. International Electrical Code
7. International Fire Code

6. OWNER'S RESPONSIBILITIES

6.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with the Owner's Budget, which shall state all funds available to the Owner for completion of the Project. The Owner's Budget may be revised from time to time in the Owner's sole discretion.

6.2 Unless otherwise provided for under this Agreement, the Owner shall provide information relating to the Project to the Professional in a timely manner when requested by the Professional.

6.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project.

7. OWNERSHIP OF DOCUMENTS

7.1 The Professional's instruments of service, including all contract documents and drawings and specifications, shall be the Owner's property upon payment of the Professional's fees through the latest completed phase. The Owner shall have full and unrestricted use of such instruments of service. The Professional shall not be entitled to re-use or recycle any of the instruments of service without the prior written permission of the Owner. The Professional shall furnish

permanent reproducible transparencies at the Owner's request and the Owner shall reimburse Professional for the actual cost. Original tracings and specifications shall remain in the Professional's custody until the Owner requests delivery.

7.2 The Owner shall have full and unrestricted use of the instruments of service, including all contract documents and drawings and specifications drawings and specifications, for use on any future Project without further compensation due to the Professional.

8. APPLICABLE LAW AND DISPUTE RESOLUTION

8.1 This Agreement shall be governed exclusively by the laws of the State of Mississippi, regardless of any choice of law provisions that might otherwise be applicable.

8.2 The parties shall attempt to resolve any dispute that arises out of or is related to this Agreement by first submitting the dispute to mediation. Any mediation will be conducted by one mediator selected by the Owner and will only be conducted in Harrison County, Mississippi or such other place selected by the Owner. If the parties do not resolve any such dispute through mediation, the parties shall resolve the dispute by litigation.

8.3 The courts of Harrison County, Mississippi shall be the sole and exclusive jurisdiction and venue for any civil action related to this Agreement. Each party irrevocably consents to jurisdiction in said courts and waives any argument that such courts are not a convenient forum or that venue is not proper in Harrison County.

8.4 If the Owner in good faith believes that any claim, dispute, or matter in controversy with the Professional also involves rights or liabilities of the contractor, or other third party, then, at the Owner's sole election, the Professional agrees to resolve such issues in the same forum or proceeding, including court or administrative authority, which has jurisdiction over some or all claims, disputes, and matters in controversy involving the Contractor, or other third party so as to promote economy and avoid inconsistent results.

8.5 No claim, dispute, or matter in controversy or question shall interfere with the progress of the Professional's Services, and the Professional shall proceed diligently with performance of its Services, notwithstanding the existence of any claim, dispute, or matter in controversy or question.

9. TERMINATION

9.1 The Owner may terminate this Agreement for cause should the Professional fail to timely perform its Services or fail to satisfy any of the terms or conditions of this Agreement, as determined in the Owner's sole discretion, within three calendar days after receipt of the Owner's notice of deficiency. In the event of such termination for cause, the Professional shall be responsible for all costs, fees, and expenses, including reasonable attorneys' fees, incurred by the Owner to remedy the deficiencies caused or created by the Professional or to otherwise complete the Professional's Services under this Agreement. Upon such termination, the Professional shall only be entitled to receive as payment any outstanding balance due by the Owner to the Professional for satisfactory Services that the Professional completed as part of the last approved design phase, but only to the extent that such payment exceeds all costs, fees, and expenses incurred by the Owner in connection with correction or completion of the Professional's Services or termination of the Professional. At the option of the Owner, all finished or unfinished instruments of service prepared by the Professional shall be the property of the Owner.

9.2 Notwithstanding anything to the contrary in this Agreement and in addition to the Owner's right to terminate this Agreement for cause, breach or default, the Owner may also suspend the Professional's Services or terminate all or any part of this Agreement, without cause, regardless of fault or the lack thereof by any party, for its sole convenience, or for any reason or no reason whatsoever. Upon such no-fault termination, the Professional shall be entitled only to payment for Services satisfactorily completed up to the date of termination. The Professional shall not be entitled to any payment, compensation, or damages, including but not limited to lost profits or other theory of recovery, with respect to Services not performed or not accepted.

9.3 If the Owner terminates the Agreement for default or breach but it is determined, for any reason, that sufficient grounds did not exist for terminating the Agreement, the Professional shall, as its sole and exclusive remedy, be entitled only to the amount due under the Agreement as if the termination were for no fault. Regardless of whether termination is for default or no fault, the Professional shall not be entitled to any payment in excess of the reasonable value or actual cost of work actually performed by the Professional in strict accordance with the Agreement, less offsets and other amounts due the Owner under this Agreement.

9.4 The Professional shall, in no event, be entitled to special, consequential, exemplary, or punitive damages because of the Owner's termination of this Agreement, the Owner's alleged breach or default under this Agreement, or any other act or omission of the Owner.

10. MISCELLANEOUS

10.1 Any notice to the Professional may be given in writing by United States Mail, fax, email, or verbally in person. Notice by mail shall be considered as given and effective when addressed to the last-known address of the Professional and deposited in the United States Mail, and shall be effective for all purposes as of the time of such deposit, whether actually received or not. Notice by any other means shall be effective when sent by the Owner to the Professional. Any notice to the Owner shall be in writing and sent to the Owner by certified or registered mail, return receipt requested, to Owner's office of general counsel.

10.2 The Professional shall not assign its rights nor delegate its obligations under this Agreement without first obtaining the written consent and approval of the Owner. The Professional shall not assign any amounts due or to become due under this subcontract without written consent from the Owner.

10.3 The parties intend as follows: (a) that if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) that if an unenforceable provision is modified or disregarded in accordance with this section, then the rest of this Agreement will remain in effect as written; and (c) that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

10.4 If a party desires to waive any right under this Agreement, it may only do so by signing a writing specifying the right waived. Any such waiver will be binding only for the limited purpose for which the written waiver was given.

10.5 Under no circumstances shall the Professional be entitled to receive consequential damages or lost profits from the Owner, regardless of the nature or type of breach or claim made by the Professional.

10.6 This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral. This Agreement may not be amended except in writing signed by both parties. All proposals, negotiations, and representations with respect to this Agreement, whether oral or written, are hereby superseded and merged into this Agreement. This Agreement cannot be changed, modified, altered, suspended, or terminated, except in writing signed by an authorized representative of the Owner. No delay, waiver, forbearance, or failure by the Owner to exercise rights or remedies under this Agreement or to insist upon strict compliance by the Professional shall prevent the Owner from strictly enforcing any of the provisions of this Agreement, nor shall relieve the Professional from strict compliance with all terms and conditions hereof nor shall waive, restrict, or adversely affect any of the Owner's rights and remedies as to any subsequent or continuing failure of the Professional to comply strictly with all terms and conditions of this Agreement. The invalidity or unenforceability of any term or condition of this Agreement shall not invalidate, render unenforceable, or adversely affect the remaining terms and conditions. This Agreement shall be binding upon the successors in interest of the parties hereto, but nothing in this Agreement is intended nor shall be construed to create any rights for or to benefit any third parties. Both parties have had the opportunity to review with their respective legal counsel and technical advisors this Agreement, and both parties therefore stipulate that this Agreement shall be given effect and shall not be subject to the rule of construction of being construed against the drafting party.

STANDARD FORM OF AGREEMENT BETWEEN
THE OWNER AND THE DESIGN PROFESSIONAL

This Agreement for professional design engineering services (the "Agreement") is entered into and made effective this, the 30th day of January, 2024, by and between City of Gulfport ("Owner") and the Design Professional identified below ("Professional").

OWNER: City of Gulfport
P.O. Box 1780
Gulfport, MS 39502

PROFESSIONAL:

Business Name _Machado | Patano, PLLC dba MP Design Group_____
Mailing Address _918 Howard Avenue, Suite F, Biloxi, MS 39530_____
City/State/Zip_Biloxi, MS 39530_____
Email Address_gkilpatrick@mpdesigngroup.us_____Phone:__(228)388-1950_____

The Professional is a *(Check and complete one of the following)*:

(X) CORPORATION (includes PA, LLC, or PLLC) solely organized and existing under the laws of the State of _Mississippi_____and having its principal office in ___Biloxi_____Harrison_____MS
(City) (County) (State)

( ) PARTNERSHIP of the following (*List all partners or joint venture partners*):_____

( ) SOLE PROPRIETORSHIP ( ) OTHER _____

The Professional shall provide services for the following Project: **CITY OF GULPFORT CITY WIDE LIFT STATION REHABILITATION PROJECT, MCWI 154-2-CW-5.5** (the "Project").

The Owner's total budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,613,773.92 (Six Million, Six Hundred Thirteen Thousand, Seven Hundred Seventy Three dollars, and ninety two cents) unless otherwise provided for in writing by the Owner.

The Professional warrants and represents that it is authorized to do business in Mississippi and that it holds a valid license from the governing Mississippi authority or agency, with its license number being MS-16559 Gerrod W. Kilpatrick, P.E.); E-1077 (Machado | Patano, PLLC).

(Name and Title)

For and in consideration of the covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Owner and Professional agree as follows and specifically set forth in Articles 1 through 10 below:

1. PROFESSIONAL'S SERVICES AND COMPENSATION

For the scope of this engagement, the Professional's Services shall be classified as: (1) Basic; (2) Additional; or (3) Extra (the "Services"). The Professional's engagement may include one or more of the Services depending upon the needs of the Project. The Professional's compensation for its work on the Project is calculated based upon the type of Services the Professional is engaged to perform. The Professional's fee is calculated differently for each type of Service. The Professional may also be entitled to reimbursement for actual costs incurred as a result of performing certain enumerated Project-related activities ("Reimbursable Expenses").

1.1 BASIC SERVICES

1.1.1 The Professional's Basic Services on the Project shall consist of Program Phase Services, Construction Document Services, Bidding Phase Services, and Construction Phase Services, and MCWI/ARPA Program Requirements. The scope of the Basic Services is explained in further detail in Article 3.

1.1.2 The Professional's compensation for Basic Services shall be an hourly not to exceed fee of **$778,932.00** that will be billed per the approved City of Gulfport hourly rate sheet. The not to exceed fee is based of the FEMA Curve A requirements (attached) for a construction value of $6,600,000. This fee includes both the design phase and the construction administration phase. Cost of Construction shall be the total cost to the Owner to construct all elements of the Project as designed and specified by the Professional, as set forth in the plans, specifications, and other contract documents, and as approved by the Owner. In no event shall the Professional's Fee for its Basic Services be calculated using a Cost of Construction exceeding the Owner's Budget as defined in Article 1.5. The Professional shall be compensated for its Basic Services in accordance with the provisions of Article 4 below.

1.1.3 Any consultants retained or otherwise employed by the Professional must be approved by the Owner. The Professional shall not employ or otherwise retain consulting Professionals with proprietary interests. The Professional agrees to employ any consultants needed for complete services, including inspection.

1.1.4 All consultants hired by the Professional shall be required to obtain the same levels and amounts of insurance for protection of the Owner and the Project that the Professional is required to obtain pursuant to Article 2.10 of this Agreement.

1.1.5 The Professional shall be responsible for all applicable taxes and shall not receive any extra or increase payment from the Owner for such taxes.

1.2 ADDITIONAL SERVICES

1.2.1 Additional Services are Services the Owner may elect for the Professional to perform. Additional Services performed by the Professional shall be billed to the Owner on a lump sum basis. Additional Services performed by a third party engaged by the Professional shall be billed to the Owner at the actual cost incurred by the Professional for the third-party service plus an amount equal to **10.0%** (ten percent) of the cost incurred. Prior to performing any Additional Service, the Professional shall provide the Owner with a detailed cost estimate of the Additional Service. If the Owner is dissatisfied with the proposed cost, the Professional shall obtain additional estimates. Additional Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Additional Services where the Owner's prior written approval was not first obtained.

1.2.2 The Owner shall make payments to Professional for any Additional Services upon completion of the same and Owner's approval of the same. Partial payments may be made upon written request by Professional and Owner's approval.

1.3 EXTRA SERVICES

1.3.1 During the course of its engagement, the Professional may be required to perform Extra Services as defined as follows:

.1 Services necessitated by a change in material information supplied by the Owner, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of Construction, or procurement or delivery method;

.2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

.3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

.4 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;

.5 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

.6 Preparation for, and attendance at, a public presentation, meeting, or hearing;

.7 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Engineer is party thereto; or

.8 Evaluation of the qualifications of entities providing bids or proposals.

1.3.2 Prior to performing any Extra Service, the Professional shall notify the Owner in writing of the circumstance creating the need for the Extra Service, the proposed scope of the Extra Service, and an estimate of the cost to the Owner for proposed Extra Service. Extra Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Extra Services where the Owner's prior written approval was not first obtained.

1.3.3 Except for Extra Services required due to the fault of the Professional, the Professional shall be compensated on an hourly basis as follows:

.1 The Professional's Principals' hourly rate shall be $194.00 per hour.

1.3.4 For purposes of this Agreement, the Professional's "principals" include the following individuals:

Gerrod W. Kilpatric, PE, David J. Machado, PE; Bradley P. Patano, PE, and Bradford A. Jones, AIA

1.3.5 For purposes of this Agreement, "Employees" are defined as anyone employed by the Professional but not identified as a Principal, including, but not limited to architects, engineers, professionals, draftsmen, specification writers, inspectors, and secretaries in consultation, research, design, production of the Instruments of Service and other documents pertaining to the Project and inspection of construction of the Project.

1.4 REIMBURSABLE EXPENSES

1.4.1 Reimbursable Expenses are in addition to compensation for Basic, Additional, and Extra Services and include expenses incurred by the Professional directly related to the Project. The Professional may be entitled to reimbursement for the following Project-related expenses:

.1 Permit fees and other fees required by authorities having jurisdiction over the Project;

~~.2 Printing, reproductions, plots, and standard form documents;~~

~~.3 Postage, handling, and delivery;~~

~~.4 Expense of overtime work requiring higher than regular rates, if authorized in advance in writing by the Owner; and~~

.5 Additional renderings, physical models, mock-ups, professional photography, and presentation materials requested by Owner or required for the Project.

1.4.2 The Professional shall not be reimbursed for any traveling or living expenses incurred personally, by associates, employees, or consultants.

1.4.3 The Professional shall be entitled only to reimbursement of actual expenses incurred by the Professional with no markup or fee.

1.4.4 All requests for reimbursement must be received with or before the Professional's final request for payment. Payment of the Professional's retainage as indicated below constitutes waiver by the Professional of any past, present, or future claims for reimbursement or other amounts.

1.5 THE OWNER'S BUDGET

1.5.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with a budget of all funds available to the Owner for completion of the Project (the "Owner's Budget"), which includes the contract(s) for construction, all fees, special consultants and contracts, advertising costs, code compliance expenses, a reasonable contingency, and any other expenses necessary to complete the Project and deliver a useful facility. The Owner's Budget may be revised from time to time in writing by the Owner and in the Owner's sole discretion. As stated above, the Owner's Budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,600,000, unless otherwise provided for in writing by the Owner.

1.5.2 As stated below, the Professional shall submit estimates for the Cost of Construction to the Owner in the course of performing its Basic Services. In the event the Professional submits an estimate of the Cost of Construction exceeding the Owner's Budget, the Professional shall also submit a detailed written report, at no additional cost to the Owner, explaining why the Professional's estimate exceeded the Owner's Budget and what steps are needed to bring the Professional's estimate within the Owner's Budget.

1.5.3 If after the Bidding Phase, the Owner determines that the Project cannot be constructed within the Owner's Budget, the Owner may authorize the Professional to either:

.1 Revise the Contract Documents (including the plans and specifications) and rebid; or
.2 Modify the Program, adjust the Project scope, and/or revise the Contract Documents, and rebid.

1.5.4 If at any time, it is determined by the Owner, in the Owner's sole discretion, that the Project cannot be constructed and completed within the Owner's Budget, the Owner may terminate this Agreement for convenience pursuant

to Article 9, and the Owner shall not be obligated to the Professional for any part of the Professional's fees or payments beyond the last Owner-approved phase.

1.6 PAYMENT

1.6.1 The Professional shall submit applications for payment for its Basic Services in accordance with Article 4. At the time the Professional submits its applications for payment for its Basic Services, the Professional shall also include applications for payment for any previously approved Additional or Extra Services the Professional has performed along with any Reimbursable Expenses incurred by the Professional. All applications for payment shall be itemized in detail and be supported by all related estimates, receipts, or invoices. Owner shall make payment to the Professional within thirty (30) days of receipt of the Professional's application for payment. Payments made by Owner shall not be construed as acceptance of defects in the Professional's Services.

1.6.2 All applications for payment by the Professional shall be submitted by the PRINCIPAL IN CHARGE identified in the Agreement.

1.6.3 The Professional shall keep full and detailed records and accounts related to its Services, expenses, payments, and reimbursements and exercise such controls as may be necessary for proper financial management under this Agreement. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Professional's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, consultant agreements, invoices, purchase orders, vouchers, memoranda and other data relating to this Agreement. The Professional shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

1.6.4 In the event that the Professional seeks to utilize drawings and/or specifications prepared under this Agreement for separate projects with Owner that are not covered by this Agreement, and understanding that such "duplicate work" requires primarily the modification of plot plans, foundations, service connections, incidental changes, supervision, and the like, then Owner will be entitled to credit toward the design costs for the other Project to the extent of such costs paid by Owner pursuant to this Agreement. Owner is not obligated to enter a new Agreement for duplicate work.

2. PROFESSIONAL'S RESPONSIBILITIES

2.1 The Professional shall provide professional services as set forth in this Agreement. The Professional represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

2.2 The Professional shall perform all Services consistent with the professional skill and care ordinarily provided by Professionals practicing in the same or similar locality under the same or similar circumstances. The Professional shall perform all Services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

2.3 The Professional shall be responsible for complying with all applicable laws, rules, regulations, codes, and industry standards in performing its Services under this Agreement.

2.4 The Professional shall identify a representative authorized to act on behalf of the Professional with respect to the Project. The Professional shall be bound by all acts, omissions, statements, and representations of its representative. The Owner shall have the right to approve or reject the Professional's authorized representative.

2.5 The Professional shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Professional's professional judgment with respect to the Project or otherwise.

2.6 The Professional shall assist the Owner with preparing and filing any documents required for the approval of governmental authorities having jurisdiction over the Project.

2.7 The Professional shall contact the appropriate government authorities required to approve the plans, specifications, and other construction or design documents, as well as the entities providing utility services to the Project. In designing the Project, the Professional shall respond to applicable design requirements imposed by such governmental

authorities and entities providing utility services. The Professional shall also assist the Owner in the preparation of applications to the U.S. Government or other granting agencies for construction, interest subsidy, or other forms of grants.

2.8 Time is of the essence of this Agreement. The Professional shall submit for the Owner's approval, an estimated Schedule of Performance of Services. The estimated Schedule of Performance shall specify the number days needed by the Professional to complete each phase of the Professional's Services and shall account for time needed by the Owner and/or a governing body to review any submission by the Professional. The Schedule of Performance may be modified as the Project proceeds but only with the Owner's written approval. This Schedule of Performance, when approved by Owner, shall not, except for reasonable cause, be exceeded by the Professional.

2.9 The Schedule of Performance shall designate the length of time in calendar days for completion of each phase of Services. The dates for receipt of phases shall be the date the documents are stamped into the Owner's office if they are in an approval condition. If submittals are rejected, then the clock will continue to run without charge for that time being reviewed by the Owner. The date for approval and beginning of the next phase shall be the date of receipt, by the Professional, of written approval from the Owner.

2.10 PROFESSIONAL'S INSURANCE AND INDEMNITY OBLIGATIONS

2.10.1 The Professional shall purchase and maintain with a company, or companies, licensed to do business in the State of Mississippi such insurance as will provide protection from claims resulting from errors and omissions, or negligent acts arising out of the performance of professional services and operations under this Agreement. The Professional shall maintain the following insurances, at a minimum, until termination of this Agreement:

.1 Commercial General Liability insurance with policy limits of not less than $1,000,000 for each occurrence and $2,000,000 in the aggregate for bodily injury and property damage.

.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Professional with policy limits of not less than $1,000,000 per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

.3 The Professional may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.10.1.1 and 2.10.2.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

.4 Workers' Compensation insurance at statutory minimum limits.

.5 Employers Liability insurance with policy limits not less than $1,000,000 each accident, $1,000,000 each employee, and $2,000,000 policy limit.

.6 Professional Liability insurance covering negligent acts, errors, and omissions in the performance of professional services with policy limits of not less than $1,000,000 per claim or occurrence and $2,000,000 in aggregate.

2.10.2 To the fullest extent permitted by law, the Professional shall cause the primary and excess or umbrella polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Professional's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations. Further, each of the Professional's insurance policies shall include waivers of subrogation in favor of the Owner.

2.10.3 The Professional shall provide Certificates of Insurance to the Owner that evidence compliance with the requirements in this Section 2.10 prior to beginning work or performing Services for the Project. The Certificate of Insurance shall contain a provision stating that the policy may not be canceled or not renewed without at least thirty (30) days prior written notice to the Owner. Failure to provide the Owner with a Certificate of Insurance reflecting all insurance coverages and requirements set forth in this Section 2.10 shall be a material breach of this Agreement.

2.10.4 If by the terms of this insurance any mandatory deductibles are required, or if the Professional should elect with the concurrence of the Owner, to increase the mandatory deductible amounts or purchase this insurance with voluntary deductible amounts, the Professional shall be responsible for payment of the amount of the deductible in the event a claim is paid. In the event of a claim against the policy, the Professional shall arrange for the restoration of the limit of liability so that full coverage is maintained at all times.

2.10.5 The Professional shall be fully responsible to the Owner for work performed by any employees, associates, and/or consultants. Errors and omissions insurance coverage for the total Project design, including that of all Associates and/or consultants, rests solely with the Professional. In the case of joint ventures, joint venture errors and omissions insurance coverage shall be required in accordance with the limits stated above.

2.10.6 The Professional shall defend, indemnify, and hold harmless the Owner and the Owner's agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees and litigation expenses, regardless of the nature or type of claim, which arise from or relate to the Professional's performance of Services under this Agreement, any acts or omissions of the Professional, or any alleged negligence of the Professional or the Professional's consultants, anyone directly or indirectly employed by them, or anyone for whose acts they or the Professional may be liable. This indemnification requirement shall survive the expiration or earlier termination of this Agreement.

3. BASIC SERVICES

The Professional's Basic Services are those described in this Article 3 and include all usual and customary civil, structural, mechanical, and electrical engineering services. The Professional shall manage all Services, consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and report progress to the Owner. The Professional shall coordinate its Services with those being provided by the Owner or any separate consultants hired by the Owner.

3.1 SCOPE OF PROGRAM PHASE SERVICES

3.1.1 Professional shall meet with Owner to ascertain the general requirements for the Project and shall meet with the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) to discuss, among other things, the scope of the Project, the functional and departmental objectives of the Project, and the relationship of the Project to other structures and facilities.. Professional shall advise Owner and the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) as to cost of the Project and time requirements for planning and construction of the Project.

3.1.2 The Professional shall prepare and submit to the Owner a comprehensive written Project Program, which shall set forth the scope of the Project. The Program will include at a minimum the following elements:

.1 Goal: Design objectives, limitations, and criteria;
.2 Site: Site requirements and analysis including location, boundaries, topography, vegetation, utilities, climate, flooding, traffic, and priority;
.3 Equipment: Special equipment and systems;
.4 Energy: Energy considerations;
.5 Existing: Analysis of existing facilities(lift station sites);
.6 Concept: Summary of Project concept, scope and goal with priority list; and
.7 Budget: Total Project budget, with controlling input from Owner

3.1.3 The Professional shall submit to the Owner copies of the written Project Program.

3.1.4 The Professional shall show progress to date, confirm the remainder of the Schedule of Performance, and obtain the Owner's written approval for completing the Program Phase before proceeding with the Construction Phase Design.

3.4 SCOPE OF CONSTRUCTION DOCUMENT PHASE SERVICES

3.4.1 After obtaining the written approval of the Owner for the Design Development Phase, the Professional shall prepare and submit to the Owner copies of working drawings and specifications detailing and prescribing the work to be accomplished to construct the Project including materials; workmanship; finishes; mechanical and electrical systems;

special equipment; general, special, and supplementary conditions for the agreement between the Owner and the contractor; and any and all other information required for receiving bids on the Project and subsequent preparation of shop drawings and detail drawings.

3.4.2 Upon receipt of the review comments from the Owner, the Professional shall complete and finalize the Contract Documents to conform to the Owner's review comments. Professional shall furnish copies to the Owner of the final version of the Contract Documents prior to release of said documents for bids.

3.4.3 The Professional shall furnish and distribute complete sets of plans, specifications, and other Bidding Documents as are necessary for bidding purposes (the "Contract Documents"), including in electronic form if required. Any cost of printing and mailing these Contract Documents shall be paid by the Professional and reimbursed by the Owner, with cost approval by the Owner before printing is ordered. Reimbursement to the Professional by the Owner of printing costs is to assure that an adequate number of plans and specifications shall be available for bidding purposes and thereby resulting in the best possible competitive bids being received by the Owner for the Project. Costs of all plans and specifications, other than for bidding, required for the design process shall be at the expense of the Professional.

3.4.4 The Professional shall prepare and submit to the Owner a detailed Cost of Construction estimate demonstrating allocation of cost for various systems. The basis for the cost estimate shall be a quantity survey. The estimate shall show an escalation projected from the date of the estimate to the projected bid date.

3.4.5 The date for receipt of bids shall be established by the Owner.

3.4.6 The Professional agrees that approval of the Contract Documents, including drawings and specifications, by Owner or by any person, body, or agency shall not relieve Professional of the responsibility for the adequacy, fitness, suitability, correctness of design, and for designing all documents and completing all Services in accordance with sound and accepted engineering practices and in compliance with all prevailing building codes and federal and state laws and regulations, including but not limited to such codes and regulations set forth below in Section 6.4.

3.4.7 The Professional shall submit to the Owner complete Contract Documents in electronic format within time sufficient to distribute same for bids.

3.5 SCOPE OF BIDDING PHASE SERVICES

3.5.1 After obtaining the written approval of the Owner of the Construction Document Phase, the Professional shall assist the Owner in obtaining bids and preparing and awarding all construction contracts. The Professional shall provide other preconstruction and bidding phase services such as preconstruction estimates, constructability analyses, project scheduling, and identifying potential qualified subcontractors and materialmen, if necessary.

3.5.2 For project subject to competitive bidding laws, the professional shall assist the Owner in bidding the Project by: procuring the reproduction of Contract Documents for distribution to prospective bidders; distributing the Contract Documents to prospective bidders and maintaining a log of distribution; organizing and conducting a pre-bid conference for prospective bidders; preparing responses to questions from bidders and providing clarifications and interpretations of the Contract Documents in the form of addenda to the same; and organizing and conducting the opening of bids and documenting the bidding results.

3.5.2 The Professional shall attend the bid opening and furnish a suitably detailed tabulation sheet for recording the name of each Bidder, the Bidder's Certificate of Responsibility Number, Bid Security, Base Bid, Alternates, and remarks. The Professional shall furnish sufficient tabulation sheets for all in attendance. Immediately after receipt of bids, the Professional shall submit to the Owner a certified tabulation of all bids received, along with his recommendation as to Contract award.

3.5.3 The Professional, following the award of a Construction Contract, shall prepare and submit to the Owner, copies of updated Construction Documents (including plans and specifications). Each copy shall be marked OFFICIAL CONTRACT DOCUMENTS and shall include an executed bid proposal form, agreement form, contract bond, power of attorney, certificate of insurance, all bulletins, addenda, and supplemental drawings. One (1) copy shall be retained by the Owner; one (1) copy shall be for the Contractor. Any other contract document guidelines will be distributed by the Professional at the bid opening.

3.6 SCOPE OF CONSTRUCTION PHASE SERVICES

3.6.1 The Construction Phase begins with the award and the preparation of the construction contract(s). The Professional is responsible for keeping the Owner completely apprised of the Project during the Construction Phase. The Professional shall perform all services necessary to ensure the construction of the Project is moving forward in a timely and cost effective manner and in accordance with the Contract Documents. Those services shall include, but not be limited to, the following:

1. Sanitary sewer design
2. Lift Station Design
3. Plan and Profiles sheets of proposed design
4. Electrical Controls Design
5. Mechanical Pump Selection/Design (if required)
6. Erosion control Plan
7. Overall Utility Plan
8. Obtain necessary MDEQ Stormwater permits
9. Obtain necessary MDEQ sanitary sewer approvals (if required)
10. Construction Details
11. Technical Specifications
12. Provide necessary documentation for ARPA Reimbursement

3.6.2 The Professional shall conduct on-site inspections as necessary to guard against nonconformity of the construction work with the Contract Documents and to observe and report on compliance with agreed upon construction schedules. The Professional shall be responsible for ensuring all inspections are made as needed and during the critical phases of construction by the consultants and the Professional's firm. The Professional shall maintain a written log of all visits to the site by the Professional and/or any consultants identifying by name and title each attendee and a brief description explaining the nature of the site visit. On-site inspections shall be done by a Principal of the Professional's firm and/or of each consultant firm, or a qualified employee of each firm as approved by the Owner. The Professional shall not be responsible for construction means, methods, techniques, sequence of procedures, or the safety precautions and programs in connection with the work. The Professional has the authority to disapprove or reject work that, in its judgment, fails to conform to the Contract Documents. The Professional shall submit monthly written reports to Owner detailing progress and condition of construction of the Project.

3.6.3 As required by the Owner, or upon the written request of the Contractor, the Professional shall promptly respond to any request for information relating to interpretation of the Contract Documents to ensure proper and timely execution of the work and construction of the Project. The Professional shall be the interpreter of the requirements of the Contract Documents and judge of the performance thereunder of the Contractor. The Professional's responses to such requests for information shall be in writing and issued with reasonable promptness so as not to delay the Project.

3.6.4 The Professional shall prepare change Orders for the Owner's approval and execution in accordance with the Contract Documents. The Professional shall have authority to order minor changes in the work which do not involve an adjustment in the Contract Sum or an extension of the Contract Time and which are not inconsistent with the intent of the Contract Documents. The Professional shall not issue any verbal or written directives that materially change the Contract Documents until approved in writing by the Owner.

3.6.5 Upon receipt of an application for payment from the Contractor, the Professional shall determine and confirm the amount owed to the contractor based on the Professional's field inspections, evaluations of the contractor's applications for payment in relation to the most recent schedule of values, and any other information the Professional deems necessary. Based on the Professional's evaluation, the Professional shall recommend to the Owner an amount the Professional believes the contractor is owed and shall issue for the Owner's approval a certificate for payment in that amount. The Professional's recommendation or certification of payment shall constitute a representation on which the Owner is entitled to rely that the work has progressed to the point indicated; that, to the best of the Professional's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents; and, that the Contractor is entitled to payment in the amount certified. The issuance of a certificate for payment will not be a representation that the Professional has made any examination relating to how the Contractor has used or applied previous payments from Owner other than to secure certification under oath that all materialmen, laborers, and subcontractors have been paid by the contractor.

3.6.6 The Professional shall conduct inspections to determine the date of Substantial Completion and the date of final completion; issue certificates of Substantial Completion; receive from contractor and forward to Owner all written

warranties and related documents required by the Contract Documents; and issue a final Certificate for Payment based upon a final inspection of the Project indicating that the Project was constructed in accordance with the requirements of the Contract Documents.

3.6.7 When the Professional is notified by the contractor that the work has been substantially completed and the Project is ready for inspection, the Professional and the Professional's consultants shall inspect the work. Based on this inspection, the Professional and consultants shall prepare lists of items needing correction, repair, or completion. When these items have been corrected by the contractor, the Professional and the Professional's consultants shall make a subsequent inspection to ensure all issues previously identified have been properly addressed. A representative for the Owner shall be present during this inspection. When all issues identified by the Professional and/or the Professional's consultants have been properly addressed, the Professional shall certify to the Owner that, to the best of the Professionals' knowledge, the Project has been fully completed in compliance with the Contract Documents. It is the responsibility of the Professional to have a representative(s) from each of its consultants present for all inspections.

3.6.8 Upon completion of the Project, the Professional shall deliver to the Owner two sets of revised Contract Documents which reflect the as-built condition of the Project. Such as-built documents shall reflect all changes caused by addenda, field changes, change orders, and observed changes by the Professional, contractor, or subcontractors. Additionally, the Professional shall submit two electronic format copies of the as-built Contract Documents in both PDF and CAD format. The Professional shall also deliver to the Owner the Manufacturer's data for the roof materials used, the Manufacturer's Guarantee, and the Roofing Contractor's Guarantee. The Professional shall deliver to the Owner all certificates, data, manuals, warranties, and/or guarantees relating to the Project.

3.6.9 The Professional shall forward to the Owner the following information received from the contractor: consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment to the contractor; affidavits, receipts, releases, and waivers of liens or bonds indemnifying Owner against lines and claims; and any other documentation required of the contractor under the Contract Documents.

3.6.10 During the warranty period of the construction contract(s), the Professional shall work with a representative of the Owner to secure remediation of any defects that are discovered. The Professional shall make, with a representative of the Owner present, a warranty inspection of the Project prior to the expiration of any warranty periods and report observed defects to the Owner and the contractor for correction. The Professional shall be responsible for coordinating all work necessary to repair, correct, or complete defects in the construction, and the Professional shall be responsible to prepare and issue any paper work necessary to effect such repair, regardless of whether such constitutes a change.

3.6.11 The Construction Phase shall terminate upon expiration of the Warranty period or settlement of all Warranty claims, whichever occurs last.

4. PAYMENT TO THE PROFESSIONAL FOR BASIC SERVICES

4.1 PAYMENTS FOR BASIC FEE

4.1.1 Upon completion of the Program Phases and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.2 Upon completion of the Construction Document Phase and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.4 Upon completion of the Bidding Phase, written approval of the Owner and any governing authority or board, and receipt of a construction contract executed by the contractor, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.5 During the Construction Phase, written approval of the Owner and any governing authority or board, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.6 The Owner reserves the right to determine when and who provides the Professional service items needed for this Project. Any pay request submitted by the Professional which contains service items not authorized by the Owner to be performed by the Professional may be disapproved in part, or total.

4.1.7 No delay in payment to the Professional, whether under section 5 of this Agreement or otherwise, shall entitle the Professional to terminate or suspend its Services.

5. PROFESSIONAL CONSULTING SERVICES AND CODES

5.1 PROFESSIONAL CONSULTING SERVICES

5.1.1 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering design services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared shall bear the stamp of the responsible registered professional. The Professional shall enter into Contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.1.2 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering engineering services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared above shall bear the stamp of the responsible registered professional. The Professional shall enter into contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.2 CODES AND REGULATIONS

5.2.1 The Professional shall prepare all Contract Documents, including drawings and specifications, in full conformance and compliance with all applicable codes and regulations, including but not limited to the following specific codes and regulations. The Professional shall reference the versions of the below codes and regulations that are current and in effect as of the date of this Agreement and all subsequent amendments to the same, unless a different and specific edition is expressly noted in the Contract Documents. In the event of any discrepancy or ambiguity, the Professional must comply with, and will be held to, the adopted and applicable codes of the local jurisdiction.

1. International Building Code
2. International Existing Building Code
3. International Plumbing Code
4. International Mechanical Code
5. International Fuel Gas Code
6. International Electrical Code
7. International Fire Code

6. OWNER'S RESPONSIBILITIES

6.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with the Owner's Budget, which shall state all funds available to the Owner for completion of the Project. The Owner's Budget may be revised from time to time in the Owner's sole discretion.

6.2 Unless otherwise provided for under this Agreement, the Owner shall provide information relating to the Project to the Professional in a timely manner when requested by the Professional.

6.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project.

7. OWNERSHIP OF DOCUMENTS

7.1 The Professional's instruments of service, including all contract documents and drawings and specifications, shall be the Owner's property upon payment of the Professional's fees through the latest completed phase. The Owner shall have full and unrestricted use of such instruments of service. The Professional shall not be entitled to re-use or recycle any of the instruments of service without the prior written permission of the Owner. The Professional shall furnish

permanent reproducible transparencies at the Owner's request and the Owner shall reimburse Professional for the actual cost. Original tracings and specifications shall remain in the Professional's custody until the Owner requests delivery.

7.2 The Owner shall have full and unrestricted use of the instruments of service, including all contract documents and drawings and specifications drawings and specifications, for use on any future Project without further compensation due to the Professional.

8. APPLICABLE LAW AND DISPUTE RESOLUTION

8.1 This Agreement shall be governed exclusively by the laws of the State of Mississippi, regardless of any choice of law provisions that might otherwise be applicable.

8.2 The parties shall attempt to resolve any dispute that arises out of or is related to this Agreement by first submitting the dispute to mediation. Any mediation will be conducted by one mediator selected by the Owner and will only be conducted in Harrison County, Mississippi or such other place selected by the Owner. If the parties do not resolve any such dispute through mediation, the parties shall resolve the dispute by litigation.

8.3 The courts of Harrison County, Mississippi shall be the sole and exclusive jurisdiction and venue for any civil action related to this Agreement. Each party irrevocably consents to jurisdiction in said courts and waives any argument that such courts are not a convenient forum or that venue is not proper in Harrison County.

8.4 If the Owner in good faith believes that any claim, dispute, or matter in controversy with the Professional also involves rights or liabilities of the contractor, or other third party, then, at the Owner's sole election, the Professional agrees to resolve such issues in the same forum or proceeding, including court or administrative authority, which has jurisdiction over some or all claims, disputes, and matters in controversy involving the Contractor, or other third party so as to promote economy and avoid inconsistent results.

8.5 No claim, dispute, or matter in controversy or question shall interfere with the progress of the Professional's Services, and the Professional shall proceed diligently with performance of its Services, notwithstanding the existence of any claim, dispute, or matter in controversy or question.

9. TERMINATION

9.1 The Owner may terminate this Agreement for cause should the Professional fail to timely perform its Services or fail to satisfy any of the terms or conditions of this Agreement, as determined in the Owner's sole discretion, within three calendar days after receipt of the Owner's notice of deficiency. In the event of such termination for cause, the Professional shall be responsible for all costs, fees, and expenses, including reasonable attorneys' fees, incurred by the Owner to remedy the deficiencies caused or created by the Professional or to otherwise complete the Professional's Services under this Agreement. Upon such termination, the Professional shall only be entitled to receive as payment any outstanding balance due by the Owner to the Professional for satisfactory Services that the Professional completed as part of the last approved design phase, but only to the extent that such payment exceeds all costs, fees, and expenses incurred by the Owner in connection with correction or completion of the Professional's Services or termination of the Professional. At the option of the Owner, all finished or unfinished instruments of service prepared by the Professional shall be the property of the Owner.

9.2 Notwithstanding anything to the contrary in this Agreement and in addition to the Owner's right to terminate this Agreement for cause, breach or default, the Owner may also suspend the Professional's Services or terminate all or any part of this Agreement, without cause, regardless of fault or the lack thereof by any party, for its sole convenience, or for any reason or no reason whatsoever. Upon such no-fault termination, the Professional shall be entitled only to payment for Services satisfactorily completed up to the date of termination. The Professional shall not be entitled to any payment, compensation, or damages, including but not limited to lost profits or other theory of recovery, with respect to Services not performed or not accepted.

9.3 If the Owner terminates the Agreement for default or breach but it is determined, for any reason, that sufficient grounds did not exist for terminating the Agreement, the Professional shall, as its sole and exclusive remedy, be entitled only to the amount due under the Agreement as if the termination were for no fault. Regardless of whether termination is for default or no fault, the Professional shall not be entitled to any payment in excess of the reasonable value or actual cost of work actually performed by the Professional in strict accordance with the Agreement, less offsets and other amounts due the Owner under this Agreement.

9.4 The Professional shall, in no event, be entitled to special, consequential, exemplary, or punitive damages because of the Owner's termination of this Agreement, the Owner's alleged breach or default under this Agreement, or any other act or omission of the Owner.

10. MISCELLANEOUS

10.1 Any notice to the Professional may be given in writing by United States Mail, fax, email, or verbally in person. Notice by mail shall be considered as given and effective when addressed to the last-known address of the Professional and deposited in the United States Mail, and shall be effective for all purposes as of the time of such deposit, whether actually received or not. Notice by any other means shall be effective when sent by the Owner to the Professional. Any notice to the Owner shall be in writing and sent to the Owner by certified or registered mail, return receipt requested, to Owner's office of general counsel.

10.2 The Professional shall not assign its rights nor delegate its obligations under this Agreement without first obtaining the written consent and approval of the Owner. The Professional shall not assign any amounts due or to become due under this subcontract without written consent from the Owner.

10.3 The parties intend as follows: (a) that if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) that if an unenforceable provision is modified or disregarded in accordance with this section, then the rest of this Agreement will remain in effect as written; and (c) that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

10.4 If a party desires to waive any right under this Agreement, it may only do so by signing a writing specifying the right waived. Any such waiver will be binding only for the limited purpose for which the written waiver was given.

10.5 Under no circumstances shall the Professional be entitled to receive consequential damages or lost profits from the Owner, regardless of the nature or type of breach or claim made by the Professional.

10.6 This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral. This Agreement may not be amended except in writing signed by both parties. All proposals, negotiations, and representations with respect to this Agreement, whether oral or written, are hereby superseded and merged into this Agreement. This Agreement cannot be changed, modified, altered, suspended, or terminated, except in writing signed by an authorized representative of the Owner. No delay, waiver, forbearance, or failure by the Owner to exercise rights or remedies under this Agreement or to insist upon strict compliance by the Professional shall prevent the Owner from strictly enforcing any of the provisions of this Agreement, nor shall relieve the Professional from strict compliance with all terms and conditions hereof nor shall waive, restrict, or adversely affect any of the Owner's rights and remedies as to any subsequent or continuing failure of the Professional to comply strictly with all terms and conditions of this Agreement. The invalidity or unenforceability of any term or condition of this Agreement shall not invalidate, render unenforceable, or adversely affect the remaining terms and conditions. This Agreement shall be binding upon the successors in interest of the parties hereto, but nothing in this Agreement is intended nor shall be construed to create any rights for or to benefit any third parties. Both parties have had the opportunity to review with their respective legal counsel and technical advisors this Agreement, and both parties therefore stipulate that this Agreement shall be given effect and shall not be subject to the rule of construction of being construed against the drafting party.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH MACHADO PATANO, PLLC, D/B/A MACHADO DESIGN GROUP, FOR ENGINEERING SERVICES IN CONNECTION WITH THE CITY WIDE LIFT STATION REHABILITATION PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the City Wide Lift Station Rehabilitation Project, a project intended to rehabilitate existing sewer pump stations located within the city limits of the City of Gulfport; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the City Wide Lift Station Rehabilitation Project and received proposals from seven (7) firms; and

WHEREAS, after referral to and grading by a selection committee, Machado Patano, PLLC, D/B/A Machado Design Group was selected as the highest scoring firm (see January 2, 2024, minutes) and recommended for award Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the City Wide Lift Station Rehabilitation Project to Machado Patano, PLLC, D/B/A Machado Design Group and to approve an agreement with Machado Patano, PLLC, D/B/A Machado Design Group, subject to final approval of the Legal Department, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the City Wide Lift Station Rehabilitation Project, be and the same is hereby approved and the proposed Engineering Services Contract between Machado Patano, PLLC, D/B/A Machado Design Group and the City be and it is hereby approved in substantially the form found at Exhibit "A" hereto, subject to final approval by the Legal Department, and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Flowers, and was adopted by the following roll call vote:

Re: **Recommendation to Approve Preliminary Engineering Services Contract**
- Machado Patano, PLLC.
- City Wide Lift Station Rehabilitation Project (MCWI)

Attached for your consideration is the Preliminary Engineering Services Contract for the referenced project in the not-to-exceed amount of $778,932.00. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

This project includes rehabilitation of existing sewer pump stations located inside the City limits of Gulfport. The total cost of engineering and construction for this project is $ 6,613,772.92. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure "MCWI" and the American Rescue Plan Act "ARPA".

I recommend approval of this contract.

RE: Proposal for Professional Engineering Services for City Wide Lift Stations
ARPA project #154-2-CW-5.5

VIA Email: jharrison@gulfport-ms.gov

Jeremy,

MP Design Group (MPDG) is pleased to offer you our proposal to provide engineering services for the city wide lift station project, ARPA project 154-2-CW-5.5. We have based our fee proposal on the industry standard FEMA Design Curves. The proposal will be an hourly not to exceed fee of $778,932.00, which is based on a construction value of $6,600,000. The fee for this proposal includes both the design phase and the construction administration services for this project.

We appreciate the opportunity and look forward to working with you on this project. I will be happy to answer any questions or concerns you have regarding the proposal.

Respectfully,
MP DESIGN GROUP

Gerrod W. Kilpatrick, P.E.
Principal

STANDARD FORM OF AGREEMENT BETWEEN
THE OWNER AND THE DESIGN PROFESSIONAL

This Agreement for professional design engineering services (the "Agreement") is entered into and made effective this, the 30th day of January, 2024, by and between City of Gulfport ("Owner") and the Design Professional identified below ("Professional").

OWNER: City of Gulfport

For and in consideration of the covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Owner and Professional agree as follows and specifically set forth in Articles 1 through 10 below:

1. PROFESSIONAL'S SERVICES AND COMPENSATION

For the scope of this engagement, the Professional's Services shall be classified as: (1) Basic; (2) Additional; or (3) Extra (the "Services"). The Professional's engagement may include one or more of the Services depending upon the needs of the Project. The Professional's compensation for its work on the Project is calculated based upon the type of Services the Professional is engaged to perform. The Professional's fee is calculated differently for each type of Service. The Professional may also be entitled to reimbursement for actual costs incurred as a result of performing certain enumerated Project-related activities ("Reimbursable Expenses").

1.1 BASIC SERVICES

1.1.1 The Professional's Basic Services on the Project shall consist of Program Phase Services, Construction Document Services, Bidding Phase Services, and Construction Phase Services, and MCWI/ARPA Program Requirements. The scope of the Basic Services is explained in further detail in Article 3.

1.1.2 The Professional's compensation for Basic Services shall be an hourly not to exceed fee of **$778,932.00** that will be billed per the approved City of Gulfport hourly rate sheet. The not to exceed fee is based of the FEMA Curve A requirements (attached) for a construction value of $6,600,000. This fee includes both the design phase and the construction administration phase. Cost of Construction shall be the total cost to the Owner to construct all elements of the Project as designed and specified by the Professional, as set forth in the plans, specifications, and other contract documents, and as approved by the Owner. In no event shall the Professional's Fee for its Basic Services be calculated using a Cost of Construction exceeding the Owner's Budget as defined in Article 1.5. The Professional shall be compensated for its Basic Services in accordance with the provisions of Article 4 below.

1.1.3 Any consultants retained or otherwise employed by the Professional must be approved by the Owner. The Professional shall not employ or otherwise retain consulting Professionals with proprietary interests. The Professional agrees to employ any consultants needed for complete services, including inspection.

1.1.4 All consultants hired by the Professional shall be required to obtain the same levels and amounts of insurance for protection of the Owner and the Project that the Professional is required to obtain pursuant to Article 2.10 of this Agreement.

1.1.5 The Professional shall be responsible for all applicable taxes and shall not receive any extra or increase payment from the Owner for such taxes.

1.2 ADDITIONAL SERVICES

1.2.1 Additional Services are Services the Owner may elect for the Professional to perform. Additional Services performed by the Professional shall be billed to the Owner on a lump sum basis. Additional Services performed by a third party engaged by the Professional shall be billed to the Owner at the actual cost incurred by the Professional for the third-party service plus an amount equal to **10.0%** (ten percent) of the cost incurred. Prior to performing any Additional Service, the Professional shall provide the Owner with a detailed cost estimate of the Additional Service. If the Owner is dissatisfied with the proposed cost, the Professional shall obtain additional estimates. Additional Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Additional Services where the Owner's prior written approval was not first obtained.

1.2.2 The Owner shall make payments to Professional for any Additional Services upon completion of the same and Owner's approval of the same. Partial payments may be made upon written request by Professional and Owner's approval.

1.3 EXTRA SERVICES

1.3.1 During the course of its engagement, the Professional may be required to perform Extra Services as defined as follows:

.1 Services necessitated by a change in material information supplied by the Owner, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of Construction, or procurement or delivery method;

.2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

.3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

.4 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;

.5 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

.6 Preparation for, and attendance at, a public presentation, meeting, or hearing;

.7 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Engineer is party thereto; or

.8 Evaluation of the qualifications of entities providing bids or proposals.

1.3.2 Prior to performing any Extra Service, the Professional shall notify the Owner in writing of the circumstance creating the need for the Extra Service, the proposed scope of the Extra Service, and an estimate of the cost to the Owner for proposed Extra Service. Extra Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Extra Services where the Owner's prior written approval was not first obtained.

1.3.3 Except for Extra Services required due to the fault of the Professional, the Professional shall be compensated on an hourly basis as follows:

.1 The Professional's Principals' hourly rate shall be $194.00 per hour.

1.3.4 For purposes of this Agreement, the Professional's "principals" include the following individuals:

Gerrod W. Kilpatric, PE, David J. Machado, PE; Bradley P. Patano, PE, and Bradford A. Jones, AIA

1.3.5 For purposes of this Agreement, "Employees" are defined as anyone employed by the Professional but not identified as a Principal, including, but not limited to architects, engineers, professionals, draftsmen, specification writers, inspectors, and secretaries in consultation, research, design, production of the Instruments of Service and other documents pertaining to the Project and inspection of construction of the Project.

1.4 REIMBURSABLE EXPENSES

1.4.1 Reimbursable Expenses are in addition to compensation for Basic, Additional, and Extra Services and include expenses incurred by the Professional directly related to the Project. The Professional may be entitled to reimbursement for the following Project-related expenses:

.1 Permit fees and other fees required by authorities having jurisdiction over the Project;

~~.2 Printing, reproductions, plots, and standard form documents;~~

~~.3 Postage, handling, and delivery;~~

~~.4 Expense of overtime work requiring higher than regular rates, if authorized in advance in writing by the Owner; and~~

.5 Additional renderings, physical models, mock-ups, professional photography, and presentation materials requested by Owner or required for the Project.

1.4.2 The Professional shall not be reimbursed for any traveling or living expenses incurred personally, by associates, employees, or consultants.

1.4.3 The Professional shall be entitled only to reimbursement of actual expenses incurred by the Professional with no markup or fee.

1.4.4 All requests for reimbursement must be received with or before the Professional's final request for payment. Payment of the Professional's retainage as indicated below constitutes waiver by the Professional of any past, present, or future claims for reimbursement or other amounts.

1.5 THE OWNER'S BUDGET

1.5.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with a budget of all funds available to the Owner for completion of the Project (the "Owner's Budget"), which includes the contract(s) for construction, all fees, special consultants and contracts, advertising costs, code compliance expenses, a reasonable contingency, and any other expenses necessary to complete the Project and deliver a useful facility. The Owner's Budget may be revised from time to time in writing by the Owner and in the Owner's sole discretion. As stated above, the Owner's Budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,600,000, unless otherwise provided for in writing by the Owner.

1.5.2 As stated below, the Professional shall submit estimates for the Cost of Construction to the Owner in the course of performing its Basic Services. In the event the Professional submits an estimate of the Cost of Construction exceeding the Owner's Budget, the Professional shall also submit a detailed written report, at no additional cost to the Owner, explaining why the Professional's estimate exceeded the Owner's Budget and what steps are needed to bring the Professional's estimate within the Owner's Budget.

1.5.3 If after the Bidding Phase, the Owner determines that the Project cannot be constructed within the Owner's Budget, the Owner may authorize the Professional to either:

.1 Revise the Contract Documents (including the plans and specifications) and rebid; or
.2 Modify the Program, adjust the Project scope, and/or revise the Contract Documents, and rebid.

1.5.4 If at any time, it is determined by the Owner, in the Owner's sole discretion, that the Project cannot be constructed and completed within the Owner's Budget, the Owner may terminate this Agreement for convenience pursuant

to Article 9, and the Owner shall not be obligated to the Professional for any part of the Professional's fees or payments beyond the last Owner-approved phase.

1.6 PAYMENT

1.6.1 The Professional shall submit applications for payment for its Basic Services in accordance with Article 4. At the time the Professional submits its applications for payment for its Basic Services, the Professional shall also include applications for payment for any previously approved Additional or Extra Services the Professional has performed along with any Reimbursable Expenses incurred by the Professional. All applications for payment shall be itemized in detail and be supported by all related estimates, receipts, or invoices. Owner shall make payment to the Professional within thirty (30) days of receipt of the Professional's application for payment. Payments made by Owner shall not be construed as acceptance of defects in the Professional's Services.

1.6.2 All applications for payment by the Professional shall be submitted by the PRINCIPAL IN CHARGE identified in the Agreement.

1.6.3 The Professional shall keep full and detailed records and accounts related to its Services, expenses, payments, and reimbursements and exercise such controls as may be necessary for proper financial management under this Agreement. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Professional's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, consultant agreements, invoices, purchase orders, vouchers, memoranda and other data relating to this Agreement. The Professional shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

1.6.4 In the event that the Professional seeks to utilize drawings and/or specifications prepared under this Agreement for separate projects with Owner that are not covered by this Agreement, and understanding that such "duplicate work" requires primarily the modification of plot plans, foundations, service connections, incidental changes, supervision, and the like, then Owner will be entitled to credit toward the design costs for the other Project to the extent of such costs paid by Owner pursuant to this Agreement. Owner is not obligated to enter a new Agreement for duplicate work.

2. PROFESSIONAL'S RESPONSIBILITIES

2.1 The Professional shall provide professional services as set forth in this Agreement. The Professional represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

2.2 The Professional shall perform all Services consistent with the professional skill and care ordinarily provided by Professionals practicing in the same or similar locality under the same or similar circumstances. The Professional shall perform all Services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

2.3 The Professional shall be responsible for complying with all applicable laws, rules, regulations, codes, and industry standards in performing its Services under this Agreement.

2.4 The Professional shall identify a representative authorized to act on behalf of the Professional with respect to the Project. The Professional shall be bound by all acts, omissions, statements, and representations of its representative. The Owner shall have the right to approve or reject the Professional's authorized representative.

2.5 The Professional shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Professional's professional judgment with respect to the Project or otherwise.

2.6 The Professional shall assist the Owner with preparing and filing any documents required for the approval of governmental authorities having jurisdiction over the Project.

2.7 The Professional shall contact the appropriate government authorities required to approve the plans, specifications, and other construction or design documents, as well as the entities providing utility services to the Project. In designing the Project, the Professional shall respond to applicable design requirements imposed by such governmental

authorities and entities providing utility services. The Professional shall also assist the Owner in the preparation of applications to the U.S. Government or other granting agencies for construction, interest subsidy, or other forms of grants.

2.8 Time is of the essence of this Agreement. The Professional shall submit for the Owner's approval, an estimated Schedule of Performance of Services. The estimated Schedule of Performance shall specify the number days needed by the Professional to complete each phase of the Professional's Services and shall account for time needed by the Owner and/or a governing body to review any submission by the Professional. The Schedule of Performance may be modified as the Project proceeds but only with the Owner's written approval. This Schedule of Performance, when approved by Owner, shall not, except for reasonable cause, be exceeded by the Professional.

2.9 The Schedule of Performance shall designate the length of time in calendar days for completion of each phase of Services. The dates for receipt of phases shall be the date the documents are stamped into the Owner's office if they are in an approval condition. If submittals are rejected, then the clock will continue to run without charge for that time being reviewed by the Owner. The date for approval and beginning of the next phase shall be the date of receipt, by the Professional, of written approval from the Owner.

2.10 PROFESSIONAL'S INSURANCE AND INDEMNITY OBLIGATIONS

2.10.1 The Professional shall purchase and maintain with a company, or companies, licensed to do business in the State of Mississippi such insurance as will provide protection from claims resulting from errors and omissions, or negligent acts arising out of the performance of professional services and operations under this Agreement. The Professional shall maintain the following insurances, at a minimum, until termination of this Agreement:

.1 Commercial General Liability insurance with policy limits of not less than $1,000,000 for each occurrence and $2,000,000 in the aggregate for bodily injury and property damage.

.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Professional with policy limits of not less than $1,000,000 per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

.3 The Professional may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.10.1.1 and 2.10.2.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

.4 Workers' Compensation insurance at statutory minimum limits.

.5 Employers Liability insurance with policy limits not less than $1,000,000 each accident, $1,000,000 each employee, and $2,000,000 policy limit.

.6 Professional Liability insurance covering negligent acts, errors, and omissions in the performance of professional services with policy limits of not less than $1,000,000 per claim or occurrence and $2,000,000 in aggregate.

2.10.2 To the fullest extent permitted by law, the Professional shall cause the primary and excess or umbrella polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Professional's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations. Further, each of the Professional's insurance policies shall include waivers of subrogation in favor of the Owner.

2.10.3 The Professional shall provide Certificates of Insurance to the Owner that evidence compliance with the requirements in this Section 2.10 prior to beginning work or performing Services for the Project. The Certificate of Insurance shall contain a provision stating that the policy may not be canceled or not renewed without at least thirty (30) days prior written notice to the Owner. Failure to provide the Owner with a Certificate of Insurance reflecting all insurance coverages and requirements set forth in this Section 2.10 shall be a material breach of this Agreement.

2.10.4 If by the terms of this insurance any mandatory deductibles are required, or if the Professional should elect with the concurrence of the Owner, to increase the mandatory deductible amounts or purchase this insurance with voluntary deductible amounts, the Professional shall be responsible for payment of the amount of the deductible in the event a claim is paid. In the event of a claim against the policy, the Professional shall arrange for the restoration of the limit of liability so that full coverage is maintained at all times.

2.10.5 The Professional shall be fully responsible to the Owner for work performed by any employees, associates, and/or consultants. Errors and omissions insurance coverage for the total Project design, including that of all Associates and/or consultants, rests solely with the Professional. In the case of joint ventures, joint venture errors and omissions insurance coverage shall be required in accordance with the limits stated above.

2.10.6 The Professional shall defend, indemnify, and hold harmless the Owner and the Owner's agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees and litigation expenses, regardless of the nature or type of claim, which arise from or relate to the Professional's performance of Services under this Agreement, any acts or omissions of the Professional, or any alleged negligence of the Professional or the Professional's consultants, anyone directly or indirectly employed by them, or anyone for whose acts they or the Professional may be liable. This indemnification requirement shall survive the expiration or earlier termination of this Agreement.

3. BASIC SERVICES

The Professional's Basic Services are those described in this Article 3 and include all usual and customary civil, structural, mechanical, and electrical engineering services. The Professional shall manage all Services, consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and report progress to the Owner. The Professional shall coordinate its Services with those being provided by the Owner or any separate consultants hired by the Owner.

3.1 SCOPE OF PROGRAM PHASE SERVICES

3.1.1 Professional shall meet with Owner to ascertain the general requirements for the Project and shall meet with the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) to discuss, among other things, the scope of the Project, the functional and departmental objectives of the Project, and the relationship of the Project to other structures and facilities.. Professional shall advise Owner and the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) as to cost of the Project and time requirements for planning and construction of the Project.

3.1.2 The Professional shall prepare and submit to the Owner a comprehensive written Project Program, which shall set forth the scope of the Project. The Program will include at a minimum the following elements:

.1 Goal: Design objectives, limitations, and criteria;
.2 Site: Site requirements and analysis including location, boundaries, topography, vegetation, utilities, climate, flooding, traffic, and priority;
.3 Equipment: Special equipment and systems;
.4 Energy: Energy considerations;
.5 Existing: Analysis of existing facilities(lift station sites);
.6 Concept: Summary of Project concept, scope and goal with priority list; and
.7 Budget: Total Project budget, with controlling input from Owner

3.1.3 The Professional shall submit to the Owner copies of the written Project Program.

3.1.4 The Professional shall show progress to date, confirm the remainder of the Schedule of Performance, and obtain the Owner's written approval for completing the Program Phase before proceeding with the Construction Phase Design.

3.4 SCOPE OF CONSTRUCTION DOCUMENT PHASE SERVICES

3.4.1 After obtaining the written approval of the Owner for the Design Development Phase, the Professional shall prepare and submit to the Owner copies of working drawings and specifications detailing and prescribing the work to be accomplished to construct the Project including materials; workmanship; finishes; mechanical and electrical systems;

special equipment; general, special, and supplementary conditions for the agreement between the Owner and the contractor; and any and all other information required for receiving bids on the Project and subsequent preparation of shop drawings and detail drawings.

3.4.2 Upon receipt of the review comments from the Owner, the Professional shall complete and finalize the Contract Documents to conform to the Owner's review comments. Professional shall furnish copies to the Owner of the final version of the Contract Documents prior to release of said documents for bids.

3.4.3 The Professional shall furnish and distribute complete sets of plans, specifications, and other Bidding Documents as are necessary for bidding purposes (the "Contract Documents"), including in electronic form if required. Any cost of printing and mailing these Contract Documents shall be paid by the Professional and reimbursed by the Owner, with cost approval by the Owner before printing is ordered. Reimbursement to the Professional by the Owner of printing costs is to assure that an adequate number of plans and specifications shall be available for bidding purposes and thereby resulting in the best possible competitive bids being received by the Owner for the Project. Costs of all plans and specifications, other than for bidding, required for the design process shall be at the expense of the Professional.

3.4.4 The Professional shall prepare and submit to the Owner a detailed Cost of Construction estimate demonstrating allocation of cost for various systems. The basis for the cost estimate shall be a quantity survey. The estimate shall show an escalation projected from the date of the estimate to the projected bid date.

3.4.5 The date for receipt of bids shall be established by the Owner.

3.4.6 The Professional agrees that approval of the Contract Documents, including drawings and specifications, by Owner or by any person, body, or agency shall not relieve Professional of the responsibility for the adequacy, fitness, suitability, correctness of design, and for designing all documents and completing all Services in accordance with sound and accepted engineering practices and in compliance with all prevailing building codes and federal and state laws and regulations, including but not limited to such codes and regulations set forth below in Section 6.4.

3.4.7 The Professional shall submit to the Owner complete Contract Documents in electronic format within time sufficient to distribute same for bids.

3.5 SCOPE OF BIDDING PHASE SERVICES

3.5.1 After obtaining the written approval of the Owner of the Construction Document Phase, the Professional shall assist the Owner in obtaining bids and preparing and awarding all construction contracts. The Professional shall provide other preconstruction and bidding phase services such as preconstruction estimates, constructability analyses, project scheduling, and identifying potential qualified subcontractors and materialmen, if necessary.

3.5.2 For project subject to competitive bidding laws, the professional shall assist the Owner in bidding the Project by: procuring the reproduction of Contract Documents for distribution to prospective bidders; distributing the Contract Documents to prospective bidders and maintaining a log of distribution; organizing and conducting a pre-bid conference for prospective bidders; preparing responses to questions from bidders and providing clarifications and interpretations of the Contract Documents in the form of addenda to the same; and organizing and conducting the opening of bids and documenting the bidding results.

3.5.2 The Professional shall attend the bid opening and furnish a suitably detailed tabulation sheet for recording the name of each Bidder, the Bidder's Certificate of Responsibility Number, Bid Security, Base Bid, Alternates, and remarks. The Professional shall furnish sufficient tabulation sheets for all in attendance. Immediately after receipt of bids, the Professional shall submit to the Owner a certified tabulation of all bids received, along with his recommendation as to Contract award.

3.5.3 The Professional, following the award of a Construction Contract, shall prepare and submit to the Owner, copies of updated Construction Documents (including plans and specifications). Each copy shall be marked OFFICIAL CONTRACT DOCUMENTS and shall include an executed bid proposal form, agreement form, contract bond, power of attorney, certificate of insurance, all bulletins, addenda, and supplemental drawings. One (1) copy shall be retained by the Owner; one (1) copy shall be for the Contractor. Any other contract document guidelines will be distributed by the Professional at the bid opening.

3.6 SCOPE OF CONSTRUCTION PHASE SERVICES

3.6.1 The Construction Phase begins with the award and the preparation of the construction contract(s). The Professional is responsible for keeping the Owner completely apprised of the Project during the Construction Phase. The Professional shall perform all services necessary to ensure the construction of the Project is moving forward in a timely and cost effective manner and in accordance with the Contract Documents. Those services shall include, but not be limited to, the following:

1. Sanitary sewer design
2. Lift Station Design
3. Plan and Profiles sheets of proposed design
4. Electrical Controls Design
5. Mechanical Pump Selection/Design (if required)
6. Erosion control Plan
7. Overall Utility Plan
8. Obtain necessary MDEQ Stormwater permits
9. Obtain necessary MDEQ sanitary sewer approvals (if required)
10. Construction Details
11. Technical Specifications
12. Provide necessary documentation for ARPA Reimbursement

3.6.2 The Professional shall conduct on-site inspections as necessary to guard against nonconformity of the construction work with the Contract Documents and to observe and report on compliance with agreed upon construction schedules. The Professional shall be responsible for ensuring all inspections are made as needed and during the critical phases of construction by the consultants and the Professional's firm. The Professional shall maintain a written log of all visits to the site by the Professional and/or any consultants identifying by name and title each attendee and a brief description explaining the nature of the site visit. On-site inspections shall be done by a Principal of the Professional's firm and/or of each consultant firm, or a qualified employee of each firm as approved by the Owner. The Professional shall not be responsible for construction means, methods, techniques, sequence of procedures, or the safety precautions and programs in connection with the work. The Professional has the authority to disapprove or reject work that, in its judgment, fails to conform to the Contract Documents. The Professional shall submit monthly written reports to Owner detailing progress and condition of construction of the Project.

3.6.3 As required by the Owner, or upon the written request of the Contractor, the Professional shall promptly respond to any request for information relating to interpretation of the Contract Documents to ensure proper and timely execution of the work and construction of the Project. The Professional shall be the interpreter of the requirements of the Contract Documents and judge of the performance thereunder of the Contractor. The Professional's responses to such requests for information shall be in writing and issued with reasonable promptness so as not to delay the Project.

3.6.4 The Professional shall prepare change Orders for the Owner's approval and execution in accordance with the Contract Documents. The Professional shall have authority to order minor changes in the work which do not involve an adjustment in the Contract Sum or an extension of the Contract Time and which are not inconsistent with the intent of the Contract Documents. The Professional shall not issue any verbal or written directives that materially change the Contract Documents until approved in writing by the Owner.

3.6.5 Upon receipt of an application for payment from the Contractor, the Professional shall determine and confirm the amount owed to the contractor based on the Professional's field inspections, evaluations of the contractor's applications for payment in relation to the most recent schedule of values, and any other information the Professional deems necessary. Based on the Professional's evaluation, the Professional shall recommend to the Owner an amount the Professional believes the contractor is owed and shall issue for the Owner's approval a certificate for payment in that amount. The Professional's recommendation or certification of payment shall constitute a representation on which the Owner is entitled to rely that the work has progressed to the point indicated; that, to the best of the Professional's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents; and, that the Contractor is entitled to payment in the amount certified. The issuance of a certificate for payment will not be a representation that the Professional has made any examination relating to how the Contractor has used or applied previous payments from Owner other than to secure certification under oath that all materialmen, laborers, and subcontractors have been paid by the contractor.

3.6.6 The Professional shall conduct inspections to determine the date of Substantial Completion and the date of final completion; issue certificates of Substantial Completion; receive from contractor and forward to Owner all written

warranties and related documents required by the Contract Documents; and issue a final Certificate for Payment based upon a final inspection of the Project indicating that the Project was constructed in accordance with the requirements of the Contract Documents.

3.6.7 When the Professional is notified by the contractor that the work has been substantially completed and the Project is ready for inspection, the Professional and the Professional's consultants shall inspect the work. Based on this inspection, the Professional and consultants shall prepare lists of items needing correction, repair, or completion. When these items have been corrected by the contractor, the Professional and the Professional's consultants shall make a subsequent inspection to ensure all issues previously identified have been properly addressed. A representative for the Owner shall be present during this inspection. When all issues identified by the Professional and/or the Professional's consultants have been properly addressed, the Professional shall certify to the Owner that, to the best of the Professionals' knowledge, the Project has been fully completed in compliance with the Contract Documents. It is the responsibility of the Professional to have a representative(s) from each of its consultants present for all inspections.

3.6.8 Upon completion of the Project, the Professional shall deliver to the Owner two sets of revised Contract Documents which reflect the as-built condition of the Project. Such as-built documents shall reflect all changes caused by addenda, field changes, change orders, and observed changes by the Professional, contractor, or subcontractors. Additionally, the Professional shall submit two electronic format copies of the as-built Contract Documents in both PDF and CAD format. The Professional shall also deliver to the Owner the Manufacturer's data for the roof materials used, the Manufacturer's Guarantee, and the Roofing Contractor's Guarantee. The Professional shall deliver to the Owner all certificates, data, manuals, warranties, and/or guarantees relating to the Project.

3.6.9 The Professional shall forward to the Owner the following information received from the contractor: consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment to the contractor; affidavits, receipts, releases, and waivers of liens or bonds indemnifying Owner against lines and claims; and any other documentation required of the contractor under the Contract Documents.

3.6.10 During the warranty period of the construction contract(s), the Professional shall work with a representative of the Owner to secure remediation of any defects that are discovered. The Professional shall make, with a representative of the Owner present, a warranty inspection of the Project prior to the expiration of any warranty periods and report observed defects to the Owner and the contractor for correction. The Professional shall be responsible for coordinating all work necessary to repair, correct, or complete defects in the construction, and the Professional shall be responsible to prepare and issue any paper work necessary to effect such repair, regardless of whether such constitutes a change.

3.6.11 The Construction Phase shall terminate upon expiration of the Warranty period or settlement of all Warranty claims, whichever occurs last.

4. PAYMENT TO THE PROFESSIONAL FOR BASIC SERVICES

4.1 PAYMENTS FOR BASIC FEE

4.1.1 Upon completion of the Program Phases and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.2 Upon completion of the Construction Document Phase and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.4 Upon completion of the Bidding Phase, written approval of the Owner and any governing authority or board, and receipt of a construction contract executed by the contractor, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.5 During the Construction Phase, written approval of the Owner and any governing authority or board, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.6 The Owner reserves the right to determine when and who provides the Professional service items needed for this Project. Any pay request submitted by the Professional which contains service items not authorized by the Owner to be performed by the Professional may be disapproved in part, or total.

4.1.7 No delay in payment to the Professional, whether under section 5 of this Agreement or otherwise, shall entitle the Professional to terminate or suspend its Services.

5. PROFESSIONAL CONSULTING SERVICES AND CODES

5.1 PROFESSIONAL CONSULTING SERVICES

5.1.1 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering design services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared shall bear the stamp of the responsible registered professional. The Professional shall enter into Contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.1.2 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering engineering services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared above shall bear the stamp of the responsible registered professional. The Professional shall enter into contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.2 CODES AND REGULATIONS

5.2.1 The Professional shall prepare all Contract Documents, including drawings and specifications, in full conformance and compliance with all applicable codes and regulations, including but not limited to the following specific codes and regulations. The Professional shall reference the versions of the below codes and regulations that are current and in effect as of the date of this Agreement and all subsequent amendments to the same, unless a different and specific edition is expressly noted in the Contract Documents. In the event of any discrepancy or ambiguity, the Professional must comply with, and will be held to, the adopted and applicable codes of the local jurisdiction.

1. International Building Code
2. International Existing Building Code
3. International Plumbing Code
4. International Mechanical Code
5. International Fuel Gas Code
6. International Electrical Code
7. International Fire Code

6. OWNER'S RESPONSIBILITIES

6.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with the Owner's Budget, which shall state all funds available to the Owner for completion of the Project. The Owner's Budget may be revised from time to time in the Owner's sole discretion.

6.2 Unless otherwise provided for under this Agreement, the Owner shall provide information relating to the Project to the Professional in a timely manner when requested by the Professional.

6.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project.

7. OWNERSHIP OF DOCUMENTS

7.1 The Professional's instruments of service, including all contract documents and drawings and specifications, shall be the Owner's property upon payment of the Professional's fees through the latest completed phase. The Owner shall have full and unrestricted use of such instruments of service. The Professional shall not be entitled to re-use or recycle any of the instruments of service without the prior written permission of the Owner. The Professional shall furnish

permanent reproducible transparencies at the Owner's request and the Owner shall reimburse Professional for the actual cost. Original tracings and specifications shall remain in the Professional's custody until the Owner requests delivery.

7.2 The Owner shall have full and unrestricted use of the instruments of service, including all contract documents and drawings and specifications drawings and specifications, for use on any future Project without further compensation due to the Professional.

8. APPLICABLE LAW AND DISPUTE RESOLUTION

8.1 This Agreement shall be governed exclusively by the laws of the State of Mississippi, regardless of any choice of law provisions that might otherwise be applicable.

8.2 The parties shall attempt to resolve any dispute that arises out of or is related to this Agreement by first submitting the dispute to mediation. Any mediation will be conducted by one mediator selected by the Owner and will only be conducted in Harrison County, Mississippi or such other place selected by the Owner. If the parties do not resolve any such dispute through mediation, the parties shall resolve the dispute by litigation.

8.3 The courts of Harrison County, Mississippi shall be the sole and exclusive jurisdiction and venue for any civil action related to this Agreement. Each party irrevocably consents to jurisdiction in said courts and waives any argument that such courts are not a convenient forum or that venue is not proper in Harrison County.

8.4 If the Owner in good faith believes that any claim, dispute, or matter in controversy with the Professional also involves rights or liabilities of the contractor, or other third party, then, at the Owner's sole election, the Professional agrees to resolve such issues in the same forum or proceeding, including court or administrative authority, which has jurisdiction over some or all claims, disputes, and matters in controversy involving the Contractor, or other third party so as to promote economy and avoid inconsistent results.

8.5 No claim, dispute, or matter in controversy or question shall interfere with the progress of the Professional's Services, and the Professional shall proceed diligently with performance of its Services, notwithstanding the existence of any claim, dispute, or matter in controversy or question.

9. TERMINATION

9.1 The Owner may terminate this Agreement for cause should the Professional fail to timely perform its Services or fail to satisfy any of the terms or conditions of this Agreement, as determined in the Owner's sole discretion, within three calendar days after receipt of the Owner's notice of deficiency. In the event of such termination for cause, the Professional shall be responsible for all costs, fees, and expenses, including reasonable attorneys' fees, incurred by the Owner to remedy the deficiencies caused or created by the Professional or to otherwise complete the Professional's Services under this Agreement. Upon such termination, the Professional shall only be entitled to receive as payment any outstanding balance due by the Owner to the Professional for satisfactory Services that the Professional completed as part of the last approved design phase, but only to the extent that such payment exceeds all costs, fees, and expenses incurred by the Owner in connection with correction or completion of the Professional's Services or termination of the Professional. At the option of the Owner, all finished or unfinished instruments of service prepared by the Professional shall be the property of the Owner.

9.2 Notwithstanding anything to the contrary in this Agreement and in addition to the Owner's right to terminate this Agreement for cause, breach or default, the Owner may also suspend the Professional's Services or terminate all or any part of this Agreement, without cause, regardless of fault or the lack thereof by any party, for its sole convenience, or for any reason or no reason whatsoever. Upon such no-fault termination, the Professional shall be entitled only to payment for Services satisfactorily completed up to the date of termination. The Professional shall not be entitled to any payment, compensation, or damages, including but not limited to lost profits or other theory of recovery, with respect to Services not performed or not accepted.

9.3 If the Owner terminates the Agreement for default or breach but it is determined, for any reason, that sufficient grounds did not exist for terminating the Agreement, the Professional shall, as its sole and exclusive remedy, be entitled only to the amount due under the Agreement as if the termination were for no fault. Regardless of whether termination is for default or no fault, the Professional shall not be entitled to any payment in excess of the reasonable value or actual cost of work actually performed by the Professional in strict accordance with the Agreement, less offsets and other amounts due the Owner under this Agreement.

9.4 The Professional shall, in no event, be entitled to special, consequential, exemplary, or punitive damages because of the Owner's termination of this Agreement, the Owner's alleged breach or default under this Agreement, or any other act or omission of the Owner.

10. MISCELLANEOUS

10.1 Any notice to the Professional may be given in writing by United States Mail, fax, email, or verbally in person. Notice by mail shall be considered as given and effective when addressed to the last-known address of the Professional and deposited in the United States Mail, and shall be effective for all purposes as of the time of such deposit, whether actually received or not. Notice by any other means shall be effective when sent by the Owner to the Professional. Any notice to the Owner shall be in writing and sent to the Owner by certified or registered mail, return receipt requested, to Owner's office of general counsel.

10.2 The Professional shall not assign its rights nor delegate its obligations under this Agreement without first obtaining the written consent and approval of the Owner. The Professional shall not assign any amounts due or to become due under this subcontract without written consent from the Owner.

10.3 The parties intend as follows: (a) that if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) that if an unenforceable provision is modified or disregarded in accordance with this section, then the rest of this Agreement will remain in effect as written; and (c) that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

10.4 If a party desires to waive any right under this Agreement, it may only do so by signing a writing specifying the right waived. Any such waiver will be binding only for the limited purpose for which the written waiver was given.

10.5 Under no circumstances shall the Professional be entitled to receive consequential damages or lost profits from the Owner, regardless of the nature or type of breach or claim made by the Professional.

10.6 This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral. This Agreement may not be amended except in writing signed by both parties. All proposals, negotiations, and representations with respect to this Agreement, whether oral or written, are hereby superseded and merged into this Agreement. This Agreement cannot be changed, modified, altered, suspended, or terminated, except in writing signed by an authorized representative of the Owner. No delay, waiver, forbearance, or failure by the Owner to exercise rights or remedies under this Agreement or to insist upon strict compliance by the Professional shall prevent the Owner from strictly enforcing any of the provisions of this Agreement, nor shall relieve the Professional from strict compliance with all terms and conditions hereof nor shall waive, restrict, or adversely affect any of the Owner's rights and remedies as to any subsequent or continuing failure of the Professional to comply strictly with all terms and conditions of this Agreement. The invalidity or unenforceability of any term or condition of this Agreement shall not invalidate, render unenforceable, or adversely affect the remaining terms and conditions. This Agreement shall be binding upon the successors in interest of the parties hereto, but nothing in this Agreement is intended nor shall be construed to create any rights for or to benefit any third parties. Both parties have had the opportunity to review with their respective legal counsel and technical advisors this Agreement, and both parties therefore stipulate that this Agreement shall be given effect and shall not be subject to the rule of construction of being construed against the drafting party.

STANDARD FORM OF AGREEMENT BETWEEN
THE OWNER AND THE DESIGN PROFESSIONAL

This Agreement for professional design engineering services (the "Agreement") is entered into and made effective this, the 30th day of January, 2024, by and between City of Gulfport ("Owner") and the Design Professional identified below ("Professional").

OWNER: City of Gulfport
P.O. Box 1780
Gulfport, MS 39502

PROFESSIONAL:

Business Name _Machado | Patano, PLLC dba MP Design Group_____
Mailing Address _918 Howard Avenue, Suite F, Biloxi, MS 39530_____
City/State/Zip_Biloxi, MS 39530_____
Email Address_gkilpatrick@mpdesigngroup.us_____Phone:__(228)388-1950_____

The Professional is a *(Check and complete one of the following)*:

(X) CORPORATION (includes PA, LLC, or PLLC) solely organized and existing under the laws of the State of _Mississippi_____and having its principal office in ___Biloxi_____Harrison_____MS
(City) (County) (State)

( ) PARTNERSHIP of the following (*List all partners or joint venture partners*):_____

( ) SOLE PROPRIETORSHIP ( ) OTHER _____

The Professional shall provide services for the following Project: **CITY OF GULPFORT CITY WIDE LIFT STATION REHABILITATION PROJECT, MCWI 154-2-CW-5.5** (the "Project").

The Owner's total budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,613,773.92 (Six Million, Six Hundred Thirteen Thousand, Seven Hundred Seventy Three dollars, and ninety two cents) unless otherwise provided for in writing by the Owner.

The Professional warrants and represents that it is authorized to do business in Mississippi and that it holds a valid license from the governing Mississippi authority or agency, with its license number being MS-16559 Gerrod W. Kilpatrick, P.E.); E-1077 (Machado | Patano, PLLC).

(Name and Title)

For and in consideration of the covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Owner and Professional agree as follows and specifically set forth in Articles 1 through 10 below:

1. PROFESSIONAL'S SERVICES AND COMPENSATION

For the scope of this engagement, the Professional's Services shall be classified as: (1) Basic; (2) Additional; or (3) Extra (the "Services"). The Professional's engagement may include one or more of the Services depending upon the needs of the Project. The Professional's compensation for its work on the Project is calculated based upon the type of Services the Professional is engaged to perform. The Professional's fee is calculated differently for each type of Service. The Professional may also be entitled to reimbursement for actual costs incurred as a result of performing certain enumerated Project-related activities ("Reimbursable Expenses").

1.1 BASIC SERVICES

1.1.1 The Professional's Basic Services on the Project shall consist of Program Phase Services, Construction Document Services, Bidding Phase Services, and Construction Phase Services, and MCWI/ARPA Program Requirements. The scope of the Basic Services is explained in further detail in Article 3.

1.1.2 The Professional's compensation for Basic Services shall be an hourly not to exceed fee of **$778,932.00** that will be billed per the approved City of Gulfport hourly rate sheet. The not to exceed fee is based of the FEMA Curve A requirements (attached) for a construction value of $6,600,000. This fee includes both the design phase and the construction administration phase. Cost of Construction shall be the total cost to the Owner to construct all elements of the Project as designed and specified by the Professional, as set forth in the plans, specifications, and other contract documents, and as approved by the Owner. In no event shall the Professional's Fee for its Basic Services be calculated using a Cost of Construction exceeding the Owner's Budget as defined in Article 1.5. The Professional shall be compensated for its Basic Services in accordance with the provisions of Article 4 below.

1.1.3 Any consultants retained or otherwise employed by the Professional must be approved by the Owner. The Professional shall not employ or otherwise retain consulting Professionals with proprietary interests. The Professional agrees to employ any consultants needed for complete services, including inspection.

1.1.4 All consultants hired by the Professional shall be required to obtain the same levels and amounts of insurance for protection of the Owner and the Project that the Professional is required to obtain pursuant to Article 2.10 of this Agreement.

1.1.5 The Professional shall be responsible for all applicable taxes and shall not receive any extra or increase payment from the Owner for such taxes.

1.2 ADDITIONAL SERVICES

1.2.1 Additional Services are Services the Owner may elect for the Professional to perform. Additional Services performed by the Professional shall be billed to the Owner on a lump sum basis. Additional Services performed by a third party engaged by the Professional shall be billed to the Owner at the actual cost incurred by the Professional for the third-party service plus an amount equal to **10.0%** (ten percent) of the cost incurred. Prior to performing any Additional Service, the Professional shall provide the Owner with a detailed cost estimate of the Additional Service. If the Owner is dissatisfied with the proposed cost, the Professional shall obtain additional estimates. Additional Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Additional Services where the Owner's prior written approval was not first obtained.

1.2.2 The Owner shall make payments to Professional for any Additional Services upon completion of the same and Owner's approval of the same. Partial payments may be made upon written request by Professional and Owner's approval.

1.3 EXTRA SERVICES

1.3.1 During the course of its engagement, the Professional may be required to perform Extra Services as defined as follows:

.1 Services necessitated by a change in material information supplied by the Owner, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of Construction, or procurement or delivery method;

.2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

.3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

.4 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;

.5 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

.6 Preparation for, and attendance at, a public presentation, meeting, or hearing;

.7 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Engineer is party thereto; or

.8 Evaluation of the qualifications of entities providing bids or proposals.

1.3.2 Prior to performing any Extra Service, the Professional shall notify the Owner in writing of the circumstance creating the need for the Extra Service, the proposed scope of the Extra Service, and an estimate of the cost to the Owner for proposed Extra Service. Extra Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Extra Services where the Owner's prior written approval was not first obtained.

1.3.3 Except for Extra Services required due to the fault of the Professional, the Professional shall be compensated on an hourly basis as follows:

.1 The Professional's Principals' hourly rate shall be $194.00 per hour.

1.3.4 For purposes of this Agreement, the Professional's "principals" include the following individuals:

Gerrod W. Kilpatric, PE, David J. Machado, PE; Bradley P. Patano, PE, and Bradford A. Jones, AIA

1.3.5 For purposes of this Agreement, "Employees" are defined as anyone employed by the Professional but not identified as a Principal, including, but not limited to architects, engineers, professionals, draftsmen, specification writers, inspectors, and secretaries in consultation, research, design, production of the Instruments of Service and other documents pertaining to the Project and inspection of construction of the Project.

1.4 REIMBURSABLE EXPENSES

1.4.1 Reimbursable Expenses are in addition to compensation for Basic, Additional, and Extra Services and include expenses incurred by the Professional directly related to the Project. The Professional may be entitled to reimbursement for the following Project-related expenses:

.1 Permit fees and other fees required by authorities having jurisdiction over the Project;

~~.2 Printing, reproductions, plots, and standard form documents;~~

~~.3 Postage, handling, and delivery;~~

~~.4 Expense of overtime work requiring higher than regular rates, if authorized in advance in writing by the Owner; and~~

.5 Additional renderings, physical models, mock-ups, professional photography, and presentation materials requested by Owner or required for the Project.

1.4.2 The Professional shall not be reimbursed for any traveling or living expenses incurred personally, by associates, employees, or consultants.

1.4.3 The Professional shall be entitled only to reimbursement of actual expenses incurred by the Professional with no markup or fee.

1.4.4 All requests for reimbursement must be received with or before the Professional's final request for payment. Payment of the Professional's retainage as indicated below constitutes waiver by the Professional of any past, present, or future claims for reimbursement or other amounts.

1.5 THE OWNER'S BUDGET

1.5.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with a budget of all funds available to the Owner for completion of the Project (the "Owner's Budget"), which includes the contract(s) for construction, all fees, special consultants and contracts, advertising costs, code compliance expenses, a reasonable contingency, and any other expenses necessary to complete the Project and deliver a useful facility. The Owner's Budget may be revised from time to time in writing by the Owner and in the Owner's sole discretion. As stated above, the Owner's Budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,600,000, unless otherwise provided for in writing by the Owner.

1.5.2 As stated below, the Professional shall submit estimates for the Cost of Construction to the Owner in the course of performing its Basic Services. In the event the Professional submits an estimate of the Cost of Construction exceeding the Owner's Budget, the Professional shall also submit a detailed written report, at no additional cost to the Owner, explaining why the Professional's estimate exceeded the Owner's Budget and what steps are needed to bring the Professional's estimate within the Owner's Budget.

1.5.3 If after the Bidding Phase, the Owner determines that the Project cannot be constructed within the Owner's Budget, the Owner may authorize the Professional to either:

.1 Revise the Contract Documents (including the plans and specifications) and rebid; or
.2 Modify the Program, adjust the Project scope, and/or revise the Contract Documents, and rebid.

1.5.4 If at any time, it is determined by the Owner, in the Owner's sole discretion, that the Project cannot be constructed and completed within the Owner's Budget, the Owner may terminate this Agreement for convenience pursuant

to Article 9, and the Owner shall not be obligated to the Professional for any part of the Professional's fees or payments beyond the last Owner-approved phase.

1.6 PAYMENT

1.6.1 The Professional shall submit applications for payment for its Basic Services in accordance with Article 4. At the time the Professional submits its applications for payment for its Basic Services, the Professional shall also include applications for payment for any previously approved Additional or Extra Services the Professional has performed along with any Reimbursable Expenses incurred by the Professional. All applications for payment shall be itemized in detail and be supported by all related estimates, receipts, or invoices. Owner shall make payment to the Professional within thirty (30) days of receipt of the Professional's application for payment. Payments made by Owner shall not be construed as acceptance of defects in the Professional's Services.

1.6.2 All applications for payment by the Professional shall be submitted by the PRINCIPAL IN CHARGE identified in the Agreement.

1.6.3 The Professional shall keep full and detailed records and accounts related to its Services, expenses, payments, and reimbursements and exercise such controls as may be necessary for proper financial management under this Agreement. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Professional's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, consultant agreements, invoices, purchase orders, vouchers, memoranda and other data relating to this Agreement. The Professional shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

1.6.4 In the event that the Professional seeks to utilize drawings and/or specifications prepared under this Agreement for separate projects with Owner that are not covered by this Agreement, and understanding that such "duplicate work" requires primarily the modification of plot plans, foundations, service connections, incidental changes, supervision, and the like, then Owner will be entitled to credit toward the design costs for the other Project to the extent of such costs paid by Owner pursuant to this Agreement. Owner is not obligated to enter a new Agreement for duplicate work.

2. PROFESSIONAL'S RESPONSIBILITIES

2.1 The Professional shall provide professional services as set forth in this Agreement. The Professional represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

2.2 The Professional shall perform all Services consistent with the professional skill and care ordinarily provided by Professionals practicing in the same or similar locality under the same or similar circumstances. The Professional shall perform all Services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

2.3 The Professional shall be responsible for complying with all applicable laws, rules, regulations, codes, and industry standards in performing its Services under this Agreement.

2.4 The Professional shall identify a representative authorized to act on behalf of the Professional with respect to the Project. The Professional shall be bound by all acts, omissions, statements, and representations of its representative. The Owner shall have the right to approve or reject the Professional's authorized representative.

2.5 The Professional shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Professional's professional judgment with respect to the Project or otherwise.

2.6 The Professional shall assist the Owner with preparing and filing any documents required for the approval of governmental authorities having jurisdiction over the Project.

2.7 The Professional shall contact the appropriate government authorities required to approve the plans, specifications, and other construction or design documents, as well as the entities providing utility services to the Project. In designing the Project, the Professional shall respond to applicable design requirements imposed by such governmental

authorities and entities providing utility services. The Professional shall also assist the Owner in the preparation of applications to the U.S. Government or other granting agencies for construction, interest subsidy, or other forms of grants.

2.8 Time is of the essence of this Agreement. The Professional shall submit for the Owner's approval, an estimated Schedule of Performance of Services. The estimated Schedule of Performance shall specify the number days needed by the Professional to complete each phase of the Professional's Services and shall account for time needed by the Owner and/or a governing body to review any submission by the Professional. The Schedule of Performance may be modified as the Project proceeds but only with the Owner's written approval. This Schedule of Performance, when approved by Owner, shall not, except for reasonable cause, be exceeded by the Professional.

2.9 The Schedule of Performance shall designate the length of time in calendar days for completion of each phase of Services. The dates for receipt of phases shall be the date the documents are stamped into the Owner's office if they are in an approval condition. If submittals are rejected, then the clock will continue to run without charge for that time being reviewed by the Owner. The date for approval and beginning of the next phase shall be the date of receipt, by the Professional, of written approval from the Owner.

2.10 PROFESSIONAL'S INSURANCE AND INDEMNITY OBLIGATIONS

2.10.1 The Professional shall purchase and maintain with a company, or companies, licensed to do business in the State of Mississippi such insurance as will provide protection from claims resulting from errors and omissions, or negligent acts arising out of the performance of professional services and operations under this Agreement. The Professional shall maintain the following insurances, at a minimum, until termination of this Agreement:

.1 Commercial General Liability insurance with policy limits of not less than $1,000,000 for each occurrence and $2,000,000 in the aggregate for bodily injury and property damage.

.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Professional with policy limits of not less than $1,000,000 per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

.3 The Professional may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.10.1.1 and 2.10.2.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

.4 Workers' Compensation insurance at statutory minimum limits.

.5 Employers Liability insurance with policy limits not less than $1,000,000 each accident, $1,000,000 each employee, and $2,000,000 policy limit.

.6 Professional Liability insurance covering negligent acts, errors, and omissions in the performance of professional services with policy limits of not less than $1,000,000 per claim or occurrence and $2,000,000 in aggregate.

2.10.2 To the fullest extent permitted by law, the Professional shall cause the primary and excess or umbrella polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Professional's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations. Further, each of the Professional's insurance policies shall include waivers of subrogation in favor of the Owner.

2.10.3 The Professional shall provide Certificates of Insurance to the Owner that evidence compliance with the requirements in this Section 2.10 prior to beginning work or performing Services for the Project. The Certificate of Insurance shall contain a provision stating that the policy may not be canceled or not renewed without at least thirty (30) days prior written notice to the Owner. Failure to provide the Owner with a Certificate of Insurance reflecting all insurance coverages and requirements set forth in this Section 2.10 shall be a material breach of this Agreement.

2.10.4 If by the terms of this insurance any mandatory deductibles are required, or if the Professional should elect with the concurrence of the Owner, to increase the mandatory deductible amounts or purchase this insurance with voluntary deductible amounts, the Professional shall be responsible for payment of the amount of the deductible in the event a claim is paid. In the event of a claim against the policy, the Professional shall arrange for the restoration of the limit of liability so that full coverage is maintained at all times.

2.10.5 The Professional shall be fully responsible to the Owner for work performed by any employees, associates, and/or consultants. Errors and omissions insurance coverage for the total Project design, including that of all Associates and/or consultants, rests solely with the Professional. In the case of joint ventures, joint venture errors and omissions insurance coverage shall be required in accordance with the limits stated above.

2.10.6 The Professional shall defend, indemnify, and hold harmless the Owner and the Owner's agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees and litigation expenses, regardless of the nature or type of claim, which arise from or relate to the Professional's performance of Services under this Agreement, any acts or omissions of the Professional, or any alleged negligence of the Professional or the Professional's consultants, anyone directly or indirectly employed by them, or anyone for whose acts they or the Professional may be liable. This indemnification requirement shall survive the expiration or earlier termination of this Agreement.

3. BASIC SERVICES

The Professional's Basic Services are those described in this Article 3 and include all usual and customary civil, structural, mechanical, and electrical engineering services. The Professional shall manage all Services, consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and report progress to the Owner. The Professional shall coordinate its Services with those being provided by the Owner or any separate consultants hired by the Owner.

3.1 SCOPE OF PROGRAM PHASE SERVICES

3.1.1 Professional shall meet with Owner to ascertain the general requirements for the Project and shall meet with the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) to discuss, among other things, the scope of the Project, the functional and departmental objectives of the Project, and the relationship of the Project to other structures and facilities.. Professional shall advise Owner and the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) as to cost of the Project and time requirements for planning and construction of the Project.

3.1.2 The Professional shall prepare and submit to the Owner a comprehensive written Project Program, which shall set forth the scope of the Project. The Program will include at a minimum the following elements:

.1 Goal: Design objectives, limitations, and criteria;
.2 Site: Site requirements and analysis including location, boundaries, topography, vegetation, utilities, climate, flooding, traffic, and priority;
.3 Equipment: Special equipment and systems;
.4 Energy: Energy considerations;
.5 Existing: Analysis of existing facilities(lift station sites);
.6 Concept: Summary of Project concept, scope and goal with priority list; and
.7 Budget: Total Project budget, with controlling input from Owner

3.1.3 The Professional shall submit to the Owner copies of the written Project Program.

3.1.4 The Professional shall show progress to date, confirm the remainder of the Schedule of Performance, and obtain the Owner's written approval for completing the Program Phase before proceeding with the Construction Phase Design.

3.4 SCOPE OF CONSTRUCTION DOCUMENT PHASE SERVICES

3.4.1 After obtaining the written approval of the Owner for the Design Development Phase, the Professional shall prepare and submit to the Owner copies of working drawings and specifications detailing and prescribing the work to be accomplished to construct the Project including materials; workmanship; finishes; mechanical and electrical systems;

special equipment; general, special, and supplementary conditions for the agreement between the Owner and the contractor; and any and all other information required for receiving bids on the Project and subsequent preparation of shop drawings and detail drawings.

3.4.2 Upon receipt of the review comments from the Owner, the Professional shall complete and finalize the Contract Documents to conform to the Owner's review comments. Professional shall furnish copies to the Owner of the final version of the Contract Documents prior to release of said documents for bids.

3.4.3 The Professional shall furnish and distribute complete sets of plans, specifications, and other Bidding Documents as are necessary for bidding purposes (the "Contract Documents"), including in electronic form if required. Any cost of printing and mailing these Contract Documents shall be paid by the Professional and reimbursed by the Owner, with cost approval by the Owner before printing is ordered. Reimbursement to the Professional by the Owner of printing costs is to assure that an adequate number of plans and specifications shall be available for bidding purposes and thereby resulting in the best possible competitive bids being received by the Owner for the Project. Costs of all plans and specifications, other than for bidding, required for the design process shall be at the expense of the Professional.

3.4.4 The Professional shall prepare and submit to the Owner a detailed Cost of Construction estimate demonstrating allocation of cost for various systems. The basis for the cost estimate shall be a quantity survey. The estimate shall show an escalation projected from the date of the estimate to the projected bid date.

3.4.5 The date for receipt of bids shall be established by the Owner.

3.4.6 The Professional agrees that approval of the Contract Documents, including drawings and specifications, by Owner or by any person, body, or agency shall not relieve Professional of the responsibility for the adequacy, fitness, suitability, correctness of design, and for designing all documents and completing all Services in accordance with sound and accepted engineering practices and in compliance with all prevailing building codes and federal and state laws and regulations, including but not limited to such codes and regulations set forth below in Section 6.4.

3.4.7 The Professional shall submit to the Owner complete Contract Documents in electronic format within time sufficient to distribute same for bids.

3.5 SCOPE OF BIDDING PHASE SERVICES

3.5.1 After obtaining the written approval of the Owner of the Construction Document Phase, the Professional shall assist the Owner in obtaining bids and preparing and awarding all construction contracts. The Professional shall provide other preconstruction and bidding phase services such as preconstruction estimates, constructability analyses, project scheduling, and identifying potential qualified subcontractors and materialmen, if necessary.

3.5.2 For project subject to competitive bidding laws, the professional shall assist the Owner in bidding the Project by: procuring the reproduction of Contract Documents for distribution to prospective bidders; distributing the Contract Documents to prospective bidders and maintaining a log of distribution; organizing and conducting a pre-bid conference for prospective bidders; preparing responses to questions from bidders and providing clarifications and interpretations of the Contract Documents in the form of addenda to the same; and organizing and conducting the opening of bids and documenting the bidding results.

3.5.2 The Professional shall attend the bid opening and furnish a suitably detailed tabulation sheet for recording the name of each Bidder, the Bidder's Certificate of Responsibility Number, Bid Security, Base Bid, Alternates, and remarks. The Professional shall furnish sufficient tabulation sheets for all in attendance. Immediately after receipt of bids, the Professional shall submit to the Owner a certified tabulation of all bids received, along with his recommendation as to Contract award.

3.5.3 The Professional, following the award of a Construction Contract, shall prepare and submit to the Owner, copies of updated Construction Documents (including plans and specifications). Each copy shall be marked OFFICIAL CONTRACT DOCUMENTS and shall include an executed bid proposal form, agreement form, contract bond, power of attorney, certificate of insurance, all bulletins, addenda, and supplemental drawings. One (1) copy shall be retained by the Owner; one (1) copy shall be for the Contractor. Any other contract document guidelines will be distributed by the Professional at the bid opening.

3.6 SCOPE OF CONSTRUCTION PHASE SERVICES

3.6.1 The Construction Phase begins with the award and the preparation of the construction contract(s). The Professional is responsible for keeping the Owner completely apprised of the Project during the Construction Phase. The Professional shall perform all services necessary to ensure the construction of the Project is moving forward in a timely and cost effective manner and in accordance with the Contract Documents. Those services shall include, but not be limited to, the following:

1. Sanitary sewer design
2. Lift Station Design
3. Plan and Profiles sheets of proposed design
4. Electrical Controls Design
5. Mechanical Pump Selection/Design (if required)
6. Erosion control Plan
7. Overall Utility Plan
8. Obtain necessary MDEQ Stormwater permits
9. Obtain necessary MDEQ sanitary sewer approvals (if required)
10. Construction Details
11. Technical Specifications
12. Provide necessary documentation for ARPA Reimbursement

3.6.2 The Professional shall conduct on-site inspections as necessary to guard against nonconformity of the construction work with the Contract Documents and to observe and report on compliance with agreed upon construction schedules. The Professional shall be responsible for ensuring all inspections are made as needed and during the critical phases of construction by the consultants and the Professional's firm. The Professional shall maintain a written log of all visits to the site by the Professional and/or any consultants identifying by name and title each attendee and a brief description explaining the nature of the site visit. On-site inspections shall be done by a Principal of the Professional's firm and/or of each consultant firm, or a qualified employee of each firm as approved by the Owner. The Professional shall not be responsible for construction means, methods, techniques, sequence of procedures, or the safety precautions and programs in connection with the work. The Professional has the authority to disapprove or reject work that, in its judgment, fails to conform to the Contract Documents. The Professional shall submit monthly written reports to Owner detailing progress and condition of construction of the Project.

3.6.3 As required by the Owner, or upon the written request of the Contractor, the Professional shall promptly respond to any request for information relating to interpretation of the Contract Documents to ensure proper and timely execution of the work and construction of the Project. The Professional shall be the interpreter of the requirements of the Contract Documents and judge of the performance thereunder of the Contractor. The Professional's responses to such requests for information shall be in writing and issued with reasonable promptness so as not to delay the Project.

3.6.4 The Professional shall prepare change Orders for the Owner's approval and execution in accordance with the Contract Documents. The Professional shall have authority to order minor changes in the work which do not involve an adjustment in the Contract Sum or an extension of the Contract Time and which are not inconsistent with the intent of the Contract Documents. The Professional shall not issue any verbal or written directives that materially change the Contract Documents until approved in writing by the Owner.

3.6.5 Upon receipt of an application for payment from the Contractor, the Professional shall determine and confirm the amount owed to the contractor based on the Professional's field inspections, evaluations of the contractor's applications for payment in relation to the most recent schedule of values, and any other information the Professional deems necessary. Based on the Professional's evaluation, the Professional shall recommend to the Owner an amount the Professional believes the contractor is owed and shall issue for the Owner's approval a certificate for payment in that amount. The Professional's recommendation or certification of payment shall constitute a representation on which the Owner is entitled to rely that the work has progressed to the point indicated; that, to the best of the Professional's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents; and, that the Contractor is entitled to payment in the amount certified. The issuance of a certificate for payment will not be a representation that the Professional has made any examination relating to how the Contractor has used or applied previous payments from Owner other than to secure certification under oath that all materialmen, laborers, and subcontractors have been paid by the contractor.

3.6.6 The Professional shall conduct inspections to determine the date of Substantial Completion and the date of final completion; issue certificates of Substantial Completion; receive from contractor and forward to Owner all written

warranties and related documents required by the Contract Documents; and issue a final Certificate for Payment based upon a final inspection of the Project indicating that the Project was constructed in accordance with the requirements of the Contract Documents.

3.6.7 When the Professional is notified by the contractor that the work has been substantially completed and the Project is ready for inspection, the Professional and the Professional's consultants shall inspect the work. Based on this inspection, the Professional and consultants shall prepare lists of items needing correction, repair, or completion. When these items have been corrected by the contractor, the Professional and the Professional's consultants shall make a subsequent inspection to ensure all issues previously identified have been properly addressed. A representative for the Owner shall be present during this inspection. When all issues identified by the Professional and/or the Professional's consultants have been properly addressed, the Professional shall certify to the Owner that, to the best of the Professionals' knowledge, the Project has been fully completed in compliance with the Contract Documents. It is the responsibility of the Professional to have a representative(s) from each of its consultants present for all inspections.

3.6.8 Upon completion of the Project, the Professional shall deliver to the Owner two sets of revised Contract Documents which reflect the as-built condition of the Project. Such as-built documents shall reflect all changes caused by addenda, field changes, change orders, and observed changes by the Professional, contractor, or subcontractors. Additionally, the Professional shall submit two electronic format copies of the as-built Contract Documents in both PDF and CAD format. The Professional shall also deliver to the Owner the Manufacturer's data for the roof materials used, the Manufacturer's Guarantee, and the Roofing Contractor's Guarantee. The Professional shall deliver to the Owner all certificates, data, manuals, warranties, and/or guarantees relating to the Project.

3.6.9 The Professional shall forward to the Owner the following information received from the contractor: consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment to the contractor; affidavits, receipts, releases, and waivers of liens or bonds indemnifying Owner against lines and claims; and any other documentation required of the contractor under the Contract Documents.

3.6.10 During the warranty period of the construction contract(s), the Professional shall work with a representative of the Owner to secure remediation of any defects that are discovered. The Professional shall make, with a representative of the Owner present, a warranty inspection of the Project prior to the expiration of any warranty periods and report observed defects to the Owner and the contractor for correction. The Professional shall be responsible for coordinating all work necessary to repair, correct, or complete defects in the construction, and the Professional shall be responsible to prepare and issue any paper work necessary to effect such repair, regardless of whether such constitutes a change.

3.6.11 The Construction Phase shall terminate upon expiration of the Warranty period or settlement of all Warranty claims, whichever occurs last.

4. PAYMENT TO THE PROFESSIONAL FOR BASIC SERVICES

4.1 PAYMENTS FOR BASIC FEE

4.1.1 Upon completion of the Program Phases and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.2 Upon completion of the Construction Document Phase and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.4 Upon completion of the Bidding Phase, written approval of the Owner and any governing authority or board, and receipt of a construction contract executed by the contractor, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.5 During the Construction Phase, written approval of the Owner and any governing authority or board, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.6 The Owner reserves the right to determine when and who provides the Professional service items needed for this Project. Any pay request submitted by the Professional which contains service items not authorized by the Owner to be performed by the Professional may be disapproved in part, or total.

4.1.7 No delay in payment to the Professional, whether under section 5 of this Agreement or otherwise, shall entitle the Professional to terminate or suspend its Services.

5. PROFESSIONAL CONSULTING SERVICES AND CODES

5.1 PROFESSIONAL CONSULTING SERVICES

5.1.1 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering design services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared shall bear the stamp of the responsible registered professional. The Professional shall enter into Contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.1.2 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering engineering services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared above shall bear the stamp of the responsible registered professional. The Professional shall enter into contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.2 CODES AND REGULATIONS

5.2.1 The Professional shall prepare all Contract Documents, including drawings and specifications, in full conformance and compliance with all applicable codes and regulations, including but not limited to the following specific codes and regulations. The Professional shall reference the versions of the below codes and regulations that are current and in effect as of the date of this Agreement and all subsequent amendments to the same, unless a different and specific edition is expressly noted in the Contract Documents. In the event of any discrepancy or ambiguity, the Professional must comply with, and will be held to, the adopted and applicable codes of the local jurisdiction.

1. International Building Code
2. International Existing Building Code
3. International Plumbing Code
4. International Mechanical Code
5. International Fuel Gas Code
6. International Electrical Code
7. International Fire Code

6. OWNER'S RESPONSIBILITIES

6.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with the Owner's Budget, which shall state all funds available to the Owner for completion of the Project. The Owner's Budget may be revised from time to time in the Owner's sole discretion.

6.2 Unless otherwise provided for under this Agreement, the Owner shall provide information relating to the Project to the Professional in a timely manner when requested by the Professional.

6.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project.

7. OWNERSHIP OF DOCUMENTS

7.1 The Professional's instruments of service, including all contract documents and drawings and specifications, shall be the Owner's property upon payment of the Professional's fees through the latest completed phase. The Owner shall have full and unrestricted use of such instruments of service. The Professional shall not be entitled to re-use or recycle any of the instruments of service without the prior written permission of the Owner. The Professional shall furnish

permanent reproducible transparencies at the Owner's request and the Owner shall reimburse Professional for the actual cost. Original tracings and specifications shall remain in the Professional's custody until the Owner requests delivery.

7.2 The Owner shall have full and unrestricted use of the instruments of service, including all contract documents and drawings and specifications drawings and specifications, for use on any future Project without further compensation due to the Professional.

8. APPLICABLE LAW AND DISPUTE RESOLUTION

8.1 This Agreement shall be governed exclusively by the laws of the State of Mississippi, regardless of any choice of law provisions that might otherwise be applicable.

8.2 The parties shall attempt to resolve any dispute that arises out of or is related to this Agreement by first submitting the dispute to mediation. Any mediation will be conducted by one mediator selected by the Owner and will only be conducted in Harrison County, Mississippi or such other place selected by the Owner. If the parties do not resolve any such dispute through mediation, the parties shall resolve the dispute by litigation.

8.3 The courts of Harrison County, Mississippi shall be the sole and exclusive jurisdiction and venue for any civil action related to this Agreement. Each party irrevocably consents to jurisdiction in said courts and waives any argument that such courts are not a convenient forum or that venue is not proper in Harrison County.

8.4 If the Owner in good faith believes that any claim, dispute, or matter in controversy with the Professional also involves rights or liabilities of the contractor, or other third party, then, at the Owner's sole election, the Professional agrees to resolve such issues in the same forum or proceeding, including court or administrative authority, which has jurisdiction over some or all claims, disputes, and matters in controversy involving the Contractor, or other third party so as to promote economy and avoid inconsistent results.

8.5 No claim, dispute, or matter in controversy or question shall interfere with the progress of the Professional's Services, and the Professional shall proceed diligently with performance of its Services, notwithstanding the existence of any claim, dispute, or matter in controversy or question.

9. TERMINATION

9.1 The Owner may terminate this Agreement for cause should the Professional fail to timely perform its Services or fail to satisfy any of the terms or conditions of this Agreement, as determined in the Owner's sole discretion, within three calendar days after receipt of the Owner's notice of deficiency. In the event of such termination for cause, the Professional shall be responsible for all costs, fees, and expenses, including reasonable attorneys' fees, incurred by the Owner to remedy the deficiencies caused or created by the Professional or to otherwise complete the Professional's Services under this Agreement. Upon such termination, the Professional shall only be entitled to receive as payment any outstanding balance due by the Owner to the Professional for satisfactory Services that the Professional completed as part of the last approved design phase, but only to the extent that such payment exceeds all costs, fees, and expenses incurred by the Owner in connection with correction or completion of the Professional's Services or termination of the Professional. At the option of the Owner, all finished or unfinished instruments of service prepared by the Professional shall be the property of the Owner.

9.2 Notwithstanding anything to the contrary in this Agreement and in addition to the Owner's right to terminate this Agreement for cause, breach or default, the Owner may also suspend the Professional's Services or terminate all or any part of this Agreement, without cause, regardless of fault or the lack thereof by any party, for its sole convenience, or for any reason or no reason whatsoever. Upon such no-fault termination, the Professional shall be entitled only to payment for Services satisfactorily completed up to the date of termination. The Professional shall not be entitled to any payment, compensation, or damages, including but not limited to lost profits or other theory of recovery, with respect to Services not performed or not accepted.

9.3 If the Owner terminates the Agreement for default or breach but it is determined, for any reason, that sufficient grounds did not exist for terminating the Agreement, the Professional shall, as its sole and exclusive remedy, be entitled only to the amount due under the Agreement as if the termination were for no fault. Regardless of whether termination is for default or no fault, the Professional shall not be entitled to any payment in excess of the reasonable value or actual cost of work actually performed by the Professional in strict accordance with the Agreement, less offsets and other amounts due the Owner under this Agreement.

9.4 The Professional shall, in no event, be entitled to special, consequential, exemplary, or punitive damages because of the Owner's termination of this Agreement, the Owner's alleged breach or default under this Agreement, or any other act or omission of the Owner.

10. MISCELLANEOUS

10.1 Any notice to the Professional may be given in writing by United States Mail, fax, email, or verbally in person. Notice by mail shall be considered as given and effective when addressed to the last-known address of the Professional and deposited in the United States Mail, and shall be effective for all purposes as of the time of such deposit, whether actually received or not. Notice by any other means shall be effective when sent by the Owner to the Professional. Any notice to the Owner shall be in writing and sent to the Owner by certified or registered mail, return receipt requested, to Owner's office of general counsel.

10.2 The Professional shall not assign its rights nor delegate its obligations under this Agreement without first obtaining the written consent and approval of the Owner. The Professional shall not assign any amounts due or to become due under this subcontract without written consent from the Owner.

10.3 The parties intend as follows: (a) that if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) that if an unenforceable provision is modified or disregarded in accordance with this section, then the rest of this Agreement will remain in effect as written; and (c) that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

10.4 If a party desires to waive any right under this Agreement, it may only do so by signing a writing specifying the right waived. Any such waiver will be binding only for the limited purpose for which the written waiver was given.

10.5 Under no circumstances shall the Professional be entitled to receive consequential damages or lost profits from the Owner, regardless of the nature or type of breach or claim made by the Professional.

10.6 This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral. This Agreement may not be amended except in writing signed by both parties. All proposals, negotiations, and representations with respect to this Agreement, whether oral or written, are hereby superseded and merged into this Agreement. This Agreement cannot be changed, modified, altered, suspended, or terminated, except in writing signed by an authorized representative of the Owner. No delay, waiver, forbearance, or failure by the Owner to exercise rights or remedies under this Agreement or to insist upon strict compliance by the Professional shall prevent the Owner from strictly enforcing any of the provisions of this Agreement, nor shall relieve the Professional from strict compliance with all terms and conditions hereof nor shall waive, restrict, or adversely affect any of the Owner's rights and remedies as to any subsequent or continuing failure of the Professional to comply strictly with all terms and conditions of this Agreement. The invalidity or unenforceability of any term or condition of this Agreement shall not invalidate, render unenforceable, or adversely affect the remaining terms and conditions. This Agreement shall be binding upon the successors in interest of the parties hereto, but nothing in this Agreement is intended nor shall be construed to create any rights for or to benefit any third parties. Both parties have had the opportunity to review with their respective legal counsel and technical advisors this Agreement, and both parties therefore stipulate that this Agreement shall be given effect and shall not be subject to the rule of construction of being construed against the drafting party.

RE: Proposal for Professional Engineering Services for City Wide Lift Stations
ARPA project #154-2-CW-5.5

VIA Email: jharrison@gulfport-ms.gov

Jeremy,

MP Design Group (MPDG) is pleased to offer you our proposal to provide engineering services for the city wide lift station project, ARPA project 154-2-CW-5.5. We have based our fee proposal on the industry standard FEMA Design Curves. The proposal will be an hourly not to exceed fee of $778,932.00, which is based on a construction value of $6,600,000. The fee for this proposal includes both the design phase and the construction administration services for this project.

We appreciate the opportunity and look forward to working with you on this project. I will be happy to answer any questions or concerns you have regarding the proposal.

Respectfully,
MP DESIGN GROUP

Gerrod W. Kilpatrick, P.E.
Principal

STANDARD FORM OF AGREEMENT BETWEEN
THE OWNER AND THE DESIGN PROFESSIONAL

This Agreement for professional design engineering services (the "Agreement") is entered into and made effective this, the 30th day of January, 2024, by and between City of Gulfport ("Owner") and the Design Professional identified below ("Professional").

OWNER: City of Gulfport
P.O. Box 1780
Gulfport, MS 39502

PROFESSIONAL:

Business Name _Machado | Patano, PLLC dba MP Design Group_____
Mailing Address _918 Howard Avenue, Suite F, Biloxi, MS 39530_____
City/State/Zip_Biloxi, MS 39530_____
Email Address_gkilpatrick@mpdesigngroup.us_____Phone:__(228)388-1950_____

The Professional is a *(Check and complete one of the following)*:

(X) CORPORATION (includes PA, LLC, or PLLC) solely organized and existing under the laws of the State of _Mississippi_____and having its principal office in ___Biloxi_____Harrison_____MS
(City) (County) (State)

( ) PARTNERSHIP of the following (*List all partners or joint venture partners*):_____

( ) SOLE PROPRIETORSHIP ( ) OTHER _____

The Professional shall provide services for the following Project: **CITY OF GULPFORT CITY WIDE LIFT STATION REHABILITATION PROJECT, MCWI 154-2-CW-5.5** (the "Project").

The Owner's total budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,613,773.92 (Six Million, Six Hundred Thirteen Thousand, Seven Hundred Seventy Three dollars, and ninety two cents) unless otherwise provided for in writing by the Owner.

The Professional warrants and represents that it is authorized to do business in Mississippi and that it holds a valid license from the governing Mississippi authority or agency, with its license number being MS-16559 Gerrod W. Kilpatrick, P.E.); E-1077 (Machado | Patano, PLLC).

For and in consideration of the covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Owner and Professional agree as follows and specifically set forth in Articles 1 through 10 below:

1. PROFESSIONAL'S SERVICES AND COMPENSATION

For the scope of this engagement, the Professional's Services shall be classified as: (1) Basic; (2) Additional; or (3) Extra (the "Services"). The Professional's engagement may include one or more of the Services depending upon the needs of the Project. The Professional's compensation for its work on the Project is calculated based upon the type of Services the Professional is engaged to perform. The Professional's fee is calculated differently for each type of Service. The Professional may also be entitled to reimbursement for actual costs incurred as a result of performing certain enumerated Project-related activities ("Reimbursable Expenses").

1.1 BASIC SERVICES

1.1.1 The Professional's Basic Services on the Project shall consist of Program Phase Services, Construction Document Services, Bidding Phase Services, and Construction Phase Services, and MCWI/ARPA Program Requirements. The scope of the Basic Services is explained in further detail in Article 3.

1.1.2 The Professional's compensation for Basic Services shall be an hourly not to exceed fee of **$778,932.00** that will be billed per the approved City of Gulfport hourly rate sheet. The not to exceed fee is based of the FEMA Curve A requirements (attached) for a construction value of $6,600,000. This fee includes both the design phase and the construction administration phase. Cost of Construction shall be the total cost to the Owner to construct all elements of the Project as designed and specified by the Professional, as set forth in the plans, specifications, and other contract documents, and as approved by the Owner. In no event shall the Professional's Fee for its Basic Services be calculated using a Cost of Construction exceeding the Owner's Budget as defined in Article 1.5. The Professional shall be compensated for its Basic Services in accordance with the provisions of Article 4 below.

1.1.3 Any consultants retained or otherwise employed by the Professional must be approved by the Owner. The Professional shall not employ or otherwise retain consulting Professionals with proprietary interests. The Professional agrees to employ any consultants needed for complete services, including inspection.

1.1.4 All consultants hired by the Professional shall be required to obtain the same levels and amounts of insurance for protection of the Owner and the Project that the Professional is required to obtain pursuant to Article 2.10 of this Agreement.

1.1.5 The Professional shall be responsible for all applicable taxes and shall not receive any extra or increase payment from the Owner for such taxes.

1.2 ADDITIONAL SERVICES

1.2.1 Additional Services are Services the Owner may elect for the Professional to perform. Additional Services performed by the Professional shall be billed to the Owner on a lump sum basis. Additional Services performed by a third party engaged by the Professional shall be billed to the Owner at the actual cost incurred by the Professional for the third-party service plus an amount equal to **10.0%** (ten percent) of the cost incurred. Prior to performing any Additional Service, the Professional shall provide the Owner with a detailed cost estimate of the Additional Service. If the Owner is dissatisfied with the proposed cost, the Professional shall obtain additional estimates. Additional Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Additional Services where the Owner's prior written approval was not first obtained.

1.2.2 The Owner shall make payments to Professional for any Additional Services upon completion of the same and Owner's approval of the same. Partial payments may be made upon written request by Professional and Owner's approval.

1.3 EXTRA SERVICES

1.3.1 During the course of its engagement, the Professional may be required to perform Extra Services as defined as follows:

.1 Services necessitated by a change in material information supplied by the Owner, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of Construction, or procurement or delivery method;

.2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

.3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

.4 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;

.5 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

.6 Preparation for, and attendance at, a public presentation, meeting, or hearing;

.7 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Engineer is party thereto; or

.8 Evaluation of the qualifications of entities providing bids or proposals.

1.3.2 Prior to performing any Extra Service, the Professional shall notify the Owner in writing of the circumstance creating the need for the Extra Service, the proposed scope of the Extra Service, and an estimate of the cost to the Owner for proposed Extra Service. Extra Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Extra Services where the Owner's prior written approval was not first obtained.

1.3.3 Except for Extra Services required due to the fault of the Professional, the Professional shall be compensated on an hourly basis as follows:

.1 The Professional's Principals' hourly rate shall be $194.00 per hour.

1.3.4 For purposes of this Agreement, the Professional's "principals" include the following individuals:

Gerrod W. Kilpatric, PE, David J. Machado, PE; Bradley P. Patano, PE, and Bradford A. Jones, AIA

1.3.5 For purposes of this Agreement, "Employees" are defined as anyone employed by the Professional but not identified as a Principal, including, but not limited to architects, engineers, professionals, draftsmen, specification writers, inspectors, and secretaries in consultation, research, design, production of the Instruments of Service and other documents pertaining to the Project and inspection of construction of the Project.

1.4 REIMBURSABLE EXPENSES

1.4.1 Reimbursable Expenses are in addition to compensation for Basic, Additional, and Extra Services and include expenses incurred by the Professional directly related to the Project. The Professional may be entitled to reimbursement for the following Project-related expenses:

.1 Permit fees and other fees required by authorities having jurisdiction over the Project;

~~.2 Printing, reproductions, plots, and standard form documents;~~

~~.3 Postage, handling, and delivery;~~

~~.4 Expense of overtime work requiring higher than regular rates, if authorized in advance in writing by the Owner; and~~

.5 Additional renderings, physical models, mock-ups, professional photography, and presentation materials requested by Owner or required for the Project.

1.4.2 The Professional shall not be reimbursed for any traveling or living expenses incurred personally, by associates, employees, or consultants.

1.4.3 The Professional shall be entitled only to reimbursement of actual expenses incurred by the Professional with no markup or fee.

1.4.4 All requests for reimbursement must be received with or before the Professional's final request for payment. Payment of the Professional's retainage as indicated below constitutes waiver by the Professional of any past, present, or future claims for reimbursement or other amounts.

1.5 THE OWNER'S BUDGET

1.5.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with a budget of all funds available to the Owner for completion of the Project (the "Owner's Budget"), which includes the contract(s) for construction, all fees, special consultants and contracts, advertising costs, code compliance expenses, a reasonable contingency, and any other expenses necessary to complete the Project and deliver a useful facility. The Owner's Budget may be revised from time to time in writing by the Owner and in the Owner's sole discretion. As stated above, the Owner's Budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,600,000, unless otherwise provided for in writing by the Owner.

1.5.2 As stated below, the Professional shall submit estimates for the Cost of Construction to the Owner in the course of performing its Basic Services. In the event the Professional submits an estimate of the Cost of Construction exceeding the Owner's Budget, the Professional shall also submit a detailed written report, at no additional cost to the Owner, explaining why the Professional's estimate exceeded the Owner's Budget and what steps are needed to bring the Professional's estimate within the Owner's Budget.

1.5.3 If after the Bidding Phase, the Owner determines that the Project cannot be constructed within the Owner's Budget, the Owner may authorize the Professional to either:

.1 Revise the Contract Documents (including the plans and specifications) and rebid; or
.2 Modify the Program, adjust the Project scope, and/or revise the Contract Documents, and rebid.

1.5.4 If at any time, it is determined by the Owner, in the Owner's sole discretion, that the Project cannot be constructed and completed within the Owner's Budget, the Owner may terminate this Agreement for convenience pursuant

to Article 9, and the Owner shall not be obligated to the Professional for any part of the Professional's fees or payments beyond the last Owner-approved phase.

1.6 PAYMENT

1.6.1 The Professional shall submit applications for payment for its Basic Services in accordance with Article 4. At the time the Professional submits its applications for payment for its Basic Services, the Professional shall also include applications for payment for any previously approved Additional or Extra Services the Professional has performed along with any Reimbursable Expenses incurred by the Professional. All applications for payment shall be itemized in detail and be supported by all related estimates, receipts, or invoices. Owner shall make payment to the Professional within thirty (30) days of receipt of the Professional's application for payment. Payments made by Owner shall not be construed as acceptance of defects in the Professional's Services.

1.6.2 All applications for payment by the Professional shall be submitted by the PRINCIPAL IN CHARGE identified in the Agreement.

1.6.3 The Professional shall keep full and detailed records and accounts related to its Services, expenses, payments, and reimbursements and exercise such controls as may be necessary for proper financial management under this Agreement. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Professional's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, consultant agreements, invoices, purchase orders, vouchers, memoranda and other data relating to this Agreement. The Professional shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

1.6.4 In the event that the Professional seeks to utilize drawings and/or specifications prepared under this Agreement for separate projects with Owner that are not covered by this Agreement, and understanding that such "duplicate work" requires primarily the modification of plot plans, foundations, service connections, incidental changes, supervision, and the like, then Owner will be entitled to credit toward the design costs for the other Project to the extent of such costs paid by Owner pursuant to this Agreement. Owner is not obligated to enter a new Agreement for duplicate work.

2. PROFESSIONAL'S RESPONSIBILITIES

2.1 The Professional shall provide professional services as set forth in this Agreement. The Professional represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

2.2 The Professional shall perform all Services consistent with the professional skill and care ordinarily provided by Professionals practicing in the same or similar locality under the same or similar circumstances. The Professional shall perform all Services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

2.3 The Professional shall be responsible for complying with all applicable laws, rules, regulations, codes, and industry standards in performing its Services under this Agreement.

2.4 The Professional shall identify a representative authorized to act on behalf of the Professional with respect to the Project. The Professional shall be bound by all acts, omissions, statements, and representations of its representative. The Owner shall have the right to approve or reject the Professional's authorized representative.

2.5 The Professional shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Professional's professional judgment with respect to the Project or otherwise.

2.6 The Professional shall assist the Owner with preparing and filing any documents required for the approval of governmental authorities having jurisdiction over the Project.

2.7 The Professional shall contact the appropriate government authorities required to approve the plans, specifications, and other construction or design documents, as well as the entities providing utility services to the Project. In designing the Project, the Professional shall respond to applicable design requirements imposed by such governmental

authorities and entities providing utility services. The Professional shall also assist the Owner in the preparation of applications to the U.S. Government or other granting agencies for construction, interest subsidy, or other forms of grants.

2.8 Time is of the essence of this Agreement. The Professional shall submit for the Owner's approval, an estimated Schedule of Performance of Services. The estimated Schedule of Performance shall specify the number days needed by the Professional to complete each phase of the Professional's Services and shall account for time needed by the Owner and/or a governing body to review any submission by the Professional. The Schedule of Performance may be modified as the Project proceeds but only with the Owner's written approval. This Schedule of Performance, when approved by Owner, shall not, except for reasonable cause, be exceeded by the Professional.

2.9 The Schedule of Performance shall designate the length of time in calendar days for completion of each phase of Services. The dates for receipt of phases shall be the date the documents are stamped into the Owner's office if they are in an approval condition. If submittals are rejected, then the clock will continue to run without charge for that time being reviewed by the Owner. The date for approval and beginning of the next phase shall be the date of receipt, by the Professional, of written approval from the Owner.

2.10 PROFESSIONAL'S INSURANCE AND INDEMNITY OBLIGATIONS

2.10.1 The Professional shall purchase and maintain with a company, or companies, licensed to do business in the State of Mississippi such insurance as will provide protection from claims resulting from errors and omissions, or negligent acts arising out of the performance of professional services and operations under this Agreement. The Professional shall maintain the following insurances, at a minimum, until termination of this Agreement:

.1 Commercial General Liability insurance with policy limits of not less than $1,000,000 for each occurrence and $2,000,000 in the aggregate for bodily injury and property damage.

.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Professional with policy limits of not less than $1,000,000 per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

.3 The Professional may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.10.1.1 and 2.10.2.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

.4 Workers' Compensation insurance at statutory minimum limits.

.5 Employers Liability insurance with policy limits not less than $1,000,000 each accident, $1,000,000 each employee, and $2,000,000 policy limit.

.6 Professional Liability insurance covering negligent acts, errors, and omissions in the performance of professional services with policy limits of not less than $1,000,000 per claim or occurrence and $2,000,000 in aggregate.

2.10.2 To the fullest extent permitted by law, the Professional shall cause the primary and excess or umbrella polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Professional's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations. Further, each of the Professional's insurance policies shall include waivers of subrogation in favor of the Owner.

2.10.3 The Professional shall provide Certificates of Insurance to the Owner that evidence compliance with the requirements in this Section 2.10 prior to beginning work or performing Services for the Project. The Certificate of Insurance shall contain a provision stating that the policy may not be canceled or not renewed without at least thirty (30) days prior written notice to the Owner. Failure to provide the Owner with a Certificate of Insurance reflecting all insurance coverages and requirements set forth in this Section 2.10 shall be a material breach of this Agreement.

2.10.4 If by the terms of this insurance any mandatory deductibles are required, or if the Professional should elect with the concurrence of the Owner, to increase the mandatory deductible amounts or purchase this insurance with voluntary deductible amounts, the Professional shall be responsible for payment of the amount of the deductible in the event a claim is paid. In the event of a claim against the policy, the Professional shall arrange for the restoration of the limit of liability so that full coverage is maintained at all times.

2.10.5 The Professional shall be fully responsible to the Owner for work performed by any employees, associates, and/or consultants. Errors and omissions insurance coverage for the total Project design, including that of all Associates and/or consultants, rests solely with the Professional. In the case of joint ventures, joint venture errors and omissions insurance coverage shall be required in accordance with the limits stated above.

2.10.6 The Professional shall defend, indemnify, and hold harmless the Owner and the Owner's agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees and litigation expenses, regardless of the nature or type of claim, which arise from or relate to the Professional's performance of Services under this Agreement, any acts or omissions of the Professional, or any alleged negligence of the Professional or the Professional's consultants, anyone directly or indirectly employed by them, or anyone for whose acts they or the Professional may be liable. This indemnification requirement shall survive the expiration or earlier termination of this Agreement.

3. BASIC SERVICES

The Professional's Basic Services are those described in this Article 3 and include all usual and customary civil, structural, mechanical, and electrical engineering services. The Professional shall manage all Services, consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and report progress to the Owner. The Professional shall coordinate its Services with those being provided by the Owner or any separate consultants hired by the Owner.

3.1 SCOPE OF PROGRAM PHASE SERVICES

3.1.1 Professional shall meet with Owner to ascertain the general requirements for the Project and shall meet with the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) to discuss, among other things, the scope of the Project, the functional and departmental objectives of the Project, and the relationship of the Project to other structures and facilities.. Professional shall advise Owner and the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) as to cost of the Project and time requirements for planning and construction of the Project.

3.1.2 The Professional shall prepare and submit to the Owner a comprehensive written Project Program, which shall set forth the scope of the Project. The Program will include at a minimum the following elements:

.1 Goal: Design objectives, limitations, and criteria;
.2 Site: Site requirements and analysis including location, boundaries, topography, vegetation, utilities, climate, flooding, traffic, and priority;
.3 Equipment: Special equipment and systems;
.4 Energy: Energy considerations;
.5 Existing: Analysis of existing facilities(lift station sites);
.6 Concept: Summary of Project concept, scope and goal with priority list; and
.7 Budget: Total Project budget, with controlling input from Owner

3.1.3 The Professional shall submit to the Owner copies of the written Project Program.

3.1.4 The Professional shall show progress to date, confirm the remainder of the Schedule of Performance, and obtain the Owner's written approval for completing the Program Phase before proceeding with the Construction Phase Design.

3.4 SCOPE OF CONSTRUCTION DOCUMENT PHASE SERVICES

3.4.1 After obtaining the written approval of the Owner for the Design Development Phase, the Professional shall prepare and submit to the Owner copies of working drawings and specifications detailing and prescribing the work to be accomplished to construct the Project including materials; workmanship; finishes; mechanical and electrical systems;

special equipment; general, special, and supplementary conditions for the agreement between the Owner and the contractor; and any and all other information required for receiving bids on the Project and subsequent preparation of shop drawings and detail drawings.

3.4.2 Upon receipt of the review comments from the Owner, the Professional shall complete and finalize the Contract Documents to conform to the Owner's review comments. Professional shall furnish copies to the Owner of the final version of the Contract Documents prior to release of said documents for bids.

3.4.3 The Professional shall furnish and distribute complete sets of plans, specifications, and other Bidding Documents as are necessary for bidding purposes (the "Contract Documents"), including in electronic form if required. Any cost of printing and mailing these Contract Documents shall be paid by the Professional and reimbursed by the Owner, with cost approval by the Owner before printing is ordered. Reimbursement to the Professional by the Owner of printing costs is to assure that an adequate number of plans and specifications shall be available for bidding purposes and thereby resulting in the best possible competitive bids being received by the Owner for the Project. Costs of all plans and specifications, other than for bidding, required for the design process shall be at the expense of the Professional.

3.4.4 The Professional shall prepare and submit to the Owner a detailed Cost of Construction estimate demonstrating allocation of cost for various systems. The basis for the cost estimate shall be a quantity survey. The estimate shall show an escalation projected from the date of the estimate to the projected bid date.

3.4.5 The date for receipt of bids shall be established by the Owner.

3.4.6 The Professional agrees that approval of the Contract Documents, including drawings and specifications, by Owner or by any person, body, or agency shall not relieve Professional of the responsibility for the adequacy, fitness, suitability, correctness of design, and for designing all documents and completing all Services in accordance with sound and accepted engineering practices and in compliance with all prevailing building codes and federal and state laws and regulations, including but not limited to such codes and regulations set forth below in Section 6.4.

3.4.7 The Professional shall submit to the Owner complete Contract Documents in electronic format within time sufficient to distribute same for bids.

3.5 SCOPE OF BIDDING PHASE SERVICES

3.5.1 After obtaining the written approval of the Owner of the Construction Document Phase, the Professional shall assist the Owner in obtaining bids and preparing and awarding all construction contracts. The Professional shall provide other preconstruction and bidding phase services such as preconstruction estimates, constructability analyses, project scheduling, and identifying potential qualified subcontractors and materialmen, if necessary.

3.5.2 For project subject to competitive bidding laws, the professional shall assist the Owner in bidding the Project by: procuring the reproduction of Contract Documents for distribution to prospective bidders; distributing the Contract Documents to prospective bidders and maintaining a log of distribution; organizing and conducting a pre-bid conference for prospective bidders; preparing responses to questions from bidders and providing clarifications and interpretations of the Contract Documents in the form of addenda to the same; and organizing and conducting the opening of bids and documenting the bidding results.

3.5.2 The Professional shall attend the bid opening and furnish a suitably detailed tabulation sheet for recording the name of each Bidder, the Bidder's Certificate of Responsibility Number, Bid Security, Base Bid, Alternates, and remarks. The Professional shall furnish sufficient tabulation sheets for all in attendance. Immediately after receipt of bids, the Professional shall submit to the Owner a certified tabulation of all bids received, along with his recommendation as to Contract award.

3.5.3 The Professional, following the award of a Construction Contract, shall prepare and submit to the Owner, copies of updated Construction Documents (including plans and specifications). Each copy shall be marked OFFICIAL CONTRACT DOCUMENTS and shall include an executed bid proposal form, agreement form, contract bond, power of attorney, certificate of insurance, all bulletins, addenda, and supplemental drawings. One (1) copy shall be retained by the Owner; one (1) copy shall be for the Contractor. Any other contract document guidelines will be distributed by the Professional at the bid opening.

3.6 SCOPE OF CONSTRUCTION PHASE SERVICES

3.6.1 The Construction Phase begins with the award and the preparation of the construction contract(s). The Professional is responsible for keeping the Owner completely apprised of the Project during the Construction Phase. The Professional shall perform all services necessary to ensure the construction of the Project is moving forward in a timely and cost effective manner and in accordance with the Contract Documents. Those services shall include, but not be limited to, the following:

1. Sanitary sewer design
2. Lift Station Design
3. Plan and Profiles sheets of proposed design
4. Electrical Controls Design
5. Mechanical Pump Selection/Design (if required)
6. Erosion control Plan
7. Overall Utility Plan
8. Obtain necessary MDEQ Stormwater permits
9. Obtain necessary MDEQ sanitary sewer approvals (if required)
10. Construction Details
11. Technical Specifications
12. Provide necessary documentation for ARPA Reimbursement

3.6.2 The Professional shall conduct on-site inspections as necessary to guard against nonconformity of the construction work with the Contract Documents and to observe and report on compliance with agreed upon construction schedules. The Professional shall be responsible for ensuring all inspections are made as needed and during the critical phases of construction by the consultants and the Professional's firm. The Professional shall maintain a written log of all visits to the site by the Professional and/or any consultants identifying by name and title each attendee and a brief description explaining the nature of the site visit. On-site inspections shall be done by a Principal of the Professional's firm and/or of each consultant firm, or a qualified employee of each firm as approved by the Owner. The Professional shall not be responsible for construction means, methods, techniques, sequence of procedures, or the safety precautions and programs in connection with the work. The Professional has the authority to disapprove or reject work that, in its judgment, fails to conform to the Contract Documents. The Professional shall submit monthly written reports to Owner detailing progress and condition of construction of the Project.

3.6.3 As required by the Owner, or upon the written request of the Contractor, the Professional shall promptly respond to any request for information relating to interpretation of the Contract Documents to ensure proper and timely execution of the work and construction of the Project. The Professional shall be the interpreter of the requirements of the Contract Documents and judge of the performance thereunder of the Contractor. The Professional's responses to such requests for information shall be in writing and issued with reasonable promptness so as not to delay the Project.

3.6.4 The Professional shall prepare change Orders for the Owner's approval and execution in accordance with the Contract Documents. The Professional shall have authority to order minor changes in the work which do not involve an adjustment in the Contract Sum or an extension of the Contract Time and which are not inconsistent with the intent of the Contract Documents. The Professional shall not issue any verbal or written directives that materially change the Contract Documents until approved in writing by the Owner.

3.6.5 Upon receipt of an application for payment from the Contractor, the Professional shall determine and confirm the amount owed to the contractor based on the Professional's field inspections, evaluations of the contractor's applications for payment in relation to the most recent schedule of values, and any other information the Professional deems necessary. Based on the Professional's evaluation, the Professional shall recommend to the Owner an amount the Professional believes the contractor is owed and shall issue for the Owner's approval a certificate for payment in that amount. The Professional's recommendation or certification of payment shall constitute a representation on which the Owner is entitled to rely that the work has progressed to the point indicated; that, to the best of the Professional's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents; and, that the Contractor is entitled to payment in the amount certified. The issuance of a certificate for payment will not be a representation that the Professional has made any examination relating to how the Contractor has used or applied previous payments from Owner other than to secure certification under oath that all materialmen, laborers, and subcontractors have been paid by the contractor.

3.6.6 The Professional shall conduct inspections to determine the date of Substantial Completion and the date of final completion; issue certificates of Substantial Completion; receive from contractor and forward to Owner all written

warranties and related documents required by the Contract Documents; and issue a final Certificate for Payment based upon a final inspection of the Project indicating that the Project was constructed in accordance with the requirements of the Contract Documents.

3.6.7 When the Professional is notified by the contractor that the work has been substantially completed and the Project is ready for inspection, the Professional and the Professional's consultants shall inspect the work. Based on this inspection, the Professional and consultants shall prepare lists of items needing correction, repair, or completion. When these items have been corrected by the contractor, the Professional and the Professional's consultants shall make a subsequent inspection to ensure all issues previously identified have been properly addressed. A representative for the Owner shall be present during this inspection. When all issues identified by the Professional and/or the Professional's consultants have been properly addressed, the Professional shall certify to the Owner that, to the best of the Professionals' knowledge, the Project has been fully completed in compliance with the Contract Documents. It is the responsibility of the Professional to have a representative(s) from each of its consultants present for all inspections.

3.6.8 Upon completion of the Project, the Professional shall deliver to the Owner two sets of revised Contract Documents which reflect the as-built condition of the Project. Such as-built documents shall reflect all changes caused by addenda, field changes, change orders, and observed changes by the Professional, contractor, or subcontractors. Additionally, the Professional shall submit two electronic format copies of the as-built Contract Documents in both PDF and CAD format. The Professional shall also deliver to the Owner the Manufacturer's data for the roof materials used, the Manufacturer's Guarantee, and the Roofing Contractor's Guarantee. The Professional shall deliver to the Owner all certificates, data, manuals, warranties, and/or guarantees relating to the Project.

3.6.9 The Professional shall forward to the Owner the following information received from the contractor: consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment to the contractor; affidavits, receipts, releases, and waivers of liens or bonds indemnifying Owner against lines and claims; and any other documentation required of the contractor under the Contract Documents.

3.6.10 During the warranty period of the construction contract(s), the Professional shall work with a representative of the Owner to secure remediation of any defects that are discovered. The Professional shall make, with a representative of the Owner present, a warranty inspection of the Project prior to the expiration of any warranty periods and report observed defects to the Owner and the contractor for correction. The Professional shall be responsible for coordinating all work necessary to repair, correct, or complete defects in the construction, and the Professional shall be responsible to prepare and issue any paper work necessary to effect such repair, regardless of whether such constitutes a change.

3.6.11 The Construction Phase shall terminate upon expiration of the Warranty period or settlement of all Warranty claims, whichever occurs last.

4. PAYMENT TO THE PROFESSIONAL FOR BASIC SERVICES

4.1 PAYMENTS FOR BASIC FEE

4.1.1 Upon completion of the Program Phases and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.2 Upon completion of the Construction Document Phase and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.4 Upon completion of the Bidding Phase, written approval of the Owner and any governing authority or board, and receipt of a construction contract executed by the contractor, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.5 During the Construction Phase, written approval of the Owner and any governing authority or board, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.6 The Owner reserves the right to determine when and who provides the Professional service items needed for this Project. Any pay request submitted by the Professional which contains service items not authorized by the Owner to be performed by the Professional may be disapproved in part, or total.

4.1.7 No delay in payment to the Professional, whether under section 5 of this Agreement or otherwise, shall entitle the Professional to terminate or suspend its Services.

5. PROFESSIONAL CONSULTING SERVICES AND CODES

5.1 PROFESSIONAL CONSULTING SERVICES

5.1.1 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering design services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared shall bear the stamp of the responsible registered professional. The Professional shall enter into Contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.1.2 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering engineering services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared above shall bear the stamp of the responsible registered professional. The Professional shall enter into contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.2 CODES AND REGULATIONS

5.2.1 The Professional shall prepare all Contract Documents, including drawings and specifications, in full conformance and compliance with all applicable codes and regulations, including but not limited to the following specific codes and regulations. The Professional shall reference the versions of the below codes and regulations that are current and in effect as of the date of this Agreement and all subsequent amendments to the same, unless a different and specific edition is expressly noted in the Contract Documents. In the event of any discrepancy or ambiguity, the Professional must comply with, and will be held to, the adopted and applicable codes of the local jurisdiction.

1. International Building Code
2. International Existing Building Code
3. International Plumbing Code
4. International Mechanical Code
5. International Fuel Gas Code
6. International Electrical Code
7. International Fire Code

6. OWNER'S RESPONSIBILITIES

6.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with the Owner's Budget, which shall state all funds available to the Owner for completion of the Project. The Owner's Budget may be revised from time to time in the Owner's sole discretion.

6.2 Unless otherwise provided for under this Agreement, the Owner shall provide information relating to the Project to the Professional in a timely manner when requested by the Professional.

6.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project.

7. OWNERSHIP OF DOCUMENTS

7.1 The Professional's instruments of service, including all contract documents and drawings and specifications, shall be the Owner's property upon payment of the Professional's fees through the latest completed phase. The Owner shall have full and unrestricted use of such instruments of service. The Professional shall not be entitled to re-use or recycle any of the instruments of service without the prior written permission of the Owner. The Professional shall furnish

permanent reproducible transparencies at the Owner's request and the Owner shall reimburse Professional for the actual cost. Original tracings and specifications shall remain in the Professional's custody until the Owner requests delivery.

7.2 The Owner shall have full and unrestricted use of the instruments of service, including all contract documents and drawings and specifications drawings and specifications, for use on any future Project without further compensation due to the Professional.

8. APPLICABLE LAW AND DISPUTE RESOLUTION

8.1 This Agreement shall be governed exclusively by the laws of the State of Mississippi, regardless of any choice of law provisions that might otherwise be applicable.

8.2 The parties shall attempt to resolve any dispute that arises out of or is related to this Agreement by first submitting the dispute to mediation. Any mediation will be conducted by one mediator selected by the Owner and will only be conducted in Harrison County, Mississippi or such other place selected by the Owner. If the parties do not resolve any such dispute through mediation, the parties shall resolve the dispute by litigation.

8.3 The courts of Harrison County, Mississippi shall be the sole and exclusive jurisdiction and venue for any civil action related to this Agreement. Each party irrevocably consents to jurisdiction in said courts and waives any argument that such courts are not a convenient forum or that venue is not proper in Harrison County.

8.4 If the Owner in good faith believes that any claim, dispute, or matter in controversy with the Professional also involves rights or liabilities of the contractor, or other third party, then, at the Owner's sole election, the Professional agrees to resolve such issues in the same forum or proceeding, including court or administrative authority, which has jurisdiction over some or all claims, disputes, and matters in controversy involving the Contractor, or other third party so as to promote economy and avoid inconsistent results.

8.5 No claim, dispute, or matter in controversy or question shall interfere with the progress of the Professional's Services, and the Professional shall proceed diligently with performance of its Services, notwithstanding the existence of any claim, dispute, or matter in controversy or question.

9. TERMINATION

9.1 The Owner may terminate this Agreement for cause should the Professional fail to timely perform its Services or fail to satisfy any of the terms or conditions of this Agreement, as determined in the Owner's sole discretion, within three calendar days after receipt of the Owner's notice of deficiency. In the event of such termination for cause, the Professional shall be responsible for all costs, fees, and expenses, including reasonable attorneys' fees, incurred by the Owner to remedy the deficiencies caused or created by the Professional or to otherwise complete the Professional's Services under this Agreement. Upon such termination, the Professional shall only be entitled to receive as payment any outstanding balance due by the Owner to the Professional for satisfactory Services that the Professional completed as part of the last approved design phase, but only to the extent that such payment exceeds all costs, fees, and expenses incurred by the Owner in connection with correction or completion of the Professional's Services or termination of the Professional. At the option of the Owner, all finished or unfinished instruments of service prepared by the Professional shall be the property of the Owner.

9.2 Notwithstanding anything to the contrary in this Agreement and in addition to the Owner's right to terminate this Agreement for cause, breach or default, the Owner may also suspend the Professional's Services or terminate all or any part of this Agreement, without cause, regardless of fault or the lack thereof by any party, for its sole convenience, or for any reason or no reason whatsoever. Upon such no-fault termination, the Professional shall be entitled only to payment for Services satisfactorily completed up to the date of termination. The Professional shall not be entitled to any payment, compensation, or damages, including but not limited to lost profits or other theory of recovery, with respect to Services not performed or not accepted.

9.3 If the Owner terminates the Agreement for default or breach but it is determined, for any reason, that sufficient grounds did not exist for terminating the Agreement, the Professional shall, as its sole and exclusive remedy, be entitled only to the amount due under the Agreement as if the termination were for no fault. Regardless of whether termination is for default or no fault, the Professional shall not be entitled to any payment in excess of the reasonable value or actual cost of work actually performed by the Professional in strict accordance with the Agreement, less offsets and other amounts due the Owner under this Agreement.

9.4 The Professional shall, in no event, be entitled to special, consequential, exemplary, or punitive damages because of the Owner's termination of this Agreement, the Owner's alleged breach or default under this Agreement, or any other act or omission of the Owner.

10. MISCELLANEOUS

10.1 Any notice to the Professional may be given in writing by United States Mail, fax, email, or verbally in person. Notice by mail shall be considered as given and effective when addressed to the last-known address of the Professional and deposited in the United States Mail, and shall be effective for all purposes as of the time of such deposit, whether actually received or not. Notice by any other means shall be effective when sent by the Owner to the Professional. Any notice to the Owner shall be in writing and sent to the Owner by certified or registered mail, return receipt requested, to Owner's office of general counsel.

10.2 The Professional shall not assign its rights nor delegate its obligations under this Agreement without first obtaining the written consent and approval of the Owner. The Professional shall not assign any amounts due or to become due under this subcontract without written consent from the Owner.

10.3 The parties intend as follows: (a) that if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) that if an unenforceable provision is modified or disregarded in accordance with this section, then the rest of this Agreement will remain in effect as written; and (c) that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

10.4 If a party desires to waive any right under this Agreement, it may only do so by signing a writing specifying the right waived. Any such waiver will be binding only for the limited purpose for which the written waiver was given.

10.5 Under no circumstances shall the Professional be entitled to receive consequential damages or lost profits from the Owner, regardless of the nature or type of breach or claim made by the Professional.

10.6 This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral. This Agreement may not be amended except in writing signed by both parties. All proposals, negotiations, and representations with respect to this Agreement, whether oral or written, are hereby superseded and merged into this Agreement. This Agreement cannot be changed, modified, altered, suspended, or terminated, except in writing signed by an authorized representative of the Owner. No delay, waiver, forbearance, or failure by the Owner to exercise rights or remedies under this Agreement or to insist upon strict compliance by the Professional shall prevent the Owner from strictly enforcing any of the provisions of this Agreement, nor shall relieve the Professional from strict compliance with all terms and conditions hereof nor shall waive, restrict, or adversely affect any of the Owner's rights and remedies as to any subsequent or continuing failure of the Professional to comply strictly with all terms and conditions of this Agreement. The invalidity or unenforceability of any term or condition of this Agreement shall not invalidate, render unenforceable, or adversely affect the remaining terms and conditions. This Agreement shall be binding upon the successors in interest of the parties hereto, but nothing in this Agreement is intended nor shall be construed to create any rights for or to benefit any third parties. Both parties have had the opportunity to review with their respective legal counsel and technical advisors this Agreement, and both parties therefore stipulate that this Agreement shall be given effect and shall not be subject to the rule of construction of being construed against the drafting party.

For and in consideration of the covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Owner and Professional agree as follows and specifically set forth in Articles 1 through 10 below:

1. PROFESSIONAL'S SERVICES AND COMPENSATION

For the scope of this engagement, the Professional's Services shall be classified as: (1) Basic; (2) Additional; or (3) Extra (the "Services"). The Professional's engagement may include one or more of the Services depending upon the needs of the Project. The Professional's compensation for its work on the Project is calculated based upon the type of Services the Professional is engaged to perform. The Professional's fee is calculated differently for each type of Service. The Professional may also be entitled to reimbursement for actual costs incurred as a result of performing certain enumerated Project-related activities ("Reimbursable Expenses").

1.1 BASIC SERVICES

1.1.1 The Professional's Basic Services on the Project shall consist of Program Phase Services, Construction Document Services, Bidding Phase Services, and Construction Phase Services, and MCWI/ARPA Program Requirements. The scope of the Basic Services is explained in further detail in Article 3.

1.1.2 The Professional's compensation for Basic Services shall be an hourly not to exceed fee of **$778,932.00** that will be billed per the approved City of Gulfport hourly rate sheet. The not to exceed fee is based of the FEMA Curve A requirements (attached) for a construction value of $6,600,000. This fee includes both the design phase and the construction administration phase. Cost of Construction shall be the total cost to the Owner to construct all elements of the Project as designed and specified by the Professional, as set forth in the plans, specifications, and other contract documents, and as approved by the Owner. In no event shall the Professional's Fee for its Basic Services be calculated using a Cost of Construction exceeding the Owner's Budget as defined in Article 1.5. The Professional shall be compensated for its Basic Services in accordance with the provisions of Article 4 below.

1.1.3 Any consultants retained or otherwise employed by the Professional must be approved by the Owner. The Professional shall not employ or otherwise retain consulting Professionals with proprietary interests. The Professional agrees to employ any consultants needed for complete services, including inspection.

1.1.4 All consultants hired by the Professional shall be required to obtain the same levels and amounts of insurance for protection of the Owner and the Project that the Professional is required to obtain pursuant to Article 2.10 of this Agreement.

1.1.5 The Professional shall be responsible for all applicable taxes and shall not receive any extra or increase payment from the Owner for such taxes.

1.2 ADDITIONAL SERVICES

1.2.1 Additional Services are Services the Owner may elect for the Professional to perform. Additional Services performed by the Professional shall be billed to the Owner on a lump sum basis. Additional Services performed by a third party engaged by the Professional shall be billed to the Owner at the actual cost incurred by the Professional for the third-party service plus an amount equal to **10.0%** (ten percent) of the cost incurred. Prior to performing any Additional Service, the Professional shall provide the Owner with a detailed cost estimate of the Additional Service. If the Owner is dissatisfied with the proposed cost, the Professional shall obtain additional estimates. Additional Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Additional Services where the Owner's prior written approval was not first obtained.

1.2.2 The Owner shall make payments to Professional for any Additional Services upon completion of the same and Owner's approval of the same. Partial payments may be made upon written request by Professional and Owner's approval.

1.3 EXTRA SERVICES

1.3.1 During the course of its engagement, the Professional may be required to perform Extra Services as defined as follows:

.1 Services necessitated by a change in material information supplied by the Owner, previous instructions or approvals given by the Owner, or a material change in the Project including size, quality, complexity, the Owner's schedule or budget for Cost of Construction, or procurement or delivery method;

.2 Services necessitated by the enactment or revision of codes, laws, or regulations, including changing or editing previously prepared Instruments of Service;

.3 Changing or editing previously prepared Instruments of Service necessitated by official interpretations of applicable codes, laws or regulations that are either (a) contrary to specific interpretations by the applicable authorities having jurisdiction made prior to the issuance of the building permit, or (b) contrary to requirements of the Instruments of Service when those Instruments of Service were prepared in accordance with the applicable standard of care;

.4 Preparing digital models or other design documentation for transmission to the Owner's consultants and contractors, or to other Owner-authorized recipients;

.5 Preparation of design and documentation for alternate bid or proposal requests proposed by the Owner;

.6 Preparation for, and attendance at, a public presentation, meeting, or hearing;

.7 Preparation for, and attendance at, a dispute resolution proceeding or legal proceeding, except where the Engineer is party thereto; or

.8 Evaluation of the qualifications of entities providing bids or proposals.

1.3.2 Prior to performing any Extra Service, the Professional shall notify the Owner in writing of the circumstance creating the need for the Extra Service, the proposed scope of the Extra Service, and an estimate of the cost to the Owner for proposed Extra Service. Extra Services shall only be performed with the Owner's prior written approval. In no event shall the Owner be responsible for Extra Services where the Owner's prior written approval was not first obtained.

1.3.3 Except for Extra Services required due to the fault of the Professional, the Professional shall be compensated on an hourly basis as follows:

.1 The Professional's Principals' hourly rate shall be $194.00 per hour.

1.3.4 For purposes of this Agreement, the Professional's "principals" include the following individuals:

Gerrod W. Kilpatric, PE, David J. Machado, PE; Bradley P. Patano, PE, and Bradford A. Jones, AIA

1.3.5 For purposes of this Agreement, "Employees" are defined as anyone employed by the Professional but not identified as a Principal, including, but not limited to architects, engineers, professionals, draftsmen, specification writers, inspectors, and secretaries in consultation, research, design, production of the Instruments of Service and other documents pertaining to the Project and inspection of construction of the Project.

1.4 REIMBURSABLE EXPENSES

1.4.1 Reimbursable Expenses are in addition to compensation for Basic, Additional, and Extra Services and include expenses incurred by the Professional directly related to the Project. The Professional may be entitled to reimbursement for the following Project-related expenses:

.1 Permit fees and other fees required by authorities having jurisdiction over the Project;

~~.2 Printing, reproductions, plots, and standard form documents;~~

~~.3 Postage, handling, and delivery;~~

~~.4 Expense of overtime work requiring higher than regular rates, if authorized in advance in writing by the Owner; and~~

.5 Additional renderings, physical models, mock-ups, professional photography, and presentation materials requested by Owner or required for the Project.

1.4.2 The Professional shall not be reimbursed for any traveling or living expenses incurred personally, by associates, employees, or consultants.

1.4.3 The Professional shall be entitled only to reimbursement of actual expenses incurred by the Professional with no markup or fee.

1.4.4 All requests for reimbursement must be received with or before the Professional's final request for payment. Payment of the Professional's retainage as indicated below constitutes waiver by the Professional of any past, present, or future claims for reimbursement or other amounts.

1.5 THE OWNER'S BUDGET

1.5.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with a budget of all funds available to the Owner for completion of the Project (the "Owner's Budget"), which includes the contract(s) for construction, all fees, special consultants and contracts, advertising costs, code compliance expenses, a reasonable contingency, and any other expenses necessary to complete the Project and deliver a useful facility. The Owner's Budget may be revised from time to time in writing by the Owner and in the Owner's sole discretion. As stated above, the Owner's Budget for construction of the Project, including all related costs and expenses, is limited to and shall not exceed $6,600,000, unless otherwise provided for in writing by the Owner.

1.5.2 As stated below, the Professional shall submit estimates for the Cost of Construction to the Owner in the course of performing its Basic Services. In the event the Professional submits an estimate of the Cost of Construction exceeding the Owner's Budget, the Professional shall also submit a detailed written report, at no additional cost to the Owner, explaining why the Professional's estimate exceeded the Owner's Budget and what steps are needed to bring the Professional's estimate within the Owner's Budget.

1.5.3 If after the Bidding Phase, the Owner determines that the Project cannot be constructed within the Owner's Budget, the Owner may authorize the Professional to either:

.1 Revise the Contract Documents (including the plans and specifications) and rebid; or
.2 Modify the Program, adjust the Project scope, and/or revise the Contract Documents, and rebid.

1.5.4 If at any time, it is determined by the Owner, in the Owner's sole discretion, that the Project cannot be constructed and completed within the Owner's Budget, the Owner may terminate this Agreement for convenience pursuant

to Article 9, and the Owner shall not be obligated to the Professional for any part of the Professional's fees or payments beyond the last Owner-approved phase.

1.6 PAYMENT

1.6.1 The Professional shall submit applications for payment for its Basic Services in accordance with Article 4. At the time the Professional submits its applications for payment for its Basic Services, the Professional shall also include applications for payment for any previously approved Additional or Extra Services the Professional has performed along with any Reimbursable Expenses incurred by the Professional. All applications for payment shall be itemized in detail and be supported by all related estimates, receipts, or invoices. Owner shall make payment to the Professional within thirty (30) days of receipt of the Professional's application for payment. Payments made by Owner shall not be construed as acceptance of defects in the Professional's Services.

1.6.2 All applications for payment by the Professional shall be submitted by the PRINCIPAL IN CHARGE identified in the Agreement.

1.6.3 The Professional shall keep full and detailed records and accounts related to its Services, expenses, payments, and reimbursements and exercise such controls as may be necessary for proper financial management under this Agreement. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Professional's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, consultant agreements, invoices, purchase orders, vouchers, memoranda and other data relating to this Agreement. The Professional shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

1.6.4 In the event that the Professional seeks to utilize drawings and/or specifications prepared under this Agreement for separate projects with Owner that are not covered by this Agreement, and understanding that such "duplicate work" requires primarily the modification of plot plans, foundations, service connections, incidental changes, supervision, and the like, then Owner will be entitled to credit toward the design costs for the other Project to the extent of such costs paid by Owner pursuant to this Agreement. Owner is not obligated to enter a new Agreement for duplicate work.

2. PROFESSIONAL'S RESPONSIBILITIES

2.1 The Professional shall provide professional services as set forth in this Agreement. The Professional represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

2.2 The Professional shall perform all Services consistent with the professional skill and care ordinarily provided by Professionals practicing in the same or similar locality under the same or similar circumstances. The Professional shall perform all Services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

2.3 The Professional shall be responsible for complying with all applicable laws, rules, regulations, codes, and industry standards in performing its Services under this Agreement.

2.4 The Professional shall identify a representative authorized to act on behalf of the Professional with respect to the Project. The Professional shall be bound by all acts, omissions, statements, and representations of its representative. The Owner shall have the right to approve or reject the Professional's authorized representative.

2.5 The Professional shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Professional's professional judgment with respect to the Project or otherwise.

2.6 The Professional shall assist the Owner with preparing and filing any documents required for the approval of governmental authorities having jurisdiction over the Project.

2.7 The Professional shall contact the appropriate government authorities required to approve the plans, specifications, and other construction or design documents, as well as the entities providing utility services to the Project. In designing the Project, the Professional shall respond to applicable design requirements imposed by such governmental

authorities and entities providing utility services. The Professional shall also assist the Owner in the preparation of applications to the U.S. Government or other granting agencies for construction, interest subsidy, or other forms of grants.

2.8 Time is of the essence of this Agreement. The Professional shall submit for the Owner's approval, an estimated Schedule of Performance of Services. The estimated Schedule of Performance shall specify the number days needed by the Professional to complete each phase of the Professional's Services and shall account for time needed by the Owner and/or a governing body to review any submission by the Professional. The Schedule of Performance may be modified as the Project proceeds but only with the Owner's written approval. This Schedule of Performance, when approved by Owner, shall not, except for reasonable cause, be exceeded by the Professional.

2.9 The Schedule of Performance shall designate the length of time in calendar days for completion of each phase of Services. The dates for receipt of phases shall be the date the documents are stamped into the Owner's office if they are in an approval condition. If submittals are rejected, then the clock will continue to run without charge for that time being reviewed by the Owner. The date for approval and beginning of the next phase shall be the date of receipt, by the Professional, of written approval from the Owner.

2.10 PROFESSIONAL'S INSURANCE AND INDEMNITY OBLIGATIONS

2.10.1 The Professional shall purchase and maintain with a company, or companies, licensed to do business in the State of Mississippi such insurance as will provide protection from claims resulting from errors and omissions, or negligent acts arising out of the performance of professional services and operations under this Agreement. The Professional shall maintain the following insurances, at a minimum, until termination of this Agreement:

.1 Commercial General Liability insurance with policy limits of not less than $1,000,000 for each occurrence and $2,000,000 in the aggregate for bodily injury and property damage.

.2 Automobile Liability covering vehicles owned, and non-owned vehicles used, by the Professional with policy limits of not less than $1,000,000 per accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles, along with any other statutorily required automobile coverage.

.3 The Professional may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.10.1.1 and 2.10.2.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

.4 Workers' Compensation insurance at statutory minimum limits.

.5 Employers Liability insurance with policy limits not less than $1,000,000 each accident, $1,000,000 each employee, and $2,000,000 policy limit.

.6 Professional Liability insurance covering negligent acts, errors, and omissions in the performance of professional services with policy limits of not less than $1,000,000 per claim or occurrence and $2,000,000 in aggregate.

2.10.2 To the fullest extent permitted by law, the Professional shall cause the primary and excess or umbrella polices for Commercial General Liability and Automobile Liability to include the Owner as an additional insured for claims caused in whole or in part by the Professional's negligent acts or omissions. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies and shall apply to both ongoing and completed operations. Further, each of the Professional's insurance policies shall include waivers of subrogation in favor of the Owner.

2.10.3 The Professional shall provide Certificates of Insurance to the Owner that evidence compliance with the requirements in this Section 2.10 prior to beginning work or performing Services for the Project. The Certificate of Insurance shall contain a provision stating that the policy may not be canceled or not renewed without at least thirty (30) days prior written notice to the Owner. Failure to provide the Owner with a Certificate of Insurance reflecting all insurance coverages and requirements set forth in this Section 2.10 shall be a material breach of this Agreement.

2.10.4 If by the terms of this insurance any mandatory deductibles are required, or if the Professional should elect with the concurrence of the Owner, to increase the mandatory deductible amounts or purchase this insurance with voluntary deductible amounts, the Professional shall be responsible for payment of the amount of the deductible in the event a claim is paid. In the event of a claim against the policy, the Professional shall arrange for the restoration of the limit of liability so that full coverage is maintained at all times.

2.10.5 The Professional shall be fully responsible to the Owner for work performed by any employees, associates, and/or consultants. Errors and omissions insurance coverage for the total Project design, including that of all Associates and/or consultants, rests solely with the Professional. In the case of joint ventures, joint venture errors and omissions insurance coverage shall be required in accordance with the limits stated above.

2.10.6 The Professional shall defend, indemnify, and hold harmless the Owner and the Owner's agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees and litigation expenses, regardless of the nature or type of claim, which arise from or relate to the Professional's performance of Services under this Agreement, any acts or omissions of the Professional, or any alleged negligence of the Professional or the Professional's consultants, anyone directly or indirectly employed by them, or anyone for whose acts they or the Professional may be liable. This indemnification requirement shall survive the expiration or earlier termination of this Agreement.

3. BASIC SERVICES

The Professional's Basic Services are those described in this Article 3 and include all usual and customary civil, structural, mechanical, and electrical engineering services. The Professional shall manage all Services, consult with the Owner, research applicable design criteria, attend Project meetings, communicate with members of the Project team and report progress to the Owner. The Professional shall coordinate its Services with those being provided by the Owner or any separate consultants hired by the Owner.

3.1 SCOPE OF PROGRAM PHASE SERVICES

3.1.1 Professional shall meet with Owner to ascertain the general requirements for the Project and shall meet with the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) to discuss, among other things, the scope of the Project, the functional and departmental objectives of the Project, and the relationship of the Project to other structures and facilities.. Professional shall advise Owner and the Project Program Committee (or other persons or groups of persons designated by Owner and/or Professional) as to cost of the Project and time requirements for planning and construction of the Project.

3.1.2 The Professional shall prepare and submit to the Owner a comprehensive written Project Program, which shall set forth the scope of the Project. The Program will include at a minimum the following elements:

.1 Goal: Design objectives, limitations, and criteria;
.2 Site: Site requirements and analysis including location, boundaries, topography, vegetation, utilities, climate, flooding, traffic, and priority;
.3 Equipment: Special equipment and systems;
.4 Energy: Energy considerations;
.5 Existing: Analysis of existing facilities(lift station sites);
.6 Concept: Summary of Project concept, scope and goal with priority list; and
.7 Budget: Total Project budget, with controlling input from Owner

3.1.3 The Professional shall submit to the Owner copies of the written Project Program.

3.1.4 The Professional shall show progress to date, confirm the remainder of the Schedule of Performance, and obtain the Owner's written approval for completing the Program Phase before proceeding with the Construction Phase Design.

3.4 SCOPE OF CONSTRUCTION DOCUMENT PHASE SERVICES

3.4.1 After obtaining the written approval of the Owner for the Design Development Phase, the Professional shall prepare and submit to the Owner copies of working drawings and specifications detailing and prescribing the work to be accomplished to construct the Project including materials; workmanship; finishes; mechanical and electrical systems;

special equipment; general, special, and supplementary conditions for the agreement between the Owner and the contractor; and any and all other information required for receiving bids on the Project and subsequent preparation of shop drawings and detail drawings.

3.4.2 Upon receipt of the review comments from the Owner, the Professional shall complete and finalize the Contract Documents to conform to the Owner's review comments. Professional shall furnish copies to the Owner of the final version of the Contract Documents prior to release of said documents for bids.

3.4.3 The Professional shall furnish and distribute complete sets of plans, specifications, and other Bidding Documents as are necessary for bidding purposes (the "Contract Documents"), including in electronic form if required. Any cost of printing and mailing these Contract Documents shall be paid by the Professional and reimbursed by the Owner, with cost approval by the Owner before printing is ordered. Reimbursement to the Professional by the Owner of printing costs is to assure that an adequate number of plans and specifications shall be available for bidding purposes and thereby resulting in the best possible competitive bids being received by the Owner for the Project. Costs of all plans and specifications, other than for bidding, required for the design process shall be at the expense of the Professional.

3.4.4 The Professional shall prepare and submit to the Owner a detailed Cost of Construction estimate demonstrating allocation of cost for various systems. The basis for the cost estimate shall be a quantity survey. The estimate shall show an escalation projected from the date of the estimate to the projected bid date.

3.4.5 The date for receipt of bids shall be established by the Owner.

3.4.6 The Professional agrees that approval of the Contract Documents, including drawings and specifications, by Owner or by any person, body, or agency shall not relieve Professional of the responsibility for the adequacy, fitness, suitability, correctness of design, and for designing all documents and completing all Services in accordance with sound and accepted engineering practices and in compliance with all prevailing building codes and federal and state laws and regulations, including but not limited to such codes and regulations set forth below in Section 6.4.

3.4.7 The Professional shall submit to the Owner complete Contract Documents in electronic format within time sufficient to distribute same for bids.

3.5 SCOPE OF BIDDING PHASE SERVICES

3.5.1 After obtaining the written approval of the Owner of the Construction Document Phase, the Professional shall assist the Owner in obtaining bids and preparing and awarding all construction contracts. The Professional shall provide other preconstruction and bidding phase services such as preconstruction estimates, constructability analyses, project scheduling, and identifying potential qualified subcontractors and materialmen, if necessary.

3.5.2 For project subject to competitive bidding laws, the professional shall assist the Owner in bidding the Project by: procuring the reproduction of Contract Documents for distribution to prospective bidders; distributing the Contract Documents to prospective bidders and maintaining a log of distribution; organizing and conducting a pre-bid conference for prospective bidders; preparing responses to questions from bidders and providing clarifications and interpretations of the Contract Documents in the form of addenda to the same; and organizing and conducting the opening of bids and documenting the bidding results.

3.5.2 The Professional shall attend the bid opening and furnish a suitably detailed tabulation sheet for recording the name of each Bidder, the Bidder's Certificate of Responsibility Number, Bid Security, Base Bid, Alternates, and remarks. The Professional shall furnish sufficient tabulation sheets for all in attendance. Immediately after receipt of bids, the Professional shall submit to the Owner a certified tabulation of all bids received, along with his recommendation as to Contract award.

3.5.3 The Professional, following the award of a Construction Contract, shall prepare and submit to the Owner, copies of updated Construction Documents (including plans and specifications). Each copy shall be marked OFFICIAL CONTRACT DOCUMENTS and shall include an executed bid proposal form, agreement form, contract bond, power of attorney, certificate of insurance, all bulletins, addenda, and supplemental drawings. One (1) copy shall be retained by the Owner; one (1) copy shall be for the Contractor. Any other contract document guidelines will be distributed by the Professional at the bid opening.

3.6 SCOPE OF CONSTRUCTION PHASE SERVICES

3.6.1 The Construction Phase begins with the award and the preparation of the construction contract(s). The Professional is responsible for keeping the Owner completely apprised of the Project during the Construction Phase. The Professional shall perform all services necessary to ensure the construction of the Project is moving forward in a timely and cost effective manner and in accordance with the Contract Documents. Those services shall include, but not be limited to, the following:

1. Sanitary sewer design
2. Lift Station Design
3. Plan and Profiles sheets of proposed design
4. Electrical Controls Design
5. Mechanical Pump Selection/Design (if required)
6. Erosion control Plan
7. Overall Utility Plan
8. Obtain necessary MDEQ Stormwater permits
9. Obtain necessary MDEQ sanitary sewer approvals (if required)
10. Construction Details
11. Technical Specifications
12. Provide necessary documentation for ARPA Reimbursement

3.6.2 The Professional shall conduct on-site inspections as necessary to guard against nonconformity of the construction work with the Contract Documents and to observe and report on compliance with agreed upon construction schedules. The Professional shall be responsible for ensuring all inspections are made as needed and during the critical phases of construction by the consultants and the Professional's firm. The Professional shall maintain a written log of all visits to the site by the Professional and/or any consultants identifying by name and title each attendee and a brief description explaining the nature of the site visit. On-site inspections shall be done by a Principal of the Professional's firm and/or of each consultant firm, or a qualified employee of each firm as approved by the Owner. The Professional shall not be responsible for construction means, methods, techniques, sequence of procedures, or the safety precautions and programs in connection with the work. The Professional has the authority to disapprove or reject work that, in its judgment, fails to conform to the Contract Documents. The Professional shall submit monthly written reports to Owner detailing progress and condition of construction of the Project.

3.6.3 As required by the Owner, or upon the written request of the Contractor, the Professional shall promptly respond to any request for information relating to interpretation of the Contract Documents to ensure proper and timely execution of the work and construction of the Project. The Professional shall be the interpreter of the requirements of the Contract Documents and judge of the performance thereunder of the Contractor. The Professional's responses to such requests for information shall be in writing and issued with reasonable promptness so as not to delay the Project.

3.6.4 The Professional shall prepare change Orders for the Owner's approval and execution in accordance with the Contract Documents. The Professional shall have authority to order minor changes in the work which do not involve an adjustment in the Contract Sum or an extension of the Contract Time and which are not inconsistent with the intent of the Contract Documents. The Professional shall not issue any verbal or written directives that materially change the Contract Documents until approved in writing by the Owner.

3.6.5 Upon receipt of an application for payment from the Contractor, the Professional shall determine and confirm the amount owed to the contractor based on the Professional's field inspections, evaluations of the contractor's applications for payment in relation to the most recent schedule of values, and any other information the Professional deems necessary. Based on the Professional's evaluation, the Professional shall recommend to the Owner an amount the Professional believes the contractor is owed and shall issue for the Owner's approval a certificate for payment in that amount. The Professional's recommendation or certification of payment shall constitute a representation on which the Owner is entitled to rely that the work has progressed to the point indicated; that, to the best of the Professional's knowledge, information and belief, the quality of the work is in accordance with the Contract Documents; and, that the Contractor is entitled to payment in the amount certified. The issuance of a certificate for payment will not be a representation that the Professional has made any examination relating to how the Contractor has used or applied previous payments from Owner other than to secure certification under oath that all materialmen, laborers, and subcontractors have been paid by the contractor.

3.6.6 The Professional shall conduct inspections to determine the date of Substantial Completion and the date of final completion; issue certificates of Substantial Completion; receive from contractor and forward to Owner all written

warranties and related documents required by the Contract Documents; and issue a final Certificate for Payment based upon a final inspection of the Project indicating that the Project was constructed in accordance with the requirements of the Contract Documents.

3.6.7 When the Professional is notified by the contractor that the work has been substantially completed and the Project is ready for inspection, the Professional and the Professional's consultants shall inspect the work. Based on this inspection, the Professional and consultants shall prepare lists of items needing correction, repair, or completion. When these items have been corrected by the contractor, the Professional and the Professional's consultants shall make a subsequent inspection to ensure all issues previously identified have been properly addressed. A representative for the Owner shall be present during this inspection. When all issues identified by the Professional and/or the Professional's consultants have been properly addressed, the Professional shall certify to the Owner that, to the best of the Professionals' knowledge, the Project has been fully completed in compliance with the Contract Documents. It is the responsibility of the Professional to have a representative(s) from each of its consultants present for all inspections.

3.6.8 Upon completion of the Project, the Professional shall deliver to the Owner two sets of revised Contract Documents which reflect the as-built condition of the Project. Such as-built documents shall reflect all changes caused by addenda, field changes, change orders, and observed changes by the Professional, contractor, or subcontractors. Additionally, the Professional shall submit two electronic format copies of the as-built Contract Documents in both PDF and CAD format. The Professional shall also deliver to the Owner the Manufacturer's data for the roof materials used, the Manufacturer's Guarantee, and the Roofing Contractor's Guarantee. The Professional shall deliver to the Owner all certificates, data, manuals, warranties, and/or guarantees relating to the Project.

3.6.9 The Professional shall forward to the Owner the following information received from the contractor: consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment to the contractor; affidavits, receipts, releases, and waivers of liens or bonds indemnifying Owner against lines and claims; and any other documentation required of the contractor under the Contract Documents.

3.6.10 During the warranty period of the construction contract(s), the Professional shall work with a representative of the Owner to secure remediation of any defects that are discovered. The Professional shall make, with a representative of the Owner present, a warranty inspection of the Project prior to the expiration of any warranty periods and report observed defects to the Owner and the contractor for correction. The Professional shall be responsible for coordinating all work necessary to repair, correct, or complete defects in the construction, and the Professional shall be responsible to prepare and issue any paper work necessary to effect such repair, regardless of whether such constitutes a change.

3.6.11 The Construction Phase shall terminate upon expiration of the Warranty period or settlement of all Warranty claims, whichever occurs last.

4. PAYMENT TO THE PROFESSIONAL FOR BASIC SERVICES

4.1 PAYMENTS FOR BASIC FEE

4.1.1 Upon completion of the Program Phases and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.2 Upon completion of the Construction Document Phase and written approval of the Owner and any governing authority or board, the Professional will submit invoices based on hours expended on a monthly basis.

4.1.4 Upon completion of the Bidding Phase, written approval of the Owner and any governing authority or board, and receipt of a construction contract executed by the contractor, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.5 During the Construction Phase, written approval of the Owner and any governing authority or board, the Professional shall be will submit invoices based on hours expended on a monthly basis.

4.1.6 The Owner reserves the right to determine when and who provides the Professional service items needed for this Project. Any pay request submitted by the Professional which contains service items not authorized by the Owner to be performed by the Professional may be disapproved in part, or total.

4.1.7 No delay in payment to the Professional, whether under section 5 of this Agreement or otherwise, shall entitle the Professional to terminate or suspend its Services.

5. PROFESSIONAL CONSULTING SERVICES AND CODES

5.1 PROFESSIONAL CONSULTING SERVICES

5.1.1 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering design services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared shall bear the stamp of the responsible registered professional. The Professional shall enter into Contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.1.2 If the Professional, who is a party to this Agreement, is retained for the primary purpose of rendering engineering services, he hereby agrees that all plans, specifications, detail drawings, and miscellaneous services required for engineering work pertaining to heating, ventilation, refrigeration, electrical, mechanical, or structural work shall be performed by a registered engineer in his own organization or he agrees to employ, without additional cost to the Owner and subject to the approval of the Owner, the services of a registered engineer regularly engaged in the work. Drawings prepared above shall bear the stamp of the responsible registered professional. The Professional shall enter into contract agreements with such registered professional with contracts binding them to terms and responsibilities substantially set forth herein regarding design and inspection services.

5.2 CODES AND REGULATIONS

5.2.1 The Professional shall prepare all Contract Documents, including drawings and specifications, in full conformance and compliance with all applicable codes and regulations, including but not limited to the following specific codes and regulations. The Professional shall reference the versions of the below codes and regulations that are current and in effect as of the date of this Agreement and all subsequent amendments to the same, unless a different and specific edition is expressly noted in the Contract Documents. In the event of any discrepancy or ambiguity, the Professional must comply with, and will be held to, the adopted and applicable codes of the local jurisdiction.

1. International Building Code
2. International Existing Building Code
3. International Plumbing Code
4. International Mechanical Code
5. International Fuel Gas Code
6. International Electrical Code
7. International Fire Code

6. OWNER'S RESPONSIBILITIES

6.1 Before the Professional begins its work on the Project, the Owner shall provide the Professional with the Owner's Budget, which shall state all funds available to the Owner for completion of the Project. The Owner's Budget may be revised from time to time in the Owner's sole discretion.

6.2 Unless otherwise provided for under this Agreement, the Owner shall provide information relating to the Project to the Professional in a timely manner when requested by the Professional.

6.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project.

7. OWNERSHIP OF DOCUMENTS

7.1 The Professional's instruments of service, including all contract documents and drawings and specifications, shall be the Owner's property upon payment of the Professional's fees through the latest completed phase. The Owner shall have full and unrestricted use of such instruments of service. The Professional shall not be entitled to re-use or recycle any of the instruments of service without the prior written permission of the Owner. The Professional shall furnish

permanent reproducible transparencies at the Owner's request and the Owner shall reimburse Professional for the actual cost. Original tracings and specifications shall remain in the Professional's custody until the Owner requests delivery.

7.2 The Owner shall have full and unrestricted use of the instruments of service, including all contract documents and drawings and specifications drawings and specifications, for use on any future Project without further compensation due to the Professional.

8. APPLICABLE LAW AND DISPUTE RESOLUTION

8.1 This Agreement shall be governed exclusively by the laws of the State of Mississippi, regardless of any choice of law provisions that might otherwise be applicable.

8.2 The parties shall attempt to resolve any dispute that arises out of or is related to this Agreement by first submitting the dispute to mediation. Any mediation will be conducted by one mediator selected by the Owner and will only be conducted in Harrison County, Mississippi or such other place selected by the Owner. If the parties do not resolve any such dispute through mediation, the parties shall resolve the dispute by litigation.

8.3 The courts of Harrison County, Mississippi shall be the sole and exclusive jurisdiction and venue for any civil action related to this Agreement. Each party irrevocably consents to jurisdiction in said courts and waives any argument that such courts are not a convenient forum or that venue is not proper in Harrison County.

8.4 If the Owner in good faith believes that any claim, dispute, or matter in controversy with the Professional also involves rights or liabilities of the contractor, or other third party, then, at the Owner's sole election, the Professional agrees to resolve such issues in the same forum or proceeding, including court or administrative authority, which has jurisdiction over some or all claims, disputes, and matters in controversy involving the Contractor, or other third party so as to promote economy and avoid inconsistent results.

8.5 No claim, dispute, or matter in controversy or question shall interfere with the progress of the Professional's Services, and the Professional shall proceed diligently with performance of its Services, notwithstanding the existence of any claim, dispute, or matter in controversy or question.

9. TERMINATION

9.1 The Owner may terminate this Agreement for cause should the Professional fail to timely perform its Services or fail to satisfy any of the terms or conditions of this Agreement, as determined in the Owner's sole discretion, within three calendar days after receipt of the Owner's notice of deficiency. In the event of such termination for cause, the Professional shall be responsible for all costs, fees, and expenses, including reasonable attorneys' fees, incurred by the Owner to remedy the deficiencies caused or created by the Professional or to otherwise complete the Professional's Services under this Agreement. Upon such termination, the Professional shall only be entitled to receive as payment any outstanding balance due by the Owner to the Professional for satisfactory Services that the Professional completed as part of the last approved design phase, but only to the extent that such payment exceeds all costs, fees, and expenses incurred by the Owner in connection with correction or completion of the Professional's Services or termination of the Professional. At the option of the Owner, all finished or unfinished instruments of service prepared by the Professional shall be the property of the Owner.

9.2 Notwithstanding anything to the contrary in this Agreement and in addition to the Owner's right to terminate this Agreement for cause, breach or default, the Owner may also suspend the Professional's Services or terminate all or any part of this Agreement, without cause, regardless of fault or the lack thereof by any party, for its sole convenience, or for any reason or no reason whatsoever. Upon such no-fault termination, the Professional shall be entitled only to payment for Services satisfactorily completed up to the date of termination. The Professional shall not be entitled to any payment, compensation, or damages, including but not limited to lost profits or other theory of recovery, with respect to Services not performed or not accepted.

9.3 If the Owner terminates the Agreement for default or breach but it is determined, for any reason, that sufficient grounds did not exist for terminating the Agreement, the Professional shall, as its sole and exclusive remedy, be entitled only to the amount due under the Agreement as if the termination were for no fault. Regardless of whether termination is for default or no fault, the Professional shall not be entitled to any payment in excess of the reasonable value or actual cost of work actually performed by the Professional in strict accordance with the Agreement, less offsets and other amounts due the Owner under this Agreement.

9.4 The Professional shall, in no event, be entitled to special, consequential, exemplary, or punitive damages because of the Owner's termination of this Agreement, the Owner's alleged breach or default under this Agreement, or any other act or omission of the Owner.

10. MISCELLANEOUS

10.1 Any notice to the Professional may be given in writing by United States Mail, fax, email, or verbally in person. Notice by mail shall be considered as given and effective when addressed to the last-known address of the Professional and deposited in the United States Mail, and shall be effective for all purposes as of the time of such deposit, whether actually received or not. Notice by any other means shall be effective when sent by the Owner to the Professional. Any notice to the Owner shall be in writing and sent to the Owner by certified or registered mail, return receipt requested, to Owner's office of general counsel.

10.2 The Professional shall not assign its rights nor delegate its obligations under this Agreement without first obtaining the written consent and approval of the Owner. The Professional shall not assign any amounts due or to become due under this subcontract without written consent from the Owner.

10.3 The parties intend as follows: (a) that if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) that if an unenforceable provision is modified or disregarded in accordance with this section, then the rest of this Agreement will remain in effect as written; and (c) that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

10.4 If a party desires to waive any right under this Agreement, it may only do so by signing a writing specifying the right waived. Any such waiver will be binding only for the limited purpose for which the written waiver was given.

10.5 Under no circumstances shall the Professional be entitled to receive consequential damages or lost profits from the Owner, regardless of the nature or type of breach or claim made by the Professional.

10.6 This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral. This Agreement may not be amended except in writing signed by both parties. All proposals, negotiations, and representations with respect to this Agreement, whether oral or written, are hereby superseded and merged into this Agreement. This Agreement cannot be changed, modified, altered, suspended, or terminated, except in writing signed by an authorized representative of the Owner. No delay, waiver, forbearance, or failure by the Owner to exercise rights or remedies under this Agreement or to insist upon strict compliance by the Professional shall prevent the Owner from strictly enforcing any of the provisions of this Agreement, nor shall relieve the Professional from strict compliance with all terms and conditions hereof nor shall waive, restrict, or adversely affect any of the Owner's rights and remedies as to any subsequent or continuing failure of the Professional to comply strictly with all terms and conditions of this Agreement. The invalidity or unenforceability of any term or condition of this Agreement shall not invalidate, render unenforceable, or adversely affect the remaining terms and conditions. This Agreement shall be binding upon the successors in interest of the parties hereto, but nothing in this Agreement is intended nor shall be construed to create any rights for or to benefit any third parties. Both parties have had the opportunity to review with their respective legal counsel and technical advisors this Agreement, and both parties therefore stipulate that this Agreement shall be given effect and shall not be subject to the rule of construction of being construed against the drafting party.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH SEYMOUR ENGINEERING, LLC, FOR ENGINEERING SERVICES IN CONNECTION WITH THE DEBUYS ROAD SEWER PUMP STATION – FORCE MAIN CONNECTION TO WEST BILOXI WASTEWATER TREATMENT PLANT PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the Debuys Road Sewer Pump Station – Force Main Connection to West Biloxi Wastewater Treatment Plant Project, a project intended to repair the existing force main and associated appurtenances and re-routing the wastewater from the North Gulfport Wastewater Treatment Plant to the West Biloxi Wastewater Treatment Plat; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the Debuys Road Sewer Pump Station – Force Main Connection to West Biloxi Wastewater Treatment Plant Project and received proposals from five (5) firms; and

WHEREAS, after referral to and grading by a selection committee, Seymour Engineering, LLC, was selected as the highest scoring firm (see January 2, 2024 minutes) and recommended for award by Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the Debuys Road Sewer Pump Station – Force Main Connection to West Biloxi Wastewater Treatment Plant Project to Seymour Engineering, LLC, and to approve an agreement with Seymour Engineering, LLC, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the Debuys Road Sewer Pump Station – Force Main Connection to West Biloxi Wastewater Treatment Plant Project., be and the same is hereby approved and the proposed Engineering Services Contract between Seymour Engineering, LLC, and the City be and it is hereby approved in substantially its current form as found in Exhibit "A" hereto and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES **NAYS** **ABSENT**

WHEREUPON, the President declared the motion carried and the Resolution adopted this the _____ day of _____, 2024.

(SEAL)

ATTEST: **ADOPTED:**

Re: **Recommendation to Approve Engineering Services Contract**
- Seymour Engineering, LLC.
- Debuys Road Sewer Pump Station - Force Main Connection to West Biloxi Wastewater Treatment Plant (MCWI)

Attached for your consideration is the Engineering Services Contract for the referenced project in the not-to-exceed amount of $79,490.00. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

This Project includes repairing the existing force main and associated appurtenances and re-routing the wastewater from the North Gulfport Wastewater Treatment Plant to the West Biloxi Wastewater Treatment Plant. The total cost of engineering and construction for this project is $516,067.50. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure Grant "MCWI" and the American Rescue Plan Act "ARPA".

I recommend approval of this contract.

STANDARD FORM OF AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES

THIS IS AN AGREEMENT made as of _____, 2024, between the CITY OF GULFPORT (OWNER) and SEYMOUR ENGINEERING, 925 Tommy Munro Drive, Suite G, Biloxi, Mississippi 39532 (ENGINEER). OWNER intends to repair two (2) existing force mains located at the intersection of Debuys Road/Switzer Road and Parkview Subdivision entitled "Debuys Road Sewer Pump Station - Force Main Connection to West Biloxi Wastewater Treatment Plant" (hereinafter called the Project).

OWNER and ENGINEER in consideration of their mutual covenants herein agree in respect of the performance of professional engineering services by ENGINEER and the payment for those services by OWNER as set forth below.

SECTION 1-BASIC SERVICES OF ENGINEER

1.1 General.

1.1.1. ENGINEER shall provide for OWNER professional engineering services in all phases of the Project to which this Agreement applies as hereinafter provided. These services will include serving as OWNER's professional engineering representative for the Project, providing professional engineering consultation and advice and furnishing customary civil engineering services, including but not limited to, all services required or requested by OWNER in connection with obtaining any permits required by an governmental agency or authority in connection with the project. The Contract will extend through completion of project construction and submittal of all required closeout documents to the Owner.

1.2 Preliminary Design.

1.2.1 ENGINEER shall provide preliminary design for the project. Upon completion of preliminary design, ENGINEER shall meet with OWNER to review documents. Upon acceptance by OWNER, ENGINEER shall commence with Final Design Documents.

1.3. Final Design Phase.

After written authorization to proceed with the Final Design Phase, ENGINEER shall:

1.3.1 On the basis of the accepted Preliminary Design documents and the revised opinion of probable Total Project Costs prepare for incorporation in the Project Documents final drawings to show the general scope, extent and character of the work to be furnished and performed by Contractor(s) (hereinafter called "Drawings") and Specifications (which will be prepared in conformance with the sixteen division format of the construction specifications Institute).

1.3.2 Provide technical criteria, written descriptions and design data for OWNER's use in filing applications for permits with or obtaining approvals of such governmental authorities as have jurisdiction to approve the design of the Project, and assist OWNER in consultations with appropriate authorities.

1.3.3 Advise OWNER of any adjustments to the latest opinion of probable Total Project Costs caused by changes in general scope, extent or character or design requirements of the Project or Construction Costs. Furnish to OWNER a revised opinion of probable Total Project Costs based on the Drawings and Specifications. Total project

cost for purposes of determining engineering fees excludes mitigation, relocation or any other costs not directly involving the actual construction or building of the project.

1.3.4 Prepare for review and approval by OWNER, its legal counsel and other advisors contract agreement forms, general conditions and supplementary conditions, and (where appropriate) bid forms, invitations to bid and instructions to bidders (all of which shall be consistent with the forms and pertinent guide sheets prepared by the Engineers Joint Contract Documents Committee), and assist in the preparation of other related documents.

1.3.5 Furnish copies of the above documents and of the Drawings and Specifications and present and review them in person with OWNER.

1.4 Bidding or Negotiating Phase.

After written authorization to proceed with the Bidding or Negotiating Phase, ENGINEER shall:

1.4.1 Assist OWNER in advertising for and obtaining bids or negotiating proposals for each separate prime contract for construction, materials, equipment and services; and, where applicable, maintain a record of prospective bidders to whom Bidding Documents have been issued, attend pre-bid conferences and receive and process deposits for Bidding Documents.

1.4.2 Issue addenda as appropriate to interpret, clarify or expand the Bidding Documents.

1.4.3 Advise OWNER as to the acceptability of subcontractors, suppliers and other persons and organizations proposed by the prime contractor(s) (herein called "Contractor(s)") for those portions of the work as to which such acceptability is required by the Bidding Documents.

1.4.4 Advise OWNER concerning and determine the acceptability of substitute materials and equipment proposed by Contractor(s) when substitution prior to the award of contracts is allowed by the Bidding Documents.

1.4.5 Attend the bid opening, prepare bid tabulation sheets and assist OWNER in evaluating bids or proposals and in assembling and awarding contracts for construction, materials, equipment and services.

1.5. Construction Phase.

During the Construction Phase:

1.5.1 *General Administration of Construction Contract*. ENGINEER shall consult with and advise OWNER and act as OWNER's representative. All of OWNER's instructions to Contractor(s) will be issued through ENGINEER as instructed by Owner.

1.5.2 *Visits to Site and Observation of Construction.* In connection with observations of the work of Contractor(s) while it is in progress:

> 1.5.2.1. ENGINEER shall make visits to the site at intervals appropriate to the various stages of construction as necessary in order to observe as an experienced and qualified design professional the progress and quality of the various aspects of Contractor(s)' work. In addition, ENGINEER shall provide the services of a Resident Project Representative (and assistants) at the site to assist ENGINEER and to provide more continuous observation of such work. Based on information obtained during such visits and on such observations, ENGINEER shall endeavor to determine in general if such work is proceeding in accordance with the Project Documents and ENGINEER shall keep OWNER informed of the progress of the work.
>
> 1.5.2.2. The Resident Project Representative (and any assistants) will be ENGINEER's agent or employee and under ENGINEER's supervision. The duties and responsibilities of the Resident Project Representative (and assistants) are set forth in Exhibit A "Duties, Responsibilities and Limitation of Authority of Resident Project Representative".

1.5.2.3. The purpose of Engineer's visits to and representation by the Resident Project Representative (and assistants, if any) at the site will be to enable ENGINEER to better carry out the duties and responsibilities assigned to and undertaken by ENGINEER during the Construction Phase, and, in addition, by exercise of ENGINEER's efforts as an experienced and qualified design professional, to provide for OWNER a greater degree of confidence that the completed work of Contractor(s) will conform generally to the Project Documents and that the integrity of the design concept as reflected in the Project Documents has been implemented and preserved by Contractor(s). On the other hand, ENGINEER shall not, during such visits or as a result of such observations of Contractor(s)' work in progress, supervise, direct or have control over Contractor(s)' work nor shall ENGINEER have authority over or responsibility for the means, methods, techniques, sequences or procedures of construction selected by Contractor(s), for safety precautions and programs incident to the work of Contractor(s) or for any failure of Contractor(s) to comply with laws, rules, regulations, ordinances, codes or orders applicable to Contractor(s) furnishing and performing their work. Accordingly, ENGINEER can neither guarantee the performance of the construction contracts by Contractor(s) nor assume responsibility for Contractor(s)' failure to furnish and perform their work in accordance with the Project Documents.

1.5.3 *Defective Work*. During such visits and on the basis of such observations, ENGINEER may disapprove of or reject Contractor(s)' work while it is in progress if ENGINEER believes that such work will not produce a completed Project that conforms generally to the Project Documents or that it will prejudice the integrity of the design concept of the Project as reflected in the Project Documents.

1.5.4 *Interpretations and Clarifications*. ENGINEER shall issue necessary interpretations and clarifications of the Project Documents and in connection therewith and prepare work directive changes and change orders as required.

1.5.5 *Shop Drawings*. ENGINEER shall review and approve (or take other appropriate action in respect of) Shop Drawings, samples and other data which Contractor(s) are required to submit, but only for conformance with the design concept of the Project and compliance with the information given in the Project Documents. Such reviews and approvals or other action shall not extend to means, methods, techniques, sequences or procedures of construction or to safety precautions and programs incident thereto.

1.5.6 *Substitutes*. ENGINEER shall evaluate and determine the acceptability of substitute materials and equipment proposed by Contractor(s).

1.5.7 *Inspections and Tests*. ENGINEER shall have authority, as OWNER's representative, to require special inspection or testing of the work, and shall receive and review all certificates of inspections, testings and approvals required by laws, rules, regulations, ordinances, codes, orders or the Project Documents (but only to determine generally that their content complies with the requirements of, and the results certified indicate compliance with, the Project Documents).

1.5.8 *Disputes between OWNER and Contractor*. Engineer shall act as initial interpreter of the requirements of the Project Documents and judge of the acceptability of the work thereunder and make recommendations on all claims of OWNER and Contractor(s) relating to the acceptability of the work or the interpretation of the requirements of the Project Documents pertaining to the execution and progress of the work. To the extent allowable under Mississippi law, ENGINEER shall not be liable for the results of any such interpretations or decisions rendered in good faith.

1.5.9 *Applications for Payment*. Based on on-site observations as an experienced and qualified design professional, on information provided by the Resident Project Representative and on review of applications for payment and the accompanying data and schedules:

1.5.9.1. ENGINEER shall determine the amounts owing to Contractor(s) and recommend in writing payment to Contractor(s) in such amounts. Such recommendations of payment will constitute a representation to OWNER, based on such observations and review, that the work has progressed to the point indicated, and that, to the best of ENGINEER's knowledge, information and belief, the quality of such work is generally in accordance with the Project Documents (subject to an evaluation of such work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for

in the Project Documents and to any other qualifications stated in the recommendation). In the case of unit price work, ENGINEER's recommendations of payment will include final determinations of quantities and classifications of such work (subject to any subsequent adjustments allowed by the Project Documents).

1.5.9.2. By recommending any payment ENGINEER will not thereby be deemed to have represented that exhaustive, continuous or detailed reviews or examinations have been made by ENGINEER to check the quality or quantity of Contractor(s)' work as it is furnished and performed beyond the responsibilities specifically assigned to ENGINEER in this Agreement and the Project Documents. ENGINEER's review of Contractor(s)' work for the purposes of recommending payments will not impose on ENGINEER responsibility to supervise, direct or control such work or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto or Contractor(s) compliance with laws, rules, regulations, ordinances, codes or orders applicable to their furnishing and performing the work. It will also not impose responsibility on ENGINEER to make any examination to ascertain how or for what purposes any Contractor has used the moneys paid on account of the Contract Price, or to determine that title to any of the work, materials or equipment has passed to OWNER free and clear of any lien, claims, security interests or encumbrances, or that there may not be other matters at issue between OWNER and CONTRACTOR that might affect the amount that should be paid.

1.5.10 *Contractor(s)' Completion Documents*. ENGINEER shall receive and review maintenance and operating instructions, schedules, guarantees, bonds and certificates of inspection, tests and approvals which are to be assembled by Contractor(s) in accordance with the Project Documents (but such review will only be to determine that their content complies with the requirements of, and in the case of certificates of inspection, tests and approvals the results certified indicate compliance with, the Project Documents); and shall transmit them to OWNER with written comments. Engineer shall provide record drawings to the Owner and provide written certification that the project was constructed according to the approved plans, specifications, and contract documents.

1.5.11 *Inspections*. ENGINEER shall conduct an inspection to determine if the work is substantially complete and a final inspection to determine if the completed work is acceptable so that ENGINEER may recommend, in writing, final payment to Contractor(s) and may give written notice to OWNER and the Contractor(s) that the work is acceptable (subject to any conditions therein expressed), but any such recommendation and notice will be subject to the limitations expressed in paragraph 1.4.9.2.

1.5.12 *Limitation of Responsibilities*. ENGINEER shall not be responsible for the acts or omissions of any Contractor, or of any subcontractor or supplier, or any of the Contractor(s)' or subcontractor's or supplier's agents or employees or any other persons (except ENGINEER's own employees and agents) at the site or otherwise furnishing or performing any of the Contractor(s)' work: however, nothing contained in paragraphs 1.1 thru 1.4.12 inclusive, shall be construed to release ENGINEER from liability for failure to properly perform duties and responsibilities assumed by ENGINEER in the Project Documents.

1.5.13 *Indemnification*. ENGINEER shall defend, indemnify and hold harmless OWNER, its agents, servants, employees, successors and assigns from actions, causes, suits, costs, claims, damages, expenses and demands whatsoever in law or in equity, including but not limited to attorneys' fees, with respect to, or on account of, any injury, including bodily injury, disability or death, or damages to property, including loss of the use thereof, in any way attributable to or in connection with performance of Engineer under this Contract.

SECTION 2 - ADDITIONAL SERVICES OF ENGINEER

2.1. Services Requiring Authorization in Advance.
If authorized in writing by OWNER, ENGINEER shall furnish or obtain from others Additional Services of the types listed in paragraphs 2.1.1 through 2.1.6, inclusive. These services are not included as part of Basic Services; these will be paid for by OWNER, as indicated in Section 3.

2.1.1. Assistance in connection with bid protests, rebidding or renegotiating Project for construction, materials, equipment or services.

2.1.2. Providing any type of property surveys or related engineering services needed for the transfer of interests in real property and field surveys for design purposes and engineering surveys and staking to enable Contractor(s) to proceed with their work; and providing other special field surveys.

2.1.3. Preparing to serve or serving as a consultant or witness for OWNER in any litigation, arbitration or other legal or administrative proceeding involving the Project.

2.1.4. Topographic Survey to assist with Design Phase.

2.1.5. Geotechnical Engineering.

SECTION 3 - PAYMENTS TO ENGINEER

3.1. Methods of Payment for Services and Expenses of ENGINEER.

3.1.1. *For Basic Services.* OWNER shall pay ENGINEER for Basic Services rendered under Section 1 as follows:

3.1.1.1. *Payment to Engineer for Basic Services.* ENGINEER shall be paid the total amount outlined in Exhibit C:

3.1.1.2 ENGINEER shall be paid monthly based upon the percentage complete of the phase of the project on which ENGINEER is working.

3.1.2. *For additional Services.* OWNER shall pay ENGINEER for Additional Services rendered under Section 2 as follows:

3.1.2.1. *General.* For Additional Services of ENGINEER's principals and employees engaged directly on the Project and rendered pursuant to paragraph 2.1. (except services as a consultant or witness under paragraph 2.1.3), at standard hourly rates for services rendered by principals and employees for Items 2.1.1 and 2.1.2 as shown in Exhibit B. Item numbers 2.1.4, 2.1.5 and 2.1.6 shall be paid monthly based on percentage complete of the Lump Sum Amount.

3.1.2.2. *Serving as a Witness.* For services rendered by ENGINEER's principals and employees as consultants or witnesses in any litigation, arbitration or other legal or administrative proceeding in accordance with paragraph 2.1.3. at the rate agreed to by both parties before the start of such additional service.

3.2 Times of Payments.

3.2.1. ENGINEER shall submit statements for Basic and Additional Services rendered and for Reimbursable Expenses incurred. The statements for Basic Services will be based upon ENGINEER's estimate of the proportion of the total services actually completed at the time of billing. OWNER shall make prompt undisputed payments in response to ENGINEER's statements in accordance with its claims docket and state law.

SECTION 4 - GENERAL CONSIDERATION

4.1. Termination.

The obligation to provide further services under this Agreement may be terminated by either party upon thirty days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. The ENGINEER understands that this Contract is voidable by any newly elected City Council upon taking office.

4.2. Reuse of Documents.

All documents including Drawings and Specifications prepared or furnished by ENGINEER (and ENGINEER's independent professional associates and consultants) pursuant to this Agreement are instruments of service and shall be owned by OWNER, whether or not the project is completed. However, OWNER may not reuse the documents without authorization of ENGINEER and should the OWNER do so, OWNER shall do so at OWNERS sole risk and without liability or legal exposure to ENGINEER or to ENGINEER's independent professional associates or consultants.

4.3. Insurance.

4.3.1. ENGINEER shall procure and maintain insurance for protection from claims under workers compensation acts, claims for damages because of bodily injury including personal injury, sickness or disease or death of any and all employees or of any person other than such employees, and from claims or damages because of injury to or destruction of property including loss of use resulting therefrom.

4.3.2. Also ENGINEER shall procure and maintain professional liability insurance for protection from claims arising out of professional services caused by a negligent error, omission or act for which the insured is legally liable; such professional liability insurance shall provide coverage in the amount of $1,000,000 and shall name OWNER as an additional insured. ENGINEER shall deliver to OWNER a certificate evidencing the assurance of such a policy.

4.4. Controlling Law.

This Agreement is to be governed by the law of the State of Mississippi.

4.5. Successors and Assigns.

4.5.1. OWNER and ENGINEER each is hereby bound and the partners, successors, executors, representatives, administrators and assigns of OWNER and ENGINEER (and to the extent permitted by paragraph 4.5.2. that assigns of OWNER and ENGINEER) are hereby bound to the other party to this Agreement and to the partner successors, executors, administrators and legal representatives (and said assigns) of such other party, respect of all covenants, agreements and obligations of this Agreement.

4.5.2. Neither OWNER nor ENGINEER shall assign sublet or transfer any rights under or interest in (including, but without limitation, moneys that may become due or moneys that are due) this Agreement without the written consent of the other, except to the extent that any assignment, subletting or transfer is mandate by law or the effect of this limitation may be restricted by law. Unless specifically stated to the contrary in and written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement. Nothing contained in this paragraph shall prevent ENGINEER from employing such independent professional associates and consultants as ENGINEER may deem appropriate to assist in the performance of services hereunder. ENGINEER may subcontract portions of the services under this Agreement, subject to the written approval of OWNER and reflected on its minutes.

4.5.3. Nothing under this Agreement shall be construed to give any rights or benefits in this Agreement to anyone other than OWNER and ENGINEER, and all duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of OWNER and ENGINEER and not for the benefit of any other party.

SECTION 5 - SPECIAL PROVISIONS, EXHIBITS AND SCHEDULES

5.1 This Agreement is subject to the following special provisions.

5.1.1 The Final Design and Construction Phases of this Contract between the the City of Gulfport and Seymour Engineering, are subject to the availability and amount of funding for this project.

5.2 The following Exhibits are attached to and made a part of this Agreement:

5.2.1 **Exhibit A** Duties, Responsibilities and Limitations of Authority of Resident Project Representative consisting of 3 pages.

5.2.2 **Exhibit B** MCWI Average Hourly Rate, consisting of 1 page.

5.2.3 **Exhibit C** Payments to Engineer, consisting of 2 pages.

5.2.4 **Attachment to Exhibit C** Curve B, consisting of 1 page.

5.3 This Agreement (consisting of pages 1 to 14, inclusive) together with the Exhibits and Schedules identified above constitute the entire agreement between OWNER and ENGINEER and superseded all prior written or oral understandings. This Agreement and said Exhibits and schedules may only be amended, supplemented, modified or cancelled by a duly executed written instrument.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement as of the day and year first above written.

EXHIBIT A

TO AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES,

(for use with No. 1910-1. 1984 Edition)

A LISTING OF THE DUTIES, RESPONSIBILITIES AND LIMITATIONS OF AUTHORITY OF THE RESIDENT PROJECT REPRESENTATIVE

This is an Exhibit attached to, made a part of and incorporated by reference with the Agreement made on **_____2024**, between the City of Gulfport (OWNER) and SEYMOUR ENGINEERING (ENGINEER) providing for professional engineering services.

ENGINEER shall furnish a Resident Project Representative (RPR), assistants and other field staff to ENGINEER in observing performance of the work of Contractor.

Through more extensive on-site observations of the work in progress and field checks of materials and equipment by the RPR and assistants. ENGINEER shall endeavor to provide further protection for OWNER against defects and deficiencies in the Work; but, the furnishing of such services will not make ENGINEER responsible for or give ENGINEER control over construction means, methods, techniques, sequences or procedures or for safety precautions or programs, or responsibility for CONTRACTOR's failure to perform the Work in accordance with the Project Documents.

The duties and responsibilities of the RPR are limited to those of ENGINEER in ENGINEER's agreement with the OWNER and in the Project Contract Documents, and are further limited and described as follows:

A. GENERAL

RPR is ENGINEER's agent at the site, will act as directed by and under the supervision of ENGINEER, and will confer with ENGINEER regarding RPR's actions. RPR's dealings in matters pertaining to the on-site work shall in general be with ENGINEER and CONTRACTOR keeping OWNER advised as necessary. RPR's dealings with subcontractors shall only be through or with the full knowledge and approval of CONTRACTOR. RPR shall generally communicate with OWNER with the knowledge and approval of CONTRACTOR. RPR shall generally communicate with OWNER with the knowledge of and under the direction of the ENGINEER.

B. DUTIES AND RESPONSIBILITIES OF RPR

1. Schedules: Review the progress schedules, schedule of Shop Drawing submittals and schedule of values prepared by CONTRACTOR and consult with ENGINEER concerning acceptability.

2. Conferences and Meetings: Attend meetings with CONTRACTOR, such as preconstruction conferences, progress meetings, job conferences and other project related meetings, and prepare and circulate copies of minutes thereof.

3. Liaison:

    a. Serve as ENGINEER's liaison with CONTRACTOR, working principally through CONTRACTOR's superintendent and assist in understanding the intent of the Project Documents; and assist ENGINEER in serving as OWNER's liaison with CONTRACTOR when CONTRACTOR's operations affect OWNER's on-site operations.

    b. Assist in obtaining from OWNER additional details or information, when required for proper execution of the Work.

4. Shop Drawings and Samples:

    a. Record date of receipt of Shop Drawings and samples.

    b. Receive samples which are furnished at the site by CONTRACTOR, and notify ENGINEER of availability of samples for examination.

c. Advise ENGINEER and CONTRACTOR of the commencement of any Work requiring a Shop Drawing or sample if the submittal has not been approved by ENGINEER.

5. Review of Work, Rejection of Defective Work, Inspections and Tests:

a. Conduct on-site observations of the Work in progress to assist ENGINEER in determining if the Work is in general proceeding in accordance with the Project Documents.

b. Report to ENGINEER whenever RPR believes that any Work is unsatisfactory, faulty or defective or does not conform to the Project Documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and advise ENGINEER or Work that RPR believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.

c. Verify that tests, equipment and systems startups and operating and maintenance training are conducted in the presence of appropriate personnel, and that CONTRACTOR maintains adequate records thereof; and observe, record and report to ENGINEER appropriate details relative to the test procedures and startups.

d. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Project, record the results of these inspections and report to ENGINEER.

6. Interpretation of Project Documents: Report to ENGINEER when clarifications and interpretations of the Project Documents are needed and transmit to CONTRACTOR clarifications and interpretations as issued by ENGINEER.

7. Modifications: Consider and evaluate CONTRACTOR's suggestions for modifications in Drawings or Specifications and report with RPR's recommendations to ENGINEER. Transmit to CONTRACTOR decisions as issued by ENGINEER.

8. Records

a. Maintain at the job site orderly files for correspondence, reports of job conferences, Shop Drawings and samples, reproductions of original Project Documents including all Work Directive Changes, Addenda, Change Orders, Field Orders, additional Drawings issued subsequent to the execution of the Contract, ENGINEER's clarifications and interpretations of the Project Documents, progress reports, and other Project related documents.

b. Keep a diary or log book, recording CONTRACTOR hours on the job site, weather conditions, data relative to questions of Work Directive Changes, Change Orders or changed conditions, list of job site visitors, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to ENGINEER.

c. Record names, addresses and telephone numbers of all CONTRACTORS, subcontractors and major suppliers of materials and equipment.

9. Reports

a. Furnish ENGINEER periodic reports as required of progress of the Work and of CONTRACTOR's compliance with the progress schedule and schedule of Shop Drawing and sample submittals.
b. Consult with ENGINEER in advance of scheduled major tests, inspections or start of important phases of the Work.

c. Draft proposed Change Orders and Work Directive Changes, obtaining backup material from CONTRACTOR and recommend to ENGINEER Change Orders, Work Directive Changes, and Field Orders.

d. Report immediately to ENGINEER and OWNER upon the occurrence of any accident.

10. Payment Requests: Review applications for payment with CONTRACTOR for compliance with the established procedures for their submission and forward with recommendations to ENGINEER, noting particularly the relationship of the payment requested to the schedule of values, Work completed and materials and equipment delivered at the site, but not incorporated in the Work.

11. Certificates, Maintenance and Operation Manuals: During the course of the Work, verify that certificates, maintenance and operation manuals and other data required to be assembled and furnished by CONTRACTOR are applicable to the items actually installed and in accordance with the Project Documents, and have this material delivered to ENGINEER for review and forwarding to OWNER prior to final payment for the Work.

12. Completion

    a. Before ENGINEER issues a Certificate of Substantial Completion, submit to CONTRACTOR a list of observed items requiring completion or correction.

    b. Conduct final inspection in the company of ENGINEER, OWNER and CONTRACTOR and prepare a final list of items to be completed or corrected.

    c. Observe that all items on final list have been completed or corrected and make recommendations to ENGINEER concerning acceptance.

C. LIMITATIONS OF AUTHORITY - Resident Project Representative:

1. Shall not authorize any deviation from the Project Documents or substitution of materials or equipment, unless authorized by ENGINEER.

2. Shall not exceed limitations of ENGINEER's authority as set forth in the Project Documents.

3. Shall not undertake any of the responsibilities of CONTRACTOR, subcontractors or CONTRACTOR's superintendent.

4. Shall not advise on, issue directions relative to or assume control over any aspect of the means, methods, techniques, sequences or procedures of construction unless such advise or directions are specifically required by the Project Documents.

5. Shall not advise on, issue directions regarding or assume control over safety precautions and programs in connection with the Work.

6. Shall not accept Shop Drawings or sample submittals from anyone other than Contractor.

7. Shall not authorize OWNER to occupy the Project in whole or in part.

8. Shall not participate in specialized field or laboratory tests or inspections conducted by others except as specifically authorized by ENGINEER.

PAYMENTS TO ENGINEER

This is an exhibit attached to, made part of, and incorporated by reference into the Agreement made on _____, 2024 between the CITY OF GULFPORT (OWNER) and SEYMOUR ENGINEERING (ENGINEER) providing for professional engineering services.

1. ADDITIONAL SERVICES:

   A. Topographic Survey

   Conduct a topographic survey of the project area with elevation cross-sections and existing structures. Existing sanitary sewer and other utilities within the work zone will be located. A Topographic Survey drawing will be provided depicting existing conditions.

   COST: LUMP SUM - $2,760.00

2. BASIC SERVICES:

   A. Engineering Design/Bidding

      1. Engineering Design

      Construction drawings and specifications will be prepared for the Project, taking into consideration the fees and costs associated with the construction and the professional services and administration of the Project. The Project concept includes repairing two (2) existing force mains located at the intersection of Debuys Road/Switzer Road and Parkview Subdivision.

      2. Bidding

      Assist Owner in obtaining bids for the construction contract. Review submitted bids and recommend a contractor to perform the project. Consult with the Owner in the execution of Contract Documents.

      COST: $51,500.00 Curve B, Engineering and Design Services (Attachment to Exhibit C)

      (12.13% of Preliminary Opinion of Probable Cost - $425,000.00)

      COST: LUMP SUM - $51,500.00

   B. Construction Administration / Resident Project Representative

      1. Construction Administration

         a. Review the contractor's shop drawings and materials submittals for conformance with the construction documents.

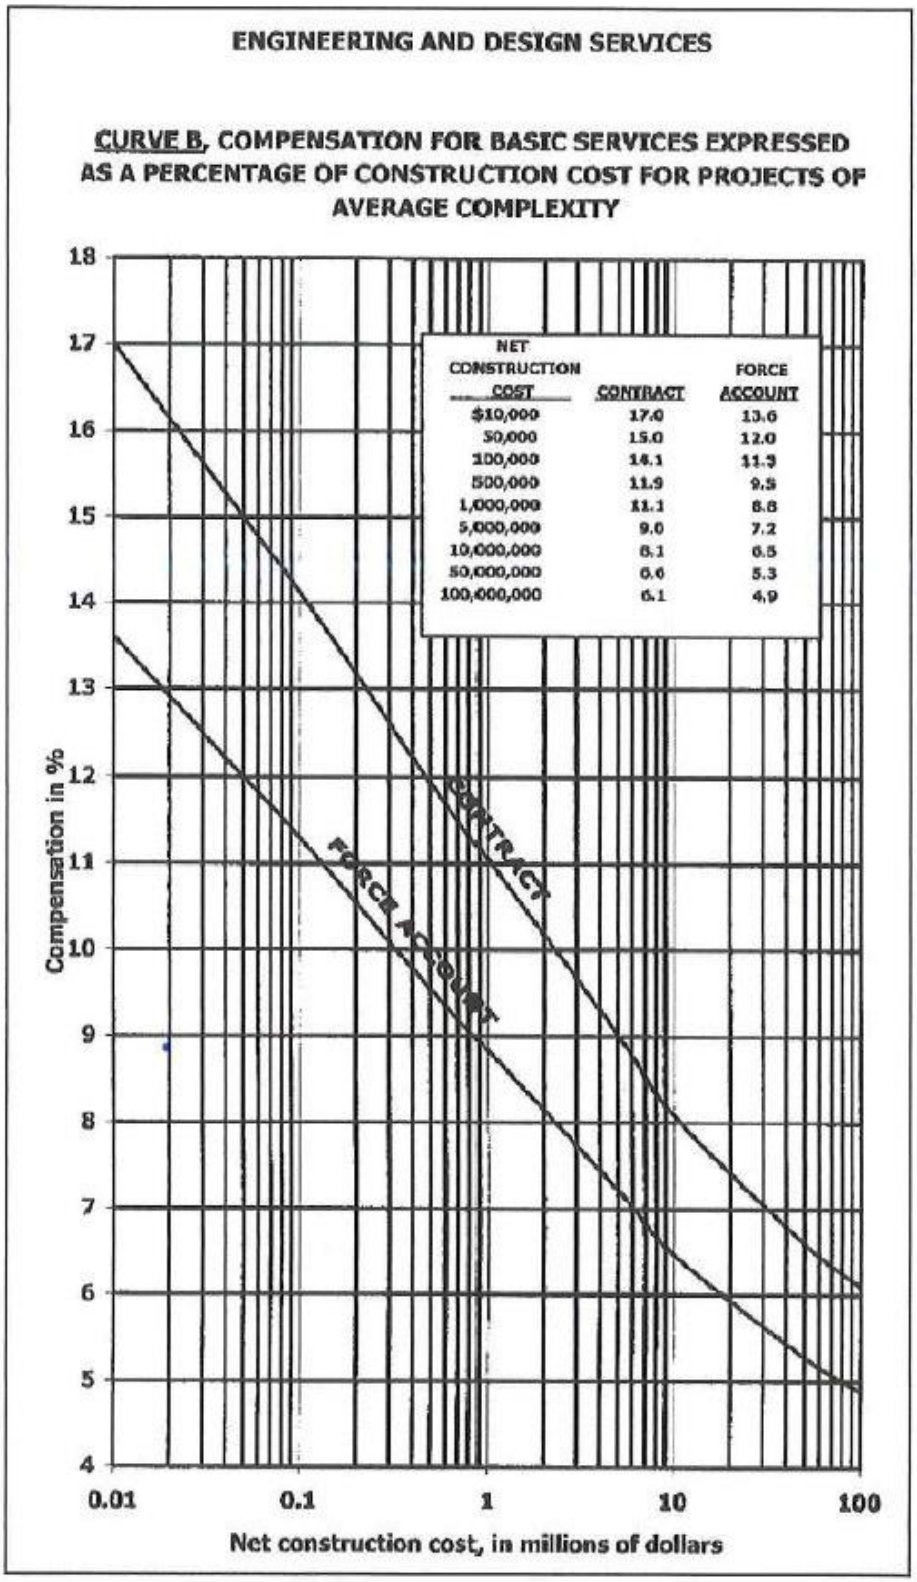
b. Serve as OWNER'S liaison with CONTRACTOR, work principally through CONTRACTOR'S superintendent and assist in understanding the intent of the Contract Documents.

c. Payment Requests: Review applications for payment with CONTRACTOR for compliance with the established procedures for their submission and forward with recommendations to OWNER.

d. Conduct final inspection in the company of OWNER and CONTRACTOR and prepare a final list of items to be completed or corrected.

COST: 3% of $425,000 - $12,750.00

2. Resident Project Representative



ENGINEER shall furnish a Resident Project Representative (RPR), in observing performance of the work of Contractor. (See Exhibit A)

COST: $12,480.00

TOTAL COST: $79,490.00

ATTACHMENT TO EXHIBIT C

Curve B – Engineering and Design Services

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH SEYMOUR ENGINEERING, LLC, FOR ENGINEERING SERVICES IN CONNECTION WITH THE DEBUYS ROAD SEWER PUMP STATION – FORCE MAIN CONNECTION TO WEST BILOXI WASTEWATER TREATMENT PLANT PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the Debuys Road Sewer Pump Station – Force Main Connection to West Biloxi Wastewater Treatment Plant Project, a project intended to repair the existing force main and associated appurtenances and re-routing the wastewater from the North Gulfport Wastewater Treatment Plant to the West Biloxi Wastewater Treatment Plat; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the Debuys Road Sewer Pump Station – Force Main Connection to West Biloxi Wastewater Treatment Plant Project and received proposals from five (5) firms; and

WHEREAS, after referral to and grading by a selection committee, Seymour Engineering, LLC, was selected as the highest scoring firm (see January 2, 2024 minutes) and recommended for award by Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the Debuys Road Sewer Pump Station – Force Main Connection to West Biloxi Wastewater Treatment Plant Project to Seymour Engineering, LLC, and to approve an agreement with Seymour Engineering, LLC, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the Debuys Road Sewer Pump Station – Force Main Connection to West Biloxi Wastewater Treatment Plant Project., be and the same is hereby approved and the proposed Engineering Services Contract between Seymour Engineering, LLC, and the City be and it is hereby approved in substantially its current form as found in Exhibit "A" hereto and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Flowers, and was adopted by the following roll call vote:

YEAS:	**NAYS:**	**ABSENT:**
Roland	**None**	**Casey**
Walker		**Holmes-Hines (out)**

Re: **Recommendation to Approve Engineering Services Contract**
- Seymour Engineering, LLC.
- Debuys Road Sewer Pump Station - Force Main Connection to West Biloxi Wastewater Treatment Plant (MCWI)

Attached for your consideration is the Engineering Services Contract for the referenced project in the not-to-exceed amount of $79,490.00. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

This Project includes repairing the existing force main and associated appurtenances and re-routing the wastewater from the North Gulfport Wastewater Treatment Plant to the West Biloxi Wastewater Treatment Plant. The total cost of engineering and construction for this project is $516,067.50. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure Grant "MCWI" and the American Rescue Plan Act "ARPA".

I recommend approval of this contract.

STANDARD FORM OF AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES

THIS IS AN AGREEMENT made as of _____, 2024, between the CITY OF GULFPORT (OWNER) and SEYMOUR ENGINEERING, 925 Tommy Munro Drive, Suite G, Biloxi, Mississippi 39532 (ENGINEER). OWNER intends to repair two (2) existing force mains located at the intersection of Debuys Road/Switzer Road and Parkview Subdivision entitled "Debuys Road Sewer Pump Station - Force Main Connection to West Biloxi Wastewater Treatment Plant" (hereinafter called the Project).

OWNER and ENGINEER in consideration of their mutual covenants herein agree in respect of the performance of professional engineering services by ENGINEER and the payment for those services by OWNER as set forth below.

SECTION 1-BASIC SERVICES OF ENGINEER

1.1 General.

1.1.1. ENGINEER shall provide for OWNER professional engineering services in all phases of the Project to which this Agreement applies as hereinafter provided. These services will include serving as OWNER's professional engineering representative for the Project, providing professional engineering consultation and advice and furnishing customary civil engineering services, including but not limited to, all services required or requested by OWNER in connection with obtaining any permits required by an governmental agency or authority in connection with the project. The Contract will extend through completion of project construction and submittal of all required closeout documents to the Owner.

1.2 Preliminary Design.

1.2.1 ENGINEER shall provide preliminary design for the project. Upon completion of preliminary design, ENGINEER shall meet with OWNER to review documents. Upon acceptance by OWNER, ENGINEER shall commence with Final Design Documents.

1.3. Final Design Phase.

After written authorization to proceed with the Final Design Phase, ENGINEER shall:

1.3.1 On the basis of the accepted Preliminary Design documents and the revised opinion of probable Total Project Costs prepare for incorporation in the Project Documents final drawings to show the general scope, extent and character of the work to be furnished and performed by Contractor(s) (hereinafter called "Drawings") and Specifications (which will be prepared in conformance with the sixteen division format of the construction specifications Institute).

1.3.2 Provide technical criteria, written descriptions and design data for OWNER's use in filing applications for permits with or obtaining approvals of such governmental authorities as have jurisdiction to approve the design of the Project, and assist OWNER in consultations with appropriate authorities.

1.3.3 Advise OWNER of any adjustments to the latest opinion of probable Total Project Costs caused by changes in general scope, extent or character or design requirements of the Project or Construction Costs. Furnish to OWNER a revised opinion of probable Total Project Costs based on the Drawings and Specifications. Total project

cost for purposes of determining engineering fees excludes mitigation, relocation or any other costs not directly involving the actual construction or building of the project.

1.3.4 Prepare for review and approval by OWNER, its legal counsel and other advisors contract agreement forms, general conditions and supplementary conditions, and (where appropriate) bid forms, invitations to bid and instructions to bidders (all of which shall be consistent with the forms and pertinent guide sheets prepared by the Engineers Joint Contract Documents Committee), and assist in the preparation of other related documents.

1.3.5 Furnish copies of the above documents and of the Drawings and Specifications and present and review them in person with OWNER.

1.4 Bidding or Negotiating Phase.

After written authorization to proceed with the Bidding or Negotiating Phase, ENGINEER shall:

1.4.1 Assist OWNER in advertising for and obtaining bids or negotiating proposals for each separate prime contract for construction, materials, equipment and services; and, where applicable, maintain a record of prospective bidders to whom Bidding Documents have been issued, attend pre-bid conferences and receive and process deposits for Bidding Documents.

1.4.2 Issue addenda as appropriate to interpret, clarify or expand the Bidding Documents.

1.4.3 Advise OWNER as to the acceptability of subcontractors, suppliers and other persons and organizations proposed by the prime contractor(s) (herein called "Contractor(s)") for those portions of the work as to which such acceptability is required by the Bidding Documents.

1.4.4 Advise OWNER concerning and determine the acceptability of substitute materials and equipment proposed by Contractor(s) when substitution prior to the award of contracts is allowed by the Bidding Documents.

1.4.5 Attend the bid opening, prepare bid tabulation sheets and assist OWNER in evaluating bids or proposals and in assembling and awarding contracts for construction, materials, equipment and services.

1.5. Construction Phase.

During the Construction Phase:

1.5.1 *General Administration of Construction Contract*. ENGINEER shall consult with and advise OWNER and act as OWNER's representative. All of OWNER's instructions to Contractor(s) will be issued through ENGINEER as instructed by Owner.

1.5.2 *Visits to Site and Observation of Construction.* In connection with observations of the work of Contractor(s) while it is in progress:

> 1.5.2.1. ENGINEER shall make visits to the site at intervals appropriate to the various stages of construction as necessary in order to observe as an experienced and qualified design professional the progress and quality of the various aspects of Contractor(s)' work. In addition, ENGINEER shall provide the services of a Resident Project Representative (and assistants) at the site to assist ENGINEER and to provide more continuous observation of such work. Based on information obtained during such visits and on such observations, ENGINEER shall endeavor to determine in general if such work is proceeding in accordance with the Project Documents and ENGINEER shall keep OWNER informed of the progress of the work.
>
> 1.5.2.2. The Resident Project Representative (and any assistants) will be ENGINEER's agent or employee and under ENGINEER's supervision. The duties and responsibilities of the Resident Project Representative (and assistants) are set forth in Exhibit A "Duties, Responsibilities and Limitation of Authority of Resident Project Representative".

1.5.2.3. The purpose of Engineer's visits to and representation by the Resident Project Representative (and assistants, if any) at the site will be to enable ENGINEER to better carry out the duties and responsibilities assigned to and undertaken by ENGINEER during the Construction Phase, and, in addition, by exercise of ENGINEER's efforts as an experienced and qualified design professional, to provide for OWNER a greater degree of confidence that the completed work of Contractor(s) will conform generally to the Project Documents and that the integrity of the design concept as reflected in the Project Documents has been implemented and preserved by Contractor(s). On the other hand, ENGINEER shall not, during such visits or as a result of such observations of Contractor(s)' work in progress, supervise, direct or have control over Contractor(s)' work nor shall ENGINEER have authority over or responsibility for the means, methods, techniques, sequences or procedures of construction selected by Contractor(s), for safety precautions and programs incident to the work of Contractor(s) or for any failure of Contractor(s) to comply with laws, rules, regulations, ordinances, codes or orders applicable to Contractor(s) furnishing and performing their work. Accordingly, ENGINEER can neither guarantee the performance of the construction contracts by Contractor(s) nor assume responsibility for Contractor(s)' failure to furnish and perform their work in accordance with the Project Documents.

1.5.3 *Defective Work*. During such visits and on the basis of such observations, ENGINEER may disapprove of or reject Contractor(s)' work while it is in progress if ENGINEER believes that such work will not produce a completed Project that conforms generally to the Project Documents or that it will prejudice the integrity of the design concept of the Project as reflected in the Project Documents.

1.5.4 *Interpretations and Clarifications*. ENGINEER shall issue necessary interpretations and clarifications of the Project Documents and in connection therewith and prepare work directive changes and change orders as required.

1.5.5 *Shop Drawings*. ENGINEER shall review and approve (or take other appropriate action in respect of) Shop Drawings, samples and other data which Contractor(s) are required to submit, but only for conformance with the design concept of the Project and compliance with the information given in the Project Documents. Such reviews and approvals or other action shall not extend to means, methods, techniques, sequences or procedures of construction or to safety precautions and programs incident thereto.

1.5.6 *Substitutes*. ENGINEER shall evaluate and determine the acceptability of substitute materials and equipment proposed by Contractor(s).

1.5.7 *Inspections and Tests*. ENGINEER shall have authority, as OWNER's representative, to require special inspection or testing of the work, and shall receive and review all certificates of inspections, testings and approvals required by laws, rules, regulations, ordinances, codes, orders or the Project Documents (but only to determine generally that their content complies with the requirements of, and the results certified indicate compliance with, the Project Documents).

1.5.8 *Disputes between OWNER and Contractor*. Engineer shall act as initial interpreter of the requirements of the Project Documents and judge of the acceptability of the work thereunder and make recommendations on all claims of OWNER and Contractor(s) relating to the acceptability of the work or the interpretation of the requirements of the Project Documents pertaining to the execution and progress of the work. To the extent allowable under Mississippi law, ENGINEER shall not be liable for the results of any such interpretations or decisions rendered in good faith.

1.5.9 *Applications for Payment*. Based on on-site observations as an experienced and qualified design professional, on information provided by the Resident Project Representative and on review of applications for payment and the accompanying data and schedules:

1.5.9.1. ENGINEER shall determine the amounts owing to Contractor(s) and recommend in writing payment to Contractor(s) in such amounts. Such recommendations of payment will constitute a representation to OWNER, based on such observations and review, that the work has progressed to the point indicated, and that, to the best of ENGINEER's knowledge, information and belief, the quality of such work is generally in accordance with the Project Documents (subject to an evaluation of such work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for

in the Project Documents and to any other qualifications stated in the recommendation). In the case of unit price work, ENGINEER's recommendations of payment will include final determinations of quantities and classifications of such work (subject to any subsequent adjustments allowed by the Project Documents).

1.5.9.2. By recommending any payment ENGINEER will not thereby be deemed to have represented that exhaustive, continuous or detailed reviews or examinations have been made by ENGINEER to check the quality or quantity of Contractor(s)' work as it is furnished and performed beyond the responsibilities specifically assigned to ENGINEER in this Agreement and the Project Documents. ENGINEER's review of Contractor(s)' work for the purposes of recommending payments will not impose on ENGINEER responsibility to supervise, direct or control such work or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto or Contractor(s) compliance with laws, rules, regulations, ordinances, codes or orders applicable to their furnishing and performing the work. It will also not impose responsibility on ENGINEER to make any examination to ascertain how or for what purposes any Contractor has used the moneys paid on account of the Contract Price, or to determine that title to any of the work, materials or equipment has passed to OWNER free and clear of any lien, claims, security interests or encumbrances, or that there may not be other matters at issue between OWNER and CONTRACTOR that might affect the amount that should be paid.

1.5.10 *Contractor(s)' Completion Documents*. ENGINEER shall receive and review maintenance and operating instructions, schedules, guarantees, bonds and certificates of inspection, tests and approvals which are to be assembled by Contractor(s) in accordance with the Project Documents (but such review will only be to determine that their content complies with the requirements of, and in the case of certificates of inspection, tests and approvals the results certified indicate compliance with, the Project Documents); and shall transmit them to OWNER with written comments. Engineer shall provide record drawings to the Owner and provide written certification that the project was constructed according to the approved plans, specifications, and contract documents.

1.5.11 *Inspections*. ENGINEER shall conduct an inspection to determine if the work is substantially complete and a final inspection to determine if the completed work is acceptable so that ENGINEER may recommend, in writing, final payment to Contractor(s) and may give written notice to OWNER and the Contractor(s) that the work is acceptable (subject to any conditions therein expressed), but any such recommendation and notice will be subject to the limitations expressed in paragraph 1.4.9.2.

1.5.12 *Limitation of Responsibilities*. ENGINEER shall not be responsible for the acts or omissions of any Contractor, or of any subcontractor or supplier, or any of the Contractor(s)' or subcontractor's or supplier's agents or employees or any other persons (except ENGINEER's own employees and agents) at the site or otherwise furnishing or performing any of the Contractor(s)' work: however, nothing contained in paragraphs 1.1 thru 1.4.12 inclusive, shall be construed to release ENGINEER from liability for failure to properly perform duties and responsibilities assumed by ENGINEER in the Project Documents.

1.5.13 *Indemnification*. ENGINEER shall defend, indemnify and hold harmless OWNER, its agents, servants, employees, successors and assigns from actions, causes, suits, costs, claims, damages, expenses and demands whatsoever in law or in equity, including but not limited to attorneys' fees, with respect to, or on account of, any injury, including bodily injury, disability or death, or damages to property, including loss of the use thereof, in any way attributable to or in connection with performance of Engineer under this Contract.

SECTION 2 - ADDITIONAL SERVICES OF ENGINEER

2.1. Services Requiring Authorization in Advance.
If authorized in writing by OWNER, ENGINEER shall furnish or obtain from others Additional Services of the types listed in paragraphs 2.1.1 through 2.1.6, inclusive. These services are not included as part of Basic Services; these will be paid for by OWNER, as indicated in Section 3.

2.1.1. Assistance in connection with bid protests, rebidding or renegotiating Project for construction, materials, equipment or services.

2.1.2. Providing any type of property surveys or related engineering services needed for the transfer of interests in real property and field surveys for design purposes and engineering surveys and staking to enable Contractor(s) to proceed with their work; and providing other special field surveys.

2.1.3. Preparing to serve or serving as a consultant or witness for OWNER in any litigation, arbitration or other legal or administrative proceeding involving the Project.

2.1.4. Topographic Survey to assist with Design Phase.

2.1.5. Geotechnical Engineering.

SECTION 3 - PAYMENTS TO ENGINEER

3.1. Methods of Payment for Services and Expenses of ENGINEER.

3.1.1. *For Basic Services.* OWNER shall pay ENGINEER for Basic Services rendered under Section 1 as follows:

3.1.1.1. *Payment to Engineer for Basic Services.* ENGINEER shall be paid the total amount outlined in Exhibit C:

3.1.1.2 ENGINEER shall be paid monthly based upon the percentage complete of the phase of the project on which ENGINEER is working.

3.1.2. *For additional Services.* OWNER shall pay ENGINEER for Additional Services rendered under Section 2 as follows:

3.1.2.1. *General.* For Additional Services of ENGINEER's principals and employees engaged directly on the Project and rendered pursuant to paragraph 2.1. (except services as a consultant or witness under paragraph 2.1.3), at standard hourly rates for services rendered by principals and employees for Items 2.1.1 and 2.1.2 as shown in Exhibit B. Item numbers 2.1.4, 2.1.5 and 2.1.6 shall be paid monthly based on percentage complete of the Lump Sum Amount.

3.1.2.2. *Serving as a Witness.* For services rendered by ENGINEER's principals and employees as consultants or witnesses in any litigation, arbitration or other legal or administrative proceeding in accordance with paragraph 2.1.3. at the rate agreed to by both parties before the start of such additional service.

3.2 Times of Payments.

3.2.1. ENGINEER shall submit statements for Basic and Additional Services rendered and for Reimbursable Expenses incurred. The statements for Basic Services will be based upon ENGINEER's estimate of the proportion of the total services actually completed at the time of billing. OWNER shall make prompt undisputed payments in response to ENGINEER's statements in accordance with its claims docket and state law.

SECTION 4 - GENERAL CONSIDERATION

4.1. Termination.

The obligation to provide further services under this Agreement may be terminated by either party upon thirty days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party. The ENGINEER understands that this Contract is voidable by any newly elected City Council upon taking office.

4.2. Reuse of Documents.

All documents including Drawings and Specifications prepared or furnished by ENGINEER (and ENGINEER's independent professional associates and consultants) pursuant to this Agreement are instruments of service and shall be owned by OWNER, whether or not the project is completed. However, OWNER may not reuse the documents without authorization of ENGINEER and should the OWNER do so, OWNER shall do so at OWNERS sole risk and without liability or legal exposure to ENGINEER or to ENGINEER's independent professional associates or consultants.

4.3. Insurance.

4.3.1. ENGINEER shall procure and maintain insurance for protection from claims under workers compensation acts, claims for damages because of bodily injury including personal injury, sickness or disease or death of any and all employees or of any person other than such employees, and from claims or damages because of injury to or destruction of property including loss of use resulting therefrom.

4.3.2. Also ENGINEER shall procure and maintain professional liability insurance for protection from claims arising out of professional services caused by a negligent error, omission or act for which the insured is legally liable; such professional liability insurance shall provide coverage in the amount of $1,000,000 and shall name OWNER as an additional insured. ENGINEER shall deliver to OWNER a certificate evidencing the assurance of such a policy.

4.4. Controlling Law.

This Agreement is to be governed by the law of the State of Mississippi.

4.5. Successors and Assigns.

4.5.1. OWNER and ENGINEER each is hereby bound and the partners, successors, executors, representatives, administrators and assigns of OWNER and ENGINEER (and to the extent permitted by paragraph 4.5.2. that assigns of OWNER and ENGINEER) are hereby bound to the other party to this Agreement and to the partner successors, executors, administrators and legal representatives (and said assigns) of such other party, respect of all covenants, agreements and obligations of this Agreement.

4.5.2. Neither OWNER nor ENGINEER shall assign sublet or transfer any rights under or interest in (including, but without limitation, moneys that may become due or moneys that are due) this Agreement without the written consent of the other, except to the extent that any assignment, subletting or transfer is mandate by law or the effect of this limitation may be restricted by law. Unless specifically stated to the contrary in and written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement. Nothing contained in this paragraph shall prevent ENGINEER from employing such independent professional associates and consultants as ENGINEER may deem appropriate to assist in the performance of services hereunder. ENGINEER may subcontract portions of the services under this Agreement, subject to the written approval of OWNER and reflected on its minutes.

4.5.3. Nothing under this Agreement shall be construed to give any rights or benefits in this Agreement to anyone other than OWNER and ENGINEER, and all duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of OWNER and ENGINEER and not for the benefit of any other party.

SECTION 5 - SPECIAL PROVISIONS, EXHIBITS AND SCHEDULES

5.1 This Agreement is subject to the following special provisions.

5.1.1 The Final Design and Construction Phases of this Contract between the the City of Gulfport and Seymour Engineering, are subject to the availability and amount of funding for this project.

5.2 The following Exhibits are attached to and made a part of this Agreement:

5.2.1 **Exhibit A** Duties, Responsibilities and Limitations of Authority of Resident Project Representative consisting of 3 pages.

5.2.2 **Exhibit B** MCWI Average Hourly Rate, consisting of 1 page.

5.2.3 **Exhibit C** Payments to Engineer, consisting of 2 pages.

5.2.4 **Attachment to Exhibit C** Curve B, consisting of 1 page.

5.3 This Agreement (consisting of pages 1 to 14, inclusive) together with the Exhibits and Schedules identified above constitute the entire agreement between OWNER and ENGINEER and superseded all prior written or oral understandings. This Agreement and said Exhibits and schedules may only be amended, supplemented, modified or cancelled by a duly executed written instrument.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement as of the day and year first above written.

TO AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES,

(for use with No. 1910-1. 1984 Edition)

A LISTING OF THE DUTIES, RESPONSIBILITIES AND LIMITATIONS OF AUTHORITY OF THE RESIDENT PROJECT REPRESENTATIVE

This is an Exhibit attached to, made a part of and incorporated by reference with the Agreement made on **_____2024**, between the City of Gulfport (OWNER) and SEYMOUR ENGINEERING (ENGINEER) providing for professional engineering services.

ENGINEER shall furnish a Resident Project Representative (RPR), assistants and other field staff to ENGINEER in observing performance of the work of Contractor.

Through more extensive on-site observations of the work in progress and field checks of materials and equipment by the RPR and assistants. ENGINEER shall endeavor to provide further protection for OWNER against defects and deficiencies in the Work; but, the furnishing of such services will not make ENGINEER responsible for or give ENGINEER control over construction means, methods, techniques, sequences or procedures or for safety precautions or programs, or responsibility for CONTRACTOR's failure to perform the Work in accordance with the Project Documents.

The duties and responsibilities of the RPR are limited to those of ENGINEER in ENGINEER's agreement with the OWNER and in the Project Contract Documents, and are further limited and described as follows:

A. GENERAL

RPR is ENGINEER's agent at the site, will act as directed by and under the supervision of ENGINEER, and will confer with ENGINEER regarding RPR's actions. RPR's dealings in matters pertaining to the on-site work shall in general be with ENGINEER and CONTRACTOR keeping OWNER advised as necessary. RPR's dealings with subcontractors shall only be through or with the full knowledge and approval of CONTRACTOR. RPR shall generally communicate with OWNER with the knowledge and approval of CONTRACTOR. RPR shall generally communicate with OWNER with the knowledge of and under the direction of the ENGINEER.

B. DUTIES AND RESPONSIBILITIES OF RPR

1. Schedules: Review the progress schedules, schedule of Shop Drawing submittals and schedule of values prepared by CONTRACTOR and consult with ENGINEER concerning acceptability.

2. Conferences and Meetings: Attend meetings with CONTRACTOR, such as preconstruction conferences, progress meetings, job conferences and other project related meetings, and prepare and circulate copies of minutes thereof.

3. Liaison:

    a. Serve as ENGINEER's liaison with CONTRACTOR, working principally through CONTRACTOR's superintendent and assist in understanding the intent of the Project Documents; and assist ENGINEER in serving as OWNER's liaison with CONTRACTOR when CONTRACTOR's operations affect OWNER's on-site operations.

    b. Assist in obtaining from OWNER additional details or information, when required for proper execution of the Work.

4. Shop Drawings and Samples:

    a. Record date of receipt of Shop Drawings and samples.

    b. Receive samples which are furnished at the site by CONTRACTOR, and notify ENGINEER of availability of samples for examination.

c. Advise ENGINEER and CONTRACTOR of the commencement of any Work requiring a Shop Drawing or sample if the submittal has not been approved by ENGINEER.

5. Review of Work, Rejection of Defective Work, Inspections and Tests:

a. Conduct on-site observations of the Work in progress to assist ENGINEER in determining if the Work is in general proceeding in accordance with the Project Documents.

b. Report to ENGINEER whenever RPR believes that any Work is unsatisfactory, faulty or defective or does not conform to the Project Documents, or has been damaged, or does not meet the requirements of any inspection, test or approval required to be made; and advise ENGINEER or Work that RPR believes should be corrected or rejected or should be uncovered for observation, or requires special testing, inspection or approval.

c. Verify that tests, equipment and systems startups and operating and maintenance training are conducted in the presence of appropriate personnel, and that CONTRACTOR maintains adequate records thereof; and observe, record and report to ENGINEER appropriate details relative to the test procedures and startups.

d. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Project, record the results of these inspections and report to ENGINEER.

6. Interpretation of Project Documents: Report to ENGINEER when clarifications and interpretations of the Project Documents are needed and transmit to CONTRACTOR clarifications and interpretations as issued by ENGINEER.

7. Modifications: Consider and evaluate CONTRACTOR's suggestions for modifications in Drawings or Specifications and report with RPR's recommendations to ENGINEER. Transmit to CONTRACTOR decisions as issued by ENGINEER.

8. Records

a. Maintain at the job site orderly files for correspondence, reports of job conferences, Shop Drawings and samples, reproductions of original Project Documents including all Work Directive Changes, Addenda, Change Orders, Field Orders, additional Drawings issued subsequent to the execution of the Contract, ENGINEER's clarifications and interpretations of the Project Documents, progress reports, and other Project related documents.

b. Keep a diary or log book, recording CONTRACTOR hours on the job site, weather conditions, data relative to questions of Work Directive Changes, Change Orders or changed conditions, list of job site visitors, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to ENGINEER.

c. Record names, addresses and telephone numbers of all CONTRACTORS, subcontractors and major suppliers of materials and equipment.

9. Reports

a. Furnish ENGINEER periodic reports as required of progress of the Work and of CONTRACTOR's compliance with the progress schedule and schedule of Shop Drawing and sample submittals.
b. Consult with ENGINEER in advance of scheduled major tests, inspections or start of important phases of the Work.

c. Draft proposed Change Orders and Work Directive Changes, obtaining backup material from CONTRACTOR and recommend to ENGINEER Change Orders, Work Directive Changes, and Field Orders.

d. Report immediately to ENGINEER and OWNER upon the occurrence of any accident.

10. Payment Requests: Review applications for payment with CONTRACTOR for compliance with the established procedures for their submission and forward with recommendations to ENGINEER, noting particularly the relationship of the payment requested to the schedule of values, Work completed and materials and equipment delivered at the site, but not incorporated in the Work.

11. Certificates, Maintenance and Operation Manuals: During the course of the Work, verify that certificates, maintenance and operation manuals and other data required to be assembled and furnished by CONTRACTOR are applicable to the items actually installed and in accordance with the Project Documents, and have this material delivered to ENGINEER for review and forwarding to OWNER prior to final payment for the Work.

12. Completion

    a. Before ENGINEER issues a Certificate of Substantial Completion, submit to CONTRACTOR a list of observed items requiring completion or correction.

    b. Conduct final inspection in the company of ENGINEER, OWNER and CONTRACTOR and prepare a final list of items to be completed or corrected.

    c. Observe that all items on final list have been completed or corrected and make recommendations to ENGINEER concerning acceptance.

C. LIMITATIONS OF AUTHORITY - Resident Project Representative:

1. Shall not authorize any deviation from the Project Documents or substitution of materials or equipment, unless authorized by ENGINEER.

2. Shall not exceed limitations of ENGINEER's authority as set forth in the Project Documents.

3. Shall not undertake any of the responsibilities of CONTRACTOR, subcontractors or CONTRACTOR's superintendent.

4. Shall not advise on, issue directions relative to or assume control over any aspect of the means, methods, techniques, sequences or procedures of construction unless such advise or directions are specifically required by the Project Documents.

5. Shall not advise on, issue directions regarding or assume control over safety precautions and programs in connection with the Work.

6. Shall not accept Shop Drawings or sample submittals from anyone other than Contractor.

7. Shall not authorize OWNER to occupy the Project in whole or in part.

8. Shall not participate in specialized field or laboratory tests or inspections conducted by others except as specifically authorized by ENGINEER.

PAYMENTS TO ENGINEER

This is an exhibit attached to, made part of, and incorporated by reference into the Agreement made on _____, 2024 between the CITY OF GULFPORT (OWNER) and SEYMOUR ENGINEERING (ENGINEER) providing for professional engineering services.

1. ADDITIONAL SERVICES:

   A. Topographic Survey

   Conduct a topographic survey of the project area with elevation cross-sections and existing structures. Existing sanitary sewer and other utilities within the work zone will be located. A Topographic Survey drawing will be provided depicting existing conditions.

   COST: LUMP SUM - $2,760.00

2. BASIC SERVICES:

   A. Engineering Design/Bidding

      1. Engineering Design

      Construction drawings and specifications will be prepared for the Project, taking into consideration the fees and costs associated with the construction and the professional services and administration of the Project. The Project concept includes repairing two (2) existing force mains located at the intersection of Debuys Road/Switzer Road and Parkview Subdivision.

      2. Bidding

      Assist Owner in obtaining bids for the construction contract. Review submitted bids and recommend a contractor to perform the project. Consult with the Owner in the execution of Contract Documents.

      COST: $51,500.00 Curve B, Engineering and Design Services (Attachment to Exhibit C)

      (12.13% of Preliminary Opinion of Probable Cost - $425,000.00)

      COST: LUMP SUM - $51,500.00

   B. Construction Administration / Resident Project Representative

      1. Construction Administration

         a. Review the contractor's shop drawings and materials submittals for conformance with the construction documents.

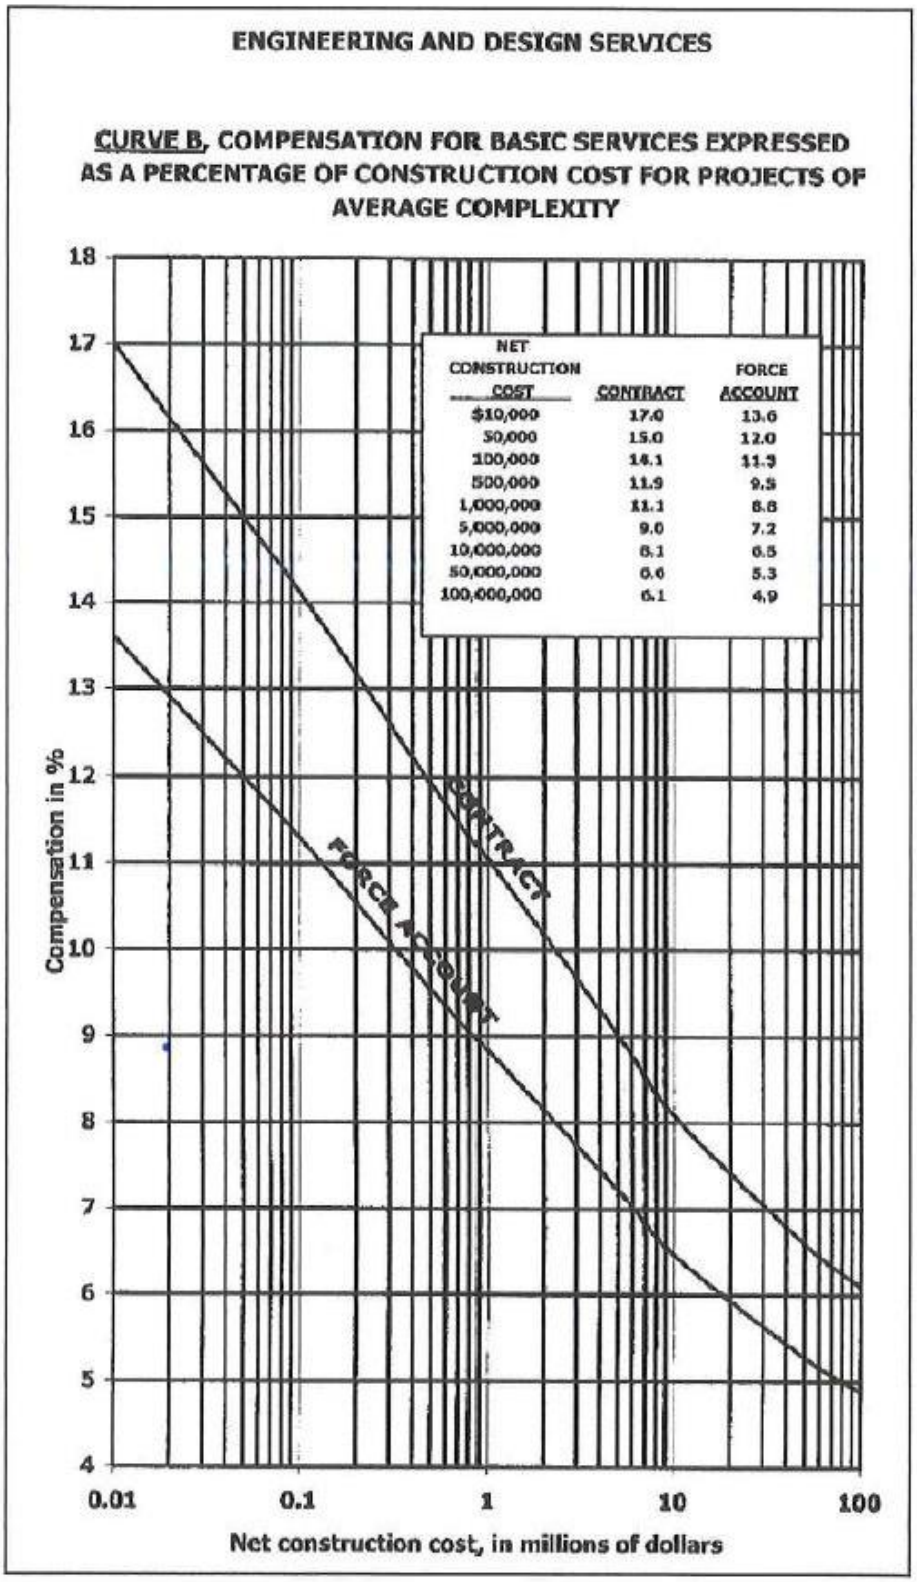
b. Serve as OWNER'S liaison with CONTRACTOR, work principally through CONTRACTOR'S superintendent and assist in understanding the intent of the Contract Documents.

c. Payment Requests: Review applications for payment with CONTRACTOR for compliance with the established procedures for their submission and forward with recommendations to OWNER.

d. Conduct final inspection in the company of OWNER and CONTRACTOR and prepare a final list of items to be completed or corrected.

COST: 3% of $425,000 - $12,750.00

2. Resident Project Representative



ENGINEER shall furnish a Resident Project Representative (RPR), in observing performance of the work of Contractor. (See Exhibit A)

COST: $12,480.00

TOTAL COST: $79,490.00

Curve B – Engineering and Design Services

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE LETTER AGREEMENTS WITH MAULDIN & JENKINS, LLC, TO PROVIDE AUDITING SERVICES TO THE CITY OF GULFPORT FOR THE FISCAL YEAR ENDING 2023, AND FOR RELATED PURPOSES

WHEREAS, Mississippi law requires annual audits of municipal accounts and finances and the City desires to engage Mauldin & Jenkins, LLC, to complete those audit services; and

WHEREAS, as the only respondent to the City's Request for proposals for the required audit work, Mauldin & Jenkins, LLC, has submitted a proposed Engagement Letter concerning their work as auditors for the City of Gulfport for Fiscal Year ending September 30, 2023 (see Exhibit "A" hereto); and

WHEREAS, the Mayor and Council are of the opinion that approval of the Engagement Letter for audit services by Mauldin & Jenkins, LLC, as attached hereto as Exhibit "A", is in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the proposed Engagement Letter be, and it is hereby, approved/ratified, in substantially the form as is found in Exhibit "A" to this resolution, and the Mayor (or his designee) is, hereby, authorized to execute and deliver, as necessary, the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES	**NAYS**	**ABSENT**

WHEREUPON, the President declared the motion carried and the Resolution adopted, this the _____ day of _____, 2024.

CLERK OF THE COUNCIL **PRESIDENT**

The above and foregoing Resolution submitted to and approved by the Mayor, this the _____ day of _____, 2024.

_____

MAYOR

MAULDIN & JENKINS
CPAs & ADVISORS

January 8, 2024

Honorable Mayor and Members of the
City Council
City of Gulfport, Mississippi
1410 24th Avenue
Gulfport, Mississippi 39501

Attn: Todd Harman, Director of Finance and Accounting

We are pleased to confirm our understanding of the services we are to provide the City of Gulfport, Mississippi (the "City") for the year ended September 30, 2023.

Audit Scope and Objectives

We will audit the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, including the disclosures, which collectively comprise the basic financial statements, of the City of Gulfport, Mississippi as of and for the year then ended. Accounting standards generally accepted in the United States of America (GAAP) provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the City's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the City's RSI in accordance with auditing standards generally accepted in the United States of America (GAAS). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by GAAP and will be subjected to certain limited procedures, but will not be audited:

1. Management's Discussion and Analysis (MD&A).
2. Schedule of City's Proportionate Share of the Net Pension Liability - MPERS
3. Schedule of City's Proportionate Share of the Net Pension Liability - MMRS
4. Schedule of City Contributions – MPERS
5. Schedule of City Contributions - MMRS
6. Schedule of Budget to Actual – Budgetary Basis – General Fun
7. Schedule of Budget to Actual – Budgetary Basis – CDBG Fund

We have also been engaged to report on supplementary information other than RSI that accompanies the City's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS and will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements:

1. Schedule of expenditures of federal awards.
2. Combining and individual fund statements and schedules.

In connection with our audit of the basic financial statements, we will read the following other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report:

1. Introductory section
2. Statistical section

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinions about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP, and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements. The objectives also include reporting on -

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards.*

- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Auditor's Responsibilities for the Audit of the Financial Statements and Single Audit

We will conduct our audit in accordance with GAAS; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS and *Government Auditing Standards*, we will exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry.

We may, from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

Audit Procedures—Internal Control

We will obtain an understanding of the government and its environment, including the system of internal control, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards.*

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the City of Gulfport, Mississippi's compliance with provisions of applicable laws, regulations, contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the City of Gulfport's major programs. For federal programs that are included in the Compliance Supplement, our compliance and internal control procedures will relate to the compliance requirements that the Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on the City of Gulfport's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Other Services

We will also assist in preparing the financial statements, schedule of expenditures of federal awards, and related notes of the City in conformity with U.S. generally accepted accounting principles and the Uniform Guidance based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform these services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes services previously defined. We, in our sole professional judgement, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You agree to assume all management responsibilities relating to the financial statements, schedule of expenditures of federal awards, related notes, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, schedule of expenditures of federal awards, and related notes and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Responsibilities of Management for the Financial Statements and Single Audit

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for (1) designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including internal controls over federal awards, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal awards, and all accompanying information in conformity with accounting principles generally accepted in the United States of America; and for compliance

with applicable laws and regulations (including federal statutes) and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are also responsible for making drafts of financial statements, schedule of expenditures of federal awards, all financial records and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance, (3) additional information that we may request for the purpose of the audit, and (4) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants. You are also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements that we report. Additionally, as required by the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and to prepare a summary schedule of prior audit findings and a separate corrective action plan. The summary schedule of prior audit findings should be available for our review subsequent to the start of fieldwork.

You are responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received, and COVID-19 related concepts, such as lost revenues, if applicable) in conformity with the Uniform Guidance. You agree to include our report on the schedule of

expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is stated fairly in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes): and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Scope and Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

With regard to an exempt offering document with which Mauldin & Jenkins is not involved, you agree to clearly indicate in the exempt offering document that Mauldin & Jenkins is not involved with the contents of such offering document. In the event that Mauldin & Jenkins is requested to be involved with an exempt offering document, you agree that the aforementioned auditor's report or reference to Mauldin & Jenkins will not be included without our prior permission or consent. Furthermore, any agreement to perform work in connection with an exempt offering document, including an agreement to provide permission or consent, will be a separate engagement.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

You acknowledge the City of Gulfport will not utilize Mauldin & Jenkins, LLC to store documents, data, or records on behalf of the City in accordance with the "Hosting Services" (see ET section 1.295.143) interpretation of the AICPA Code of Professional Conduct. The City is solely responsible for maintaining its own data and records.

In that regard, SuraLink is used solely as a method of transferring data to Mauldin & Jenkins, LLC and is not intended for the storage of the City's information. All information you will provide through SuraLink is a copy and you will maintain original documents and data as part of your records.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. The Data Collection Form and the reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

We will provide copies of our reports to the City of Gulfport, Mississippi; however, management is responsible for distribution of the reports and financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Mauldin & Jenkins and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to the Mississippi Office of the State Auditor or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Mauldin & Jenkins personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by a regulatory body. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party (ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit immediately upon the completion of the September 30, 2022 audit and to issue our reports no later than July 31, 2024. David Irwin is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. Our fee for the financial and compliance audit will be $89,000 for the year ended September 30, 2023. Our fee for the Single Audit will be $8,000 per major program that is required to be audited under the Uniform Guidance. Our hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered as work progresses and are payable upon presentation. The above fees are based on anticipated cooperation from your personnel (including complete and timely receipt by us of the information on the respective client participation listings) and the assumption that unexpected circumstances (including scope changes) will not be encountered during the audit. If significant additional time is necessary, we will discuss it with management and arrive at a new fee estimate before we incur the additional costs.

As a result of our prior or future services to you, we might be requested or required to provide information or documents to you or a third party in a legal, administrative, arbitration, or similar proceeding in which we are not a party. If this occurs, our efforts in complying with such requests will be deemed billable to you as a separate engagement. We shall be entitled to compensation for our time and reasonable reimbursement for our expenses (including legal fees) in complying with the request. For all requests we will observe the confidentiality requirements of our profession and will notify you promptly of the request.

Reporting

We will issue written reports upon completion of our Single Audit. Our reports will be addressed to the Honorable Mayor and Members of the City Council for the City of Gulfport, Mississippi. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs to our auditor's report, or if necessary, withdraw from this engagement. If our opinions on the financial statements or the Single Audit compliance opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue reports, or may withdraw from this engagement.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will state (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will state that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal

control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

We appreciate the opportunity to be of service to the City of Gulfport, Mississippi and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign below and return it to us.

Sincerely,

MAULDIN & JENKINS, LLC

David Irwin

RESPONSE:

This letter correctly sets forth the understanding of the City of Gulfport, Mississippi.

By: _____

Title: _____

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE LETTER AGREEMENTS WITH MAULDIN & JENKINS, LLC, TO PROVIDE AUDITING SERVICES TO THE CITY OF GULFPORT FOR THE FISCAL YEAR ENDING 2023, AND FOR RELATED PURPOSES

WHEREAS, Mississippi law requires annual audits of municipal accounts and finances and the City desires to engage Mauldin & Jenkins, LLC, to complete those audit services; and

WHEREAS, as the only respondent to the City's Request for proposals for the required audit work, Mauldin & Jenkins, LLC, has submitted a proposed Engagement Letter concerning their work as auditors for the City of Gulfport for Fiscal Year ending September 30, 2023 (see Exhibit "A" hereto); and

WHEREAS, the Mayor and Council are of the opinion that approval of the Engagement Letter for audit services by Mauldin & Jenkins, LLC, as attached hereto as Exhibit "A", is in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the proposed Engagement Letter be, and it is hereby, approved/ratified, in substantially the form as is found in Exhibit "A" to this resolution, and the Mayor (or his designee) is, hereby, authorized to execute and deliver, as necessary, the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Flowers, and was adopted by the following roll call vote:

YEAS:	**NAYS:**	**ABSENT:**
Roland	**None**	**Casey**
Walker		**Holmes-Hines**
Sharp		
Flowers		
Kosloski		

WHEREUPON the President declared the motion carried and the Resolution adopted, this the 6th day of February, 2024.

CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:

Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the 7th day of February, 2024.

APPROVED:

Billy Hewes, Mayor

MAULDIN & JENKINS
CPAs & ADVISORS

January 8, 2024

Honorable Mayor and Members of the
City Council
City of Gulfport, Mississippi
1410 24th Avenue
Gulfport, Mississippi 39501

Attn: Todd Harman, Director of Finance and Accounting

We are pleased to confirm our understanding of the services we are to provide the City of Gulfport, Mississippi (the "City") for the year ended September 30, 2023.

Audit Scope and Objectives

We will audit the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information, including the disclosures, which collectively comprise the basic financial statements, of the City of Gulfport, Mississippi as of and for the year then ended. Accounting standards generally accepted in the United States of America (GAAP) provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the City's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the City's RSI in accordance with auditing standards generally accepted in the United States of America (GAAS). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by GAAP and will be subjected to certain limited procedures, but will not be audited:

1. Management's Discussion and Analysis (MD&A).
2. Schedule of City's Proportionate Share of the Net Pension Liability - MPERS
3. Schedule of City's Proportionate Share of the Net Pension Liability - MMRS
4. Schedule of City Contributions – MPERS
5. Schedule of City Contributions - MMRS
6. Schedule of Budget to Actual – Budgetary Basis – General Fun
7. Schedule of Budget to Actual – Budgetary Basis – CDBG Fund

We have also been engaged to report on supplementary information other than RSI that accompanies the City's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS and will provide an opinion on it in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements:

1. Schedule of expenditures of federal awards.
2. Combining and individual fund statements and schedules.

In connection with our audit of the basic financial statements, we will read the following other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report:

1. Introductory section
2. Statistical section

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinions about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP, and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements. The objectives also include reporting on -

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards.*

- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Auditor's Responsibilities for the Audit of the Financial Statements and Single Audit

We will conduct our audit in accordance with GAAS; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such opinions. As part of an audit in accordance with GAAS and *Government Auditing Standards*, we will exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the government's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry.

We may, from time to time and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

Audit Procedures—Internal Control

We will obtain an understanding of the government and its environment, including the system of internal control, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards.*

As required by the Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the City of Gulfport, Mississippi's compliance with provisions of applicable laws, regulations, contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the City of Gulfport's major programs. For federal programs that are included in the Compliance Supplement, our compliance and internal control procedures will relate to the compliance requirements that the Compliance Supplement identifies as being subject to audit. The purpose of these procedures will be to express an opinion on the City of Gulfport's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance.

Other Services

We will also assist in preparing the financial statements, schedule of expenditures of federal awards, and related notes of the City in conformity with U.S. generally accepted accounting principles and the Uniform Guidance based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform these services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes services previously defined. We, in our sole professional judgement, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You agree to assume all management responsibilities relating to the financial statements, schedule of expenditures of federal awards, related notes, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements, schedule of expenditures of federal awards, and related notes and that you have reviewed and approved the financial statements, schedule of expenditures of federal awards, and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, who possesses suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Responsibilities of Management for the Financial Statements and Single Audit

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for (1) designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including internal controls over federal awards, and for evaluating and monitoring ongoing activities, to help ensure that appropriate goals and objectives are met; (2) following laws and regulations; (3) ensuring that there is reasonable assurance that government programs are administered in compliance with compliance requirements; and (4) ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements, schedule of expenditures of federal awards, and all accompanying information in conformity with accounting principles generally accepted in the United States of America; and for compliance

with applicable laws and regulations (including federal statutes) and the provisions of contracts and grant agreements (including award agreements). Your responsibilities also include identifying significant contractor relationships in which the contractor has responsibility for program compliance and for the accuracy and completeness of that information.

You are also responsible for making drafts of financial statements, schedule of expenditures of federal awards, all financial records and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters (2) access to personnel, accounts, books, records, supporting documentation, and other information as needed to perform an audit under the Uniform Guidance, (3) additional information that we may request for the purpose of the audit, and (4) unrestricted access to persons within the government from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the government complies with applicable laws, regulations, contracts, agreements, and grants. You are also responsible for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements that we report. Additionally, as required by the Uniform Guidance, it is management's responsibility to evaluate and monitor noncompliance with federal statutes, regulations, and the terms and conditions of federal awards; take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; promptly follow up and take corrective action on reported audit findings; and to prepare a summary schedule of prior audit findings and a separate corrective action plan. The summary schedule of prior audit findings should be available for our review subsequent to the start of fieldwork.

You are responsible for identifying all federal awards received and understanding and complying with the compliance requirements and for the preparation of the schedule of expenditures of federal awards (including notes and noncash assistance received, and COVID-19 related concepts, such as lost revenues, if applicable) in conformity with the Uniform Guidance. You agree to include our report on the schedule of

expenditures of federal awards in any document that contains and indicates that we have reported on the schedule of expenditures of federal awards. You also agree to include the audited financial statements with any presentation of the schedule of expenditures of federal awards that includes our report thereon or make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the schedule of expenditures of federal awards in accordance with the Uniform Guidance; (2) you believe the schedule of expenditures of federal awards, including its form and content, is stated fairly in accordance with the Uniform Guidance; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon or make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes): and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits or other studies related to the objectives discussed in the Audit Scope and Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

With regard to an exempt offering document with which Mauldin & Jenkins is not involved, you agree to clearly indicate in the exempt offering document that Mauldin & Jenkins is not involved with the contents of such offering document. In the event that Mauldin & Jenkins is requested to be involved with an exempt offering document, you agree that the aforementioned auditor's report or reference to Mauldin & Jenkins will not be included without our prior permission or consent. Furthermore, any agreement to perform work in connection with an exempt offering document, including an agreement to provide permission or consent, will be a separate engagement.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

You acknowledge the City of Gulfport will not utilize Mauldin & Jenkins, LLC to store documents, data, or records on behalf of the City in accordance with the "Hosting Services" (see ET section 1.295.143) interpretation of the AICPA Code of Professional Conduct. The City is solely responsible for maintaining its own data and records.

In that regard, SuraLink is used solely as a method of transferring data to Mauldin & Jenkins, LLC and is not intended for the storage of the City's information. All information you will provide through SuraLink is a copy and you will maintain original documents and data as part of your records.

Engagement Administration, Fees, and Other

We understand that your employees will prepare all cash or other confirmations we request and will locate any documents selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. The Data Collection Form and the reporting package must be submitted within the earlier of 30 calendar days after receipt of the auditors' reports or nine months after the end of the audit period.

We will provide copies of our reports to the City of Gulfport, Mississippi; however, management is responsible for distribution of the reports and financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

The audit documentation for this engagement is the property of Mauldin & Jenkins and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to the Mississippi Office of the State Auditor or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Mauldin & Jenkins personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by a regulatory body. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party (ies) contesting the audit finding for guidance prior to destroying the audit documentation.

We expect to begin our audit immediately upon the completion of the September 30, 2022 audit and to issue our reports no later than July 31, 2024. David Irwin is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. Our fee for the financial and compliance audit will be $89,000 for the year ended September 30, 2023. Our fee for the Single Audit will be $8,000 per major program that is required to be audited under the Uniform Guidance. Our hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these fees will be rendered as work progresses and are payable upon presentation. The above fees are based on anticipated cooperation from your personnel (including complete and timely receipt by us of the information on the respective client participation listings) and the assumption that unexpected circumstances (including scope changes) will not be encountered during the audit. If significant additional time is necessary, we will discuss it with management and arrive at a new fee estimate before we incur the additional costs.

As a result of our prior or future services to you, we might be requested or required to provide information or documents to you or a third party in a legal, administrative, arbitration, or similar proceeding in which we are not a party. If this occurs, our efforts in complying with such requests will be deemed billable to you as a separate engagement. We shall be entitled to compensation for our time and reasonable reimbursement for our expenses (including legal fees) in complying with the request. For all requests we will observe the confidentiality requirements of our profession and will notify you promptly of the request.

Reporting

We will issue written reports upon completion of our Single Audit. Our reports will be addressed to the Honorable Mayor and Members of the City Council for the City of Gulfport, Mississippi. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs to our auditor's report, or if necessary, withdraw from this engagement. If our opinions on the financial statements or the Single Audit compliance opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue reports, or may withdraw from this engagement.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will state (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will state that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal

control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

We appreciate the opportunity to be of service to the City of Gulfport, Mississippi and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign below and return it to us.

Sincerely,

MAULDIN & JENKINS, LLC

David Irwin

RESPONSE:

This letter correctly sets forth the understanding of the City of Gulfport, Mississippi.

By: _____

Title: _____

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL APPROVING LETTER OF AGREEMENT FOR PLANNING AND CONSULTING SERVICES WITH BRIDGE AND WATSON, INC., AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to employ a consultant to perform professional and technical services in conjunction with the development of an updated Comprehensive Plan for the City of Gulfport; and

WHEREAS, Bridge and Watson, Inc., of Oxford, Mississippi, has presented its proposal of the work to be undertaken (See Exhibit "B" attached); and

WHEREAS, Bridge and Watson has agreed to perform the work outlined in the attached proposal according to the terms and conditions outlined in a proposed Letter of Agreement for Planning and Consulting Services, which is attached hereto as Exhibit "A", for consideration; and

WHEREAS, approval of the Letter of Agreement for Planning and Consulting Services between the City of Gulfport and Bridge & Watson, Inc., concerning the Comprehensive Plan is in the best interest of the City of Gulfport; and

WHEREAS, funding for this agreement shall be from the General Fund.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the proposed Letter of Agreement for Planning and Consulting Services between the City of Gulfport and Bridge & Watson, Inc., concerning the Comprehensive Plan be and the same is hereby approved, and the Mayor is hereby authorized to execute and deliver the same on behalf of the City of Gulfport, and funding for this Letter Agreement shall be from the General Fund.

SECTION 3. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES	**NAYS**	**ABSENT**

WHEREUPON, the President declared the motion carried and the Resolution adopted, this the _____ day of _____, 2024.

(SEAL)

ATTEST: **ADOPTED:**

_____ _____

CLERK OF THE COUNCIL **PRESIDENT**

The above and foregoing Resolution submitted to and approved by the Mayor, this the _____ day of _____, 2024.

RE: Comprehensive Planning

Gentlemen:

Over the last several months I have had the opportunity to speak with some of you regarding Gulfport's need and desire to put in place a new comprehensive development plan. I appreciate your reaching out to me to provide a cost estimate for a project of this nature.

As you all know, Gulfport most recently engaged in a comprehensive planning effort beginning in 2008 with a draft plan being produced in February 2010. For reasons with which I am not familiar, Gulfport never adopted this 2010 plan. Our previous discussions have surrounded the concept of getting this 2010 plan to a point of adoption. Although the task sounds simple enough, there is much more than meets the eye.

After reviewing the 2010 plan, there are substantial updates needed. For example, two census cycles have occurred since the plan was drafted. Land uses have changed over time as significant development has occurred, particularly in north Gulfport. The city now has the influence of the aquarium to consider. New regional transportation plans have been developed since 2010, and certainly, the city has commissioned other studies since 2010 that would influence the comprehensive plan.

Important to the comprehensive planning process is that of public input. The plain language of the draft plan indicates there was significant public input, but because the plan never made it to adoption, it is unclear whether there was public buy-in or other political concerns impeding the plan's ultimate adoption. Although the law only requires a public hearing prior to the adoption of a comprehensive plan, I expect some level of public engagement will be needed for this process.

One thing I have mentioned to each of you is the concern that my current workload prevents me from moving on this project very quickly. In fact, it would probably be late summer of 2023 before I could make any appreciable progress and even then, the scale of this project is significant and as such, it would move slowly. Therefore, in order to provide the City of Gulfport with the best possible services in a timely manner, I proposed to associate a colleague and fellow consulting planner, Bob Barber, AICP, with Orion Planning and Design. Although we would divide the many tasks between our firms, I want you to know that I will be involved in every aspect of the project and would serve as project manager.

From a cost standpoint, the necessary updates I mentioned above are substantial in terms of time and effort to complete and are nearly equivalent to developing a completely new plan. Although there are surely some concepts and language that can be recycled from the 2010 plan, it would be difficult to assign a value in terms of how such would impact overall project cost. From a logistics standpoint, the City is not in possession of the native word processing or mapping files from which to even begin modifying the 2010 document. Therefore, I think the safest approach for your budgeting purposes is to treat this project as though we are starting from scratch and developing an entirely new plan.

I have consulted with Bob and we both agree a start-from-scratch planning project for Gulfport could cost approximately $250,000. Because of the potential to recycle parts of the 2010 plan, together with the potential for the project to proceed more efficiently than expected, I recommend that an hourly basis billing structure be utilized (as I do for all my projects with Gulfport). This approach protects both the city and the consultants from unknowns.

If this approach is acceptable to you, then I will be glad to provide our standard letter of agreement for your review and ultimate approval by the Council. Also, we will be more than happy to come down and meet with you all and introduce you to Bob Barber.

Please let me know if you have any questions, and I look forward to hearing from you regarding our next steps.

Sincerely,
Bridge & Watson, Inc.

RE: Comprehensive Planning

Dear Jeff:

I am writing to you to provide additional information concerning the development of a new Comprehensive Plan for the City of Gulfport. I previously provided a proposal dated December 7, 2022 and subsequently you requested additional information. Specifically, you requested the following information:

1. A proposed schedule for this project with estimates of hours associated with each stage.
2. A timeline of how long this work will take along the various stages.
3. The hourly rates that would be associated with this effort.
4. What will be involved in terms of public hearings and Council involvement along the way.

I'm pleased to provide the following responses to your request for additional information. I have compiled a table that I believe contains much of the information you seek. Following the table below I provide additional information regarding your request.

City of Gulfport Comprehensive Plan Scope of Services		
Part 1: DISCOVERY AND STARTUP		
Part 1 focuses on organization and information collection. An Advisory Group should be created during this time and the plan brand introduced. The Planning team will also work with Staff to identify key stakeholders that should be engaged during the project and begin outreach to these individuals and groups as soon as possible.		
Task 1.1 – Establish Project Infrastructure		
a. Generate plan branding and project title (e.g. Envision Gulfport 2045). Existing Gulfport branding will be used as a baseline.		
b. Create project website and engagement plan.		
c. Advisory Group polling on initial priorities, perceptions and project direction.		
d. Establish plan templates. Layout and overall document design options will be presented and a basic template chosen.		
Milestone 1 – On site team Discovery orientation, introductory Advisory Group meeting to review the project, proposed schedule, results of initial committee polling and overall project sequencing, initial public engagement meeting.		
DELIVERABLES - Project branding, project calling cards, project website, document template		
Est. Cost for this Task: $10,000	**Est. Time to Complete – 1 Month**	**Est. Man Hours - 80**
Task 1.2 – Existing Plans and Studies Overview		
a. An inventory and overview of all existing and applicable plans and studies will be conducted to identify and leverage previous research and planning and strategically focus current planning. Strategic attention will be given to Gulfport's community governance organizations and structures.		
b. Develop summary of findings and conclusions.		
c. Develop and propose interim polices for critical areas needed to insure planning options until the conclusion of the planning process (i.e. interim overlay district, targeted moratorium, etc.)		
Est. Cost for this Task: $8,000	**Est. Time to Complete – 1 Month**	**Est. Man Hours - 65**
Task 1.3 – Existing Development Conditions Baseline Analysis		
a. Land use and build-out analysis - The land use and build-out analysis will establish the existing land use and development patterns in the City. Vacant Land will be identified by current zoning and capacity for future development will be forecast.		
b. Market and economic analysis - The Gulfport market and economy will be studied with emphasis on housing, current and future employment opportunity, retail market assessment, role in the region and forecast of future conditions.		
c. Demographic trends analysis - Demographic characteristics and trends will be studied to forecast likely changes in future growth trends and prospects.		
d. Mobility assessment - Gulfport's mobility systems (vehicular and non-vehicular) will be assessed to identify opportunities for connectivity, expansion or retrofit for place making.		
e. Natural environment assessment - Parks, waterfront, natural environmental features and hazardous mitigation needs will be assessed for current and future impact on development patterns, healthy functioning, and opportunity for rest and recreation.		
f. Community facilities - Gulfport community facilities, including schools, will be inventoried and assessed in the context of the city's overall development conditions.		
g. Report Synthesis - The above analysis will be synthesized into a single summary report (Power-Point format) which shall form the basis of the next phases of the project.		
DELIVERABLES – Baseline Summary Report (.ppt format) including findings and conclusions of the analysis of the components listed and a complete suite of mapping.		

Est. Cost for this Task: $62,000	Est. Time to Complete – 4 Months	Est. Man Hours - 500
Part 2: DIRECTION – VISIONING AND CONCEPT PLAN DEVELOPMENT		
Part 2 of the planning process will provide a significant opportunity for meaningful, hands-on involvement in creating the major conceptual plan components. The result of Phase 2 will be a working draft of goals, priorities, and policies as well as a concept plan that outlines future growth areas and types as well as future land use and general mobility infrastructure locations. Under the direction of staff and the Advisory Group, the Planning team will design the public engagement process from one of the two options below:		
a. Option 1 - Planning (Work Shop) Week - This on-site work session involves the presence of the planning team for approximately 4.5 days for intensive on-site community engagement and concept plan creation. The option requires strong teamwork between the city and the planning team. Typically, the city will provide the logistical arrangements, advertise the event, recruit participants and schedule the public events. The planning team will facilitate all workshops and interviews. Special effort will be made to make the meetings broadly inclusive.		
b. Option 2 - Neighborhood or area meeting series - In option 2, a series of three neighborhood or area meetings will be conducted to review the baseline report and to engage participants in hands-on planning of Gulfport. At the conclusion of the meeting series, results will be aggregated and reported back to the Advisory Group.		
Milestone 2 – Opening public engagement meeting, Advisory Group meeting, closing public engagement meeting.		
DELIVERABLES – Vision, Goals and Concept Plan		
Est. Cost for this Task: $93,000	**Est. Time to Complete – 6 Months**	**Est. Man Hours - 500**
Part 3: DESIGN-PLAN CREATION		
Part 3 involves the creation of the detailed comprehensive plan based on all previous steps of the process.		
a. Completion of draft plan - A draft plan to include community vision and planning principles, future land use and place types, and future mobility will be created incorporating and addressing project objectives.		
b. Review and Edits - Once submitted, the plan will be reviewed by staff and "red lined" for edits and adjustments. Edits will be returned to the planning team in a single red lined PDF.		
Milestone 3 – Advisory Group meeting to present the draft plan.		
DELIVERABLES – Draft Plan		
Est. Cost for this Task: $52,000	**Est. Time to Complete – 4 Months**	**Est. Man Hours - 420**
Part 4: IMPLEMENTATION		
Part 4 consists of creating the implementation component of the plan and the plan's adoption.		
a. Implementation strategies - Detailed strategies will be created that address how the plan is to be implemented. Provisions will include recommendations on policy with emphasis on recommended zoning amendments, catalytic projects, and best practices in the development process. Performance metrics will also be included.		
b. Public comment, final review and edits - The plan will be reviewed to incorporate final edits. Edits will be returned to the team in a single red lined PDF.		
DELIVERABLES – Final Plan		
a. Presentation to Planning Commission		
b. Presentation to City Council		
Est. Cost for this Task: $25,000	**Est. Time to Complete – 2 Months**	**Est. Man Hours - 200**

1. **Proposed schedule for this project with estimates of hours associated with each stage** and
2. **A timeline of how long this work will take along the various stages.**

In my previous correspondence I mentioned associating my colleague Mr. Bob Bober, FAICP to assist with this project. Bob and I both have heavy workloads and would not be able to begin the project until late Spring, 2024. Of course, some preliminary data gathering could be underway before then.

In the table above I provide an estimated time in months to complete each of the major tasks. Once we begin the project we anticipate progressing steadily until the project is complete. We expect this project to take 18 months to complete. As you can understand, there are elements of the project that we cannot control from a timing standpoint, such as the timeliness of responses to data requests or comment periods. Hopefully there will be no external influences that impact the timing.

Regarding the estimate of the number of hours associated with each stage of this project, I have included in the table above an estimate of the number of manhours necessary to complete the work.

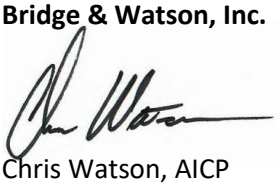
3. **The hourly rates that would be associated with this effort.**

There are several employees associated with my firm and likewise Bob's firm has a number of employees. Thus, a variety of hourly rates will be associated with this project. The hourly rates of the various positions that would be involved in this project are:

Bridge & Watson, Inc.:
- Principal Planner - $175/hr.
- Associate Planner - $125/hr.
- Assistant Planner - $85/hr.
- Planning Technician - $60/hr.

Mr. Bob Barber (Orion Planning & Design):
- Partner - $175/hr.
- Senior Planner - $125/hr.
- Junior Planner - $80/hr.

4. **What will be involved in terms of public hearings and Council involvement along the way?**



We want the Council to be very involved in this planning process. Note in Part 1 we recommend the creation of an Advisory Group. We certainly expect the Councilmembers to have input as to the membership of the Advisory Group, and in fact we welcome Councilmembers to serve on the Advisory Group. However, we do not want to create a situation that may violate the Open Meetings Act. Council input will be very important as perhaps no one has as much cross sectional information about the communities of the city than Councilmembers. In short, Councilmembers can be as involved as they like.

Part 2 of the scope of services offers two forms of public engagement: a weeklong workshop or three neighborhood meetings. Either of these choices will involve public participation in a workshop format as opposed to a formal public hearing. Additionally, part 4 of the scope of services provides for the formal public hearing that is required by law.

Public engagement is a critically important step in developing a successful long-range plan. Public buy-in is the goal of public engagement, and having public support for the plan provides support to the Council going forward in implementing the plan.

I hope this information is helpful to you. Should you need anything further please don't hesitate to contact me.

Sincerely,
Bridge & Watson, Inc.

Chris Watson, AICP

LETTER OF AGREEMENT FOR
PLANNING AND CONSULTING SERVICES

THIS AGREEMENT is entered into by and between **BRIDGE & WATSON, INC.**, hereinafter called the CONSULTANT and **CITY OF GULFPORT, MISSISSIPPI,** hereinafter called the CITY.

1. The CITY does hereby employ the CONSULTANT to perform professional and technical services for: PREPARATION OF A COMPREHENSIVE PLAN AS DEFINED BY MISS. CODE ANN. 17-1-1.

2. The CONSULTANT hereby agrees to perform the above services in a diligent and competent manner in accordance with the standards applicable to this work. It is also acknowledged that this is a professional services agreement in which CONSULTANT shall at all times be acting as and considered an independent contractor (or independent contractors) with the City and not an employee or employees of the City or any of the City's servants, agents, or representatives.

3. The CITY shall compensate the CONSULTANT for professional services as stated below plus direct reimbursement of out-of-pocket expenses including travel, per diem expenses for personnel, purchased information and services, copies, graphic materials and other necessary expenses. The CITY acknowledges that this project will be undertaken as a joint effort between the CONSULTANT and Orion Planning and Design and their associates as subconsultants. Further, the CITY acknowledges that fees and expenses of the subconsultants will be billed to the CITY through the CONSULTANT.

4. The project approach, scope of work and estimated cost is identified in a proposal dated December 7, 2022, and a supplemental proposal dated January 8, 2024, both of which have been previously provided to the CITY are incorporated herein.

5. The CONSULTANT will submit monthly or periodic invoices to the CITY requesting payment. Such requests will be based upon the amount and value of work and services performed by the CONSULTANT and subconsultant and will be accompanied by an itemized statement of work performed. The CITY shall pay the CONSULTANT the total amount of the invoice within forty-five (45) days after receipt of the invoice. Nonpayment or payment less than the amount of the invoice within the specified time shall be cause for suspension of work by the CONSULTANT. The invoices will be based on the following rate schedule:

Hourly Rates for Bridge & Watson, Inc.:

Principal Planner:	$175.00/hr.
Associate Planner:	$125.00/hr.
Assistant Planner I:	$ 85.00/hr.
Planning Technician:	$ 60.00/hr.

Hourly Rates for Orion Planning and Design:

Partner:	$175.00/hr.
Senior Planner:	$125.00/hr.
Junior Planner:	$ 80.00/hr.

Miles driven will be billed based upon IRS standard business mileage rate.

6. The CITY may terminate or re-negotiate this letter of agreement at any time with written notification to the CONSULTANT. Termination or re-negotiation shall not relieve the CITY of any time or expenses accrued against the project at the time of termination or re-negotiation.

7. Any reports, information, data, memoranda, or documents in any form, electronic or otherwise, prepared or assembled by the CONSULTANT under this agreement shall be the property of the CITY, even if remaining with the CONSULTANT, and the CONSULTANT shall maintain confidential all of such information unless specifically authorized in writing by the CITY through its Mayor or Attorney.

8. The CITY'S point of contact with respect to this Agreement shall be the Director of Urban Development, Post Office Box 1780, Gulfport, Mississippi 39502; 2220 15th Street, Gulfport, Mississippi 39501; (228) 868-5790.

9. This Agreement shall take full force and effect only after it is approved by the Governing Authority for the CITY and signed by its duly authorized representative and the CONSULTANT.

LETTER OF AGREEMENT FOR
PLANNING AND CONSULTING SERVICES

THIS AGREEMENT is entered into by and between **BRIDGE & WATSON, INC.**, hereinafter called the CONSULTANT and **CITY OF GULFPORT, MISSISSIPPI,** hereinafter called the CITY.

1. The CITY does hereby employ the CONSULTANT to perform professional and technical services for: PREPARATION OF A COMPREHENSIVE PLAN AS DEFINED BY MISS. CODE ANN. 17-1-1.

2. The CONSULTANT hereby agrees to perform the above services in a diligent and competent manner in accordance with the standards applicable to this work. It is also acknowledged that this is a professional services agreement in which CONSULTANT shall at all times be acting as and considered an independent contractor (or independent contractors) with the City and not an employee or employees of the City or any of the City's servants, agents, or representatives.

3. The CITY shall compensate the CONSULTANT for professional services as stated below plus direct reimbursement of out-of-pocket expenses including travel, per diem expenses for personnel, purchased information and services, copies, graphic materials and other necessary expenses. The CITY acknowledges that this project will be undertaken as a joint effort between the CONSULTANT and Orion Planning and Design and their associates as subconsultants. Further, the CITY acknowledges that fees and expenses of the subconsultants will be billed to the CITY through the CONSULTANT.

4. The project approach, scope of work and estimated cost is identified in a proposal dated December 7, 2022, and a supplemental proposal dated January 8, 2024, both of which have been previously provided to the CITY are incorporated herein.

5. The CONSULTANT will submit monthly or periodic invoices to the CITY requesting payment. Such requests will be based upon the amount and value of work and services performed by the CONSULTANT and subconsultant and will be accompanied by an itemized statement of work performed. The CITY shall pay the CONSULTANT the total amount of the invoice within forty-five (45) days after receipt of the invoice. Nonpayment or payment less than the amount of the invoice within the specified time shall be cause for suspension of work by the CONSULTANT. The invoices will be based on the following rate schedule:

Hourly Rates for Bridge & Watson, Inc.:

Principal Planner:	$175.00/hr.
Associate Planner:	$125.00/hr.
Assistant Planner I:	$ 85.00/hr.
Planning Technician:	$ 60.00/hr.

Hourly Rates for Orion Planning and Design:

Partner:	$175.00/hr.
Senior Planner:	$125.00/hr.
Junior Planner:	$ 80.00/hr.

Miles driven will be billed based upon IRS standard business mileage rate.

6. The CITY may terminate or re-negotiate this letter of agreement at any time with written notification to the CONSULTANT. Termination or re-negotiation shall not relieve the CITY of any time or expenses accrued against the project at the time of termination or re-negotiation.

7. Any reports, information, data, memoranda, or documents in any form, electronic or otherwise, prepared or assembled by the CONSULTANT under this agreement shall be the property of the CITY, even if remaining with the CONSULTANT, and the CONSULTANT shall maintain confidential all of such information unless specifically authorized in writing by the CITY through its Mayor or Attorney.

8. The CITY'S point of contact with respect to this Agreement shall be the Director of Urban Development, Post Office Box 1780, Gulfport, Mississippi 39502; 2220 15th Street, Gulfport, Mississippi 39501; (228) 868-5790.

RE: Comprehensive Planning

Gentlemen:

Over the last several months I have had the opportunity to speak with some of you regarding Gulfport's need and desire to put in place a new comprehensive development plan. I appreciate your reaching out to me to provide a cost estimate for a project of this nature.

As you all know, Gulfport most recently engaged in a comprehensive planning effort beginning in 2008 with a draft plan being produced in February 2010. For reasons with which I am not familiar, Gulfport never adopted this 2010 plan. Our previous discussions have surrounded the concept of getting this 2010 plan to a point of adoption. Although the task sounds simple enough, there is much more than meets the eye.

After reviewing the 2010 plan, there are substantial updates needed. For example, two census cycles have occurred since the plan was drafted. Land uses have changed over time as significant development has occurred, particularly in north Gulfport. The city now has the influence of the aquarium to consider. New regional transportation plans have been developed since 2010, and certainly, the city has commissioned other studies since 2010 that would influence the comprehensive plan.

Important to the comprehensive planning process is that of public input. The plain language of the draft plan indicates there was significant public input, but because the plan never made it to adoption, it is unclear whether there was public buy-in or other political concerns impeding the plan's ultimate adoption. Although the law only requires a public hearing prior to the adoption of a comprehensive plan, I expect some level of public engagement will be needed for this process.

One thing I have mentioned to each of you is the concern that my current workload prevents me from moving on this project very quickly. In fact, it would probably be late summer of 2023 before I could make any appreciable progress and even then, the scale of this project is significant and as such, it would move slowly. Therefore, in order to provide the City of Gulfport with the best possible services in a timely manner, I proposed to associate a colleague and fellow consulting planner, Bob Barber, AICP, with Orion Planning and Design. Although we would divide the many tasks between our firms, I want you to know that I will be involved in every aspect of the project and would serve as project manager.

From a cost standpoint, the necessary updates I mentioned above are substantial in terms of time and effort to complete and are nearly equivalent to developing a completely new plan. Although there are surely some concepts and language that can be recycled from the 2010 plan, it would be difficult to assign a value in terms of how such would impact overall project cost. From a logistics standpoint, the City is not in possession of the native word processing or mapping files from which to even begin modifying the 2010 document. Therefore, I think the safest approach for your budgeting purposes is to treat this project as though we are starting from scratch and developing an entirely new plan.

I have consulted with Bob and we both agree a start-from-scratch planning project for Gulfport could cost approximately $250,000. Because of the potential to recycle parts of the 2010 plan, together with the potential for the project to proceed more efficiently than expected, I recommend that an hourly basis billing structure be utilized (as I do for all my projects with Gulfport). This approach protects both the city and the consultants from unknowns.

If this approach is acceptable to you, then I will be glad to provide our standard letter of agreement for your review and ultimate approval by the Council. Also, we will be more than happy to come down and meet with you all and introduce you to Bob Barber.

Please let me know if you have any questions, and I look forward to hearing from you regarding our next steps.

Sincerely,
Bridge & Watson, Inc.

RE: Comprehensive Planning

Dear Jeff:

I am writing to you to provide additional information concerning the development of a new Comprehensive Plan for the City of Gulfport. I previously provided a proposal dated December 7, 2022 and subsequently you requested additional information. Specifically, you requested the following information:

1. A proposed schedule for this project with estimates of hours associated with each stage.
2. A timeline of how long this work will take along the various stages.
3. The hourly rates that would be associated with this effort.
4. What will be involved in terms of public hearings and Council involvement along the way.

I'm pleased to provide the following responses to your request for additional information. I have compiled a table that I believe contains much of the information you seek. Following the table below I provide additional information regarding your request.

Post Office Box 1482 ▪ 507 Heritage Dr., Ste. 201 ▪ Oxford, Mississippi 38655
Phone: (662) 234-0958 ▪ Fax: (662) 234-0997

City of Gulfport Comprehensive Plan Scope of Services		
Part 1: DISCOVERY AND STARTUP		
Part 1 focuses on organization and information collection. An Advisory Group should be created during this time and the plan brand introduced. The Planning team will also work with Staff to identify key stakeholders that should be engaged during the project and begin outreach to these individuals and groups as soon as possible.		
Task 1.1 – Establish Project Infrastructure		
a. Generate plan branding and project title (e.g. Envision Gulfport 2045). Existing Gulfport branding will be used as a baseline.		
b. Create project website and engagement plan.		
c. Advisory Group polling on initial priorities, perceptions and project direction.		
d. Establish plan templates. Layout and overall document design options will be presented and a basic template chosen.		
Milestone 1 – On site team Discovery orientation, introductory Advisory Group meeting to review the project, proposed schedule, results of initial committee polling and overall project sequencing, initial public engagement meeting.		
DELIVERABLES - Project branding, project calling cards, project website, document template		
Est. Cost for this Task: $10,000	**Est. Time to Complete – 1 Month**	**Est. Man Hours - 80**
Task 1.2 – Existing Plans and Studies Overview		
a. An inventory and overview of all existing and applicable plans and studies will be conducted to identify and leverage previous research and planning and strategically focus current planning. Strategic attention will be given to Gulfport's community governance organizations and structures.		
b. Develop summary of findings and conclusions.		
c. Develop and propose interim polices for critical areas needed to insure planning options until the conclusion of the planning process (i.e. interim overlay district, targeted moratorium, etc.)		
Est. Cost for this Task: $8,000	**Est. Time to Complete – 1 Month**	**Est. Man Hours - 65**
Task 1.3 – Existing Development Conditions Baseline Analysis		
a. Land use and build-out analysis - The land use and build-out analysis will establish the existing land use and development patterns in the City. Vacant Land will be identified by current zoning and capacity for future development will be forecast.		
b. Market and economic analysis - The Gulfport market and economy will be studied with emphasis on housing, current and future employment opportunity, retail market assessment, role in the region and forecast of future conditions.		
c. Demographic trends analysis - Demographic characteristics and trends will be studied to forecast likely changes in future growth trends and prospects.		
d. Mobility assessment - Gulfport's mobility systems (vehicular and non-vehicular) will be assessed to identify opportunities for connectivity, expansion or retrofit for place making.		
e. Natural environment assessment - Parks, waterfront, natural environmental features and hazardous mitigation needs will be assessed for current and future impact on development patterns, healthy functioning, and opportunity for rest and recreation.		
f. Community facilities - Gulfport community facilities, including schools, will be inventoried and assessed in the context of the city's overall development conditions.		
g. Report Synthesis - The above analysis will be synthesized into a single summary report (Power-Point format) which shall form the basis of the next phases of the project.		
DELIVERABLES – Baseline Summary Report (.ppt format) including findings and conclusions of the analysis of the components listed and a complete suite of mapping.		

Est. Cost for this Task: $62,000	Est. Time to Complete – 4 Months	Est. Man Hours - 500
Part 2: DIRECTION – VISIONING AND CONCEPT PLAN DEVELOPMENT		
Part 2 of the planning process will provide a significant opportunity for meaningful, hands-on involvement in creating the major conceptual plan components. The result of Phase 2 will be a working draft of goals, priorities, and policies as well as a concept plan that outlines future growth areas and types as well as future land use and general mobility infrastructure locations. Under the direction of staff and the Advisory Group, the Planning team will design the public engagement process from one of the two options below:		
a. Option 1 - Planning (Work Shop) Week - This on-site work session involves the presence of the planning team for approximately 4.5 days for intensive on-site community engagement and concept plan creation. The option requires strong teamwork between the city and the planning team. Typically, the city will provide the logistical arrangements, advertise the event, recruit participants and schedule the public events. The planning team will facilitate all workshops and interviews. Special effort will be made to make the meetings broadly inclusive.		
b. Option 2 - Neighborhood or area meeting series - In option 2, a series of three neighborhood or area meetings will be conducted to review the baseline report and to engage participants in hands-on planning of Gulfport. At the conclusion of the meeting series, results will be aggregated and reported back to the Advisory Group.		
Milestone 2 – Opening public engagement meeting, Advisory Group meeting, closing public engagement meeting.		
DELIVERABLES – Vision, Goals and Concept Plan		
Est. Cost for this Task: $93,000	**Est. Time to Complete – 6 Months**	**Est. Man Hours - 500**
Part 3: DESIGN-PLAN CREATION		
Part 3 involves the creation of the detailed comprehensive plan based on all previous steps of the process.		
a. Completion of draft plan - A draft plan to include community vision and planning principles, future land use and place types, and future mobility will be created incorporating and addressing project objectives.		
b. Review and Edits - Once submitted, the plan will be reviewed by staff and "red lined" for edits and adjustments. Edits will be returned to the planning team in a single red lined PDF.		
Milestone 3 – Advisory Group meeting to present the draft plan.		
DELIVERABLES – Draft Plan		
Est. Cost for this Task: $52,000	**Est. Time to Complete – 4 Months**	**Est. Man Hours - 420**
Part 4: IMPLEMENTATION		
Part 4 consists of creating the implementation component of the plan and the plan's adoption.		
a. Implementation strategies - Detailed strategies will be created that address how the plan is to be implemented. Provisions will include recommendations on policy with emphasis on recommended zoning amendments, catalytic projects, and best practices in the development process. Performance metrics will also be included.		
b. Public comment, final review and edits - The plan will be reviewed to incorporate final edits. Edits will be returned to the team in a single red lined PDF.		
DELIVERABLES – Final Plan		
a. Presentation to Planning Commission		
b. Presentation to City Council		
Est. Cost for this Task: $25,000	**Est. Time to Complete – 2 Months**	**Est. Man Hours - 200**

1. **Proposed schedule for this project with estimates of hours associated with each stage** and
2. **A timeline of how long this work will take along the various stages.**

In my previous correspondence I mentioned associating my colleague Mr. Bob Bober, FAICP to assist with this project. Bob and I both have heavy workloads and would not be able to begin the project until late Spring, 2024. Of course, some preliminary data gathering could be underway before then.

In the table above I provide an estimated time in months to complete each of the major tasks. Once we begin the project we anticipate progressing steadily until the project is complete. We expect this project to take 18 months to complete. As you can understand, there are elements of the project that we cannot control from a timing standpoint, such as the timeliness of responses to data requests or comment periods. Hopefully there will be no external influences that impact the timing.

Regarding the estimate of the number of hours associated with each stage of this project, I have included in the table above an estimate of the number of manhours necessary to complete the work.

3. **The hourly rates that would be associated with this effort.**

There are several employees associated with my firm and likewise Bob's firm has a number of employees. Thus, a variety of hourly rates will be associated with this project. The hourly rates of the various positions that would be involved in this project are:

Bridge & Watson, Inc.:
- Principal Planner - $175/hr.
- Associate Planner - $125/hr.
- Assistant Planner - $85/hr.
- Planning Technician - $60/hr.

Mr. Bob Barber (Orion Planning & Design):
- Partner - $175/hr.
- Senior Planner - $125/hr.
- Junior Planner - $80/hr.

4. **What will be involved in terms of public hearings and Council involvement along the way?**

We want the Council to be very involved in this planning process. Note in Part 1 we recommend the creation of an Advisory Group. We certainly expect the Councilmembers to have input as to the membership of the Advisory Group, and in fact we welcome Councilmembers to serve on the Advisory Group. However, we do not want to create a situation that may violate the Open Meetings Act. Council input will be very important as perhaps no one has as much cross sectional information about the communities of the city than Councilmembers. In short, Councilmembers can be as involved as they like.

Part 2 of the scope of services offers two forms of public engagement: a weeklong workshop or three neighborhood meetings. Either of these choices will involve public participation in a workshop format as opposed to a formal public hearing. Additionally, part 4 of the scope of services provides for the formal public hearing that is required by law.

Public engagement is a critically important step in developing a successful long-range plan. Public buy-in is the goal of public engagement, and having public support for the plan provides support to the Council going forward in implementing the plan.

I hope this information is helpful to you. Should you need anything further please don't hesitate to contact me.

Sincerely,
Bridge & Watson, Inc.

Chris Watson, AICP

CC: Mr. Bob Barber, FAICP

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

RESOLUTION APPROVING MEMORANDUM OF AGREEMENT WITH THE MISSISSIPPI COAST TRANSPORTATION AUTHORITY, MEMORIAL HOSPITAL AT GULFPORT, AND HARRISON COUNTY, MISSISSIPPI REGARDING SUBMISSION OF APPLICATION TO THE US DEPARTMENT OF TRANSPORTATION, FEDERAL HIGHWAY ADMINISTRATION, FOR GRANT FUNDING FROM THE REBUILDING AMERICAN INFRASTRUCTURE WITH SUSTAINABILITY AND EQUITY (RAISE) GRANT PROGRAM, AND FOR RELATED PURPOSES

WHEREAS, the US Department of Transportation, Federal Highway Administration, has solicited projects for funding through the Rebuilding American Infrastructure with Sustainability and Equity ("RAISE") Grant Program that was established by Congress to help communities build transportation projects that have significant local or regional impact and improve safety and equity; and

WHEREAS, the Mississippi Coast Transportation Authority ("CTA"), a political subdivision of the State of Mississippi pursuant to *Miss. Code Ann.* § 21-27-11, *et seq.*, as amended, aspires to extend its fixed route bus services westward and, in order to accomplish that stated goal, a transportation related intermodal facility at or near property owned, managed, operated and overseen by Memorial Hospital at Gulfport ("Hospital"), a Community Hospital existing under the laws of the State of Mississippi and providing medical services to residents of the City and Harrison County, would serve as a pivotal connection point where the CTA's existing western route (CTA Route #38), which serves the Hospital, would intersect with new routes catering to the west; and

WHEREAS, the contemplated intermodal facility's design is intended to facilitate smooth passenger transfers between buses, accommodating brief overlaps in their schedules; and

WHEREAS, additionally, the proposed intermodal facility is intended to support a hospital campus bus circulator, enhancing the overall accessibility at and to and from the Hospital; and

WHEREAS, the CTA's requirements at the intermodal facility would include an indoor passenger waiting area, equipped with benches and restrooms; and

WHEREAS, this facility is envisioned to also be available to Hospital patients and patrons needing access to the campus bus circulator, which would provide dual functionality that not only optimizes space but also aligns with the overall utility of the transit hub, making it a vital component of the intermodal facility (the "Project"); and

WHEREAS, the CTA has proposed to accomplish the passenger transportation project with funds obtained via a RAISE Grant from the U. S. Department of Transportation; and

WHEREAS, the CTA will take the lead role in the design and construction of the project, aimed at enhancing the experience of the City's and County's residents, visitors, and tourists, and those seeking or receiving services at the Hospital; and

WHEREAS, to ensure the project's long-term success and sustainability, a cooperative agreement or similar type instrument will be established between the Hospital and the CTA for ongoing maintenance, support, and funding responsibilities, structured to operate independently of and without financial contributions from the City and County; and

WHEREAS, in recognition and consideration of the benefit and significant positive impact the project and its construction will have on the City, some of which will include the enhancement of the medical facilities located within the City as well as the enhancement of public transportation on the City's west side, the City, Harrison County, Mississippi, a political subdivision of the State of Mississippi, the Hospital and CTA desire to enter into a Memorandum of Agreement to establish the duties and obligations of each party with respect to the aforementioned Project and to serve as a means to apply for RAISE grant funding in support of such a CTA intermodal facility located on property owned by the Hospital; and

WHEREAS, it is believed to be in the best interests of the City to enter into such a Memorandum of Agreement with the CTA, the Hospital, and Harrison County, in substantial form as is attached hereto as Exhibit "A."

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the Memorandum of Agreement attached hereto as Exhibit "A" be and the same is hereby approved and the Mayor (or his designee) is authorized to execute and deliver the same on behalf of the City of Gulfport.

Section 3. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and ready by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

MEMORANDUM OF AGREEMENT AMONG THE MISSISSIPPI COAST TRANSPORTATION AUTHORITY, MEMORIAL HOSPITAL AT GULFPORT, HARRISON COUNTY, MISSISSIPPI, AND THE CITY OF GULFPORT, MISSISSIPPI CONCERNING CERTAIN TRANSPORTATION IMPROVEMENTS ON PROPERTY OWNED BY MEMORIAL HOSPITAL AT GULFPORT, AND FOR OTHER RELATED PURPOSES

THIS MEMORANDUM OF AGREEMENT is entered into on the dates hereinafter set forth by and among the MISSISSIPPI COAST TRANSPORTATION AUTHORITY d/b/a COAST TRANSIT AUTHORITY, a political subdivision of the State of Mississippi pursuant to Miss. Code Ann. § 21-27-11, *et seq.*, as amended, (herein the "CTA"), MEMORIAL HOSPITAL AT GULFPORT, a Community Hospital established and existing under the laws of the State of Mississippi (herein the "Hospital"), HARRISON COUNTY, MISSISSIPPI, a political subdivision of the State of Mississippi pursuant to Miss. Code Ann. § 19-1-47, *et seq.*, as amended, (herein the "County"), and the CITY OF GULFPORT, MISSISSIPPI, a municipal corporation organized and existing according to the laws of the State of Mississippi (herein the "City") for the purposes and on the terms and conditions, and under the authority hereinafter set forth:

WHEREAS, the Hospital owns, manages, operates, and oversees numerous parking and transportation related facilities on property owned by the Hospital; and

WHEREAS, CTA aspires to extend its fixed route bus services westward and, in order to accomplish that stated goal, a transportation related intermodal facility at or near property owned, managed, operated and overseen by the Hospital has been assessed to serve as a pivotal

connection point where the CTA's existing western route (CTA Route #38), which serves the Hospital, would intersect with new routes catering to the west; and

WHEREAS, the design of such an intermodal facility would be intended to facilitate smooth passenger transfers between buses, accommodating brief overlaps in their schedules; and

WHEREAS, additionally, the proposed intermodal facility would look to support a hospital campus bus circulator, enhancing the overall accessibility at and to and from the Hospital; and

WHEREAS, the CTA's requirements at the intermodal facility would include a modest, indoor passenger waiting area, equipped with benches and restrooms; and

WHEREAS, this facility could also be utilized by Hospital patients and visitors needing access to the campus bus circulator, thereby providing dual functionality that not only optimizes space but also aligns with the overall utility of the transit hub, making it a vital component of the intermodal facility (herein, the "Project"); and

WHEREAS, the CTA has proposed to support the passenger transportation project with funds obtained via a RAISE Grant from the U. S. Department of Transportation; and

WHEREAS, the CTA will take the lead role in the design and construction of the Project, aimed at enhancing the experience of the City's and County's residents, visitors, and tourists, as well as patients and visitors to the Hospital; and

WHEREAS, to ensure the Project's long-term success and sustainability, a written cooperative or similar type formal agreement will ultimately be established between the Hospital and the CTA for ongoing maintenance, support, and funding responsibilities associated with the completed Project, structured to operate independently of and without financial contributions from the City and County; and

WHEREAS, it is expressly understood that the construction, operation, and maintenance of the Project will proceed without financial obligations from the City and County, underscoring the commitment of the Hospital and the CTA to manage the Project's financial responsibilities independently; and

WHEREAS, in recognition and consideration of the benefit and significant positive impact the Project and its construction will have on the respective parties, to include the enhancement of medical facilities located within the City and County as well as the enhancement of public transportation on the City's west side, the parties do find that it is in their respective best interests to enter into this Memorandum of Agreement on the terms and conditions set forth in this Agreement.

NOW THEREFORE, for the purposes hereinabove recited, the parties covenant and agree to enter into this agreement in order to effectuate the above stated purposes, recitations, understandings, and agreements.

1. **Terms of Agreement**. The parties agree that the above stated purposes, recitations, and understandings and the provisions herein encapsulate the terms of this Memorandum of Agreement. It is specifically acknowledged and agreed that the CTA shall lead the design and construction phases of the Project, with a separate written cooperative or similar type of formal agreement or agreements to be established between the Hospital and the CTA for any shared responsibilities involving the design and construction phases of the Project as well as for shared responsibilities among the Hospital and the CTA for maintenance, support, and funding post-completion, ensuring the Project's ongoing success and sustainability. Such agreement(s) will, among other things, detail the commitment of both said parties to manage these aspects without requiring financial contributions from the City and the County. It is further agreed that the parties hereto shall reasonably cooperate concerning efforts by the CTA and the Hospital to seek, request, or apply for funding in the names of such parties associated with the design, construction, oversight, and maintenance of the Project as well as for maintenance and operation of the facility and infrastructure contemplated to be completed as part of the Project, with such efforts to include, but not be limited to, grant funding applications submitted to federal and/or state agencies and other steps in the process to conclude the Project, with the similar understanding and agreement that these efforts will not require or result in financial contributions from the City or the County and that such assistance shall not be interpreted or construed to conflict with grants sought or received from the same or similar funding sources for other projects independently pursued by the City and/or the County.

2. **Term; Effective Date**. This Memorandum of Agreement shall be in full force and effect for a period commencing on the effective date hereof, as hereinafter provided, and running until October 31, 2070. The Effective Date hereof shall be the last date on which the following required events are completed: approval and execution of the Memorandum of Agreement by Resolution or Order adopted by the governing authorities of the CTA, the Hospital, the County, and the City.

3. **Amendments**. This Memorandum of Agreement may be amended by mutual consent of the parties hereto in writing and duly authorized by each parties' Governing Authority.

4. **Notices**. Official notice to the parties shall be to the mailing addresses identified below unless a change of address is provided to the parties in writing. Notice to the City shall be to: Mayor, City of Gulfport, 2309 15th Street, Gulfport, Mississippi 39501 with a courtesy copy to City Attorney at the same address. Notice to the CTA shall be provided to: Executive Director, Coast Transit Authority, 333 Debuys Road, Gulfport, Mississippi 39507. Notice to the County shall be provided to: County Administrator, Harrison County, Gulfport, Mississippi 39501. Notice to the Hospital shall be provided to: _____, Gulfport, Mississippi 39501. All official notices shall be in writing and served by First Class United States Mail, postage prepaid, or by hand delivery.

5. **Severance of Provisions**. In the event any provision or part of this Memorandum of Agreement shall be rendered or determined by any court of competent jurisdiction to be legally unenforceable, without legal authority, or in violation of any law or court decision, such provision or part shall be severed herefrom, and all remaining provisions and parts shall continue in full force and effect.

6. **Captions**. The captions, titles, or headings of each section or subsection hereof are included for identification purposes only and shall not control the context or interpretation of the section or subsection that it identifies.

7. **Counterparts**. This Memorandum of Agreement may be executed in more than one (1) counterpart, each of which shall constitute an original.

8. **Effect of Agreement**. Nothing in this Memorandum of Agreement waives, nullifies, rescinds, eliminates, or reduces in any way any immunity or exemption from liability afforded the parties under state or federal constitutional, statutory, or common law. It is further acknowledged and understood by the parties that nothing in this Memorandum of Agreement is meant or intended to convey, sell, or transfer any interest in land or title in or to any of the parties hereto or in or to anyone else and this Agreement therefore does not convey, sell, or transfer any such interests of any of the parties to anyone. In addition, if this Memorandum of Agreement or any part thereof is determined by any court of competent jurisdiction to violate any restrictions on title or restrictions or conditions associated with use concerning any properties in which any of the parties have any interest and which would operate so as to revert title or use of the property to anyone other than the respective party (or parties) hereto, then this Memorandum of Agreement shall then be void and of no effect.

9. **Liabilities**. Any liabilities, claims, demands, and actions arising out of and during the performance of this Memorandum of Agreement will be determined according to applicable laws. CTA and/or its contractors (and not the Hospital, County, or City) will be responsible for any and all claims, demands, actions, and liabilities arising out of the design, construction, and placement of the infrastructure and improvements described in this Memorandum of Agreement or otherwise contemplated herein and for any and all claims, demands, actions, and liabilities arising out of the use of the same during the term of this Agreement. Nothing in this Memorandum of Agreement in any way waives, nullifies, or limits any immunities afforded to or provided the parties under any statutory or decisional law or constitutional provision.

10. **Compliance with Applicable Regulations and Laws; Approval of Situs/Locations**. CTA acknowledges and understands that all parking and transportation infrastructure and improvements to be constructed by or on behalf of the CTA and of which it will have oversight, maintenance, or control and to be located on, over, above, or under property owned in whole or part by the Hospital, will be designed, constructed, and maintained in accordance with applicable and governing standards, regulations, and laws. CTA further acknowledges and agrees that the Hospital shall approve the location and situs of all infrastructure and improvements to be constructed or otherwise located on, above, or under any properties owned in whole or part by the Hospital. At present, the locations of the contemplated parking and transportation infrastructure and improvements are set out and shown in Exhibit "A" attached hereto, which locations are approved by the Hospital herein. Any changes to these locations must be pre-approved by the Hospital and incorporated as an addendum hereto. CTA further acknowledges that it shall comply with all regulations and laws applicable to the design, construction, placement, oversight, and maintenance of the Project and that nothing in this Agreement is meant to limit, waive, or nullify any of the same.

11. **Relationship of the Parties**. The parties agree and acknowledge that this Memorandum of Agreement does not create any separate legal or administrative entity, nor does it create any partnership, joint venture, or contractual relationship or any other or similar type relationship among them with respect to the CTA's design or construction of the parking and transportation infrastructure or improvements contemplated herein or with respect to the oversight, maintenance, or control of the same. It is further understood and agreed that the City, the County, the Hospital and the CTA are not an agent or representative of one or any of the parties hereto.

12. **Governing Law**. This Memorandum of Agreement will be construed in accordance with the laws of the State of Mississippi.

13. **Authority**. Actions taken by the parties with respect to approval and execution of this Memorandum of Agreement shall be by Resolution, Order, or Motion by the Governing Authority for each party.

WITNESS OUR SIGNATURES as duly authorized for, and on behalf of these parties on the dates indicated below.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

RESOLUTION APPROVING MEMORANDUM OF AGREEMENT WITH THE MISSISSIPPI COAST TRANSPORTATION AUTHORITY, MEMORIAL HOSPITAL AT GULFPORT, AND HARRISON COUNTY, MISSISSIPPI REGARDING SUBMISSION OF APPLICATION TO THE US DEPARTMENT OF TRANSPORTATION, FEDERAL HIGHWAY ADMINISTRATION, FOR GRANT FUNDING FROM THE REBUILDING AMERICAN INFRASTRUCTURE WITH SUSTAINABILITY AND EQUITY (RAISE) GRANT PROGRAM, AND FOR RELATED PURPOSES

WHEREAS, the US Department of Transportation, Federal Highway Administration, has solicited projects for funding through the Rebuilding American Infrastructure with Sustainability and Equity ("RAISE") Grant Program that was established by Congress to help communities build transportation projects that have significant local or regional impact and improve safety and equity; and

WHEREAS, the Mississippi Coast Transportation Authority ("CTA"), a political subdivision of the State of Mississippi pursuant to *Miss. Code Ann.* § 21-27-11, *et seq.*, as amended, aspires to extend its fixed route bus services westward and, in order to accomplish that stated goal, a transportation related intermodal facility at or near property owned, managed, operated and overseen by Memorial Hospital at Gulfport ("Hospital"), a Community Hospital existing under the laws of the State of Mississippi and providing medical services to residents of the City and Harrison County, would serve as a pivotal connection point where the CTA's existing western route (CTA Route #38), which serves the Hospital, would intersect with new routes catering to the west; and

WHEREAS, the contemplated intermodal facility's design is intended to facilitate smooth passenger transfers between buses, accommodating brief overlaps in their schedules; and

WHEREAS, additionally, the proposed intermodal facility is intended to support a hospital campus bus circulator, enhancing the overall accessibility at and to and from the Hospital; and

WHEREAS, the CTA's requirements at the intermodal facility would include an indoor passenger waiting area, equipped with benches and restrooms; and

WHEREAS, this facility is envisioned to also be available to Hospital patients and patrons needing access to the campus bus circulator, which would provide dual functionality that not only optimizes space but also aligns with the overall utility of the transit hub, making it a vital component of the intermodal facility (the "Project"); and

WHEREAS, the CTA has proposed to accomplish the passenger transportation project with funds obtained via a RAISE Grant from the U. S. Department of Transportation; and

WHEREAS, the CTA will take the lead role in the design and construction of the project, aimed at enhancing the experience of the City's and County's residents, visitors, and tourists, and those seeking or receiving services at the Hospital; and

WHEREAS, to ensure the project's long-term success and sustainability, a cooperative agreement or similar type instrument will be established between the Hospital and the CTA for ongoing maintenance, support, and funding responsibilities, structured to operate independently of and without financial contributions from the City and County; and

WHEREAS, in recognition and consideration of the benefit and significant positive impact the project and its construction will have on the City, some of which will include the enhancement of the medical facilities located within the City as well as the enhancement of public transportation on the City's west side, the City, Harrison County, Mississippi, a political subdivision of the State of Mississippi, the Hospital and CTA desire to enter into a Memorandum of Agreement to establish the duties and obligations of each party with respect to the

aforementioned Project and to serve as a means to apply for RAISE grant funding in support of such a CTA intermodal facility located on property owned by the Hospital; and

WHEREAS, it is believed to be in the best interests of the City to enter into such a Memorandum of Agreement with the CTA, the Hospital, and Harrison County, in substantial form as is attached hereto as Exhibit "A."

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the Memorandum of Agreement attached hereto as Exhibit "A" be and the same is hereby approved and the Mayor (or his designee) is authorized to execute and deliver the same on behalf of the City of Gulfport.

Section 3. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Roland, seconded by Councilmember Walker, and was adopted by the following roll call vote:

WHEREUPON the President declared the motion carried and the Resolution adopted, this the 6th day of February, 2024.

CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:

Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the 7th day of February, 2024.

APPROVED:

Billy Hewes, Mayor

STATE OF MISSISSIPPI
COUNTY OF HARRISON
FIRST JUDICIAL DISTRICT

MEMORANDUM OF AGREEMENT AMONG THE MISSISSIPPI COAST TRANSPORTATION AUTHORITY, MEMORIAL HOSPITAL AT GULFPORT, HARRISON COUNTY, MISSISSIPPI, AND THE CITY OF GULFPORT, MISSISSIPPI CONCERNING CERTAIN TRANSPORTATION IMPROVEMENTS ON PROPERTY OWNED BY MEMORIAL HOSPITAL AT GULFPORT, AND FOR OTHER RELATED PURPOSES

THIS MEMORANDUM OF AGREEMENT is entered into on the dates hereinafter set forth by and among the MISSISSIPPI COAST TRANSPORTATION AUTHORITY d/b/a COAST TRANSIT AUTHORITY, a political subdivision of the State of Mississippi pursuant to Miss. Code Ann. § 21-27-11, *et seq.*, as amended, (herein the "CTA"), MEMORIAL HOSPITAL AT GULFPORT, a Community Hospital established and existing under the laws of the State of Mississippi (herein the "Hospital"), HARRISON COUNTY, MISSISSIPPI, a political subdivision of the State of Mississippi pursuant to Miss. Code Ann. § 19-1-47, *et seq.*, as amended, (herein the "County"), and the CITY OF GULFPORT, MISSISSIPPI, a municipal corporation organized and existing according to the laws of the State of Mississippi (herein the "City") for the purposes and on the terms and conditions, and under the authority hereinafter set forth:

WHEREAS, the Hospital owns, manages, operates, and oversees numerous parking and transportation related facilities on property owned by the Hospital; and

WHEREAS, CTA aspires to extend its fixed route bus services westward and, in order to accomplish that stated goal, a transportation related intermodal facility at or near property owned, managed, operated and overseen by the Hospital has been assessed to serve as a pivotal

connection point where the CTA's existing western route (CTA Route #38), which serves the Hospital, would intersect with new routes catering to the west; and

WHEREAS, the design of such an intermodal facility would be intended to facilitate smooth passenger transfers between buses, accommodating brief overlaps in their schedules; and

WHEREAS, additionally, the proposed intermodal facility would look to support a hospital campus bus circulator, enhancing the overall accessibility at and to and from the Hospital; and

WHEREAS, the CTA's requirements at the intermodal facility would include a modest, indoor passenger waiting area, equipped with benches and restrooms; and

WHEREAS, this facility could also be utilized by Hospital patients and visitors needing access to the campus bus circulator, thereby providing dual functionality that not only optimizes space but also aligns with the overall utility of the transit hub, making it a vital component of the intermodal facility (herein, the "Project"); and

WHEREAS, the CTA has proposed to support the passenger transportation project with funds obtained via a RAISE Grant from the U. S. Department of Transportation; and

WHEREAS, the CTA will take the lead role in the design and construction of the Project, aimed at enhancing the experience of the City's and County's residents, visitors, and tourists, as well as patients and visitors to the Hospital; and

WHEREAS, to ensure the Project's long-term success and sustainability, a written cooperative or similar type formal agreement will ultimately be established between the Hospital and the CTA for ongoing maintenance, support, and funding responsibilities associated with the completed Project, structured to operate independently of and without financial contributions from the City and County; and

WHEREAS, it is expressly understood that the construction, operation, and maintenance of the Project will proceed without financial obligations from the City and County, underscoring the commitment of the Hospital and the CTA to manage the Project's financial responsibilities independently; and

WHEREAS, in recognition and consideration of the benefit and significant positive impact the Project and its construction will have on the respective parties, to include the enhancement of medical facilities located within the City and County as well as the enhancement of public transportation on the City's west side, the parties do find that it is in their respective best interests to enter into this Memorandum of Agreement on the terms and conditions set forth in this Agreement.

NOW THEREFORE, for the purposes hereinabove recited, the parties covenant and agree to enter into this agreement in order to effectuate the above stated purposes, recitations, understandings, and agreements.

1. **Terms of Agreement**. The parties agree that the above stated purposes, recitations, and understandings and the provisions herein encapsulate the terms of this Memorandum of Agreement. It is specifically acknowledged and agreed that the CTA shall lead the design and construction phases of the Project, with a separate written cooperative or similar type of formal agreement or agreements to be established between the Hospital and the CTA for any shared responsibilities involving the design and construction phases of the Project as well as for shared responsibilities among the Hospital and the CTA for maintenance, support, and funding post-completion, ensuring the Project's ongoing success and sustainability. Such agreement(s) will, among other things, detail the commitment of both said parties to manage these aspects without requiring financial contributions from the City and the County. It is further agreed that the parties hereto shall reasonably cooperate concerning efforts by the CTA and the Hospital to seek, request, or apply for funding in the names of such parties associated with the design, construction, oversight, and maintenance of the Project as well as for maintenance and operation of the facility and infrastructure contemplated to be completed as part of the Project, with such efforts to include, but not be limited to, grant funding applications submitted to federal and/or state agencies and other steps in the process to conclude the Project, with the similar understanding and agreement that these efforts will not require or result in financial contributions from the City or the County and that such assistance shall not be interpreted or construed to conflict with grants sought or received from the same or similar funding sources for other projects independently pursued by the City and/or the County.

2. **Term; Effective Date**. This Memorandum of Agreement shall be in full force and effect for a period commencing on the effective date hereof, as hereinafter provided, and running until October 31, 2070. The Effective Date hereof shall be the last date on which the following required events are completed: approval and execution of the Memorandum of Agreement by Resolution or Order adopted by the governing authorities of the CTA, the Hospital, the County, and the City.

3. **Amendments**. This Memorandum of Agreement may be amended by mutual consent of the parties hereto in writing and duly authorized by each parties' Governing Authority.

4. **Notices**. Official notice to the parties shall be to the mailing addresses identified below unless a change of address is provided to the parties in writing. Notice to the City shall be to: Mayor, City of Gulfport, 2309 15th Street, Gulfport, Mississippi 39501 with a courtesy copy to City Attorney at the same address. Notice to the CTA shall be provided to: Executive Director, Coast Transit Authority, 333 Debuys Road, Gulfport, Mississippi 39507. Notice to the County shall be provided to: County Administrator, Harrison County, Gulfport, Mississippi 39501. Notice to the Hospital shall be provided to: _____, Gulfport, Mississippi 39501. All official notices shall be in writing and served by First Class United States Mail, postage prepaid, or by hand delivery.

5. **Severance of Provisions**. In the event any provision or part of this Memorandum of Agreement shall be rendered or determined by any court of competent jurisdiction to be legally unenforceable, without legal authority, or in violation of any law or court decision, such provision or part shall be severed herefrom, and all remaining provisions and parts shall continue in full force and effect.

6. **Captions**. The captions, titles, or headings of each section or subsection hereof are included for identification purposes only and shall not control the context or interpretation of the section or subsection that it identifies.

7. **Counterparts**. This Memorandum of Agreement may be executed in more than one (1) counterpart, each of which shall constitute an original.

8. **Effect of Agreement**. Nothing in this Memorandum of Agreement waives, nullifies, rescinds, eliminates, or reduces in any way any immunity or exemption from liability afforded the parties under state or federal constitutional, statutory, or common law. It is further acknowledged and understood by the parties that nothing in this Memorandum of Agreement is meant or intended to convey, sell, or transfer any interest in land or title in or to any of the parties hereto or in or to anyone else and this Agreement therefore does not convey, sell, or transfer any such interests of any of the parties to anyone. In addition, if this Memorandum of Agreement or any part thereof is determined by any court of competent jurisdiction to violate any restrictions on title or restrictions or conditions associated with use concerning any properties in which any of the parties have any interest and which would operate so as to revert title or use of the property to anyone other than the respective party (or parties) hereto, then this Memorandum of Agreement shall then be void and of no effect.

9. **Liabilities**. Any liabilities, claims, demands, and actions arising out of and during the performance of this Memorandum of Agreement will be determined according to applicable laws. CTA and/or its contractors (and not the Hospital, County, or City) will be responsible for any and all claims, demands, actions, and liabilities arising out of the design, construction, and placement of the infrastructure and improvements described in this Memorandum of Agreement or otherwise contemplated herein and for any and all claims, demands, actions, and liabilities arising out of the use of the same during the term of this Agreement. Nothing in this Memorandum of Agreement in any way waives, nullifies, or limits any immunities afforded to or provided the parties under any statutory or decisional law or constitutional provision.

10. **Compliance with Applicable Regulations and Laws; Approval of Situs/Locations**. CTA acknowledges and understands that all parking and transportation infrastructure and improvements to be constructed by or on behalf of the CTA and of which it will have oversight, maintenance, or control and to be located on, over, above, or under property owned in whole or part by the Hospital, will be designed, constructed, and maintained in accordance with applicable and governing standards, regulations, and laws. CTA further acknowledges and agrees that the Hospital shall approve the location and situs of all infrastructure and improvements to be constructed or otherwise located on, above, or under any properties owned in whole or part by the Hospital. At present, the locations of the contemplated parking and transportation infrastructure and improvements are set out and shown in Exhibit "A" attached hereto, which locations are approved by the Hospital herein. Any changes to these locations must be pre-approved by the Hospital and incorporated as an addendum hereto. CTA further acknowledges that it shall comply with all regulations and laws applicable to the design, construction, placement, oversight, and maintenance of the Project and that nothing in this Agreement is meant to limit, waive, or nullify any of the same.

11. **Relationship of the Parties**. The parties agree and acknowledge that this Memorandum of Agreement does not create any separate legal or administrative entity, nor does it create any partnership, joint venture, or contractual relationship or any other or similar type relationship among them with respect to the CTA's design or construction of the parking and transportation infrastructure or improvements contemplated herein or with respect to the oversight, maintenance, or control of the same. It is further understood and agreed that the City, the County, the Hospital and the CTA are not an agent or representative of one or any of the parties hereto.

12. **Governing Law**. This Memorandum of Agreement will be construed in accordance with the laws of the State of Mississippi.

13. **Authority**. Actions taken by the parties with respect to approval and execution of this Memorandum of Agreement shall be by Resolution, Order, or Motion by the Governing Authority for each party.

WITNESS OUR SIGNATURES as duly authorized for, and on behalf of these parties on the dates indicated below.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE MUTUAL AGREEMENT TO TERMINATE "MEMORANDUM OF INTERLOCAL COOPERATION AGREEMENT BETWEEN HARRISON COUNTY AND THE CITY OF GULFPORT FOR THE PROVISION OF AMBULANCE SERVICE," AND FOR RELATED PURPOSES

WHEREAS, in 1993, the City of Gulfport, Mississippi and Harrison County, Mississippi entered into an Interlocal Cooperation Agreement (the same being entitled "Memorandum of Interlocal Cooperation Agreement Between Harrison County and the City of Gulfport for the Provision of Ambulance Service") for the provision of ambulance services within the City of Gulfport; and

WHEREAS, on June 20, 2023, the City established an emergency medical service district ("EMS District") in accordance with Miss. Code Ann. § 41-59-51, *et seq.* for the purposes of overseeing and managing the provision of such services within its corporate limits; and

WHEREAS, the County, City of Gulfport, and all of the other incorporated areas within the County recently participated in a process to identify and select providers of ambulance services for each of the three (3) EMS Districts now located within the jurisdictional limits of the County, including the one established by the City of Gulfport; and

WHEREAS, as the circumstances have now changed since 1993, there is a need to terminate the aforesaid Interlocal Cooperation Agreement; and

WHEREAS, the said Interlocal Cooperation Agreement provides in Paragraph 9 thereof that the parties may terminate such Agreement by mutual written agreement; and

WHEREAS, the City's Governing Authority finds that it is in the best interests of the City that the proposed agreement attached hereto as Exhibit "A," which will terminate the aforesaid Interlocal Cooperation Agreement at 11:59 p.m. on February 29, 2024, should be approved and the Mayor or his designee authorized to execute the same on behalf of the City.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the "Mutual Agreement to Terminate 'Memorandum of Interlocal Cooperation Agreement Between Harrison County and the City of Gulfport for the Provision of Ambulance Service'" be and the same is hereby approved in the form as is found in Exhibit "A" attached to this Resolution, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this resolution shall be in full force and effect upon passage. It shall be shall be spread on the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

West Complete Print

Program ID: **WCMP**

Full Svc #	Print Products	List Charges	Other	Monthly Charges	Minimum Term (Months)
40666420	West Complete			$55.76	60 Months

See Attachment (988.dot) for print product detail, which is incorporated by reference.

During your subscription terms, you will receive subscription services consisting of automatic shipments of updates and supplements to the print product, including but not limited to pocket parts, pamphlets, replacement volumes, or loose-leaf pages, as available. For eBook products you will receive updates to the most current version of each edition of the eBooks which are available during your subscription term. If you terminate any West Complete Print products during the Minimum Term or subsequent Renewal Term, the Monthly Charges will not be adjusted. We will contact you if any of the titles are no longer commercially available. You will then have 60 days to choose a replacement title of equal or lesser value.

Your subscription is effective upon the date we process your order ("Effective Date") and Monthly Charges will be prorated for the number of days remaining in that month, if any. Your subscription will continue for the number of months listed in the Minimum Term column above counting from the first day of the month following the Effective Date. Your Monthly Charges during the first twelve (12) months of the Minimum Term are as set forth above. If your Minimum Term is longer than 12 months, then your Monthly Charges for each year of the Minimum Term are displayed in the Pricing Attachment (#1113) to the Order Form.

_____**Initials for Automatic Renewal Term.** I understand that West will continue to provide subscription services for the products listed above after the Minimum Term. Each Automatic Renewal Term will be 12 months in length ("Automatic Renewal Term") and we will notify you of any changes to your Charges at least 60 days before each Automatic Renewal Term begins. Automatic Renewal Charges will be in effect the month before the Automatic Renewal Term starts. Either of us may cancel in writing at least 30 days before an Automatic Renewal Term starts.

For any ProView Enterprise products listed above: Upon termination, your right to access and use eBooks, including content and retention of content, will terminate, and West retains the right to delete any user notes that may be attached to terminated eBooks.

Your West sales representative will provide frequency of updates upon request. Transportation charges, returns and refunds information is in the "Miscellaneous" section below.

Miscellaneous

1. Applicable Law. If you are a state or local governmental entity, your state's law will apply and any claim may be brought in the state or federal courts located in your state. If you are a non-governmental entity, this Order Form will be interpreted under Minnesota state law and any claim by one of us may be brought in the state or federal courts in Minnesota. If you are a United States Federal Government subscriber, United States federal law will apply and any claim may be brought in any federal court.

2. Charges, Payments & Taxes. You agree to pay all charges in full within 30 days of the date of invoice. You are responsible for any applicable sales, use, value added tax (VAT), etc. unless you are tax exempt. If you are a non-government subscriber and fail to pay your invoiced charges, you are responsible for collection costs including attorneys' fees.

3. Credit Verification. If you are applying for credit as an individual, we may request a consumer credit report to determine your creditworthiness. If we obtain a consumer credit report, you may request the name, address and telephone number of the agency that supplied the credit report. If you are applying for credit on behalf of a business, we may request a current business financial statement from you to consider your request.

4. Returns and Refunds. You may return a print or CD-ROM product to us within 45 days of the original shipment date if you are not completely satisfied. Assured Print Pricing, Library Savings Plan, West Complete, Library Maintenance Agreements, ePack, WestPack, Westlaw, CLEAR, Monitor Suite, ProView eBook, Software, West LegalEdcenter, Practice Solutions, TREWS, Peer Monitor and Data Privacy Advisor charges are not refundable. Please see http://static.legalsolutions.thomsonreuters.com/static/returns-refunds.pdf or contact Customer Service at 1-800-328-4880 for additional details regarding our policies on returns and refunds.

5. Cancellation Notice. Send your notice of cancellation to Customer Service, 610 Opperman Drive, P.O. Box 64833, Eagan MN 55123-1803.

6. Transportation Charges. Print and CD-ROM products are shipped F.O.B. origin. Transportation charges will be added for expedited shipments made at your request and for international product delivery. Expedited shipments and international product shipments will be charged at the then current carrier rates.

7. Product Specific Terms. The following products have specific terms which are incorporated by reference and made part of this Order Form if they apply to your order. They can be found at legalsolutions.com/ThomsonReuters-General-Terms-Conditions PST.pdf. If the product is not part of your order, the product specific terms do not apply. If there is a conflict between product specific terms and the Order Form, the product specific terms control.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE ORDER FORM WITH THOMSON REUTERS FOR ON-LINE LEGAL RESEARCH SERVICES FOR THE LEGAL DEPARTMENT, AND FOR RELATED PURPOSES

WHEREAS, to provide proper legal services to the City of Gulfport, the Legal Department requires access to a on-line legal research service; and

WHEREAS, the Legal Department has, for a number of years, utilized Westlaw, a Thomson Reuters and West Publishing Corporation product, as its on-line legal research service and desires to continue to do so; and

WHEREAS, in order to continue its use of Westlaw, it is necessary that the Order Form attached hereto as Exhibit "A" be approved and approval thereof is believed to be in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the Order Form relative to on-line legal research services by Westlaw be and the same is hereby approved as attached hereto as Exhibit "A", and the Mayor is authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this resolution shall be spread upon the Minutes of the Gulfport City Council, and shall be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first re

duced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Walker, and was adopted by the following roll call vote:

West Complete Print

Program ID: **WCMP**

Full Svc #	Print Products	List Charges	Other	Monthly Charges	Minimum Term (Months)
40666420	West Complete			$55.76	60 Months

See Attachment (988.dot) for print product detail, which is incorporated by reference.

During your subscription terms, you will receive subscription services consisting of automatic shipments of updates and supplements to the print product, including but not limited to pocket parts, pamphlets, replacement volumes, or loose-leaf pages, as available. For eBook products you will receive updates to the most current version of each edition of the eBooks which are available during your subscription term. If you terminate any West Complete Print products during the Minimum Term or subsequent Renewal Term, the Monthly Charges will not be adjusted. We will contact you if any of the titles are no longer commercially available. You will then have 60 days to choose a replacement title of equal or lesser value.

Your subscription is effective upon the date we process your order ("Effective Date") and Monthly Charges will be prorated for the number of days remaining in that month, if any. Your subscription will continue for the number of months listed in the Minimum Term column above counting from the first day of the month following the Effective Date. Your Monthly Charges during the first twelve (12) months of the Minimum Term are as set forth above. If your Minimum Term is longer than 12 months, then your Monthly Charges for each year of the Minimum Term are displayed in the Pricing Attachment (#1113) to the Order Form.

_____ **Initials for Automatic Renewal Term.** I understand that West will continue to provide subscription services for the products listed above after the Minimum Term. Each Automatic Renewal Term will be 12 months in length ("Automatic Renewal Term") and we will notify you of any changes to your Charges at least 60 days before each Automatic Renewal Term begins. Automatic Renewal Charges will be in effect the month before the Automatic Renewal Term starts. Either of us may cancel in writing at least 30 days before an Automatic Renewal Term starts.

For any ProView Enterprise products listed above: Upon termination, your right to access and use eBooks, including content and retention of content, will terminate, and West retains the right to delete any user notes that may be attached to terminated eBooks.

Your West sales representative will provide frequency of updates upon request. Transportation charges, returns and refunds information is in the "Miscellaneous" section below.

West Complete Print Renewals				
Sub Matl #	Print Products	Initial Renewal Year Monthly Charges	Renewal Effective Date	Renewal Term (Months)
40666551	West Complete			
Notes:				

Monthly Charges for the Initial Renewal Year are set forth above and begin on your Renewal Effective Date. The Renewal Term will continue for the number of months identified in the Renewal Term column above. If your Renewal Term is longer than 12 months, then your Monthly Charges for each year of the Renewal Term are displayed in the Pricing Attachment (#1113) to the Order Form.
During your subscription terms, you will receive subscription services consisting of automatic shipments of updates and supplements to the print product, including but not limited to pocket parts, pamphlets, replacement volumes, or loose-leaf pages, as available. For eBook products you will receive updates to the most current version of each edition of the eBooks which are available during your subscription term. If you terminate any of your West Complete Print products during any Renewal Term, the Monthly Charges will not be adjusted.

_____**Initials for Automatic Renewal Term.** I understand that West will continue to provide subscription services for the products listed above after the Minimum Term. Each Automatic Renewal Term will be 12 months in length ("Automatic Renewal Term") and we will notify you of any changes to your Charges at least 60 days before each Automatic Renewal Term begins. Automatic Renewal Charges will be in effect the month before the Automatic Renewal Term starts. Either of us may cancel in writing at least 30 days before an Automatic Renewal Term starts.
Your West sales representative will provide frequency of updates upon request. Transportation charges, returns and refunds information is in the "Miscellaneous" section below.

ProView eBook Users			
Last Name	First Name, M.I.	ProView eBook Product(s)	*Optional E-Mail Address

*An e-mail address is required only if an individual user prefers to receive his or her registration key to a personal e-mail address. If necessary, attach additional page(s) including full names, products and optional e-mail addresses.

ProView Enterprise IP Subscriptions. You certify your total number of attorneys (partners, shareholders, associates, contract or staff attorneys, of counsel, and the like), corporate users, personnel or full-time-equivalent students is indicated in the Order Form as the Unit of Pricing Type. Our pricing for ProView Enterprise IP banded products is made in reliance upon your certification. If we learn that the actual number is greater or increases at any time, we reserve the right to increase your charges as applicable.

Miscellaneous

1. Applicable Law. If you are a state or local governmental entity, your state's law will apply and any claim may be brought in the state or federal courts located in your state. If you are a non-governmental entity, this Order Form will be interpreted under Minnesota state law and any claim by one of us may be brought in the state or federal courts in Minnesota. If you are a United States Federal Government subscriber, United States federal law will apply and any claim may be brought in any federal court.

2. Charges, Payments & Taxes. You agree to pay all charges in full within 30 days of the date of invoice. You are responsible for any applicable sales, use, value added tax (VAT), etc. unless you are tax exempt. If you are a non-government subscriber and fail to pay your invoiced charges, you are responsible for collection costs including attorneys' fees.

3. Credit Verification. If you are applying for credit as an individual, we may request a consumer credit report to determine your creditworthiness. If we obtain a consumer credit report, you may request the name, address and telephone number of the agency that supplied the credit report. If you are applying for credit on behalf of a business, we may request a current business financial statement from you to consider your request.

4. Returns and Refunds. You may return a print or CD-ROM product to us within 45 days of the original shipment date if you are not completely satisfied. Assured Print Pricing, Library Savings Plan, West Complete, Library Maintenance Agreements, ePack, WestPack, Westlaw, CLEAR, Monitor Suite, ProView eBook, Software, West LegalEdcenter, Practice Solutions, TREWS, Peer Monitor and Data Privacy Advisor charges are not refundable. Please see http://static.legalsolutions.thomsonreuters.com/static/returns-refunds.pdf or contact Customer Service at 1-800-328-4880 for additional details regarding our policies on returns and refunds.

5. Cancellation Notice. Send your notice of cancellation to Customer Service, 610 Opperman Drive, P.O. Box 64833, Eagan MN 55123-1803.

6. Transportation Charges. Print and CD-ROM products are shipped F.O.B. origin. Transportation charges will be added for expedited shipments made at your request and for international product delivery. Expedited shipments and international product shipments will be charged at the then current carrier rates.

7. Product Specific Terms. The following products have specific terms which are incorporated by reference and made part of this Order Form if they apply to your order. They can be found at legalsolutions.com/ThomsonReuters-General-Terms-Conditions PST.pdf. If the product is not part of your order, the product specific terms do not apply. If there is a conflict between product specific terms and the Order Form, the product specific terms control.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION OF THE GULFPORT CITY COUNCIL APPROVING PROPOSAL AND TERMS AND CONDITIONS WITH GRANICUS, LLC, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport, Mississippi, utilizes the services of Granicus, LLC, to provide a mapping system in connection with City Works and other mapping applications throughout the City; and

WHEREAS, it is necessary to renew the City's subscription with Granicus, LLC (formerly Citysourced, Inc.) for a period of three years, as more fully set forth in the Memorandum of Purchasing Agent, Jessica Versiga, as a part of Exhibit "A" hereto; and

WHEREAS, in order to effectuate the renewal, approval of the attached Proposal (part of Exhibit "A" hereto) and the Terms and Conditions associated therewith (Exhibit "B" hereto) must be approved by the City's governing authority and executed and delivered on behalf of the City; and

WHEREAS, the City finds that approval and execution of the Proposal and the Terms and Conditions as found in Exhibits "A" and "B" attached hereto is in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the Proposal and the Terms and Conditions as found in Exhibits "A" and "B", be and the same are hereby approved and the Mayor be and he is hereby authorized to execute and deliver the same on behalf of the City of Gulfport.

SECTION 3. That this resolution shall be spread upon the Minutes of the Gulfport City Council, and shall be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

MEMORANDUM

To: City Councilmembers
Mayor Billy Hewes

From: Jessica Versiga, Purchasing Agent

Date: January 25, 2024

RE: Granicus, LLC

Please see attached the proposal and agreement for Granicus, LLC. Granicus is formally known as CitySourced, Inc. On March 2, 2021 the City Council approved the subscription of CitySourced, Inc. for the annual subscription of Custom Geocoder. This is a mapping system that is currently used with City Works utilized throughout many departments in the city.

This agreement is for a 3-year subscription with an increase of 7% each year for the next three years.

Thank you for your consideration.

TERMS & CONDITIONS

- This quote, and all products and services delivered hereunder are governed by the terms located at https://granicus.com/legal/licensing, including any product-specific terms included therein (the "License Agreement"). If your organization and Granicus has entered into a separate agreement or is utilizing a contract vehicle for this transaction, the terms of the License Agreement are incorporated into such separate agreement or contract vehicle by reference, with any directly conflicting terms and conditions being resolved in favor of the separate agreement or contract vehicle to the extent applicable.
- If submitting a Purchase Order, please include the following language: The pricing, terms and conditions of quote Q-317823 dated 09 Jan 2024 are incorporated into this Purchase Order by reference and shall take precedence over any terms and conditions included in this Purchase Order.
- This quote is exclusive of applicable state, local, and federal taxes, which, if any, will be included in the invoice. It is the responsibility of Gulfport MS to provide applicable exemption certificate(s).
- Any lapse in payment may result in suspension of service and will require the payment of a setup fee to reinstate the subscription.

Master Subscription Agreement
US/Canada

This Master Subscription Agreement ("**Agreement**") is effective as of the date an Order or SOW (as defined below) commences (**"Effective Date"**) between the party procuring Granicus Products and/or Services ("**Client**") and Granicus, LLC, a Minnesota Limited Liability Company ("**Granicus**").

1. Definitions. For the purpose of this Agreement, the following terms have the corresponding definitions:

"Content" means any material or data: (i) displayed or published on Client's website; (ii) provided by Client to Granicus to perform the Services; or (iii) uploaded into Products.

"Products" means the online or cloud subscription services, on premise software, and embedded software licensed to Client, and hardware components purchased by Client under this Agreement;

"IP Rights" means all current and future worldwide statutory or other proprietary rights, whether registered or unregistered, including but not limited to, moral rights, copyright, trademarks, rights in designs, patents, rights in computer software data base rights, rights in know how, mask work, trade secrets, inventions, domain or company names and any application for the foregoing, including registration rights.

"Order" means a binding proposal, written order, or purchasing document setting forth the Products made available to Client pursuant to this Agreement;

"Services" means the consulting, integration, installation, and/or implementation services to be performed by Granicus as described in the SOW;

"SOW" means a statement of work agreed to by the parties that references this Agreement and describes the Services and Deliverables provided as part of a Services engagement pursuant to the Services provisions set forth in this Agreement; and

2. Intellectual Property Ownership and Use Rights.

a) **Intellectual Property Ownership.** Granicus and its licensors own all IP Rights in the Products. Client and its authorized users have no right, title or interest in the Products other than the license rights expressly granted herein. All rights not expressly granted in the Products are reserved by Granicus or its licensors.

b) **License to Products.** Granicus hereby grants Client a non-exclusive, non-transferable license to access and use the Products identified in the Order during the Term set forth therein. In addition to the terms of this Agreement and the Order, product-specific license terms applicable to certain of the Products can be found at granicus.com/legal/licensing and are hereby incorporated into this Agreement

by reference. Granicus reserves all right, title and interest in and to all Granicus Products, including all rights not expressly granted to Client under this Agreement.

c) **Third Party Contractors.** Client may permit its third-party contractors to access and use the Products solely on behalf of and for the benefit of Client, so long as: (i) such contractor agrees to comply with this Agreement as if it were Client; (ii) Client remains responsible for each contractor's compliance with this Agreement and any breach thereof; and (iii) all volume or transaction-based use of the Products includes use by contractors. All rights granted to any contractor terminate immediately upon conclusion of the Services rendered to Client that give rise to such right. Upon termination of such rights, contractor will immediately cease all use of the Products and uninstall and destroy all confidential or proprietary Granicus information in its possession. Client will certify compliance with this section in writing upon Granicus' request.

d) **Data Sources.** Client may only upload data related to individuals that originates with or is owned by Client. Client shall not upload data purchased from third parties without Granicus' prior written consent and list cleansing Services provided by Granicus for an additional fee. Granicus will not sell, use, or disclose any personal information provided by Client for any purpose other than performing Services subject to this Agreement.

e) **Content.** Client can only use Products to share Content that is created by or owned by Client and/or Content for affiliated organizations, provided that use by Client for affiliated organizations is in support only, and not as a primary communication vehicle for such organizations that do not have their own license to the Products. Granicus is not responsible for any Content used, uploaded or migrated by Client or any third party.

f) **Advertising.** Client shall not use Products to promote products or services available for sale through Client or any third party without Granicus' prior written consent.

g) **Restrictions.** Client shall not:

(i) Use or permit any end user to use the Products to store or display adult content, promote illegal or immoral activities, send or store infringing, obscene, threatening or unlawful or tortious material or disrupt others use of the Products, network services or network equipment, including unsolicited advertising or chain letters, propagation of computer worms and viruses, or use of the Products to make unauthorized entry into any other device accessible via the network or Products;

(ii) Use the Products as a door or signpost to another server;

(iii) Disassemble, decompile, reverse engineer or make derivative works of the Products;

(iv) Rent, lease, lend, or host the Products to or for any third party, or disclose the Products to any third party except as otherwise permitted in this Agreement or an Order or SOW;

(v) Use the Products in violation of any applicable law, rule, or regulation, including violation of laws regarding the processing, use, or disclosure of personal information, or violation of any United States export control or regulation, United States embargo, or denied or sanctioned parties prohibitions; or

(vi) Modify, adapt, or use the Products to develop any software application intended for resale which uses or competes with the Products in whole or in part.

3. Term; Termination.

a) **Agreement Term.** This Agreement begins on the Effective Date and remains in effect for the period set out in the Order ("**Initial Term**"). Thereafter, this Agreement will continue in effect until all Orders or SOWs have expired or been terminated.

b) **Order Term.** Each Order will be effective on the date set out therein and will remain in effect during the Initial Term identified in such Order. Each Order will automatically renew for twelve (12) month terms (each, a "**Renewal Term**") unless either party gives the other party notice of non-renewal at least sixty (60) days prior to the end of the applicable Term of the Order. The Initial Term and all Renewal Terms are collectively, the "**Term**".

c) **SOW Term.** Each SOW will begin on the effective date of the SOW and will remain in effect until the Services are completed, this Agreement is terminated, or the termination date set out in the SOW (the **"Termination Date"**), whichever is later. If no specific Termination Date is designated in the SOW, Client may terminate the SOW upon thirty (30) days written notice to Granicus.

d) **Termination for Default.** Either party may terminate this Agreement or any Order or SOW by written notice if the other party commits a material breach of this Agreement or the applicable Order or SOW and fails to cure such breach within thirty (30) days after receipt of such notice, or an additional period of time as agreed to by the parties.

e) **Effect of Termination.** Upon expiration or termination of an Order or SOW for any reason: (i) Client's right to access and use the Products will immediately cease (except for perpetual licenses granted under an Order, which will continue to be governed by this Agreement for the duration of the license); (ii) Client will promptly remit any fees due to Granicus under all Orders and SOWs; (iii) Granicus will promptly

cease performance of any Services; and (iv) the parties will return or destroy any Confidential Information of the other party in its possession, and certify upon request to the other party of compliance with the foregoing. Client will have thirty (30) days from the expiration date of a subscription to extract or download any Content stored in the Products. Granicus has no obligation to retain any Content after such thirty (30)-day period nor is Granicus responsible for extracting the data on Client's behalf absent separate written agreement and the payment of additional fees.

f) **Survival.** Sections 4 (Fees, Payment), 9 (Confidentiality), 10 (Indemnification), 11 (Limitation of Liability), 13 (Governing Law) and any other clause that by its nature is intended to survive will survive termination of this Agreement indefinitely or to the extent set out therein.

4. Fees; Payment.

a) **Fees.** Client will pay all fees, costs and other amounts as specified in each Order or SOW. Annual fees are due upfront at the beginning of each annual term. Services fees and one-time fees are due according to the billing frequency specified in each Order or SOW. Granicus may suspend Client's access to any Products if there is a lapse in payment not remedied promptly upon notice to Client. A lapse in the Term of each Order or SOW will require the payment of a setup fee to reinstate the subscription. All fees are exclusive of applicable state, local, and federal taxes, which, if any, will be included in the invoice. It is Client's responsibility to provide applicable exemption certificate(s).

b) **Payment.** Client will remit payment of the fees due within thirty (30) days of receipt of an accurate invoice from Granicus or its authorized reseller, or if Client is subject to different payment terms imposed by applicable regulation, such required payment duration. Any disputed amounts will be identified in writing to Granicus within the payment period or be deemed accurate and payable. With respect to any amount due to Granicus which is not paid within thirty (30) days of an undisputed invoice, Granicus may apply interest at the rate of one and half percent (1.5%) per month, or such lesser amount required by law, assessed from the due date through the date of payment. Client acknowledges and agrees that orders placed by Client for Products and Services will be non-cancellable and the fees paid are non-refundable unless otherwise expressly stated in the Agreement.

c) **Purchase Orders.** Upon request, Granicus will reference a purchase order numbr on its invoices if Client provides the corresponding purchase order information to Granicus prior to generating the invoice. Client agrees that a failure to provide Granicus with purchase order information will not relieve Client of its obligations to provide payment in accordance with this section.

d) **Price Changes.** Subject to any price schedule or pre-negotiated fees to which this Agreement or an Order may be subject, Granicus will provide notice of any price changes at least ninety (90) days prior to the end of the current Term, which will become effective as of the next Renewal Term. Renewals at the same volume amount will not increase more than ten percent (10%) over the prior year's fees.

Purchases of additional Products will be at Granicus' then-current price and licenses, subject to volume or transaction metrics, and will be reviewed annually prior to commencement of the Renewal Term, with fees adjusted to cover increases in Client's use.

e) **Cooperative Purchasing.** To the extent permitted by law the terms of this Agreement may be extended for use by other municipalities, school districts and governmental agencies. Orders and SOWs entered into by such third parties are independent agreements between the third party and Granicus and do not affect this Agreement or any Order or SOW between Granicus and Client.

5. Client Responsibilities.

a) **Content.** Client will be solely responsible for the Content submitted to the Products and will comply with all laws, rules and regulations relating to the use, disclosure and transmission of such Content, including providing such to Granicus. Client represents and warrants it has the legal right to provide the Content to Granicus and that such use or disclosure does not violate the intellectual property, privacy or other legal rights of any third party. Client grants Granicus a limited, non-exclusive right during the Term to access and use the Content to provide the Products and Services. Content does not include user feedback related to the Products or Services, which Granicus is free to use without any further permission or consideration to Client. In addition, Content does not include data generated by use of the Products, including system data and data derived from Content in an aggregated and anonymized form, which may be used by Granicus for any and all business purposes including diagnostics and system and product improvements.

b) **Data Backup and Protection.** Client will maintain a back-up of any data or data files provided to Granicus. For certain Products, Granicus offers functionality that requires subscribers to enable password protection of subscriber profiles and associated data. Client assumes all responsibility for implementing and enforcing this security functionality in its sole discretion.

c) **Passwords.** Sign-on credentials used to access the Products are non-transferable. Client is responsible for keeping all passwords secure and for all use of the Products through Client's sign in credentials.

d) **Cooperation.** Client will provide any assistance reasonably required by Granicus to perform the Services, including timely review of plans and schedules for the Services and reasonable access to Client's offices for Services performed onsite.

e) **Third-Party Technology.** Client will be responsible for securing all licenses for third party technology necessary for Granicus to perform the Services (including the right for Granicus to use such technology) and will be responsible for the performance of any third-party providing goods or services to Client related to the Services, including such third party's cooperation with Granicus.

6. Support. Basic support and maintenance services provided to Client for Products ("Support") is included in the fees paid for the Granicus Product

subscription or maintenance during the Term and will be provided in accordance with the Service Level Agreement set forth at www.granicus.com/legal/licensing. Granicus may update its Support obligations under this Agreement, so long as the level of Support agreed to by the parties is not materially diminished due to such modification.

7. Representations; Warranties; Disclaimers.

a) **Representations.** Each Party represents that it has validly entered into this Agreement and has the legal power to do so.

b) **Warranties:**

(i) Each party warrants that it has the rights necessary to grant to the other party the licenses granted in this Agreement.

(ii) Granicus warrants that it will perform its obligations in a professional and workmanlike manner in accordance with industry standards.

(iii) Client's sole and exclusive remedy and Granicus ' sole obligation for breach of the warranties in this Section are as follows: (i) for a breach of the warranty in Section 7.b.(i), the indemnity in Section 10 of this Agreement; and (ii) for a breach of the warranty in Section 7.b.(ii) reperformance of the non-conforming Services, provided that Client notifies Granicus of a non-conformity in this Section during the thirty (30) day period following Granicus' completion of the applicable Services.

c) **Disclaimers.** EXCEPT AS EXPRESSLY STATED IN THIS THIS SECTION, THE PRODUCTS AND SERVICES ARE PROVIDED "AS IS" AND GRANICUS DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE. GRANICUS DOES NOT WARRANT THAT PRODUCTS OR SERVICES WILL MEET CLIENT'S REQUIREMENTS OR THAT THE OPERATION THEREOF WILL BE UNINTERRUPTED OR ERROR FREE.

8. Services.

a) Granicus will perform Services in accordance with this Agreement and the SOW. Granicus is not obligated to provide any Services unless set out in the SOW. Unless otherwise set out in the SOW or as agreed to by the parties the Services will be performed remotely. Any estimates provided in the SOW, including expected hours to complete the Services and any timeline provided by Granicus, are based on known functional requirements and technical environments as of the effective date of the SOW. Changes or delays in the work schedule originating with Client are subject to the project change procedure and may result in an increase in fees.

b) Granicus grants Client a non-exclusive, non-transferable, royalty-free, perpetual license to use the Deliverables on behalf of and for the benefit of Client independently and with the Products. Granicus retains all right, title and interest to

the Deliverables except for those rights expressly granted to Client and reserves all rights not otherwise expressly granted herein. Deliverables and Services are deemed accepted upon delivery unless otherwise set forth in a SOW. **"Deliverable(s)"** means any computer software, written documentation, reports or materials developed by Granicus specifically for Client pursuant to a SOW;

c) Any modifications to the Services must be in writing and signed by authorized representatives of each party. Granicus personnel performing Services at Client's offices will comply with Client's policies and procedures in effect at such location.

d) If agreed to by the Parties in the SOW, Client will also pay for all reasonable travel-related and out-of-pocket expenses incurred by Granicus in the performance of the Services in accordance with Client's travel and expense policy which will be provided to Granicus in writing (or Granicus' policy if none is provided by Client) and which will be billed monthly and due thirty (30) days following date of invoice.

9. Confidentiality. During performance of the Services, each party may receive Confidential Information of the other party.

a) **"Confidential Information"** means all confidential and/or trade secret information of either party (**"Disclosing Party"**), including but not limited to: (i) Granicus' Products; (ii) non-public information if it is clearly and conspicuously marked as "confidential" or with a similar designation at the time of disclosure; (iii) non-public information of the Disclosing Party if it is identified as confidential and/or proprietary before, during, or promptly after presentation or communication; and (iv) any information that should be reasonably understood to be confidential or proprietary given the nature of the information and the context in which disclosed, in each case that is disclosed to the other party (**"Receiving Party"**) or to which the Receiving Party gains access in connection with performance of the Services.

b) Subject to freedom of information, government transparency, or similar applicable law, each Receiving Party will receive and hold any Confidential Information in strict confidence and will: (i) protect and safeguard the Confidential Information against unauthorized use, publication or disclosure; (ii) not reveal, report, publish, disclose, transfer, copy or otherwise use any Confidential Information except as specifically authorized by the Disclosing Party; (iii) not use any Confidential Information for any purpose other than in performance of this Agreement; (iv) restrict access to Confidential Information to those of its advisors, officers, directors, employees, agents, consultants, contractors and lobbyists who have a need to know, who have been advised of the confidential nature thereof, and who are under express written obligations of confidentiality or under obligations of confidentiality imposed by law or rule; and (v) exercise at least the same standard of care and security to protect the confidentiality of the Confidential Information received by it as it protects its own confidential information, but no less than a reasonable degree of care.

c) If a Receiving Party is requested or required in a judicial, administrative, or governmental proceeding to disclose any Confidential Information, it will notify the

Disclosing Party as promptly as practicable so that the Disclosing Party may seek an appropriate protective order or waiver for that instance, unless such notification is prohibited by law or judicial order.

d) The foregoing obligations do not apply to information that: (i) is already public or becomes available to the public through no breach of this section; (ii) was in the Receiving Party's lawful possession before receipt from the Disclosing Party; (iii) is lawfully received independently from a third party who is not bound by a confidentiality obligation; or (iv) is independently developed by or on behalf of the Receiving Party without use of any Confidential Information.

e) Upon written request of the Disclosing Party, the Receiving Party agrees to promptly return or destroy all Confidential Information in its possession, and certify its destruction in writing, provided that the Receiving Party may retain a copy of the returned or destroyed items for archival purposes in accordance with its records retention policies and subject to this section.

f) Disclosing Party may be irreparably damaged if the obligations under this section are not enforced and as such may not have an adequate remedy in the event of a breach by Receiving Party of its obligations hereunder. The parties agree, therefore, that Disclosing Party is entitled to seek, in addition to other available remedies, an injunction restraining any actual, threatened or further breaches of the Receiving Party's obligations under this section or any other appropriate equitable order or decree.

10. Indemnification.

a) Granicus will defend, indemnify and hold Client harmless from and against all losses, liabilities, damages and expenses including reasonable attorney fees (collectively, "Losses") arising from any claim or suit by an unaffiliated third party that the Products or Deliverables, as delivered to Client and when used in accordance with this Agreement and the applicable Order or SOW, infringes a valid U.S. copyright or U.S. patent issued as of the date of the applicable Order or SOW (a "Claim").

b) To the extent permitted by applicable law, Granicus will have control of the defense and reserves the right to settle any Claim. Client must notify Granicus promptly of any Claim and provide reasonable cooperation to Granicus, upon Granicus' request and at Granicus' cost, to defend such Claim. Granicus will not agree to any settlement which requires acknowledgment of fault or an incurred liability on the part of an indemnified party not otherwise covered by this indemnification without indemnified party's prior consent. Client may elect to participate in the defense of any claim with counsel of its choosing at its own expense.

c) If the Products or Deliverables are subject to a claim of infringement or misappropriation, or if Granicus reasonably believes the Products or Deliverables may be subject to such a Claim, Granicus reserves the right, in its sole discretion, to:

(i) replace the affected Products or Deliverable with non-infringing functional equivalents; (ii) modify the affected Products or Deliverable to render it non-infringing; or (iii) terminate this Agreement or the applicable Order or SOW with respect to the affected Granicus Product or Deliverable and refund to Client any prepaid fees for the then-remaining portion of the Order or SOW Term.

d) Granicus will have no obligation to indemnify, defend, or hold Client harmless from any Claim to the extent it is based upon: (i) a modification to the Granicus Product or Deliverable by anyone other than Granicus; (ii) a modification made by Granicus pursuant to Client's required instructions or specifications or in reliance on materials or information provided by Client; (iii) combination with the Products or Deliverable with non-Granicus software or data; or (iv) Client's (or any authorized user of Client) use of any Products or Deliverables other than in accordance with this Agreement.

e) This section sets forth Client's sole and exclusive remedy, and Granicus' entire liability, for any Claim that the Products, Deliverables or any other materials provided by Granicus violate or infringe upon the rights of any third party.

11. Limitation of Liability.

a) EXCEPT FOR LIABILITY THAT CANNOT BE LIMITED OR EXCLUDED UNDER APPLICABLE LAW, UNDER NO CIRCUMSTANCES WILL EITHER PARTY BE LIABLE FOR ANY: (I) SPECIAL, INDIRECT, PUNITIVE, INCIDENTAL, OR CONSEQUENTIAL DAMAGES; OR (II) LOSS OR DAMAGE TO DATA, LOST PROFITS, SALES, BUSINESS, GOODWILL OR ANTICIPATED SAVINGS, WHETHER AN ACTION IS IN CONTRACT OR TORT (INCLUDING NEGLIGENCE) AND REGARDLESS OF THE THEORY OF LIABILITY, EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

b) IN NO EVENT, EXCEPT FOR CLIENT'S OBLIGATIONS TO PAY AMOUNTS DUE UNDER THE ORDER OR SOW, OR GRANICUS' INDEMNIFICATION OBLIGATIONS SET FORTH IN SECTION 10 (INDEMNIFICATION), WILL EITHER PARTY'S MAXIMUM AGGREGATE LIABILITY FOR ALL CLAIMS ARISING IN CONNECTION WITH THIS AGREEMENT (IN TORT (INCLUDING NEGLIGENCE), CONTRACT OR OTHERWISE) EXCEED THE AMOUNT OF FEES PAID BY CLIENT TO GRANICUS IN THE SIX (6) MONTHS IMMEDIATELY PRECEDING THE DATE THE DAMAGED PARTY NOTIFIES THE OTHER PARTY IN WRITING OF THE CLAIM. HOWEVER, IF CLIENT HAS PAID NO FEES UNDER THE TERMS OF AN ORDER IN THE TWELVE (12) MONTH PERIOD PRECEDING THE DATE OF THE INCIDENT GIVING RISE TO THE CLAIM, THE AGGREGATE LIABILITY OF GRANICUS TO CUSTOMER FOR SUCH CLAIM SHALL NOT EXCEED FIVE THOUSDAND DOLLARS ($5,000).

12. General.

a) Force Majeure. With the exception of payment obligations, any delay in the performance by either party of its obligations hereunder will be excused when such delay in performance is due to any cause or event of any nature whatsoever beyond the reasonable control of such Party, including, without limitation, any act of God; any fire, flood, or weather condition; any computer virus, worm, denial of

service attack; any earthquake; any act of a public enemy, war, insurrection, riot, explosion or strike; provided, that written notice thereof must be given by such Party to the other Party within twenty (20) days after occurrence of such cause or event.

b) **Independent Contractor.** Each party is an independent contractor and employees of each party are not considered to be employees of the other party. No agency, partnership, joint venture or other joint relationship is created by this Agreement. The parties shall not make any commitments binding on the other or make any representation that they are acting for, or on behalf of, the other. Each party assumes full responsibility for the actions of its personnel while performing the Services and such party will be solely responsible for the supervision, daily direction, control of its personnel, and for the payment of all of their compensation and any taxes related thereto.

c) **Publicity.** Neither party will use the name of the other party in publicity releases or similar activity without the consent of the other party, except Granicus may include Client's name and logo in client lists and similar communications.

d) **Waiver.** No waiver of any breach of any provision of this Agreement or the SOW by either party or the failure of either party to insist on the exact performance of any provision of this Agreement or the SOW will constitute a waiver of any prior, concurrent or subsequent breach of performance of the same or any other provisions hereof, and no waiver will be effective unless made in writing.

e) **Notices.** Other than routine administrative communications, which may be exchanged by the Parties via email or other means, all notices, consents, and approvals hereunder will be in writing and will be deemed to have been given upon: (i) personal delivery; (ii) the day of receipt, as shown in the applicable carrier's systems, if sent via FedEx, UPS, DHL, or other nationally recognized express carrier; (iii) the third business day after sending by U.S. Postal Service, First Class, postage prepaid, return receipt requested; or (iv) sending by email, with confirmed receipt from the receiving party. Either Party may provide the other with notice of a change in mailing or email address in which case the mailing or email address, as applicable, for that Party will be deemed to have been amended. Client's mailing and email address are as set forth in the Order. The mailing and email address of Granicus is as follows:

Granicus
Contracts
408 St. Peter Street, Suite 600, Saint Paul, MN 55102

(651) 757-4154
contracts@granicus.com

f) **Severability.** If any provision of this Agreement, Order, or SOW, or portion thereof, is held to be invalid, illegal or unenforceable by a court of competent jurisdiction, such provision will be severed and the remaining provisions of the Agreement, Order or SOW will remain in full force and effect.

g) **Assignment.** Neither Party may assign, delegate, or otherwise transfer this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party (such consent not to be unreasonably withheld); provided that either Party may assign this Agreement with reasonable notice to the other party to an affiliate or to a successor in interest resulting from acquisition of all, or substantially all, of the assigning party's business by means of merger, stock or asset purchase, or otherwise. Any assignment or attempted assignment in violation of this Agreement will be null and void.

h) **Amendment.** This Agreement may not be amended or modified except by a written instrument signed by authorized representatives of both Parties.

i) **Applicable Law.** Each party will, at all times, exercise its rights and perform its obligations under this Agreement in compliance with all applicable law, rules, and regulations.

j) **Headings.** The various section headings of this Agreement are inserted only for convenience of reference and are not intended, nor will they be construed to modify, define, limit, or expand the intent of the Parties.

k) **No Third-Party Beneficiaries.** This Agreement is binding upon and insures solely to the benefit of the Parties hereto and their respective permitted successors and assigns; there are no third-party beneficiaries to this Agreement.

13. Governing Law. If Client is a public entity (a state or any agency or authority thereof, or county, city or town, public educational institution or other entity that serves a public purpose), this Agreement will be governed by and construed in accordance with the laws of the state in which the public entity is located, with venue being a court of competent jurisdiction within such state. If Client is the Federal government of the United States or any branch or agency thereof, this Agreement will be governed by the laws of the United States with venue being any Federal district court of competent jurisdiction. If Client is a private or commercial entity, this Agreement will be governed by the laws of the state of New York, without reference to the state's conflict of law principles, with exclusive jurisdiction of the state and federal courts located in the borough of Manhattan, New York, New York. If Client is located in Canada, this Agreement will be governed by the laws of the Province of Ontario with suit brought only in the General Division of the Ontario Court of Justice. No applicable principals of conflicts of laws, imputed terms of the Uniform

Commercial Code, or the United Nations Convention on contracts for the international sale of goods will apply to this Agreement.

14. Entire Agreement. This Agreement and Orders and SOWs governed by this Agreement constitutes the entire agreement between Granicus and Client, and supersedes all prior agreements, requests for proposals or pricing and the corresponding responses, understandings, representations or correspondence relevant to the subject matter hereof. Perpetual licenses granted to Client under prior agreements remain in full force and effect. Inconsistencies between documents will be resolved in the following order: (I) this Agreement; (ii) Orders and SOWs; (iii) all other purchase documents executed by the parties (except for any pre-printed or standard terms contained on purchase orders which shall have no force or effect); (iv) Granicus' response to Client's RFI, RFP, RFQ; and (v) Client's RFI, RFP, RFQ. If Client issues a purchase order, Granicus hereby rejects any additional or conflicting terms appearing on the purchase order or any other ordering materials submitted by Client. Client has not been induced to enter into this Agreement or the SOW by any representations or promises not specifically stated herein.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION OF THE GULFPORT CITY COUNCIL APPROVING PROPOSAL AND TERMS AND CONDITIONS WITH GRANICUS, LLC, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport, Mississippi, utilizes the services of Granicus, LLC, to provide a mapping system in connection with City Works and other mapping applications throughout the City; and

WHEREAS, it is necessary to renew the City's subscription with Granicus, LLC (formerly Citysourced, Inc.) for a period of three years, as more fully set forth in the Memorandum of Purchasing Agent, Jessica Versiga, as a part of Exhibit "A" hereto; and

WHEREAS, in order to effectuate the renewal, approval of the attached Proposal (part of Exhibit "A" hereto) and the Terms and Conditions associated therewith (Exhibit "B" hereto) must be approved by the City's governing authority and executed and delivered on behalf of the City; and

WHEREAS, the City finds that approval and execution of the Proposal and the Terms and Conditions as found in Exhibits "A" and "B" attached hereto is in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the Proposal and the Terms and Conditions as found in Exhibits "A" and "B", be and the same are hereby approved and the Mayor be and he is hereby authorized to execute and deliver the same on behalf of the City of Gulfport.

SECTION 3. That this resolution shall be spread upon the Minutes of the Gulfport City Council, and shall be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Walker, and was adopted by the following roll call vote:

MEMORANDUM

To: City Councilmembers
Mayor Billy Hewes

From: Jessica Versiga, Purchasing Agent

Date: January 25, 2024

RE: Granicus, LLC

Please see attached the proposal and agreement for Granicus, LLC. Granicus is formally known as CitySourced, Inc. On March 2, 2021 the City Council approved the subscription of CitySourced, Inc. for the annual subscription of Custom Geocoder. This is a mapping system that is currently used with City Works utilized throughout many departments in the city.

This agreement is for a 3-year subscription with an increase of 7% each year for the next three years.

Thank you for your consideration.

TERMS & CONDITIONS

- This quote, and all products and services delivered hereunder are governed by the terms located at https://granicus.com/legal/licensing, including any product-specific terms included therein (the "License Agreement"). If your organization and Granicus has entered into a separate agreement or is utilizing a contract vehicle for this transaction, the terms of the License Agreement are incorporated into such separate agreement or contract vehicle by reference, with any directly conflicting terms and conditions being resolved in favor of the separate agreement or contract vehicle to the extent applicable.
- If submitting a Purchase Order, please include the following language: The pricing, terms and conditions of quote Q-317823 dated 09 Jan 2024 are incorporated into this Purchase Order by reference and shall take precedence over any terms and conditions included in this Purchase Order.
- This quote is exclusive of applicable state, local, and federal taxes, which, if any, will be included in the invoice. It is the responsibility of Gulfport MS to provide applicable exemption certificate(s).
- Any lapse in payment may result in suspension of service and will require the payment of a setup fee to reinstate the subscription.

AGREEMENT AND ACCEPTANCE

By signing this document, the undersigned certifies they have authority to enter the agreement. The undersigned also understands the services and terms.

Gulfport MS	
Signature:	
Name:	
Title:	
Date:	

Master Subscription Agreement
US/Canada

This Master Subscription Agreement ("**Agreement**") is effective as of the date an Order or SOW (as defined below) commences ("**Effective Date**") between the party procuring Granicus Products and/or Services ("**Client**") and Granicus, LLC, a Minnesota Limited Liability Company ("**Granicus**").

1. **Definitions.** For the purpose of this Agreement, the following terms have the corresponding definitions:

"Content" means any material or data: (i) displayed or published on Client's website; (ii) provided by Client to Granicus to perform the Services; or (iii) uploaded into Products.

"Products" means the online or cloud subscription services, on premise software, and embedded software licensed to Client, and hardware components purchased by Client under this Agreement;

"IP Rights" means all current and future worldwide statutory or other proprietary rights, whether registered or unregistered, including but not limited to, moral rights, copyright, trademarks, rights in designs, patents, rights in computer software data base rights, rights in know how, mask work, trade secrets, inventions, domain or company names and any application for the foregoing, including registration rights.

"Order" means a binding proposal, written order, or purchasing document setting forth the Products made available to Client pursuant to this Agreement;

"Services" means the consulting, integration, installation, and/or implementation services to be performed by Granicus as described in the SOW;

"SOW" means a statement of work agreed to by the parties that references this Agreement and describes the Services and Deliverables provided as part of a Services engagement pursuant to the Services provisions set forth in this Agreement; and

2. **Intellectual Property Ownership and Use Rights.**

a) **Intellectual Property Ownership.** Granicus and its licensors own all IP Rights in the Products. Client and its authorized users have no right, title or interest in the Products other than the license rights expressly granted herein. All rights not expressly granted in the Products are reserved by Granicus or its licensors.

b) **License to Products.** Granicus hereby grants Client a non-exclusive, non-transferable license to access and use the Products identified in the Order during the Term set forth therein. In addition to the terms of this Agreement and the Order, product-specific license terms applicable to certain of the Products can be found at granicus.com/legal/licensing and are hereby incorporated into this Agreement

by reference. Granicus reserves all right, title and interest in and to all Granicus Products, including all rights not expressly granted to Client under this Agreement.

c) **Third Party Contractors.** Client may permit its third-party contractors to access and use the Products solely on behalf of and for the benefit of Client, so long as: (i) such contractor agrees to comply with this Agreement as if it were Client; (ii) Client remains responsible for each contractor's compliance with this Agreement and any breach thereof; and (iii) all volume or transaction-based use of the Products includes use by contractors. All rights granted to any contractor terminate immediately upon conclusion of the Services rendered to Client that give rise to such right. Upon termination of such rights, contractor will immediately cease all use of the Products and uninstall and destroy all confidential or proprietary Granicus information in its possession. Client will certify compliance with this section in writing upon Granicus' request.

d) **Data Sources.** Client may only upload data related to individuals that originates with or is owned by Client. Client shall not upload data purchased from third parties without Granicus' prior written consent and list cleansing Services provided by Granicus for an additional fee. Granicus will not sell, use, or disclose any personal information provided by Client for any purpose other than performing Services subject to this Agreement.

e) **Content.** Client can only use Products to share Content that is created by or owned by Client and/or Content for affiliated organizations, provided that use by Client for affiliated organizations is in support only, and not as a primary communication vehicle for such organizations that do not have their own license to the Products. Granicus is not responsible for any Content used, uploaded or migrated by Client or any third party.

f) **Advertising.** Client shall not use Products to promote products or services available for sale through Client or any third party without Granicus' prior written consent.

g) **Restrictions.** Client shall not:

(i) Use or permit any end user to use the Products to store or display adult content, promote illegal or immoral activities, send or store infringing, obscene, threatening or unlawful or tortious material or disrupt others use of the Products, network services or network equipment, including unsolicited advertising or chain letters, propagation of computer worms and viruses, or use of the Products to make unauthorized entry into any other device accessible via the network or Products;

(ii) Use the Products as a door or signpost to another server;

(iii) Disassemble, decompile, reverse engineer or make derivative works of the Products;

(iv) Rent, lease, lend, or host the Products to or for any third party, or disclose the Products to any third party except as otherwise permitted in this Agreement or an Order or SOW;

(v) Use the Products in violation of any applicable law, rule, or regulation, including violation of laws regarding the processing, use, or disclosure of personal information, or violation of any United States export control or regulation, United States embargo, or denied or sanctioned parties prohibitions; or

(vi) Modify, adapt, or use the Products to develop any software application intended for resale which uses or competes with the Products in whole or in part.

3. Term; Termination.

a) **Agreement Term.** This Agreement begins on the Effective Date and remains in effect for the period set out in the Order ("**Initial Term**"). Thereafter, this Agreement will continue in effect until all Orders or SOWs have expired or been terminated.

b) **Order Term.** Each Order will be effective on the date set out therein and will remain in effect during the Initial Term identified in such Order. Each Order will automatically renew for twelve (12) month terms (each, a "**Renewal Term**") unless either party gives the other party notice of non-renewal at least sixty (60) days prior to the end of the applicable Term of the Order. The Initial Term and all Renewal Terms are collectively, the "**Term**".

c) **SOW Term.** Each SOW will begin on the effective date of the SOW and will remain in effect until the Services are completed, this Agreement is terminated, or the termination date set out in the SOW (the **"Termination Date"**), whichever is later. If no specific Termination Date is designated in the SOW, Client may terminate the SOW upon thirty (30) days written notice to Granicus.

d) **Termination for Default.** Either party may terminate this Agreement or any Order or SOW by written notice if the other party commits a material breach of this Agreement or the applicable Order or SOW and fails to cure such breach within thirty (30) days after receipt of such notice, or an additional period of time as agreed to by the parties.

e) **Effect of Termination.** Upon expiration or termination of an Order or SOW for any reason: (i) Client's right to access and use the Products will immediately cease (except for perpetual licenses granted under an Order, which will continue to be governed by this Agreement for the duration of the license); (ii) Client will promptly remit any fees due to Granicus under all Orders and SOWs; (iii) Granicus will promptly

cease performance of any Services; and (iv) the parties will return or destroy any Confidential Information of the other party in its possession, and certify upon request to the other party of compliance with the foregoing. Client will have thirty (30) days from the expiration date of a subscription to extract or download any Content stored in the Products. Granicus has no obligation to retain any Content after such thirty (30)-day period nor is Granicus responsible for extracting the data on Client's behalf absent separate written agreement and the payment of additional fees.

f) **Survival.** Sections 4 (Fees, Payment), 9 (Confidentiality), 10 (Indemnification), 11 (Limitation of Liability), 13 (Governing Law) and any other clause that by its nature is intended to survive will survive termination of this Agreement indefinitely or to the extent set out therein.

4. Fees; Payment.

a) **Fees.** Client will pay all fees, costs and other amounts as specified in each Order or SOW. Annual fees are due upfront at the beginning of each annual term. Services fees and one-time fees are due according to the billing frequency specified in each Order or SOW. Granicus may suspend Client's access to any Products if there is a lapse in payment not remedied promptly upon notice to Client. A lapse in the Term of each Order or SOW will require the payment of a setup fee to reinstate the subscription. All fees are exclusive of applicable state, local, and federal taxes, which, if any, will be included in the invoice. It is Client's responsibility to provide applicable exemption certificate(s).

b) **Payment.** Client will remit payment of the fees due within thirty (30) days of receipt of an accurate invoice from Granicus or its authorized reseller, or if Client is subject to different payment terms imposed by applicable regulation, such required payment duration. Any disputed amounts will be identified in writing to Granicus within the payment period or be deemed accurate and payable. With respect to any amount due to Granicus which is not paid within thirty (30) days of an undisputed invoice, Granicus may apply interest at the rate of one and half percent (1.5%) per month, or such lesser amount required by law, assessed from the due date through the date of payment. Client acknowledges and agrees that orders placed by Client for Products and Services will be non-cancellable and the fees paid are non-refundable unless otherwise expressly stated in the Agreement.

c) **Purchase Orders.** Upon request, Granicus will reference a purchase order numbr on its invoices if Client provides the corresponding purchase order information to Granicus prior to generating the invoice. Client agrees that a failure to provide Granicus with purchase order information will not relieve Client of its obligations to provide payment in accordance with this section.

d) **Price Changes.** Subject to any price schedule or pre-negotiated fees to which this Agreement or an Order may be subject, Granicus will provide notice of any price changes at least ninety (90) days prior to the end of the current Term, which will become effective as of the next Renewal Term. Renewals at the same volume amount will not increase more than ten percent (10%) over the prior year's fees.

Purchases of additional Products will be at Granicus' then-current price and licenses, subject to volume or transaction metrics, and will be reviewed annually prior to commencement of the Renewal Term, with fees adjusted to cover increases in Client's use.

e) **Cooperative Purchasing.** To the extent permitted by law the terms of this Agreement may be extended for use by other municipalities, school districts and governmental agencies. Orders and SOWs entered into by such third parties are independent agreements between the third party and Granicus and do not affect this Agreement or any Order or SOW between Granicus and Client.

5. Client Responsibilities.

a) **Content.** Client will be solely responsible for the Content submitted to the Products and will comply with all laws, rules and regulations relating to the use, disclosure and transmission of such Content, including providing such to Granicus. Client represents and warrants it has the legal right to provide the Content to Granicus and that such use or disclosure does not violate the intellectual property, privacy or other legal rights of any third party. Client grants Granicus a limited, non-exclusive right during the Term to access and use the Content to provide the Products and Services. Content does not include user feedback related to the Products or Services, which Granicus is free to use without any further permission or consideration to Client. In addition, Content does not include data generated by use of the Products, including system data and data derived from Content in an aggregated and anonymized form, which may be used by Granicus for any and all business purposes including diagnostics and system and product improvements.

b) **Data Backup and Protection.** Client will maintain a back-up of any data or data files provided to Granicus. For certain Products, Granicus offers functionality that requires subscribers to enable password protection of subscriber profiles and associated data. Client assumes all responsibility for implementing and enforcing this security functionality in its sole discretion.

c) **Passwords.** Sign-on credentials used to access the Products are non-transferable. Client is responsible for keeping all passwords secure and for all use of the Products through Client's sign in credentials.

d) **Cooperation.** Client will provide any assistance reasonably required by Granicus to perform the Services, including timely review of plans and schedules for the Services and reasonable access to Client's offices for Services performed onsite.

e) **Third-Party Technology.** Client will be responsible for securing all licenses for third party technology necessary for Granicus to perform the Services (including the right for Granicus to use such technology) and will be responsible for the performance of any third-party providing goods or services to Client related to the Services, including such third party's cooperation with Granicus.

6. Support. Basic support and maintenance services provided to Client for Products ("Support") is included in the fees paid for the Granicus Product

subscription or maintenance during the Term and will be provided in accordance with the Service Level Agreement set forth at www.granicus.com/legal/licensing. Granicus may update its Support obligations under this Agreement, so long as the level of Support agreed to by the parties is not materially diminished due to such modification.

7. Representations; Warranties; Disclaimers.

a) **Representations.** Each Party represents that it has validly entered into this Agreement and has the legal power to do so.

b) **Warranties:**

(i) Each party warrants that it has the rights necessary to grant to the other party the licenses granted in this Agreement.

(ii) Granicus warrants that it will perform its obligations in a professional and workmanlike manner in accordance with industry standards.

(iii) Client's sole and exclusive remedy and Granicus ' sole obligation for breach of the warranties in this Section are as follows: (i) for a breach of the warranty in Section 7.b.(i), the indemnity in Section 10 of this Agreement; and (ii) for a breach of the warranty in Section 7.b.(ii) reperformance of the non-conforming Services, provided that Client notifies Granicus of a non-conformity in this Section during the thirty (30) day period following Granicus' completion of the applicable Services.

c) **Disclaimers.** EXCEPT AS EXPRESSLY STATED IN THIS THIS SECTION, THE PRODUCTS AND SERVICES ARE PROVIDED "AS IS" AND GRANICUS DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE. GRANICUS DOES NOT WARRANT THAT PRODUCTS OR SERVICES WILL MEET CLIENT'S REQUIREMENTS OR THAT THE OPERATION THEREOF WILL BE UNINTERRUPTED OR ERROR FREE.

8. Services.

a) Granicus will perform Services in accordance with this Agreement and the SOW. Granicus is not obligated to provide any Services unless set out in the SOW. Unless otherwise set out in the SOW or as agreed to by the parties the Services will be performed remotely. Any estimates provided in the SOW, including expected hours to complete the Services and any timeline provided by Granicus, are based on known functional requirements and technical environments as of the effective date of the SOW. Changes or delays in the work schedule originating with Client are subject to the project change procedure and may result in an increase in fees.

b) Granicus grants Client a non-exclusive, non-transferable, royalty-free, perpetual license to use the Deliverables on behalf of and for the benefit of Client independently and with the Products. Granicus retains all right, title and interest to

the Deliverables except for those rights expressly granted to Client and reserves all rights not otherwise expressly granted herein. Deliverables and Services are deemed accepted upon delivery unless otherwise set forth in a SOW. **"Deliverable(s)"** means any computer software, written documentation, reports or materials developed by Granicus specifically for Client pursuant to a SOW;

c) Any modifications to the Services must be in writing and signed by authorized representatives of each party. Granicus personnel performing Services at Client's offices will comply with Client's policies and procedures in effect at such location.

d) If agreed to by the Parties in the SOW, Client will also pay for all reasonable travel-related and out-of-pocket expenses incurred by Granicus in the performance of the Services in accordance with Client's travel and expense policy which will be provided to Granicus in writing (or Granicus' policy if none is provided by Client) and which will be billed monthly and due thirty (30) days following date of invoice.

9. Confidentiality. During performance of the Services, each party may receive Confidential Information of the other party.

a) **"Confidential Information"** means all confidential and/or trade secret information of either party (**"Disclosing Party"**), including but not limited to: (i) Granicus' Products; (ii) non-public information if it is clearly and conspicuously marked as "confidential" or with a similar designation at the time of disclosure; (iii) non-public information of the Disclosing Party if it is identified as confidential and/or proprietary before, during, or promptly after presentation or communication; and (iv) any information that should be reasonably understood to be confidential or proprietary given the nature of the information and the context in which disclosed, in each case that is disclosed to the other party (**"Receiving Party"**) or to which the Receiving Party gains access in connection with performance of the Services.

b) Subject to freedom of information, government transparency, or similar applicable law, each Receiving Party will receive and hold any Confidential Information in strict confidence and will: (i) protect and safeguard the Confidential Information against unauthorized use, publication or disclosure; (ii) not reveal, report, publish, disclose, transfer, copy or otherwise use any Confidential Information except as specifically authorized by the Disclosing Party; (iii) not use any Confidential Information for any purpose other than in performance of this Agreement; (iv) restrict access to Confidential Information to those of its advisors, officers, directors, employees, agents, consultants, contractors and lobbyists who have a need to know, who have been advised of the confidential nature thereof, and who are under express written obligations of confidentiality or under obligations of confidentiality imposed by law or rule; and (v) exercise at least the same standard of care and security to protect the confidentiality of the Confidential Information received by it as it protects its own confidential information, but no less than a reasonable degree of care.

c) If a Receiving Party is requested or required in a judicial, administrative, or governmental proceeding to disclose any Confidential Information, it will notify the

Disclosing Party as promptly as practicable so that the Disclosing Party may seek an appropriate protective order or waiver for that instance, unless such notification is prohibited by law or judicial order.

d) The foregoing obligations do not apply to information that: (i) is already public or becomes available to the public through no breach of this section; (ii) was in the Receiving Party's lawful possession before receipt from the Disclosing Party; (iii) is lawfully received independently from a third party who is not bound by a confidentiality obligation; or (iv) is independently developed by or on behalf of the Receiving Party without use of any Confidential Information.

e) Upon written request of the Disclosing Party, the Receiving Party agrees to promptly return or destroy all Confidential Information in its possession, and certify its destruction in writing, provided that the Receiving Party may retain a copy of the returned or destroyed items for archival purposes in accordance with its records retention policies and subject to this section.

f) Disclosing Party may be irreparably damaged if the obligations under this section are not enforced and as such may not have an adequate remedy in the event of a breach by Receiving Party of its obligations hereunder. The parties agree, therefore, that Disclosing Party is entitled to seek, in addition to other available remedies, an injunction restraining any actual, threatened or further breaches of the Receiving Party's obligations under this section or any other appropriate equitable order or decree.

10. Indemnification.

a) Granicus will defend, indemnify and hold Client harmless from and against all losses, liabilities, damages and expenses including reasonable attorney fees (collectively, "Losses") arising from any claim or suit by an unaffiliated third party that the Products or Deliverables, as delivered to Client and when used in accordance with this Agreement and the applicable Order or SOW, infringes a valid U.S. copyright or U.S. patent issued as of the date of the applicable Order or SOW (a "Claim").

b) To the extent permitted by applicable law, Granicus will have control of the defense and reserves the right to settle any Claim. Client must notify Granicus promptly of any Claim and provide reasonable cooperation to Granicus, upon Granicus' request and at Granicus' cost, to defend such Claim. Granicus will not agree to any settlement which requires acknowledgment of fault or an incurred liability on the part of an indemnified party not otherwise covered by this indemnification without indemnified party's prior consent. Client may elect to participate in the defense of any claim with counsel of its choosing at its own expense.

c) If the Products or Deliverables are subject to a claim of infringement or misappropriation, or if Granicus reasonably believes the Products or Deliverables may be subject to such a Claim, Granicus reserves the right, in its sole discretion, to:

(i) replace the affected Products or Deliverable with non-infringing functional equivalents; (ii) modify the affected Products or Deliverable to render it non-infringing; or (iii) terminate this Agreement or the applicable Order or SOW with respect to the affected Granicus Product or Deliverable and refund to Client any prepaid fees for the then-remaining portion of the Order or SOW Term.

d) Granicus will have no obligation to indemnify, defend, or hold Client harmless from any Claim to the extent it is based upon: (i) a modification to the Granicus Product or Deliverable by anyone other than Granicus; (ii) a modification made by Granicus pursuant to Client's required instructions or specifications or in reliance on materials or information provided by Client; (iii) combination with the Products or Deliverable with non-Granicus software or data; or (iv) Client's (or any authorized user of Client) use of any Products or Deliverables other than in accordance with this Agreement.

e) This section sets forth Client's sole and exclusive remedy, and Granicus' entire liability, for any Claim that the Products, Deliverables or any other materials provided by Granicus violate or infringe upon the rights of any third party.

11. Limitation of Liability.

a) EXCEPT FOR LIABILITY THAT CANNOT BE LIMITED OR EXCLUDED UNDER APPLICABLE LAW, UNDER NO CIRCUMSTANCES WILL EITHER PARTY BE LIABLE FOR ANY: (I) SPECIAL, INDIRECT, PUNITIVE, INCIDENTAL, OR CONSEQUENTIAL DAMAGES; OR (II) LOSS OR DAMAGE TO DATA, LOST PROFITS, SALES, BUSINESS, GOODWILL OR ANTICIPATED SAVINGS, WHETHER AN ACTION IS IN CONTRACT OR TORT (INCLUDING NEGLIGENCE) AND REGARDLESS OF THE THEORY OF LIABILITY, EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

b) IN NO EVENT, EXCEPT FOR CLIENT'S OBLIGATIONS TO PAY AMOUNTS DUE UNDER THE ORDER OR SOW, OR GRANICUS' INDEMNIFICATION OBLIGATIONS SET FORTH IN SECTION 10 (INDEMNIFICATION), WILL EITHER PARTY'S MAXIMUM AGGREGATE LIABILITY FOR ALL CLAIMS ARISING IN CONNECTION WITH THIS AGREEMENT (IN TORT (INCLUDING NEGLIGENCE), CONTRACT OR OTHERWISE) EXCEED THE AMOUNT OF FEES PAID BY CLIENT TO GRANICUS IN THE SIX (6) MONTHS IMMEDIATELY PRECEDING THE DATE THE DAMAGED PARTY NOTIFIES THE OTHER PARTY IN WRITING OF THE CLAIM. HOWEVER, IF CLIENT HAS PAID NO FEES UNDER THE TERMS OF AN ORDER IN THE TWELVE (12) MONTH PERIOD PRECEDING THE DATE OF THE INCIDENT GIVING RISE TO THE CLAIM, THE AGGREGATE LIABILITY OF GRANICUS TO CUSTOMER FOR SUCH CLAIM SHALL NOT EXCEED FIVE THOUSDAND DOLLARS ($5,000).

12. General.

a) Force Majeure. With the exception of payment obligations, any delay in the performance by either party of its obligations hereunder will be excused when such delay in performance is due to any cause or event of any nature whatsoever beyond the reasonable control of such Party, including, without limitation, any act of God; any fire, flood, or weather condition; any computer virus, worm, denial of

service attack; any earthquake; any act of a public enemy, war, insurrection, riot, explosion or strike; provided, that written notice thereof must be given by such Party to the other Party within twenty (20) days after occurrence of such cause or event.

b) **Independent Contractor.** Each party is an independent contractor and employees of each party are not considered to be employees of the other party. No agency, partnership, joint venture or other joint relationship is created by this Agreement. The parties shall not make any commitments binding on the other or make any representation that they are acting for, or on behalf of, the other. Each party assumes full responsibility for the actions of its personnel while performing the Services and such party will be solely responsible for the supervision, daily direction, control of its personnel, and for the payment of all of their compensation and any taxes related thereto.

c) **Publicity.** Neither party will use the name of the other party in publicity releases or similar activity without the consent of the other party, except Granicus may include Client's name and logo in client lists and similar communications.

d) **Waiver.** No waiver of any breach of any provision of this Agreement or the SOW by either party or the failure of either party to insist on the exact performance of any provision of this Agreement or the SOW will constitute a waiver of any prior, concurrent or subsequent breach of performance of the same or any other provisions hereof, and no waiver will be effective unless made in writing.

e) **Notices.** Other than routine administrative communications, which may be exchanged by the Parties via email or other means, all notices, consents, and approvals hereunder will be in writing and will be deemed to have been given upon: (i) personal delivery; (ii) the day of receipt, as shown in the applicable carrier's systems, if sent via FedEx, UPS, DHL, or other nationally recognized express carrier; (iii) the third business day after sending by U.S. Postal Service, First Class, postage prepaid, return receipt requested; or (iv) sending by email, with confirmed receipt from the receiving party. Either Party may provide the other with notice of a change in mailing or email address in which case the mailing or email address, as applicable, for that Party will be deemed to have been amended. Client's mailing and email address are as set forth in the Order. The mailing and email address of Granicus is as follows:

Granicus
Contracts
408 St. Peter Street, Suite 600, Saint Paul, MN 55102

(651) 757-4154
contracts@granicus.com

f) **Severability.** If any provision of this Agreement, Order, or SOW, or portion thereof, is held to be invalid, illegal or unenforceable by a court of competent jurisdiction, such provision will be severed and the remaining provisions of the Agreement, Order or SOW will remain in full force and effect.

g) **Assignment.** Neither Party may assign, delegate, or otherwise transfer this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party (such consent not to be unreasonably withheld); provided that either Party may assign this Agreement with reasonable notice to the other party to an affiliate or to a successor in interest resulting from acquisition of all, or substantially all, of the assigning party's business by means of merger, stock or asset purchase, or otherwise. Any assignment or attempted assignment in violation of this Agreement will be null and void.

h) **Amendment.** This Agreement may not be amended or modified except by a written instrument signed by authorized representatives of both Parties.

i) **Applicable Law.** Each party will, at all times, exercise its rights and perform its obligations under this Agreement in compliance with all applicable law, rules, and regulations.

j) **Headings.** The various section headings of this Agreement are inserted only for convenience of reference and are not intended, nor will they be construed to modify, define, limit, or expand the intent of the Parties.

k) **No Third-Party Beneficiaries.** This Agreement is binding upon and insures solely to the benefit of the Parties hereto and their respective permitted successors and assigns; there are no third-party beneficiaries to this Agreement.

13. Governing Law. If Client is a public entity (a state or any agency or authority thereof, or county, city or town, public educational institution or other entity that serves a public purpose), this Agreement will be governed by and construed in accordance with the laws of the state in which the public entity is located, with venue being a court of competent jurisdiction within such state. If Client is the Federal government of the United States or any branch or agency thereof, this Agreement will be governed by the laws of the United States with venue being any Federal district court of competent jurisdiction. If Client is a private or commercial entity, this Agreement will be governed by the laws of the state of New York, without reference to the state's conflict of law principles, with exclusive jurisdiction of the state and federal courts located in the borough of Manhattan, New York, New York. If Client is located in Canada, this Agreement will be governed by the laws of the Province of Ontario with suit brought only in the General Division of the Ontario Court of Justice. No applicable principals of conflicts of laws, imputed terms of the Uniform

Commercial Code, or the United Nations Convention on contracts for the international sale of goods will apply to this Agreement.

14. Entire Agreement. This Agreement and Orders and SOWs governed by this Agreement constitutes the entire agreement between Granicus and Client, and supersedes all prior agreements, requests for proposals or pricing and the corresponding responses, understandings, representations or correspondence relevant to the subject matter hereof. Perpetual licenses granted to Client under prior agreements remain in full force and effect. Inconsistencies between documents will be resolved in the following order: (I) this Agreement; (ii) Orders and SOWs; (iii) all other purchase documents executed by the parties (except for any pre-printed or standard terms contained on purchase orders which shall have no force or effect); (iv) Granicus' response to Client's RFI, RFP, RFQ; and (v) Client's RFI, RFP, RFQ. If Client issues a purchase order, Granicus hereby rejects any additional or conflicting terms appearing on the purchase order or any other ordering materials submitted by Client. Client has not been induced to enter into this Agreement or the SOW by any representations or promises not specifically stated herein.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO STEP ONE AUTOMOTIVE IN CONNECTION WITH THE REVERSE AUCTION FOR THE PURCHASE OF FIVE (5) POLICE PURSUIT VEHICLES, AND FOR RELATED PURPOSES

WHEREAS, the Procurement Office of the City of Gulfport conducted a "reverse auction" for the purchase of five (5) police pursuit vehicles for use by the Police Department; and

WHEREAS, four (4) auto dealers participated in the auction, with Premier Chrysler Dodge Jeep Ram having the lowest bid at $36,400.00 per vehicle; and

WHEREAS, subsequent to the close of the auction, Premier Chrysler Dodge Jeep Ram withdrew from the auction having determined that they were no longer able to sell the required vehicles at the price that it had bid; and

WHEREAS, the next two (2) lowest bidders then advised that they no longer had cars available that met the City's specifications, leaving Step One Automotive as the only remaining bidder at $36,900.00 per vehicle, all as more fully set forth in the Memorandum of Purchasing Agent, Jessica Versiga, which is attached hereto as Exhibit "A".

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the bid of Step One Automotive of $36,900.00 per vehicle be accepted and that the City be and it is hereby authorized to purchase five (5) police pursuit vehicles from Step One Automotive and that the Mayor (or his designee) is, hereby, authorized to execute and deliver any and all documents required to effectuate the purchase of said vehicles.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES **NAYS** **ABSENT**

WHEREUPON, the President declared the motion carried and the Resolution adopted this the _____ day of _____, 2024.

MEMORANDUM

To: City Councilmembers
Mayor Billy Hewes

From: Jessica Versiga, Purchasing Agent

Date: February 6, 2024

RE: Reverse Auction
Police Pursuit Vehicles - Police

The Purchasing Department performed a Reverse Auction of five (5) 2023 Police Pursuit Vehicles for the Police Department. We had four (4) bidders with Premier CDJR being the lowest at $36,400.00 per vehicle. After winning the reverse auction, Premier CDJR decided that they were no longer able to sell the vehicles as agreed upon in the reverse auction. We checked with the other bidders in order and the only vendor that still had vehicles to sell was Step One Automotive at $36,990.00 per vehicle. We request permission to purchase the five (5) vehicles from Step One Automotive.

This purchase will be funded by the Police Departments FY24 budget as well as grant funds.

Attached is the reverse auction bid tabulation for your review.

Thank you for your consideration.

Premier CDJR	$ 42,500.00	5	$ 212,500.00	10:04:07 AM	2 Days

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO STEP ONE AUTOMOTIVE IN CONNECTION WITH THE REVERSE AUCTION FOR THE PURCHASE OF FIVE (5) POLICE PURSUIT VEHICLES, AND FOR RELATED PURPOSES

WHEREAS, the Procurement Office of the City of Gulfport conducted a "reverse auction" for the purchase of five (5) police pursuit vehicles for use by the Police Department; and

WHEREAS, four (4) auto dealers participated in the auction, with Premier Chrysler Dodge Jeep Ram having the lowest bid at $36,400.00 per vehicle; and

WHEREAS, subsequent to the close of the auction, Premier Chrysler Dodge Jeep Ram withdrew from the auction having determined that they were no longer able to sell the required vehicles at the price that it had bid; and

WHEREAS, the next two (2) lowest bidders then advised that they no longer had cars available that met the City's specifications, leaving Step One Automotive as the only remaining bidder at $36,900.00 per vehicle, all as more fully set forth in the Memorandum of Purchasing Agent, Jessica Versiga, which is attached hereto as Exhibit "A".

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the bid of Step One Automotive of $36,900.00 per vehicle be accepted and that the City be and it is hereby authorized to purchase five (5) police pursuit vehicles from Step One Automotive and that the Mayor (or his designee) is, hereby, authorized to execute and deliver any and all documents required to effectuate the purchase of said vehicles.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Walker, and was adopted by the following roll call vote:

MEMORANDUM

To: City Councilmembers
Mayor Billy Hewes

From: Jessica Versiga, Purchasing Agent

Date: February 6, 2024

RE: Reverse Auction
Police Pursuit Vehicles - Police

The Purchasing Department performed a Reverse Auction of five (5) 2023 Police Pursuit Vehicles for the Police Department. We had four (4) bidders with Premier CDJR being the lowest at $36,400.00 per vehicle. After winning the reverse auction, Premier CDJR decided that they were no longer able to sell the vehicles as agreed upon in the reverse auction. We checked with the other bidders in order and the only vendor that still had vehicles to sell was Step One Automotive at $36,990.00 per vehicle. We request permission to purchase the five (5) vehicles from Step One Automotive.

This purchase will be funded by the Police Departments FY24 budget as well as grant funds.

Attached is the reverse auction bid tabulation for your review.

Thank you for your consideration.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION OF THE GULFPORT CITY COUNCIL APPROVING SOFTWARE SERVICE AGREEMENT WITH BLAZESTACK, INC., AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport, to facilitate fire investigative report preparation and storage/retrieval, the Fire Department desires to replace its current software with Blazestack, a web/cloud-based software that provides more efficient investigation case management; and

WHEREAS, the Fire Department has requested approval of the Software Services Order Form and SAAS Services Agreement between the City and Blazestack, Inc., which are attached hereto as a part of Exhibit "A"; and

WHEREAS, the City finds that approval and execution of the Software Services Order Form and SAAS Services Agreement, as found at Exhibit "A" hereto, is in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the Software Services Order Form and SAAS Services Agreement between the City of Gulfport and Blazestack, as attached hereto as Exhibit "A", be and the same is hereby approved to the extent that it complies with Mississippi law, and the Mayor be and he is hereby authorized to execute and deliver the same on behalf of the City of Gulfport.

SECTION 3. That this resolution shall be spread upon the Minutes of the Gulfport City Council, and shall be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

MEMORANDUM

To: City Councilmembers
Mayor Billy Hewes

From: Jessica Versiga, Purchasing Agent

Date: January 19, 2024

RE: Blazestack Fire Investigation Software

Please see attached a Software Service Agreement with Blazestack, Inc. The Fire Department asks permission to enter into this agreement for the Fire Investigation Case Management Software. They are currently using a software that is not working for the needs of the department.

This is a web/cloud-based software that will replace the investigations module by ImageTrend currently utilized by the department.

Thank you for your consideration.

BLAZESTACK

SOFTWARE SERVICES ORDER FORM AND SAAS SERVICES AGREEMENT

This Software Services Order Form and SAAS Services Agreement (this "**Agreement**") is between Blazestack Inc., a Texas corporation with mailing address of POB 160266, Austin, TX 78716 ("**Blazestack**"), and "**Customer**" identified immediately below.

CUSTOMER INFORMATION:

City of Gulfport Fire Department
("Customer") with offices at:
1515 23rd Ave Gulfport, MS 39501

TERMS OF SERVICE

These Terms of Service is between Blazestack Inc., a Texas corporation (collectively, "Blazestack"), and the entity identified on the applicable Order Form ("Customer"). The Agreement is effective as of the date in the applicable Order Form ("Effective Date").

1. DEFINITIONS

Capitalized terms have the meanings described in this section or in the body of the Agreement.

"Agreement" means these Terms of Service and the relevant Order Form.

"Annual Case Volume" means maximum number of Cases entered into the system by Customer's Users per year.

"Case" means one individual incident at a specific location.

"Customer Data" means all electronic data or information that Customer submits to the Service or is submitted on behalf of Customer as well as all Generated Data, as defined in Section 2.2, except to the extent of any data, information, or intellectual property owned by Company or a third-party.

"Order Form" means a Blazestack ordering document that references these Terms of Service, whether online or via a separate form.

"Report" means any report, analysis, content, survey, opinion, photo, technique, hypothesis, finding, study relating to any fire investigation prepared by Customer and/or User.

"Service" means Blazestack's proprietary fire investigation software accessible through the internet, that is intended for use in the investigation of fire.

"Term" means the period of Customer's subscription to the Service as specified in an Order Form, unless terminated earlier under Section 7 (Term and Termination).

"Third-Party Products" means any products or services not developed by Blazestack.

"User" means a single, unique authorized individual of the Customer that uses the Service on Customer's behalf.

"User-Seat" is a license for one User to use the Service.

2. SERVICE AND SUPPORT

2.1. Provision of Service. Blazestack shall provide Customer with access to the Service for the number of User-Seats specified on the Order Form during the Term, or if not specified a reasonable amount of Users in the sole discretion of Blazestack.

2.2. Use of Service. Customer shall use the Service and the data generated by the Service ("Generated Data") only for fire investigation purposes.

2.3. System Requirements. Customer shall meet the minimum system requirements for access to the Service, currently set forth at the end of this Agreement but subject to change by Blazestack on a reasonable basis. Blazestack shall provide written notification to Customer for any changes to the minimum system requirements.

2.4. Third-Party Products. Blazestack may offer Customer the ability to use Third Party Products with the Service, subject to Customer's agreement with any applicable terms and conditions for those Third-Party Products.

3. RESPONSIBILITES AND RESTRICTIONS

3.1. Blazestack Responsibilities. Blazestack shall: (i) provide Customer with access to the Service in accordance with this Agreement and all applicable laws; and (ii) provide the Service with a minimum of 99.0% Uptime during any calendar month, except Blazestack shall have 2 business days to restore availability after any downtime. "Uptime" means the availability of the Service, excluding lack of availability due to Customer or third-party causes, downtime for maintenance, or a Force Majeure Event.

3.2. Customer Responsibilities. Customer shall: (i) ensure Users to comply with this Agreement; (ii) ensure that any firewalls or other security measures are properly configured to allow Blazestack internet traffic on the necessary IP addresses and ports; (iii) whitelist any and all *.blazestack.com domains and *@blazestack.com email addresses, and disable any ad blockers, pop-up blockers, content filters, or any other technologies that may interfere with Blazestack security or User usability, in order to enable proper functioning of the Service; (iv) cooperate with Blazestack so that Blazestack can provide the Service; (v) be responsible for the Customer Data including the accuracy, completeness, and legality of the Customer Data; (vi) prevent unauthorized access or use of the Service and promptly notify Blazestack if Customer discovers or reasonably believes any unauthorized access or use has occurred; (vii) use the Service in accordance with this Agreement and applicable laws; and (viii) create Reports in accordance with industry standards. Furthermore, the Customer is responsible for the results of the use of the Service, including any and all Reports, and hereby acknowledges to the Company that (a) Customer is solely responsible for any such use of Report and (b) the Company is not certifying or validating any portion of the Report.

3.3 Restrictions. Only Users may use the Service and only with the account credentials issued to that User by the Customer. Users may not share their account credentials. Customer shall not, and shall not permit any third party to: (i) use the Service except as expressly authorized under this Agreement; (ii) interfere with or disrupt the integrity or performance of the Service; (iii) rent, lease, lend, sell, sublicense, assign, distribute, publish, transfer or otherwise make the Service available; (iv) remove any title, trademark, copyright, or restricted rights notices or labels from the Service; (v) modify or create a derivative work of the Service or any portion of the Service; (vi) reverse engineer, disassemble, decompile, decode, adapt or otherwise attempt to derive or gain access to the source code, object code or underlying structure or algorithms of the Service; (vii) access or attempt to access or use the Services for purposes of competitive analysis of the Services or the development, provision, or use of a competing software service or product; or (viii) copy, record, screenshot, or otherwise capture any aspect of the Service in any medium without the prior written consent of Blazestack.

4. FEES

4.1. Fees. Customer shall pay all fees specified in all Order Forms ("Fees"). Fees are quoted and payable in United States dollars and are non-refundable, except as described in Section 7 (Term and Termination). Acceptable forms of payment are limited to credit card, ACH, wire transfers and physical check, provided that Blazestack may change acceptable forms of payment upon thirty (30) days' notice to the Customer. User-Seats purchased but not utilized during the Term are not eligible for refunds.

4.2. Taxes. Fees are exclusive of all taxes, including any applicable sales, excise, or use taxes ("Taxes"). Customer shall pay any Taxes directly or to Blazestack, as required by law. If Customer is exempt from paying Taxes, Customer shall provide Blazestack with a valid tax exemption certificate.

Blazestack Inc.
907 Ranch Rd 620 S # 302, Lakeway, TX 78734
hello@blazestack.com
(855) 735-6673

4.3. Invoicing and Payment. Blazestack shall invoice Customer according to the terms on the Order Form. Unless the Order Form states otherwise, Fees are due upon receipt of invoice (the "Due Date"). Customer shall provide Blazestack with complete and accurate billing and contact information and promptly notify Blazestack of any changes throughout the Term.

4.4. Overdue Fees. If Blazestack does not receive all Fees by the applicable Due Date, Blazestack may charge a late fee on the unpaid balance at the lesser of 1.5% per month or the maximum lawful rate, starting from the date the payment was due until the date paid. Customer shall also reimburse Blazestack for all reasonable costs incurred in collecting any amounts not paid when due, including any attorneys' fees. Blazestack reserves all rights and available remedies to collect overdue Fees from Customer, including but not limited to suspending Customer's access to the Service until all Fees are paid.

5. CONFIDENTIALITY

5.1. Definition. "Confidential Information" means oral, electronic, or written information disclosed by a party, whether designated confidential or not, or that a reasonable person would know it was confidential based upon the nature or content of the information or the circumstances of its disclosure.

Blazestack Confidential Information includes, but is not limited to, information pertaining to the features, functionality, any testing, and performance of the Service, pricing, and this Agreement as well as Feedback. Confidential Information does not include information that: (i) is now or becomes generally known or available to the public without breach of this Agreement by the receiving party (the "Recipient"); (ii) was acquired by the Recipient without restriction on its use or disclosure before the information was received from the disclosing party (the "Discloser"); (iii) is obtained by the Recipient without restriction on its use or disclosure from a third party authorized to make the disclosure; or (iv) is independently developed by the Recipient without using or referring to the Discloser's Confidential Information.

5.2. Protection of Confidential Information. The Recipient may only use the Discloser's Confidential Information in relation to this Agreement. The Recipient shall maintain the confidentiality of the Discloser's Confidential Information with at least the same degree of care that it uses to protect its own confidential and proprietary information (including but not limited to maintaining reasonable administrative, physical, and technical safeguards) and no less than a reasonable degree of care. Each party has the right to seek an injunction (without having to post a bond) to prevent any breach or continued breach of this section.

5.3. Compelled Disclosure. If the Recipient is required by law or a valid court or government order to disclose any of the Discloser's Confidential Information, then (to the extent permitted under law) the Recipient shall promptly notify the Discloser in writing of the required disclosure so that the Discloser may seek to protect its Confidential Information. The Recipient shall cooperate with the Discloser in seeking such protection.

6. PROPRIETARY RIGHTS

6.1. Customer Ownership and Licenses. Customer owns all rights, title and interest in and to Customer Data and Reports. During the Term, Customer grants Blazestack a worldwide, non-exclusive, royalty-free, non-sublicensable (except as needed to provide the Service), non-transferable (except as described in Section 11.5 (Assignment)) right to access and use the Customer Data to provide the Service to Customer and to monitor and improve the Service. Customer shall back up Customer Data during the Term and may not have access to the Customer Data via the Service after the Term.

6.2. De-Identified Data. Blazestack may collect, develop, create, extract, compile, synthesize, analyze and commercialize statistics, benchmarks, measures and other information based on Aggregated Data (collectively, "De-Identified Data"). De-Identified Data will be owned solely by Blazestack and may be used for any lawful business purpose. "Aggregated Data" means Customer Data that is: (i) anonymized and not identifiable to any person or entity; (ii) combined with the data of other customers or additional data sources; and (iii) presented in a way which does not reveal Customer's identity.

Blazestack Inc.
907 Ranch Rd 620 S # 302, Lakeway, TX 78734
hello@blazestack.com
(855) 735-6673

6.3. Feedback. If Customer provides Feedback, Customer grants to Blazestack sole and exclusive ownership of all intellectual property rights to any Feedback and results of the implementation or any such Feedback. “Feedback” means recommendations, suggestions, enhancement requests or any ideas, technology, developments, derivative works, or other intellectual property related to the Service or Blazestack.

6.4. Reservation of Rights. Blazestack and its licensors reserve all right, title and interest in and to the Service, including all related intellectual property rights, subject to the limited rights expressly granted in this Agreement. No other rights are granted to Customer by this Agreement.

7. TERM AND TERMINATION

7.1. Term. The Term begins on the Effective Date and ends on the Termination Date. “Termination Date” means the earlier date of: (i) the expiration or termination of all Order Forms under this Agreement; or (ii) termination of this Agreement under this section.

7.2. Automatic Renewal. All subscriptions will renew for an additional 1-year term (“Renewal Term”) at the prevailing list price at the time of such renewal unless either party receives written notice of an intent not to renew at least 30 days before the end of the Term or Renewal Term.

7.3. Termination for Cause. A party may terminate this Agreement or any applicable Order Form: (i) if the other party is in material breach of this Agreement and fails to cure the breach within 30 days of receiving written notice from the non-breaching party; or (ii) if the other party becomes the subject of a petition in bankruptcy or any proceeding relating to insolvency, receivership, liquidation or assignment for the benefit of creditors. If Customer terminates due to Blazestack’s breach, Customer’s exclusive remedy is a pro-rata reimbursement of prepaid Fees covering the remainder of the Term after the Termination Date. If Blazestack terminates due to Customer’s breach, Customer will pay any unpaid Fees covering the remainder of the Term after the Termination Date. Termination under this section will not relieve Customer of its obligation to pay any Fees owed for the period prior to the Termination Date.

8. WARRANTIES AND DISCLAIMERS; INDEMNIFICATION

8.1. Mutual Warranties. Each party represents that it: (i) has the legal power to enter into this Agreement; (ii) will comply with all applicable laws in relationship to the provision and use of the Service during the Term; and (iii) will use reasonable efforts to avoid transmitting to the other party any harmful or malicious code, files, scripts, agents or programs.

8.2. Warranty Disclaimer. Blazestack does not make any representations that the functions performed by the Service will meet all of Customer’s requirements, that the operation of the Service will be uninterrupted or error free, that all defects in the Service will be corrected, or that the Service will be available in all languages or all countries.

THE SERVICE IS PROVIDED “AS IS.” EXCEPT AS EXPRESSLY PROVIDED HEREIN, BLAZESTACK MAKES NO WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW. SPECIFICALLY, THIRD PARTY CONTENT AND TEST FEATURES ARE PROVIDED “AS IS,” EXCLUSIVE OF ANY WARRANTY. EACH PARTY DISCLAIMS ALL LIABILITY AND INDEMNIFICATION OBLIGATIONS FOR ANY HARM OR DAMAGES CAUSED BY ANY THIRD-PARTY NETWORKING OR HOSTING PROVIDERS OR THIRD-PARTY PRODUCTS.

8.3 Indemnification. Customer shall indemnify, defend, and hold harmless the Company and its officers, directors, employees, agents, successors, and assigns against all losses arising out of or resulting from any third party claim, suit, action, or proceeding related to or arising out of or resulting from: (i) Customer’s (or its User’s) breach of any representation, warranty, covenant, or obligation

Blazestack Inc.
907 Ranch Rd 620 S # 302, Lakeway, TX 78734
hello@blazestack.com
(855) 735-6673

under this Agreement, (ii) all matters related to any Report, (iii) the transmission of harmful or malicious code, files, scripts, agents or programs by or through Customer (or its Users), (iv) any intellectual property infringement or other matter resulting from the Customer's Data, or (v) any acts or omissions of Customer (or its Users).

9. LIMITATION OF LIABILITY

9.1 Limitation of Liability. IN NO EVENT WILL EITHER PARTY'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, EXCEED THE TOTAL AMOUNT PAID BY CUSTOMER HEREUNDER IN THE 12 MONTHS PRECEDING THE INCIDENT GIVING RISE TO THE LIABILITY. THE FOREGOING LIMITATIONS WILL NOT APPLY TO CUSTOMER'S PAYMENT OBLIGATIONS OR CUSTOMER'S WILLFUL MISCONDUCT, FRAUD, NEGLIGENCE, OR INDEMNIFICATION OBLIGATIONS.

9.2. Exclusion of Consequential and Related Damages. IN NO EVENT WILL EITHER PARTY HAVE ANY LIABILITY TO THE OTHER PARTY FOR ANY LOST PROFITS OR REVENUES OR FOR ANY OTHER CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL, COVER OR PUNITIVE DAMAGES, HOWEVER CAUSED, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, AND WHETHER THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE FOREGOING WILL NOT APPLY TO THE EXTENT PROHIBITED BY APPLICABLE LAW.

10. US. GOVERNMENT MATTERS

10.1. Terms for U.S. Government Customers. This section applies only to Customers that are U.S. government entities subject to the cited regulations ("U.S. Government Customers"). The Service is a "commercial item" (as defined in 48 C.F.R. 2.101) and involves the use of "commercial computer software" and "commercial computer software documentation" (as used in 48 C.F.R. 12.212). All U.S. Government Customers acquire subscriptions to the Service only as a "commercial item" and only with those rights that are granted to all other end-users pursuant to the terms and conditions of this Agreement, consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.72021 through 227.72024.

11. GENERAL TERMS

11.1. Dispute Resolution; Governing Law; Forum. The parties shall first attempt to resolve any dispute through mediation. The parties shall jointly select a mediator and shall participate in good faith in the mediation process. The costs of the mediation process shall be shared equally by the parties. The mediation shall take place in Austin, Texas. If the dispute is not resolved through mediation within 90 days from receipt by one party of the initial notice of the dispute from the other party, either party may proceed to court to seek resolution. Each party waives its right to a jury trial. The laws of the State of Texas govern this Agreement excluding that State's choice-of-law provisions. Venue for any disputes that proceed to legal action shall take place in Travis County, Texas.

11.2. Notices. Notices under this Agreement must be in writing and will be considered given upon: (i) delivery by traceable courier or mail (delivery confirmation/ return receipt requested); or (ii) the second business day after sending by email. Notices to Blazestack should be sent to notice@blazestack.com. Billing notices and notices relating to this Agreement will be sent to the contacts designated by Customer on the Order Form.

11.3. Customer References. During the Term, Blazestack may include Customer's name, logo and success stories in Blazestack's website, press releases, promotional and sales literature, and lists of customers.

11.4. Force Majeure. Neither party will be responsible for failure or delay of performance if caused by an event outside the reasonable control of the obligated party, including but not limited to an electrical, internet, or telecommunication change or outage not caused by the obligated party; government restrictions; or illegal acts of third parties ("Force Majeure Event"). Each party will use reasonable efforts to mitigate the effect of a Force Majeure Event.

Blazestack Inc.
907 Ranch Rd 620 S # 302, Lakeway, TX 78734
hello@blazestack.com
(855) 735-6673

11.5. Assignment. Neither party may assign any of its rights or obligations under this Agreement without the other party's prior written consent (not to be unreasonably withheld), except either party may assign this Agreement in its entirety without the other party's consent to its affiliate or as part of a merger, acquisition, corporate reorganization, or sale of all or substantially of all its assets.

11.6. Relationship of the Parties. The parties are independent contractors. This Agreement does not create a partnership, franchise, joint venture, agency, fiduciary or employment relationship between the parties.

11.7. Waiver. No failure or delay by either party to exercise any right under this Agreement will constitute a waiver of that right, unless expressly stated in this Agreement.

11.8. Severability. If any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the provision will be modified to the minimum extent necessary to make it enforceable. The provision will be disregarded only if such modification is not possible or is prohibited by law. The remaining provisions of this Agreement will remain in effect.

11.9. Order of Precedence. If there is a conflict or inconsistency between any Order Form, Statement of Work, Exhibit, and this Agreement, the order of precedence shall be: (i) Order Form, (ii) Statement of Work, (iii) an Exhibit, and (iv) this Agreement.

11.10 Entire Agreement; Amendment. This Agreement, including the Software Services Order Form, constitutes the entire agreement between the parties with respect to the subject matter set forth herein, and supersedes all prior and contemporaneous agreements, proposals, or representations, written or oral, concerning its subject matter. No terms, provisions, or conditions of any purchase order, acknowledgement, check, or other business form that Customer may use in connection with the acquisition or licensing of the Service or Software will have any effect on the rights, duties, or obligations of the parties under this Agreement, regardless of any failure of Blazestack to object to such terms, provisions, or conditions.

As used in this Agreement, the terms "including," "include," and "includes" are not limiting and shall be deemed to be followed by the phrase "without limitation." Use of the terms "hereunder," "herein," "hereby," and similar terms refer to this Agreement. No modification, amendment, or waiver of any provision of this Agreement shall be effective unless in writing and signed by both parties hereto.

11.11. Headings. Headings are for reference only and do not affect the meaning or interpretation of this Agreement.

11.12. Counterparts. This Agreement may be executed in one or more counterparts. Each counterpart is an original. All counterparts together form one document.

11.13. System Requirements. Customer shall meet the minimum system requirements for access to the Service

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION OF THE GULFPORT CITY COUNCIL APPROVING SOFTWARE SERVICE AGREEMENT WITH BLAZESTACK, INC., AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport, to facilitate fire investigative report preparation and storage/retrieval, the Fire Department desires to replace its current software with Blazestack, a web/cloud-based software that provides more efficient investigation case management; and

WHEREAS, the Fire Department has requested approval of the Software Services Order Form and SAAS Services Agreement between the City and Blazestack, Inc., which are attached hereto as a part of Exhibit "A"; and

WHEREAS, the City finds that approval and execution of the Software Services Order Form and SAAS Services Agreement, as found at Exhibit "A" hereto, is in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the Software Services Order Form and SAAS Services Agreement between the City of Gulfport and Blazestack, as attached hereto as Exhibit "A", be and the same is hereby approved to the extent that it complies with Mississippi law, and the Mayor be and he is hereby authorized to execute and deliver the same on behalf of the City of Gulfport.

SECTION 3. That this resolution shall be spread upon the Minutes of the Gulfport City Council, and shall be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Walker, and was adopted by the following roll call vote:

YEAS:	**NAYS:**	**ABSENT:**
Roland	**None**	**Casey**

MEMORANDUM

To: City Councilmembers
Mayor Billy Hewes

From: Jessica Versiga, Purchasing Agent

Date: January 19, 2024

RE: Blazestack Fire Investigation Software

Please see attached a Software Service Agreement with Blazestack, Inc. The Fire Department asks permission to enter into this agreement for the Fire Investigation Case Management Software. They are currently using a software that is not working for the needs of the department.

This is a web/cloud-based software that will replace the investigations module by ImageTrend currently utilized by the department.

Thank you for your consideration.

BLAZESTACK

SOFTWARE SERVICES ORDER FORM AND SAAS SERVICES AGREEMENT

This Software Services Order Form and SAAS Services Agreement (this "**Agreement**") is between Blazestack Inc., a Texas corporation with mailing address of POB 160266, Austin, TX 78716 ("**Blazestack**"), and "**Customer**" identified immediately below.

TERMS OF SERVICE

These Terms of Service is between Blazestack Inc., a Texas corporation (collectively, "Blazestack"), and the entity identified on the applicable Order Form ("Customer"). The Agreement is effective as of the date in the applicable Order Form ("Effective Date").

1. DEFINITIONS

Capitalized terms have the meanings described in this section or in the body of the Agreement.

"Agreement" means these Terms of Service and the relevant Order Form.

"Annual Case Volume" means maximum number of Cases entered into the system by Customer's Users per year.

"Case" means one individual incident at a specific location.

"Customer Data" means all electronic data or information that Customer submits to the Service or is submitted on behalf of Customer as well as all Generated Data, as defined in Section 2.2, except to the extent of any data, information, or intellectual property owned by Company or a third-party.

"Order Form" means a Blazestack ordering document that references these Terms of Service, whether online or via a separate form.

"Report" means any report, analysis, content, survey, opinion, photo, technique, hypothesis, finding, study relating to any fire investigation prepared by Customer and/or User.

"Service" means Blazestack's proprietary fire investigation software accessible through the internet, that is intended for use in the investigation of fire.

"Term" means the period of Customer's subscription to the Service as specified in an Order Form, unless terminated earlier under Section 7 (Term and Termination).

"Third-Party Products" means any products or services not developed by Blazestack.

"User" means a single, unique authorized individual of the Customer that uses the Service on Customer's behalf.

"User-Seat" is a license for one User to use the Service.

2. SERVICE AND SUPPORT

2.1. Provision of Service. Blazestack shall provide Customer with access to the Service for the number of User-Seats specified on the Order Form during the Term, or if not specified a reasonable amount of Users in the sole discretion of Blazestack.

2.2. Use of Service. Customer shall use the Service and the data generated by the Service ("Generated Data") only for fire investigation purposes.

2.3. System Requirements. Customer shall meet the minimum system requirements for access to the Service, currently set forth at the end of this Agreement but subject to change by Blazestack on a reasonable basis. Blazestack shall provide written notification to Customer for any changes to the minimum system requirements.

2.4. Third-Party Products. Blazestack may offer Customer the ability to use Third Party Products with the Service, subject to Customer's agreement with any applicable terms and conditions for those Third-Party Products.

3. RESPONSIBILITES AND RESTRICTIONS

3.1. Blazestack Responsibilities. Blazestack shall: (i) provide Customer with access to the Service in accordance with this Agreement and all applicable laws; and (ii) provide the Service with a minimum of 99.0% Uptime during any calendar month, except Blazestack shall have 2 business days to restore availability after any downtime. "Uptime" means the availability of the Service, excluding lack of availability due to Customer or third-party causes, downtime for maintenance, or a Force Majeure Event.

3.2. Customer Responsibilities. Customer shall: (i) ensure Users to comply with this Agreement; (ii) ensure that any firewalls or other security measures are properly configured to allow Blazestack internet traffic on the necessary IP addresses and ports; (iii) whitelist any and all *.blazestack.com domains and *@blazestack.com email addresses, and disable any ad blockers, pop-up blockers, content filters, or any other technologies that may interfere with Blazestack security or User usability, in order to enable proper functioning of the Service; (iv) cooperate with Blazestack so that Blazestack can provide the Service; (v) be responsible for the Customer Data including the accuracy, completeness, and legality of the Customer Data; (vi) prevent unauthorized access or use of the Service and promptly notify Blazestack if Customer discovers or reasonably believes any unauthorized access or use has occurred; (vii) use the Service in accordance with this Agreement and applicable laws; and (viii) create Reports in accordance with industry standards. Furthermore, the Customer is responsible for the results of the use of the Service, including any and all Reports, and hereby acknowledges to the Company that (a) Customer is solely responsible for any such use of Report and (b) the Company is not certifying or validating any portion of the Report.

3.3 Restrictions. Only Users may use the Service and only with the account credentials issued to that User by the Customer. Users may not share their account credentials. Customer shall not, and shall not permit any third party to: (i) use the Service except as expressly authorized under this Agreement; (ii) interfere with or disrupt the integrity or performance of the Service; (iii) rent, lease, lend, sell, sublicense, assign, distribute, publish, transfer or otherwise make the Service available; (iv) remove any title, trademark, copyright, or restricted rights notices or labels from the Service; (v) modify or create a derivative work of the Service or any portion of the Service; (vi) reverse engineer, disassemble, decompile, decode, adapt or otherwise attempt to derive or gain access to the source code, object code or underlying structure or algorithms of the Service; (vii) access or attempt to access or use the Services for purposes of competitive analysis of the Services or the development, provision, or use of a competing software service or product; or (viii) copy, record, screenshot, or otherwise capture any aspect of the Service in any medium without the prior written consent of Blazestack.

4. FEES

4.1. Fees. Customer shall pay all fees specified in all Order Forms ("Fees"). Fees are quoted and payable in United States dollars and are non-refundable, except as described in Section 7 (Term and Termination). Acceptable forms of payment are limited to credit card, ACH, wire transfers and physical check, provided that Blazestack may change acceptable forms of payment upon thirty (30) days' notice to the Customer. User-Seats purchased but not utilized during the Term are not eligible for refunds.

4.2. Taxes. Fees are exclusive of all taxes, including any applicable sales, excise, or use taxes ("Taxes"). Customer shall pay any Taxes directly or to Blazestack, as required by law. If Customer is exempt from paying Taxes, Customer shall provide Blazestack with a valid tax exemption certificate.

Blazestack Inc.
907 Ranch Rd 620 S # 302, Lakeway, TX 78734
hello@blazestack.com
(855) 735-6673

4.3. Invoicing and Payment. Blazestack shall invoice Customer according to the terms on the Order Form. Unless the Order Form states otherwise, Fees are due upon receipt of invoice (the "Due Date"). Customer shall provide Blazestack with complete and accurate billing and contact information and promptly notify Blazestack of any changes throughout the Term.

4.4. Overdue Fees. If Blazestack does not receive all Fees by the applicable Due Date, Blazestack may charge a late fee on the unpaid balance at the lesser of 1.5% per month or the maximum lawful rate, starting from the date the payment was due until the date paid. Customer shall also reimburse Blazestack for all reasonable costs incurred in collecting any amounts not paid when due, including any attorneys' fees. Blazestack reserves all rights and available remedies to collect overdue Fees from Customer, including but not limited to suspending Customer's access to the Service until all Fees are paid.

5. CONFIDENTIALITY

5.1. Definition. "Confidential Information" means oral, electronic, or written information disclosed by a party, whether designated confidential or not, or that a reasonable person would know it was confidential based upon the nature or content of the information or the circumstances of its disclosure.

Blazestack Confidential Information includes, but is not limited to, information pertaining to the features, functionality, any testing, and performance of the Service, pricing, and this Agreement as well as Feedback. Confidential Information does not include information that: (i) is now or becomes generally known or available to the public without breach of this Agreement by the receiving party (the "Recipient"); (ii) was acquired by the Recipient without restriction on its use or disclosure before the information was received from the disclosing party (the "Discloser"); (iii) is obtained by the Recipient without restriction on its use or disclosure from a third party authorized to make the disclosure; or (iv) is independently developed by the Recipient without using or referring to the Discloser's Confidential Information.

5.2. Protection of Confidential Information. The Recipient may only use the Discloser's Confidential Information in relation to this Agreement. The Recipient shall maintain the confidentiality of the Discloser's Confidential Information with at least the same degree of care that it uses to protect its own confidential and proprietary information (including but not limited to maintaining reasonable administrative, physical, and technical safeguards) and no less than a reasonable degree of care. Each party has the right to seek an injunction (without having to post a bond) to prevent any breach or continued breach of this section.

5.3. Compelled Disclosure. If the Recipient is required by law or a valid court or government order to disclose any of the Discloser's Confidential Information, then (to the extent permitted under law) the Recipient shall promptly notify the Discloser in writing of the required disclosure so that the Discloser may seek to protect its Confidential Information. The Recipient shall cooperate with the Discloser in seeking such protection.

6. PROPRIETARY RIGHTS

6.1. Customer Ownership and Licenses. Customer owns all rights, title and interest in and to Customer Data and Reports. During the Term, Customer grants Blazestack a worldwide, non-exclusive, royalty-free, non-sublicensable (except as needed to provide the Service), non-transferable (except as described in Section 11.5 (Assignment)) right to access and use the Customer Data to provide the Service to Customer and to monitor and improve the Service. Customer shall back up Customer Data during the Term and may not have access to the Customer Data via the Service after the Term.

6.2. De-Identified Data. Blazestack may collect, develop, create, extract, compile, synthesize, analyze and commercialize statistics, benchmarks, measures and other information based on Aggregated Data (collectively, "De-Identified Data"). De-Identified Data will be owned solely by Blazestack and may be used for any lawful business purpose. "Aggregated Data" means Customer Data that is: (i) anonymized and not identifiable to any person or entity; (ii) combined with the data of other customers or additional data sources; and (iii) presented in a way which does not reveal Customer's identity.

Blazestack Inc.
907 Ranch Rd 620 S # 302, Lakeway, TX 78734
hello@blazestack.com
(855) 735-6673

6.3. Feedback. If Customer provides Feedback, Customer grants to Blazestack sole and exclusive ownership of all intellectual property rights to any Feedback and results of the implementation or any such Feedback. "Feedback" means recommendations, suggestions, enhancement requests or any ideas, technology, developments, derivative works, or other intellectual property related to the Service or Blazestack.

6.4. Reservation of Rights. Blazestack and its licensors reserve all right, title and interest in and to the Service, including all related intellectual property rights, subject to the limited rights expressly granted in this Agreement. No other rights are granted to Customer by this Agreement.

7. TERM AND TERMINATION

7.1. Term. The Term begins on the Effective Date and ends on the Termination Date. "Termination Date" means the earlier date of: (i) the expiration or termination of all Order Forms under this Agreement; or (ii) termination of this Agreement under this section.

7.2. Automatic Renewal. All subscriptions will renew for an additional 1-year term ("Renewal Term") at the prevailing list price at the time of such renewal unless either party receives written notice of an intent not to renew at least 30 days before the end of the Term or Renewal Term.

7.3. Termination for Cause. A party may terminate this Agreement or any applicable Order Form: (i) if the other party is in material breach of this Agreement and fails to cure the breach within 30 days of receiving written notice from the non-breaching party; or (ii) if the other party becomes the subject of a petition in bankruptcy or any proceeding relating to insolvency, receivership, liquidation or assignment for the benefit of creditors. If Customer terminates due to Blazestack's breach, Customer's exclusive remedy is a pro-rata reimbursement of prepaid Fees covering the remainder of the Term after the Termination Date. If Blazestack terminates due to Customer's breach, Customer will pay any unpaid Fees covering the remainder of the Term after the Termination Date. Termination under this section will not relieve Customer of its obligation to pay any Fees owed for the period prior to the Termination Date.

8. WARRANTIES AND DISCLAIMERS; INDEMNIFICATION

8.1. Mutual Warranties. Each party represents that it: (i) has the legal power to enter into this Agreement; (ii) will comply with all applicable laws in relationship to the provision and use of the Service during the Term; and (iii) will use reasonable efforts to avoid transmitting to the other party any harmful or malicious code, files, scripts, agents or programs.

8.2. Warranty Disclaimer. Blazestack does not make any representations that the functions performed by the Service will meet all of Customer's requirements, that the operation of the Service will be uninterrupted or error free, that all defects in the Service will be corrected, or that the Service will be available in all languages or all countries.

THE SERVICE IS PROVIDED "AS IS." EXCEPT AS EXPRESSLY PROVIDED HEREIN, BLAZESTACK MAKES NO WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, AND SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE, TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW. SPECIFICALLY, THIRD PARTY CONTENT AND TEST FEATURES ARE PROVIDED "AS IS," EXCLUSIVE OF ANY WARRANTY. EACH PARTY DISCLAIMS ALL LIABILITY AND INDEMNIFICATION OBLIGATIONS FOR ANY HARM OR DAMAGES CAUSED BY ANY THIRD-PARTY NETWORKING OR HOSTING PROVIDERS OR THIRD-PARTY PRODUCTS.

8.3 Indemnification. Customer shall indemnify, defend, and hold harmless the Company and its officers, directors, employees, agents, successors, and assigns against all losses arising out of or resulting from any third party claim, suit, action, or proceeding related to or arising out of or resulting from: (i) Customer's (or its User's) breach of any representation, warranty, covenant, or obligation

Blazestack Inc.
907 Ranch Rd 620 S # 302, Lakeway, TX 78734
hello@blazestack.com
(855) 735-6673

under this Agreement, (ii) all matters related to any Report, (iii) the transmission of harmful or malicious code, files, scripts, agents or programs by or through Customer (or its Users), (iv) any intellectual property infringement or other matter resulting from the Customer's Data, or (v) any acts or omissions of Customer (or its Users).

9. LIMITATION OF LIABILITY

9.1 Limitation of Liability. IN NO EVENT WILL EITHER PARTY'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, EXCEED THE TOTAL AMOUNT PAID BY CUSTOMER HEREUNDER IN THE 12 MONTHS PRECEDING THE INCIDENT GIVING RISE TO THE LIABILITY. THE FOREGOING LIMITATIONS WILL NOT APPLY TO CUSTOMER'S PAYMENT OBLIGATIONS OR CUSTOMER'S WILLFUL MISCONDUCT, FRAUD, NEGLIGENCE, OR INDEMNIFICATION OBLIGATIONS.

9.2. Exclusion of Consequential and Related Damages. IN NO EVENT WILL EITHER PARTY HAVE ANY LIABILITY TO THE OTHER PARTY FOR ANY LOST PROFITS OR REVENUES OR FOR ANY OTHER CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL, COVER OR PUNITIVE DAMAGES, HOWEVER CAUSED, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, AND WHETHER THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE FOREGOING WILL NOT APPLY TO THE EXTENT PROHIBITED BY APPLICABLE LAW.

10. US. GOVERNMENT MATTERS

10.1. Terms for U.S. Government Customers. This section applies only to Customers that are U.S. government entities subject to the cited regulations ("U.S. Government Customers"). The Service is a "commercial item" (as defined in 48 C.F.R. 2.101) and involves the use of "commercial computer software" and "commercial computer software documentation" (as used in 48 C.F.R. 12.212). All U.S. Government Customers acquire subscriptions to the Service only as a "commercial item" and only with those rights that are granted to all other end-users pursuant to the terms and conditions of this Agreement, consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.72021 through 227.72024.

11. GENERAL TERMS

11.1. Dispute Resolution; Governing Law; Forum. The parties shall first attempt to resolve any dispute through mediation. The parties shall jointly select a mediator and shall participate in good faith in the mediation process. The costs of the mediation process shall be shared equally by the parties. The mediation shall take place in Austin, Texas. If the dispute is not resolved through mediation within 90 days from receipt by one party of the initial notice of the dispute from the other party, either party may proceed to court to seek resolution. Each party waives its right to a jury trial. The laws of the State of Texas govern this Agreement excluding that State's choice-of-law provisions. Venue for any disputes that proceed to legal action shall take place in Travis County, Texas.

11.2. Notices. Notices under this Agreement must be in writing and will be considered given upon: (i) delivery by traceable courier or mail (delivery confirmation/ return receipt requested); or (ii) the second business day after sending by email. Notices to Blazestack should be sent to notice@blazestack.com. Billing notices and notices relating to this Agreement will be sent to the contacts designated by Customer on the Order Form.

11.3. Customer References. During the Term, Blazestack may include Customer's name, logo and success stories in Blazestack's website, press releases, promotional and sales literature, and lists of customers.

11.4. Force Majeure. Neither party will be responsible for failure or delay of performance if caused by an event outside the reasonable control of the obligated party, including but not limited to an electrical, internet, or telecommunication change or outage not caused by the obligated party; government restrictions; or illegal acts of third parties ("Force Majeure Event"). Each party will use reasonable efforts to mitigate the effect of a Force Majeure Event.

Blazestack Inc.
907 Ranch Rd 620 S # 302, Lakeway, TX 78734
hello@blazestack.com
(855) 735-6673

11.5. Assignment. Neither party may assign any of its rights or obligations under this Agreement without the other party's prior written consent (not to be unreasonably withheld), except either party may assign this Agreement in its entirety without the other party's consent to its affiliate or as part of a merger, acquisition, corporate reorganization, or sale of all or substantially of all its assets.

11.6. Relationship of the Parties. The parties are independent contractors. This Agreement does not create a partnership, franchise, joint venture, agency, fiduciary or employment relationship between the parties.

11.7. Waiver. No failure or delay by either party to exercise any right under this Agreement will constitute a waiver of that right, unless expressly stated in this Agreement.

11.8. Severability. If any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the provision will be modified to the minimum extent necessary to make it enforceable. The provision will be disregarded only if such modification is not possible or is prohibited by law. The remaining provisions of this Agreement will remain in effect.

11.9. Order of Precedence. If there is a conflict or inconsistency between any Order Form, Statement of Work, Exhibit, and this Agreement, the order of precedence shall be: (i) Order Form, (ii) Statement of Work, (iii) an Exhibit, and (iv) this Agreement.

11.10 Entire Agreement; Amendment. This Agreement, including the Software Services Order Form, constitutes the entire agreement between the parties with respect to the subject matter set forth herein, and supersedes all prior and contemporaneous agreements, proposals, or representations, written or oral, concerning its subject matter. No terms, provisions, or conditions of any purchase order, acknowledgement, check, or other business form that Customer may use in connection with the acquisition or licensing of the Service or Software will have any effect on the rights, duties, or obligations of the parties under this Agreement, regardless of any failure of Blazestack to object to such terms, provisions, or conditions.

As used in this Agreement, the terms "including," "include," and "includes" are not limiting and shall be deemed to be followed by the phrase "without limitation." Use of the terms "hereunder," "herein," "hereby," and similar terms refer to this Agreement. No modification, amendment, or waiver of any provision of this Agreement shall be effective unless in writing and signed by both parties hereto.

11.11. Headings. Headings are for reference only and do not affect the meaning or interpretation of this Agreement.

11.12. Counterparts. This Agreement may be executed in one or more counterparts. Each counterpart is an original. All counterparts together form one document.

11.13. System Requirements. Customer shall meet the minimum system requirements for access to the Service

RE: Recommendation to Approve the Water Tank Maintenance Agreement with American Tank Maintenance for the Bayou View Water Tank

---

Attached for your consideration is the referenced Water Tank Maintenance Agreement with American Tank Maintenance for Bayou View Water Tank. This will be a **twelve (12)** year contract that includes scheduled repairs, an annual tank inspection, preventative maintenance, interior and exterior coating, and tank washout and disinfection. All work performed shall be in accordance with the Mississippi State Department of Health Standards and AWWA C652 & C651, and all associated subsections. This project will be fully funded by the Water and Sewer Fund.

I recommend approval of this item.

1. American Tank Maintenance - Water Tank Maintenance Agreement

American Tank Maintenance

Water Tank Maintenance Agreement

Tank Owner: City of Gulfport

Tank Location: New Bayou View Tank

Tank Size and Style: 750,000 Gallon Composite Hydropillar

This agreement entered into by and between the City of Gulfport hereinafter known as the Owner, and American Tank Maintenance, LLC hereinafter known as the Company.

The Owner agrees to employ the Company to provide the professional services needed to maintain its 750,000 gallon water storage tank located at New Bayou View Tank.

This agreement outlines the Company's responsibility and accountability for the care and maintenance of the above referenced water storage tank. The Company's care and maintenance shall include the following:

The Company shall furnish all specialized services including engineering and inspection services necessary to maintain and care for the water storage tank during the term of this agreement. Maintenance and care shall include: steel replacement, steel components, expansion joints, water level indicators, manhole covers and/or gaskets, and other components of the water storage tank.

The Company shall perform annual visual inspections and service the water storage tank beginning in Contract Year 1. The water storage tank and its components including the safety, sanitary, structure, security and coatings aspects of the water storage tank shall be inspected and the findings documented to ensure that the water storage tank is in a sound and watertight condition.

The Company shall schedule and coordinate a washout inspection of the water storage tank every two years with the Owner beginning in Contract Year 2. The Owner is responsible for draining the water storage tank. The Company shall clean the water storage tank of all mud, silt, and other accumulations which may be harmful to the water storage tank and/or its contents. The Company shall utilize high pressure equipment to perform this operation. Upon cleaning the water storage tank, the Company shall inspect and document the condition as outlined in the preceding paragraph. Once the cleaning and inspection services are completed the Company shall disinfect the interior surfaces of the water storage tank utilizing AWWA Spray Method #2. A written report of the documented findings including photographs shall be made available to the Owner via mail or electronically.

The Company shall perform surface preparation and paint the exterior and/or interior surfaces of the water storage tank at such time as needed. The need for exterior painting shall be determined by the appearance and protective condition of the existing coating system and the Company shall use the same color of the existing coating system. The need for interior painting shall be determined by the thickness of the existing coating system and its protective condition.

The Company shall perform all services and utilize products which shall be equal to, or exceed the standards of the State of Mississippi, the American Water Works Association, and the Steel Structures Painting Council. The Company shall perform all services relating to the interior of the water storage tank in accordance with procedures outlined in American Water Works Association D-102 standards.

The Company shall utilize coating systems which best suit the site conditions, environment, and general location of the water storage tank and are in compliance with local, state and federal statutes.

The Company shall install and maintain an anti-climb deterrent device on the access ladder to deter unauthorized access to the water storage tank. The Company shall install and maintain locks on all hatches of the water storage tank to deter unauthorized entry. The keys to the locks shall remain in the possession of the Owner and the Company.

The Company shall provide emergency service to handle any problems covered by this agreement with the water storage tank. Reasonable mobilization time shall be acceptable to the Owner.

If the Owner needs and requests, then the Company shall provide pressure relief valves to the Owner for the Owner's use during service events which require the water storage tank to be drained.

The Owner shall have the right to continue this agreement for an indefinite period of time providing that the annual fee is paid in accordance with the terms of this agreement. The Owner shall have the right to terminate this agreement by sending written notice to American Tank Maintenance, LLC, PO Box 130, Warthen, GA 31094. The Owner's right to termination shall be subject to any agreement provisions incorporated herein.

The Company shall maintain and furnish current certificates of insurance coverage to the Owner during the duration of this agreement.

This agreement shall be managed by "Contract Years". "Contract Years" shall be defined as the consecutive 12-month periods beginning March 1, 2024. The annual fee for Contract Years 1, 2 & 3 shall be $29,060.00 per year. The annual fee for Contract Year 4 shall be adjusted to reflect the current cost of service. The adjustment to annual fees shall be limited to a maximum of 4% annually. Any applicable taxes shall be the responsibility of the Owner.

The first annual fee for Contract Year 1 shall be due and payable in semiannual installments beginning March 1, 2024. The annual fee for Contract Year 2 shall be due and payable in semiannual installments beginning March 1, 2025. Each subsequent annual fee shall be due and payable in semiannual installments beginning each subsequent March 1st.

The Owner and the Company agree that any future mandated environmental, health or safety requirements which cause significant changes in cost of services provided under this agreement shall be cause for modification of this agreement. The Company is accepting this water storage tank under this agreement based on the current existing structure, components, location and surroundings. Any modification to the water storage tank, including antenna installations, and changes in surroundings especially real estate development shall be cause for modification of this agreement. This agreement does not include the cost for and/or liability on the part of the Company for: containment, repairs to fill pipe, removal and/or disposal of any hazardous waste materials, electrical wiring or components, operational problems due to cold weather, Acts of

God, structural damage due to antenna installations or other attachments for which the tank was not originally designed, any defects found during the initial washout inspection shall be the responsibility of the tank builder, repairs to the foundation of the water storage tank, operational or structural problems caused by physical conditions below the surface of the ground, acts of terrorism, or other conditions which are beyond the Owner's and/or Company's control.

The Company and its agents, servants, employees, and representatives agree to fully defend, indemnify, and hold harmless the Owner and its employees, agents, and officials with respect to and from and against any and all claims, demands, causes of actions, damages, injuries, fees, expenses, penalties, lawsuits, judgements, and orders, including, without limitation, attorney's fees, which in any way arise out of or relate to any acts of omission or commission of or attributed to the Company and/or its agents, servants, employees, visitors, invites, guests, and representatives, including but not limited to, those asserted as negligent, gross negligent, and/or intentional. Only to the extent that the Owner is authorized by the laws of the State of Mississippi, and without waiving any constitutional, statutory, or common defense, immunities, or exemptions from liability, including, but not limited to, those set forth in Miss. Code Ann. 11-46-9(1) (Rev. 2001), the Owner agrees to defend , indemnify, and hold harmless the City of Gulfport with respect to or from and against all claims, demands, causes of actions, lawsuits, judgments, and orders arising out of or as a result of negligent acts or omissions of the Owner.

The Company reserves the right to assign any outstanding receivables from this agreement to its bank or other lending institution as collateral for any loans or lines of credit.

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE CHANGE ORDER NO. 2 TO CONTRACT WITH SCI, INC., FOR THE DEBUYS ROAD PUMP STATION REPLACEMENT PROJECT, AND FOR RELATED PURPOSES

WHEREAS, SCI, Inc., was awarded the contract for a project to replace the existing sewer pump station located on or near DeBuys Road; and

WHEREAS, certain and various changes to the contract as more fully set forth in the attached Change Order No. 2 (which is attached hereto as a part of Exhibit "A"), resulting in a INCREASE in project costs ($4,975.24) and an INCREASE in project time (100 days) as more fully described in the Memorandum from Jeremy Harrison, City Engineer, (attached as part of Exhibit "A") and the proposed Change Order No. 2; and

WHEREAS, the City Engineer has recommended approval of Change Order No. 2; and

WHEREAS, approval of Change Order No. 2 is believed to be in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That Change Order No. 2 to the City's contract with SCI, Inc., for the DeBuys Road Pump Station Replacement Project be and it is hereby approved in the form as is

found in Exhibit "A" to this resolution, and the Mayor is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That the proposed changes to the contract are necessary and/or incidental to the completion of the work as originally bid, are not outside the scope of the original contract, are commercially reasonable and not made to circumvent the public purchasing statutes.

SECTION 4. That the INCREASE in project costs and INCREASE in project time are reasonable in light of all relevant facts and circumstances.

SECTION 5. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

Re: **Recommendation to Approve Change Order No. 2 (Summary)**
Debuys Road Pump Station Replacement Project
– SCI, Inc.

Attached for your consideration is Change Order No. 2 (summary) for the increased amount of $4,975.24 and additive time of 100 days due to material delays and the temporary electric bypass pump power reimbursement. This change order has been prepared to reflect actual quantities and time used during the construction of the project.

This project is designed to replace the existing Debuys Road Pump Station. The cost of construction for this project is funded 100% by Water and Sewer Capital Project Fund.

I recommend approval of this item.

Re: Change Order #2 (Summary) Recommendation
Debuys Road Pump Station Replacement

Dear Mr. Harrison:

For consideration by the Board, I have enclosed Change Order #2 (Summary) for this project.

This Change Order serves to adjust the Contract Value based on the summary of quantities and addition of the pay item for the power reimbursement while running the temporary electric bypass pump.

Lastly, Contract Time was increased by 100 days due to material delays, mainly the electrical disconnect.

Based on the final quantity summary, the contract value resulted in a net decrease of $815.00. These updated quantities are shown on the enclosed Summary of Amended Quantities and Totals.

The reimbursement cost for the power while running the temporary electric bypass pump is $5,790.24.

Therefore, the Contract Value is being increased by a net of $4,975.24 and a total value from $1,205,476.37 to $1,210,451.61.

ENGINEER: Covington Civil & Environmental
PROJECT: Debuys Road Pump Station Replacement Project

SUMMARY:

This change order serves to increase the Contract Amount and Contract Time.

Installed quantities in the field differ from the original estimated quantities in the contract.

The cost to power the bypass pumping during construction.

A detailed summary of the quantity adjustments is included with this Change Order. The net change to the Contract amount with the adjustments is a increase in the total contract amount by $4,975.24

Lastly, Contract Time was increased by 100 days due to material delays. Substantial Completion was given on November 16, 2023.

The following Items have been added to the Contractor's scope of work:	
CO2-1 Power for Bypassing	$5,790.24
Summary Quantity Change (Decrease)	($815.00)
The Net Change to the Contract Amount will therefore be plus.	$4,975.24

THE CONTRACT IS AMENDED AS SHOWN BELOW:

(Not valid until executed by the Owner, Engineer, and Contractor)

The original Contract Sum:	$1,211,294.80
Net Change by previously authorized Change Orders:	($5,818.43)
The Contract Sum prior to this Change Order was:	$1,205,476.37
The Contract Sum will now Change (+):	$4,975.24
The New Contract Sum including this Change Order will be:	$1,210,451.61
The original Contract Time:	6/9/2023
Net Change by previously authorized Change Orders:	60
The Date of Substantial Completion prior to this Change Order:	8/8/2023
The Contract Time will now Change by (+) days:	100
The New Date of Substantial Completion will be:	11/16/2023

									TOTAL CONTRACT CHANGE (INCREASE)	**$ 4,975.24**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE CHANGE ORDER NO. 2 TO CONTRACT WITH SCI, INC., FOR THE DEBUYS ROAD PUMP STATION REPLACEMENT PROJECT, AND FOR RELATED PURPOSES

WHEREAS, SCI, Inc., was awarded the contract for a project to replace the existing sewer pump station located on or near DeBuys Road; and

WHEREAS, certain and various changes to the contract as more fully set forth in the attached Change Order No. 2 (which is attached hereto as a part of Exhibit "A"), resulting in a INCREASE in project costs ($4,975.24) and an INCREASE in project time (100 days) as more fully described in the Memorandum from Jeremy Harrison, City Engineer, (attached as part of Exhibit "A") and the proposed Change Order No. 2; and

WHEREAS, the City Engineer has recommended approval of Change Order No. 2; and

WHEREAS, approval of Change Order No. 2 is believed to be in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That Change Order No. 2 to the City's contract with SCI, Inc., for the DeBuys Road Pump Station Replacement Project be and it is hereby approved in the form as is found in Exhibit "A" to this resolution, and the Mayor is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That the proposed changes to the contract are necessary and/or incidental to the completion of the work as originally bid, are not outside the scope of the original contract, are commercially reasonable and not made to circumvent the public purchasing statutes.

SECTION 4. That the INCREASE in project costs and INCREASE in project time are reasonable in light of all relevant facts and circumstances.

SECTION 5. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Walker, and was adopted by the following roll call vote:

Re: **Recommendation to Approve Change Order No. 2 (Summary)**
Debuys Road Pump Station Replacement Project
– SCI, Inc.

Attached for your consideration is Change Order No. 2 (summary) for the increased amount of $4,975.24 and additive time of 100 days due to material delays and the temporary electric bypass pump power reimbursement. This change order has been prepared to reflect actual quantities and time used during the construction of the project.

This project is designed to replace the existing Debuys Road Pump Station. The cost of construction for this project is funded 100% by Water and Sewer Capital Project Fund.

I recommend approval of this item.

Re: Change Order #2 (Summary) Recommendation
Debuys Road Pump Station Replacement

Dear Mr. Harrison:

For consideration by the Board, I have enclosed Change Order #2 (Summary) for this project.

This Change Order serves to adjust the Contract Value based on the summary of quantities and addition of the pay item for the power reimbursement while running the temporary electric bypass pump.

Lastly, Contract Time was increased by 100 days due to material delays, mainly the electrical disconnect.

Based on the final quantity summary, the contract value resulted in a net decrease of $815.00. These updated quantities are shown on the enclosed Summary of Amended Quantities and Totals.

The reimbursement cost for the power while running the temporary electric bypass pump is $5,790.24.

Therefore, the Contract Value is being increased by a net of $4,975.24 and a total value from $1,205,476.37 to $1,210,451.61.

CHANGE ORDER NO. 2 (Summary)
DATE: January 19, 2024

CONTRACTOR:
SCI, Inc.
13520 Old Highway 67
Biloxi, MS 39532

ENGINEER: Covington Civil & Environmental
PROJECT: Debuys Road Pump Station Replacement Project

SUMMARY:

This change order serves to increase the Contract Amount and Contract Time.

Installed quantities in the field differ from the original estimated quantities in the contract.

The cost to power the bypass pumping during construction.

A detailed summary of the quantity adjustments is included with this Change Order. The net change to the Contract amount with the adjustments is a increase in the total contract amount by $4,975.24

Lastly, Contract Time was increased by 100 days due to material delays. Substantial Completion was given on November 16, 2023.

The following Items have been added to the Contractor's scope of work:	
CO2-1 Power for Bypassing	$5,790.24
Summary Quantity Change (Decrease)	($815.00)
The Net Change to the Contract Amount will therefore be plus.	$4,975.24

THE CONTRACT IS AMENDED AS SHOWN BELOW:

(Not valid until executed by the Owner, Engineer, and Contractor)

The original Contract Sum:	$1,211,294.80
Net Change by previously authorized Change Orders:	($5,818.43)
The Contract Sum prior to this Change Order was:	$1,205,476.37
The Contract Sum will now Change (+):	$4,975.24
The New Contract Sum including this Change Order will be:	$1,210,451.61
The original Contract Time:	6/9/2023

SECOND AMENDMENT TO THE CONTRACT FOR OPERATIONS AND MAINTENANCE OF THE WATER AND SEWER SYSTEMS AS WELL AS THE STREETS AND DRAINAGE SYSTEMS FOR THE CITY OF GULFPORT

THIS SECOND AMENDMENT to the CONTRACT FOR OPERATIONS AND MAINTENANCE OF THE WATER AND SEWER SYSTEMS AS WELL AS THE STREETS AND DRAINAGE SYSTEMS FOR THE CITY OF GULFPORT (hereinafter, "the Contract") is hereby entered into and agreed to by and between the CITY OF GULFPORT, MISSISSIPPI ("City" or "Owner") and H20 INNOVATION OPERATION & MAINTENANCE, LLC ("H20" or "Operator"), on the date hereinafter set forth for the purpose of amending in writing certain covenants and conditions of the Contract as approved by the City Council of the City of Gulfport, Mississippi, and signed by the Mayor and the authorized representative of H2O on April 1, 2022, and the Contract is hereby further amended by this SECOND AMENDMENT, as follows:

WITNESSETH THAT:

WHEREAS, the City of Gulfport has approved its budget for Fiscal Year Ending 2024, including any budget amendments made heretofore, and the aforementioned budget included funding for the addition of the following crews/positions to the Contract:

1) Four (4) Meter Readers at an annual cost of $250,000 (inclusive of any associated machinery, equipment, tools and vehicles).

WHEREAS, it is mutually agreed by the parties to add the aforementioned positions to the Contract.

NOW THEREFORE, for the purposes hereinabove set forth, it is hereby agreed by and between the parties to the Contract that the Contract shall be amended hereby, commencing on February 1, 2024, as follows:

A. Section 6.01 of the Contract (Annual Base Fee) shall be amended as set forth herein to reflect the new positions being added to the contract, which additions to the base fee shall be effective as of the date that employees holding the new positions begin work for H2O under the Contract.

B. The following positions are hereby added to the Contract, at the cost noted:

   1) Four (4) Meter Readers at an annual cost of $250,000 (inclusive of any associated machinery, equipment, tools and vehicles).

Except as specifically amended herein, said CONTRACT FOR OPERATIONS AND MAINTENANCE OF THE WATER AND SEWER SYSTEMS AS WELL AS THE STREETS AND DRAINAGE SYSTEMS FOR THE CITY OF GULFPORT is not amended, modified or changed, and shall remain in full force and effect.

IN WITNESS WHEREOF, each of the Owner and Operator has caused this Second Amendment to Contract to be signed, executed and delivered by its duly authorized representative on the day and date hereinafter stated after having been first duly authorized so to act.

Re: **Request Permission to Apply for the RAISE 2024 Grant**
- **Dedeaux Road Widening Project**
- **Three Rivers Road Widening Project**
- **Interconnecting Gulfport Project - Build Grant**

Below for your consideration are the three (3) projects with brief descriptions for 2024 Rebuilding American Infrastructure with Sustainability and Equity (RAISE).

1. Dedeaux Road Widening Project – Extending the existing four (4) lane boulevard approximately 2.1 miles from Dede Drive to SR 605. The 100' right-of-way roadway section will be four (4) lanes with sidewalks, bike paths, raised median and streetlights.

2. Three Rivers Road Widening Project – Extending the existing four (4) lane boulevard approximately 1.25 miles from Seaway Road to Dedeaux Road. The 100' right-of-way roadway section will be four (4) lanes with sidewalks, bike paths, raised median and streetlights.

3. Interconnecting Gulfport Project shall be designed to install approximately 0.8 miles of a four (4) lane boulevard roadway and approximately 1.1 miles of two (2) lane roadway with lighting, storm drain improvements, multimodal paths, signals, raised median, roundabouts, and other street improvements. This application is a request for supplemental funding to the existing BUILD grant.

I recommend approval to move forward with these submittals.

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO WAIVE ANY AND ALL OBJECTIONS TO PROPOSED SUBCONTRACT WITH THOMPSON ENGINEERING, INC., AS REQUESTED BY VOLKERT, INC., THE CITY'S ENGINEERING CONSULTANT ON THE MIMA PAVING PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport previously contracted with Volkert, Inc., to provide certain and various engineering services associated with the MIMA paving project; and desires to replace the body worn cameras utilized by officers of the Gulfport Police Department; and

WHEREAS, the City's contract with Volkert, at Section 3.2.2 provides that Volkert can retain sub-consultants as it deems necessary to assist in it performance or furnishing of services, subject to "reasonable, timely and substantive objection by" the City; and

WHEREAS, Volkert has requested that it be allowed to retain Thomson Engineering, Inc., as a sub-consultantt on this project and has submitted a fee estimate from Thomson Engineering, Inc., to perform Geotechnical Engineering Services for Volkert, and Volkert has represented to the City that the fees associated with the said Geotechnical Engineering Services will not result in an increase of costs to the City or an increase in Volkert's fees under its contract with the City; and

WHEREAS, the Council finds that it is in the best interest of the City to waive any and all objection to the retention of Thomson Engineering to perform Geotechnical Engineering Services for Volkert on the MIMA paving project as such services are outlined in the fee estimate from Thomson Engineering (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the City hereby waives any and all objections to the retention of Thomson Engineering to perform Geotechnical Engineering Services for Volkert on the MIMA paving project as

such services are outlined in the fee estimate from Thomson Engineering (see Exhibit "A" attached hereto)

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

RE: Requesting Permission to Waive Subcontract Objections
Mississippi Infrastructure Modernization Act (MIMA) Engineering

---

As you know, the City previously contracted with Volkert, Inc. with respect to engineering services associated with the MIMA paving project. Volkert has recently approached our Office and has inquired about associating (by way of a sub-contract) with Thompson Engineering, Inc. for consultant services on this project. Section 3.2.2 of the City's contract with Volkert provides that Volkert can retain subconsultants as Volkert deems necessary to assist in its performance or furnishing of services, subject to "reasonable, timely, and substantive objection by Owner." Volkert has provided the attached fee estimate from Thompson Engineering, Inc. to perform the sub-consultant services it is seeking (Geotechnical Engineering Services). Volkert will be solely responsible for paying these fees (for this sub-consultant work) and Volkert has represented this will not result in an increase in the City's costs or an increase in Volkert's fees under its contract with the City (i.e., Volkert will be solely responsible for paying the fees of its sub-consultants).

We are seeking permission to waive objections to Volkert's effort to subcontract with Thompson Engineering, Inc. on the terms and understandings set forth herein.

I recommend approval of this item.

Attachments:

1. Executed Contract with Volkert, Inc.
2. Fee Estimate Proposal from Thompson Engineering, Inc.

AGREEMENT FOR PROFESSIONAL SERVICES BETWEEN OWNER AND CONSULTANT

This Agreement made and entered into this **17th** day of **November, 2021**, by and between the **City of Gulfport**, hereafter referred to as the OWNER, and Volkert, Inc., hereinafter referred to as the CONSULTANT; WITNESSETH THAT:

WHEREAS, the OWNER desires to retain the CONSULTANT to perform certain professional planning, programming, and engineering services as outlined in the Scope of Services;

WHEREAS, the CONSULTANT desires to perform said professional services for the OWNER;

NOW, THEREFORE, for and in consideration of the mutual covenants hereinafter stipulated to be kept and performed, the parties hereto agree as follows:

ARTICLE 1
DEFINITIONS

1.1 PROJECT or PROJECTS. The total construction or scope of which the Work to be performed under the Contract Documents may be the whole, or a part.

1.2 BASIC SERVICES. The professional services to be performed by CONSULTANT under this Agreement, as set out in Article 3 and as described in the "Basic Services" of Attachment A.

1.3 ADDITIONAL SERVICES. Any services beyond Basic Services as described in Article 3 and the "Basic Services" of Attachment A, as mutually agreed to in writing between OWNER and CONSULTANT.

1.4 CONSTRUCTION CONTRACT. The entire and integrated written agreement, or agreements, between OWNER and Contractor concerning the Work.

1.5 CONTRACT DOCUMENTS. Those items so designated in the Construction Contract, including the Drawings, Specifications, Construction Contract, and general and supplementary conditions. Only printed or hard copies of the items listed in the Construction Contract are Contract Documents. Reviewed Shop Drawings, other Contractor submittals, and the reports and drawings of subsurface and physical conditions are not Contract Documents.

1.6 DRAWINGS. That part of the Contract Documents prepared or approved by CONSULTANT which graphically shows the scope, extent, and character of the Work to be performed by Contractor. Shop Drawings are not Drawings as so defined.

1.7 SPECIFICATIONS. That part of the Contract Documents consisting of written technical descriptions of materials, equipment, systems, standards, and workmanship as applied to the Work and certain administrative details applicable thereto.

1.8 SHOP DRAWINGS. All drawings, diagrams, illustrations, schedules, and other data or information which are specifically prepared or assembled by or for Contractor by someone other than CONSULTANT, and submitted by Contractor to illustrate some portion of the Work.

1.9 RECORD DRAWINGS. Also referred to as "As-Builts" and "As-Built Plans," Record Drawings shall mean drawings depicting the completed Project, prepared by CONSULTANT as an Additional Service and based solely on Contractor's record copy of all Drawings, Specifications, addenda, change orders, work change directives, field orders, and written interpretations and clarifications, as delivered to CONSULTANT and annotated by Contractor to show changes made during construction.

1.10 CONSTRUCTION OBSERVER. The authorized representative of CONSULTANT assigned to assist CONSULTANT at the site during construction. As used herein, the term CONSTRUCTION OBSERVER includes any assistants or field staff of CONSTRUCTION OBSERVER agreed to by OWNER. The duties and responsibilities of the CONSTRUCTION OBSERVER, if any, are as set forth in the "Basic Services" of Attachment A.

1.11 CONTRACTOR. A Contractor is any person or entity which enters into an agreement with OWNER to perform the construction of or any construction on any Project, including, without limitation, the providing of labor, materials, and equipment incorporated or to be incorporated into the Project. The term "Contractor" means the Contractor or its authorized representative, but excludes the CONSULTANT and its subconsultants.

1.12 APPLICABLE LAWS. Applicable Laws, as used herein, shall mean the law of the State of **Mississippi** as well as applicable regulations, codes and licenses promulgated or issued by any board, commission or agency having authority and jurisdiction over this Agreement.

ARTICLE 2
RELATIONSHIP OF THE PARTIES

CONSULTANT is providing professional engineering services pursuant to this Agreement. Nothing in this Agreement shall be construed to mean that CONSULTANT assumes any responsibility or duties of the Contractor(s) or can be held liable for its failure to perform its obligations and duties to OWNER. The Contractor(s) will be solely responsible for means, methods, techniques, sequences and procedures used in the construction of the Project and for the safety of its personnel, property and its operations, and for performing in accordance with its contract(s) with OWNER, as well as for any damages for construction defects caused, in whole or in part, by the Contractor's work. CONSULTANT shall be able to rely upon the Contractor for the proper performance of its obligations to OWNER.

OWNER acknowledges and takes into account the fact that CONSULTANT does not have a contract with Contractor(s) and, as such, cannot direct its respective means and methods, its forces, its personnel, its subcontractors, suppliers and/or subconsultants. CONSULTANT cannot require those parties with which it has no contract to refrain from or perform any acts they are not willing to perform. Requiring action or conduct out of Contractor and/or Architect is the responsibility of the OWNER.

ARTICLE 3
SCOPE OF SERVICES

3.1 Generally. CONSULTANT shall perform the Basic Services set forth in Schedule of Services to be addressed in Attachment A, as well as any Additional Services in accordance with the terms and conditions herein.

CONSULTANT's Scope of Services as set out hereunder are finite, and CONSULTANT is not being compensated by OWNER to provide or perform services which are not specifically set out herein. Anything not expressly stated in this provision, or in Attachment A, or in any subsequent written agreements between OWNER and CONSULTANT, are not a part of CONSULTANT's Scope of Services.

3.1.1 Safety. Consistent with and pursuant to Section 3.2.4, *infra*, CONSULTANT shall not be responsible for site safety, or for the safety of Contractor or its employees or subcontractors. CONSULTANT is not being retained to, and shall not be expected or required to, research or review the safety record or history of OSHA violations of any potential bidding contractor, and shall not be expected, required, or retained to undertake vetting, pre-screening, researching, or approving any potential bidding contractor based on its safety record.

3.2 Standards of Performance.

3.2.1 Standard of Care. CONSULTANT shall at all times endeavor to perform Basic Services in conformance with the generally accepted care and skill exercised by professional engineers practicing under similar circumstances at the same time and in the same locality. CONSULTANT makes no warranties, express or implied, under this Agreement or otherwise, in connection with CONSULTANT's services, and guarantees no particular result. CONSULTANT neither guarantees the performance of any Contractor(s), nor assumes the responsibility of the Contractor(s) to furnish or perform its obligations to OWNER, whether arising from the Construction Contracts, the Contract Documents or otherwise.

3.2.2 CONSULTANTs. CONSULTANT may retain such subconsultants as CONSULTANT deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by OWNER.

3.2.3 Reliance on Others. Subject to the Standard of Care set forth in Paragraph 3.2.1, *supra*, CONSULTANT and its subconsultants may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, OWNER, Contractor, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

3.2.4 CONSULTANT and Contractor.

3.2.4.1 CONSULTANT shall not at any time supervise, direct, control, or have authority over any contractor work, nor shall CONSULTANT have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by the Contractor, or the safety precautions and programs incident thereto, for security or safety at any Project site, nor for any failure of the Contractor to comply with Applicable Law and Contract Documents as it pertains to the Contractor's furnishing and performing of its work.

3.2.4.2 CONSULTANT neither guarantees the performance of the Contractor nor assumes responsibility for the Contractor's failure to furnish and perform the Work in accordance with the Contract Documents.

3.2.4.3 CONSULTANT shall not be responsible for the acts or omissions of the Contractor, or of any subcontractor, supplier, or any of their agents or employees, or of any other persons (except CONSULTANT's own agents, employees, and subconsultant(s) at the Project site or otherwise furnishing or performing any Work; or for any decision made regarding the Contract Documents, or any application, interpretation, or clarification, of the Contract Documents, other than those made by CONSULTANT.

3.2.4.4 While at the Project site, CONSULTANT's employees and representatives shall comply with the specific applicable requirements of Contractor's and OWNER's safety programs of which CONSULTANT has been informed in writing.

3.3 Additional Services

It is mutually understood and agreed that the OWNER will compensate the CONSULTANT for services resulting from changes in the scope of a project or its design, including but not necessarily limited to, change in size, complexity, project schedules, character of construction, revisions to previously accepted studies, reports, design documents or contract documents and for preparation of documents for separate bids, when such revisions are due to causes beyond the CONSULTANT's control and when requested or authorized by the OWNER.

When requested by OWNER, or when circumstances otherwise reasonably require, CONSULTANT shall furnish or obtain from others Additional Services of the types listed below.

(a) Preparation of applications and supporting documents (in addition to those furnished under Basic Services, if any) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

(b) Services (in addition to those furnished under Basic Services, if any) to assist OWNER in obtaining bids from contractors.

(c) Services (in addition to those furnished under Basic Services, if any) to make measured drawings of or to investigate existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by OWNER or others.

(d) Services resulting from significant changes in the scope, extent, or character of the portions of the Project designed or specified by CONSULTANT or its design requirements including, but not limited to, changes in size, complexity, OWNER's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond CONSULTANT's control.

(e) Services required as a result of OWNER's providing incomplete or incorrect Project information to CONSULTANT.

(f) Undertaking investigations and studies including, but not limited to, detailed consideration of operations, maintenance, and overhead expenses; the preparation of financial feasibility and cash flow studies, rate schedules, and appraisals; detailed quantity surveys of materials, equipment, and labor; and audits or inventories required in connection with construction performed by OWNER.

(g) Furnishing services of CONSULTANTs for other than Basic Services.

(h) Services during out-of-town travel required of CONSULTANT other than for visits to the Site or OWNER's office as required in Basic Services.

(i) Preparing additional Bidding Documents or Contract Documents for alternate bids or prices requested by OWNER for the Work or a portion thereof.

(j) Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

(k) Providing construction surveys and staking (in addition to those furnished under Basic Services, if any) to enable Contractor to perform its work and any type of property surveys or related engineering services; and providing other special field surveys.

(l) Providing Basic Services beyond the original date for completion and readiness for final payment of Contractor.

(m) Preparing Record Drawings (in addition to those furnished under Basic Services, if any) showing appropriate record information based on Project annotated record documents received from Contractor, and furnishing such Record Drawings to OWNER.

(n) Supplementing Record Drawings with information regarding the completed Project, Site, and immediately adjacent areas obtained from field observations, OWNER, utility companies, and other reliable sources.

(o) Conducting surveys, investigations, and field measurements to verify the accuracy of Record Drawing content obtained from Contractor, OWNER, utility companies, and other sources; revise and supplement Record Drawings as needed.

(p) Preparing to serve or serving as a CONSULTANT or witness for OWNER in any litigation, arbitration, or other dispute resolution process related to the Project.

(q) Preparation of operation and maintenance manuals; assistance to OWNER in training OWNER's staff to operate and maintain Project equipment and systems; assistance to OWNER in developing procedures for (a) control of the operation and maintenance of Project equipment and systems, and (b) related record-keeping.

(r) Overtime work requiring higher-than-regular rates.

(s) Providing more extensive services required to enable CONSULTANT to issue notices or certifications requested by OWNER.

(t) Extensive services required during any correction period, or with respect to monitoring Contractor's compliance with warranties and guarantees called for in the Construction Contract (except as agreed to under Basic Services).

(u) Other services performed or furnished by CONSULTANT not otherwise provided for in this Agreement.

(v) Services in connection with work change directives and change orders to reflect changes requested by OWNER.

(w) Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

(x) Additional or extended services during construction made necessary by (1) emergencies or acts of God endangering the Work (advance notice not required), (2) the presence at the Site of any items of historical or cultural significance, (3) Work damaged by fire or other cause during construction, (4) a significant amount of defective, neglected, or delayed work by Contractor, (5) acceleration of the progress schedule involving services beyond normal working hours, or (6) default by Contractor.

(y) Evaluating an unreasonable claim or an excessive number of claims or requests for information submitted by Contractor or others in connection with the Work.

ARTICLE 4
COMPENSATION OF CONSULTANT

4.1 As compensation for satisfactory performance of the work contemplated under Attachment A, and as full and complete compensation therefore, including all expenditures made and all expenses incurred by the CONSULTANT in connection with this Agreement, the OWNER will pay the CONSULTANT on a **monthly** basis; the total amount paid pursuant to this Agreement shall not exceed **$150,000.**

4.1.1 OWNER shall pay all costs associated with Additional Services authorized by the OWNER.

4.1.2 For Projects involving a supplemental agreement, the scope of services, schedule, and amount of compensation to be paid will be included therein

4.1.3 The OWNER will pay the CONSULTANT for services performed by subconsultants at the actual invoice amount times a factor of 1.10 for assisting and coordinating the subconsultants' services.

4.1.4 Reimbursable expenses are defined as follows: Travel and subsistence cost, printing and reproduction, computer services, advertising costs, mail distribution costs, permit fees, application fees or deposits, and all other costs incidental to performing the assignment.

4.1.5 The OWNER as purchaser of the services described herein shall pay any applicable sales tax in the manner and in the amount as required by law

4.2 Invoices. CONSULTANT shall prepare invoices in accordance with its standard invoicing practices. CONSULTANT shall submit its invoices to OWNER on a monthly basis. Invoices are due and payable within 30 days of receipt.

4.3 Payments. Application to Interest and Principal: Payment will be credited first to any interest owed to CONSULTANT and then to principal.

4.3.1 Payment shall be made payable to Volkert, Inc. and submitted to the following address:

Department #2042, Volkert, Inc.
P. O. Box 11407
Birmingham, AL 35246-2042

4.3.2 Failure to Pay. If OWNER fails to make any payment due CONSULTANT for services and expenses within 30 days after receipt of CONSULTANT's invoice, then:

(a) amounts due CONSULTANT will be increased at the rate of 1.0% per month (or the maximum rate of interest permitted by law, if less) from said thirtieth day; and

(b) CONSULTANT may, after giving seven days written notice to OWNER, suspend services under this Agreement until OWNER has paid in full all amounts due for services, expenses, and other related charges. OWNER waives any and all claims against CONSULTANT for any such suspension.

(c) OWNER shall reimburse CONSULTANT for any expenses, including legal costs, incurred in collection of outstanding amounts due from OWNER.

4.4 Disputed Invoices. If OWNER contests an invoice, OWNER shall promptly advise CONSULTANT of the specific basis for doing so, may withhold only that portion so contested, and must pay the undisputed portion.

ARTICLE 5
RESPONSIBILITIES OF THE OWNER

In addition to other responsibilities of OWNER as set forth in this Agreement, OWNER shall, at its expense:

5.1 Provide CONSULTANT with all criteria and full information regarding OWNER's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility and expandability, and any budgetary limitations.

5.2 Give instructions to CONSULTANT regarding OWNER's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), OWNER's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of OWNER's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Furnish copies (or give specific directions requesting CONSULTANT to use copies already in CONSULTANT's possession) of all design and construction standards, OWNER's standard forms, general conditions, supplementary conditions, text, and related documents and content for CONSULTANT to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and draft construction Contract Documents, when applicable. OWNER shall have responsibility for the final content of (1) such bidding-related documents (or requests for proposals or other construction procurement documents), and (2) those portions of any Construction Contract other than the design (as set forth in the Drawings, Specifications, or otherwise), and other engineering or technical matters; and OWNER shall seek the advice of OWNER's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

5.3 Furnish to CONSULTANT any other available information pertinent to the Project, including reports and data relative to previous designs or investigation at or adjacent to the Project site(s).

5.4 Furnish or otherwise make available to CONSULTANT such Project-related information and data as are reasonably required to enable CONSULTANT to complete its Basic and Additional Services hereunder. Such information and data would generally include the following:

5.4.1 Property descriptions;

5.4.2 Zoning, deed, and other land use restrictions;

5.4.3 Utility and topographic mapping and surveys;

5.4.4 Property, boundary, easement, right-of-way, and other special surveys or data, including establishing relevant reference points;

5.4.5 Explorations and tests of subsurface conditions at or contiguous to the Project site, drawings of physical conditions relating to existing surface or subsurface structures at the Project site, or hydrographic surveys, with appropriate professional interpretation thereof.

5.4.6 Environmental assessments, audits, investigations, and impact statements, and other relevant environmental or cultural studies as to the Project, the Project site, and adjacent areas.

5.5 Arrange for safe access to, and make all provisions for, CONSULTANT to enter upon public and private property as may be required for CONSULTANT to perform Services hereunder. CONSULTANT shall take reasonable precautions to minimize damage to the property during the course of its Services. OWNER acknowledges that a certain amount of damage, wear and tear, and depreciation is likely to result from CONSULTANT's operations on the property in furtherance of CONSULTANT's Services under this Agreement. The cost for restoration or remediation of damaged property which may result from CONSULTANT's operations is not included in CONSULTANT's compensation hereunder unless explicitly stated otherwise in this Agreement. If the property is damaged during CONSULTANT's operations and if OWNER desires CONSULTANT to restore or remediate the property to its former condition, CONSULTANT will do so for additional compensation.

5.6 Examine all alternate solutions ("value engineering"), studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by CONSULTANT (including obtaining the advice of an attorney, insurance counselor, and other advisors or CONSULTANTs as OWNER deems appropriate with respect to such examination) and render timely written decisions pertaining thereto.

5.7 Provide reviews, approvals, and permits from all governmental authorities having jurisdiction to approve all phases of the Project as designed or specified by CONSULTANT, and such reviews, approvals, and consents from others as may be necessary for completion of each phase of the Project.

5.8 Provide the following services in recognition and acknowledgement that CONSULTANT's Services do not include them:

5.8.1 Accounting, bond and financial advisory, independent cost estimating, and insurance counseling services;

5.8.2 Legal services and advice with regard to issues pertaining to the Project as OWNER requires, as Contractor raises, and/or as CONSULTANT reasonably requests.

5.9 Inform CONSULTANT in writing of any specific safety or security plans or requirements to which CONSULTANT will be required to adhere while on the Project site.

5.10 Designate and identify to CONSULTANT a person to act with authority on OWNER's behalf.

5.11 Communicate to CONSULTANT in writing with regard to any issues that impact project safety or the project schedule or cost.

ARTICLE 6
INSURANCE AND INDEMNFICIATION

6.1 Insurance. CONSULTANT shall procure and maintain the types and amounts of insurance as are set forth below. CONSULTANT shall cause OWNER to be an additional insured on CONSULTANT's policy of commercial general liability and automobile liability insurance.

6.1.1 Commercial General Liability

(a)	Each Occurrence:	$1,000,000
(b)	General Aggregate:	$2,000,000

6.1.2 Automobile Liability (Combined Single Limit BI/PD)

(a)	Each Accident:	$1,000,000

6.1.3 Worker Compensation: Statutory

6.1.4 Employers' Liability

(a)	Each Accident:	$1,000,000
(b)	Disease, Each Employee:	$1,000,000
(c)	Disease, Policy Limit:	$1,000,000

6.1.5 Professional Liability

(a)	Each Claim:	$2,000,000
(b)	Annual Aggregate:	$2,000,000

6.1.6 OWNER shall require Contractor to purchase and maintain policies of insurance covering worker compensation, general liability, property damages (other than to the Work itself), motor vehicle damage and injuries, builder's risk, and other insurance necessary to protect OWNER's and CONSULTANT's interests in the Project. OWNER shall require Contractor to be fully licensed and bonded. OWNER shall require Contractor to cause OWNER and CONSULTANT, their officers, directors, employees, agents, representatives, assigns and subconsultants to be named, listed or otherwise made additional insureds with respect to such liability and other insurance purchased and maintained by Contractor for the Project.

6.17 OWNER and CONSULTANT, only to the extent allowed by law, hereby mutually waive all rights of subrogation, as well as all claims and other rights they may have against each other for loss of and/or damage to (a) the Work and any Project therein, (b) all materials, machinery, equipment and other items used in the Project and/or to be incorporated into the Project, while the same are in transit, at Project sites, during erection and otherwise, and (c) all property owned by or in the custody of OWNER and its affiliates, however such loss or damage shall occur, except such rights as they may have to the proceeds of such instance held by the OWNER as trustee. If OWNER is not the sole Owner of the Project sites and all property at and adjacent thereto, OWNER shall obtain an undertaking from the other owners thereof sufficient to provide CONSULTANT the same protection from liability for loss or damage as would be afforded to CONSULTANT under this Agreement if OWNER were the sole owner. OWNER shall cause all policies of property insurance relating to the Project to contain a provision or endorsement to the effect that in the event of payment of any loss or damage, the insurers will have no rights of recovery against CONSULTANT or its subconsultants, or any insureds, additional insureds, or loss payees thereunder.

6.2 Indemnification.

6.2.1 Indemnification by CONSULTANT. To the fullest extent permitted by law, **and up to the limits of the Exclusivity of Remedies provision contained herein**, CONSULTANT shall indemnify OWNER and OWNER's officers, directors and employees for costs, losses, judgments, damages and expenses (including reasonable attorneys' fees) to the extent caused by the negligent acts, errors and omissions of CONSULTANT in the performance of its professional Services hereunder. In any matters involving allegations of negligent performance of professional Services by CONSULTANT, CONSULTANT's defense duties under this indemnification provision (which are expressly disclaimed) shall include only reimbursement of reasonable defense costs to the extent incurred as a proximate result of CONSULTANT's actual negligent performance.

6.2.2 Indemnification by OWNER. To the fullest extent permitted by law, OWNER shall indemnify and hold harmless CONSULTANT and its officers, directors, members, partners, agents, employees, and subconsultants from and against any and all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to the Project, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death or to injury to or destruction of tangible property,

including the loss of use resulting therefrom, but only to the extent caused by any negligent act, omission, or willful misconduct of OWNER or OWNER officers, directors, members, partners, agents, employees, CONSULTANTs, or others retained by or under contract to the OWNER with respect to this Agreement or to the Project.

6.2.3 Environmental Indemnification. To the fullest extent permitted by law, OWNER shall indemnify and hold harmless CONSULTANT and its officers, directors, employees, and subconsultants from and against any and all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys and other professionals, and all court, arbitration, or other dispute resolution costs) caused by, arising out of, relating to, or resulting from any substance, product, waste, or other material of any nature whatsoever (including, but not limited to, Asbestos, Petroleum, Radioactive Material, and PCBs) which is or becomes listed, regulated, or addressed pursuant to (a) the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. ("CERCLA"); (b) the Hazardous Materials Transportation Act, 49 U.S.C. §§1801 et seq.; (c) the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. ("RCRA"); (d) the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; (e) the Clean Water Act, 33 U.S.C. §§1251 et seq.; (f) the Clean Air Act, 42 U.S.C. §§7401 et seq.; and (g) any other federal, state, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material at, on, or under the Site, provided that (1) any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, and (2) nothing in this paragraph shall obligate OWNER to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence or willful misconduct.

6.2.4 Percentage Share of Liability.

OWNER and CONSULTANT hereby expressly agree that, to the extent allowed by law, each party's total liability under this Agreement shall not exceed the party's percentage share of the total liability of a claim or dispute arising under this Agreement **up to the limits of the Exclusivity of Remedies provision contained herein.**

ARTICLE 7
TERMINATION AND SUSPENSION

7.1 Suspension.

7.1.1 By OWNER. OWNER may suspend the Project for up to 90 days upon seven days written notice to CONSULTANT.

7.1.2 By CONSULTANT. CONSULTANT may, after giving seven days written notice to OWNER, suspend services under this Agreement if CONSULTANT's performance has been substantially delayed through no fault of CONSULTANT, or due to OWNER's failure to pay CONSULTANT as set forth in Section 4.3.2 above.

7.2 Termination. The obligation to provide further Services under this Agreement may be terminated:

7.2.1 For cause,

(a) By either party upon 30 days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party.

(b) By CONSULTANT:

(1) upon seven days written notice if OWNER demands that CONSULTANT furnish or perform services contrary to CONSULTANT's responsibilities as a licensed professional; or

(2) upon seven days written notice if the CONSULTANT's services for the Project are delayed or suspended for more than 90 days for reasons beyond CONSULTANT's control.

(3) CONSULTANT shall have no liability to OWNER on account of such termination.

(c) Notwithstanding the foregoing, this Agreement will not terminate under Paragraph 7.2.1(a) if the party receiving such notice begins, within seven days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein shall extend up to, but in no case more than, 60 days after the date of receipt of the notice.

7.2.2 For convenience,

(a) By OWNER effective upon CONSULTANT's receipt of notice from OWNER.

7.3 Effective Date of Termination. The terminating party under Paragraph 7.2 may set the effective date of termination at a time up to 30 days later than otherwise provided to allow CONSULTANT to demobilize personnel and equipment from the Project site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files.

7.4. Payments Upon Termination

7.4.1 In the event of any termination under Paragraph 7.2, CONSULTANT will be entitled to invoice OWNER and to receive full payment for all Services performed or furnished in accordance with this Agreement and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, OWNER shall have the limited right to the use of Documents, at OWNER's sole risk, subject to the provisions of Paragraph 8.2 ("Ownership and Reuse of Documents").

7.4.2 In the event of termination by OWNER for convenience, or by CONSULTANT for cause, CONSULTANT shall be entitled, in addition to invoicing for those items identified in Paragraph 7.4.1, to invoice OWNER and to payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with CONSULTANT's subconsultants, and other related close-out costs, using methods and rates for Additional Services as set forth herein.

ARTICLE 8
MISCELLANEOUS PROVISIONS

8.1 Contract Period: All contracts, agreements, provisions and stipulations of this Agreement shall remain in full force for a period of **Eighteen (18) Months** from the date of the Agreement, and for such periods as the contract time may be extended by mutual written agreement between the OWNER and the CONSULTANT.

8.2 Ownership and Reuse of Documents. All Project documents including but not necessarily limited to reports, Drawings, studies, findings, correspondence, specifications, survey notes, estimates, maps, computations, calculations, computer files, computer assisted design and drafting (CADD) files (electronic and hard copy), and other data, as well as any and all other documents and other materials prepared, generated, or furnished by or for CONSULTANT and/or its subconsultant(s) for the Project pursuant to this Agreement (hereinafter referred to in this Paragraph 8.2 as "Documents") are instruments of service with respect to the Project, and CONSULTANT shall retain an ownership and intellectual property interest therein regardless whether the Project is completed. OWNER may make and retain copies thereof for information and reference in connection with the use and/or occupancy of the Project by OWNER and others. However, such Documents are not intended for reuse or future use by OWNER or others for any purpose whatsoever or on any other project. No representation is made that such Documents are or will be suitable for reuse or future use by OWNER or others for any purpose whatsoever or on any other project. Any use of such Documents by OWNER or others on any project other than the Project which is the subject of this Agreement is not advised and shall be done without warranty, representation, or liability to any extent whatsoever on the part of CONSULTANT. OWNER shall defend, indemnify, save and hold harmless CONSULTANT, its officers, directors, employees, agents, successors, and assigns against any and all liability for any and all claims, demands, fines, fees, damages, actions, causes of action, lawsuits, expenses (including attorneys' fees), mediations, and arbitrations arising out of, resulting from, or relating in any way to the OWNER's use of such Documents.

8.3 Electronic Transmittals.

8.3.1 OWNER and CONSULTANT may transmit, and shall accept, project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure project website, in accordance with a mutually agreeable protocol.

8.3.2 If this Agreement does not establish protocols for electronic or digital transmittals, then OWNER and CONSULTANT shall jointly develop such protocols.

8.3.3 When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the items, or from those established in applicable transmittal protocols.

8.4 Municipal Advisor Disclosure and Disclaimer

CONSULTANT is not acting or being retained to act as a "municipal advisor," as that term is defined by Section 15B(e)(4)(A)(i) and (ii) of the Securities and Exchange Act of 1934, as amended, and does not owe a fiduciary duty to OWNER or an "obligated person," as that term is defined by Section 15B(e)(10) of the Securities and Exchange Act of 1934, as amended. CONSULTANT shall not provide advice or recommendations to or on behalf of OWNER or an obligated person regarding municipal financial products or the issuance of municipal securities. CONSULTANT is not recommending an action to OWNER or an obligated person; CONSULTANT is not acting as an advisor to OWNER or an obligated person and does not owe a fiduciary duty pursuant to Section 15B of the Securities and Exchange Act to OWNER or an obligated person with respect to the information and material communicated pursuant to this Agreement or the Project; CONSULTANT is acting for its own interests; and OWNER and any obligated persons should discuss any information and material contained in any communications with any and all internal or external advisors and experts that OWNER or obligated person deems appropriate before acting on any information or material. CONSULTANT will not be providing advice or recommendations that are particularized to the specific needs, objectives, or circumstances of OWNER or an obligated person with respect to municipal financial products or the issuance of municipal securities, including with respect to the structure, timing, terms, and other similar matters concerning such financial products or issues. CONSULTANT will not be asked or expected to provide anything other than general information that does not involve a recommendation regarding municipal financial products or the issuance of municipal securities; nor will CONSULTANT be asked or expected to provide anything other than information of a factual nature without subjective assumptions, opinions, or views, and information that is not particularized to OWNER.

8.6 Delays and Extensions of Time. If CONSULTANT is delayed, impacted, or frustrated from commencing or progressing the Services at any time by any cause beyond the reasonable control of CONSULTANT, the schedule will be automatically extended and Compensation will be equitably adjusted to the extent reasonably necessary to compensate CONSULTANT for any increases in the cost of the Services caused by such delay. Examples of causes beyond the control of CONSULTANT include (without limitation): fire, flood, explosion, war, strike, emergency, pandemic, epidemic, terrorism, embargo, government requirement, civil or military authority, act of God, act or neglect of the OWNER, shipping delays, changes ordered in the construction of the Project, labor disputes, actions or inactions of governmental authorities, encountering hazardous materials, concealed or unknown conditions.

8.7 COVID-19 Exception. CONSULTANT and OWNER agree that they are entering into this Agreement under an unprecedented set of circumstances posed by a global pandemic and outbreak of COVID-19 Coronavirus, as identified by the World Health Organization and American Centers for Disease Control. These circumstances include the public health effects of the virus itself and responses of governments, businesses, and society to the pandemic and outbreak. The extent and impact of COVID-19 is unknown and presents an ongoing and currently indeterminable risk to CONSULTANT's performance under this Agreement. In consideration of the same, CONSULTANT and OWNER agree that to the extent COVID-19 may impact, interfere with, delay, or frustrate CONSULTANT's ability to perform under this Agreement, CONSULTANT's performance is excused under this Agreement and CONSULTANT is entitled to equitable adjustment of the schedule and Compensation, upon reasonable proof by CONSULTANT of the impact, interference, delay, or frustration. This provision supersedes and takes priority over any other provision of this Agreement.

8.8 Exclusivity of Remedies. To the fullest extent permitted by law, the total liability, in the aggregate, of CONSULTANT and CONSULTANT's officers, directors, employees, agents and subconsultants, and of any of them, to OWNER and anyone claiming by, through or under OWNER, for any and all injuries, claims, losses, expenses or damages whatsoever arising out of or in any way related to CONSULTANT's Services, the Project or this Agreement from any cause or causes whatsoever, including but not limited to the negligence, errors, omissions, strict liability or breach of contract by CONSULTANT or CONSULTANT's officers, directors, employees, agents or subconsultants, or any of them, shall be limited to and shall not exceed the total compensation received by CONSULTANT under this Agreement, but in no event shall exceed the amount of available insurance proceeds.

8.9 Successors and Assigns

8.9.1 OWNER and CONSULTANT each is hereby bound and the partners, successors, executors, administrators and legal representatives of OWNER and CONSULTANT (and to the extent permitted by Paragraph 8.9.2, the assigns of OWNER and CONSULTANT) are hereby bound to the other party to this Agreement and to the partners, successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements and obligations of this Agreement.

8.9.2 Neither OWNER nor CONSULTANT shall assign, sublet or transfer any rights under or interest in (including, but without limitation, monies that may become due or monies that are due) this Agreement without the written consent of the other, except to the extent that any assignment, subletting or transfer is mandated by law or the effect of this limitation may be restricted by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement. Nothing contained in this paragraph shall prevent CONSULTANT from employing such independent professional associates and CONSULTANTs as CONSULTANT may deem appropriate to assist in performance of Services hereunder.

8.9.3 Nothing under this Agreement shall be construed to give any right or benefits in this Agreement to anyone other than OWNER and CONSULTANT, and all duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of OWNER and CONSULTANT and not for the benefit of any other party. OWNER agrees that that the substance of the provisions of this Paragraph 8.9.3 shall appear in the construction Contract Documents.

8.10 Dispute Resolution. If a dispute arises out of or relates to this Agreement or its alleged breach, the OWNER and CONSULTANT shall direct their representatives to endeavor to settle the dispute first through direct discussions. If the dispute cannot be resolved through direct discussions, the OWNER and CONSULTANT shall participate in mediation before recourse to litigation. The OWNER's and CONSULTANT's representatives shall attend all mediation sessions. Engaging in mediation is a condition precedent to litigation. Only after the parties have exhausted direct discussions AND mediation in accordance with the foregoing shall either of them be entitled to initiate litigation. Should either party initiate litigation prior to engaging in direct discussions and good faith mediation, it shall pay all attorneys' fees and expenses and other costs incurred by the other party in responding to said litigation. Any provisions herein to the contrary notwithstanding, OWNER and CONSULTANT hereby agree that any disputes between them will be tried to the Bench and not to a jury, and each of them willfully and voluntarily waives its right to trial by jury for any dispute arising out of this Agreement.

8.11 Disclaimer of Third-Party Benefits. OWNER and CONSULTANT expressly disclaim third-party beneficiaries hereunder and no one not a Party to the Agreement shall be entitled to seek enforcement against OWNER and/or CONSULTANT of any provision herein, or to otherwise seek damages from either Party for the alleged breach of any provision contained herein or purported duty or standard created or conferred hereunder. It is specifically agreed between the parties executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a Party to the Agreement to maintain a claim, cause of action, lien or any other damages or any relief of any kind pursuant to the terms and provisions of this Agreement.

8.12 Waiver of Consequential Damages. Notwithstanding any other provision of this Agreement, and to the fullest extent permitted by law, neither OWNER nor CONSULTANT, their respective officers, directors, agents, partners, employees, contractors or subconsultants shall be liable to the other or shall make any claim for any incidental, indirect or consequential damages arising out of or connected in any way to the Project or to this Agreement. This mutual waiver of consequential damages shall include, but is not limited to, loss of use, loss of profit, loss of business, loss of income, loss of reputation, or any other consequential damages that either party may have incurred from any cause of action including negligence, strict liability, breach of contract and breach of strict or implied warranty. Both OWNER and CONSULTANT shall require similar waivers of consequential damages protecting all the entities and persons named herein in all contracts and subcontracts with others involved in the Project.

8.13 Jurisdiction/Venue. This Agreement shall be governed by the laws of the State of **Mississippi** and any disputes related to or arising out of this Agreement or its alleged breach shall be brought in the appropriate courts of the State of **Mississippi**, exclusive of its choice of law provisions.

8.14 Severability. Any provision or part hereof which is held to be void or unenforceable under Applicable Laws shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon OWNER and CONSULTANT, which hereby agreed that the Agreement shall be reformed to replace such stricken provision or part hereof with a valid and enforceable provision that comes as close as possible to expressing the intent of the stricken provision.

8.15 Total Agreement. This Agreement, (together with the attachments included above) constitutes the entire agreement between OWNER and CONSULTANT and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a written instrument duly executed by both parties.

8.16 Designated Representative. With the execution of this Agreement, CONSULTANT and OWNER shall designate specific individuals to act as CONSULTANT's and OWNER's representatives with respect to the services to be performed or furnished by CONSULTANT and responsibilities of OWNER under this Agreement. Such an individual shall have authority to transmit instructions, receive information, and render decisions relative to this Agreement on behalf of the respective party whom the individual represents.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement, the Effective Date of which is indicated on page 1.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 16th day of November, 2021, the following Resolution:

A RESOLUTION OF THE GULFPORT CITY COUNCIL PROFESSIONAL SERVICES AGREEMENT WITH VOLKERT, INC., AUTHORIZING THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY OF GULFPORT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to contract with Volkert, Inc., to provide certain services pertaining to the overlay/repaving of a large number of public rights of way in the City of Gulfport pursuant to a Professional Services Agreement attached hereto as Exhibit "A"; and

WHEREAS, as more fully set forth in Attachment A to the Professional Services Agreement, Volkert is to coordinate with the City's paving contractor, prepare work authorizations, perform construction administration and resident project representation for construction maintenance overly and minor roadway and utility repairs; and

WHEREAS, because time is of the essence in this matter, any applicable city requirement that the services herein be procured via a request for proposals should be waived; and

WHEREAS, the proposed Professional Services Agreement (including attachments thereto) is attached hereto as Exhibit "A" for review and consideration and approval thereof is believed to be in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things set forth and recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the City Council does hereby waive any city requirement that the professional services that are the subject of this resolution be procured via request for proposals is hereby waived and the Professional Services Agreement attached hereto as Exhibit "A" be and the same is hereby approved in substantially the form attached hereto (Exhibit "A").

SECTION 3. That the Mayor be and he is hereby authorized to execute and deliver the Professional Services Agreement on behalf of the City of Gulfport.

SECTION 4. That this Resolution shall be spread upon the minutes of the Governing Authority and shall be in effect as provided by law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Kosloski, and was adopted by the following roll call vote:

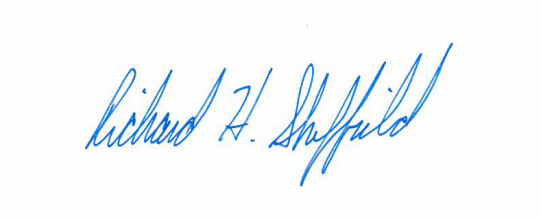
Subject: Fee Estimate for Construction Materials Testing
Investigation of Subgrade Materials
Beneath Gulfport City Streets
Thompson Proposal No. 24-2123-0001

Dear Mr. Steele:

Attached please find Thompson Engineering's (TE) estimated fees for the services that you have requested for the Gulfport street investigation Project. This fee proposal is based upon the following assumptions:

1. TE will coordinate coring of selected city streets to access the underlying materials, and obtain any necessary samples for testing as directed by Volkert, Inc. Upon conclusion of investigating a particular location, the hole will be backfilled using sand, the core, and asphalt patching material.
2. A field technician will be provided. Any laboratory testing of earthwork materials will be performed in TE's lab located in Richland, MS. Per diem for the technician during the field portion of the work is included in the fee proposal.
3. A coring subcontractor will be used.



Changes in schedule or scope of work may affect the estimated fees, but billing will be in accordance with the attached fee schedule. If due to your knowledge of the project scope, you feel any of the assumptions or quantity estimates shown in this proposal are incorrect, please do not hesitate to call. *In rounded numbers, our estimated cost for CMT QC services is $18,665.00.*

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO WAIVE ANY AND ALL OBJECTIONS TO PROPOSED SUBCONTRACT WITH THOMPSON ENGINEERING, INC., AS REQUESTED BY VOLKERT, INC., THE CITY'S ENGINEERING CONSULTANT ON THE MIMA PAVING PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport previously contracted with Volkert, Inc., to provide certain and various engineering services associated with the MIMA paving project; and desires to replace the body worn cameras utilized by officers of the Gulfport Police Department; and

WHEREAS, the City's contract with Volkert, at Section 3.2.2 provides that Volkert can retain sub-consultants as it deems necessary to assist in it performance or furnishing of services, subject to "reasonable, timely and substantive objection by" the City; and

WHEREAS, Volkert has requested that it be allowed to retain Thomson Engineering, Inc., as a sub-consultant on this project and has submitted a fee estimate from Thomson Engineering, Inc., to perform Geotechnical Engineering Services for Volkert, and Volkert has represented to the City that the fees associated with the said Geotechnical Engineering Services will not result in an increase of costs to the City or an increase in Volkert's fees under its contract with the City; and

WHEREAS, the Council finds that it is in the best interest of the City to waive any and all objection to the retention of Thomson Engineering to perform Geotechnical Engineering Services for Volkert on the MIMA paving project as such services are outlined in the fee estimate from Thomson Engineering (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the City hereby waives any and all objections to the retention of Thomson Engineering to perform Geotechnical Engineering Services for Volkert on the MIMA paving project as such services are outlined in the fee estimate from Thomson Engineering (see Exhibit "A" attached hereto)

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Walker, and was adopted by the following roll call vote:

RE: Requesting Permission to Waive Subcontract Objections
Mississippi Infrastructure Modernization Act (MIMA) Engineering

---

As you know, the City previously contracted with Volkert, Inc. with respect to engineering services associated with the MIMA paving project. Volkert has recently approached our Office and has inquired about associating (by way of a sub-contract) with Thompson Engineering, Inc. for consultant services on this project. Section 3.2.2 of the City's contract with Volkert provides that Volkert can retain subconsultants as Volkert deems necessary to assist in its performance or furnishing of services, subject to "reasonable, timely, and substantive objection by Owner." Volkert has provided the attached fee estimate from Thompson Engineering, Inc. to perform the sub-consultant services it is seeking (Geotechnical Engineering Services). Volkert will be solely responsible for paying these fees (for this sub-consultant work) and Volkert has represented this will not result in an increase in the City's costs or an increase in Volkert's fees under its contract with the City (i.e., Volkert will be solely responsible for paying the fees of its sub-consultants).

We are seeking permission to waive objections to Volkert's effort to subcontract with Thompson Engineering, Inc. on the terms and understandings set forth herein.

I recommend approval of this item.

AGREEMENT FOR PROFESSIONAL SERVICES BETWEEN OWNER AND CONSULTANT

This Agreement made and entered into this **17th** day of **November, 2021**, by and between the **City of Gulfport**, hereafter referred to as the OWNER, and Volkert, Inc., hereinafter referred to as the CONSULTANT; WITNESSETH THAT:

WHEREAS, the OWNER desires to retain the CONSULTANT to perform certain professional planning, programming, and engineering services as outlined in the Scope of Services;

WHEREAS, the CONSULTANT desires to perform said professional services for the OWNER;

NOW, THEREFORE, for and in consideration of the mutual covenants hereinafter stipulated to be kept and performed, the parties hereto agree as follows:

ARTICLE 1
DEFINITIONS

1.1 PROJECT or PROJECTS. The total construction or scope of which the Work to be performed under the Contract Documents may be the whole, or a part.

1.2 BASIC SERVICES. The professional services to be performed by CONSULTANT under this Agreement, as set out in Article 3 and as described in the "Basic Services" of Attachment A.

1.3 ADDITIONAL SERVICES. Any services beyond Basic Services as described in Article 3 and the "Basic Services" of Attachment A, as mutually agreed to in writing between OWNER and CONSULTANT.

1.4 CONSTRUCTION CONTRACT. The entire and integrated written agreement, or agreements, between OWNER and Contractor concerning the Work.

1.5 CONTRACT DOCUMENTS. Those items so designated in the Construction Contract, including the Drawings, Specifications, Construction Contract, and general and supplementary conditions. Only printed or hard copies of the items listed in the Construction Contract are Contract Documents. Reviewed Shop Drawings, other Contractor submittals, and the reports and drawings of subsurface and physical conditions are not Contract Documents.

1.6 DRAWINGS. That part of the Contract Documents prepared or approved by CONSULTANT which graphically shows the scope, extent, and character of the Work to be performed by Contractor. Shop Drawings are not Drawings as so defined.

1.7 SPECIFICATIONS. That part of the Contract Documents consisting of written technical descriptions of materials, equipment, systems, standards, and workmanship as applied to the Work and certain administrative details applicable thereto.

1.8 SHOP DRAWINGS. All drawings, diagrams, illustrations, schedules, and other data or information which are specifically prepared or assembled by or for Contractor by someone other than CONSULTANT, and submitted by Contractor to illustrate some portion of the Work.

1.9 RECORD DRAWINGS. Also referred to as "As-Builts" and "As-Built Plans," Record Drawings shall mean drawings depicting the completed Project, prepared by CONSULTANT as an Additional Service and based solely on Contractor's record copy of all Drawings, Specifications, addenda, change orders, work change directives, field orders, and written interpretations and clarifications, as delivered to CONSULTANT and annotated by Contractor to show changes made during construction.

1.10 CONSTRUCTION OBSERVER. The authorized representative of CONSULTANT assigned to assist CONSULTANT at the site during construction. As used herein, the term CONSTRUCTION OBSERVER includes any assistants or field staff of CONSTRUCTION OBSERVER agreed to by OWNER. The duties and responsibilities of the CONSTRUCTION OBSERVER, if any, are as set forth in the "Basic Services" of Attachment A.

1.11 CONTRACTOR. A Contractor is any person or entity which enters into an agreement with OWNER to perform the construction of or any construction on any Project, including, without limitation, the providing of labor, materials, and equipment incorporated or to be incorporated into the Project. The term "Contractor" means the Contractor or its authorized representative, but excludes the CONSULTANT and its subconsultants.

1.12 APPLICABLE LAWS. Applicable Laws, as used herein, shall mean the law of the State of **Mississippi** as well as applicable regulations, codes and licenses promulgated or issued by any board, commission or agency having authority and jurisdiction over this Agreement.

ARTICLE 2
RELATIONSHIP OF THE PARTIES

CONSULTANT is providing professional engineering services pursuant to this Agreement. Nothing in this Agreement shall be construed to mean that CONSULTANT assumes any responsibility or duties of the Contractor(s) or can be held liable for its failure to perform its obligations and duties to OWNER. The Contractor(s) will be solely responsible for means, methods, techniques, sequences and procedures used in the construction of the Project and for the safety of its personnel, property and its operations, and for performing in accordance with its contract(s) with OWNER, as well as for any damages for construction defects caused, in whole or in part, by the Contractor's work. CONSULTANT shall be able to rely upon the Contractor for the proper performance of its obligations to OWNER.

OWNER acknowledges and takes into account the fact that CONSULTANT does not have a contract with Contractor(s) and, as such, cannot direct its respective means and methods, its forces, its personnel, its subcontractors, suppliers and/or subconsultants. CONSULTANT cannot require those parties with which it has no contract to refrain from or perform any acts they are not willing to perform. Requiring action or conduct out of Contractor and/or Architect is the responsibility of the OWNER.

ARTICLE 3
SCOPE OF SERVICES

3.1 Generally. CONSULTANT shall perform the Basic Services set forth in Schedule of Services to be addressed in Attachment A, as well as any Additional Services in accordance with the terms and conditions herein.

CONSULTANT's Scope of Services as set out hereunder are finite, and CONSULTANT is not being compensated by OWNER to provide or perform services which are not specifically set out herein. Anything not expressly stated in this provision, or in Attachment A, or in any subsequent written agreements between OWNER and CONSULTANT, are not a part of CONSULTANT's Scope of Services.

3.1.1 Safety. Consistent with and pursuant to Section 3.2.4, *infra*, CONSULTANT shall not be responsible for site safety, or for the safety of Contractor or its employees or subcontractors. CONSULTANT is not being retained to, and shall not be expected or required to, research or review the safety record or history of OSHA violations of any potential bidding contractor, and shall not be expected, required, or retained to undertake vetting, pre-screening, researching, or approving any potential bidding contractor based on its safety record.

3.2 Standards of Performance.

3.2.1 Standard of Care. CONSULTANT shall at all times endeavor to perform Basic Services in conformance with the generally accepted care and skill exercised by professional engineers practicing under similar circumstances at the same time and in the same locality. CONSULTANT makes no warranties, express or implied, under this Agreement or otherwise, in connection with CONSULTANT's services, and guarantees no particular result. CONSULTANT neither guarantees the performance of any Contractor(s), nor assumes the responsibility of the Contractor(s) to furnish or perform its obligations to OWNER, whether arising from the Construction Contracts, the Contract Documents or otherwise.

3.2.2 CONSULTANTs. CONSULTANT may retain such subconsultants as CONSULTANT deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by OWNER.

3.2.3 Reliance on Others. Subject to the Standard of Care set forth in Paragraph 3.2.1, *supra*, CONSULTANT and its subconsultants may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, OWNER, Contractor, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

3.2.4 CONSULTANT and Contractor.

3.2.4.1 CONSULTANT shall not at any time supervise, direct, control, or have authority over any contractor work, nor shall CONSULTANT have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by the Contractor, or the safety precautions and programs incident thereto, for security or safety at any Project site, nor for any failure of the Contractor to comply with Applicable Law and Contract Documents as it pertains to the Contractor's furnishing and performing of its work.

3.2.4.2 CONSULTANT neither guarantees the performance of the Contractor nor assumes responsibility for the Contractor's failure to furnish and perform the Work in accordance with the Contract Documents.

3.2.4.3 CONSULTANT shall not be responsible for the acts or omissions of the Contractor, or of any subcontractor, supplier, or any of their agents or employees, or of any other persons (except CONSULTANT's own agents, employees, and subconsultant(s) at the Project site or otherwise furnishing or performing any Work; or for any decision made regarding the Contract Documents, or any application, interpretation, or clarification, of the Contract Documents, other than those made by CONSULTANT.

3.2.4.4 While at the Project site, CONSULTANT's employees and representatives shall comply with the specific applicable requirements of Contractor's and OWNER's safety programs of which CONSULTANT has been informed in writing.

3.3 Additional Services

It is mutually understood and agreed that the OWNER will compensate the CONSULTANT for services resulting from changes in the scope of a project or its design, including but not necessarily limited to, change in size, complexity, project schedules, character of construction, revisions to previously accepted studies, reports, design documents or contract documents and for preparation of documents for separate bids, when such revisions are due to causes beyond the CONSULTANT's control and when requested or authorized by the OWNER.

When requested by OWNER, or when circumstances otherwise reasonably require, CONSULTANT shall furnish or obtain from others Additional Services of the types listed below.

(a) Preparation of applications and supporting documents (in addition to those furnished under Basic Services, if any) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

(b) Services (in addition to those furnished under Basic Services, if any) to assist OWNER in obtaining bids from contractors.

(c) Services (in addition to those furnished under Basic Services, if any) to make measured drawings of or to investigate existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by OWNER or others.

(d) Services resulting from significant changes in the scope, extent, or character of the portions of the Project designed or specified by CONSULTANT or its design requirements including, but not limited to, changes in size, complexity, OWNER's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond CONSULTANT's control.

(e) Services required as a result of OWNER's providing incomplete or incorrect Project information to CONSULTANT.

(f) Undertaking investigations and studies including, but not limited to, detailed consideration of operations, maintenance, and overhead expenses; the preparation of financial feasibility and cash flow studies, rate schedules, and appraisals; detailed quantity surveys of materials, equipment, and labor; and audits or inventories required in connection with construction performed by OWNER.

(g) Furnishing services of CONSULTANTs for other than Basic Services.

(h) Services during out-of-town travel required of CONSULTANT other than for visits to the Site or OWNER's office as required in Basic Services.

(i) Preparing additional Bidding Documents or Contract Documents for alternate bids or prices requested by OWNER for the Work or a portion thereof.

(j) Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

(k) Providing construction surveys and staking (in addition to those furnished under Basic Services, if any) to enable Contractor to perform its work and any type of property surveys or related engineering services; and providing other special field surveys.

(l) Providing Basic Services beyond the original date for completion and readiness for final payment of Contractor.

(m) Preparing Record Drawings (in addition to those furnished under Basic Services, if any) showing appropriate record information based on Project annotated record documents received from Contractor, and furnishing such Record Drawings to OWNER.

(n) Supplementing Record Drawings with information regarding the completed Project, Site, and immediately adjacent areas obtained from field observations, OWNER, utility companies, and other reliable sources.

(o) Conducting surveys, investigations, and field measurements to verify the accuracy of Record Drawing content obtained from Contractor, OWNER, utility companies, and other sources; revise and supplement Record Drawings as needed.

(p) Preparing to serve or serving as a CONSULTANT or witness for OWNER in any litigation, arbitration, or other dispute resolution process related to the Project.

(q) Preparation of operation and maintenance manuals; assistance to OWNER in training OWNER's staff to operate and maintain Project equipment and systems; assistance to OWNER in developing procedures for (a) control of the operation and maintenance of Project equipment and systems, and (b) related record-keeping.

(r) Overtime work requiring higher-than-regular rates.

(s) Providing more extensive services required to enable CONSULTANT to issue notices or certifications requested by OWNER.

(t) Extensive services required during any correction period, or with respect to monitoring Contractor's compliance with warranties and guarantees called for in the Construction Contract (except as agreed to under Basic Services).

(u) Other services performed or furnished by CONSULTANT not otherwise provided for in this Agreement.

(v) Services in connection with work change directives and change orders to reflect changes requested by OWNER.

(w) Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

(x) Additional or extended services during construction made necessary by (1) emergencies or acts of God endangering the Work (advance notice not required), (2) the presence at the Site of any items of historical or cultural significance, (3) Work damaged by fire or other cause during construction, (4) a significant amount of defective, neglected, or delayed work by Contractor, (5) acceleration of the progress schedule involving services beyond normal working hours, or (6) default by Contractor.

(y) Evaluating an unreasonable claim or an excessive number of claims or requests for information submitted by Contractor or others in connection with the Work.

ARTICLE 4
COMPENSATION OF CONSULTANT

4.1 As compensation for satisfactory performance of the work contemplated under Attachment A, and as full and complete compensation therefore, including all expenditures made and all expenses incurred by the CONSULTANT in connection with this Agreement, the OWNER will pay the CONSULTANT on a **monthly** basis; the total amount paid pursuant to this Agreement shall not exceed **$150,000.**

4.1.1 OWNER shall pay all costs associated with Additional Services authorized by the OWNER.

4.1.2 For Projects involving a supplemental agreement, the scope of services, schedule, and amount of compensation to be paid will be included therein

4.1.3 The OWNER will pay the CONSULTANT for services performed by subconsultants at the actual invoice amount times a factor of 1.10 for assisting and coordinating the subconsultants' services.

4.1.4 Reimbursable expenses are defined as follows: Travel and subsistence cost, printing and reproduction, computer services, advertising costs, mail distribution costs, permit fees, application fees or deposits, and all other costs incidental to performing the assignment.

4.1.5 The OWNER as purchaser of the services described herein shall pay any applicable sales tax in the manner and in the amount as required by law

4.2 Invoices. CONSULTANT shall prepare invoices in accordance with its standard invoicing practices. CONSULTANT shall submit its invoices to OWNER on a monthly basis. Invoices are due and payable within 30 days of receipt.

4.3 Payments. Application to Interest and Principal: Payment will be credited first to any interest owed to CONSULTANT and then to principal.

4.3.1 Payment shall be made payable to Volkert, Inc. and submitted to the following address:

Department #2042, Volkert, Inc.
P. O. Box 11407
Birmingham, AL 35246-2042

4.3.2 Failure to Pay. If OWNER fails to make any payment due CONSULTANT for services and expenses within 30 days after receipt of CONSULTANT's invoice, then:

(a) amounts due CONSULTANT will be increased at the rate of 1.0% per month (or the maximum rate of interest permitted by law, if less) from said thirtieth day; and

(b) CONSULTANT may, after giving seven days written notice to OWNER, suspend services under this Agreement until OWNER has paid in full all amounts due for services, expenses, and other related charges. OWNER waives any and all claims against CONSULTANT for any such suspension.

(c) OWNER shall reimburse CONSULTANT for any expenses, including legal costs, incurred in collection of outstanding amounts due from OWNER.

4.4 Disputed Invoices. If OWNER contests an invoice, OWNER shall promptly advise CONSULTANT of the specific basis for doing so, may withhold only that portion so contested, and must pay the undisputed portion.

ARTICLE 5
RESPONSIBILITIES OF THE OWNER

In addition to other responsibilities of OWNER as set forth in this Agreement, OWNER shall, at its expense:

5.1 Provide CONSULTANT with all criteria and full information regarding OWNER's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility and expandability, and any budgetary limitations.

5.2 Give instructions to CONSULTANT regarding OWNER's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), OWNER's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of OWNER's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Furnish copies (or give specific directions requesting CONSULTANT to use copies already in CONSULTANT's possession) of all design and construction standards, OWNER's standard forms, general conditions, supplementary conditions, text, and related documents and content for CONSULTANT to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and draft construction Contract Documents, when applicable. OWNER shall have responsibility for the final content of (1) such bidding-related documents (or requests for proposals or other construction procurement documents), and (2) those portions of any Construction Contract other than the design (as set forth in the Drawings, Specifications, or otherwise), and other engineering or technical matters; and OWNER shall seek the advice of OWNER's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

5.3 Furnish to CONSULTANT any other available information pertinent to the Project, including reports and data relative to previous designs or investigation at or adjacent to the Project site(s).

5.4 Furnish or otherwise make available to CONSULTANT such Project-related information and data as are reasonably required to enable CONSULTANT to complete its Basic and Additional Services hereunder. Such information and data would generally include the following:

5.4.1 Property descriptions;

5.4.2 Zoning, deed, and other land use restrictions;

5.4.3 Utility and topographic mapping and surveys;

5.4.4 Property, boundary, easement, right-of-way, and other special surveys or data, including establishing relevant reference points;

5.4.5 Explorations and tests of subsurface conditions at or contiguous to the Project site, drawings of physical conditions relating to existing surface or subsurface structures at the Project site, or hydrographic surveys, with appropriate professional interpretation thereof.

5.4.6 Environmental assessments, audits, investigations, and impact statements, and other relevant environmental or cultural studies as to the Project, the Project site, and adjacent areas.

5.5 Arrange for safe access to, and make all provisions for, CONSULTANT to enter upon public and private property as may be required for CONSULTANT to perform Services hereunder. CONSULTANT shall take reasonable precautions to minimize damage to the property during the course of its Services. OWNER acknowledges that a certain amount of damage, wear and tear, and depreciation is likely to result from CONSULTANT's operations on the property in furtherance of CONSULTANT's Services under this Agreement. The cost for restoration or remediation of damaged property which may result from CONSULTANT's operations is not included in CONSULTANT's compensation hereunder unless explicitly stated otherwise in this Agreement. If the property is damaged during CONSULTANT's operations and if OWNER desires CONSULTANT to restore or remediate the property to its former condition, CONSULTANT will do so for additional compensation.

5.6 Examine all alternate solutions ("value engineering"), studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by CONSULTANT (including obtaining the advice of an attorney, insurance counselor, and other advisors or CONSULTANTs as OWNER deems appropriate with respect to such examination) and render timely written decisions pertaining thereto.

5.7 Provide reviews, approvals, and permits from all governmental authorities having jurisdiction to approve all phases of the Project as designed or specified by CONSULTANT, and such reviews, approvals, and consents from others as may be necessary for completion of each phase of the Project.

5.8 Provide the following services in recognition and acknowledgement that CONSULTANT's Services do not include them:

5.8.1 Accounting, bond and financial advisory, independent cost estimating, and insurance counseling services;

5.8.2 Legal services and advice with regard to issues pertaining to the Project as OWNER requires, as Contractor raises, and/or as CONSULTANT reasonably requests.

5.9 Inform CONSULTANT in writing of any specific safety or security plans or requirements to which CONSULTANT will be required to adhere while on the Project site.

5.10 Designate and identify to CONSULTANT a person to act with authority on OWNER's behalf.

5.11 Communicate to CONSULTANT in writing with regard to any issues that impact project safety or the project schedule or cost.

ARTICLE 6
INSURANCE AND INDEMNFICIATION

6.1 Insurance. CONSULTANT shall procure and maintain the types and amounts of insurance as are set forth below. CONSULTANT shall cause OWNER to be an additional insured on CONSULTANT's policy of commercial general liability and automobile liability insurance.

6.1.1 Commercial General Liability

(a)	Each Occurrence:	$1,000,000
(b)	General Aggregate:	$2,000,000

6.1.2 Automobile Liability (Combined Single Limit BI/PD)

(a)	Each Accident:	$1,000,000

6.1.3 Worker Compensation: Statutory

6.1.4 Employers' Liability

(a)	Each Accident:	$1,000,000
(b)	Disease, Each Employee:	$1,000,000
(c)	Disease, Policy Limit:	$1,000,000

6.1.5 Professional Liability

(a)	Each Claim:	$2,000,000
(b)	Annual Aggregate:	$2,000,000

6.1.6 OWNER shall require Contractor to purchase and maintain policies of insurance covering worker compensation, general liability, property damages (other than to the Work itself), motor vehicle damage and injuries, builder's risk, and other insurance necessary to protect OWNER's and CONSULTANT's interests in the Project. OWNER shall require Contractor to be fully licensed and bonded. OWNER shall require Contractor to cause OWNER and CONSULTANT, their officers, directors, employees, agents, representatives, assigns and subconsultants to be named, listed or otherwise made additional insureds with respect to such liability and other insurance purchased and maintained by Contractor for the Project.

6.17 OWNER and CONSULTANT, only to the extent allowed by law, hereby mutually waive all rights of subrogation, as well as all claims and other rights they may have against each other for loss of and/or damage to (a) the Work and any Project therein, (b) all materials, machinery, equipment and other items used in the Project and/or to be incorporated into the Project, while the same are in transit, at Project sites, during erection and otherwise, and (c) all property owned by or in the custody of OWNER and its affiliates, however such loss or damage shall occur, except such rights as they may have to the proceeds of such instance held by the OWNER as trustee. If OWNER is not the sole Owner of the Project sites and all property at and adjacent thereto, OWNER shall obtain an undertaking from the other owners thereof sufficient to provide CONSULTANT the same protection from liability for loss or damage as would be afforded to CONSULTANT under this Agreement if OWNER were the sole owner. OWNER shall cause all policies of property insurance relating to the Project to contain a provision or endorsement to the effect that in the event of payment of any loss or damage, the insurers will have no rights of recovery against CONSULTANT or its subconsultants, or any insureds, additional insureds, or loss payees thereunder.

6.2 Indemnification.

6.2.1 Indemnification by CONSULTANT. To the fullest extent permitted by law, **and up to the limits of the Exclusivity of Remedies provision contained herein**, CONSULTANT shall indemnify OWNER and OWNER's officers, directors and employees for costs, losses, judgments, damages and expenses (including reasonable attorneys' fees) to the extent caused by the negligent acts, errors and omissions of CONSULTANT in the performance of its professional Services hereunder. In any matters involving allegations of negligent performance of professional Services by CONSULTANT, CONSULTANT's defense duties under this indemnification provision (which are expressly disclaimed) shall include only reimbursement of reasonable defense costs to the extent incurred as a proximate result of CONSULTANT's actual negligent performance.

6.2.2 Indemnification by OWNER. To the fullest extent permitted by law, OWNER shall indemnify and hold harmless CONSULTANT and its officers, directors, members, partners, agents, employees, and subconsultants from and against any and all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to the Project, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death or to injury to or destruction of tangible property,

including the loss of use resulting therefrom, but only to the extent caused by any negligent act, omission, or willful misconduct of OWNER or OWNER officers, directors, members, partners, agents, employees, CONSULTANTs, or others retained by or under contract to the OWNER with respect to this Agreement or to the Project.

6.2.3 Environmental Indemnification. To the fullest extent permitted by law, OWNER shall indemnify and hold harmless CONSULTANT and its officers, directors, employees, and subconsultants from and against any and all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys and other professionals, and all court, arbitration, or other dispute resolution costs) caused by, arising out of, relating to, or resulting from any substance, product, waste, or other material of any nature whatsoever (including, but not limited to, Asbestos, Petroleum, Radioactive Material, and PCBs) which is or becomes listed, regulated, or addressed pursuant to (a) the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. ("CERCLA"); (b) the Hazardous Materials Transportation Act, 49 U.S.C. §§1801 et seq.; (c) the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. ("RCRA"); (d) the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; (e) the Clean Water Act, 33 U.S.C. §§1251 et seq.; (f) the Clean Air Act, 42 U.S.C. §§7401 et seq.; and (g) any other federal, state, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material at, on, or under the Site, provided that (1) any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, and (2) nothing in this paragraph shall obligate OWNER to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence or willful misconduct.

6.2.4 Percentage Share of Liability.

OWNER and CONSULTANT hereby expressly agree that, to the extent allowed by law, each party's total liability under this Agreement shall not exceed the party's percentage share of the total liability of a claim or dispute arising under this Agreement **up to the limits of the Exclusivity of Remedies provision contained herein.**

ARTICLE 7
TERMINATION AND SUSPENSION

7.1 Suspension.

7.1.1 By OWNER. OWNER may suspend the Project for up to 90 days upon seven days written notice to CONSULTANT.

7.1.2 By CONSULTANT. CONSULTANT may, after giving seven days written notice to OWNER, suspend services under this Agreement if CONSULTANT's performance has been substantially delayed through no fault of CONSULTANT, or due to OWNER's failure to pay CONSULTANT as set forth in Section 4.3.2 above.

7.2 Termination. The obligation to provide further Services under this Agreement may be terminated:

7.2.1 For cause,

(a) By either party upon 30 days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party.

(b) By CONSULTANT:

(1) upon seven days written notice if OWNER demands that CONSULTANT furnish or perform services contrary to CONSULTANT's responsibilities as a licensed professional; or

(2) upon seven days written notice if the CONSULTANT's services for the Project are delayed or suspended for more than 90 days for reasons beyond CONSULTANT's control.

(3) CONSULTANT shall have no liability to OWNER on account of such termination.

(c) Notwithstanding the foregoing, this Agreement will not terminate under Paragraph 7.2.1(a) if the party receiving such notice begins, within seven days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein shall extend up to, but in no case more than, 60 days after the date of receipt of the notice.

7.2.2 For convenience,

(a) By OWNER effective upon CONSULTANT's receipt of notice from OWNER.

7.3 Effective Date of Termination. The terminating party under Paragraph 7.2 may set the effective date of termination at a time up to 30 days later than otherwise provided to allow CONSULTANT to demobilize personnel and equipment from the Project site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files.

7.4. Payments Upon Termination

7.4.1 In the event of any termination under Paragraph 7.2, CONSULTANT will be entitled to invoice OWNER and to receive full payment for all Services performed or furnished in accordance with this Agreement and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, OWNER shall have the limited right to the use of Documents, at OWNER's sole risk, subject to the provisions of Paragraph 8.2 ("Ownership and Reuse of Documents").

7.4.2 In the event of termination by OWNER for convenience, or by CONSULTANT for cause, CONSULTANT shall be entitled, in addition to invoicing for those items identified in Paragraph 7.4.1, to invoice OWNER and to payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with CONSULTANT's subconsultants, and other related close-out costs, using methods and rates for Additional Services as set forth herein.

ARTICLE 8
MISCELLANEOUS PROVISIONS

8.1 Contract Period: All contracts, agreements, provisions and stipulations of this Agreement shall remain in full force for a period of **Eighteen (18) Months** from the date of the Agreement, and for such periods as the contract time may be extended by mutual written agreement between the OWNER and the CONSULTANT.

8.2 Ownership and Reuse of Documents. All Project documents including but not necessarily limited to reports, Drawings, studies, findings, correspondence, specifications, survey notes, estimates, maps, computations, calculations, computer files, computer assisted design and drafting (CADD) files (electronic and hard copy), and other data, as well as any and all other documents and other materials prepared, generated, or furnished by or for CONSULTANT and/or its subconsultant(s) for the Project pursuant to this Agreement (hereinafter referred to in this Paragraph 8.2 as "Documents") are instruments of service with respect to the Project, and CONSULTANT shall retain an ownership and intellectual property interest therein regardless whether the Project is completed. OWNER may make and retain copies thereof for information and reference in connection with the use and/or occupancy of the Project by OWNER and others. However, such Documents are not intended for reuse or future use by OWNER or others for any purpose whatsoever or on any other project. No representation is made that such Documents are or will be suitable for reuse or future use by OWNER or others for any purpose whatsoever or on any other project. Any use of such Documents by OWNER or others on any project other than the Project which is the subject of this Agreement is not advised and shall be done without warranty, representation, or liability to any extent whatsoever on the part of CONSULTANT. OWNER shall defend, indemnify, save and hold harmless CONSULTANT, its officers, directors, employees, agents, successors, and assigns against any and all liability for any and all claims, demands, fines, fees, damages, actions, causes of action, lawsuits, expenses (including attorneys' fees), mediations, and arbitrations arising out of, resulting from, or relating in any way to the OWNER's use of such Documents.

8.3 Electronic Transmittals.

8.3.1 OWNER and CONSULTANT may transmit, and shall accept, project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure project website, in accordance with a mutually agreeable protocol.

8.3.2 If this Agreement does not establish protocols for electronic or digital transmittals, then OWNER and CONSULTANT shall jointly develop such protocols.

8.3.3 When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the items, or from those established in applicable transmittal protocols.

8.4 Municipal Advisor Disclosure and Disclaimer

CONSULTANT is not acting or being retained to act as a "municipal advisor," as that term is defined by Section 15B(e)(4)(A)(i) and (ii) of the Securities and Exchange Act of 1934, as amended, and does not owe a fiduciary duty to OWNER or an "obligated person," as that term is defined by Section 15B(e)(10) of the Securities and Exchange Act of 1934, as amended. CONSULTANT shall not provide advice or recommendations to or on behalf of OWNER or an obligated person regarding municipal financial products or the issuance of municipal securities. CONSULTANT is not recommending an action to OWNER or an obligated person; CONSULTANT is not acting as an advisor to OWNER or an obligated person and does not owe a fiduciary duty pursuant to Section 15B of the Securities and Exchange Act to OWNER or an obligated person with respect to the information and material communicated pursuant to this Agreement or the Project; CONSULTANT is acting for its own interests; and OWNER and any obligated persons should discuss any information and material contained in any communications with any and all internal or external advisors and experts that OWNER or obligated person deems appropriate before acting on any information or material. CONSULTANT will not be providing advice or recommendations that are particularized to the specific needs, objectives, or circumstances of OWNER or an obligated person with respect to municipal financial products or the issuance of municipal securities, including with respect to the structure, timing, terms, and other similar matters concerning such financial products or issues. CONSULTANT will not be asked or expected to provide anything other than general information that does not involve a recommendation regarding municipal financial products or the issuance of municipal securities; nor will CONSULTANT be asked or expected to provide anything other than information of a factual nature without subjective assumptions, opinions, or views, and information that is not particularized to OWNER.

8.6 Delays and Extensions of Time. If CONSULTANT is delayed, impacted, or frustrated from commencing or progressing the Services at any time by any cause beyond the reasonable control of CONSULTANT, the schedule will be automatically extended and Compensation will be equitably adjusted to the extent reasonably necessary to compensate CONSULTANT for any increases in the cost of the Services caused by such delay. Examples of causes beyond the control of CONSULTANT include (without limitation): fire, flood, explosion, war, strike, emergency, pandemic, epidemic, terrorism, embargo, government requirement, civil or military authority, act of God, act or neglect of the OWNER, shipping delays, changes ordered in the construction of the Project, labor disputes, actions or inactions of governmental authorities, encountering hazardous materials, concealed or unknown conditions.

8.7 COVID-19 Exception. CONSULTANT and OWNER agree that they are entering into this Agreement under an unprecedented set of circumstances posed by a global pandemic and outbreak of COVID-19 Coronavirus, as identified by the World Health Organization and American Centers for Disease Control. These circumstances include the public health effects of the virus itself and responses of governments, businesses, and society to the pandemic and outbreak. The extent and impact of COVID-19 is unknown and presents an ongoing and currently indeterminable risk to CONSULTANT's performance under this Agreement. In consideration of the same, CONSULTANT and OWNER agree that to the extent COVID-19 may impact, interfere with, delay, or frustrate CONSULTANT's ability to perform under this Agreement, CONSULTANT's performance is excused under this Agreement and CONSULTANT is entitled to equitable adjustment of the schedule and Compensation, upon reasonable proof by CONSULTANT of the impact, interference, delay, or frustration. This provision supersedes and takes priority over any other provision of this Agreement.

8.8 Exclusivity of Remedies. To the fullest extent permitted by law, the total liability, in the aggregate, of CONSULTANT and CONSULTANT's officers, directors, employees, agents and subconsultants, and of any of them, to OWNER and anyone claiming by, through or under OWNER, for any and all injuries, claims, losses, expenses or damages whatsoever arising out of or in any way related to CONSULTANT's Services, the Project or this Agreement from any cause or causes whatsoever, including but not limited to the negligence, errors, omissions, strict liability or breach of contract by CONSULTANT or CONSULTANT's officers, directors, employees, agents or subconsultants, or any of them, shall be limited to and shall not exceed the total compensation received by CONSULTANT under this Agreement, but in no event shall exceed the amount of available insurance proceeds.

8.9 Successors and Assigns

8.9.1 OWNER and CONSULTANT each is hereby bound and the partners, successors, executors, administrators and legal representatives of OWNER and CONSULTANT (and to the extent permitted by Paragraph 8.9.2, the assigns of OWNER and CONSULTANT) are hereby bound to the other party to this Agreement and to the partners, successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements and obligations of this Agreement.

8.9.2 Neither OWNER nor CONSULTANT shall assign, sublet or transfer any rights under or interest in (including, but without limitation, monies that may become due or monies that are due) this Agreement without the written consent of the other, except to the extent that any assignment, subletting or transfer is mandated by law or the effect of this limitation may be restricted by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement. Nothing contained in this paragraph shall prevent CONSULTANT from employing such independent professional associates and CONSULTANTs as CONSULTANT may deem appropriate to assist in performance of Services hereunder.

8.9.3 Nothing under this Agreement shall be construed to give any right or benefits in this Agreement to anyone other than OWNER and CONSULTANT, and all duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of OWNER and CONSULTANT and not for the benefit of any other party. OWNER agrees that that the substance of the provisions of this Paragraph 8.9.3 shall appear in the construction Contract Documents.

8.10 Dispute Resolution. If a dispute arises out of or relates to this Agreement or its alleged breach, the OWNER and CONSULTANT shall direct their representatives to endeavor to settle the dispute first through direct discussions. If the dispute cannot be resolved through direct discussions, the OWNER and CONSULTANT shall participate in mediation before recourse to litigation. The OWNER's and CONSULTANT's representatives shall attend all mediation sessions. Engaging in mediation is a condition precedent to litigation. Only after the parties have exhausted direct discussions AND mediation in accordance with the foregoing shall either of them be entitled to initiate litigation. Should either party initiate litigation prior to engaging in direct discussions and good faith mediation, it shall pay all attorneys' fees and expenses and other costs incurred by the other party in responding to said litigation. Any provisions herein to the contrary notwithstanding, OWNER and CONSULTANT hereby agree that any disputes between them will be tried to the Bench and not to a jury, and each of them willfully and voluntarily waives its right to trial by jury for any dispute arising out of this Agreement.

8.11 Disclaimer of Third-Party Benefits. OWNER and CONSULTANT expressly disclaim third-party beneficiaries hereunder and no one not a Party to the Agreement shall be entitled to seek enforcement against OWNER and/or CONSULTANT of any provision herein, or to otherwise seek damages from either Party for the alleged breach of any provision contained herein or purported duty or standard created or conferred hereunder. It is specifically agreed between the parties executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof a third party beneficiary hereunder, or to authorize anyone not a Party to the Agreement to maintain a claim, cause of action, lien or any other damages or any relief of any kind pursuant to the terms and provisions of this Agreement.

8.12 Waiver of Consequential Damages. Notwithstanding any other provision of this Agreement, and to the fullest extent permitted by law, neither OWNER nor CONSULTANT, their respective officers, directors, agents, partners, employees, contractors or subconsultants shall be liable to the other or shall make any claim for any incidental, indirect or consequential damages arising out of or connected in any way to the Project or to this Agreement. This mutual waiver of consequential damages shall include, but is not limited to, loss of use, loss of profit, loss of business, loss of income, loss of reputation, or any other consequential damages that either party may have incurred from any cause of action including negligence, strict liability, breach of contract and breach of strict or implied warranty. Both OWNER and CONSULTANT shall require similar waivers of consequential damages protecting all the entities and persons named herein in all contracts and subcontracts with others involved in the Project.

8.13 Jurisdiction/Venue. This Agreement shall be governed by the laws of the State of **Mississippi** and any disputes related to or arising out of this Agreement or its alleged breach shall be brought in the appropriate courts of the State of **Mississippi**, exclusive of its choice of law provisions.

8.14 Severability. Any provision or part hereof which is held to be void or unenforceable under Applicable Laws shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon OWNER and CONSULTANT, which hereby agreed that the Agreement shall be reformed to replace such stricken provision or part hereof with a valid and enforceable provision that comes as close as possible to expressing the intent of the stricken provision.

8.15 Total Agreement. This Agreement, (together with the attachments included above) constitutes the entire agreement between OWNER and CONSULTANT and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a written instrument duly executed by both parties.

8.16 Designated Representative. With the execution of this Agreement, CONSULTANT and OWNER shall designate specific individuals to act as CONSULTANT's and OWNER's representatives with respect to the services to be performed or furnished by CONSULTANT and responsibilities of OWNER under this Agreement. Such an individual shall have authority to transmit instructions, receive information, and render decisions relative to this Agreement on behalf of the respective party whom the individual represents.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement, the Effective Date of which is indicated on page 1.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 16th day of November, 2021, the following Resolution:

A RESOLUTION OF THE GULFPORT CITY COUNCIL PROFESSIONAL SERVICES AGREEMENT WITH VOLKERT, INC., AUTHORIZING THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY OF GULFPORT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to contract with Volkert, Inc., to provide certain services pertaining to the overlay/repaving of a large number of public rights of way in the City of Gulfport pursuant to a Professional Services Agreement attached hereto as Exhibit "A"; and

WHEREAS, as more fully set forth in Attachment A to the Professional Services Agreement, Volkert is to coordinate with the City's paving contractor, prepare work authorizations, perform construction administration and resident project representation for construction maintenance overly and minor roadway and utility repairs; and

WHEREAS, because time is of the essence in this matter, any applicable city requirement that the services herein be procured via a request for proposals should be waived; and

WHEREAS, the proposed Professional Services Agreement (including attachments thereto) is attached hereto as Exhibit "A" for review and consideration and approval thereof is believed to be in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things set forth and recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the City Council does hereby waive any city requirement that the professional services that are the subject of this resolution be procured via request for proposals is hereby waived and the Professional Services Agreement attached hereto as Exhibit "A" be and the same is hereby approved in substantially the form attached hereto (Exhibit "A").

SECTION 3. That the Mayor be and he is hereby authorized to execute and deliver the Professional Services Agreement on behalf of the City of Gulfport.

SECTION 4. That this Resolution shall be spread upon the minutes of the Governing Authority and shall be in effect as provided by law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Kosloski, and was adopted by the following roll call vote:

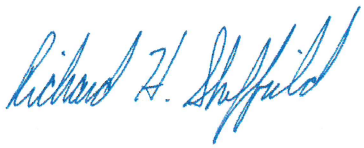
Volkert, Inc.
14231 Seaway Rd., Suite 1003
Gulfport, MS 39503

Subject: Fee Estimate for Construction Materials Testing
Investigation of Subgrade Materials
Beneath Gulfport City Streets
Thompson Proposal No. 24-2123-0001

Dear Mr. Steele:

Attached please find Thompson Engineering's (TE) estimated fees for the services that you have requested for the Gulfport street investigation Project. This fee proposal is based upon the following assumptions:

1. TE will coordinate coring of selected city streets to access the underlying materials, and obtain any necessary samples for testing as directed by Volkert, Inc. Upon conclusion of investigating a particular location, the hole will be backfilled using sand, the core, and asphalt patching material.
2. A field technician will be provided. Any laboratory testing of earthwork materials will be performed in TE's lab located in Richland, MS. Per diem for the technician during the field portion of the work is included in the fee proposal.
3. A coring subcontractor will be used.



Changes in schedule or scope of work may affect the estimated fees, but billing will be in accordance with the attached fee schedule. If due to your knowledge of the project scope, you feel any of the assumptions or quantity estimates shown in this proposal are incorrect, please do not hesitate to call. *In rounded numbers, our estimated cost for CMT QC services is $18,665.00.*

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL ACKNOWLEDGING REAL PROPERTY TO BE SURPLUS, TO APPROVE LEASE AGREEMENT WITH GPT SFM, LLC FOR THE RENTAL OF SURPLUS MUNICIPAL PROPERTY AT THE GULFPORT SPORTSPLEX AND THE GOLDIN SPORTSPLEX, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport owns certain municipal real property located generally near the northwest corner of the intersection us I-10 and US Highway 49 (17200 16th Street) and located at 12136 Prudie Circle in Gulfport, Mississippi, more commonly referred to as the Gulfport Sportsplex and the Jack and Florence Goldin Sportsplex, respectively, which are not presently needed for any valid municipal purpose and which, as previously found by the City's Governing Authority, are surplus municipal real property with improvements located thereon, which real property is generally depicted in the survey plat attached hereto as Exhibit "A"; and

WHEREAS, Section 57-7-1 of the Mississippi Code Annotated, as amended, authorizes a municipality to set aside and improve certain municipal property for industrial and commercial purposes and, thereafter to lease the property upon such terms and conditions as the municipality may prescribe; and

WHEREAS, GPT SFM, LLC has expressed an interest in continuing to lease the aforementioned real property with improvements from the City, and the City desires to lease the Leased Premises to GPT SFM, LLC according to the terms and provisions embodied in a proposed Lease Agreement attached hereto as Exhibit "B";

WHEREAS, the City finds that entry into the Lease Agreement found at Exhibit "B" hereto is in the best interest of the City of Gulfport, with the rental fee pertaining to the same to

be the average of the two (2) fair market appraisals previously authorized to be obtained by the City's Governing Authority.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the municipal real property located generally near the northwest corner of the intersection us I-10 and US Highway 49 (17200 16th Street) and located at 12136 Prudie Circle in Gulfport, Mississippi, more commonly referred to as the Gulfport Sportsplex and the Jack and Florence Goldin Sportsplex, as depicted and referenced in Exhibit "A" attached hereto, together with improvements located thereon, be and the same is hereby declared to be surplus as the same is not presently needed for any valid municipal purpose and that City be and it is hereby authorized to lease this surplus municipal property according to the terms and provisions of the proposed Lease Agreement with GPT SFM, LLC attached hereto as Exhibit "B"; and that the Lease Agreement attached hereto as Exhibit "B" be and the same is hereby approved in substantially such form and the Mayor is authorized to execute the same on behalf of the City of Gulfport..

SECTION 3. That this resolution shall be spread upon the Minutes of the Gulfport City Council, and shall be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

MEMORANDUM OF LEASE AGREEMENT FOR LEASE OF CERTAIN MAINTENANCE AND OFFICE FACILITIES AT 17200 16TH STREET IN GULFPORT, MISSISSIPPI AND AT 12136 PRUDIE CIRCLE IN GULFPORT, MISSISSIPPI

THIS AGREEMENT entered into and executed in the City of Gulfport, Mississippi, on the dates hereinafter set forth by and between the CITY OF GULFPORT, MISSISSIPPI,

also hereinafter referred to as "Landlord" or "City", and GPT SFM, LLC, also hereinafter referred to as "Tenant," "Lessee," or "SFM" for the purposes, and on the terms and conditions, and under the authority hereinafter set forth:

WITNESSETH THAT:

WHEREAS, the Governing Authority for the City of Gulfport, Mississippi determined on December 19, 2023, that the City no longer has any municipal need for the real property with improvements described in the survey plat and legal description collectively attached hereto as Exhibit "A" and generally referred to as certain maintenance and office facilities at the Gulfport Sportsplex owned by the City and located at or near 17200 16th Street in Gulfport, Mississippi and certain maintenance and office facilities at the Goldin Sportsplex owned by the City and located at or near 12136 Prudie Circle in Gulfport, Mississippi, and the same is surplus municipal property and that the City is desirous of entering into a lease arrangement whereby the same would be leased to GPT SFM, LLC ("SFM") for the fair market price/value equal to the average of appraisals obtained in December 2023 from Everette E. Ladner, III, MAI, SRA and Jason Garner, MAI, both Mississippi licensed appraisers; and

WHEREAS, SFM has expressed an interest in leasing the surplus municipal property identified herein from the City for a two (2) year term, and the City desires to lease the same to SFM, and finds that the lease contemplated and set forth herein is in the best interest of the City of Gulfport; and

NOW THEREFORE, for the purposes hereinabove recited, and pursuant to authority granted under Miss. Code Ann. § 57-7-1 (1972), as amended, the City of Gulfport does hereby agree to lease certain real property plus existing improvements associated with maintenance and office facilities located at the Gulfport Sportsplex at or near 17200 16th Street in Gulfport, Mississippi and certain real property plus existing improvements associated with maintenance and

office facilities located at the Goldin Sportsplex located at or near 12136 Prudie Circle in Gulfport, Mississippi and shown and depicted in the survey plats and descriptions collectively attached hereto as Exhibit "A," hereinafter referred to as the "Leased Premises," as hereinabove identified, to GPT SFM, LLC, and the parties covenant and agree as follows, to wit:

1. Term. (a) *Initial or Base Term*. The term of the Lease Agreement shall be for two (2) years commencing at 12:00 a.m. on January 1, 2024, and ending at 11:59 p.m. on December 31, 2025, unless sooner terminated as hereinafter provided. Tenant shall not sub-let the Leased Premises during the term of the Lease Agreement unless approved in writing by the City of Gulfport's Governing Authority, by and through its designee. (b) *Expiration of Initial or Base Term*. Upon and after expiration of the term, the Lease shall continue on a month to month basis until such time as it is terminated by either party upon thirty (30) days written notice to the other party or extended according to terms then mutually acceptable to the parties and agreed to in writing.

2. Termination; Default. (a) Voluntary Termination. This Lease Agreement may be terminated at any time by Tenant, provided at least sixty (60) days written notice is provided by Tenant to City and on condition that all compensation, including monthly installments and any accrued interest and late charges due and payable to the City are fully paid. This Lease Agreement may also be terminated at any time upon mutual and written agreement of the parties and on similar condition that all compensation, including monthly installments and any accrued interest and late charges due and payable to the City are fully paid. (b) Default by Tenant. 1) *Termination due to termination or end of contract with City*. Termination or end of the Tenant's contract for operation and maintenance of the City's Gulfport Sportsplex and Goldin Sportsplex facilities shall be cause for termination upon declaration by thirty (30) days written Notice of Termination by the Tenant and/or City. 2) *Failure to Pay Compensation*. Default in payment of compensation unpaid for more than sixty (60) days shall be cause for immediate termination declared by the City by written notice to Tenant. 3) *Other Default and Termination*. Other than default provided in 1) or 2) above of this paragraph, should any condition, covenant or obligation of Tenant under this Lease Agreement be in default or breached by Tenant, and if such default or breach shall not be cured within sixty (60) days after City's written Notice to Tenant of such default, then this Lease Agreement may be declared by the City to be terminated, with the City entitled to all rights and remedies under this Lease Agreement and state or local law. In the event that Tenant, within the sixty (60) day period demonstrates that it has taken action to cure the default within a reasonable period which shall take longer than sixty (60) days to cure, and provided that thereafter the action to cure continue in a prudent manner to cure the default within sixty (60) days after the original notice of default, then the Lease Agreement shall remain in full force and effect. (c) Default by City. For failure by the City to perform any obligation under this Agreement, then unless the breach or default is cured by the City within sixty (60) days after written notice of default is given to the City by the Tenant, Tenant may declare the Lease Agreement terminated, null and void upon surrender of the Leased Premises to the City without further monthly or annual installments of compensation thereafter becoming due, and Tenant shall be entitled to remove its contents and vacate the Leased Premises, or in lieu of declaring termination of the Lease Agreement, Tenant shall be entitled to seek any legal rights and remedies, including specific performance it may have at law or in equity against the City for

default. (d) Attorney Fees. If either party be required to utilize the services of an attorney to enforce this Lease Agreement or any of the provisions hereof against the other party, reasonable attorney fees and costs shall be assessed against the party adjudicated to be at fault. (e) Rights not Waived. Failure on the part of either party hereto to enforce any right under this Lease Agreement shall not be construed to be a waiver of rights of the party not at fault to enforce the provision violated, or any future violations of such provision.

3. Compensation (Rent) and Taxes. (a) *Principal or Base Rent*. Annual rent of a total amount of $_____ shall be paid by Tenant to the Landlord during each annual period of the Base Term to be paid in twelve (12) equal consecutive monthly installments of $_____, payable in advance, on or before the first day of each month, with the first payment due hereunder due on or before January 1, 2024. It is understood that this amount of Annual Rent is derived as the average of two (2) fair market appraisals of the Leased Premises and all its parts obtained from Everette E. Ladner, III, MAI, SRA and Jason Garner, MAI, both licensed appraisers, and that such appraisals were obtained in December 2023. (b) *CPI Adjustments*. After the first annual period of the base term (ending December 31, 2024), and at the end of each successive annual period thereafter (December 31 of each year) during the remainder of the Lease (includes all renewal terms), base rent (all rent monies owed the City) shall be positively adjusted according to the CPI Index compared to the rent of the previous year using the Index for the Bureau of Labor Statistics Consumer Price Index, All Products, South Region Index with a positive cap of 3% and a bottom cap of 1%. For example, if the percentage change in the 2024 Index from January 2024 to December 2024 is 4%, the monthly rent for the January 2025 to December 2005 time period will be the then current monthly rent amount plus the product of the then current monthly rent amount times 3% of this amount. If, however, the percentage change is equal to zero (0) or less than zero (0) (any negative amount), the monthly rent due for such period shall be then current monthly rent amount (which could include increases from earlier CPI-adjusted amounts) plus the product of the then current monthly rent amount times 1% of this amount. A negative CPI Index shall not be used in any term, renewal or otherwise, to adjust the monthly rent amount to be less than the then current monthly rent amount that is otherwise applicable to such term. (c) *Late Payment Charges*. For any monthly installment remaining unpaid for more than ten (10) days after the due date thereof, a late payment charge equal to five percent (5.0%) of the payment then due and unpaid shall be added as compensation due and owing. (d) *Acceleration of Annual Payment for default*. In the event that any amounts remain due and owing for more than ninety (90) days after due date, the entire Base Term rent or unpaid remainder thereof shall become immediately due and payable and interest on the unpaid amount shall thereafter accrue at the rate of eight percent (8.0%) per annum until principal, interest and late charges are fully paid. (e) *Provision for Utility Services*. Lessee shall be responsible for the provision of any utilities provided to or for any of the land space, structure(s), land/real property, improvements, and property leased to Tenant herein, including, but not limited to, utility services for electricity, telephone, broadband, water, and sewage. (f) *Taxes*. Should this Lease Agreement result in any taxes, including ad valorem taxes, being assessed to Tenant on its leasehold interest in the Leased Premises by any appropriate and duly authorized taxing authority, Tenant shall be solely responsible for the payment of the same. (g) *Repair to/Replacement of Leased Premises; Appraisals*. It is acknowledged and agreed that the aforementioned appraisals that were completed by Everette E. Ladner, III and Jason Garner in December 2023 were based on the value of the Leased Premises as of December 2023. If during the term of this Lease Agreement the Leased Premises is required to be substantially repaired or renovated or replaced (in an amount in excess of 50% of the building space or facility footprint),

the amount of Annual Rent will be adjusted accordingly and the parties will either agree to obtain two (2) updated fair market appraisals of the Leased Premises and all its parts, following completion of repairs/renovations or replacement, from the same appraisers or others agreed upon by the parties, with the parties to evenly split the costs for obtaining these appraisals, or to amortize the cost of repair/renovation or replacement, as the case may be, over the remaining term of the Lease Agreement and apply the same to the Annual Rent (in addition to the then current amount of Annual Rent under this Agreement). If the parties cannot agree on which method to utilize, the City will obtain the two (2) updated fair market appraisals at its cost, following completion of repairs/renovations or replacement, and then the average of these appraisals will be used to determine Annual Rent moving forward with the costs of obtaining these appraisals also added to the Annual Rent. The new and adjusted Annual Rent will commence being due in the succeeding month following completion of the last of the two (2) appraisals.

4. Maintenance. Tenant shall maintain the Leased Premises and return it upon termination of the Lease in a clean and sanitary condition, and in a good state of repair, normal wear and tear excepted. Landlord shall be responsible for repairs to and maintenance of the roof, structural part of the floor, walls, plumbing system, electrical system, HVAC system, and other parts of the building structure in good repair. Tenant shall be responsible for repairs to and maintenance of plumbing fixtures, electrical fixtures and all other repair and maintenance not otherwise delegated to Landlord, including damage caused to the premises by Tenant or its invitees and guests. Tenant shall properly dispose of all garbage and trash, and maintain the exterior of the building entrances in clean condition, and shall notify the City of Gulfport of any apparent structural hazard or dangerous condition existing within or without the facility. Tenant shall supervise the assembly of patrons, and shall not allow more persons within the facility than are allowed by state and local laws, ordinances, and fire codes, and shall take immediate precaution and security measures to avoid imminent danger to life and health. City shall have the right to inspect the premises at any time. Tenant alone shall ensure compliance with all applicable laws, statues, ordinances and regulations governing the operations that will be undertaken on the Leased Premises.

5. Improvements. No improvements shall be made that affect the structural integrity of any building or structure. Any improvements or renovations to buildings, structures, or any fixtures during the term of this Lease shall require plan approval by the City of Gulfport, prior to any construction, and shall become the property of the City upon termination, cancelation, or end of the lease. All tenant owned appliances and building improvements shall be maintained by Tenant. At the termination, cancellation or end of lease, Tenant shall remove all of its personal property and shall return premises to the condition it was in prior to the placement of the property on the premises, reasonable wear and tear excepted.

6. Utilities. Tenant shall pay cost of use for electricity, water and gas and all other utility costs and fees, including, but not limited to, alarm monitoring, and any communication lines.

7. **Use of Leased Premises**. In compliance with this Agreement, Tenant shall have the peaceful use and possession of the Leased Premises. The use of the Leased Premises is conjunction and association with and in furtherance of Tenant's provision of services pursuant Tenant's contract with the City for operation and maintenance of the City's Gulfport Sportsplex facility (generally located at or near 17200 16th Street in Gulfport, Mississippi) and Goldin Sportsplex facility (generally located at or near 12136 Prudie Circle in Gulfport, Mississippi).

The Leased Premises shall only be used within and in furtherance of the scope of the Tenant's privatization contract with the City.

8. **Other Conditions on Use of Leased Premises**. (a) *Signage*. Any and all signs to be posted by Tenant or on its behalf shall be approved in advance by the City for location and for conformity to the City standards, regulations, and ordinances. No signs shall be allowed that violate City of Gulfport sign ordinances or other applicable laws and regulations.

9. Insurance. (a) *General Liability Insurance*. Tenant shall keep in full force and effect at its expense a policy of general liability, naming the City as an additional insured of combined single limit coverage of not less than $1,000,000.00 with a company having a rating of Best's A- or better, and shall provide a certificate or other proof of coverage to the City, with such insurance to cover all activities, business and functions of Tenant and its employees, servants, agents, and invitees on the Leased Premises. Tenant shall maintain workers compensation insurance, if required by law, and/or employees liability insurance, to the extent that it utilizes paid employees on or within the Leased Premises, and any and all other insurance it deems advisable or necessary for its property, employees, business, activities, and any liabilities and shall provide for the City of Gulfport as an additional named insured on all Tenant's policies. Tenant shall inform and notify Landlord in writing within fourteen (14) days of any claims of liability resulting from the use of the Leased Premises. Tenant shall provide proof of coverage. Within thirty (30) days of annual expiration of tenant's insurance policy(ies), Tenant shall provide City with proof of renewal or proof of coverage by a different carrier. It is understood that under this Agreement, the Tenant shall be in full custody and control of the Leased Premises as described and set forth herein, and all of its improvements, equipment, machinery, tools, and contents. (b) *Contents Insurance*. Tenant, being responsible for contents, equipment, and appliances on or about the Leased Premises, may maintain such reasonable casualty and peril insurance coverage on the contents, on all stock items, and any and all appliances, and equipment that it owns, to the extent, if any, that it deems needed or, if it chooses not to acquire such insurance, it shall do so at its own peril.

10. Indemnity; Hold Harmless. To the greatest extent permissible or possible, Tenant agrees to fully defend and hold harmless and indemnify the City and its employees, officials, and agents with respect to and from and against any and all claims of liability and demands and causes of action for injury, death, or damages or loss to properties or otherwise and all damages, costs, liability, fees, penalties, judgments, expenses, orders, lawsuits, assessments, and proceedings for legal and/or equitable relief that occur on or as a result of or arise out of the use of the Leased Premises or in any way arise out of, relate to, or involve any acts or omissions of Tenant or those of its employees, officers, patrons, guests, contractors, or agents, except Tenant will neither indemnify nor defend the City and its employees, officials, and agents for any claims or damages caused by any intentional or reckless conduct on the part of the City and its employees, officials, and agents. Only to the extent that the City is authorized by the laws of the State of Mississippi, and without waiving any constitutional, statutory, or common law defenses, immunities, or exemptions from liability, including, but not limited to, those set forth in Miss. Code Ann. § 11-46-9(1) (Rev. 2001), the City agrees to defend, indemnify, and hold harmless GPT SFM, LLC with respect to or from and against all claims, demands, causes of actions, lawsuits, judgments, and orders arising out of or as a result of negligent acts or omissions of the City.

11. Notice. Any official written notices required to be given under this Lease shall be

hand delivered or mailed by U.S. Mail to the following:

Landlord / Owner:

City of Gulfport
Attention: Mayor
2309 15th Street
Gulfport, Mississippi 39501

With a copy to:
City Attorney
City of Gulfport

Clearwater, FL 33755

or to:

Bruce Rector
General Counsel
GPT SFM, LLC
600 Cleveland Street Suite 910
Clearwater, FL 33755

Also, for unofficial notices, and requests, Tenant may notify Landlord by contacting the Office of the Chief Administrative Officer, telephone number (228) 868-5770.

12. Nondiscrimination. Landlord and Tenant agree not to discriminate because of race, color, religion, sex, age, national origin, disability, or status as a qualifying Veteran, as defined and prohibited by applicable law, and that they will operate as Equal Opportunity Employers in compliance with applicable federal, state and local laws, ordinances, and regulations.

13. Severability; Non-Endorsement. If any word, clause, sentence, paragraph, condition, provision, or term of this agreement is or hereafter becomes legally unenforceable, the same shall be severed from this agreement, and all remaining provisions of this agreement shall be unaffected, and shall be interpreted in accordance with the express written intention of this Lease Agreement. It is further understood by the parties that Landlord exercises no view or position concerning and does not sponsor, endorse, or adopt the beliefs, opinions, or philosophies of Tenant and the execution, enforcement, and administration of, or any performance in accordance with this Lease Agreement, and/or any use or occupancy of the Leased Premises by Landlord,

Tenant, or any other person or entity shall not in any way be construed or interpreted as Landlord's sponsorship, endorsement, or adoption of such beliefs, opinions, or philosophies.

14. Non-Waiver. In the event Landlord fails to enforce any provision of this Lease, it shall not thereby be construed to waive its right of enforcement thereof at some later time.

15. Amendment. This Lease Agreement may be amended only by written instrument approved by Landlord and Tenant. Amendments hereto shall be effective as of the date of passage by the municipal governing authority.

16. Entire Agreement. This Lease constitutes the entire agreement between Landlord and Tenant relating to the lease of the Leased Premises and no prior written or oral covenants or representations relating thereto and not set forth herein shall be binding on either party hereto. This Lease Agreement supersedes any covenant appurtenant to or involving the Leased Premises or the property on which it is located.

17. Authority and Guarantee. The undersigned represent that they have full power and authority to enter into this agreement on behalf of the Landlord and Tenant and that they enter into this agreement, on behalf of said entities, with full knowledge and understanding of the terms and conditions contained herein.

18. Applicable Law. This Lease and all of its provisions shall be governed by and interpreted in accordance with Mississippi law.

THIS MEMORANDUM OF LEASE AGREEMENT is made, dated, executed and

signed on the day and dates hereinafter set forth by the officers duly authorized so to act.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2023, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO AUTHORIZE AN EXPENDITURE (VIA EQUIPMENT IN-LIEU OF FUNDS) FOR ADVERTISING AND BRINGING INTO FAVORABLE NOTICE THE OPPORTUNITIES, POSSIBILITIES AND RESOURCES OF THE CITY OF GULFPORT, AND FOR RELATED PURPOSES

WHEREAS, Centennial Plaza and Lodging & Leisure Development Group, LLC d/b/a Lodging and Leisure Investments (hereinafter, "CP") is involved with planning a Mardi Gras parade that will terminate at Centennial Plaza on February 11, 2024, and end with a public event that will draw citizens and visitors alike to the CP properties in Gulfport that date; and

WHEREAS, CP has requested use of seventy-five (75) of the City's barricades in return for the City being named a sponsor of the aforementioned event, which sponsorship will include mention of Gulfport involvement in radio and television advertising; and

WHEREAS, the City of Gulfport will receive acknowledgement for the use of the City's barricades at the event, which will be attended by many and covered on local news media and social media; and

WHEREAS, the Governing Authority of the City of Gulfport is of the opinion that the City of Gulfport benefits from such advertising by having an opportunity to promote the City of Gulfport to individuals from around the area; and it finds that pursuant to the authority of Miss. Code Ann. §17-3-1 (Rev. 2003) and Miss. Code Ann. §17-3-3 (Rev.2003) that an expenditure in the form of an in-kind donation of the use of the barricades by CP at the Mardi Gras parade event planned for February 11, 2024, serves the purposes of advertising and bringing into favorable notice the opportunities, possibilities and resources of the municipality, and shall constitute a form of advertising or publicity that will be helpful toward advancing the moral, financial and other interests of the City of Gulfport..

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the City of Gulfport, by and through its Mayor, is hereby authorized to expend municipal funds in the form of an in-kind donation of the use of up to seventy-five (75) barricades at an event sponsored by CP to advertise the resources and opportunities of the City of Gulfport and for other reasons set forth herein.

MEMORANDUM

TO: City Councilmembers
Billy Hewes, Mayor
Wayne Miller, Chief Administrative Officer

FROM: William Lehman, Special Events Manager

DATE: January 23rd, 2024

RE: Chandy Gras – Bleachers and Barricades

Chandeleur Island Brewery is requesting use of the bleachers and barricades for their event in conjunction with The Krewe of Gemini Parade on Saturday, February 10th.

Value for the items below:

- Bleachers - $200
- Barricades - $100

Thank you in advance for your consideration. Please reach out if you have any questions.

12 January, 2024

Billy Lehman - City of Gulfport

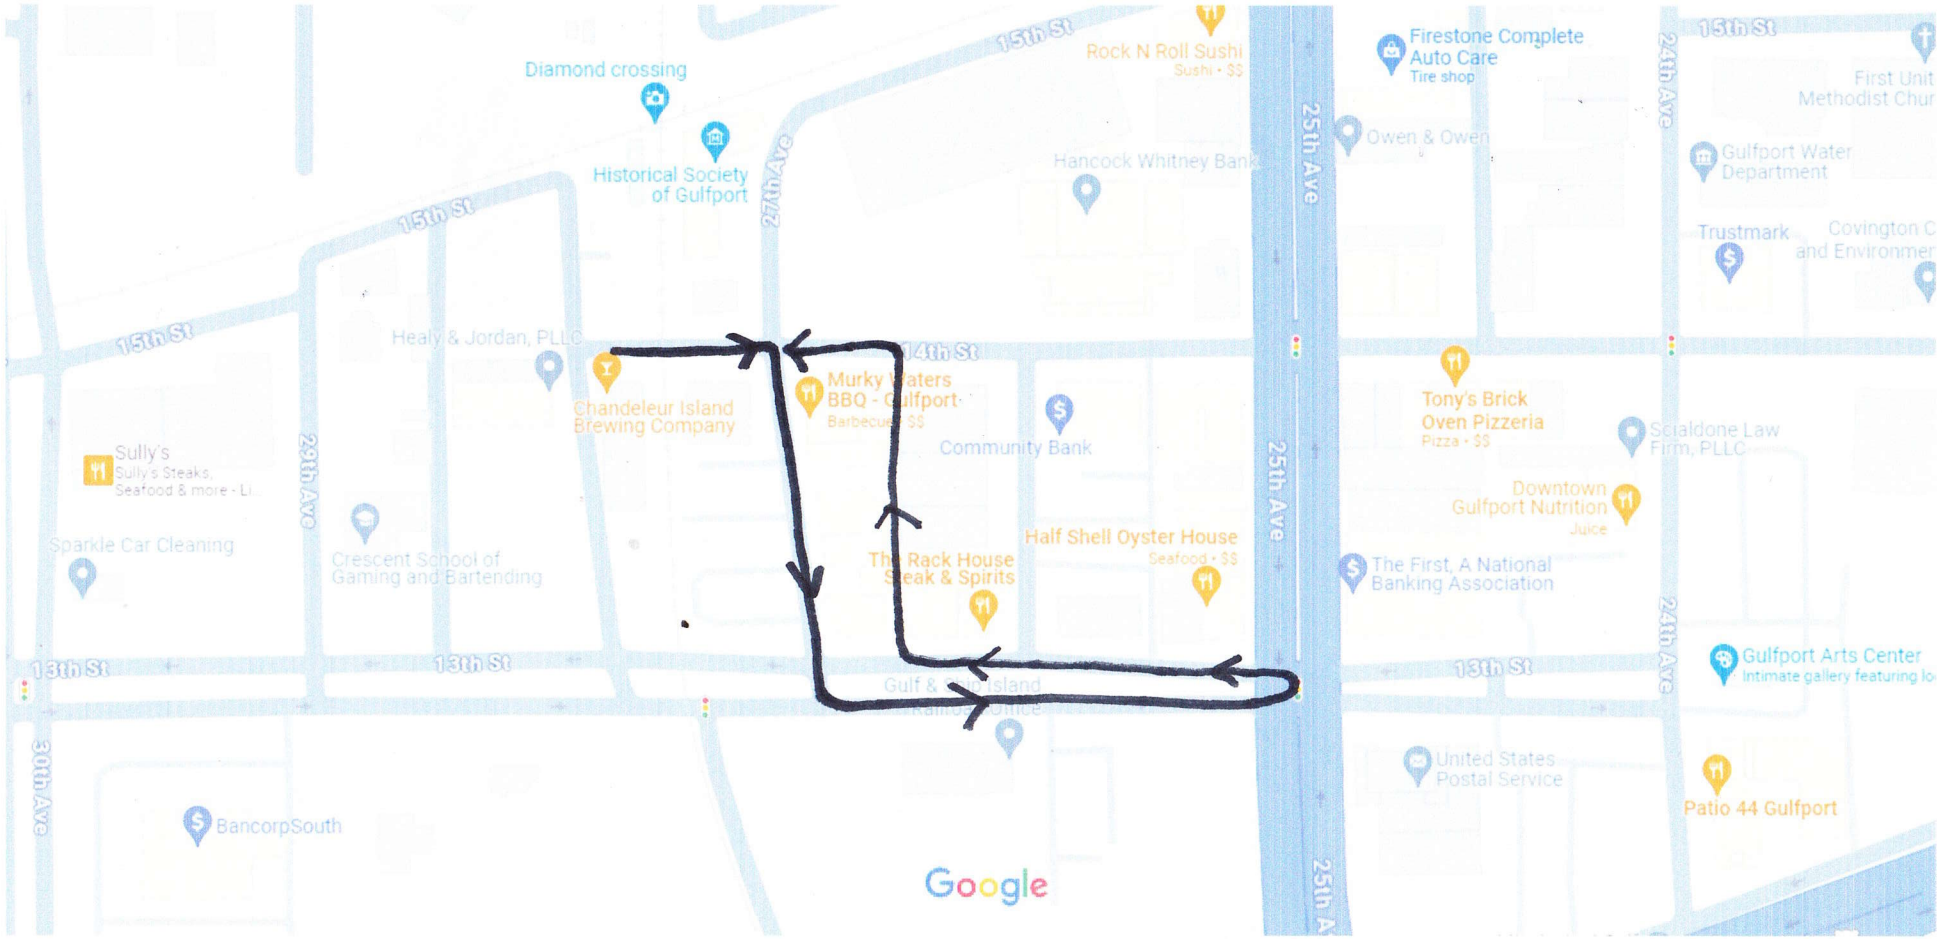
Dear Mr. Lehman and the City of Gulfport,

I'm writing to request permission to extend the footprint of the Gulfport Mardi Gras Day Parade in collaboration with the Krewe of Gemini to include the street in front of the brewery on 14th Street.

We are producing the 2nd Annual Chandy Gras to provide activity and entertainment to guests prior to the parade that rolls at 2pm. Currently we have music outside from 11am - 2pm, we've invited the Island School of Dance to perform, Just Cause Dog Rescue is hosting a dog costume contest and we are going to do the second line march around the block again with horns and all of the fun!

We would like to request a few barricades and the bleachers again please. We would also like to block the street from traffic on 14th Street down to 28th Avenue.

I have attached a map with details.



We are excited to be offering these festivities in downtown Gulfport again in 2024!

Thank you for your consideration and partnership with Chandeleur Island Brewery.

Gina Prater

Google Maps Chandy Gras 2024

SATURDAY, FEBRUARY 10, 2024
1:30PM

- Additional Details:

1:30pm Second Line March to begin in Front of Chandeleur Island Brewery, 2711 14th Street. Our Grand Marshall will lead the 2nd Line East on 14th Street and turn South onto 27th Avenue, East onto 13th Street, make a U turn and head back West on 13th Street, turn North into Fishbone Alley to 14th Street and back West toward the brewery. We expect this march will last about 30-40 minutes, ending just as the parade begins to roll.

We would like to place the bleachers on the corner of 25th Avenue close to 14th Street, in front of the forthcoming Renee's Downtown Bistro. We will need some barricades to block that area off like last year. I have reached out to Renee's Downtown Bistro to see about their plans and invite them to be part of our VIP area. We have someone controlling entry to this area.

We will have banners made that mark the area as VIP, and promote the partners we have in this event - The City of Gulfport, The Krewe of Gemini, Mitchell Distributing, Island School of Dance, Just Cause Dog Rescue and the second line band.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO AUTHORIZE AN EXPENDITURE (VIA EQUIPMENT IN-LIEU OF FUNDS) FOR ADVERTISING AND BRINGING INTO FAVORABLE NOTICE THE OPPORTUNITIES, POSSIBILITIES AND RESOURCES OF THE CITY OF GULFPORT, AND FOR RELATED PURPOSES

WHEREAS, Chandeleur Island Brewing Company (hereinafter, "CB") is involved with planning a Mardi Gras event in conjunction with the annual Gemini Parade that will roll on Mardi Gras Saturday, February 10, 2024; and

WHEREAS, CB has requested use of the City's barricades and bleachers in return for the City being named a sponsor of the aforementioned event, which sponsorship will include mention of Gulfport involvement in radio and television advertising; and

WHEREAS, the City of Gulfport will receive acknowledgement for the use of the City's barricades and bleachers at the event, which will be attended by many and covered on local news media and social media; and

WHEREAS, the Governing Authority of the City of Gulfport is of the opinion that the City of Gulfport benefits from such advertising by having an opportunity to promote the City of Gulfport to individuals from around the area; and it finds that pursuant to the authority of Miss. Code Ann. §17-3-1 (Rev. 2003) and Miss. Code Ann. §17-3-3 (Rev.2003) that an expenditure in the form of an in-kind donation of the use of the barricades and bleachers by CB at the Mardi Gras parade event planned for February 10, 2024, serves the purposes of advertising and bringing into favorable notice the opportunities, possibilities and resources of the municipality, and shall constitute a form of advertising or publicity that will be helpful toward advancing the moral, financial and other interests of the City of Gulfport..

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the City of Gulfport, by and through its Mayor, is hereby authorized to expend municipal funds in the form of an in-kind donation of the use of barricades and bleachers (a value of $300.00) at an event sponsored by CB to advertise the resources and opportunities of the City of Gulfport and for other reasons set forth herein.

Section 3. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Walker, and was adopted by the following roll call vote:

12 January, 2024

Billy Lehman - City of Gulfport

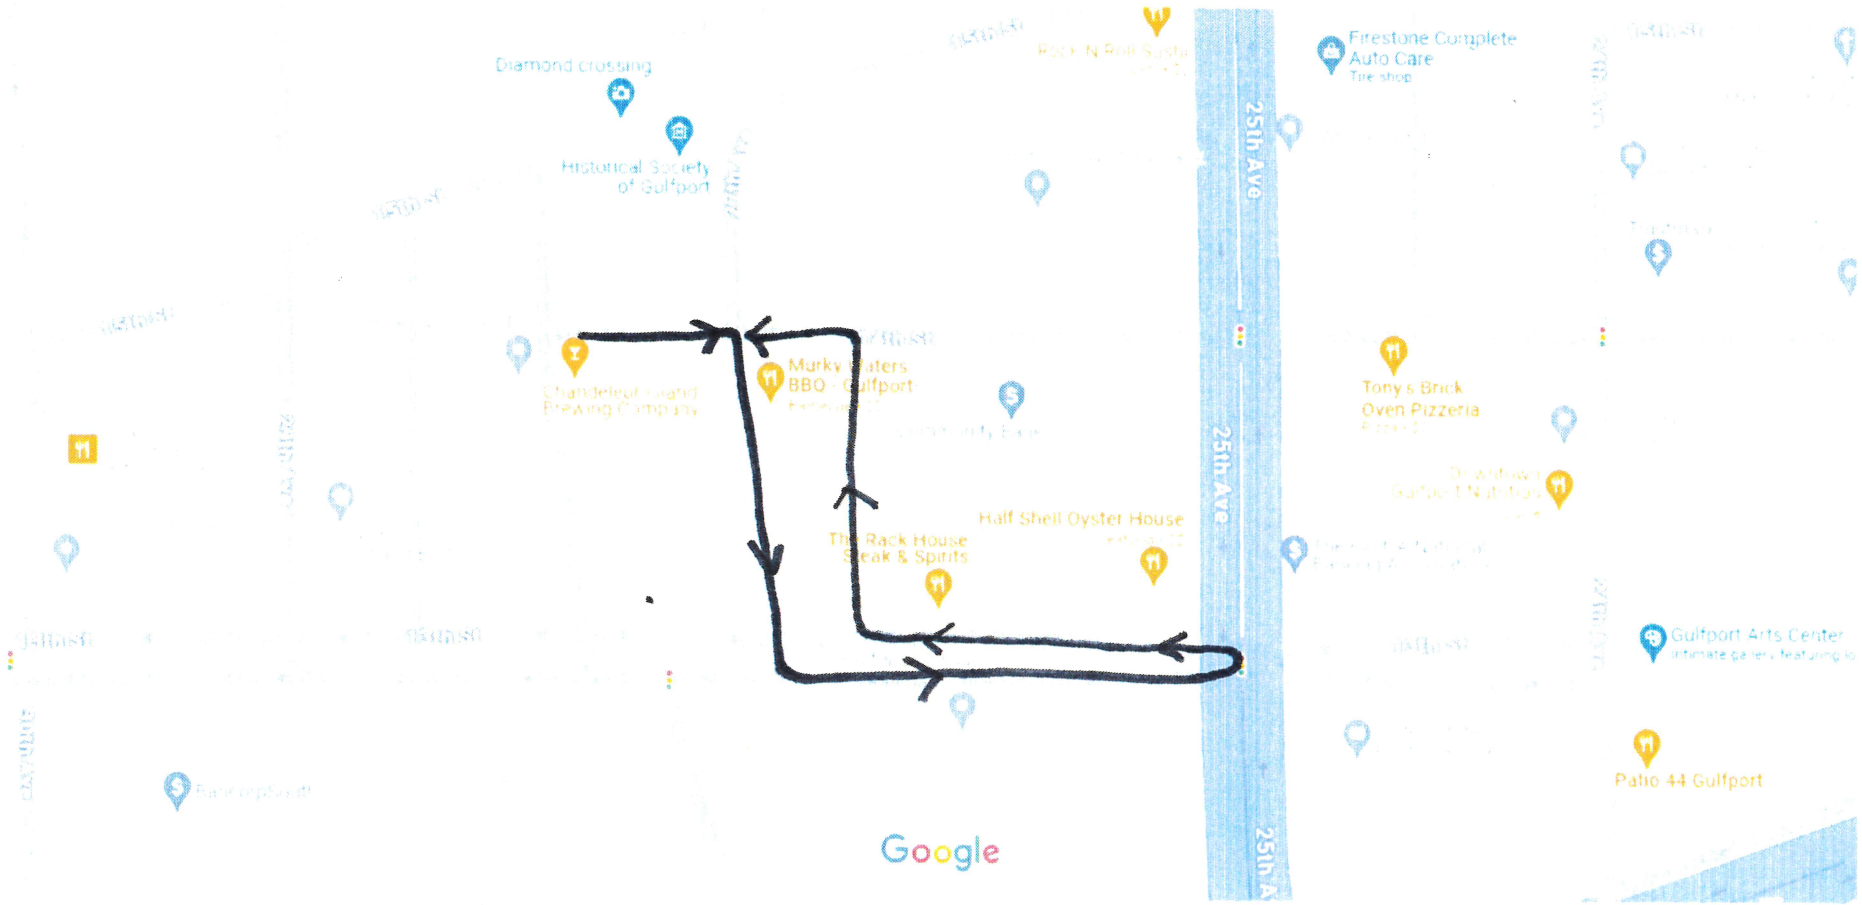
Dear Mr. Lehman and the City of Gulfport,

I'm writing to request permission to extend the footprint of the Gulfport Mardi Gras Day Parade in collaboration with the Krewe of Gemini to include the street in front of the brewery on 14th Street.

We are producing the 2nd Annual Chandy Gras to provide activity and entertainment to guests prior to the parade that rolls at 2pm. Currently we have music outside from 11am - 2pm, we've invited the Island School of Dance to perform, Just Cause Dog Rescue is hosting a dog costume contest and we are going to do the second line march around the block again with horns and all of the fun!

We would like to request a few barricades and the bleachers again please. We would also like to block the street from traffic on 14th Street down to 28th Avenue.

I have attached a map with details.



We are excited to be offering these festivities in downtown Gulfport again in 2024!

Thank you for your consideration and partnership with Chandeleur Island Brewery.

Gina Prater

Google Maps Chandy Gras 2024

SATURDAY, FEBRUARY 10, 2024
1:30PM

Additional Details:

1:30pm Second Line March to begin in Front of Chandeleur Island Brewery, 2711 14th Street. Our Grand Marshall will lead the 2nd Line East on 14th Street and turn South onto 27th Avenue, East onto 13th Street, make a U turn and head back West on 13th Street, turn North into Fishbone Alley to 14th Street and back West toward the brewery. We expect this march will last about 30-40 minutes, ending just as the parade begins to roll.

We would like to place the bleachers on the corner of 25th Avenue close to 14th Street, in front of the forthcoming Renee's Downtown Bistro. We will need some barricades to block that area off like last year. I have reached out to Renee's Downtown Bistro to see about their plans and invite them to be part of our VIP area. We have someone controlling entry to this area.

We will have banners made that mark the area as VIP, and promote the partners we have in this event - The City of Gulfport, The Krewe of Gemini, Mitchell Distributing, Island School of Dance, Just Cause Dog Rescue and the second line band.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO AUTHORIZE AN EXPENDITURE (IN THE FORM OF A MONETARY DONATION AND AN IN-KIND DONATION) FOR ADVERTISING AND BRINGING INTO FAVORABLE NOTICE THE OPPORTUNITIES, POSSIBILITIES AND RESOURCES OF THE CITY OF GULFPORT IN CONNECTION WITH JEEPIN THE COAST,

Mississippi Association of Coaches
P. O. Box 121
Clinton, Mississippi 39056

Gentlemen:

On the basis of your stated purposes and the understanding that your operations will continue as evidenced to date or will conform to those proposed in your ruling application, we have concluded that you are exempt from Federal income tax as an organization described in section 501(c)(3) of the Internal Revenue Code. Any changes in operation from those described, or in your character or purposes, must be reported immediately to your District Director for consideration of their effect upon your exempt status. You must also report any change in your name or address.

You are not required to file Federal income tax returns so long as you retain an exempt status, unless you are subject to the tax on unrelated business income imposed by section 511 of the Code, in which event you are required to file Form 990-T. Our determination as to your liability for filing the annual information return, Form 990-A, is set forth above. That return, if required, must be filed on or before the 15th day of the fifth month after the close of your annual accounting period indicated above.

Contributions made to you are deductible by donors as provided in section 170 of the Code. Bequests, legacies, devises, transfers or gifts to or for your use are deductible for Federal estate and gift tax purposes under the provisions of section 2055, 2106 and 2522 of the Code.

You are not liable for the taxes imposed under the Federal Insurance Contributions Act (social security taxes) unless you file a waiver of exemption certificate as provided in such act. You are not liable for the tax imposed under the Federal Unemployment Tax Act. Inquiries about the waiver of exemption certificate for social security taxes should be addressed to this office, as should any questions concerning excise, employment or other Federal taxes.

This is a determination letter.

Very truly yours,

J. G. Martin, Jr.
District Director

WHEREAS, the Wounded Warrior Project has requested that the City provide an in-kind contribution in benefit of its Spouse Appreciation Dinner in the form of a fee waiver for the use of the Westside Community Center ($160.00)for the dinner; and

WHEREAS, City of Gulfport receives advertising thru the advance promotion of this event which serves to benefit the wounded warriors and their spouses along the Mississippi Gulf Coast; and

WHEREAS, the Governing Authority of the City of Gulfport is of the opinion that the City of Gulfport benefits from such advertising by having an opportunity to promote the City of Gulfport to individuals from around the Mississippi Gulf Coast; and it finds that pursuant to the authority of Miss. Code Ann. §17-3-1 (Rev. 2003) and Miss. Code Ann. §17-3-3 (Rev.2003) that an expenditure in the form of an in-kind donation of the use of the Westside Community Center to the Wounded Warriors Project in support of its Spouse Appreciation Dinner serves the purposes of advertising and bringing into favorable notice the opportunities, possibilities and resources of the municipality, and shall constitute a form of advertising or publicity that will be helpful toward advancing the moral, financial and other interests of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the City of Gulfport, by and through its Mayor, is hereby authorized to expend municipal funds in the form of an in-kind donation of the use of Westside Community Center to the Wounded Warriors Project in support of its Spouse Appreciation Dinner.

Section 3. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

JACKSONVILLE FL 32256-6033

RE: Sales and Use Tax Exempt Organizations or Institutions Certificate of Exemption

The Tennessee Department of Revenue has issued this exemption certificate in accordance with Tenn. Code Ann. § 67-6-322 or § 56-25-504 for the educational, religious, historical, or charitable non-profit organization or institution named on the enclosed certificate. This organization or institution qualifies for the authority to make sales and use tax exempt purchases of goods and services that it will use, consume or give away. This authorization for exemption does not extend to sales tax that the organization must collect or pay on its regular sales of goods or taxable services.

This authorization for exemption is limited to sales made directly to the referenced organization. This exemption certificate may not be used for sales made to individuals paying with personal checks or personal debit or credit cards, even if the individual is a representative or employee of the organization, and he or she will be reimbursed for the purchase. Sellers must refuse to accept the certificate when the sale is made to someone other than the organization.

This exemption certificate may not be used to make purchases without the payment of sales and use tax for other locations and may not be transferred to or used by any other person.

The taxpayer must furnish its supplier(s) at the time of purchase with a **COPY** of the enclosed certificate with the lower portion properly completed. The original certificate should be retained **for copy purposes.** The supplier must maintain a file copy as evidence of the sales tax exemption.

is exempt from the payment of Florida sales and use tax on real property rented, transient rental property rented, tangible personal property purchased or rented, or services purchased.

FLORIDA

Important Information for Exempt Organizations

DR-14
R. 01/18

1. You must provide all vendors and suppliers with an exemption certificate before making tax-exempt purchases. See Rule 12A-1.038, Florida Administrative Code (F.A.C.).

2. Your *Consumer's Certificate of Exemption* is to be used solely by your organization for your organization's customary nonprofit activities.

3. Purchases made by an individual on behalf of the organization are taxable, even if the individual will be reimbursed by the organization.

4. This exemption applies only to purchases your organization makes. The sale or lease to others of tangible personal property, sleeping accommodations, or other real property is taxable. Your organization must register, and collect and remit sales and use tax on such taxable transactions. Note: Churches are exempt from this requirement except when they are the lessor of real property (Rule 12A-1.070, F.A.C.).

5. It is a criminal offense to fraudulently present this certificate to evade the payment of sales tax. Under no circumstances should this certificate be used for the personal benefit of any individual. Violators will be liable for payment of the sales tax plus a penalty of 200% of the tax, and may be subject to conviction of a third-degree felony. Any violation will require the revocation of this certificate.

6. If you have questions about your exemption certificate, please call Taxpayer Services at 850-488-6800. The mailing address is PO Box 6480, Tallahassee, FL 32314-6480.

Exempt Organizations or Institutions
Sales and Use Tax Certificate of Exemption

This organization or institution qualifies for the authority to make sales and use tax exempt purchases of goods and services that it will use, consume or give away.

This authorization for exemption is limited to sales made directly to the referenced organization. This exemption certificate may not be used for sales made to individuals paying with personal checks or personal debit or credit cards, even if the individual is a representative or employee of the organization and he or she will be reimbursed for the purchase. Sellers must refuse to accept the certificate when the sale is made to someone other than the organization.

This exemption certificate may not be used to make purchases without the payment of sales and use tax for other locations and may not be transferred to or used by any other person.

Ensure this lower portion is properly completed and signed before presenting to a vendor.

Seller's Name *Seller's Address (City & State)*

I, _____, as an authorized representative of the taxpayer named above, affirm that the purchases qualify for the exemption and will be used at the location of the facility address referenced above. Under penalty of perjury, I affirm this to be a true and correct statement.

Print Name of Authorized Representative *Signature of Authorized Representative* *Date*

The supplier must maintain a copy of this document as evidence of the sales tax exemption.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO AUTHORIZE AN EXPENDITURE (IN THE FORM OF IN-KIND DONATION) FOR ADVERTISING AND BRINGING INTO FAVORABLE NOTICE THE OPPORTUNITIES, POSSIBILITIES AND RESOURCES OF THE CITY OF GULFPORT IN CONNECTION WITH THE WOUNDED WARRIOR SPOUSE APPRECIATION DINNER, AND FOR RELATED PURPOSES

WHEREAS, Wounded Warrior Project plans to hold its Spouse Appreciation Dinner at the Westside Community Center on May 18, 2024, to honor the spouses of wounded warriors who have stood by their loved ones at the time of their greatest need; and

WHEREAS, the Wounded Warrior Project has requested that the City provide an in-kind contribution in benefit of its Spouse Appreciation Dinner in the form of a fee waiver for the use of the Westside Community Center ($160.00) for the dinner; and

WHEREAS, City of Gulfport receives advertising thru the advance promotion of this event which serves to benefit the wounded warriors and their spouses along the Mississippi Gulf Coast; and

WHEREAS, the Governing Authority of the City of Gulfport is of the opinion that the City of Gulfport benefits from such advertising by having an opportunity to promote the City of Gulfport to individuals from around the Mississippi Gulf Coast; and it finds that pursuant to the authority of Miss. Code Ann. §17-3-1 (Rev. 2003) and Miss. Code Ann. §17-3-3 (Rev.2003) that an expenditure in the form of an in-kind donation of the use of the Westside Community Center to the Wounded Warriors Project in support of its Spouse Appreciation Dinner serves the purposes of advertising and bringing into favorable notice the opportunities, possibilities and resources of the municipality, and shall constitute a form of advertising or publicity that will be helpful toward advancing the moral, financial and other interests of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the City of Gulfport, by and through its Mayor, is hereby authorized to expend municipal funds in the form of an in-kind donation of the use of Westside Community Center to the Wounded Warriors Project in support of its Spouse Appreciation Dinner.

Section 3. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

Re: **Recommendation to Approve Issuance of Special Check for Invoices 209017 (2), 310017 (3), and 411018 (4)**
– Volkert, Inc.
– Quarters Revitalization Master Plan Project (23038)

The Department of Engineering is requesting approval for issuance of a special check in the amount of $125,352.84 payable to Volkert, Inc. as payment for invoices 209017 (2), 310017 (3), and 411018 (4) related to the Quarters Revitalization Master Plan Project (23038).

At the December 19, 2023 Council meeting, Council approved a budget amendment to increase the project account for the Quarters Revitalization Master Plan project by $137,617.09 in order to fund payment of previously billed invoices. However, to date the funds have not been placed into Munis, which has made it impossible to increase the purchase order and pay the referenced invoices prior to the docket deadline for the February 6, 2024 Council meeting.

We are requesting approval for issuance of a special check to get these invoices paid as quickly as possible, pending budget corrections from the Finance Department.

I recommend approval for issuance of this special check.

Attachment: Invoice 209017 (2) – Volkert, Inc.
Invoice 310017 (3) – Volkert, Inc.

PROGRESS REPORT
August 19, 2023 – September 22, 2023

Work Completed This Period:

MS ENG

- Tracking project budget
- 9/20 progress meeting was cancelled due to city conflicts
- Progress report was still issued based on email responses

FL Planning

- Ned and Chris met with Gresham Smith and Stacy (arts consultant) to discuss the project possibilities and next steps for envisioning an arts district and complete streets corridor on September 12, 2023.
    - We agreed to meet biweekly as a team to coordinate planning and visioning tasks.
- Plans review (Summarized by; it still needs to be reviewed)
- Existing Conditions Tech Memo is 70 percent drafted.
    - Vacant lot inventory completed (draft map and the tables are completed)
    - Community profile completed for Gulfport
- Historic section (in progress)
- 2 study area maps (drafted)
- Parking inventory (completed; map drafted)
- Land use (map drafted, zoning definitions included in a table)
- Parcel ownership analysis (draft map, tables, and analysis completed)
- Historic sites (in progress, need to incorporate Sara's findings into our planning work.)
- Transportation section is drafted
    - Parking Inventory (Map and table drafted)
    - Bicycle and Sidewalks Inventory (Map and table drafted)
- Flood Zones (Map and table drafted)
- Met with Coast Transit Authority director Kevin Coggin to review transit data needs and discuss transit service ideas.

- Three case studies have been identified and summarized.
- The case study tech memo is drafted.
- Organized field photos and discussed field notes.

AL ENV

- Trying to confirm with City who is in charge of grant administration
- Need to obtain a copy of grant for NEPA
- NEPA has reviewed preliminary cultural resource findings

Survey

- Secondary boundary search sent to the field.
- All boundary data back in office, started boundary resolution.
- Had to run a traverse through our control points to address a vertical accuracy issue

Work for Next Period:

MS ENG

- Next progress meeting will be held on 10/4

FL Planning

- Continue work on existing conditions technical memorandum

AL ENV

- Work with CoG grant administrator and HUD to move forward with NEPA process

Survey

- Finish boundary resolution (currently approx. 15% complete)
- Finish topographic survey (currently approx. 25% complete)

Information Needed from City of Gulfport:

- Contact information for grant administrator

Project Name: Quarters Revitalization Master Plan Project **Date:** 11/13/2023

PO #: 233304 Invoice #: 310017 (3)

Available Funds: $- Funding Source: _____

- **Project Engineer has provided a Cover Letter that includes the following:**
  - Submitted on Engineering Firm's letterhead
  - Addressed to the City Engineer
  - Project title is in the subject line
  - Date of the invoice
  - Invoice number (e.g., Invoice # 1)
  - Purchase Order number
  - Dates of service of the invoice (cannot begin prior to contract execution or after contract termination)
  - Invoice amount
  - Signed by Project Engineer

Engineering Executive Secretary: NS Budget Analyst: V. Weaver

- **Project Engineer/Contractor has provided an Invoice that includes the following:**
  - Submitted on Engineering Firm's letterhead
  - Includes remittance address
  - Date of the invoice
  - Invoice number (e.g., Invoice # 1)
  - Purchase Order number
  - Dates of service of the invoice
  - Project title
  - Amount invoiced by Task
  - ☑ Funding amounts allocated for each task/line item has not been overspent
  - ☑ Includes funding account(s) for invoice payments

Engineering Executive Secretary: NS Budget Analyst: V. Weaver

- ☑ **Project has been Inspected by Department of Engineering and current pay items meet Quality Expectations.**

DOE Representative: NH

- ☐ **Project Engineer/Contractor has provided an Invoice Summary which summarizes all work completed per task during the dates of service of the invoice.**
  - ☑ Invoice and invoice summary must be consistent with the Scope of Work and Project Timeline
  - ☑ Funding amounts allocated for each task/line item has not been overspent; if so justification is submitted
  - ☑ All sub-consultants must also submit an invoice summary for work completed

DOE Representative: _____

- ☑ **Project Engineer has provided Documentation of Expenditures (receipts, staff timesheets, cancelled checks to consultant, consultant invoices,etc.)**
  - ☑ All costs are eligible (review eligible and ineligible expenses per the Contract)
  - ☑ Review invoice and deliverable(s) to verify what was paid for has been obtained
  - ☐ If the Grantee has an Indirect Cost Allocation Plan (ICAP), documentation of the approved percentage and breakdown of indirect costs per task is provided

Quarters Revitalization Project
Volkert Contract No. 1201228.000

PROGRESS REPORT 3
September 23, 2023 – October 20, 2023

Note: All work was paused, except survey, starting October 10, 2023, at the request of the City to verify project was inline with HUD requirements. As of this report, work has not resumed.

Work Completed This Period:

MS ENG

- Progress meeting held on 10/4
- Progress meeting for 10/18 was cancelled at request of City
- Assisting City with coordination with HUD to try and confirm project is inline with HUD funding requirements

FL Planning

- Existing conditions report is approx. 80% complete
- Plans review is approx. 95% complete
- Case study research is approx. 95% complete

AL ENV

- Waiting on information from HUD/City to begin NEPA process

Survey

- All field work complete minus storm sewer inverts
- Office topo work 95% complete

Work for Next Period:

MS ENG

- Assist city as much as possible with HUD funding requirements

FL Planning

- Finish existing conditions report
- Finish plan review
- Finish case study research

AL ENV

- Start NEPA process when given go-ahead to resume work

Survey

- Finish boundary resolution (currently approx. 30% complete)

Information Needed from City of Gulfport:

- none at this time

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION OF THE GULFPORT CITY COUNCIL RECONFIRMING AND EXTENDING THE STATUS OF A STATE OF EMERGENCY DUE TO THE IMPACTS OF HURRICANE ZETA ON THE CITY OF GULFPORT, AND FOR RELATED PURPOSES

WHEREAS, by virtue of a Proclamation executed on Monday, October 26, 2020, the Mayor proclaimed a "local emergency" pursuant to *Miss. Code Ann*. § 33-15-17(d) and a "civil emergency" pursuant to *Miss. Code Ann*. § 45-17-3, et seq., due to an imminent threat of a "natural disaster" resulting from Hurricane Zeta and related conditions (tropical rain, wind, storm surge, lightening, hail, flooding, etc.) projected to commence in the area on or about October 28-29, 2020; and

WHEREAS, further, due to said local/civil emergency, and the need to commit resources deemed necessary for protection of the City and the residents, citizens and all people and property in the City of Gulfport and Harrison County, the Mayor invoked the powers of "emergency management" and invoked special emergency authority, including, but not limited to Sections 45-17-1, et seq., Sections 33-15-1, et seq., Section 31-7-13(k) and Sections 21-35-19, et seq., *Mississippi Code of 1972, Annotated*, and any amendments thereto; and invoked emergency measures according to authority of Sec. 1-70 and Sec. 7-19, *Code of Ordinances of the City of Gulfport, Mississippi*; and

WHEREAS, the Gulfport City Council, on November 3, 2020, on November 17, 2020, on December 8, 2020, on January 5, 2021, on February 2, 2021, on March 2, 2021, on March 16, 2021, on April 8, 2021, on May 4, 2021, on May 18, 2021, on June 10, 2021, on July 6, 2021, on August 3, 2021, on August 17, 2021, on September 17, 2021, on October 5, 2021, on November 1, 2021, on November 16, 2021, on December 7, 2021, on January 4, 2022, on January 18, 2022, on February 8, 2022, on March

8, 2022, on April 4, 2022, on May 3, 2022, on May 17, 2022, on June 7, 2022, on July 5, 2022, on August 2, 2022, on September 6, 2022, on October 4, 2022, on October 18, 2022, on November 8, 2022, on December 6, 2022, on January 3, 2023, on January 17, 2023, on February 7, 2023, on March 3, 2023, on March 21, 2023, on April 11, 2023, on May 2, 2023, on May 16, 2023, on June 6, 2023, on July 5, 2023, on July 18, 2023; on August 8, 2023, on September 5, 2023, on October 3, 2023, on October 17, 2023, on November 7, 2023, on December 5, 2023, on December 19, 2023, and on January 16, 2024, acted to confirm and extend the aforementioned State of Emergency; and

WHEREAS, the Governing Authority having reviewed the existing needs, including those stated above, for continuing a state of emergency, finds that the need for continuing local emergency management and associated relief from Federal and State governments to prepare for and respond to the impact and effects of Hurricane Zeta, and shall continue until the governing body terminates the local emergency once conditions warrant.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things set forth and recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the City Council recognizes that there is a continuing need to commit resources deemed necessary for protection of the City and the residents, citizens and all people and property in the City of Gulfport and Harrison County and a continuing need to prepare for and respond to the impact and effects of Hurricane Zeta.

SECTION 3. That a state of civil emergency continues within the City of Gulfport, and Mayor Billy Hewes is authorized to continue to invoke emergency management authority, including coordination of assistance and relief with state and federal authorities and private

corporations and the use of municipal personnel and equipment as deemed necessary and proper as a result of said emergency until the earliest time as conditions warrant the termination of the state of local emergency by the Governing Authority.

SECTION 4. The Governing Authority hereby finds that an emergency exists in regard to the purchase of commodities or repair contracts such that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the City of Gulfport.

SECTION 5. This Order shall not limit the authority hereby confirmed of the Mayor and City Council to make such orders or take such actions as is vested in them as the chief executive/ administrative officer, and as the governing authority, respectively, of the City of Gulfport by the Laws of the State of Mississippi and the Ordinances of the City of Gulfport.

SECTION 6. This Resolution shall be in full force and effect on and after passage, and shall remain in full force and effect until the Governing Authority terminates the local emergency in the City of Gulfport, or until otherwise terminated according to law.

SECTION 7. The Clerk of the Council is instructed to publish this Resolution and make it available for public notice and after its adoption, this Resolution shall be spread upon the minutes of the Governing Authority.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilman _____, seconded by Councilman _____, and was adopted by the following roll call vote:

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION OF THE GULFPORT CITY COUNCIL RECONFIRMING AND EXTENDING THE STATUS OF A STATE OF EMERGENCY DUE TO THE IMPACTS OF HURRICANE IDA ON THE CITY OF GULFPORT, AND FOR RELATED PURPOSES

WHEREAS, by virtue of a Proclamation executed on Friday, August 27, 2021, the Mayor proclaimed a "local emergency" pursuant to *Miss. Code Ann.* § 33-15-17(d) and a "civil emergency" pursuant to *Miss. Code Ann.* § 45-17-3, *et seq.*, due to an imminent threat of a "natural disaster" resulting from Tropical Storm/Hurricane Ida and related conditions (tropical rain, wind, storm surge, lightening, hail, flooding, etc.) projected to commence in the area on or about August 29-30, 2021; and

WHEREAS, further, due to said local/civil emergency, and the need to commit resources deemed necessary for protection of the City and the residents, citizens and all people and property in the City of Gulfport and Harrison County, the Mayor invoked the powers of "emergency management" and invoked special emergency authority, including, but not limited to Sections 45-17-1, *et seq.*, Sections 33-15-1, *et seq.*, Section 31-7-13(k) and Sections 21-35-19, *et seq.*, *Mississippi Code of 1972, Annotated*, and any amendments thereto; and invoked emergency measures according to authority of Sec. 1-70 and Sec. 7-19, *Code of Ordinances of the City of Gulfport, Mississippi*; and

WHEREAS, the Gulfport City Council, on September 7, 2021, on October 5, 2021, on November 1, 2021, on November 16, 2021, on December 7, 2021, on January 4, 2022, on January 18, 2022, on February 8, 2022, on March 8, 2022, on April 4, 2022, on May 3, 2022, on May 17, 2022, on June 7, 2022, on July 5, 2022, on August 2, 2022, on September 6, 2022, on October 4, 2022, on October 18, 2022, on November 8, 2022, on December 6, 2022, on January

3, 2023, on January 17, 2023, on February 7, 2023, on March 3, 2023, on March 21, 2023, on April 11, 2023, on May 2, 2023, on May 16, 2023, on June 6, 2023, on July 5, 2023, on July 18, 2023; on August 8, 2023, on September 5, 2023, on October 3, 2023, on October 17, 2023, on November 7, 2023, on December 5, 2023, on December 19, 2023, and on January 16, 2024, acted to confirm and extend the aforementioned State of Emergency; and

WHEREAS, the Governing Authority having reviewed the existing needs, including those stated above, for continuing a state of emergency, finds that the need for continuing local emergency management and associated relief from Federal and State governments to prepare for and respond to the impact and effects of Hurricane Ida, and shall continue until the governing body terminates the local emergency once conditions warrant.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things set forth and recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the City Council recognizes that there is a continuing need to commit resources deemed necessary for protection of the City and the residents, citizens and all people and property in the City of Gulfport and Harrison County and a continuing need to prepare for and respond to the impact and effects of Hurricane Ida.

SECTION 3. That a state of civil emergency continues within the City of Gulfport, and Mayor Billy Hewes is authorized to continue to invoke emergency management authority, including coordination of assistance and relief with state and federal authorities and private corporations and the use of municipal personnel and equipment as deemed necessary and proper as a result of said emergency until the earliest time as conditions warrant the termination of the state of local emergency by the Governing Authority.

SECTION 4. The Governing Authority hereby finds that an emergency exists in regard to the purchase of commodities or repair contracts such that the delay incident to giving opportunity for competitive bidding would be detrimental to the interest of the City of Gulfport.

SECTION 5. This Order shall not limit the authority hereby confirmed of the Mayor and City Council to make such orders or take such actions as is vested in them as the chief executive/ administrative officer, and as the governing authority, respectively, of the City of Gulfport by the Laws of the State of Mississippi and the Ordinances of the City of Gulfport.

SECTION 6. This Resolution shall be in full force and effect on and after passage, and shall remain in full force and effect until the Governing Authority terminates the local emergency in the City of Gulfport, or until otherwise terminated according to law.

SECTION 7. The Clerk of the Council is instructed to publish this Resolution and make it available for public notice and after its adoption, this Resolution shall be spread upon the minutes of the Governing Authority.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Walker, and was adopted by the following roll call vote:

Budget Amendment Request

Fund Name	Forfeitures and Seizures	Council Meeting Date:	02/06/24
Department #	277	Budget Amendment Number:	2024-35
Department Name	Forfeitures and Seizures		

	Original Budget	Prior Amendments	This Amendment	Revised Budget
Charges for Services	-	617	250	867
Personnel Services	-	-	-	-
Supplies	95,924	-	-	95,924
Other Services	6,527	-	-	6,527
Capital	551,725	1,143	250	553,118
Total Expenditures	**654,176**	**1,143**	**250**	**655,569**

Total Budget Amendments as a percentage of the total originally adopted budget **0.21%**

SUMMARY:

As requested by the Police Department, this budget amendment appropriates funds associated with a check received from the Circuit Clerk of Harrison County.

10% PUBLICATION RULE:

Per Mississippi state statute, public notice must be provided (in the same manner as the municipality must use for the publication of its final adopted budget) when budget amendments result in a ten percent increase or decrease in a municipal department's total budget. For purposes of determining if a ten percent change has occurred, all amendments made to a department's budget since its budget was originally adopted, or since the last adopted published revision, must be added together.

Is publication required due to this budget amendment?

X **No.** Total budget amendments do not exceed ten percent of the total of either the department's originally adopted budget amendment or its last adopted published revision.

_____ **Yes.** The adopted revision will be published within two weeks of the adoption of this budget amendment.

Gulfport Police Department

Memo

To: Mayor Billy Hewes

From: Chief Adam Cooper

Date: January 17, 2024

Re: Increase Line Item

The following check was issued by Justin Wetzel's office Circuit Clerk of Harrison County for Restitution for drug related arrests.

Check number (51938) amount of $250.00 (GPD cases)

I request your permission to place these funds in the account below:

Account Number	Increase Amount	Increase Amount
Forfeiture and Seizure County and Local Shared **Vehicles- 277-*630200***	$250.00	
County/Local Shared Revenue 275-493100		$250.00

This amendment must be spread on the Council minutes so the funds can be spent according to federal, state and local statutes. Therefore, I ask that you place this on the next Council agenda.

10% PUBLICATION RULE:

Per Mississippi state statute, public notice must be provided (in the same manner as the municipality must use for the publication of its final adopted budget) when budget amendments result in a ten percent increase or decrease in a municipal department's total budget. For purposes of determining if a ten percent change has occurred, all amendments made to a department's budget since its budget was originally adopted, or since the last adopted published revision, must be added together.

Is publication required due to this budget amendment?

X **No.** Total budget amendments do not exceed ten percent of the total of either the department's originally adopted budget amendment or its last adopted published revision.

_____ **Yes.** The adopted revision will be published within two weeks of the adoption of this budget amendment.

From: Adam Cooper, Chief of Police

Re: Budget Amendment

The following checks was received and I ask that you deposit the amount into the listed line items in the Coastal Narcotics Enforcement Team budget.

This money comes from CNET cases where restitution has to be paid from defendants.

Check Number 51989 in the amount of $60.00
Check Number 51929 in the amount of $25.00

Total..... $85.00

Revenue line item 285-492600.....$85.00

Expense line items to be increased:

286-630100 Police Narcotics Task Force Capital $85.00

This amendment must be spread on the Council minutes so the funds can be spent according to federal, state and local statutes. Therefore, I ask that you place this on the next Council agenda.

Re: **Budget Amendment to Fund Year 1 of the Water Tank Maintenance Agreement for Bayou View Water Tank**
- American Tank Maintenance LLC

FROM	TO	AMOUNT
Unobligated Water/Sewer funds	815-620900 (Water – Contractual Fees)	$29,060.00
	TOTAL	**$29,060.00**

The Department of Public Works is requesting approval to transfer a total of $29,060.00 of the City's Unobligated Water/Sewer funds into the Public Works' Water Operations Contractual Fees account in order to fund Year 1 of the Tank Maintenance Agreement for Bayou View Water Tank with American Tank Maintenance, LLC.

All City of Gulfport Water Tanks are currently under a Tank Maintenance Agreement with American Tank Maintenance as approved by Council March 3, 2020; each tank's contract is for a period of twelve (12) years, ending in 2031. However, the Bayou View Water Tank was still under construction at the time of execution for the other city water tanks. Now that the Bayou View Water Tank is complete, we are requesting an additional tank maintenance contract for a period of twelve (12) years specifically for the Bayou View Water Tank; this contract will end in 2035.

Pending approval of the referenced agreement, which will appear on the February 6, 2024 Council agenda, we request the total amount of $29,060.00 for year 1 of the agreement be transferred from Unobligated Water/Sewer funds into the Public Works' Water Operations Contractual Fees account to cover this expense.

I hereby recommend this budget amendment.

RE: Water Tank Maintenance Agreement – American Tank Maintenance - Bayou View Water Tank

---

Attached for your consideration is the referenced Water Tank Maintenance Contract with American Tank Maintenance for Bayou View Water Tank. This will be a **twelve (12)** year contract that includes scheduled repairs, an annual tank inspection, preventative maintenance, interior and exterior coating, and tank washout and disinfection. All work performed shall be in accordance with the Mississippi State Department of Health Standards and AWWA C652 & C651, and all associated subsections. This project will be fully funded by the Water and Sewer Fund.

I recommend approval of this item.

Attachments:

1. American Tank Maintenance – Water Tank Maintenance Agreement for Bayou View Water Tank

American Tank Maintenance

Water Tank Maintenance Agreement

Tank Owner: City of Gulfport

Tank Location: New Bayou View Tank

Tank Size and Style: 750,000 Gallon Composite Hydropillar

This agreement entered into by and between the City of Gulfport hereinafter known as the Owner, and American Tank Maintenance, LLC hereinafter known as the Company.

The Owner agrees to employ the Company to provide the professional services needed to maintain its 750,000 gallon water storage tank located at New Bayou View Tank.

This agreement outlines the Company's responsibility and accountability for the care and maintenance of the above referenced water storage tank. The Company's care and maintenance shall include the following:

The Company shall furnish all specialized services including engineering and inspection services necessary to maintain and care for the water storage tank during the term of this agreement. Maintenance and care shall include: steel replacement, steel components, expansion joints, water level indicators, manhole covers and/or gaskets, and other components of the water storage tank.

The Company shall perform annual visual inspections and service the water storage tank beginning in Contract Year 1. The water storage tank and its components including the safety, sanitary, structure, security and coatings aspects of the water storage tank shall be inspected and the findings documented to ensure that the water storage tank is in a sound and watertight condition.

The Company shall schedule and coordinate a washout inspection of the water storage tank every two years with the Owner beginning in Contract Year 2. The Owner is responsible for draining the water storage tank. The Company shall clean the water storage tank of all mud, silt, and other accumulations which may be harmful to the water storage tank and/or its contents. The Company shall utilize high pressure equipment to perform this operation. Upon cleaning the water storage tank, the Company shall inspect and document the condition as outlined in the preceding paragraph. Once the cleaning and inspection services are completed the Company shall disinfect the interior surfaces of the water storage tank utilizing AWWA Spray Method #2. A written report of the documented findings including photographs shall be made available to the Owner via mail or electronically.

The Company shall perform surface preparation and paint the exterior and/or interior surfaces of the water storage tank at such time as needed. The need for exterior painting shall be determined by the appearance and protective condition of the existing coating system and the Company shall use the same color of the existing coating system. The need for interior painting shall be determined by the thickness of the existing coating system and its protective condition.

The Company shall perform all services and utilize products which shall be equal to, or exceed the standards of the State of Mississippi, the American Water Works Association, and the Steel Structures Painting Council. The Company shall perform all services relating to the interior of the water storage tank in accordance with procedures outlined in American Water Works Association D-102 standards.

The Company shall utilize coating systems which best suit the site conditions, environment, and general location of the water storage tank and are in compliance with local, state and federal statutes.

The Company shall install and maintain an anti-climb deterrent device on the access ladder to deter unauthorized access to the water storage tank. The Company shall install and maintain locks on all hatches of the water storage tank to deter unauthorized entry. The keys to the locks shall remain in the possession of the Owner and the Company.

The Company shall provide emergency service to handle any problems covered by this agreement with the water storage tank. Reasonable mobilization time shall be acceptable to the Owner.

If the Owner needs and requests, then the Company shall provide pressure relief valves to the Owner for the Owner's use during service events which require the water storage tank to be drained.

The Owner shall have the right to continue this agreement for an indefinite period of time providing that the annual fee is paid in accordance with the terms of this agreement. The Owner shall have the right to terminate this agreement by sending written notice to American Tank Maintenance, LLC, PO Box 130, Warthen, GA 31094. The Owner's right to termination shall be subject to any agreement provisions incorporated herein.

The Company shall maintain and furnish current certificates of insurance coverage to the Owner during the duration of this agreement.

This agreement shall be managed by "Contract Years". "Contract Years" shall be defined as the consecutive 12-month periods beginning March 1, 2024. The annual fee for Contract Years 1, 2 & 3 shall be $29,060.00 per year. The annual fee for Contract Year 4 shall be adjusted to reflect the current cost of service. The adjustment to annual fees shall be limited to a maximum of 4% annually. Any applicable taxes shall be the responsibility of the Owner.

The first annual fee for Contract Year 1 shall be due and payable in semiannual installments beginning March 1, 2024. The annual fee for Contract Year 2 shall be due and payable in semiannual installments beginning March 1, 2025. Each subsequent annual fee shall be due and payable in semiannual installments beginning each subsequent March 1st.

The Owner and the Company agree that any future mandated environmental, health or safety requirements which cause significant changes in cost of services provided under this agreement shall be cause for modification of this agreement. The Company is accepting this water storage tank under this agreement based on the current existing structure, components, location and surroundings. Any modification to the water storage tank, including antenna installations, and changes in surroundings especially real estate development shall be cause for modification of this agreement. This agreement does not include the cost for and/or liability on the part of the Company for: containment, repairs to fill pipe, removal and/or disposal of any hazardous waste materials, electrical wiring or components, operational problems due to cold weather, Acts of

God, structural damage due to antenna installations or other attachments for which the tank was not originally designed, any defects found during the initial washout inspection shall be the responsibility of the tank builder, repairs to the foundation of the water storage tank, operational or structural problems caused by physical conditions below the surface of the ground, acts of terrorism, or other conditions which are beyond the Owner's and/or Company's control.

The Company and its agents, servants, employees, and representatives agree to fully defend, indemnify, and hold harmless the Owner and its employees, agents, and officials with respect to and from and against any and all claims, demands, causes of actions, damages, injuries, fees, expenses, penalties, lawsuits, judgements, and orders, including, without limitation, attorney's fees, which in any way arise out of or relate to any acts of omission or commission of or attributed to the Company and/or its agents, servants, employees, visitors, invites, guests, and representatives, including but not limited to, those asserted as negligent, gross negligent, and/or intentional. Only to the extent that the Owner is authorized by the laws of the State of Mississippi, and without waiving any constitutional, statutory, or common defense, immunities, or exemptions from liability, including, but not limited to, those set forth in Miss. Code Ann. 11-46-9(1) (Rev. 2001), the Owner agrees to defend , indemnify, and hold harmless the City of Gulfport with respect to or from and against all claims, demands, causes of actions, lawsuits, judgments, and orders arising out of or as a result of negligent acts or omissions of the Owner.

The Company reserves the right to assign any outstanding receivables from this agreement to its bank or other lending institution as collateral for any loans or lines of credit.

MEMO TO: Todd Harman, Director of Finance and Accounting

FROM: Stephen E. Newell, Director of Information Technology

RE: Request for Budget Amendment to Support Personnel Reorganization

DATE: February 5th, 2024

Dear Todd,

The Department of Information Technology respectfully requests a budget amendment to increase our personnel services budget by $50,000. This adjustment is essential to support the personnel reorganization plan we have previously presented, designed to enhance our department's efficiency and responsiveness to the city's evolving IT needs.

It is important to note that this request does not seek additional funds from the city's budget. Instead, the proposed $50,000 increase will be fully funded by reallocating surplus personnel services funds from the General Administrative and Finance department, the Police Department, the Fire Department, and the Leisure Services department.

We believe this reallocation will not only support our reorganization efforts but also align with the city's overall fiscal management and efficiency goals.

Thank you for considering this request. I am at your disposal to discuss any questions or provide further details as needed.

Sincerely,

Stephen E. Newell
Director of Information Technology

Re: **Budget Amendment to Fund Engineering Services Contract for MIMA-Paving Infrastructure Project**
- Engineering Xcellence, LLC

FROM	TO	AMOUNT
MCWI Funds	New Project Account titled "MIMA - PAVING INFRASTRUCTURE 2024"	$122,315.70
ARPA Funds	New Project Account titled "MIMA - PAVING INFRASTRUCTURE 2024"	$301,468.10
	TOTAL	**$423,783.80**

The Department of Engineering is requesting approval to transfer a total of $423,783.80 of the funds received from the American Rescue Plan Act (ARPA) and Mississippi Municipality and County Water Infrastructure (MCWI) program into a new capital project account in order to fund a preliminary engineering services contract with Engineering Xcellence, LLC for the MIMA - Paving Infrastructure Project.

A recommendation to approve the referenced preliminary engineering services contract will appear on the February 6, 2024 Council agenda. This contract is for the MIMA - Paving Infrastructure project, which has a scope of services including, but not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation. This project includes repairing or replacing outdated, undersized and/or damaged water, sewer, and drainage infrastructure across the City.

The Engineering Services Contract will be funded $122,315.70 by MCWI Funds and $301,468.10 by ARPA Funds.Pending Council approval of the aforementioned Engineering Services contract, we request approval of this transfer in order to monitor project spending within the department.

I hereby recommend this budget amendment.

Total Budget Amendments as a percentage of the total originally adopted budget	**0.17%**

SUMMARY:

As requested by the Police Department, this budget amendment appropriates funds associated with a check received from the Circuit Clerk of Harrison County.

10% PUBLICATION RULE:

Per Mississippi state statute, public notice must be provided (in the same manner as the municipality must use for the publication of its final adopted budget) when budget amendments result in a ten percent increase or decrease in a municipal department's total budget. For purposes of determining if a ten percent change has occurred, all amendments made to a department's budget since its budget was originally adopted, or since the last adopted published revision, must be added together.

Is publication required due to this budget amendment?

X **No.** Total budget amendments do not exceed ten percent of the total of either the department's originally adopted budget amendment or its last adopted published revision.

_____ **Yes.** The adopted revision will be published within two weeks of the adoption of this budget amendment.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2023, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL APPROVING THE DOCKET OF CLAIMS

WHEREAS, following the City Council's approval of the budget, funds for the City of Gulfport are vested with the Mayor and Administration; and

WHEREAS, claims presented to the City for payment must be approved by the City Council through a Docket of Claims process; and

WHEREAS, the Administration for the City of Gulfport has prepared, certified, and submitted to the City Council a "Docket of Claims" for approval, attached hereto as Exhibit "A"; and

WHEREAS, in submitting this Docket of Claims, the Director of Finance and Accounting has certified to the Council that to the best of his knowledge and belief, all items contained within the Docket of Claims have been properly procured and appear to be within previously budgeted amounts and are lawful and appropriate for payment; and

WHEREAS, in authorizing payment for the Docket, the City Council must rely on this certification and by reliance on this certification, hereby authorizes payment to be issued to satisfy all claims found within the Docket, unless specifically excluded by the Council; and

WHEREAS, it is understood and acknowledged that heretofore, the Dockets of Claims has been presented and certified to the Governing Authority by the Comptroller, or in his absence the Finance Manager or Purchasing Agent, or their designees, upon which the City Council has relied on these certifications and by such reliance, authorized payments to satisfy claims found therein.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the Docket of Claims is hereby approved in the form attached hereto as Exhibit "A", except for those claims specifically excluded by the Council.

Section 3. That this Resolution shall take full force and effect immediately upon its passage and enactment according to law and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember _____, seconded by Councilmember _____, and was adopted by the following roll call vote:

YEAS: **NAYS:** **ABSENT:**

WHEREUPON, the President declared the motion carried and the Resolution adopted, this the _____ day of _____, 2024.

(SEAL)

ATTEST: **ADOPTED:**

_____ _____

CLERK OF THE COUNCIL **PRESIDENT OF THE COUNCIL**

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the _____ day of _____, 2023.

APPROVED:

_____

MAYOR

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2023, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL APPROVING THE DOCKET OF CLAIMS

WHEREAS, following the City Council's approval of the budget, funds for the City of Gulfport are vested with the Mayor and Administration; and

WHEREAS, claims presented to the City for payment must be approved by the City Council through a Docket of Claims process; and

WHEREAS, the Administration for the City of Gulfport has prepared, certified, and submitted to the City Council a "Docket of Claims" for approval, attached hereto as Exhibit "A"; and

WHEREAS, in submitting this Docket of Claims, the Director of Finance and Accounting has certified to the Council that to the best of his knowledge and belief, all items contained within the Docket of Claims have been properly procured and appear to be within previously budgeted amounts and are lawful and appropriate for payment; and

WHEREAS, in authorizing payment for the Docket, the City Council must rely on this certification and by reliance on this certification, hereby authorizes payment to be issued to satisfy all claims found within the Docket, unless specifically excluded by the Council; and

WHEREAS, it is understood and acknowledged that heretofore, the Dockets of Claims has been presented and certified to the Governing Authority by the Comptroller, or in his absence the Finance Manager or Purchasing Agent, or their designees, upon which the City Council has relied on these certifications and by such reliance, authorized payments to satisfy claims found therein.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the Docket of Claims is hereby approved in the form attached hereto as Exhibit "A", except for those claims specifically excluded by the Council.

Section 3. That this Resolution shall take full force and effect immediately upon its passage and enactment according to law and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Roland, seconded by Councilmember Walker, and was adopted by the following roll call vote:

YEAS:	**NAYS:**	**ABSENT:**
Roland	**None**	**Casey**
Holmes - Hines		
Walker		
Sharp		
Flowers		
Kosloski		

WHEREUPON the President declared the motion carried and the Resolution adopted, this the 6th day of February, 2024.

CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:

Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the 7th day of February, 2024.

APPROVED:

Billy Hewes, Mayor

City of Gulfport, MS

NOTICE OF VIOLATION(S) UNDER CHAPTER 3 OF THE INTERNATIONAL PROPERTY MAINTENANCE CODE AND ORDER FOR IMMEDIATE CORRECTIVE ACTIONS

Reference: Tax Parcel Number: 0711H-02-034.000
3611 19TH ST

The City of Gulfport has adopted various provisions of the International Property Maintenance Code (IPMC) as part of an effort to protect the health, safety, and welfare of its citizens and visitors. The City's Code Enforcement personnel recently conducted a visual inspection of the above noted property. This inspection has revealed that violations of Chapter 3 of the IPMC presently exist on this property and are required to be corrected.

The violations are as follows:

Violation(s):		Required Corrective & Remedial Action(s):
TRASH & DEBRIS, IPMC 308.1		REMOVE/HAUL OFF TRASH & DEBRIS
INOPERABLE VEHICLE, IPMC 302.8		REMOVE OR REPAIR & LEGALLY TAG
UNSANITARY CONDITION, IPMC 302		CORRECT UNSANITARY CONDITION
CLUTTER, IPMC 302.10		REMOVE CLUTTER AND DEBRIS
APPLIANCE(S) OUTSIDE OF BLDG		REMOVE/DISCARD USED APPLIANCES
INDOOR FURNITURE OUTSIDE		REMOVE OR RELOCATE FURNITURE

You are required to take the above actions to remediate and correct these cited violations within **FOURTEEN (14) days of the date of this Notice/Order**. Failure to timely take these actions in order to correct these violations will result in the assessment of a civil penalty/fine in the amount of $250.00 for each violation thereof and the City may further seek any other or additional legal or equitable remedies available to it as well as recover attorneys' fees, court costs, and other expenses associated with enforcement.

Please contact our office at (228) 868-5718 if you have any questions about this Notice/Order or if the required corrective actions are taken within the fourteen (14) day period in order to avoid our proceeding with a violation hereof.

Respectfully yours,
Tyler Wales

NOTICE OF VIOLATION(S) UNDER CHAPTER 3 OF THE INTERNATIONAL PROPERTY MAINTENANCE CODE AND ORDER FOR IMMEDIATE CORRECTIVE ACTIONS

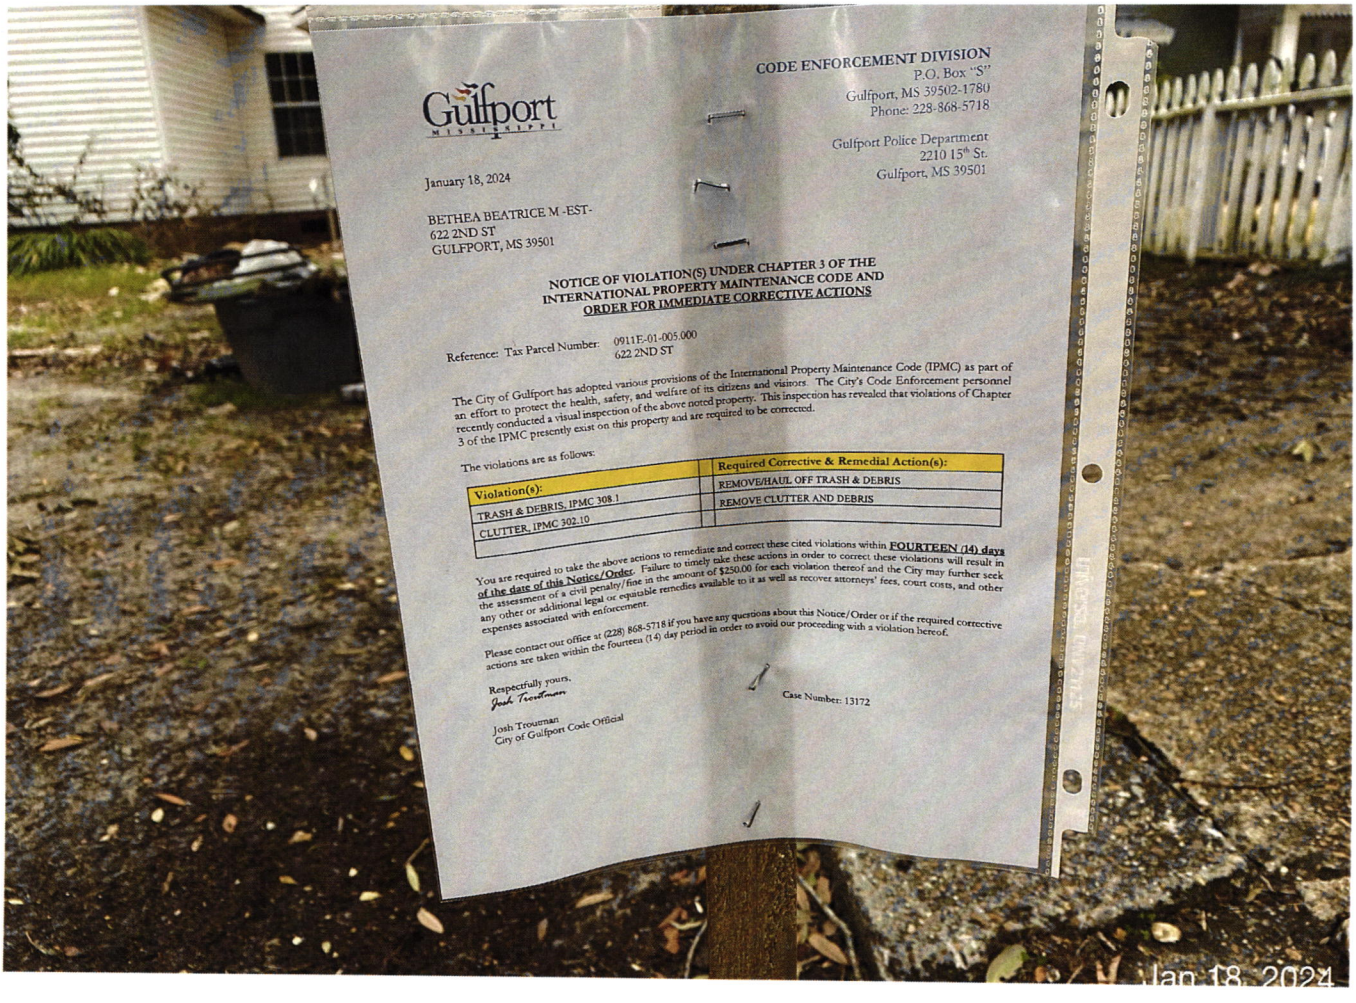
Reference: Tax Parcel Number: 0911E-01-005.000
622 2ND ST

The City of Gulfport has adopted various provisions of the International Property Maintenance Code (IPMC) as part of an effort to protect the health, safety, and welfare of its citizens and visitors. The City's Code Enforcement personnel recently conducted a visual inspection of the above noted property. This inspection has revealed that violations of Chapter 3 of the IPMC presently exist on this property and are required to be corrected.

The violations are as follows:

Violation(s):		Required Corrective & Remedial Action(s):
TRASH & DEBRIS, IPMC 308.1		REMOVE/HAUL OFF TRASH & DEBRIS
CLUTTER, IPMC 302.10		REMOVE CLUTTER AND DEBRIS

You are required to take the above actions to remediate and correct these cited violations within **FOURTEEN (14) days of the date of this Notice/Order**. Failure to timely take these actions in order to correct these violations will result in the assessment of a civil penalty/fine in the amount of $250.00 for each violation thereof and the City may further seek any other or additional legal or equitable remedies available to it as well as recover attorneys' fees, court costs, and other expenses associated with enforcement.



Please contact our office at (228) 868-5718 if you have any questions about this Notice/Order or if the required corrective actions are taken within the fourteen (14) day period in order to avoid our proceeding with a violation hereof.

Respectfully yours,
Josh Troutman

NOTICE OF VIOLATION(S) UNDER CHAPTER 3 OF THE INTERNATIONAL PROPERTY MAINTENANCE CODE AND ORDER FOR IMMEDIATE CORRECTIVE ACTIONS

Reference: Tax Parcel Number: 0910O-02-003.000
17 EAST PARK ST

The City of Gulfport has adopted various provisions of the International Property Maintenance Code (IPMC) as part of an effort to protect the health, safety, and welfare of its citizens and visitors. The City's Code Enforcement personnel recently conducted a visual inspection of the above noted property. This inspection has revealed that violations of Chapter 3 of the IPMC presently exist on this property and are required to be corrected.

The violations are as follows:

Violation(s):		Required Corrective & Remedial Action(s):
TRASH & DEBRIS, IPMC 308.1		REMOVE/HAUL OFF TRASH & DEBRIS
CLUTTER, IPMC 302.10		REMOVE CLUTTER AND DEBRIS

You are required to take the above actions to remediate and correct these cited violations within **FOURTEEN (14) days of the date of this Notice/Order**. Failure to timely take these actions in order to correct these violations will result in the assessment of a civil penalty/fine in the amount of $250.00 for each violation thereof and the City may further seek any other or additional legal or equitable remedies available to it as well as recover attorneys' fees, court costs, and other expenses associated with enforcement.

Please contact our office at (228) 868-5718 if you have any questions about this Notice/Order or if the required corrective actions are taken within the fourteen (14) day period in order to avoid our proceeding with a violation hereof.

You are required to take the above actions to remediate and correct these cited violations within **FOURTEEN (14) days of the date of this Notice/Order**. Failure to timely take these actions in order to correct these violations will result in the assessment of a civil penalty/fine in the amount of $250.00 for each violation thereof and the City may further seek any other or additional legal or equitable remedies available to it as well as recover attorneys' fees, court costs, and other expenses associated with enforcement.

Please contact our office at (228) 868-5718 if you have any questions about this Notice/Order or if the required corrective actions are taken within the fourteen (14) day period in order to avoid our proceeding with a violation hereof.

Respectfully yours,

NOTICE OF PROPERTY DETERMINED TO BE A MENACE TO PUBILC HEALTH, SAFETY AND WELFARE OF THE COMMUNITY

Re: 2804 34TH AVE

Dear HAILU MATIWES SOLOMON:

This is written notice in accordance with Miss. Code Ann. § 21-19-11(2) (Rev. 2019) that property owned by you at 2804 34TH AVE, Gulfport, MS has been determined by me to be in such a state of uncleanliness as to be a menace to the public health, safety and welfare of the community and is therefore in need of cleaning. As a consequence, the City of Gulfport is authorized under this State law (Miss. Code Ann. § 21-19-11(2)) to enter upon this property to have it cleaned and to assess you the amount of monies incurred by the City as part of this effort (up to $250.00) plus administrative costs of the City up to $50.00. These assessments can be determined by the City's Governing Authority to constitute a civil debt and could then be the subject of a lawsuit against you for recovery, to include court costs, attorneys' fees, and interest, or, at the option of the Governing Authority, these will be collected as an assessment against this property and which shall be a lien against the property and enrolled in the Office of the Circuit Clerk of the County as other judgments are enrolled and which would follow title of the property. As also set out in § 21-19-11, the City is further permitted to re-enter upon this property for a period of one (1) year after this cleaning occurs without any further hearing or action if notice is posted on the property and at City Hall at least seven (7) days before the property is re-entered for cleaning.

In order to avoid these actions being taken against you, you must have the property properly cleaned (so that it no longer is in a state of uncleanliness as to be a menace to the public health, safety and welfare of the community) and have this completed **within seven (7) days of the date of this letter**. On or after the eighth (8th) day following the date of this letter, the City will commence efforts to have it cleaned and will then pursue assessment and recovery of costs and monies against you and the property as set out above or as otherwise permitted under law. The City may additionally pursue other actions or efforts against you and/or the property, which could include, without limitation, other assessments, penalties, damages, and relief under civil, criminal, and/or administrative laws or regulations.

If you have any questions concerning this Notice or its contents, please immediately contact Tyler Wales at (228) 868-5718.

Sincerely,

Tyler Wales

Total Cost:	**$16,385.00**

Section 5. Compliance with Federal Statutes, Regulations and Applicable Federal Award

A. Harrison County shall ensure that, in the execution of this Federal Award, it will act in full accord with applicable federal statutes and regulations and the terms and conditions of the Federal Award.
B. Harrison County shall provide to Gulfport an organizational chart showing placement of individuals responsible for financial and programmatic matters.
C. Harrison County shall provide to Gulfport an overall description of financial management or accounting system or software to be used to manage awarded funds.
D. Harrison County shall provide to Gulfport documentation regarding disbursements, payments, grant expenditures, procurements, approvals of expenses, check issuances, and any use of grant funds.
E. Harrison County shall provide to Gulfport with any documented internal audits conducted of grant funded activities.

Section 6. Additional Requirements on the Sub-Recipient

A. Harrison County shall ensure that awarded funds are utilized in accordance with the project description.

B. Harrison County shall maintain records of purchases, equipment used, and equipment status. Said records shall be made available to Gulfport upon request.
C. Harrison County shall permit Gulfport and any auditors assigned to audit the funds associated with the Federal Award that is the subject of this Agreement to have access to Harrison County's records and financial statements as is necessary for Gulfport to meet the obligations placed on it by 2 C.F.R. § 200.

Section 7. Closeout of the Subaward

A. Closeout procedures shall begin within ninety (90) days of the end date of the award (September 30, 2026), or any approved extension.
B. Harrison County shall submit the following to Gulfport, as pass-through entity:
    1. Final Federal Financial Report (FFR) (submitted on SF-425). This final report should not reflect any unliquidated obligations. The FFR shall be reconciled against the Harrison County's internal accounting records. All entries in the accounting system must be supported by adequate source documentation (i.e., original invoices and contracts). All allowable costs incurred, both at the recipient and subrecipient level shall be reported.
    2. Any unobligated or unexpended funds will be de-obligated from the award amount. To avoid de-obligation, all funds must be obligated prior to the award end date.
    3. Match requirements must be met by the award end date and included in the FFR.
    4. If Harrison County has drawn down funds in excess of their Federal expenditures, it shall return unused funds to the awarding agency when they it submits the FFR.
    5. A final progress report must be prepared in accordance with instructions provided by the awarding agency's program office.
    6. Special condition(s) must have been met and removed via Grant Adjustment Notice.
    7. Inventions that were conceived or first introduced to practice during the course of work under the award project must be listed on an invention report PRIOR TO closeout.
    8. Real or personal property reports must be submitted in accord with the terms of the award.
    9. Harrison County shall provide to Gulfport any other report or documentation required to be submitted by applicable Federal statute or regulation or the terms and conditions of the Federal Award.

SUBAWARD AGREEMENT

BETWEEN THE CITY OF GULFPORT, MISSISSIPPI, AND THE CITY OF BILOXI, MISSISSIPPI, PERTAINING TO THE EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROGRAM FY 2023

This Subaward Agreement (hereinafter, "Agreement") is made and entered into this 4th day of October, 2023 by and between the City of Gulfport, Mississippi (hereinafter, "Gulfport"), and the City of Biloxi, Mississippi (hereinafter, "Biloxi"), acting by and through their respective governing authorities, and pertains to Federal Award 15PBJA-23-GG-03572-JAGX, an award from the United States Department of Justice, Bureau of Justice Assistance (Federal Awarding Agency) under the Edward Byrne Memorial Justice Assistance Grant (JAG) Program for fiscal year 2023.

WHEREAS, Biloxi and Gulfport believe that performance of this Agreement is in the best interest of both parties, that the undertaking will benefit the public, and that Gulfport shall be both the fiscal and applicant agent as respects the aforementioned Federal Award; and

WHEREAS, certain grant funding has been awarded to the Gulfport and Biloxi by way of the Edward Byrne Memorial Justice Assistance Grant Program FY 2023 (hereinafter "JAG Award) as of September 25, 2023 (Federal Award Date), and Gulfport agrees to disburse the funds from the JAG Award to Biloxi as the amounts appear on the Edward Byrne Memorial Justice Assistance Grant (JAG) Program FY 2023 allocation list.

NOW THEREFORE, the City of Gulfport, Mississippi, and the City of Biloxi, Mississippi, agree as follows:

Section 1. Parties

For purposes of this Agreement, Gulfport is the pass-through entity and Biloxi is the subrecipient. The DUNS number for Biloxi is 072610058.

Section 2. Period of Performance

The Subaward period of performance start date is October 1, 2023. The Subaward period of performance end date is September 30, 2026.

Section 3. Award Information

B. Federal Award Date: September 25, 2023
C. Federal Award Project Description: Enhancement of Equipment
D. Total amount of Federal Award: $86,731.00.
E. Total Amount of Federal Funds Obligated to the Subrecipient: $27,421.00
F. Amount of Federal Funds Obligated in this action/agreement: $86,731.00

Exhibit "A"

10032023_48

G. Federal Award Agency: United States Department of Justice, Bureau of Justice Assistance
H. Contact information for the awarding official: Wai Yee Tsang-White, (202)451-7159; 810 7th Street NW, Washington, DC 20531; Wai.Yee.Tsang-White@usdoj.gov.
I. CFDA number: 16.738.
J. CDFA name: Edward Byrne Memorial Justice Assistance Grant program.
K. This award is not for Research and Development.
L. Indirect cost rate for the Federal Award: $0.00.
M. Special Conditions applicable to this Award may be found in Exhibit "A" hereto which is incorporated herein by reference.

Section 4. Subaward Information

A. Subaward Project Description: Biloxi will enhance equipment by purchasing computer hardware.

B. Subaward Budget:

- **Equipment:**
  Computer hardware/office equipment $27,421.00

Total Cost: $27,421.00

Section 5. Compliance with Federal Statutes, Regulations and Applicable Federal Award

A. Biloxi shall ensure that, in the execution of this Federal Award, it will act in full accord with applicable federal statutes and regulations and the terms and conditions of the Federal Award.
B. Biloxi shall provide to Gulfport an organizational chart showing placement of individuals responsible for financial and programmatic matters.
C. Biloxi shall provide to Gulfport an overall description of financial management or accounting system or software to be used to manage awarded funds.
D. Biloxi shall provide to Gulfport documentation regarding disbursements, payments, grant expenditures, procurements, approvals of expenses, check issuances, and any use of grant funds.
E. Biloxi shall provide to Gulfport with any documented internal audits conducted of grant funded activities.

Section 6. Additional Requirements on the Sub-Recipient

A. Biloxi shall ensure that awarded funds are utilized in accordance with the project description.
B. Biloxi shall maintain records of purchases, equipment used, and equipment status. Said records shall be made available to Gulfport upon request.
C. Biloxi shall permit Gulfport and any auditors assigned to audit the funds associated with the Federal Award that is the subject of this Agreement to have access to Biloxi's records

and financial statements as is necessary for Gulfport to meet the obligations placed on it by 2 C.F.R. § 200.

Section 7. Closeout of the Subaward

A. Closeout procedures shall begin within ninety (90) days of the end date of the award (September 30, 2026), or any approved extension.
B. Biloxi shall submit the following to Gulfport, as pass-through entity:
    1. Final Federal Financial Report (FFR) (submitted on SF-425). This final report should not reflect any unliquidated obligations. The FFR shall be reconciled against the Biloxi's internal accounting records. All entries in the accounting system must be supported by adequate source documentation (i.e., original invoices and contracts). All allowable costs incurred, both at the recipient and subrecipient level shall be reported.
    2. Any unobligated or unexpended funds will be de-obligated from the award amount. To avoid de-obligation, all funds must be obligated prior to the award end date.
    3. Match requirements must be met by the award end date and included in the FFR.
    4. If Biloxi has drawn down funds in excess of their Federal expenditures, it shall return unused funds to the awarding agency when they it submits the FFR.
    5. A final progress report must be prepared in accordance with instructions provided by the awarding agency's program office.
    6. Special condition(s) must have been met and removed via Grant Adjustment Notice.
    7. Inventions that were conceived or first introduced to practice during the course of work under the award project must be listed on an invention report PRIOR TO closeout.
    8. Real or personal property reports must be submitted in accord with the terms of the award.
    9. Biloxi shall provide to Gulfport any other report or documentation required to be submitted by applicable Federal statute or regulation or the terms and conditions of the Federal Award.

RE: Emergency Purchase for the West Side Lift Station Pump Failures

---

Currently, three of the six lift station pumps located at the West Side Lift Station have failed. This failure can be attributed to wear and tear and sand entering the pumps causing a mechanical malfunction. These are the primary pumps for this lift station and need to be replaced. This would be considered an emergency due to "failure of a machine used in the transportation of sewage" per State of Mississippi Purchase Law, Section 31-7-1(f).

Benvenutti Electrical Apparatus & Repair Inc. has submitted a quote in the amount of $140,367.00 to replace the pumps. Attached is copy of this quote.

In order to restore the sewer system to the proper operating condition, I recommend this emergency purchase.

Attachments:

1. Bid from Benvenutti Electrical Apparatus & Repair Inc. Dated 1/17/2024
2. Bid from Gulf States Engineering Company Dated 1/10/2024
3. Email from J.H. Wright and Associates declining to bid
4. Email from Magnolia Pump and Bay Motor Winding declining to bid

Subject: (3) 45HP FLYGT Pumps - West Side Lift Station - Bid Request Due 1-17-2024

Good Morning all,

I know there's been a lot of back and forth on this particular bid; believe me, your efforts are not overlooked or undervalued. I strongly apologize for the confusion/multiple emails. This has been a learning process for Mike, Joel and me.

That said – we do have to request a resubmittal as it's been made clear (now) that the pumps requested MUST be Flygt brand pumps.

Please see attached and fill in your vendor/pricing information. I know the manufacturer is probably tired of the multiple requests; hopefully they will work with you all. Bids are due next Wednesday, January 17.

If you cannot provide a bid or do not wish to submit one, please reply "no bid".

Thank you again for your patience and continued efforts; they are very much appreciated.

Reach out to Mike at 228-860-5740 or John at 228-860-0673 if you have any technical questions --- if you have any paperwork questions, please reach out to me.

Thank you!

Afternoon all,

Please note that this bid request is **due by close of business today** – if you have not submitted a bid, please do so by the end of today – if you do not wish to submit a bid, or cannot provide the item(s) requested, please reply "no bid".

I know most of you have submitted before on this but it's had to go back out a few times and any previously submitted bids can't be accepted so I have to have a new bid or "no bid" by the end of today. I apologize for any inconvenience this may cause.

Thank you!

A PROCLAMATION BY THE MAYOR OF THE CITY OF GULFPORT CONCERNING ADMINISTRATIVE CLOSURE ASSOCIATED WITH "WINTER STORM HEATHER"

WHEREAS, on or about January 16, 2024, the City of Gulfport faces the imminent threat of severe or dangerous weather resulting from "Winter Storm Heather," which is expected to bring strong tropical storm force winds/gusts, rain, and winter conditions (freezing temperatures, ice, sleet, etc.), and is projected to arrive in the area and impact the City of Gulfport in the early morning hours of January 16, 2024, which will impact travel to/from work at those times, and

WHEREAS, the undersigned has determined between 7:00 A.M. and 10:59 A.M. on January 16, 2024, the administrative functions of the City cannot operate due to the imminent threat and/or impact of Winter Storm Heather and related conditions, and the undersigned has determined that it is necessary to close all municipal buildings except, in order to preserve the health and safety of the public, those essential employees in the Robert Curry Public Safety Building, the Public Works Building and the Fire Department Stations/buildings, between the hours of 7:00 A.M. and 10:59 A.M. on January 16, 2024, with all City buildings and facilities to be open at 11:00 A.M. on January 16, 2024.

NOW, THEREFORE, IT IS HEREBY PROCLAIMED that due to the imminent threat of "Winter Storm Heather," and the deteriorating weather conditions associated therewith, within the geographic limits of the City of Gulfport causing or threatening to cause injury to persons and/or damage or destruction of property to such an extent that extraordinary measures must be taken to protect the public health, safety and welfare, between 7:00 A.M. and 10:59 A.M. on Tuesday, January 16, 2024, the City is in a period of closure of the administrative functions of the City pursuant to Section 10.11 of the City's Employee Handbook. Essential (i.e., emergency) employees shall be those called to duty during the said closure by their respective Departments. Pay to essential and non-essential employees shall be made in accord with Section 10.11 of the City's Employee Handbook.

SO ORDERED AND PROCLAIMED on this the 15th day of January, 2024.

Billy Hewes

MAYOR

Gulfport, Mississippi 39502
(228) 868-5811

PERPETUAL UTILITY EASEMENT

FOR AND IN CONSIDERATION of the sum of ONE and NO/100 Dollars ($1.00), cash in hand paid, and other good and valuable considerations, the receipt and sufficiency of which is hereby acknowledged, the undersigned **Grantor,**

ELLIOTT HOMES, LLC
A Mississippi Limited Liability Company
1402 Pass Road
Gulfport, MS 39501
(228) 257-9914

does hereby grant, convey, assign, and transfer unto **Grantee,**

CITY OF GULFPORT, MISSISSIPPI
A Mississippi Municipal Corporation
2309 15th Street
Gulfport, Mississippi 39501
Telephone (228) 868-5811

a perpetual easement for construction, installation, operation and maintenance of municipal utility (including, but not limited to water and sewer) systems over, across, and under the following described real property situated and being in the City of Gulfport, First Judicial District of Harrison County, Mississippi, more particularly described as follows, to-wit:

See Exhibits "A" and "B" attached.

Grantor further grants unto the City of Gulfport and its employees and contractors a Right of Entry on Grantors' remaining and adjacent property for the purpose of construction and maintenance of said municipal utility systems. Any damage caused to Grantor's remaining and adjacent property as a direct result of the City's use of the Right of Entry will be repaired, as reasonably possible, to pre-damage condition.

At the time of execution of this easement, the property described in Exhibit "A" hereto is subject to that certain Supplemental Deed of Trust and Security Agreement in favor of Regions Bank in the amount of $123,992.00 and dated October 3, 2023, which was recorded in the Land Records of Harrison County, Mississippi, First Judicial District, at Instrument No 2023-0021030-T-J1, on October 12, 2023. The easement contemplated herein shall not in any way affect the lien of the said Supplemental Deed of Trust and Security Agreement upon any property or property rights remaining subject to the Supplemental Deed of Trust and Security Agreement.

INDEXING INSTRUCTIONS: **Biloxi River Estates, Unit 1 (Re-subdivision), Block 23, Lots 3 and 4,** First Judicial District, Harrison County, Mississippi

WITNESS MY SIGNATURE on this the 21 day of December, 2023.

ELLIOTT HOMES, LLC

Re: **Recommendation to Accept Perpetual Utility Easement**
- Elliot Homes, LLC
- Lots 3 & 4, Block 23, Unit One, Biloxi River Estates

Attached for your consideration is the perpetual utility easement for the referenced lots. Elliot Homes, LLC is providing a utility easement to serve sewer to Lot 3 where no sewer service currently exists. Providing service from the rear allows for easier installation and minimal disturbance to the Kelly Street and Boles Boulevard right of ways.

I recommend approval of this item.
