Dear Council Members:

I respectfully submit to you for confirmation the re-appointment of Mr. Donald Knox to serve on the Civil Service Commission. His initial appointment took place in June 2016, representing Ward 3.

Mr. Knox is a retired firefighter for the City of Gulfport and has served our employees with a true sense of honor and commitment. I ask that he be re-appointed for a full-six year term beginning January 1, 2024 to December 31, 2030.

Your ratification of Mr. Knox's appointment will be greatly appreciated.

Best Regards,

Billy Hewes

Dear Council Members:

I respectfully submit to you for ratification the appointment of Mr. Jeremy Harrison to serve as Director of Engineering for the City of Gulfport. He joined the City of Gulfport team in June 2015 as a staff engineer and currently serves as Assistant Director of Engineering, a position he has held since April 2016.

A graduate of the University of Mississippi with a BS in Civil Engineering, he is responsible for the plan review and inspection of all commercial site plans and all subdivision development, all capital projects as well as the design of in-house construction plans, specifications and estimates. A complete resume' is attached for your review.

I have had the opportunity to work with Jeremy on a number of projects and I am confident in his ability to serve as our City Engineer. Your confirmation of his appointment will be greatly appreciated and will be effective immediately.

Best Regards,

Billy Hewes

Dear Council Members:

I respectfully submit to you for confirmation the appointment of Mr. Tyler Gentry to serve as Director of Public Works for the City of Gulfport. Mr. Gentry joined the city staff in June 2016 as a staff engineer and currently serves as Assistant Director of Public Works over Operations.

Mr. Gentry will assume the duties over the Public Works Department with your ratification. He has been responsible for the contract administration for the City's Privatization Contract and has assisted in overseeing the City's Solid Waste Contract, budget and departmental infrastructure projects. A full resume is attached for your review.

I have full confidence in Tyler's ability to oversee the daily operations of the Public Works Department and look forward to what he will bring to the management of the department. Your ratification of his appointment of Director of Public Works will be greatly appreciated and will be effective immediately.

Best Regards,

Billy Hewes

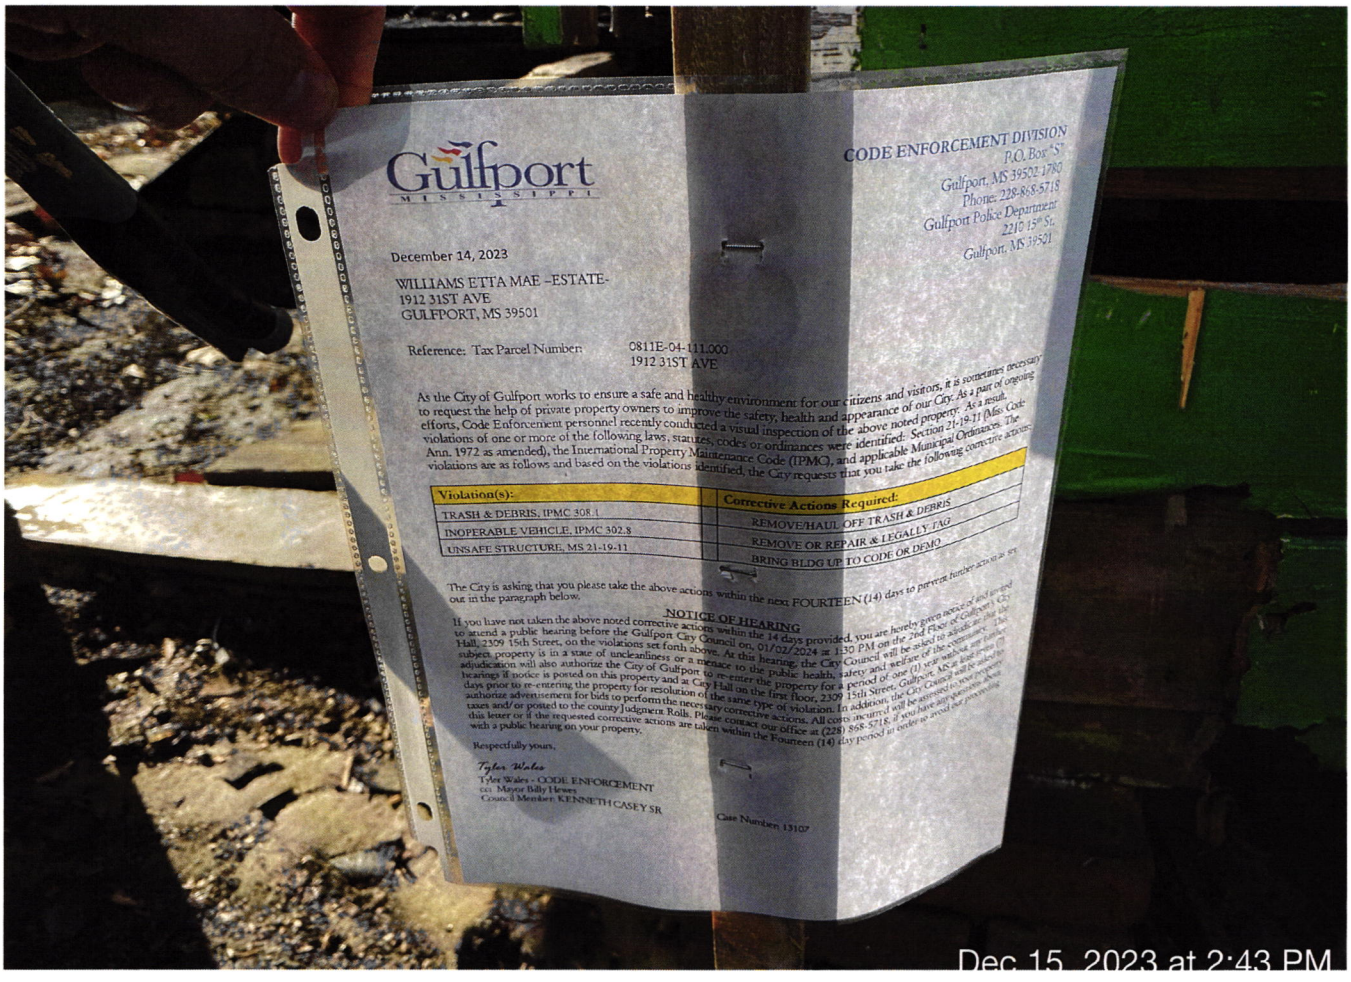
As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:

Violation(s):		Corrective Actions Required:
TRASH & DEBRIS, IPMC 308.1		REMOVE/HAUL OFF TRASH & DEBRIS
INOPERABLE VEHICLE, IPMC 302.8		REMOVE OR REPAIR & LEGALLY TAG
UNSAFE STRUCTURE, MS 21-19-11		BRING BLDG UP TO CODE OR DEMO

The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.



NOTICE OF HEARING

If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 01/02/2024 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanliness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize advertisement for bids to perform the necessary corrective actions. All costs incurred will be assessed to your property taxes and/or posted to the county Judgment Rolls. Please contact our office at (228) 868-5718, if you have any questions about this letter or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.

Respectfully yours,

Tyler Wales

If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 01/02/2024 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanliness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize advertisement for bids to perform the necessary corrective actions. All costs incurred will be assessed to your property taxes and/or posted to the county Judgment Rolls. Please contact our office at (228) 868 5718 if you have any questions about this letter or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.
Respectfully yours,

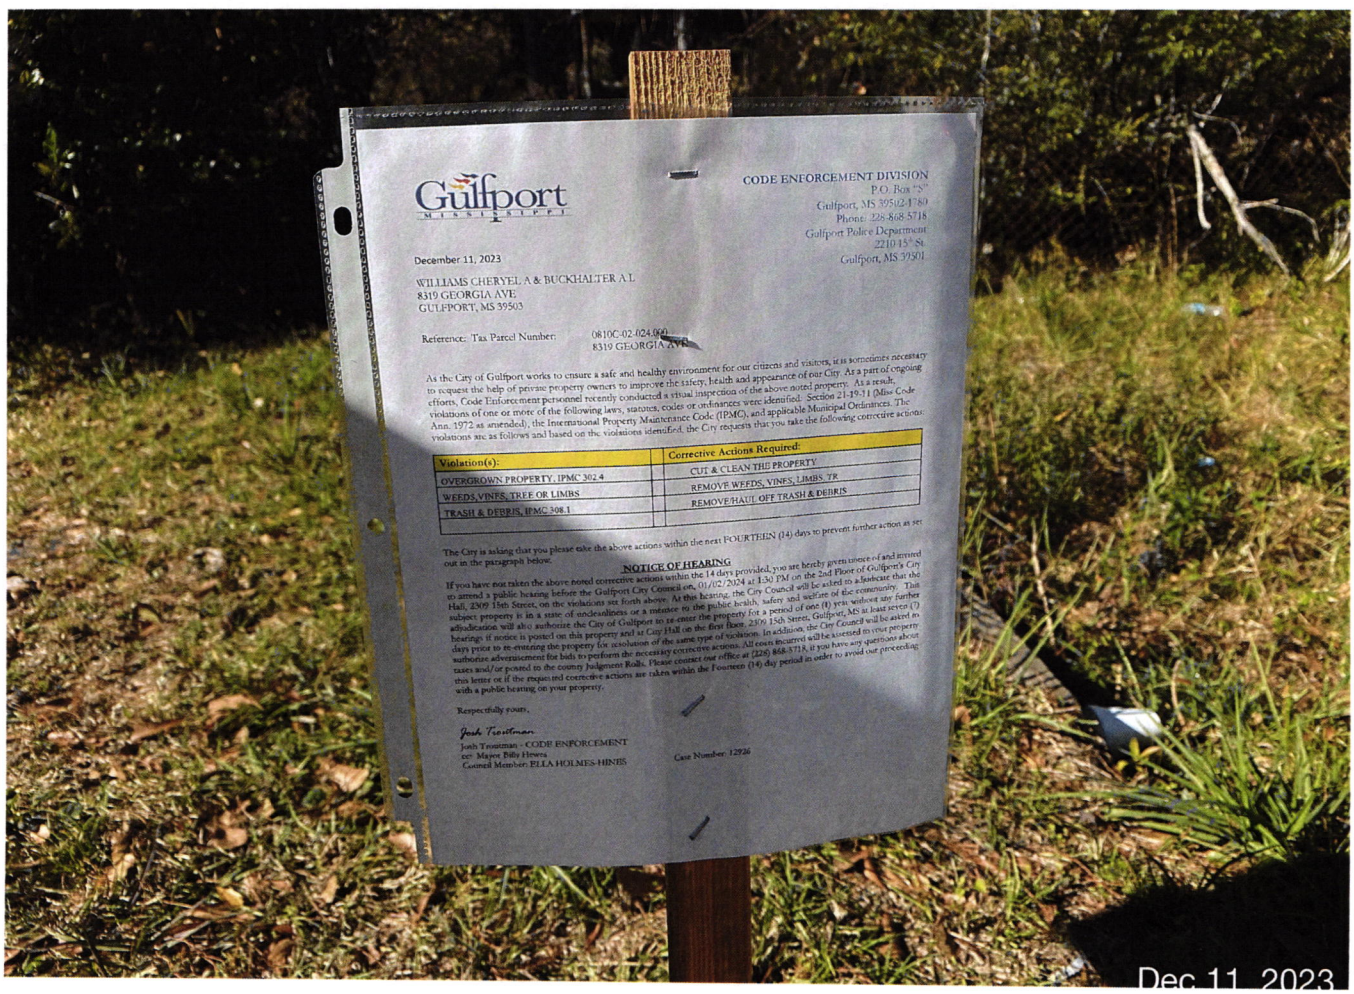
As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:

Violation(s):		Corrective Actions Required:
OVERGROWN PROPERTY, IPMC 302.4		CUT & CLEAN THE PROPERTY
WEEDS,VINES, TREE OR LIMBS		REMOVE WEEDS, VINES, LIMBS, TR
TRASH & DEBRIS, IPMC 308.1		REMOVE/HAUL OFF TRASH & DEBRIS

The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.

NOTICE OF HEARING



If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 01/02/2024 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanliness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. WHEREAS, the Mayor and members of the Council of the City of Gulfport further find, determine and adjudicate that advertisement for bids to clean the above referenced properties should be made in the form and manner by law provided; and

WHEREAS, the Mayor and members of the Council further find, determine and adjudicate that the cost of the demolition and lot cleanup shall not exceed the aggregate amount of $20,000.00 per parcel shall be a lien against said property and shall be enrolled in the office of the Circuit Clerk of the First Judicial District of Harrison County, Mississippi as other judgments are enrolled, and thereafter, the Tax Collector of the Municipality shall, upon order of the Mayor and members of the Council, proceed to sell the herein described land to satisfy said lien as now provided by law for the sale of land for delinquent municipal taxes.

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND MEMBERS OF THE COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the City Clerk be and is hereby authorized to advertise for bids to clean the property described above lying and being within the City of Gulfport, First Judicial District of Harrison County, Mississippi.

SECTION 3. That the cost of cleanup of the herein described property, including any penalty assessed, shall be a lien against said property and shall be enrolled in the office of the Circuit Clerk of the First Judicial District of Harrison County, Mississippi, and thereafter, the Tax Collector of the City, shall, upon order of the Mayor and members of the Council, proceed to sell the land to satisfy said lien as now provided by law for the sale of lands delinquent municipal taxes.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Kosloski, and was adopted by the following roll call vote:

WHEREUPON the President declared the motion carried and the Resolution adopted, this the 2nd day of January, 2024.

CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:

Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the 3rd day of January, 2024.

APPROVED:

Billy Hewes, Mayor

There came on for consideration at a duly constituted meeting of the City Council and Mayor of the City of Gulfport held on the 2nd day of January, 2024, the following Ordinance:

ORDINANCE NO. 3335

AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF GULFPORT, MISSISSIPPI ADOPTED THE 29TH DAY OF JUNE, 1979, AS AMENDED, TO REZONE CERTAIN PROPERTY FROM ITS PRESENT ZONING CLASSIFICATION OF T5 (URBAN CENTER ZONE) AND T4+ (GENERAL URBAN ZONE "PLUS") DISTRICT TO T4+ (GENERAL URBAN ZONE "PLUS") DISTRICT

WHEREAS, the Mayor and City Council of the City of Gulfport, Mississippi, find and do so determine, based upon the recommendation of the Gulfport City Planning Commission and City departments, and based upon a reasonable consideration of the character of the district and neighborhood and suitability for particular purposes, that ad valorem tax parcel number 0911A-02-107.000 which is generally described as being located North of and adjacent to Beach Drive, South of and adjacent to 16TH Street, East of Palmetto Lane, and West of Church Avenue, should be rezoned from its present classification of T5 (Urban Center Zone) District and T4+ (General Urban Zone "Plus") District to T4+ (General Urban Zone "Plus") District. The Case File Number is 2311PC132; and

WHEREAS, the Mayor and City Council of the City of Gulfport, Mississippi, further find that the applicant in the said Case has demonstrated, by clear and convincing evidence, that a mistake in the original zoning existed or that there has been such a change in the character of the relevant neighborhood and a public need so as to justify the request to rezone the real property identified herein.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1: That the Official Zoning Map of the Comprehensive Zoning Ordinance of the City of Gulfport, adopted the 29th day of June, 1979, as amended, be and the same is hereby amended to provide that the following legally described property **be rezoned from its present classification of T5 (Urban Center Zone) District and T4+ (General Urban Zone "Plus") to T4+ (General Urban Zone "Plus") District.**

Ad valorem tax parcel number 0911A-02-107.000 is legally described as:

> That certain lot or parcel of land situated and being in the Village of Mississippi City, in Fractional Section 1, Township 8 South, Range 11 West, and being described as having a frontage of 190 feet, more or less, on the seashore of the Gulf of Mexico or Mississippi Sound and extending back North therefrom between parallel lines a distance of 480 feet, more or less to the Street commonly known as Second or Sixteenth Street, and being described as:

Beginning at the Northwest corner of the lot of land formerly owned by the heirs of C.E. Young, deceased, and being on the South margin of said Second or Sixteenth Street, and from said point of beginning, running thence West along the South margin of said Second or Sixteenth street a distance of 190 feet, more or less, to the Northeast corner of land formerly of Seamen; running thence South or Southerly along the East line of said former Seamen property a distance of 480 feet, more or less, to the seashore of the Gulf of Mexico or Mississippi Sound, a distance of 190 feet, more or less, to the Southwest corner of said former Young property; running thence North or Northerly along the West line of said property originally of Young, to the point of beginning.

Said parcel of land being bounded on the South by the Gulf of Mexico or Mississippi Sound, on the East by land formerly of Young, on the North by Second or Sixteenth Street and on the West by lands formerly of Seaman.

Together with all aquatic, riparian and littoral right thereunto belonging or in any wise appertaining, and all artesian water rights of every kind and description thereunto belonging or appertaining.

LESS AND EXCEPT that portion of the above described property conveyed to the City of Gulfport by Warranty Deed dated April 17, 2003 and recorded in Deed Book 1624 at Page 572.

SECTION 2: The rezoning of said parcel shall be further subject to the following conditions: The owner, agent or lessee who requested rezoning of the property, which was subsequently rezoned by the Mayor and City Council must secure a building permit from the Building Official and commence construction within one year from the date of approval of rezoning by the City Council. If no building permit has been obtained and said plan development is not completed according to approved plans, the rezoning of said parcel shall be null and void and automatically revert back to its original zoning classification.

See also: COMPREHENSIVE ZONING ORDINANCE {Section IX (3) (b)} Reversion.

SECTION 3: This ordinance shall be in full force and effect thirty (30) days after the date of passage. It shall be published according to law and shall be spread on the minutes of the Gulfport City Council.

SECTION 4. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance amends the City's Code of Ordinances and Official Zoning Map by rezoning Tax Parcel No. 0911A-02-107.000 from its present zoning classification of T5 (Urban Center Zone) district and T4+ (General Urban "Plus") district to T4+ (General Urban Zone "Plus") district. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue,

Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Roland, seconded by Councilmember Kosloski, and was adopted by the following roll call vote:

WHEREUPON the President declared the motion carried and the Ordinance adopted, this the 2nd day of January, 2024.

CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:

Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President

The above and foregoing Ordinance having been submitted to and approved by the Mayor, this the 3rd day of January, 2024.

APPROVED:

Billy Hewes, Mayor

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Ordinance:

ORDINANCE NO. 3336

AN ORDINANCE PROVIDING FOR REMOVAL OR DELETION OF THE POSITION OF "DIRECTOR OF PUBLIC WORKS AND ENGINEERING" FROM THE CITY OF GULFPORT, MISSISSIPPI'S SALARY GRADE SCHEDULE, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, the City of Gulfport's Governing Authority utilizes a "Salary Grade Schedule" to memorialize and to effectuate the setting of salaries during the course of each fiscal year and, from time to time, as part of this process there is the need to add and remove positions from this Schedule, such Schedule as previously approved by the Governing Authority on October 6, 2020; and

WHEREAS, the position of "Director of Public Works and Engineering" was previously created and funded by the Governing Authority in Grade 212 in the City's "Salary Grade Schedule" and the City's Administration now reports that there is no longer a need to have this position funded as the Administration is undertaking an effort to fill the previously vacated positions of Director of the Department of Public Works and Director of the Department of Engineering, and, therefore, such position of "Director of Public Works and Engineering" can now be removed or deleted from the City's "Salary Grade Schedule."

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned "Director of Public Works and Engineering" position shall be, and hereby is, removed and deleted from the City's "Salary Grade Schedule" currently in effect.

SECTION 3. To provide for the immediate and temporary preservation of the public peace, health and safety, this Ordinance shall be in full force and become effective upon its passage by unanimous vote and enactment according to law and shall be spread on the minutes of the Gulfport City Council. The Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage.

SECTION 4. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance deletes and removes the position of 'Director of Public Works and Engineering from the City of Gulfport's 'Salary Grade Schedule.' A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Walker, and was adopted by the following roll call vote:

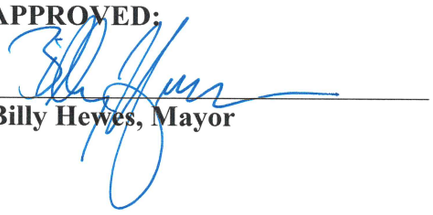
CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:



Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President

The above and foregoing Ordinance having been submitted to and approved by the Mayor, this the 3rd day of January, 2024.

APPROVED:

Billy Hewes, Mayor

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Ordinance:

ORDINANCE NO. 3337

AN ORDINANCE PROVIDING FOR REMOVAL OR DELETION OF THE POSITION OF "ASSISTANT DIRECTOR" IN THE DEPARTMENT OF PUBLIC WORKS FROM THE CITY OF GULFPORT, MISSISSIPPI'S SALARY GRADE SCHEDULE, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, the City of Gulfport's Governing Authority utilizes a "Salary Grade Schedule" to memorialize and to effectuate the setting of salaries during the course of each fiscal year and, from time to time, as part of this process there is the need to add and remove positions from this Schedule, such Schedule as previously approved by the Governing Authority on October 6, 2020; and

WHEREAS, the position of "Assistant Director" in the City of Gulfport's Department of Public Works was previously created and funded by the Governing Authority in Grade 209 in the City's "Salary Grade Schedule" and the City's Administration now reports that there is no longer a need to have this position funded as the Administration is undertaking an effort to fill the previously vacated positions of Director of the Department of Public Works and Director of the Department of Engineering, with the former such position being filled by an employee who has been serving in this Assistant Director position, and, therefore, such position of "Assistant Director" can now be removed or deleted from the City's "Salary Grade Schedule."

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned "Assistant Director" position in the City's Department of Public Works shall be, and hereby is, removed and deleted from the City's "Salary Grade Schedule" currently in effect, with such removal and deletion to be effective upon the aforementioned employee's ratification of appointment to the Director position in this Department.

SECTION 3. To provide for the immediate and temporary preservation of the public peace, health and safety, this Ordinance shall be in full force and become effective upon its passage by unanimous vote and enactment according to law and shall be spread on the minutes of the Gulfport City Council. The Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage.

SECTION 4. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance deletes and removes the position of 'Assistant Director' in the City's Department of Public Works from the City's 'Salary Grade Schedule.' A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Walker, and was adopted by the following roll call vote:

APPROVED:

Billy Hewes, Mayor

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Ordinance:

ORDINANCE NO. 3338

AN ORDINANCE PROVIDING FOR THE SALARY OF COMPENSATION FOR THE "DIRECTOR OF ENGINEERING DEPARTMENT" POSITION (GRADE 212) IN THE CITY OF GULFPORT, MISSISSIPPI AND FOR THOSE EMPLOYEES SERVING IN THIS POSITION, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, the position of Director of Engineering Department was previously vacated (and related required de-funding in accordance with the Governing Authority's adopted Ordinance pertaining to the same) and there is a need to re-fund this position in view of an appointment to this position to be submitted to the City Council for ratification; and

WHEREAS, the salary of compensation for the employees holding the following position shall fall within the ranges set for the corresponding Grade noted and should be presently set at the noted Steps within this Grade: "Director of Engineering Department" (one (1) position), which shall fall within the range set for Grade 212 ($77,187.06 - $114,921.02); and

WHEREAS, the salary of compensation as set out herein is in accord with the new (and now existing) grade schedule of the City of Gulfport, and the one (1) "Director of Engineering Department" position is hereby being added to the "Salary Grade Schedule" previously approved by the City Governing Authority on October 6, 2020.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned one (1) "Director of Engineering Department" position is hereby added to and funded as the only such position in "Grade 212" in the new/latest grade schedule for salaries of compensation previously approved by the City's Governing Authority on October 6, 2020, (generally referred to as the "Salary Grade Schedule"), with funds hereby budgeted up to Step 17 for this position.

SECTION 3. That the salary of compensation for the employee holding this one (1) position (the "Director of Engineering Department" position) shall be within the range and presently set within the range of amounts provided herein and in the preamble.

SECTION 4. That those employees employed by the City on or before September 30, 2009, shall continue to receive Longevity Pay and Education Pay (at the rate and in accord with the policies governing the same (which are hereby incorporated herein by reference and made effective hereby) in effect on September 30, 2009) to the extent that they are otherwise eligible for that pay and those noted employees entitled to a Cost of Living Adjustment (COLA) per prior budget adoptions shall continue to receive the COLA in addition to the base pay salaries of compensation set forth herein.

SECTION 5. To provide for the immediate and temporary preservation of the public peace, health and safety, this Ordinance shall be in full force and become effective upon its passage by unanimous vote and enactment according to law and shall be spread on the minutes of the Gulfport City Council. The Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage.

SECTION 6. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance provides for the salary of compensation for one (1) 'Director of Engineering Department' position in Grade 212 in the City's 'Salary Grade Schedule' and for those employees serving in this position. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

Billy Hewes, Mayor

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE RENEWAL OF PLANNED SERVICE AGREEMENT WITH JOHNSON CONTROLS, AND FOR RELATED PURPOSES

WHEREAS, it is necessary that the fire alarm, fire suppression, gas and sprinkler systems in the Robert J. Curry Public Safety Center (hereinafter, "Curry Building") be inspected and serviced on a periodic basis to ensure that they are operational; and

WHEREAS, Johnson Controls has provided this service to the City of Gulfport since the time of the completion and occupancy of the Curry Building; and

WHEREAS, the City of Gulfport, and, in particular, the Gulfport Police Department desire to continue the relationship with Johnson Controls as to the services noted above; and

WHEREAS, due to delays in processing, it is necessary to amend the term of the contract as more fully set forth in the Renewal Quote associated with the "Planned Service Agreement" attached hereto as Exhibit "A"; and

WHEREAS, a proposed Renewal of the "Planned Service Agreement" with Johnson Controls is attached hereto as Exhibit "A" for consideration by the Council and approval thereof is believed to be in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the Agreement Renewal between the City of Gulfport and Johnson Controls be and the same is hereby approved in substantially the same form (as is found in

Exhibit "A" to this resolution and to the extent that it complies with Mississippi law, and the Mayor is, hereby, authorized to execute and deliver the same on behalf of the City of Gulfport.

Section 3. That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Kosloski, and was adopted by the following roll call vote:

YEAS:	**NAYS:**	**ABSENT:**
Roland	**None**	**Casey**
Holmes-Hines		
Walker		
Sharp		
Flowers		
Kosloski		

WHEREUPON the President declared the motion carried and the Resolution adopted, this the 2nd day of January, 2024.

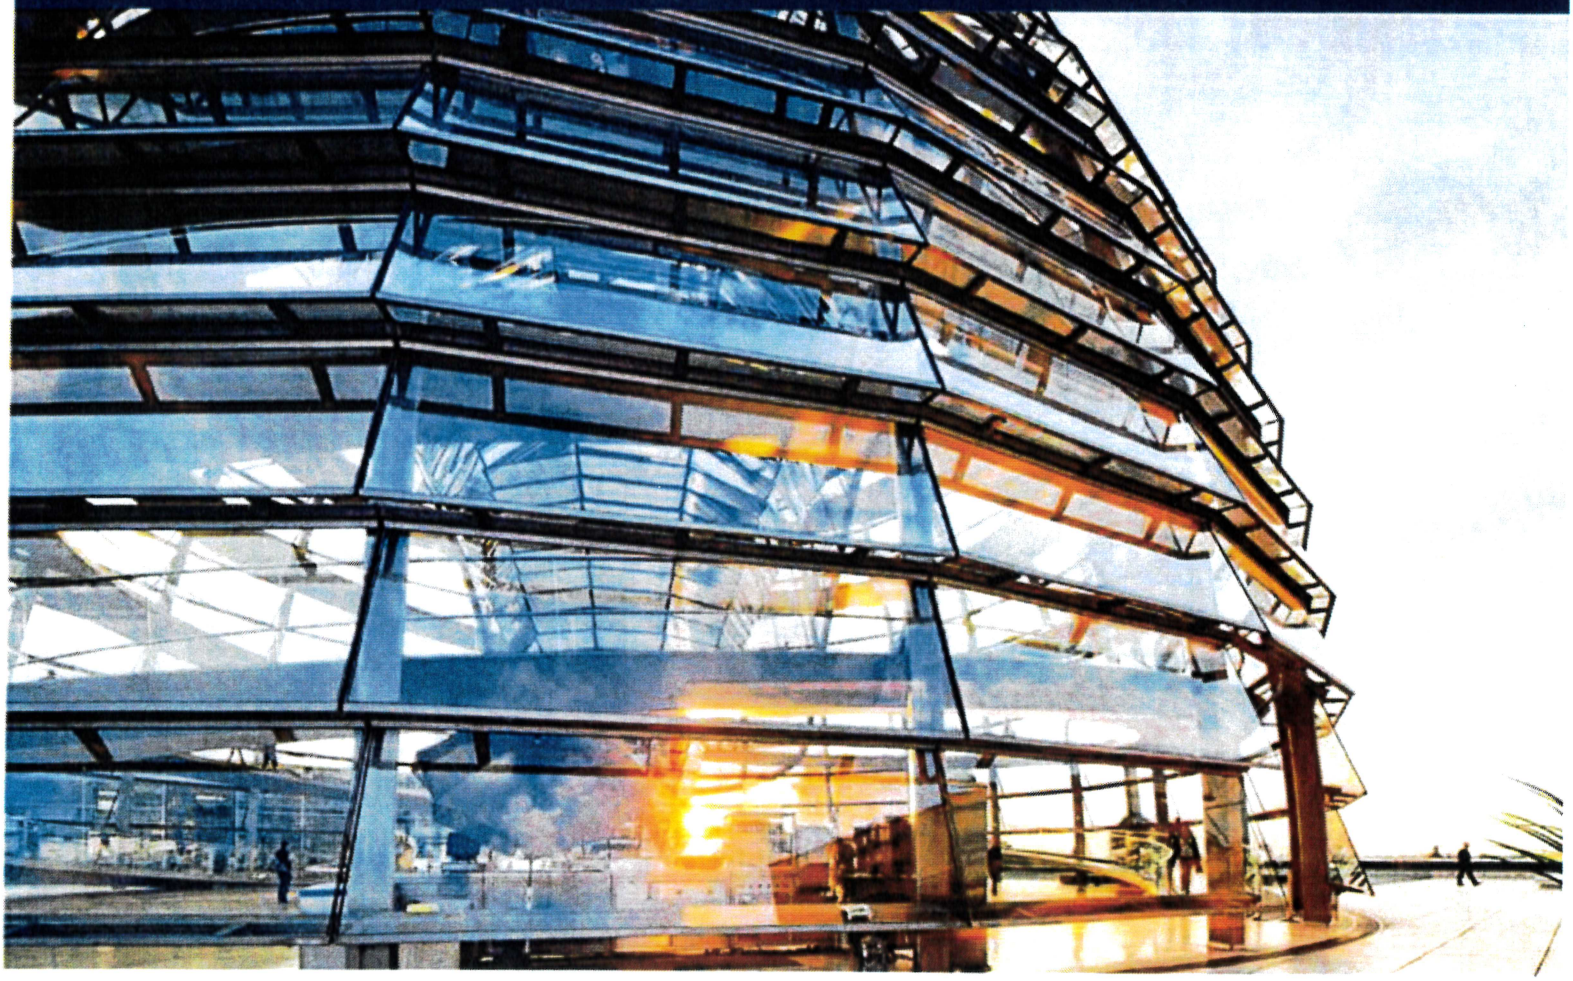
CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:

Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President



The above and foregoing Resolution having been submitted to and approved by the Mayor, this the 3rd day of January, 2024.

APPROVED:

The Power behind your mission

Johnson Controls

Chad Pannell
chad.pannell@jci.com
13032222185

Thank you for the courtesy and cooperation extended to me during my recent visit and subsequent discussions regarding your life safety service needs. Enclosed is a proposal for your review that will cover all your various needs including:

- Fire Alarm Inspections and Maintenance - to ensure that your system is operating at peak performance
- Sprinkler Inspections - making sure that should a fire occur; the sprinkler system will be ready to put out the flames
- Suppression - to periodically review the fire extinguishers so that employees can utilize a fully operational tool in the event of an emergency
- Potential insurance discounts
- Peace of Mind
- Reliable software and hardware
- Award winning support services
- Code compliance

Johnson Controls

SERVICE SOLUTION

TERMS AND CONDITIONS

1. Term. The Initial Term of this Agreement shall commence on the date of this Agreement and continue for the period indicated in this Agreement. At the conclusion of the Initial Term, this Agreement shall automatically extend for successive terms equal to the Initial Term (subject to Section 3) unless either party gives written notice to the other party at least thirty (30) days prior to the end of the then-current term (each a ("Renewal Term").

2. Payment and Invoicing. Unless otherwise agreed by the parties in writing, fees for Services to be performed shall be paid annually in advance. Unless otherwise agreed to by the parties, amounts are due upon receipt of the invoice by Customer. Invoices shall be paid by Customer via electronic delivery via EFT/ACH. Invoicing disputes must be identified in writing within 21 days of the invoice date. Payments of any disputed amounts are due and payable upon resolution. Payment is a condition precedent to Company's obligation to perform Services under the Agreement. Work performed on a time and material basis shall be at the then-prevailing Company rate for material, labor, and related items, in effect at the time supplied under this Agreement. Customer acknowledges and agrees that timely payments of the full amounts listed on invoices is an essential term of this Agreement and Customer's failure to make payment in full when due is a material breach of this Agreement. Customer further acknowledges that if there is any amount outstanding on an invoice, it is material to Company and will give Company, without prejudice to any other right or remedy, the right to, without notice: (i) suspend, discontinue or terminate performing any Services and/or withhold further deliveries of equipment and other materials, terminate or suspend any unpaid software licenses, and/or suspend Company's obligations under or terminate this Agreement; and (ii) charge Customer interest on the amounts unpaid at a rate equal to the lesser of one and one half (1.5) percent per month or the maximum rate permitted under applicable law, until payment is made in full. Company's election to continue providing future services does not, in any way diminish Company's right to terminate or suspend services or exercise any or all rights or remedies under this Agreement. Company shall not be liable for any damages, claims, expenses, or liabilities arising from or relating to suspension of Services for non-payment. In the event that there are exigent circumstances requiring services or the Company otherwise performs Services at the premises following suspension, those services shall be governed by the terms of this Agreement unless a separate contract is executed. If Customer disputes any late payment notice or Company's efforts to collect payment, Customer shall immediately notify Company in writing and explain the basis of the dispute. Customer agrees to pay all of Company's reasonable collection costs, including legal fees and expenses. Customer shall provide financial information requested by Company to verify Customer's ability to pay for goods or services. If Customer fails to provide financial information or if Company, in its sole discretion determines that reasonable grounds exist to question Customer's ability or willingness to make payments when due (e.g., not making payments when due, late payments, or a reduction in Customer's credit score), Company may defer shipments, change payment terms, require cash in advance and/or require other security, without liability and without waiving any other remedies Company may have against Customer. Company shall provide Customer with advance written notice of changes to payment terms.

3. Pricing. The pricing set forth in this Agreement is based on the number of devices and services to be performed as set forth in this Agreement. If the actual number of devices installed or services to be performed is greater than that set forth in this Agreement, the price will be increased accordingly. Company may increase prices upon notice to Customer to reflect increases in material and labor costs. All stated prices are exclusive of and Customer agrees to pay any taxes, fees, duties, tariffs, false alarm assessments, installation or alarm permits and levies or other similar charges imposed and/or enacted by a government, however designated or imposed, including but not limited to value-added and withholding taxes that are levied or based upon the amounts paid under this Agreement. This Agreement is entered into with the understanding that the services to be provided by Company are not subject to any local, state, or federal prevailing wage statute. If it is later determined that local, state, or federal prevailing wage rates apply to the services to be provided by Company, Company reserves the right to issue a modification or change order to adjust the wage rates to the required prevailing wage rate. Customer agrees to pay for the applicable prevailing wage rates. Prices in any quotation or proposal from Company are subject to change upon notice sent to Customer at any time before the quotation or proposal has been accepted. Company will provide Customer with notice of any pricing adjustments applicable to any Renewal Term no later than 45 days prior to the commencement of that Renewal Term. Unless Customer terminates the Agreement at least thirty (30) days prior to the start of such Renewal Term, the adjusted price shall be the price for the Renewal Term.

Prices for products covered by this Agreement may be adjusted by Company, upon notice to Customer at any time prior to shipment and regardless of Customer's acceptance of the Company's proposal or quotation, to reflect any increase in Company's cost of raw materials (e.g., steel, aluminum) inability to secure Products, changes or increases in law, labor, taxes, duties, tariffs or quotas, acts of government, any similar charges, or to cover any extra, unforeseen and unusual cost elements.

4. Code Compliance. Company does not undertake an obligation to inspect for compliance with laws or regulations unless specifically stated in this Agreement. Customer acknowledges that the Authority Having Jurisdiction (e.g., Fire Marshal) may establish additional requirements for compliance with local codes. Any additional services or equipment required will be provided at an additional cost to Customer.

5. Limitation of Liability; Limitations of Remedy. Customer understands that Company offers several levels of protection services and that the level described has been chosen by Customer after considering and balancing various levels of protection afforded and their related costs. **It is understood and agreed by Customer that Company is not an insurer and that insurance coverage shall be obtained by Customer and that amounts payable to Company hereunder are based upon the value of the services and the scope of liability set forth in this Agreement and are unrelated to the value of Customer's property and the property of others located on the premises. Customer agrees to look exclusively to Customer's insurer to recover for injuries or damage in the event of any loss or injury. Customer releases and waives all right of recovery against Company arising by way of subrogation. Company makes no guaranty or warranty, including any implied warranty of merchantability or fitness for a particular purpose that equipment or services supplied by Company will detect or avert occurrences or the consequences therefrom that the equipment or service was designed to detect or avert. It is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from failure on the part of Company to perform any of its obligations under this Agreement. Accordingly, Customer agrees that Company shall be exempt from liability for any loss, damage or injury arising directly or indirectly from occurrences, or the consequences therefrom, which the equipment or service was designed to detect or avert. Should Company be found liable for any loss, damage or injury arising from a failure of the equipment or service in any respect, Company's liability for Services performed on-site at Customer's premises shall be limited to an aggregate amount equal to the Agreement price (as increased by the price for any additional work) or, where the time and material payment term is selected, Customer's time and material payments to Company. Where this Agreement covers multiple sites, liability shall be limited to the amount of the payments allocable to the site where the incident occurred. Company's liability with respect to Monitoring Services is set forth in Section 17 of this Agreement. Such sum shall be complete and exclusive. IN NO EVENT SHALL COMPANY BE LIABLE, FOR ANY DAMAGE, LOSS, INJURY, OR ANY OTHER CLAIM ARISING FROM ANY SERVICING, ALTERATIONS, MODIFICATIONS, CHANGES, OR MOVEMENTS OF THE COVERED SYSTEM(S), AS HEREINAFTER DEFINED, OR ANY OF ITS COMPONENT PARTS BY CUSTOMER OR ANY THIRD PARTY. To the maximum extent permitted by law, in no event shall Company and its affiliates and their respective personnel, suppliers and vendors be liable to Customer or any third party under any cause of action or theory of liability, even if advised of the possibility of such damages, for any (a) special, incidental, consequential, punitive or indirect damages of any kind; (b) loss of profits, revenues, data, customer opportunities, business, anticipated savings or goodwill; (c) business interruption; or (d) data loss or other losses arising from viruses, ransomware, cyber-attacks or failures or interruptions to network systems. The limitations of liability set forth in this Agreement shall inure to the benefit of all parents, subsidiaries and affiliates of Company, whether direct or indirect, Company's employees, agents, officers and directors.**

6. Reciprocal Waiver of Claims (SAFETY Act). Certain of Company's systems and services have received Certification and/or Designation as Qualified Anti-Terrorism Technologies ("QATT") under the Support Anti-terrorism by Fostering Effective Technologies Act of 2002, 6 U.S.C. §§ 441-444 (the "SAFETY Act"). As required under 6 C.F.R. 25.5 (e), to the maximum extent permitted by law, Company and Customer hereby agree to waive their right to make any claims against the other for any losses, including business interruption losses, sustained by either party or their respective employees, resulting from an activity resulting from an "Act of Terrorism" as defined in 6 C.F.R. 25.2, when QATT have been deployed in defense against, response to, or recovery from such Act of Terrorism.

7. Indemnity. Customer agrees to indemnify, hold harmless and defend Company against any and all losses, damages, costs, including expert fees and costs, and expenses including reasonable defense costs, arising from any and all third party claims for personal injury, death, property damage or economic loss, arising in any way from any act or omission of Customer or Company relating in any way to this Agreement, including but not limited to the Services under this Agreement, whether such claims are based upon contract, warranty, tort (including but not limited to active or passive negligence), strict liability or otherwise. Company reserves the right to select counsel to represent it in any such action. Customer's responsibility with respect to indemnification and defense of Company with respect to Monitoring Services is set forth in Section 17 of this Agreement.

8. General Provisions. Customer has selected the service level desired after considering and balancing various levels of protection afforded and their related costs. All work to be performed by Company will be performed during normal working hours of normal working days (8:00 a.m. - 5:00

© 2023 Johnson Controls. All rights reserved

p.m., Monday through Friday, excluding Company holidays), as defined by Company, unless additional times are specifically described in this Agreement. All work performed unscheduled unless otherwise specified in this Agreement. Appointments scheduled for four-hour window. Additional charges may apply for special scheduling requests (e.g. working around equipment shutdowns, after hours work). Company will perform the services described in the Service Solution ("Services") for one or more system(s) or equipment as described in the Service Solution or the listed attachments ("Covered System(s)"). UNLESS OTHERWISE SPECIFIED IN THIS AGREEMENT, ANY INSPECTION (AND, IF SPECIFIED, TESTING) PROVIDED UNDER THIS AGREEMENT DOES NOT INCLUDE ANY MAINTENANCE, REPAIRS, ALTERATIONS, REPLACEMENT OF PARTS, OR ANY FIELD ADJUSTMENTS WHATSOEVER, NOR DOES IT INCLUDE THE CORRECTION OF ANY DEFICIENCIES IDENTIFIED BY COMPANY TO CUSTOMER COMPANY SHALL NOT BE RESPONSIBLE FOR EQUIPMENT FAILURE OCCURRING WHILE COMPANY IS IN THE PROCESS OF FOLLOWING ITS INSPECTION TECHNIQUES, WHERE THE FAILURE ALSO RESULTS FROM THE AGE OR OBSOLESCENCE OF THE ITEM OR DUE TO NORMAL WEAR AND TEAR. THIS AGREEMENT DOES NOT COVER SYSTEMS, EQUIPMENT, COMPONENTS OR PARTS THAT ARE BELOW GRADE, BEHIND WALLS OR OTHER OBSTRUCTIONS OR EXTERIOR TO THE BUILDING, ELECTRICAL WIRING, AND PIPING

9. Customer Responsibilities. Customer shall regularly test the System(s) in accordance with applicable law and manufacturers' and Company's recommendations. Customer shall promptly notify Company of any malfunction in the Covered System(s) which comes to Customer's attention. This Agreement assumes any existing system(s) are in operational and maintainable condition as of the Agreement date. If, upon inspection, Company determines that repairs are recommended, repair charges will be submitted for approval by Customer's on-site representative prior to work. Should such repair work be declined, Company shall be relieved from any and all liability arising therefrom. Customer further agrees to:

- provide Company clear access to Covered System(s) to be serviced including, if applicable, lift trucks or other equipment needed to reach inaccessible equipment;
- supply suitable electrical service, heat, heat tracing adequate water supply, and required system schematics and/or drawings;
- notify all required persons, including but not limited to authorities having jurisdiction, employees, and monitoring services, of scheduled testing and/or repair of systems;
- provide a safe work environment;
- in the event of an emergency or Covered System(s) failure, take reasonable precautions to protect against personal injury, death, and/or property damage and continue such measures until the Covered System(s) are operational; and
- comply with all laws, codes, and regulations pertaining to the equipment and/or Services provided under this Agreement.

Customer represents and warrants that it has the right to authorize the Services to be performed as set forth in this Agreement. Customer is solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network") and shall supply Company secure Network access for providing its services. Products networked, connected to the internet, or otherwise connected to computers or other devices must be appropriately protected by Customer and/or end user against unauthorized access. Customer is responsible to take appropriate measures, including performing back-ups, to protect information, including without limit data, software, or files (collectively "Data") prior to receiving the service or products.

10. Repair Services. Where Customer expressly includes repair, replacement, and emergency response services in the Service Solution section of this Agreement, such Services apply only to the components or equipment of the Covered System(s). Customer agrees to promptly request repair services in the event the System becomes inoperable or otherwise requires repair. The Agreement price does not include repairs to the Covered System(s) recommended by Company as a result of an inspection, for which Company will submit independent pricing to Customer and as to which Company will not proceed until Customer authorizes such work and approves the pricing. Repair or replacement of non-maintainable parts of the Covered System(s) including, but not limited to, unit cabinets, insulating material, electrical wiring, structural supports, and all other non-moving parts, is not included under this Agreement.

11. System Equipment. The purchase of equipment or peripheral devices, (including but not limited to smoke detectors, passive infrared detectors, card readers, sprinkler system components, extinguishers and hoses) from Company shall be subject to the terms and conditions of this Agreement. If, in Company's sole judgment, any peripheral device or other system equipment, which is attached to the Covered System(s), whether provided by Company, Customer or a third party, interferes with the proper operation of the Covered System(s), Customer shall remove or replace such device or equipment promptly upon notice from Company. Failure of Customer to remove or replace the device shall constitute a material breach of this Agreement. If Customer adds any third party device or equipment to the Covered System(s), Company shall not be responsible for any damage to or failure of the Covered System(s) caused in whole or in part by such device or equipment.

12. Reports. Where inspection and/or test services are selected, such inspection and/or test shall be completed on Company's then current report form, which shall be given to Customer, and, where applicable, Company may submit a copy thereof to the local authority having jurisdiction. The report and recommendations by Company are only advisory in nature and are intended to assist Customer in reducing the risk of loss to property by indicating obvious defects or impairments noted to the system and equipment inspected and/or tested. They are not intended to imply that no other defects or hazards exist or that all aspects of the Covered System(s), equipment, and components are under control at the time of inspection. Final responsibility for the condition and operation of the Covered System(s) and equipment and components lies with Customer.

13. Availability and Cost of Steel, Plastics & Other Commodities. Company shall not be responsible for failure to provide services, deliver products, or otherwise perform work required by this Agreement due to lack of available steel products or products made from plastics or other commodities. In the event Company is unable, after reasonable commercial efforts, to acquire and provide steel products, or products made from plastics or other commodities, if required to perform work required by this Agreement, Customer hereby agrees that Company may terminate the Agreement, or the relevant portion of the Agreement, at no additional cost and without penalty. Customer agrees to pay Company in full for all work performed up to the time of any such termination.

14. Confined Space. If access to confined space by Company is required for the performance of Services, Services shall be scheduled and performed in accordance with Company's then-current hourly rate.

15. Hazardous Materials. Customer represents that, except to the extent that Company has been given written notice of the following hazards prior to the execution of this Agreement, to the best of Customer's knowledge there is no:

- Space in which work must be performed that, because of its construction, location, contents or work activity therein, accumulation of a hazardous gas, vapour, dust or fume or the creation of an oxygen-deficient atmosphere may occur;
- "permit confined space," as defined by OSHA for work Company performs in the United States;
- risk of infectious disease;
- need for air monitoring, respiratory protection, or other medical risk; or
- asbestos, asbestos-containing material, formaldehyde or other potentially toxic or otherwise hazardous material contained in or on the surface of the floors, walls, ceilings, insulation or other structural components of the area of any building where work is required to be performed under this Agreement.

All of the above are hereinafter referred to as "Hazardous Conditions." Company shall have the right to rely on the representations listed above. If Hazardous Conditions are encountered by Company during the course of Company's work, the discovery of such materials shall constitute an event beyond Company's control, and Company shall have no obligation to further perform in the area where the Hazardous Conditions exist until the area has been made safe by Customer as certified in writing by an independent testing agency, and Customer shall pay disruption expenses and re-mobilization expenses as determined by Company. This Agreement does not provide for the cost of testing involving a discharge or release, capture, containment, transport, removal, or disposal (collectively, the "Discharge Services") of any hazardous waste materials, hazardous materials, firefighting materials including without limitation any firefighting foam encountered in and/or discharged from any of the Covered System(s) and/or during performance of the Services. Said materials shall at all times remain the responsibility and property of Customer.Customer shall be responsible for any Discharge Services associated with such materials, including all discharged firefighting foam in accordance with all applicable law. Company shall not be responsible for the testing, removal or disposal of such hazardous materials.Customer shall indemnify and hold Company harmless from and against any and all claims, demands and/or damages arising in whole or in part from the use of or any Discharge Services associated with any hazardous waste, hazardous materials, or firefighting materials including without limitation firefighting foam encountered or discharged during performance of the Services.

16. Other Services.

A. Remote Service. If Customer selects Remote Service, Company shall provide support for the Customer's system by way of education, remote assistance and triage that does not require programming changes to the Customer's panel. In addition, Remote Service does not include service to address physical damage to the system or a device; troubleshoot wiring issues; programming changes and/or relocating, remounting, reconnecting, or adding a device to the system. Customer understands and agrees that, while Remote Service provides for communication regarding Customer's fire alarm system to Company via the Internet, Remote Service does not constitute monitoring of the system, and Customer understands that Remote Service does not provide for Company to contact the fire department or other authorities in the event of a fire alarm. Customer understands that if it wishes to receive monitoring of its fire alarm system and notification of the fire department or other authorities in the event of a fire alarm, it must select monitoring services as a

© 2023 Johnson Controls. All rights reserved

separate Service under this Agreement. **CUSTOMER FURTHER UNDERSTANDS AND AGREES THAT THE TERMS OF SECTION 17.F OF THIS AGREEMENT APPLY TO REMOTE SERVICE.**

B. Connected Fire Sprinkler Services; Connected Fire Alarm Services. Connected Fire Sprinkler Services and Connected Fire Alarm Serviceseach means a data-analytics and software platform that uses a cellular or network connection to gather equipment performance data about a Customer's Covered Equipment for Customer's sprinkler system or fire alarm system, as applicable, to assist Company in advising Customer on such equipment's health, performance or potential malfunction. Connected Fire Sprinkler Services and Connected Fire Alarm Services are collectively, the Connected Equipment Services. If Customer has purchased Connected Fire Sprinkler Services and/or Connected Fire Alarm Services on any Covered Equipment, Customer agrees to allow Company to install diagnostic sensors and communication hardware ("Gateway Device") or Customer will supply a network connection suitable to enable communication with Customer's Covered Equipment in order for Company to deliver the connected services. For more information on whether your equipment includes Connected Fire Sprinkler Services and/or Connected Fire Alarm Services, a subscription to such services and the cost, if any, of such subscription, please see your applicable order, quote, proposal or purchase documentation or talk to your Company sales representative. For certain subscriptions, Customer will be able to access equipment information from a mobile or smart device using the service's mobile or web app. The Gateway Device will be used to access, store, and trend data for the purposes of providing Connected Fire Sprinkler Services. Company will not use Connected Fire Sprinkler Services or the Connected Fire Alarm Services to remotely operate or make changes to Customer's Equipment. If the connection is disconnected by Customer, and a technician needs to be dispatched to the Customer site, then the Customer will pay Company at Company's then-current standard applicable contract regular time and/or overtime rate for such services. **Company makes no warranty or guarantee relating to the Connected Fire Sprinkler Services or Connected Fire Alarm Services. Customer acknowledges that, while Connected Fire Alarm Services or Connected Sprinkler Services generally improve equipment performance and services, these services do not prevent all potential malfunction, insure against all loss or guarantee a certain level of performance and that Company shall not be responsible for any injury, loss, or damage caused by any act or omission of Company related to or arising from the proactive health notifications of the equipment under Connected Equipment Services. Customer understands that if it wishes to receive monitoring of its fire alarm system or sprinkler system and notification of the fire department or other authorities in the event of an alarm, it must select monitoring services as a separate Service under this Agreement. CUSTOMER FURTHER UNDERSTANDS AND AGREES SECTION 19 (SOFTWARE AND DIGITAL SERVICES) APPLY TO CONNECTED FIRE ALARM SERVICES AND CONNECTED SPRINKLER SERVICES. In the event of a conflict between these terms and the Software Terms, the Software Terms will control.**

C. Dashboards and Mobility Applications for Connected Fire Sprinkler Services and Connected Fire Alarm Services. If Customer has purchased Connected Fire Sprinkler Services and/or Connected Fire Alarm Services, Customer may utilize Company's Dashboard(s) and Mobility Application(s), as applicable, during the term of the Agreement, pursuant to the then applicable Terms of Use Agreement. Terms for the Dashboard are located at www.johnsoncontrols.com/techterms

17. Monitoring Services. If Customer has selected Monitoring Services, the following shall apply to such Services:

A. Alarm Monitoring Service Customer agrees and acknowledges that Company's sole and only obligation under this Agreement shall be to provide alarm monitoring, notification, and/or Runner Services as set forth in this Agreement and to endeavor to notify the party(ies) identified by Customer on the Contact/Call List ("Contacts") and/or Local Emergency Dispatch Numbers for responding authorities. Upon receipt of an alarm signal, Company may, at our sole discretion, attempt to notify the Contacts to verify the signal is not false. If we fail to notify the Contacts or question the response we receive, we will attempt to notify the responding authority. In the event Company receives a supervisory signal or trouble signal, Company shall endeavor to promptly notify one of the Contacts. Company shall not be responsible for a Contact's or responding authority's refusal to acknowledge/respond to Company's notifications of receipt of an alarm signal, nor shall Company be required to make additional notifications because of such refusal. The Contacts are authorized to act on Customer's behalf and, if so designated on the Contact/Call List, are authorized to cancel an alarm prior to the notification of authorities. Customer understands that local laws, ordinances or policies may restrict Company's ability to provide the alarm monitoring and notification services described in this Agreement and/or necessitate modified or additional services and related charges to Customer. Customer understands that Company may employ a number of industry-recognized measures to help reduce occurrences of false alarm signal activations. These measures may include, but are not limited to, implementation of industry-recognized default settings; implementation of "partial clear time bypass" procedures at our alarm monitoring center and other similar measures at our sole discretion from time to time. THESE MEASURES CAN RESULT IN NO ALARM SIGNAL BEING SENT FROM AN ALARM ZONE IN CUSTOMER'S PREMISES AFTER THE INITIAL ALARM ACTIVATION UNTIL THE ALARM SYSTEM IS MANUALLY RESET. Upon receiving notification from Company that a fire or gas detection (e.g. carbon monoxide) signal has been received, the responding authority may forcibly enter the premises. Cellular radio unit test supervision, if provided under this Agreement, provides only the status of the cellular radio unit's current signaling ability at the time of the test communication based on certain programmed intervals and does not serve to detect the potential loss of radio service at the time of an actual emergency event. Company shall not be responsible to provide monitoring services under this Agreement unless and until the communication link between Customer's premises and Company's Monitoring Center has been tested. **SUCH SERVICES ARE PROVIDED WITHOUT WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE**

B. Limitation of Liability; **Limitations of Remedy.** Customer understands that Company offers several levels of Monitoring Services and that the level described has been chosen by Customer after considering and balancing various levels of protection afforded and their related costs. **It is understood and agreed by Customer that Company is not an insurer and that insurance coverage shall be obtained by Customer and that amounts payable to Company hereunder are based upon the value of the Monitoring Services and the scope of liability set forth in this Agreement and are unrelated to the value of Customer's property and the property of others located on the premises. Customer agrees to look exclusively to Customer's insurer to recover for injuries or damage in the event of any loss or injury and that Customer releases and waives all right of recovery against Company arising by way of subrogation. Company makes no guaranty or warranty, including any implied warranty of merchantability or fitness for a particular purpose that equipment or Services supplied by Company will detect or avert occurrences or the consequences therefrom that the equipment or Service was designed to detect or avert. It is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from failure on the part of Company to perform any of its monitoring obligations under this Agreement. Accordingly, Customer agrees that Company shall be exempt from liability for any loss, damage or injury arising directly or indirectly from occurrences, or the consequences therefrom, which the equipment or Service was designed to detect or avert. Should Company be found liable for any loss, damage or injury arising from a failure of the equipment or Service in any respect, Company's liability with respect to Monitoring Services shall be the lesser of the annual fee for Monitoring Services allocable to the site where the incident occurred or two thousand five hundred ($2,500) dollars, as agreed upon damages and not as a penalty, as Customer's sole remedy. Such sum shall be complete and exclusive. IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY DAMAGE, LOSS, INJURY, OR ANY OTHER CLAIM ARISING FROM ANY SERVICING, ALTERATIONS, MODIFICATIONS, CHANGES, OR MOVEMENTS OF THE COVERED SYSTEM(S), AS HEREINAFTER DEFINED, OR ANY OF ITS COMPONENT PARTS BY THE CUSTOMER OR ANY THIRD PARTY. In no event shall Company and its affiliates and their respective personnel, suppliers and vendors be liable to Customer or any third party under any cause of action or theory of liability, even if advised of the possibility of such damages, for any (a) special, incidental, consequential, punitive or indirect damages of any kind, including but not limited to damages; (b) loss of profits, revenues, data, customer opportunities, business, anticipated savings or goodwill; (c) business interruption; or (d) data loss or other losses arising from viruses, ransomware, cyber-attacks or failures or interruptions to network systems. COMPANY SHALL NOT BE LIABLE FOR INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND, INCLUDING BUT NOT LIMITED TO DAMAGES ARISING FROM THE USE, LOSS OF THE USE, PERFORMANCE, OR FAILURE OF THE COVERED SYSTEM(S) TO PERFORM. The limitations of liability set forth in this Agreement shall inure to the benefit of all parents, subsidiaries and affiliates of Company, whether direct or indirect, and each of their employees, agents, officers and directors.**

C. Indemnity, Insurance. Customer agrees to indemnify, hold harmless and defend Company against any and all losses, damages, costs, including expert fees and costs, and expenses including reasonable defense costs, arising from any and all third-party claims for personal injury, death, property damage or economic loss, arising in any way from any act or omission of Customer or Company relating in any way to the Monitoring Services provided under this Agreement, whether such claims are based upon contract, warranty, tort (including but not limited to active or passive negligence), strict liability or otherwise. Company reserves the right to select counsel to represent it in any such action. Customer shall name Company, its officers, employees, agents, subcontractors, suppliers, and representatives as additional insureds on Customer's general liability and auto liability policies.

D. No modification. Modification to Sections 17 B or C may only be made by a written amendment to this Agreement signed by both parties specifically referencing Section 17 B and/or C, and no such amendment shall be effective unless approved by the manager of Company's Central Monitoring Center.

© 2023 Johnson Controls. All rights reserved

E. Customer's Duties. In addition to Customer's duty to indemnify, defend, and hold Company harmless pursuant to this Section 17.

i. Customer agrees to furnish the names and telephone numbers of all persons authorized to enter or remain on Customer's premises and/or that should be notified in the event of an alarm (the Contact/ Call List) and Local Emergency Dispatch Numbers and provide all changes, revision and modifications to the above to Company in writing in a timely manner. Customer must ensure that all such persons are authorized and able to respond to such notification.

ii. Customer shall carefully and properly test and set the system immediately prior to the securing of the premises and carefully test the system in a manner prescribed by Company during the term of this Agreement. Customer agrees that it is responsible for any losses or damages due to malfunction, miscommunication or failure of Customer's system to accurately handle, process or communicate date data. If any defect in operation of the System develops, or in the event of a power failure, interruption of telephone service, or other interruption at Customer's premises of signal or data transmission through any media, Customer shall notify Company immediately. If space/interior protection (i.e. ultrasonic, microwave, infrared, etc.) is part of the System, Customer shall walk test the system in the manner recommended by Company.

iii. When any device or protection is used, including, but not limited to, space protection, which may be affected by turbulence of air, occupied airspace change or other disturbance, forced air heaters, air conditioners, horns, bells, animals and any other sources of air turbulence or movement which may interfere with the effectiveness of the System during closed periods while the alarm system is on, Customer shall notify Company

iv. Customer shall promptly reset the System after any activation.

v. Customer shall notify Company regarding any remodeling or other changes to the protected premises that may affect operation of the system.

vi. Customer shall cooperate with Company in the installation, operation and/or maintenance of the system and agrees to follow all instructions and procedures which may be prescribed for the operation of the system, the rendering of services and the provision of security for the premises.

vii. Customer shall pay all charges made by any telephone or communications provider company or other utility for installation, leasing, and service charges of telephone lines connecting Customer's premises to Company. Customer acknowledges that alarm signals from Customer's premises to Company are transmitted over Customer's telephone or other transmission service and that in the event the telephone or other transmission service is out of order, disconnected, placed on "vacation," or otherwise interrupted, signals from Customer's alarm system will not be received by Company, during any such interruption in telephone or other transmission service and the interruption will not be known to Company. Customer agrees that in the event the equipment or system continuously transmits signals reasonably determined by Company to be false and/or excessive in number, Customer shall be subject to the additional costs and fees incurred by Company in the receiving and/or responding to the excessive signals and/or Company may at its sole discretion terminate this Agreement with respect to Monitoring services upon notice to Customer.

F. Communication Facilities.

i. Authorization. Customer authorizes Company, on Customer's behalf, to request services, orders or equipment from a telephone company, wireless carrier or other company providing communication facilities, signal transmission services or facilities under this Agreement (referred to as "Communication Company"). Should any third-party service, equipment or facility be required to perform the Monitoring Services set forth in this Agreement, and should the same be terminated or become otherwise unavailable or impracticable to provide, Company may terminate Monitoring Services upon notice to Customer.

ii. Digital Communicator. Customer understands that a digital communicator (DACT), if installed under this Agreement, uses traditional telephone lines for sending signals which eliminate the need for a dedicated telephone line and the costs associated with such dedicated lines.

iii. Derived Local Channel. The Communication Company's services provided to Customer in connection with the Services may include Derived Local Channel service. Such service may be provided under the Communication Company's service marks or service names. These services include providing lines, signal paths, scanning and transmission. Customer agrees that the Communication Company's liability is limited to the same extent Company's liability is limited pursuant to this Section 17.

iv. CUSTOMER UNDERSTANDS THAT COMPANY WILL NOT RECEIVE ALARM SIGNALS WHEN THE TELEPHONE LINE OR OTHER TRANSMISSION MODE IS NOT OPERATING OR HAS BEEN CUT, INTERFERED WITH OR IS OTHERWISE DAMAGED OR IF THE ALARM SYSTEM IS UNABLE TO ACQUIRE, TRANSMIT OR MAINTAIN AN ALARM SIGNAL OVER CUSTOMER'S TELEPHONE SERVICE FOR ANY REASON INCLUDING NETWORK OUTAGE OR OTHER NETWORK PROBLEMS SUCH AS CONGESTION OR DOWNTIME, ROUTING PROBLEMS, OR INSTABILITY OF SIGNAL QUALITY. CUSTOMER UNDERSTANDS THAT OTHER POTENTIAL CAUSES OF SUCH A FAILURE OVER CERTAIN TELEPHONE SERVICES (INCLUDING BUT NOT LIMITED TO SOME TYPES OF DSL, ADSL, VOIP, DIGITAL PHONE, INTERNET PROTOCOL BASED PHONE OR OTHER INTERNET INTERFACE-TYPE SERVICE OR RADIO SERVICE, INCLUDING CELLULAR OR PRIVATE RADIO, ETC. ("NON-TRADITIONAL TELEPHONE SERVICE")) INCLUDE BUT ARE NOT LIMITED TO: (1) LOSS OF NORMAL ELECTRIC POWER TO CUSTOMER'S PREMISES (THE BATTERY BACK-UP FOR THE ALARM PANEL DOES NOT POWER TELEPHONE SERVICE); AND (2) ELECTRONICS FAILURES SUCH AS A MODEM MALFUNCTION. CUSTOMER UNDERSTANDS THAT COMPANY WILL ONLY REVIEW THE INITIAL COMPATIBILITY OF CUSTOMER'S ALARM SYSTEM WITH NON-TRADITIONAL TELEPHONE SERVICE AT THE TIME OF INITIAL CONNECTION TO COMPANY'S MONITORING CENTER AND THAT CHANGES IN CUSTOMER'S TELEPHONE SERVICE'S DATA FORMAT AFTER THE INITIAL REVIEW OF COMPATIBILITY COULD MAKE CUSTOMER'S TELEPHONE SERVICE UNABLE TO TRANSMIT ALARM SIGNALS TO COMPANY'S MONITORING CENTERS. IF COMPANY DETERMINES IN ITS SOLE DISCRETION THAT IT IS COMPATIBLE, COMPANY WILL PERMIT CUSTOMER TO USE NON-TRADITIONAL TELEPHONE SERVICE AS THE SOLE METHOD OF TRANSMITTING ALARM SIGNALS, ALTHOUGH CUSTOMER UNDERSTANDS THAT COMPANY RECOMMENDS THE USE OF AN ADDITIONAL BACK-UP METHOD OF COMMUNICATION TO CONNECT CUSTOMER'S ALARM SYSTEM TO THE MONITORING CENTER REGARDLESS OF THE TYPE OF TELEPHONE SERVICE USED. CUSTOMER ALSO UNDERSTANDS THAT IF COMPANY DETERMINES IN ITS SOLE DISCRETION THAT CUSTOMER'S NON-TRADITIONAL TELEPHONE SERVICE IS OR LATER BECOMES NON-COMPATIBLE, OR IF CUSTOMER CHANGES TO ANOTHER NON-TRADITIONAL TELEPHONE SERVICE THAT IS NOT COMPATIBLE, THEN COMPANY REQUIRES THAT CUSTOMER USE AN ALTERNATE METHOD OF COMMUNICATION ACCEPTABLE TO COMPANY AS THE PRIMARY METHOD TO CONNECT CUSTOMER'S ALARM SYSTEM TO THE MONITORING CENTER. CUSTOMER UNDERSTANDS THAT TRANSMISSION OF FIRE ALARM SIGNALS BY MEANS OTHER THAN A TRADITIONAL TELEPHONE LINE MAY NOT BE IN COMPLIANCE WITH FIRE ALARM STANDARDS OR SOME LOCAL FIRE CODES, AND THAT IT IS CUSTOMER'S OBLIGATION TO COMPLY WITH SUCH STANDARDS AND CODES. CUSTOMER ALSO UNDERSTANDS THAT IF THE ALARM SYSTEM HAS A LINE CUT FEATURE, IT MAY NOT BE ABLE TO DETECT IF A NON-TRADITIONAL TELEPHONE SERVICE LINE IS CUT OR INTERRUPTED, AND THAT COMPANY MAY NOT BE ABLE TO PROVIDE CERTAIN AUXILIARY MONITORING SERVICES THROUGH A NON-TRADITIONAL TELEPHONE LINE OR SERVICE. CUSTOMER FURTHER UNDERSTANDS THAT THE ALARM PANEL MAY BE UNABLE TO SEIZE THE PHONE LINE TO TRANSMIT AN ALARM SIGNAL IF ANOTHER CONNECTION IS OFF THE HOOK DUE TO IMPROPER CONNECTION OR OTHERWISE.

G. Verification; Runner Service. Some jurisdictions may require alarm verification by telephone or on-site verification ("Runner Service") before dispatching emergency services. In the event that a requirement of alarm verification becomes effective after the date of this Agreement, such services may be available at an additional charge. Company shall not be held liable for any delay or failure of dispatch of emergency services arising from such verification. Where Runner Service is indicated, such services may be provided by a third party. COMPANY WILL NOT ARREST OR DETAIN ANY PERSON.

H. Personal Emergency Response Service. If Customer has selected Personal Emergency Response Services, Customer agrees that the very nature of Personal Emergency Response Services, irrespective of any delays, involves uncertainty, risk and possible serious injury, disability or death, for which Company should not under any circumstances be held responsible or liable; that the equipment furnished for Personal Emergency Response Services is not foolproof and may experience signal transmission failures or delays for any number of reasons, whether or not our fault or under Company's control; that the actual time required for medical emergency providers to arrive at the premises and/or to transport any person requiring medical attention is unpredictable and that many contributing factors, including but not limited to such things as telephone network operation, distance, weather, road and traffic conditions, alarm equipment function and human factors, both with responding authorities and with Company, may affect response

18. Limited Warranty. COMPANY WARRANTS THAT ITS WORKMANSHIP AND MATERIAL, EXCLUDING MONITORING SERVICES, FURNISHED UNDER THIS AGREEMENT WILL BE FREE FROM DEFECTS FOR A PERIOD OF NINETY (90) DAYS FROM THE DATE OF FURNISHING. No warranty is provided for third-party products and equipment installed or furnished by Company. Such products and equipment are provided with the third-party manufacturer's warranty to the extent available, and Company will transfer the benefits, together with all limitations, of that manufacturer's warranty to Customer. *EXCEPT AS EXPRESSLY SET FORTH HEREIN, COMPANY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO THE SERVICES PERFORMED OR THE PRODUCTS, SYSTEMS OR EQUIPMENT, IF ANY, SUPPORTED HEREUNDER.*

Company makes no and specifically disclaims all representations or warranties that the services, products, software or third party product or software will be secure from cyber threats, hacking or other similar malicious activity, or will detect the presence of, or eliminate, treat, or mitigate the spread transmission, or outbreak of any pathogen, disease, virus or other contagion, including but

© 2023 Johnson Controls. All rights reserved

not limited to COVID 19. Unless agreed to in writing by the parties, any technical support, assistance, or advice ("Technical Support") provided by Company, such as suggestions as to design use and suitability of the equipment or products for the Customer's application, is provided in good faith, but Customer acknowledges and agrees that Company is not the designer, engineer, or installer of record. Any Technical Support is provided for informational purposes only and shall not be construed as a representation or warranty, express or implied, concerning the proper selection, use, and/or application of equipment or products. Customer assumes exclusive responsibility for determining if the equipment and products supplied by Company are suitable for its intended application and all risk and liability, whether based in contract, tort or otherwise, in connection with its application and use of the equipment or products.

19. Software and Digital Services.

Digital Enabled Services; Data. If Company provides Digital Enabled Services under this Agreement, these Digital Enabled Services require the collection, transfer and ingestion of building, equipment, system time series, and other data to Company's cloud-hosted software applications. Customer consents to and grants Company the right to collect, transfer, ingest and use such data to enable Company and its affiliates and agents to provide, maintain, protect, develop and improve the Digital Enabled Services and Company products and services. Customer acknowledges that, while Digital Enabled Services generally improve equipment performance and services, Digital Enabled Services do not prevent all potential malfunction, insure against all loss, or guarantee a certain level of performance. Customer shall be solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network"), shall appropriately protect hardware and products connected to the Network and will supply Company secure Network access for providing its Digital Enabled Services. As used herein, "Digital Enabled Services" mean services provided hereunder that employ Company software and related equipment installed at Customer facilities and Company cloud-hosted software offerings and tools to improve, develop , and enable such services. Digital Enabled Service may include, but are not limited to, (a) remote servicing and inspection, (b) advanced equipment fault detection and diagnostics, and (c) data dashboarding and health reporting. If Customer accesses and uses Software that is used to provide the Digital Enabled Services, the Software Terms (defined below) will govern such access and use.

Digital Solutions. Use, implementation, and deployment of the software and hosted software products ("Software") offered under these terms shall be subject to, and governed by, Company's standard terms for such Software and Software related professional services in effect from time to time at www.johnsoncontrols.com/techterms (collectively, the "Software Terms"). Specifically, the Company General EULA set forth at www.johnsoncontrols.com/buildings/legal/digital/generaleula governs access to and use of software installed on Customer's premises or systems and the Company Terms of Service set forth at www.johnsoncontrols.com/buildings/legal/digital/generaltos govern access to and use of hosted software products. The applicable Software Terms are incorporated herein by this reference. Other than the right to use the Software as set forth in the Software Terms, Company and its licensors reserve all right, title, and interest (including all intellectual property rights) in and to the Software and improvements to the Software. The Software that is licensed hereunder is licensed subject to the Software Terms and not sold. If there is a conflict between the other terms herein and the Software Terms, the Software Terms shall take precedence and govern with respect to rights and responsibilities relating to the Software, its implementation and deployment and any improvements thereto.

Notwithstanding any other provisions of this Agreement, unless otherwise agreed, the following terms apply to Software that is provided to Customer on a subscription basis (i.e., a time limited license or use right), (each a "Software Subscription"): Each Software Subscription provided hereunder will commence on the date the initial credentials for the Software are made available (the "Subscription Start Date") and will continue in effect until the expiration of the subscription term noted in the applicable statement of work, order or other applicable ordering document. At the expiration of the Software Subscription, such Software Subscription will automatically renew for consecutive one (1) year terms (each a "Renewal Subscription Term"), unless either party provides the other party with a notice of non-renewal at least ninety (90) days prior to the expiration of the then-current term. To the extent permitted by applicable law, Software Subscriptions purchases are non-cancelable, and the sums paid nonrefundable. Fees for Software Subscriptions shall be paid annually in advance, invoiced on the Subscription Start Date and each subsequent anniversary thereof. Customer shall pay all invoiced amounts within thirty calendar days after the date of invoice. Payments not made within such time period shall be subject to late charges as set forth in the Software Terms. Unless otherwise agreed by the parties in writing, the subscription fee for each Renewal Subscription Term will be priced at Company's then-applicable list price for that Software offering. Any use of Software that exceeds the scope, metrics or volume set forth in this Agreement and applicable SOW will be subject to additional fees based on the date such excess use began.

20. Taxes, Fees, Fines, Licenses, and Permits. Customer agrees to pay all sales tax, use tax, property tax, utility tax and other taxes required in connection with the equipment and Services listed, including telephone company line charges, if any. Customer shall comply with all laws and regulations relating to the equipment and its use and shall promptly pay when due all sales, use, property, excise and other taxes and all permit, license and registration fees now or hereafter imposed by any government body or agency upon the equipment or its use. Company may, without notice, obtain any required permit, license or registration for Customer at Customer's expense and charge a fee for this service. If Customer fails to maintain any required licenses or permits, Company shall not be responsible for performing the services and may terminate the services without notice to Customer.

21. Outside Charges. Customer understands and accepts that Company specifically disclaims any responsibility for charges associated with the notification or dispatching of anyone, including but not limited to fire department, police department, paramedics, doctors, or any other emergency personnel, and if there are any charges incurred as a result of said notification or dispatch, said charges shall be the responsibility of Customer.

22. Insurance. Customer shall name Company, its officers, employees, agents, subcontractors, suppliers, and representatives as additional insureds on Customer's general liability and auto liability policies.

23. Waiver of Subrogation. Customer does hereby for itself and all other parties claiming under it release and discharge Company from and against all hazards covered by Customer's insurance, it being expressly agreed and understood that no insurance company or insurer will have any right of subrogation against Company.

24. Force Majeure. Company shall not be liable, nor in breach or default of its obligations under this Agreement, for delays, interruption, failure to render services, or any other failure by Company to perform an obligation under this Agreement, where such delay, interruption or failure is caused, in whole or in part, directly or indirectly, by a Force Majeure Event. A "Force Majeure Event" is a condition or event that is beyond the reasonable control of Company, whether foreseeable or unforeseeable, including, without limitation, acts of God, severe weather (including but not limited to hurricanes, tornados, severe snowstorms or severe rainstorms), wildfires, floods, earthquakes, seismic disturbances, or other natural disasters, acts or omissions of any governmental authority (including change of any applicable law or regulation), epidemics, pandemics, disease, viruses, quarantines, or other public health risks and/or responses thereto, condemnation, strikes, lock-outs, labor disputes, an increase of 5% or more in tariffs or other excise taxes for materials to be used on the project, fires, explosions or other casualties, thefts, vandalism, civil disturbances, insurrection, mob violence, riots, war or other armed conflict (or the serious threat of same), acts of terrorism, electrical power outages, interruptions or degradations in telecommunications, computer, network, or electronic communications systems, data breach, cyber-attacks, ransomware, unavailability or shortage of parts, materials, supplies, or transportation, or any other cause or casualty beyond the reasonable control of Company. If Company's performance of the work is delayed, impacted, or prevented by a Force Majeure Event or its continued effects, Company shall be excused from performance under the Agreement. Without limiting the generality of the foregoing, if Company is delayed in achieving one or more of the scheduled milestones set forth in the Agreement due to a Force Majeure Event, Company will be entitled to extend the relevant completion date by the amount of time that Company was delayed as a result of the Force Majeure Event, plus such additional time as may be reasonably necessary to overcome the effect of the delay. To the extent that the Force Majeure Event directly or indirectly increases Company's cost to perform the services, Customer is obligated to reimburse Company for such increased costs, including, without limitation, costs incurred by Company for additional labor, inventory storage, expedited shipping fees, trailer and equipment rental fees, subcontractor fees, compliance with vaccination requirements or other costs and expenses incurred by Company in connection with the Force Majeure Event.

25. Exclusions. This Agreement expressly excludes, without limitation, provision of fire watches; reloading of, upgrading, and maintaining computer software; making repairs or replacements necessitated by reason of negligence or misuse of components or equipment or changes to Customer's premises; vandalism; power failure; current fluctuation; failure due to non-Company installation; lightning, electrical storm, or other severe weather; water; accident; fire; acts of God; testing inspection and repair of duct detectors, beam detectors, and UV/IR equipment; provision of fire watches; clearing of ice blockage; draining of improperly pitched piping; batteries; recharging of chemical suppression systems; reloading of, upgrading, and maintaining computer software; corrosion (including but not limited to micro-bacterially induced corrosion ("MIC")); cartridges greater than 16 grams; gas valve installation; or any other cause external to the Covered System(s) and Company shall not be required to provide Service while interruption of service due to such causes shall continue. This Agreement does not cover and specifically excludes system upgrades and the replacement of obsolete systems, equipment, components or parts. All such services may be provided by Company at Company's sole discretion at an additional charge. If Emergency Services are expressly included in the Service Solution, the Agreement price does not include travel expenses.

26. Delays. Company shall have no responsibility or liability to Customer or any other person for delays in the installation or repair of the System or the performance of our Services regardless of the reason, or for any resulting consequences.

© 2023 Johnson Controls. All rights reserved

27. Termination. Company may terminate this Agreement immediately at its sole discretion upon the occurrence of any Event of Default as hereinafter defined. If Company's performance of its obligations becomes impracticable due to obsolescence or unavailability of systems, equipment, or products (including component parts and/or materials) or because the Company or its supplier(s) has discontinued the manufacture or the sale of the equipment and/or products or is no longer in the business of providing the Services, Company may terminate this Agreement, or the affected portions, at its sole discretion upon notice to Customer. Company may terminate this Agreement, or the affected portions, at its sole discretion upon notice to the Customer if Company's performance of its obligations are prohibited because of changes in applicable laws, regulations or codes.

28. No Option to Solicit. Customer shall not, directly or indirectly, on its own behalf or on behalf of any other person, business, corporation or entity, solicit or employ any Company employee, or induce any Company employee to leave his or her employment with Company, for a period of two years after the termination of this Agreement.

29. Default. An Event of Default shall include (a) any full or partial termination of this Agreement by Customer before the expiration of the then-current Term, (b) failure of Customer to pay any amount when due and payable, (c) abuse of the System or the Equipment, (d) failure by Customer to observe, keep or perform any term of this Agreement; (e) dissolution, termination, discontinuance, insolvency or business failure of Customer. Upon the occurrence of an Event of Default, Company may pursue one or more of the following remedies, (i) discontinue furnishing Services, (ii) by written notice to Customer declare the balance of unpaid amounts due and to become due under this Agreement to be immediately due and payable, (iii) receive immediate possession of any equipment for which Customer has not paid, (iv) proceed at law or equity to enforce performance by Customer or recover damages for breach of this Agreement, and (v) recover all costs and expenses, including without limitation reasonable attorneys' fees, in connection with enforcing or attempting to enforce this Agreement.

30. One-Year Limitation on Actions; Forum Choice of Law.

Company shall have the sole and exclusive right to determine whether any dispute, controversy or claim arising out of or relating to the Agreement, or the breach thereof, shall be submitted to a court of law or arbitrated. For Customers located in the United States, the laws of Delaware shall govern the validity, enforceability, and interpretation of this Agreement, without regard to conflicts of law principles thereof, and the exclusive venue for any such litigation or arbitration shall be in Milwaukee, Wisconsin. For customers located in Canada, this agreement shall be governed by and be construed in accordance with the laws of Ontario, without regard to conflicts of law principles thereof, and the exclusive venue for any such litigation or arbitration shall be in Ontario, Canada. The parties waive any objection to the exclusive jurisdiction of the specified forums, including any objection based on forum non conveniens. In the event the matter is submitted to a court, Company and Customer hereby agree to waive their right to trial by jury. In the event the matter is submitted to arbitration by Company, the costs of arbitration shall be borne equally by the parties, and the arbitrator's award may be confirmed and reduced to judgment in any court of competent jurisdiction. Except as provided below, no claim or cause of action, whether known or unknown, shall be brought by either party against the other more than one year after the claim first arose. Claims not subject to the one-year limitation include claims for unpaid: (1) contract amounts, (2) change order amounts (approved or requested) and (3) delays and/or work inefficiencies. Customer will pay all of Company's reasonable collection costs (including legal fees and expenses).

31. Assignment. This Agreement is not assignable by the Customer except upon written consent of Company first being obtained. Company shall have the right to assign this Agreement, in whole or in part, or to subcontract any of its obligations under this Agreement without notice to Customer.

32. Entire Agreement. The parties intend this Agreement, together with any attachments or Riders (collectively the "Agreement) to be the final, complete and exclusive expression of their Agreement and the terms and conditions thereof. This Agreement supersedes all prior representations, understandings or agreements between the parties, written or oral, and shall constitute the sole terms and conditions relating to the Services. No waiver, change, or modification of any terms or conditions of this Agreement shall be binding on Company unless made in writing and signed by an Authorized Representative of Company.

33. Headings. The headings in this Agreement are for convenience only.

34. Severability. If any provision of this Agreement is held by any court or other competent authority to be void or unenforceable in whole or in part, this Agreement will continue to be valid as to the other provisions and the remainder of the affected provision.

35. Electronic Media. Customer agrees that Company may scan, image or otherwise convert this Agreement into an electronic format of any nature. Customer agrees that a copy of this Agreement produced from such electronic format is legally equivalent to the original for any and all purposes, including litigation. Customer agrees that Company's receipt by fax of the Agreement signed by Customer legally binds Customer and such fax copy is legally equivalent to the original for any and all purposes, including litigation.

36. Legal Fees. Company shall be entitled to recover from Customer all reasonable legal fees incurred in connection with Company enforcing the terms and conditions of this Agreement.

37. Lien Legislation. Notwithstanding anything to the contrary contained herein, the terms of this Agreement shall be subject to the lien legislation applicable to the location where the work will be performed, and, in the event of conflict, the applicable lien legislation shall prevail.

38. Privacy. A. *Company as* : Where Company factually acts as Processor of Personal Data on behalf of Customer (as such terms are defined in the DPA) the terms at www.johnsoncontrols.com/dpa shall apply. B. *Company as* : Company will collect, process and transfer certain personal data of Customer and its personnel related to the business relationship between it and Customer (for example names, email addresses, telephone numbers) as controller and in accordance with Company's Privacy Notice at https://www.johnsoncontrols.com/privacy. Customer acknowledges Company's Privacy Notice and strictly to the extent consent is mandatorily required under applicable law, Customer consents to such collection, processing and transfer. To the extent consent to such collection, processing and transfer by Company is mandatorily required from Customer's personnel under applicable law, Customer warrants and represents that it has obtained such consent.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE SPONSORSHIP PROGRAM FOR CINEMA BY THE SHORE, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport, annually, invites residents and visitors to our City's Jones Park to watch family friendly movies under the stars at Cinema by the Shore, the largest free outdoor movie series on the Mississippi Gulf Coast; and

WHEREAS, in order to help defray the costs associated with presenting the movie series each year, and to add or improve/repair the various amenities offered, the City desires to offer interested persons or entities the ability to sponsor the movie series in return for certain benefits received by the sponsor; and

WHEREAS, a proposed sponsorship structure has been developed and is attached hereto as Exhibit "A"; and

WHEREAS, adoption of a sponsorship structure for the series is crucial to marketing the series as an advertising opportunity for local businesses who wish to have their name/logo associated with the festival and the 1,000's of visitors to the series each year; and

WHEREAS, the Council finds it is in the best interest of the City to approve the sponsorship structure as found in Exhibit "A" hereto for the City's Cinema by the Shore.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the proposed sponsorship structure as more fully set forth in Exhibit "A" hereto be and the same is hereby approved and the City is hereby authorized to offer sponsorship opportunities in accord therewith.

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Kosloski, and was adopted by the following roll call vote:

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE THE DADDY DAUGHTER DANCES, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport has, for the last several years, invited Gulfport's fathers and daughters to a Daddy Daughter Dance, with approximately 100 "couples" attending each of the two nights the dances are offered; and

WHEREAS, the City desires to continue the Daddy Daughter Dances as an annual event sponsored by the City and held in February each year; and

WHEREAS, in order to defray the expenses associated with the Daddy Daughter Dances (refreshments and music), the City desires to charge admission of $25.00 per "couple" with $10.00 for each additional daughter; and

WHEREAS, the City finds that the approval of the Daddy Daughter Dances as an annual City sponsored event held each year in February, is in the best interest of the City of Gulfport and that establishing the general dates thereof and admission fees as set forth herein is also in the best interest of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the Daddy Daughter Dances are hereby approved as a municipal event to be held at the Orange Grove Community Center annually in February with admission of $25.00 per "couple" and $10.00 per additional daughter.

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the Governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

AGREEMENT BETWEEN THE CITY OF GULFPORT AND COMMODITY (Group C8 – Infield, Track and Walkway Materials) SUPPLIER ON THE BASIS OF A STIPULATED PRICE

THIS AGREEMENT is dated as of the _____ day of _____ in the year 2020, by and between the City of Gulfport, Mississippi (hereinafter called CITY) and CRIMSON STONE, INC. (hereinafter called SUPPLIER).

CITY and SUPPLIER, in consideration of the mutual convenants hereinafter set forth, agree as follows:

Article I. Commodities.

SUPPLIER shall provide all commodities, goods, and deliverables as specified or indicated in the Bid Proposal submitted by SUPPLIER to CITY at the price contained therein (for those items for which SUPPLIER was the lowest and best bid as found on the bid tabulation sheet as approved by the CITY Council (i.e., for those items noted on the bid tabulation sheet under the CRIMSON STONE, INC. name and shaded in gray)). SUPPLIER assures that all such deliverables shall meet industry standards of quality and as further set forth herein. The CITY will issue and submit to SUPPLIER a job specific purchase order or other written documentation of order to provide certain and various of the commodities, goods, or deliverables found in the Bid Proposal. Each purchase order or similar document shall contain the specific item(s) and the number of each item needed. The CITY is not guaranteeing that any specific number of items will be purchased hereunder and is not guaranteeing that such items will not be purchased in another manner or from another source. It is further understood and acknowledged that the items ordered at the end of one (1) year may be significantly more or less than the total bid submitted. There is no minimum number or amount of commodities, goods, or deliverables required for any purchase or similar order set out hereunder.

Article II. Contract Times.

SUPPLIER must agree to commence delivery of items requested via purchase order or other written documentation of order within the time frames set out in the bid documents (i.e., bid specifications and bid proposal) (to the extent that a time frame is set out in the bid documents). Failure to make delivery within any required time frame will be justification by the CITY for termination of this Agreement.

This Contract will be effective for the period January 2, 2024 thru December 31, 2024 ("Contract Term"). It is agreed that there is one (1) optional period of one (1) year, such option period to commence upon expiration of the Contract Term ("Option Term"). Such Option Term shall be effective and exercised automatically unless, at least thirty (30) days before the end of the Contract Term, CITY or SUPPLIER notifies the other of an intent not to exercise this option and extend the Contract Term for this second one (1) year. All pricing shall remain as bid through the Option Term.

Article III. Contract Price.

CITY shall pay SUPPLIER for the delivery of items ordered under this contract in accord with the unit price set forth for each item in SUPPLIER's Bid Proposal for which SUPPLIER was awarded this contract which is attached hereto as Exhibit "A" and incorporated herein.

Any request for price increase during the term of contract will be rejected. Should this rejection result in the cancellation of the contract, the SUPPLIER shall be removed from the qualified bidders list for

twenty-four (24) months. If adverse conditions exist industry wide, modifications to disqualifications may be made as circumstances warrant.

Article IV. Payment Procedures.

Payment of items delivered under any/all purchase orders issued hereunder shall be in accordance with the usual practices and ordinances of the CITY of Gulfport and the applicable statutes and regulations of the State of Mississippi.

Article V. Contract Documents.

The Contract Documents which comprise the entire agreement between CITY and SUPPLIER consist of this Agreement, Bid Specifications and the Bid Proposal submitted by SUPPLIER. There are no Contract Documents other than those listed or incorporation herein.

Article VI. Warranties.

SUPPLIER expressly warrants that all commodities, goods, and deliverables furnished or provided under this agreement will be new, will be free from defect in material and workmanship, and shall be free and clear of all liens, mortgages, security interests or other encumbrances. SUPPLIER further warrants that all such commodities, goods, and deliverables will conform to any specifications, drawings, statements or representations made to the CITY or otherwise appearing on the containers or labels or advertisements for such items and that any such commodities, goods, and deliverables will be adequately contained, packaged, marked and labeled. SUPPLIER also warrants that all commodities, goods, and deliverables furnished hereunder or in connection with this agreement will be merchantable and will be safe and appropriate for the purpose for which items of that kind are normally used. If SUPPLIER knows or has reason to know the particular purpose for which the CITY intends to use the commodities, goods, or deliverables, SUPPLIER warrants that such items will be fit for such particular purpose. SUPPLIER shall not limit or exclude any implied warranties and any attempt to do so shall render this agreement voidable at the option of the CITY. SUPPLIER agrees to promptly replace or correct defects of any commodities, goods, or deliverables not conforming to the foregoing warranties, without expense to the CITY, when notified of such nonconformity by the CITY for up to one year after acceptance of the same, provided the CITY elects to provide the SUPPLIER the opportunity to do so. If SUPPLIER fails to correct defects in or replace nonconforming commodities, goods, or deliverables, the CITY, after reasonable notice to SUPPLIER, may make such corrections or replace such goods and services and charge SUPPLIER for the cost incurred by the CITY in doing so. SUPPLIER recognizes that the CITY's requirements may require immediate repairs, re-working, or replacement of defective commodities, goods, or deliverables, without notice to the SUPPLIER. In such event, SUPPLIER shall reimburse the CITY for the costs, delays, or other damages which the CITY has incurred. In the event of a conflict with the length or duration of any warranties involving commodities, goods, or deliverables provided or sold to the CITY in connection with this agreement and any other warranties, whichever warranty is longer in duration or tenure shall prevail.

Article VI. Miscellaneous.

No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

CITY and SUPPLIER each binds itself, its partners, successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect to all covenants, agreements, representations, and obligations contained in the Contract Documents.

Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon CITY and SUPPLIER, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

SUPPLIER certifies that the SUPPLIER and its principals and agents are eligible to participate in this transaction, enter into this agreement, and perform in accordance herewith and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state or local governmental entity and that SUPPLIER is in compliance with the State of Mississippi statutes and rules relating to procurement and that SUPPLIER is not listed on the federal government's terrorism watch list as described in any governing or existing federal law or Executive Order, including, but not limited to, Executive Order 13224.

Article VII. Hold Harmless.

SUPPLIER further agrees that it will, and hereby does, fully indemnify, defend and hold harmless the CITY of Gulfport from and against any and all claims, damages, losses, costs and expenses of every kind and nature, including court costs and attorney fees and claims for damages resulting from or arising out of any infringement claim or claim of bodily injury, death or damage to real or tangible personal property caused in any way by contractor and/or its partners, principals, agents, employees or subcontractors in the performance of the Contract Documents or any provisions set forth or incorporated therein and the breach of the Contract Documents or in any way arising therefrom or relating thereto. The CITY of Gulfport will notify the SUPPLIER in writing of any claim to be indemnified hereunder, of which CITY has knowledge, and SUPPLIER in turn will promptly notify CITY of any such claim. SUPPLIER shall, at is sole expense, control the defense of such suit to the extent allowed by Mississippi law. The parties agree to cooperate with one another in the defense of any such matter.

IN WITNESS WHEREOF, CITY and SUPPLIER have signed this Agreement in duplicate. One counterpart each has been delivered to CITY and to SUPPLIER.

This Agreement will be effective on January 2, 2024.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO AUTHORIZE AN EXPENDITURE (IN THE FORM OF A FEE WAIVER) FOR ADVERTISING AND BRINGING INTO FAVORABLE NOTICE THE OPPORTUNITIES, POSSIBILITIES AND RESOURCES OF THE CITY OF GULFPORT IN CONNECTION WITH THE GULFPORT BRANCH NAACP ORATORICAL SCHOLARSHIP PROGRAM, AND FOR RELATED PURPOSES

WHEREAS, the Gulfport Branch of the NAACP awards scholarships to deserving and eligible young people each year, and the City of Gulfport desires to stand in support of that scholarship program; and

WHEREAS, the City desires to make a financial donation to the scholarship program as a sponsor of that program; and

WHEREAS, City of Gulfport receives advertising thru the advance promotion of and press coverage afforded the award of educational funds through this scholarship fund to deserving and eligible young people in our community; and

WHEREAS, the Governing Authority of the City of Gulfport is of the opinion that the City of Gulfport benefits from such advertising by having an opportunity to promote the City of Gulfport to individuals from around the Gulf South; and it finds that pursuant to the authority of Miss. Code Ann. §17-3-1 (Rev. 2003) and Miss. Code Ann. §17-3-3 (Rev.2003) that an expenditure of $$3,500.00 to the Gulfport Branch of the NAACP in support of its scholarship program serves the purposes of advertising and bringing into favorable notice the opportunities, possibilities and resources of the municipality, and shall constitute a form of advertising or publicity that will be helpful toward advancing the moral, financial and other interests of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the City of Gulfport, by and through its Mayor, is hereby authorized to expend municipal funds in the amount of $3500.00 to be used to sponsor the Gulfport Branch of the NAACP's Oratorical Scholarship program and the opportunities, possibilities and resources of the City of Gulfport.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Resolution:

A RESOLUTION TO APPROVE THE TEMPORARY CLOSURE OF MUNICIPAL RIGHT OF WAY FOR A LIMITED PERIOD FOR 2024 SECOND STREET SOCIAL CLUB MARDI GRAS PARADE, AND FOR RELATED PURPOSES

WHEREAS, Miss. Code Ann. § 21-19-15 provides that "[t]he governing authorities of municipalities shall have power to make all needful police regulations necessary for the preservation of good order and peace of the municipality and to prevent injury to, destruction of, or interference with public or private property"; and

WHEREAS, pursuant, therefore to Miss. Code Ann. § 21-19-15 and numerous Mississippi Attorney General opinions concerning the same, the City of Gulfport, Mississippi, may temporary close a municipal right of way for public purposes and/or public events, in order to preserve "good order" and prevent damage to public or private property, so long as alternative means of ingress and egress to the affected areas are available to the public; and

WHEREAS, from time to time, public events are held around the City, including the event which is the subject of the street closure request letter/memo attached hereto as Exhibit A, which require temporary closure of a public street in order to preserve "good order" and prevent damage to public or private property and where alternative means of ingress and egress to the affected areas are available to the public; and

WHEREAS, the street closure request letter/memo contains specific and necessary information regarding the portion of public rights of way to be closed temporarily, and the date/s and time/s of said closure, so as to allow the City to make an informed decision about the need for the closure; and

WHEREAS, the Mayor and City Council are of the opinion that the right of way closure, including closure to parked vehicles, requested in Exhibit "A" hereto is in the best interest of the City so as to preserve "good order" and to prevent damage to public or private property and that alternative means of ingress/egress to the affected areas are available to the public.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the portion of street identified in Exhibit "A" hereto shall be closed for the date/times identified in Exhibit "A" (or for other city approved date/times as may be required due to rescheduling of the event due to weather or other unforeseen circumstances), in order to preserve "good order" and to prevent damage to public or private property and that alternative means of ingress/egress to the affected areas shall be made available to the public.

SECTION 3. That this resolution shall be spread upon the Minutes of the Gulfport City Council, and shall be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Kosloski, and was adopted by the following roll call vote:

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO REQUEST THE SUPPORT OF THE HARRISON COUNTY BOARD OF SUPERVISORS WITH RESPECT TO CERTAIN ROAD/RIGHT OF WAY IMPROVEMENTS IN "NORTH GULFPORT" AT OR NEAR THE INTERSECTION OF MARTIN LUTHER KING, JR., BOULEVARD AND THE CPKC (FORMERLY KCS) RAILWAY CROSSING IN THE CITY OF GULFPORT, MISSISSIPPI, TO OBTAIN APPROVAL OF SAID REQUEST BY THE BOARD, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport, Mississippi (the "City"), is located entirely within the geographic boundaries of Harrison County, Mississippi (the "County"); and

WHEREAS, the City of Gulfport, by and through its Governing Authority, and Harrison County, by and through its Board of Supervisors, have entered into an Interlocal Government Cooperation Agreement pursuant to which the parties thereto agree to limited "concurrent jurisdiction over bridges, highways, approaches and related drainage within the municipal boundaries of the City" of Gulfport (Section II(A) of the said Interlocal Agreement); and

WHEREAS, the City of Gulfport has identified the improvement of Martin Luther King, Jr., Boulevard, at or near its intersection with the CPKC (formerly KCS) rail crossing (i.e., sidewalk and pedestrian crossing and related crossing rehabilitation) a road improvement project that is presently needed/necessary based on the current condition of the right of way; and

WHEREAS, Harrison County Supervisor of District 4 has indicated the availability of funding for paving within the City of Gulfport and his/her willingness to assist with needed road repairs and/or improvements in the City of Gulfport and, in light of such funding availability and willingness to assist, the City desires to request the support and assistance of the Harrison County Board of Supervisors with respect to the improvement of the right of way of Martin

Luther King, Jr., Boulevard at or near its intersection with the CPKC (formerly KCS) rail crossing (sidewalk and pedestrian crossing and related crossing rehabilitation).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the Governing Authority of the City of Gulfport does hereby officially request assistance from the Harrison County Board of Supervisors with respect to the improvement of the right of way of Martin Luther King, Jr., Boulevard at or near its intersection with the CPKC (formerly KCS) rail crossing (sidewalk and pedestrian crossing and related crossing rehabilitation) in the City of Gulfport.

SECTION 3. That this Resolution shall be in effect according to law, and shall be spread upon the minutes of the Gulfport City Council and a copy hereof shall be provided to the Harrison County Board of Supervisors for consideration on the next available agenda.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Kosloski, and was adopted by the following roll call vote:

WHEREUPON the President declared the motion carried and the Resolution adopted, this the 2nd day of January, 2024.

CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:

Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the 3rd day of January, 2024.

APPROVED:

Billy Hewes, Mayor

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL AUTHORIZING THE MAYOR TO REQUEST ADDITIONAL FUNDING UNDER THE 2024 WATER RESOURCES DEVELOPMENT ACT (REVISED), AND FOR RELATED PURPOSES

WHEREAS, the federal Water Resources Development Act (WRDA) Section 219 authorizes Environmental Infrastructure projects for federal funding through the U.S. Army Corps of Engineers for water and wastewater infrastructure (including storm water management), drainage systems, and water quality enhancements; and

WHEREAS, as more fully set forth in the Memorandum from City Engineer Wayne Miller attached hereto as Exhibit "A," WRDA 2007 Section 5158 subsection 163 currently authorizes $5,000,000 for water and wastewater related infrastructure, for a total of $10,000,000 that the City of Gulfport, Mississippi can request to utilize, and

WHEREAS, as documented in a Resolution adopted by the City of Gulfport's Governing Authority on September 19, 2023, the City has identified additional critical water and wastewater infrastructure (including storm water management), drainage systems and water quality enhancement projects that would appear to be within the scope of this request; and

WHEREAS, WRDA Section 219 projects require a twenty-five (25) percent non-federal match; and

WHEREAS, the United States Congress is understood to be accepting requests for new and modified Section 219 authorizations in WRDA 2024; and

WHEREAS, the Governing Authority previously authorized the City to issue the letter to the United States Senators referenced in the September 19, 2023, Resolution set out herein and the Governing Authority finds that a similar letter be sent to the United States Congress for the same purposes, to include U. S. Representative Mike Ezell, in substantial form as referenced in Exhibit "B" attached hereto.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That all the findings of fact made and set forth in the preamble to this resolution shall be and the same are hereby found, declared, and adjudicated to be true and correct.

SECTION 2. That the City of Gulfport hereby respectfully requests again that the WRDA 2024 modify Gulfport's WRDA 2007 Section 219 Environmental Infrastructure authorization to read; "$10,000,000 authorization for water and wastewater infrastructure (including storm water management), drainage systems, and water quality enhancements."

SECTION 3. That the Mayor be and he is hereby authorized to transmit the City's letter, in substantial form as attached hereto as a part of Exhibit "B", making the foregoing request to U. S. Congressman Mike Ezell and the U. S. Congress as needed.

SECTION 4. That this Resolution be, and it is hereby ordered to be spread on the minutes of the Governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Flowers, seconded by Councilmember Kosloski, and was adopted by the following roll call vote:

Re: **Request Permission to Request Amount Modification for the 2024 Water Resources Development Act (WRDA) - Revision**

The federal Water Resources Development Act (WRDA) Section 219 authorizes Environmental Infrastructure projects for federal funding through the U.S. Army Corps of Engineers for water and wastewater infrastructure (including stormwater management), drainage systems, and water quality enhancements. WRDA 2007 Section 5158 section 163 authorized $5,000,000 for water and wastewater related infrastructure. I request that we ask to modify this amount to $10,000,000 for the WRDA 2024.

WRDA Section 219 projects require a twenty-five (25) percent non-federal match; however, no funds are needed at this time.

On August 8th, the City Council authorized a resolution (with a letter from the Mayor to Senator Wicker's Office) to request a modification for the 2024 Water Resources Development Act (WRDA). The City Administration was then asked to provide additional information for this increase in funding. The attached revised letter provides details for the significant needs at the North Gulfport Waste Water Treatment Plant.

I recommend approval to move forward with this submittal.

RE: WRDA 2024-Modification Sec. 219 Environmental Infrastructure Authorization

Dear Senators:

I understand that the Senate has started working on the 2024 Water Resources Development Act (WRDA) and, like the 2022 WRDA, will again consider new and modified project authorizations. Accordingly, as per this letter and the attached Resolution adopted by the City of Gulfport's Governing Authority, the City respectfully requests a $5,000,000 increase in its current $5,000,000 Section 219 Environmental Infrastructure Authorization from WRDA 2007 Sec. 5158 Section 163 to help us address critical water and wastewater (including stormwater management), drainage systems, and water quality needs in our City. As you know, and to once again confirm, one emergent project in the City that meets the qualifying criteria is the "North Gulfport Wastewater Treatment Plant Rehab Project." This project seeks to address significant needs in the plant's aeration basins (aerators, gates, mixers, etc.). Also, due to the age of this plant's existing clarifiers, the plan looks to replace two (2) of these as well as replace or repair the digester due to increasing capacity. As you also know, the City heavily relies on this Wastewater Treatment Plant and the long-range plan is to expand this plant in order to retire the only other one in the City, which is outdated and will cost more to improve and update.

We understand that WRDA 219 projects require a 25% non-federal cost share.

Please let me know if you have any questions or need any further information to support this request.

Sincerely,

Billy Hewes, Mayor

Washington, DC 20515

RE: WRDA 2024- $5,000,000 Modification Sec. 219 Environmental Infrastructure Authorization

Dear Congressman Ezell:

I understand that the House of Representatives will start working on the 2024 Water Resources Development Act (WRDA) in January 2024 and like the 2022 WRDA will again consider new and modified project authorizations.

Accordingly, as per this letter and the attached resolution, we respectfully request a $5,000,000 increase in the City of Gulfport's current $5,000,000 Section 219 Environmental Infrastruction Authorization fromn WRDA 2007 Sec. 5158 subsection 165 to help us address our critical water and wastewater (including stormwater management), drainage systems and water quality needs. This would authorize a total of $10,000,000 to address Gulfport's priority environmental infrastructure needs. This request has not been included in any Corps of Engineers WRDA Sec. 7001 Report. We understand that WRDA 219 projects requires a 25% non-federal cost share.

Please let me know if you have any questions and need any further information to support this request.

Best Regards,

Billy Hewes
Mayor

Exhibit "B"

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 2nd day of January, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL APPROVING THE DOCKET OF CLAIMS

WHEREAS, following the City Council's approval of the budget, funds for the City of Gulfport are vested with the Mayor and Administration; and

WHEREAS, claims presented to the City for payment must be approved by the City Council through a Docket of Claims process; and

WHEREAS, the Administration for the City of Gulfport has prepared, certified, and submitted to the City Council a "Docket of Claims" for approval, attached hereto as Exhibit "A"; and

WHEREAS, in submitting this Docket of Claims, the Director of Finance and Accounting has certified to the Council that to the best of his knowledge and belief, all items contained within the Docket of Claims have been properly procured and appear to be within previously budgeted amounts and are lawful and appropriate for payment; and

WHEREAS, in authorizing payment for the Docket, the City Council must rely on this certification and by reliance on this certification, hereby authorizes payment to be issued to satisfy all claims found within the Docket, unless specifically excluded by the Council; and

WHEREAS, it is understood and acknowledged that heretofore, the Dockets of Claims has been presented and certified to the Governing Authority by the Comptroller, or in his absence the Finance Manager or Purchasing Agent, or their designees, upon which the City Council has relied on these certifications and by such reliance, authorized payments to satisfy claims found therein.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the Docket of Claims is hereby approved in the form attached hereto as Exhibit "A", except for those claims specifically excluded by the Council.

Section 3. That this Resolution shall take full force and effect immediately upon its passage and enactment according to law and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Kosloski, seconded by Councilmember Flowers, and was adopted by the following roll call vote:

CERTIFICATE OF SUBSTANTIAL COMPLETION

Owner:	City of Gulfport	Owner's Project No.:	-
Engineer:	Covington Civil & Environmental, LLC	Engineer's Project No.:	16317
Contractor:	SCI, Inc.	Contractor's Project No.:	-
Project:	Debuys Road Pump Station Replacement		
Contract Name:	Debuys Road Pump Station Replacement		

This ☐ Preliminary ☒ Final Certificate of Substantial Completion applies to:

☒ All Work ☐ The following specified portions of the Work:

Date of Substantial Completion: **November 16, 2023**

The Work to which this Certificate applies has been inspected by authorized representatives of Owner, Contractor, and Engineer, and found to be substantially complete. The Date of Substantial Completion of the Work or portion thereof designated above is hereby established, subject to the provisions of the Contract pertaining to Substantial Completion. The date of Substantial Completion in the final Certificate of Substantial Completion marks the commencement of the contractual correction period and applicable warranties required by the Contract.

A punch list of items to be completed or corrected is attached to this Certificate. This list may not be all-inclusive, and the failure to include any items on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

Amendments of contractual responsibilities recorded in this Certificate should be the product of mutual agreement of Owner and Contractor; see Paragraph 15.03.D of the General Conditions.

The responsibilities between Owner and Contractor for security, operation, safety, maintenance, heat, utilities, insurance, and warranties upon Owner's use or occupancy of the Work must be as provided in the Contract, except as amended as follows:

Amendments to Owner's Responsibilities: ☒ None ☐ As follows:

Amendments to Contractor's Responsibilities: ☐ None ☒ As follows:

See the attached punch list items.

The following documents are attached to and made a part of this Certificate:

Punch List from Final Inspection

This Certificate does not constitute an acceptance of Work not in accordance with the Contract Documents, nor is it a release of Contractor's obligation to complete the Work in accordance with the Contract Documents.

Re: Punch List from Final Inspection
Debuys Road Pump Station Replacement Project
City of Gulfport

Dear Mr. Miller,

Enclosed, for your review and approval, is the Certification of Substantial Completion for the Debuys Road Pump Station Replacement Project constructed by SCI, Inc. Listed below are the punch list items noted during the Final Inspection performed on November 16, 2023.

The following were the individuals present during the Final Inspection.

City of Gulfport	SCI, Inc.	Covington Civil & Environmental
Lee Wood	Todd Parker	Andrew Levens
		Ryan Ladner

1. Soft start for Pump 2 was found to be non-functional during pump station startup. The Contractor is to prepare a letter identifying the reason for the missing component, current status, when a status update will be provided and acknowledgement that the warranty period on this component will begin once the component is installed and functionality verified.
2. Fill and/or sand needed in low/soft area south of wet well.
3. Chipped paint on generator riser beams to be touched up.
4. The required area lighting on the existing power pole is being coordinated with Mississippi Power for selection. Additional coordination from the Contractor may be necessary to facilitate installation by Mississippi Power.
5. The City has verified that SCADA is functioning.
6. Change swing location side on walk-thru gate.
7. As-builts to be provided.

Fax: (228) 396-0487
2300 14th Street
Gulfport, Mississippi 39501
Phone: (228) 396-0486

NOTICE OF VIOLATION(S) UNDER CHAPTER 3 OF THE INTERNATIONAL PROPERTY MAINTENANCE CODE AND ORDER FOR IMMEDIATE CORRECTIVE ACTIONS

Reference: Tax Parcel Number: 1011D-01-010.000
1035 OCEAN VIEW DR

The City of Gulfport has adopted various provisions of the International Property Maintenance Code (IPMC) as part of an effort to protect the health, safety, and welfare of its citizens and visitors. The City's Code Enforcement personnel recently conducted a visual inspection of the above noted property. This inspection has revealed that violations of Chapter 3 of the IPMC presently exist on this property and are required to be corrected.

The violations are as follows:

Violation(s):		Required Corrective & Remedial Action(s):
TRASH & DEBRIS, IPMC 308.1		REMOVE/HAUL OFF TRASH & DEBRIS
INOPERABLE VEHICLE, IPMC 302.8		REMOVE OR REPAIR & LEGALLY TAG
MAJOR AUTO REPAIR, IPMC 302.8		STOP MAJOR REPAIRS OR DISSEMBL
CLUTTER, IPMC 302.10		REMOVE CLUTTER AND DEBRIS
IMPROPER STORAGE, SEC IV (3)		REMOVE/RELOCATE STORAGE STRUCT

You are required to take the above actions to remediate and correct these cited violations within **FOURTEEN (14) days of the date of this Notice/Order**. Failure to timely take these actions in order to correct these violations will result in the assessment of a civil penalty/fine in the amount of $250.00 for each violation thereof and the City may further seek any other or additional legal or equitable remedies available to it as well as recover attorneys' fees, court costs, and other expenses associated with enforcement.

Please contact our office at (228) 868-5718 if you have any questions about this Notice/Order or if the required corrective actions are taken within the fourteen (14) day period in order to avoid our proceeding with a violation hereof.

Respectfully yours,
Candace Gemmill

CLUTTER, IPMC 302.10		REMOVE CLUTTER AND DEBRIS

You are required to take the above actions to remediate and correct these cited violations within **FOURTEEN (14) days of the date of this Notice/Order**. Failure to timely take these actions in order to correct these violations will result in the assessment of a civil penalty/fine in the amount of $250.00 for each violation thereof and the City may further seek any other or additional legal or equitable remedies available to it as well as recover attorneys' fees, court costs, and other expenses associated with enforcement.

Please contact our office at (228) 868-5718 if you have any questions about this Notice/Order or if the required corrective actions are taken within the fourteen (14) day period in order to avoid our proceeding with a violation hereof.

Respectfully yours,
Josh Troutman

GULFPORT, MS 39503

NOTICE OF VIOLATION(S) UNDER CHAPTER 3 OF THE INTERNATIONAL PROPERTY MAINTENANCE CODE AND ORDER FOR IMMEDIATE CORRECTIVE ACTIONS

Reference: Tax Parcel Number: 0807P-01-044.133
14218 BEECH CT

The City of Gulfport has adopted various provisions of the International Property Maintenance Code (IPMC) as part of an effort to protect the health, safety, and welfare of its citizens and visitors. The City's Code Enforcement personnel recently conducted a visual inspection of the above noted property. This inspection has revealed that violations of Chapter 5 of the IPMC presently exist on this property and are required to be corrected.

The violations are as follows:

Violation(s):	Required Corrective & Remedial Action(s):
OVERGROWN PROPERTY, IPMC 302.4	CUT & CLEAN THE PROPERTY
WEEDS,VINES, TREE OR LIMBS	REMOVE WEEDS, VINES, LIMBS, TR
TRASH & DEBRIS, IPMC 308.1	REMOVE/HAUL OFF TRASH & DEBRIS
INOPERABLE VEHICLE, IPMC 302.8	REMOVE OR REPAIR & LEGALLY TAG
EXT MAINTENANCE, IPMC 304.1	MAKE NECESSARY REPAIRS
FENCE VIOLATION, IPMC 304.2	REPAIR, MAINTENANCE OR REMOVE
CLUTTER, IPMC 302.10	REMOVE CLUTTER AND DEBRIS

You are required to take the above actions to remediate and correct these cited violations within **FOURTEEN (14) days of the date of this Notice/Order**. Failure to timely take these actions in order to correct these violations will result in the assessment of a civil penalty/fine in the amount of $250.00 for each violation thereof and the City may further seek any other or additional legal or equitable remedies available to it as well as recover attorneys' fees, court costs, and other expenses associated with enforcement.

Please contact our office at (228) 868-5718 if you have any questions about this Notice/Order or if the required corrective actions are taken within the fourteen (14) day period in order to avoid our proceeding with a violation hereof.

Respectfully yours,

ADVERTISEMENT FOR PROPOSALS

The City of Gulfport is seeking un-priced technical proposals from qualified vendors for:

Five (5) Police Pursuit Dodge Chargers

The deadline for receipt of unpriced technical proposals is **January 24, 2024, before 10:00 AM**, local time at Hardy Building, 1410 24th Avenue, Gulfport, MS 39501. Bidders may also submit responses electronically at www.gulfportmsbids.com

Pursuant to MS Code 31-7-13 and House Bill 1109, this commodity will be procured through a multi-step procurement process, including a Reverse Auction. In Phase One, un-priced technical proposals are evaluated for potential acceptability based upon pre-determined criteria. In Phase Two, only those bidders whose technical proposals are determined acceptable shall be invited to provide priced bids for consideration. The City of Gulfport encourages vendor participation in this multi-step process. Complete instructions are provided in the specifications package.

Specifications and detailed instructions regarding the bid process may be obtained by visiting the website www.gulfportmsbids.com. Specification response forms, along with all other required information detailed in the bid instructions should be submitted no later than **January 24, 2024 before 10:00 AM** per the detailed bid instructions. Un-priced Specification Response submissions will be evaluated, and vendors meeting the required specifications will be invited to participate in the **Electronic Reverse Auction process on January 26, 2024 at 10:00 AM.** Approved vendors will be given detailed instructions regarding the reverse auction. The City of Gulfport reserves the right to extend the auction date if necessary, to complete the pre-qualification process. For any questions relating to the electronic submittal or reverse auction process, please call PH Bidding Group at 662-407-0193.

The City of Gulfport is an equal opportunity employer and hereby notifies all bidders that it will affirmatively ensure that, in any contract entered unto pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, sex, age, disability or national origin in consideration for an award.

The City of Gulfport reserves the right to reject any and or all bids, waive technicalities, informalities, or irregularities in the bids received, solicit new bids or to choose that bid which is deemed to be in the best interest of the City of Gulfport.

MEMORANDUM

To: City Councilmembers
Mayor Billy Hewes

From: Jessica Versiga, Purchasing Agent

Date: December 20, 2023

RE: RFQ – North Gulfport Wastewater Treatment Plant Headworks and Sand Filters Project

---

The Purchasing Department received five proposals for the above referenced RFQ. The evaluation committee meet on December 19, 2023 to discuss and score the proposals. The attached is the tabulation sheet of their scores.

Covington scored the highest and The Public Works and Engineering Department request permission to enter into negotiations.

Thank you for your consideration.

RFQ Evaluation Form - North Gulfport Wastewater Treatment Plant Headworks and Sand Filters Project

Final		Engineering Xcellence	Neel Schaffer	Covington	Pickering	Garver

As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:

Violation(s):		Corrective Actions Required:
OVERGROWN PROPERTY, IPMC 302.4		CUT & CLEAN THE PROPERTY
WEEDS,VINES, TREE OR LIMBS		REMOVE WEEDS, VINES, LIMBS, TR
TRASH & DEBRIS, IPMC 308.1		REMOVE/HAUL OFF TRASH & DEBRIS
INOPERABLE VEHICLE, IPMC 302.8		REMOVE OR REPAIR & LEGALLY TAG CAMPER
EXT MAINTENANCE, IPMC 304.1		MAKE NECESSARY REPAIRS
VACANT STRUCTURE, IPMC 301.3		BOARD UP AND SECURE OPENINGS
UNSAFE CONDITION, IPMC 302.1		CORRECT UNSAFE CONDITIONS
UNSANITARY CONDITION, IPMC 302		CORRECT UNSANITARY CONDITION

The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.

NOTICE OF HEARING

If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, February 6TH, 2024 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanliness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize advertisement for bids to perform the necessary corrective actions. All costs incurred will be assessed to your property taxes and/or posted to the county Judgment Rolls. Please contact our office at (228) 868-5718, if you have any questions about this letter or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.

Respectfully yours,

Tyler Wales

As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:
Violation(s):
Corrective Actions Required:
OVERGROWN PROPERTY, IPMC 302.4
CUT & CLEAN THE PROPERTY
WEEDS,VINES, TREE OR LIMBS
REMOVE WEEDS, VINES, LIMBS, TR
TRASH & DEBRIS, IPMC 308.1
REMOVE/HAUL OFF TRASH & DEBRIS
INOPERABLE VEHICLE, IPMC 302.8
REMOVE OR REPAIR & LEGALLY TAG
INOPERABLE VEHICLE, IPMC 302.8
REMOVE OR REPAIR & LEGALLY TAG
UNSAFE CONDITION, IPMC 302.1
CORRECT UNSAFE CONDITIONS
UNSANITARY CONDITION, IPMC 302
CORRECT UNSANITARY CONDITIONS
The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.
NOTICE OF HEARING
If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 02/06/2024 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanliness or a nuisance to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize the county Judgment Rolls. Please contact our office at (228) 868-5718, if you have any questions about this letter as if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.
Respectfully yours,
Tyler Walker CODE ENFORCEMENT

As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:
Violation(s):
Corrective Actions Required:
TRASH & DEBRIS, IPMC 308.1
REMOVE/HAUL OFF TRASH & DEBRIS
INOPERABLE VEHICLE, IPMC 302.8
REMOVE OR REPAIR & LEGALLY TAG
EXT MAINTENANCE, IPMC 304.1
MAKE NECESSARY REPAIRS
UNSAFE STRUCTURE, MS 21-19-11
BRING BLDG UP TO CODE OR DEMO
The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.
NOTICE OF HEARING
If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 02/06/2024 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanliness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize advertisement for bids to perform the necessary corrective actions. All costs incurred will be assessed to your property taxes and/ or posted to the county Judgment Rolls. Please contact our office at (228) 868-5718, if you have any questions about this letter or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.
Respectfully yours,

As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:

Violation(s):		Corrective Actions Required:
OVERGROWN PROPERTY, IPMC 302.4		CUT & CLEAN THE PROPERTY
WEEDS,VINES, TREE OR LIMBS		REMOVE WEEDS, VINES, LIMBS, TR
TRASH & DEBRIS, IPMC 308.1		REMOVE/HAUL OFF TRASH & DEBRIS

The City is asking that you please take the above actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.

NOTICE OF HEARING

If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 02/06/2024 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanliness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize advertisement for bids to perform the necessary corrective actions. All costs incurred will be assessed to your property taxes and/or posted to the county Judgment Rolls. Please contact our office at (228) 868-5718, if you have any questions about this letter or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.

Respectfully yours,

Josh Troutman

NOTICE OF HEARING

If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 02/06/2024 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, on the violations set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of uncleanliness or a menace to the public health, safety and welfare of the community. This adjudication will also authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings if notice is posted on this property and at City Hall on the first floor, 2309 15th Street, Gulfport, MS at least seven (7) days prior to re-entering the property for resolution of the same type of violation. In addition, the City Council will be asked to authorize advertisement for bids to perform the necessary corrective actions. All costs incurred will be assessed to your property taxes and/or posted to the county Judgment Rolls. Please contact our office at (228) 868-5718, if you have any questions about this letter or if the requested corrective actions are taken within the Fourteen (14) day period in order to avoid our proceeding with a public hearing on your property.

Respectfully yours,

Tyler Wales

As the City of Gulfport works to ensure a safe and healthy environment for our citizens and visitors, it is sometimes necessary to request the help of private property owners to improve the safety, health and appearance of our City. As a part of ongoing efforts, Code Enforcement personnel recently conducted a visual inspection of the above noted property. As a result, violations of one or more of the following laws, statutes, codes or ordinances were identified: Section 21-19-11 (Miss Code Ann. 1972 as amended), the International Property Maintenance Code (IPMC), and applicable Municipal Ordinances. The violations are as follows and based on the violations identified, the City requests that you take the following corrective actions:
Violation(s):
OVERGROWN PROPERTY, IPMC 302.4
WEEDS, VINES, TREE OR LIMBS
TRASH & DEBRIS, IPMC 308.1
UNSAFE STRUCTURE, MS 21-19-11
Corrective Actions Required:
CUT & CLEAN THE PROPERTY
REMOVE WEEDS, VINES, LIMBS, TR
REMOVE/HAUL OFF TRASH & DEBRIS
BRING BLDG UP TO CODE OR DEMO
NOTICE OF HEARING
The City is asking that you please take the above noted corrective actions within the next FOURTEEN (14) days to prevent further action as set out in the paragraph below.
If you have not taken the above noted corrective actions within the 14 days provided, you are hereby given notice of and invited to attend a public hearing before the Gulfport City Council on, 02/06/2024 at 1:30 PM on the 2nd Floor of Gulfport's City Hall, 2309 15th Street, in a state of nuisance as set forth above. At this hearing, the City Council will be asked to adjudicate that the subject property is in a state of nuisance to the public health, safety and welfare of the community. This adjudication will, if granted on this property, authorize the City of Gulfport to re-enter the property for a period of one (1) year without any further hearings or notice to the property owner to perform the necessary corrective actions. In addition, the City Council will be asked to authorize the City of Gulfport to file a lien against the property for the costs incurred in the abatement of this same type of violation. In addition, the City Council will be asked to authorize the City of Gulfport to file a lien against the property for the costs incurred in the abatement of this same type of violation. In addition, the City Council will be asked to assess daily fines of $500.00 per day, per violation, for failure to perform the necessary corrective actions. All costs incurred will be assessed to your property as a lien on the property and collected in the same manner as ad valorem taxes are collected. Please contact our office at (228) 868-5718, if you have any questions about this matter or if the property is brought into compliance prior to the hearing. Your presence is required at the hearing with a public hearing to your property.

Re: Highland Lake Townhomes – Phase 2 Subdivision

Dear Mrs. Featherston:

On June 19, 2023, Engineering and Public Works conducted a final inspection of the referenced subdivision, and deficiencies were noted. A follow-up inspection took place on January 4, 2024 and all punch list items were completed.

Since the development was approved to use soil cement as the road base, two (2) warranties will be required. A warranty bond in the amount of $14,400 is required for a period of one (1) year to cover all infrastructure except roadway, and a warranty bond in the amount of $7,300 is required for a period of three (3) years to cover the roadway.

At the conclusion of the warranty periods, the developer is required to notify the City to schedule the warranty inspections. Prior to acceptance for perpetual maintenance all deficiencies shall be corrected.

We recommend acceptance of the subdivision and the start of the one and three year warranty periods based on the above conditions.

If you have any questions or concerns, please feel free to contact me.

Respectfully,

Jeremy Harrison, P.E.
Director of Engineering
City of Gulfport

DECLARATION OF CONDITIONS, COVENANTS AND RESTRICTIONS

OF

HIGHLAND LAKE TOWNHOMES SUBDIVISION

THIS DECLARATION OF CONDITIONS, COVENANTS AND RESTRICTIONS (this "Declaration") is made this ____ day of January, 2024, by HIGHLAND LAKE TOWNHOMES, LLC, a Mississippi limited liability company ("Declarant", as further defined below).

W I T N E S S E T H:

WHEREAS, on _____, 2024, Declarant recorded in Plat Book ___, Pages _____ of the Office of the Chancery Clerk of Harrison County, Mississippi, First Judicial District, a subdivision plat for Highland Lake Townhomes – Phase II ("Plat of Subdivision", as further defined below) pertaining to certain real property owned by Declarant in Harrison County, Mississippi, as more specifically described on Exhibit "A" hereto.

NOW, THEREFORE, DECLARANT HEREBY DECLARES, that subject to the provisions hereof, all of the Lots (hereinafter defined) shall be held, sold and conveyed by the Owners and the Common Area (hereinafter defined) shall be held by the Association subject to the restrictions, covenants and conditions contained herein for the purposes of protecting the value and desirability of, and which shall run with, the Community Property (hereinafter defined) and be binding on all parties having any right, title or interest in the Community Property or any part thereof, their heirs, successors and assigns, and shall inure to the benefit of each Owner of any portion thereof.

ARTICLE ONE
GENERAL PROVISIONS

1.01 Restrictive Covenants and Easements Running with the Land. The use of the Community Property shall be in accordance with the provisions and restrictions of this Declaration, all of which are to be construed as restrictive covenants and/or easements, as applicable, running with the land and with the title to each and every Lot and shall be binding upon all Owners and other persons having interests therein and upon their heirs, personal representatives, successors, grantees and assigns.

1.02 Terminology. Whenever the context requires, words used in the singular shall be construed to mean or to include the plural and vice versa, and pronouns of any gender shall be deemed to include and to designate the masculine, feminine or neuter gender.

1.03 Definitions. The following terms, when capitalized herein, shall have the meaning set forth in this Section 1.03:

(a) "Additional Property" shall mean and refer to that certain real property described on Exhibit "B" attached hereto.

(b) "Architectural Review Committee" means the Architectural Review Committee as established by the Board of Directors in accordance with the Bylaws.

(c) "Articles of Incorporation" means the Articles of Incorporation of Highland Lake Townhomes Owners Association, Inc., a Mississippi non-profit corporation, as recorded in the records of the Office of the Secretary of State of Mississippi, as the same may hereafter be amended, altered or repealed from time to time.

(d) "Association" means Highland Lake Townhomes Owners Association, Inc., a Mississippi non-profit corporation.

(e) "Board" or "Board of Directors" means the Board of Directors of the Association, established in accordance with the Articles of Incorporation and Bylaws of the Association.

(f) "Builder means any commercial home builder or contractor who owns one or more Lots in the Subdivision and is in the business of constructing residential structures to sell to owner-occupants.

(g) "Bylaws" means the Bylaws of the Association, as the same may hereafter be amended, altered or repealed from time to time.

(h) "Common Area" means all real property within the Subdivision which is owned or leased by the Association or dedicated for use or maintenance by the Association or its members, regardless of whether title has been conveyed to the Association.

(i) "Common Expense" means any and all expenses of the Association (i) associated with the ownership, maintenance, repair and/or replacement of the Common Area; (ii) in repairing and maintaining any Party Roof, the exterior of any Townhome(s), and otherwise performing any repair and/or maintenance in accordance with the terms and conditions of Article Eleven hereof; (iii) in obtaining and maintaining any and all insurance required or otherwise permitted in accordance with Article Twelve hereof; and (iv) otherwise denominated hereunder as a Common Expense.

(j) "Community Property" means all of the Lots and the Common Area, collectively.

(k) "Declarant" means Highland Lake Townhomes, LLC, a Mississippi limited liability company, its successors and assigns which expressly are assigned and assume the Declarant's rights as "Declarant" hereunder.

(l) "Lot" means each and every numbered lot shown on the Plat of Subdivision.

(m) "Member" means every person or entity who is a member of the Association.

(n) "Mortgagee" means a holder or beneficiary of any mortgage, deed of trust, deed with vendor's lien reserved, or any other form of instrument used for the purpose of encumbering or conveying real property as security for payment or satisfaction of any obligation.

(o) "Owner" means the record owner, whether one or more persons or entities, of a fee simple title to any Lot, including contract sellers, but excluding mortgagees, lien holders, lessees, tenants, and those having such interests solely as security for the performance of an obligation.

(p) "Party Roof" means a common roof system for any Townhome sharing a Party Wall(s).

(q) "Party Wall" means a common wall separating any Townhomes located on two (2) or more separate Lots that is constructed, improved, maintained, repaired and replaced on the boundary line between said two (2) or more Lots.

(r) "Person" means any individual, corporation, trust, partnership, joint venture, limited liability company or other entity.

(s) "Plat of Subdivision" has the meaning ascribed to such term hereinabove and shall also include any additional plat or plats or real property that are hereafter recorded where such real property is annexed to this Declaration in accordance with the terms of Section 10.02 hereof.

(t) "Subdivision" means Highland Lake Townhomes – Phase I, a subdivision as shown on the Plat of Subdivision, including any of the Additional Property made subject to this Declaration in accordance with the terms of Section 10.02.

(u) "Townhouse" or "Townhome" means any single family dwelling unit situated upon a Lot.

(v) "Townhome Building" means two (2) or more Townhomes that are attached to one another via the sharing of a Party Wall(s).

(w) "Turnover" means the earlier to occur of (i) Declarant relinquishing control of the Association in a written instrument recorded in the real property records of Harrison County, Mississippi, (ii) three (3) months after one hundred percent (100%) of the lots in the Subdivision, including lots to be created out of the Additional Property in accordance herewith, have been conveyed to persons other than Declarant or Declarant's successors or assigns, (for avoidance of doubt purposes, the event described in this clause (ii) shall not be deemed to have occurred prior to Declarant having annexed all of the Additional Property into the Subdivision and having sold all of the Lots therein), or (iii) December 31, 2043; provided, however, that in the event of a conflict between Mississippi law and the foregoing, the applicable Mississippi law shall control.

ARTICLE TWO
COMMON AREA

2.01 Common Area. The Association, subject to the rights of the Owners set forth in this Declaration, the Articles of Incorporation and the Bylaws, shall be responsible for the exclusive maintenance, management, and control of the Common Area and all improvements thereon, and shall keep the Common Area in good, clean, attractive, and sanitary condition, order, and repair pursuant to the terms and conditions of this Declaration. The Association has the right

to restrict the use and govern the operation of the Common Area by promulgating reasonable rules and regulations, including with respect to any Common Area facilities, the right to charge reasonable one-time or monthly fees for the use thereof by the Owners as the Association deems necessary or appropriate. Rules and regulations may be established by the Association to regulate the use of the Common Area.

2.02 Right of Enjoyment. Subject to any rules and regulations promulgated by the Board of Directors and the terms and conditions of the Bylaws, every Member shall have a right and easement of enjoyment of the Common Area, and such easement shall be appurtenant to and pass with the title to each Lot.

2.03 Lots Subject to Covenants, Restrictions, Limitations and Term. Each Lot that shall be conveyed, held, devised, leased, or demised at any time hereafter shall be subject to all the terms, conditions, covenants, restrictions, and limitations herein contained, and the obligation to observe and perform the same whether or not it be so expressed in the deed or other instrument of conveyance of the Lot or real property, and such shall run with the Lot or real property and be appurtenant thereto as if fully set out in such deed or instrument of conveyance, subject to the terms and conditions hereof.

2.04 Emergency Access Easement. Declarant is the grantee under that certain Perpetual Emergency Access Easement recorded at Instrument 2022-0019606-D-J1 in the Office of the Chancery Clerk of Harrison County, First Judicial District, Mississippi (the "Emergency Access Easement"). On the date first set forth above, Declarant is conveying all Common Areas to the Association and conveying all Lots. In connection with the foregoing, Declarant hereby transfers and assigns all of the rights and obligations of the grantee under the Emergency Access Easement to the Association, to have and to hold for the benefit of the Association, all Owners, and all tenants and guests of all Owners. The Association shall have the right to promulgate rules and regulations regarding the use of the Emergency Access Easement. The obligations, including any maintenance obligations, of the grantee under the Emergency Access Easement shall be performed by the Association and the cost thereof shall be levied as Assessments (hereinafter defined).

2.05 Overhead Wires. No Lot shall be served with any overhead electrical or communications service, and no Owner shall erect power poles for such service; provided, however, that nothing herein shall be construed to prohibit overhead street lighting or ornamental yard lighting provided that such lighting is constructed in accordance with the terms and conditions hereof.

2.06 Control of Common Area. The Association may, upon approval by the Board of Directors, sell, subdivide, lease, mortgage, grant easements over or otherwise encumber the Common Area, or exchange all or any portion of the Common Area for Lots or other real property, or purchase or acquire any additional real property and dedicate the same as Common Area subject to the terms of this Declaration.

2.07 Condemnation. In the event of a taking by eminent domain of any portion of the Common Area on which improvements have been constructed, the Association shall restore or replace such improvements so taken on the remaining Common Area, unless within sixty (60) days

after such taking, an alternative plan is approved by at least seventy-five percent (75%) of the voting interests of the Members. The provisions of this Declaration applicable to replacement or restoration of damaged improvements on the Common Area shall also apply to and govern the actions to be taken in the event that the improvements are not restored or replaced after a condemnation.

2.08 Liability. Owners, occupants and their guests shall use and enjoy the Common Area at their own risk and shall assume sole responsibility for their personal belongings used or stored there. The Association, Declarant and their respective officers, directors, employees, representatives and agents shall not be held liable for personal injury to any person, nor for loss or damage to personal belongings used or stored on any of the Common Area. The Association shall not be liable for injury or damage to any person or property (a) caused by the elements or by an Owner or any other person, (b) resulting from any rain or other surface water which may leak or flow from any street, pipe, plumbing, drain, conduit, appliance, equipment, security system, or utility line or facility, the responsibility for the maintenance of which is that of the Association, or (c) caused by any street, pipe, plumbing, drain, conduit, appliance, equipment, security system, utility line, facility, or from any portion of the Common Area, the responsibility for the maintenance of which is that of the Association, becoming out of repair. Nor shall the Association be liable to any Owner or occupant for loss or damage, by theft or otherwise, of any property of such Owner or occupant.

ARTICLE THREE
ASSOCIATION MEMBERSHIP AND VOTING RIGHTS

3.01 Membership. Each Owner shall be a Member, subject to the terms and conditions of the Articles of Incorporation and the Bylaws.

3.02 Voting. Voting by Owners shall be in accordance with the Bylaws.

3.03 Assignment. The share of a Member in the funds and assets of the Association cannot be assigned, hypothecated, or transferred in any manner except as an appurtenance of said Owner's Lot.

ARTICLE FOUR
COVENANT FOR MAINTENANCE ASSESSMENTS

4.01 Personal Obligation of Assessments. Declarant, for each Lot, hereby covenants, and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, (2) special assessments, and (3) any individual assessments, fines or charges charged against the Lot or Owner, as such assessments are hereinafter established and shall be collected as hereinafter provided (singularly, an "Assessment" and collectively, the "Assessments"), as such Assessments are hereinafter established and shall be collected as hereinafter provided. The annual, special, and individual assessments, together with interest, costs, an administrative late fee not to

exceed the greater of twenty-five and no/100 dollars ($25.00) or five percent (5%) of the amount of each installment that is past due, and reasonable attorneys' fees, shall be a charge on the Lot and shall be a continuing lien upon the property against which each such Assessment is made effective from and relating back to the date on which this Declaration was recorded. Any payment received and accepted by the Association shall be applied first to any interest accrued, then to any administrative late fee, then to any costs and reasonable attorney's fees, and then to the delinquent Assessments. Each such Assessment, together with interest, costs, the administrative late fee and reasonable attorneys' fees, shall also be the personal obligation of the person who was the Owner of such Lot at the time when the Assessment fell due. The personal obligation for delinquent Assessments shall pass to successors in title.

4.02 Purpose of Assessments. The Assessments levied by the Association shall be used to provide for (a) operation of the Association, (b) the management, care and maintenance of the Common Area and any improvements constructed thereon, including provision for appropriate insurance against casualty and liability and for the purposes set forth herein, (c) maintenance and repair of any aspect of the Townhomes that is delegated to the Association in accordance with Article Eleven hereof, and (d) performance of any and all matters that are declared herein to be a Common Expense. The Association shall have the obligation to maintain the Common Area (including, without limiting the generality of the foregoing, any and all roads, easements, drainage facilities, landscaping, structures, holding and retention ponds, and the like, whether denominated as such or otherwise) and shall pay all ad valorem property taxes assessed upon them. The Association may fund in the Reserve Account (hereinafter defined) such sums as the Board determines in good faith are necessary and adequate to make periodic repairs and improvements to any part of the Common Area, the Party Roofs and/or the Party Walls.

4.03 Annual Assessments. To provide the total sum necessary for the insurance purchased by the Association hereunder, the Reserve Account, the maintenance, repair and replacement (as applicable) of any improvements located on the Common Area, and any and all other expenses of the Association (whether pertaining to the ownership, operation, use, maintenance, and/or repair of the Common Areas or otherwise), each Member for each Lot owned shall pay a portion of the total amount necessary for such purposes to the Association. The portion to be paid by each Member for each Lot shall be determined in accordance with Section 4.06 hereof. The amount of the annual Assessment assessed against each Member as provided under the foregoing sentence shall be assessed by the Association as a lien at the beginning of each annual Assessment period.

4.04 Special Assessments for Capital Improvements Upon Common Area. In addition to the annual Assessments authorized above, the Board of Directors may levy, in any assessment year, a special Assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area and any entrance wall or signage, including fixtures and personal property related thereto.

4.05 Date of Commencement of Annual Assessments and Due Dates. The Assessments provided for herein shall only be assessed against Lots upon which a Townhome has been constructed, and will commence as to a particular Lot upon conveyance of the Lot to any Owner

who is not the Declarant or a Builder. The first annual Assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual Assessment against each Lot at least thirty (30) days in advance of each annual Assessment period. Written notice of the annual Assessment shall be sent to every Owner subject thereto. The Board of Directors shall determine if annual and special Assessments will be collected annually, quarterly or at some other interval and shall set due dates for Assessment payments. If the Board of Directors does not fix an annual Assessment in advance of any annual Assessment period, the annual Assessment for the period will be the same as for the prior period until the Board fixes a new annual Assessment amount.

4.06 Assessment Shares. Each Member shall be responsible for a portion of any annual or special Assessments levied against the Members equal to a fraction calculated in accordance with the following: the numerator of such fraction shall be the number of Lots owned by such Member and the denominator of which shall be the total number of Lots in the Subdivision at the time such Assessment is levied. The quotient of such fraction shall be multiplied by the total sum of the applicable Assessment, and the resulting figure shall be the portion of such Assessment that is owed by the applicable Member. The total number of Lots in the Subdivision may be increased from time-to-time by Declarant in its sole and absolute discretion in accordance with Section 10.02 hereof, and any such increases in the total number of Lots in the Subdivision shall be taken into account in calculating any Assessments in accordance with this Section.

4.07 Initial Capital Contribution Assessment. An Assessment is hereby levied against, and due upon the closing of the sale of, each Lot in the amount of the greater of (a) Two Hundred and No/100 Dollars ($200.00), or (b) one-fourth (1/4) of the then current annual Assessment against the purchaser of each Lot (whether such Lot has a completed Townhome located upon it or otherwise) and against each subsequent purchaser of each Lot; provided, however, that in the case of sales of Lots by Declarant to a Builder, the Builder shall be exempt from such Assessment. The proceeds of such Assessments may be used by the Association for any purpose for which the Association is authorized under the Articles of Incorporation, Bylaws or this Declaration.

4.08 Reservation of Lien; Effect of Nonpayment of Assessments; and Remedies of the Association. Any Assessment not paid within thirty (30) days after the due date shall bear interest thereon at a rate to be set by the Board of Directors but in no event greater than the maximum percentage rate as may then be permitted under the laws of the State of Mississippi. The Association may bring an action at law or in equity against the Owner personally obligated to pay any Assessment. Furthermore, a lien is hereby reserved in favor of the Association against each Lot in the amount of all Assessments outstanding against such Lot (the "Assessment Lien"). Interest, costs, and reasonable attorneys' fees of any action brought by the Association in respect of an Assessment and/or the Assessment Lien applicable to such Assessment shall be added to the amount of such Assessment and shall be secured by the Assessment Lien. Each such Owner, by his acceptance of a deed to or other conveyance of an interest in a Lot, hereby expressly vests in the Association the right and power to bring all actions, in the name of the Association, against such Owner personally for the collection of each Assessment as a debt and to foreclose the Assessment Lien in the manner provided for the foreclosure and sale under a mortgage and deed of trust pursuant to Mississippi law. Each Owner hereby expressly grants to the Association a power of sale in connection with the Assessment Lien. The Association, including its agents,

successors, assigns, attorneys in fact or other legal representatives, shall have the power to appoint a trustee or substitute trustee to perform the sale, and the Association shall have the right to bid at any foreclosure sale and to acquire and hold, lease, encumber, and convey the same. At any such public sale, the appointed trustee may execute and deliver to the purchaser a conveyance of the property in fee simple. No Owner may waive or otherwise escape liability for the Assessments by non-use of the Common Area or abandonment of said Owner's Lot. The Board of Directors may also suspend the use rights of any Owner of the Common Area in the event of a failure to pay any Assessment within thirty (30) days of the applicable due date. Furthermore, and without limiting any rights of the Association hereunder, the Association shall have the right to transfer, assign and convey to any third party any debt associated with any unpaid Assessments and the Assessment Lien that is associated therewith.

4.09 Election of Remedies. Institution of a suit at law to collect payment of any delinquent Assessments shall not be deemed to be an election by the Association which shall prevent its thereafter seeking enforcement of the collection by foreclosure of any sums remaining owing to it, nor shall proceeding by foreclosure to effect such collection be deemed to be an election precluding the institution of a suit at law to collect any sum then remaining owing to the Association. The Association shall be entitled to bid at any sale held in connection with the foreclosure of the Assessment Lien and may apply as a cash credit against its bid all sums secured by the lien enforced.

4.10 Subordination of the Lien to Deeds of Trust. The Assessment Lien shall be subordinate to the lien of any first deed of trust on a Lot. Sale or transfer of any Lot shall not affect the Assessment Lien; provided, however, the sale or transfer of any Lot pursuant to foreclosure of a first deed of trust on said Lot or any proceeding in lieu thereof, shall extinguish the Assessment Lien as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any Assessments thereafter becoming due or from the Assessment Lien associated therewith or relieve the prior Owner from any personal liability for any unpaid Assessments occurring prior to said sale or transfer.

4.11 Estoppel Letter. The Association shall, within thirty (30) days after receiving a written request therefor and for a reasonable charge, as established by the Board of Directors, certify to the amount of any unpaid Assessments constituting a lien on a specified Lot. A certification letter signed by an officer of the Association or the Association's managing agent, if any, as to the amount of Assessments due with respect to a Lot shall be binding upon the Association.

4.12 Reserve Account. The Association shall establish and maintain an adequate reserve fund for the periodic maintenance, repair, and replacement of improvements to the Common Area, the Party Roofs, the Party Walls, and for such other purposes as may be set forth herein (the "Reserve Account"). The Reserve Account shall be maintained out of regular assessments for Common Expenses.

ARTICLE FIVE
MAINTENANCE AND REPAIR

5.01 Maintenance. The Association shall provide maintenance of the Common Area. In addition, the Association shall have the right, but not the obligation, to maintain other property not owned by the Association, whether within or without the Subdivision and to enter into easement and covenant to share costs agreements regarding such property where the Board has determined that such action would benefit the Owners. Without limiting the foregoing, the Association shall have a reasonable right of entry upon any Lot to make emergency repairs and to do other work reasonably necessary for the proper maintenance and operation of the Common Area and to carry out its rights and duties set forth in this Declaration.

5.02 Failure to Maintain. In the event an Owner shall fail to maintain and repair his Lot and the improvements situated thereon, as provided for herein and provided that the failure to so maintain shall cause damage or injury to the adjoining Lot or to common structural elements which affect an adjoining Lot, the Association, after approval by a majority vote of the Board of Directors, shall have the right, through its agents and employees, to enter upon said Lot and to repair, maintain, and restore the Lot and the Townhouse and any other improvements erected thereon. The cost of the same shall be added to and become part of the Assessment to which such Lot is subject; provided, however, if a dispute arises concerning the foregoing between the Owner and the Association, the matter may be submitted to arbitration in accordance with the mutual agreement of the parties.

5.03 Damage to Common Area. Notwithstanding anything contained in this Article Five to the contrary, each Owner shall be personally responsible and personally liable for any damage to the Common Area, or any portion thereof, caused by the Owner and/or the Owner's family members, guests, invitees, lessees or licensees as a consequence of the negligence, recklessness or willful misconduct of such person. The cost of repair for any damage so caused by the Owner, the Owner's family members, guests, invitees, lessees or licensees shall be an individual Assessment against the Owner responsible therefor and the Lot of such Owner.

ARTICLE SIX
ARCHITECTURAL CONTROL

6.01 Submission of Plans and Specifications. No Townhouse, building, or other structure or improvement shall be constructed, erected, or maintained upon any Lot, nor shall any exterior addition to or change or alteration therein be made until the plans and specifications of the same shall have been submitted by an Owner to and approved in writing as in harmony with this Declaration by the Architectural Review Committee. Two (2) copies of the building or construction plans and specifications (collectively, the "Plans") shall be submitted to the Architectural Review Committee. Prior to commencement of any construction activities on a Lot, an Owner's Plans must be approved by the Architectural Review Committee as to conformity and harmony with this Declaration. The Architectural Review Committee may, from time to time, establish additional written design guidelines for the Subdivision, and a copy of any such

guidelines then in effect shall be made available to any Member requesting a copy of same from the Association.

6.02 Approval or Disapproval. The Architectural Review Committee shall indicate its approval or disapproval of such plans and specifications by delivering, in writing, notice of such approval or disapproval to the requesting Owner. In the event the Architectural Review Committee fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, approval shall be deemed automatically given. Notwithstanding the immediately preceding sentence, if an Owner constructs, modifies, or alters any improvement on his or her Lot prior to delivering the applicable plans and specifications to the Architectural Review Committee as required hereunder, then such plans and specifications shall not be deemed approved if the Architectural Review Committee fails to approve or disapprove of such plans and specifications within said thirty (30) day period.

6.03 Right of Inspection. The Architectural Review Committee shall have the right, but not the obligation, to inspect the Owner's Lot and improvements during construction and prior to occupancy to inspect whether construction is proceeding in accordance with the construction plans submitted and approved by the Architectural Review Committee. Failure of an Owner to comply with the provisions of this Section 6.03, or failure of an Owner to carry out construction in accordance with the provisions of this Article, shall subject such Owner to such remedies as might be available at law or in equity (including, but not limited to, specific performance and injunction, payment of the prosecuting parties' reasonable legal fees and expenses).

6.04 Limited Review. The scope of review by the Architectural Review Committee is limited to appearance only and does not include any responsibility for structural soundness, suitability of construction or materials, compliance with building or zoning codes or standards, this Declaration, or any other similar or dissimilar factors.

6.05 Waiver of Liability. Neither the Architectural Review Committee nor any architect nor agent thereof nor the Association nor any agent or employee of any of the foregoing shall be responsible in any way for the failure of any improvements to comply with the requirements of this Declaration, nor for any defects in any plans and specifications submitted, revised or approved in accordance with the foregoing provisions, nor for any structural or other defects in any work done according to such plans and specifications, and all persons relying thereon or benefiting therefrom agree not to sue or claim against the entities and persons referred to in this Section for any cause arising out of the matters referred to herein and further agree to and do hereby release said entities and persons for any and every such cause.

ARTICLE SEVEN
USE RESTRICTIONS

7.01 Residential Use; Commercial Activity. Except as is hereinafter provided in this Section and in Section 10.01(c) hereof, each Lot is hereby restricted to a private, single-family dwelling for residential use. No commercial activities of any kind whatsoever shall be conducted in any Townhome, any other building located on a Lot, or any portion of any Lot; provided,

however, that (a) an Owner may conduct a business entirely within his Townhome so long as (i) such business uses only ten percent (10%) of the total square footage of such Townhome, (ii) such business does not result in parking of additional vehicles on the Subdivision streets or Common Areas, (iii) such business is secondary to the use of the Lot for residential purposes, and (iv) such business shall not violate any applicable zoning ordinances, and (b) Builders shall have the right to use one or more townhomes as a "model home" and to operate a sales office from such model home.

7.02 Subdivision of Lots. Each Lot shall be conveyed as a separately designated and legally described freehold estate subject to the terms, conditions, and provisions hereof, to easements and rights-of-way, and matters of public record. No Lot may be subdivided into a smaller Lot or Lots unless approved by the Association; provided, however, that an entire Lot may be combined with an entire adjacent Lot and occupied as one Lot but assessed and governed as two Lots.

7.03 Signs. No sign of any kind shall be displayed on any Lot (including, without limitation, any signage within a townhome that is visible from the exterior of such townhome), except (i) that any Owner actively attempting to sell his Lot may place a "for sale" sign of less than four (4) square feet on his Lot; (ii) during the building of townhomes in the Subdivision, Declarant and/or the Builders in the Subdivision may place signs at the entrance and/or on any Lot to advertise the Subdivision and the Lots for sale therein and (iii) any Owner may display a sign of reasonable size provided by a contractor for security services within 10 feet of any entrance to the townhome.

7.04 Noxious and Offensive Activity. No noxious or offensive activity shall be carried on, in or upon any Lot, nor shall anything be done thereon which may be or become an annoyance or nuisance to any other Owner.

7.05 Design Criteria; Structure. All improvements to be constructed or otherwise located on a Lot by an Owner shall comply with the following requirements:

(a) Any Townhouse shall contain a minimum of one thousand one hundred (1,100) square feet of heated and cooled living space.

(b) No townhouse may exceed three (3) habitable stories above grade.

(c) To the extent required by applicable law, all sidewalks shall be constructed along the street right-of-way of each Lot in accordance with a uniform plan established by the Declarant. Accordingly, each site Plan submitted to the Architectural Review Committee shall show the location and material to be used for construction of the sidewalk, all as required and approved by the Architectural Review Committee. Each Owner shall construct or cause to be constructed on his or her Lot the approved sidewalk upon completion of the townhouse on his or her Lot and before occupancy thereof. It shall be each Owner's responsibility to maintain any portion of a sidewalk situated on the Owner's Lot so that such sidewalk remains in an attractive, well-kept condition.

(d) [Intentionally Omitted].

(e) Air-conditioning and heating units, blowers, towers, condensers or structures related thereto, when erected between the side of any building or structure and the side Lot line of the Lot on which said building or structure is located, shall be enclosed in conformity with the general architecture of the primary residential building or structure, or shielded by shrubbery. No window air-conditioning units shall be permitted without the prior written approval of the Architectural Review Committee.

(f) Underground electrical distribution facilities are required and no overhead electrical or similar wiring or lines shall be permitted.

(g) All outside radio and T.V. antennas (including satellite dishes and other signal receiving/transmitting equipment) shall be installed in such a way as to minimize visibility from the front of the Lot and shall be placed on the back or side of any roof.

(h) No plumbing or heating vent shall be placed on the front side of any roof.

(i) Driveways must be made of concrete. In no event may any driveway be painted, scored or otherwise colored.

(j) During construction, all vehicles, including those delivering supplies, must be parked so as not to unnecessarily damage trees on a Lot or Common Area.

(k) All building debris, stumps, trees, etc., must be removed from each Lot by the Owner thereof as often as necessary to keep the Townhouse and Lot attractive. Such debris shall not be dumped in any area of the Subdivision.

(l) No wall or fences may be constructed or erected around or on any Lot.

(m) No outside clothes lines shall be permitted.

(n) Following construction of a Townhome a Lot, existing drainage shall not be altered in any manner, and specifically shall not be altered in such a manner as to divert the flow of water onto an adjacent Lot.

7.06 Animals. No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any Lot except that dogs, cats, and other household pets (as applicable, "Pets") may be kept subject to the rules and regulations adopted by the Association, provided that they are not kept, bred, or maintained for any commercial purpose. Pets must be kept leashed and under control at all times. Without limiting the immediately preceding sentence, Pets shall not be (a) kept in a cage or kennel unless such cage or kennel is located inside of a Townhome, or (b) kept on a chain or leash outside of the Townhome unless such Pet is accompanied by an individual who is responsible

for such Pet. Notwithstanding the foregoing, the restrictions in this Section 7.06 shall not apply to any service animals, support animals, and any other animals permissible under the Americans with Disabilities Act.

7.07 Waste. No rubbish, trash, garbage, or other waste material shall be kept or permitted upon any Lot except in sanitary containers located in appropriate area, screened and concealed from view.

7.08 [Intentionally Deleted].

7.09 Temporary Structures. No structure of a temporary character, trailer, mobile home, motor home, modular building unit, basement, tent, shack, garage, barn, or other outbuilding shall be used at any time on the Lots as a residence, either temporarily or permanently.

7.10 Vehicles.

(a) No inoperative cars, trucks, trailers, boats, campers or other types of vehicles shall be allowed to remain either on or adjacent to any Lot; provided, however, this provision shall not apply to any such vehicle being kept in an enclosed garage.

(b) No trucks larger than a one-ton pickup shall be parked in the Subdivision, except those reasonably necessary to complete approved improvements.

(c) Recreational vehicles, campers, utility trailers, boats, boat trailers, jet skis, semi-trucks or any other commercial vehicles shall not be parked or stored on any Lot or Common Area.

(d) Overnight parking within any street right of ways is prohibited. Parking in yards is strictly prohibited.

(e) There shall be no major repair performed on any motor vehicle on or adjacent to any Lot unless performed inside an enclosed garage.

(f) No noxiously loud or dangerous vehicles shall be allowed to be operated on any Lot, including, without limitation, all terrain vehicles (aka ATVs).

7.11 Construction. Any and all improvements on any Lot shall comply with the standards and provisions of the City of Gulfport, Mississippi, and its applicable building code. The use of dumpsters for cleaning and construction sites is permitted.

7.12 Pollution. There shall be no noxious emission of smoke, dust, odor, fumes, glare, noise, vibration, electrical or magnetic disturbance, detectable at the lot line or beyond.

7.13 Outdoor Lighting. No exterior lighting fixture (other than fixtures approved by the Architectural Review Committee) shall be installed within or upon any Lot without adequate and proper shielding of the fixture. No lighting fixture shall be installed that may become an

annoyance or a nuisance to Owners or occupants of adjacent properties. No flood lights or security lights shall be allowed on any Lot. No light shall be attached to the soffits of any improvements on the Lot unless the lights are recessed.

7.14 Garbage and Refuse Disposal. No Lot shall be used or maintained as a dumping ground for rubbish, trash, garbage, or waste. All storage equipment for such material shall be kept in a clean and sanitary condition and screened from street view.

7.15 Oil and Mining Operations. No activity or hardware used for the purpose of exploration or extraction of minerals, oil, or gas shall be allowed on any Community Property at any time.

7.16 Firearms and Fireworks. The display or discharge of firearms or fireworks on any Lot or any Common Area is prohibited; provided, however, that the display of lawful firearms on the Common Area is permitted by law enforcement officers and also is permitted for the limited purpose of transferring firearms across the Common Area to or from an Owner's Lot. The term "firearms" includes "B-B" guns, pellet guns and other firearms of all types, regardless of size.

7.17 No Hanging of Items. No clothes, flags, sheets, blankets, towels, laundry of any kind or other articles shall be hung out or exposed on any balconies, patios, or railings.

7.18 Hazardous Items. No one shall use or permit to be brought onto any Lot or upon any of the Common Area any flammable oils or fluids such as gasoline, kerosene, naphtha or benzene, or other explosives or articles deemed hazardous to life, limb or property, without the written consent of the Board of Directors; provided, however, that an Owner may store and possess gasoline and other flammable or hazardous materials typically used in the operation and maintenance of a single family residence and yard, in reasonable quantities for personal use upon Owner's Lot without obtaining such written consent. The Board of Directors may require removal of any flammable or hazardous materials from the Subdivision if it determines, in its sole and absolute discretion, that any type or quantity of material is in violation of this Section.

7.19 Water and Sewer Service. The Owner of each Lot shall be required to connect to and use the central water distribution system and central sanitary sewage disposal system serving the Subdivision, and shall be responsible for paying all connection fees and assessments. No septic tanks or wells will be permitted.

7.20 Windows and Window Treatments. The exterior facing of window coverings must be off-white or a neutral color. Reflective glass shall not be permitted on the exterior of any Townhouse or other structure. No foil or other reflective materials shall be installed on any windows or used for sunscreens, blinds, shades or for other purposes. All exterior window styles, materials, and colors and all hurricane or storm shutters must be approved by the Architectural Review Committee; provided, however, that in no event shall burglar bars and/or wrought iron doors be permitted. Hurricane or storm shutters (a) may not be closed or otherwise installed to cover windows unless and until a tropical storm or hurricane warning is issued by the National Weather Service for the County in which the Subdivision is located, and (b) shall be opened and/or otherwise removed within seventy-two (72) hours of the storm's passage.

7.21 Lots on Wetland Areas, Body of Water. No Lot shall be increased in size by filling in of any wetlands, body of water, creek or any waterway on which it may abut without appropriate governmental permits (if any are required) and prior written approval of the Architectural Review Committee.

7.22 Compliance With Law. In all cases, each Owner shall comply in all respects with all applicable laws, rules and regulations (including, without limitation, applicable zoning ordinances) promulgated by any governmental authority having jurisdiction over the Lots and the Common Area.

7.23 Swimming Pools. No swimming pools shall be constructed, altered or maintained upon any Lot.

7.24 Stormwater Drainage Improvements. Owners shall not alter, fill or otherwise change any stormwater improvements made to such Owner's Lot by Declarant in the development of the Subdivision or by any Builder during the construction of a Townhome on such Owner's Lot, including, without limitation, any drainage ditches and/or swales, without the prior written approval of the Association, which may be withheld by the Association in its sole and absolute discretion.

7.25 Outdoor Equipment. No outdoor equipment, firepits, tools, generators, or sporting equipment (including but not limited to basketball goals) may be installed or affixed to any Lot or Townhouse.

7.26 Holiday Displays. Notwithstanding anything to the contrary in this Declaration, including but not limited to those certain restrictions set forth in Section 7.13, holiday lighting and holiday decorations shall be permitted to be placed, installed, located, and/or erected upon the exterior portion of the Townhome or Owner's Lot beginning no earlier than thirty (30) days before a holiday, and shall be removed in their entirety no later than fourteen (14) days following such holiday. In no way limiting the foregoing, the Architectural Review Committee and/or the Association may establish additional standards and/or rules and regulations regarding holiday lights and/or decorations. The Association may require the removal of any holiday lighting and/or decoration that creates a nuisance, which includes but is not limited to, spillover to adjacent Lots, excessive noise, light shining directly onto adjacent Townhomes, and/or the cause of excessive vehicular traffic within the Subdivision.

7.27 No Solar Panels and Collectors. No solar panels and/or solar collectors (as applicable, "Solar Equipment") may be placed on a Townhome without prior written approval from the Architectural Review Committee; provided, however, that if such approval is granted by the Architectural Review Committee, such solar equipment must be located on the rear elevations of the Townhome. Notwithstanding the foregoing, if a Townhome's rear elevation is in the line of sight of any lake, pond or Common Area, and such line of sight is unobstructed in the opinion of the Architectural Review Committee, then the Architectural Review Committee may prohibit the installation of Solar Equipment on such Townhome. The Architectural Review Committee shall have the right to grant variances if needed to comply with any future changes to applicable laws.

7.28 Rules and Regulations. The Board of Directors may, from time to time, establish additional written use guidelines for the Subdivision, and a copy of any such guidelines then in effect shall be made available to any Member requesting a copy of same from the Association.

ARTICLE EIGHT
ADDITIONAL RESTRICTIONS

8.01 Leasing. Townhomes and Lots may be leased by an Owner for residential purposes only; provided, however, that any such leasing activities shall be subject to the following terms and conditions: (a) any such lease and the rights of any tenants thereunder are hereby made expressly subject to the power of the Association to prescribe reasonable rules and regulations relating to the lease and rental of Lots and Townhomes and to enforce the same directly against such tenant or other occupant by the exercise of such remedies as the Board of Directors deems appropriate, including eviction; (b) no such lease shall be for less than six (6) months; and (c) all leases must be in writing, with a copy provided to the Association upon request by the Association. Any Owner who leases his Townhomes or any portion thereof shall be responsible for the acts of his tenants, including, without limitation, the violation of this Declaration and/or any rules and regulations promulgated by the Association hereunder. Notwithstanding the foregoing, this Section shall not apply with respect to any Lot subject to a mortgage which is insured or guaranteed by the Federal Housing Administration or the Veterans Administration, or where the provisions of this Section are otherwise prohibited by law.

8.02 Restrictions on Mortgaging Lots. Nothing contained herein shall be construed to place any restrictions on an Owner's right to encumber his Lot.

8.03 Regulations. Reasonable regulations concerning the use of the Lots and the Common Area may be made and amended from time to time by the Board of Directors.

8.04 Lender's Notices. Upon written request to the Association, identifying the name and address of the holder, insurer or guarantor and the Lot number or address, any holder of a deed of trust, insurer, or guarantor will be entitled to timely written notice of:

(a) Any condemnation or casualty loss that affects either a material portion of the Common Area or the Lot securing its deed of trust.

(b) Any sixty (60) day delinquency in the payment of Assessments or charges owed by the Owner of any Lot on which it holds the deed of trust.

ARTICLE NINE
ENFORCEMENT; DURATION; AMENDMENT

9.01 Enforcement. The Association, the Board of Directors, the Architectural Review Committee and/or any Owner shall have the right to enforce by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges imposed by the provisions of this Declaration. Failure by the Association, the Board of Directors, the Architectural Review Committee and/or any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

9.02 Enforcement by Owners. An Owner may file a legal action for the violation of this Declaration (the "Complainant"), provided that the following procedure is strictly followed:

(a) The Complainant must first give the Association written notice of the alleged violation of this Declaration together with a demand seeking that the Association enforce the terms of this Declaration as against said violator; and

(b) The Association must fail to cause a cure of the alleged violation or, if the alleged violation has not been cured, fail to commence legal proceedings against said violator for the enforcement of the terms and conditions of this Declaration within one hundred twenty (120) days of the date of the Association's receipt of the notice referenced in subsection (a) hereof.

9.03 Attorneys' Fees. In any action (whether in advance of or prior to the initiation of any legal or equitable proceeding, in arbitration, in trial, in any administrative or other similar proceedings, or in any appeal from any of the same) pertaining to any condition, restriction or covenant herein contained (due to their alleged violation or breach) or for the enforcement of any lien against any Lot or against any Person, unless otherwise expressly provided in this Declaration to the contrary for specific instances and conflicts, the prevailing party shall be entitled to recover all costs, including reasonable legal fees and expenses.

9.04 Term. This Declaration is to take effect upon recordation and shall be binding upon the Association and all Owners and all persons and entities claiming title under and through them for fifty (50) years after the date this Declaration is recorded in the public records, after which it shall be automatically extended for successive ten (10) year periods unless an instrument in writing, signed by Members holding at least eighty percent (80%) of the voting interests in the Association, has been recorded within the year preceding the beginning of each successive period of ten (10) years, agreeing to change said covenants and restrictions, in whole or in part, or to terminate the same, in which case this Declaration shall be modified or terminated as specified therein.

9.05 No Additional Burden. Except as provided in Article Ten, no amendment of this Declaration shall place an additional burden or restriction or requirement on any Lot where the Owner of such Lot does not join in said amending instrument.

9.06 Amendments. Except as provided in Article Ten, this Declaration may be amended by vote of the Members having sixty-seven percent (67%) of the voting interests in the Association, or by a written instrument signed by the same percentage of Members; provided, however, that unless and until Turnover has occurred no such amendment may be effected without the written consent of Declarant to such amendment, which consent may be withheld by Declarant in Declarant's sole and absolute discretion. Declarant shall have and reserves the right at any time and from time to time, without the joinder or consent of any other party to amend this Declaration by any instrument in writing duly signed, acknowledged and filed for record for the purpose of correcting any typographical or grammatical error, ambiguity or inconsistency appearing herein, provided that any such amendment shall be consistent with and in furtherance of the general plan and scheme of development as evidenced by this Declaration and shall not impair or adversely affect the vested property or other rights of any Owner or such Owner's Mortgagee.

ARTICLE TEN
RESERVED DECLARANT RIGHTS

10.01 General Reserved Rights. Until Turnover, Declarant reserves unto itself, its successors and assigns:

(a) A right-of-way and easement for ingress and egress and easement for utilities, drainage, maintenance, repairs and other related uses over, along, and across the Common Area for all purposes relating in any manner to the subdividing, developing or aiding in the development of the Subdivision or any parts or parts thereof or additions thereto by Declarant or others.

(b) The right to grant easements and rights-of-way of ingress and egress and for drainage, utilities, maintenance and repairs along, over, across and under the Common Area to any person, firm, corporation or entity for use as ingress or egress or for drainage, utilities, maintenance and repairs.

(c) The right to maintain, and grant Builders the right to maintain, a sales office and/or a management office and/or one or more model homes in the Subdivision and to maintain signs therein advertising the Subdivision and to conduct its business and sales activities pertaining to the Subdivision therein and therefrom.

Except as set forth in Section 10.04, all of the above rights and interests reserved by Declarant may be exercised by Declarant without the consent or concurrence of the Association or any Member.

10.02 Right to Annex Property. Declarant hereby reserves the right, exercisable in its sole and absolute discretion, to (a) make any or all of the Additional Property subject to all or any of the terms and conditions of this Declaration and/or (b) permit owners of Additional Property to become Members of the Association. No assurances can be made as to whether any Additional Property will be annexed. Furthermore, Declarant expressly reserves the right to exercise this right on multiple occasions until such time as all Additional Property has been annexed into the Subdivision and made subject to this Declaration. No assurances can be made with respect to the

boundaries of any portions of any Additional Property that might be annexed. Declarant's option to annex any Additional Property in accordance with this Section shall expire upon Turnover. The Additional Property may be annexed in accordance with this Section by an amendment to this Declaration, which amendment may be made and entered into by Declarant in its sole and absolute authority and discretion without the consent, approval or signature of the Association or any Member. Notwithstanding anything contained in this Section to the contrary, (aa) no Additional Property shall be subject to this Declaration unless and until Declarant executes an amendment to this Declaration affirmatively exercising Declarant's rights hereunder and records such amendment in the office in which this Declaration is recorded, and (bb) in the event Declarant exercises its right to annex any Additional Property in accordance with this Section, Declarant shall also have the sole and exclusive right (i) to alter or amend the terms of Article Seven hereof as those terms pertain to any Lots created out of such Additional Property, (ii) exempt any Lots created out of such Additional Property from any or all of the requirements of Article Seven hereof, and/or (iii) impose additional covenants and obligations on any Lots created out of such Additional Property.

10.03 Amendment of Declaration by Declarant. Until Turnover, Declarant reserves unto itself the right, authority and power to amend this Declaration in any manner Declarant deems necessary and appropriate. Any amendment to this Declaration made in accordance with this Section shall require only the signature of Declarant and shall not require the signature of any other Owner or any Mortgagee of any Owner, except as required by Section 10.04.

10.04 Rights in Regard to the Association. Until Turnover, Declarant shall have the sole and exclusive right to (1) appoint, remove and replace all of the members of the Board of Directors of the Association; (2) appoint all of the officers of the Association; (3) appoint, remove and replace the members of the Architectural Review Committee of the Association as defined in and in accordance with the Bylaws; (4) amend the Articles of Incorporation and the Bylaws; and (5) take all other action on behalf of the Association and vote on all other matters required to be voted on or approved by the members of the Association. Upon Turnover, the then-current members of the Association shall be entitled to vote on all the foregoing matters subject to any restrictions set forth in this Declaration and the Bylaws.

10.05 Consent of D.R. Horton to Certain Matters. Declarant may not exercise any rights reserved in this Article Ten, or take any action or grant any approval as Declarant under this Declaration (other than any other approval given in the ordinary course as an Owner and not as Declarant) without obtaining the prior written consent of D.R. Horton, Inc. - Birmingham ("DHI"); provided, however, that no such consent shall be required for (a) the annexation of any of the Additional Property under Section 10.02 hereof, or (b) any changes to or additions of restrictive covenants that are applicable solely to phases of the Subdivision in which DHI does not own any Lots that it acquired from Declarant or any affiliate of Declarant and does not have a purchase contract with Declarant for the purchase of Lots.

10.06 Turnover. All rights of Declarant hereunder shall automatically terminate upon Turnover, except those rights that Declarant holds as an Owner and not by virtue of being the declarant under this Declaration, which shall continue as long as Declarant is an Owner.

10.07 Lot 99 and Lot 100 Restrictions. Lot 99 and Lot 100, as shown on the Plat of Subdivision ("Lot 99" and "Lot 100"), are hereby restricted to residential use, which includes use as a senior living facility (the "Lot 99/100 Restriction"). The Association shall have the right to enforce the Lot 99/100 Restriction. Other than the Lot 99/100 Restriction, Lot 99 and Lot 100 shall not be subject to any restrictions, covenants, or conditions in this Declaration. For clarification, the owner(s) of Lot 99 and Lot 100 shall not be a member(s) of the Association and shall not be subject to any Assessments levied by the Association.

ARTICLE ELEVEN
TOWNHOME ISSUES

11.01 General Rules of Law to Apply. Each wall built and located on the common or dividing line between adjoining Lots shall constitute a Party Wall. Each roof system built over structures on adjoining Lots shall constitute a Party Roof. To the extent not inconsistent with the provisions of this Declaration, the general rules of law regarding party walls and party roofs and liability for property damage due to negligence, or willful acts or omissions, shall apply thereto.

11.02 Maintenance of Townhomes. Each Owner of a Townhome shall be responsible for maintaining, repairing, and replacing all portions of the Townhome, except as otherwise expressly provided in this Article Eleven, and all other improvements situated on his Lot in a clean, sanitary, neat, safe and orderly and objectively good condition, including without limitation, for structural maintenance, repair or replacement of interior and exterior walls, including Party Walls, windows, window and patio screens, screened enclosures, doors, framing and casing, gutters, downspouts and skylights, and maintenance, repair and replacement of any air-conditioning or water softening fixtures or equipment, or any equipment, facilities or other items whatsoever installed within or placed upon any Lot by any Owner, including its agents, or other designees, in an aesthetically appropriate manner for portions of the Townhome visible from the street or adjacent Lot, consistent with the standards for the Subdivision generally, and/or in compliance with any other maintenance obligations designated as the Owners' responsibilities hereunder. It will also be the duty of each Lot Owner to maintain in good repair any driveway servicing a single Townhome Lot. If any Lot Owner breaches these covenants, the Association may, but is not obligated to, enter upon the Lot and charge an individual Assessment for costs required to bring the Lot and/or Townhome into compliance. The Lot Owner shall obtain the written consent of the Association prior to making any modifications requiring approval under Article Six hereof.

11.03 Repair and Maintenance of a Party Roof. When the need arises for wear and tear repair, replacement or other maintenance of any part or all of a Party Roof, excepting roof damage caused by a casualty event, the Association shall perform (or cause to be performed) such repair. No Owner may cause any such repairs or maintenance to be so performed; provided, however, that in the event of any material damage to a Party Roof that may result in water or other elements penetrating the Party Roof and damaging the Townhome(s), an Owner shall have the right to make any emergency repairs such Owner deems reasonably necessary to protect his or her Townhome from damage; provided, further, however, that in the event an Owner exercises such right, he or she shall immediately notify the Association of such repairs. When the need arises for repair or replacement of a Party Roof as a result of a casualty event, the Owner of the Townhome shall perform (or cause to be performed) such repair or replacement.

11.04 Maintenance of Exterior of Townhomes. Each Owner shall be responsible for exterior painting and pressure cleaning of the Townhome and other improvements on the Lot as required by the Association in accordance with this Section. It is anticipated that the Association shall require the roof, exterior walls, sidewalks, patios and driveways of all Homes to be pressured washed approximately every three years. It is anticipated that the Association shall require all Townhomes to be painted approximately every five to seven years. The Board of Directors shall convene a duly noticed meeting to determine when the uniform exterior painting and pressuring washing shall be required for all improved Lots in the Subdivision, and each Owner shall have at least 120 days to commence the work after the Association provides written notification of required painting or cleaning. Each Owner shall have the right to paint or clean more frequently than required by the Association; provided that prior written approval of paint color is obtained from the Board. If any Owner fails or refuses to paint or pressure wash his Townhome and/or other improvements as required herein, the Association may perform the work and charge the Owner the cost thereof as an Individual Assessment. Notwithstanding the foregoing, by 2/3 vote of the Board at a duly notice meeting, the Association may elect to enter into a bulk contract for uniform painting and/or pressuring washing of all Townhomes in the Subdivision and charge each Owner of a Lot improved with a Townhome its equal share of the cost thereof as an individual Assessment.

11.05 Lawn Maintenance and Irrigation. The Association shall perform all lawn and irrigation maintenance around the Townhomes, including mowing, weeding and fertilizing and the cost thereof shall be a Common Expense.

11.06 [Intentionally Deleted].

11.07 Owner Maintenance Responsibilities. Except for the items that are specifically reserved to the Association in accordance with the terms and conditions of this Declaration, each Owner shall be responsible for the maintenance, repair and upkeep of such Owner's Townhome, including, the interior of such Townhome and any exterior doors and windows of such Townhome; provided, however, that an Owner may not replace any exterior door or window without first obtaining the prior written approval of the Association as to the specific type of window or door, as applicable, to be used in such replacement. Each Owner shall properly maintain any balcony or terrace, including but not limited to the flooring surface of such balcony or terrace, appurtenant to such Owner's Townhome; provided, however, that no Owner shall puncture, or otherwise cause or allow to be punctured, the surface of any such balcony or terrace.

11.08 Cost of Construction. If the Owner of any Lot erects a Party Wall at a time when the adjoining Owner is not ready to construct, then the Party Wall must be located on the Lot line, but entirely within the Lot on which construction is to begin and such Owner shall bear the entire cost of constructing said Party Wall. If the adjoining Owner later erects a building utilizing said Party Wall, or any part thereof, he shall promptly pay to the Owner who originally bore the entire Party Wall cost an amount equal to the ratio that the portion of the Party Wall utilized for support, attachment or joinder bears to the original cost thereof, divided by one-half.

11.09 Adjoining Lot. The first Owner to erect a Party Wall shall have the right to enter the adjoining Lot(s) and shall have the right to authorize entry by his contractor, agents, employees,

and suppliers to the extent reasonable and appropriate for construction purposes. Such right includes the right to make necessary excavations or to do other work required in connection with the construction of the Party Wall; provided, however, that on completion of the Party Wall, the adjoining Lot(s) shall be restored to their condition prior to the start of construction. The first Owner to erect a Party Wall shall erect said Party Wall and any party Roof in such a manner so as not to encroach into the Lot of any adjoining Owner; provided, however that such Party Wall and Party Roof may, with the advance written approval of the Architectural Review Committee, have a finished eave or other overhang structure encroaching into such adjoining Owner's Lot; provided, further, however, that such eave or other overhang structure shall be subject to the rights of an adjoining Owner to thereafter eliminate or modify such eave or other overhang structure to accommodate the construction of an adjoining Townhome; and the elimination or alteration of any such eave or other overhang structure shall, in all events, be subject to the equitable and final discretion of the Architectural Review Committee. No construction shall be undertaken in a manner so as to adversely affect the structural integrity of any Townhome located on a Lot.

11.10 [INTENTIONALLY DELETED.]

11.11 Access to Common Areas During Construction. Each Builder shall have a license to go upon and make use of such portions of the Common Area as are reasonably necessary in connection with a Builder's construction of a Townhome or Townhome Building on a Lot or Lots adjacent to such Common Area; provided, however, that each such Builder shall be responsible for and shall repair any damage caused to the Common Area by such Builder or such Builder's subcontractors and materials suppliers.

11.12 Failure to Maintain. In the event an Owner shall fail to maintain and repair his Lot and/or Townhome as required herein, and that failure to so maintain shall cause damage or injury to the adjoining Townhome, Party Wall, and/or Party Roof, the Association, after approval by a majority vote of the Board of Directors, shall have the right, through its agents and employees, to enter upon said Lot and to repair, maintain, and restore the Lot and the Townhome and any other improvements erected thereon. The cost of the same shall be added to and become part of the assessment to which such Lot is subject.

11.13 Right of Contribution Runs with the Land. The right of any Owner to contribution from any other Owner under this Article shall be appurtenant to the land and shall pass to such Owner's successors in title.

11.14 Easement for Encroachment. There shall be (a) reciprocal perpetual easements of encroachment between each adjacent Lot, and (b) perpetual easements of encroachment over and across any adjacent Common Area, for purposes of allowing for the unintentional placement, settling, or shifting of Party Walls constructed, reconstructed, or altered thereon to a distance of three feet (3') as measured from any part on the common boundary along a line perpendicular of such boundary at such point.

11.15 Easement for Lateral Support. There shall be reciprocal perpetual easements of lateral support between each adjacent Lot upon the structural components, including the Party Walls for lateral support of each Unit. No Owner shall demolish, modify, or interfere with a Party

Wall so as to diminish or in any way alter the lateral support which such Party Wall affords any Townhome.

11.16 Utility Easements. Utilities will be installed on portions of each Lot (collectively, the "Utilities") for the benefit of one or more of the other Lots, and utility meters to serve each Lot (collectively, the "Utility Meters") will be installed on some of the Lots. Reciprocal, perpetual, non-exclusive easements under, upon, over, in, and across the Utility Easement Areas (hereinafter defined) for the maintenance and use of the Utilities and the Utility Meters are hereby granted, established, and created for the benefit of each Lot (the "Utility Easements"). The Utility Easements run with the land, are intended to confer restrictions and benefits on and to the Lots, and constitute equitable servitudes. As used herein, "Utility Easement Areas" means (a) with respect to each Lot, an area (1) twenty (20) feet in depth, commencing from the center of the rear of the Townhome located on such Lot and ending twenty (20) feet therefrom towards a point on the center of rear property line of such Lot, and (2) the entire width of such portion of the Lot; and (b) with respect to any Lot located at the end of a Townhome Building, an area (1) seven and one-half (7.5) feet in width, measured six (6) inches from the center of the side of such Townhome located at the end of such Townhome Building and ending seven and one-half (7.5) feet therefrom towards a point on the center of the side property line of such Lot, and (b) the entire length of such portion of the Lot. As an example, a typical Utility Easement Area is depicted on Exhibit "C" attached hereto. No Owner shall take any action or construct any improvement which would unreasonably interfere with the right of each Owner to use the Utilities, Utility Meters, and/or Utility Easements. The Owner of each Lot (aa) may only use the Utility Easements in connection with the Utilities and Utility Meter serving his or her Lot, and (bb) shall be responsible for, at the Owner's expense, any damage to Utilities and Utility Meters resulting from such Owner's use of the Utility Easements. Nothing contained in this Section 11.16 shall be deemed to be a gift or dedication of any easement or other rights to the general public, or for any public use or purpose, whatsoever.

ARTICLE TWELVE
INSURANCE; CASUALTY

12.01 Insurance on Common Area. The Association shall obtain and maintain the insurance coverage as set forth herein. The Board shall obtain casualty insurance for all insurable improvements located on the Common Area, which the Association is obligated to maintain. This insurance shall provide, at a minimum, fire and extended coverage and shall be in an amount sufficient to cover the full replacement cost of any repair or reconstruction in the event of damage or destruction from any such hazard. The Board shall also obtain a public/general liability policy applicable to the Common Area and directors' and officers' liability insurance. Policies may contain a reasonable deductible and coverage limits as commercially and reasonably available in the determination of the Board. In addition to the other insurance required by this section, the Board shall obtain workers' compensation insurance, if and to the extent necessary to satisfy the requirements of applicable laws, and a fidelity bond or bonds on directors, officers, employees and other persons handling or responsible for the Association's funds. If obtained, the amount of fidelity coverage shall cover the maximum funds that will be in the custody of the Association or its management agent at any time while the policy is in force. Fidelity coverage shall contain a

waiver of all defenses based upon the exclusion of persons serving without compensation. All such insurance coverage shall be written in the name of the Association. The expense of all insurance coverage obtained by the Association in accordance with this Section 12.01 shall be a Common Expense.

12.02 Insurance on Townhomes. Each Owner of a Townhome and excepting Declarant and Builders, shall, at the Owner's sole expense, obtain insurance coverage, insuring all portions of the Townhome including but not limited to, the Party Roof, all interior and exterior walls and Party Walls, doors and windows, in an amount equal to the maximum insurable replacement value. Such coverage shall afford protection against (i) loss or damaged by fire, hurricane, tornado, windstorm, or other hazards covered by a standard extended coverage endorsement, and (ii) such other risks as from time to time shall be customarily covered with respect to similar construction, location and use as a townhome, including but not limited to vandalism and malicious mischief. In addition to insurance coverage for the components of the Townhome, the Owner of each Townhome shall be responsible for, at the Owner's sole expense, any insurance coverage for loss of or damage to any fixtures, furniture, appliances, furnishings, decorations, personal effects, and other property belonging to such Owner and located within such Owner's Townhome or otherwise on such Owner's Lot. If the Townhome is located in an area identified by the Secretary of Housing and Urban Development as having special flood hazards, the Owner of the Townhome shall, to the extent obtainable, insure the Townhome and Lot against the perils of flood under the National Flood Insurance Act of 1968 and acts amendatory thereto. Such coverage shall name the Association as an additional insured party. The Owner shall furnish proof of insurance compliant with this provision to the Association at the time of purchase of a Lot improved with a Townhome and shall furnish proof of renewal of such insurance on the anniversary date thereof. In addition, any Owner owning or keeping a pet on a Lot shall also obtain and maintain adequate homeowners' insurance to cover pet liability, naming the Association as an additional insured.

12.03 Damage and Destruction of a Townhome. The damage or destruction by fire, storm or other casualty to all or any portion of any improvement on a Lot shall be repaired by the Owner thereof within one hundred eighty (180) days after such damage or destruction or, where repairs cannot be completed within one hundred eighty (180) days for reasons beyond the control of the Owner, they shall be commenced within such period and shall be completed within a reasonable time thereafter. Insufficient insurance proceeds for necessary repairs or replacements shall not constitute a reason beyond the control of the Owner.

ARTICLE THIRTEEN
MISCELLANEOUS

13.01 Savings. If any provision or provisions of this Declaration, or any article, section, sentence, clause, phrase, or word herein, or the application thereof, is in any circumstances held invalid, the validity of the remainder of this Declaration and the application thereof shall not be affected thereby.

13.02 Captions. The captions in this Declaration are for convenience only and are not a part of this Declaration and do not in any way limit or amplify the terms and provisions of this Declaration.

13.03 Applicable Law. The laws of the State of Mississippi shall govern this Declaration. All actions or proceedings in any way, manner or respect, arising out of or from or related to this Declaration shall be litigated only in courts having situs within the county in which the Subdivision is located. Each Owner hereby consents and submits to the jurisdiction of any local, state or federal court located within said county and state and hereby waives any rights it may have to transfer or change the venue of any such litigation. The prevailing party in any litigation in connection with this Declaration shall be entitled to recover from the other party all costs and expenses, including, without limitation, fees of attorneys and paralegals, incurred by such party in connection with any such litigation.

13.04 Effect of Waiver or Consent. A waiver or consent, express or implied, to or of any breach or default by any Person in the performance by that Person of its obligations hereunder is not a consent or waiver to or of any breach or default in the performance by that Person of the same or any other obligations of that Person. Failure on the part of a Person to complain of any act or to declare any Person in default hereunder, irrespective of how long that failure continues, does not constitute a waiver by that Person of its rights with respect to that default.

13.05 Headings. The headings and captions herein are used solely as a matter of convenience and shall not define, limit or expand any term or provision of this Declaration.

13.06 Interpretation. The provisions of this Declaration shall be liberally construed to effectuate its purpose of creating a uniform plan for the development and operation of a subdivision in accordance with Mississippi law. Failure to enforce any provision hereof shall not constitute a waiver of the right to enforce said provision or any other provision hereof.

13.07 Notice. All notices required or desired under this Declaration to be sent to the Association shall be sent certified mail, return receipt requested, by hand delivery or by a recognized overnight courier who maintains verification of delivery, to the Secretary of the Association, at such address as the Association may designate from time to time by notice in writing to all Owners. All notices to any Owner shall be delivered by hand delivery, by a recognized overnight courier who maintains verification of delivery in person, or sent by first (1st) class mail to the address of such Owner's Lot, or to such other address as he may have designated from time to time, in a writing duly received, to the Association.

13.08 Conflict Between Documents. If there is any conflict or inconsistency between the terms and conditions of this Declaration and the terms and conditions of the Articles of Incorporation, the Bylaws or any rules and regulations promulgated hereunder, the terms and conditions of this Declaration shall control. If there is any conflict or inconsistency between the terms and conditions of the Articles of Incorporation and the terms and conditions of the Bylaws or any rules and regulations promulgated hereunder, the terms and conditions of the Articles of Incorporation shall control. If there is any conflict or inconsistency between the terms and

conditions of the Bylaws and the terms and conditions of any rules and regulations promulgated hereunder, the terms and conditions of the Bylaws shall control.

[Remainder of Page Intentionally Left Blank]

IN WITNESS WHEREOF, Declarant has executed this Declaration by and through its duly authorized representative as of the date first set forth above.

DECLARANT:
HIGHLAND LAKE TOWNHOMES, LLC,
a Mississippi limited liability company

By:_____
Name: Kenneth Lamar Jones, II
Title: Authorized Representative

STATE OF MISSISSIPPI :
COUNTY OF HARRISON :

Personally appeared before me, the undersigned authority in and for the said county and state, on this ___ day of August, 2023, within my jurisdiction, the within named Kenneth Lamar Jones, II, who acknowledged that he is the Authorized Representative of Highland Lake Townhomes, LLC, a Mississippi limited liability company, and that for and on behalf of the said company, and as its act and deed he executed the above and foregoing instrument, after first having been duly authorized by said company so to do.

Re: Highland Lake Townhomes – Phase 2 Subdivision

Dear Mrs. Featherston:

On June 19, 2023, Engineering and Public Works conducted a final inspection of the referenced subdivision, and deficiencies were noted. A follow-up inspection took place on January 4, 2024 and all punch list items were completed.

Since the development was approved to use soil cement as the road base, two (2) warranties will be required. A warranty bond in the amount of $14,400 is required for a period of one (1) year to cover all infrastructure except roadway, and a warranty bond in the amount of $7,300 is required for a period of three (3) years to cover the roadway.

At the conclusion of the warranty periods, the developer is required to notify the City to schedule the warranty inspections. Prior to acceptance for perpetual maintenance all deficiencies shall be corrected.

We recommend acceptance of the subdivision and the start of the one and three year warranty periods based on the above conditions.

If you have any questions or concerns, please feel free to contact me.

Respectfully,

Jeremy Harrison, P.E.
Director of Engineering
City of Gulfport

THE GRAY SURETY

The Gray Insurance Company
The Gray Casualty & Surety Company

Maintenance Bond

Bond Number: GSA2000055

KNOW ALL PERSONS BY THESE PRESENTS, that we, Highland Lake Townhomes, LLC, as Principal and The Gray Casualty & Surety Company, a Louisiana corporation, as Surety, are held and firmly bound unto City of Gulfport, as Obligee, in the sum of: Seven Thousand Three Hundred and 00/100 ---------- $7,300.00 for the payment whereof said Principal and Surety bind themselves, jointly and severally, as provided herein.

WHEREAS, Principal has entered into a contract with Obligee, dated 02/06/2024 ("Contract") for: Highland Lake Townhomes Subdivision Phase 2: Roadway

NOW, THEREFORE, the condition of this obligation is such that if Contractor shall maintain and remedy said Work free from defects in materials and workmanship ("Maintenance Work") for a period of Three (3) commencing on 02/06/2024 (the "Maintenance Period"), then this obligation shall be null and void; otherwise it shall remain in full force and effect.

1. If there is no Owner Default, the Surety's obligation under this Bond shall arise after:
   1.1. The Owner has provided written notification to the Contractor and Surety at its address shown on the signature page that the Owner is considering declaring a Contractor Default and has requested and attempted to arrange a conference with the Contractor and Surety to be held not later than fifteen (15) days after receipt of such notice to discuss methods of performing the Maintenance Work. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Maintenance Work, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default; and
   1.2. The Owner has declared a Contractor Default and formally terminated the Contractor's right to complete the Maintenance Work. Such Contractor Default shall not be declared earlier than twenty (20) days after the Contractor and Surety have received notice as provided in Subparagraph 1.1.
2. When the Owner has satisfied the conditions of Paragraph 1 above, the Surety shall promptly take one of the following actions:
   2.1. Arrange for the Contractor, with consent of the Owner, to perform and complete the Maintenance Work; or
   2.2. Undertake to perform and complete the Maintenance Work itself, through its agents or through independent contractors; or
   2.3. Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:
      2.3.1. After investigation, determine the amount for which it is liable to the Owner, and as soon as practicable after the amount is determined, tender payment therefor to the Owner; or

2.3.2. Deny liability in whole or in part and notify the Owner citing reasons therefor.

3. If the Surety does not proceed as provided in Paragraph 2, the Surety shall be deemed to be in default on this Bond fifteen (15) calendar days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Subparagraph 2.3, and the Owner refuses the payment tendered, or the Surety has denied liability, in whole or in part, without further notice, the Owner shall be entitled to enforce any remedy available to the Owner.
4. After the Owner has terminated the Contractor's right to complete the Maintenance Work, and if the Surety elects to act under Subparagraph 2.1 or 2.2 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor and are limited to the amount of this Bond. The Surety is obligated without duplication for the responsibilities of the Contractor for correction of the defective work only.
5. The aggregate liability of the Surety under this Bond shall not exceed the penal amount of this Bond.
6. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators or successors.
7. Any suit under this Bond shall be commenced no later than one (1) year from the expiration of the Maintenance Period. If the limitation of this Paragraph is prohibited by any law controlling the construction hereof, such limitation shall be deemed to be amended so as to be equal to the minimum period of limitation permitted by such law, and said limitation shall be deemed to have accrued and shall commence to run on the expiration date of the Maintenance Period.
8. Definitions
   8.1. Construction Contract: The agreement between the Owner and Contractor identified above including all Contract Documents and changes thereto.
   8.2. Owner Default: Failure of the Owner, which has neither been remedied nor waived, to pay the Contractor as required by the Construction Contract, or to perform and complete or comply with the other terms thereof.

Signed and sealed this 8th day of January, 2024.

The Gray Casualty & Surety Company

Performance Bond

Bond Number: GSA2000057

KNOW ALL PERSONS BY THESE PRESENTS, that we, Highland Lake Townhomes, LLC as Principal and The Gray Casualty & Surety Company, a Louisiana corporation, as Surety, are held and firmly bound unto City of Gulfport, as Obligee, in the sum of: Sixty-Six Thousand Six Hundred Ninety and 00/100---------- for the payment whereof said Principal and Surety bind themselves, jointly and severally, as provided herein.

WHEREAS, Principal has entered into a contract with Obligee, dated 2/6/24 ("Contract") to perform Construction Work for the project described as:
Highland Lake Townhomes - Phase 2 Sidewalk Installation - Defined Period of 2 Years for Completion from Contract Date
("Project") which is incorporated herein by reference.

NOW, THEREFORE, the condition of this obligation is such that if Principal shall promptly and faithfully perform the Construction Work, then this obligation shall be null and void.

Notwithstanding any contrary provision in the Contract Documents, the Surety's obligation hereunder to Obligee shall not arise unless all of the following conditions are satisfied:

1. the Principal is in default under the Contract;
2. the Obligee has declared the Principal to be in default under the Contract and the Obligee has given written notice to the Principal and Surety of such declaration;
3. the Obligee has performed its obligations under the Contract; and
4. Obligee has agreed to pay the Contract Balance in accordance with the terms of the Contract to the Surety or to a completing contractor.

When the Obligee has satisfied the conditions above, the Surety shall have a reasonable period of time to take one of the following actions:

1. Arrange for the Principal, with the consent of the Obligee, to perform and complete the Contract;
2. Obtain bids or negotiated proposals from qualified contractors for a contract for completion of the Construction Work to be done under the Contract and arrange for a contract to be prepared for execution by Obligee and a contractor selected with the Obligee's concurrence same to be secured with performance and payment bonds executed by a qualified surety;
3. Upon entering into an acceptable written takeover agreement with the Obligee, undertake to perform and complete the Construction Work; or
4. Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances: (a) after investigation, determine the amount for which it may be liable to the Obligee and, as soon as practicable after the amount is

determined, make payment to the Obligee; or (b) deny liability in whole or in part and notify the Obligee, citing reasons for denial.

The Contract Balance shall be credited against the reasonable cost of completing the Construction Work to be performed under the Contract. The Contract Balance shall not be reduced or set off on account of any obligation, contractual or otherwise, except the reasonable construction cost incurred in completing the Contract with the Obligee.

In no event shall the Surety's total obligation exceed the penal amount of this Bond.

Surety's obligation under this Bond terminates upon acceptance of the Construction Work. Any suit by Obligee under this Bond must be instituted before the earlier of (a) the expiration of one year from the date of substantial completion of the Construction Work, or (b) one year after Principal ceased performing the Construction Work, excluding warranty work, whichever occurs first. If the limitation set forth in this Bond is void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable, and said period of limitation shall be deemed to have accrued and shall commence to run no later than: (1) the date of substantial completion of the Construction Work, or (2) the date Principal ceased performing Construction Work, excluding warranty work, whichever occurs first.

No right of action shall accrue on this Bond to or for the use of any person or entity other than the Obligee named herein, its heirs, executors, administrators or successors.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or legal requirement shall be deemed incorporated herein. When so furnished, the intent is this Bond shall be construed as a statutory bond.

The term Contract Balance as used herein shall mean the total amount payable by Obligee under the Contract and any amendments thereto, less the amounts heretofore properly paid by Obligee under the Contract. The term Construction Work as used herein shall mean the providing of all labor and/or materials necessary to complete Principal's scope of work under the Contract. The term Contract Documents as used herein shall mean all the documents that comprise the agreement between Principal and Obligee.

Signed and sealed this 11th day of January , 2024 .

Re: **Recommendation to Accept Landry Trace Subdivision, Phase II – Water and Sewer Only -Improvements for the Start of the Warranty Period**

On June 21, 2023, Engineering and Public Works conducted a final inspection of the referenced subdivision (Water and Sewer Only). Deficiencies were noted and have been corrected. This subdivision is located outside of the City Limits; however it is also located within the City's franchise area for water and sewer service.

A warranty bond in the amount of $7,600.00 is required for a period of one (1) year to cover the improvements.

At the conclusion of the warranty period, the developer is required to notify the city to schedule a warranty inspection. Prior to acceptance for perpetual maintenance all deficiencies shall be corrected.

I recommend acceptance of the water and sewer improvements in the subdivision and the start of the one-year warranty period based on the above conditions.

Action: Motion carried unanimously.

Speaking for the Petition:
1. Vernon Floyd

Speaking against the Petition: None

On December 21, 2023, the Planning Commission recommended approval of the above referenced case.

Please place the attached item on the Council agenda for February 6, 2023.

Technical Report

Zoning Map Amendment

GENERAL INFORMATION

Case File Number: 2312PC140

Hearing Date: December 21, 2023

Current Zoning/Use: B-2 / Vacant lot

Legal: Zoning Map Amendment 2312PC140, by owner Vernon Floyd, Requesting to rezone Tax Parcel 0911C-01-024.000 from B-2 (General-business) to R-2 (Single-family), Hewes Ave, Ward 3

TECHNICAL DETAILS

Amendment of the Zoning Ordinance, including the zoning map, is intended to carry out the objective of a sound, stable, and desirable environment. Casual amendment of the ordinance would be detrimental to the achievement of that objective. Therefore, the ordinance dictates that a property should be considered for rezoning only when one or more of the following conditions prevail according to the Mississippi case law:

When requesting rezoning of real property, **an applicant must prove**, by **clear and convincing evidence**, one of the following:

1. That there was a mistake in the original zoning, or
2. That the character of the neighborhood has changed to such an extent as to justify reclassification, **and** that there was a public need for rezoning.

The applicant requests to rezone approximately 10,596.53 square feet of property from B-2 (General business) to an R-2 (Single-family residence) district. Currently the property has the purposed house sitting on blocks and wheels and is adjacent to a non-conforming convenience store in a B-2 zoning district. As presented, the applicant requests to rezone the property from B-2 (General-business) to R-2 (Single-family) for the purpose of placing a single-family residence onto the property. Furthermore, the applicant states, "To accommodate the need for reasonably priced housing in the area." They plan to begin development (foundation to renovation) upon approval of the zoning change by the Planning Commission. The surrounding consistency of the neighborhood are areas containing general business districts, one-family, two-family and multiple-family dwellings.

The applicant has not provided as justifications for change of the current zoning district.

1. Mistake or error is not addressed by the applicant.

2. Need is addressed by the applicant as this zoning change would accommodate the need for reasonably priced housing in the area.

Technical Report

Zoning Map Amendment

EXECUTIVE SUMMARY

The applicant wishes to rezone the subject site from B-2 to R-2 in order to place a single-family residential dwelling unit onto the property. While the requested zoning allows for multi-family housing, it also allows for single-family homes and duplexes. While there are existing single-family homes adjacent to the subject site, said homes are pre-existing nonconforming and are within B-2 (General business) zoning districts.

The applicant has not proven with clear and convincing evidence for a zoning change as required by the state, however, the staff notes that there are more single-family homes in the surrounding neighborhood than commercial uses and rezoning to R-2 would be in harmony with the existing neighborhood.

Any approval should consider these conditions:

1. Must meet all current building Codes and City of Gulfport Ordinances.
2. Must comply with all Planning & Zoning rules and regulations.

Application for Zoning Map Amendment/Land Use Reclassification
Tax Parcel #0911C-01-024.000
0 Hewes Avenue Lots 1-4 Hewes Addition

Application Requirements

A. See Page 1 completed and signed application

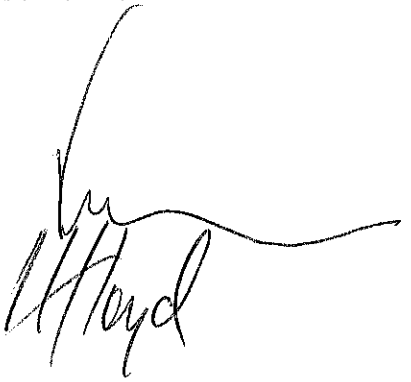
B. Proof of ownership: see attached Deed

C. Not applicable

D. Not applicable

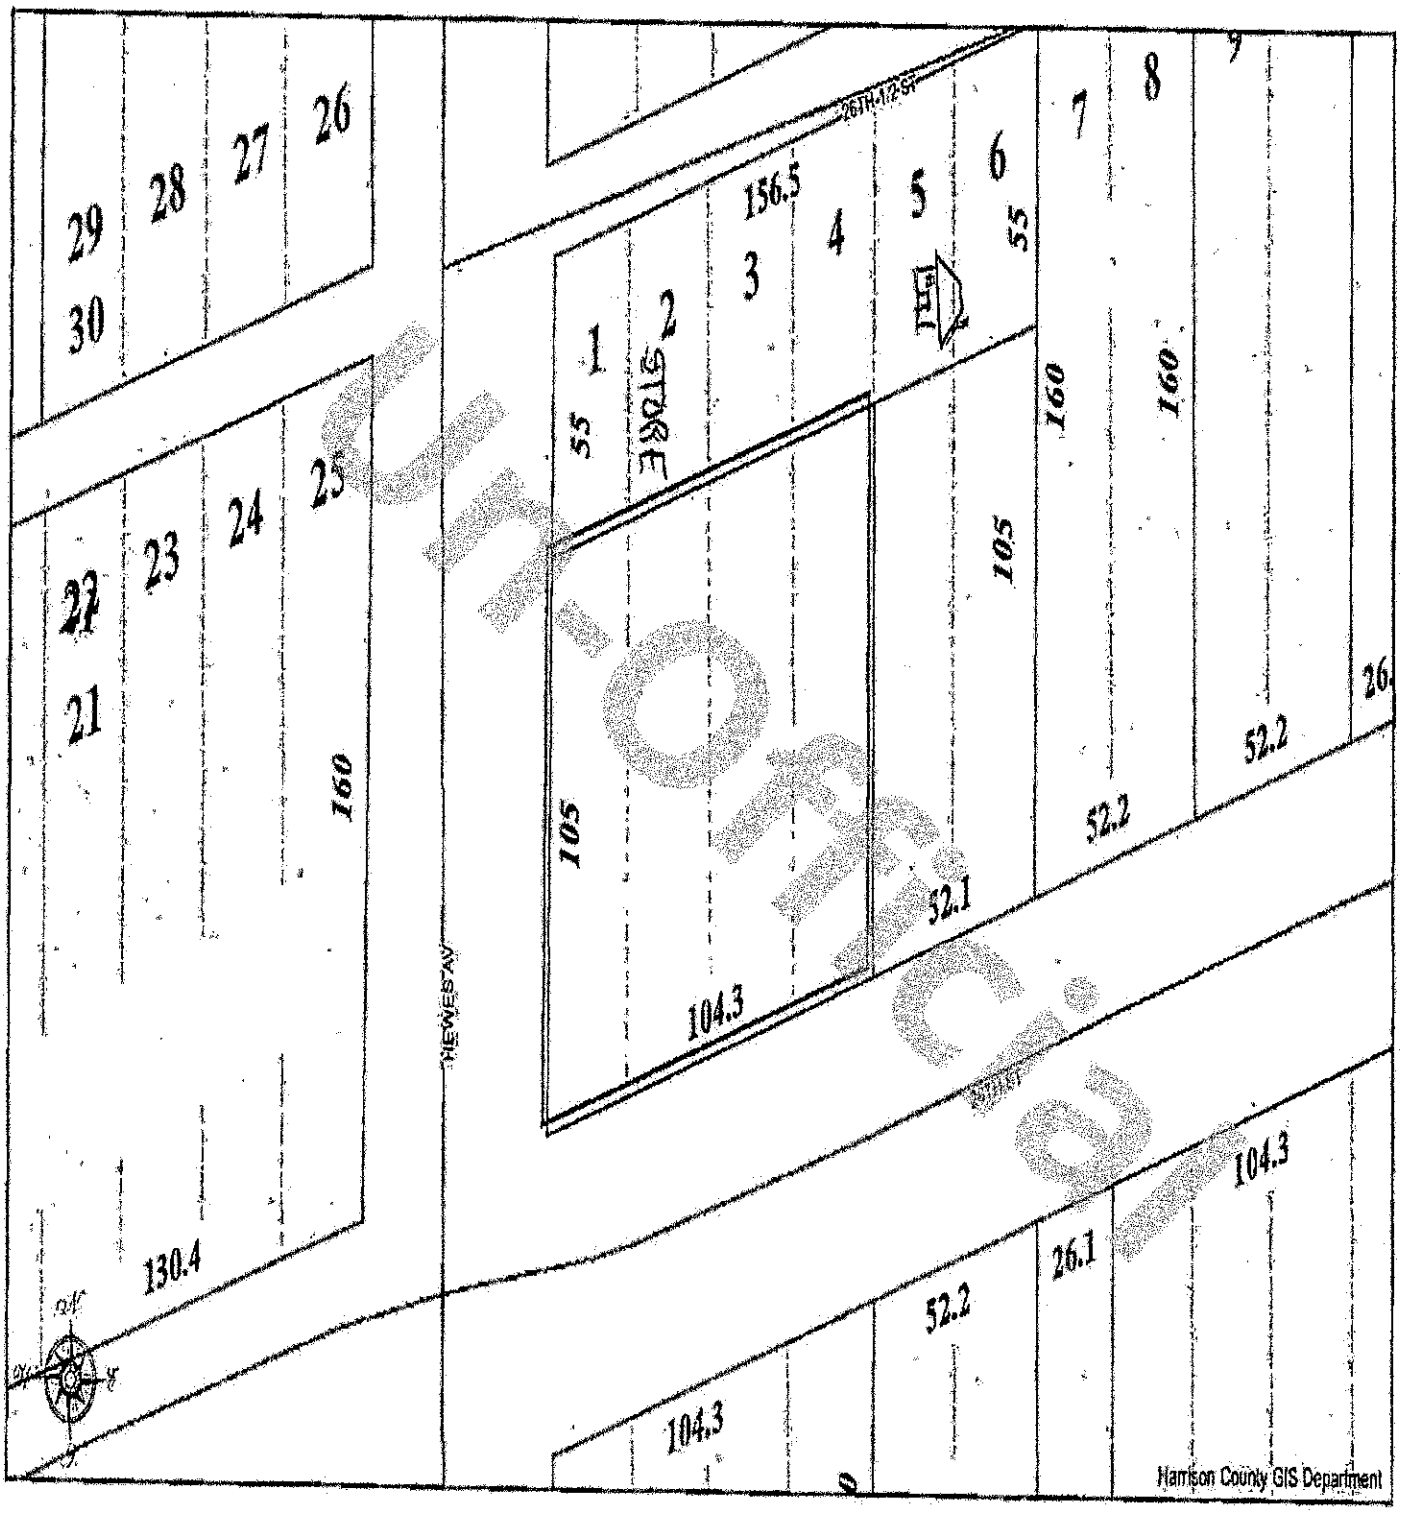
E. Why we're requesting rezoning?
To accommodate the need for reasonably priced housing in the area.

F1. Interest: We are 3rd Street or 17th Street LLC (Vernon & Cassandra Floyd) (678)438-4897. We own parcel #0911C-01-024.000 which is S105 feet of lots 1-4 block 21 of vacant land on Hewes Avenue in Gulfport. I am providing a copy of the County map showing adjacent parcels and owners.



Neighbor to north: Eddie Smith 228)539-7647

F2. Development Schedule: Beginning upon approval by City of Gpt of zoning change and completion will be in 90 days (foundation to renovation)



F3. Effect of Amendment: Will accommodate the need for reasonably priced housing. Otherwise there will be little to no effect to the surrounding property uses.

F4. Not applicable - no error

G. See check for $175 to City of Gpt (provided with application)

There came on for consideration at a duly constituted meeting of the City Council and Mayor of the City of Gulfport held on the ____day of _____, 2024, the following Ordinance:

ORDINANCE NO. _____

AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF GULFPORT, MISSISSIPPI ADOPTED THE 29TH DAY OF JUNE, 1979, AS AMENDED, TO REZONE CERTAIN PROPERTY FROM ITS PRESENT ZONING CLASSIFICATION OF B-2 (GENERAL BUSINESS) DISTRICT TO R-2 (SINGLE-FAMILY) DISTRICT

WHEREAS, the Mayor and City Council of the City of Gulfport, Mississippi, find and do so determine, based upon the recommendation of the Gulfport City Planning Commission and City departments, and based upon a reasonable consideration of the character of the district and neighborhood and suitability for particular purposes, that ad valorem tax parcel number 0911C-01-024.000, which is generally described as being located North of and adjacent to 26th Street, South of 26th ½ Street, East of and adjacent to Hewes Avenue, and West of 25th Street, should be rezoned from its present classification of B-2 (General Business) District to R-2 (Single-Family) District. The Case File Number is 2312PC140; and

WHEREAS, the Mayor and City Council of the City of Gulfport, Mississippi, further find that the applicant in the said Case has demonstrated, by clear and convincing evidence, that a mistake in the original zoning existed or that there has been such a change in the character of the relevant neighborhood and a public need so as to justify the request to rezone the real property identified herein.

NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1: That the Official Zoning Map of the Comprehensive Zoning Ordinance of the City of Gulfport, adopted the 29th day of June, 1979, as amended, be and the same is hereby amended to provide that the following legally described property **be rezoned from its present classification of B-2 (General Business) District to R-2 (Single-Family) District.**

Ad valorem tax parcel number 0911C-01-024.000 is legally described as:

> The following described land and property being located in the First Judicial District of Harrison County, Mississippi, being more particularly described as follows, to-wit:
>
> S 105 FT of Lots 1 to 4 BLK 21 Hewes Add, according to the official map or plat thereof on file an of record in the office of the Chancery Clerk of the First Judicial District of Harrison County, Mississippi,
>
> Lots 1 to 4, Block 21, Hewes Addition, Section 02, Township 08, Range 11

Parcel #9011C-01-024.000, PPIN 47691, Tax District 4G, Judicial Dist. 1

Of said Harrison County, MS

SECTION 2: The rezoning of said parcel shall be further subject to the following conditions: The owner, agent or lessee who requested rezoning of the property, which was subsequently rezoned by the Mayor and City Council must secure a building permit from the Building Official and commence construction within one year from the date of approval of rezoning by the City Council. If no building permit has been obtained and said plan development is not completed according to approved plans, the rezoning of said parcel shall be null and void and automatically revert back to its original zoning classification.

See also: COMPREHENSIVE ZONING ORDINANCE {Section IX (3) (b)} Reversion.

SECTION 3: This ordinance shall be in full force and effect thirty (30) days after the date of passage. It shall be published according to law and shall be spread on the minutes of the Gulfport City Council.

SECTION 4. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance amends the City's Code of Ordinances and Official Zoning Map by rezoning Tax Parcel No. 0911C-01-024.000 from its present zoning classification of B-2 (General Business) district to R-2 (Single-Family) district. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing, was introduced by _____, seconded by _____ and was adopted by the following roll call vote:

H.2. 1. Zoning Map Amendment 2312PC140

MR. CLUGH: Zoning Map Amendment 2312PC140 by Vernon Floyd requesting from B-2 general business to R-2 single family Hewes Avenue, Ward 3. A copy of the packet Exhibit A considered is hereby offered to the record.

MR. WILLIAMS: Thank you, sir.

All right. Good evening. How y'all doing?

MR. FLOYD: Pretty good. Doing great.

We're here to speak on the case.

And what we're planning to do --

MR. WILLIAMS: Name and address real quick. I'm sorry.

MR. FLOYD: I apologize. Vernon Floyd, 621 Third Street, Gulfport, Mississippi, soon to be.

MR. WILLIAMS: Thank you.

MR. FLOYD: And we're here to speak on the case.

Basically what we're attempting to do is obviously change it from the business to residential. And we're moving a residence that's to the left of it, one building to the left of it. It's been vacant since Katrina. It was built shortly after Katrina and has never been occupied.

And so what we did was bought the lot to the right of it, and we want to move it there. It's been

sitting vacant. We want to turn it into some reasonable priced housing. So we're going to take that and fix it up. And if we get this zoning request approved, that is the goal.

And it was at one point residential. And it was business and has been without a business on it for years. And now it is, we'd like to have it changed back if we possibly could have it rezoned.

MR. WILLIAMS: All right. I was just looking at the map that was up there.

So, Commissioners, any questions for the applicant?

MR. DAIGLE: Just one. So when we rezone properties, we like to have certain questions asked.

Can you state, can you just tell us a little bit about, I understand your reasoning about wanting to, you know, move -- remove a home -- is that right? -- you want to remove the home that's on the other property --

MR. FLOYD: And move it next door.

MR. DAIGLE: -- and move it next door. And that's B-2 so you want to make that R-2.

And when we rezone, have you addressed or can you talk about if you think that there is maybe a change in the characteristic of the neighborhood or there was a mistake in the original zoning or when it was changed you

said from R-2 to B-2, can you just elaborate on that?

MR. FLOYD: For as long as I've known the property, it's been residential. And there's nothing been on it. There was an old home on it years and years and years ago.

And so the aesthetics of the neighborhood wouldn't change at all. We will do board and batten update and metal roof and things of that nature.

But the house has just been sitting vacant for since Katrina. It's never been lived in at all.

The interior of the house has no Sheetrock and again built shortly after Katrina, and it was completely wired, but it's been blightened property. It's been just sitting there, and we've had folks in and out of the property. And my wife and I purchased over a year ago and just looking to have it zoned to where we can move it next door.

MR. DAIGLE: So are you saying that there's a characteristic of that neighborhood that's predominantly more residential?

MR. FLOYD: Oh, absolutely. Along Hewes corridor from 90 to Pass Road, I would -- 80 percent of the homes in that area are residential, 80 percent of what's facing Hewes is residential. And there's a church.

MR. DAIGLE: Are there any businesses around

this particular property?

MR. FLOYD: There's a business next door to it. It is a business. It was a convenience store, and it sat vacant for a period of time, and I'm thinking that they changed it into a restaurant. But there is a business next door to it.

MR. DAIGLE: Thank you.

MR. FLOYD: Yes, absolutely.

MR. WILLIAMS: So I was wondering the same thing. So as I'm looking at the map up here, the business is to the north, when you say next door to it, it's in the north there?

MR. FLOYD: The business is currently to the south of it. And so it will be to the north if the zoning is approved, it will be to the north of it.

So the -- our purchased property is 26 -- it's 540 26th Street.

MR. WILLIAMS: Okay.

MR. FLOYD: Is the purchased property.

MR. WILLIAMS: Okay. Okay.

MR. FLOYD: Yes.

MR. WILLIAMS: All right. Thank you for that clarification.

MR. FLOYD: Absolutely.

MR. WILLIAMS: Any other questions?

All right. If something were to come up, we'll bring you back up and you can answer the question.

Thank you so much.

Anyone else here to speak for this request?

Anyone here to speak against this request?

Okay. Commissioners, any questions, comments on this case? Or a motion?

MR. HEWES: I'll make a quick comment and then a motion.

The reasons why he had questions is the city ordinances want there to be a reason for a change. And it was residential, it's not now. But in looking at the map, there are residences all around it.

So with that being said, I move that we approve Case 2312PC140 with any conditions as stated.

MS. ADOLPH: Second.

MR. WILLIAMS: We've got a motion and a second to approve the case with any conditions as stated. Charlie, good explanation on the motion. Appreciate that.

So any further discussion on that motion, y'all?

All right. All those in favor signify by saying aye. Any opposed? It's been approved. Good luck.

(Unanimous vote.)

RE: Information Technology – Ordinance to Remove from the Salary Grade Schedule (2) IT Support Specialist II positions.

DATE: January 17th, 2024

The Director of Information Technology, with the approval of the Chief Administrative Officer, is requesting to create a new position. The Department of Information Technology currently has funded, (2) IT Support Specialist II positions. Please provide an ordinance to remove (2) IT Support Specialist II position from the Salary Grade Schedule.

This position is currently in Grade 109, Step 35 ($45,858.28)

Grade 109, Step 0 – Step 40 is $32,476.34 - $48,183.61

If this ordinance is approved it will go in effect on February 19th, 2023 pending unanimous approval.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2024, the following Ordinance:

ORDINANCE NO. ____

AN ORDINANCE PROVIDING FOR REMOVAL OR DELETION OF TWO (2) "IT SUPPORT SPECIALIST II" POSITIONS FROM THE CITY OF GULFPORT, MISSISSIPPI'S SALARY GRADE SCHEDULE, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, the City of Gulfport's Governing Authority utilizes a "Salary Grade Schedule" to memorialize and to effectuate the setting of salaries during the course of each fiscal year and, from time to time, as part of this process there is the need to add and remove positions from this Schedule, such Schedule as previously approved by the Governing Authority on October 6, 2020; and

WHEREAS, two (2) "IT Support Specialist II" positions were previously created and funded by the Governing Authority in Grade 109 in the City's "Salary Grade Schedule" and the City's Administration now reports that there is no longer a need to have these positions funded as the Administration is undertaking an effort to re-organize various positions and, therefore, such positions can now be removed or deleted from the City's "Salary Grade Schedule" effective February 19, 2024.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned two (2) "IT Support Specialist II" positions are hereby removed and deleted from the City's "Salary Grade Schedule" currently in effect, with such removal and deletion to be effective at 12:00 a.m. on February 19, 2024.

SECTION 3. To provide for the immediate and temporary preservation of the public peace, health and safety, this Ordinance shall be in full force and become effective upon its passage by unanimous vote and enactment according to law and shall be spread on the minutes

of the Gulfport City Council. The Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage, and in such case, the removal and deletion of these two (2) positions from the City's "Salary Grade Schedule" shall take effect and be effective thirty (30) days after such date of passage.

SECTION 4. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance deletes and removes two (2) "IT Support Specialist II" positions from the City's 'Salary Grade Schedule' effective February 19, 2024. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember _____, seconded by Councilmember _____, and was adopted by the following roll call vote:

RE: Information Technology – Ordinance to Create a New position Application and Services Manager

DATE: January 17th, 2024

The Director of Information Technology, with the approval of the Chief Administrative Officer, is requesting to create a new position. Please provide an ordinance to create (1) Application and Services Manager position.

This position will be in Grade 205, Step 16. ($51,530.25)

Grade 205, Step 0 – Step 40 is $44,010.34 - $65,525.40.

If this ordinance is approved it will go in effect on February 19th, 2023.

City of Gulfport
Job Description

Application & Services Manager (ASM)

Department: 145B – General Administration FLSA Status: Exempt
EEO Class: Professional
Grade: 205
Date Approved:

Position Overview

The Application & Services Manager is essential in the IT department. The position is tasked with interfacing with software and hardware vendors for the purpose of connecting customers with support as well as to ensure that maintenance contracts are kept up and renewed in a timely manner. The position connects vendor support to internal servers for the purposes of troubleshooting and performing software updates. The position receives bills and invoices from vendors, ensures that services were provided, and then pays in a timely fashion. The position supervises a team of Computer Support Specialists, ensuring that tickets are dealt with and closed in a timely fashion, and that customer satisfaction remains high.

Essential Job Functions

Essential duties and functions, pursuant to the American with Disabilities Act, may include the following. Other related duties may be assigned.

- Leading a team of Computer Support Specialists and ensuring efficient ticket resolution and reporting.
- Facilitating interactions with software and hardware vendors.
- Connecting customers with vendor support for troubleshooting and maintenance.
- Ensuring timely renewal and upkeep of maintenance contracts.
- Linking vendor support to internal servers for troubleshooting.
- Overseeing software updates and maintenance.
- Managing bills and invoices from vendors, and processing payments.
- Maintaining understanding of Munis cases and Tyler Support for system error resolutions.
- Collaborating with departments for new software and hardware implementations.
- Overseeing maintenance contracts in Excel.
- Managing fixed asset and inventory rotation for computer hardware.
- Providing technical support for computer, printer, and software issues.
- Assisting technicians with hardware and software problems.
- Installing, assembling, and configuring computers, printers, and software.
- Configuring networking on various devices.

Knowledge, Skills and Abilities

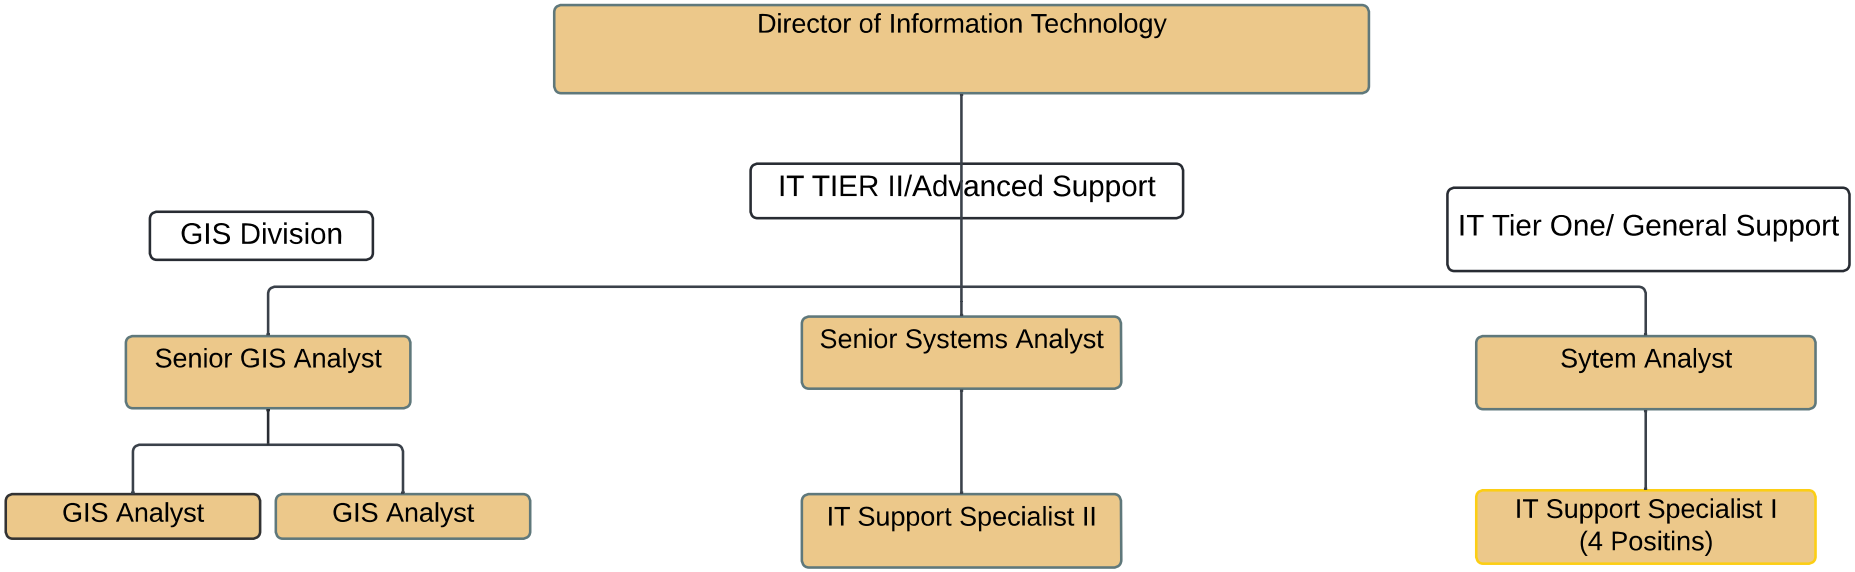
Must possess required knowledge, skills, abilities and experience and be able to explain and demonstrate, with or without reasonable accommodations, that the essential functions of the job can be performed.

- Proficiency in Munis for managing roles and permissions, troubleshooting and report generation.
- Knowledge of Tyler Ready Forms and software usage across different city departments.

- Manage and track fixed assets using Tyler Munis.
- Strong communication skills for interacting with coworkers and explaining technical concepts.
- Technical skills for addressing computer, printer, software and layer 2 network issues.
- Track and maintain both hardware and software maintenance contracts.
- Competence in overseeing purchasing and invoice processing for technology equipment and supplies.
- Capacity to support and guide a team of technicians and support specialists.
- Aptitude for installing, assembling, and configuring IT equipment and software.
- Basic knowledge of operating systems, server hardware, and networking software.
- Willingness to learn new technologies and adapt to changing environments.
- Ability to physically manage equipment, including the use of ladders.

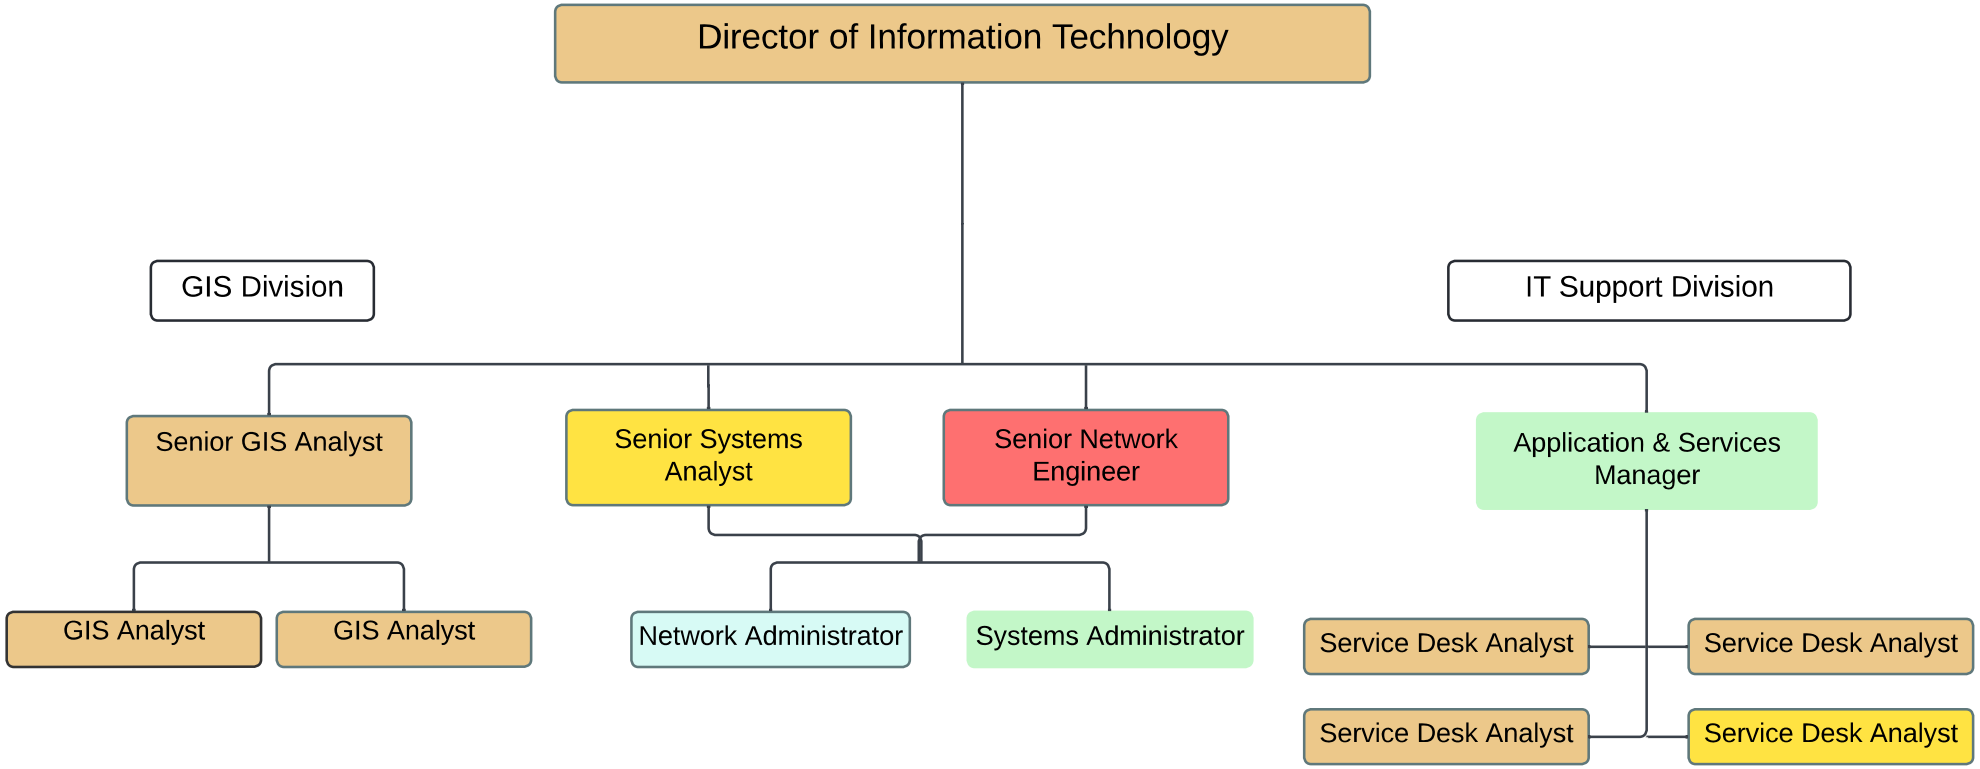
Education and Experience

Associate degree in Information Technology, Computer Science, or equivalent experience. Minimum 3 years of relevant experience in an IT service desk environment.



Required Licenses or Certificates

Must possess a valid Mississippi driver's license.
CompTIA Network+, A+, or Cisco CCNA certification preferred.



Physical Demands and Working Conditions

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Physical demands for this position include occasional lifting and carrying of items weighing over 25 pounds, as well as the occasional use of ladders for various tasks. The role requires good visual acuity, clear speech, and effective hearing abilities. Adequate hand-eye coordination and manual dexterity are essential for operating computer keyboards and basic office equipment. The role involves a range of physical activities, such as sitting, standing, reaching, walking, twisting, kneeling, and climbing ladders, to fulfill essential job functions. The primary work environment is an indoor office setting. Additionally, there is a requirement for on-call availability to address urgent network or communication issues and respond to emergencies as needed.

FROM: Stephen E. Newell, Director of Information Technology

RE: Information Technology Department Reorganization

DATE: January 23rd, 2024

I am presenting a detailed plan for restructuring the Information Technology Department. This reorganization aims to modernize our department, fill talent gaps, and ensure we address the evolving IT needs of Gulfport with a skilled and capable team. **Detailed Organizational Changes:**

1. **Elimination of Senior Systems Analyst** Position (Held by current employee): This position will be defunded upon the employee's retirement (~September). The position of **Senior Network Engineer** will be created to replace this position. This new role focuses on network infrastructure, security, and team leadership, addressing our need for advanced network and infrastructure management. The two roles will serve concurrently for the sake of cross training until the current employee's retirement.

2. **Elimination of Systems Analyst** Position: To be defunded and replaced with a **Systems Administrator** position utilizing the existing employee. This role is crucial for maintaining, optimizing, and securing the city's systems, managing SAN environments and backups, and providing advanced troubleshooting support.

3. **Elimination of two IT Support Specialist II** Positions: One position (currently vacant) will be eliminated. The other position will be replaced with an **Application & Services Manager** position by the employee who currently fills the IT Support Specialist II position. This new position will oversee application management and service delivery, ensuring efficient and secure IT services. This position will manage the team of Service Desk Analysts.

4. **Reduction of IT Support Specialist I Positions**: One of these positions will be defunded through attrition and replaced with a **Network Administrator** in the FY25 budget request, strengthening our focus on network management and infrastructure. The remaining three positions will be retitled as **Service Desk Analysts**, reflecting our emphasis on service-oriented IT support.

Rationale for Restructuring: Our department currently faces challenges in network and infrastructure design and implementation, and lacks advanced troubleshooting capabilities. This reorganization will strategically place high-level talent in critical roles, enhancing our ability to serve Gulfport effectively.

Budgetary Considerations: We propose maintaining current staffing levels while reallocating resources to these specialized roles. This approach will not significantly increase costs but will optimize our investment in human resources. Our goal here is to be almost budget neutral once the noted attrition has taken place.

Expected Outcomes: The restructuring will enable the IT department to operate more efficiently, securely, and reliably, meeting Gulfport's current and future technological needs.

I request your support and approval for this plan and am available for further discussion or clarification.

Sincerely,
Stephen E. Newell
Director of Information Technology

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2024, the following Ordinance:

ORDINANCE NO. _____

AN ORDINANCE PROVIDING FOR THE SALARY OF COMPENSATION FOR AN "APPLICATION AND SERVICES MANAGER" POSITION (GRADE 205) IN THE CITY OF GULFPORT, MISSISSIPPI'S DEPARTMENT OF INFORMATION TECHNOLOGY AND FOR THOSE EMPLOYEES SERVING IN THIS POSITION, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, an "IT Support Specialist II" position within the City of Gulfport's Department of Information Technology is to be de-funded by order of the Governing Authority of the City of Gulfport, and there is a need to create one (1) new position and fund the same, which is an "Application and Services Manager" position in the City's Department of Information Technology; and

WHEREAS, the salary of compensation for employees holding this one (1) position of "Application and Services Manager" within the City's Department of Information Technology should fall within the range set for Grade 205 ($44,010.34 - $65,525.40) in the City's presently existing Salary Grade Schedule; and

WHEREAS, the salary of compensation as set out herein is in accord with the new (and now existing) grade schedule of the City of Gulfport, and the one (1) "Application and Services

Manager" position is hereby being added to the "Salary Grade Schedule" previously approved by the City Governing Authority on October 6, 2020.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned one (1) "Application and Services Manager" position within the City's Department of Information Technology is hereby added to and funded as the only such position in "Grade 205" in the new/latest grade schedule for salaries of compensation previously approved by the City's Governing Authority on October 6, 2020, (generally referred to as the "Salary Grade Schedule"), and as amended since, with funds hereby budgeted up to Step 16 for this position, and which will be effective on February 19, 2023.

SECTION 3. That the salary of compensation for the employees holding this one (1) position (the "Application and Services Manager" position) shall be within the ranges and presently set at the amounts provided herein and in the preamble.

SECTION 4. That those employees employed by the City on or before September 30, 2009, shall continue to receive Longevity Pay and Education Pay (at the rate and in accord with the policies governing the same (which are hereby incorporated herein by reference and made effective hereby) in effect on September 30, 2009) to the extent that they are otherwise eligible for that pay and those noted employees entitled to a Cost of Living Adjustment (COLA) per prior budget adoptions shall continue to receive the COLA in addition to the base pay salaries of compensation set forth herein.

SECTION 5. To provide for the immediate and temporary preservation of the public peace, health and safety, this Ordinance shall be in full force and become effective upon its

passage by unanimous vote and enactment according to law and shall be spread on the minutes of the Gulfport City Council. The Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage.

SECTION 6. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance provides for the salary of compensation in Grade 205 in the City of Gulfport's Salary Grade Schedule for one (1) 'Application and Services Manager' position within the City's Department of Information Technology and for those employees serving in this position. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES	**NAYS**	**ABSENT/ABSTAIN**

WHEREUPON, the President declared the motion carried and the Ordinance adopted, this the _____ day of _____, 2024.

RE: Information Technology – Ordinance to Create a New position
Senior Network Engineer

DATE: January 17th, 2024

The Director of Information Technology, with the approval of the Chief Administrative Officer, is requesting to create a new position. Please provide an ordinance to create (1) Senior Network Engineer position.

This position will be in Grade 211, Step 31. ($96,119.35)

Grade 211, Step 0 – Step 40 is $70,813.68 – 105,431.92.

If this ordinance is approved it will go in effect on February 19th, 2023 pending unanimous approval.

City of Gulfport
Job Description

Senior Network Engineer
(SNE)

Department: 145B – General Administration
FLSA Status: Exempt
EEO Class: Professional
Grade: 211
Date Approved:

Position Overview

The Senior Network Engineer is a key leader in our IT department, responsible for the design, implementation, maintenance, and optimization of the city's networking and communication infrastructure, including voice over IP (VoIP) and Wi-Fi systems. This role demands an individual who can blend technical expertise with leadership skills, managing a team to ensure our network aligns with the evolving needs of the city's departments and services. A strong emphasis will be placed on network security and vulnerability management to safeguard our city's data and systems.

Essential Job Functions

Essential duties and functions, pursuant to the American with Disabilities Act, may include the following. Other related duties may be assigned.

- Design, configure, and deploy network and VoIP infrastructure, while also monitoring and optimizing their performance for maximum efficiency.
- Collaborate with the IT team and other departments for networking and communication solutions.
- Manage network security measures, including conducting vulnerability assessments and coordinating remediation efforts to prevent and mitigate threats.
- Supervise and mentor network and systems personnel, conduct performance evaluations, and manage resource allocation for various projects.
- Assist in long-term strategic planning for network infrastructure.
- Maintain documentation for network topology, security protocols, and operational procedures.
- Troubleshoot and resolve complex network and VoIP issues, leading the team during outages to ensure prompt restoration of services.

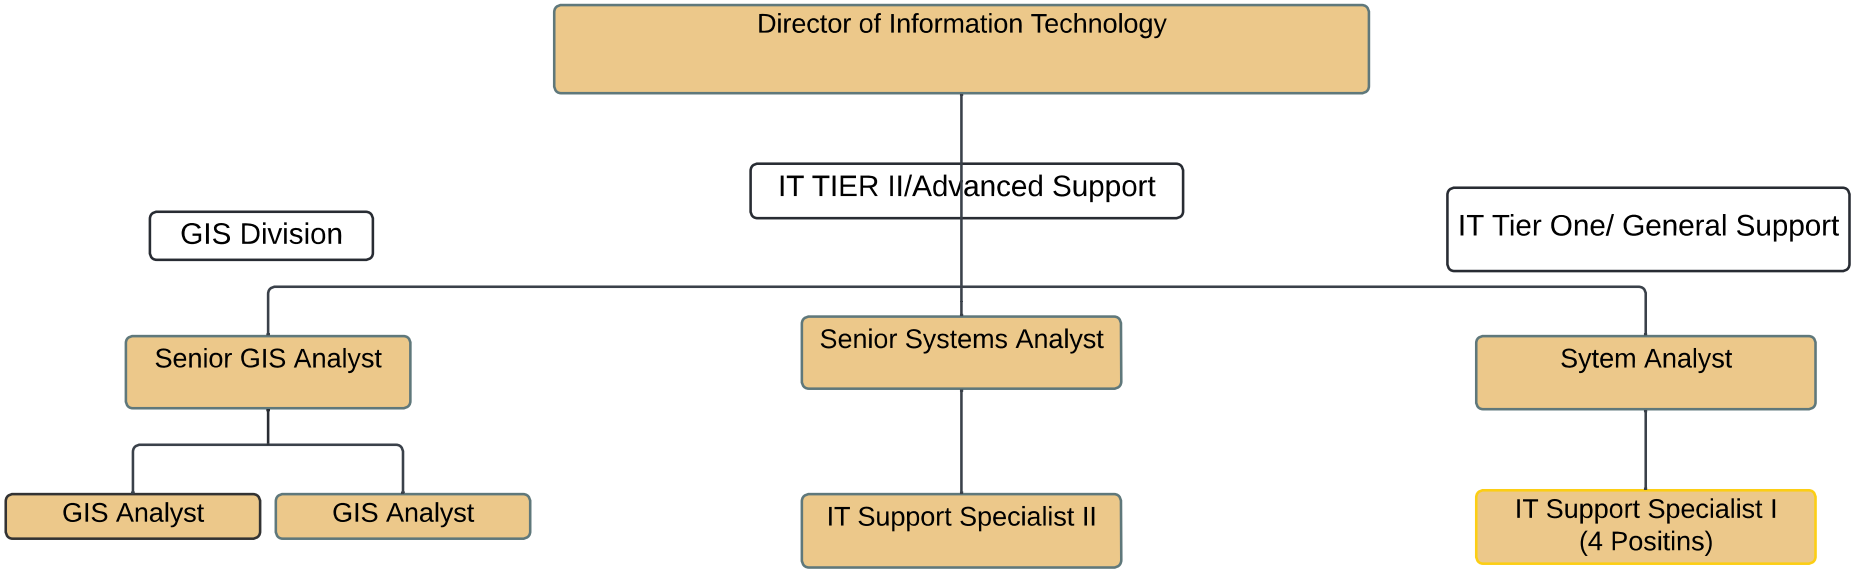
Knowledge, Skills and Abilities

Must possess required knowledge, skills, abilities and experience and be able to explain and demonstrate, with or without reasonable accommodations, that the essential functions of the job can be performed.

- In-depth knowledge and skills in network and VoIP design, configuration, deployment, maintenance, optimization, and troubleshooting.
- Strong understanding of network security and vulnerability management.
- Ability to supervise, mentor, and develop team members.
- Competency in resource management and performance evaluation.
- Capacity for strategic planning and anticipation of future network needs.
- Proficiency in resolving complex technical issues and leading during crises.
- Aptitude for maintaining detailed and accurate documentation.
- Effective communication skills for vendor and stakeholder management, coupled with the ability to collaborate across departments and teams.

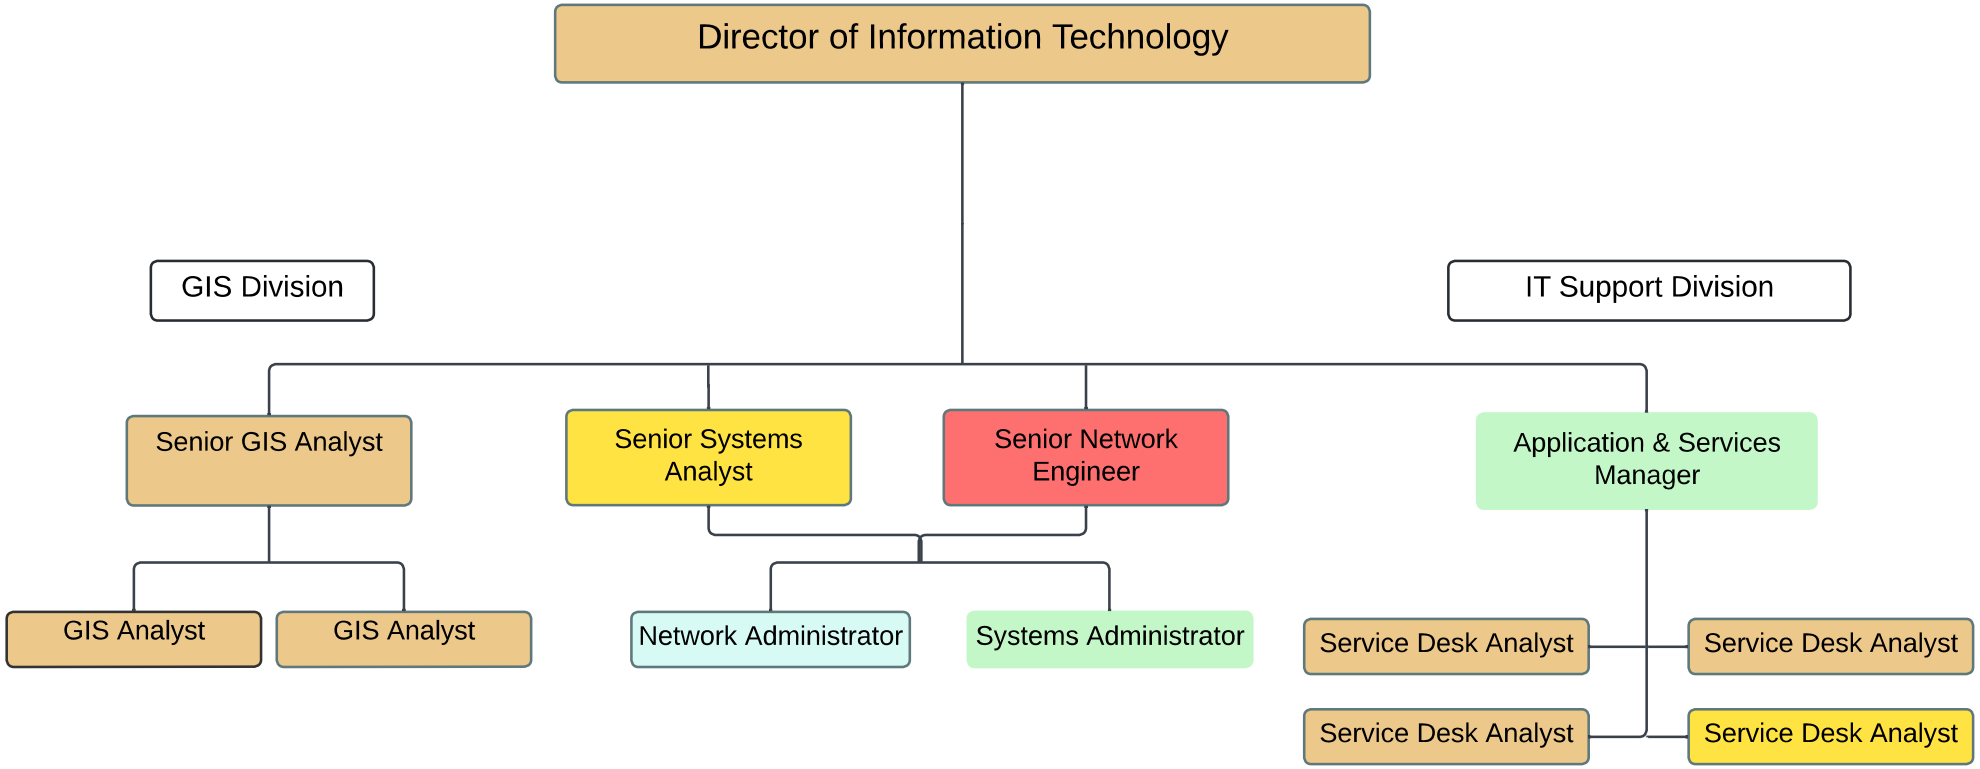
Education and Experience

Bachelor's degree in Computer Science, Information Technology, or a related field, or equivalent experience Applicant must have a minimum of 5 years in network engineering, with a significant focus on security and vulnerability management, and at least 2 years in a leadership/managerial role.



Required Licenses or Certificates

Must possess a valid Mississippi driver's license.
CompTIA Network+, Cisco CCNA, and CCNP desired.



Physical Demands and Working Conditions

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Physical requirements include occasional lifting/carrying of 25+ pounds;
visual acuity, speech and hearing; hand and eye coordination and manual dexterity necessary to operate a computer keyboard and basic
office equipment. Subject to sitting, standing, reaching, walking, twisting and kneeling to perform the essential functions. Working conditions are
primarily inside an office environment. Availability on-call for critical network or communication issues and emergencies.

FROM: Stephen E. Newell, Director of Information Technology

RE: Information Technology Department Reorganization

DATE: January 23rd, 2024

I am presenting a detailed plan for restructuring the Information Technology Department. This reorganization aims to modernize our department, fill talent gaps, and ensure we address the evolving IT needs of Gulfport with a skilled and capable team. **Detailed Organizational Changes:**

1. **Elimination of Senior Systems Analyst** Position (Held by current employee): This position will be defunded upon the employee's retirement (~September). The position of **Senior Network Engineer** will be created to replace this position. This new role focuses on network infrastructure, security, and team leadership, addressing our need for advanced network and infrastructure management. The two roles will serve concurrently for the sake of cross training until the current employee's retirement.

2. **Elimination of Systems Analyst** Position: To be defunded and replaced with a **Systems Administrator** position utilizing the existing employee. This role is crucial for maintaining, optimizing, and securing the city's systems, managing SAN environments and backups, and providing advanced troubleshooting support.

3. **Elimination of two IT Support Specialist II** Positions: One position (currently vacant) will be eliminated. The other position will be replaced with an **Application & Services Manager** position by the employee who currently fills the IT Support Specialist II position. This new position will oversee application management and service delivery, ensuring efficient and secure IT services. This position will manage the team of Service Desk Analysts.

4. **Reduction of IT Support Specialist I Positions**: One of these positions will be defunded through attrition and replaced with a **Network Administrator** in the FY25 budget request, strengthening our focus on network management and infrastructure. The remaining three positions will be retitled as **Service Desk Analysts**, reflecting our emphasis on service-oriented IT support.

Rationale for Restructuring: Our department currently faces challenges in network and infrastructure design and implementation, and lacks advanced troubleshooting capabilities. This reorganization will strategically place high-level talent in critical roles, enhancing our ability to serve Gulfport effectively.

Budgetary Considerations: We propose maintaining current staffing levels while reallocating resources to these specialized roles. This approach will not significantly increase costs but will optimize our investment in human resources. Our goal here is to be almost budget neutral once the noted attrition has taken place.

Expected Outcomes: The restructuring will enable the IT department to operate more efficiently, securely, and reliably, meeting Gulfport's current and future technological needs.

I request your support and approval for this plan and am available for further discussion or clarification.

Sincerely,
Stephen E. Newell
Director of Information Technology

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2024, the following Ordinance:

ORDINANCE NO. _____

AN ORDINANCE PROVIDING FOR THE SALARY OF COMPENSATION FOR A "SENIOR NETWORK ENGINEER" POSITION (GRADE 211) IN THE CITY OF GULFPORT, MISSISSIPPI'S DEPARTMENT OF INFORMATION TECHNOLOGY AND FOR THOSE EMPLOYEES SERVING IN THIS POSITION, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, a "Senior Systems Analyst" position within the City of Gulfport's Department of Information Technology will soon be vacated through retirement in the current fiscal year, and there is a need to create one (1) new position and fund the same, which is a "Senior Network Engineer" position in the City's Department of Information Technology; and

WHEREAS, the salary of compensation for employees holding this one (1) position of "Senior Network Engineer" within the City's Department of Information Technology should fall within the range set for Grade 211 ($70,813.68 - $105,431.92) in the City's presently existing Salary Grade Schedule; and

WHEREAS, the salary of compensation as set out herein is in accord with the new (and now existing) grade schedule of the City of Gulfport, and the one (1) "Senior Network Engineer" position is hereby being added to the "Salary Grade Schedule" previously approved by the City Governing Authority on October 6, 2020.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned one (1) "Senior Network Engineer" position within the City's Department of Information Technology is hereby added to and funded as the only such position in "Grade 211" in the new/latest grade schedule for salaries of compensation previously approved by the City's Governing Authority on October 6, 2020, (generally referred to as the "Salary Grade Schedule"), and as amended since, with funds hereby budgeted up to Step 31 for this position, and which will be effective on February 19, 2023.

SECTION 3. That the salary of compensation for the employees holding this one (1) position (the "Senior Network Engineer" position) shall be within the ranges and presently set at the amounts provided herein and in the preamble.

SECTION 4. That those employees employed by the City on or before September 30, 2009, shall continue to receive Longevity Pay and Education Pay (at the rate and in accord with the policies governing the same (which are hereby incorporated herein by reference and made effective hereby) in effect on September 30, 2009) to the extent that they are otherwise eligible for that pay and those noted employees entitled to a Cost of Living Adjustment (COLA) per prior budget adoptions shall continue to receive the COLA in addition to the base pay salaries of compensation set forth herein.

SECTION 5. To provide for the immediate and temporary preservation of the public peace, health and safety, this Ordinance shall be in full force and become effective upon its passage by unanimous vote and enactment according to law and shall be spread on the minutes

of the Gulfport City Council. The Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage.

SECTION 6. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance provides for the salary of compensation in Grade 211 in the City of Gulfport's Salary Grade Schedule for one (1) 'Senior Network Engineer' position within the City's Department of Information Technology and for those employees serving in this position. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES	**NAYS**	**ABSENT/ABSTAIN**

RE: Information Technology – Ordinance to Create a New position
Systems Administrator

DATE: January 17th, 2024

The Director of Information Technology, with the approval of the Chief Administrative Officer, is requesting to create a new position. Please provide an ordinance to create (1) Systems Administrator position.

This position will be in Grade 209, Step 4 ($62,866.00)

Grade 209, Step 0 – Step 40 is $60,431.25 - $89,973.90.

If this ordinance is approved it will go in effect on February 19th, 2023 pending unanimous approval.

City of Gulfport
Job Description

Systems Administrator
(SA)

Department: 145B – General Administration
FLSA Status: Exempt
EEO Class: Professional
Grade: 209
Date Approved:

Position Overview

The Systems Administrator is a crucial role within the IT department, responsible for maintaining, optimizing, and ensuring the reliability and security of the city's systems. This includes managing backup and disaster recovery solutions, overseeing the operation of Storage Area Networks (SAN), and maintaining various operating systems like Windows and Linux/Unix. The role also involves managing virtual environments in VMware vCenter and ESXi, handling certificate management, and operating Windows Active Directory and Office 365 applications. Additionally, the Systems Administrator will maintain application servers, including SQL, SCCM, and DFS, and conduct staff training on security awareness. Providing escalated Layer 2 support for systems-related issues to service desk analysts is also a key responsibility. This role demands a blend of technical expertise, problem-solving skills, and a commitment to continuous improvement and security in the IT infrastructure.

Essential Job Functions

Essential duties and functions, pursuant to the American with Disabilities Act, may include the following. Other related duties may be assigned.

- Manage and oversee the backup and recovery of the city's systems to ensure data integrity.
- Maintain and operate the Storage Area Networks (SAN), ensuring optimal performance.
- Oversee the maintenance and operation of servers running Windows, Linux/Unix operating systems.
- Manage the operation and maintenance of VMware vCenter and ESXi environments.
- Oversee the maintenance and planning of certificates for system security.
- Operate and maintain Windows Active Directory, Office 365 applications, and email systems.
- Maintain and operate application servers, including SQL, SCCM, and DFS.
- Conduct training for staff on phishing and various security vulnerabilities.
- Provide escalated Layer 2 support for system-related issues to service desk analysts.
- Conduct vulnerability scans, implement patches, adjust configurations for risk mitigation, and ensure compliance with industry standards.
- Collaborate with the IT team and other departments to develop and implement systems administration solutions.

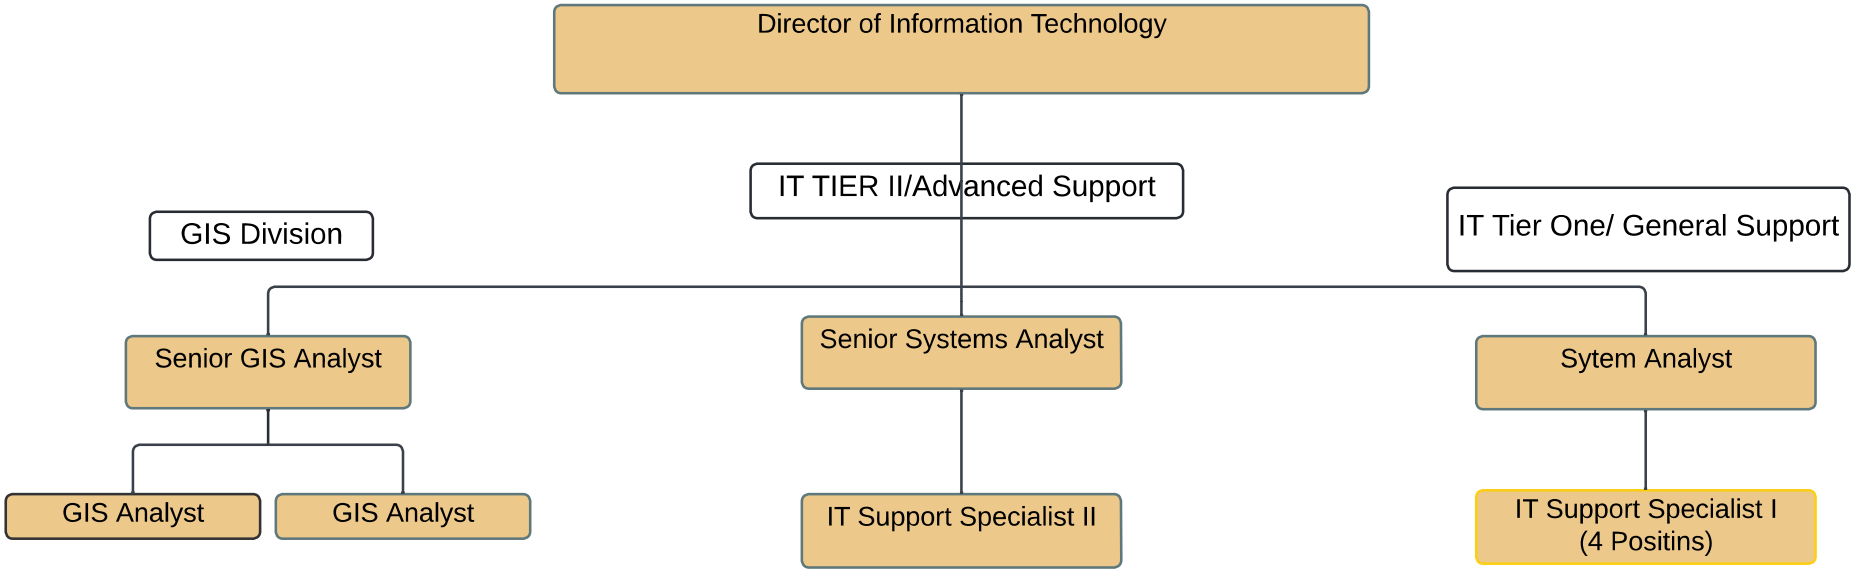
Knowledge, Skills and Abilities

Must possess required knowledge, skills, abilities and experience and be able to explain and demonstrate, with or without reasonable accommodations, that the essential functions of the job can be performed.

- In-depth knowledge of system backup and recovery processes.
- Familiarity with SAN environments and their operation.
- Skills in managing Windows and Linux/Unix servers.
- Proficiency in maintaining and operating application servers, including expertise in SQL, SCCM, and DFS.
- Expertise in virtualization technologies, specifically VMware.
- Ability to manage and plan for system security certificates.
- Proficiency in managing Windows Active Directory and Office 365.
- Capability to train staff on security awareness and best practices.
- Strong problem-solving abilities, especially in systems-related issues.
- Ability to adapt to new technologies and changing environments.
- Skilled in vulnerability scanning, patch management, risk mitigation configuration, and maintaining industry standard compliance.

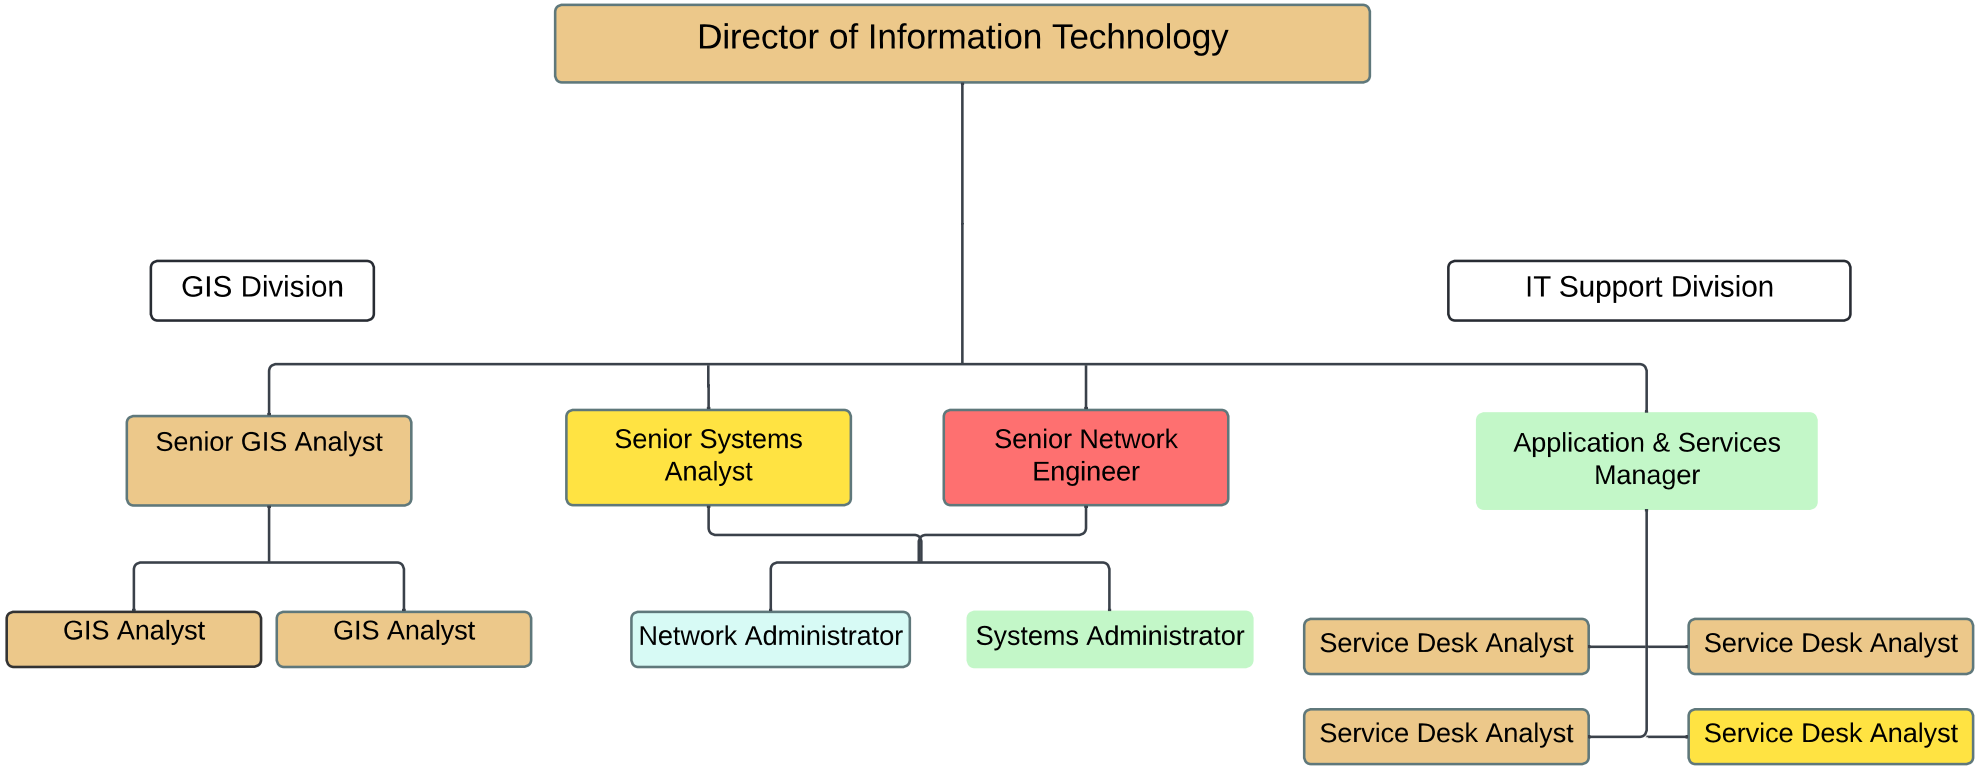
Education and Experience

Bachelor's degree in Computer Science, Information Technology, or a related field, or equivalent experience Applicant must have a minimum of 2 years in systems administration.



Required Licenses or Certificates

Must possess a valid Mississippi driver's license.
Microsoft Certified: AZ-900, AZ-104, CompTIA A+, Network+ or Security+ desired.



Physical Demands and Working Conditions

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Physical requirements include occasional lifting/carrying of 25+ pounds;
visual acuity, speech and hearing; hand and eye coordination and manual dexterity necessary to operate a computer keyboard and basic
office equipment. Subject to sitting, standing, reaching, walking, twisting and kneeling to perform the essential functions. Working conditions are
primarily inside an office environment. Availability on-call for critical network or communication issues and emergencies.

FROM: Stephen E. Newell, Director of Information Technology

RE: Information Technology Department Reorganization

DATE: January 23rd, 2024

I am presenting a detailed plan for restructuring the Information Technology Department. This reorganization aims to modernize our department, fill talent gaps, and ensure we address the evolving IT needs of Gulfport with a skilled and capable team. **Detailed Organizational Changes:**

1. **Elimination of Senior Systems Analyst** Position (Held by current employee): This position will be defunded upon the employee's retirement (~September). The position of **Senior Network Engineer** will be created to replace this position. This new role focuses on network infrastructure, security, and team leadership, addressing our need for advanced network and infrastructure management. The two roles will serve concurrently for the sake of cross training until the current employee's retirement.

2. **Elimination of Systems Analyst** Position: To be defunded and replaced with a **Systems Administrator** position utilizing the existing employee. This role is crucial for maintaining, optimizing, and securing the city's systems, managing SAN environments and backups, and providing advanced troubleshooting support.

3. **Elimination of two IT Support Specialist II** Positions: One position (currently vacant) will be eliminated. The other position will be replaced with an **Application & Services Manager** position by the employee who currently fills the IT Support Specialist II position. This new position will oversee application management and service delivery, ensuring efficient and secure IT services. This position will manage the team of Service Desk Analysts.

4. **Reduction of IT Support Specialist I Positions**: One of these positions will be defunded through attrition and replaced with a **Network Administrator** in the FY25 budget request, strengthening our focus on network management and infrastructure. The remaining three positions will be retitled as **Service Desk Analysts**, reflecting our emphasis on service-oriented IT support.

Rationale for Restructuring: Our department currently faces challenges in network and infrastructure design and implementation, and lacks advanced troubleshooting capabilities. This reorganization will strategically place high-level talent in critical roles, enhancing our ability to serve Gulfport effectively.

Budgetary Considerations: We propose maintaining current staffing levels while reallocating resources to these specialized roles. This approach will not significantly increase costs but will optimize our investment in human resources. Our goal here is to be almost budget neutral once the noted attrition has taken place.

Expected Outcomes: The restructuring will enable the IT department to operate more efficiently, securely, and reliably, meeting Gulfport's current and future technological needs.

I request your support and approval for this plan and am available for further discussion or clarification.

Sincerely,
Stephen E. Newell
Director of Information Technology

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2024, the following Ordinance:

ORDINANCE NO. _____

AN ORDINANCE PROVIDING FOR THE SALARY OF COMPENSATION FOR A "SYSTEMS ADMINISTRATOR" POSITION (GRADE 209) IN THE CITY OF GULFPORT, MISSISSIPPI'S DEPARTMENT OF INFORMATION TECHNOLOGY AND FOR THOSE EMPLOYEES SERVING IN THIS POSITION, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, a "Systems Analyst" position within the City of Gulfport's Department of Information Technology is to be de-funded by order of the Governing Authority of the City of Gulfport, and there is a need to create one (1) new position and fund the same, which is a "Systems Administrator" position in the City's Department of Information Technology; and

WHEREAS, the salary of compensation for employees holding this one (1) position of "Systems Administrator" within the City's Department of Information Technology should fall within the range set for Grade 209 ($60,431.25 - $89,973.90) in the City's presently existing Salary Grade Schedule; and

WHEREAS, the salary of compensation as set out herein is in accord with the new (and now existing) grade schedule of the City of Gulfport, and the one (1) "Systems Administrator" position is hereby being added to the "Salary Grade Schedule" previously approved by the City Governing Authority on October 6, 2020.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned one (1) "Systems Administrator" position within the City's Department of Information Technology is hereby added to and funded as the only such position in "Grade 209" in the new/latest grade schedule for salaries of compensation previously approved by the City's Governing Authority on October 6, 2020, (generally referred to as the "Salary Grade Schedule"), and as amended since, with funds hereby budgeted up to Step 4 for this position, and which will be effective on February 19, 2023.

SECTION 3. That the salary of compensation for the employees holding this one (1) position (the "Systems Administrator" position) shall be within the ranges and presently set at the amounts provided herein and in the preamble.

SECTION 4. That those employees employed by the City on or before September 30, 2009, shall continue to receive Longevity Pay and Education Pay (at the rate and in accord with the policies governing the same (which are hereby incorporated herein by reference and made effective hereby) in effect on September 30, 2009) to the extent that they are otherwise eligible for that pay and those noted employees entitled to a Cost of Living Adjustment (COLA) per prior budget adoptions shall continue to receive the COLA in addition to the base pay salaries of compensation set forth herein.

SECTION 5. To provide for the immediate and temporary preservation of the public peace, health and safety, this Ordinance shall be in full force and become effective upon its passage by unanimous vote and enactment according to law and shall be spread on the minutes

of the Gulfport City Council. The Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage.

SECTION 6. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance provides for the salary of compensation in Grade 209 in the City of Gulfport's Salary Grade Schedule for one (1) 'Systems Administrator' position within the City's Department of Information Technology and for those employees serving in this position. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

Code Ann. 1972, Section 21-8-23. **If the position of Director of the Department of Public Works is vacant, the Director of the Department of Engineering shall simultaneously head the Department of Public Works until such time as this other director position is no longer vacant.**

City of Gulfport, Mississippi
Job Description

Assistant To City Engineer
(AENG)

Department: 325 - Engineering
EEO Class: Professional
Grade: 209
Date Revised: March 11, 2022

FLSA Status: Exempt
Date Approved:

Position Overview
The Assistant to the City Engineer will manage in-house design projects and drainage/sewer improvements, aid in the implementation of the city's GIS system and oversee city standards and policies. Assists in management of all phases of engineering design, and construction inspections.

Essential Job Functions
Essential duties and functions, pursuant to the Americans with Disabilities Act, May include the following. Other related duties may be assigned.

- Plans, organizes, directs and evaluates the functions and activities of the Engineering Department.
- Develops and implements goals, objectives, performance standards, policies and procedures; reviews policies and procedures and recommends modifications, as warranted.
- Supervises, trains, and evaluates personnel; and acts as division head in the absence of the Director of Engineering.
- Schedules, monitors, and evaluates the work of personnel involved with design, surveying, inspection, and flood plain administration.
- Assists in project administration for engineering department.
- Supervises construction inspection; resolves conflicts between plans and specifications. Makes field adjustments where required and prepares change orders when needed.
- Reviews subdivision plats, drainage plans, public improvements and drainage improvements of new subdivisions for compliance with city standards, specifications and ordinances.
- Acts as advisor to planning division for engineering concerns regarding new development.
- Meets with developers and advises them on problems or conditions regarding the development of their property.
- Attends meetings of the Planning Commission and other government bodies to represent the Engineering Department.

Knowledge, Skills and Abilities
Must possess required knowledge, skills, abilities and experience and be able to explain and demonstrate, with or without reasonable accommodations, that the essential functions of the job can be performed.

- Knowledge and experience with drainage ordinances, hydraulic engineering, stormwater calculations and engineering methods.

- Ability to effectively communicate with city and community leaders, design professionals, contractors, and the public.
- Extensive management skills including directing of personnel and projects and task assignment and coordination.
- Must have good communication skills; oral and written.
- Proficiency in engineering skills and knowledge, including water distribution systems, sanitary sewer systems, paving, and drainage systems.
- Ability to use computers and engineering software to enhance budget, design skills, and productions.
- Effectively learn, interpret and appropriately apply City, department and division policies, procedures, rules and regulations, terminology, City Geographical Information Systems (GIS), city maps and records system.
- Keep current on changes/trends/technology in the engineering field.
- Display a high degree of sound business judgment and ethical conduct.
- Ability to maintain harmonious and effective working relationships with other employees, peers, and other departments.

Education and Experience

Must have a Bachelor's degree from an accredited four year college in Civil Engineering, and four (4) to five (5) years of civil engineering experience, with at least two (2) years' experience as a supervisor.

Necessary Special Requirements

Possession of a certificate of registration as a professional engineer as issued by the Mississippi State Board of Registration for Professional Engineers, or be able to acquire this certificate within a period of one year.

Required Licenses or Certificates

Must possess a valid Mississippi driver's license and be licensed in the State of Mississippi at time of hire.

Physical Demands and Working Conditions

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Physical requirements include occasional lifting/carrying of 50+ pounds; visual acuity, speech and hearing; hand and eye coordination and manual dexterity necessary to operate a computer keyboard and basic office equipment. Subject to sitting, standing, reaching, walking, twisting, and kneeling to perform the essential functions. Working conditions are both indoors and outdoors.

Ability to sit, stand and drive a vehicle to and from worksites. Employee will be exposed to seasonal temperatures while inspecting sites.

ORDINANCE NO. _____

AN ORDINANCE PROVIDING FOR THE SALARY OF COMPENSATION FOR ONE (1) "ASSISTANT CITY ENGINEER" POSITION IN THE DEPARTMENT OF ENGINEERING (GRADE 209) IN THE CITY OF GULFPORT, MISSISSIPPI AND FOR THOSE EMPLOYEES SERVING IN THIS POSITION, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, one (1) "Assistant City Engineer" position in the Department of Engineering (previously also referred to as the "Department of Public Works and Engineering") was recently vacated (and related required de-funding in accordance with the Governing Authority's adopted Ordinance pertaining to the same) and there is a need to re-fund this position; and

WHEREAS, the salary of compensation for the employees holding the following position shall fall within the ranges set for the corresponding Grade noted and should be presently set at the noted Steps within this Grade: "Assistant City Engineer" in the City's Department of Engineering (one (1) position), which shall fall within the range set for Grade 209 ($60,431.25 - $89,973.90); and

WHEREAS, the salary of compensation as set out herein is in accord with the new (and now existing) grade schedule of the City of Gulfport, and the one (1) "Assistant City Engineer"

position is hereby being added to the "Salary Grade Schedule" previously approved by the City Governing Authority on October 6, 2020.

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING AUTHORITY OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned one (1) "Assistant City Engineer" position is hereby added to and funded as the only such position in "Grade 209" in the new/latest grade schedule for salaries of compensation previously approved by the City's Governing Authority on October 6, 2020, (generally referred to as the "Salary Grade Schedule"), with funds hereby budgeted up to Step 25 for this position.

SECTION 3. That the salary of compensation for the employee holding this one (1) position (the "Assistant City Engineer" position in the City's Department of Engineering) shall be within the range and presently set within the range of amounts provided herein and in the preamble.

SECTION 4. That those employees employed by the City on or before September 30, 2009, shall continue to receive Longevity Pay and Education Pay (at the rate and in accord with the policies governing the same (which are hereby incorporated herein by reference and made effective hereby) in effect on September 30, 2009) to the extent that they are otherwise eligible for that pay and those noted employees entitled to a Cost of Living Adjustment (COLA) per prior budget adoptions shall continue to receive the COLA in addition to the base pay salaries of compensation set forth herein.

SECTION 5. To provide for the immediate and temporary preservation of the public peace, health and safety, this Ordinance shall be in full force and become effective upon its

passage by unanimous vote and enactment according to law and shall be spread on the minutes of the Gulfport City Council. The Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage.

SECTION 6. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance provides for the salary of compensation for one (1) 'Assistant City Engineer' position in Grade 209 in the City's 'Salary Grade Schedule' and for those employees serving in this position. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

RE: Planner II – Department of Urban Development

DATE: January 26th, 2024

The Director of Urban Development with the approval of the Chief Administrative officer is requesting to refund the Planner II position.

Please provide an ordinance to fund (1) Planner II in Grade 204. This is to refill the position.

This position is currently in Grade 204 step 12 $45,865.20

Grade 204, Step 0 – Step 40 is $40,750,63 - $45,865.20

City of Gulfport, Mississippi
Job Description

Planner II
(PL2)

Department: 611 - Planning
EEO Class: Professional
Date Revised: 03.02.2012

FLSA Status: Exempt
Date Approved: 03.20.2011

Position Overview

The Planner II performs planning functions; review of planning and zoning applications, administration of the City's Comprehensive Plan, land use and development regulations and zoning ordinances. Assist in identification of issues/problems, research and data gathering, and implementation of plans. Position requires considerable communication with developers.

Essential Job Functions

Essential duties and functions, pursuant to the Americans with Disabilities Act, May include the following. Other related duties may be assigned.

- Assists in development of elements of the city's comprehensive planning program and updating of plans necessary for the formulation of elements of the Master Comprehensive Plan. The implementation tools of those plans and other basic and applied planning studies concerning the physical development of urban areas.
- Develops and prepares reports, policies and projects for other departments, commissions or boards and private developers.
- Performs population, socio-economic, housing, land use and transportation data collection and analysis and prepares estimates and projections.
- Provides information on land use applications, ordinances, codes, plans and related planning programs, services or regulations to architects, engineers, developers, contractors, owner, community groups and interested persons over the phone and in person.
- Attends meetings of City Council, conferences, committees and staff meetings in order to provide assistance and make recommendations.
- Provides technical assistance and staff for all key commissions and boards and related sub-committees as well as the Tree Protection Advisor. Prepares agenda material, reports and recommendations for these boards and commissions, maintains records and files, and carries out follow through tasks resulting from commission and board actions.
- Advises the Planning Division Administrator on planning and building administration, computer and special project activities.
- Assists in directing the development and application of new methods of research design and analysis.
- Administers building codes, FEMA regulations, zoning ordinances,

subdivision regulations, sign ordinances, tree ordinances and various other ordinances and codes.
- Prepares state and federal grants as directed.
- Conducts field inspections.
- Responds to public inquiries in various forums concerning municipal planning projects and their relation to area of specialization, addressing how issues and project impact the public and the environment.

Knowledge, Skills and Abilities

Must posses required knowledge, skills, abilities and experience and be able to explain and demonstrate, with or without reasonable accommodations, that the essential functions of the job can be performed.

- Comprehensive knowledge of the principles, practices, techniques and design of urban planning including the understanding of the fundamentals of construction.
- Advanced knowledge of the general principles and practices of transportation as applied to urban planning and development.
- Has considerable knowledge of urban planning theory and techniques.
- Has considerable knowledge of construction terminology and design principles.
- Ability to make recommendations recognizing established precedents and practices, and to use resourcefulness and tact in meeting new problems for which there has been no precedent established and which may involve contentious circumstances and valuable property rights.
- Knowledge of the literature and sources of information available concerning planning matters and of the techniques and procedures useful to analyze and report on such subject.
- Is able to demonstrate consistent tact and courtesy in frequent public contact.
- Ability to analyze and comprehend rapidly the significant aspects and precedents inherent in planning and development problems and to present reports and recommendations in a clear, concise and persuasive manner in oral, written and graphic form including the ability to explain the principles of planning in simple, non-technical language.
- Is able to exercise sound judgment in accordance with established departmental policies and procedures.
- Ability to maintain harmonious and effective working relationships with other employees, supervisor and other departments.

Education and Experience

Bachelor's degree (B. A.) from four-year college or university in Urban and Regional Planning, Architecture, Economics , Geography, and/or closely related field, plus four (4) to six (6) years experience in zoning and planning, or equivalent combination of education and experience is required. Experience in professional planning and/or design work is preferred. Other combinations of experience and education that meet the minimum requirements may be substituted.

Required Licenses or Certificates

Must possess a valid Mississippi driver's license.

Physical Demands and Working Conditions

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Physical requirements include occasional lifting/carrying of 20+ pounds; visual acuity, speech and hearing; hand and eye coordination and manual dexterity necessary to operate equipment. Subject to sitting, standing, reaching, walking, twisting and kneeling to perform the essential functions. Working conditions are both indoors and outdoors.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2024, the following Ordinance:

ORDINANCE NO. _____

AN ORDINANCE PROVIDING FOR THE SALARY OF COMPENSATION FOR A "PLANNER II" POSITION IN THE DEPARTMENT OF URBAN DEVELOPMENT (GRADE 204) IN THE CITY OF GULFPORT, MISSISSIPPI AND FOR THOSE EMPLOYEES SERVING IN THIS POSITION, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, a "Planner II" position in the Department of Urban Development was previously vacated (and related required de-funding in accordance with the Governing Authority's adopted Ordinance pertaining to the same) and there is a need to re-fund this position; and

WHEREAS, the salary of compensation for the employees holding the following position shall fall within the ranges set for the corresponding Grade noted and should be presently set at the noted Steps within this Grade: "Planner II" in the City's Department of Urban Development (one (1) position), which shall fall within the range set for Grade 204 ($40,750.63 - $60,672.14); and

WHEREAS, the salary of compensation as set out herein is in accord with the new (and now existing) grade schedule of the City of Gulfport, and the one (1) "Planner II" position is

hereby being added to the "Salary Grade Schedule" previously approved by the City Governing Authority on October 6, 2020.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned one (1) "Planning II" position is hereby added to and funded as the only such position in "Grade 204" in the new/latest grade schedule for salaries of compensation previously approved by the City's Governing Authority on October 6, 2020, (generally referred to as the "Salary Grade Schedule"), with funds hereby budgeted up to Step 12 for this position, with such budgeted funds to also be set forth and memorialized in a budget amendment related hereto.

SECTION 3. That the salary of compensation for the employee holding this one (1) position (the "Planner II" position in the City's Department of Urban Development) shall be within the range and presently set within the range of amounts provided herein and in the preamble.

SECTION 4. That those employees employed by the City on or before September 30, 2009, shall continue to receive Longevity Pay and Education Pay (at the rate and in accord with the policies governing the same (which are hereby incorporated herein by reference and made effective hereby) in effect on September 30, 2009) to the extent that they are otherwise eligible for that pay and those noted employees entitled to a Cost of Living Adjustment (COLA) per prior budget adoptions shall continue to receive the COLA in addition to the base pay salaries of compensation set forth herein.

SECTION 5. To provide for the immediate and temporary preservation of the public peace, health and safety, this Ordinance shall be in full force and become effective upon its passage by unanimous vote and enactment according to law and shall be spread on the minutes of the Gulfport City Council. The Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage.

SECTION 6. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance provides for the salary of compensation for one (1) 'Planner II' position in Grade 204 in the City's 'Salary Grade Schedule' and for those employees serving in this position. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). FLSA Status: Non-Exempt
Date Revised: 10.28.2011
Date Approved:

Position Overview

The Camp Administrative Assistant assists in the supervision, planning, and operation of the summer day camp program sponsored by the City of Gulfport. The Camp Administrative Assistant is responsible for assisting with programming for the summer day camp site, assisting with development of field trips, assist with supervision and distribution of supplies and inventory.

Works with Department of Leisure Services Accounting Clerk to receipt and deposit weekly fees and processes bi-weekly time sheets and work. Aids in maintaining the licensing standards set forth by the Mississippi State Department of Health for Summer Day Camp Programs.

Essential Job Functions

Essential duties and functions, pursuant to the Americans with Disabilities Act, May include the following. Other related duties may be assigned.

- Responsible for collection and execution of time sheets on a bi-weekly basis to ensure that employees' timesheets are processed correctly.
- Responsible for pick up and receipt of funds on a weekly basis from each camp site and working with the accounting clerk for deposit of funds.
- Assists in the maintenance of participant and staff files for all participants as outlined by the State Department of Health.
- Assists the Program Coordinator directly by visually inspecting sites to make sure personnel, inventory and equipment are available and provided at camp sites.
- Ensures that safety precautions are maintained.
- Promote interests and provides information regarding the program to participants and parents.
- Enforces rules/regulations and Summer Day Camp Policies and Procedures as required.
- Directly supervises seasonal Summer Day Camp employees for the Department of Leisure Services. Carries out supervisory responsibilities in accordance with the organization's policies and applicable laws including planning, assigning, and directing work; appraising performance; addressing complaints and resolving problems.

Knowledge, Skills and Abilities

Must posses required knowledge, skills, abilities and experience and be able to explain and demonstrate, with or without reasonable accommodations, that the essential functions of the job can be performed.

- Ability to write reports, business correspondence, and procedure manuals.
- Ability to effectively present information and respond to questions from groups of managers, clients, customers, and the general public.
- Ability to work with mathematical concepts and have the ability to apply concepts such as fractions, percentages, ratios, and proportions to practical situations.
- Basic knowledge of computer software programs, such as Word, Excel, and Outlook.
- Ability to greet the general public tactfully and courteously.
- Ability to maintain harmonious and effective working relationships with other employees, supervisor and other departments.

Education and Experience

High school diploma or equivalent. Two to four years experience in an administrative capacity.

Required Licenses or Certificates

Must possess valid Mississippi driver's license.

Physical Demands and Working Conditions

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Physical requirements include occasional lifting/carrying of 40+ pounds; visual acuity, speech and hearing; hand and eye coordination and manual dexterity necessary to operate a computer keyboard and basic office equipment. Subject to sitting, standing, reaching, walking, twisting and kneeling to perform the essential functions. Working conditions are both indoors and outdoors. While performing the duties of this job, the employee is occasionally exposed to outside weather conditions.

City of Gulfport, Mississippi

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the ____ day of _____, 2024, the following Ordinance:

ORDINANCE NO. _____

AN ORDINANCE PROVIDING FOR THE SALARIES OF COMPENSATION FOR POSITIONS RELATED TO THE CITY OF GULFPORT, MISSISSIPPI'S SUMMER CAMP PROGRAM AND FOR THOSE EMPLOYEES SERVING IN THOSE POSITIONS, AND FOR RELATED PURPOSES

WHEREAS, Section 21-8-21(2) of the Mississippi Code Annotated provides and requires that "[e]very officer or employee of the municipality shall receive such a salary of compensation as the council shall by ordinance provide, and the salary compensation of all employees of such municipality shall be fixed by council from time to time, as occasion may demand;" and

WHEREAS, the salaries of compensation for the employees holding the following Part Time Temporary Seasonal positions shall fall within the ranges set for the corresponding Grades noted and should be presently set at the noted Steps within these Grades:

- Camp Director – 4 Positions – Seasonal – Grade 103 Step 40 - $15.49/ Hr.
- Camp Assistant Director - 4 Positions – Seasonal – Grade 103 Step 34 - $14.54/ Hr.
- Camp Counselor – 46 positions – Seasonal – Grade 102 Step 37 - $14.00 / Hr.
- Camp Lead Life Guard – 2 Positions – Seasonal – Grade 103 Step 34 - $14.54 / Hr.
- Camp Life Guard – 6 Positions – Seasonal – Grade 102 Step 37 - $14.00 / Hr.
- Camp Administrative Assistant - 1 Position - Seasonal - Grade 103 Step 40 - $15.49/Hr.; and

WHEREAS, the salaries of compensation as set out herein are in accord with the salary grade schedule of the City of Gulfport, and the positions noted above are hereby being added to

the "Salary Grade Schedule" previously approved by the City Governing Authority on October 6, 2020, as amended from time to time.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters and things set forth in the above preamble are hereby accepted as stated as the findings of the Gulfport City Council.

SECTION 2. That the aforementioned positions are hereby added to and funded in the Grades noted above in the new/latest grade schedule for salaries of compensation previously approved by the City's Governing Authority on October 6, 2020, (generally referred to as the "Salary Grade Schedule") and as amended from time to time.

SECTION 3. That the salaries of compensation for the employees holding these positions in the City's Department of Leisure Services shall be within the ranges and presently set at the amounts provided herein and in the preamble.

SECTION 4. That those employees employed by the City on or before September 30, 2009, shall continue to receive Longevity Pay and Education Pay (at the rate and in accord with the policies governing the same (which are hereby incorporated herein by reference and made effective hereby) in effect on September 30, 2009) to the extent that they are otherwise eligible for that pay and those noted employees entitled to a Cost of Living Adjustment (COLA) per prior budget adoptions shall continue to receive the COLA in addition to the base pay salaries of compensation set forth herein.

SECTION 5. To allow the positions noted herein to be advertised at the earliest possible time (i.e., the immediate and temporary preservation of the public peace, health and safety), this Ordinance shall be in full force and become effective upon its passage by unanimous vote and enactment according to law and shall be spread on the minutes of the Gulfport City Council. The

Ordinance shall be published according to law and for failure to pass unanimously, shall take effect thirty (30) days after the date of passage.

SECTION 6. The Governing Authority further finds that the following shall serve as an explanatory statement of this Ordinance for purposes of publication: "This Ordinance provides for the salaries of compensation for four (4) Camp Director positions at Grade 103 Step 40, four (4) Camp Assistant Director positions at Grade 103 Step 34, forty-six (46) Camp Counselor positions at Grade 102 Step 37, two (2) Camp Lead Life Guard positions at Grade 103 Step 34, six (6) Camp Life Guard positions at Grade 102 Step 37, and one (1) Camp Administrative Assistant position at Grade 103 Step 40 in the City's 'Salary Grade Schedule' and for those employees serving in these positions. A copy of the full text of this Ordinance is available to municipal residents upon request to the City Clerk." For the next thirty (30) days, a copy of the full text of this Ordinance shall be posted by the City Clerk: (a) in the first floor lobby at City Hall (2309 15th Street, Gulfport, Mississippi 39501); (b) in the first floor lobby of the City's Hardy Building (1410 24th Avenue, Gulfport, Mississippi 39501); and (c) in the first floor lobby of the County Courthouse in Gulfport (1801 23rd Avenue, Gulfport, Mississippi 39501). The City Clerk shall further furnish any resident of the City a copy of the full text of this Ordinance upon request.

The above and foregoing Ordinance, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AXON ENTERPRISES, INC., AS A SOLE SOURCE VENDOR AND TO APPROVE AGREEMENT WITH AXON ENTERPRISES, INC., FOR THE PURCHASE OF BODY WORN CAMERAS AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to replace the body worn cameras utilized by officers of the Gulfport Police Department; and

WHEREAS, the Gulfport Police Department has requested to purchase the said body worn cameras from Axon Enterprises, Inc., as a sole source vendor and, pursuant to Miss. Code Ann § 31-7-13(m)(viii), the Police Department has filed a certification of the conditions and circumstances requiring the purchase (See Exhibit "A"); and

WHEREAS, it has been confirmed that other cities in the State of Mississippi, including the city of Oxford, have purchased Axon body worn cameras and supporting software using Axon as a sole source vendor; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for body worn cameras to Axon Enterprises, Inc., and to approve a contract/agreement with Axon Enterprises, Inc., concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the sole source designation of Axon Enterprises, LLC, requested by the Police Department, the conditions and circumstances justify designating Axon Enterprises, Inc., as a sole source vendor for the products and services required by the Police Department for the use of body worn cameras are hereby approved, and that Axon Enterprises, Inc., is hereby declared to be a sole source vendor for the said products and services and that the contracts/agreement with Axon Enterprises, Inc., and attached

hereto as Exhibit "A" be and the same are hereby approved, to the extent they comply with Mississippi law, and are found to be in the best interest of the City, and the Mayor is hereby authorized to execute the same on behalf of the City of Gulfport after final approval by the Legal Department.

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

Memorandum

To: Mayor Billy Hewes, City Council

From: Chief Adam Cooper

Date: January 22, 2024

Re: Purchase of additional Axon products

Your permission is requested to purchase additional quantities of axon products currently in use by the Gulfport Police Department. These products include body cameras, in car camera equipment, and associated software licenses.

Original equipment and items were previously purchased with sole source procurement guidelines and approved by council on January 4, 2022.

We are requesting this additional equipment to expand video capabilities on our department personnel. The cost of the additional equipment is a one-time price of $8,490.

The point of contact for this purchase is Chief Adam Cooper. The purchase will be paid for with current year budgeted funds. This purchase has also been vetted through the Purchasing Department.

MEMORANDUM

TO: City Councilmembers
Billy Hewes, Mayor
Wayne Miller, Chief Administrative Officer

FROM: Todd Harman, Director of Finance and Accounting TH

DATE: January 26, 2024

RE: Recommendation for the Municipal City Depository

The City recently conducted a request for proposal for a municipal city depository for the time period February 20, 2024 through December 31, 2027. Only one bidder – Hancock Whitney (our current city depository) submitted a proposal. After reviewing this proposal, the Finance Department recommends accepting this proposal.

There were two significant changes between our current agreement and the proposed agreement. These changes are summarized in the table on the next page.

Significant Change:	Current Agreement:	Proposed Agreement:	What this change means to the City?
Decrease in interest rate paid on bank balances	Variable rate. **90%** of the 28 day Treasury bill, as reported by the Federal Reserve on the last business day of immediately preceding month.	Variable rate. **75%** of the 28 day Treasury bill, as reported by the Federal Reserve on the last business day of immediately preceding month.	The interest rate the bank is going to pay us went down. For example, the 28-day T-bill rate on Jan 31, 2024 was 5.27%. Under our current agreement, the bank will pay us 4.74%. Under our new agreement, the bank would pay us 3.95%. The interest income difference between the two equates to approximately $72,500 per month or $869,000 per year on average daily deposits of $110 million.
Increase on supervision and assessment fee (equivalent to an assets under management fee)	**2 cents** per $1,000 per month.	**4 cents** per $1,000 per month.	This bank charge doubled. On average daily deposits of $110 million, the City will pay approximately $4,400 per month instead of our current rate of $2,200 per month. This is an estimated annual increase of $26,400.

The Finance Department considered the possibility of interest rates decreasing when this request for proposal was sent out. The attached memo, included in the request for proposal and reviewed by our Municipal Advisor, stated:

- The City has idle and surplus funds and that our goal is to maximize the interest earnings for the City;
- State law allows the City to invest idle and surplus funds in federal Treasury bills; and
- If and when the City elects to invest surplus and idle funds, the City shall maintain a minimum daily balance of $15 million in total funds held in the city depository.

For the following example, assume the City has total deposits of $110 million. The City elects to keep $20 million in the city depository and invest the $90 million in surplus and idle funds in 28-day T-bills. In summary, for surplus and idle funds, why settle for 75% of the T-bill interest rate when we can buy our own T-bills and get the whole 100% of the T-bill interest rate.

Interest earned by keeping surplus and idle money in the bank for one month: **$296,250.**
($90 million x 3.95% divided by 12 to get to interest earned for one month)
Interest earned by investing surplus and idle money in T-bills for one month: **$395,250.**
($90 million x 5.27% divided by 12 to get to interest earned for one month)

Opportunity cost of not actively managing surplus and idle money (just leaving it in the bank):
Interest income: **$99,000 per month or $1,188,000 per year.**

Additionally, money invested in T-bills is not deposited in the bank so you would not be paying supervision and assessment fees on this money.
Fee savings: **$3,600 per month or $43,200 per year**
(4 cents per $1,000 on $90 million per month)

Thank you for your consideration. Please reach out if you have any questions.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL APPROVING AWARD TO HANCOCK WHITNEY BANK FOR MUNICIPAL DEPOSITORY BANKING SERVICES, AND FOR RELATED PURPOSES

WHEREAS, pursuant to *Miss. Code Ann.* § 27-105-305 and *Miss. Code Ann.* § 27-105-353, as amended, the Governing Authority for the City of Gulfport, Mississippi previously authorized the solicitation for "bids or proposals" associated with banking depository services for the City on December 19, 2023, with such "bids or proposals for the same being submitted on or prior to January 23, 2024; and

WHEREAS, pursuant to such authority, the City advertised and solicited for bids / proposals for the aforementioned services on December 21, 2023 and December 28, 2023, and received one bid / proposal from one financial institution, Hancock Whitney Bank; and

WHEREAS, this bid / proposal from Hancock Whitney Bank was determined to be the most suitable financial institution to meet the needs of the City and is therefore recommended to the governing authority by the selection committee as being in the City's best interest to select (See Exhibit "A" attached hereto); and

WHEREAS, the Council finds that it is in the best interest of the City to select Hancock Whitney Bank and to enter into such agreement or agreements with Hancock Whitney Bank as are necessary to fully implement said services for the provision of municipal depository banking services for the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the recommendation of the Finance Department be accepted and that Hancock Whitney Bank be and it is hereby selected as the City's financial institution for municipal depository banking services.

SECTION 3. That the Mayor be, and he is hereby, authorized to execute said agreements, after the same have been reviewed and approved by the Legal Department, and to deliver the same on behalf of the City of Gulfport.

SECTION 4. That this Resolution be, and it is hereby ordered to be spread on the minutes of the Governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES **NAYS** **ABSENT**

WHEREUPON, the President declared the motion carried and the Resolution adopted this the _____ day of _____, 2024.

City of Gulfport ("the City")
Todd Harman, Director of Finance and Accounting
1410 24th Ave
Gulfport, MS 39501

Dear Mr. Harman,

Pursuant to your request for bids for the privilege of acting as your depository, Hancock Whitney Bank ("the Bank") hereby submits this bid and application to be designated as depository for the accounts currently held with the Bank and any other accounts for which we may be designated as depository in the future.

The Bank agrees to furnish legal securities for the faithful performance of such duties as Fiscal Agent as provided by statute in the sum required by the laws of the State of Mississippi, the securities pledged to be of proper type and amount as required by law. We will clear all checks and warrants against sufficient funds on a par basis and all transfers of funds and receipts will be handled at par.

The Bank proposes the following terms for the four (4) year contract period. This offer will be effective February 20, 2024 and set to expire December 31, 2027. We are offering the banking and Treasury Management services listed throughout the RFP, and an interest rate based on current account balances held with the Bank. This proposal is valid for 90 days from the bid submission date.

Interest Rate: The balances kept in Public Funds NOW Accounts will earn a variable rate adjusted monthly based upon 75% of the 28 day Treasury Bill, as reported by the Federal Reserve Bank as of the last business day of the immediately preceding month. Interest is accrued daily and paid monthly.

The quoted interest rate applies only to standard operating funds and do not apply to funds that do not result from normal operations (i.e. bond proceeds). The Bank reserves the right to quote interest rates for these funds separately per market conditions.

Service Charge: The Bank will charge fees based on the cost of Treasury Management products and banking services currently utilized by the City. This cost may vary and is based on monthly banking volume and activity implemented by the City.

The cost for check and deposit slip orders, and tamper proof bank bags will vary. The Bank requests that all orders are placed by the City through Harland Clarke 1-800-503-2345.

Agreements and Contracts: All Agreements and Contracts that need to be executed between the City and the Bank for banking services that are to be provided under this Bid to act as the Depository for the City are to be adopted in their entirety by the City at a duly called meeting, and these Agreements and Contracts shall be spread on the Minutes such that they are reflected in their entirety in the Minutes of such meeting. The City shall furnish the Bank with extracts of the meeting Minutes that evidence such adoption of these Agreements and Contracts and the subsequent ratification of the Minutes of that meeting.

The Bank appreciates the opportunity to respond to your Request for Banking Services. We look forward to presenting our solutions to the City and to implementing our recommendations.

Respectfully Submitted,

Rex LeBert

EXHIBIT B

MUNICIPALITY BID PROPOSAL FORM

TO THE CITY COUNCIL AND MAYOR OF GULFPORT, MISSISSIPPI.

We submit the following bid proposal for serving as the deposit for the City of Gulfport (municipality) the period beginning February 20, 20204 and ending December 31, 2027 and thereafter until new arrangements shall be made according to law:

1. Hancock Whitney is insured by the Federal Deposit Insurance Corporation or any successors to such insurance corporation.

2. Hancock Whitney Bank has met the primary capital to assets ratio of five and one-half percent (5 1/2%) or more as of June 30, 2023, has received certification of such from the State Treasurer, and will attach commission in response. **Please attach commission in response.**

3. Hancock Whitney Bank has 5 offices located in Gulfport, Mississippi. **Please attach in response a list of all branches located in the municipality. Include address of each branch.**

4. Hancock Whitney Bank has 351 employees located in _____ Gulfport, Mississippi.

5. _____ agrees to place on deposit with _____(municipality) as security any of the securities eligible for securing of state funds as provided in Section 27-105-5, Mississippi Code Ann. (1972) in an amount at least equal to one hundred five percent (105%) of the maximum sum to be placed on deposit in such financial institution at any one time exclusive of that portion of accounts insured by the Federal Deposit Insurance Corporation, or any successors to such insurance corporation.

   Or, Hancock Whitney Bank is a public funds guaranty pool member under sections 27-105-5 and 27-105-6, Mississippi Code Ann. (1972). The qualified financial institution shall secure those deposits by placing qualified securities on deposit with the State Treasurer as provided in section 27-105-5.

6. Hancock Whitney Bank agrees to execute a Collateral Security Agreement with the Municipality in the form recommended by the State Treasurer of the State of Mississippi for the purpose of complying with Section 1823(e) of FIRREA as necessary to ensure that the Municipality will possess a preferred claim to pledged securities in the event of default by the depository bank. All Collateral Security Agreements will be executed prior to January 1, 2024.

7. Hancock Whitney Bank agrees to monitor monthly deposits of the municipality in order to ensure adequate securities are pledged and to provide the municipality with an annual report listing accounts reported to the State Treasurer.

8. Hancock Whitney Bank agrees to prepare monthly statements beginning with the first day of the month and ending with the last day of the month, showing debits, credits, balances, and sequential listing of cashed checks within five (5) business days of the statement closing date.

9. Hancock Whitney Bank agrees to pay interest on the Municipality's accounts based on a fixed rate or variable rate. Variable rates shall be equal to the prior month-end U.S. Target Federal Funds Rate plus or minus N/A basis points. Current U.S. Target Federal Funds Rate is N/A

The Bank shall pay a variable rate of interest based on 75% of the 28 day Treasury Bill rate and adjusted monthly as stated in the transmittal letter.

CURRENT RATES BASED ON ABOVE CALCULATIONS

	Variable	*Fixed*
DDA Checking Accounts	75% of 28 Day T-Bill %	N/A %
Money Market/Savings Accounts	N/A %	N/A %

Note: Interest shall be earned on the average daily investable balance.

10. N/A agrees to provide earnings allowance on daily Municipality account balances that offset bank service charges. The earnings credit rate (ECR) shall be N/A%

11. Hancock Whitney Bank agrees to, if requested, offer advice on cash management and investment strategies necessary to properly utilize the Municipality's assets.

12. Hancock Whitney Bank agrees to provide the requested information necessary for the completion of the annual audit at no charge to the Municipality or its auditors.

13. Hancock Whitney Bank agrees to allow the Municipality to establish or maintain checking or savings accounts for no charge or minimum charges/fees for deposits credited, checks paid, incoming wire transfers, or returned deposit items. In addition, Hancock Whitney Bank agrees to provide the services listed on the following page at no charge or minimum charge to the Municipality based on account data provided by the municipality and data listed below:

Hancock Whitney Bank does not agree to the "no charge" clauses stated above. The Bank will charge fees based on the cost of Treasury Management products and banking services currently utilized by the City of Gulfport. The Cost may vary and is based on monthly banking volume and activity implemented by the City of Gulfport.

MEMORANDUM

TO: All City Depository Bidders

FROM: Todd Harman, Director of Finance and TH

DATE: December 20, 2023

RE: City Depository Bid

Be advised that over the term of the next city depository bid, the City of Gulfport ("The City") may elect to exercise its rights per MS Code § 21-33-323 (2020) regarding the investment of surplus and idle funds. To maximize the interest earnings of The City, funds may be withdrawn from the selected city depository and invested in direct obligations of the United States of America or in interest-bearing accounts in and through state depositories located in our municipality to the same extent as such depositories are eligible for invested state funds.

When The City elects to invest surplus and idle funds, the City commits to maintain a minimum daily balance of $15 million in total funds invested in the selected city depository.

Thank you for your consideration and your continued commitment to the citizens of Gulfport.

LEGAL NOTICE

CITY OF GULFPORT

CITY DEPOSITORY SERVICES

Bids for City Depository Services are being hereby solicited by the City of Gulfport, MS. Specifications may be obtained from the Procurement Office, 1410 24th Avenue, Hardy Bldg., Gulfport MS 39501 between the hours of 8:00 a.m. and 5:00 p.m. Monday through Friday, or online at www.gulfportmsbids.com .

Delivery of Bids — One (1) original and five (5) copies shall be submitted in a sealed envelope, clearly identified as "Bids for City of Gulfport Depository Services" and delivered to the address listed above no later than 10:00 am on January 23, 2024, after which time they will be delivered to the selection committee. Any proposal received after the time and date stated will be returned unopened.

Questions – All questions regarding this bid should be directed to Jessica Versiga by e-mail: jversiga@gulfport-ms.gov, by January 16, 2024. All questions must be submitted in writing; telephonic inquiries will not be considered.

A selection committee will review each proposal and will assist the City's governing authority in evaluating the proposals and assessing the most qualified proposal. The governing authority retains the ultimate authority in making these determinations. The committee may develop a short list from which interviews will be scheduled and evaluations will be based in part on review of ONLY the data submitted in response to this request for proposal. Upon final selection and determination made by the City's governing authority, a written contract may be awarded to the individual/firm whose bid/proposal is determined by the governing authority to be the most qualified and/or the lowest and best.

The governing authority will consider terms and conditions and factors relating to price, financial responsibility, technology, legal responsibilities as well as a bidder's or proposer's "responsibility" concerning matters that relate to the prompt and efficient performance of the contract, including the bidder's or proposer's honesty and integrity, skill and business judgment, experience and capability of performing the contract, conduct under previous contracts, and the quality of previous work, and a bidder's or proposer's customer satisfaction in prior or other contracts or projects, stability and solvency, and management experience in similar contracts, and any oral interviews with the review committee. The governing authority may consider any of the factors referenced herein in awarding the contract.

Bids may be held by the City of Gulfport, Mississippi, for a period not to exceed sixty (90) days from the date of receipt of bids.

The City of Gulfport reserves the right to reject any and all bids, in whole or in part, and to discontinue contract execution with any party at any time prior to final contract execution.

The City of Gulfport is an equal opportunity employer. The successful firm shall adhere to the City of Gulfport's policy concerning non-discrimination without regard to race, creed, color, age, sex, national origin or handicap.

Publication Dates: 12/21/2023 and 12/28/2023

Request for Bids
For
City Depository Banking Services
Gulfport, MS

The City of Gulfport, MS, in accordance with all rules and instructions set forth in both this Bid and the applicable laws of the State of Mississippi as stated in Title 27 Chapter 105 Article 3 of the Mississippi Code, requests qualified banks to submit Bids to provide all banking services required by the City of Gulfport.

I. INTRODUCTION

The City of Gulfport, MS proposes to enter into a four-year contract with a bank or banks authorized to do business in the State of Mississippi. This bank or banks will provide banking services for all aspects of the City's operations.

II. STATEMENT OF WORK

The City of Gulfport will actively pursue utilizing the latest and most feasible advancements in electronic transactions, reporting, and other features available in the electronic banking environment. The bank or banks selected will be expected to keep abreast of new innovations and make these available to the City.

Banking Functions - A description of the accounts involved with their respective average monthly balances and volume statistics are included in Exhibit A and Exhibit B in this bid.

III. BID FORMAT

Minimum Qualifications for Submitting Bid.

At the time of submission of the Bid, the submitting bank must certify that it is capable of performing all tasks and activities associated with the requirements of this bid.

The bank or banks designated for the City Depository must meet the minimum qualifications described below:

1. Currently be and remain, throughout the term of the contract, a designated fiscal agent of the State of Mississippi.
   Please see attached 2024 MS State Treasurer Depository Letter.
2. Currently be and remain, throughout the term of the contract, a member of, or have access to the Federal Reserve System with full wire transfer capabilities in order to send requests for funds to the United States Government, receive funds, transfer funds to other banks as directed by the Finance Department. In conjunction with this, the bank must verify and remit funds immediately involving securities purchased under agreements to resell.
   The Bank is in Agreement.

3. Currently have and maintain, throughout the term of the contract, a trust or safekeeping department capable of issuing safekeeping receipts immediately upon receipt of securities that are acceptable to the City of Gulfport.
The Public Funds Group along with Deposit Services will maintain all safekeeping depository records for the City.

Information Required to Be Submitted with Bids (Technical Bid)

Transmittal Letter – Each participating bank shall submit, as an integral part of its bid, a Letter of Transmittal to include the minimum:

A. Bank's background summary – **Hancock Whitney Corporation is a mult-faceted financial services company with regional business headquarters and locations throughout the growing Gulf South corridor. With a heritage dating to the late 1800s, the company's banking subsidiary provides a comprehensive network of full-service financial locations in Alabama, Florida, Louisiana, Mississippi, Tennessee and Texas. Hancock Whitney is listed among America's strongest, safest financial institutions, with a 5-Star rating from BauerFinancial Inc. for the quarter ending March 31, 2023. Since 1883, the Hancock Whitney name has embodied core values of Honor & Integrity, Strength and Stability, Commitment to Service, Teamwork, and Personal Responsibility.**

B. Experience in the maintenance of large public bank accounts with high volume activity. **Rex LeBert (Relationship Manager) 15 Years Banking Experience**
Jennifer King (Treasury Services Sales Specialist) 25 Years Banking Experience
Jennifer Burnette (Inst. Public Funds Coordinator) 2 Years Banking Experience

C. Experience in the following banking services (describe the services offered):

1. Electronic banking **The Bank's Treasury Manager platform features powerful tools all in one place, enabling the City to manage banking needs securely and easily, whether at the desk or on the go.**

2. Lock box capability **The City currently utilizes lockbox capabilities with the Bank. The City will experience no disruption in service.**

3. Credit cards **The Bank is a full-service merchant acquirer registered directly with the card brands. We do contract a third-party processor, Fiserv, to handle authorization and settlement services and have had a relationship with Fiserv (formerly First Data) since the 1990's.**

4. ACH services **The Bank's Treasury Manager ACH module allows for both debits and credits. The cutoff time for approving an ACH batch is 5:45 p.m. CST one business day prior to the effective date of the file. Notifications of ACH Returns are delivered via Treasury Manager and alerts can be set to email "TM" Users individually when a return occurs.**

5. Stop payments

Stop Payments can be placed online through Treasury Manager, a summary screen showing the stop payment has been placed is available, and the City can print as needed. Stop Payments are immediate. If a stop payment is placed on the system today and all information provided regarding the check is accurate, the check will be rejected during nightly processing.

Stop payments placed through Treasury Manager have a default duration of 6 (six) months. When a stop payment is placed, it is automatically added to the check Positive Pay system that night which remains in place for 2 (two) years.

<u>Services required</u>

- Positive pay services are required to assist in protection against fraud.
  - **The Bank offers two options for check Positive Pay:**
    - **Reverse Positive Pay – the City would not upload check-issue files into the system, and all items presented are suspects for client review. This service is recommended only if very few checks are written on an account or if the account would never have checks drawn on it because all activity would be electronic. This service alerts the City if there is check activity on the account.**
    - **Payee Positive Pay – the City would upload a file of checks issued, including the Payee name as it appears on the checks. The checks presented to the Bank will be validated against the issue files, and any checks that do not match will display as suspects for review the next business morning.**

- Online banking services are required. **The City will continue to utilize the Bank's Treasury Manager Platform for their online banking services. This is an online portal for single point of entry to all of the City's accounts.**

- Electronic deposit functions. **Remote Deposit Capture is a service offered by the Bank to the City for electronic deposit functions. This feature enables the City to deposit checks from the office as if you were standing at a teller window.**

- Ability to receive and post customer payments directly from our customers who utilize their banks "Bill Pay" option. This should include the ability to maintain customer payment details via web interface. (Vanco Billpay) **Bill Pay Direct Post (BPDP) will allow the City to take delivery of any bill payments in a ready to post file. BPDP will eliminate the manual processing and posting of bill payments.**

- Lockbox web interface with the ability to work on Lockbox payments, that do not contain the required information for accurate posting, prior to download and posting. (Web Exceptions Utility) **The City is currently utilizing lockbox services through the Bank. There will be no disruption in services.**

Pricing Summary (Cost Bid – Exhibit B)

Fees shall be paid to the bank on a monthly basis via a submission of an account analysis for each account (i.e. volume of checks, number of deposits, number of returned items, other charges, etc.). When determining the above-described fees, take into consideration the volume statistics contained in Exhibit A and B in this Bid. Show in a separate section entitled "Exhibit A" the various charges associated with each type of transaction. Proposer should show the calculations of all related fees in a very easy to understand formal. The format should show all related charges for each account contained on Exhibit
Also include any initial set up fees.

Non-Interest Bearing Accounts – Banks must be able to provide separate non-interest bearing accounts.

Bids provided using a different rate other than a fixed interest rate, a variable rate based on a generally accepted federal rate or index and/or vague, unclear responses as to how fees or other charges are calculated will be grounds for the entire Bid being considered non-responsive.

Other Items –

1. Address and functional description of all facilities located within City of Gulfport. **See Attached.**
2. A copy of the latest audited annual report. **https://investors.hancockwhitney.com/sec-filings/financial-documents/**
3. Web-site address of demo version of electronic banking functions or availability of on-site demo. **https://www.hancockwhitney.com/commercial-treasury-services**

IV. CRITERIA FOR SELECTION

A. Cost of Services versus Investment Return (35%)
B. Organizational Qualifications (20%)
C. Experience and Technical Expertise (20%)
D. Service Availability (25%)

V. CONTRACT ADMINISTRATION

A. Expenses of Preparing Responses to this Bid.

The City of Gulfport accepts no responsibility for any expenses incurred by the responders to this BID in the preparation of their responses. Such expenses are borne exclusively by the responders.

B. Submittal Instructions

Technical Bids must be submitted in a sealed envelope (or other packaging), provide one (1) original bid and five (5) copies to the Purchasing Office, 1410 24th Avenue, Gulfport, MS

39501, no later than **January 23, 2024 at 10:00 am** after which time they will be delivered to the Selection Committee. Any Bid submitted after the date and time as noted will be returned unopened. **DO NOT EMAIL BIDS.**

DO NOT INCLUDE PRICING IN TECHNICAL BID ENVELOPE

Cost Bid must be submitted separately in a sealed envelope (or other packaging), provide one (1) original and five (5) copies to the Purchasing Office, 1410 24th Avenue, Gulfport, MS 39501, no later than **January 23, 2024 at 10:00 am** after which time they will be delivered to the Selection Committee. Any Bid submitted after the date and time as noted will be returned unopened.

Use attached Exhibit B for pricing. Do not include COST BID WITH TECHNICAL BIDS.

Each Bid will be evaluated for full compliance with the BID instructions to the offeror and the mandatory terms and conditions set forth within the BID document. The objective of the evaluation will be to recommend the firm who is most responsive to the herein described needs of the City.

All Bids submitted under this BID shall become the property of the City of Gulfport and will not be returned.

C. Bid Duration

Bids submitted in response to this BID must be valid for a period of ninety (90) days from Bid submission deadline, and must be so marked.

D. Acknowledgement of Addenda

Addenda may be issued in response to changes in this Request for Bids. Addenda must be acknowledged by signing and returning the addenda form. Acknowledgements must be received no later than the Bid due date. If acknowledgments are returned with the Bid, they must be submitted with the technical Bid only. Failure to properly acknowledge any addendum may result in a declaration of non-responsiveness by the Governing Authority.

VI. AWARD OF CONTRACT

A selection committee will review and rate all Bids and may determine an interview list of the firms whose Bid are highest rated based on qualifications and information provided.

Interview listed firms may be scheduled for oral presentation to the selection committee, not to exceed one hour's duration, responding to questions from the selection committee relevant to the firm's Bid.

The selection committee may then rescore all interview-listed firms based on the information submitted and oral interview, and will compile a new list ranking those firms. After all rating is completed, the committee will open cost Bids of only the final short listed firms and will include the cost Bid information along with its recommendation to the Administration and City Council, who will make the final decision as to award of Contract.

Authorizations

Bids are to be signed by those officials and agents duly authorized on behalf of their respective institutions to sign Bids and contracts.

Contract Period

The contract period shall be from the date of award (anticipated to be February 20, 2024) through December 31, 2027.

Cancellation

The City may terminate this contract at any time without cause, in whole or in part, upon giving the (insert firm/individual) a thirty (30) day written notice. Upon such cancellation, the (offeror) shall immediately cease services at the conclusion of the thirty (30) day notice period. The City shall be liable and responsible to the (offeror) only to the extent of work already performed. Should services be unsatisfactory or untimely, the City shall have the right to cancel the services immediately pursuant to a written notice that identifies the failure to the (offeror). Cancellation shall not release the offeror from legal remedies available to the City.

Disqualification of Proposer

Although not intended to be an inclusive list of causes for disqualification, any one or more of the following causes, among others, may be considered sufficient for the disqualification of a proposer and the rejection of his Bid:

1. Evidence of collusion among proposers.
2. Lack of competency as revealed by either financial statements and/or experience as submitted or other factors.
3. Lack of responsibility as shown by past work, judged from the standpoint of workmanship as submitted.
4. Default or termination on a previous contract for failure to perform orotherwise.

Questions

Questions regarding this BID should be directed to the Purchasing Office by email: jversiga@gulfport-ms.gov, *not less than seven (7) business days* prior to the Bid due date. All questions must be submitted *in writing*; telephonic inquiries will not be considered.

Direct Contact

Direct contact with any City employee, including the Governing Authority, on the subject of this Bid, is strictly forbidden. Violation of this paragraph will result in disqualification of your Bid.

Trade Secrets/Proprietary Information

Trade Secrets or Proprietary information submitted by an offeror or contractor in connection with a procurement transaction shall not be subject to public disclosure under the Mississippi Freedom of Information Act; however, the offeror or contractor must invoke the protections of this section prior to or upon submission of data or other materials to be protected and state the reasons why protection is necessary. *Price quotations in Bids submitted to the City are not "proprietary" or "confidential".* They are considered public information.

Please mark one:

( ) **No**, the submittal I have turned in does not contain any trade secrets and/or proprietary information.

(x) **Yes**, the submittal I have turned in does contain trade secrets and/or proprietary information. If **YES**, please list the *page numbers* **and** the *reasons* why the information is considered a trade secret and/or proprietary information. These pages shall be conspicuously labeled "PROPRIETARY INFORMATION" in red ink at the top and bottom center of each page. **Service Charges and Unit Pricing.**

Do Not Mark the Whole Bid Proprietary

The vendor will be and state that he or she is an equal opportunity employer in all solicitations or advertisements.

MEMORANDUM

TO: All City Depository Bidders

FROM: Todd Harman, Director of Finance and Accounting TH

DATE: December 20, 2023

RE: City Depository Bid

Be advised that over the term of the next city depository bid, the City of Gulfport ("The City") may elect to exercise its rights per MS Code § 21-33-323 regarding the investment of surplus and idle funds.

To maximize the interest earnings of The City, surplus and idle funds may be withdrawn from the depository selected as the primary city depository and invested in direct obligations of the United States of America as defined by MS Code § 27-105-33. Surplus and idle funds may also be invested in interest-bearing accounts in other depositories approved to hold City funds.

If and when The City elects to invest surplus and idle funds, the City shall maintain a minimum daily balance of $15 million in total funds held in the primary city depository.

Thank you for your consideration and your continued commitment to the citizens of Gulfport.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO AWARD CONTRACT TO AND APPROVE CONTRACT WITH SPORTS FACILITIES MANAGEMENT, LLC/SFM GULFPORT, LLC, FOR THE OPERATION AND MAINTENANCE OF THE GULFPORT SPORTSPLEX AND THE GOLDIN SPORTSPLEX FACILITIES, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to contract with a private entity for the operations and maintenance of the Gulfport Sportsplex and the Jack and Florence Goldin Sportsplex facilities located in the City of Gulfport; and

WHEREAS, the City of Gulfport has determined that it can provide such services to the citizens of Gulfport more efficiently and in a more cost effective manner by contracting with a private entity for such work; and

WHEREAS, the Council finds it is in the best interest of the City to approve a Contract with Sports Facilities Management, LLC/SFM Gulfport, LLC, for the operations and maintenance of the Gulfport Sportsplex and the Goldin Sportsplex facilities for the City of Gulfport, in substantially the form attached hereto as Exhibit "A" and to authorize the Mayor to execute and deliver the same on behalf of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the Contract with Sports Facilities Management, LLC/SFM Gulfport, LLC, for the operations and maintenance of the Gulfport Sportsplex and the Goldin Sportsplex

facilities for the City of Gulfport be and the same is hereby approved in substantially the same form as attached hereto as Exhibit "A" hereto; and the Mayor is, hereby, authorized to execute and deliver the same on behalf of the City of Gulfport.

SECTION 3. That any applicable requirement for selection of the vendor to provide the services noted herein pursuant to a Request for Proposals and/or Qualifications is hereby waived.

SECTION 4. That this Resolution be, and it is hereby ordered to be spread on the minutes of the Governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

PROFESSIONAL SERVICES AGREEMENT

between

CITY OF GULFPORT, MISSISSIPPI

and

GPT SFM, LLC

STATE OF MISSISSIPPI

COUNTY OF HARRISON

PROFESSIONAL SERVICES AGREEMENT FOR THE OPERATION AND MAINTENANCE OF THE GULFPORT SPORTSPLEX AND GOLDIN PARK SPORTSPLEX FACILITIES AND RELATED SERVICES FOR THE CITY OF GULFPORT, MISSISSIPPI

THIS PROFESSIONAL SERVICES AGREEMENT (the "Agreement") is made and entered into this ____ day of _____, 2024 (the "Effective Date"), by and between the City of Gulfport, a Mississippi municipality, (the "Owner" and also referred to herein as "City") and GPT SFM, LLC, a Florida limited liability company (the "Operator").

RECITALS

WHEREAS, the Owner is a Municipal Corporation and body politic organized and existing according to the laws of the State of Mississippi, governed according to the Mayor-Council form of government through its duly elected Mayor and City Council; and

WHEREAS, Owner owns the real property and improvements thereon, including the buildings, associated parking areas, sidewalks, lighting, sports playing surfaces, and all other hard assets associated therewith located at the "Gulfport Sportsplex," which is generally located at 17200 16th Street in Gulfport, Mississippi, to include, without limitation, fourteen (14) baseball/softball fields and concession pavilions and restroom facilities located therein and six (6) soccer fields with a concession pavilion and restroom facility found therein, also generally and collectively referred to as the "Gulfport Sportsplex," and the same located at the "Goldin Park Sportsplex," which is generally located at 12136 Prudie Circle in Gulfport, Mississippi and to include, without limitation, four (4) baseball/softball fields and a concession pavilion in the middle of the same and two (2) soccer / football fields and a concession facility located in the middle therein as well as restrooms at both locations, also generally referred to as the "Goldin Park Sportsplex," (collectively and generally all referred to herein as "Facility"); and

WHEREAS, Operator is a limited liability company organized and existing according to the laws of the State of Florida, but is legally and officially authorized to do business in the State of Mississippi; and

WHEREAS, Owner previously entered into an agreement with Sports Facilities Management, LLC ("SFM"), which is the sole member and Manager of Operator, on February 22, 2023, ("February 2023 Agreement") to, among other things, study, evaluate and present substantiated findings / conclusions and recommendations to the Owner

concerning the privatization of all or parts of the services and operations within the Owner's Department of Leisure Services, to include, but not limited to, the operation and maintenance of the Owner's Sportsplex and Goldin Park Sportsplex facilities; and

WHEREAS, the February 2023 Agreement was subsequently amended on July 20, 2023, to include an expanded scope of services, as set forth in Exhibit "B" thereto, and which resulted in further study, review, and assessment by SFM (Operator) of it being prospectively contracted to provide services contemplated herein with respect to the Facility and for which SFM/Operator provided Owner with several deliverables specified and set out in the amended scope of services thereto; and

WHEREAS, as part of this February 2023 Agreement, SFM/Operator agreed that if it was retained by Owner or entered into a contract or agreement with Owner "for the provision of any services that emanate[d] from, ar[ose] out of, or relate[d] to any of the services" set out or described in this February 2023 Agreement, then the monies to be paid or due SFM/Operator in such a subsequent or prospective agreement would "first be offset by the full amount of monies" paid to SFM/Operator by the Owner or on Owner's behalf under such agreement, as the parties agreed that "full transparency" of the SFM/Operator's services to be provided and the "forthrightness, accuracy, and integrity" of the SFM/Operator's work product, services, data, recommendations, and reports were and are paramount, and the parties now agree and acknowledge that the instant Agreement falls within the scope of this provision from the February 2023 Agreement under the circumstances and that, therefore, SFM/Operator will be providing, and the City is entitled to, re-payment of all monies actually paid to Operator under the prior agreement among the parties; and

WHEREAS, Owner previously paid to SFM/Operator the total amount of $69,644.40 in monies associated with the February 2023 Agreement from February 2023 through December 2023; and

WHEREAS, SFM/Operator represents that it is a company that has extensive knowledge and expertise in providing management services for athletic complex facilities throughout the United States and that it has studied and assessed the Owner's Facility and financial records associated with the same, and that upon such study and assessment, SFM/Operator is desirous to contract to furnish and provide professional services under this Agreement; and

WHEREAS, on the basis of such representations and on recommendation of SFM/Operator and the studies, assessments, and deliverables provided heretofore to Owner in conjunction with the February 2023 Agreement, as amended, Owner is desirous to contract with SFM/Operator to provide professional services to operate and maintain

the City's Facility, to include, but not be limited to, the provision of those services set forth in the scope of work referenced elsewhere herein; and

WHEREAS, the parties are desirous of entering into an agreement whereby SFM/Operator provides professional services associated with the operation and maintenance of the City's Facility subject to the terms and conditions set forth in this Agreement and any of its exhibits and addendums.

NOW THEREFORE, for and in consideration of the promises, covenants, conditions, and benefits between the parties as herein set forth, and other good and valuable consideration, the receipt of which is hereby acknowledged, Owner and Operator agree as follows:

ARTICLE 1
DEFINITIONS

1.1. **Definitions.** For purposes of this Agreement, the following terms have the meanings referred to in this Section:

Affiliate: A person or company that directly or indirectly, through one or more intermediaries, controls or is controlled by, or is under common control with, a specified person or company.

Agreement: The "Agreement" shall mean this "Professional Services Agreement," together with all exhibits attached hereto (each of which are incorporated herein as an integral part of this Agreement), as amended, supplemented or restated from time to time.

Capital Improvements (also referred to as "Capital Expenditures"): Improvements made to property owned by the Owner ~~(and not leased to the Operator)~~ which constitute or amount to a permanent alternation or addition to such property and that increase its value, prolong its life, or enhance its useability. Capital improvements also include expenditures for the purchase of new (or additional) fixtures or items to remain with the Facility or repairs to the Facility that shall significantly extend the life of the Facility and expenditures that are planned, non-routine or budgeted by the Owner. Excluded herein are any improvements to properties or parts thereof associated with the Owner's lease of any of its property(ies) to Operator and which are otherwise the obligation or responsibility of Operator in such lease agreement(s) and/or amendments thereof All expenditures for building additions, alterations, repairs or improvements and for purchases of additional or replacement furniture, machinery, or equipment, where the cost of such expenditure is greater than Five Thousand Dollars ($5,000) and the depreciable life of the applicable item is, according to generally accepted accounting principles, in excess of five (5) years. Also excluded herein are ordinary repairs to any equipment, machinery, vehicles, and tools utilized by Operator in its performance or

provision of services under this Agreement or routine and preventative maintenance associated or which should reasonably be associated therewith.

Commencement Date: shall be February _____ 2024.

Commercial Rights: Naming rights, pouring rights, advertising, sponsorships, the branding of food and beverage products for resale and memorial gifts at or with respect to the Facilities. Operator shall have no right to engage in any Commercial Rights agreements on behalf of the Owner or Facility without the express written authority of the Owner, which, if approved by Owner in its sole discretion, shall be the subject of a separate mutually approved written agreement of the parties.

Effective Date: "Effective Date" shall have the meaning ascribed to such term in the preamble of this Agreement.

Emergency Repair: The repair of a condition which, if not performed immediately, creates an imminent danger to persons or property and/or an unsafe condition at the Facility threatening persons or property.

Event of Force Majeure (or "force majeure"): A natural disaster, civil disorder, war, or act of God (e.g., hurricane, flooding, earthquake, volcano, etc.) occurring within the jurisdictional boundaries of the City of Gulfport that is outside of the reasonable control of the Operator, or, as applicable, the City and which results in an inability to perform by the party claiming this defense and which by the exercise of due diligence of such party could not have been reasonably prevented or overcome. There may be certain and/or particularized provisions in the Agreement or amendments thereto that pertain to, involve, or affect "force majeure" conditions or occurrences.

Existing Contracts: Service Contracts, Revenue Generating Contracts, and other agreements relating to the day-to-day operation of the Facilities existing as of the Commencement Date.

Facility: The "Facility" shall have the meaning ascribed to such term in the recitals or preamble to this Agreement.

General Manager: The employee of Operator acting as the full-time on-site general manager of the Facilities.

Laws: Means all applicable laws, statutes, rules, regulations and ordinances.

Net Surplus: All revenues generated by or at the Facility or otherwise in furtherance or promotion of the Agreement, including, but not limited to, recreational program revenues, tournament rental revenues, food and beverage revenues, merchandise and pro-shop revenues, gate fee revenue, sponsorship and advertising revenues, and base

payments and all compensation received from the City of Gulfport, less all Operating Expenses as defined.

Operating Budget: A line-item budget for the Facility that includes a projection of Revenues and Operating Expenses, presented by Operator to Owner on a monthly and annual basis.

Operating Expenses: Operating Expenses: All of the following expenses incurred by Operator for operation and maintenance of the Facility:

(i) employee payroll and benefits (including payments to any national benefit system, relocation costs, and related costs), (ii) cost of operating supplies, including general office supplies, such as paper, pens, pencils, tape, staples, and such, (iii) advertising, marketing, group sales, and public relations costs for the Facility, (iv) cleaning expenses (supplies and materials used to clean and maintain the Facility), (v) data processing costs, (vi) dues, subscriptions and membership costs in any organizations or associations that are necessary for performance of this Agreement and only for the term of this Agreement, (vii) printing and stationary costs, (viii) postage and freight costs, (ix) equipment rental costs necessary for maintenance and operation of the Facility, (x) servicing of equipment utilized in the maintenance and operation of the Facility, (xi) repairs to and maintenance of the Facility, to include expenses relating to repairs to capital improvements but not to include expenses relating to construction of capital improvements, (xii) expenses incurred for securing the Facility that Owner has approved in advance, (xiii) telephone and communication charges for Operator's employees at the Facility and for operations and maintenance of the Facility, (xiv) travel and entertainment expenses of Operator's employees needed and necessary for operation and maintenance of the Facility, (xv) cost of employee uniforms and identification, (xvi) exterminator and trash removal costs, if applicable (xvii) computer, software, and hardware costs directly related to operation and maintenance of the Facility, (xviii) utility expenses at the Facility (to include, gas, water, sewer, electricity, and broadband/internet), (xx) audit and accounting fees for operation and maintenance of the Facility, (xxi) all bond and insurance costs, including but not limited to personal property, general liability, professional liability and worker's compensation insurance, (xxii) commissions and all other fees payable to third parties pursuant to agreements with vendors or third-parties approved by Owner (e.g. commissions relating to food, beverage and merchandise concessions services and commercial rights sales), (xxiii) costs incurred by Operator to settle or defend claims asserted against Operator arising out of its operations at the Facility on behalf of Owner, but only if such claims did not arise out of or were caused in any way by the acts or omissions of Operator or any of Operator's agents, servants, employees, officers, representatives, or contractors, regardless of whether intentional, negligent, or otherwise; and (xxiv) loss, costs, damage, liability and any other obligations arising under or incurred under Service Contracts and other agreements relating to Facility operations, but only if the same was approved by the Owner in advance and did not arise out of or were in any way caused by the acts or omissions of Operator or any of Operator's agents, servants, employees, officers, representatives, or contractors, regardless of whether intentional, negligent, or otherwise. The term "Operating Expenses" does not include debt service on the Facility or Capital Expenditures (all of

which shall be the responsibility of the Owner). All operating expenses are subject to approval by Owner in the annual Operating Budget, with such approval to occur prior to commencement of the Agreement and prior to January 1 of each succeeding year thereafter during the pendency of this Agreement or any extension thereof. The Operating Budget may be amended during the course of a year upon mutual written agreement of the parties. Owner is entitled to receive from Operator, and Operator shall forthwith provide to Owner upon its request, any and all information in the possession of Operator that Owner reasonably believes it needs in order to assess, evaluate, or otherwise consider in conjunction with the process to review and consider approving the Operating Budget, any "Operating Expenses," and/or any amendment to the "Operating Budget" or for purposes of evaluating a status of this Agreement.

Operating Year: Each twelve (12) month period during the Term, commencing on January 1 and ending on December 31, provided that the first Operating Year shall be a shortened year commencing on the Commencement Date and ending on December 31st of that year.

Operations Manual: The document has been developed by Operator, which shall contain terms regarding the management and operation of the Facility including detailed policies and procedures to be implemented in operating the Facility, as agreed upon by both the Owner and the Operator.

Operator: The term "Operator" shall have the meaning ascribed to such term in the Recitals or Preamble to this Agreement.

Owner: The term "Owner" shall have the meaning ascribed to such term in the Recitals or Preamble to this Agreement.

Regulatory Approvals: All applicable governmental or regulatory approvals, authorizations, consents, licenses or permits.

Revenue: All revenues generated by Operator's operation of the Facility, including but not limited to event ticket proceeds income, rental and license fee income, merchandise income, gross food and beverage income, gross income from any sale of Commercial Rights, gross service income, equipment rental fees, box office income, and miscellaneous operating income, but shall not include event ticket proceeds held by Operator in trust for a third party and paid to such third party.

Revenue Generating Contracts: Vendor, concessions and merchandising agreements, user/rental agreements, booking commitments, licenses, and all other contracts or agreements generating revenue for the Facility and entered into in the ordinary course of operating the Facility.

Service Contracts: Agreements for services to be provided in connection with the operation of the Facility, including without limitation agreements for consulting services,

ticketing, web development and maintenance, computer support services, FF&E purchasing services, electricity, steam, gas, fuel, general maintenance, telephone, staffing personnel including guards, ushers and ticket-takers, extermination, stage equipment, fire control panel and other safety equipment, snow removal and other services which are deemed by Operator to be either necessary or useful in operating the Facility and not otherwise excluded herein or required to be pre-approved or assumed by the Owner.

Taxes: Any and all governmental assessments, franchise fees, excises, license and permit fees, levies, charges and taxes, of every kind and nature whatsoever, which at any time during the Term may be assessed, levied, or imposed on, or become due and payable out of or in respect of, (i) activities conducted on behalf of the Owner at the Facility, including without limitation the sale of concessions, the sale of tickets, and the performance of events (such as any applicable sales and/or admissions taxes, use taxes, excise taxes, occupancy taxes, employment taxes, and withholding taxes), or (ii) any payments received from any holders of a leasehold interest or license in or to the Facility, from any guests, or from any others using or occupying all or any part of the Facility.

Term: The term "Term" shall have the meaning ascribed to such term in Section 5.1 of this Agreement.

ARTICLE 2
EQUIPMENT; CAPITAL IMPROVEMENTS / EXPENDITURES; USE OF FACILITY

2.1 **Planning for Capital Improvements / Expenditures**. While Owner understands there may be required Capital Improvements needed from time to time to bring the facilities to a standard which will allow Operator to collect reasonable fees for facility use, Operator acknowledges and agrees that the general layout of the Facility, number, sizes, and types of fields and playing surfaces, location and number of concession pavilions and areas, fields, and other amenities and associated infrastructure, and the size and location of parking areas and all other aspects of each complex that comprise the Facility at the time of execution and for the foreseeable future are attractive and marketable at such time and are further satisfactory and adequate for purposes of Operator being able to provide the services set out and contemplated herein in accordance with this Agreement. Operator shall cooperate and coordinate with Owner according to Owner's time lines in the furnishing of data and justification for budgeting for capital improvements / expenditures, giving recognition to the Owner's budget restrictions, and shall make its best effort to enable Owner to conform to the budget pertaining to capital expenditures, except where additional capital expenditures are required in the case of emergency. Operator understands and acknowledges that Owner's fiscal year is October 1 to September 30 and that Owner formulates and assesses a budget for the forthcoming fiscal year starting in June and with a budget adopted no later than September 15 each year. Operator further understands and agrees that it will continually and timely provide Owner with notice of any capital improvements or repairs that need to be completed by Owner in order to abate, remedy, or address any dangerous conditions that Operator has knowledge of or should reasonably have discovered in its usual and ordinary provision of

services under this Agreement, and that such notice will be provided in accordance with the notice provisions set forth elsewhere herein. Operator also understands and agrees that it will provide timely notice to Owner of any capital improvements that Operator believes should be addressed and considered by Owner in order to assist Operator in its provision of services and performance of its duties under this Agreement or for Owner's better use of the Facility.

2.2 **Machinery, Equipment, Vehicles, and Tools**.

Operator will use whatever vehicles, machinery, equipment and tools it determines are needed and/or necessary for it to perform and provide services under this Agreement, regardless of whether such vehicles, machinery, equipment, or tools are made available or provided to it by Owner as part of this Agreement or otherwise, with all such vehicles, machinery, equipment, and tools used by Operator in the performance of its duties and provision of services under this Agreement to be under Operator's exclusive control at all times. It is agreed and acknowledged that Operator shall retain sole control and possession thereof, regardless of whether such vehicles, machinery, equipment, and tools are owned, leased, or borrowed by Operator or otherwise titled in the name of the Owner and regardless of effect of this Agreement or the contractual relationship of the parties. It is also acknowledged and agreed that machinery, equipment, vehicles, and tools to be made available for Operator's use by Owner under this Agreement, and as part of the consideration herein, shall include what is set forth and described in Exhibit "C" attached hereto. All vehicles to be used by Operator and owned by Owner shall have decals placed on the sides and rears of these vehicles to state that the same are operated by Operator, with the exact wording and placement of these decals to be approved by the Owner. All real property and improvements located thereon, and all personal property, vehicles, machinery, equipment, and tools owned by the City at the time of execution of this Agreement shall continue to be owned by the City regardless of effect of this Agreement, unless the City has elected to cede ownership to a third-party. Operator shall be responsible for all vehicles, machinery, equipment, and tools needed or necessary for installation, servicing, use, operation, and maintenance of the same, as may be needed or necessary by Operator to perform and provide services under this Agreement. Owner shall also have no responsibility for maintenance, service, repairs or insurance coverage of such vehicles, machinery, equipment and tools. Owner shall also not be responsible for capital expenditures for any property owned by Operator. It is further agreed and acknowledged that Operator shall not cause to be placed or in effect any encumbrance, lien, or judgment against the Facility or any parts thereof and/or against any property, materials, supplies, machinery, equipment, vehicles, or tools owned by Owner.

2.3 **Miscellaneous Equipment, Machinery, and the Like; Computers and E-Mail Addresses.**

Operator shall be responsible for providing its employees whatever personal protection equipment it deems is necessary or needed under the circumstances during the pendency of this Agreement, including, but not limited to, boots, raingear, safety vests, medical supplies. Operator is further responsible for any and all uniform expenses (including laundry service for uniforms and City's Director of Leisure Services shall

approve uniforms). Operator shall further provide and utilize all safety devices and equipment, including, but not limited to, cones, signage and barricades. Operator shall further provide at its own expense all equipment, machinery, vehicles, and tools necessary to provide and perform under this Agreement, with the exception of what may otherwise be specifically noted in this Section or Section 2.2 herein. It is further acknowledged by Operator that Operator shall provide at its own expense all radios, cell phones, office supplies, computers, and the like, in connection with the carrying out of its duties and obligations and to perform under this Agreement. Operator shall assign all of its employees e-mail addresses that can be readily utilized by Owner in connection with communications, work, and services under this Agreement. None of Operator's employees will have City email addresses, nor will they have access to any software programs under license to City

2.4 **Special Use by Owner.**

As part of this Agreement and the consideration herein, Operator shall allow Owner to use vehicles, machinery, equipment and tools owned by Operator should the Agreement be terminated or canceled by Owner for cause or if the Operator files for bankruptcy, for a time period of up to sixty (60) days following the date thereof and Operator acknowledges that the Owner will thereupon be given a contingent assignment of all such vehicles, machinery, equipment, and tools for the proscribed time period in addition to the ability to avail itself of any and all other remedies thereunder. Without waiving or limiting any of its immunities or defenses and upon proper adjudication, Owner would be responsible for any liability or claims of liability resulting from its special use by Owner of the vehicles, machinery, equipment and tools owned by Operator under this Section.

2.5 **Use and Ownership of Facilities.**

As part of this Agreement and the consideration herein, Owner hereby gives Operator as its contract agent non-exclusive use of the Facility as reasonably required for Operator to execute its duties and provide services to the City under this Contract. Such use shall be specifically limited for that required or permitted under the Contract and for City's benefit only. The facilities provided to Operator according to this section are (or shall be) specifically identified under Exhibit "B" annexed hereto.

(a) **Ownership of Facility, Data, Equipment and Materials.** Any and all data, equipment, tools, machinery, and materials furnished or made available for use by Owner to Operator or acquired by Operator as an Operating Expense shall remain the property of Owner and shall be returned to Owner when no longer needed by Operator to perform under this Agreement or at the end of this Agreement, whichever occurs first. Notwithstanding the above, Owner shall not have the right to use any third-party software licensed by Operator for general use by Operator at the Facility and other facilities managed by Operator, the licensing fee for which is proportionately allocated and charged to the Facility as an Operating Expense; such software may be retained by Operator upon expiration or termination hereof. Furthermore, Owner recognizes that the Operations Manual to

be developed and used by Operator hereunder is proprietary to Operator and shall belong to Operator at the end of the Term; Owner shall not use or maintain copies thereof upon the end of the Term.

(b) **Right of Use by Operator.** The Owner hereby gives Operator the right and license to use the Facility for the Term, and Operator accepts such right of use, for the strict and limited purpose of performing the services herein specified, including the operation and maintenance of all physical and mechanical facilities necessary for, and related to, the operation, maintenance and management of the Facility.

(c) **Operator's Use of Its Staff**. Operator shall have the right to utilize its employees as needed to support Operator's performance of services under this Agreement and any amendment thereto.

(d) **Observance of Agreements.** The Owner agrees to pay, keep, observe and perform all payments, terms, covenants, conditions and obligations under any leases, bonds, debentures, loans and other financing and security agreements to which the Owner is bound in connection with its ownership of the Facility.

2.6 **Restriction on Use of City Property.**

All property owned by or belonging to Owner (the City) and utilized by Operator under this Agreement, including all vehicles, equipment, machinery, tools, fixed assets, fixtures, infrastructure, utilities, structures, and real estate, shall be used by Operator and its employees exclusively and solely in the operation and maintenance of the Facility or otherwise in accordance with the scope of this Agreement for the Owner, and for no other work or use by Operator or its employees.

ARTICLE 3
SCOPE OF OPERATOR'S SERVICES

3.1 **Exclusive Operator of Facility.**

(a) Owner hereby engages Operator during the Term to act as the sole and exclusive operator of the Facility, subject to and as more fully described in this Agreement, and, in connection therewith, to perform the services described herein and in Exhibits A and B attached hereto.

(b) Operator hereby accepts such engagement, and shall perform the services described herein, subject to the limitations expressly set forth in this Agreement.

3.2 **Limitations on Operator's Services**. Operator's provision of services under this Agreement are contingent upon and subject to the Owner paying it the base compensation required hereinunder. Operator shall not be considered to be in breach or default of this Agreement and shall have no liability to the Owner or any other party, in

the event Operator does not perform any of its obligations hereunder due to failure by the Owner to timely pay it the base compensation required hereinunder.

3.3 **Provision of Services; Generally**. In performing the services herein required of Operator, it is covenanted and agreed, as follows:

(a) Operator shall hire, train, employ and supervise sufficient employees and management personnel to perform services required under this Agreement. Operator agrees to use reasonable and prudent judgment in the selection and supervision of its personnel. It is agreed, however, that the employee staff, shall include, but not be limited to, personnel or positions identified in Exhibit "D," with necessary qualification and training to perform the standards of work required for each said employee position. An organizational chart, a list of said Key and Essential positions, minimum compensation rates, educational requirements, and detailed job descriptions is annexed hereto as Exhibit "D" and made a part hereof. All Facility staff and other personnel shall be engaged or hired by Operator in its sole discretion, except that Owner shall preapprove the employment of Key and Essential positions, and shall be employees, agents or independent contractors of Operator, and not of the Owner. Operator shall select employees, in its sole discretion but subject to Owner's right to approve the Operating Budget. Owner specifically agrees that Operator shall be entitled to pay its employees, as an Operating Expense, those benefits in accordance with Operator's then current employee manual, which may be modified by Operator from time to time in its sole discretion. A copy of the Operator's current employee manual and any Facility specific employee manual supplement shall be provided to Owner within thirty (30) days of execution of this Agreement and amendments and supplements thereto shall be provided to Owner at the time they go into effect. The City shall approve Key and Essential personnel as listed. If additional personnel are needed to meet the requirements of this Contract, Operator shall submit a separate list of those personnel and corresponding wage rates with Price Proposal. Hiring of the General Manager by Operator requires the prior approval of the Owner, which approval shall not be unreasonably withheld or delayed; provided, however, in the event of a vacancy in the General Manager position, Operator may, upon notice to the Owner, temporarily fill such position with an interim General Manager for up to ninety (90) days without the necessity of obtaining the Owner's approval. The General Manager will have general supervisory responsibility for Operator and will be responsible for day-to-day operations of the Facility, supervision of employees, and management and coordination of all activities associated with events taking place at the Facility.

(b) Operator shall minimally maintain the total number of positions as set out in Exhibit "D." In the event a Key and Essential position in Exhibit "D" becomes vacant, the Operator shall fill the same in a commercially reasonable and timely manner, but not to exceed ninety (90) days for Key and Essential positions from the date such positions become vacated or vacant or one-hundred and twenty 120 days for non-Key and Essential positions from the date such positions become vacated or vacant, and will not use lack of staffing as an excuse for non-

performance of its obligations under this Agreement. Upon request of Owner, Operator shall provide Owner records of personnel status to substantiate staffing. Operator shall reimburse the Owner at the minimum rate listed in Exhibit "D" plus 50% per work day for each unfilled position once the allowable working days after termination or position vacancy has expired. The City shall deduct this amount from the monthly retainage and final pay application.

(c) Operator shall assume sole responsibility for cost of labor and benefits of all employees required to perform services under this Agreement and these employees shall be employees of Operator and not the City.

(d) All employees of Operator who provide services under this Agreement shall be competent, knowledgeable, and experienced. Operator shall perform work planning and scheduling for the staff.

(e) Operator shall obtain and keep current any and all business, professional and/or privilege licenses required by Federal, State or Local law or regulation to perform the services to be provided to City under this Agreement. Operator's staff shall possess all required licenses, including, but not limited, to driver's license, herbicide license, etc. to perform the work under this Contract.

(g) Operator is committed to promoting a Drug Free workplace. To this end, all of its employees shall pass a drug screen and a criminal and sexual predator background screening, and Operator shall implement and adhere to a drug/alcohol screening program that all employees are subject to and is consistent with state and federal law. This program shall include policies for disciplinary action, including dismissal for failure of drug/alcohol tests. To the extent permitted by law, Operator's drug / alcohol screening program shall minimally include pre-employment tests and reasonable suspicion testing. To the extent permitted by law, Operator's drug / alcohol screening program shall also minimally include pre-employment tests.

(h) Operator shall have a staff member designated and trained as the safety officer who shall be a full time position, and shall report directly to the Manager if such position is not the Manager, as shown in the organizational chart included as Exhibit "D."

(i) Operator shall perform comprehensive background checks for each of its employees prior to hiring the same, to minimally include, checks that assess, evaluate, and confirm criminal record and legal status and, for management-level employees and Key and Essential positions, these checks will also include education verification, employment verification, and, if applicable, licensing verification.

(j) Nothing contained in this Contract shall limit or excuse the Operator's responsibility and liability related to its employee's qualifications for and performance of duties assigned under this Agreement. It is agreed and understood

that Operator alone controls the work of Operator's employees, to include the manner, method, and means used by Operator's employees in the provision of services under this Agreement.

(k) Owner shall be entitled to employ or re-hire any person who was previously employed with the Owner for any period of time within twelve (12) months of execution of this Agreement (prior to and after execution of the same) without any penalty, payment of any monies to Operator, and without having to receive or obtain any consent or permission from the Operator. In the event of termination of this Agreement for convenience by Owner, or in any case during the pendency of this Agreement where Owner expresses an interest in hiring Operator's employee(s) (those employees who were not employed by Owner within twelve (12) months of execution of this Agreement), Operator reserves the right to agree or deny such a request. In the event that Operator elects to permit Owner to hire Operator's employees in such circumstances, Owner shall provide the Operator with a one-time fee (the "Recruitment Fee") equal to three (3) month's gross salary and benefits with the Operator. In any of these events described, the Operator's employee would not retain the Operator's intellectual material in any future employment.

3.4 **Expense and Cost of Service Obligation of Operator.** Certain costs of the services specified in Exhibit "E" are to be incurred and paid by Operator, which costs were heretofore determined to be reasonable expenses for operation and maintenance of the Facility. No materials purchased by Owner shall be used (on credit system or otherwise) by Operator or Owner except for the benefit of City under this Agreement in performing the services herein required of Operator.

3.5 **Other Obligations and Services by Operator**.

(a) Operator shall document all materials and parts and expenses incurred on behalf of the Owner or otherwise for purposes of provision of services under this Contract and this information shall be contained in the monthly reports required hereinunder and available to Owner at any other time upon request.

(b) Operator shall provide twenty-four (24) hour per day access to the Facility for Owner. Visits may be made at any time by any of Owner's employees. The Owner shall provide keys for the Facility to the Operator. On a continuing basis, as a service under this Contract, Operator shall provide professional management assistance and risk management assistance to Owner to reduce the cost of operations and maintenance of the Facility throughout the term of this Contract.

(c) Operator shall exercise and pursue all reasonable means and efforts to market the Facility for events to be held at the Facility, with primary emphasis placed on events that draw visitors and participants from outside of the local

region (defined as anywhere within 100 miles of the Facility). Such an emphasis, however, is not to make the Facility or any parts thereof being accessible and available for local use or for events that draw visitors and participants within the local region. Operator understands and acknowledges that one of the driving forces for this Agreement is Operator's experience, expertise, and knowledge in the field of overseeing, coordinating, managing, scheduling, marketing, and attracting national tournament events and which would create a positive impact for the Owner's economy. It is therefore understood by the parties that while Operator shall have discretion to attract, schedule, oversee, coordinate, market, manage, and run tournaments and associated events at the Facility, the Owner maintains and possesses the right to object to any such event without reason or cause at any time. Operator shall provide Owner an updated schedule showing all tournaments and events scheduled at the Facility at least once a quarter and shall provide the same to the Owner at any time upon request. This scheduling shall include the name of the event, the name of the promoter or principal contact, contact information for the promoter or principal contact for the same, dates for the event, a description of the type of event, with such description to describe the expected age and gender of participants, and the amount of field, space, or turf space reserved or scheduled for each such event. This information shall be provided to Owner in an accessible and readable format agreeable to Owner.

(d) Operator shall provide a "post-event" report to Owner within thirty (30) days of completion of each tournament or other event held at the Facility. Such report shall minimally include the following information: (1) the name of the event; (2) the name of the promoter or principal contact and contact information for the promoter or principal contact for the same; (3) dates when the event was held; (4) a short description of the type of event, with such description to describe the number of teams or participants that attended the event and the age and gender of participating teams or participants; (5) the amount of field, space, or turf space used for the event; (6) the hours (or time) used for the event each day of the event; (7) a detailed description of any incident that occurred during the event on any property of the Facility, to include, but not be limited to, name of person or persons involved, the circumstances of the incident, the location of the incident, the names and contact information for all witnesses to the incident, photographs showing location of the incident prior to any remedial work occurring to the incident scene, which remedial work requires approval of the Owner before occurring; (8) a report of the concessions that attended or were utilized for the event as well as gross revenues received by the facility from the event and for each type of concessions utilized and the names and contact information for all such concessionaires or vendors in attendance at the event; and (9) estimated attendance at the event, to be minimally based on any admission tickets sold, whether admission or tickets were charged or collected for the event and, if so, how may tickets were distributed / sold and the gross revenues received associated therewith. This information shall be provided to Owner in an accessible and readable format agreeable to Owner. Owner shall have the right to have Operator provide additional information to be included in a "post-event" report.

(e) Operator agrees and understands that Owner desires to continue to allow local use of the Facility when not in conflict with events and tournaments, especially for weeknight (Mondays through Thursdays) local leagues, training sessions, practices, and scrimmages / games, and Operator agrees and understands that while Owner retains the ultimate authority with respect to scheduling of the Facility, the same will be exercised on recommendations from the Operator, and unless Owner exercises this authority, Operator has the authority to schedule events in accordance with this Agreement. Owner agrees to be reasonable in its expectations for scheduling "local use."

(f) Operator shall maintain all turf and grass surfaces at a high, professional level that the public, participants, guests, and Owner have come to experience at the Facility. It is understood that such maintenance may require rotation of fields on occasion or the occasional closing of the artificial turf baseball/softball fields, which Operator shall first coordinate with and which is subject to prior approval of the Owner. Operator understands the Owner may inspect any aspect or part of the Facility at any time, with or without the presence of Operator. Such maintenance of turf and grass surfaces includes sub-surface maintenance in addition to surface maintenance and Operator shall prepare and provide a maintenance schedule for all turf, grass, and dirt surfaces at the Facility and provide the same to the Owner within thirty (30) days of execution of this Agreement and with an updated such schedule at any time upon reasonable notice and request of Owner. Owner shall have the right to have Operator to provide and include specific information in this report. It is understood and acknowledged by Operator that the turf, grass, and dirt surfaces of the Facility are vital and important assets owned by the Owner and which affect the use, operation, and marketing of the Facility. Owner is committed to providing Capital Improvement funds, as available and deemed by it to be necessary, in order to expand and/or change the playing surfaces, provided the need for the same is not due to or because of the acts or omissions of Operator or its employees, agents, or contractors, intentional, negligent, or otherwise.

(g) Operator shall warn the public and all guests, invitees, and licensees to the Facility of known and reasonably known dangerous conditions associated with any part or aspect of the Facility. Operator shall also promptly take reasonable measures to safeguard and protect against such conditions.

(h) Operator shall operate a computerized inventory management system to track materials and supplies (indoor, outdoor and storage yard) used for this Contract. The Owner may conduct inventory inspections at times mutually agreeable to Operator, for which Operator shall cooperate to make available and comply within at least ten (10) working days of a request for same being made by Owner.

(i) Operator understands and acknowledges that benchmarks and key performance indicators, which are set out in Exhibit "H" hereto, are significant parts of this Agreement and of significant importance to the Owner, and Operator

agrees to use its best efforts to meet or exceed such benchmarks and to work with and cooperate with the Owner in ensuring that key performance indicators are properly complied with herein.

Commented [JB1]: As of January 29, 2024, these have not yet been received from SFM.

ARTICLE 4
COMPENSATION

4.1 **Annual Base Compensation Fee**. In consideration of Operator's performance of its services hereunder, Owner shall pay Operator those payments as further set forth in Exhibit "B" attached hereto.

4.2 **Annual Base Fee**. The base fee to be paid by Owner to Operator is agreed hereby to provide for the administration and compensation ("Base Fee") according to the intent of this Agreement, certain items of responsibility may be agreed to be transferred from one party to another, and that the annual Base Fee in such instance(s) shall be equally adjusted so as not to increase or decrease the total cost of services and expenses to Owner from the Agreement. This Base Fee includes all costs of labor and associated benefit items as well as all incidentals and related expenses and costs, as delineated or described in Exhibit "E" hereto and with the understanding that the Operator shall be solely responsible for the ordinary maintenance and servicing (but not significant repairs or replacement, unless otherwise required elsewhere in this Agreement) of all equipment, machinery, tools, and vehicles used by it in the performance of this Agreement at its own expense and liability. The first year for which the annual Base Fee shall apply begins on the "commencement date" of the Contract and expires on September 30, 2024, and each succeeding year of the Contract for purposes of annual Base Fee shall cover the twelve (12) month period occurring from October 1 to September 30.

4.3 **Payment of Annual Base Fee**. The Base Fee for the then current year shall be due and payable subject to the schedule of periodic payments outlined in Exhibit "G" hereto, and shall be in response to invoices or pay applications submitted to the City's Director of Leisure Services, or designated representative on the last day of the month for each month that services are to be provided, less monthly retention amounts for quality and performance assurance as required by this Agreement and less, if any, equipment damage adjustments. It is further agreed that for the first three (3) months of the first calendar year of the Term (February, March, and April of 2024), that the monthly payments for each such month shall be paid to Operator in equal bi-weekly installments.

4.4 **Change in Work**. Owner may make changes in the work, provided the changes are reasonably within the scope of this Agreement, and Operator shall expeditiously perform the changes as directed.

4.5 **Retained Compensation to Assure Achievement of Quality Response and Standards**.

(a) **Purpose of Retention of Compensation**. The purpose for Owner's retention of compensation is to assure that Operator has achievement and incentive standards for performance in the areas of customer satisfaction, quality of work,

production and timely response, and systematic routine maintenance, and that the Owner has applicable benchmarks to measure contract performance.

(b) **Retention of Compensation**. From the Annual Base Fee to be paid by City to Operator under this Contract, Owner shall retain a total of five percent (5%), by retention from each monthly compensation fee payment one twelfth (1/12) of the annual retention amount. Said retention from monthly payments shall commence with the monthly base fee payment due for the first month of the annual period of this Contract beginning on February _____, 2024, (commencement date). Retention from monthly base fee payments shall continue in the same amount each month during the remainder of the Term of this Agreement.

(c) **Penalty for Failure to Timely/Properly Perform Work / Service**. In the event Operator does not timely or properly perform or complete work/service required under this Agreement, the Owner, as approved by the City's Director of Leisure Services, may deduct monies in the amount(s) set out in Exhibit "H" attached hereto at the rates set out therein, with such fees to assessed on a daily basis according to benchmark quality, requirements, and/or standards set out, referenced, or adopted in this Agreement or in Exhibit "H" attached hereto.

(d) **Disposition of Annual Retention Amount**.

1) **Audit Review Authority**. A CPA or other qualified person or firm (herein "auditor") employed by the Owner at the expense of the Owner will annually perform the audits required to measure performance relative to benchmarks for the purpose of determining disposition of the retained funds.

2) **Measurement of Performance Related to Standard Benchmark Criteria and Quality Standards**.

(a) **Customer Satisfaction**. Each six (6) months a customer satisfaction survey will be completed by the Owner or its agent at the Owner's request based upon service requests that were completed during the preceding six (6) months' period. For the survey, customers will be contacted at random to determine the satisfaction rate with a 95% level of confidence. A copy of this survey is attached as Exhibit "I". In addition, Customers shall be given the opportunity to provide satisfaction perspectives via an independent telephone survey company, such as Qualistics. The overall satisfaction score shall be calculated by the average of the total results of the three surveys.

(b) **Response Time/Production Time**. Using the table of benchmarks for the problem corrected and the time parameters set out in this Agreement, Owner's inspector will determine by

random inspection or otherwise if operations and maintenance required under this Agreement and any service requests were completed as indicated within the benchmark time allocated for the problem. Response and production time shall be determined as specified on attached exhibits.

(c) **Quality of Work**. Owner's inspector will determine by random inspection or otherwise if operation and maintenance of the Facility and its parts were completed according to Owner's quality standards and benchmarks and in accordance with or in response to service requests or inquiries from the Owner to Operator.

(d) **Routine Maintenance**. The measurement for these services shall be determined by the Owner's inspector reports for each routine maintenance item according to the benchmarks established in the attached exhibits or within the parameters otherwise stated herein.

3) **Annual Performance Audit Report**.

(a) **Annual Report**. Using the auditor's satisfaction reports and the Owner's inspection reports determined according to subsection 2), paragraphs (a) through (d) in this section, the City's Leisure Services Director, Owner's Director of Finance and Accounting, and auditor shall present to the Owner's Mayor and City Council and to the Operator an Annual Performance Audit Report (herein "The Annual Report") within one hundred and eighty (180) days after the last day of the first annual period being reported. If the Annual Report is not disputed in writing by the Operator or the Owner on or before thirty (30) days after it is presented to the Operator and the Owner, it shall be deemed accepted as presented. If disputed by the Operator, the Director of Leisure Services shall review disputed claims and make final recommendation to the Mayor and City Council.

(b) **Payment of Retained Fees**. The disposition of the retained base fees during the annual period of the Annual Report shall be determined by the auditor and included in the report on the basis of the Retainage Distribution Matrix shown in Exhibit "M". According to the report, the percent of retained fees earned by Operator for the annual period computed according to the Matrix shall be paid to the Operator on or before ninety (90) days after the Annual Report is accepted by the parties.

4) **Mitigation of Deductions for Performance Deficiencies**.

(a) **Force Majeure**. A "force majeure" will exist only if performance under this Contract is impossible; it does not occur if performance is frustrated. A failure to perform caused by rain or severe weather conditions, or other force majeure events beyond the control of the Operator and not typically found to exist at such time in the "relevant area" that directly cause the Operator to fail to perform shall not be included in measuring performance. For purposes of this Paragraph, "relevant area" is defined to be the City of Gulfport, Mississippi. In order to avail itself of this Paragraph, Operator must substantially demonstrate that there was a causal connection between the failure to perform and the subject event(s) or condition(s) and that they had taken all reasonable steps to avoid the operation or effect of this Paragraph.

5) **Disputes of Fact**. Any dispute concerning questions of fact that may affect the measurement of Operator's performance shall first be considered by the Director of Leisure Services and the Operator. If the dispute is not thereby resolved, then it shall be arbitrated and decided by the City Attorney or his designated Assistant. The Director and Operator may agree on some other person to act as arbitrator in lieu of the City Attorney. The Operator shall not waive its right to legal action and assertion of its claims by virtue of arbitration herein provided. However, the decision of the arbitrator as set out in this sub-section shall take effect immediately, and shall continue in effect until it is reversed or abated by adjudication of a Court having jurisdiction, or unless the decision is stayed by agreement of the Owner and the Operator.

ARTICLE 5
TERM; TERMINATION

5.1 **Term.** The term of this Agreement (the "Term") shall begin on February _____, 2024, and shall expire (unless sooner terminated as herein provided or permitted by law or extended by Operator pursuant to Numerical Paragraph 5.6) on _____, 2028. Notwithstanding anything to the contrary herein, Owner's engagement of Operator as provided in this Agreement and Operator's acceptance of such engagement are each expressly subject to and conditioned on Operator's submission and presentation to Owner of a draft Operating Budget and associated pro forma and "Business Plan" (as referenced in Exhibit "A" hereto) for the first year (twelve (12) consecutive month) of the Term (February _____, 2024, through February _____, 2025), and Owner's approval of the same, within thirty (30) days of the execution of this Agreement. If Owner does not approve Operator's draft Operating Budget, or if Operator shall fail to provide Owner with the required documents and information within the stated period of time, this Agreement shall be null and void and Operator shall retain the amount of base compensation paid to it or to be paid to it for the first thirty (30) days of this first year of the Term, as full compensation for consulting services in preparing the draft Operating Budget and associated information and documents related thereto, all to which

the Owner have shall have access to and the ability to rely on and utilize. If Operator does not provide all of the required information and documents to Owner within thirty (30) days of execution of this Agreement, Operator shall not be entitled to any compensation under this Agreement and any monies previously paid to it shall be returned or re-paid to Owner within sixty (60) days of execution of the Agreement.

5.2 Termination. This Agreement may be terminated at any time by mutual consent of the parties, provided that such consent to terminate is in writing and is signed by the Owner and Operator. This Agreement may also be terminated by Owner or Operator, with or without cause, at any time by providing the other party with written notice on or before the date such terminating party desires to terminate this Agreement (the "Termination Date").

(a) **For Owner's Convenience**: Owner shall have the right to terminate this Agreement without reason or cause subject to Section 5.3 herein.

(b) **For Operator's Convenience**: Operator shall have the right to terminate this Agreement without reason or cause upon six (6) months' written notice to Owner.

(c) **For Cause by Owner**: Owner shall have the right to terminate this Agreement for cause at any time. Upon termination by Owner for cause, ~~r~~Operator shall promptly vacate the Facility and no fee or other compensation, damages or lost profits related to such termination shall be due or payable to Operator. Cause for termination shall include, but not be limited to, a material misrepresentation made by Operator regarding or relating to its procurement of this Agreement, whether in the negotiation phase or otherwise, or its performance under the Agreement~~, the arrest of any of Operator's employees assigned to the Facility and related in any way to Operator's~~ provision of services under this Agreement~~scope of services herein,~~ audited findings of any impropriety that involve Operator or any of its employees, agents, contractors, vendors, or officials relating to or involving the services Operator is to provide under this Agreement, and breach of any material provision in this Agreement, Operator's failure to cure the breach of any material provision in this Agreement within twenty (20) days after receipt of written notice to cure from Owner detailing that breach; except that in the event that a cure is not objectively possible within twenty (20) days after that notice, Owner shall not be entitled to terminate for cause where Operator shall commence to cure the noticed breach as fully as possible within that twenty (20) day period and thereafter diligently and continuously pursue that cure to a successful completion within sixty (60) days after that notice.

(d) **For Cause by Operator**: Operator shall have the right to terminate this Agreement for cause at any time. Termination for cause by Operator shall be

contingent upon Operator promptly vacating the Facility and taking nothing of value from Owner without Owner's written permission. Operator expressly waives any possessory lien rights or right of set-off it might have against any of Owner's property or assets. Cause for termination under this sub-paragraph (d) shall include, but not be limited to, Owner's (i) repeated failure to timely pay Operator base compensation that is due and owing to Operator; and (ii) Owner's failure to cure the breach of any material provision in this Agreement within twenty (20) days after receipt of written notice to cure from Operator detailing that breach; except that in the event that a cure is not objectively possible within twenty (20) days after that notice, Operator shall not be entitled to terminate for cause where Owner shall commence to cure the noticed breach as fully as possible within that twenty (20) day period and thereafter diligently and continuously pursue that cure to a successful completion within sixty (60) days after that notice.

5.3 **Termination Without Cause**.

(a) Upon termination by the Owner without reason or cause as set out in Section 5.2(a), above, Owner shall pay to Operator a termination fee ("Early Termination Fee") on the Termination Date that is equal to Three Hundred Fifty Thousand Dollars ($350,000.00) as a stipulated sum and which shall serve as a fee for the Owner to exercise this option. Payment of such fee does not extinguish, waive, release, or in any way limit or preclude Owner from being able to pursue any and all remedies associated with any breach of the Agreement by Operator from seeking any other relief related to this Agreement.

~~(b) Upon termination of this Agreement by Operator without reason or cause as set out in Section 5.2(b), above, Operator shall pay to Owner a termination fee "Early Termination Fee" on the Termination Date that is equal to Seventy-Five Thousand Dollars ($75,000.00) as a stipulated sum and which shall serve as a fee for the Operator to exercise this option. Payment of such fee does not extinguish, waive, release, or in any way limit or preclude Operator from being able to pursue any and all remedies associated with any breach of the Agreement by Owner or from seeking any other relief related to this Agreement.~~

5.4 **Effect of Termination**. Upon termination or expiration of this Agreement for any reason, (i) Operator shall promptly discontinue the performance of all services hereunder, (ii) the Owner shall promptly pay Operator all fees due Operator up to the date of termination or expiration (subject to proration if the Term ends other than at the end of the Operating Year), (iii) Operator shall make available to the Owner all data, electronic files, documents, procedures, reports, estimates, summaries, and other such information and materials with respect to the Facilities as may have been accumulated by Operator in performing its obligations hereunder, whether completed or in process, and (iv) without any further action on part of Operator or Owner, the Owner shall, or shall cause the successor Facility manager to, assume all obligations arising after the date of such termination or expiration, under any Service Contracts, Revenue Generating Contracts, booking commitments and any other Facility agreements entered into by Operator in

furtherance of its duties hereunder, provided the same were previously approved by Owner. Notwithstanding the foregoing, Operator is under no duty to provide certain proprietary confidential materials or intellectual property to the Owner, including but not limited to national benchmarking formulas, key performance indicators reports, employee manuals, employee training materials, employee performance evaluations, financial forecasting formulas, Operator's internal databases or contact lists, Operator's operations manuals, and/or other intellectual property developed by and maintained by the Operator and which it may use in its regular course of business to provide services to clients similar to Owner, excluding, however, anything specific to, or customized for, Owner or its Facility. Any obligations of the parties that are specifically intended to survive expiration or termination of this Agreement shall survive expiration or termination hereof.

5.5 **Lease Agreement Termination**. It is agreed and understood that any lease agreement entered into by the parties and related to or involving the Owner's lease of real property or any parts thereof or any office space or of municipal property is subject to this Agreement and that any termination of this Agreement, unless otherwise agreed to by the parties in writing, shall terminate all such lease agreements at the same time as the effective date of termination of this Agreement.

5.6 **Cessation of City's Obligation As a Matter of Law**. The Governing Authority of the Owner elected for a term of office beginning in July 2025 may act to renegotiate or cease funding of this Contract with or without cause at any time after officially commencing to serve its term of office, or may otherwise void this Agreement. Unless and until official action, if any, to renegotiate, terminate, or void this Contract is taken by the newly elected Governing Authority, and reasonable notice is given by City to Operator thereof, said Contract shall remain in full force and effect until expiration of the Term provided herein.

5.7 **Extension**. The Operator may be granted and avail itself of an extension of two (2) years (February _____, 2028, to February _____, 2030), provided Operator provides the Owner with written notice of an intent to extend, which must be provided to Owner no less than 120 days prior to expiration of the base Term on February _____, 2028. Owner has the right to reject such an extension request within thirty (30) days of receipt of Operator's notice of intent to extend.

ARTICLE 6
GENERAL OBLIGATIONS OF OWNER

6.1 **Provision for Use of Facility, Vehicles and Equipment**. As part of this Agreement and the consideration herein, Owner shall provide for Operator's use strictly for provision of services required under this Contract, those tools, equipment, machinery, and vehicles as provided and conditioned in Article 2 above, and set out in Exhibit "C" hereto or elsewhere in this Contract, as well as the Facility (excluding those areas set forth and described in a separate lease agreement with Owner providing for use of certain office space and buildings/space for maintenance and/or administration). Operator shall be responsible for any and all damages caused to such tools, equipment, machinery, and vehicles and to the Facility as a result of intentional, reckless, grossly negligent, or

negligent acts or omissions of Operator and its employees, agents, contractors, and guests/invitees and also responsible for all neglect, careless, and grossly negligent maintenance and supervision of the same, and any part or parts thereof.

6.2 **Licenses, Easements, and Warranties**. City shall maintain all easements, warranties, licenses, permits or other types of authorization that are required for its ownership of the Facility. Operator shall ensure these are in place prior to commencement of work or the provision of services under this Contract if they are materially needed or required for Operator to provide services hereunder.

6.3 **Taxes, Permit Fees, Etc**. Owner shall not be required to pay any tax on income earned by Operator as a result of ~~the fees paid to Operator pursuant to~~ this Agreement, or any franchise fees of Operator, and Owner shall not pay any professional licensing fee or professional association dues for Operator or any of its staff or employees. Owner shall not waive any professional fees normally charged by Owner for individuals or Operator employees to perform their trade because of this Contract. In addition, Operator acknowledges that it shall not charge the Owner any fee or expense or pass along to Owner any fee or expense which the Owner is exempt from paying or assuming or which is otherwise not permitted by state or federal law.

6.4 **Budgeted Costs Retained by Owner**. Owner shall continue to pay for financial and budget items not assumed by Operator under this Contract required for operations and management of the Facility but only as specifically set out in Exhibit "K."

6.5 **Capital Expenditures; Paving, Concrete and Related Work and Improvements**. Owner shall bear the costs of capital improvements to the Facility, and it is agreed and understood that, unless damage to the Facility or ~~gross~~ neglect associated with unreasonable use or care of any aspect of the Facility was due to the Operator or any of its employees, contractors, guests, invitees, licensees, guests, or agents, Owner shall be responsible for work involving concrete or asphalt at the Facility at Owner's sole expense. If the same is necessitated due to or needed because of damage to the Facility or neglect associated with unreasonable use or care of the Facility by Operator or any of its employees, contractors, or agents, Operator shall be responsible for adequate and timely repair of the same to the reasonable satisfaction of Owner, with such repair intended to minimally return the area in question to the position it was in prior to the same occurring or having manifested.

ARTICLE 7
FUNDING; OPERATING BUDGET

7.1 **All Expenses of Operation and Maintenance**. Operator shall pay and be solely responsible for all items of expense for and associated with the operation, maintenance, supervision and management of the Facility from its own funds. Operator shall not be responsible for any expenses incurred by Owner prior to the execution of this Agreement.

7.2 **Budget of All Operating Expenses and Revenue Sources**. At or prior to the Commencement Date, Operator shall prepare and submit to Owner a detailed budget of all operating expenses and setting out all reasonably anticipated revenue and income sources (also referred to as the "Operating Budget"), with such budget to be in an electronic format that is readily accessible and readable by Owner (without the need of any software that Owner does not already have access to) in addition to a printed version on paper. Operator shall prepare and provide to Owner at Owner's request a then current year to date version of the Operating Budget in a readable format and form by Owner.

7.3 **Approval of Budget**. Operator's budget for operations and management of the Facility (the Operating Budget) is subject to and conditioned on approval of the same by the Owner, with such approval not to be unreasonably withheld, and such approval to be granted at or prior to the Commencement Date no less than thirty (30) days nor more than sixty (60) days prior to expiration of each annual term (twelve (12) consecutive month period), with this approval to be effectuated by presentation of the same by Operator to Owner's governing authority and approval of the same being memorialized in the minutes of the governing authority.

ARTICLE 8
FACILITY CONTRACTS; TRANSACTIONS WITH AFFILIATES

8.1 **Existing Contracts.** The Owner shall provide to Operator, on or before the commencement of this Agreement, full and complete copies of all Existing Contracts and existing financial liabilities for the Facility known to Owner. Operator shall administer and use reasonable commercial efforts to assure compliance with such Existing Contracts to the extent provided to Operator and, to the extent that it cannot, Operator shall immediately notify Owner of the same upon first knowledge or reasonable opportunity of such knowledge that it may, might, could, or can not so comply.

8.2 **Execution of Contracts.** Operator shall have the right to enter into Service Contracts, Revenue Generating Contracts and other contracts related to the operation of the Facility on behalf of the Facility, subject to prior review and written approval of the same by the Owner. Any such material agreements shall contain standard indemnification and insurance obligations on the part of each vendor, licensee or service provider, as is customary for the type of services or obligations being provided or performed by such parties and subject to Mississippi law.

8.3 **Transactions with Affiliates.** In connection with its obligations hereunder relating to the purchase or procurement of services for the Facility (including without limitation food and beverage services, ticketing services and Commercial Rights sales), Operator may purchase or procure such services, or otherwise transact business with, an Affiliate of Operator, provided that the prices charged and services rendered by such Affiliate are competitive with those obtainable from any unrelated parties rendering comparable services. Operator shall, if requested by Owner, provide reasonable evidence

establishing the competitive nature of such prices and services, including if appropriate, competitive bids from other persons seeking to render such services at the Facility.

ARTICLE 9
AGREEMENT MONITORING

9.1 **Contract Administrator**. Each party shall have someone on its own staff to serve as a contract administrator who shall assist in monitoring such party 's compliance with the terms of this Agreement. Operator's contract administrator shall be its Regional VP/AE assigned to the Facility, unless Operator notifies Owner of a substitute contract administrator in writing. Owner shall notify Operator of the name of its employee who will serve as its contract administrator within thirty (30) days of execution hereof. It is understood by the parties, however, that unless expressly permitted by provisions set out herein, approval by the Owner shall and can only be accomplished by way of official approval of its Governing Authority and the same appearing in its minutes.

ARTICLE 10
INDEMNITY, LIABILITY, AND INSURANCE

10.1 **Operator's Liability and Indemnity**. Operator shall fully indemnify Owner and its employees, officials, agents, and representatives and agrees to hold them harmless from, and to defend them against any and all damages or claims of damages for bodily injury or property damage caused or claimed to be caused by acts or omissions of Operator's employees, agents, officers, contractors, vendors, or representatives, and third parties, and for damages to Owner's property as a result of the acts or omissions of Operator's employees, agents, officers, contractors, vendors, or representatives or for breach of this Agreement on the part of the Operator. Operator shall not invoke City's ownership of property involved as a defense against claims of acts or omissions by Operator's employees of any equipment, materials, facilities, or property provided for use by City to Operator under this Agreement. All indemnity of City by Operator under this Article shall include City employees, officials, agents and representatives. It is understood that Operator shall have sole and exclusive custody and control of those portions of facilities and offices utilized by Operator under this Agreement and of equipment, machinery, tools, and vehicles used by Operator and its employees and contractors in the provision of services under this Agreement.

10.2 **Owner's Liability and Indemnity**. Without waiving any right to raise the defense of statutory and common law sovereign immunity available to the City under State Law as a defense against claims of third party claimants, which right the City hereby specifically reserves, and without limiting or waiving any immunity granted or otherwise applicable to the City or its agents, employees, or officials under state or federal law, City indemnifies and agrees to hold Operator harmless to the extent allowable by law, and Owner agrees, similarly to the extent allowable by law, to defend Operator against any and all claims of bodily injury or property damage caused or claimed to be caused by acts or omissions of Owner, or its employees, and officials and for damages to Operator as a result of breach of this Agreement on the part of Owner.

10.3 **Limitation of Operator's Liability to Owner**. Operator shall not be liable to Owner for normal wear and tear or deterioration to City property resulting from normal operations and maintenance of the Facility for which it is not responsible under Section 10.1 above, or for theft of equipment, or property of the City while located on designated City property (i.e., the Facility) and not in the custody or control of Operator and otherwise not covered by insurance procured by Operator herein.

10.4 **Operator's Liability for Fines and Penalties**. Operator shall be responsible for, and indemnifies and agrees to hold harmless the Owner, its employees, officials, agents and representatives from liability or claims of liability of any kind, fines, penalties or assessments incurred as a result of or arising out of a failure to perform by Operator under the terms of this Agreement, or violations of any governmental or agency regulations on the part of the Operator or Operator's employees, agents, officers or representatives, required of Operator to be performed under this Agreement.

10.5 **Insurance by Operator**. Operator agrees to procure and maintain~~, at its sole cost and expense,~~ during the term of this Agreement, insurance of the types and minimal amounts, as follows:

(a) **Worker's Compensation**. At all times during the term of this Agreement, Operator shall keep, as a Facility Operating Expense, worker's compensation insurance in effect in full compliance with all applicable State and Federal laws and regulations, with waiver of subrogation against City or its insurers.

(b) **Employer's Liability Insurance**. At all times during the term of this Agreement, Operator shall keep, as a Facility Operating Expense, employer's liability insurance in effect in minimum amounts of $1,000.000.00 per individual claim covering injury or death to any employee of Operator which may be outside the scope of liability under the Worker's Compensation Act, and shall insure against losses due to employee dishonesty, forgery, and alteration with minimum limits of liability of $100,000.

(c) **General Liability Insurance**. At all times during the term of this Agreement, Operator shall keep, as a Facility Operating Expense, commercial general liability insurance and general liability insurance for its acts or omissions associated with performance under this Agreement, to include, but not limited to, arising out of maintenance and operation of the Facility and operation and maintenance of vehicles, equipment, machinery, and tools used in the course of business or performance under this Agreement, covering third party liability in an amount of not less than $2,000,000.00 combined single limits per occurrence for bodily injury or property damage. Said policy shall be insured by an insurance company, or companies, with a current rating by BEST of A-X (10), or otherwise, by companies accepted by Owner in writing in the event of a lesser rating. Rental Equipment must have a rider to provide insurance.

(d) **Comprehensive, Collision, and Uninsured Motorist Insurance**. Owner and Operator recognize that Operator assumes liability for use and control of its vehicles, machinery, tools, and equipment and those of the City utilized by Operator. At all times during the term of the Agreement, Operator shall maintain Automobile liability insurance and property damage insurance to cover and insure all equipment and property used by Operator or its contractors or agents in the course of business under the Agreement as well as all equipment and property of the owner that even though not in use at the time, is subject to use by the Operator or its agents or contractors in the course of business under the Agreement, with a minimum limits of $1,000,000 per occurrence for bodily injury and property damage. Such coverages shall include without limitation any motor vehicle, whether owned, hired, or non-owned.

(e) **Additional Excess Liability Insurance**. At all times during the term of this Agreement, Operator shall keep, as a Facility Operating Expense, additional excess liability insurance, including Pollution Liability Insurance in minimum amount of $5,000,000.00.

(f) **Professional Liability Insurance**. At all times during the term of this Agreement, Operator shall keep at its sole expense, professional liability insurance in minimum amounts of $1,000,000.00.

10.6 **Insurance Policy Requirements for Operator's Insurance**. All policies required to be carried by Operator under Article 10 shall be written on an occurrence basis, except for professional liability, which may be written on a claims-made basis, and all said policies shall name the City as an additional insured, and shall provide that insureds thereon waive subrogation against each other. Said policies shall provide that insurers at risk are primary insurers and that no claim will be made by the insurers that the City is a primary or contributing insurer with respect to any liability covered by the policy or policies or where Operator is liable to City according to this Agreement. All policies shall further provide that the City is in no way obligated for the payment of premiums thereon, and that said policies may not be canceled without thirty (30) days prior written notice to City. The existence or non-existence of insurance shall not waive or reduce or limit the responsibilities, obligations, or requirements, legal or otherwise, of Operator under this Agreement or any amendment thereof or otherwise existing under law. Operator shall provide copies of all effective policies of insurance that are within the purview of this Section to Owner.

10.7 **Insurance by Owner**. At all times during the term of this Agreement, Owner, shall keep property damage insurance for all property owned by Owner while located on owner's premises including the structures / buildings, improvements and contents owned by the City located at the Facility, excluding any personal property or contents owned by Operator, which shall be Operator's obligation to insure. Any property of Owner not properly or fully insured shall be the financial responsibility of the Owner to the extent of Owner's liability under this Agreement. Said property is presently insured under Owner's self-insured retention plan with excess coverage by a reputable insurance company or companies. Any insurance required of Owner herein shall be consistent with the applicable minimum policy limits required by the Mississippi Tort Claims Act, if any,

and nothing in this Agreement shall be interpreted so as to require or equate to the waiver of any exemption from liability or immunity afforded the Owner under such Act or otherwise or any reduction or limitation of the same or any of the procedural and substantive provisions of the Act.

10.8 **Notice of Claims**. Each party agrees to notify the other forthwith of any asserted or potential claims or any occurrences that may involve the liability or insurance of the other, and to cooperate with each other in addressing such claims.

10.9 **Survival**. The obligations of the parties contained in this Section shall survive the termination or expiration of this Agreement.

ARTICLE 11
COVENANTS AND REPRESENTATIONS

11.1 **Owner's Covenants and Representations**. Owner makes the following covenants and representations to Operator, which covenants, and representations shall, unless otherwise stated herein, survive the execution and delivery of this Agreement:

(a) **Owner's Status**. Owner is a municipality duly organized, validly existing, and in good standing under the laws of the State of Mississippi with full power and authority to enter into this Agreement and execute all documents required hereunder Operator acknowledges that as a governmental entity in the State of Mississippi, Owner is entitled to certain defenses, privileges, and immunities, protections, preferences, exclusions, exemptions from liability, limitations of liability and damages as provided by the Mississippi Tort Claims Act and other applicable laws of the State of Mississippi, all of which are reserved and asserted herein by Owner and none of which are hereby waived, limited, or released in any way herein or because of this Agreement, the provisions of this Agreement notwithstanding.

(b) **Authorization**. The making, execution, delivery, and performance of this Agreement by Owner has been duly authorized and approved by requisite action and this Agreement has been duly executed and delivered by Owner and constitutes a valid and binding obligation of Owner, enforceable in accordance with its terms and applicable laws.

(c) **Effect of Agreement**. To Owner's best knowledge, without duty of inquiry, neither the execution and delivery of this Agreement by Owner nor Owner's performance of any obligation hereunder: (i) will constitute a violation of any law, ruling, regulation, or order to which Owner is subject; or (ii) shall constitute a default of any term or provision or shall cause an acceleration of the performance required under any other agreement or document (A) to which Owner is a party or is otherwise bound, or (B) to which the Facility or any part thereof is subject.

(d) **Ownership Rights**. Owner shall obtain and retain the property interests in the Facility necessary to enable Operator to perform its duties pursuant to this Agreement peaceably and quietly.

(e) **Documentation**. If necessary to carry out the intent of this Agreement, Owner agrees to execute and provide to Operator, on or after the Commencement Date, any and all other instruments, documents, conveyances, assignments, and agreements which Operator may reasonably request in connection with the operation of the Facility.

11.2 **Operator's Covenants and Representations**. Operator makes the following covenants and representations to Owner, which covenants, and representations shall, unless otherwise stated herein, survive the execution and delivery of this Agreement:

(a) **Corporate Status**. Operator is a limited liability company duly organized, validly existing, and in good standing under the laws of the State of Florida and authorized to transact business throughout the United States with full corporate power to enter into this Agreement and execute all documents required hereunder.

(b) **Authorization**. The making, execution, delivery, and performance of this Agreement by Operator has been duly authorized and approved by all requisite action of the board of directors of Operator, and this Agreement has been duly executed and delivered by Operator and constitutes a valid and binding obligation of Operator, enforceable in accordance with its terms and applicable laws.

(c) **Effect of Agreement**. To Operator's best knowledge, without duty of inquiry, neither the execution and delivery of this Agreement by Operator, nor Operator's performance of any obligation hereunder (i) will constitute a violation of any law, ruling, regulation, or order to which Operator is subject; or (ii) shall constitute a default of any term or provision or shall cause an acceleration of the performance required under any other agreement or document to which Operator is a party or is otherwise bound.

(d) **Survival**. The obligations of the parties contained in this Section shall survive the termination or expiration of this Agreement.

ARTICLE 12
MISCELLANEOUS

12.1 **Relationship**. Operator and Owner shall not be construed as joint venturers or general partners of each other, and neither shall have the power to bind or obligate the other party except as set forth in this Agreement. Operator understands and agrees that the relationship to Owner is that of independent contractor, and that it will not

represent to anyone that its relationship to Owner is other than that of independent contractor. Nothing herein shall deprive or otherwise affect the right of either party to own, invest in, manage or operate property, or to conduct business activities, which are competitive with the business of the Facility. Operator covenants and agrees that even though it may have a management responsibility for other similar properties, which from "time to time" may be competitive with the Facility, Operator shall always represent the Facility fairly and deal with Owner on an equitable basis. Operator has the right to display its brand and marks in the Facility and on the Facility's marketing materials in a manner that does not exceed 10% of the overall impression of the Facility's own brand. Operator has the right to use and store the database and contact information of the customers of the Facility but shall also share the same with Owner and provide a listing of all such information to the Owner upon request and in a format readily readable and accessible to Owner. Operator will provide from time-to-time images and other marketing material that it owns and holds the license to for use by the Facility during the pendency of this Agreement, and Owner agrees not to use those images and that material in any manner outside of the operation of the Facility while Operator is engaged to operate it.

12.2 **Representations**. Owner represents and warrants: (i) that Owner has full power and authority to enter this Agreement; (ii) that to the best of Owner's knowledge, the property on which the Facility is located is zoned for the intended use; (iii) that all permits for the operation of the Facility have or will be secured and are or will be current; (iv) that the Facility and its normal and usual operation do not violate any applicable statutes, laws, ordinances, rules, regulations, orders, or the like; and (v) that no known dangerous condition exists on the premises of the Facility at the time of execution of this Agreement.

(a) **Assignment**. This Agreement shall not be assigned by either party without the express written consent of the non-assigning party. Any such assignment made without proper consent shall be deemed void.

(b) **Benefits and Obligations**. The covenants and agreements herein contained shall inure to the benefit of, and be binding upon the parties hereto and their respective heirs, executors, administrators, successors, and assigns.

(c) **Building Compliance**. Operator does not assume and is given no responsibility for compliance of the Facility or any equipment therein with the requirements of any building codes or with any statute, ordinance, law, or regulation of any governmental body or of any public authority or official thereof having jurisdiction, except to notify Owner promptly, or forward to Owner promptly, any complaints, warnings, notices, or summonses received by Operator relating to such matters. Owner represents that to the best of Owner's knowledge, the Facility and all such equipment contained therein comply with all such requirements, and Owner authorized Operator to disclose the ownership of the Facility to any such officials and agrees to indemnify and hold Operator, its representatives, servants, and employees.

(d) **Notices**. All notices provided for in this Agreement shall be in writing and served by registered or certified mail, return receipt requested, postage prepaid, or hand-delivery at the following addresses until such time as written notice of a change of address is given to the other party:

Email: brector@sportsfacilities.com

12.3 **Interest on Unpaid Sums**. Any sums due Operator under any provision of this Agreement, and not paid by Owner within forty-five (45) days after such sums have become due, unless under reasonable dispute by Owner, shall bear interest at the rate of one ~~and one-half~~ percent (1_~~.5~~%) per month.

12.4 **Owner Responsible for Payments**. Upon termination of or withdrawal from this Agreement, Owner shall assume the obligations of any contract or outstanding bill involving the operation and maintenance of the Facility as previously approved in writing by Owner or otherwise permitted under this Agreement and executed by Operator under this Agreement for and on behalf of Owner and responsibility for payment of all unpaid bills, provided that such obligation(s) has(ve) been previously approved by Owner.

12.5 **Headlines**. All headings and subheadings employed within this Agreement and in the accompanying schedules and exhibits are inserted only for convenience and ease of reference and are not to be considered in the construction or interpretation of any provision of this Agreement.

12.6 **Entire Agreement**. This Agreement, including any specified attachments, constitutes the entire agreement between Owner and Operator with respect to the management and operation of the Facility and supersedes and replaces any and all previous management agreements entered into or/and negotiated between Owner and Operator relating to the Facility covered by this Agreement. No change to this Agreement shall be valid unless made by supplemental written agreement executed and approved by Owner and Operator. Except as otherwise provided herein, any and all amendments, additions, or deletions to this Agreement shall be null and void unless approved by Owner and Operator in writing. Each party to this Agreement hereby acknowledges and agrees that the other party has made no warranties, representations, covenants, or agreements, express or implied, to such party, other than those expressly set forth herein or contained in prior contracts and their amendments between the parties referenced in the preamble hereinabove and the Operator's deliverables to the Owner related thereto, and that each party, in entering into and executing this Agreement, has relied upon no warranties, representations, covenants, or agreements, express or implied, to such party, other than those set forth herein. Wherever used, the terms "Owner" and Operator" shall include their respective officers, directors, officials, employees, agents, and representatives.

12.7 **Rights Cumulative; No Waiver**. No right or remedy herein conferred upon or reserved to either of the parties to this Agreement is intended to be exclusive of any other right or remedy, and each and every right and remedy shall be cumulative and in addition to any other right or remedy given under this Agreement or now or hereafter legally existing upon the occurrence of an event of default under this Agreement. The failure of either party to this Agreement to insist at any time upon the strict observance or performance of any of the provisions of this Agreement, or to exercise any right or remedy or be construed as a waiver or relinquishment of such right or remedy with respect to subsequent defaults. Every right and remedy given by this Agreement to the parties may be exercised from "time to time" and as often as may be deemed expedient by those parties. No forbearance, delay or failure by either party to exercise any right under this Agreement and no partial or single exercise thereof shall constitute a waiver of that or any other right unless expressly provided for therein or unless such waiver shall be in writing and signed by the waiving party.

12.8 **Applicable Law; Authority Pertaining to City**. The execution, interpretation, and performance of this Agreement shall in all respects be controlled and

governed by and enforced in accordance with the laws of the State of Mississippi. Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought in the courts of record of the State of Mississippi in Harrison County or the United States District Court for the Southern District of Mississippi, Southern Division. Each party consents to the sole and proper jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court. Further, any duties, obligations, agreements or acts required of or attributed to the Owner in this Agreement are subject to the extent permitted by and authority provided to the Owner as a municipal corporation in Mississippi law.

12.9 **Acknowledgment**. The parties hereto acknowledge that they have been provided with a copy of this Agreement for review prior to signing it, that they have been given the opportunity to review it prior to signing it, that they have been given the opportunity to have this Agreement reviewed by their attorney prior to signing it, and that they understand the purposes and effect of this Agreement.

12.10 **Severability**. If any provision or provisions of this Agreement shall be held to be invalid or unenforceable, such invalidity or unenforceability shall not affect any other provisions of this Agreement, and this Agreement shall be construed and enforced as if such provision or provisions had not been included.

12.11 **Intellectual Property**. Owner acknowledges that Operator has certain intellectual property, trade secrets and proprietary business techniques ("Intellectual Property ") that it will utilize on behalf of Owner to meet its obligations under this Agreement. Owner acknowledges that it obtains no ownership rights whatsoever in the Intellectual Property and, upon termination of this Agreement, Operator shall retain all rights to the Intellectual Property and remove such Intellectual Property from the Facility and its operations. For purposes of this Agreement, the term Intellectual Property shall include, without limitation, analytical tools and documented procedures for forecasting, performance tracking, operational and marketing systems that are unique to Operator's approach, staff training programs, program curriculum and agendas, rights to certain discounts or programs that Operator has negotiated for Operator-operated facilities, and other intellectual property which Operator has previously introduced to the Facility and of which Operator is the author. Notwithstanding anything in this provision, Operator shall have no right to monetize for its own benefit any Owner or Facility data no matter the source or how acquired without the express written consent of Owner.

12.12 **Rental and Usage of Additional Facilities**. It is understood and acknowledged that Operator is desirous of utilizing properties found or deemed by Owner's governing authority to no longer have any municipal purpose as additional facilities for the provision of services set forth in this Agreement, with the use of same to be governed by separate and/or concomitant agreement(s) of the parties as permitted by state and federal law, including, but not limited to, properties or parts thereof associated with the maintenance of equipment and storage of tools, machinery, equipment, and supplies relating to the same, as well as areas where Operator or Operator's agent(s) will be conducting vending/sales associated with its provision of services under this Agreement and where Operator shall seek to store, maintain, and oversee inventory,

supplies, and equipment related to its use of these areas. This Agreement is not subject to or conditioned on any such separate agreements.

12.13 **Holding Over**. In the event that operations and maintenance by Operator by actual or constructive consent by Owner, and use and possession of Owner's properties by Operator shall continue after expiration of the term, or sooner termination hereof, the relationship between the parties shall be subject to all of the terms and conditions of this Agreement, and nothing herein shall be construed to authorize any such continuance of the Agreement, or limit either party's remedies in the event thereof.

12.14 **Cooperation**. Each party agrees to use commercially reasonable efforts to assist the other party in discharging its obligations and responsibilities under this Agreement to complete and implement the transactions contemplated by this Agreement, and to perform the conditions thereof, and to amend the Agreement in a reasonable manner to clarify ambiguities that may arise in the administration of this Agreement relationship, with it being understood and acknowledged that the Owner's efforts are subject to the authority and extent permitted by Mississippi law.

[SIGNATURE PAGE TO FOLLOW]

IN WITNESS WHEREOF, the parties have caused this Agreement to be signed, executed and delivered by its duly authorized representatives on the day and date hereinafter stated after having been first duly authorized so to act.

OWNER:	OPERATOR:

BY: _____ MAYOR	BY: _____ ITS: _____
ATTESTED BY:	ATTESTED BY:
_____ CITY CLERK	_____ SECRETARY
_____, 2024	_____, 2024

EXHIBIT A

SCOPE OF SERVICES

In addition to what is set out in the Agreement, Operator will be responsible for all aspects of oversight for the staffing, marketing, maintenance, event management, sponsorship and advertising sales, and day-to-day operations of the Owner's Facility. The general scope of Operator's services required under this Agreement is delineated and set out in the Agreement, to include, but not limited to, that referenced and included in Article 3 thereof, in addition to the following:

1. Staffing. Operator shall provide a full-time on-site General Manager and other employees as required to meet the operational needs of the Facility, within the budgeted percentage of labor, and to include Key and Essential positions.

2. Annual Business Plan. In addition to an Operating Budget that identifies all Operating Expenses and reasonably anticipated revenue sources, Operator will also create and produce an annual "Business Plan" two months prior to the beginning of any Operating Year in the Term. Operator shall update the Business Plan and submit the revised Business Plan to Owner for its review and approval. Owner shall give its comments and/or approval of the updated Business Plan within sixty (60) days after receiving the Business Plan from the Operator. In the event of disapproval of the Business Plan, the Operator shall use commercially reasonable efforts to operate the Facility pursuant to the general terms of this Agreement and the prior Business Plan then in effect, until such time as the revisions to the Business Plan are agreed upon. In the event of disapproval of proposed changes to the Operating Budget, the Operator shall continue operating the Facility pursuant to the Budget then in effect, subject to increases in Operating Expenses required due to (i) increases in Gross Receipts; or (ii) other matters beyond the reasonable control of the Operator, until such time as Owner and the Operator agree upon the appropriate replacement Budget(s). However, in the event Owner disapproves of a Business Plan or a proposed revised Business Plan/Budget hereunder, and Operator and Owner fail to reach an agreement on a new Business Plan, revised Business Plan or Budget within ninety (90) days of such disapproval, either party may terminate this agreement by providing the other party with written notice sixty (60) days prior to the effective date of such termination. In the event of such termination neither party shall be liable to the other for any fees, expenses, or costs associated with such termination. Owner and the Manager agree to use good faith efforts to resolve any differences in opinion regarding the Business Plan and any portion thereof so that agreement on the Business Plan can be reached as soon as possible after the date Operator first submits the revised Business Plan for such year to the Owner.

3. Employment Matters. The Operator shall present the then current staffing, the incentive plan for employees, and all salaries and payments to employees in the Operating Budget. It is understood by the parties that, subject to provisions and requirements set out in the Agreement, reductions and additions to various positions may be made at Operator's discretion throughout the year due to business tempo, trends, opportunities, and budget requirements. If a change is recommended that will require expense above the budgeted line item for the same (in

the Operating Budget), the change will be submitted for Owner 's review and approval by Owner via reforecast and revised business plan or budget, which change may be denied by the Owner in its sole discretion.

4. Independent Accounting Firm. From time to time, as Owner requests, Operator shall hire, at Owner's expense, an independent certified public accounting firm mutually acceptable by the parties to audit any financial statements required under this Agreement.

5. Accounting Records and Reporting. During the Term, Operator shall maintain professional accounting records. Operator shall timely provide the financial statements in a format reasonably specified by Owner and which is readily accessible and readable by Owner.

6. Internal Control. The Operator agrees to develop, install, and maintain reasonably appropriate accounting, operating, and administrative controls governing the financial aspects of the Facility, such controls to be consistent with generally accepted professional accounting practices.

EXHIBIT B

COMPENSATION FEES

During the Term of this Agreement, Manager shall receive compensation from the Owner as set forth and delineated in the Agreement, to include, but not limited to, that referenced and included in Article 4 thereof, in addition to the following:

1. **Annual Base Compensation Fee.** Owner shall pay Operator an annual Base Fee in the amount of _____ ($_____) for its provision of services and performance under the Agreement. Operator shall keep a detailed account of all expenses and report monthly to the Owner with respect to the same.

Commented [JB2]: SFM has previously said it believes this number is $1.485 million.

2. **Net Surplus Fees.** As an incentive for performance by Operator at the highest and best possible levels, and as further consideration in this Agreement, Owner agrees that "Net Surplus" shall be divided among the parties and paid to the same within _____ days of the end of each September 30 during the pendency of this Agreement as set out below. Operator shall maintain all records necessary for computation and substantiation of all income and expenses associated with determination of "Net Surplus" in this Agreement and shall make the same readily available to Owner at Owner's request and in a format and form that is readily accessible and readable by Owner. Operator shall further make these same records and information subject to audit and review by any of Owner's contractors or agents in the same manner. Operator will calculate and reconcile "Net Surplus" on a monthly basis during the pendency of this Agreement and shall provide this calculation and reconciliation to Owner when these reports are completed by Operator, which shall be within thirty (30) days of the end of the month that is the subject of such calculation and reconciliation.

Net Surplus shall be divided as follows:

Commented [JB3]: SFM has consistently stated that this split should be 70% to SFM and 30% to the City.

_____% to Owner

_____% to Operator

3. **Employees.** Operator will be responsible for all costs associated with the retention and employment of all of its employees at the Facility or otherwise utilized in the provision of services and performance under this Agreement. Operator will compensate its employees on a bi-weekly basis. For purposes of this Agreement, Operator's employment costs mean the total salary and compensation amounts Operator pays those employees it retains to provide services in accordance with and/or in furtherance of performance under this Agreement plus any fringe benefits including health insurance, etc., as well as any annual bonus to be paid.

4. **Reimbursed Expenses**. All expenses incurred by Operator in the management and operation of the Facility and in providing the services required of it under this Agreement

and its performance thereof are the responsibility of the Operator and Operator agrees to fully satisfy and timely pay all such expenses when incurred and to timely discharge and satisfy any and all liens associated with the same should they arise. Operator further agrees to fully indemnity, hold harmless, and protect and defend the Owner from all such expenses, bills, and liens incurred by Operator in its performance under this Agreement as well as with respect to any and all claims, demands, lawsuits, and proceedings that in any way arise out of or relate to such expenses, bills, and liens.

5. **Starting Inventory.** Operator will be responsible for the cost of all starting inventory for Food & Beverage and Retail operations as well as for any and all vending.

EXHIBIT H

LIST OF BENCHMARKS

Commented [JB4]: SFM is still working on these (they originally had asked that they be given 90 days after start of the contract to come up with these). We provided them information to get them started on January 26. Again, they were supposed to have developed these in the "Exhibit B" contract extension that sought a pro forma and KPIs / benchmarks for privatization of these services.

EXHIBIT K

BUDGETED COSTS RETAINED BY CITY (OWNER)

EXHIBIT L

APPROPRIATION OF COSTS OF SERVICES

As a brief description, Operator's price includes budgeted costs associated with the following categories (as well as all items set forth or otherwise required in the Agreement):

1. Salaries
2. Overtime
3. Social Security
4. Medical and Dental Insurance
5. ~~. Worker's Compensation Insurance~~
~~6. General Liability Insurance~~
~~7. Comprehensive, Collision, and Uninsured Motorist Insurance~~
~~8.~~ Vacation Leave
~~6~~9. Sick Leave
~~7~~10. Military Leave
~~8~~11. Staff Bonuses
~~9~~12. Company Sponsored 401(k) Plan
~~13. Uniforms~~
~~14. Personal Protective Equipment (PPE)~~
1~~0~~5. Training Costs
16. Office Software and Office Supplies
17. Postage
18. Telephones (cell phone and land lines, as well as service and maintenance of the same)
19. Travel Expenses
20. Advertising
21. Dues and Subscriptions
22. Computers, laptops, printers, and related computing equipment (e.g., network cables, modems, cartridges, all needed hard/software, internet/broadband services, etc. as well as service and maintenance of the same)
23. All Equipment, Machinery, Vehicles, and Tools needed or necessary to provide services under the Agreement as well as service and maintenance of the same (e.g., gas/fuel, repairs, insurance, etc.)
24. Any and all other expenses and fees

It is mutually understood and agreed that any materials and supplies owned by the Owner and provided to Operator at the time of the commencement of this Agreement shall be utilized by Operator solely and exclusively for the provision of services required of Operator under this Agreement.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL APPROVING CONTINUATION CERTIFICATE FOR MISCELLANEOUS TERMS BONDS WITH ZURICH SURETY/FIDELITY AND DEPOSIT COMPANY OF MARYLAND; AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport is required to provide a bond in the amount of $96,321.00 in favor of the Mississippi Department of Employment Security (MDES) in connection with any "unemployment" claims that the City may have during the year; and

WHEREAS, accordingly, the City desires to continue its MDES bond with Zurich Surety/Fidelity and Deposit Company of Maryland in the said amount for the period February 16, 2024, through February 16, 2025; and

WHEREAS, the Mayor and the City Clerk (or their designees) are designated to execute the said bond on behalf of the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:

Section 1. That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

Section 2. That the Continuation Certificate attached hereto as Exhibit "A", be and it is hereby approved in the form as attached hereto as Exhibit "A" and the Mayor and is hereby authorized to execute the same on behalf of the City of Gulfport.

Section 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and ready by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH COVINGTON CIVIL AND ENVIRONMENTAL, LLC, FOR ENGINEERING SERVICES IN CONNECTION WITH THE NORTH GULFPORT WASTEWATER TREATMENT PLANT HEADWORKS PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the North Gulfport Wastewater Treatment Plant Headworks Project, a project intended to increase and improve the headworks at North Gulfport Wastewater Treatment Plant; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the North Gulfport Wastewater Treatment Plant Headworks Project and received proposals from five (5) firms; and

WHEREAS, after referral to and grading by a selection committee, Covington Civil and Environmental, LLC, was selected as the highest scoring firm (see January 2, 2024, minutes) and recommended for award Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the North Gulfport Wastewater Treatment Plant Headworks Project to Covington Civil And Environmental, LLC, and to approve an agreement with Covington Civil and Environmental, LLC, subject to final approval of the Legal Department, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the North Gulfport Wastewater Treatment Plant Headworks Project., be and the same is hereby approved and the proposed Engineering Services Contract between Covington Civil and Environmental, LLC, and the City be and it is hereby approved in substantially the form found at Exhibit "A" hereto, subject to final approval by the Legal Department, and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES **NAYS** **ABSENT**

WHEREUPON, the President declared the motion carried and the Resolution adopted this the _____ day of _____, 2024.

(SEAL)

ATTEST: **ADOPTED:**

_____ _____

CLERK OF THE COUNCIL **PRESIDENT**

The above and foregoing Resolution was submitted to and approved by the Mayor, this the _____ day of _____, 2024.

APPROVED:

Re: **Recommendation to Approve Engineering Services Contract**
- Covington Civil & Environmental, LLC
- North Gulfport Wastewater Treatment Plant - Headworks Project (MCWI)

Attached for your consideration is the Engineering Services Contract for the referenced project in the not-to-exceed amount of $2,185,000.00. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

This Project includes increasing and improving the headworks at North Gulfport Wastewater Treatment Plant. The total cost of engineering and construction for this project is $19,000,000.00. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure "MCWI" and the American Rescue Plan Act "ARPA".

I recommend approval of this contract.

Re: North Gulfport Wastewater Treatment Plant – Headworks Project

Dear Mr. Harrison:

Covington Civil & Environmental LLC (Covington) is pleased to furnish the City of Gulfport our contract to provide engineering services to replace the Headworks at the North Gulfport WWTP. Our team, which includes process and structural engineers who designed the original North Plant are ready to serve the City of Gulfport. We look forward to working with the City to complete this important project on time and within budget.

Sincerely,

Benjamin Benvenutti, P.E.

AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES

This is an Agreement between **City of Gulfport** (Owner) and **Covington Civil and Environmental, LLC** (Engineer). Owner's Project, of which Engineer's services under this Agreement are a part, is generally identified as **North Gulfport Wastewater Treatment Plant – Headworks** (Project). Other terms used in this Agreement are defined in Article 7. Engineer's services under this Agreement are generally identified as design phase services including preparation of contract documents (plans and specifications), bid phase services for project award, construction phase services including processing of progress payments and project representative services.

Owner and Engineer further agree as follows:

ARTICLE 1—SERVICES OF ENGINEER

1.01 Scope

A. Engineer shall provide, or cause to be provided, the services set forth herein and in Exhibit A.

ARTICLE 2—OWNER'S RESPONSIBILITIES

2.01 Project Information

A. To the extent Owner has not already provided the following, or has new, additional, or revised information from that previously provided, Owner shall provide Engineer with information and data needed by Engineer in the performance of Basic and Additional Services, including Owner's:

1. design objectives and constraints;
2. space, capacity, and performance requirements;
3. flexibility and expandability needs;
4. design and construction standards;
5. budgetary limitations; and
6. any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

B. Following Engineer's assessment of initially-available Project information and data and upon Engineer's request, Owner shall obtain, furnish, or otherwise make available (if necessary through retention of specialists or consultants) such additional Project-related information and data as is reasonably required to enable Engineer to complete its Basic and Additional Services; or, with consent of Engineer, Owner may authorize the Engineer to obtain or provide all or part of such additional information as Additional Services. Such additional information or data may include the following:

1. Property descriptions.
2. Zoning, deed, and other land use restrictions.
3. Explorations and tests of subsurface conditions at or adjacent to the Site; geotechnical reports and investigations; drawings of physical conditions relating to existing surface

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or subsurface structures at the Site; hydrographic surveys, laboratory tests and inspections of samples, materials, and equipment; appropriate professional interpretation of such information or data.

4. Environmental assessments, audits, investigations, and impact statements, and other relevant environmental, historical, or cultural studies relevant to the Project, the Site, and adjacent areas.

5. Data or consultations as required for the Project but not otherwise identified in this Agreement.

C. Owner shall examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

D. Owner shall furnish to Engineer data as to Owner's anticipated costs for services to be provided to Owner by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) so that Engineer may assist Owner in collating the various cost categories that comprise Total Project Costs.

E. Owner shall advise Engineer if any invention, design, process, product, or device that Owner has requested, required, or recommended for inclusion in the Drawings or Specifications will be subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights.

F. Owner shall inform Engineer as to whether Engineer's assistance is requested with respect to Owner's evaluation of the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

2.02 Owner's Instructions Regarding Bidding/Proposal and Front-End Construction Contract Documents

A. Owner shall give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable) and Owner's construction contract practices and requirements, and furnish to Engineer (or give specific directions requesting Engineer to use copies already in Engineer's possession) the following:

1. Owner's standard contract forms, general conditions (if other than the current edition of EJCDC® C-700, Standard General Conditions of the Construction Contract), supplementary conditions, text, and related documents and content for Engineer to include in the draft Bidding/Proposal Documents, and in draft Front-End Construction Contract Documents;

2. insurance and bonding requirements;

3. protocols for electronic transmittals during bidding and construction;

4. Owner's safety and security programs applicable to Contractor and other Constructors;

5. diversity and other social responsibility requirements;

6. bidding and contract requirements of funding, financing, or regulatory entities;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7. other specific conditions applicable to the procurement of construction or contract documents;

8. any other information necessary for Engineer to assist Owner in preparing its Bidding/Proposal Documents and Front-End Construction Contract Documents.

B. Owner shall have responsibility for the final content of (1) such Bidding/Proposal Documents, and (2) such Front-End Construction Contract Documents, other than content furnished by Engineer concerning the design (as set forth in the Drawings, Specifications, or otherwise) or other engineering or technical matters.

1. Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. If there will be an advertisement soliciting bids for construction, Owner shall place and pay for such advertisement.

2.03 Owner-Furnished Services

A. Recognizing and acknowledging that Engineer's services and expertise do not include the following services, Owner shall obtain, as required for the Project:

1. Accounting, bond and financial advisory services (including, if applicable, "municipal advisor" services as described in Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) and the municipal advisor registration rules issued by the Securities and Exchange Commission), independent cost estimating, and insurance counseling services.

2. Legal services, including attorney review of proposed Construction Contract Documents, legal services required by Owner, legal services needed as a result of issues raised by Contractor, and Project-related legal services reasonably requested by Engineer.

3. Auditing services, including those needed by Owner to ascertain how or for what purpose Contractor has used money paid to it.

B. Owner shall provide the services of an independent testing laboratory to perform all inspections, tests, and approvals of samples, materials, and equipment required by the Construction Contract Documents (other than those required to be furnished or arranged by Contractor), or to evaluate the performance of materials, equipment, and facilities of Owner, prior to their incorporation into the Work with appropriate professional interpretation thereof. Owner shall provide Engineer with the findings and reports generated by testing laboratories, including findings and reports obtained from or through Contractor.

C. Owner shall acquire or arrange for acquisition of the Site(s) and any temporary or permanent rights of access, easements, or property rights needed for the Project.

D. With respect to the portions or phases of the Project designed or specified by Engineer, Owner shall provide, obtain, or arrange for:

1. all required reviews, approvals, consents, and permits from governmental authorities having jurisdiction, and

2. such reviews, approvals, and consents from others as may be necessary for completion of each portion or phase of the Project.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Owner may delegate to Contractor or others the responsibilities set forth in Paragraphs 2.03.C and D.

2.04 Owner's General Responsibilities

A. Owner shall inform Engineer of the policies, procedures, and requirements of Owner that are applicable to Engineer's performance of services under this Agreement.

B. Owner shall provide Engineer with Owner's budget for the Project, including type and source of funding to be used, and will promptly inform Engineer if the budget or funding sources change.

C. Owner shall inform Engineer in writing of any safety or security programs that are applicable to the personnel of Engineer, its Subconsultants, and Engineer's Subcontractors, as they visit the Site or otherwise perform services under this Agreement.

D. Owner shall arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under this Agreement.

E. Owner shall provide necessary direction and make decisions, including prompt review of Engineer's submittals, and carry out its other responsibilities in a timely manner so as not to delay Engineer's performance of its services.

F. Owner shall be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by Owner to Engineer pursuant to this Agreement. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement, subject to any express limitations or reservations applicable to the furnished items.

G. Owner shall give prompt written notice to Engineer whenever Owner observes or otherwise becomes aware of:

1. any development that affects the scope or time of performance of Engineer's services;

2. the presence at the Site of any Constituent of Concern; or

3. any relevant, material defect or nonconformance in: (a) Engineer's services, (b) the Work, (c) the performance of any Constructor, or (d) Owner's performance of its responsibilities under this Agreement.

H. Owner shall advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructability review.

I. If Owner designates a construction manager, site representative, or any individual or entity other than, or in addition to, Engineer to represent Owner at the Site, Owner shall define and set forth as an exhibit to this Agreement the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

J. Owner shall:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job-related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.
2. Primarily communicate with Engineer's Subcontractors and Subconsultants through the Engineer.
    a. Promptly inform Engineer of the substance of any communications between Owner and Engineer's Subcontractors or Subconsultants.
    b. Refrain from directing the services of Engineer's Subcontractors or Subconsultants.
3. Authorize Engineer to provide Additional Services as set forth in Article 2 of Exhibit A of the Agreement, as required.
4. Perform or provide the following:
    a. **N/A**

2.05 Payment

A. Owner shall pay Engineer as set forth in Article 4 and Exhibit J.

ARTICLE 3—SCHEDULE FOR RENDERING SERVICES

3.01 Commencement

A. Engineer is authorized to begin rendering services as of the Effective Date.

3.02 Time for Completion

A. Engineer shall complete its obligations within a reasonable time. Specific periods of time for rendering services, or specific dates by which services are to be completed, are provided in Exhibit B, and are hereby agreed to be reasonable.

B. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, will be adjusted equitably.

C. If Owner authorizes changes in the scope, extent, or character of the Project or Engineer's services, then the time for completion of Engineer's services, and the amounts of Engineer's compensation, will be adjusted equitably.

ARTICLE 4—INVOICES AND PAYMENTS

4.01 Invoices

A. Preparation and Submittal of Invoices: Engineer shall prepare invoices in accordance with its standard invoicing practices, the progress reporting and special invoicing requirements (if any) in Exhibit A Paragraph 1.01.A, and the terms of Exhibit J. Engineer shall submit its invoices to Owner on a monthly basis. Invoices are due and payable within 45 days of receipt.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4.02 Payments

A. Application to Interest and Principal: Payment will be credited first to any interest owed to Engineer and then to principal.

B. Disputed Invoices: If Owner disputes an invoice, either as to amount or entitlement, then Owner shall promptly advise Engineer in writing of the specific basis for doing so; may withhold only that portion so disputed; and must pay the undisputed portion, subject to the terms of Paragraph 4.01. After a disputed item has been resolved, Engineer shall include the agreed-upon amount on a new invoice.

C. Failure to Pay: If Owner fails to make any undisputed payment due Engineer within 45 days after receipt of Engineer's invoice, then:

1. amounts due Engineer will be increased at the rate of 1.5% per month (or the maximum rate of interest permitted by law, if less) from said forty-fifth day, and

2. Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement until Owner has paid in full amounts due. Owner waives any and all claims against Engineer for any such suspension.

D. Sales or Use Taxes: If after the Effective Date any governmental entity takes an action that imposes additional sales or use taxes on Engineer's services or compensation under this Agreement, then Engineer may invoice such additional sales or use taxes for reimbursement by Owner. Owner shall reimburse Engineer for the cost of such invoiced additional sales or use taxes; such reimbursement will be in addition to the compensation to which Engineer is entitled under the terms of Exhibit J.

ARTICLE 5—OPINIONS OF COST

5.01 Opinions of Probable Construction Cost

A. Engineer's opinions of probable Construction Cost (if any) are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If Owner requires greater assurance as to probable Construction Cost, then Owner agrees to obtain an independent cost estimate.

5.02 Opinions of Total Project Costs

A. The services, if any, of Engineer with respect to Total Project Costs will be limited to assisting the Owner in tabulating the various categories that comprise Total Project Costs. Engineer assumes no responsibility for the accuracy of any opinions of Total Project Costs.

ARTICLE 6—GENERAL CONSIDERATIONS

6.01 Standards of Performance

A. Standard of Care: The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.

B. Technical Accuracy: Owner shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation, unless such corrective action is directly attributable to deficiencies in Owner-furnished information.

C. Engineer's Subcontractors and Subconsultants: Engineer may retain such Engineer's Subcontractors and Subconsultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by Owner.

D. Reliance on Others: Subject to the standard of care set forth in Paragraph 6.01.A, Engineer may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

E. Compliance with Laws and Regulations, and Policies and Procedures

1. Engineer and Owner shall comply with applicable Laws and Regulations.

2. Engineer shall comply with the policies, procedures, and instructions of Owner that are applicable to Engineer's performance of services under this Agreement and that Owner provides to Engineer in writing, subject to the standard of care set forth in Paragraph 6.01.A, and to the extent compliance is not inconsistent with professional practice requirements.

3. This Agreement is based on Laws and Regulations and Owner-provided written policies and procedures as of the Effective Date. The following may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, or compensation:

a. changes after the Effective Date to Laws and Regulations,

b. the receipt by Engineer after the Effective Date of Owner-provided written policies and procedures, and

c. changes after the Effective Date to Owner-provided written policies or procedures.

F. General Conditions of Construction Contract: The general conditions for any construction contract documents prepared hereunder are to be EJCDC® C-700 "Standard General Conditions of the Construction Contract", prepared by the Engineers Joint Contract Documents Committee, unless expressly indicated otherwise in Exhibit J or elsewhere in this Agreement

G. Copies of Drawings and Specifications: If Engineer is required to prepare or furnish Drawings or Specifications under this Agreement, Engineer shall deliver to Owner at least one complete electronic copy of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations, and one complete printed copy, duly signed and sealed.

H. Engineer shall not be required to sign any document, no matter by whom requested, that would result in Engineer having to certify, guarantee, or warrant conditions whose existence

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Engineer cannot ascertain within the authorized scope of Engineer's services. Owner agrees not to make resolution of any dispute with Engineer or payment of any amount due to Engineer in any way contingent upon Engineer signing any such document.

I. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor will Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.

J. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work in accordance with the Construction Contract Documents.

K. Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the Construction Contract Documents, other than those made by Engineer.

L. Engineer is not required to provide and does not have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.

M. Engineer's services do not include providing legal advice or representation.

N. Engineer's services do not include (1) serving as a "municipal advisor" for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission, or (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances.

O. While at the Site, Engineer, its Subconsultants, and Engineer's Subcontractors, and their employees and representatives will comply with the applicable requirements of Contractor's and Owner's safety programs of which Engineer has been informed in writing.

6.02 Ownership and Use of Documents

A. All Documents are instruments of service, and Engineer owns the Documents, including all associated copyrights and the right of reuse at the discretion of the Engineer. Engineer shall continue to own the Documents and all associated rights whether or not the Project is completed.

1. Owner may make and retain copies of Documents for information and reference in connection with the use of the Documents on the Project.

2. Engineer grants Owner a limited license to use the Documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment due and owing for all services relating to preparation of the Documents, and subject to the following limitations:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. Owner acknowledges that such Documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, on any other project, or for any other use or purpose, without written verification or adaptation by Engineer;

b. any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and Subconsultants;

c. Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the Documents without written verification, completion, or adaptation by Engineer; and

d. such limited license to Owner shall not create any rights in third parties.

B. If Engineer at Owner's request verifies the suitability of the Documents, completes them, or adapts them for extensions of the Project or for any other purpose, then Owner shall compensate Engineer at rates or in an amount to be agreed upon by Owner and Engineer.

C. Engineer shall inform Owner if Engineer is aware of any invention, design, process, product, or device specified in the Drawings, Specifications, or other Documents that is subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights. If Engineer's good-faith inclusion in the Drawings, Specifications, or other Documents of new, innovative, or non-standard technologies, for the benefit of Owner and the Project, results in third-party claims of infringement or violation of intellectual property rights, then Owner and Engineer shall share equally the costs of defending against, settling, or paying such claims.

D. Engineer will obtain Owner's consent, which will not be unreasonably withheld, prior to releasing any publicity, including news and press releases, promotional publications, award and prize competition submittals, and other advertising regarding the subject matter of this Agreement. Nothing herein will limit the Engineer's right to include information in statements of qualifications and proposals to others accurately describing its participation and participation of employees in the Project.

6.03 Electronic Transmittals

A. To the fullest extent practical, Owner and Engineer agree to transmit, and accept, Project-related correspondence, Documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with mutually agreeable protocol.

B. If this Agreement does not establish or include protocols for electronic or digital transmittals, then Owner and Engineer may operate without specific protocols or may jointly develop such protocols at a later date.

C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

computer hardware differing from those used in the drafting or transmittal of items, or from those established in applicable protocols.

6.04 Insurance

A. Engineer shall procure and maintain insurance as set forth in Exhibit G.

B. Additional Insureds: The Engineer's commercial general liability policy must include and list Owner as additional insureds.

C. Owner shall procure and maintain insurance as set forth in Exhibit G.

D. Owner shall require Contractor to purchase and maintain policies of insurance covering workers' compensation, general liability, motor vehicle damage and injuries, and other insurance necessary to protect Owner's and Engineer's interests in the Project. Owner shall require Contractor to cause Engineer, its Subconsultants, and Engineer's Subcontractors to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project. Owner shall give Engineer access to any certificates of insurance and copies of endorsements and policies obtained by Owner from Contractor.

E. Owner and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates must be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

F. All construction contracts entered into by Owner with respect to the Project must require builder's risk or similar property insurance.

G. All policies of property insurance relating to the Project, including but not limited to any builder's risk or similar policy, must allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer, its Subconsultants, or Engineer's Subcontractors. Owner and Engineer waive all rights against each other, Contractor, Engineer's Subcontractors and Subconsultants, and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by any such builder's risk or similar policy and any other property insurance relating to the Project. Owner and Engineer shall take appropriate measures in other Project-related contracts to secure waivers of rights consistent with those set forth in this paragraph.

H. All policies of insurance must contain a provision or endorsement that the coverage afforded will not be canceled, and that renewal will not be refused, until at least 10 days' prior written notice has been given to the primary insured. Upon receipt of such notice, the primary insured must promptly forward a copy of the notice to the other party to this Agreement and replace the coverage being cancelled or reduced to conform to the requirements of this Agreement.

6.05 Suspension and Termination

A. Suspension

1. By Owner: Owner may suspend Engineer's services for up to 90 days upon 7 days' written notice to Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. By Engineer: Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement:

    a. if Owner has failed to pay Engineer for invoiced services and expenses, as set forth in Paragraphs 4.02.B and 4.02.C; or

    b. in response to the presence of Constituents of Concern at the Site, as set forth in Paragraph 6.09.D.

B. Termination for Cause

1. Either party may terminate the Agreement for cause upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms of the Agreement, through no fault of the terminating party.

    a. Notwithstanding the foregoing, this Agreement will not terminate under Paragraph 6.05.B.1 if the party receiving such notice begins, within 7 days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30-day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein will extend up to, but in no case more than, 60 days after the date of receipt of the notice.

2. In addition to its termination rights in Paragraph 6.05.B.1, Engineer may terminate this Agreement for cause upon 7 days' written notice:

    a. if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional;

    b. if Engineer's services for the Project are delayed or suspended for more than 90 days for reasons beyond Engineer's control; or

    c. as the result of the presence at or adjacent to the Site of undisclosed Constituents of Concern, as set forth in Paragraph 6.09.E.

3. Engineer will have no liability to Owner on account of any termination by Engineer for cause.

C. Termination for Convenience: Owner and/or Engineer may terminate this Agreement for convenience, effective upon receipt of notice from either party.

D. Extension of Effective Date of Termination: If Owner terminates the Agreement for cause or convenience, Owner may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files. Engineer shall be entitled to compensation for such tasks.

E. Payments Upon Termination: In the event of any termination under Paragraph 6.05, Engineer will be entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, Owner will

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

have the limited right to the use of Documents, at Owner's sole risk, subject to the provisions of Paragraph 6.02.A.

1. If Owner has terminated the Agreement for convenience, or if Engineer has terminated the Agreement for cause, then Engineer will be entitled, in addition to the payments identified above, to invoice Owner and receive payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with Engineer's Subcontractors or Subconsultants, and other related close-out costs, using methods and rates for Additional Services as set forth in Exhibit J.

6.06 Successors, Assigns, and Beneficiaries

A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 6.06.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, claims arising out of this Agreement or money that is due or may become due) in this Agreement without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

C. Unless expressly provided otherwise in this Agreement:

1. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

2. Nothing in this Agreement will be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them.

3. Owner agrees that the substance of the provisions of this Paragraph 6.06.C will appear in the Construction Contract Documents.

6.07 Dispute Resolution

A. Owner and Engineer shall resolve all disputes in the following manner:

1. Owner and Engineer agree to negotiate all disputes between them in good faith for a period of 30 days from the date of notice, prior to invoking mediation.

2. Owner and Engineer agree that they shall first submit any and all unsettled claims, counterclaims, disputes, and other matters in question between them arising out of or relating to this Agreement or the breach thereof ("Disputes") to mediation. Owner and Engineer agree to participate in the mediation process in good faith. The process will be conducted on a confidential basis, and must be completed within 120 days.

3. If the parties fail to resolve a Dispute through negotiations under Paragraph 6.07.A.1 or mediation under Paragraph 6.07.A.2, then, if Exhibit H is not included, or if no final

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

dispute resolution method is specified in Exhibit H, then the parties may exercise their rights at law.

6.08 Controlling Law; Venue

A. This Agreement is to be governed by the Laws and Regulations of the state in which the Project is located.

B. Venue for any exercise of rights at law will be the state court having jurisdiction at the location of the Project; or at the choice of either party, and if federal jurisdictional requirements can be met, in federal court in the district in which the Project is located.

6.09 Environmental Condition of Site

A. Owner represents to Engineer that, as of the Effective Date, to the best of Owner's knowledge, no Constituents of Concern, other than those disclosed in writing to Engineer, exist at or adjacent to the Site.

B. Undisclosed Constituents of Concern: For purposes of this Paragraph 6.09, the presence at or adjacent to the Site of Constituents of Concern that were not disclosed to Engineer pursuant to Paragraph 6.09.A, in such quantities or circumstances that such Constituents of Concern may present a danger to persons or property exposed to them, will be referred to as "undisclosed" Constituents of Concern.

1. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of this Agreement or the Construction Contract, are not undisclosed Constituents of Concern.

2. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under this Agreement are not undisclosed Constituents of Concern.

3. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under another professional services contract for Owner, or as part of the work under a construction or remediation contract, are not undisclosed Constituents of Concern if Engineer has been informed of the general scope of such contract.

C. If Engineer encounters or learns of an undisclosed Constituent of Concern at the Site, then Engineer shall notify (1) Owner and (2) appropriate authorities having jurisdiction if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

D. It is acknowledged by both parties that Engineer's scope of services does not include any services related to undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an undisclosed Constituent of Concern, or if encountered, uncovered, or revealed Constituents of Concern are present in substantially greater quantities or substantially different locations than disclosed or anticipated, or if investigative or remedial action, or other professional services, are necessary or required by applicable Laws and Regulations with respect to such Constituents of Concern, then Engineer may, at its option and without liability for direct, consequential, or any other damages, suspend performance of services on the portion of the Project adversely affected thereby until such portion of the Project is no longer so affected; and Owner shall promptly determine whether

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

to retain a qualified expert to evaluate such condition or take any necessary corrective action.

E. If the presence at the Site of undisclosed Constituents of Concern, or of Constituents of Concern in substantially greater quantities or in substantially different locations than disclosed or anticipated, adversely affects the performance of Engineer's services under this Agreement, then:

1. if the adverse effects do not preclude Engineer from completing its Project services in general accordance with this Agreement on unaffected or marginally affected portions of the Project, Engineer may accept an equitable adjustment in its compensation or in the time of completion, or both; and the Agreement will be amended to reflect changes necessitated by the presence of such Constituents of Concern; or

2. if the adverse effects are of such materiality to the overall performance of Engineer that it cannot complete its services without significant changes to the scope of services, time of completion, and compensation, then Engineer may terminate this Agreement for cause on 7 days' written notice.

F. Owner acknowledges that Engineer is performing professional services for Owner and that Engineer is not and will not be required to become an "owner," "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

6.10 Indemnification and Mutual Waiver

A. Indemnification by Engineer: To the fullest extent permitted by Laws and Regulations, Engineer shall indemnify and hold harmless Owner, and Owner's officers, directors, members, partners, agents, and employees, from losses, damages, and judgments (including reasonable consultants' and attorneys' fees and expenses) arising from third-party claims or actions relating to the Project, provided that any such claim, action, loss, damages, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors.

B. Indemnification by Owner: Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Consultants as required by Laws and Regulations and to the extent required in paragraph 6.11.

C. Environmental Indemnification: To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer, its Subconsultants, Engineer's Subcontractors, and their officers, directors, members, partners, agents, employees, and subconsultants from all claims, costs, losses, damages, actions, and judgments (including reasonable consultants' and attorney's fees and expenses) caused by, arising out of, relating to, or resulting from a Constituent of Concern at, on, or under the Site, provided that:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. any such claim, cost, loss, damages, action, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, and

2. nothing in this paragraph obligates Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence or willful misconduct.

D. No Defense Obligation: The indemnification commitments in this Agreement do not include a defense obligation by the indemnitor unless such obligation is expressly stated.

E. Percentage Share of Negligence: To the fullest extent permitted by Laws and Regulations, a party's total liability to the other party and anyone claiming by, through, or under the other party for any cost, loss, or damages caused in part by the negligence of the party and in part by the negligence of the other party or any other negligent entity or individual, will not exceed the percentage share that the party's negligence bears to the total negligence of Owner, Engineer, and all other negligent entities and individuals.

F. Mutual Waiver: To the fullest extent permitted by Laws and Regulations, Owner and Engineer waive against each other, and the other's officers, directors, members, partners, agents, employees, subconsultants, and insurers, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes. Such excluded damages include but are not limited to loss of profits or revenue; loss of use or opportunity; loss of good will; cost of substitute facilities, goods, or services; and cost of capital.

G. Exclusion of Special, Incidental, Indirect, and Consequential Damages: To the fullest extent permitted by Laws and Regulations, and notwithstanding any other provision in the Agreement, the Owner and the Engineer and their officers, directors, members, partners, agents, Consultants, and employees shall not be liable to the other or anyone claiming by, through, or under each other for any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes, including but not limited to: Loss of use, loss of profit; loss of business; loss of income; loss of reputation or any other consequential damages that either party may have incurred from any cause of actions including negligence, strict liability , breach of contract and breach of strict or implied warranty. Both the Owner and the Engineer shall require similar waivers of consequential damages protecting all the entities or person named herein in all contracts and subcontracts with other involved in the project. Both the Owner and the Engineer agree that Engineer's total liability to Owner under this Agreement shall be limited to $100,000 or the total amount of compensation received by Engineer, whichever is greater.

6.11 Records Retention

A. Engineer shall maintain on file in legible form, for a period of five years following completion or termination of its services, or such other period as required by Laws and Regulations, all Documents, records (including cost records), and design calculations related to Engineer's services or pertinent to Engineer's performance under this Agreement. Upon Owner's request, Engineer shall provide a copy of any such item to Owner at cost.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.12 Miscellaneous Provisions

A. Notices: Any notice required under this Agreement will be in writing, and delivered: in person (by commercial courier or otherwise); by registered or certified mail; or by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line. All such notices are effective upon the date of receipt.

B. Survival: Subject to applicable Laws and Regulations, all express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

C. Severability: Any provision or part of the Agreement held to be void or unenforceable under any Laws or Regulations will be deemed stricken, and all remaining provisions will continue to be valid and binding upon Owner and Engineer.

D. No Waiver: A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Agreement.

E. Accrual of Claims: To the fullest extent permitted by Laws and Regulations, all causes of action arising under this Agreement will be deemed to have accrued, and all statutory periods of limitation will commence, no later than the date of Substantial Completion; or, if Engineer's services do not include Construction Phase services, or the Project is not completed, then no later than the date of Owner's last payment to Engineer.

ARTICLE 7—DEFINITIONS

7.01 Defined Terms

A. Wherever used in this Agreement (including the exhibits hereto) terms (including the singular and plural forms) printed with initial capital letters have the meanings indicated in the text above, in the exhibits, or in the following definitions:

1. Addenda—Written or graphic instruments issued prior to the opening of bids which clarify, correct, or change the bidding requirements or the proposed Construction Contract Documents.

2. Additional Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 2 of Exhibit A of this Agreement.

3. Agreement—This written contract for professional services between Owner and Engineer, including all exhibits identified in Paragraph 8.01 and any duly executed amendments.

4. Application for Payment—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Construction Contract.

5. Basic Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 1 of Exhibit A of this Agreement.

6. Bidding/Proposal Documents—Documents related to the selection of the Contractor, including advertisements or invitations to bid; requests for proposals; instructions to

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

bidders or proposers, including any attachments such as lists of available Site-related documents; bid forms; bids; proposal forms; proposals; bidding requirements; and qualifications documents.

7. Change Order—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Construction Contract Price or the Construction Contract Times, or other revision to the Construction Contract, issued on or after the effective date of the Construction Contract.

8. Change Proposal—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth in the Construction Contract, seeking an adjustment in Construction Contract Price or Construction Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Construction Contract Documents or the acceptability of Work under the Construction Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Construction Contract.

9. Constituents of Concern—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), lead-based paint (as defined by the HUD/EPA standard), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to Laws and Regulations regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

10. Construction Contract—The entire and integrated written contract between Owner and Contractor concerning the Work.

11. Construction Contract Documents—Those items designated as "Contract Documents" in the Construction Contract, and which together comprise the Construction Contract. See also definition of "Front-End Construction Contract Documents" below.

12. Construction Contract Price—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Construction Contract Documents.

13. Construction Contract Times—The number of days or the dates by which Contractor must: (a) achieve milestones, if any, in the Construction Contract; (b) achieve Substantial Completion; and (c) complete the Work.

14. Construction Cost—The cost to Owner of the construction of those portions of the entire Project designed or specified by or for Engineer under this Agreement, including construction labor, services, materials, equipment, insurance, and bonding costs, and allowances for contingencies. Construction Cost does not include costs of services of Engineer or other design professionals and consultants; cost of land or rights-of-way, or compensation for damages to property; Owner's costs for legal, accounting, insurance counseling, or auditing services; interest or financing charges incurred in connection with the Project; or the cost of other services to be provided by others to Owner. Construction Cost is one of the items comprising Total Project Costs.

15. Constructor—Any person or entity (not including the Engineer, its employees, agents, representatives, or Subconsultants, or Engineer's Subcontractors), performing or supporting construction activities relating to the Project, including but not limited to Contractors, Subcontractors, Suppliers, Owner's work forces, utility companies, other

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

contractors, construction managers, design-builders, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

16. Contractor—The entity or individual with which Owner enters into a Construction Contract.

17. Documents—All documents expressly identified as deliverables in this Agreement, whether in printed or Electronic Document form, required by this Agreement to be provided or furnished by Engineer to Owner. Such specifically required deliverables may include, by way of example, Drawings, Specifications, data, reports, building information models, and civil integrated management models.

18. Drawings—That part of the Construction Contract Documents that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. Effective Date—The date indicated in this Agreement on which it becomes effective, but if no such date is indicated, the date on which this Agreement is signed and delivered by the last of the parties to sign and deliver.

20. Electronic Document—Any Project-related correspondence, attachments to correspondence, data, documents, drawings, information, or graphics, including but not limited to Shop Drawings and other Submittals, that are in an electronic or digital format.

21. Electronic Means—Electronic mail (e-mail), upload/download from a secure Project website, or other communications methods that allow: (a) the transmission or communication of Electronic Documents; (b) the documentation of transmissions, including sending and receipt; (c) printing of the transmitted Electronic Document by the recipient; (d) the storage and archiving of the Electronic Document by sender and recipient; and (e) the use by recipient of the Electronic Document for purposes permitted by this Agreement. Electronic Means does not include the use of text messaging, or of Facebook, Twitter, Instagram, or similar social media services for transmission of Electronic Documents.

22. Engineer—The individual or entity named as such in this Agreement.

23. Engineer's Subcontractor—An individual, firm, vendor, or other entity having a contract with Engineer to furnish general services, equipment, or materials with respect to the Project as an independent contractor.

24. Field Order—A written order issued by Engineer which requires minor changes in the Work but does not change the Construction Contract Price or the Construction Contract Times.

25. Front-End Construction Contract Documents—Those Construction Contract Documents whose primary purpose is to establish legal and contractual terms and conditions, typically including the Owner-Contractor agreement, bonds, general conditions, and supplementary conditions. The term excludes the Drawings and Specifications, and any Construction Contract Documents delivered or issued after the effective date of the Construction Contract.

26. Laws and Regulations; Laws or Regulations—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

27. Owner—The individual or entity named as such in this Agreement and for which Engineer's services are to be performed. Unless indicated otherwise, this is the same individual or entity that will enter into any Construction Contracts concerning the Project.

28. Project—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the services to be performed or furnished by Engineer under this Agreement are a part.

29. Record Drawings—Drawings depicting the completed Project, or a specific portion of the completed Project, prepared by Engineer and based on Contractor's record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications, as delivered to Engineer and annotated by Contractor to show changes made during construction.

30. Resident Project Representative—The authorized representative of Engineer assigned to assist Engineer at the Site during the Construction Phase. As used herein, the term Resident Project Representative (RPR) includes any assistants or field staff of the RPR.

31. Samples—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

32. Shop Drawings—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Construction Contract Documents.

33. Site—Lands or areas to be indicated in the Construction Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

34. Specifications—The part of the Construction Contract Documents that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

35. Subconsultant—An individual, design firm, consultant, or other entity having a contract with Engineer to furnish professional services with respect to the Project as an independent contractor.

36. Subcontractor—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

37. Submittal—A written or graphic document, prepared by or for Contractor, which the Construction Contract Documents require Contractor to submit to Engineer, or that is indicated as a Submittal in the Schedule of Submittals accepted by Engineer. Submittals may include Shop Drawings and Samples; schedules; product data; Owner-delegated designs; sustainable design information; information on special procedures; testing plans; results of tests and evaluations, source quality-control testing and inspections,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and field or Site quality-control testing and inspections; warranties and certifications; Suppliers' instructions and reports; records of delivery of spare parts and tools; operations and maintenance data; Project photographic documentation; record documents; and other such documents required by the Construction Contract Documents. Submittals, whether or not approved or accepted by Engineer, are not Construction Contract Documents. Change Proposals, Change Orders, Claims, notices, Applications for Payment, and requests for interpretation or clarification are not Submittals.

38. Substantial Completion—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Construction Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

39. Supplier—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

40. Total Project Costs—The total cost of planning, studying, designing, constructing, testing, commissioning, and start-up of the Project, including Construction Cost and all other Project labor, services, materials, equipment, insurance, and bonding costs, allowances for contingencies, and the total costs of services of Engineer or other design professionals and consultants, together with such other Project-related costs that Owner furnishes for inclusion, including but not limited to cost of land, rights-of-way, compensation for damages to properties and private utilities (including relocation if not part of Construction Cost), Owner's costs for legal, accounting, insurance counseling, and auditing services, interest and financing charges incurred in connection with the Project, and the cost of other services to be provided by others to Owner.

41. Underground Facilities—All active or not-in-service underground lines, pipelines, conduits, ducts, encasements, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or systems at the Site, including but not limited to those facilities or systems that produce, transmit, distribute, or convey telephone or other communications, cable television, fiber optic transmissions, power, electricity, light, heat, gases, oil, crude oil products, liquid petroleum products, water, steam, waste, wastewater, storm water, other liquids or chemicals, or traffic or other control systems. An abandoned facility or system is not an Underground Facility.

42. Work—The entire construction or the various separately identifiable parts thereof required to be provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.

43. Work Change Directive—A written directive to Contractor issued on or after the effective date of the Construction Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Terminology

1. The word “day” means a calendar day of 24 hours measured from midnight to the next midnight.

ARTICLE 8—EXHIBITS AND SPECIAL PROVISIONS

8.01 Exhibits to Agreement

The following exhibits are incorporated by reference and included as part of this Agreement:

A. Exhibit A, Engineer’s Services.

B. Exhibit B, Deliverables Schedule.

C. Exhibit C, Owner’s Responsibilities

D. Exhibit D, Duties, Responsibilities and Limitations of Authority of Resident Project Representative.

E. Exhibit E, Notice of Acceptability of Work

F. Exhibit F, NOT USED

G. Exhibit G, Insurance.

H. Exhibit H, Subaward Terms and Conditions for Contracted Parties

I. Exhibit I, Appendix II to Part 200 – Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

J. Exhibit J, Payments to Engineer for Services.

K. Exhibit K, Amendment to Owner-Engineer Agreement

8.02 Total Agreement

A. This Agreement (which includes the exhibits listed above) constitutes the entire contractual agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a written instrument duly executed by both parties.

8.03 Designated Representatives

A. With the execution of this Agreement, Engineer and Owner shall each designate a specific individual to act as representative under this Agreement. Such an individual must have authority to transmit instructions, receive information, and render decisions with respect to this Agreement on behalf of the party that the individual represents.

8.04 Engineer's Certifications

A. Engineer certifies that it has not engaged in corrupt, fraudulent, or coercive practices in competing for or in executing the Agreement. For the purposes of this Paragraph 8.04:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the selection process or in the Agreement execution;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the selection process or the execution of the Agreement to the detriment of Owner, or (b) to deprive Owner of the benefits of free and open competition;

3. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the selection process or affect the execution of the Agreement.

8.05 Conflict of Interest

A. Nothing in this Agreement will be construed to create or impose any duty on the part of Engineer that would be in conflict with Engineer's paramount obligations to the public health, safety, and welfare under the professional practice requirements governing Engineer, its Subconsultants, and all licensed professionals employed by Engineer or its Subconsultants.

B. If during the term of this Agreement a potential or actual conflict of interest arises or is identified:

1. Engineer and Owner together will make reasonable, good faith efforts to avoid or eliminate the conflict of interest; to mitigate any adverse consequences of the conflict of interest; and, if necessary and feasible, to modify this Agreement to address the conflict of interest and its consequences, such that progress under the Agreement may continue.

2. Such efforts will be governed by applicable Laws and Regulations and by any pertinent Owner's policies, procedures, and requirements (including any conflict of interest resolution methodologies) provided to Engineer under Paragraph 2.04.A of this Agreement.

Article 1— BASIC SERVICES 2
1.01 Study and Report Phase 2
1.02 Preliminary Design Phase 2
1.03 Final Design Phase 3
1.04 Bidding/Proposal Phase 6
1.05 Construction Phase 7
1.06 Post-Construction Phase 13
Article 2— ADDITIONAL SERVICES 13
2.01 Additional Services Not Requiring Owner's Written Authorization 13
2.02 Additional Services Requiring Owner's Written Authorization 14

Article 1 of the Agreement, Services of Engineer, is supplemented to include the following provisions:

Baseline Information: Owner has furnished the following Project information to Engineer as of the Effective Date. Engineer's scope of services has been developed based on this information. As the Project moves forward, some of the information may change or be refined, and additional information will become known, resulting in the possible need to change, refine, or supplement the scope of services.

Project Title:	North Gulfport Wastewater Treatment Plant – Headworks Replacement
Type and Size of Facility:	The existing headworks structure includes an influent station where three pipes consisting of the 36-inch influent force main, a 14-inch pipe conveying filtrate and septage flow, and a 12-inch pipe carrying the plant drain from filter backwash are connected. The headworks consists of two mechanical screens, a manual bar screen, and grit removal system.
Description of Improvements:	The headworks screens and grit system at the North Gulfport WWTF have reached the end of their useful life and do not have capacity to handle current peak flows above 25 MGD. The scope of work includes the replacement of the entire headworks structure including new mechanical screens and grit removal system. The design flows are 23 MGD average and 46 MGD Peak as set by the Owner and HCUA. Engineer shall be responsible for all MCWI/ARPA grant management requirements. Any additional MDEQ contract provisions will be included through an amendment to the contract.

Engineer shall provide Basic and Additional Services as set forth below.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 1—BASIC SERVICES

1.01 Study and Report Phase

A. Engineer shall use the previously completed "HCUA Water and Resources Plan – Phase II" for this project and no additional report is required.

1.02 Preliminary Design Phase

1. After acceptance by Owner of the Report and any other Study and Report Phase deliverables; selection by Owner of a recommended solution; issuance by Owner of any instructions of for use of Project Strategies, Technologies, and Techniques, or for inclusion of sustainable features in the design; and indication by Owner of any specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner, (1) Engineer and Owner shall discuss and resolve any necessary revisions to Engineer's compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from the selected solution, related Project Strategies, Technologies, or Techniques, sustainable design instructions, or specific modifications to the Project, and (2) upon written authorization from Owner, Engineer shall:

a. Prepare Preliminary Design Phase documents consisting of final design criteria, preliminary drawings, outline specifications, and written descriptions of the Project.

b. In preparing the Preliminary Design Phase documents, use any specific applicable Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features, as appropriate, pursuant to Owner's instructions.

c. Provide necessary field surveys and topographic and utility mapping for Engineer's design purposes. Comply with the scope of work and procedure for the identification and mapping of existing utilities selected and authorized by Owner. If no such scope of work and procedure for utility mapping has been selected and authorized, then at a minimum the utility mapping will include Engineer contacting utility owners and obtaining available information.

d. Visit the Site as needed to prepare the Preliminary Design Phase documents.

e. Advise Owner if additional reports, data, information, or services of the types described in Exhibit B are necessary and assist Owner in obtaining such reports, data, information, or services.

f. Continue to assist Owner with Project Strategies, Technologies, and Techniques that Owner has chosen to implement.

g. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and assist Owner in tabulating the various cost categories which comprise Total Project Costs.

h. Obtain and review Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Also obtain and review copies of Owner's design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents or content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and in the draft Construction Contract Documents, when applicable.

i. Perform or provide the following other Preliminary Design Phase tasks or deliverables: None

j. Furnish two review copies of the Preliminary Design Phase documents, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner within 120 days of authorization to proceed with this phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items.

k. If required by Owner, revise the Preliminary Design Phase documents, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables in response to Owner's comments, as appropriate, and furnish to Owner two copies of the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other deliverables within 21 days after receipt of Owner's comments.

2. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables or on the date Owner's comments are received if revised Preliminary Design Phase documents are not required.

1.03 Final Design Phase

A. After acceptance by Owner of the Preliminary Design Phase documents and any other Preliminary Design Phase deliverables; issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from specific modifications to the Project, or changes, refinements, or supplementation of the Baseline Information.

1. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is **1.** If more prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. If more than one prime construction contract is to be awarded for the Work designed or specified by Engineer, then Owner shall define and set forth (in an exhibit to this Agreement, or in a subsequent document) the duties, responsibilities, and limitations of authority of a person or entity that will have authority and responsibility for coordinating the activities among the various prime Contractors, and any resulting changes in the duties, responsibilities, and authority of Engineer.

3. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime construction contract, or if Engineer's services are to be separately sequenced with the work of one or more prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding/Proposal, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable under such separate prime construction contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such construction contracts is to proceed concurrently.

B. Upon written authorization from Owner, Engineer shall prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor, in accordance with the Preliminary Design Phase documents (as revised) and other Preliminary Design Phase deliverables. As part of the preparation of the Drawings and Specifications, Engineer shall prepare interim drafts and final Drawings and Specifications as follows:

1. Prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor.

2. Visit the Site as needed to assist in preparing the final Drawings and Specifications.

3. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of governmental authorities having jurisdiction to review or approve the final design; assist Owner in consultations with such authorities; and revise the Drawings and Specifications in response to directives from such authorities, as appropriate.

4. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost.

5. After consultation with Owner, include in the Construction Contract Documents any specific protocols for the transmittal of Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website. Any such protocols shall be applicable to transmittals between and among Owner, Engineer, and Contractor during the Construction Phase and Post-Construction Phase, and unless agreed otherwise shall supersede any conflicting protocols previously established for transmittals between Owner and Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.

7. In addition to preparing the final Drawings and Specifications, assemble drafts of other Construction Contract Documents based on specific instructions and contract forms, text, or content received from Owner.

8. Prepare or assemble draft bidding-related documents (or requests for proposals or other construction procurement documents), based on the specific bidding or procurement-related instructions and forms, text, or content received from Owner.

9. Perform or provide the following other Final Design Phase tasks or deliverables: None

10. Furnish for review by Owner, its legal counsel, and other advisors, two copies of the final Drawings and Specifications, assembled drafts of other Construction Contract Documents, the draft bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables, within 120 days of authorization to proceed with the Final Design Phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items, and any instructions for revisions.

11. Revise the final Drawings and Specifications, assembled drafts of other Construction Contract Documents, the draft bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables in accordance with comments and instructions from the Owner, as appropriate, and submit two final copies of such documents to Owner within 21 days after receipt of Owner's comments and instructions.

C. Engineer shall prepare or assemble draft Bidding/Proposal Documents and Front-End Construction Contract Documents as follows:

1. Such documents will be based on the 2018 EJCDC Construction Documents, and on the specific bidding or Contractor selection-related instructions and forms, contract forms, text, or other content received from Owner.

2. When Engineer is required to use other than the 2018 EJCDC Construction Documents, then as required in the Preliminary Design Phase Owner will furnish to Engineer a copy of the required documents to be used for the Project's Bidding/Proposal Documents and Front-End Construction Contract Documents. Prior to the first Final Design Phase submittal, Engineer will review the bidding and contracting documents furnished by Owner and provide comments to Owner. Engineer will meet with Owner to discuss Engineer's comments. Owner will consider Engineer's recommendations to revise Owner's documents for the Project.

3. Engineer will furnish to Owner, for review by Owner's legal counsel, the draft Bidding/Proposal Documents and Front-End Construction Contract Documents. Owner and Owner's legal counsel must transmit to Engineer, in a timely manner, one coordinated set of comments and revisions to the draft documents.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications; assembled drafts of the Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; and any other Final Design Phase deliverables, as revised.

1.04 Bidding/Proposal Phase

A. After acceptance by Owner of the final Drawings and Specifications; assembled drafts of other Construction Contract Documents, including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and any other Final Design Phase deliverables, and upon written authorization by Owner to proceed, Engineer shall:

1. Assist Owner in advertising for and obtaining bids or proposals for the Work; assist Owner in issuing assembled Bidding/Proposal Documents and proposed Construction Contract Documents to prospective contractors; if applicable, maintain a record of prospective contractors to which documents have been issued; attend pre-bid conferences, if any; and receive and process contractor deposits or charges, if any, for the issued documents.

2. Prepare and issue addenda as appropriate to clarify, correct, or change the issued documents.

3. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work. Services under this paragraph are subject to the provisions of Exhibit A Paragraph 2.01 and 2.02.

4. Attend the bid opening; prepare bid tabulation sheets; and assist Owner in evaluating bids or proposals, assembling final Construction Contracts for the Work for execution by Owner and Contractor, and in preparing notices of award to be issued by Owner for such contracts.

5. Provide information or assistance needed by Owner in the course of any review of bids, proposals, or negotiations with prospective contractors.

6. Consult with Owner as to the qualifications of prospective contractors.

7. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.

8. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.

9. Perform or provide the following other Bidding/Proposal Phase tasks or deliverables:

   a. **N/A**

10. The Bidding/Proposal Phase will be considered complete upon award of Construction Contracts for the Work and commencement of the Construction Phase, or upon cessation of negotiations with prospective contractors.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1.05 Construction Phase

A. Upon successful completion of the Bidding/Proposal Phase, and upon written authorization from Owner, Engineer shall provide the following services:

1. General Administration of Construction Contract: Consult with Owner and act as Owner's representative as provided in this Agreement and the Construction Contract. Unless otherwise set forth in the scope of Basic Services (as duly modified), the extent and limitations of the duties, responsibilities, and authority of Engineer shall be as assigned in EJCDC® C-700, Standard General Conditions of the Construction Contract (2018) or other construction general conditions specified in this Agreement. Except as otherwise provided in the Construction Contract, Owner's communications to Contractor will be issued through Engineer.

    a. If the responsibilities of Engineer as set forth in the Construction Contract are greater than those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified, then Owner shall either (1) expand the scope of the Construction Phase services to match those of the Construction Contract, and compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services, or (2) identify a qualified individual or entity (other than Engineer) responsible for the additional responsibilities in the Construction Contract.

    b. If Owner, or Owner and Contractor, modify the duties, responsibilities, and authority of Engineer in the Construction Contract, or modify other terms of the Construction Contract having a direct bearing on Engineer, or if Owner requires Engineer's services for construction that extends longer than the anticipated Construction Contract Times, then Owner shall compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services.

    c. Engineer shall not be required to furnish or perform services contrary to Engineer's responsibilities as a licensed professional.

2. Resident Project Representative (RPR): Provide the services of an RPR at the Site to assist Engineer and to provide more extensive observation of Contractor's Work. Duties, responsibilities, and authority of the RPR are as set forth in Exhibit D. The furnishing of such RPR's services will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit D.

3. Independent Testing Laboratory: An independent testing laboratory to perform required testing services shall be included in the construction contract.

4. Pre-Construction Conference: Participate in a pre-construction conference prior to commencement of Work at the Site; prepare and distribute agenda for the conference and prepare and distribute minutes of such conference.

5. Electronic Transmittal Protocols: If the Construction Contract does not establish protocols for transmittal of Electronic Documents by Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6. Original Documents: If requested by Owner to do so, maintain and safeguard during the Construction Phase at least one original printed record version of the Construction Contract Documents, including Drawings and Specifications signed and sealed by Engineer and other design professionals in accordance with applicable Laws and Regulations. Throughout the Construction Phase, make such original printed record version of the Construction Contract Documents available to Contractor and Owner for review.

7. Schedules: Receive, review, and, and, subject to the criteria of the Construction Contract, determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the progress schedule, schedule of submittals, and schedule of values. Advise Contractor in writing of Engineer's comments or acceptance of schedules.

8. Baselines and Benchmarks: As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.

9. Visits to Site and Observation of Construction: In connection with observations of Contractor's Work while it is in progress:

    a. Make visits to the Site at intervals appropriate to the various stages of the Work, as Engineer deems necessary, to observe as an experienced and qualified design professional, the progress of Contractor's executed Work. Such visits and observations by Engineer, including its RPR, if any, are not intended to be exhaustive or to extend to every aspect of the Work or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Construction Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by its RPR, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Construction Contract Documents, and Engineer shall keep Owner informed of the progress of the Work. Engineer will make a report of Engineer's visit, summarizing Engineer's general observations and any significant findings.

    b. The purpose of Engineer's visits to the Site, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to by this Agreement and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in general to the Construction Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Construction Contract Documents. Engineer will not, during such visits or as a result of such observations of the Work, supervise, direct, or have control over the Work, nor will Engineer have authority over or responsibility for the means, methods, techniques,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to any Constructor's work in progress, for the coordination of the Constructors' work or schedules, nor for any failure of any Constructor to comply with Laws and Regulations applicable to furnishing and performing of its work. Accordingly, Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish or perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents.

10. Defective Work: If, on the basis of Engineer's/Owner's observations or as indicated in documentation available to Engineer, Engineer believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, Engineer will promptly issue written notice to Contractor (with copy to Owner) of such defective Work. Such notice will communicate the scope, extent (to Engineer's understanding) of defect, and associated provisions of the Construction Contract Documents.

    a. Provide recommendations to Owner regarding whether Contractor should correct such Work or remove and replace such Work, or whether Owner should consider accepting the defective Work in accordance with the provisions of the Construction Contract Documents. Engineer shall give notice to Contractor regarding whether the defective Work should be repaired, replaced, or will be accepted by Owner.

    b. However, Engineer's authority to provide this information to Owner or Engineer's decision to exercise or not exercise such authority will not give rise to a duty or responsibility of the Engineer to Contractors, Subcontractors, material and equipment suppliers, their agents or employees, or any other person(s) or entities performing any of the Work, including but not limited to any duty or responsibility for Contractors' or Subcontractors' safety precautions and programs incident to the Work.

11. Compatibility with Design Concept: If Engineer/Owner has express knowledge that a specific part of the Work that is not defective under the terms and standards set forth in the Construction Contract Documents is nonetheless not compatible with the design concept of the completed Project as a functioning whole, then inform Owner of such incompatibility, and provide recommendations for addressing such Work.

12. Clarifications and Interpretations: Accept from Contractor and Owner submittal of all matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. With reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Construction Contract Documents.

13. Non-reviewable Matters: If a submitted matter in question concerns the Engineer's performance of its duties and obligations, or terms and conditions of the Construction Contract Documents that do not involve (a) the performance or acceptability of the Work under the Construction Contract Documents, (b) the design (as set forth in the Drawings, Specifications, or otherwise), or (c) other engineering or technical matters,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

then Engineer will promptly give written notice to Owner and Contractor that Engineer will not provide a decision or interpretation.

14. Field Orders: Subject to any limitations in the Construction Contract Documents, Engineer may prepare and issue Field Orders requiring minor changes in the Work.

15. Change Orders and Work Change Directives: Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.

16. Change Proposals and Claims

    a. Review and respond to Change Proposals. Review each duly submitted Change Proposal from Contractor and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer will not resolve the Change Proposal.

    b. Provide information or data to Owner regarding engineering or technical matters pertaining to Claims.

17. Differing Site Conditions: Respond to any notice from Contractor of differing site conditions, including conditions relating to Underground Facilities such as utilities, and hazardous environmental conditions. Promptly conduct reviews and prepare findings, conclusions, and recommendations for Owner's use subject to limitations of Engineer's obligations under this Agreement.

18. Contractor's Submittals: Review and approve or take other appropriate action with respect to required Contractor Submittals, but only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Construction Contract Documents, and for compatibility with the design concept of the completed Project as a functioning whole as indicated by the Construction Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's Submittal schedule that Engineer has accepted.

19. Substitutes and "Or-equals": Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of Exhibit A Paragraph 2.01.A.2.

20. Inspections and Tests

    a. Receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Construction Contract Documents. Engineer's review of such certificates will be for the purpose of determining whether the results certified indicate compliance with the Construction Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Construction

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Contract Documents. Engineer shall be entitled to rely on the results of such inspections and tests.

b. As deemed reasonably necessary, request that Contractor uncover Work that is to be inspected, tested, or approved.

c. Pursuant to the terms of the Construction Contract, require additional inspections or testing of the Work, whether or not the Work is fabricated, installed, or completed.

21. Contractor's Applications for Payment: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

a. Determine the amounts that Engineer recommends Contractor be paid. Recommend reductions in payment (set offs) based on the provisions for set offs stated in the Construction Contract. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, within the limits of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Construction Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Construction Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work. In the case of unit price Work, Engineer's recommendations of payment will include final determinations of quantities and classifications of the Work (subject to any subsequent adjustments allowed by the Construction Contract Documents).

b. By recommending payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control the Work, or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the money paid to Contractor by Owner; to determine that title to any portion of the Work, including materials or equipment, has passed to Owner free and clear of any liens, claims, security interests, or encumbrances; or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

22. Contractor's Completion Documents: Receive from Contractor, review, and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Construction Contract Documents, certificates of inspection, tests and approvals, and Shop Drawings, Samples, and other data approved as provided under Exhibit A Paragraph 1.06.B.20. Receive from Contractor, review, and transmit to Owner the annotated record documents which are to be assembled by Contractor in accordance with the Construction Contract Documents to obtain final payment. The extent of Engineer's review of record documents will be to check that Contractor has submitted a complete set of those documents that Contractor is required to submit.

23. Substantial Completion: Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, visit the Site in company with Owner and Contractor to review the Work and determine the status of completion. Follow the procedures in the Construction Contract regarding the preliminary certificate of Substantial Completion, punch list of items to be completed, Owner's objections, notice to Contractor, and issuance of a final certificate of Substantial Completion. Assist Owner regarding any remaining engineering or technical matters affecting Owner's use or occupancy of the Work following Substantial Completion.

24. Other Tasks: Perform or provide the following other Construction Phase tasks or deliverables:

    a. Engineer shall perform MCWI/ARPA grant management and project closeout.

25. Completion and Acceptability of the Work: After notice from Contractor that the Work is complete:

    a. visit the Site with Owner and Contractor to determine if the Work is in fact complete and acceptable;

    b. notify Contractor of any part of the Work that is found during the visit to be incomplete or defective, and subsequently confirm that Contractor has corrected any such deficiencies;

    c. follow the procedures in the Construction Contract regarding review and response to Contractor's application for final payment and accompanying documentation; and

    d. if Engineer is satisfied that the Work is complete and acceptable, provide a notice to Owner and Contractor using EJCDC® C-626, Notice of Acceptability of Work (attached as Exhibit E), stating that the Work is acceptable (subject to the provisions of the Notice and this Exhibit A) within the limits of Engineer's knowledge, information, and belief, and based on the extent of the services provided by Engineer under this Agreement.

26. Standards for Certain Construction-Phase Decisions: Engineer will render decisions regarding the requirements of the Construction Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth in the Construction Contract for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

B. Duration of Construction Phase: The Construction Phase will commence with the execution of the first Construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractor. If the Project involves more than one prime contract as indicated in Exhibit A Paragraph 1.04.A.1, then Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services, if any) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

1.06 Post-Construction Phase

A. Upon written authorization from Owner during the Post-Construction Phase, Engineer shall:

1. Together with Owner, visit the Project to observe any apparent defects in the Work, make recommendations as to replacement or correction of defective Work, if any, or the need to repair of any damage to the Site or adjacent areas, and assist Owner in consultations and discussions with Contractor concerning correction of any such defective Work and any needed repairs.

2. Together with Owner, visit the Project within one month before the end of the Construction Contract's correction period to ascertain whether any portion of the Work or the repair of any damage to the Site or adjacent areas is defective and therefore subject to correction by Contractor.

3. Perform or provide the following other Post-Construction Phase tasks or deliverables:

a. Survey grade as-builts in .pdf and .dwg format

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit A, will terminate 12 months after the commencement of the Construction Contract's correction period.

ARTICLE 2—ADDITIONAL SERVICES

2.01 Additional Services Not Requiring Owner's Written Authorization

A. Engineer shall advise Owner that Engineer is commencing to perform or furnish the Additional Services of the types listed below. For such Additional Services, Engineer need not request or obtain specific advance written authorization from Owner. Engineer shall cease performing or furnishing such Additional Services upon receipt of written notice to cease from Owner. These services are not included as part of Basic Services and will be paid for by Owner through a supplemental agreement.

1. Substantive design and other technical services in connection with Work Change Directives, Change Proposals, and Change Orders to reflect changes requested by Owner.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. Services essential to the orderly progress of the Bidding/Proposal and Construction Phases and not wholly quantifiable prior to those Phases or otherwise dependent on the actions of prospective individual bidders or contractors and including:

    a. making revisions to Drawings and Specifications occasioned by the acceptance of substitute materials or equipment other than “or equal” items;

    b. services after the award of the Construction Contract in evaluating and determining the acceptability of a proposed "or equal" or substitution which is found to be inappropriate for the Project;

    c. evaluation and determination of an excessive number of proposed "or equals" or substitutions, whether proposed before or after award of the Construction Contract; and

    d. providing to the Contractor or Owner additional or new information not previously prepared or developed by the Engineer for their use in applying for or obtaining required permits and licenses, in responding to agency comments on such applications, or in the administration of any such permits or licenses.

3. Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

4. Additional or extended services arising from (a) the presence at the Site of any Constituent of Concern or items of historical or cultural significance, (b) emergencies or acts of God endangering the Work, (c) damage to the Work by fire or other causes during construction, (d) a significant amount of defective, neglected, or delayed Work, (e) acceleration of the progress schedule involving services beyond normal working hours, or (f) default by Contractor.

5. Services (other than Basic Services during the Post-Construction Phase) in connection with any partial utilization of the Work by Owner prior to Substantial Completion.

6. Evaluating unreasonable or frivolous requests for interpretation or information (RFIs), Change Proposals, or other demands from Contractor or others in connection with the Work, or an excessive number of RFIs, Change Proposals, or demands.

7. Reviewing a Shop Drawing or other Contractor submittal more than three times, as a result of repeated inadequate submissions by Contractor.

8. While at the Site, compliance by Engineer and its staff with those terms of Owner's or Contractor's safety program provided to Engineer subsequent to the Effective Date that exceed those normally required of engineering personnel by federal, State, or local safety authorities for similar construction sites.

2.02 Additional Services Requiring Owner’s Written Authorization

A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner through a supplemental agreement.

1. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

2. Services to make measured drawings of existing conditions or facilities, to conduct tests or investigations of existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by Owner or others.

3. Services resulting from significant changes in the scope, extent, or character of the portions of the Project designed or specified by Engineer, or the Project's design requirements, including, but not limited to, changes in size, complexity, Owner's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Construction Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond Engineer's control.

4. Services resulting from Owner's request to evaluate additional Study and Report Phase alternative solutions beyond those agreed to in Exhibit A Paragraph 1.02.A.1.

5. Services required as a result of Owner's providing incomplete or incorrect Project information to Engineer.

6. Providing renderings or models for Owner's use, including development, management, and other services in support of building information modeling or civil integrated management.

7. Undertaking investigations and studies including, but not limited to:

    a. All-hazards risk assessments and other studies to evaluate the feasibility of enhancing the resiliency of the design;

    b. detailed consideration of operations, maintenance, and overhead expenses;

    c. the preparation of feasibility studies (such as those that include projections of output capacity, utility project rates, project market demand, or project revenues) and cash flow analyses, provided that such services are based on the engineering and technical aspects of the Project, and do not include rendering advice regarding municipal financial products or the issuance of municipal securities;

    d. preparation of appraisals;

    e. with respect to proprietary systems or processes requiring licensing, providing services necessary to assist Owner in obtaining such licensing.

    f. detailed quantity surveys of materials, equipment, and labor; and

    g. audits or inventories required in connection with construction performed or furnished by Owner.

8. Furnishing services of Subconsultants or Engineer's Subcontractors for other than Basic Services.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

9. Providing data or services of the types described in Article 2, when Owner retains Engineer to provide such data or services instead of Owner furnishing the same.

10. Providing the following services:

    a. Services attributable to more prime construction contracts than specified in Exhibit A.

    b. Services to arrange for performance of construction services for Owner by contractors other than the principal prime Contractor, and administering Owner's contract for such services.

11. Services during out-of-town travel required of Engineer, other than for visits to the Site or Owner's office as required in Basic Services (Article 1 of Exhibit A).

12. Preparing for, coordinating with, participating in and responding to structured independent review processes, including, but not limited to, construction management, cost estimating, project peer review, value engineering, and constructability review requested by Owner; and performing or furnishing services required to revise studies, reports, Drawings, Specifications, or other documents as a result of such review processes.

13. Preparing additional bidding-related documents (or requests for proposals or other construction procurement documents); preparing pre-qualification procedures and documents, and participating in pre-qualifying prospective Bidders; and preparing Construction Contract Documents for alternate bids.

14. Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

15. Preparing conformed Construction Contract Documents that incorporate and integrate the content of all addenda and any amendments negotiated by Owner and Contractor.

16. Services to assist Owner in developing or modifying protocols for transmittal of Electronic Documents by Electronic Means after the effective date of this Agreement, either by revising or adapting Exhibit F to the Project or implementing other Electronic Documents protocols among Project participants.

17. Providing Construction Phase services beyond the original date for completion and readiness for final payment of Contractor, but only if such services increase the total quantity of services to be performed in the Construction Phase, rather than merely shifting performance of such services to a later date.

18. Supplementing Record Drawings with information regarding the completed Project, Site, and immediately adjacent areas obtained from field observations, Owner, utility companies, and other reliable sources.

19. Conducting surveys, investigations, and field measurements to verify the accuracy of Record Drawing content obtained from Contractor, Owner, utility companies, and other sources; revise and supplement Record Drawings as needed.

20. Preparation of operation, maintenance, and staffing manuals.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

21. Protracted or extensive assistance in refining and adjusting of Project equipment and systems (such as initial startup, testing, and balancing).
22. Assistance to Owner in training Owner's staff to operate and maintain Project equipment and systems.
23. Assistance to Owner in developing systems and procedures for (a) control of the operation and maintenance of Project equipment and systems, and (b) related recordkeeping.
24. Preparing to serve or serving as a consultant or witness for, or producing documents for or on behalf of, Owner in any litigation, arbitration, mediation, lien or bond claim, or other legal or administrative proceeding involving the Project (but not including disputes between Owner and Engineer).
25. Other additional services performed or furnished by Engineer not otherwise provided for in this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT B—DELIVERABLES SCHEDULE

Paragraphs 2.04.E, 3.02.A, and Exhibit A of the Agreement are supplemented by the following paragraph and table.

Engineer shall furnish Documents to Owner as required in Column 2 of the following table (and as further described in Exhibit A), according to the schedule in Column 4. Owner shall comment or take other identified actions with respect to the Documents as indicated in Column 2 (and as further described in Exhibit A), according to the schedule in Column 4.

Party	Action	Exhibit A Reference	Schedule
Engineer	Submit **1** review copies of the Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.02	Within **120** days of Owner's authorization to proceed with Preliminary Design Phase services.
Owner	Submit comments regarding Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Engineer.	1.02	Within **14** days of the receipt from Engineer of Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **1** copies of the revised Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.02	Within **21** days of the receipt of Owner's comments regarding the Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **1** copies of the Final Design Phase draft of Drawings and Specifications to Owner.	1.03	Within **120** days of Owner's authorization to proceed with Final Design Phase services.
Owner	Submit comments and instructions regarding the first Final Design Phase draft of Drawings and Specifications to Engineer.	1.03	Within **14** days of the receipt of the first final Design Phase drafts of Drawings and Specifications from Engineer.
Engineer	Submit to Owner: **1** copies of the revised final, completed, pricing-ready and construction-ready Drawings and Specifications; and **1** of copies of assembled Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables.	1.03	Within **21** days of receipt of Owner's final comments and instructions regarding the regarding the final, completed, pricing-ready and construction-ready Drawings and Specifications, the Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT C - OWNER'S RESPONSIBILITIES

Article 2 of the Agreement is supplemented to include the following agreement of the parties.

2.06 In addition to other responsibilities of Owner as set forth in this Agreement, Owner shall at its expense:

A. Provide Engineer with all criteria and full information as to Owner's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility, and expandability, and any budgetary limitations.

B. Give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Furnish copies (or give specific directions requesting Engineer to use copies already in Engineer's possession) of all design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents and content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and draft Construction Contract Documents, when applicable. Owner shall have responsibility for the final content of (1) such bidding-related documents (or requests for proposals or other construction procurement documents), and (2) those portions of any Construction Contract other than the design (as set forth in the Drawings, Specifications, or otherwise), and other engineering or technical matters; and Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. Furnish to Engineer any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

D. Arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under the Agreement.

E. Advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructibility review.

F. If Owner designates a construction manager or an individual or entity other than, or in addition to, Engineer to represent Owner at the Site, define and set forth as an attachment to this Exhibit B the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

G. If more than one prime contract is to be awarded for the Work designed or specified by Engineer, then designate a person or entity to have authority and responsibility for

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

coordinating the activities among the various prime Contractors, and define and set forth the duties, responsibilities, and limitations of authority of such individual or entity and the relation thereof to the duties, responsibilities, and authority of Engineer as an attachment to this Exhibit B that is to be mutually agreed upon and made a part of this Agreement before such services begin.

H. Inform Engineer in writing of any specific requirements of safety or security programs that are applicable to Engineer, as a visitor to the Site.

I. Examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

J. Inform Engineer regarding any need for assistance in evaluating the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

K. Advise Engineer as to whether Engineer's assistance is requested in identifying opportunities for enhancing the sustainability of the Project.

L. Place and pay for advertisement for Bids in appropriate publications.

M. Furnish to Engineer data as to Owner's anticipated costs for services to be provided by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) for Owner so that Engineer may assist Owner in collating the various cost categories which comprise Total Project Costs.

N. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.

O. Authorize Engineer to provide Additional Services as set forth in Part 2 of Exhibit A of the Agreement, as required.

P. Perform or provide the following: None.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT D—DUTIES, RESPONSIBILITIES, AND LIMITATIONS OF AUTHORITY OF RESIDENT PROJECT REPRESENTATIVE

ARTICLE 1—RESIDENT PROJECT REPRESENTATIVE SERVICES

Article 1 of the Agreement, Services of Engineer, and Exhibit A, Engineer's Services, are supplemented to include Exhibit D Paragraphs 1.01, 1.02, and 1.03, as follows:

1.01 Resident Project Representative

A. Engineer shall furnish a Resident Project Representative ("RPR") to observe progress and quality of the Work. The RPR may provide full time representation or may provide representation to a lesser degree. RPR is Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

B. Subject to the scope of RPR's observations of the Work, which may include field checks of materials and installed equipment, Engineer shall endeavor to identify defects and deficiencies in the Work. However, Engineer shall not, as a result of such RPR observations of the Work, supervise, direct, inspect, or have control over the Work, nor shall Engineer (including the RPR) have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to the Work or any Constructor's work in progress, for the coordination of the Constructors' work or schedules, or for any failure of any Constructor to comply with Laws and Regulations applicable to the performing and furnishing of its work. The Engineer (including RPR) neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents. In addition, the specific terms set forth in Exhibit A Paragraph 1.05 are applicable.

1.02 Duties and Responsibilities of RPR

A. The duties and responsibilities of the RPR are as follows:

1. General: RPR's dealings in matters pertaining to the Work in general will be with Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, schedule of values, and other schedules prepared by Contractor and consult with Engineer concerning acceptability of such schedules.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings (but not including Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Safety Compliance: Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

5. Liaison

    a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Construction Contract Documents.

    b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

    c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

6. Clarifications and Interpretations: Receive from Contractor submittal of any matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. Report to Engineer regarding such RFIs. Report to Engineer when clarifications and interpretations of the Construction Contract Documents are needed, whether as the result of a Contractor RFI or otherwise. Transmit Engineer's clarifications, interpretations, and decisions to Contractor.

7. Shop Drawings, Samples, and other Submittals

    a. Receive Samples that are furnished at the Site by Contractor.

    b. Receive Contractor-approved Shop Drawings.

    c. Receive other Submittals from Contractor.

    d. Record date of receipt of Samples, Contractor-approved Shop Drawings, and other Submittals.

    e. Notify Engineer of availability of Samples for examination, and forward Contractor-approved Shop Drawings and other Submittals to Engineer. When appropriate recommend distribution of Submittal to specified Subconsultants.

    f. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal, if RPR believes that the submittal has not been received from Contractor, or has not been approved by Contractor or Engineer.

8. Proposed Modifications: Consider and evaluate Contractor's suggestions for modifications to the Drawings or Specifications, and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit Engineer's response (if any) to such suggestions to Contractor.

9. Review of Work; Defective Work

    a. Report to Engineer whenever RPR believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, and provide recommendations as to whether such Work should be corrected,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

removed and replaced, or accepted as provided in the Construction Contract Documents.

b. Inform Engineer of any Work that RPR believes is not defective under the terms and standards set forth in the Construction Contract Documents, but is nonetheless not compatible with the design concept of the completed Project as a functioning whole, and provide recommendations to Engineer for addressing such Work.

c. Advise Engineer of that part of the Work that RPR believes should be uncovered for observation, or requires special testing, inspection, or approval.

10. Inspections, Tests, and System Start-ups

a. Consult with Engineer in advance of scheduled inspections, tests, and systems start-ups.

b. Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.

c. Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.

d. Observe whether Contractor has arranged for inspections required by Laws and Regulations, including but not limited to those to be performed by public or other agencies having jurisdiction over the Work.

e. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Work, record the results of these inspections, and report to Engineer.

f. Nothing in this Agreement will be construed to require RPR to conduct inspections.

11. Records

a. Maintain at the Site orderly files for correspondence, reports of job conferences, copies of Construction Contract Documents including all Change Proposals, Change Orders, Field Orders, Work Change Directives, Addenda, additional Drawings issued subsequent to the execution of the Construction Contract, RFIs, Engineer's clarifications and interpretations of the Construction Contract Documents, progress reports, approved Shop Drawing and Sample submittals, and other Project-related documents.

b. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Proposals, Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

c. Upon request from Owner to Engineer, photograph or video Work in progress or Site conditions.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

d. Record and maintain accurate, up-to-date lists of the company names and points of contact for Contractors, Subcontractors, and major Suppliers of materials and equipment.

e. Maintain records for use in preparing Project documentation.

f. Upon completion of the Work, furnish original set of all RPR Project documentation to Engineer.

12. Reports

a. Furnish periodic reports as required of progress of the Work and of Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.

b. Draft responses to or make recommends on Change Proposals, Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.

c. Furnish to Engineer and Owner copies of all inspection, test, and system start-up reports.

d. Immediately inform appropriate parties of the occurrence of any Site accidents, emergencies, natural catastrophes endangering the Work, possible force majeure or delay events, damage to property by fire or other causes, or the discovery of any potential differing site condition or Constituent of Concern.

13. Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the schedule of values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.

14. Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.

15. Completion

a. Participate in Engineer's visits to the Site regarding Substantial Completion, assist in the determination of Substantial Completion, and prior to the issuance of a Certificate of Substantial Completion submit a punch list of observed items requiring completion or correction.

b. Participate in Engineer's visit to the Site in the company of Owner and Contractor, to determine completion of the Work, and prepare a final punch list of items to be completed or corrected by Contractor.

c. Observe whether all items on the final punch list have been completed or corrected, and make recommendations to Engineer concerning acceptance and issuance of the Notice of Acceptability of the Work (Exhibit E).

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1.03 Limitations of Authority

A. Resident Project Representative shall not:

1. Authorize any deviation from the Construction Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in this Agreement.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers, or any Constructor.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of the Work, by Contractor or any other Constructor.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

EXHIBIT G—INSURANCE

ARTICLE 1—INSURANCE

Paragraph 6.04 of the Agreement, Insurance, is supplemented to include the following Exhibit G Paragraphs 1.01 and 1.02:

1.01 Insurance Policies and Limits

A. In accordance with Paragraph 6.04.A of the Agreement, the insurance that Engineer must procure and maintain, and the policy limits of such insurance, are as follows:

Coverage	Policy limits of not less than:
Workers' Compensation	
State	Statutory
Employer's Liability	
Each accident	$100,000
Each employee	$100,000
Policy limit	$500,000
Commercial General Liability	
General Aggregate	$2,000,000
Personal and Advertising Injury	$1,000,000
Bodily Injury and Property Damage—Each Occurrence	$1,000,000
Automobile Liability	
Bodily Injury	
Each Person	$1,000,000
Each Accident	$1,000,000
Property Damage	
Each Accident	$1,000,000
Or	
Combined Single Limit	
Combined Single Limit (Bodily Injury and Property Damage)	$1,000,000
Excess or Umbrella Liability	
Each Occurrence	$2,000,000
General Aggregate	$2,000,000
Professional Liability	
Each Claim	$1,000,000
Annual Aggregate	$1,000,000
Unmanned Aerial Vehicle Liability Insurance	
Each Claim	$
General Aggregate	$
Other Insurance [Specify]	
Each Claim	$NA
General Aggregate	$NA

EXHIBIT H— SUBAWARD TERMS AND CONDITIONS FOR CONTRACTED PARTIES

1. AUTHORITY TO PARTICIPATE IN THIS AGREEMENT

The Contracted Party certifies that (a) it is either a 1) state agency, 2) a validly organized business that is authorized to do business in the state of Mississippi, 3) a nongovernmental organization, or 4) a political subdivision of the state of Mississippi with valid authority to enter into this agreement and; (b) entry into and performance under this agreement is not restricted or prohibited by any loan, security, financing, contractual, or other agreement of any kind; and (c) notwithstanding any other provision of this Agreement to the contrary, that there are no existing legal proceedings, either voluntary or otherwise, which may adversely affect its ability to perform its obligations under this agreement.

2. DEBARMENT AND SUSPENSION

Contractor/Contracted Parties certifies to the best of its knowledge and belief, that it:

A. is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transaction by any federal department or agency or any political subdivision or agency of the State of Mississippi;

B. has not, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against it for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction;

C. has not, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against it for a violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

D. is not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of these offenses enumerated in Article 2.B. and Article 2.C., above; and,

E. has not, within a three (3) year period preceding this Agreement, had one or more public transactions (federal, state, or local) terminated for cause or default.

This agreement is subject to 31 C.F.R. Part 19.

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. INDEMNIFICATION

To the extent allowed by state law, Contracted Party agrees to indemnify and save, release and hold harmless the State of Mississippi, the Commission on Environmental Quality, MDEQ, all of their employees and officers, and the Department's contractors from and against any and all claim, demand, cause of action, liability, loss, damage, injury, suit, judgment, debt and cost, including attorney's fees or expenses on the part of any Contracted Party, their agents or employees or any other parties arising out of or incident to, any and all Work under the terms of this Agreement.

4. RELATIONSHIP STATUS

The Contracted Party acknowledges and agrees that MDEQ is not a party, in any manner whatsoever, to any contract between the SUBRECIPIENT and the construction contractor(s), engineer(s), attorney(s), equipment supplier(s), contractor(s), or between any other parties of any kind whatsoever (hereinafter collectively referred to as "vendor"). The SUBRECIPIENT and Contracted Party also acknowledge and agree that any benefit to vendors contracting with the SUBRECIPIENT or Contracted Parties arising from or associated with this Agreement is strictly incidental and all such vendors are not and are not intended to be considered as third-party beneficiaries under any agreement between MDEQ and the SUBRECIPIENT.

Upon execution of any contract between the SUBRECIPIENT and any other party in regard to the project, MDEQ does not assume any authorities, duties, responsibilities, or liabilities under such contract. The SUBRECIPIENT and Contracted Party shall not have any authority to bind or otherwise obligate MDEQ, directly or indirectly, under any contract or agreement between the SUBRECIPIENT and any other party. The SUBRECIPIENT, Contracted Party and its vendors acknowledge and agree that any action taken by MDEQ in its role of grantor, or in its separate and distinct role as regulator shall not in any way change or alter its position as that of grantor.

MDEQ does not have any authority, duty, responsibility, or liability in contract claims or dispute identification, negotiation, resolution, or any other actions regarding contract claims under the contract(s) between the SUBRECIPIENT and any other party. The SUBRECIPIENT and the Contracted Party acknowledge and agree that MDEQ is not obligated to review, comment on, approve, or discuss the merits of any contract claims presented by or to any party. Any MDEQ reviews, approvals, observations, presence at meetings, written communications, verbal communications or other actions are not to be interpreted as addressing the merits of any claims, nor are they to be construed as interpreting the contract between the SUBRECIPIENT and the Contracted Party or any other parties.

5. ACCESS TO RECORDS

Provided Contracted Party is given reasonable advance written notice and such inspection is made during normal business hours of Contracted Party, then the Government Accountability Office, MDEQ, the State or any duly authorized representatives shall have unimpeded, prompt access to any of Contracted Party's books, documents, papers, and other records which are maintained or produced

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

as a result of the Project for the purpose of making audits, investigations, examinations, excerpts, transcriptions, and copies of such documents. This right also includes timely and reasonable access to the Contracted Party's personnel for the purpose of interview and discussion related to such documents. All records related to this Agreement shall be retained by Contracted Party for a minimum of ten (10) years after final payment is made under this Agreement and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this Project is commenced before the end of the ten (10) year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the ten (10) year period, whichever is later.

Contracted Party is not required to retain the above-mentioned records for the ten (10) year period prescribed in this Section and the "Right to Audit" provision only if all of the following conditions are satisfied:

A. Contracted Party has provided all of the documents described above and in the "Right to Audit" provision to MDEQ prior to the expiration of the ten (10) year retention period and a certification stating the same is simultaneously provided in writing to MDEQ;

B. No audit, litigation or other action arising out of or related in any way to this Project is commenced before Contracted Party provides the records and corresponding certification to MDEQ, in which case, Contracted Party shall retain the records until all issues arising out of the action are finally resolved; and

C. Contracted Party provides MDEQ a minimum of thirty (30) days written notice before providing the above-mentioned records and corresponding certification.

6. RECORD RETENTION AND RIGHT TO AUDIT

The Contracted Party shall maintain and retain books, documents, papers, financial records and other records, including electronic records, as may be prescribed by the MDEQ or by applicable federal and state laws, rules, and regulations. Contracted Party shall retain these records for a period of ten (10) years after final payment. These records shall be made available during the term of the Agreement and the subsequent ten (10) year period for examination, transcription, and audit by MDEQ, the Mississippi State Auditor's Office, its designees, or other authorized bodies, including the Office of Inspector General. If any litigation, claim, investigation, or audit relating to this Agreement or an activity funded under the Agreement is started before the expiration of the ten (10) year period, the records must be retained until all litigation, claims, investigations, or audit findings involving the records have been resolved and final action taken.

7. RIGHT TO INSPECT WORK; SITE ACCESS

MDEQ and their representatives, invitees, and consultants shall have access and the right to conduct announced and unannounced onsite and offsite physical visits to inspect all Work hereunder. Upon request by MDEQ, Contracted Party shall provide MDEQ and its representatives, invitees, and consultants with the opportunity to participate in site inspections, meetings, and/or teleconferences, as

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

appropriate, related to the performance of the Work.

8. CONFLICT OF INTEREST

The Contracted Party covenants that he presently has no interest and shall not acquire any interest direct or indirect in the Project that is the subject to this Agreement or any parcels therein, where applicable, or any other interest which would conflict in any manner or degree with the performance of his services hereunder. The Contracted Party further covenants that, in the performance of this agreement, no person having any such interest shall be employed.

The Contracted Party agrees to establish safeguards to prohibit employees from using positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have a family, business, or other tie.

9. COOPERATION AND EVALUATION

The Contracted Party agrees to assist and cooperate with the MDEQ or its duly designated representatives in the monitoring of the Project(s) to which the Agreement relates, and to provide in form and manner approved by MDEQ such monitoring reports, progress reports, and the like as may be required and to provide such reports at the times specified.

Further, the Contracted Party agrees to cooperate with MDEQ or its duly designated representatives by providing timely responses to all reasonable requests for information to assist in evaluation of the accomplishments of the Project and the agreement for a period of ten (10) years after the date on which the Final Reports are provided.

EXHIBIT I — APPENDIX II TO PART 200 – CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141–3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible

under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) See § 200.323.

(K) See § 200.216.

(L) See § 200.322.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET BC-1: BASIC SERVICES—LUMP SUM

ARTICLE 1—COMPENSATION PACKET BC-1: BASIC SERVICESLUMP SUM

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 1.01:

1.01 Compensation for Basic Services— Lump Sum Method of Payment

A. Owner shall pay Engineer for Basic Services set forth in Exhibit A as follows:

1. A Lump Sum amount of $2,185,000.00 based on the following estimated distribution of compensation:

a.	Study and Report Phase	$0.00
b.	Preliminary Design Phase	$630,000.00
c.	Final Design Phase	$675,000.00
d.	Bidding and Negotiating Phase	$40,000.00
e.	Construction Phase including RPR	$825,000.00
f.	Post-Construction Phase	$15,000.00

2. Engineer may alter the distribution of compensation between individual phases noted herein, but shall not exceed the total Lump Sum amount unless approved in writing by the Owner.

3. The Lump Sum includes compensation for Engineer's services and services of Engineer's Consultants, if any. Appropriate amounts have been incorporated in the Lump Sum to account for labor costs, overhead, profit, expenses, and Consultant charges.

4. Reimbursable Expenses are included in the Lump Sum Fee.

5. The portion of the Lump Sum amount billed for Engineer's services will be based upon Engineer's estimate of the percentage complete of each phase identified above.

6. The Lump Sum includes all grant management and grant compliance throughout the period of service.

Period of Service*:* The compensation amount stipulated in Compensation Packet BC-1 is conditioned on a period of service not exceeding 10 months for Design Phase and Bidding Phase Services and an estimated 12 months for Construction Phase Services.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH COVINGTON CIVIL AND ENVIRONMENTAL, LLC, FOR ENGINEERING SERVICES IN CONNECTION WITH THE NORTH GULFPORT WASTEWATER TREATMENT PLANT HEADWORKS PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the North Gulfport Wastewater Treatment Plant Headworks Project, a project intended to increase and improve the headworks at North Gulfport Wastewater Treatment Plant; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the North Gulfport Wastewater Treatment Plant Headworks Project and received proposals from five (5) firms; and

WHEREAS, after referral to and grading by a selection committee, Covington Civil and Environmental, LLC, was selected as the highest scoring firm (see January 2, 2024, minutes) and recommended for award Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the North Gulfport Wastewater Treatment Plant Headworks Project to Covington Civil And Environmental, LLC, and to approve an agreement with Covington Civil and Environmental, LLC, subject to final approval of the Legal Department, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the North Gulfport Wastewater Treatment Plant Headworks Project., be and the same is hereby approved and the proposed Engineering Services Contract between Covington Civil and Environmental, LLC, and the City be and it is hereby approved in substantially the form found at Exhibit "A" hereto, subject to final approval by the Legal Department, and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Flowers, and was adopted by the following roll call vote:

YEAS:	**NAYS:**	**ABSENT:**
Roland	**None**	**Casey**
Walker		**Holmes-Hines (out)**
Sharp		
Flowers		
Kosloski		

WHEREUPON the President declared the motion carried and the Resolution adopted, this the 6th day of February, 2024.

CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:

Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the 7th day of February, 2024.

APPROVED:

From: Jeremy R. Harrison, P.E., Director of Engineering

Date: January 29, 2024

Re: **Recommendation to Approve Engineering Services Contract**
- Covington Civil & Environmental, LLC
- North Gulfport Wastewater Treatment Plant - Headworks Project (MCWI)

Attached for your consideration is the Engineering Services Contract for the referenced project in the not-to-exceed amount of $2,185,000.00. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

This Project includes increasing and improving the headworks at North Gulfport Wastewater Treatment Plant. The total cost of engineering and construction for this project is $19,000,000.00. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure "MCWI" and the American Rescue Plan Act "ARPA".

I recommend approval of this contract.

Re: North Gulfport Wastewater Treatment Plant – Headworks Project

Dear Mr. Harrison:

Covington Civil & Environmental LLC (Covington) is pleased to furnish the City of Gulfport our contract to provide engineering services to replace the Headworks at the North Gulfport WWTP. Our team, which includes process and structural engineers who designed the original North Plant are ready to serve the City of Gulfport. We look forward to working with the City to complete this important project on time and within budget.

Sincerely,

AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES

This is an Agreement between **City of Gulfport** (Owner) and **Covington Civil and Environmental, LLC** (Engineer). Owner's Project, of which Engineer's services under this Agreement are a part, is generally identified as **North Gulfport Wastewater Treatment Plant – Headworks** (Project). Other terms used in this Agreement are defined in Article 7. Engineer's services under this Agreement are generally identified as design phase services including preparation of contract documents (plans and specifications), bid phase services for project award, construction phase services including processing of progress payments and project representative services.

Owner and Engineer further agree as follows:

ARTICLE 1—SERVICES OF ENGINEER

1.01 Scope

A. Engineer shall provide, or cause to be provided, the services set forth herein and in Exhibit A.

ARTICLE 2—OWNER'S RESPONSIBILITIES

2.01 Project Information

A. To the extent Owner has not already provided the following, or has new, additional, or revised information from that previously provided, Owner shall provide Engineer with information and data needed by Engineer in the performance of Basic and Additional Services, including Owner's:

1. design objectives and constraints;
2. space, capacity, and performance requirements;
3. flexibility and expandability needs;
4. design and construction standards;
5. budgetary limitations; and
6. any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

B. Following Engineer's assessment of initially-available Project information and data and upon Engineer's request, Owner shall obtain, furnish, or otherwise make available (if necessary through retention of specialists or consultants) such additional Project-related information and data as is reasonably required to enable Engineer to complete its Basic and Additional Services; or, with consent of Engineer, Owner may authorize the Engineer to obtain or provide all or part of such additional information as Additional Services. Such additional information or data may include the following:

1. Property descriptions.
2. Zoning, deed, and other land use restrictions.
3. Explorations and tests of subsurface conditions at or adjacent to the Site; geotechnical reports and investigations; drawings of physical conditions relating to existing surface

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or subsurface structures at the Site; hydrographic surveys, laboratory tests and inspections of samples, materials, and equipment; appropriate professional interpretation of such information or data.

4. Environmental assessments, audits, investigations, and impact statements, and other relevant environmental, historical, or cultural studies relevant to the Project, the Site, and adjacent areas.

5. Data or consultations as required for the Project but not otherwise identified in this Agreement.

C. Owner shall examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

D. Owner shall furnish to Engineer data as to Owner's anticipated costs for services to be provided to Owner by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) so that Engineer may assist Owner in collating the various cost categories that comprise Total Project Costs.

E. Owner shall advise Engineer if any invention, design, process, product, or device that Owner has requested, required, or recommended for inclusion in the Drawings or Specifications will be subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights.

F. Owner shall inform Engineer as to whether Engineer's assistance is requested with respect to Owner's evaluation of the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

2.02 Owner's Instructions Regarding Bidding/Proposal and Front-End Construction Contract Documents

A. Owner shall give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable) and Owner's construction contract practices and requirements, and furnish to Engineer (or give specific directions requesting Engineer to use copies already in Engineer's possession) the following:

1. Owner's standard contract forms, general conditions (if other than the current edition of EJCDC® C-700, Standard General Conditions of the Construction Contract), supplementary conditions, text, and related documents and content for Engineer to include in the draft Bidding/Proposal Documents, and in draft Front-End Construction Contract Documents;

2. insurance and bonding requirements;

3. protocols for electronic transmittals during bidding and construction;

4. Owner's safety and security programs applicable to Contractor and other Constructors;

5. diversity and other social responsibility requirements;

6. bidding and contract requirements of funding, financing, or regulatory entities;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7. other specific conditions applicable to the procurement of construction or contract documents;

8. any other information necessary for Engineer to assist Owner in preparing its Bidding/Proposal Documents and Front-End Construction Contract Documents.

B. Owner shall have responsibility for the final content of (1) such Bidding/Proposal Documents, and (2) such Front-End Construction Contract Documents, other than content furnished by Engineer concerning the design (as set forth in the Drawings, Specifications, or otherwise) or other engineering or technical matters.

1. Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. If there will be an advertisement soliciting bids for construction, Owner shall place and pay for such advertisement.

2.03 Owner-Furnished Services

A. Recognizing and acknowledging that Engineer's services and expertise do not include the following services, Owner shall obtain, as required for the Project:

1. Accounting, bond and financial advisory services (including, if applicable, "municipal advisor" services as described in Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) and the municipal advisor registration rules issued by the Securities and Exchange Commission), independent cost estimating, and insurance counseling services.

2. Legal services, including attorney review of proposed Construction Contract Documents, legal services required by Owner, legal services needed as a result of issues raised by Contractor, and Project-related legal services reasonably requested by Engineer.

3. Auditing services, including those needed by Owner to ascertain how or for what purpose Contractor has used money paid to it.

B. Owner shall provide the services of an independent testing laboratory to perform all inspections, tests, and approvals of samples, materials, and equipment required by the Construction Contract Documents (other than those required to be furnished or arranged by Contractor), or to evaluate the performance of materials, equipment, and facilities of Owner, prior to their incorporation into the Work with appropriate professional interpretation thereof. Owner shall provide Engineer with the findings and reports generated by testing laboratories, including findings and reports obtained from or through Contractor.

C. Owner shall acquire or arrange for acquisition of the Site(s) and any temporary or permanent rights of access, easements, or property rights needed for the Project.

D. With respect to the portions or phases of the Project designed or specified by Engineer, Owner shall provide, obtain, or arrange for:

1. all required reviews, approvals, consents, and permits from governmental authorities having jurisdiction, and

2. such reviews, approvals, and consents from others as may be necessary for completion of each portion or phase of the Project.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Owner may delegate to Contractor or others the responsibilities set forth in Paragraphs 2.03.C and D.

2.04 Owner's General Responsibilities

A. Owner shall inform Engineer of the policies, procedures, and requirements of Owner that are applicable to Engineer's performance of services under this Agreement.

B. Owner shall provide Engineer with Owner's budget for the Project, including type and source of funding to be used, and will promptly inform Engineer if the budget or funding sources change.

C. Owner shall inform Engineer in writing of any safety or security programs that are applicable to the personnel of Engineer, its Subconsultants, and Engineer's Subcontractors, as they visit the Site or otherwise perform services under this Agreement.

D. Owner shall arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under this Agreement.

E. Owner shall provide necessary direction and make decisions, including prompt review of Engineer's submittals, and carry out its other responsibilities in a timely manner so as not to delay Engineer's performance of its services.

F. Owner shall be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by Owner to Engineer pursuant to this Agreement. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement, subject to any express limitations or reservations applicable to the furnished items.

G. Owner shall give prompt written notice to Engineer whenever Owner observes or otherwise becomes aware of:

1. any development that affects the scope or time of performance of Engineer's services;

2. the presence at the Site of any Constituent of Concern; or

3. any relevant, material defect or nonconformance in: (a) Engineer's services, (b) the Work, (c) the performance of any Constructor, or (d) Owner's performance of its responsibilities under this Agreement.

H. Owner shall advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructability review.

I. If Owner designates a construction manager, site representative, or any individual or entity other than, or in addition to, Engineer to represent Owner at the Site, Owner shall define and set forth as an exhibit to this Agreement the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

J. Owner shall:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job-related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.
2. Primarily communicate with Engineer's Subcontractors and Subconsultants through the Engineer.
    a. Promptly inform Engineer of the substance of any communications between Owner and Engineer's Subcontractors or Subconsultants.
    b. Refrain from directing the services of Engineer's Subcontractors or Subconsultants.
3. Authorize Engineer to provide Additional Services as set forth in Article 2 of Exhibit A of the Agreement, as required.
4. Perform or provide the following:
    a. **N/A**

2.05 Payment

A. Owner shall pay Engineer as set forth in Article 4 and Exhibit J.

ARTICLE 3—SCHEDULE FOR RENDERING SERVICES

3.01 Commencement

A. Engineer is authorized to begin rendering services as of the Effective Date.

3.02 Time for Completion

A. Engineer shall complete its obligations within a reasonable time. Specific periods of time for rendering services, or specific dates by which services are to be completed, are provided in Exhibit B, and are hereby agreed to be reasonable.

B. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, will be adjusted equitably.

C. If Owner authorizes changes in the scope, extent, or character of the Project or Engineer's services, then the time for completion of Engineer's services, and the amounts of Engineer's compensation, will be adjusted equitably.

ARTICLE 4—INVOICES AND PAYMENTS

4.01 Invoices

A. Preparation and Submittal of Invoices: Engineer shall prepare invoices in accordance with its standard invoicing practices, the progress reporting and special invoicing requirements (if any) in Exhibit A Paragraph 1.01.A, and the terms of Exhibit J. Engineer shall submit its invoices to Owner on a monthly basis. Invoices are due and payable within 45 days of receipt.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4.02 Payments

A. Application to Interest and Principal: Payment will be credited first to any interest owed to Engineer and then to principal.

B. Disputed Invoices: If Owner disputes an invoice, either as to amount or entitlement, then Owner shall promptly advise Engineer in writing of the specific basis for doing so; may withhold only that portion so disputed; and must pay the undisputed portion, subject to the terms of Paragraph 4.01. After a disputed item has been resolved, Engineer shall include the agreed-upon amount on a new invoice.

C. Failure to Pay: If Owner fails to make any undisputed payment due Engineer within 45 days after receipt of Engineer's invoice, then:

1. amounts due Engineer will be increased at the rate of 1.5% per month (or the maximum rate of interest permitted by law, if less) from said forty-fifth day, and

2. Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement until Owner has paid in full amounts due. Owner waives any and all claims against Engineer for any such suspension.

D. Sales or Use Taxes: If after the Effective Date any governmental entity takes an action that imposes additional sales or use taxes on Engineer's services or compensation under this Agreement, then Engineer may invoice such additional sales or use taxes for reimbursement by Owner. Owner shall reimburse Engineer for the cost of such invoiced additional sales or use taxes; such reimbursement will be in addition to the compensation to which Engineer is entitled under the terms of Exhibit J.

ARTICLE 5—OPINIONS OF COST

5.01 Opinions of Probable Construction Cost

A. Engineer's opinions of probable Construction Cost (if any) are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If Owner requires greater assurance as to probable Construction Cost, then Owner agrees to obtain an independent cost estimate.

5.02 Opinions of Total Project Costs

A. The services, if any, of Engineer with respect to Total Project Costs will be limited to assisting the Owner in tabulating the various categories that comprise Total Project Costs. Engineer assumes no responsibility for the accuracy of any opinions of Total Project Costs.

ARTICLE 6—GENERAL CONSIDERATIONS

6.01 Standards of Performance

A. Standard of Care: The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.

B. Technical Accuracy: Owner shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation, unless such corrective action is directly attributable to deficiencies in Owner-furnished information.

C. Engineer's Subcontractors and Subconsultants: Engineer may retain such Engineer's Subcontractors and Subconsultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by Owner.

D. Reliance on Others: Subject to the standard of care set forth in Paragraph 6.01.A, Engineer may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

E. Compliance with Laws and Regulations, and Policies and Procedures

1. Engineer and Owner shall comply with applicable Laws and Regulations.

2. Engineer shall comply with the policies, procedures, and instructions of Owner that are applicable to Engineer's performance of services under this Agreement and that Owner provides to Engineer in writing, subject to the standard of care set forth in Paragraph 6.01.A, and to the extent compliance is not inconsistent with professional practice requirements.

3. This Agreement is based on Laws and Regulations and Owner-provided written policies and procedures as of the Effective Date. The following may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, or compensation:

a. changes after the Effective Date to Laws and Regulations,

b. the receipt by Engineer after the Effective Date of Owner-provided written policies and procedures, and

c. changes after the Effective Date to Owner-provided written policies or procedures.

F. General Conditions of Construction Contract: The general conditions for any construction contract documents prepared hereunder are to be EJCDC® C-700 "Standard General Conditions of the Construction Contract", prepared by the Engineers Joint Contract Documents Committee, unless expressly indicated otherwise in Exhibit J or elsewhere in this Agreement

G. Copies of Drawings and Specifications: If Engineer is required to prepare or furnish Drawings or Specifications under this Agreement, Engineer shall deliver to Owner at least one complete electronic copy of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations, and one complete printed copy, duly signed and sealed.

H. Engineer shall not be required to sign any document, no matter by whom requested, that would result in Engineer having to certify, guarantee, or warrant conditions whose existence

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Engineer cannot ascertain within the authorized scope of Engineer's services. Owner agrees not to make resolution of any dispute with Engineer or payment of any amount due to Engineer in any way contingent upon Engineer signing any such document.

I. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor will Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.

J. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work in accordance with the Construction Contract Documents.

K. Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the Construction Contract Documents, other than those made by Engineer.

L. Engineer is not required to provide and does not have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.

M. Engineer's services do not include providing legal advice or representation.

N. Engineer's services do not include (1) serving as a "municipal advisor" for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission, or (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances.

O. While at the Site, Engineer, its Subconsultants, and Engineer's Subcontractors, and their employees and representatives will comply with the applicable requirements of Contractor's and Owner's safety programs of which Engineer has been informed in writing.

6.02 Ownership and Use of Documents

A. All Documents are instruments of service, and Engineer owns the Documents, including all associated copyrights and the right of reuse at the discretion of the Engineer. Engineer shall continue to own the Documents and all associated rights whether or not the Project is completed.

1. Owner may make and retain copies of Documents for information and reference in connection with the use of the Documents on the Project.

2. Engineer grants Owner a limited license to use the Documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment due and owing for all services relating to preparation of the Documents, and subject to the following limitations:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. Owner acknowledges that such Documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, on any other project, or for any other use or purpose, without written verification or adaptation by Engineer;

b. any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and Subconsultants;

c. Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the Documents without written verification, completion, or adaptation by Engineer; and

d. such limited license to Owner shall not create any rights in third parties.

B. If Engineer at Owner's request verifies the suitability of the Documents, completes them, or adapts them for extensions of the Project or for any other purpose, then Owner shall compensate Engineer at rates or in an amount to be agreed upon by Owner and Engineer.

C. Engineer shall inform Owner if Engineer is aware of any invention, design, process, product, or device specified in the Drawings, Specifications, or other Documents that is subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights. If Engineer's good-faith inclusion in the Drawings, Specifications, or other Documents of new, innovative, or non-standard technologies, for the benefit of Owner and the Project, results in third-party claims of infringement or violation of intellectual property rights, then Owner and Engineer shall share equally the costs of defending against, settling, or paying such claims.

D. Engineer will obtain Owner's consent, which will not be unreasonably withheld, prior to releasing any publicity, including news and press releases, promotional publications, award and prize competition submittals, and other advertising regarding the subject matter of this Agreement. Nothing herein will limit the Engineer's right to include information in statements of qualifications and proposals to others accurately describing its participation and participation of employees in the Project.

6.03 Electronic Transmittals

A. To the fullest extent practical, Owner and Engineer agree to transmit, and accept, Project-related correspondence, Documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with mutually agreeable protocol.

B. If this Agreement does not establish or include protocols for electronic or digital transmittals, then Owner and Engineer may operate without specific protocols or may jointly develop such protocols at a later date.

C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

computer hardware differing from those used in the drafting or transmittal of items, or from those established in applicable protocols.

6.04 Insurance

A. Engineer shall procure and maintain insurance as set forth in Exhibit G.

B. Additional Insureds: The Engineer's commercial general liability policy must include and list Owner as additional insureds.

C. Owner shall procure and maintain insurance as set forth in Exhibit G.

D. Owner shall require Contractor to purchase and maintain policies of insurance covering workers' compensation, general liability, motor vehicle damage and injuries, and other insurance necessary to protect Owner's and Engineer's interests in the Project. Owner shall require Contractor to cause Engineer, its Subconsultants, and Engineer's Subcontractors to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project. Owner shall give Engineer access to any certificates of insurance and copies of endorsements and policies obtained by Owner from Contractor.

E. Owner and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates must be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

F. All construction contracts entered into by Owner with respect to the Project must require builder's risk or similar property insurance.

G. All policies of property insurance relating to the Project, including but not limited to any builder's risk or similar policy, must allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer, its Subconsultants, or Engineer's Subcontractors. Owner and Engineer waive all rights against each other, Contractor, Engineer's Subcontractors and Subconsultants, and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by any such builder's risk or similar policy and any other property insurance relating to the Project. Owner and Engineer shall take appropriate measures in other Project-related contracts to secure waivers of rights consistent with those set forth in this paragraph.

H. All policies of insurance must contain a provision or endorsement that the coverage afforded will not be canceled, and that renewal will not be refused, until at least 10 days' prior written notice has been given to the primary insured. Upon receipt of such notice, the primary insured must promptly forward a copy of the notice to the other party to this Agreement and replace the coverage being cancelled or reduced to conform to the requirements of this Agreement.

6.05 Suspension and Termination

A. Suspension

1. By Owner: Owner may suspend Engineer's services for up to 90 days upon 7 days' written notice to Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. By Engineer: Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement:

    a. if Owner has failed to pay Engineer for invoiced services and expenses, as set forth in Paragraphs 4.02.B and 4.02.C; or

    b. in response to the presence of Constituents of Concern at the Site, as set forth in Paragraph 6.09.D.

B. Termination for Cause

1. Either party may terminate the Agreement for cause upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms of the Agreement, through no fault of the terminating party.

    a. Notwithstanding the foregoing, this Agreement will not terminate under Paragraph 6.05.B.1 if the party receiving such notice begins, within 7 days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30-day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein will extend up to, but in no case more than, 60 days after the date of receipt of the notice.

2. In addition to its termination rights in Paragraph 6.05.B.1, Engineer may terminate this Agreement for cause upon 7 days' written notice:

    a. if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional;

    b. if Engineer's services for the Project are delayed or suspended for more than 90 days for reasons beyond Engineer's control; or

    c. as the result of the presence at or adjacent to the Site of undisclosed Constituents of Concern, as set forth in Paragraph 6.09.E.

3. Engineer will have no liability to Owner on account of any termination by Engineer for cause.

C. Termination for Convenience: Owner and/or Engineer may terminate this Agreement for convenience, effective upon receipt of notice from either party.

D. Extension of Effective Date of Termination: If Owner terminates the Agreement for cause or convenience, Owner may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files. Engineer shall be entitled to compensation for such tasks.

E. Payments Upon Termination: In the event of any termination under Paragraph 6.05, Engineer will be entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, Owner will

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

have the limited right to the use of Documents, at Owner's sole risk, subject to the provisions of Paragraph 6.02.A.

1. If Owner has terminated the Agreement for convenience, or if Engineer has terminated the Agreement for cause, then Engineer will be entitled, in addition to the payments identified above, to invoice Owner and receive payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with Engineer's Subcontractors or Subconsultants, and other related close-out costs, using methods and rates for Additional Services as set forth in Exhibit J.

6.06 Successors, Assigns, and Beneficiaries

A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 6.06.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, claims arising out of this Agreement or money that is due or may become due) in this Agreement without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

C. Unless expressly provided otherwise in this Agreement:

1. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

2. Nothing in this Agreement will be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them.

3. Owner agrees that the substance of the provisions of this Paragraph 6.06.C will appear in the Construction Contract Documents.

6.07 Dispute Resolution

A. Owner and Engineer shall resolve all disputes in the following manner:

1. Owner and Engineer agree to negotiate all disputes between them in good faith for a period of 30 days from the date of notice, prior to invoking mediation.

2. Owner and Engineer agree that they shall first submit any and all unsettled claims, counterclaims, disputes, and other matters in question between them arising out of or relating to this Agreement or the breach thereof ("Disputes") to mediation. Owner and Engineer agree to participate in the mediation process in good faith. The process will be conducted on a confidential basis, and must be completed within 120 days.

3. If the parties fail to resolve a Dispute through negotiations under Paragraph 6.07.A.1 or mediation under Paragraph 6.07.A.2, then, if Exhibit H is not included, or if no final

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

dispute resolution method is specified in Exhibit H, then the parties may exercise their rights at law.

6.08 Controlling Law; Venue

A. This Agreement is to be governed by the Laws and Regulations of the state in which the Project is located.

B. Venue for any exercise of rights at law will be the state court having jurisdiction at the location of the Project; or at the choice of either party, and if federal jurisdictional requirements can be met, in federal court in the district in which the Project is located.

6.09 Environmental Condition of Site

A. Owner represents to Engineer that, as of the Effective Date, to the best of Owner's knowledge, no Constituents of Concern, other than those disclosed in writing to Engineer, exist at or adjacent to the Site.

B. Undisclosed Constituents of Concern: For purposes of this Paragraph 6.09, the presence at or adjacent to the Site of Constituents of Concern that were not disclosed to Engineer pursuant to Paragraph 6.09.A, in such quantities or circumstances that such Constituents of Concern may present a danger to persons or property exposed to them, will be referred to as "undisclosed" Constituents of Concern.

1. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of this Agreement or the Construction Contract, are not undisclosed Constituents of Concern.

2. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under this Agreement are not undisclosed Constituents of Concern.

3. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under another professional services contract for Owner, or as part of the work under a construction or remediation contract, are not undisclosed Constituents of Concern if Engineer has been informed of the general scope of such contract.

C. If Engineer encounters or learns of an undisclosed Constituent of Concern at the Site, then Engineer shall notify (1) Owner and (2) appropriate authorities having jurisdiction if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

D. It is acknowledged by both parties that Engineer's scope of services does not include any services related to undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an undisclosed Constituent of Concern, or if encountered, uncovered, or revealed Constituents of Concern are present in substantially greater quantities or substantially different locations than disclosed or anticipated, or if investigative or remedial action, or other professional services, are necessary or required by applicable Laws and Regulations with respect to such Constituents of Concern, then Engineer may, at its option and without liability for direct, consequential, or any other damages, suspend performance of services on the portion of the Project adversely affected thereby until such portion of the Project is no longer so affected; and Owner shall promptly determine whether

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

to retain a qualified expert to evaluate such condition or take any necessary corrective action.

E. If the presence at the Site of undisclosed Constituents of Concern, or of Constituents of Concern in substantially greater quantities or in substantially different locations than disclosed or anticipated, adversely affects the performance of Engineer's services under this Agreement, then:

1. if the adverse effects do not preclude Engineer from completing its Project services in general accordance with this Agreement on unaffected or marginally affected portions of the Project, Engineer may accept an equitable adjustment in its compensation or in the time of completion, or both; and the Agreement will be amended to reflect changes necessitated by the presence of such Constituents of Concern; or

2. if the adverse effects are of such materiality to the overall performance of Engineer that it cannot complete its services without significant changes to the scope of services, time of completion, and compensation, then Engineer may terminate this Agreement for cause on 7 days' written notice.

F. Owner acknowledges that Engineer is performing professional services for Owner and that Engineer is not and will not be required to become an "owner," "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

6.10 Indemnification and Mutual Waiver

A. Indemnification by Engineer: To the fullest extent permitted by Laws and Regulations, Engineer shall indemnify and hold harmless Owner, and Owner's officers, directors, members, partners, agents, and employees, from losses, damages, and judgments (including reasonable consultants' and attorneys' fees and expenses) arising from third-party claims or actions relating to the Project, provided that any such claim, action, loss, damages, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors.

B. Indemnification by Owner: Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Consultants as required by Laws and Regulations and to the extent required in paragraph 6.11.

C. Environmental Indemnification: To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer, its Subconsultants, Engineer's Subcontractors, and their officers, directors, members, partners, agents, employees, and subconsultants from all claims, costs, losses, damages, actions, and judgments (including reasonable consultants' and attorney's fees and expenses) caused by, arising out of, relating to, or resulting from a Constituent of Concern at, on, or under the Site, provided that:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. any such claim, cost, loss, damages, action, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, and

2. nothing in this paragraph obligates Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence or willful misconduct.

D. No Defense Obligation: The indemnification commitments in this Agreement do not include a defense obligation by the indemnitor unless such obligation is expressly stated.

E. Percentage Share of Negligence: To the fullest extent permitted by Laws and Regulations, a party's total liability to the other party and anyone claiming by, through, or under the other party for any cost, loss, or damages caused in part by the negligence of the party and in part by the negligence of the other party or any other negligent entity or individual, will not exceed the percentage share that the party's negligence bears to the total negligence of Owner, Engineer, and all other negligent entities and individuals.

F. Mutual Waiver: To the fullest extent permitted by Laws and Regulations, Owner and Engineer waive against each other, and the other's officers, directors, members, partners, agents, employees, subconsultants, and insurers, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes. Such excluded damages include but are not limited to loss of profits or revenue; loss of use or opportunity; loss of good will; cost of substitute facilities, goods, or services; and cost of capital.

G. Exclusion of Special, Incidental, Indirect, and Consequential Damages: To the fullest extent permitted by Laws and Regulations, and notwithstanding any other provision in the Agreement, the Owner and the Engineer and their officers, directors, members, partners, agents, Consultants, and employees shall not be liable to the other or anyone claiming by, through, or under each other for any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes, including but not limited to: Loss of use, loss of profit; loss of business; loss of income; loss of reputation or any other consequential damages that either party may have incurred from any cause of actions including negligence, strict liability , breach of contract and breach of strict or implied warranty. Both the Owner and the Engineer shall require similar waivers of consequential damages protecting all the entities or person named herein in all contracts and subcontracts with other involved in the project. Both the Owner and the Engineer agree that Engineer's total liability to Owner under this Agreement shall be limited to $100,000 or the total amount of compensation received by Engineer, whichever is greater.

6.11 Records Retention

A. Engineer shall maintain on file in legible form, for a period of five years following completion or termination of its services, or such other period as required by Laws and Regulations, all Documents, records (including cost records), and design calculations related to Engineer's services or pertinent to Engineer's performance under this Agreement. Upon Owner's request, Engineer shall provide a copy of any such item to Owner at cost.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.12 Miscellaneous Provisions

A. Notices: Any notice required under this Agreement will be in writing, and delivered: in person (by commercial courier or otherwise); by registered or certified mail; or by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line. All such notices are effective upon the date of receipt.

B. Survival: Subject to applicable Laws and Regulations, all express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

C. Severability: Any provision or part of the Agreement held to be void or unenforceable under any Laws or Regulations will be deemed stricken, and all remaining provisions will continue to be valid and binding upon Owner and Engineer.

D. No Waiver: A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Agreement.

E. Accrual of Claims: To the fullest extent permitted by Laws and Regulations, all causes of action arising under this Agreement will be deemed to have accrued, and all statutory periods of limitation will commence, no later than the date of Substantial Completion; or, if Engineer's services do not include Construction Phase services, or the Project is not completed, then no later than the date of Owner's last payment to Engineer.

ARTICLE 7—DEFINITIONS

7.01 Defined Terms

A. Wherever used in this Agreement (including the exhibits hereto) terms (including the singular and plural forms) printed with initial capital letters have the meanings indicated in the text above, in the exhibits, or in the following definitions:

1. Addenda—Written or graphic instruments issued prior to the opening of bids which clarify, correct, or change the bidding requirements or the proposed Construction Contract Documents.

2. Additional Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 2 of Exhibit A of this Agreement.

3. Agreement—This written contract for professional services between Owner and Engineer, including all exhibits identified in Paragraph 8.01 and any duly executed amendments.

4. Application for Payment—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Construction Contract.

5. Basic Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 1 of Exhibit A of this Agreement.

6. Bidding/Proposal Documents—Documents related to the selection of the Contractor, including advertisements or invitations to bid; requests for proposals; instructions to

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

bidders or proposers, including any attachments such as lists of available Site-related documents; bid forms; bids; proposal forms; proposals; bidding requirements; and qualifications documents.

7. Change Order—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Construction Contract Price or the Construction Contract Times, or other revision to the Construction Contract, issued on or after the effective date of the Construction Contract.

8. Change Proposal—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth in the Construction Contract, seeking an adjustment in Construction Contract Price or Construction Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Construction Contract Documents or the acceptability of Work under the Construction Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Construction Contract.

9. Constituents of Concern—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), lead-based paint (as defined by the HUD/EPA standard), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to Laws and Regulations regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

10. Construction Contract—The entire and integrated written contract between Owner and Contractor concerning the Work.

11. Construction Contract Documents—Those items designated as "Contract Documents" in the Construction Contract, and which together comprise the Construction Contract. See also definition of "Front-End Construction Contract Documents" below.

12. Construction Contract Price—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Construction Contract Documents.

13. Construction Contract Times—The number of days or the dates by which Contractor must: (a) achieve milestones, if any, in the Construction Contract; (b) achieve Substantial Completion; and (c) complete the Work.

14. Construction Cost—The cost to Owner of the construction of those portions of the entire Project designed or specified by or for Engineer under this Agreement, including construction labor, services, materials, equipment, insurance, and bonding costs, and allowances for contingencies. Construction Cost does not include costs of services of Engineer or other design professionals and consultants; cost of land or rights-of-way, or compensation for damages to property; Owner's costs for legal, accounting, insurance counseling, or auditing services; interest or financing charges incurred in connection with the Project; or the cost of other services to be provided by others to Owner. Construction Cost is one of the items comprising Total Project Costs.

15. Constructor—Any person or entity (not including the Engineer, its employees, agents, representatives, or Subconsultants, or Engineer's Subcontractors), performing or supporting construction activities relating to the Project, including but not limited to Contractors, Subcontractors, Suppliers, Owner's work forces, utility companies, other

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

contractors, construction managers, design-builders, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

16. Contractor—The entity or individual with which Owner enters into a Construction Contract.

17. Documents—All documents expressly identified as deliverables in this Agreement, whether in printed or Electronic Document form, required by this Agreement to be provided or furnished by Engineer to Owner. Such specifically required deliverables may include, by way of example, Drawings, Specifications, data, reports, building information models, and civil integrated management models.

18. Drawings—That part of the Construction Contract Documents that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. Effective Date—The date indicated in this Agreement on which it becomes effective, but if no such date is indicated, the date on which this Agreement is signed and delivered by the last of the parties to sign and deliver.

20. Electronic Document—Any Project-related correspondence, attachments to correspondence, data, documents, drawings, information, or graphics, including but not limited to Shop Drawings and other Submittals, that are in an electronic or digital format.

21. Electronic Means—Electronic mail (e-mail), upload/download from a secure Project website, or other communications methods that allow: (a) the transmission or communication of Electronic Documents; (b) the documentation of transmissions, including sending and receipt; (c) printing of the transmitted Electronic Document by the recipient; (d) the storage and archiving of the Electronic Document by sender and recipient; and (e) the use by recipient of the Electronic Document for purposes permitted by this Agreement. Electronic Means does not include the use of text messaging, or of Facebook, Twitter, Instagram, or similar social media services for transmission of Electronic Documents.

22. Engineer—The individual or entity named as such in this Agreement.

23. Engineer's Subcontractor—An individual, firm, vendor, or other entity having a contract with Engineer to furnish general services, equipment, or materials with respect to the Project as an independent contractor.

24. Field Order—A written order issued by Engineer which requires minor changes in the Work but does not change the Construction Contract Price or the Construction Contract Times.

25. Front-End Construction Contract Documents—Those Construction Contract Documents whose primary purpose is to establish legal and contractual terms and conditions, typically including the Owner-Contractor agreement, bonds, general conditions, and supplementary conditions. The term excludes the Drawings and Specifications, and any Construction Contract Documents delivered or issued after the effective date of the Construction Contract.

26. Laws and Regulations; Laws or Regulations—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

27. Owner—The individual or entity named as such in this Agreement and for which Engineer's services are to be performed. Unless indicated otherwise, this is the same individual or entity that will enter into any Construction Contracts concerning the Project.

28. Project—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the services to be performed or furnished by Engineer under this Agreement are a part.

29. Record Drawings—Drawings depicting the completed Project, or a specific portion of the completed Project, prepared by Engineer and based on Contractor's record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications, as delivered to Engineer and annotated by Contractor to show changes made during construction.

30. Resident Project Representative—The authorized representative of Engineer assigned to assist Engineer at the Site during the Construction Phase. As used herein, the term Resident Project Representative (RPR) includes any assistants or field staff of the RPR.

31. Samples—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

32. Shop Drawings—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Construction Contract Documents.

33. Site—Lands or areas to be indicated in the Construction Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

34. Specifications—The part of the Construction Contract Documents that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

35. Subconsultant—An individual, design firm, consultant, or other entity having a contract with Engineer to furnish professional services with respect to the Project as an independent contractor.

36. Subcontractor—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

37. Submittal—A written or graphic document, prepared by or for Contractor, which the Construction Contract Documents require Contractor to submit to Engineer, or that is indicated as a Submittal in the Schedule of Submittals accepted by Engineer. Submittals may include Shop Drawings and Samples; schedules; product data; Owner-delegated designs; sustainable design information; information on special procedures; testing plans; results of tests and evaluations, source quality-control testing and inspections,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and field or Site quality-control testing and inspections; warranties and certifications; Suppliers' instructions and reports; records of delivery of spare parts and tools; operations and maintenance data; Project photographic documentation; record documents; and other such documents required by the Construction Contract Documents. Submittals, whether or not approved or accepted by Engineer, are not Construction Contract Documents. Change Proposals, Change Orders, Claims, notices, Applications for Payment, and requests for interpretation or clarification are not Submittals.

38. Substantial Completion—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Construction Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

39. Supplier—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

40. Total Project Costs—The total cost of planning, studying, designing, constructing, testing, commissioning, and start-up of the Project, including Construction Cost and all other Project labor, services, materials, equipment, insurance, and bonding costs, allowances for contingencies, and the total costs of services of Engineer or other design professionals and consultants, together with such other Project-related costs that Owner furnishes for inclusion, including but not limited to cost of land, rights-of-way, compensation for damages to properties and private utilities (including relocation if not part of Construction Cost), Owner's costs for legal, accounting, insurance counseling, and auditing services, interest and financing charges incurred in connection with the Project, and the cost of other services to be provided by others to Owner.

41. Underground Facilities—All active or not-in-service underground lines, pipelines, conduits, ducts, encasements, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or systems at the Site, including but not limited to those facilities or systems that produce, transmit, distribute, or convey telephone or other communications, cable television, fiber optic transmissions, power, electricity, light, heat, gases, oil, crude oil products, liquid petroleum products, water, steam, waste, wastewater, storm water, other liquids or chemicals, or traffic or other control systems. An abandoned facility or system is not an Underground Facility.

42. Work—The entire construction or the various separately identifiable parts thereof required to be provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.

43. Work Change Directive—A written directive to Contractor issued on or after the effective date of the Construction Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Terminology

1. The word “day” means a calendar day of 24 hours measured from midnight to the next midnight.

ARTICLE 8—EXHIBITS AND SPECIAL PROVISIONS

8.01 Exhibits to Agreement

The following exhibits are incorporated by reference and included as part of this Agreement:

A. Exhibit A, Engineer’s Services.

B. Exhibit B, Deliverables Schedule.

C. Exhibit C, Owner’s Responsibilities

D. Exhibit D, Duties, Responsibilities and Limitations of Authority of Resident Project Representative.

E. Exhibit E, Notice of Acceptability of Work

F. Exhibit F, NOT USED

G. Exhibit G, Insurance.

H. Exhibit H, Subaward Terms and Conditions for Contracted Parties

I. Exhibit I, Appendix II to Part 200 – Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

J. Exhibit J, Payments to Engineer for Services.

K. Exhibit K, Amendment to Owner-Engineer Agreement

8.02 Total Agreement

A. This Agreement (which includes the exhibits listed above) constitutes the entire contractual agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a written instrument duly executed by both parties.

8.03 Designated Representatives

A. With the execution of this Agreement, Engineer and Owner shall each designate a specific individual to act as representative under this Agreement. Such an individual must have authority to transmit instructions, receive information, and render decisions with respect to this Agreement on behalf of the party that the individual represents.

8.04 Engineer's Certifications

A. Engineer certifies that it has not engaged in corrupt, fraudulent, or coercive practices in competing for or in executing the Agreement. For the purposes of this Paragraph 8.04:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the selection process or in the Agreement execution;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the selection process or the execution of the Agreement to the detriment of Owner, or (b) to deprive Owner of the benefits of free and open competition;

3. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the selection process or affect the execution of the Agreement.

8.05 Conflict of Interest

A. Nothing in this Agreement will be construed to create or impose any duty on the part of Engineer that would be in conflict with Engineer's paramount obligations to the public health, safety, and welfare under the professional practice requirements governing Engineer, its Subconsultants, and all licensed professionals employed by Engineer or its Subconsultants.

B. If during the term of this Agreement a potential or actual conflict of interest arises or is identified:

1. Engineer and Owner together will make reasonable, good faith efforts to avoid or eliminate the conflict of interest; to mitigate any adverse consequences of the conflict of interest; and, if necessary and feasible, to modify this Agreement to address the conflict of interest and its consequences, such that progress under the Agreement may continue.

2. Such efforts will be governed by applicable Laws and Regulations and by any pertinent Owner's policies, procedures, and requirements (including any conflict of interest resolution methodologies) provided to Engineer under Paragraph 2.04.A of this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

This Agreement's Effective Date is **February 6, 2024, or the date executed by City of Gulfport (whichever is later).**

Exhibit A Table of Contents

Article 1— BASIC SERVICES 2
1.01 Study and Report Phase 2
1.02 Preliminary Design Phase 2
1.03 Final Design Phase 3
1.04 Bidding/Proposal Phase 6
1.05 Construction Phase 7
1.06 Post-Construction Phase 13
Article 2— ADDITIONAL SERVICES 13
2.01 Additional Services Not Requiring Owner's Written Authorization 13
2.02 Additional Services Requiring Owner's Written Authorization 14

Article 1 of the Agreement, Services of Engineer, is supplemented to include the following provisions:

Baseline Information: Owner has furnished the following Project information to Engineer as of the Effective Date. Engineer's scope of services has been developed based on this information. As the Project moves forward, some of the information may change or be refined, and additional information will become known, resulting in the possible need to change, refine, or supplement the scope of services.

Project Title:	North Gulfport Wastewater Treatment Plant – Headworks Replacement
Type and Size of Facility:	The existing headworks structure includes an influent station where three pipes consisting of the 36-inch influent force main, a 14-inch pipe conveying filtrate and septage flow, and a 12-inch pipe carrying the plant drain from filter backwash are connected. The headworks consists of two mechanical screens, a manual bar screen, and grit removal system.
Description of Improvements:	The headworks screens and grit system at the North Gulfport WWTF have reached the end of their useful life and do not have capacity to handle current peak flows above 25 MGD. The scope of work includes the replacement of the entire headworks structure including new mechanical screens and grit removal system. The design flows are 23 MGD average and 46 MGD Peak as set by the Owner and HCUA. Engineer shall be responsible for all MCWI/ARPA grant management requirements. Any additional MDEQ contract provisions will be included through an amendment to the contract.

Engineer shall provide Basic and Additional Services as set forth below.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 1—BASIC SERVICES

1.01 Study and Report Phase

A. Engineer shall use the previously completed "HCUA Water and Resources Plan – Phase II" for this project and no additional report is required.

1.02 Preliminary Design Phase

1. After acceptance by Owner of the Report and any other Study and Report Phase deliverables; selection by Owner of a recommended solution; issuance by Owner of any instructions of for use of Project Strategies, Technologies, and Techniques, or for inclusion of sustainable features in the design; and indication by Owner of any specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner, (1) Engineer and Owner shall discuss and resolve any necessary revisions to Engineer's compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from the selected solution, related Project Strategies, Technologies, or Techniques, sustainable design instructions, or specific modifications to the Project, and (2) upon written authorization from Owner, Engineer shall:

a. Prepare Preliminary Design Phase documents consisting of final design criteria, preliminary drawings, outline specifications, and written descriptions of the Project.

b. In preparing the Preliminary Design Phase documents, use any specific applicable Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features, as appropriate, pursuant to Owner's instructions.

c. Provide necessary field surveys and topographic and utility mapping for Engineer's design purposes. Comply with the scope of work and procedure for the identification and mapping of existing utilities selected and authorized by Owner. If no such scope of work and procedure for utility mapping has been selected and authorized, then at a minimum the utility mapping will include Engineer contacting utility owners and obtaining available information.

d. Visit the Site as needed to prepare the Preliminary Design Phase documents.

e. Advise Owner if additional reports, data, information, or services of the types described in Exhibit B are necessary and assist Owner in obtaining such reports, data, information, or services.

f. Continue to assist Owner with Project Strategies, Technologies, and Techniques that Owner has chosen to implement.

g. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and assist Owner in tabulating the various cost categories which comprise Total Project Costs.

h. Obtain and review Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Also obtain and review copies of Owner's design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents or content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and in the draft Construction Contract Documents, when applicable.

i. Perform or provide the following other Preliminary Design Phase tasks or deliverables: None

j. Furnish two review copies of the Preliminary Design Phase documents, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner within 120 days of authorization to proceed with this phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items.

k. If required by Owner, revise the Preliminary Design Phase documents, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables in response to Owner's comments, as appropriate, and furnish to Owner two copies of the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other deliverables within 21 days after receipt of Owner's comments.

2. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables or on the date Owner's comments are received if revised Preliminary Design Phase documents are not required.

1.03 Final Design Phase

A. After acceptance by Owner of the Preliminary Design Phase documents and any other Preliminary Design Phase deliverables; issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from specific modifications to the Project, or changes, refinements, or supplementation of the Baseline Information.

1. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is **1.** If more prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. If more than one prime construction contract is to be awarded for the Work designed or specified by Engineer, then Owner shall define and set forth (in an exhibit to this Agreement, or in a subsequent document) the duties, responsibilities, and limitations of authority of a person or entity that will have authority and responsibility for coordinating the activities among the various prime Contractors, and any resulting changes in the duties, responsibilities, and authority of Engineer.

3. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime construction contract, or if Engineer's services are to be separately sequenced with the work of one or more prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding/Proposal, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable under such separate prime construction contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such construction contracts is to proceed concurrently.

B. Upon written authorization from Owner, Engineer shall prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor, in accordance with the Preliminary Design Phase documents (as revised) and other Preliminary Design Phase deliverables. As part of the preparation of the Drawings and Specifications, Engineer shall prepare interim drafts and final Drawings and Specifications as follows:

1. Prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor.

2. Visit the Site as needed to assist in preparing the final Drawings and Specifications.

3. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of governmental authorities having jurisdiction to review or approve the final design; assist Owner in consultations with such authorities; and revise the Drawings and Specifications in response to directives from such authorities, as appropriate.

4. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost.

5. After consultation with Owner, include in the Construction Contract Documents any specific protocols for the transmittal of Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website. Any such protocols shall be applicable to transmittals between and among Owner, Engineer, and Contractor during the Construction Phase and Post-Construction Phase, and unless agreed otherwise shall supersede any conflicting protocols previously established for transmittals between Owner and Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.

7. In addition to preparing the final Drawings and Specifications, assemble drafts of other Construction Contract Documents based on specific instructions and contract forms, text, or content received from Owner.

8. Prepare or assemble draft bidding-related documents (or requests for proposals or other construction procurement documents), based on the specific bidding or procurement-related instructions and forms, text, or content received from Owner.

9. Perform or provide the following other Final Design Phase tasks or deliverables: None

10. Furnish for review by Owner, its legal counsel, and other advisors, two copies of the final Drawings and Specifications, assembled drafts of other Construction Contract Documents, the draft bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables, within 120 days of authorization to proceed with the Final Design Phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items, and any instructions for revisions.

11. Revise the final Drawings and Specifications, assembled drafts of other Construction Contract Documents, the draft bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables in accordance with comments and instructions from the Owner, as appropriate, and submit two final copies of such documents to Owner within 21 days after receipt of Owner's comments and instructions.

C. Engineer shall prepare or assemble draft Bidding/Proposal Documents and Front-End Construction Contract Documents as follows:

1. Such documents will be based on the 2018 EJCDC Construction Documents, and on the specific bidding or Contractor selection-related instructions and forms, contract forms, text, or other content received from Owner.

2. When Engineer is required to use other than the 2018 EJCDC Construction Documents, then as required in the Preliminary Design Phase Owner will furnish to Engineer a copy of the required documents to be used for the Project's Bidding/Proposal Documents and Front-End Construction Contract Documents. Prior to the first Final Design Phase submittal, Engineer will review the bidding and contracting documents furnished by Owner and provide comments to Owner. Engineer will meet with Owner to discuss Engineer's comments. Owner will consider Engineer's recommendations to revise Owner's documents for the Project.

3. Engineer will furnish to Owner, for review by Owner's legal counsel, the draft Bidding/Proposal Documents and Front-End Construction Contract Documents. Owner and Owner's legal counsel must transmit to Engineer, in a timely manner, one coordinated set of comments and revisions to the draft documents.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications; assembled drafts of the Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; and any other Final Design Phase deliverables, as revised.

1.04 Bidding/Proposal Phase

A. After acceptance by Owner of the final Drawings and Specifications; assembled drafts of other Construction Contract Documents, including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and any other Final Design Phase deliverables, and upon written authorization by Owner to proceed, Engineer shall:

1. Assist Owner in advertising for and obtaining bids or proposals for the Work; assist Owner in issuing assembled Bidding/Proposal Documents and proposed Construction Contract Documents to prospective contractors; if applicable, maintain a record of prospective contractors to which documents have been issued; attend pre-bid conferences, if any; and receive and process contractor deposits or charges, if any, for the issued documents.

2. Prepare and issue addenda as appropriate to clarify, correct, or change the issued documents.

3. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work. Services under this paragraph are subject to the provisions of Exhibit A Paragraph 2.01 and 2.02.

4. Attend the bid opening; prepare bid tabulation sheets; and assist Owner in evaluating bids or proposals, assembling final Construction Contracts for the Work for execution by Owner and Contractor, and in preparing notices of award to be issued by Owner for such contracts.

5. Provide information or assistance needed by Owner in the course of any review of bids, proposals, or negotiations with prospective contractors.

6. Consult with Owner as to the qualifications of prospective contractors.

7. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.

8. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.

9. Perform or provide the following other Bidding/Proposal Phase tasks or deliverables:

   a. **N/A**

10. The Bidding/Proposal Phase will be considered complete upon award of Construction Contracts for the Work and commencement of the Construction Phase, or upon cessation of negotiations with prospective contractors.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1.05 Construction Phase

A. Upon successful completion of the Bidding/Proposal Phase, and upon written authorization from Owner, Engineer shall provide the following services:

1. General Administration of Construction Contract: Consult with Owner and act as Owner's representative as provided in this Agreement and the Construction Contract. Unless otherwise set forth in the scope of Basic Services (as duly modified), the extent and limitations of the duties, responsibilities, and authority of Engineer shall be as assigned in EJCDC® C-700, Standard General Conditions of the Construction Contract (2018) or other construction general conditions specified in this Agreement. Except as otherwise provided in the Construction Contract, Owner's communications to Contractor will be issued through Engineer.

    a. If the responsibilities of Engineer as set forth in the Construction Contract are greater than those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified, then Owner shall either (1) expand the scope of the Construction Phase services to match those of the Construction Contract, and compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services, or (2) identify a qualified individual or entity (other than Engineer) responsible for the additional responsibilities in the Construction Contract.

    b. If Owner, or Owner and Contractor, modify the duties, responsibilities, and authority of Engineer in the Construction Contract, or modify other terms of the Construction Contract having a direct bearing on Engineer, or if Owner requires Engineer's services for construction that extends longer than the anticipated Construction Contract Times, then Owner shall compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services.

    c. Engineer shall not be required to furnish or perform services contrary to Engineer's responsibilities as a licensed professional.

2. Resident Project Representative (RPR): Provide the services of an RPR at the Site to assist Engineer and to provide more extensive observation of Contractor's Work. Duties, responsibilities, and authority of the RPR are as set forth in Exhibit D. The furnishing of such RPR's services will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit D.

3. Independent Testing Laboratory: An independent testing laboratory to perform required testing services shall be included in the construction contract.

4. Pre-Construction Conference: Participate in a pre-construction conference prior to commencement of Work at the Site; prepare and distribute agenda for the conference and prepare and distribute minutes of such conference.

5. Electronic Transmittal Protocols: If the Construction Contract does not establish protocols for transmittal of Electronic Documents by Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6. Original Documents: If requested by Owner to do so, maintain and safeguard during the Construction Phase at least one original printed record version of the Construction Contract Documents, including Drawings and Specifications signed and sealed by Engineer and other design professionals in accordance with applicable Laws and Regulations. Throughout the Construction Phase, make such original printed record version of the Construction Contract Documents available to Contractor and Owner for review.

7. Schedules: Receive, review, and, and, subject to the criteria of the Construction Contract, determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the progress schedule, schedule of submittals, and schedule of values. Advise Contractor in writing of Engineer's comments or acceptance of schedules.

8. Baselines and Benchmarks: As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.

9. Visits to Site and Observation of Construction: In connection with observations of Contractor's Work while it is in progress:

    a. Make visits to the Site at intervals appropriate to the various stages of the Work, as Engineer deems necessary, to observe as an experienced and qualified design professional, the progress of Contractor's executed Work. Such visits and observations by Engineer, including its RPR, if any, are not intended to be exhaustive or to extend to every aspect of the Work or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Construction Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by its RPR, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Construction Contract Documents, and Engineer shall keep Owner informed of the progress of the Work. Engineer will make a report of Engineer's visit, summarizing Engineer's general observations and any significant findings.

    b. The purpose of Engineer's visits to the Site, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to by this Agreement and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in general to the Construction Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Construction Contract Documents. Engineer will not, during such visits or as a result of such observations of the Work, supervise, direct, or have control over the Work, nor will Engineer have authority over or responsibility for the means, methods, techniques,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to any Constructor's work in progress, for the coordination of the Constructors' work or schedules, nor for any failure of any Constructor to comply with Laws and Regulations applicable to furnishing and performing of its work. Accordingly, Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish or perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents.

10. Defective Work: If, on the basis of Engineer's/Owner's observations or as indicated in documentation available to Engineer, Engineer believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, Engineer will promptly issue written notice to Contractor (with copy to Owner) of such defective Work. Such notice will communicate the scope, extent (to Engineer's understanding) of defect, and associated provisions of the Construction Contract Documents.

    a. Provide recommendations to Owner regarding whether Contractor should correct such Work or remove and replace such Work, or whether Owner should consider accepting the defective Work in accordance with the provisions of the Construction Contract Documents. Engineer shall give notice to Contractor regarding whether the defective Work should be repaired, replaced, or will be accepted by Owner.

    b. However, Engineer's authority to provide this information to Owner or Engineer's decision to exercise or not exercise such authority will not give rise to a duty or responsibility of the Engineer to Contractors, Subcontractors, material and equipment suppliers, their agents or employees, or any other person(s) or entities performing any of the Work, including but not limited to any duty or responsibility for Contractors' or Subcontractors' safety precautions and programs incident to the Work.

11. Compatibility with Design Concept: If Engineer/Owner has express knowledge that a specific part of the Work that is not defective under the terms and standards set forth in the Construction Contract Documents is nonetheless not compatible with the design concept of the completed Project as a functioning whole, then inform Owner of such incompatibility, and provide recommendations for addressing such Work.

12. Clarifications and Interpretations: Accept from Contractor and Owner submittal of all matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. With reasonable promptness, render a written clarification, interpretation, or decision on the issue submitted, or initiate an amendment or supplement to the Construction Contract Documents.

13. Non-reviewable Matters: If a submitted matter in question concerns the Engineer's performance of its duties and obligations, or terms and conditions of the Construction Contract Documents that do not involve (a) the performance or acceptability of the Work under the Construction Contract Documents, (b) the design (as set forth in the Drawings, Specifications, or otherwise), or (c) other engineering or technical matters,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

then Engineer will promptly give written notice to Owner and Contractor that Engineer will not provide a decision or interpretation.

14. Field Orders: Subject to any limitations in the Construction Contract Documents, Engineer may prepare and issue Field Orders requiring minor changes in the Work.

15. Change Orders and Work Change Directives: Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.

16. Change Proposals and Claims

    a. Review and respond to Change Proposals. Review each duly submitted Change Proposal from Contractor and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer will not resolve the Change Proposal.

    b. Provide information or data to Owner regarding engineering or technical matters pertaining to Claims.

17. Differing Site Conditions: Respond to any notice from Contractor of differing site conditions, including conditions relating to Underground Facilities such as utilities, and hazardous environmental conditions. Promptly conduct reviews and prepare findings, conclusions, and recommendations for Owner's use subject to limitations of Engineer's obligations under this Agreement.

18. Contractor's Submittals: Review and approve or take other appropriate action with respect to required Contractor Submittals, but only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Construction Contract Documents, and for compatibility with the design concept of the completed Project as a functioning whole as indicated by the Construction Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's Submittal schedule that Engineer has accepted.

19. Substitutes and "Or-equals": Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of Exhibit A Paragraph 2.01.A.2.

20. Inspections and Tests

    a. Receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Construction Contract Documents. Engineer's review of such certificates will be for the purpose of determining whether the results certified indicate compliance with the Construction Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Construction

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Contract Documents. Engineer shall be entitled to rely on the results of such inspections and tests.

b. As deemed reasonably necessary, request that Contractor uncover Work that is to be inspected, tested, or approved.

c. Pursuant to the terms of the Construction Contract, require additional inspections or testing of the Work, whether or not the Work is fabricated, installed, or completed.

21. Contractor's Applications for Payment: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

a. Determine the amounts that Engineer recommends Contractor be paid. Recommend reductions in payment (set offs) based on the provisions for set offs stated in the Construction Contract. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, within the limits of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Construction Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Construction Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work. In the case of unit price Work, Engineer's recommendations of payment will include final determinations of quantities and classifications of the Work (subject to any subsequent adjustments allowed by the Construction Contract Documents).

b. By recommending payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control the Work, or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the money paid to Contractor by Owner; to determine that title to any portion of the Work, including materials or equipment, has passed to Owner free and clear of any liens, claims, security interests, or encumbrances; or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

22. Contractor's Completion Documents: Receive from Contractor, review, and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Construction Contract Documents, certificates of inspection, tests and approvals, and Shop Drawings, Samples, and other data approved as provided under Exhibit A Paragraph 1.06.B.20. Receive from Contractor, review, and transmit to Owner the annotated record documents which are to be assembled by Contractor in accordance with the Construction Contract Documents to obtain final payment. The extent of Engineer's review of record documents will be to check that Contractor has submitted a complete set of those documents that Contractor is required to submit.

23. Substantial Completion: Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, visit the Site in company with Owner and Contractor to review the Work and determine the status of completion. Follow the procedures in the Construction Contract regarding the preliminary certificate of Substantial Completion, punch list of items to be completed, Owner's objections, notice to Contractor, and issuance of a final certificate of Substantial Completion. Assist Owner regarding any remaining engineering or technical matters affecting Owner's use or occupancy of the Work following Substantial Completion.

24. Other Tasks: Perform or provide the following other Construction Phase tasks or deliverables:

    a. Engineer shall perform MCWI/ARPA grant management and project closeout.

25. Completion and Acceptability of the Work: After notice from Contractor that the Work is complete:

    a. visit the Site with Owner and Contractor to determine if the Work is in fact complete and acceptable;

    b. notify Contractor of any part of the Work that is found during the visit to be incomplete or defective, and subsequently confirm that Contractor has corrected any such deficiencies;

    c. follow the procedures in the Construction Contract regarding review and response to Contractor's application for final payment and accompanying documentation; and

    d. if Engineer is satisfied that the Work is complete and acceptable, provide a notice to Owner and Contractor using EJCDC® C-626, Notice of Acceptability of Work (attached as Exhibit E), stating that the Work is acceptable (subject to the provisions of the Notice and this Exhibit A) within the limits of Engineer's knowledge, information, and belief, and based on the extent of the services provided by Engineer under this Agreement.

26. Standards for Certain Construction-Phase Decisions: Engineer will render decisions regarding the requirements of the Construction Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth in the Construction Contract for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

B. Duration of Construction Phase: The Construction Phase will commence with the execution of the first Construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractor. If the Project involves more than one prime contract as indicated in Exhibit A Paragraph 1.04.A.1, then Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services, if any) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

1.06 Post-Construction Phase

A. Upon written authorization from Owner during the Post-Construction Phase, Engineer shall:

1. Together with Owner, visit the Project to observe any apparent defects in the Work, make recommendations as to replacement or correction of defective Work, if any, or the need to repair of any damage to the Site or adjacent areas, and assist Owner in consultations and discussions with Contractor concerning correction of any such defective Work and any needed repairs.

2. Together with Owner, visit the Project within one month before the end of the Construction Contract's correction period to ascertain whether any portion of the Work or the repair of any damage to the Site or adjacent areas is defective and therefore subject to correction by Contractor.

3. Perform or provide the following other Post-Construction Phase tasks or deliverables:

a. Survey grade as-builts in .pdf and .dwg format

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit A, will terminate 12 months after the commencement of the Construction Contract's correction period.

ARTICLE 2—ADDITIONAL SERVICES

2.01 Additional Services Not Requiring Owner's Written Authorization

A. Engineer shall advise Owner that Engineer is commencing to perform or furnish the Additional Services of the types listed below. For such Additional Services, Engineer need not request or obtain specific advance written authorization from Owner. Engineer shall cease performing or furnishing such Additional Services upon receipt of written notice to cease from Owner. These services are not included as part of Basic Services and will be paid for by Owner through a supplemental agreement.

1. Substantive design and other technical services in connection with Work Change Directives, Change Proposals, and Change Orders to reflect changes requested by Owner.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. Services essential to the orderly progress of the Bidding/Proposal and Construction Phases and not wholly quantifiable prior to those Phases or otherwise dependent on the actions of prospective individual bidders or contractors and including:

    a. making revisions to Drawings and Specifications occasioned by the acceptance of substitute materials or equipment other than “or equal” items;

    b. services after the award of the Construction Contract in evaluating and determining the acceptability of a proposed "or equal" or substitution which is found to be inappropriate for the Project;

    c. evaluation and determination of an excessive number of proposed "or equals" or substitutions, whether proposed before or after award of the Construction Contract; and

    d. providing to the Contractor or Owner additional or new information not previously prepared or developed by the Engineer for their use in applying for or obtaining required permits and licenses, in responding to agency comments on such applications, or in the administration of any such permits or licenses.

3. Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

4. Additional or extended services arising from (a) the presence at the Site of any Constituent of Concern or items of historical or cultural significance, (b) emergencies or acts of God endangering the Work, (c) damage to the Work by fire or other causes during construction, (d) a significant amount of defective, neglected, or delayed Work, (e) acceleration of the progress schedule involving services beyond normal working hours, or (f) default by Contractor.

5. Services (other than Basic Services during the Post-Construction Phase) in connection with any partial utilization of the Work by Owner prior to Substantial Completion.

6. Evaluating unreasonable or frivolous requests for interpretation or information (RFIs), Change Proposals, or other demands from Contractor or others in connection with the Work, or an excessive number of RFIs, Change Proposals, or demands.

7. Reviewing a Shop Drawing or other Contractor submittal more than three times, as a result of repeated inadequate submissions by Contractor.

8. While at the Site, compliance by Engineer and its staff with those terms of Owner's or Contractor's safety program provided to Engineer subsequent to the Effective Date that exceed those normally required of engineering personnel by federal, State, or local safety authorities for similar construction sites.

2.02 Additional Services Requiring Owner’s Written Authorization

A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner through a supplemental agreement.

1. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

2. Services to make measured drawings of existing conditions or facilities, to conduct tests or investigations of existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by Owner or others.

3. Services resulting from significant changes in the scope, extent, or character of the portions of the Project designed or specified by Engineer, or the Project's design requirements, including, but not limited to, changes in size, complexity, Owner's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Construction Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond Engineer's control.

4. Services resulting from Owner's request to evaluate additional Study and Report Phase alternative solutions beyond those agreed to in Exhibit A Paragraph 1.02.A.1.

5. Services required as a result of Owner's providing incomplete or incorrect Project information to Engineer.

6. Providing renderings or models for Owner's use, including development, management, and other services in support of building information modeling or civil integrated management.

7. Undertaking investigations and studies including, but not limited to:

    a. All-hazards risk assessments and other studies to evaluate the feasibility of enhancing the resiliency of the design;

    b. detailed consideration of operations, maintenance, and overhead expenses;

    c. the preparation of feasibility studies (such as those that include projections of output capacity, utility project rates, project market demand, or project revenues) and cash flow analyses, provided that such services are based on the engineering and technical aspects of the Project, and do not include rendering advice regarding municipal financial products or the issuance of municipal securities;

    d. preparation of appraisals;

    e. with respect to proprietary systems or processes requiring licensing, providing services necessary to assist Owner in obtaining such licensing.

    f. detailed quantity surveys of materials, equipment, and labor; and

    g. audits or inventories required in connection with construction performed or furnished by Owner.

8. Furnishing services of Subconsultants or Engineer's Subcontractors for other than Basic Services.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

9. Providing data or services of the types described in Article 2, when Owner retains Engineer to provide such data or services instead of Owner furnishing the same.

10. Providing the following services:

    a. Services attributable to more prime construction contracts than specified in Exhibit A.

    b. Services to arrange for performance of construction services for Owner by contractors other than the principal prime Contractor, and administering Owner's contract for such services.

11. Services during out-of-town travel required of Engineer, other than for visits to the Site or Owner's office as required in Basic Services (Article 1 of Exhibit A).

12. Preparing for, coordinating with, participating in and responding to structured independent review processes, including, but not limited to, construction management, cost estimating, project peer review, value engineering, and constructability review requested by Owner; and performing or furnishing services required to revise studies, reports, Drawings, Specifications, or other documents as a result of such review processes.

13. Preparing additional bidding-related documents (or requests for proposals or other construction procurement documents); preparing pre-qualification procedures and documents, and participating in pre-qualifying prospective Bidders; and preparing Construction Contract Documents for alternate bids.

14. Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

15. Preparing conformed Construction Contract Documents that incorporate and integrate the content of all addenda and any amendments negotiated by Owner and Contractor.

16. Services to assist Owner in developing or modifying protocols for transmittal of Electronic Documents by Electronic Means after the effective date of this Agreement, either by revising or adapting Exhibit F to the Project or implementing other Electronic Documents protocols among Project participants.

17. Providing Construction Phase services beyond the original date for completion and readiness for final payment of Contractor, but only if such services increase the total quantity of services to be performed in the Construction Phase, rather than merely shifting performance of such services to a later date.

18. Supplementing Record Drawings with information regarding the completed Project, Site, and immediately adjacent areas obtained from field observations, Owner, utility companies, and other reliable sources.

19. Conducting surveys, investigations, and field measurements to verify the accuracy of Record Drawing content obtained from Contractor, Owner, utility companies, and other sources; revise and supplement Record Drawings as needed.

20. Preparation of operation, maintenance, and staffing manuals.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

21. Protracted or extensive assistance in refining and adjusting of Project equipment and systems (such as initial startup, testing, and balancing).
22. Assistance to Owner in training Owner's staff to operate and maintain Project equipment and systems.
23. Assistance to Owner in developing systems and procedures for (a) control of the operation and maintenance of Project equipment and systems, and (b) related recordkeeping.
24. Preparing to serve or serving as a consultant or witness for, or producing documents for or on behalf of, Owner in any litigation, arbitration, mediation, lien or bond claim, or other legal or administrative proceeding involving the Project (but not including disputes between Owner and Engineer).
25. Other additional services performed or furnished by Engineer not otherwise provided for in this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT B—DELIVERABLES SCHEDULE

Paragraphs 2.04.E, 3.02.A, and Exhibit A of the Agreement are supplemented by the following paragraph and table.

Engineer shall furnish Documents to Owner as required in Column 2 of the following table (and as further described in Exhibit A), according to the schedule in Column 4. Owner shall comment or take other identified actions with respect to the Documents as indicated in Column 2 (and as further described in Exhibit A), according to the schedule in Column 4.

Party	Action	Exhibit A Reference	Schedule
Engineer	Submit **1** review copies of the Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.02	Within **120** days of Owner's authorization to proceed with Preliminary Design Phase services.
Owner	Submit comments regarding Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Engineer.	1.02	Within **14** days of the receipt from Engineer of Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **1** copies of the revised Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.02	Within **21** days of the receipt of Owner's comments regarding the Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **1** copies of the Final Design Phase draft of Drawings and Specifications to Owner.	1.03	Within **120** days of Owner's authorization to proceed with Final Design Phase services.
Owner	Submit comments and instructions regarding the first Final Design Phase draft of Drawings and Specifications to Engineer.	1.03	Within **14** days of the receipt of the first final Design Phase drafts of Drawings and Specifications from Engineer.
Engineer	Submit to Owner: **1** copies of the revised final, completed, pricing-ready and construction-ready Drawings and Specifications; and **1** of copies of assembled Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables.	1.03	Within **21** days of receipt of Owner's final comments and instructions regarding the regarding the final, completed, pricing-ready and construction-ready Drawings and Specifications, the Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT C - OWNER'S RESPONSIBILITIES

Article 2 of the Agreement is supplemented to include the following agreement of the parties.

2.06 In addition to other responsibilities of Owner as set forth in this Agreement, Owner shall at its expense:

A. Provide Engineer with all criteria and full information as to Owner's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility, and expandability, and any budgetary limitations.

B. Give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Furnish copies (or give specific directions requesting Engineer to use copies already in Engineer's possession) of all design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents and content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and draft Construction Contract Documents, when applicable. Owner shall have responsibility for the final content of (1) such bidding-related documents (or requests for proposals or other construction procurement documents), and (2) those portions of any Construction Contract other than the design (as set forth in the Drawings, Specifications, or otherwise), and other engineering or technical matters; and Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. Furnish to Engineer any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

D. Arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under the Agreement.

E. Advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructibility review.

F. If Owner designates a construction manager or an individual or entity other than, or in addition to, Engineer to represent Owner at the Site, define and set forth as an attachment to this Exhibit B the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

G. If more than one prime contract is to be awarded for the Work designed or specified by Engineer, then designate a person or entity to have authority and responsibility for

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

coordinating the activities among the various prime Contractors, and define and set forth the duties, responsibilities, and limitations of authority of such individual or entity and the relation thereof to the duties, responsibilities, and authority of Engineer as an attachment to this Exhibit B that is to be mutually agreed upon and made a part of this Agreement before such services begin.

H. Inform Engineer in writing of any specific requirements of safety or security programs that are applicable to Engineer, as a visitor to the Site.

I. Examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

J. Inform Engineer regarding any need for assistance in evaluating the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

K. Advise Engineer as to whether Engineer's assistance is requested in identifying opportunities for enhancing the sustainability of the Project.

L. Place and pay for advertisement for Bids in appropriate publications.

M. Furnish to Engineer data as to Owner's anticipated costs for services to be provided by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) for Owner so that Engineer may assist Owner in collating the various cost categories which comprise Total Project Costs.

N. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.

O. Authorize Engineer to provide Additional Services as set forth in Part 2 of Exhibit A of the Agreement, as required.

P. Perform or provide the following: None.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT D—DUTIES, RESPONSIBILITIES, AND LIMITATIONS OF AUTHORITY OF RESIDENT PROJECT REPRESENTATIVE

ARTICLE 1—RESIDENT PROJECT REPRESENTATIVE SERVICES

Article 1 of the Agreement, Services of Engineer, and Exhibit A, Engineer's Services, are supplemented to include Exhibit D Paragraphs 1.01, 1.02, and 1.03, as follows:

1.01 Resident Project Representative

A. Engineer shall furnish a Resident Project Representative ("RPR") to observe progress and quality of the Work. The RPR may provide full time representation or may provide representation to a lesser degree. RPR is Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

B. Subject to the scope of RPR's observations of the Work, which may include field checks of materials and installed equipment, Engineer shall endeavor to identify defects and deficiencies in the Work. However, Engineer shall not, as a result of such RPR observations of the Work, supervise, direct, inspect, or have control over the Work, nor shall Engineer (including the RPR) have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to the Work or any Constructor's work in progress, for the coordination of the Constructors' work or schedules, or for any failure of any Constructor to comply with Laws and Regulations applicable to the performing and furnishing of its work. The Engineer (including RPR) neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents. In addition, the specific terms set forth in Exhibit A Paragraph 1.05 are applicable.

1.02 Duties and Responsibilities of RPR

A. The duties and responsibilities of the RPR are as follows:

1. General: RPR's dealings in matters pertaining to the Work in general will be with Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, schedule of values, and other schedules prepared by Contractor and consult with Engineer concerning acceptability of such schedules.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings (but not including Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Safety Compliance: Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

5. Liaison

    a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Construction Contract Documents.

    b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

    c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

6. Clarifications and Interpretations: Receive from Contractor submittal of any matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. Report to Engineer regarding such RFIs. Report to Engineer when clarifications and interpretations of the Construction Contract Documents are needed, whether as the result of a Contractor RFI or otherwise. Transmit Engineer's clarifications, interpretations, and decisions to Contractor.

7. Shop Drawings, Samples, and other Submittals

    a. Receive Samples that are furnished at the Site by Contractor.

    b. Receive Contractor-approved Shop Drawings.

    c. Receive other Submittals from Contractor.

    d. Record date of receipt of Samples, Contractor-approved Shop Drawings, and other Submittals.

    e. Notify Engineer of availability of Samples for examination, and forward Contractor-approved Shop Drawings and other Submittals to Engineer. When appropriate recommend distribution of Submittal to specified Subconsultants.

    f. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal, if RPR believes that the submittal has not been received from Contractor, or has not been approved by Contractor or Engineer.

8. Proposed Modifications: Consider and evaluate Contractor's suggestions for modifications to the Drawings or Specifications, and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit Engineer's response (if any) to such suggestions to Contractor.

9. Review of Work; Defective Work

    a. Report to Engineer whenever RPR believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, and provide recommendations as to whether such Work should be corrected,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

removed and replaced, or accepted as provided in the Construction Contract Documents.

b. Inform Engineer of any Work that RPR believes is not defective under the terms and standards set forth in the Construction Contract Documents, but is nonetheless not compatible with the design concept of the completed Project as a functioning whole, and provide recommendations to Engineer for addressing such Work.

c. Advise Engineer of that part of the Work that RPR believes should be uncovered for observation, or requires special testing, inspection, or approval.

10. Inspections, Tests, and System Start-ups

a. Consult with Engineer in advance of scheduled inspections, tests, and systems start-ups.

b. Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.

c. Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.

d. Observe whether Contractor has arranged for inspections required by Laws and Regulations, including but not limited to those to be performed by public or other agencies having jurisdiction over the Work.

e. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Work, record the results of these inspections, and report to Engineer.

f. Nothing in this Agreement will be construed to require RPR to conduct inspections.

11. Records

a. Maintain at the Site orderly files for correspondence, reports of job conferences, copies of Construction Contract Documents including all Change Proposals, Change Orders, Field Orders, Work Change Directives, Addenda, additional Drawings issued subsequent to the execution of the Construction Contract, RFIs, Engineer's clarifications and interpretations of the Construction Contract Documents, progress reports, approved Shop Drawing and Sample submittals, and other Project-related documents.

b. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Proposals, Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

c. Upon request from Owner to Engineer, photograph or video Work in progress or Site conditions.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

d. Record and maintain accurate, up-to-date lists of the company names and points of contact for Contractors, Subcontractors, and major Suppliers of materials and equipment.

e. Maintain records for use in preparing Project documentation.

f. Upon completion of the Work, furnish original set of all RPR Project documentation to Engineer.

12. Reports

a. Furnish periodic reports as required of progress of the Work and of Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.

b. Draft responses to or make recommends on Change Proposals, Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.

c. Furnish to Engineer and Owner copies of all inspection, test, and system start-up reports.

d. Immediately inform appropriate parties of the occurrence of any Site accidents, emergencies, natural catastrophes endangering the Work, possible force majeure or delay events, damage to property by fire or other causes, or the discovery of any potential differing site condition or Constituent of Concern.

13. Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the schedule of values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.

14. Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.

15. Completion

a. Participate in Engineer's visits to the Site regarding Substantial Completion, assist in the determination of Substantial Completion, and prior to the issuance of a Certificate of Substantial Completion submit a punch list of observed items requiring completion or correction.

b. Participate in Engineer's visit to the Site in the company of Owner and Contractor, to determine completion of the Work, and prepare a final punch list of items to be completed or corrected by Contractor.

c. Observe whether all items on the final punch list have been completed or corrected, and make recommendations to Engineer concerning acceptance and issuance of the Notice of Acceptability of the Work (Exhibit E).

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1.03 Limitations of Authority

A. Resident Project Representative shall not:

1. Authorize any deviation from the Construction Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in this Agreement.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers, or any Constructor.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of the Work, by Contractor or any other Constructor.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

NOTICE OF ACCEPTABILITY OF WORK

PROJECT:

OWNER:

CONTRACTOR:

OWNER'S CONSTRUCTION CONTRACT IDENTIFICATION:

EFFECTIVE DATE OF THE CONSTRUCTION CONTRACT:

ENGINEER:

NOTICE DATE:

To: _____
Owner

And To: _____
Contractor

From: _____
Engineer

The Engineer hereby gives notice to the above Owner and Contractor that Engineer has recommended final payment of Contractor, and that the Work furnished and performed by Contractor under the above Construction Contract is acceptable, expressly subject to the provisions of the related Contract Documents, the Agreement between Owner and Engineer for Professional Services dated _____, and the following terms and conditions of this Notice:

CONDITIONS OF NOTICE OF ACCEPTABILITY OF WORK

The Notice of Acceptability of Work ("Notice") is expressly made subject to the following terms and conditions to which all those who receive said Notice and rely thereon agree:

1. This Notice is given with the skill and care ordinarily used by members of the engineering profession practicing under similar conditions at the same time and in the same locality.

EXHIBIT G—INSURANCE

ARTICLE 1—INSURANCE

Paragraph 6.04 of the Agreement, Insurance, is supplemented to include the following Exhibit G Paragraphs 1.01 and 1.02:

1.01 Insurance Policies and Limits

A. In accordance with Paragraph 6.04.A of the Agreement, the insurance that Engineer must procure and maintain, and the policy limits of such insurance, are as follows:

Coverage	Policy limits of not less than:
Workers' Compensation	
State	Statutory
Employer's Liability	
Each accident	$100,000
Each employee	$100,000
Policy limit	$500,000
Commercial General Liability	
General Aggregate	$2,000,000
Personal and Advertising Injury	$1,000,000
Bodily Injury and Property Damage—Each Occurrence	$1,000,000
Automobile Liability	
Bodily Injury	
Each Person	$1,000,000
Each Accident	$1,000,000
Property Damage	
Each Accident	$1,000,000
Or	
Combined Single Limit	
Combined Single Limit (Bodily Injury and Property Damage)	$1,000,000
Excess or Umbrella Liability	
Each Occurrence	$2,000,000
General Aggregate	$2,000,000
Professional Liability	
Each Claim	$1,000,000
Annual Aggregate	$1,000,000
Unmanned Aerial Vehicle Liability Insurance	
Each Claim	$
General Aggregate	$
Other Insurance [Specify]	
Each Claim	$NA
General Aggregate	$NA

EXHIBIT H— SUBAWARD TERMS AND CONDITIONS FOR CONTRACTED PARTIES

1. AUTHORITY TO PARTICIPATE IN THIS AGREEMENT

The Contracted Party certifies that (a) it is either a 1) state agency, 2) a validly organized business that is authorized to do business in the state of Mississippi, 3) a nongovernmental organization, or 4) a political subdivision of the state of Mississippi with valid authority to enter into this agreement and; (b) entry into and performance under this agreement is not restricted or prohibited by any loan, security, financing, contractual, or other agreement of any kind; and (c) notwithstanding any other provision of this Agreement to the contrary, that there are no existing legal proceedings, either voluntary or otherwise, which may adversely affect its ability to perform its obligations under this agreement.

2. DEBARMENT AND SUSPENSION

Contractor/Contracted Parties certifies to the best of its knowledge and belief, that it:

A. is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transaction by any federal department or agency or any political subdivision or agency of the State of Mississippi;

B. has not, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against it for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction;

C. has not, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against it for a violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

D. is not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of these offenses enumerated in Article 2.B. and Article 2.C., above; and,

E. has not, within a three (3) year period preceding this Agreement, had one or more public transactions (federal, state, or local) terminated for cause or default.

This agreement is subject to 31 C.F.R. Part 19.

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. INDEMNIFICATION

To the extent allowed by state law, Contracted Party agrees to indemnify and save, release and hold harmless the State of Mississippi, the Commission on Environmental Quality, MDEQ, all of their employees and officers, and the Department's contractors from and against any and all claim, demand, cause of action, liability, loss, damage, injury, suit, judgment, debt and cost, including attorney's fees or expenses on the part of any Contracted Party, their agents or employees or any other parties arising out of or incident to, any and all Work under the terms of this Agreement.

4. RELATIONSHIP STATUS

The Contracted Party acknowledges and agrees that MDEQ is not a party, in any manner whatsoever, to any contract between the SUBRECIPIENT and the construction contractor(s), engineer(s), attorney(s), equipment supplier(s), contractor(s), or between any other parties of any kind whatsoever (hereinafter collectively referred to as "vendor"). The SUBRECIPIENT and Contracted Party also acknowledge and agree that any benefit to vendors contracting with the SUBRECIPIENT or Contracted Parties arising from or associated with this Agreement is strictly incidental and all such vendors are not and are not intended to be considered as third-party beneficiaries under any agreement between MDEQ and the SUBRECIPIENT.

Upon execution of any contract between the SUBRECIPIENT and any other party in regard to the project, MDEQ does not assume any authorities, duties, responsibilities, or liabilities under such contract. The SUBRECIPIENT and Contracted Party shall not have any authority to bind or otherwise obligate MDEQ, directly or indirectly, under any contract or agreement between the SUBRECIPIENT and any other party. The SUBRECIPIENT, Contracted Party and its vendors acknowledge and agree that any action taken by MDEQ in its role of grantor, or in its separate and distinct role as regulator shall not in any way change or alter its position as that of grantor.

MDEQ does not have any authority, duty, responsibility, or liability in contract claims or dispute identification, negotiation, resolution, or any other actions regarding contract claims under the contract(s) between the SUBRECIPIENT and any other party. The SUBRECIPIENT and the Contracted Party acknowledge and agree that MDEQ is not obligated to review, comment on, approve, or discuss the merits of any contract claims presented by or to any party. Any MDEQ reviews, approvals, observations, presence at meetings, written communications, verbal communications or other actions are not to be interpreted as addressing the merits of any claims, nor are they to be construed as interpreting the contract between the SUBRECIPIENT and the Contracted Party or any other parties.

5. ACCESS TO RECORDS

Provided Contracted Party is given reasonable advance written notice and such inspection is made during normal business hours of Contracted Party, then the Government Accountability Office, MDEQ, the State or any duly authorized representatives shall have unimpeded, prompt access to any of Contracted Party's books, documents, papers, and other records which are maintained or produced

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

as a result of the Project for the purpose of making audits, investigations, examinations, excerpts, transcriptions, and copies of such documents. This right also includes timely and reasonable access to the Contracted Party's personnel for the purpose of interview and discussion related to such documents. All records related to this Agreement shall be retained by Contracted Party for a minimum of ten (10) years after final payment is made under this Agreement and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this Project is commenced before the end of the ten (10) year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the ten (10) year period, whichever is later.

Contracted Party is not required to retain the above-mentioned records for the ten (10) year period prescribed in this Section and the "Right to Audit" provision only if all of the following conditions are satisfied:

A. Contracted Party has provided all of the documents described above and in the "Right to Audit" provision to MDEQ prior to the expiration of the ten (10) year retention period and a certification stating the same is simultaneously provided in writing to MDEQ;

B. No audit, litigation or other action arising out of or related in any way to this Project is commenced before Contracted Party provides the records and corresponding certification to MDEQ, in which case, Contracted Party shall retain the records until all issues arising out of the action are finally resolved; and

C. Contracted Party provides MDEQ a minimum of thirty (30) days written notice before providing the above-mentioned records and corresponding certification.

6. RECORD RETENTION AND RIGHT TO AUDIT

The Contracted Party shall maintain and retain books, documents, papers, financial records and other records, including electronic records, as may be prescribed by the MDEQ or by applicable federal and state laws, rules, and regulations. Contracted Party shall retain these records for a period of ten (10) years after final payment. These records shall be made available during the term of the Agreement and the subsequent ten (10) year period for examination, transcription, and audit by MDEQ, the Mississippi State Auditor's Office, its designees, or other authorized bodies, including the Office of Inspector General. If any litigation, claim, investigation, or audit relating to this Agreement or an activity funded under the Agreement is started before the expiration of the ten (10) year period, the records must be retained until all litigation, claims, investigations, or audit findings involving the records have been resolved and final action taken.

7. RIGHT TO INSPECT WORK; SITE ACCESS

MDEQ and their representatives, invitees, and consultants shall have access and the right to conduct announced and unannounced onsite and offsite physical visits to inspect all Work hereunder. Upon request by MDEQ, Contracted Party shall provide MDEQ and its representatives, invitees, and consultants with the opportunity to participate in site inspections, meetings, and/or teleconferences, as

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

appropriate, related to the performance of the Work.

8. CONFLICT OF INTEREST

The Contracted Party covenants that he presently has no interest and shall not acquire any interest direct or indirect in the Project that is the subject to this Agreement or any parcels therein, where applicable, or any other interest which would conflict in any manner or degree with the performance of his services hereunder. The Contracted Party further covenants that, in the performance of this agreement, no person having any such interest shall be employed.

The Contracted Party agrees to establish safeguards to prohibit employees from using positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have a family, business, or other tie.

9. COOPERATION AND EVALUATION

The Contracted Party agrees to assist and cooperate with the MDEQ or its duly designated representatives in the monitoring of the Project(s) to which the Agreement relates, and to provide in form and manner approved by MDEQ such monitoring reports, progress reports, and the like as may be required and to provide such reports at the times specified.

Further, the Contracted Party agrees to cooperate with MDEQ or its duly designated representatives by providing timely responses to all reasonable requests for information to assist in evaluation of the accomplishments of the Project and the agreement for a period of ten (10) years after the date on which the Final Reports are provided.

EXHIBIT I — APPENDIX II TO PART 200 – CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141–3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible

under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) See § 200.323.

(K) See § 200.216.

(L) See § 200.322.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET BC-1: BASIC SERVICES—LUMP SUM

ARTICLE 1—COMPENSATION PACKET BC-1: BASIC SERVICESLUMP SUM

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 1.01:

1.01 Compensation for Basic Services— Lump Sum Method of Payment

A. Owner shall pay Engineer for Basic Services set forth in Exhibit A as follows:

1. A Lump Sum amount of $2,185,000.00 based on the following estimated distribution of compensation:

a.	Study and Report Phase	$0.00
b.	Preliminary Design Phase	$630,000.00
c.	Final Design Phase	$675,000.00
d.	Bidding and Negotiating Phase	$40,000.00
e.	Construction Phase including RPR	$825,000.00
f.	Post-Construction Phase	$15,000.00

2. Engineer may alter the distribution of compensation between individual phases noted herein, but shall not exceed the total Lump Sum amount unless approved in writing by the Owner.

3. The Lump Sum includes compensation for Engineer's services and services of Engineer's Consultants, if any. Appropriate amounts have been incorporated in the Lump Sum to account for labor costs, overhead, profit, expenses, and Consultant charges.

4. Reimbursable Expenses are included in the Lump Sum Fee.

5. The portion of the Lump Sum amount billed for Engineer's services will be based upon Engineer's estimate of the percentage complete of each phase identified above.

6. The Lump Sum includes all grant management and grant compliance throughout the period of service.

Period of Service*:* The compensation amount stipulated in Compensation Packet BC-1 is conditioned on a period of service not exceeding 10 months for Design Phase and Bidding Phase Services and an estimated 12 months for Construction Phase Services.

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH COVINGTON CIVIL AND ENVIRONMENTAL, LLC, FOR ENGINEERING SERVICES IN CONNECTION WITH THE NORTH GULFPORT WASTEWATER TREATMENT PLANT SAND FILTERS PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the North Gulfport Wastewater Treatment Plant Sand Filters Project, a project intended to replace the sand filter and anthracite system at the North Gulfport Wastewater Treatment Plant.; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the North Gulfport Wastewater Treatment Plant Sand Filters Project and received proposals from five (5) firms; and

WHEREAS, after referral to and grading by a selection committee, Covington Civil and Environmental, LLC, was selected as the highest scoring firm (see January 2, 2024, minutes) and recommended for award Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the North Gulfport Wastewater Treatment Plant Sand Filters Project to Covington Civil and Environmental, LLC, and to approve an agreement with Covington Civil and Environmental, LLC, subject to final approval of the Legal Department, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the North Gulfport Wastewater Treatment Plant Sand Filters Project., be and the same is hereby approved and the proposed Engineering Services Contract between Covington Civil and Environmental, LLC, and the City be and it is hereby approved in substantially the form found at Exhibit "A" hereto, subject to final approval of the Legal Department, and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES **NAYS** **ABSENT**

WHEREUPON, the President declared the motion carried and the Resolution adopted this the _____ day of _____, 2024.

(SEAL)

ATTEST: **ADOPTED:**

_____ _____

CLERK OF THE COUNCIL **PRESIDENT**

The above and foregoing Resolution was submitted to and approved by the Mayor, this the _____ day of _____, 2024.

APPROVED:

Date: January 29, 2024

Re: **Recommendation to Approve Engineering Services Contract**
- Covington Civil & Environmental, LLC
- North Gulfport Wastewater Treatment Plant - Sand Filters (MCWI)

Attached for your consideration is the Engineering Services Contract for the referenced project in the not-to-exceed amount of $ 1,630,000.00. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

The Project includes replacement of the sand filter and anthracite system at the North Gulfport Wastewater Treatment Plant. The total cost of engineering and construction for this project is $11,082,125.92. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure "MCWI" and the American Rescue Plan Act "ARPA".

I recommend this contract pending a full MDEQ review and contract approval.

Re: North Gulfport Wastewater Treatment Plant – Sand Filter Project

Dear Mr. Harrison:

Covington Civil & Environmental LLC (Covington) is pleased to furnish the City of Gulfport our contract to provide engineering services to complete the Sand Filter Replacement Project at the North Gulfport WWTP. Our team, which includes process and structural engineers who designed the original North Plant are ready to serve the City of Gulfport. We look forward to working with the City to complete this important project on time and within budget.

Sincerely,

Benjamin Benvenutti, P.E.

AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES

This is an Agreement between **City of Gulfport** (Owner) and **Covington Civil and Environmental, LLC** (Engineer). Owner's Project, of which Engineer's services under this Agreement are a part, is generally identified as **North Gulfport Wastewater Treatment Plant – Sand Filters** (Project). Other terms used in this Agreement are defined in Article 7. Engineer's services under this Agreement are generally identified as design phase services including preparation of contract documents (plans and specifications), bid phase services for project award, construction phase services including processing of progress payments and project representative services.

Owner and Engineer further agree as follows:

ARTICLE 1—SERVICES OF ENGINEER

1.01 Scope

A. Engineer shall provide, or cause to be provided, the services set forth herein and in Exhibit A.

ARTICLE 2—OWNER'S RESPONSIBILITIES

2.01 Project Information

A. To the extent Owner has not already provided the following, or has new, additional, or revised information from that previously provided, Owner shall provide Engineer with information and data needed by Engineer in the performance of Basic and Additional Services, including Owner's:

1. design objectives and constraints;
2. space, capacity, and performance requirements;
3. flexibility and expandability needs;
4. design and construction standards;
5. budgetary limitations; and
6. any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

B. Following Engineer's assessment of initially-available Project information and data and upon Engineer's request, Owner shall obtain, furnish, or otherwise make available (if necessary through retention of specialists or consultants) such additional Project-related information and data as is reasonably required to enable Engineer to complete its Basic and Additional Services; or, with consent of Engineer, Owner may authorize the Engineer to obtain or provide all or part of such additional information as Additional Services. Such additional information or data may include the following:

1. Property descriptions.
2. Zoning, deed, and other land use restrictions.
3. Explorations and tests of subsurface conditions at or adjacent to the Site; geotechnical reports and investigations; drawings of physical conditions relating to existing surface

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or subsurface structures at the Site; hydrographic surveys, laboratory tests and inspections of samples, materials, and equipment; appropriate professional interpretation of such information or data.

4. Environmental assessments, audits, investigations, and impact statements, and other relevant environmental, historical, or cultural studies relevant to the Project, the Site, and adjacent areas.

5. Data or consultations as required for the Project but not otherwise identified in this Agreement.

C. Owner shall examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

D. Owner shall furnish to Engineer data as to Owner's anticipated costs for services to be provided to Owner by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) so that Engineer may assist Owner in collating the various cost categories that comprise Total Project Costs.

E. Owner shall advise Engineer if any invention, design, process, product, or device that Owner has requested, required, or recommended for inclusion in the Drawings or Specifications will be subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights.

F. Owner shall inform Engineer as to whether Engineer's assistance is requested with respect to Owner's evaluation of the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

2.02 Owner's Instructions Regarding Bidding/Proposal and Front-End Construction Contract Documents

A. Owner shall give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable) and Owner's construction contract practices and requirements, and furnish to Engineer (or give specific directions requesting Engineer to use copies already in Engineer's possession) the following:

1. Owner's standard contract forms, general conditions (if other than the current edition of EJCDC® C-700, Standard General Conditions of the Construction Contract), supplementary conditions, text, and related documents and content for Engineer to include in the draft Bidding/Proposal Documents, and in draft Front-End Construction Contract Documents;

2. insurance and bonding requirements;

3. protocols for electronic transmittals during bidding and construction;

4. Owner's safety and security programs applicable to Contractor and other Constructors;

5. diversity and other social responsibility requirements;

6. bidding and contract requirements of funding, financing, or regulatory entities;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7. other specific conditions applicable to the procurement of construction or contract documents;

8. any other information necessary for Engineer to assist Owner in preparing its Bidding/Proposal Documents and Front-End Construction Contract Documents.

B. Owner shall have responsibility for the final content of (1) such Bidding/Proposal Documents, and (2) such Front-End Construction Contract Documents, other than content furnished by Engineer concerning the design (as set forth in the Drawings, Specifications, or otherwise) or other engineering or technical matters.

1. Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. If there will be an advertisement soliciting bids for construction, Owner shall place and pay for such advertisement.

2.03 Owner-Furnished Services

A. Recognizing and acknowledging that Engineer's services and expertise do not include the following services, Owner shall obtain, as required for the Project:

1. Accounting, bond and financial advisory services (including, if applicable, "municipal advisor" services as described in Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) and the municipal advisor registration rules issued by the Securities and Exchange Commission), independent cost estimating, and insurance counseling services.

2. Legal services, including attorney review of proposed Construction Contract Documents, legal services required by Owner, legal services needed as a result of issues raised by Contractor, and Project-related legal services reasonably requested by Engineer.

3. Auditing services, including those needed by Owner to ascertain how or for what purpose Contractor has used money paid to it.

B. Owner shall provide the services of an independent testing laboratory to perform all inspections, tests, and approvals of samples, materials, and equipment required by the Construction Contract Documents (other than those required to be furnished or arranged by Contractor), or to evaluate the performance of materials, equipment, and facilities of Owner, prior to their incorporation into the Work with appropriate professional interpretation thereof. Owner shall provide Engineer with the findings and reports generated by testing laboratories, including findings and reports obtained from or through Contractor.

C. Owner shall acquire or arrange for acquisition of the Site(s) and any temporary or permanent rights of access, easements, or property rights needed for the Project.

D. With respect to the portions or phases of the Project designed or specified by Engineer, Owner shall provide, obtain, or arrange for:

1. all required reviews, approvals, consents, and permits from governmental authorities having jurisdiction, and

2. such reviews, approvals, and consents from others as may be necessary for completion of each portion or phase of the Project.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Owner may delegate to Contractor or others the responsibilities set forth in Paragraphs 2.03.C and D.

2.04 Owner's General Responsibilities

A. Owner shall inform Engineer of the policies, procedures, and requirements of Owner that are applicable to Engineer's performance of services under this Agreement.

B. Owner shall provide Engineer with Owner's budget for the Project, including type and source of funding to be used, and will promptly inform Engineer if the budget or funding sources change.

C. Owner shall inform Engineer in writing of any safety or security programs that are applicable to the personnel of Engineer, its Subconsultants, and Engineer's Subcontractors, as they visit the Site or otherwise perform services under this Agreement.

D. Owner shall arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under this Agreement.

E. Owner shall provide necessary direction and make decisions, including prompt review of Engineer's submittals, and carry out its other responsibilities in a timely manner so as not to delay Engineer's performance of its services.

F. Owner shall be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by Owner to Engineer pursuant to this Agreement. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement, subject to any express limitations or reservations applicable to the furnished items.

G. Owner shall give prompt written notice to Engineer whenever Owner observes or otherwise becomes aware of:

1. any development that affects the scope or time of performance of Engineer's services;

2. the presence at the Site of any Constituent of Concern; or

3. any relevant, material defect or nonconformance in: (a) Engineer's services, (b) the Work, (c) the performance of any Constructor, or (d) Owner's performance of its responsibilities under this Agreement.

H. Owner shall advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructability review.

I. If Owner designates a construction manager, site representative, or any individual or entity other than, or in addition to, Engineer to represent Owner at the Site, Owner shall define and set forth as an exhibit to this Agreement the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

J. Owner shall:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job-related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.
2. Primarily communicate with Engineer's Subcontractors and Subconsultants through the Engineer.
    a. Promptly inform Engineer of the substance of any communications between Owner and Engineer's Subcontractors or Subconsultants.
    b. Refrain from directing the services of Engineer's Subcontractors or Subconsultants.
3. Authorize Engineer to provide Additional Services as set forth in Article 2 of Exhibit A of the Agreement, as required.
4. Perform or provide the following:
    a. **N/A**

2.05 Payment

A. Owner shall pay Engineer as set forth in Article 4 and Exhibit J.

ARTICLE 3—SCHEDULE FOR RENDERING SERVICES

3.01 Commencement

A. Engineer is authorized to begin rendering services as of the Effective Date.

3.02 Time for Completion

A. Engineer shall complete its obligations within a reasonable time. Specific periods of time for rendering services, or specific dates by which services are to be completed, are provided in Exhibit B, and are hereby agreed to be reasonable.

B. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, will be adjusted equitably.

C. If Owner authorizes changes in the scope, extent, or character of the Project or Engineer's services, then the time for completion of Engineer's services, and the amounts of Engineer's compensation, will be adjusted equitably.

ARTICLE 4—INVOICES AND PAYMENTS

4.01 Invoices

A. Preparation and Submittal of Invoices: Engineer shall prepare invoices in accordance with its standard invoicing practices, the progress reporting and special invoicing requirements (if any) in Exhibit A Paragraph 1.01.A, and the terms of Exhibit J. Engineer shall submit its invoices to Owner on a monthly basis. Invoices are due and payable within 45 days of receipt.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4.02 Payments

A. Application to Interest and Principal: Payment will be credited first to any interest owed to Engineer and then to principal.

B. Disputed Invoices: If Owner disputes an invoice, either as to amount or entitlement, then Owner shall promptly advise Engineer in writing of the specific basis for doing so; may withhold only that portion so disputed; and must pay the undisputed portion, subject to the terms of Paragraph 4.01. After a disputed item has been resolved, Engineer shall include the agreed-upon amount on a new invoice.

C. Failure to Pay: If Owner fails to make any undisputed payment due Engineer within 45 days after receipt of Engineer's invoice, then:

1. amounts due Engineer will be increased at the rate of 1.5% per month (or the maximum rate of interest permitted by law, if less) from said forty-fifth day, and

2. Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement until Owner has paid in full amounts due. Owner waives any and all claims against Engineer for any such suspension.

D. Sales or Use Taxes: If after the Effective Date any governmental entity takes an action that imposes additional sales or use taxes on Engineer's services or compensation under this Agreement, then Engineer may invoice such additional sales or use taxes for reimbursement by Owner. Owner shall reimburse Engineer for the cost of such invoiced additional sales or use taxes; such reimbursement will be in addition to the compensation to which Engineer is entitled under the terms of Exhibit J.

ARTICLE 5—OPINIONS OF COST

5.01 Opinions of Probable Construction Cost

A. Engineer's opinions of probable Construction Cost (if any) are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If Owner requires greater assurance as to probable Construction Cost, then Owner agrees to obtain an independent cost estimate.

5.02 Opinions of Total Project Costs

A. The services, if any, of Engineer with respect to Total Project Costs will be limited to assisting the Owner in tabulating the various categories that comprise Total Project Costs. Engineer assumes no responsibility for the accuracy of any opinions of Total Project Costs.

ARTICLE 6—GENERAL CONSIDERATIONS

6.01 Standards of Performance

A. Standard of Care: The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.

B. Technical Accuracy: Owner shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation, unless such corrective action is directly attributable to deficiencies in Owner-furnished information.

C. Engineer's Subcontractors and Subconsultants: Engineer may retain such Engineer's Subcontractors and Subconsultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by Owner.

D. Reliance on Others: Subject to the standard of care set forth in Paragraph 6.01.A, Engineer may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

E. Compliance with Laws and Regulations, and Policies and Procedures

1. Engineer and Owner shall comply with applicable Laws and Regulations.

2. Engineer shall comply with the policies, procedures, and instructions of Owner that are applicable to Engineer's performance of services under this Agreement and that Owner provides to Engineer in writing, subject to the standard of care set forth in Paragraph 6.01.A, and to the extent compliance is not inconsistent with professional practice requirements.

3. This Agreement is based on Laws and Regulations and Owner-provided written policies and procedures as of the Effective Date. The following may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, or compensation:

a. changes after the Effective Date to Laws and Regulations,

b. the receipt by Engineer after the Effective Date of Owner-provided written policies and procedures, and

c. changes after the Effective Date to Owner-provided written policies or procedures.

F. General Conditions of Construction Contract: The general conditions for any construction contract documents prepared hereunder are to be EJCDC® C-700 "Standard General Conditions of the Construction Contract", prepared by the Engineers Joint Contract Documents Committee, unless expressly indicated otherwise in Exhibit J or elsewhere in this Agreement

G. Copies of Drawings and Specifications: If Engineer is required to prepare or furnish Drawings or Specifications under this Agreement, Engineer shall deliver to Owner at least one complete electronic copy of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations, and one complete printed copy, duly signed and sealed.

H. Engineer shall not be required to sign any document, no matter by whom requested, that would result in Engineer having to certify, guarantee, or warrant conditions whose existence

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Engineer cannot ascertain within the authorized scope of Engineer's services. Owner agrees not to make resolution of any dispute with Engineer or payment of any amount due to Engineer in any way contingent upon Engineer signing any such document.

I. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor will Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.

J. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work in accordance with the Construction Contract Documents.

K. Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the Construction Contract Documents, other than those made by Engineer.

L. Engineer is not required to provide and does not have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.

M. Engineer's services do not include providing legal advice or representation.

N. Engineer's services do not include (1) serving as a "municipal advisor" for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission, or (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances.

O. While at the Site, Engineer, its Subconsultants, and Engineer's Subcontractors, and their employees and representatives will comply with the applicable requirements of Contractor's and Owner's safety programs of which Engineer has been informed in writing.

6.02 Ownership and Use of Documents

A. All Documents are instruments of service, and Engineer owns the Documents, including all associated copyrights and the right of reuse at the discretion of the Engineer. Engineer shall continue to own the Documents and all associated rights whether or not the Project is completed.

1. Owner may make and retain copies of Documents for information and reference in connection with the use of the Documents on the Project.

2. Engineer grants Owner a limited license to use the Documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment due and owing for all services relating to preparation of the Documents, and subject to the following limitations:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. Owner acknowledges that such Documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, on any other project, or for any other use or purpose, without written verification or adaptation by Engineer;

b. any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and Subconsultants;

c. Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the Documents without written verification, completion, or adaptation by Engineer; and

d. such limited license to Owner shall not create any rights in third parties.

B. If Engineer at Owner's request verifies the suitability of the Documents, completes them, or adapts them for extensions of the Project or for any other purpose, then Owner shall compensate Engineer at rates or in an amount to be agreed upon by Owner and Engineer.

C. Engineer shall inform Owner if Engineer is aware of any invention, design, process, product, or device specified in the Drawings, Specifications, or other Documents that is subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights. If Engineer's good-faith inclusion in the Drawings, Specifications, or other Documents of new, innovative, or non-standard technologies, for the benefit of Owner and the Project, results in third-party claims of infringement or violation of intellectual property rights, then Owner and Engineer shall share equally the costs of defending against, settling, or paying such claims.

D. Engineer will obtain Owner's consent, which will not be unreasonably withheld, prior to releasing any publicity, including news and press releases, promotional publications, award and prize competition submittals, and other advertising regarding the subject matter of this Agreement. Nothing herein will limit the Engineer's right to include information in statements of qualifications and proposals to others accurately describing its participation and participation of employees in the Project.

6.03 Electronic Transmittals

A. To the fullest extent practical, Owner and Engineer agree to transmit, and accept, Project-related correspondence, Documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with mutually agreeable protocol.

B. If this Agreement does not establish or include protocols for electronic or digital transmittals, then Owner and Engineer may operate without specific protocols or may jointly develop such protocols at a later date.

C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

computer hardware differing from those used in the drafting or transmittal of items, or from those established in applicable protocols.

6.04 Insurance

A. Engineer shall procure and maintain insurance as set forth in Exhibit G.

B. Additional Insureds: The Engineer's commercial general liability policy must include and list Owner as additional insureds.

C. Owner shall procure and maintain insurance as set forth in Exhibit G.

D. Owner shall require Contractor to purchase and maintain policies of insurance covering workers' compensation, general liability, motor vehicle damage and injuries, and other insurance necessary to protect Owner's and Engineer's interests in the Project. Owner shall require Contractor to cause Engineer, its Subconsultants, and Engineer's Subcontractors to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project. Owner shall give Engineer access to any certificates of insurance and copies of endorsements and policies obtained by Owner from Contractor.

E. Owner and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates must be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

F. All construction contracts entered into by Owner with respect to the Project must require builder's risk or similar property insurance.

G. All policies of property insurance relating to the Project, including but not limited to any builder's risk or similar policy, must allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer, its Subconsultants, or Engineer's Subcontractors. Owner and Engineer waive all rights against each other, Contractor, Engineer's Subcontractors and Subconsultants, and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by any such builder's risk or similar policy and any other property insurance relating to the Project. Owner and Engineer shall take appropriate measures in other Project-related contracts to secure waivers of rights consistent with those set forth in this paragraph.

H. All policies of insurance must contain a provision or endorsement that the coverage afforded will not be canceled, and that renewal will not be refused, until at least 10 days' prior written notice has been given to the primary insured. Upon receipt of such notice, the primary insured must promptly forward a copy of the notice to the other party to this Agreement and replace the coverage being cancelled or reduced to conform to the requirements of this Agreement.

6.05 Suspension and Termination

A. Suspension

1. By Owner: Owner may suspend Engineer's services for up to 90 days upon 7 days' written notice to Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. By Engineer: Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement:

    a. if Owner has failed to pay Engineer for invoiced services and expenses, as set forth in Paragraphs 4.02.B and 4.02.C; or

    b. in response to the presence of Constituents of Concern at the Site, as set forth in Paragraph 6.09.D.

B. Termination for Cause

1. Either party may terminate the Agreement for cause upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms of the Agreement, through no fault of the terminating party.

    a. Notwithstanding the foregoing, this Agreement will not terminate under Paragraph 6.05.B.1 if the party receiving such notice begins, within 7 days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30-day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein will extend up to, but in no case more than, 60 days after the date of receipt of the notice.

2. In addition to its termination rights in Paragraph 6.05.B.1, Engineer may terminate this Agreement for cause upon 7 days' written notice:

    a. if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional;

    b. if Engineer's services for the Project are delayed or suspended for more than 90 days for reasons beyond Engineer's control; or

    c. as the result of the presence at or adjacent to the Site of undisclosed Constituents of Concern, as set forth in Paragraph 6.09.E.

3. Engineer will have no liability to Owner on account of any termination by Engineer for cause.

C. Termination for Convenience: Owner and/or Engineer may terminate this Agreement for convenience, effective upon receipt of notice from either party.

D. Extension of Effective Date of Termination: If Owner terminates the Agreement for cause or convenience, Owner may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files. Engineer shall be entitled to compensation for such tasks.

E. Payments Upon Termination: In the event of any termination under Paragraph 6.05, Engineer will be entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, Owner will

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

have the limited right to the use of Documents, at Owner's sole risk, subject to the provisions of Paragraph 6.02.A.

1. If Owner has terminated the Agreement for convenience, or if Engineer has terminated the Agreement for cause, then Engineer will be entitled, in addition to the payments identified above, to invoice Owner and receive payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with Engineer's Subcontractors or Subconsultants, and other related close-out costs, using methods and rates for Additional Services as set forth in Exhibit J.

6.06 Successors, Assigns, and Beneficiaries

A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 6.06.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, claims arising out of this Agreement or money that is due or may become due) in this Agreement without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

C. Unless expressly provided otherwise in this Agreement:

1. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

2. Nothing in this Agreement will be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them.

3. Owner agrees that the substance of the provisions of this Paragraph 6.06.C will appear in the Construction Contract Documents.

6.07 Dispute Resolution

A. Owner and Engineer shall resolve all disputes in the following manner:

1. Owner and Engineer agree to negotiate all disputes between them in good faith for a period of 30 days from the date of notice, prior to invoking mediation.

2. Owner and Engineer agree that they shall first submit any and all unsettled claims, counterclaims, disputes, and other matters in question between them arising out of or relating to this Agreement or the breach thereof ("Disputes") to mediation. Owner and Engineer agree to participate in the mediation process in good faith. The process will be conducted on a confidential basis, and must be completed within 120 days.

3. If the parties fail to resolve a Dispute through negotiations under Paragraph 6.07.A.1 or mediation under Paragraph 6.07.A.2, then, if Exhibit H is not included, or if no final

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

dispute resolution method is specified in Exhibit H, then the parties may exercise their rights at law.

6.08 Controlling Law; Venue

A. This Agreement is to be governed by the Laws and Regulations of the state in which the Project is located.

B. Venue for any exercise of rights at law will be the state court having jurisdiction at the location of the Project; or at the choice of either party, and if federal jurisdictional requirements can be met, in federal court in the district in which the Project is located.

6.09 Environmental Condition of Site

A. Owner represents to Engineer that, as of the Effective Date, to the best of Owner's knowledge, no Constituents of Concern, other than those disclosed in writing to Engineer, exist at or adjacent to the Site.

B. Undisclosed Constituents of Concern: For purposes of this Paragraph 6.09, the presence at or adjacent to the Site of Constituents of Concern that were not disclosed to Engineer pursuant to Paragraph 6.09.A, in such quantities or circumstances that such Constituents of Concern may present a danger to persons or property exposed to them, will be referred to as "undisclosed" Constituents of Concern.

1. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of this Agreement or the Construction Contract, are not undisclosed Constituents of Concern.

2. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under this Agreement are not undisclosed Constituents of Concern.

3. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under another professional services contract for Owner, or as part of the work under a construction or remediation contract, are not undisclosed Constituents of Concern if Engineer has been informed of the general scope of such contract.

C. If Engineer encounters or learns of an undisclosed Constituent of Concern at the Site, then Engineer shall notify (1) Owner and (2) appropriate authorities having jurisdiction if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

D. It is acknowledged by both parties that Engineer's scope of services does not include any services related to undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an undisclosed Constituent of Concern, or if encountered, uncovered, or revealed Constituents of Concern are present in substantially greater quantities or substantially different locations than disclosed or anticipated, or if investigative or remedial action, or other professional services, are necessary or required by applicable Laws and Regulations with respect to such Constituents of Concern, then Engineer may, at its option and without liability for direct, consequential, or any other damages, suspend performance of services on the portion of the Project adversely affected thereby until such portion of the Project is no longer so affected; and Owner shall promptly determine whether

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

to retain a qualified expert to evaluate such condition or take any necessary corrective action.

E. If the presence at the Site of undisclosed Constituents of Concern, or of Constituents of Concern in substantially greater quantities or in substantially different locations than disclosed or anticipated, adversely affects the performance of Engineer's services under this Agreement, then:

1. if the adverse effects do not preclude Engineer from completing its Project services in general accordance with this Agreement on unaffected or marginally affected portions of the Project, Engineer may accept an equitable adjustment in its compensation or in the time of completion, or both; and the Agreement will be amended to reflect changes necessitated by the presence of such Constituents of Concern; or

2. if the adverse effects are of such materiality to the overall performance of Engineer that it cannot complete its services without significant changes to the scope of services, time of completion, and compensation, then Engineer may terminate this Agreement for cause on 7 days' written notice.

F. Owner acknowledges that Engineer is performing professional services for Owner and that Engineer is not and will not be required to become an "owner," "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

6.10 Indemnification and Mutual Waiver

A. Indemnification by Engineer: To the fullest extent permitted by Laws and Regulations, Engineer shall indemnify and hold harmless Owner, and Owner's officers, directors, members, partners, agents, and employees, from losses, damages, and judgments (including reasonable consultants' and attorneys' fees and expenses) arising from third-party claims or actions relating to the Project, provided that any such claim, action, loss, damages, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors.

B. Indemnification by Owner: Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Consultants as required by Laws and Regulations and to the extent required in paragraph 6.11.

C. Environmental Indemnification: To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer, its Subconsultants, Engineer's Subcontractors, and their officers, directors, members, partners, agents, employees, and subconsultants from all claims, costs, losses, damages, actions, and judgments (including reasonable consultants' and attorney's fees and expenses) caused by, arising out of, relating to, or resulting from a Constituent of Concern at, on, or under the Site, provided that:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. any such claim, cost, loss, damages, action, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, and

2. nothing in this paragraph obligates Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence or willful misconduct.

D. No Defense Obligation: The indemnification commitments in this Agreement do not include a defense obligation by the indemnitor unless such obligation is expressly stated.

E. Percentage Share of Negligence: To the fullest extent permitted by Laws and Regulations, a party's total liability to the other party and anyone claiming by, through, or under the other party for any cost, loss, or damages caused in part by the negligence of the party and in part by the negligence of the other party or any other negligent entity or individual, will not exceed the percentage share that the party's negligence bears to the total negligence of Owner, Engineer, and all other negligent entities and individuals.

F. Mutual Waiver: To the fullest extent permitted by Laws and Regulations, Owner and Engineer waive against each other, and the other's officers, directors, members, partners, agents, employees, subconsultants, and insurers, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes. Such excluded damages include but are not limited to loss of profits or revenue; loss of use or opportunity; loss of good will; cost of substitute facilities, goods, or services; and cost of capital.

G. Exclusion of Special, Incidental, Indirect, and Consequential Damages: To the fullest extent permitted by Laws and Regulations, and notwithstanding any other provision in the Agreement, the Owner and the Engineer and their officers, directors, members, partners, agents, Consultants, and employees shall not be liable to the other or anyone claiming by, through, or under each other for any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes, including but not limited to: Loss of use, loss of profit; loss of business; loss of income; loss of reputation or any other consequential damages that either party may have incurred from any cause of actions including negligence, strict liability , breach of contract and breach of strict or implied warranty. Both the Owner and the Engineer shall require similar waivers of consequential damages protecting all the entities or person named herein in all contracts and subcontracts with other involved in the project. Both the Owner and the Engineer agree that Engineer's total liability to Owner under this Agreement shall be limited to $100,000 or the total amount of compensation received by Engineer, whichever is greater.

6.11 Records Retention

A. Engineer shall maintain on file in legible form, for a period of five years following completion or termination of its services, or such other period as required by Laws and Regulations, all Documents, records (including cost records), and design calculations related to Engineer's services or pertinent to Engineer's performance under this Agreement. Upon Owner's request, Engineer shall provide a copy of any such item to Owner at cost.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.12 Miscellaneous Provisions

A. Notices: Any notice required under this Agreement will be in writing, and delivered: in person (by commercial courier or otherwise); by registered or certified mail; or by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line. All such notices are effective upon the date of receipt.

B. Survival: Subject to applicable Laws and Regulations, all express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

C. Severability: Any provision or part of the Agreement held to be void or unenforceable under any Laws or Regulations will be deemed stricken, and all remaining provisions will continue to be valid and binding upon Owner and Engineer.

D. No Waiver: A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Agreement.

E. Accrual of Claims: To the fullest extent permitted by Laws and Regulations, all causes of action arising under this Agreement will be deemed to have accrued, and all statutory periods of limitation will commence, no later than the date of Substantial Completion; or, if Engineer's services do not include Construction Phase services, or the Project is not completed, then no later than the date of Owner's last payment to Engineer.

ARTICLE 7—DEFINITIONS

7.01 Defined Terms

A. Wherever used in this Agreement (including the exhibits hereto) terms (including the singular and plural forms) printed with initial capital letters have the meanings indicated in the text above, in the exhibits, or in the following definitions:

1. Addenda—Written or graphic instruments issued prior to the opening of bids which clarify, correct, or change the bidding requirements or the proposed Construction Contract Documents.

2. Additional Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 2 of Exhibit A of this Agreement.

3. Agreement—This written contract for professional services between Owner and Engineer, including all exhibits identified in Paragraph 8.01 and any duly executed amendments.

4. Application for Payment—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Construction Contract.

5. Basic Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 1 of Exhibit A of this Agreement.

6. Bidding/Proposal Documents—Documents related to the selection of the Contractor, including advertisements or invitations to bid; requests for proposals; instructions to

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

bidders or proposers, including any attachments such as lists of available Site-related documents; bid forms; bids; proposal forms; proposals; bidding requirements; and qualifications documents.

7. Change Order—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Construction Contract Price or the Construction Contract Times, or other revision to the Construction Contract, issued on or after the effective date of the Construction Contract.

8. Change Proposal—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth in the Construction Contract, seeking an adjustment in Construction Contract Price or Construction Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Construction Contract Documents or the acceptability of Work under the Construction Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Construction Contract.

9. Constituents of Concern—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), lead-based paint (as defined by the HUD/EPA standard), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to Laws and Regulations regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

10. Construction Contract—The entire and integrated written contract between Owner and Contractor concerning the Work.

11. Construction Contract Documents—Those items designated as "Contract Documents" in the Construction Contract, and which together comprise the Construction Contract. See also definition of "Front-End Construction Contract Documents" below.

12. Construction Contract Price—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Construction Contract Documents.

13. Construction Contract Times—The number of days or the dates by which Contractor must: (a) achieve milestones, if any, in the Construction Contract; (b) achieve Substantial Completion; and (c) complete the Work.

14. Construction Cost—The cost to Owner of the construction of those portions of the entire Project designed or specified by or for Engineer under this Agreement, including construction labor, services, materials, equipment, insurance, and bonding costs, and allowances for contingencies. Construction Cost does not include costs of services of Engineer or other design professionals and consultants; cost of land or rights-of-way, or compensation for damages to property; Owner's costs for legal, accounting, insurance counseling, or auditing services; interest or financing charges incurred in connection with the Project; or the cost of other services to be provided by others to Owner. Construction Cost is one of the items comprising Total Project Costs.

15. Constructor—Any person or entity (not including the Engineer, its employees, agents, representatives, or Subconsultants, or Engineer's Subcontractors), performing or supporting construction activities relating to the Project, including but not limited to Contractors, Subcontractors, Suppliers, Owner's work forces, utility companies, other

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

contractors, construction managers, design-builders, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

16. Contractor—The entity or individual with which Owner enters into a Construction Contract.

17. Documents—All documents expressly identified as deliverables in this Agreement, whether in printed or Electronic Document form, required by this Agreement to be provided or furnished by Engineer to Owner. Such specifically required deliverables may include, by way of example, Drawings, Specifications, data, reports, building information models, and civil integrated management models.

18. Drawings—That part of the Construction Contract Documents that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. Effective Date—The date indicated in this Agreement on which it becomes effective, but if no such date is indicated, the date on which this Agreement is signed and delivered by the last of the parties to sign and deliver.

20. Electronic Document—Any Project-related correspondence, attachments to correspondence, data, documents, drawings, information, or graphics, including but not limited to Shop Drawings and other Submittals, that are in an electronic or digital format.

21. Electronic Means—Electronic mail (e-mail), upload/download from a secure Project website, or other communications methods that allow: (a) the transmission or communication of Electronic Documents; (b) the documentation of transmissions, including sending and receipt; (c) printing of the transmitted Electronic Document by the recipient; (d) the storage and archiving of the Electronic Document by sender and recipient; and (e) the use by recipient of the Electronic Document for purposes permitted by this Agreement. Electronic Means does not include the use of text messaging, or of Facebook, Twitter, Instagram, or similar social media services for transmission of Electronic Documents.

22. Engineer—The individual or entity named as such in this Agreement.

23. Engineer's Subcontractor—An individual, firm, vendor, or other entity having a contract with Engineer to furnish general services, equipment, or materials with respect to the Project as an independent contractor.

24. Field Order—A written order issued by Engineer which requires minor changes in the Work but does not change the Construction Contract Price or the Construction Contract Times.

25. Front-End Construction Contract Documents—Those Construction Contract Documents whose primary purpose is to establish legal and contractual terms and conditions, typically including the Owner-Contractor agreement, bonds, general conditions, and supplementary conditions. The term excludes the Drawings and Specifications, and any Construction Contract Documents delivered or issued after the effective date of the Construction Contract.

26. Laws and Regulations; Laws or Regulations—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

27. Owner—The individual or entity named as such in this Agreement and for which Engineer's services are to be performed. Unless indicated otherwise, this is the same individual or entity that will enter into any Construction Contracts concerning the Project.

28. Project—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the services to be performed or furnished by Engineer under this Agreement are a part.

29. Record Drawings—Drawings depicting the completed Project, or a specific portion of the completed Project, prepared by Engineer and based on Contractor's record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications, as delivered to Engineer and annotated by Contractor to show changes made during construction.

30. Resident Project Representative—The authorized representative of Engineer assigned to assist Engineer at the Site during the Construction Phase. As used herein, the term Resident Project Representative (RPR) includes any assistants or field staff of the RPR.

31. Samples—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

32. Shop Drawings—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Construction Contract Documents.

33. Site—Lands or areas to be indicated in the Construction Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

34. Specifications—The part of the Construction Contract Documents that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

35. Subconsultant—An individual, design firm, consultant, or other entity having a contract with Engineer to furnish professional services with respect to the Project as an independent contractor.

36. Subcontractor—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

37. Submittal—A written or graphic document, prepared by or for Contractor, which the Construction Contract Documents require Contractor to submit to Engineer, or that is indicated as a Submittal in the Schedule of Submittals accepted by Engineer. Submittals may include Shop Drawings and Samples; schedules; product data; Owner-delegated designs; sustainable design information; information on special procedures; testing plans; results of tests and evaluations, source quality-control testing and inspections,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and field or Site quality-control testing and inspections; warranties and certifications; Suppliers' instructions and reports; records of delivery of spare parts and tools; operations and maintenance data; Project photographic documentation; record documents; and other such documents required by the Construction Contract Documents. Submittals, whether or not approved or accepted by Engineer, are not Construction Contract Documents. Change Proposals, Change Orders, Claims, notices, Applications for Payment, and requests for interpretation or clarification are not Submittals.

38. Substantial Completion—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Construction Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

39. Supplier—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

40. Total Project Costs—The total cost of planning, studying, designing, constructing, testing, commissioning, and start-up of the Project, including Construction Cost and all other Project labor, services, materials, equipment, insurance, and bonding costs, allowances for contingencies, and the total costs of services of Engineer or other design professionals and consultants, together with such other Project-related costs that Owner furnishes for inclusion, including but not limited to cost of land, rights-of-way, compensation for damages to properties and private utilities (including relocation if not part of Construction Cost), Owner's costs for legal, accounting, insurance counseling, and auditing services, interest and financing charges incurred in connection with the Project, and the cost of other services to be provided by others to Owner.

41. Underground Facilities—All active or not-in-service underground lines, pipelines, conduits, ducts, encasements, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or systems at the Site, including but not limited to those facilities or systems that produce, transmit, distribute, or convey telephone or other communications, cable television, fiber optic transmissions, power, electricity, light, heat, gases, oil, crude oil products, liquid petroleum products, water, steam, waste, wastewater, storm water, other liquids or chemicals, or traffic or other control systems. An abandoned facility or system is not an Underground Facility.

42. Work—The entire construction or the various separately identifiable parts thereof required to be provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.

43. Work Change Directive—A written directive to Contractor issued on or after the effective date of the Construction Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Terminology

1. The word “day” means a calendar day of 24 hours measured from midnight to the next midnight.

ARTICLE 8—EXHIBITS AND SPECIAL PROVISIONS

8.01 Exhibits to Agreement

The following exhibits are incorporated by reference and included as part of this Agreement:

A. Exhibit A, Engineer’s Services.

B. Exhibit B, Deliverables Schedule.

C. Exhibit C, Owner’s Responsibilities

D. Exhibit D, Duties, Responsibilities and Limitations of Authority of Resident Project Representative.

E. Exhibit E, Notice of Acceptability of Work

F. Exhibit F, NOT USED

G. Exhibit G, Insurance.

H. Exhibit H, Subaward Terms and Conditions for Contracted Parties

I. Exhibit I, Appendix II to Part 200 – Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

J. Exhibit J, Payments to Engineer for Services.

K. Exhibit K, Amendment to Owner-Engineer Agreement

8.02 Total Agreement

A. This Agreement (which includes the exhibits listed above) constitutes the entire contractual agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a written instrument duly executed by both parties.

8.03 Designated Representatives

A. With the execution of this Agreement, Engineer and Owner shall each designate a specific individual to act as representative under this Agreement. Such an individual must have authority to transmit instructions, receive information, and render decisions with respect to this Agreement on behalf of the party that the individual represents.

8.04 Engineer's Certifications

A. Engineer certifies that it has not engaged in corrupt, fraudulent, or coercive practices in competing for or in executing the Agreement. For the purposes of this Paragraph 8.04:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the selection process or in the Agreement execution;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the selection process or the execution of the Agreement to the detriment of Owner, or (b) to deprive Owner of the benefits of free and open competition;

3. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the selection process or affect the execution of the Agreement.

8.05 Conflict of Interest

A. Nothing in this Agreement will be construed to create or impose any duty on the part of Engineer that would be in conflict with Engineer's paramount obligations to the public health, safety, and welfare under the professional practice requirements governing Engineer, its Subconsultants, and all licensed professionals employed by Engineer or its Subconsultants.

B. If during the term of this Agreement a potential or actual conflict of interest arises or is identified:

1. Engineer and Owner together will make reasonable, good faith efforts to avoid or eliminate the conflict of interest; to mitigate any adverse consequences of the conflict of interest; and, if necessary and feasible, to modify this Agreement to address the conflict of interest and its consequences, such that progress under the Agreement may continue.

2. Such efforts will be governed by applicable Laws and Regulations and by any pertinent Owner's policies, procedures, and requirements (including any conflict of interest resolution methodologies) provided to Engineer under Paragraph 2.04.A of this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

This Agreement's Effective Date is **June 29, 2022, or the date executed by Forrest County (whichever is later).**

Exhibit A Table of Contents

Article 1— BASIC SERVICES 2
1.01 Study and Report Phase 2
1.02 Preliminary Design Phase 2
1.03 Final Design Phase 3
1.04 Bidding/Proposal Phase 6
1.05 Construction Phase 7
1.06 Post-Construction Phase 13
Article 2— ADDITIONAL SERVICES 13
2.01 Additional Services Not Requiring Owner's Written Authorization 13
2.02 Additional Services Requiring Owner's Written Authorization 15

Article 1 of the Agreement, Services of Engineer, is supplemented to include the following provisions:

Baseline Information: Owner has furnished the following Project information to Engineer as of the Effective Date. Engineer's scope of services has been developed based on this information. As the Project moves forward, some of the information may change or be refined, and additional information will become known, resulting in the possible need to change, refine, or supplement the scope of services.

Project Title:	North Gulfport Wastewater Treatment Plant – Sand Filter Replacement
Type and Size of Facility:	As part of the original plant's construction, the EIMCO traveling bridge filter system remains in daily operation and provides tertiary filtration for the process flow. This EIMCO system is a dual media (sand and anthracite) system comprised of four individual filter cells contained within a single, partitioned concrete basin.
Description of Improvements:	The scope of work includes the retrofit of the existing filter system staying within the single, partitioned concrete basin and replacing the sand and anthracite system with new disk or cloth media. The design flows are 23 MGD average and 46 MGD Peak as set by the Owner and HCUA. Engineer shall be responsible for all MCWI/ARPA grant management requirements. Any additional MDEQ contract provisions will be included through an amendment to the contract.

Engineer shall provide Basic and Additional Services as set forth below.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 1—BASIC SERVICES

1.01 Study and Report Phase

A. Engineer shall use the previously completed "Filtration & Disinfection Assessment" and "HCUA Water and Resources Plan – Phase II" for this project and no additional report is required.

1.02 Preliminary Design Phase

1. After acceptance by Owner of the Report and any other Study and Report Phase deliverables; selection by Owner of a recommended solution; issuance by Owner of any instructions of for use of Project Strategies, Technologies, and Techniques, or for inclusion of sustainable features in the design; and indication by Owner of any specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner, (1) Engineer and Owner shall discuss and resolve any necessary revisions to Engineer's compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from the selected solution, related Project Strategies, Technologies, or Techniques, sustainable design instructions, or specific modifications to the Project, and (2) upon written authorization from Owner, Engineer shall:

   a. Prepare Preliminary Design Phase documents consisting of final design criteria, preliminary drawings, outline specifications, and written descriptions of the Project.

   b. In preparing the Preliminary Design Phase documents, use any specific applicable Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features, as appropriate, pursuant to Owner's instructions.

   c. Provide necessary field surveys and topographic and utility mapping for Engineer's design purposes. Comply with the scope of work and procedure for the identification and mapping of existing utilities selected and authorized by Owner. If no such scope of work and procedure for utility mapping has been selected and authorized, then at a minimum the utility mapping will include Engineer contacting utility owners and obtaining available information.

   d. Visit the Site as needed to prepare the Preliminary Design Phase documents.

   e. Advise Owner if additional reports, data, information, or services of the types described in Exhibit B are necessary and assist Owner in obtaining such reports, data, information, or services.

   f. Continue to assist Owner with Project Strategies, Technologies, and Techniques that Owner has chosen to implement.

   g. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and assist Owner in tabulating the various cost categories which comprise Total Project Costs.

   h. Obtain and review Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Also obtain and review copies of Owner's design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents or content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and in the draft Construction Contract Documents, when applicable.

i. Perform or provide the following other Preliminary Design Phase tasks or deliverables: None

j. Furnish two review copies of the Preliminary Design Phase documents, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner within 60 days of authorization to proceed with this phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items.

k. If required by Owner, revise the Preliminary Design Phase documents, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables in response to Owner's comments, as appropriate, and furnish to Owner two copies of the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other deliverables within 21 days after receipt of Owner's comments.

2. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables or on the date Owner's comments are received if revised Preliminary Design Phase documents are not required.

1.03 Final Design Phase

A. After acceptance by Owner of the Preliminary Design Phase documents and any other Preliminary Design Phase deliverables; issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from specific modifications to the Project, or changes, refinements, or supplementation of the Baseline Information.

1. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is **1.** If more

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

2. If more than one prime construction contract is to be awarded for the Work designed or specified by Engineer, then Owner shall define and set forth (in an exhibit to this Agreement, or in a subsequent document) the duties, responsibilities, and limitations of authority of a person or entity that will have authority and responsibility for coordinating the activities among the various prime Contractors, and any resulting changes in the duties, responsibilities, and authority of Engineer.

3. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime construction contract, or if Engineer's services are to be separately sequenced with the work of one or more prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding/Proposal, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable under such separate prime construction contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such construction contracts is to proceed concurrently.

B. Upon written authorization from Owner, Engineer shall prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor, in accordance with the Preliminary Design Phase documents (as revised) and other Preliminary Design Phase deliverables. As part of the preparation of the Drawings and Specifications, Engineer shall prepare interim drafts and final Drawings and Specifications as follows:

1. Prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor.

2. Visit the Site as needed to assist in preparing the final Drawings and Specifications.

3. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of governmental authorities having jurisdiction to review or approve the final design; assist Owner in consultations with such authorities; and revise the Drawings and Specifications in response to directives from such authorities, as appropriate.

4. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost.

5. After consultation with Owner, include in the Construction Contract Documents any specific protocols for the transmittal of Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website. Any such protocols shall be applicable to transmittals between and among Owner, Engineer, and Contractor during the Construction Phase and Post-Construction Phase, and unless agreed otherwise shall

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

supersede any conflicting protocols previously established for transmittals between Owner and Engineer.

6. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.

7. In addition to preparing the final Drawings and Specifications, assemble drafts of other Construction Contract Documents based on specific instructions and contract forms, text, or content received from Owner.

8. Prepare or assemble draft bidding-related documents (or requests for proposals or other construction procurement documents), based on the specific bidding or procurement-related instructions and forms, text, or content received from Owner.

9. Perform or provide the following other Final Design Phase tasks or deliverables: None

10. Furnish for review by Owner, its legal counsel, and other advisors, two copies of the final Drawings and Specifications, assembled drafts of other Construction Contract Documents, the draft bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables, within 60 days of authorization to proceed with the Final Design Phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items, and any instructions for revisions.

11. Revise the final Drawings and Specifications, assembled drafts of other Construction Contract Documents, the draft bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables in accordance with comments and instructions from the Owner, as appropriate, and submit two final copies of such documents to Owner within 21 days after receipt of Owner's comments and instructions.

C. Engineer shall prepare or assemble draft Bidding/Proposal Documents and Front-End Construction Contract Documents as follows:

1. Such documents will be based on the 2018 EJCDC Construction Documents, and on the specific bidding or Contractor selection-related instructions and forms, contract forms, text, or other content received from Owner.

2. When Engineer is required to use other than the 2018 EJCDC Construction Documents, then as required in the Preliminary Design Phase Owner will furnish to Engineer a copy of the required documents to be used for the Project's Bidding/Proposal Documents and Front-End Construction Contract Documents. Prior to the first Final Design Phase submittal, Engineer will review the bidding and contracting documents furnished by Owner and provide comments to Owner. Engineer will meet with Owner to discuss Engineer's comments. Owner will consider Engineer's recommendations to revise Owner's documents for the Project.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. Engineer will furnish to Owner, for review by Owner's legal counsel, the draft Bidding/Proposal Documents and Front-End Construction Contract Documents. Owner and Owner's legal counsel must transmit to Engineer, in a timely manner, one coordinated set of comments and revisions to the draft documents.

D. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications; assembled drafts of the Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; and any other Final Design Phase deliverables, as revised.

1.04 Bidding/Proposal Phase

A. After acceptance by Owner of the final Drawings and Specifications; assembled drafts of other Construction Contract Documents, including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and any other Final Design Phase deliverables, and upon written authorization by Owner to proceed, Engineer shall:

1. Assist Owner in advertising for and obtaining bids or proposals for the Work; assist Owner in issuing assembled Bidding/Proposal Documents and proposed Construction Contract Documents to prospective contractors; if applicable, maintain a record of prospective contractors to which documents have been issued; attend pre-bid conferences, if any; and receive and process contractor deposits or charges, if any, for the issued documents.

2. Prepare and issue addenda as appropriate to clarify, correct, or change the issued documents.

3. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work. Services under this paragraph are subject to the provisions of Exhibit A Paragraph 2.01 and 2.02.

4. Attend the bid opening; prepare bid tabulation sheets; and assist Owner in evaluating bids or proposals, assembling final Construction Contracts for the Work for execution by Owner and Contractor, and in preparing notices of award to be issued by Owner for such contracts.

5. Provide information or assistance needed by Owner in the course of any review of bids, proposals, or negotiations with prospective contractors.

6. Consult with Owner as to the qualifications of prospective contractors.

7. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.

8. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.

9. Perform or provide the following other Bidding/Proposal Phase tasks or deliverables:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. **N/A**

10. The Bidding/Proposal Phase will be considered complete upon award of Construction Contracts for the Work and commencement of the Construction Phase, or upon cessation of negotiations with prospective contractors.

1.05 Construction Phase

A. Upon successful completion of the Bidding/Proposal Phase, and upon written authorization from Owner, Engineer shall provide the following services:

1. General Administration of Construction Contract: Consult with Owner and act as Owner's representative as provided in this Agreement and the Construction Contract. Unless otherwise set forth in the scope of Basic Services (as duly modified), the extent and limitations of the duties, responsibilities, and authority of Engineer shall be as assigned in EJCDC® C-700, Standard General Conditions of the Construction Contract (2018) or other construction general conditions specified in this Agreement. Except as otherwise provided in the Construction Contract, Owner's communications to Contractor will be issued through Engineer.

a. If the responsibilities of Engineer as set forth in the Construction Contract are greater than those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified, then Owner shall either (1) expand the scope of the Construction Phase services to match those of the Construction Contract, and compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services, or (2) identify a qualified individual or entity (other than Engineer) responsible for the additional responsibilities in the Construction Contract.

b. If Owner, or Owner and Contractor, modify the duties, responsibilities, and authority of Engineer in the Construction Contract, or modify other terms of the Construction Contract having a direct bearing on Engineer, or if Owner requires Engineer's services for construction that extends longer than the anticipated Construction Contract Times, then Owner shall compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services.

c. Engineer shall not be required to furnish or perform services contrary to Engineer's responsibilities as a licensed professional.

2. Resident Project Representative (RPR): Provide the services of an RPR at the Site to assist Engineer and to provide more extensive observation of Contractor's Work. Duties, responsibilities, and authority of the RPR are as set forth in Exhibit D. The furnishing of such RPR's services will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit D.

3. Independent Testing Laboratory: An independent testing laboratory to perform required testing services shall be included in the construction contract.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Pre-Construction Conference: Participate in a pre-construction conference prior to commencement of Work at the Site; prepare and distribute agenda for the conference and prepare and distribute minutes of such conference.

5. Electronic Transmittal Protocols: If the Construction Contract does not establish protocols for transmittal of Electronic Documents by Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.

6. Original Documents: If requested by Owner to do so, maintain and safeguard during the Construction Phase at least one original printed record version of the Construction Contract Documents, including Drawings and Specifications signed and sealed by Engineer and other design professionals in accordance with applicable Laws and Regulations. Throughout the Construction Phase, make such original printed record version of the Construction Contract Documents available to Contractor and Owner for review.

7. Schedules: Receive, review, and, and, subject to the criteria of the Construction Contract, determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the progress schedule, schedule of submittals, and schedule of values. Advise Contractor in writing of Engineer's comments or acceptance of schedules.

8. Baselines and Benchmarks: As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.

9. Visits to Site and Observation of Construction: In connection with observations of Contractor's Work while it is in progress:

    a. Make visits to the Site at intervals appropriate to the various stages of the Work, as Engineer deems necessary, to observe as an experienced and qualified design professional, the progress of Contractor's executed Work. Such visits and observations by Engineer, including its RPR, if any, are not intended to be exhaustive or to extend to every aspect of the Work or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Construction Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by its RPR, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Construction Contract Documents, and Engineer shall keep Owner informed of the progress of the Work. Engineer will make a report of Engineer's visit, summarizing Engineer's general observations and any significant findings.

    b. The purpose of Engineer's visits to the Site, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to by this Agreement and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

general to the Construction Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Construction Contract Documents. Engineer will not, during such visits or as a result of such observations of the Work, supervise, direct, or have control over the Work, nor will Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to any Constructor's work in progress, for the coordination of the Constructors' work or schedules, nor for any failure of any Constructor to comply with Laws and Regulations applicable to furnishing and performing of its work. Accordingly, Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish or perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents.

10. Defective Work: If, on the basis of Engineer's/Owner's observations or as indicated in documentation available to Engineer, Engineer believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, Engineer will promptly issue written notice to Contractor (with copy to Owner) of such defective Work. Such notice will communicate the scope, extent (to Engineer's understanding) of defect, and associated provisions of the Construction Contract Documents.

    a. Provide recommendations to Owner regarding whether Contractor should correct such Work or remove and replace such Work, or whether Owner should consider accepting the defective Work in accordance with the provisions of the Construction Contract Documents. Engineer shall give notice to Contractor regarding whether the defective Work should be repaired, replaced, or will be accepted by Owner.

    b. However, Engineer's authority to provide this information to Owner or Engineer's decision to exercise or not exercise such authority will not give rise to a duty or responsibility of the Engineer to Contractors, Subcontractors, material and equipment suppliers, their agents or employees, or any other person(s) or entities performing any of the Work, including but not limited to any duty or responsibility for Contractors' or Subcontractors' safety precautions and programs incident to the Work.

11. Compatibility with Design Concept: If Engineer/Owner has express knowledge that a specific part of the Work that is not defective under the terms and standards set forth in the Construction Contract Documents is nonetheless not compatible with the design concept of the completed Project as a functioning whole, then inform Owner of such incompatibility, and provide recommendations for addressing such Work.

12. Clarifications and Interpretations: Accept from Contractor and Owner submittal of all matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. With reasonable promptness, render a written clarification, interpretation, or decision

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

on the issue submitted, or initiate an amendment or supplement to the Construction Contract Documents.

13. Non-reviewable Matters: If a submitted matter in question concerns the Engineer's performance of its duties and obligations, or terms and conditions of the Construction Contract Documents that do not involve (a) the performance or acceptability of the Work under the Construction Contract Documents, (b) the design (as set forth in the Drawings, Specifications, or otherwise), or (c) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer will not provide a decision or interpretation.

14. Field Orders: Subject to any limitations in the Construction Contract Documents, Engineer may prepare and issue Field Orders requiring minor changes in the Work.

15. Change Orders and Work Change Directives: Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.

16. Change Proposals and Claims

    a. Review and respond to Change Proposals. Review each duly submitted Change Proposal from Contractor and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer will not resolve the Change Proposal.

    b. Provide information or data to Owner regarding engineering or technical matters pertaining to Claims.

17. Differing Site Conditions: Respond to any notice from Contractor of differing site conditions, including conditions relating to Underground Facilities such as utilities, and hazardous environmental conditions. Promptly conduct reviews and prepare findings, conclusions, and recommendations for Owner's use subject to limitations of Engineer's obligations under this Agreement.

18. Contractor's Submittals: Review and approve or take other appropriate action with respect to required Contractor Submittals, but only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Construction Contract Documents, and for compatibility with the design concept of the completed Project as a functioning whole as indicated by the Construction Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's Submittal schedule that Engineer has accepted.

19. Substitutes and "Or-equals": Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of Exhibit A Paragraph 2.01.A.2.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

20. Inspections and Tests

    a. Receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Construction Contract Documents. Engineer's review of such certificates will be for the purpose of determining whether the results certified indicate compliance with the Construction Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Construction Contract Documents. Engineer shall be entitled to rely on the results of such inspections and tests.

    b. As deemed reasonably necessary, request that Contractor uncover Work that is to be inspected, tested, or approved.

    c. Pursuant to the terms of the Construction Contract, require additional inspections or testing of the Work, whether or not the Work is fabricated, installed, or completed.

21. Contractor's Applications for Payment: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

    a. Determine the amounts that Engineer recommends Contractor be paid. Recommend reductions in payment (set offs) based on the provisions for set offs stated in the Construction Contract. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, within the limits of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Construction Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Construction Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work. In the case of unit price Work, Engineer's recommendations of payment will include final determinations of quantities and classifications of the Work (subject to any subsequent adjustments allowed by the Construction Contract Documents).

    b. By recommending payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control the Work, or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the money paid to Contractor by Owner; to determine that title to any portion of the Work, including materials or equipment, has passed to Owner free and clear of any liens, claims, security interests, or encumbrances; or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.

22. Contractor's Completion Documents: Receive from Contractor, review, and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Construction Contract Documents, certificates of inspection, tests and approvals, and Shop Drawings, Samples, and other data approved as provided under Exhibit A Paragraph 1.06.B.20. Receive from Contractor, review, and transmit to Owner the annotated record documents which are to be assembled by Contractor in accordance with the Construction Contract Documents to obtain final payment. The extent of Engineer's review of record documents will be to check that Contractor has submitted a complete set of those documents that Contractor is required to submit.

23. Substantial Completion: Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, visit the Site in company with Owner and Contractor to review the Work and determine the status of completion. Follow the procedures in the Construction Contract regarding the preliminary certificate of Substantial Completion, punch list of items to be completed, Owner's objections, notice to Contractor, and issuance of a final certificate of Substantial Completion. Assist Owner regarding any remaining engineering or technical matters affecting Owner's use or occupancy of the Work following Substantial Completion.

24. Other Tasks: Perform or provide the following other Construction Phase tasks or deliverables:

    a. Engineer shall perform MCWI/ARPA grant management and project closeout.

25. Completion and Acceptability of the Work: After notice from Contractor that the Work is complete:

    a. visit the Site with Owner and Contractor to determine if the Work is in fact complete and acceptable;

    b. notify Contractor of any part of the Work that is found during the visit to be incomplete or defective, and subsequently confirm that Contractor has corrected any such deficiencies;

    c. follow the procedures in the Construction Contract regarding review and response to Contractor's application for final payment and accompanying documentation; and

    d. if Engineer is satisfied that the Work is complete and acceptable, provide a notice to Owner and Contractor using EJCDC® C-626, Notice of Acceptability of Work (attached as Exhibit E), stating that the Work is acceptable (subject to the provisions of the Notice and this Exhibit A) within the limits of Engineer's

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

knowledge, information, and belief, and based on the extent of the services provided by Engineer under this Agreement.

26. Standards for Certain Construction-Phase Decisions: Engineer will render decisions regarding the requirements of the Construction Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth in the Construction Contract for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

B. Duration of Construction Phase: The Construction Phase will commence with the execution of the first Construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractor. If the Project involves more than one prime contract as indicated in Exhibit A Paragraph 1.04.A.1, then Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services, if any) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

1.06 Post-Construction Phase

A. Upon written authorization from Owner during the Post-Construction Phase, Engineer shall:

1. Together with Owner, visit the Project to observe any apparent defects in the Work, make recommendations as to replacement or correction of defective Work, if any, or the need to repair of any damage to the Site or adjacent areas, and assist Owner in consultations and discussions with Contractor concerning correction of any such defective Work and any needed repairs.

2. Together with Owner, visit the Project within one month before the end of the Construction Contract's correction period to ascertain whether any portion of the Work or the repair of any damage to the Site or adjacent areas is defective and therefore subject to correction by Contractor.

3. Perform or provide the following other Post-Construction Phase tasks or deliverables:

a. Survey grade as-builts in .pdf and .dwg format

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit A, will terminate 12 months after the commencement of the Construction Contract's correction period.

ARTICLE 2—ADDITIONAL SERVICES

2.01 Additional Services Not Requiring Owner's Written Authorization

A. Engineer shall advise Owner that Engineer is commencing to perform or furnish the Additional Services of the types listed below. For such Additional Services, Engineer need not request or obtain specific advance written authorization from Owner. Engineer shall cease

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

performing or furnishing such Additional Services upon receipt of written notice to cease from Owner. These services are not included as part of Basic Services and will be paid for by Owner through a supplemental agreement.

1. Substantive design and other technical services in connection with Work Change Directives, Change Proposals, and Change Orders to reflect changes requested by Owner.

2. Services essential to the orderly progress of the Bidding/Proposal and Construction Phases and not wholly quantifiable prior to those Phases or otherwise dependent on the actions of prospective individual bidders or contractors and including:

    a. making revisions to Drawings and Specifications occasioned by the acceptance of substitute materials or equipment other than “or equal” items;

    b. services after the award of the Construction Contract in evaluating and determining the acceptability of a proposed "or equal" or substitution which is found to be inappropriate for the Project;

    c. evaluation and determination of an excessive number of proposed "or equals" or substitutions, whether proposed before or after award of the Construction Contract; and

    d. providing to the Contractor or Owner additional or new information not previously prepared or developed by the Engineer for their use in applying for or obtaining required permits and licenses, in responding to agency comments on such applications, or in the administration of any such permits or licenses.

3. Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

4. Additional or extended services arising from (a) the presence at the Site of any Constituent of Concern or items of historical or cultural significance, (b) emergencies or acts of God endangering the Work, (c) damage to the Work by fire or other causes during construction, (d) a significant amount of defective, neglected, or delayed Work, (e) acceleration of the progress schedule involving services beyond normal working hours, or (f) default by Contractor.

5. Services (other than Basic Services during the Post-Construction Phase) in connection with any partial utilization of the Work by Owner prior to Substantial Completion.

6. Evaluating unreasonable or frivolous requests for interpretation or information (RFIs), Change Proposals, or other demands from Contractor or others in connection with the Work, or an excessive number of RFIs, Change Proposals, or demands.

7. Reviewing a Shop Drawing or other Contractor submittal more than three times, as a result of repeated inadequate submissions by Contractor.

8. While at the Site, compliance by Engineer and its staff with those terms of Owner's or Contractor's safety program provided to Engineer subsequent to the Effective Date that exceed those normally required of engineering personnel by federal, State, or local safety authorities for similar construction sites.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2.02 Additional Services Requiring Owner's Written Authorization

A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner through a supplemental agreement.

1. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

2. Services to make measured drawings of existing conditions or facilities, to conduct tests or investigations of existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by Owner or others.

3. Services resulting from significant changes in the scope, extent, or character of the portions of the Project designed or specified by Engineer, or the Project's design requirements, including, but not limited to, changes in size, complexity, Owner's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Construction Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond Engineer's control.

4. Services resulting from Owner's request to evaluate additional Study and Report Phase alternative solutions beyond those agreed to in Exhibit A Paragraph 1.02.A.1.

5. Services required as a result of Owner's providing incomplete or incorrect Project information to Engineer.

6. Providing renderings or models for Owner's use, including development, management, and other services in support of building information modeling or civil integrated management.

7. Undertaking investigations and studies including, but not limited to:

a. All-hazards risk assessments and other studies to evaluate the feasibility of enhancing the resiliency of the design;

b. detailed consideration of operations, maintenance, and overhead expenses;

c. the preparation of feasibility studies (such as those that include projections of output capacity, utility project rates, project market demand, or project revenues) and cash flow analyses, provided that such services are based on the engineering and technical aspects of the Project, and do not include rendering advice regarding municipal financial products or the issuance of municipal securities;

d. preparation of appraisals;

e. with respect to proprietary systems or processes requiring licensing, providing services necessary to assist Owner in obtaining such licensing.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

f. detailed quantity surveys of materials, equipment, and labor; and

g. audits or inventories required in connection with construction performed or furnished by Owner.

8. Furnishing services of Subconsultants or Engineer's Subcontractors for other than Basic Services.

9. Providing data or services of the types described in Article 2, when Owner retains Engineer to provide such data or services instead of Owner furnishing the same.

10. Providing the following services:

    a. Services attributable to more prime construction contracts than specified in Exhibit A.

    b. Services to arrange for performance of construction services for Owner by contractors other than the principal prime Contractor, and administering Owner's contract for such services.

11. Services during out-of-town travel required of Engineer, other than for visits to the Site or Owner's office as required in Basic Services (Article 1 of Exhibit A).

12. Preparing for, coordinating with, participating in and responding to structured independent review processes, including, but not limited to, construction management, cost estimating, project peer review, value engineering, and constructability review requested by Owner; and performing or furnishing services required to revise studies, reports, Drawings, Specifications, or other documents as a result of such review processes.

13. Preparing additional bidding-related documents (or requests for proposals or other construction procurement documents); preparing pre-qualification procedures and documents, and participating in pre-qualifying prospective Bidders; and preparing Construction Contract Documents for alternate bids.

14. Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

15. Preparing conformed Construction Contract Documents that incorporate and integrate the content of all addenda and any amendments negotiated by Owner and Contractor.

16. Services to assist Owner in developing or modifying protocols for transmittal of Electronic Documents by Electronic Means after the effective date of this Agreement, either by revising or adapting Exhibit F to the Project or implementing other Electronic Documents protocols among Project participants.

17. Providing Construction Phase services beyond the original date for completion and readiness for final payment of Contractor, but only if such services increase the total quantity of services to be performed in the Construction Phase, rather than merely shifting performance of such services to a later date.

18. Supplementing Record Drawings with information regarding the completed Project, Site, and immediately adjacent areas obtained from field observations, Owner, utility companies, and other reliable sources.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

19. Conducting surveys, investigations, and field measurements to verify the accuracy of Record Drawing content obtained from Contractor, Owner, utility companies, and other sources; revise and supplement Record Drawings as needed.
20. Preparation of operation, maintenance, and staffing manuals.
21. Protracted or extensive assistance in refining and adjusting of Project equipment and systems (such as initial startup, testing, and balancing).
22. Assistance to Owner in training Owner's staff to operate and maintain Project equipment and systems.
23. Assistance to Owner in developing systems and procedures for (a) control of the operation and maintenance of Project equipment and systems, and (b) related recordkeeping.
24. Preparing to serve or serving as a consultant or witness for, or producing documents for or on behalf of, Owner in any litigation, arbitration, mediation, lien or bond claim, or other legal or administrative proceeding involving the Project (but not including disputes between Owner and Engineer).
25. Other additional services performed or furnished by Engineer not otherwise provided for in this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT B—DELIVERABLES SCHEDULE

Paragraphs 2.04.E, 3.02.A, and Exhibit A of the Agreement are supplemented by the following paragraph and table.

Engineer shall furnish Documents to Owner as required in Column 2 of the following table (and as further described in Exhibit A), according to the schedule in Column 4. Owner shall comment or take other identified actions with respect to the Documents as indicated in Column 2 (and as further described in Exhibit A), according to the schedule in Column 4.

Party	Action	Exhibit A Reference	Schedule
Engineer	Submit **1** review copies of the Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.02	Within **60** days of Owner's authorization to proceed with Preliminary Design Phase services.
Owner	Submit comments regarding Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Engineer.	1.02	Within **14** days of the receipt from Engineer of Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **1** copies of the revised Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.02	Within **21** days of the receipt of Owner's comments regarding the Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **1** copies of the Final Design Phase draft of Drawings and Specifications to Owner.	1.03	Within **60** days of Owner's authorization to proceed with Final Design Phase services.
Owner	Submit comments and instructions regarding the first Final Design Phase draft of Drawings and Specifications to Engineer.	1.03	Within **14** days of the receipt of the first final Design Phase drafts of Drawings and Specifications from Engineer.
Engineer	Submit to Owner: **1** copies of the revised final, completed, pricing-ready and construction-ready Drawings and Specifications; and **1** of copies of assembled Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables.	1.03	Within **21** days of receipt of Owner's final comments and instructions regarding the regarding the final, completed, pricing-ready and construction-ready Drawings and Specifications, the Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT C - OWNER'S RESPONSIBILITIES

Article 2 of the Agreement is supplemented to include the following agreement of the parties.

2.06 In addition to other responsibilities of Owner as set forth in this Agreement, Owner shall at its expense:

A. Provide Engineer with all criteria and full information as to Owner's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility, and expandability, and any budgetary limitations.

B. Give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Furnish copies (or give specific directions requesting Engineer to use copies already in Engineer's possession) of all design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents and content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and draft Construction Contract Documents, when applicable. Owner shall have responsibility for the final content of (1) such bidding-related documents (or requests for proposals or other construction procurement documents), and (2) those portions of any Construction Contract other than the design (as set forth in the Drawings, Specifications, or otherwise), and other engineering or technical matters; and Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. Furnish to Engineer any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

D. Arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under the Agreement.

E. Advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructibility review.

F. If Owner designates a construction manager or an individual or entity other than, or in addition to, Engineer to represent Owner at the Site, define and set forth as an attachment to this Exhibit B the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

G. If more than one prime contract is to be awarded for the Work designed or specified by Engineer, then designate a person or entity to have authority and responsibility for

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

coordinating the activities among the various prime Contractors, and define and set forth the duties, responsibilities, and limitations of authority of such individual or entity and the relation thereof to the duties, responsibilities, and authority of Engineer as an attachment to this Exhibit B that is to be mutually agreed upon and made a part of this Agreement before such services begin.

H. Inform Engineer in writing of any specific requirements of safety or security programs that are applicable to Engineer, as a visitor to the Site.

I. Examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

J. Inform Engineer regarding any need for assistance in evaluating the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

K. Advise Engineer as to whether Engineer's assistance is requested in identifying opportunities for enhancing the sustainability of the Project.

L. Place and pay for advertisement for Bids in appropriate publications.

M. Furnish to Engineer data as to Owner's anticipated costs for services to be provided by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) for Owner so that Engineer may assist Owner in collating the various cost categories which comprise Total Project Costs.

N. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.

O. Authorize Engineer to provide Additional Services as set forth in Part 2 of Exhibit A of the Agreement, as required.

P. Perform or provide the following: None.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT D—DUTIES, RESPONSIBILITIES, AND LIMITATIONS OF AUTHORITY OF RESIDENT PROJECT REPRESENTATIVE

ARTICLE 1—RESIDENT PROJECT REPRESENTATIVE SERVICES

Article 1 of the Agreement, Services of Engineer, and Exhibit A, Engineer's Services, are supplemented to include Exhibit D Paragraphs 1.01, 1.02, and 1.03, as follows:

1.01 Resident Project Representative

A. Engineer shall furnish a Resident Project Representative ("RPR") to observe progress and quality of the Work. The RPR may provide full time representation or may provide representation to a lesser degree. RPR is Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

B. Subject to the scope of RPR's observations of the Work, which may include field checks of materials and installed equipment, Engineer shall endeavor to identify defects and deficiencies in the Work. However, Engineer shall not, as a result of such RPR observations of the Work, supervise, direct, inspect, or have control over the Work, nor shall Engineer (including the RPR) have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to the Work or any Constructor's work in progress, for the coordination of the Constructors' work or schedules, or for any failure of any Constructor to comply with Laws and Regulations applicable to the performing and furnishing of its work. The Engineer (including RPR) neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents. In addition, the specific terms set forth in Exhibit A Paragraph 1.05 are applicable.

1.02 Duties and Responsibilities of RPR

A. The duties and responsibilities of the RPR are as follows:

1. General: RPR's dealings in matters pertaining to the Work in general will be with Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, schedule of values, and other schedules prepared by Contractor and consult with Engineer concerning acceptability of such schedules.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings (but not including Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Safety Compliance: Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

5. Liaison

    a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Construction Contract Documents.

    b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

    c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

6. Clarifications and Interpretations: Receive from Contractor submittal of any matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. Report to Engineer regarding such RFIs. Report to Engineer when clarifications and interpretations of the Construction Contract Documents are needed, whether as the result of a Contractor RFI or otherwise. Transmit Engineer's clarifications, interpretations, and decisions to Contractor.

7. Shop Drawings, Samples, and other Submittals

    a. Receive Samples that are furnished at the Site by Contractor.

    b. Receive Contractor-approved Shop Drawings.

    c. Receive other Submittals from Contractor.

    d. Record date of receipt of Samples, Contractor-approved Shop Drawings, and other Submittals.

    e. Notify Engineer of availability of Samples for examination, and forward Contractor-approved Shop Drawings and other Submittals to Engineer. When appropriate recommend distribution of Submittal to specified Subconsultants.

    f. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal, if RPR believes that the submittal has not been received from Contractor, or has not been approved by Contractor or Engineer.

8. Proposed Modifications: Consider and evaluate Contractor's suggestions for modifications to the Drawings or Specifications, and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit Engineer's response (if any) to such suggestions to Contractor.

9. Review of Work; Defective Work

    a. Report to Engineer whenever RPR believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, and provide recommendations as to whether such Work should be corrected,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

removed and replaced, or accepted as provided in the Construction Contract Documents.

b. Inform Engineer of any Work that RPR believes is not defective under the terms and standards set forth in the Construction Contract Documents, but is nonetheless not compatible with the design concept of the completed Project as a functioning whole, and provide recommendations to Engineer for addressing such Work.

c. Advise Engineer of that part of the Work that RPR believes should be uncovered for observation, or requires special testing, inspection, or approval.

10. Inspections, Tests, and System Start-ups

a. Consult with Engineer in advance of scheduled inspections, tests, and systems start-ups.

b. Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.

c. Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.

d. Observe whether Contractor has arranged for inspections required by Laws and Regulations, including but not limited to those to be performed by public or other agencies having jurisdiction over the Work.

e. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Work, record the results of these inspections, and report to Engineer.

f. Nothing in this Agreement will be construed to require RPR to conduct inspections.

11. Records

a. Maintain at the Site orderly files for correspondence, reports of job conferences, copies of Construction Contract Documents including all Change Proposals, Change Orders, Field Orders, Work Change Directives, Addenda, additional Drawings issued subsequent to the execution of the Construction Contract, RFIs, Engineer's clarifications and interpretations of the Construction Contract Documents, progress reports, approved Shop Drawing and Sample submittals, and other Project-related documents.

b. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Proposals, Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

c. Upon request from Owner to Engineer, photograph or video Work in progress or Site conditions.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

d. Record and maintain accurate, up-to-date lists of the company names and points of contact for Contractors, Subcontractors, and major Suppliers of materials and equipment.

e. Maintain records for use in preparing Project documentation.

f. Upon completion of the Work, furnish original set of all RPR Project documentation to Engineer.

12. Reports

a. Furnish periodic reports as required of progress of the Work and of Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.

b. Draft responses to or make recommends on Change Proposals, Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.

c. Furnish to Engineer and Owner copies of all inspection, test, and system start-up reports.

d. Immediately inform appropriate parties of the occurrence of any Site accidents, emergencies, natural catastrophes endangering the Work, possible force majeure or delay events, damage to property by fire or other causes, or the discovery of any potential differing site condition or Constituent of Concern.

13. Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the schedule of values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.

14. Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.

15. Completion

a. Participate in Engineer's visits to the Site regarding Substantial Completion, assist in the determination of Substantial Completion, and prior to the issuance of a Certificate of Substantial Completion submit a punch list of observed items requiring completion or correction.

b. Participate in Engineer's visit to the Site in the company of Owner and Contractor, to determine completion of the Work, and prepare a final punch list of items to be completed or corrected by Contractor.

c. Observe whether all items on the final punch list have been completed or corrected, and make recommendations to Engineer concerning acceptance and issuance of the Notice of Acceptability of the Work (Exhibit E).

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1.03 Limitations of Authority

A. Resident Project Representative shall not:

1. Authorize any deviation from the Construction Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in this Agreement.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers, or any Constructor.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of the Work, by Contractor or any other Constructor.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

EXHIBIT G—INSURANCE

ARTICLE 1—INSURANCE

Paragraph 6.04 of the Agreement, Insurance, is supplemented to include the following Exhibit G Paragraphs 1.01 and 1.02:

1.01 Insurance Policies and Limits

A. In accordance with Paragraph 6.04.A of the Agreement, the insurance that Engineer must procure and maintain, and the policy limits of such insurance, are as follows:

Coverage	Policy limits of not less than:
Workers' Compensation	
State	Statutory
Employer's Liability	
Each accident	$100,000
Each employee	$100,000
Policy limit	$500,000
Commercial General Liability	
General Aggregate	$2,000,000
Personal and Advertising Injury	$1,000,000
Bodily Injury and Property Damage—Each Occurrence	$1,000,000
Automobile Liability	
Bodily Injury	
Each Person	$1,000,000
Each Accident	$1,000,000
Property Damage	
Each Accident	$1,000,000
Or	
Combined Single Limit	
Combined Single Limit (Bodily Injury and Property Damage)	$1,000,000
Excess or Umbrella Liability	
Each Occurrence	$2,000,000
General Aggregate	$2,000,000
Professional Liability	
Each Claim	$1,000,000
Annual Aggregate	$1,000,000
Unmanned Aerial Vehicle Liability Insurance	
Each Claim	$
General Aggregate	$
Other Insurance [Specify]	
Each Claim	$NA
General Aggregate	$NA

EXHIBIT H— SUBAWARD TERMS AND CONDITIONS FOR CONTRACTED PARTIES

1. AUTHORITY TO PARTICIPATE IN THIS AGREEMENT

The Contracted Party certifies that (a) it is either a 1) state agency, 2) a validly organized business that is authorized to do business in the state of Mississippi, 3) a nongovernmental organization, or 4) a political subdivision of the state of Mississippi with valid authority to enter into this agreement and; (b) entry into and performance under this agreement is not restricted or prohibited by any loan, security, financing, contractual, or other agreement of any kind; and (c) notwithstanding any other provision of this Agreement to the contrary, that there are no existing legal proceedings, either voluntary or otherwise, which may adversely affect its ability to perform its obligations under this agreement.

2. DEBARMENT AND SUSPENSION

Contractor/Contracted Parties certifies to the best of its knowledge and belief, that it:

A. is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transaction by any federal department or agency or any political subdivision or agency of the State of Mississippi;

B. has not, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against it for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction;

C. has not, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against it for a violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

D. is not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of these offenses enumerated in Article 2.B. and Article 2.C., above; and,

E. has not, within a three (3) year period preceding this Agreement, had one or more public transactions (federal, state, or local) terminated for cause or default.

This agreement is subject to 31 C.F.R. Part 19.

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. INDEMNIFICATION

To the extent allowed by state law, Contracted Party agrees to indemnify and save, release and hold harmless the State of Mississippi, the Commission on Environmental Quality, MDEQ, all of their employees and officers, and the Department's contractors from and against any and all claim, demand, cause of action, liability, loss, damage, injury, suit, judgment, debt and cost, including attorney's fees or expenses on the part of any Contracted Party, their agents or employees or any other parties arising out of or incident to, any and all Work under the terms of this Agreement.

4. RELATIONSHIP STATUS

The Contracted Party acknowledges and agrees that MDEQ is not a party, in any manner whatsoever, to any contract between the SUBRECIPIENT and the construction contractor(s), engineer(s), attorney(s), equipment supplier(s), contractor(s), or between any other parties of any kind whatsoever (hereinafter collectively referred to as "vendor"). The SUBRECIPIENT and Contracted Party also acknowledge and agree that any benefit to vendors contracting with the SUBRECIPIENT or Contracted Parties arising from or associated with this Agreement is strictly incidental and all such vendors are not and are not intended to be considered as third-party beneficiaries under any agreement between MDEQ and the SUBRECIPIENT.

Upon execution of any contract between the SUBRECIPIENT and any other party in regard to the project, MDEQ does not assume any authorities, duties, responsibilities, or liabilities under such contract. The SUBRECIPIENT and Contracted Party shall not have any authority to bind or otherwise obligate MDEQ, directly or indirectly, under any contract or agreement between the SUBRECIPIENT and any other party. The SUBRECIPIENT, Contracted Party and its vendors acknowledge and agree that any action taken by MDEQ in its role of grantor, or in its separate and distinct role as regulator shall not in any way change or alter its position as that of grantor.

MDEQ does not have any authority, duty, responsibility, or liability in contract claims or dispute identification, negotiation, resolution, or any other actions regarding contract claims under the contract(s) between the SUBRECIPIENT and any other party. The SUBRECIPIENT and the Contracted Party acknowledge and agree that MDEQ is not obligated to review, comment on, approve, or discuss the merits of any contract claims presented by or to any party. Any MDEQ reviews, approvals, observations, presence at meetings, written communications, verbal communications or other actions are not to be interpreted as addressing the merits of any claims, nor are they to be construed as interpreting the contract between the SUBRECIPIENT and the Contracted Party or any other parties.

5. ACCESS TO RECORDS

Provided Contracted Party is given reasonable advance written notice and such inspection is made during normal business hours of Contracted Party, then the Government Accountability Office, MDEQ, the State or any duly authorized representatives shall have unimpeded, prompt access to any of Contracted Party's books, documents, papers, and other records which are maintained or produced

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

as a result of the Project for the purpose of making audits, investigations, examinations, excerpts, transcriptions, and copies of such documents. This right also includes timely and reasonable access to the Contracted Party's personnel for the purpose of interview and discussion related to such documents. All records related to this Agreement shall be retained by Contracted Party for a minimum of ten (10) years after final payment is made under this Agreement and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this Project is commenced before the end of the ten (10) year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the ten (10) year period, whichever is later.

Contracted Party is not required to retain the above-mentioned records for the ten (10) year period prescribed in this Section and the "Right to Audit" provision only if all of the following conditions are satisfied:

A. Contracted Party has provided all of the documents described above and in the "Right to Audit" provision to MDEQ prior to the expiration of the ten (10) year retention period and a certification stating the same is simultaneously provided in writing to MDEQ;

B. No audit, litigation or other action arising out of or related in any way to this Project is commenced before Contracted Party provides the records and corresponding certification to MDEQ, in which case, Contracted Party shall retain the records until all issues arising out of the action are finally resolved; and

C. Contracted Party provides MDEQ a minimum of thirty (30) days written notice before providing the above-mentioned records and corresponding certification.

6. RECORD RETENTION AND RIGHT TO AUDIT

The Contracted Party shall maintain and retain books, documents, papers, financial records and other records, including electronic records, as may be prescribed by the MDEQ or by applicable federal and state laws, rules, and regulations. Contracted Party shall retain these records for a period of ten (10) years after final payment. These records shall be made available during the term of the Agreement and the subsequent ten (10) year period for examination, transcription, and audit by MDEQ, the Mississippi State Auditor's Office, its designees, or other authorized bodies, including the Office of Inspector General. If any litigation, claim, investigation, or audit relating to this Agreement or an activity funded under the Agreement is started before the expiration of the ten (10) year period, the records must be retained until all litigation, claims, investigations, or audit findings involving the records have been resolved and final action taken.

7. RIGHT TO INSPECT WORK; SITE ACCESS

MDEQ and their representatives, invitees, and consultants shall have access and the right to conduct announced and unannounced onsite and offsite physical visits to inspect all Work hereunder. Upon request by MDEQ, Contracted Party shall provide MDEQ and its representatives, invitees, and consultants with the opportunity to participate in site inspections, meetings, and/or teleconferences, as

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

appropriate, related to the performance of the Work.

8. CONFLICT OF INTEREST

The Contracted Party covenants that he presently has no interest and shall not acquire any interest direct or indirect in the Project that is the subject to this Agreement or any parcels therein, where applicable, or any other interest which would conflict in any manner or degree with the performance of his services hereunder. The Contracted Party further covenants that, in the performance of this agreement, no person having any such interest shall be employed.

The Contracted Party agrees to establish safeguards to prohibit employees from using positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have a family, business, or other tie.

9. COOPERATION AND EVALUATION

The Contracted Party agrees to assist and cooperate with the MDEQ or its duly designated representatives in the monitoring of the Project(s) to which the Agreement relates, and to provide in form and manner approved by MDEQ such monitoring reports, progress reports, and the like as may be required and to provide such reports at the times specified.

Further, the Contracted Party agrees to cooperate with MDEQ or its duly designated representatives by providing timely responses to all reasonable requests for information to assist in evaluation of the accomplishments of the Project and the agreement for a period of ten (10) years after the date on which the Final Reports are provided.

EXHIBIT I — APPENDIX II TO PART 200 – CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141–3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) See § 200.323.

(K) See § 200.216.

(L) See § 200.322.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET BC-1: BASIC SERVICES—LUMP SUM

ARTICLE 1—COMPENSATION PACKET BC-1: BASIC SERVICESLUMP SUM

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 1.01:

1.01 Compensation for Basic Services— Lump Sum Method of Payment

A. Owner shall pay Engineer for Basic Services set forth in Exhibit A as follows:

1. A Lump Sum amount of $1,630,000.00 based on the following estimated distribution of compensation:

a.	Study and Report Phase	$0.00
b.	Preliminary Design Phase	$395,000.00
c.	Final Design Phase	$455,000.00
d.	Bidding and Negotiating Phase	$40,000.00
e.	Construction Phase including RPR	$725,000.00
f.	Post-Construction Phase	$15,000.00

2. Engineer may alter the distribution of compensation between individual phases noted herein, but shall not exceed the total Lump Sum amount unless approved in writing by the Owner.

3. The Lump Sum includes compensation for Engineer's services and services of Engineer's Consultants, if any. Appropriate amounts have been incorporated in the Lump Sum to account for labor costs, overhead, profit, expenses, and Consultant charges.

4. Reimbursable Expenses are included in the Lump Sum Fee.

5. The portion of the Lump Sum amount billed for Engineer's services will be based upon Engineer's estimate of the percentage complete of each phase identified above.

6. The Lump Sum includes all grant management and grant compliance throughout the period of service.

Period of Service*:* The compensation amount stipulated in Compensation Packet BC-1 is conditioned on a period of service not exceeding 8 months for Design Phase and Bidding Phase Services and an estimated 12 months for Construction Phase Services.

AMENDMENT TO OWNER-ENGINEER AGREEMENT
Amendment No. _____

The Effective Date of this Amendment is: _____.

Background Data

Effective Date of Owner-Engineer Agreement:

Owner:

Engineer:

Project:

Nature of Amendment: [Check those that are applicable and delete those that are inapplicable.]

____ Additional Services to be performed by Engineer

____ Modifications to services of Engineer

____ Modifications to responsibilities of Owner

____ Modifications of payment to Engineer

____ Modifications to time(s) for rendering services

____ Modifications to other terms and conditions of the Agreement

Description of Modifications:

Here describe the modifications, in as much specificity and detail as needed. Use an attachment if necessary.

Agreement Summary:

Original agreement amount:	$_____
Net change for prior amendments:	$_____
This amendment amount:	$_____
Adjusted Agreement amount:	$_____

Change in time for services (days or date, as applicable): _____

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the 6th day of February, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH COVINGTON CIVIL AND ENVIRONMENTAL, LLC, FOR ENGINEERING SERVICES IN CONNECTION WITH THE NORTH GULFPORT WASTEWATER TREATMENT PLANT SAND FILTERS PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the North Gulfport Wastewater Treatment Plant Sand Filters Project, a project intended to replace the sand filter and anthracite system at the North Gulfport Wastewater Treatment Plant.; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the North Gulfport Wastewater Treatment Plant Sand Filters Project and received proposals from five (5) firms; and

WHEREAS, after referral to and grading by a selection committee, Covington Civil and Environmental, LLC, was selected as the highest scoring firm (see January 2, 2024, minutes) and recommended for award Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the North Gulfport Wastewater Treatment Plant Sand Filters Project to Covington Civil and Environmental, LLC, and to approve an agreement with Covington Civil and Environmental, LLC, subject to final approval of the Legal Department, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the North Gulfport Wastewater Treatment Plant Sand Filters Project., be and the same is hereby approved and the proposed Engineering Services Contract between Covington Civil and Environmental, LLC, and the City be and it is hereby approved in substantially the form found at Exhibit "A" hereto, subject to final approval of the Legal Department, and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember Sharp, seconded by Councilmember Flowers, and was adopted by the following roll call vote:

YEAS:	**NAYS:**	**ABSENT:**
Roland	**None**	**Casey**
Walker		**Holmes-Hines (out)**
Sharp		
Flowers		
Kosloski		

WHEREUPON the President declared the motion carried and the Resolution adopted, this the 6th day of February, 2024.

CITY OF GULFPORT SEAL MISSISSIPPI

ATTEST:

Brittany Rodgers, Clerk of Council

ADOPTED:

F.B. "Rusty" Walker, IV, President

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the 7th day of February, 2024.

APPROVED:

Re: **Recommendation to Approve Engineering Services Contract**
- Covington Civil & Environmental, LLC
- North Gulfport Wastewater Treatment Plant - Sand Filters (MCWI)

Attached for your consideration is the Engineering Services Contract for the referenced project in the not-to-exceed amount of $ 1,630,000.00. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

The Project includes replacement of the sand filter and anthracite system at the North Gulfport Wastewater Treatment Plant. The total cost of engineering and construction for this project is $11,082,125.92. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure "MCWI" and the American Rescue Plan Act "ARPA".

I recommend this contract pending a full MDEQ review and contract approval.

Re: North Gulfport Wastewater Treatment Plant – Sand Filter Project

Dear Mr. Harrison:

Covington Civil & Environmental LLC (Covington) is pleased to furnish the City of Gulfport our contract to provide engineering services to complete the Sand Filter Replacement Project at the North Gulfport WWTP. Our team, which includes process and structural engineers who designed the original North Plant are ready to serve the City of Gulfport. We look forward to working with the City to complete this important project on time and within budget.

Sincerely,

Benjamin Benvenutti, P.E.
Principal Engineer

AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES

This is an Agreement between **City of Gulfport** (Owner) and **Covington Civil and Environmental, LLC** (Engineer). Owner's Project, of which Engineer's services under this Agreement are a part, is generally identified as **North Gulfport Wastewater Treatment Plant – Sand Filters** (Project). Other terms used in this Agreement are defined in Article 7. Engineer's services under this Agreement are generally identified as design phase services including preparation of contract documents (plans and specifications), bid phase services for project award, construction phase services including processing of progress payments and project representative services.

Owner and Engineer further agree as follows:

ARTICLE 1—SERVICES OF ENGINEER

1.01 Scope

A. Engineer shall provide, or cause to be provided, the services set forth herein and in Exhibit A.

ARTICLE 2—OWNER'S RESPONSIBILITIES

2.01 Project Information

A. To the extent Owner has not already provided the following, or has new, additional, or revised information from that previously provided, Owner shall provide Engineer with information and data needed by Engineer in the performance of Basic and Additional Services, including Owner's:

1. design objectives and constraints;
2. space, capacity, and performance requirements;
3. flexibility and expandability needs;
4. design and construction standards;
5. budgetary limitations; and
6. any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

B. Following Engineer's assessment of initially-available Project information and data and upon Engineer's request, Owner shall obtain, furnish, or otherwise make available (if necessary through retention of specialists or consultants) such additional Project-related information and data as is reasonably required to enable Engineer to complete its Basic and Additional Services; or, with consent of Engineer, Owner may authorize the Engineer to obtain or provide all or part of such additional information as Additional Services. Such additional information or data may include the following:

1. Property descriptions.
2. Zoning, deed, and other land use restrictions.
3. Explorations and tests of subsurface conditions at or adjacent to the Site; geotechnical reports and investigations; drawings of physical conditions relating to existing surface

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

or subsurface structures at the Site; hydrographic surveys, laboratory tests and inspections of samples, materials, and equipment; appropriate professional interpretation of such information or data.

4. Environmental assessments, audits, investigations, and impact statements, and other relevant environmental, historical, or cultural studies relevant to the Project, the Site, and adjacent areas.

5. Data or consultations as required for the Project but not otherwise identified in this Agreement.

C. Owner shall examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

D. Owner shall furnish to Engineer data as to Owner's anticipated costs for services to be provided to Owner by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) so that Engineer may assist Owner in collating the various cost categories that comprise Total Project Costs.

E. Owner shall advise Engineer if any invention, design, process, product, or device that Owner has requested, required, or recommended for inclusion in the Drawings or Specifications will be subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights.

F. Owner shall inform Engineer as to whether Engineer's assistance is requested with respect to Owner's evaluation of the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

2.02 Owner's Instructions Regarding Bidding/Proposal and Front-End Construction Contract Documents

A. Owner shall give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable) and Owner's construction contract practices and requirements, and furnish to Engineer (or give specific directions requesting Engineer to use copies already in Engineer's possession) the following:

1. Owner's standard contract forms, general conditions (if other than the current edition of EJCDC® C-700, Standard General Conditions of the Construction Contract), supplementary conditions, text, and related documents and content for Engineer to include in the draft Bidding/Proposal Documents, and in draft Front-End Construction Contract Documents;

2. insurance and bonding requirements;

3. protocols for electronic transmittals during bidding and construction;

4. Owner's safety and security programs applicable to Contractor and other Constructors;

5. diversity and other social responsibility requirements;

6. bidding and contract requirements of funding, financing, or regulatory entities;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

7. other specific conditions applicable to the procurement of construction or contract documents;

8. any other information necessary for Engineer to assist Owner in preparing its Bidding/Proposal Documents and Front-End Construction Contract Documents.

B. Owner shall have responsibility for the final content of (1) such Bidding/Proposal Documents, and (2) such Front-End Construction Contract Documents, other than content furnished by Engineer concerning the design (as set forth in the Drawings, Specifications, or otherwise) or other engineering or technical matters.

1. Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. If there will be an advertisement soliciting bids for construction, Owner shall place and pay for such advertisement.

2.03 Owner-Furnished Services

A. Recognizing and acknowledging that Engineer's services and expertise do not include the following services, Owner shall obtain, as required for the Project:

1. Accounting, bond and financial advisory services (including, if applicable, "municipal advisor" services as described in Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) and the municipal advisor registration rules issued by the Securities and Exchange Commission), independent cost estimating, and insurance counseling services.

2. Legal services, including attorney review of proposed Construction Contract Documents, legal services required by Owner, legal services needed as a result of issues raised by Contractor, and Project-related legal services reasonably requested by Engineer.

3. Auditing services, including those needed by Owner to ascertain how or for what purpose Contractor has used money paid to it.

B. Owner shall provide the services of an independent testing laboratory to perform all inspections, tests, and approvals of samples, materials, and equipment required by the Construction Contract Documents (other than those required to be furnished or arranged by Contractor), or to evaluate the performance of materials, equipment, and facilities of Owner, prior to their incorporation into the Work with appropriate professional interpretation thereof. Owner shall provide Engineer with the findings and reports generated by testing laboratories, including findings and reports obtained from or through Contractor.

C. Owner shall acquire or arrange for acquisition of the Site(s) and any temporary or permanent rights of access, easements, or property rights needed for the Project.

D. With respect to the portions or phases of the Project designed or specified by Engineer, Owner shall provide, obtain, or arrange for:

1. all required reviews, approvals, consents, and permits from governmental authorities having jurisdiction, and

2. such reviews, approvals, and consents from others as may be necessary for completion of each portion or phase of the Project.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Owner may delegate to Contractor or others the responsibilities set forth in Paragraphs 2.03.C and D.

2.04 Owner's General Responsibilities

A. Owner shall inform Engineer of the policies, procedures, and requirements of Owner that are applicable to Engineer's performance of services under this Agreement.

B. Owner shall provide Engineer with Owner's budget for the Project, including type and source of funding to be used, and will promptly inform Engineer if the budget or funding sources change.

C. Owner shall inform Engineer in writing of any safety or security programs that are applicable to the personnel of Engineer, its Subconsultants, and Engineer's Subcontractors, as they visit the Site or otherwise perform services under this Agreement.

D. Owner shall arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under this Agreement.

E. Owner shall provide necessary direction and make decisions, including prompt review of Engineer's submittals, and carry out its other responsibilities in a timely manner so as not to delay Engineer's performance of its services.

F. Owner shall be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by Owner to Engineer pursuant to this Agreement. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement, subject to any express limitations or reservations applicable to the furnished items.

G. Owner shall give prompt written notice to Engineer whenever Owner observes or otherwise becomes aware of:

1. any development that affects the scope or time of performance of Engineer's services;

2. the presence at the Site of any Constituent of Concern; or

3. any relevant, material defect or nonconformance in: (a) Engineer's services, (b) the Work, (c) the performance of any Constructor, or (d) Owner's performance of its responsibilities under this Agreement.

H. Owner shall advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructability review.

I. If Owner designates a construction manager, site representative, or any individual or entity other than, or in addition to, Engineer to represent Owner at the Site, Owner shall define and set forth as an exhibit to this Agreement the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

J. Owner shall:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job-related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.
2. Primarily communicate with Engineer's Subcontractors and Subconsultants through the Engineer.
    a. Promptly inform Engineer of the substance of any communications between Owner and Engineer's Subcontractors or Subconsultants.
    b. Refrain from directing the services of Engineer's Subcontractors or Subconsultants.
3. Authorize Engineer to provide Additional Services as set forth in Article 2 of Exhibit A of the Agreement, as required.
4. Perform or provide the following:
    a. **N/A**

2.05 Payment

A. Owner shall pay Engineer as set forth in Article 4 and Exhibit J.

ARTICLE 3—SCHEDULE FOR RENDERING SERVICES

3.01 Commencement

A. Engineer is authorized to begin rendering services as of the Effective Date.

3.02 Time for Completion

A. Engineer shall complete its obligations within a reasonable time. Specific periods of time for rendering services, or specific dates by which services are to be completed, are provided in Exhibit B, and are hereby agreed to be reasonable.

B. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, will be adjusted equitably.

C. If Owner authorizes changes in the scope, extent, or character of the Project or Engineer's services, then the time for completion of Engineer's services, and the amounts of Engineer's compensation, will be adjusted equitably.

ARTICLE 4—INVOICES AND PAYMENTS

4.01 Invoices

A. Preparation and Submittal of Invoices: Engineer shall prepare invoices in accordance with its standard invoicing practices, the progress reporting and special invoicing requirements (if any) in Exhibit A Paragraph 1.01.A, and the terms of Exhibit J. Engineer shall submit its invoices to Owner on a monthly basis. Invoices are due and payable within 45 days of receipt.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4.02 Payments

A. Application to Interest and Principal: Payment will be credited first to any interest owed to Engineer and then to principal.

B. Disputed Invoices: If Owner disputes an invoice, either as to amount or entitlement, then Owner shall promptly advise Engineer in writing of the specific basis for doing so; may withhold only that portion so disputed; and must pay the undisputed portion, subject to the terms of Paragraph 4.01. After a disputed item has been resolved, Engineer shall include the agreed-upon amount on a new invoice.

C. Failure to Pay: If Owner fails to make any undisputed payment due Engineer within 45 days after receipt of Engineer's invoice, then:

1. amounts due Engineer will be increased at the rate of 1.5% per month (or the maximum rate of interest permitted by law, if less) from said forty-fifth day, and

2. Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement until Owner has paid in full amounts due. Owner waives any and all claims against Engineer for any such suspension.

D. Sales or Use Taxes: If after the Effective Date any governmental entity takes an action that imposes additional sales or use taxes on Engineer's services or compensation under this Agreement, then Engineer may invoice such additional sales or use taxes for reimbursement by Owner. Owner shall reimburse Engineer for the cost of such invoiced additional sales or use taxes; such reimbursement will be in addition to the compensation to which Engineer is entitled under the terms of Exhibit J.

ARTICLE 5—OPINIONS OF COST

5.01 Opinions of Probable Construction Cost

A. Engineer's opinions of probable Construction Cost (if any) are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If Owner requires greater assurance as to probable Construction Cost, then Owner agrees to obtain an independent cost estimate.

5.02 Opinions of Total Project Costs

A. The services, if any, of Engineer with respect to Total Project Costs will be limited to assisting the Owner in tabulating the various categories that comprise Total Project Costs. Engineer assumes no responsibility for the accuracy of any opinions of Total Project Costs.

ARTICLE 6—GENERAL CONSIDERATIONS

6.01 Standards of Performance

A. Standard of Care: The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.

B. Technical Accuracy: Owner shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation, unless such corrective action is directly attributable to deficiencies in Owner-furnished information.

C. Engineer's Subcontractors and Subconsultants: Engineer may retain such Engineer's Subcontractors and Subconsultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by Owner.

D. Reliance on Others: Subject to the standard of care set forth in Paragraph 6.01.A, Engineer may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

E. Compliance with Laws and Regulations, and Policies and Procedures

1. Engineer and Owner shall comply with applicable Laws and Regulations.

2. Engineer shall comply with the policies, procedures, and instructions of Owner that are applicable to Engineer's performance of services under this Agreement and that Owner provides to Engineer in writing, subject to the standard of care set forth in Paragraph 6.01.A, and to the extent compliance is not inconsistent with professional practice requirements.

3. This Agreement is based on Laws and Regulations and Owner-provided written policies and procedures as of the Effective Date. The following may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, or compensation:

a. changes after the Effective Date to Laws and Regulations,

b. the receipt by Engineer after the Effective Date of Owner-provided written policies and procedures, and

c. changes after the Effective Date to Owner-provided written policies or procedures.

F. General Conditions of Construction Contract: The general conditions for any construction contract documents prepared hereunder are to be EJCDC® C-700 "Standard General Conditions of the Construction Contract", prepared by the Engineers Joint Contract Documents Committee, unless expressly indicated otherwise in Exhibit J or elsewhere in this Agreement

G. Copies of Drawings and Specifications: If Engineer is required to prepare or furnish Drawings or Specifications under this Agreement, Engineer shall deliver to Owner at least one complete electronic copy of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations, and one complete printed copy, duly signed and sealed.

H. Engineer shall not be required to sign any document, no matter by whom requested, that would result in Engineer having to certify, guarantee, or warrant conditions whose existence

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

Engineer cannot ascertain within the authorized scope of Engineer's services. Owner agrees not to make resolution of any dispute with Engineer or payment of any amount due to Engineer in any way contingent upon Engineer signing any such document.

I. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor will Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.

J. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work in accordance with the Construction Contract Documents.

K. Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the Construction Contract Documents, other than those made by Engineer.

L. Engineer is not required to provide and does not have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.

M. Engineer's services do not include providing legal advice or representation.

N. Engineer's services do not include (1) serving as a "municipal advisor" for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission, or (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances.

O. While at the Site, Engineer, its Subconsultants, and Engineer's Subcontractors, and their employees and representatives will comply with the applicable requirements of Contractor's and Owner's safety programs of which Engineer has been informed in writing.

6.02 Ownership and Use of Documents

A. All Documents are instruments of service, and Engineer owns the Documents, including all associated copyrights and the right of reuse at the discretion of the Engineer. Engineer shall continue to own the Documents and all associated rights whether or not the Project is completed.

1. Owner may make and retain copies of Documents for information and reference in connection with the use of the Documents on the Project.

2. Engineer grants Owner a limited license to use the Documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment due and owing for all services relating to preparation of the Documents, and subject to the following limitations:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. Owner acknowledges that such Documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, on any other project, or for any other use or purpose, without written verification or adaptation by Engineer;

b. any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and Subconsultants;

c. Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the Documents without written verification, completion, or adaptation by Engineer; and

d. such limited license to Owner shall not create any rights in third parties.

B. If Engineer at Owner's request verifies the suitability of the Documents, completes them, or adapts them for extensions of the Project or for any other purpose, then Owner shall compensate Engineer at rates or in an amount to be agreed upon by Owner and Engineer.

C. Engineer shall inform Owner if Engineer is aware of any invention, design, process, product, or device specified in the Drawings, Specifications, or other Documents that is subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights. If Engineer's good-faith inclusion in the Drawings, Specifications, or other Documents of new, innovative, or non-standard technologies, for the benefit of Owner and the Project, results in third-party claims of infringement or violation of intellectual property rights, then Owner and Engineer shall share equally the costs of defending against, settling, or paying such claims.

D. Engineer will obtain Owner's consent, which will not be unreasonably withheld, prior to releasing any publicity, including news and press releases, promotional publications, award and prize competition submittals, and other advertising regarding the subject matter of this Agreement. Nothing herein will limit the Engineer's right to include information in statements of qualifications and proposals to others accurately describing its participation and participation of employees in the Project.

6.03 Electronic Transmittals

A. To the fullest extent practical, Owner and Engineer agree to transmit, and accept, Project-related correspondence, Documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with mutually agreeable protocol.

B. If this Agreement does not establish or include protocols for electronic or digital transmittals, then Owner and Engineer may operate without specific protocols or may jointly develop such protocols at a later date.

C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

computer hardware differing from those used in the drafting or transmittal of items, or from those established in applicable protocols.

6.04 Insurance

A. Engineer shall procure and maintain insurance as set forth in Exhibit G.

B. Additional Insureds: The Engineer's commercial general liability policy must include and list Owner as additional insureds.

C. Owner shall procure and maintain insurance as set forth in Exhibit G.

D. Owner shall require Contractor to purchase and maintain policies of insurance covering workers' compensation, general liability, motor vehicle damage and injuries, and other insurance necessary to protect Owner's and Engineer's interests in the Project. Owner shall require Contractor to cause Engineer, its Subconsultants, and Engineer's Subcontractors to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project. Owner shall give Engineer access to any certificates of insurance and copies of endorsements and policies obtained by Owner from Contractor.

E. Owner and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates must be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

F. All construction contracts entered into by Owner with respect to the Project must require builder's risk or similar property insurance.

G. All policies of property insurance relating to the Project, including but not limited to any builder's risk or similar policy, must allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer, its Subconsultants, or Engineer's Subcontractors. Owner and Engineer waive all rights against each other, Contractor, Engineer's Subcontractors and Subconsultants, and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by any such builder's risk or similar policy and any other property insurance relating to the Project. Owner and Engineer shall take appropriate measures in other Project-related contracts to secure waivers of rights consistent with those set forth in this paragraph.

H. All policies of insurance must contain a provision or endorsement that the coverage afforded will not be canceled, and that renewal will not be refused, until at least 10 days' prior written notice has been given to the primary insured. Upon receipt of such notice, the primary insured must promptly forward a copy of the notice to the other party to this Agreement and replace the coverage being cancelled or reduced to conform to the requirements of this Agreement.

6.05 Suspension and Termination

A. Suspension

1. By Owner: Owner may suspend Engineer's services for up to 90 days upon 7 days' written notice to Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. By Engineer: Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement:

    a. if Owner has failed to pay Engineer for invoiced services and expenses, as set forth in Paragraphs 4.02.B and 4.02.C; or

    b. in response to the presence of Constituents of Concern at the Site, as set forth in Paragraph 6.09.D.

B. Termination for Cause

1. Either party may terminate the Agreement for cause upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms of the Agreement, through no fault of the terminating party.

    a. Notwithstanding the foregoing, this Agreement will not terminate under Paragraph 6.05.B.1 if the party receiving such notice begins, within 7 days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30-day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein will extend up to, but in no case more than, 60 days after the date of receipt of the notice.

2. In addition to its termination rights in Paragraph 6.05.B.1, Engineer may terminate this Agreement for cause upon 7 days' written notice:

    a. if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional;

    b. if Engineer's services for the Project are delayed or suspended for more than 90 days for reasons beyond Engineer's control; or

    c. as the result of the presence at or adjacent to the Site of undisclosed Constituents of Concern, as set forth in Paragraph 6.09.E.

3. Engineer will have no liability to Owner on account of any termination by Engineer for cause.

C. Termination for Convenience: Owner and/or Engineer may terminate this Agreement for convenience, effective upon receipt of notice from either party.

D. Extension of Effective Date of Termination: If Owner terminates the Agreement for cause or convenience, Owner may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files. Engineer shall be entitled to compensation for such tasks.

E. Payments Upon Termination: In the event of any termination under Paragraph 6.05, Engineer will be entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, Owner will

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

have the limited right to the use of Documents, at Owner's sole risk, subject to the provisions of Paragraph 6.02.A.

1. If Owner has terminated the Agreement for convenience, or if Engineer has terminated the Agreement for cause, then Engineer will be entitled, in addition to the payments identified above, to invoice Owner and receive payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with Engineer's Subcontractors or Subconsultants, and other related close-out costs, using methods and rates for Additional Services as set forth in Exhibit J.

6.06 Successors, Assigns, and Beneficiaries

A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 6.06.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, claims arising out of this Agreement or money that is due or may become due) in this Agreement without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

C. Unless expressly provided otherwise in this Agreement:

1. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

2. Nothing in this Agreement will be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them.

3. Owner agrees that the substance of the provisions of this Paragraph 6.06.C will appear in the Construction Contract Documents.

6.07 Dispute Resolution

A. Owner and Engineer shall resolve all disputes in the following manner:

1. Owner and Engineer agree to negotiate all disputes between them in good faith for a period of 30 days from the date of notice, prior to invoking mediation.

2. Owner and Engineer agree that they shall first submit any and all unsettled claims, counterclaims, disputes, and other matters in question between them arising out of or relating to this Agreement or the breach thereof ("Disputes") to mediation. Owner and Engineer agree to participate in the mediation process in good faith. The process will be conducted on a confidential basis, and must be completed within 120 days.

3. If the parties fail to resolve a Dispute through negotiations under Paragraph 6.07.A.1 or mediation under Paragraph 6.07.A.2, then, if Exhibit H is not included, or if no final

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

dispute resolution method is specified in Exhibit H, then the parties may exercise their rights at law.

6.08 Controlling Law; Venue

A. This Agreement is to be governed by the Laws and Regulations of the state in which the Project is located.

B. Venue for any exercise of rights at law will be the state court having jurisdiction at the location of the Project; or at the choice of either party, and if federal jurisdictional requirements can be met, in federal court in the district in which the Project is located.

6.09 Environmental Condition of Site

A. Owner represents to Engineer that, as of the Effective Date, to the best of Owner's knowledge, no Constituents of Concern, other than those disclosed in writing to Engineer, exist at or adjacent to the Site.

B. Undisclosed Constituents of Concern: For purposes of this Paragraph 6.09, the presence at or adjacent to the Site of Constituents of Concern that were not disclosed to Engineer pursuant to Paragraph 6.09.A, in such quantities or circumstances that such Constituents of Concern may present a danger to persons or property exposed to them, will be referred to as "undisclosed" Constituents of Concern.

1. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of this Agreement or the Construction Contract, are not undisclosed Constituents of Concern.

2. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under this Agreement are not undisclosed Constituents of Concern.

3. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under another professional services contract for Owner, or as part of the work under a construction or remediation contract, are not undisclosed Constituents of Concern if Engineer has been informed of the general scope of such contract.

C. If Engineer encounters or learns of an undisclosed Constituent of Concern at the Site, then Engineer shall notify (1) Owner and (2) appropriate authorities having jurisdiction if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

D. It is acknowledged by both parties that Engineer's scope of services does not include any services related to undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an undisclosed Constituent of Concern, or if encountered, uncovered, or revealed Constituents of Concern are present in substantially greater quantities or substantially different locations than disclosed or anticipated, or if investigative or remedial action, or other professional services, are necessary or required by applicable Laws and Regulations with respect to such Constituents of Concern, then Engineer may, at its option and without liability for direct, consequential, or any other damages, suspend performance of services on the portion of the Project adversely affected thereby until such portion of the Project is no longer so affected; and Owner shall promptly determine whether

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

to retain a qualified expert to evaluate such condition or take any necessary corrective action.

E. If the presence at the Site of undisclosed Constituents of Concern, or of Constituents of Concern in substantially greater quantities or in substantially different locations than disclosed or anticipated, adversely affects the performance of Engineer's services under this Agreement, then:

1. if the adverse effects do not preclude Engineer from completing its Project services in general accordance with this Agreement on unaffected or marginally affected portions of the Project, Engineer may accept an equitable adjustment in its compensation or in the time of completion, or both; and the Agreement will be amended to reflect changes necessitated by the presence of such Constituents of Concern; or

2. if the adverse effects are of such materiality to the overall performance of Engineer that it cannot complete its services without significant changes to the scope of services, time of completion, and compensation, then Engineer may terminate this Agreement for cause on 7 days' written notice.

F. Owner acknowledges that Engineer is performing professional services for Owner and that Engineer is not and will not be required to become an "owner," "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

6.10 Indemnification and Mutual Waiver

A. Indemnification by Engineer: To the fullest extent permitted by Laws and Regulations, Engineer shall indemnify and hold harmless Owner, and Owner's officers, directors, members, partners, agents, and employees, from losses, damages, and judgments (including reasonable consultants' and attorneys' fees and expenses) arising from third-party claims or actions relating to the Project, provided that any such claim, action, loss, damages, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors.

B. Indemnification by Owner: Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Consultants as required by Laws and Regulations and to the extent required in paragraph 6.11.

C. Environmental Indemnification: To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer, its Subconsultants, Engineer's Subcontractors, and their officers, directors, members, partners, agents, employees, and subconsultants from all claims, costs, losses, damages, actions, and judgments (including reasonable consultants' and attorney's fees and expenses) caused by, arising out of, relating to, or resulting from a Constituent of Concern at, on, or under the Site, provided that:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1. any such claim, cost, loss, damages, action, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, and

2. nothing in this paragraph obligates Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence or willful misconduct.

D. No Defense Obligation: The indemnification commitments in this Agreement do not include a defense obligation by the indemnitor unless such obligation is expressly stated.

E. Percentage Share of Negligence: To the fullest extent permitted by Laws and Regulations, a party's total liability to the other party and anyone claiming by, through, or under the other party for any cost, loss, or damages caused in part by the negligence of the party and in part by the negligence of the other party or any other negligent entity or individual, will not exceed the percentage share that the party's negligence bears to the total negligence of Owner, Engineer, and all other negligent entities and individuals.

F. Mutual Waiver: To the fullest extent permitted by Laws and Regulations, Owner and Engineer waive against each other, and the other's officers, directors, members, partners, agents, employees, subconsultants, and insurers, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes. Such excluded damages include but are not limited to loss of profits or revenue; loss of use or opportunity; loss of good will; cost of substitute facilities, goods, or services; and cost of capital.

G. Exclusion of Special, Incidental, Indirect, and Consequential Damages: To the fullest extent permitted by Laws and Regulations, and notwithstanding any other provision in the Agreement, the Owner and the Engineer and their officers, directors, members, partners, agents, Consultants, and employees shall not be liable to the other or anyone claiming by, through, or under each other for any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes, including but not limited to: Loss of use, loss of profit; loss of business; loss of income; loss of reputation or any other consequential damages that either party may have incurred from any cause of actions including negligence, strict liability , breach of contract and breach of strict or implied warranty. Both the Owner and the Engineer shall require similar waivers of consequential damages protecting all the entities or person named herein in all contracts and subcontracts with other involved in the project. Both the Owner and the Engineer agree that Engineer's total liability to Owner under this Agreement shall be limited to $100,000 or the total amount of compensation received by Engineer, whichever is greater.

6.11 Records Retention

A. Engineer shall maintain on file in legible form, for a period of five years following completion or termination of its services, or such other period as required by Laws and Regulations, all Documents, records (including cost records), and design calculations related to Engineer's services or pertinent to Engineer's performance under this Agreement. Upon Owner's request, Engineer shall provide a copy of any such item to Owner at cost.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.12 Miscellaneous Provisions

A. Notices: Any notice required under this Agreement will be in writing, and delivered: in person (by commercial courier or otherwise); by registered or certified mail; or by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line. All such notices are effective upon the date of receipt.

B. Survival: Subject to applicable Laws and Regulations, all express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

C. Severability: Any provision or part of the Agreement held to be void or unenforceable under any Laws or Regulations will be deemed stricken, and all remaining provisions will continue to be valid and binding upon Owner and Engineer.

D. No Waiver: A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Agreement.

E. Accrual of Claims: To the fullest extent permitted by Laws and Regulations, all causes of action arising under this Agreement will be deemed to have accrued, and all statutory periods of limitation will commence, no later than the date of Substantial Completion; or, if Engineer's services do not include Construction Phase services, or the Project is not completed, then no later than the date of Owner's last payment to Engineer.

ARTICLE 7—DEFINITIONS

7.01 Defined Terms

A. Wherever used in this Agreement (including the exhibits hereto) terms (including the singular and plural forms) printed with initial capital letters have the meanings indicated in the text above, in the exhibits, or in the following definitions:

1. Addenda—Written or graphic instruments issued prior to the opening of bids which clarify, correct, or change the bidding requirements or the proposed Construction Contract Documents.

2. Additional Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 2 of Exhibit A of this Agreement.

3. Agreement—This written contract for professional services between Owner and Engineer, including all exhibits identified in Paragraph 8.01 and any duly executed amendments.

4. Application for Payment—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Construction Contract.

5. Basic Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 1 of Exhibit A of this Agreement.

6. Bidding/Proposal Documents—Documents related to the selection of the Contractor, including advertisements or invitations to bid; requests for proposals; instructions to

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

bidders or proposers, including any attachments such as lists of available Site-related documents; bid forms; bids; proposal forms; proposals; bidding requirements; and qualifications documents.

7. Change Order—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Construction Contract Price or the Construction Contract Times, or other revision to the Construction Contract, issued on or after the effective date of the Construction Contract.

8. Change Proposal—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth in the Construction Contract, seeking an adjustment in Construction Contract Price or Construction Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Construction Contract Documents or the acceptability of Work under the Construction Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Construction Contract.

9. Constituents of Concern—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), lead-based paint (as defined by the HUD/EPA standard), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to Laws and Regulations regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

10. Construction Contract—The entire and integrated written contract between Owner and Contractor concerning the Work.

11. Construction Contract Documents—Those items designated as "Contract Documents" in the Construction Contract, and which together comprise the Construction Contract. See also definition of "Front-End Construction Contract Documents" below.

12. Construction Contract Price—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Construction Contract Documents.

13. Construction Contract Times—The number of days or the dates by which Contractor must: (a) achieve milestones, if any, in the Construction Contract; (b) achieve Substantial Completion; and (c) complete the Work.

14. Construction Cost—The cost to Owner of the construction of those portions of the entire Project designed or specified by or for Engineer under this Agreement, including construction labor, services, materials, equipment, insurance, and bonding costs, and allowances for contingencies. Construction Cost does not include costs of services of Engineer or other design professionals and consultants; cost of land or rights-of-way, or compensation for damages to property; Owner's costs for legal, accounting, insurance counseling, or auditing services; interest or financing charges incurred in connection with the Project; or the cost of other services to be provided by others to Owner. Construction Cost is one of the items comprising Total Project Costs.

15. Constructor—Any person or entity (not including the Engineer, its employees, agents, representatives, or Subconsultants, or Engineer's Subcontractors), performing or supporting construction activities relating to the Project, including but not limited to Contractors, Subcontractors, Suppliers, Owner's work forces, utility companies, other

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

contractors, construction managers, design-builders, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

16. Contractor—The entity or individual with which Owner enters into a Construction Contract.

17. Documents—All documents expressly identified as deliverables in this Agreement, whether in printed or Electronic Document form, required by this Agreement to be provided or furnished by Engineer to Owner. Such specifically required deliverables may include, by way of example, Drawings, Specifications, data, reports, building information models, and civil integrated management models.

18. Drawings—That part of the Construction Contract Documents that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. Effective Date—The date indicated in this Agreement on which it becomes effective, but if no such date is indicated, the date on which this Agreement is signed and delivered by the last of the parties to sign and deliver.

20. Electronic Document—Any Project-related correspondence, attachments to correspondence, data, documents, drawings, information, or graphics, including but not limited to Shop Drawings and other Submittals, that are in an electronic or digital format.

21. Electronic Means—Electronic mail (e-mail), upload/download from a secure Project website, or other communications methods that allow: (a) the transmission or communication of Electronic Documents; (b) the documentation of transmissions, including sending and receipt; (c) printing of the transmitted Electronic Document by the recipient; (d) the storage and archiving of the Electronic Document by sender and recipient; and (e) the use by recipient of the Electronic Document for purposes permitted by this Agreement. Electronic Means does not include the use of text messaging, or of Facebook, Twitter, Instagram, or similar social media services for transmission of Electronic Documents.

22. Engineer—The individual or entity named as such in this Agreement.

23. Engineer's Subcontractor—An individual, firm, vendor, or other entity having a contract with Engineer to furnish general services, equipment, or materials with respect to the Project as an independent contractor.

24. Field Order—A written order issued by Engineer which requires minor changes in the Work but does not change the Construction Contract Price or the Construction Contract Times.

25. Front-End Construction Contract Documents—Those Construction Contract Documents whose primary purpose is to establish legal and contractual terms and conditions, typically including the Owner-Contractor agreement, bonds, general conditions, and supplementary conditions. The term excludes the Drawings and Specifications, and any Construction Contract Documents delivered or issued after the effective date of the Construction Contract.

26. Laws and Regulations; Laws or Regulations—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

27. Owner—The individual or entity named as such in this Agreement and for which Engineer's services are to be performed. Unless indicated otherwise, this is the same individual or entity that will enter into any Construction Contracts concerning the Project.

28. Project—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the services to be performed or furnished by Engineer under this Agreement are a part.

29. Record Drawings—Drawings depicting the completed Project, or a specific portion of the completed Project, prepared by Engineer and based on Contractor's record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications, as delivered to Engineer and annotated by Contractor to show changes made during construction.

30. Resident Project Representative—The authorized representative of Engineer assigned to assist Engineer at the Site during the Construction Phase. As used herein, the term Resident Project Representative (RPR) includes any assistants or field staff of the RPR.

31. Samples—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

32. Shop Drawings—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Construction Contract Documents.

33. Site—Lands or areas to be indicated in the Construction Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

34. Specifications—The part of the Construction Contract Documents that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

35. Subconsultant—An individual, design firm, consultant, or other entity having a contract with Engineer to furnish professional services with respect to the Project as an independent contractor.

36. Subcontractor—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

37. Submittal—A written or graphic document, prepared by or for Contractor, which the Construction Contract Documents require Contractor to submit to Engineer, or that is indicated as a Submittal in the Schedule of Submittals accepted by Engineer. Submittals may include Shop Drawings and Samples; schedules; product data; Owner-delegated designs; sustainable design information; information on special procedures; testing plans; results of tests and evaluations, source quality-control testing and inspections,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

and field or Site quality-control testing and inspections; warranties and certifications; Suppliers' instructions and reports; records of delivery of spare parts and tools; operations and maintenance data; Project photographic documentation; record documents; and other such documents required by the Construction Contract Documents. Submittals, whether or not approved or accepted by Engineer, are not Construction Contract Documents. Change Proposals, Change Orders, Claims, notices, Applications for Payment, and requests for interpretation or clarification are not Submittals.

38. Substantial Completion—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Construction Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

39. Supplier—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

40. Total Project Costs—The total cost of planning, studying, designing, constructing, testing, commissioning, and start-up of the Project, including Construction Cost and all other Project labor, services, materials, equipment, insurance, and bonding costs, allowances for contingencies, and the total costs of services of Engineer or other design professionals and consultants, together with such other Project-related costs that Owner furnishes for inclusion, including but not limited to cost of land, rights-of-way, compensation for damages to properties and private utilities (including relocation if not part of Construction Cost), Owner's costs for legal, accounting, insurance counseling, and auditing services, interest and financing charges incurred in connection with the Project, and the cost of other services to be provided by others to Owner.

41. Underground Facilities—All active or not-in-service underground lines, pipelines, conduits, ducts, encasements, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or systems at the Site, including but not limited to those facilities or systems that produce, transmit, distribute, or convey telephone or other communications, cable television, fiber optic transmissions, power, electricity, light, heat, gases, oil, crude oil products, liquid petroleum products, water, steam, waste, wastewater, storm water, other liquids or chemicals, or traffic or other control systems. An abandoned facility or system is not an Underground Facility.

42. Work—The entire construction or the various separately identifiable parts thereof required to be provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.

43. Work Change Directive—A written directive to Contractor issued on or after the effective date of the Construction Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Terminology

1. The word “day” means a calendar day of 24 hours measured from midnight to the next midnight.

ARTICLE 8—EXHIBITS AND SPECIAL PROVISIONS

8.01 Exhibits to Agreement

The following exhibits are incorporated by reference and included as part of this Agreement:

A. Exhibit A, Engineer’s Services.

B. Exhibit B, Deliverables Schedule.

C. Exhibit C, Owner’s Responsibilities

D. Exhibit D, Duties, Responsibilities and Limitations of Authority of Resident Project Representative.

E. Exhibit E, Notice of Acceptability of Work

F. Exhibit F, NOT USED

G. Exhibit G, Insurance.

H. Exhibit H, Subaward Terms and Conditions for Contracted Parties

I. Exhibit I, Appendix II to Part 200 – Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

J. Exhibit J, Payments to Engineer for Services.

K. Exhibit K, Amendment to Owner-Engineer Agreement

8.02 Total Agreement

A. This Agreement (which includes the exhibits listed above) constitutes the entire contractual agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a written instrument duly executed by both parties.

8.03 Designated Representatives

A. With the execution of this Agreement, Engineer and Owner shall each designate a specific individual to act as representative under this Agreement. Such an individual must have authority to transmit instructions, receive information, and render decisions with respect to this Agreement on behalf of the party that the individual represents.

8.04 Engineer's Certifications

A. Engineer certifies that it has not engaged in corrupt, fraudulent, or coercive practices in competing for or in executing the Agreement. For the purposes of this Paragraph 8.04:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the selection process or in the Agreement execution;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the selection process or the execution of the Agreement to the detriment of Owner, or (b) to deprive Owner of the benefits of free and open competition;

3. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the selection process or affect the execution of the Agreement.

8.05 Conflict of Interest

A. Nothing in this Agreement will be construed to create or impose any duty on the part of Engineer that would be in conflict with Engineer's paramount obligations to the public health, safety, and welfare under the professional practice requirements governing Engineer, its Subconsultants, and all licensed professionals employed by Engineer or its Subconsultants.

B. If during the term of this Agreement a potential or actual conflict of interest arises or is identified:

1. Engineer and Owner together will make reasonable, good faith efforts to avoid or eliminate the conflict of interest; to mitigate any adverse consequences of the conflict of interest; and, if necessary and feasible, to modify this Agreement to address the conflict of interest and its consequences, such that progress under the Agreement may continue.

2. Such efforts will be governed by applicable Laws and Regulations and by any pertinent Owner's policies, procedures, and requirements (including any conflict of interest resolution methodologies) provided to Engineer under Paragraph 2.04.A of this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

This Agreement's Effective Date is **June 29, 2022, or the date executed by Forrest County (whichever is later).**

Article 1— BASIC SERVICES 2
1.01 Study and Report Phase 2
1.02 Preliminary Design Phase 2
1.03 Final Design Phase 3
1.04 Bidding/Proposal Phase 6
1.05 Construction Phase 7
1.06 Post-Construction Phase 13
Article 2— ADDITIONAL SERVICES 13
2.01 Additional Services Not Requiring Owner's Written Authorization 13
2.02 Additional Services Requiring Owner's Written Authorization 15

Article 1 of the Agreement, Services of Engineer, is supplemented to include the following provisions:

Baseline Information: Owner has furnished the following Project information to Engineer as of the Effective Date. Engineer's scope of services has been developed based on this information. As the Project moves forward, some of the information may change or be refined, and additional information will become known, resulting in the possible need to change, refine, or supplement the scope of services.

Project Title:	North Gulfport Wastewater Treatment Plant – Sand Filter Replacement
Type and Size of Facility:	As part of the original plant's construction, the EIMCO traveling bridge filter system remains in daily operation and provides tertiary filtration for the process flow. This EIMCO system is a dual media (sand and anthracite) system comprised of four individual filter cells contained within a single, partitioned concrete basin.
Description of Improvements:	The scope of work includes the retrofit of the existing filter system staying within the single, partitioned concrete basin and replacing the sand and anthracite system with new disk or cloth media. The design flows are 23 MGD average and 46 MGD Peak as set by the Owner and HCUA. Engineer shall be responsible for all MCWI/ARPA grant management requirements. Any additional MDEQ contract provisions will be included through an amendment to the contract.

Engineer shall provide Basic and Additional Services as set forth below.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 1—BASIC SERVICES

1.01 Study and Report Phase

A. Engineer shall use the previously completed "Filtration & Disinfection Assessment" and "HCUA Water and Resources Plan – Phase II" for this project and no additional report is required.

1.02 Preliminary Design Phase

1. After acceptance by Owner of the Report and any other Study and Report Phase deliverables; selection by Owner of a recommended solution; issuance by Owner of any instructions of for use of Project Strategies, Technologies, and Techniques, or for inclusion of sustainable features in the design; and indication by Owner of any specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner, (1) Engineer and Owner shall discuss and resolve any necessary revisions to Engineer's compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from the selected solution, related Project Strategies, Technologies, or Techniques, sustainable design instructions, or specific modifications to the Project, and (2) upon written authorization from Owner, Engineer shall:

   a. Prepare Preliminary Design Phase documents consisting of final design criteria, preliminary drawings, outline specifications, and written descriptions of the Project.

   b. In preparing the Preliminary Design Phase documents, use any specific applicable Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features, as appropriate, pursuant to Owner's instructions.

   c. Provide necessary field surveys and topographic and utility mapping for Engineer's design purposes. Comply with the scope of work and procedure for the identification and mapping of existing utilities selected and authorized by Owner. If no such scope of work and procedure for utility mapping has been selected and authorized, then at a minimum the utility mapping will include Engineer contacting utility owners and obtaining available information.

   d. Visit the Site as needed to prepare the Preliminary Design Phase documents.

   e. Advise Owner if additional reports, data, information, or services of the types described in Exhibit B are necessary and assist Owner in obtaining such reports, data, information, or services.

   f. Continue to assist Owner with Project Strategies, Technologies, and Techniques that Owner has chosen to implement.

   g. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and assist Owner in tabulating the various cost categories which comprise Total Project Costs.

   h. Obtain and review Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Also obtain and review copies of Owner's design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents or content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and in the draft Construction Contract Documents, when applicable.

i. Perform or provide the following other Preliminary Design Phase tasks or deliverables: None

j. Furnish two review copies of the Preliminary Design Phase documents, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner within 60 days of authorization to proceed with this phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items.

k. If required by Owner, revise the Preliminary Design Phase documents, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables in response to Owner's comments, as appropriate, and furnish to Owner two copies of the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other deliverables within 21 days after receipt of Owner's comments.

2. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables or on the date Owner's comments are received if revised Preliminary Design Phase documents are not required.

1.03 Final Design Phase

A. After acceptance by Owner of the Preliminary Design Phase documents and any other Preliminary Design Phase deliverables; issuance by Owner of any instructions for specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner; and any necessary changes, refinements, and supplementation of the Baseline Information set forth at the beginning of this Exhibit A, Engineer and Owner shall discuss, resolve, and document any necessary revisions to Engineer's scope of services, compensation (through application of the provisions regarding Additional Services, or otherwise), and the time for completion of Engineer's services, resulting from specific modifications to the Project, or changes, refinements, or supplementation of the Baseline Information.

1. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is **1.** If more

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

2. If more than one prime construction contract is to be awarded for the Work designed or specified by Engineer, then Owner shall define and set forth (in an exhibit to this Agreement, or in a subsequent document) the duties, responsibilities, and limitations of authority of a person or entity that will have authority and responsibility for coordinating the activities among the various prime Contractors, and any resulting changes in the duties, responsibilities, and authority of Engineer.

3. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime construction contract, or if Engineer's services are to be separately sequenced with the work of one or more prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding/Proposal, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable under such separate prime construction contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such construction contracts is to proceed concurrently.

B. Upon written authorization from Owner, Engineer shall prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor, in accordance with the Preliminary Design Phase documents (as revised) and other Preliminary Design Phase deliverables. As part of the preparation of the Drawings and Specifications, Engineer shall prepare interim drafts and final Drawings and Specifications as follows:

1. Prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor.

2. Visit the Site as needed to assist in preparing the final Drawings and Specifications.

3. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of governmental authorities having jurisdiction to review or approve the final design; assist Owner in consultations with such authorities; and revise the Drawings and Specifications in response to directives from such authorities, as appropriate.

4. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost.

5. After consultation with Owner, include in the Construction Contract Documents any specific protocols for the transmittal of Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website. Any such protocols shall be applicable to transmittals between and among Owner, Engineer, and Contractor during the Construction Phase and Post-Construction Phase, and unless agreed otherwise shall

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

supersede any conflicting protocols previously established for transmittals between Owner and Engineer.

6. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.

7. In addition to preparing the final Drawings and Specifications, assemble drafts of other Construction Contract Documents based on specific instructions and contract forms, text, or content received from Owner.

8. Prepare or assemble draft bidding-related documents (or requests for proposals or other construction procurement documents), based on the specific bidding or procurement-related instructions and forms, text, or content received from Owner.

9. Perform or provide the following other Final Design Phase tasks or deliverables: None

10. Furnish for review by Owner, its legal counsel, and other advisors, two copies of the final Drawings and Specifications, assembled drafts of other Construction Contract Documents, the draft bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables, within 60 days of authorization to proceed with the Final Design Phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items, and any instructions for revisions.

11. Revise the final Drawings and Specifications, assembled drafts of other Construction Contract Documents, the draft bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables in accordance with comments and instructions from the Owner, as appropriate, and submit two final copies of such documents to Owner within 21 days after receipt of Owner's comments and instructions.

C. Engineer shall prepare or assemble draft Bidding/Proposal Documents and Front-End Construction Contract Documents as follows:

1. Such documents will be based on the 2018 EJCDC Construction Documents, and on the specific bidding or Contractor selection-related instructions and forms, contract forms, text, or other content received from Owner.

2. When Engineer is required to use other than the 2018 EJCDC Construction Documents, then as required in the Preliminary Design Phase Owner will furnish to Engineer a copy of the required documents to be used for the Project's Bidding/Proposal Documents and Front-End Construction Contract Documents. Prior to the first Final Design Phase submittal, Engineer will review the bidding and contracting documents furnished by Owner and provide comments to Owner. Engineer will meet with Owner to discuss Engineer's comments. Owner will consider Engineer's recommendations to revise Owner's documents for the Project.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. Engineer will furnish to Owner, for review by Owner's legal counsel, the draft Bidding/Proposal Documents and Front-End Construction Contract Documents. Owner and Owner's legal counsel must transmit to Engineer, in a timely manner, one coordinated set of comments and revisions to the draft documents.

D. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications; assembled drafts of the Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; and any other Final Design Phase deliverables, as revised.

1.04 Bidding/Proposal Phase

A. After acceptance by Owner of the final Drawings and Specifications; assembled drafts of other Construction Contract Documents, including the draft Front-End Construction Contract Documents; the draft Bidding/Proposal Documents; the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and any other Final Design Phase deliverables, and upon written authorization by Owner to proceed, Engineer shall:

1. Assist Owner in advertising for and obtaining bids or proposals for the Work; assist Owner in issuing assembled Bidding/Proposal Documents and proposed Construction Contract Documents to prospective contractors; if applicable, maintain a record of prospective contractors to which documents have been issued; attend pre-bid conferences, if any; and receive and process contractor deposits or charges, if any, for the issued documents.

2. Prepare and issue addenda as appropriate to clarify, correct, or change the issued documents.

3. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work. Services under this paragraph are subject to the provisions of Exhibit A Paragraph 2.01 and 2.02.

4. Attend the bid opening; prepare bid tabulation sheets; and assist Owner in evaluating bids or proposals, assembling final Construction Contracts for the Work for execution by Owner and Contractor, and in preparing notices of award to be issued by Owner for such contracts.

5. Provide information or assistance needed by Owner in the course of any review of bids, proposals, or negotiations with prospective contractors.

6. Consult with Owner as to the qualifications of prospective contractors.

7. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.

8. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.

9. Perform or provide the following other Bidding/Proposal Phase tasks or deliverables:

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

a. **N/A**

10. The Bidding/Proposal Phase will be considered complete upon award of Construction Contracts for the Work and commencement of the Construction Phase, or upon cessation of negotiations with prospective contractors.

1.05 Construction Phase

A. Upon successful completion of the Bidding/Proposal Phase, and upon written authorization from Owner, Engineer shall provide the following services:

1. General Administration of Construction Contract: Consult with Owner and act as Owner's representative as provided in this Agreement and the Construction Contract. Unless otherwise set forth in the scope of Basic Services (as duly modified), the extent and limitations of the duties, responsibilities, and authority of Engineer shall be as assigned in EJCDC® C-700, Standard General Conditions of the Construction Contract (2018) or other construction general conditions specified in this Agreement. Except as otherwise provided in the Construction Contract, Owner's communications to Contractor will be issued through Engineer.

a. If the responsibilities of Engineer as set forth in the Construction Contract are greater than those Construction Phase services expressly required of Engineer in Exhibit A Paragraph 1.06, as duly modified, then Owner shall either (1) expand the scope of the Construction Phase services to match those of the Construction Contract, and compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services, or (2) identify a qualified individual or entity (other than Engineer) responsible for the additional responsibilities in the Construction Contract.

b. If Owner, or Owner and Contractor, modify the duties, responsibilities, and authority of Engineer in the Construction Contract, or modify other terms of the Construction Contract having a direct bearing on Engineer, or if Owner requires Engineer's services for construction that extends longer than the anticipated Construction Contract Times, then Owner shall compensate Engineer for any related increases in the cost to provide Construction Phase services, pursuant to the provisions for compensating Additional Services.

c. Engineer shall not be required to furnish or perform services contrary to Engineer's responsibilities as a licensed professional.

2. Resident Project Representative (RPR): Provide the services of an RPR at the Site to assist Engineer and to provide more extensive observation of Contractor's Work. Duties, responsibilities, and authority of the RPR are as set forth in Exhibit D. The furnishing of such RPR's services will not limit, extend, or modify Engineer's responsibilities or authority except as expressly set forth in Exhibit D.

3. Independent Testing Laboratory: An independent testing laboratory to perform required testing services shall be included in the construction contract.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Pre-Construction Conference: Participate in a pre-construction conference prior to commencement of Work at the Site; prepare and distribute agenda for the conference and prepare and distribute minutes of such conference.

5. Electronic Transmittal Protocols: If the Construction Contract does not establish protocols for transmittal of Electronic Documents by Electronic Means, then Owner, Engineer, and Contractor shall jointly develop such protocols.

6. Original Documents: If requested by Owner to do so, maintain and safeguard during the Construction Phase at least one original printed record version of the Construction Contract Documents, including Drawings and Specifications signed and sealed by Engineer and other design professionals in accordance with applicable Laws and Regulations. Throughout the Construction Phase, make such original printed record version of the Construction Contract Documents available to Contractor and Owner for review.

7. Schedules: Receive, review, and, and, subject to the criteria of the Construction Contract, determine the acceptability of any and all schedules that Contractor is required to submit to Engineer, including the progress schedule, schedule of submittals, and schedule of values. Advise Contractor in writing of Engineer's comments or acceptance of schedules.

8. Baselines and Benchmarks: As appropriate, establish baselines and benchmarks for locating the Work which in Engineer's judgment are necessary to enable Contractor to proceed.

9. Visits to Site and Observation of Construction: In connection with observations of Contractor's Work while it is in progress:

    a. Make visits to the Site at intervals appropriate to the various stages of the Work, as Engineer deems necessary, to observe as an experienced and qualified design professional, the progress of Contractor's executed Work. Such visits and observations by Engineer, including its RPR, if any, are not intended to be exhaustive or to extend to every aspect of the Work or to involve detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Construction Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment, as assisted by its RPR, if any. Based on information obtained during such visits and observations, Engineer will determine in general if the Work is proceeding in accordance with the Construction Contract Documents, and Engineer shall keep Owner informed of the progress of the Work. Engineer will make a report of Engineer's visit, summarizing Engineer's general observations and any significant findings.

    b. The purpose of Engineer's visits to the Site, and representation by the Resident Project Representative, if any, at the Site, will be to enable Engineer to better carry out the duties and responsibilities assigned to by this Agreement and undertaken by Engineer during the Construction Phase, and, in addition, by the exercise of Engineer's efforts as an experienced and qualified design professional, to provide for Owner a greater degree of confidence that the completed Work will conform in

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

general to the Construction Contract Documents and that Contractor has implemented and maintained the integrity of the design concept of the completed Project as a functioning whole as indicated in the Construction Contract Documents. Engineer will not, during such visits or as a result of such observations of the Work, supervise, direct, or have control over the Work, nor will Engineer have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to any Constructor's work in progress, for the coordination of the Constructors' work or schedules, nor for any failure of any Constructor to comply with Laws and Regulations applicable to furnishing and performing of its work. Accordingly, Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish or perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents.

10. Defective Work: If, on the basis of Engineer's/Owner's observations or as indicated in documentation available to Engineer, Engineer believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, Engineer will promptly issue written notice to Contractor (with copy to Owner) of such defective Work. Such notice will communicate the scope, extent (to Engineer's understanding) of defect, and associated provisions of the Construction Contract Documents.

    a. Provide recommendations to Owner regarding whether Contractor should correct such Work or remove and replace such Work, or whether Owner should consider accepting the defective Work in accordance with the provisions of the Construction Contract Documents. Engineer shall give notice to Contractor regarding whether the defective Work should be repaired, replaced, or will be accepted by Owner.

    b. However, Engineer's authority to provide this information to Owner or Engineer's decision to exercise or not exercise such authority will not give rise to a duty or responsibility of the Engineer to Contractors, Subcontractors, material and equipment suppliers, their agents or employees, or any other person(s) or entities performing any of the Work, including but not limited to any duty or responsibility for Contractors' or Subcontractors' safety precautions and programs incident to the Work.

11. Compatibility with Design Concept: If Engineer/Owner has express knowledge that a specific part of the Work that is not defective under the terms and standards set forth in the Construction Contract Documents is nonetheless not compatible with the design concept of the completed Project as a functioning whole, then inform Owner of such incompatibility, and provide recommendations for addressing such Work.

12. Clarifications and Interpretations: Accept from Contractor and Owner submittal of all matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. With reasonable promptness, render a written clarification, interpretation, or decision

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

on the issue submitted, or initiate an amendment or supplement to the Construction Contract Documents.

13. Non-reviewable Matters: If a submitted matter in question concerns the Engineer's performance of its duties and obligations, or terms and conditions of the Construction Contract Documents that do not involve (a) the performance or acceptability of the Work under the Construction Contract Documents, (b) the design (as set forth in the Drawings, Specifications, or otherwise), or (c) other engineering or technical matters, then Engineer will promptly give written notice to Owner and Contractor that Engineer will not provide a decision or interpretation.

14. Field Orders: Subject to any limitations in the Construction Contract Documents, Engineer may prepare and issue Field Orders requiring minor changes in the Work.

15. Change Orders and Work Change Directives: Recommend Change Orders and Work Change Directives to Owner, as appropriate, and prepare Change Orders and Work Change Directives as required.

16. Change Proposals and Claims

    a. Review and respond to Change Proposals. Review each duly submitted Change Proposal from Contractor and, within 30 days after receipt of the Contractor's supporting data, either deny the Change Proposal in whole, approve it in whole, or deny it in part and approve it in part. Such actions must be in writing, with a copy provided to Owner and Contractor. If the Change Proposal does not involve the design (as set forth in the Drawings, Specifications, or otherwise), the acceptability of the Work, or other engineering or technical matters, then Engineer will notify the parties that the Engineer will not resolve the Change Proposal.

    b. Provide information or data to Owner regarding engineering or technical matters pertaining to Claims.

17. Differing Site Conditions: Respond to any notice from Contractor of differing site conditions, including conditions relating to Underground Facilities such as utilities, and hazardous environmental conditions. Promptly conduct reviews and prepare findings, conclusions, and recommendations for Owner's use subject to limitations of Engineer's obligations under this Agreement.

18. Contractor's Submittals: Review and approve or take other appropriate action with respect to required Contractor Submittals, but only to determine if the items covered by the Submittals will, after installation or incorporation in the Work, comply with the requirements of the Construction Contract Documents, and for compatibility with the design concept of the completed Project as a functioning whole as indicated by the Construction Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any Contractor's Submittal schedule that Engineer has accepted.

19. Substitutes and "Or-equals": Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by Contractor, but subject to the provisions of Exhibit A Paragraph 2.01.A.2.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

20. Inspections and Tests

    a. Receive and review all certificates of inspections, tests, and approvals required by Laws and Regulations or the Construction Contract Documents. Engineer's review of such certificates will be for the purpose of determining whether the results certified indicate compliance with the Construction Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Construction Contract Documents. Engineer shall be entitled to rely on the results of such inspections and tests.

    b. As deemed reasonably necessary, request that Contractor uncover Work that is to be inspected, tested, or approved.

    c. Pursuant to the terms of the Construction Contract, require additional inspections or testing of the Work, whether or not the Work is fabricated, installed, or completed.

21. Contractor's Applications for Payment: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation:

    a. Determine the amounts that Engineer recommends Contractor be paid. Recommend reductions in payment (set offs) based on the provisions for set offs stated in the Construction Contract. Such recommendations of payment will be in writing and will constitute Engineer's representation to Owner, based on such observations and review, that, within the limits of Engineer's knowledge, information and belief, Contractor's Work has progressed to the point indicated, the Work is generally in accordance with the Construction Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Construction Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to Contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe the Work. In the case of unit price Work, Engineer's recommendations of payment will include final determinations of quantities and classifications of the Work (subject to any subsequent adjustments allowed by the Construction Contract Documents).

    b. By recommending payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of Contractor's Work as it is performed and furnished have been exhaustive, extended to every aspect of Contractor's Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to Engineer in this Agreement. Neither Engineer's review of Contractor's Work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control the Work, or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or Contractor's compliance with Laws and Regulations applicable

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

to Contractor's furnishing and performing the Work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes Contractor has used the money paid to Contractor by Owner; to determine that title to any portion of the Work, including materials or equipment, has passed to Owner free and clear of any liens, claims, security interests, or encumbrances; or that there may not be other matters at issue between Owner and Contractor that might affect the amount that should be paid.

22. Contractor's Completion Documents: Receive from Contractor, review, and transmit to Owner maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Construction Contract Documents, certificates of inspection, tests and approvals, and Shop Drawings, Samples, and other data approved as provided under Exhibit A Paragraph 1.06.B.20. Receive from Contractor, review, and transmit to Owner the annotated record documents which are to be assembled by Contractor in accordance with the Construction Contract Documents to obtain final payment. The extent of Engineer's review of record documents will be to check that Contractor has submitted a complete set of those documents that Contractor is required to submit.

23. Substantial Completion: Promptly after notice from Contractor that Contractor considers the entire Work ready for its intended use, visit the Site in company with Owner and Contractor to review the Work and determine the status of completion. Follow the procedures in the Construction Contract regarding the preliminary certificate of Substantial Completion, punch list of items to be completed, Owner's objections, notice to Contractor, and issuance of a final certificate of Substantial Completion. Assist Owner regarding any remaining engineering or technical matters affecting Owner's use or occupancy of the Work following Substantial Completion.

24. Other Tasks: Perform or provide the following other Construction Phase tasks or deliverables:

    a. Engineer shall perform MCWI/ARPA grant management and project closeout.

25. Completion and Acceptability of the Work: After notice from Contractor that the Work is complete:

    a. visit the Site with Owner and Contractor to determine if the Work is in fact complete and acceptable;

    b. notify Contractor of any part of the Work that is found during the visit to be incomplete or defective, and subsequently confirm that Contractor has corrected any such deficiencies;

    c. follow the procedures in the Construction Contract regarding review and response to Contractor's application for final payment and accompanying documentation; and

    d. if Engineer is satisfied that the Work is complete and acceptable, provide a notice to Owner and Contractor using EJCDC® C-626, Notice of Acceptability of Work (attached as Exhibit E), stating that the Work is acceptable (subject to the provisions of the Notice and this Exhibit A) within the limits of Engineer's

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

knowledge, information, and belief, and based on the extent of the services provided by Engineer under this Agreement.

26. Standards for Certain Construction-Phase Decisions: Engineer will render decisions regarding the requirements of the Construction Contract Documents, and judge the acceptability of the Work, pursuant to the specific procedures set forth in the Construction Contract for initial interpretations, Change Proposals, and acceptance of the Work. In rendering such decisions and judgments, Engineer will not show partiality to Owner or Contractor, and will not be liable to Owner, Contractor, or others in connection with any proceedings, interpretations, decisions, or judgments conducted or rendered in good faith.

B. Duration of Construction Phase: The Construction Phase will commence with the execution of the first Construction Contract for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to Contractor. If the Project involves more than one prime contract as indicated in Exhibit A Paragraph 1.04.A.1, then Construction Phase services may be rendered at different times in respect to the separate contracts. Subject to the provisions of Article 3, Engineer shall be entitled to an equitable increase in compensation if Construction Phase services (including Resident Project Representative services, if any) are required after the original date for completion and readiness for final payment of Contractor as set forth in the Construction Contract.

1.06 Post-Construction Phase

A. Upon written authorization from Owner during the Post-Construction Phase, Engineer shall:

1. Together with Owner, visit the Project to observe any apparent defects in the Work, make recommendations as to replacement or correction of defective Work, if any, or the need to repair of any damage to the Site or adjacent areas, and assist Owner in consultations and discussions with Contractor concerning correction of any such defective Work and any needed repairs.

2. Together with Owner, visit the Project within one month before the end of the Construction Contract's correction period to ascertain whether any portion of the Work or the repair of any damage to the Site or adjacent areas is defective and therefore subject to correction by Contractor.

3. Perform or provide the following other Post-Construction Phase tasks or deliverables:

a. Survey grade as-builts in .pdf and .dwg format

B. The Post-Construction Phase services may commence during the Construction Phase and, if not otherwise modified in this Exhibit A, will terminate 12 months after the commencement of the Construction Contract's correction period.

ARTICLE 2—ADDITIONAL SERVICES

2.01 Additional Services Not Requiring Owner's Written Authorization

A. Engineer shall advise Owner that Engineer is commencing to perform or furnish the Additional Services of the types listed below. For such Additional Services, Engineer need not request or obtain specific advance written authorization from Owner. Engineer shall cease

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

performing or furnishing such Additional Services upon receipt of written notice to cease from Owner. These services are not included as part of Basic Services and will be paid for by Owner through a supplemental agreement.

1. Substantive design and other technical services in connection with Work Change Directives, Change Proposals, and Change Orders to reflect changes requested by Owner.

2. Services essential to the orderly progress of the Bidding/Proposal and Construction Phases and not wholly quantifiable prior to those Phases or otherwise dependent on the actions of prospective individual bidders or contractors and including:

    a. making revisions to Drawings and Specifications occasioned by the acceptance of substitute materials or equipment other than “or equal” items;

    b. services after the award of the Construction Contract in evaluating and determining the acceptability of a proposed "or equal" or substitution which is found to be inappropriate for the Project;

    c. evaluation and determination of an excessive number of proposed "or equals" or substitutions, whether proposed before or after award of the Construction Contract; and

    d. providing to the Contractor or Owner additional or new information not previously prepared or developed by the Engineer for their use in applying for or obtaining required permits and licenses, in responding to agency comments on such applications, or in the administration of any such permits or licenses.

3. Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.

4. Additional or extended services arising from (a) the presence at the Site of any Constituent of Concern or items of historical or cultural significance, (b) emergencies or acts of God endangering the Work, (c) damage to the Work by fire or other causes during construction, (d) a significant amount of defective, neglected, or delayed Work, (e) acceleration of the progress schedule involving services beyond normal working hours, or (f) default by Contractor.

5. Services (other than Basic Services during the Post-Construction Phase) in connection with any partial utilization of the Work by Owner prior to Substantial Completion.

6. Evaluating unreasonable or frivolous requests for interpretation or information (RFIs), Change Proposals, or other demands from Contractor or others in connection with the Work, or an excessive number of RFIs, Change Proposals, or demands.

7. Reviewing a Shop Drawing or other Contractor submittal more than three times, as a result of repeated inadequate submissions by Contractor.

8. While at the Site, compliance by Engineer and its staff with those terms of Owner's or Contractor's safety program provided to Engineer subsequent to the Effective Date that exceed those normally required of engineering personnel by federal, State, or local safety authorities for similar construction sites.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2.02 Additional Services Requiring Owner's Written Authorization

A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner through a supplemental agreement.

1. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals of authorities having jurisdiction over the anticipated environmental impact of the Project.

2. Services to make measured drawings of existing conditions or facilities, to conduct tests or investigations of existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by Owner or others.

3. Services resulting from significant changes in the scope, extent, or character of the portions of the Project designed or specified by Engineer, or the Project's design requirements, including, but not limited to, changes in size, complexity, Owner's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Construction Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond Engineer's control.

4. Services resulting from Owner's request to evaluate additional Study and Report Phase alternative solutions beyond those agreed to in Exhibit A Paragraph 1.02.A.1.

5. Services required as a result of Owner's providing incomplete or incorrect Project information to Engineer.

6. Providing renderings or models for Owner's use, including development, management, and other services in support of building information modeling or civil integrated management.

7. Undertaking investigations and studies including, but not limited to:

a. All-hazards risk assessments and other studies to evaluate the feasibility of enhancing the resiliency of the design;

b. detailed consideration of operations, maintenance, and overhead expenses;

c. the preparation of feasibility studies (such as those that include projections of output capacity, utility project rates, project market demand, or project revenues) and cash flow analyses, provided that such services are based on the engineering and technical aspects of the Project, and do not include rendering advice regarding municipal financial products or the issuance of municipal securities;

d. preparation of appraisals;

e. with respect to proprietary systems or processes requiring licensing, providing services necessary to assist Owner in obtaining such licensing.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

f. detailed quantity surveys of materials, equipment, and labor; and

g. audits or inventories required in connection with construction performed or furnished by Owner.

8. Furnishing services of Subconsultants or Engineer's Subcontractors for other than Basic Services.

9. Providing data or services of the types described in Article 2, when Owner retains Engineer to provide such data or services instead of Owner furnishing the same.

10. Providing the following services:

    a. Services attributable to more prime construction contracts than specified in Exhibit A.

    b. Services to arrange for performance of construction services for Owner by contractors other than the principal prime Contractor, and administering Owner's contract for such services.

11. Services during out-of-town travel required of Engineer, other than for visits to the Site or Owner's office as required in Basic Services (Article 1 of Exhibit A).

12. Preparing for, coordinating with, participating in and responding to structured independent review processes, including, but not limited to, construction management, cost estimating, project peer review, value engineering, and constructability review requested by Owner; and performing or furnishing services required to revise studies, reports, Drawings, Specifications, or other documents as a result of such review processes.

13. Preparing additional bidding-related documents (or requests for proposals or other construction procurement documents); preparing pre-qualification procedures and documents, and participating in pre-qualifying prospective Bidders; and preparing Construction Contract Documents for alternate bids.

14. Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services.

15. Preparing conformed Construction Contract Documents that incorporate and integrate the content of all addenda and any amendments negotiated by Owner and Contractor.

16. Services to assist Owner in developing or modifying protocols for transmittal of Electronic Documents by Electronic Means after the effective date of this Agreement, either by revising or adapting Exhibit F to the Project or implementing other Electronic Documents protocols among Project participants.

17. Providing Construction Phase services beyond the original date for completion and readiness for final payment of Contractor, but only if such services increase the total quantity of services to be performed in the Construction Phase, rather than merely shifting performance of such services to a later date.

18. Supplementing Record Drawings with information regarding the completed Project, Site, and immediately adjacent areas obtained from field observations, Owner, utility companies, and other reliable sources.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

19. Conducting surveys, investigations, and field measurements to verify the accuracy of Record Drawing content obtained from Contractor, Owner, utility companies, and other sources; revise and supplement Record Drawings as needed.
20. Preparation of operation, maintenance, and staffing manuals.
21. Protracted or extensive assistance in refining and adjusting of Project equipment and systems (such as initial startup, testing, and balancing).
22. Assistance to Owner in training Owner's staff to operate and maintain Project equipment and systems.
23. Assistance to Owner in developing systems and procedures for (a) control of the operation and maintenance of Project equipment and systems, and (b) related recordkeeping.
24. Preparing to serve or serving as a consultant or witness for, or producing documents for or on behalf of, Owner in any litigation, arbitration, mediation, lien or bond claim, or other legal or administrative proceeding involving the Project (but not including disputes between Owner and Engineer).
25. Other additional services performed or furnished by Engineer not otherwise provided for in this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT B—DELIVERABLES SCHEDULE

Paragraphs 2.04.E, 3.02.A, and Exhibit A of the Agreement are supplemented by the following paragraph and table.

Engineer shall furnish Documents to Owner as required in Column 2 of the following table (and as further described in Exhibit A), according to the schedule in Column 4. Owner shall comment or take other identified actions with respect to the Documents as indicated in Column 2 (and as further described in Exhibit A), according to the schedule in Column 4.

Party	Action	Exhibit A Reference	Schedule
Engineer	Submit **1** review copies of the Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.02	Within **60** days of Owner's authorization to proceed with Preliminary Design Phase services.
Owner	Submit comments regarding Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Engineer.	1.02	Within **14** days of the receipt from Engineer of Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **1** copies of the revised Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables to Owner.	1.02	Within **21** days of the receipt of Owner's comments regarding the Preliminary Design documents, opinion of probable Construction Cost, and other Preliminary Design Phase deliverables.
Engineer	Submit **1** copies of the Final Design Phase draft of Drawings and Specifications to Owner.	1.03	Within **60** days of Owner's authorization to proceed with Final Design Phase services.
Owner	Submit comments and instructions regarding the first Final Design Phase draft of Drawings and Specifications to Engineer.	1.03	Within **14** days of the receipt of the first final Design Phase drafts of Drawings and Specifications from Engineer.
Engineer	Submit to Owner: **1** copies of the revised final, completed, pricing-ready and construction-ready Drawings and Specifications; and **1** of copies of assembled Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables.	1.03	Within **21** days of receipt of Owner's final comments and instructions regarding the regarding the final, completed, pricing-ready and construction-ready Drawings and Specifications, the Bidding/Proposal and Front-End Construction Contract Documents, and any other Final Design Phase deliverables.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

EXHIBIT C - OWNER'S RESPONSIBILITIES

Article 2 of the Agreement is supplemented to include the following agreement of the parties.

2.06 In addition to other responsibilities of Owner as set forth in this Agreement, Owner shall at its expense:

A. Provide Engineer with all criteria and full information as to Owner's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility, and expandability, and any budgetary limitations.

B. Give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Furnish copies (or give specific directions requesting Engineer to use copies already in Engineer's possession) of all design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents and content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and draft Construction Contract Documents, when applicable. Owner shall have responsibility for the final content of (1) such bidding-related documents (or requests for proposals or other construction procurement documents), and (2) those portions of any Construction Contract other than the design (as set forth in the Drawings, Specifications, or otherwise), and other engineering or technical matters; and Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. Furnish to Engineer any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

D. Arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under the Agreement.

E. Advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructibility review.

F. If Owner designates a construction manager or an individual or entity other than, or in addition to, Engineer to represent Owner at the Site, define and set forth as an attachment to this Exhibit B the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

G. If more than one prime contract is to be awarded for the Work designed or specified by Engineer, then designate a person or entity to have authority and responsibility for

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

coordinating the activities among the various prime Contractors, and define and set forth the duties, responsibilities, and limitations of authority of such individual or entity and the relation thereof to the duties, responsibilities, and authority of Engineer as an attachment to this Exhibit B that is to be mutually agreed upon and made a part of this Agreement before such services begin.

H. Inform Engineer in writing of any specific requirements of safety or security programs that are applicable to Engineer, as a visitor to the Site.

I. Examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

J. Inform Engineer regarding any need for assistance in evaluating the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

K. Advise Engineer as to whether Engineer's assistance is requested in identifying opportunities for enhancing the sustainability of the Project.

L. Place and pay for advertisement for Bids in appropriate publications.

M. Furnish to Engineer data as to Owner's anticipated costs for services to be provided by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) for Owner so that Engineer may assist Owner in collating the various cost categories which comprise Total Project Costs.

N. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.

O. Authorize Engineer to provide Additional Services as set forth in Part 2 of Exhibit A of the Agreement, as required.

P. Perform or provide the following: None.

EXHIBIT D—DUTIES, RESPONSIBILITIES, AND LIMITATIONS OF AUTHORITY OF RESIDENT PROJECT REPRESENTATIVE

ARTICLE 1—RESIDENT PROJECT REPRESENTATIVE SERVICES

Article 1 of the Agreement, Services of Engineer, and Exhibit A, Engineer's Services, are supplemented to include Exhibit D Paragraphs 1.01, 1.02, and 1.03, as follows:

1.01 Resident Project Representative

A. Engineer shall furnish a Resident Project Representative ("RPR") to observe progress and quality of the Work. The RPR may provide full time representation or may provide representation to a lesser degree. RPR is Engineer's representative at the Site, will act as directed by and under the supervision of Engineer, and will confer with Engineer regarding RPR's actions.

B. Subject to the scope of RPR's observations of the Work, which may include field checks of materials and installed equipment, Engineer shall endeavor to identify defects and deficiencies in the Work. However, Engineer shall not, as a result of such RPR observations of the Work, supervise, direct, inspect, or have control over the Work, nor shall Engineer (including the RPR) have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, for security or safety at the Site, for safety precautions and programs incident to the Work or any Constructor's work in progress, for the coordination of the Constructors' work or schedules, or for any failure of any Constructor to comply with Laws and Regulations applicable to the performing and furnishing of its work. The Engineer (including RPR) neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work, or any portion of the Work, in accordance with the Construction Contract Documents. In addition, the specific terms set forth in Exhibit A Paragraph 1.05 are applicable.

1.02 Duties and Responsibilities of RPR

A. The duties and responsibilities of the RPR are as follows:

1. General: RPR's dealings in matters pertaining to the Work in general will be with Contractor. RPR's dealings with Subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with Owner only with the knowledge of and under the direction of Engineer.

2. Schedules: Review the progress schedule, schedule of Shop Drawing and Sample submittals, schedule of values, and other schedules prepared by Contractor and consult with Engineer concerning acceptability of such schedules.

3. Conferences and Meetings: Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences, and other Project-related meetings (but not including Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Safety Compliance: Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

5. Liaison

    a. Serve as Engineer's liaison with Contractor. Working principally through Contractor's authorized representative or designee, assist in providing information regarding the provisions and intent of the Construction Contract Documents.

    b. Assist Engineer in serving as Owner's liaison with Contractor when Contractor's operations affect Owner's on-Site operations.

    c. Assist in obtaining from Owner additional details or information, when required for proper execution of the Work.

6. Clarifications and Interpretations: Receive from Contractor submittal of any matters in question concerning the requirements of the Construction Contract Documents (sometimes referred to as requests for information or interpretation—RFIs), or relating to the acceptability of the Work under the Construction Contract Documents. Report to Engineer regarding such RFIs. Report to Engineer when clarifications and interpretations of the Construction Contract Documents are needed, whether as the result of a Contractor RFI or otherwise. Transmit Engineer's clarifications, interpretations, and decisions to Contractor.

7. Shop Drawings, Samples, and other Submittals

    a. Receive Samples that are furnished at the Site by Contractor.

    b. Receive Contractor-approved Shop Drawings.

    c. Receive other Submittals from Contractor.

    d. Record date of receipt of Samples, Contractor-approved Shop Drawings, and other Submittals.

    e. Notify Engineer of availability of Samples for examination, and forward Contractor-approved Shop Drawings and other Submittals to Engineer. When appropriate recommend distribution of Submittal to specified Subconsultants.

    f. Advise Engineer and Contractor of the commencement of any portion of the Work requiring a Shop Drawing or Sample submittal, if RPR believes that the submittal has not been received from Contractor, or has not been approved by Contractor or Engineer.

8. Proposed Modifications: Consider and evaluate Contractor's suggestions for modifications to the Drawings or Specifications, and report such suggestions, together with RPR's recommendations, if any, to Engineer. Transmit Engineer's response (if any) to such suggestions to Contractor.

9. Review of Work; Defective Work

    a. Report to Engineer whenever RPR believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, and provide recommendations as to whether such Work should be corrected,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

removed and replaced, or accepted as provided in the Construction Contract Documents.

b. Inform Engineer of any Work that RPR believes is not defective under the terms and standards set forth in the Construction Contract Documents, but is nonetheless not compatible with the design concept of the completed Project as a functioning whole, and provide recommendations to Engineer for addressing such Work.

c. Advise Engineer of that part of the Work that RPR believes should be uncovered for observation, or requires special testing, inspection, or approval.

10. Inspections, Tests, and System Start-ups

a. Consult with Engineer in advance of scheduled inspections, tests, and systems start-ups.

b. Verify that tests, equipment, and systems start-ups and operating and maintenance training are conducted in the presence of appropriate Owner's personnel, and that Contractor maintains adequate records thereof.

c. Observe, record, and report to Engineer appropriate details relative to the test procedures and systems start-ups.

d. Observe whether Contractor has arranged for inspections required by Laws and Regulations, including but not limited to those to be performed by public or other agencies having jurisdiction over the Work.

e. Accompany visiting inspectors representing public or other agencies having jurisdiction over the Work, record the results of these inspections, and report to Engineer.

f. Nothing in this Agreement will be construed to require RPR to conduct inspections.

11. Records

a. Maintain at the Site orderly files for correspondence, reports of job conferences, copies of Construction Contract Documents including all Change Proposals, Change Orders, Field Orders, Work Change Directives, Addenda, additional Drawings issued subsequent to the execution of the Construction Contract, RFIs, Engineer's clarifications and interpretations of the Construction Contract Documents, progress reports, approved Shop Drawing and Sample submittals, and other Project-related documents.

b. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the Site, Subcontractors present at the Site, weather conditions, data relative to questions of Change Proposals, Change Orders, Field Orders, Work Change Directives, or changed conditions, Site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to Engineer.

c. Upon request from Owner to Engineer, photograph or video Work in progress or Site conditions.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

d. Record and maintain accurate, up-to-date lists of the company names and points of contact for Contractors, Subcontractors, and major Suppliers of materials and equipment.

e. Maintain records for use in preparing Project documentation.

f. Upon completion of the Work, furnish original set of all RPR Project documentation to Engineer.

12. Reports

a. Furnish periodic reports as required of progress of the Work and of Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.

b. Draft responses to or make recommends on Change Proposals, Change Orders, Work Change Directives, and Field Orders. Obtain backup material from Contractor.

c. Furnish to Engineer and Owner copies of all inspection, test, and system start-up reports.

d. Immediately inform appropriate parties of the occurrence of any Site accidents, emergencies, natural catastrophes endangering the Work, possible force majeure or delay events, damage to property by fire or other causes, or the discovery of any potential differing site condition or Constituent of Concern.

13. Payment Requests: Review applications for payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to Engineer, noting particularly the relationship of the payment requested to the schedule of values, Work completed, and materials and equipment delivered at the Site but not incorporated in the Work.

14. Certificates, Operation and Maintenance Manuals: During the course of the Work, verify that materials and equipment certificates, operation and maintenance manuals and other data required by the Contract Documents to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have these documents delivered to Engineer for review and forwarding to Owner prior to payment for that part of the Work.

15. Completion

a. Participate in Engineer's visits to the Site regarding Substantial Completion, assist in the determination of Substantial Completion, and prior to the issuance of a Certificate of Substantial Completion submit a punch list of observed items requiring completion or correction.

b. Participate in Engineer's visit to the Site in the company of Owner and Contractor, to determine completion of the Work, and prepare a final punch list of items to be completed or corrected by Contractor.

c. Observe whether all items on the final punch list have been completed or corrected, and make recommendations to Engineer concerning acceptance and issuance of the Notice of Acceptability of the Work (Exhibit E).

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

1.03 Limitations of Authority

A. Resident Project Representative shall not:

1. Authorize any deviation from the Construction Contract Documents or substitution of materials or equipment (including "or-equal" items).

2. Exceed limitations of Engineer's authority as set forth in this Agreement.

3. Undertake any of the responsibilities of Contractor, Subcontractors, or Suppliers, or any Constructor.

4. Advise on, issue directions relative to, or assume control over any aspect of the means, methods, techniques, sequences or procedures of the Work, by Contractor or any other Constructor.

5. Advise on, issue directions regarding, or assume control over security or safety practices, precautions, and programs in connection with the activities or operations of Owner or Contractor.

6. Participate in specialized field or laboratory tests or inspections conducted off-site by others except as specifically authorized by Engineer.

7. Accept Shop Drawing or Sample submittals from anyone other than Contractor.

8. Authorize Owner to occupy the Project in whole or in part.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

NOTICE OF ACCEPTABILITY OF WORK

PROJECT:

OWNER:

CONTRACTOR:

OWNER'S CONSTRUCTION CONTRACT IDENTIFICATION:

EFFECTIVE DATE OF THE CONSTRUCTION CONTRACT:

ENGINEER:

NOTICE DATE:

To: _____
Owner

And To: _____
Contractor

From: _____
Engineer

The Engineer hereby gives notice to the above Owner and Contractor that Engineer has recommended final payment of Contractor, and that the Work furnished and performed by Contractor under the above Construction Contract is acceptable, expressly subject to the provisions of the related Contract Documents, the Agreement between Owner and Engineer for Professional Services dated _____, and the following terms and conditions of this Notice:

CONDITIONS OF NOTICE OF ACCEPTABILITY OF WORK

The Notice of Acceptability of Work ("Notice") is expressly made subject to the following terms and conditions to which all those who receive said Notice and rely thereon agree:

1. This Notice is given with the skill and care ordinarily used by members of the engineering profession practicing under similar conditions at the same time and in the same locality.

EXHIBIT G—INSURANCE

ARTICLE 1—INSURANCE

Paragraph 6.04 of the Agreement, Insurance, is supplemented to include the following Exhibit G Paragraphs 1.01 and 1.02:

1.01 Insurance Policies and Limits

A. In accordance with Paragraph 6.04.A of the Agreement, the insurance that Engineer must procure and maintain, and the policy limits of such insurance, are as follows:

Coverage	Policy limits of not less than:
Workers' Compensation	
State	Statutory
Employer's Liability	
Each accident	$100,000
Each employee	$100,000
Policy limit	$500,000
Commercial General Liability	
General Aggregate	$2,000,000
Personal and Advertising Injury	$1,000,000
Bodily Injury and Property Damage—Each Occurrence	$1,000,000
Automobile Liability	
Bodily Injury	
Each Person	$1,000,000
Each Accident	$1,000,000
Property Damage	
Each Accident	$1,000,000
Or	
Combined Single Limit	
Combined Single Limit (Bodily Injury and Property Damage)	$1,000,000
Excess or Umbrella Liability	
Each Occurrence	$2,000,000
General Aggregate	$2,000,000
Professional Liability	
Each Claim	$1,000,000
Annual Aggregate	$1,000,000
Unmanned Aerial Vehicle Liability Insurance	
Each Claim	$
General Aggregate	$
Other Insurance [Specify]	
Each Claim	$NA
General Aggregate	$NA

EXHIBIT H— SUBAWARD TERMS AND CONDITIONS FOR CONTRACTED PARTIES

1. AUTHORITY TO PARTICIPATE IN THIS AGREEMENT

The Contracted Party certifies that (a) it is either a 1) state agency, 2) a validly organized business that is authorized to do business in the state of Mississippi, 3) a nongovernmental organization, or 4) a political subdivision of the state of Mississippi with valid authority to enter into this agreement and; (b) entry into and performance under this agreement is not restricted or prohibited by any loan, security, financing, contractual, or other agreement of any kind; and (c) notwithstanding any other provision of this Agreement to the contrary, that there are no existing legal proceedings, either voluntary or otherwise, which may adversely affect its ability to perform its obligations under this agreement.

2. DEBARMENT AND SUSPENSION

Contractor/Contracted Parties certifies to the best of its knowledge and belief, that it:

A. is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transaction by any federal department or agency or any political subdivision or agency of the State of Mississippi;

B. has not, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against it for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction;

C. has not, within a three (3) year period preceding this Agreement, been convicted of or had a civil judgment rendered against it for a violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

D. is not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of these offenses enumerated in Article 2.B. and Article 2.C., above; and,

E. has not, within a three (3) year period preceding this Agreement, had one or more public transactions (federal, state, or local) terminated for cause or default.

This agreement is subject to 31 C.F.R. Part 19.

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. INDEMNIFICATION

To the extent allowed by state law, Contracted Party agrees to indemnify and save, release and hold harmless the State of Mississippi, the Commission on Environmental Quality, MDEQ, all of their employees and officers, and the Department's contractors from and against any and all claim, demand, cause of action, liability, loss, damage, injury, suit, judgment, debt and cost, including attorney's fees or expenses on the part of any Contracted Party, their agents or employees or any other parties arising out of or incident to, any and all Work under the terms of this Agreement.

4. RELATIONSHIP STATUS

The Contracted Party acknowledges and agrees that MDEQ is not a party, in any manner whatsoever, to any contract between the SUBRECIPIENT and the construction contractor(s), engineer(s), attorney(s), equipment supplier(s), contractor(s), or between any other parties of any kind whatsoever (hereinafter collectively referred to as "vendor"). The SUBRECIPIENT and Contracted Party also acknowledge and agree that any benefit to vendors contracting with the SUBRECIPIENT or Contracted Parties arising from or associated with this Agreement is strictly incidental and all such vendors are not and are not intended to be considered as third-party beneficiaries under any agreement between MDEQ and the SUBRECIPIENT.

Upon execution of any contract between the SUBRECIPIENT and any other party in regard to the project, MDEQ does not assume any authorities, duties, responsibilities, or liabilities under such contract. The SUBRECIPIENT and Contracted Party shall not have any authority to bind or otherwise obligate MDEQ, directly or indirectly, under any contract or agreement between the SUBRECIPIENT and any other party. The SUBRECIPIENT, Contracted Party and its vendors acknowledge and agree that any action taken by MDEQ in its role of grantor, or in its separate and distinct role as regulator shall not in any way change or alter its position as that of grantor.

MDEQ does not have any authority, duty, responsibility, or liability in contract claims or dispute identification, negotiation, resolution, or any other actions regarding contract claims under the contract(s) between the SUBRECIPIENT and any other party. The SUBRECIPIENT and the Contracted Party acknowledge and agree that MDEQ is not obligated to review, comment on, approve, or discuss the merits of any contract claims presented by or to any party. Any MDEQ reviews, approvals, observations, presence at meetings, written communications, verbal communications or other actions are not to be interpreted as addressing the merits of any claims, nor are they to be construed as interpreting the contract between the SUBRECIPIENT and the Contracted Party or any other parties.

5. ACCESS TO RECORDS

Provided Contracted Party is given reasonable advance written notice and such inspection is made during normal business hours of Contracted Party, then the Government Accountability Office, MDEQ, the State or any duly authorized representatives shall have unimpeded, prompt access to any of Contracted Party's books, documents, papers, and other records which are maintained or produced

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

as a result of the Project for the purpose of making audits, investigations, examinations, excerpts, transcriptions, and copies of such documents. This right also includes timely and reasonable access to the Contracted Party's personnel for the purpose of interview and discussion related to such documents. All records related to this Agreement shall be retained by Contracted Party for a minimum of ten (10) years after final payment is made under this Agreement and all pending matters are closed; however, if any audit, litigation or other action arising out of or related in any way to this Project is commenced before the end of the ten (10) year period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the ten (10) year period, whichever is later.

Contracted Party is not required to retain the above-mentioned records for the ten (10) year period prescribed in this Section and the "Right to Audit" provision only if all of the following conditions are satisfied:

A. Contracted Party has provided all of the documents described above and in the "Right to Audit" provision to MDEQ prior to the expiration of the ten (10) year retention period and a certification stating the same is simultaneously provided in writing to MDEQ;

B. No audit, litigation or other action arising out of or related in any way to this Project is commenced before Contracted Party provides the records and corresponding certification to MDEQ, in which case, Contracted Party shall retain the records until all issues arising out of the action are finally resolved; and

C. Contracted Party provides MDEQ a minimum of thirty (30) days written notice before providing the above-mentioned records and corresponding certification.

6. RECORD RETENTION AND RIGHT TO AUDIT

The Contracted Party shall maintain and retain books, documents, papers, financial records and other records, including electronic records, as may be prescribed by the MDEQ or by applicable federal and state laws, rules, and regulations. Contracted Party shall retain these records for a period of ten (10) years after final payment. These records shall be made available during the term of the Agreement and the subsequent ten (10) year period for examination, transcription, and audit by MDEQ, the Mississippi State Auditor's Office, its designees, or other authorized bodies, including the Office of Inspector General. If any litigation, claim, investigation, or audit relating to this Agreement or an activity funded under the Agreement is started before the expiration of the ten (10) year period, the records must be retained until all litigation, claims, investigations, or audit findings involving the records have been resolved and final action taken.

7. RIGHT TO INSPECT WORK; SITE ACCESS

MDEQ and their representatives, invitees, and consultants shall have access and the right to conduct announced and unannounced onsite and offsite physical visits to inspect all Work hereunder. Upon request by MDEQ, Contracted Party shall provide MDEQ and its representatives, invitees, and consultants with the opportunity to participate in site inspections, meetings, and/or teleconferences, as

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

appropriate, related to the performance of the Work.

8. CONFLICT OF INTEREST

The Contracted Party covenants that he presently has no interest and shall not acquire any interest direct or indirect in the Project that is the subject to this Agreement or any parcels therein, where applicable, or any other interest which would conflict in any manner or degree with the performance of his services hereunder. The Contracted Party further covenants that, in the performance of this agreement, no person having any such interest shall be employed.

The Contracted Party agrees to establish safeguards to prohibit employees from using positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have a family, business, or other tie.

9. COOPERATION AND EVALUATION

The Contracted Party agrees to assist and cooperate with the MDEQ or its duly designated representatives in the monitoring of the Project(s) to which the Agreement relates, and to provide in form and manner approved by MDEQ such monitoring reports, progress reports, and the like as may be required and to provide such reports at the times specified.

Further, the Contracted Party agrees to cooperate with MDEQ or its duly designated representatives by providing timely responses to all reasonable requests for information to assist in evaluation of the accomplishments of the Project and the agreement for a period of ten (10) years after the date on which the Final Reports are provided.

EXHIBIT I — APPENDIX II TO PART 200 – CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of $10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141–3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Copyright © 2014 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708). Where applicable, all contracts awarded by the non-Federal entity in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible

under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) See § 200.323.

(K) See § 200.216.

(L) See § 200.322.

EXHIBIT J—PAYMENTS TO ENGINEER FOR SERVICES AND REIMBURSABLE EXPENSES

COMPENSATION PACKET BC-1: BASIC SERVICES—LUMP SUM

ARTICLE 1—COMPENSATION PACKET BC-1: BASIC SERVICESLUMP SUM

Article 2 of the Agreement is supplemented to include the following Exhibit J Paragraph 1.01:

1.01 Compensation for Basic Services— Lump Sum Method of Payment

A. Owner shall pay Engineer for Basic Services set forth in Exhibit A as follows:

1. A Lump Sum amount of $1,630,000.00 based on the following estimated distribution of compensation:

a.	Study and Report Phase	$0.00
b.	Preliminary Design Phase	$395,000.00
c.	Final Design Phase	$455,000.00
d.	Bidding and Negotiating Phase	$40,000.00
e.	Construction Phase including RPR	$725,000.00
f.	Post-Construction Phase	$15,000.00

2. Engineer may alter the distribution of compensation between individual phases noted herein, but shall not exceed the total Lump Sum amount unless approved in writing by the Owner.

3. The Lump Sum includes compensation for Engineer's services and services of Engineer's Consultants, if any. Appropriate amounts have been incorporated in the Lump Sum to account for labor costs, overhead, profit, expenses, and Consultant charges.

4. Reimbursable Expenses are included in the Lump Sum Fee.

5. The portion of the Lump Sum amount billed for Engineer's services will be based upon Engineer's estimate of the percentage complete of each phase identified above.

6. The Lump Sum includes all grant management and grant compliance throughout the period of service.

Period of Service*:* The compensation amount stipulated in Compensation Packet BC-1 is conditioned on a period of service not exceeding 8 months for Design Phase and Bidding Phase Services and an estimated 12 months for Construction Phase Services.

AMENDMENT TO OWNER-ENGINEER AGREEMENT
Amendment No. _____

The Effective Date of this Amendment is: _____.

Background Data

Effective Date of Owner-Engineer Agreement:

Owner:

Engineer:

Project:

Nature of Amendment: [Check those that are applicable and delete those that are inapplicable.]

____ Additional Services to be performed by Engineer

____ Modifications to services of Engineer

____ Modifications to responsibilities of Owner

____ Modifications of payment to Engineer

____ Modifications to time(s) for rendering services

____ Modifications to other terms and conditions of the Agreement

Description of Modifications:

Here describe the modifications, in as much specificity and detail as needed. Use an attachment if necessary.

Agreement Summary:

Original agreement amount:	$_____
Net change for prior amendments:	$_____
This amendment amount:	$_____
Adjusted Agreement amount:	$_____

Change in time for services (days or date, as applicable): _____

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the _____ day of _____, 2024, the following Resolution:

A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO AND ENGINEERING SERVICES CONTRACT WITH ENGINEERING XCELLENCE WITH KRIS RIEMANN & ASSOCIATES, PLLC, FOR ENGINEERING SERVICES IN CONNECTION WITH THE MIMA PAVING INFRASTRUCTURE PROJECT PROJECT, AND FOR RELATED PURPOSES

WHEREAS, the City of Gulfport desires to undertake the MIMA Paving Infrastructure Project, a project intended to repair or replace outdated, undersized and/or damaged water, sewer and drainage infrastructure across the City; and

WHEREAS, pursuant to authority of this City Council, the City solicited proposals for the MIMA Paving Infrastructure Project and received proposals from seven (7) firms; and

WHEREAS, after referral to and grading by a selection committee, Engineering Xcellence With Kris Riemann & Associates, PLLC was selected as the highest scoring firm (see January 2, 2024, minutes) and recommended for award Jeremy Harrison, City Engineer, as set forth in the supporting documentation; and

WHEREAS, the Council finds that it is in the best interest of the City to award the contract for engineering services related to the MIMA Paving Infrastructure Project to Engineering Xcellence With Kris Riemann & Associates, PLLC and to approve an agreement with Engineering Xcellence With Kris Riemann & Associates, PLLC, subject to final approval of the Legal Department, concerning the same (see Exhibit "A" attached hereto).

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:

SECTION 1. That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

SECTION 2. That the award of the contract for engineering services related to the MIMA Paving Infrastructure Project, be and the same is hereby approved and the proposed Engineering Services Contract between Engineering Xcellence With Kris Riemann & Associates, PLLC and the City be and it is hereby approved in substantially the form found at Exhibit "A" hereto, subject to final approval by the Legal Department, and found to be in the best interest of the City, and the Mayor (or his designee) is, hereby, authorized to execute the same on behalf of the City of Gulfport.

SECTION 3. That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by _____, seconded by _____, and was adopted by the following roll call vote:

AYES **NAYS** **ABSENT**

WHEREUPON, the President declared the motion carried and the Resolution adopted this the _____ day of _____, 2024.

(SEAL)

ATTEST: **ADOPTED:**

_____ _____

CLERK OF THE COUNCIL **PRESIDENT**

The above and foregoing Resolution was submitted to and approved by the Mayor, this the _____ day of _____, 2024.

APPROVED:

Date: January 26, 2024

Re: **Recommendation to Approve Engineering Services Contract**
- Engineering Xcellence, LLC.
- Mississippi Infrastructure Modernization Act - Paving Infrastructure Project (MCWI)

Attached for your consideration is the Engineering Services Contract for the referenced project in the not-to-exceed amount of $423,783.80. The scope of services includes, but is not limited to, survey, geotechnical evaluation, engineering and construction document development, environmental and permitting, bid phase services, construction administration, and resident project representation.

This project includes repairing or replacing outdated, undersized and/or damaged water, sewer, and drainage infrastructure across the City. The total cost of engineering and construction for this project is $3,057,892.50. The project is 100% funded by the Mississippi Municipality and County Water Infrastructure "MCWI" and the American Rescue Plan Act "ARPA".

I recommend approval of this contract.

Re: Engineering Services Agreement between The City of Gulfport and Engineering Xcellence with Kris Riemann & Associates, PLLC for the MIMA Paving Infrastructure Project – MCWI Grant
- **City-Wide Paving Infrastructure**

Dear Mr. Harrison:

Please find enclosed **two (2)** originals of the "Engineering Services Agreement for Professional Services By and Between the City of Gulfport, Mississippi and Engineering Xcellence, PLLC." This agreement provides for engineering necessary to repair or replace outdated, undersized, and/or damaged water, sewer, and drainage infrastructure across the City in order to pave the streets. The scope of the services includes, but is not limited to, surveying, video inspection of pipes, development of construction plans/specifications, preparation of easements/right-of-way maps and deeds for purchases, permitting related services, bidding phase services, construction engineering, and inspection services.

These services will be provided for a NOT TO EXCEED amount of $423,783.80 in accordance with the attached Agreement. Engineering Xcellence's vendor number with the City of Gulfport is 42004.

If this Agreement is acceptable, please present it to the City Council for approval, and then have the Mayor execute and return one (1) original to my office. We appreciate the opportunity to work with the City of Gulfport on this project.

If you need any further information or have any questions, please contact me at (228) 518-2980 or kris@engineeringxcellece.com. As always, it is a pleasure working with you and the City of Gulfport.

Sincerely,

Robert K. Riemann

Robert K. Riemann, P.E.

AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES

This is an Agreement between **City of Gulfport** (Owner) and **[Engineering Xcellence with Kris Riemann & Associates, PLLC** (Engineer). Owner's Project, of which Engineer's services under this Agreement are a part, is generally identified as **MIMA Paving Infrastructure Project** (Project). Other terms used in this Agreement are defined in Article 7. Engineer's services under this Agreement are generally identified as **Repairing or replacing outdated, undersized, and/or damaged water, sewer, and drainage infrastructure across the City in order to pave the streets**.

Owner and Engineer further agree as follows:

ARTICLE 1—SERVICES OF ENGINEER

1.01 Scope

A. Engineer shall provide, or cause to be provided, the services set forth herein and in Exhibit A.

B. All phases of service will include Management of Engineering Services as shown in Exhibit A.

ARTICLE 2—OWNER'S RESPONSIBILITIES

2.01 Project Information

A. To the extent Owner has not already provided the following, or has new, additional, or revised information from that previously provided, Owner shall provide Engineer with information and data needed by Engineer in the performance of Basic and Additional Services, including Owner's:

1. design objectives and constraints;
2. space, capacity, and performance requirements;
3. flexibility and expandability needs;
4. design and construction standards;
5. budgetary limitations; and
6. any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.

B. Following Engineer's assessment of initially-available Project information and data and upon Engineer's request, Owner shall obtain, furnish, or otherwise make available (if necessary through retention of specialists or consultants) such additional Project-related information and data as is reasonably required to enable Engineer to complete its Basic and Additional Services; or, with consent of Engineer, Owner may authorize the Engineer to obtain or provide all or part of such additional information as Additional Services. Such additional information or data may include the following:

1. Property descriptions.
2. Zoning, deed, and other land use restrictions.
3. Surveys, topographic mapping, and utility documentation.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

4. Property, boundary, easement, right-of-way, and other special surveys or data, including establishing relevant reference points.

5. Explorations and tests of subsurface conditions at or adjacent to the Site; geotechnical reports and investigations; drawings of physical conditions relating to existing surface or subsurface structures at the Site; hydrographic surveys, laboratory tests and inspections of samples, materials, and equipment; appropriate professional interpretation of such information or data.

6. Environmental assessments, audits, investigations, and impact statements, and other relevant environmental, historical, or cultural studies relevant to the Project, the Site, and adjacent areas.

7. Data or consultations as required for the Project but not otherwise identified in this Agreement.

C. Owner shall examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.

D. Owner shall furnish to Engineer data as to Owner's anticipated costs for services to be provided to Owner by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) so that Engineer may assist Owner in collating the various cost categories that comprise Total Project Costs.

E. Owner shall advise Engineer if any invention, design, process, product, or device that Owner has requested, required, or recommended for inclusion in the Drawings or Specifications will be subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights.

F. Owner shall inform Engineer as to whether Engineer's assistance is requested with respect to Owner's evaluation of the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.

G. Owner shall inform Engineer as to whether Engineer's assistance is requested in identifying opportunities for enhancing the sustainability of the Project.

2.02 Owner's Instructions Regarding Bidding/Proposal and Front-End Construction Contract Documents

A. Owner shall give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable) and Owner's construction contract practices and requirements, and furnish to Engineer (or give specific directions requesting Engineer to use copies already in Engineer's possession) the following:

1. Owner's standard contract forms, general conditions (if other than the current edition of EJCDC® C-700, Standard General Conditions of the Construction Contract), supplementary conditions, text, and related documents and content for Engineer to include in the draft Bidding/Proposal Documents, and in draft Front-End Construction Contract Documents;

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. insurance and bonding requirements;

3. protocols for electronic transmittals during bidding and construction;

4. Owner's safety and security programs applicable to Contractor and other Constructors;

5. diversity and other social responsibility requirements;

6. bidding and contract requirements of funding, financing, or regulatory entities;

7. other specific conditions applicable to the procurement of construction or contract documents;

8. any other information necessary for Engineer to assist Owner in preparing its Bidding/Proposal Documents and Front-End Construction Contract Documents.

B. Owner shall have responsibility for the final content of (1) such Bidding/Proposal Documents, and (2) such Front-End Construction Contract Documents, other than content furnished by Engineer concerning the design (as set forth in the Drawings, Specifications, or otherwise) or other engineering or technical matters.

1. Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.

C. If there will be an advertisement soliciting bids for construction, Owner shall place and pay for such advertisement.

2.03 Owner-Furnished Services

A. Recognizing and acknowledging that Engineer's services and expertise do not include the following services, Owner shall obtain, as required for the Project:

1. Accounting, bond and financial advisory services (including, if applicable, "municipal advisor" services as described in Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) and the municipal advisor registration rules issued by the Securities and Exchange Commission), independent cost estimating, and insurance counseling services.

2. Legal services, including attorney review of proposed Construction Contract Documents, legal services required by Owner, legal services needed as a result of issues raised by Contractor, and Project-related legal services reasonably requested by Engineer.

3. Auditing services, including those needed by Owner to ascertain how or for what purpose Contractor has used money paid to it.

B. Owner shall provide the services of an independent testing laboratory to perform all inspections, tests, and approvals of samples, materials, and equipment required by the Construction Contract Documents (other than those required to be furnished or arranged by Contractor), or to evaluate the performance of materials, equipment, and facilities of Owner, prior to their incorporation into the Work with appropriate professional interpretation thereof. Owner shall provide Engineer with the findings and reports generated by testing laboratories, including findings and reports obtained from or through Contractor.

C. Owner shall acquire or arrange for acquisition of the Site(s) and any temporary or permanent rights of access, easements, or property rights needed for the Project.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. With respect to the portions or phases of the Project designed or specified by Engineer, Owner shall provide, obtain, or arrange for:

1. all required reviews, approvals, consents, and permits from governmental authorities having jurisdiction, and

2. such reviews, approvals, and consents from others as may be necessary for completion of each portion or phase of the Project.

E. Owner may delegate to Contractor or others the responsibilities set forth in Paragraphs 2.03.C and D.

2.04 Owner's General Responsibilities

A. Owner shall inform Engineer of the policies, procedures, and requirements of Owner that are applicable to Engineer's performance of services under this Agreement.

B. Owner shall provide Engineer with Owner's budget for the Project, including type and source of funding to be used, and will promptly inform Engineer if the budget or funding sources change.

C. Owner shall inform Engineer in writing of any safety or security programs that are applicable to the personnel of Engineer, its Subconsultants, and Engineer's Subcontractors, as they visit the Site or otherwise perform services under this Agreement.

D. Owner shall arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under this Agreement.

E. Owner shall provide necessary direction and make decisions, including prompt review of Engineer's submittals, and carry out its other responsibilities in a timely manner so as not to delay Engineer's performance of its services.

F. Owner shall be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by Owner to Engineer pursuant to this Agreement. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement, subject to any express limitations or reservations applicable to the furnished items.

G. Owner shall give prompt written notice to Engineer whenever Owner observes or otherwise becomes aware of:

1. any development that affects the scope or time of performance of Engineer's services;

2. the presence at the Site of any Constituent of Concern; or

3. any relevant, material defect or nonconformance in: (a) Engineer's services, (b) the Work, (c) the performance of any Constructor, or (d) Owner's performance of its responsibilities under this Agreement.

H. Owner shall advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructability review.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

I. If Owner designates a construction manager, site representative, or any individual or entity other than, or in addition to, Engineer to represent Owner at the Site, Owner shall define and set forth as an exhibit to this Agreement the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.

J. Owner shall:

1. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job-related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.

2. Primarily communicate with Engineer's Subcontractors and Subconsultants through the Engineer.

a. Promptly inform Engineer of the substance of any communications between Owner and Engineer's Subcontractors or Subconsultants.

b. Refrain from directing the services of Engineer's Subcontractors or Subconsultants.

3. Authorize Engineer to provide Additional Services as set forth in Article 2 of Exhibit A of the Agreement, as required.

4. Perform or provide the following:

a. **List of streets to be paved in the City that require removal, replacement, or CIPP of the pipe**

b. **Map of the streets overlayed with the sewer master plan and water master plan.**

c. **Water, Sewer, and Drainage Master Plans**

2.05 Payment

A. Owner shall pay Engineer as set forth in Article 4 and Exhibit J.

B. Engineer's compensation is summarized as follows; if there is a conflict between the following summary and the contents of Exhibit J, then Exhibit J will prevail.

Description of Service		**Amount**	**Basis of Compensation**
1.	Basic Services (Article 1 of Exhibit A)	$	268,396.58
2.	Resident Project Representative Services	$	84,756.66
3.	Additional Services (Article 2 of Exhibit A)		70,630.56

Based on a **12-month** continuous construction period.

1. Compensation items and totals based in whole or in part on Hourly Rates, Direct Labor, or Percentage of Construction Cost are estimates only.

2. Lump sum amounts incorporate Engineer's labor, overhead, profit, and Engineer's Subcontractor and Subconsultants' charges.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

ARTICLE 3—SCHEDULE FOR RENDERING SERVICES

3.01 Commencement

A. Engineer is authorized to begin rendering services as of the Effective Date.

3.02 Time for Completion

A. Engineer shall complete its obligations within a reasonable time. Specific periods of time for rendering services, or specific dates by which services are to be completed, are provided in Exhibit B, and are hereby agreed to be reasonable.

B. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, will be adjusted equitably.

C. If Owner authorizes changes in the scope, extent, or character of the Project or Engineer's services, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, will be adjusted equitably.

D. If Engineer fails, for reasons within control of Engineer, to complete the performance required in this Agreement within the time set forth, as duly adjusted, then Owner shall be entitled, as its sole remedy, to the recovery of direct damages to the extent, if any, resulting from such failure by Engineer.

ARTICLE 4—INVOICES AND PAYMENTS

4.01 Invoices

A. Preparation and Submittal of Invoices: Engineer shall prepare invoices in accordance with its standard invoicing practices, the progress reporting and special invoicing requirements (if any) in Exhibit A Paragraph 1.01.A, and the terms of Exhibit J. Engineer shall submit its invoices to Owner on a monthly basis. Invoices are due and payable within 30 days of receipt.

4.02 Payments

A. Application to Interest and Principal: Payment will be credited first to any interest owed to Engineer and then to principal.

B. Disputed Invoices: If Owner disputes an invoice, either as to amount or entitlement, then Owner shall promptly advise Engineer in writing of the specific basis for doing so; may withhold only that portion so disputed; and must pay the undisputed portion, subject to the terms of Paragraph 4.01. After a disputed item has been resolved, Engineer shall include the agreed-upon amount on a new invoice.

C. Failure to Pay: If Owner fails to make any undisputed payment due Engineer within 30 days after receipt of Engineer's invoice, then:

1. amounts due Engineer will be increased at the rate of 1.0% per month (or the maximum rate of interest permitted by law, if less) from said thirtieth day, and

2. Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement until Owner has paid in full amounts due. Owner waives any and all claims against Engineer for any such suspension.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

D. Sales or Use Taxes: If after the Effective Date any governmental entity takes an action that imposes additional sales or use taxes on Engineer's services or compensation under this Agreement, then Engineer may invoice such additional sales or use taxes for reimbursement by Owner. Owner shall reimburse Engineer for the cost of such invoiced additional sales or use taxes; such reimbursement will be in addition to the compensation to which Engineer is entitled under the terms of Exhibit J.

ARTICLE 5—OPINIONS OF COST

5.01 Opinions of Probable Construction Cost

A. Engineer's opinions of probable Construction Cost (if any) are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If Owner requires greater assurance as to probable Construction Cost, then Owner agrees to obtain an independent cost estimate.

5.02 Opinions of Total Project Costs

A. The services, if any, of Engineer with respect to Total Project Costs will be limited to assisting the Owner in tabulating the various categories that comprise Total Project Costs. Engineer assumes no responsibility for the accuracy of any opinions of Total Project Costs.

ARTICLE 6—GENERAL CONSIDERATIONS

6.01 Standards of Performance

A. Standard of Care: The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.

B. Technical Accuracy: Owner shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation, unless such corrective action is directly attributable to deficiencies in Owner-furnished information.

C. Engineer's Subcontractors and Subconsultants: Engineer may retain such Engineer's Subcontractors and Subconsultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by Owner.

D. Reliance on Others: Subject to the standard of care set forth in Paragraph 6.01.A, Engineer may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

E. Compliance with Laws and Regulations, and Policies and Procedures

1. Engineer and Owner shall comply with applicable Laws and Regulations.

2. Engineer shall comply with the policies, procedures, and instructions of Owner that are applicable to Engineer's performance of services under this Agreement and that Owner provides to Engineer in writing, subject to the standard of care set forth in Paragraph 6.01.A, and to the extent compliance is not inconsistent with professional practice requirements.

3. This Agreement is based on Laws and Regulations and Owner-provided written policies and procedures as of the Effective Date. The following may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, or compensation:

    a. changes after the Effective Date to Laws and Regulations,

    b. the receipt by Engineer after the Effective Date of Owner-provided written policies and procedures, and

    c. changes after the Effective Date to Owner-provided written policies or procedures.

F. General Conditions of Construction Contract: The general conditions for any Construction Contract Documents prepared hereunder are to be the current edition of EJCDC® C-700, Standard General Conditions of the Construction Contract, prepared by the Engineers Joint Contract Documents Committee, unless expressly indicated otherwise.

G. Copies of Drawings and Specifications: If Engineer is required to prepare or furnish Drawings or Specifications under this Agreement, Engineer shall deliver to Owner at least one complete electronic copy of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations, and one complete printed copy, duly signed and sealed.

H. Engineer shall not be required to sign any document, no matter by whom requested, that would result in Engineer having to certify, guarantee, or warrant conditions whose existence Engineer cannot ascertain within the authorized scope of Engineer's services. Owner agrees not to make resolution of any dispute with Engineer or payment of any amount due to Engineer in any way contingent upon Engineer signing any such document.

I. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor will Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.

J. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's failure to furnish and perform the Work in accordance with the Construction Contract Documents.

K. Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the Construction Contract Documents, other than those made by Engineer.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

L. Engineer is not required to provide and does not have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.

M. Engineer's services do not include providing legal advice or representation.

N. Engineer's services do not include (1) serving as a "municipal advisor" for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission, or (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances.

O. While at the Site, Engineer, its Subconsultants, and Engineer's Subcontractors, and their employees and representatives will comply with the applicable requirements of Contractor's and Owner's safety programs of which Engineer has been informed in writing.

6.02 Ownership and Use of Documents

A. All Documents are instruments of service, and Engineer owns the Documents, including all associated copyrights and the right of reuse at the discretion of the Engineer. Engineer shall continue to own the Documents and all associated rights whether or not the Project is completed.

1. Owner may make and retain copies of Documents for information and reference in connection with the use of the Documents on the Project.

2. Engineer grants Owner a limited license to use the Documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment due and owing for all services relating to preparation of the Documents, and subject to the following limitations:

a. Owner acknowledges that such Documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, on any other project, or for any other use or purpose, without written verification or adaptation by Engineer;

b. any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and Subconsultants;

c. Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Subconsultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the Documents without written verification, completion, or adaptation by Engineer; and

d. such limited license to Owner shall not create any rights in third parties.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. If Engineer at Owner's request verifies the suitability of the Documents, completes them, or adapts them for extensions of the Project or for any other purpose, then Owner shall compensate Engineer at rates or in an amount to be agreed upon by Owner and Engineer.

C. Engineer shall inform Owner if Engineer is aware of any invention, design, process, product, or device specified in the Drawings, Specifications, or other Documents that is subject to payment (whether by Owner or Contractor) of any license fee or royalty to others, as required by patent rights or copyrights. If Engineer's good-faith inclusion in the Drawings, Specifications, or other Documents of new, innovative, or non-standard technologies, for the benefit of Owner and the Project, results in third-party claims of infringement or violation of intellectual property rights, then Owner and Engineer shall share equally the costs of defending against, settling, or paying such claims.

D. Engineer will obtain Owner's consent, which will not be unreasonably withheld, prior to releasing any publicity, including news and press releases, promotional publications, award and prize competition submittals, and other advertising regarding the subject matter of this Agreement. Nothing herein will limit the Engineer's right to include information in statements of qualifications and proposals to others accurately describing its participation and participation of employees in the Project.

6.03 Electronic Transmittals

A. To the fullest extent practical, Owner and Engineer agree to transmit, and accept, Project-related correspondence, Documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with Exhibit F, Electronic Documents Protocol (EDP).

1. Compliance with the EDP by Engineer shall be considered a Basic Service and no direct or separate compensation will be paid to Engineer for such compliance, unless provisions for separate compensation are expressly set forth in the EDP.

2. Engineer's costs directly attributable to changes in Engineer's Electronic Documents obligations, after the effective date of this Agreement, necessitated by revisions to Exhibit F, delayed adoption of Exhibit F, or implementation of other Electronic Documents protocols, will be compensated as Additional Services.

B. If this Agreement does not include Exhibit F or otherwise does not establish or include protocols for transmittal of Electronic Documents by Electronic Means, then Owner and Engineer may operate without specific protocols or may jointly develop such protocols at a later date.

C. Except as stated otherwise in Exhibit F (if included in this Agreement), when transmitting Electronic Documents by Electronic Means, the transmitting party makes no representations as to long term compatibility, usability, or readability of the Electronic Documents resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the Electronic Documents, or from those established in applicable protocols.

D. This Agreement (including the EDP) is not intended to create obligations for Owner or Engineer with respect to transmittals to or from third parties, except as expressly stated in the EDP.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

6.04 Insurance

A. Engineer shall procure and maintain insurance as set forth in Exhibit G.

B. Additional Insureds: The Engineer's commercial general liability, automobile liability, and umbrella or excess liability policies, must:

1. include and list as additional insureds Owner, and any individuals or entities identified as additional insureds in Exhibit G;

2. include coverage for the respective officers, directors, members, partners, and employees of all such additional insureds;

3. afford primary coverage to these additional insureds for all claims covered thereby (including as applicable those arising from both ongoing and completed operations); and

4. not seek contribution from insurance maintained by the additional insured.

C. ~~Owner shall procure and maintain insurance as set forth in Exhibit G.~~

D. Owner shall require Contractor to purchase and maintain policies of insurance covering workers' compensation, general liability, motor vehicle damage and injuries, and other insurance necessary to protect Owner's and Engineer's interests in the Project. Owner shall require Contractor to cause Engineer, its Subconsultants, and Engineer's Subcontractors to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project. Owner shall give Engineer access to any certificates of insurance and copies of endorsements and policies obtained by Owner from Contractor.

E. Owner and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates must be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

1. Upon request by Owner or any other insured, Engineer shall also furnish other evidence of such required insurance, including but not limited to copies of policies and endorsements, documentation of applicable self-insured retentions (if allowed) and deductibles, full disclosure of all relevant exclusions, and evidence of insurance required to be purchased and maintained by Subconsultants and Engineer's Subcontractors. In any documentation furnished under this provision, Engineer may redact (a) any confidential premium or pricing information and (b) any wording specific to projects or jurisdictions other than those applicable to this Agreement.

F. All construction contracts entered into by Owner with respect to the Project must require builder's risk or similar property insurance.

G. All policies of property insurance relating to the Project, including but not limited to any builder's risk or similar policy, must allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer, its Subconsultants, or Engineer's Subcontractors. Owner and Engineer waive all rights against each other, Contractor, Engineer's Subcontractors and Subconsultants, and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by any such builder's risk or similar policy and

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

any other property insurance relating to the Project. Owner and Engineer shall take appropriate measures in other Project-related contracts to secure waivers of rights consistent with those set forth in this paragraph.

H. All policies of insurance must contain a provision or endorsement that the coverage afforded will not be canceled, and that renewal will not be refused, until at least 10 days' prior written notice has been given to the primary insured. Upon receipt of such notice, the primary insured must promptly forward a copy of the notice to the other party to this Agreement and replace the coverage being cancelled or reduced to conform to the requirements of this Agreement.

I. At any time, Owner may request that Engineer, or Engineer's Subcontractors or Subconsultants, at Owner's sole expense, provide additional insurance coverage, increased limits, or revised deductibles that are more protective than those specified in Exhibit G. If so requested by Owner, and if commercially available, Engineer shall obtain and shall require Engineer's Subcontractors or Subconsultants to obtain such additional insurance coverage, different limits, or revised deductibles for such periods of time as requested by Owner, and Exhibit G will be supplemented to incorporate these requirements.

6.05 Suspension and Termination

A. Suspension

1. By Owner: Owner may suspend Engineer's services for up to 90 days upon 7 days' written notice to Engineer.

2. By Engineer: Engineer may, after giving 7 days' written notice to Owner, suspend services under this Agreement:

a. if Owner has failed to pay Engineer for invoiced services and expenses, as set forth in Paragraphs 4.02.B and 4.02.C;

b. in response to the presence of Constituents of Concern at the Site, as set forth in Paragraph 6.09.D; or

c. if persistent circumstances beyond the control of Engineer have prevented it from performing its obligations under this Agreement.

B. Termination for Cause

1. Either party may terminate the Agreement for cause upon 30 days' written notice in the event of substantial failure by the other party to perform in accordance with the terms of the Agreement, through no fault of the terminating party.

a. Notwithstanding the foregoing, this Agreement will not terminate under Paragraph 6.05.B.1 if the party receiving such notice begins, within 7 days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30-day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein will extend up to, but in no case more than, 60 days after the date of receipt of the notice.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

2. In addition to its termination rights in Paragraph 6.05.B.1, Engineer may terminate this Agreement for cause upon 7 days' written notice:

    a. if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional;

    b. if Engineer's services for the Project are delayed or suspended for more than 90 days for reasons beyond Engineer's control; or

    c. as the result of the presence at or adjacent to the Site of undisclosed Constituents of Concern, as set forth in Paragraph 6.09.E.

3. Engineer will have no liability to Owner on account of any termination by Engineer for cause.

C. Termination for Convenience: Owner may terminate this Agreement for convenience, effective upon Engineer's receipt of notice from Owner.

D. Extension of Effective Date of Termination: If Owner terminates the Agreement for cause or convenience, Owner may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files. Engineer shall be entitled to compensation for such tasks.

E. Payments Upon Termination: In the event of any termination under Paragraph 6.05, Engineer will be entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all reimbursable expenses incurred through the effective date of termination. Upon making such payment, Owner will have the limited right to the use of Documents, at Owner's sole risk, subject to the provisions of Paragraph 6.02.A.

1. If Owner has terminated the Agreement for cause and disputes Engineer's entitlement to compensation for services and reimbursement of expenses, then Engineer's entitlement to payment and Owner's rights to the use of the Documents will be resolved in accordance with the dispute resolution provisions of this Agreement or as otherwise agreed in writing.

2. If Owner has terminated the Agreement for convenience, or if Engineer has terminated the Agreement for cause, then Engineer will be entitled, in addition to the payments identified above, to invoice Owner and receive payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with Engineer's Subcontractors or Subconsultants, and other related close-out costs, using methods and rates for Additional Services as set forth in Exhibit J.

6.06 Successors, Assigns, and Beneficiaries

A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 6.06.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, claims arising out of this Agreement or money that is due or may become due) in this Agreement without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

C. Unless expressly provided otherwise in this Agreement:

1. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

2. Nothing in this Agreement will be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them.

3. Owner agrees that the substance of the provisions of this Paragraph 6.06.C will appear in the Construction Contract Documents.

6.07 Dispute Resolution

A. Unless otherwise required by Exhibit H, Owner and Engineer shall resolve all disputes in the following manner:

1. Owner and Engineer agree to negotiate all disputes between them in good faith for a period of 30 days from the date of notice, ~~prior to invoking mediation.~~

2. ~~Owner and Engineer agree that they shall first submit any and all unsettled claims, counterclaims, disputes, and other matters in question between them arising out of or relating to this Agreement or the breach thereof ("Disputes") to mediation. Owner and Engineer agree to participate in the mediation process in good faith. The process will be conducted on a confidential basis, and must be completed within 120 days.~~

3. If the parties fail to resolve a Dispute through negotiations under Paragraph 6.07.A.1 ~~or mediation under Paragraph 6.07.A.2~~, then:

a. either or both may invoke the applicable dispute resolution procedures of Exhibit H for final resolution of Disputes.

b. If Exhibit H is not included, or if no final dispute resolution method is specified in Exhibit H, then the parties may exercise their rights at law.

6.08 Controlling Law; Venue

A. This Agreement is to be governed by the Laws and Regulations of the state in which the Project is located.

B. Venue for any exercise of rights at law will be the state court having jurisdiction at the location of the Project; or at the choice of either party, and if federal jurisdictional requirements can be met, in federal court in the district in which the Project is located.

6.09 Environmental Condition of Site

A. Owner represents to Engineer that, as of the Effective Date, to the best of Owner's knowledge, no Constituents of Concern, other than those disclosed in writing to Engineer, exist at or adjacent to the Site.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

B. Undisclosed Constituents of Concern: For purposes of this Paragraph 6.09, the presence at or adjacent to the Site of Constituents of Concern that were not disclosed to Engineer pursuant to Paragraph 6.09.A, in such quantities or circumstances that such Constituents of Concern may present a danger to persons or property exposed to them, will be referred to as "undisclosed" Constituents of Concern.

1. The presence at the Site of materials that are necessary for the execution of the Work, or that are to be incorporated in the Work, and that are controlled and contained pursuant to industry practices, Laws and Regulations, and the requirements of this Agreement or the Construction Contract, are not undisclosed Constituents of Concern.

2. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under this Agreement are not undisclosed Constituents of Concern.

3. Constituents of Concern that are to be located, identified, studied, removed, or remediated as part of the services under another professional services contract for Owner, or as part of the work under a construction or remediation contract, are not undisclosed Constituents of Concern if Engineer has been informed of the general scope of such contract.

C. If Engineer encounters or learns of an undisclosed Constituent of Concern at the Site, then Engineer shall notify (1) Owner and (2) appropriate authorities having jurisdiction if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

D. It is acknowledged by both parties that Engineer's scope of services does not include any services related to undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an undisclosed Constituent of Concern, or if encountered, uncovered, or revealed Constituents of Concern are present in substantially greater quantities or substantially different locations than disclosed or anticipated, or if investigative or remedial action, or other professional services, are necessary or required by applicable Laws and Regulations with respect to such Constituents of Concern, then Engineer may, at its option and without liability for direct, consequential, or any other damages, suspend performance of services on the portion of the Project adversely affected thereby until such portion of the Project is no longer so affected; and Owner shall promptly determine whether to retain a qualified expert to evaluate such condition or take any necessary corrective action.

E. If the presence at the Site of undisclosed Constituents of Concern, or of Constituents of Concern in substantially greater quantities or in substantially different locations than disclosed or anticipated, adversely affects the performance of Engineer's services under this Agreement, then:

1. if the adverse effects do not preclude Engineer from completing its Project services in general accordance with this Agreement on unaffected or marginally affected portions of the Project, Engineer may accept an equitable adjustment in its compensation or in the time of completion, or both; and the Agreement will be amended to reflect changes necessitated by the presence of such Constituents of Concern; or

2. if the adverse effects are of such materiality to the overall performance of Engineer that it cannot complete its services without significant changes to the scope of services, time

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

of completion, and compensation, then Engineer may terminate this Agreement for cause on 7 days' written notice.

F. Owner acknowledges that Engineer is performing professional services for Owner and that Engineer is not and will not be required to become an "owner," "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

6.10 Indemnification and Mutual Waiver

A. Indemnification by Engineer: To the fullest extent permitted by Laws and Regulations, Engineer shall indemnify and hold harmless Owner, and Owner's officers, directors, members, partners, agents, and employees, from losses, damages, and judgments (including reasonable consultants' and attorneys' fees and expenses) arising from third-party claims or actions relating to the Project, provided that any such claim, action, loss, damages, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, employees, Subconsultants, or Engineer's Subcontractors. This indemnification provision is subject to and limited by the provisions, if any, agreed to by Owner and Engineer in Exhibit I, "Limitations of Liability."

B. Environmental Indemnification: To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer, its Subconsultants, Engineer's Subcontractors, and their officers, directors, members, partners, agents, employees, and subconsultants from all claims, costs, losses, damages, actions, and judgments (including reasonable consultants' and attorney's fees and expenses) caused by, arising out of, relating to, or resulting from a Constituent of Concern at, on, or under the Site, provided that:

1. any such claim, cost, loss, damages, action, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, and

2. nothing in this paragraph obligates Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence or willful misconduct.

C. No Defense Obligation: The indemnification commitments in this Agreement do not include a defense obligation by the indemnitor unless such obligation is expressly stated.

D. Percentage Share of Negligence: To the fullest extent permitted by Laws and Regulations, a party's total liability to the other party and anyone claiming by, through, or under the other party for any cost, loss, or damages caused in part by the negligence of the party and in part by the negligence of the other party or any other negligent entity or individual, will not exceed the percentage share that the party's negligence bears to the total negligence of Owner, Engineer, and all other negligent entities and individuals.

E. Mutual Waiver: To the fullest extent permitted by Laws and Regulations, Owner and Engineer waive against each other, and the other's officers, directors, members, partners, agents,

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

employees, subconsultants, and insurers, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes. Such excluded damages include but are not limited to loss of profits or revenue; loss of use or opportunity; loss of good will; cost of substitute facilities, goods, or services; and cost of capital.

6.11 Records Retention

A. Engineer shall maintain on file in legible form, for a period of five years following completion or termination of its services, or such other period as required by Laws and Regulations, all Documents, records (including cost records), and design calculations related to Engineer's services or pertinent to Engineer's performance under this Agreement. Upon Owner's request, Engineer shall provide a copy of any such item to Owner at cost.

6.12 Miscellaneous Provisions

A. Notices: Any notice required under this Agreement will be in writing, and delivered: in person (by commercial courier or otherwise); by registered or certified mail; or by e-mail to the recipient, with the words "Formal Notice" or similar in the e-mail's subject line. All such notices are effective upon the date of receipt.

B. Survival: Subject to applicable Laws and Regulations, all express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

C. Severability: Any provision or part of the Agreement held to be void or unenforceable under any Laws or Regulations will be deemed stricken, and all remaining provisions will continue to be valid and binding upon Owner and Engineer.

D. No Waiver: A party's non-enforcement of any provision will not constitute a waiver of that provision, nor will it affect the enforceability of that provision or of the remainder of this Agreement.

E. Accrual of Claims: To the fullest extent permitted by Laws and Regulations, all causes of action arising under this Agreement will be deemed to have accrued, and all statutory periods of limitation will commence, no later than the date of Substantial Completion; or, if Engineer's services do not include Construction Phase services, or the Project is not completed, then no later than the date of Owner's last payment to Engineer.

ARTICLE 7—DEFINITIONS

7.01 Defined Terms

A. Wherever used in this Agreement (including the exhibits hereto) terms (including the singular and plural forms) printed with initial capital letters have the meanings indicated in the text above, in the exhibits, or in the following definitions:

1. Addenda—Written or graphic instruments issued prior to the opening of bids which clarify, correct, or change the bidding requirements or the proposed Construction Contract Documents.

2. Additional Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 2 of Exhibit A of this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

3. Agreement—This written contract for professional services between Owner and Engineer, including all exhibits identified in Paragraph 8.01 and any duly executed amendments.

4. Application for Payment—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Construction Contract.

5. Basic Services—The services to be performed for or furnished to Owner by Engineer in accordance with Article 1 of Exhibit A of this Agreement.

6. Bidding/Proposal Documents—Documents related to the selection of the Contractor, including advertisements or invitations to bid; requests for proposals; instructions to bidders or proposers, including any attachments such as lists of available Site-related documents; bid forms; bids; proposal forms; proposals; bidding requirements; and qualifications documents.

7. Change Order—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Construction Contract Price or the Construction Contract Times, or other revision to the Construction Contract, issued on or after the effective date of the Construction Contract.

8. Change Proposal—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth in the Construction Contract, seeking an adjustment in Construction Contract Price or Construction Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Construction Contract Documents or the acceptability of Work under the Construction Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Construction Contract.

9. Constituents of Concern—Asbestos, petroleum, radioactive materials, polychlorinated biphenyls (PCBs), lead-based paint (as defined by the HUD/EPA standard), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to Laws and Regulations regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

10. Construction Contract—The entire and integrated written contract between Owner and Contractor concerning the Work.

11. Construction Contract Documents—Those items designated as "Contract Documents" in the Construction Contract, and which together comprise the Construction Contract. See also definition of "Front-End Construction Contract Documents" below.

12. Construction Contract Price—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Construction Contract Documents.

13. Construction Contract Times—The number of days or the dates by which Contractor must: (a) achieve milestones, if any, in the Construction Contract; (b) achieve Substantial Completion; and (c) complete the Work.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

14. Construction Cost—The cost to Owner of the construction of those portions of the entire Project designed or specified by or for Engineer under this Agreement, including construction labor, services, materials, equipment, insurance, and bonding costs, and allowances for contingencies. Construction Cost does not include costs of services of Engineer or other design professionals and consultants; cost of land or rights-of-way, or compensation for damages to property; Owner's costs for legal, accounting, insurance counseling, or auditing services; interest or financing charges incurred in connection with the Project; or the cost of other services to be provided by others to Owner. Construction Cost is one of the items comprising Total Project Costs.

15. Constructor—Any person or entity (not including the Engineer, its employees, agents, representatives, or Subconsultants, or Engineer's Subcontractors), performing or supporting construction activities relating to the Project, including but not limited to Contractors, Subcontractors, Suppliers, Owner's work forces, utility companies, other contractors, construction managers, design-builders, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

16. Contractor—The entity or individual with which Owner enters into a Construction Contract.

17. Documents—All documents expressly identified as deliverables in this Agreement, whether in printed or Electronic Document form, required by this Agreement to be provided or furnished by Engineer to Owner. Such specifically required deliverables may include, by way of example, Drawings, Specifications, data, reports, building information models, and civil integrated management models.

18. Drawings—That part of the Construction Contract Documents that graphically shows the scope, extent, and character of the Work to be performed by Contractor.

19. Effective Date—The date indicated in this Agreement on which it becomes effective, but if no such date is indicated, the date on which this Agreement is signed and delivered by the last of the parties to sign and deliver.

20. Electronic Document—Any Project-related correspondence, attachments to correspondence, data, documents, drawings, information, or graphics, including but not limited to Shop Drawings and other Submittals, that are in an electronic or digital format.

21. Electronic Means—Electronic mail (e-mail), upload/download from a secure Project website, or other communications methods that allow: (a) the transmission or communication of Electronic Documents; (b) the documentation of transmissions, including sending and receipt; (c) printing of the transmitted Electronic Document by the recipient; (d) the storage and archiving of the Electronic Document by sender and recipient; and (e) the use by recipient of the Electronic Document for purposes permitted by this Agreement. Electronic Means does not include the use of text messaging, or of Facebook, Twitter, Instagram, or similar social media services for transmission of Electronic Documents.

22. Engineer—The individual or entity named as such in this Agreement.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

23. Engineer's Subcontractor—An individual, firm, vendor, or other entity having a contract with Engineer to furnish general services, equipment, or materials with respect to the Project as an independent contractor.

24. Field Order—A written order issued by Engineer which requires minor changes in the Work but does not change the Construction Contract Price or the Construction Contract Times.

25. Front-End Construction Contract Documents—Those Construction Contract Documents whose primary purpose is to establish legal and contractual terms and conditions, typically including the Owner-Contractor agreement, bonds, general conditions, and supplementary conditions. The term excludes the Drawings and Specifications, and any Construction Contract Documents delivered or issued after the effective date of the Construction Contract.

26. Laws and Regulations; Laws or Regulations—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

27. Owner—The individual or entity named as such in this Agreement and for which Engineer's services are to be performed. Unless indicated otherwise, this is the same individual or entity that will enter into any Construction Contracts concerning the Project.

28. Project—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the services to be performed or furnished by Engineer under this Agreement are a part.

29. Record Drawings—Drawings depicting the completed Project, or a specific portion of the completed Project, prepared by Engineer and based on Contractor's record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications, as delivered to Engineer and annotated by Contractor to show changes made during construction.

30. Resident Project Representative—The authorized representative of Engineer assigned to assist Engineer at the Site during the Construction Phase. As used herein, the term Resident Project Representative (RPR) includes any assistants or field staff of the RPR.

31. Samples—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.

32. Shop Drawings—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Construction Contract Documents.

33. Site—Lands or areas to be indicated in the Construction Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

34. Specifications—The part of the Construction Contract Documents that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.

35. Subconsultant—An individual, design firm, consultant, or other entity having a contract with Engineer to furnish professional services with respect to the Project as an independent contractor.

36. Subcontractor—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.

37. Submittal—A written or graphic document, prepared by or for Contractor, which the Construction Contract Documents require Contractor to submit to Engineer, or that is indicated as a Submittal in the Schedule of Submittals accepted by Engineer. Submittals may include Shop Drawings and Samples; schedules; product data; Owner-delegated designs; sustainable design information; information on special procedures; testing plans; results of tests and evaluations, source quality-control testing and inspections, and field or Site quality-control testing and inspections; warranties and certifications; Suppliers' instructions and reports; records of delivery of spare parts and tools; operations and maintenance data; Project photographic documentation; record documents; and other such documents required by the Construction Contract Documents. Submittals, whether or not approved or accepted by Engineer, are not Construction Contract Documents. Change Proposals, Change Orders, Claims, notices, Applications for Payment, and requests for interpretation or clarification are not Submittals.

38. Substantial Completion—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Construction Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

39. Supplier—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.

40. Total Project Costs—The total cost of planning, studying, designing, constructing, testing, commissioning, and start-up of the Project, including Construction Cost and all other Project labor, services, materials, equipment, insurance, and bonding costs, allowances for contingencies, and the total costs of services of Engineer or other design professionals and consultants, together with such other Project-related costs that Owner furnishes for inclusion, including but not limited to cost of land, rights-of-way, compensation for damages to properties and private utilities (including relocation if not part of Construction Cost), Owner's costs for legal, accounting, insurance counseling, and auditing services, interest and financing charges incurred in connection with the Project, and the cost of other services to be provided by others to Owner.

41. Underground Facilities—All active or not-in-service underground lines, pipelines, conduits, ducts, encasements, cables, wires, manholes, vaults, tanks, tunnels, or other

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

such facilities or systems at the Site, including but not limited to those facilities or systems that produce, transmit, distribute, or convey telephone or other communications, cable television, fiber optic transmissions, power, electricity, light, heat, gases, oil, crude oil products, liquid petroleum products, water, steam, waste, wastewater, storm water, other liquids or chemicals, or traffic or other control systems. An abandoned facility or system is not an Underground Facility.

42. Work—The entire construction or the various separately identifiable parts thereof required to be provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.

43. Work Change Directive—A written directive to Contractor issued on or after the effective date of the Construction Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

B. Terminology

1. The word "day" means a calendar day of 24 hours measured from midnight to the next midnight.

ARTICLE 8—EXHIBITS AND SPECIAL PROVISIONS

8.01 Exhibits to Agreement

The following exhibits are incorporated by reference and included as part of this Agreement:

A. Exhibit A, Engineer's Services.

B. Exhibit B, Deliverables Schedule.

C. Exhibit C, Amendment to Owner-Engineer Agreement (form).

D. Exhibit D, Duties, Responsibilities and Limitations of Authority of Resident Project Representative.

E. Exhibit E, EJCDC® C-626, Notice of Acceptability of Work (form).

F. Exhibit F, Electronic Documents Protocol (EDP).

G. Exhibit G, Insurance.

H. Exhibit H, Dispute Resolution. – **Not Used**

I. Exhibit I, Limitations of Liability.

J. Exhibit J, Payments to Engineer for Services and Reimbursable Expenses.

8.02 Total Agreement

A. This Agreement (which includes the exhibits listed above) constitutes the entire contractual agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

canceled by a written instrument duly executed by both parties. Amendments should be based whenever possible on the format of Exhibit C to this Agreement.

8.03 Designated Representatives

A. With the execution of this Agreement, Engineer and Owner shall each designate a specific individual to act as representative under this Agreement. Such an individual must have authority to transmit instructions, receive information, and render decisions with respect to this Agreement on behalf of the party that the individual represents.

8.04 Engineer's Certifications

A. Engineer certifies that it has not engaged in corrupt, fraudulent, or coercive practices in competing for or in executing the Agreement. For the purposes of this Paragraph 8.04:

1. "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value likely to influence the action of a public official in the selection process or in the Agreement execution;

2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the selection process or the execution of the Agreement to the detriment of Owner, or (b) to deprive Owner of the benefits of free and open competition;

3. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the selection process or affect the execution of the Agreement.

8.05 Conflict of Interest

A. Nothing in this Agreement will be construed to create or impose any duty on the part of Engineer that would be in conflict with Engineer's paramount obligations to the public health, safety, and welfare under the professional practice requirements governing Engineer, its Subconsultants, and all licensed professionals employed by Engineer or its Subconsultants.

B. If during the term of this Agreement a potential or actual conflict of interest arises or is identified:

1. Engineer and Owner together will make reasonable, good faith efforts to avoid or eliminate the conflict of interest; to mitigate any adverse consequences of the conflict of interest; and, if necessary and feasible, to modify this Agreement to address the conflict of interest and its consequences, such that progress under the Agreement may continue.

2. Such efforts will be governed by applicable Laws and Regulations and by any pertinent Owner's policies, procedures, and requirements (including any conflict of interest resolution methodologies) provided to Engineer under Paragraph 2.04.A of this Agreement.

continued…

Engineer shall provide Basic and Additional Services as set forth below.

ARTICLE 1—BASIC SERVICES

1.01 Management of Engineering Services

A. All phases of Engineer's services will include management of Engineer's Project-specific responsibilities, including but not limited to the following management tasks, whether separately tracked and itemized or included as being incidental to other phase and scope task items.

1. Develop and submit an Engineering Services Schedule. The Engineering Services Schedule will:

a. be consistent with and serve as a supplement to the Schedule of Deliverables set forth in Exhibit B.

b. be updated on a regular basis, and as required to reflect any programmatic decisions by Owner.

c. include, but not be limited to, an anticipated sequence of tasks; estimates of task duration; interrelationships among tasks; milestone meetings and submittals; anticipated schedule of construction; and other pertinent Project events.

2. Develop and submit detailed work plans from Exhibit A tasks. **Not Applicable.**

3. Coordinate services within Engineer's internal team, and with Subconsultants and Engineer's Subcontractors.

4. Prepare for and participate in meetings with consultants and contractors working on other parts of the Project that may affect, or be affected by, Engineer's services or resulting construction.

5. Prepare and submit **monthly** engineering services progress reports to the Owner. Include summary of services performed in period, expected progress in next period, percent completion of current tasks, and a description of major issues or concerns.

6. Special Invoicing: In addition to, or as a substitute for, Engineer's standard invoicing, provide the specified additional information or documentation, following the invoicing procedures indicated: **Not Applicable;** .

7. Conduct ongoing management tasks, including:

a. Maintaining communications records and files pertaining to or arising from Engineer's services;

b. With respect to Engineer's services and other directly relevant parts of the Project, prepare for and participate in periodic progress meetings with Owner to discuss progress, schedule, budget, issues, potential problems and their resolution; and

Copyright© 2020 National Society of Professional Engineers, American Council of Engineering Companies, and American Society of Civil Engineers. All rights reserved.

c. Preparing agendas prior to and minutes following all Engineer-led meetings.

B. In all phases of Engineer's services, Engineer shall prepare draft and final Drawings in accordance with **Engineer's CAD standards using AutoCAD, Owner's CAD standards, ACAD standard**, using **ACAD 2013 or newer** version **AutoCAD** software.

C. The source documents for the draft and final Specifications in all phases of Engineer's services will be **Engineer's standard specifications and Owner's standard specifications**, unless otherwise mutually agreed upon by the parties.

1.02 Study and Report Phase

A. Engineer shall:

1. Consult with Owner to define and clarify Owner's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility, and expandability, and any budgetary limitations, and identify available data, information, reports, facilities plans, and site evaluations.

a. If Owner has already identified one or more potential solutions to meet its Project requirements, then proceed with the study and evaluation of the Owner-identified potential solutions listed here:

1) **Refer to attachment Exhibit A Scope of Services**.

b. If Owner has not identified specific potential solutions for study and evaluation, then assist Owner in determining whether Owner's requirements, and available data, reports, plans, and evaluations, point to a single potential solution for Engineer's study and evaluation, or are such that it will be necessary for Engineer to identify, study, and evaluate multiple potential solutions.
