VARIANCE

GENERAL INFORMATION

Case File Number: 2502ZB024

Hearing Date: July 31, 2025

Zoning/Use: R-1-7.5 / Vacant Lot

Legal: Variance 2502ZB024, by agent David John Hunter, seeking approval for an 8 foot setback where 25 feet is required for a secondary frontage, Tax Parcel 0911F-01-035.000, 500 East Beach Blvd, Zoned R-1-7.5 (Single-Family), Ward 2

TECHNICAL DETAILS

Variations involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variations should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant requests a variance to have an 8-foot second frontage setback where 25 feet is required. The R-1-7.5 zone does not call out a second frontage setback, however, the second frontage must also meet the front setback outlined in the ordinance. Due to the size and shape of the parcel, it would not be possible to build a single-family home that would meet both the secondary frontage set back and the side yard setback on Lot 4 of this parcel.

- (a) The applicant notes that the property is unique because Alfonso Drive, along the east side of this lot narrows from more than 20 feet wide to 10 feet wide and requiring a 25 foot second frontage setback on this 50 feet wide lot, rather than an 8 foot second frontage setback, would cause a hardship by reducing the buildable site by 50% from 34 feet to 17 feet. Upon site visit, it is clear that not many homes in the area are built within the secondary frontage setback, however, this being a lot of record and the size and shape of the parcel presents a real hardship if intending to front East Beach Blvd.
- (b) In the application, the applicant cites that the 10 foot width of Alfonso Drive along the east side of this lot has been in existence for decades based on discussions with current and prior property owners and neighbors. The special conditions and circumstances does not result from the actions of the applicant, it is caused by the property and the unusual shape of Alphonso Drive.
- (c) The applicant states the unnecessary hardship is created by Alphonso Drive being unusual and peculiar by only being 10 feet wide along the east side of this 50 feet wide lot. Because this property fronts two public right of ways, this results in the applicant having to adhere to the front setback of 25 feet.
- (d) The applicant notes there are many property owners which build homes 32 feet wide on 50 feet lots in the district, as such, it is common for homeowners to expect 8 feet side lot setbacks in the area. Because of the size and shape of the parcel, the literal interpretation of the ordinance would prevent reasonable development on Lot 4.
- (e) The applicant states "I will not receive any special benefit that others who follow the Zoning Ordinance cannot receive as my realtor states many property owners benefit from 8 feet wide side lot setbacks." Because of the size and shape of the property, the granting of this variance will not give any special privilege to the applicant. It is clear that the parcel has a particular shape and size that other parcels in the area do not thus creating the need for the variance.
- (f) This property is zoned R-1-7.5, and a single-family home is allowed by right.

EXECUTIVE SUMMARY

The applicant is requesting a variance for a secondary frontage setback of 8 feet where 25 feet is required. Per the ordinance, if a secondary frontage setback is not specifically listed for the zone, the secondary frontage must meet the same measurement as the front yard setback. The required front yard setback for an R-1-7.5 zone is 25 feet thus requiring the secondary frontage setback to be 25 feet. Because of the size and shape of the parcel, a real hardship is faced when developing on Lot 4 where the proposed single-family home would be. The shape and size of the parcel presents a unique hardship that ultimately will need an approval for a variance to build a livable structure onto Lot 4. This case appealed to the City Council on Tuesday, May 6, 2025. The Gulfport City Council remanded the above request back to the Zoning Board of Adjustments and Appeals for review and reconsideration.

Technical Report

VARIANCE

Any approval should consider these conditions:

1. Must comply with all rules and regulations.
2. Approval would allow 8 feet for a second frontage setback where 25 feet is required.
3. Must comply with all current Building Codes and City of Gulfport Ordinances.
4. All protected trees will be preserved and protected. Protected trees will be protected during the construction process per Chapter 8 Ordinance.

Consumer Consent Disclosure

By proceeding and selecting the "I Agree" button corresponding to the Consumer Consent Disclosure section on the Authentisign Terms of Service window you are agreeing that you have reviewed the following consumer consent disclosure information and consent to transacting business electronically, to receive notices and disclosures electronically, and to utilize electronic signatures instead of using paper documents. This electronic signature service ("Authentisign") is provided on behalf of our client ("Sender") who is listed with their contact information at the bottom of the Authentisign Signing Participant email ("Invitation") you received. The Sender will be sending electronic documents, notices, disclosures to you or requesting electronic signatures from you.

You are not required to receive disclosures, notices or sign documents electronically. If you prefer not to do so, you can make a request to receive paper copies and withdraw your consent to conduct business electronically at any time as described below.

Scope of Consent

You agree to receive electronic notices, disclosures, and electronic signature documents with all related and identified documents and disclosures provided over the course of your relationship with the Sender. You may at any point withdraw your consent by following the procedures described below.

Hardware and Software Requirements

To receive the above information electronically, you will need all of the following:

- a computer or tablet device with internet access
- a working individual email address
- a supported operating system and browser from list table below

Operating System	Apple Safari	Mozilla® Firefox	Edge	Chrome
Windows 7/8/10	N/A	60 or higher	84 or higher	80 or higher

Requesting Paper Copies

You have the ability to download and print or download any disclosures, notices or signed documents made available to you through **Authentisign** using the document print options located within the service. **Authentisign** can also email you a copy of all documents you sign electronically. You are not required to receive disclosures, notices or sign documents electronically and may request paper copies of documents or disclosures if you prefer. If you do not wish to work with electronic documents and instead wish to receive paper copies you can contact the **Sender** through the **Authentisign** document signing interface or request paper copies by following the procedures described below. There could be fees associated to printing and delivering the paper documents.

Withdrawal of Consent to Conduct Business Electronically

Consent to receive electronic documents, notices or disclosures can be withdrawn at any time. In order to withdraw consent you must notify the **Sender**. You may withdraw consent to receive electronic notices and disclosures and optionally electronically signatures by following the procedures described below.

Requesting paper documents, withdrawing consent, and/or updating contact information

To request paper copies of documents, withdraw consent to conduct business electronically and receive documents, notices, or disclosures electronically or sign documents electronically please contact the **Sender** by sending an email to **Sender's** email address located at the bottom of the **Invitation** requesting your desired action. Use one of the following email subject lines and insert the associated text into the body of the email:

- Email Subject line: "Request for Paper Documents"
Include your full name, email address, telephone number, postal address and the signing name found in the **Invitation** in the body of the email.
*Note: There could be per page and delivery fees required by the **Sender** to send the paper documents.*
- Email Subject line: "Withdraw Consent to Conduct Business Electronically"
Include your full name, email address, telephone number, postal address and the signing name found in the **Invitation** in the body of the email.
- Email Subject line: "Update Contact Information"
Include your full name, email address, telephone number, postal address and the signing name found in the **Invitation** in the body of the email, along with the requested change(s) to your contact information

VARIANCE SUBMISSION
500 East Beach Blvd, Gulfport, MS 39507

Answer the following six questions individually and thoroughly as a separate attachment.

1. Demonstrate that special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures, or buildings in the same district. (i.e., What is special about your property that you need to request a variance?)
Response: *This lot is peculiar and unique in this district because Alfonso Drive along the east side of this lot narrows from more than 20 feet wide to only 10 feet wide and requiring a 25 feet setback on this 50 feet wide lot, rather than 8 feet, would cause hardship by reducing the buildable width by 50% from 34 feet to 17 feet (e.g. 50 feet minus 16 feet for two 8 feet side lot setbacks = 34 feet, versus 50 feet minus an 8 foot west side lot setback and 25 feet east side lot setback = 17 feet). A minimum 25-foot-front lot setback for 500 East Beach Blvd will be maintained to preserve two large live oak trees. Board approval of this variance request will also enable us to preserve other large live oak trees by safely building in an open space between the front and back of the lot.*
2. Demonstrate that the special conditions and circumstances do not result from the actions of the applicant. (i.e., Show that you did not cause the need for the variance.) **Response:** *The 10 feet width of Alfonso Drive along the east side of this lot has been in existence for decades based on discussions with current and prior property owners and neighbors.*
3. Demonstrate that unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution. (i.e., Explain what your hardship is and why the property cannot comply with the zoning ordinance. Further, explain why this hardship is not commonly found on other properties?) **Response:** *This unnecessary hardship is created by Alfonso Drive being unusual and peculiar by only being 10 feet wide along the east side of this 50 feet wide lot. This hardship is not commonly found as it is unusual for roads to narrow from more than 20 feet to barely 10 feet. Alfonso Drive is also marked with a "Not a Pass Thru" sign at the 2nd Street corner.*
4. Demonstrate how the literal interpretation of the provisions of the zoning ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of the zoning ordinance. (i.e., Explain how the request meets the right of reasonable economic return and/or right to reasonable development of your property which might be generally expected in your district.) **Response:** *There are many property owners which build homes 32 feet wide on 50 feet lots in the district. As such, it is common for homeowners to expect 8 feet side lot setbacks in the area.*
5. Demonstrate that the granting of the variance will not confer the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use the property in a manner as nearly as equivalent to uses generally permitted in the district considering the conditions and circumstances involved and hardship. (i.e., Will you receive any special benefit that others who follow the Zoning Ordinance cannot receive?) **Response:** *I will not receive any special benefit that others who follow the Zoning Ordinance cannot receive as my realtor states many property owners benefit from 8 feet wide side lot setbacks.*
6. State whether the use proposed is permissible by right, with planning approval or by special exception with respect to uses of land or structures. **Response:** *I understand the use proposed is permissible by right with planning approval of this variance exception.*

AFFIDAVIT OF TITLE

PERSONALLY APPEARED BEFORE ME, the undersigned authority, on this day personally appeared Margaret R. Henson and Kathleen R. Butler ("Affiant"), who, being first duly sworn, upon their oath states:

1. We are the owners of Harrison County, Mississippi Ad Valorem Tax Parcel Number 0911F-01-035.000 and all improvements thereon. Said property being legally described on Exhibit "A" attached hereto.
2. We further certify that the subject property is vested this date in the following: Margaret R. Henson and Kathleen R. Butler by virtue of Quitclaim Deed dated November 24, 2021 and recorded March 22, 2022 as described in Deed Instrument Number 2022 6478 D J1.
3. We survived our mother, Helen B. Roberson ("Grantor"), who passed away on February 19, 2022. We have been in possession of subject Warranty Deed from the date of its execution to the date of its recording due to my lack of knowledge that said Deed required recording with the Chancery Clerk of Harrison County, Mississippi to be validated.
4. We are aware of the penalties of perjury under Federal Law, which includes the execution of a false affidavit, pursuant to 18 U.S.C.S. § 1621 wherein it is provided that anyone found guilty shall not be fined more than \$2,000 or imprisoned not more than 5 years or both. We are also aware that filing of a false affidavit is perjury and punishable under Miss. Code Ann. § 97-9-19. Finally, We are also aware that under Miss. Code Ann. § 97-19-39, if a person with the intent to cheat or defraud another uses a false token or any other false pretense to obtain a signature of a person on a writing, or obtain money, personal property, or value, the person is guilty of a crime and will be punished by a fine of not more than three times the amount of the thing obtained and imprisonment in the penitentiary for not more than three years or in a jail for not more than one year.

The undersigned certifies under penalty of perjury that the foregoing is true and correct.

Further affiant sayeth not.

WITNESS OUR SIGNATURES, this September 8, 2023.

VARIANCE

GENERAL INFORMATION

Case File Number: 2506ZB072

Hearing Date: July 31, 2025

Current Zoning/Use: R-1-15/Vacant Lot

Legal: Variance 2506ZB072, by owner Savannah Walk Townhomes LLC, seeking approval for a sign structure height of 12.5 feet where 6 feet is the height limit, Tax Parcel 0807G-01-001.000, South Swan Road, Zoned R-1-15 (Single-family), Ward 7

TECHNICAL DETAILS

Variances involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variances should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant requests a variance to allow for building a subdivision sign at the height of 12.5 feet where 6 feet is the size limit. While there should be no visibility issues, there are no existing subdivision signs in the area that achieve the same level of scope as this petition.

- (a) The applicant states that by allowing the variance, a nicer entrance monument can be constructed to enhance the appearance of the subdivision. This is not a sufficient answer to the question. The desire to have a “nicer entrance monument” could not be considered neither a special circumstance nor a hardship.
- (b) The applicant claims that approval of the variance will increase the aesthetic appeal of the entrance. This is not a suitable answer to the question as this does not show whether or not the applicant is directly causing their hardship. The fact that the applicant states that this variance is due to the desire for aesthetic appeal proves that they are the cause of their own hardship.
- (c) Applicant states that the property is unusual because it is fronting South Swan Road and would benefit from a “grand entrance.” An ordinance change may offer reasonable solutions as a perhaps a allowing for larger signs for subdivision signifiers.
- (d) Applicant states the entrance sign proposed would give the neighborhood identity and “large entrance monuments have been show to help increase property value.” Value is not a sufficient hardship for a variance. There are no observable subdivision signs in this area that matches the scope of this request.
- (e) Applicant believes that granting this variance would not confer special rights upon them. Upon staff review, there are no subdivision signs in this area that matches the scope of this request. Approval would set precedent in this area.
- (f) This property is zoned R-1-15, and a subdivision sign is allowed by Architectural Review Committee Approval.

EXECUTIVE SUMMARY

The six criteria for hardship have not be met. The applicant does not display genuine hardship. The desire for a 12.5 foot tall sign is ultimately the cause of the hardship, and that is a direct result of the applicant. Furthermore, upon staff review, there are no observable subdivision signs that match the scope of this request in that area. Approval of this request would establish a precedent in this area.

Any approval should consider these conditions:

- 1. Must comply with all zoning rules and regulations.
- 2. Must be approved by Architectural Review Committee.
- 3. Approval allows for a subdivision sign of 12 feet in height.

Subdivision Identification Sign

Height Variance Submission

1. Special circumstances exist the property where the sign will be placed in a common area at the entrance to a subdivision and the monumentation is facing South Swan Road. By allowing the variance, a nicer entrance monument can be constructed to enhance the appearance of the subdivision.
2. Although we are requesting for the installation of this sign, we believe that the variance is warranted to bring additional investment to the subdivision which will increase the aesthetic appeal of the entrance. It will also not adversely affect neighboring property owners.
3. This property is unusual because it fronting South Swan Road and would benefit from a "grand entrance" that will enhance the community.
4. Not allowing this variance would prohibit additional investment by a developer wishing to increase the amenities and value of the subdivision by creating a nice entrance. Entrance Monumentation not only give the neighborhood identity, but large entrance monuments have been shown to help increase property values.
5. There is no special privilege associated with this variance request because other subdivisions have been granted similar variances and there are similar fences and entrances on South Swan Road.
6. The fence/wall is allowed by right. The variance is only for the height of the wall/fence and the height of the sign plaque.

GENERAL INFORMATION

Case File Number: 2506ZB074

Hearing Date: July 31, 2025

Current Zoning/Use: R-B/ Vacant Lots

Legal: Variance 2506ZB074, by agent Michael Cowan, seeking approval for an 11-foot secondary frontage setback where 25 feet is required, Tax Parcel 07100-01-012.000, 2900 43rd Ave, Zoned R-B (Residence-Business), Ward 1

TECHNICAL DETAILS

Variations involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variations should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant is seeking approval for an 11-foot second frontage setback, where 25 feet is required, for a proposed lot that would be carved out from an existing larger parcel for the placement of a single-family home as part of a proposed subdivision of single-family homes.

- (a) The applicant states “the subject property will be used to offer affordable housing and lower maintenance with small lot size.” This answer does not demonstrate any special conditions that exist peculiar to the land which are not applicable to other lands in that same district. Regarding the lot size portion of the answer that is subject to a separate variance that this applicant has submitted.
- (b) The applicant claims that the subject property has been sitting dormant for years with no new construction in the area and that the variance is necessary to bring affordable housing to the area. The applicant also claims that part of the reason for the variance is due to the existence of mature live oaks on the property and the variance would help the applicant better fit the house around the live oaks. The first portion of the applicant’s statement does not address how any special conditions, or hardships, are not caused by the applicant or not. Regarding the statement regarding the live oaks, as live oaks are a protected tree species an approved tree permit for removal would be required for any of said protected trees to be removed. As there would be no guarantee that the applicant could obtain an approved tree permit for removal of protected trees, such could be considered as a hardship not caused by the applicant’s actions. That being said, this site is part of an area that contained a single-family home that was recently demolished. A site visit conducted by staff confirmed the vacancy of the former primary structure. The property currently would be able to accommodate the 25-foot secondary frontage, however the applicant’s proposed division and home placement would cause the need for the variance.
- (c) The applicant states “the hardship deals with challenge of constructing housing that will be affordable for the customer.” The applicant then also references the lot sizes in their statement, and claims that there are other variances in the area. The lot size portion of the applicant’s answer is subject to a separate variance request. The applicant does not appropriately address the question regarding the demonstration of how a hardship is created by the physical character of the land. Regarding the claim about variances in the nearby area, upon review of the surrounding area, staff could find no record of variances that went before this board.
- (d) The applicant claims they are asking for something that exists in other parts of this area, however their statement refers to lot size requirements which are subject to a separate variance. The applicant does not properly address the question regarding the literal interpretation of the ordinance. Regarding setbacks, the R-B zoning requires setbacks of 25 feet from frontage property lines. Excluding amending the district regulations regarding secondary frontage setbacks, while an approved variance would allow the applicant to place the proposed home within a carved-out corner lot, as the current property could accommodate the setback requirements the applicant could divide the property to potentially have their proposed house meet setback requirements and not require the variance.
- (e) The applicant claims that there would be no special benefits for them, and that the benefit will be to the consumer. The applicant’s response does not answer if granting the variance will confer special privileges that other properties would be denied by this

Technical Report

VARIANCE

ordinance. While there are some structures on other properties nearby that are close to the property lines, these structures are in different zoning districts and are pre-existing nonconforming. Looking at other properties nearby within the same zoning district with existing structures, they are meeting setbacks for the R-B zoning district. Approval of the applicant's request would set a precedence in the area.

- (f) The property is zoned R-B, and a single-family home would be allowed by right.

EXECUTIVE SUMMARY

The applicant is seeking approval for a secondary frontage of 11 feet where 25 feet is required, in order to place a single-family home on a proposed carved-out corner lot. The six hardship criteria have not been met, and the hardships stated do not meet merit. The applicant claims that part of the reason for the setback request is due to the existence of mature live oaks on the property, which while there would be no guarantee that an approved tree permit for removal could be obtained, the site for the proposed parcel is part of where a single-family home was recently demolished. The applicant is seeking to divide a smaller corner lot from the existing parcel in order to place a single-family home, which would be part of a proposed subdivision of single-family homes. The applicant's request would set a precedence in the area, as other nearby properties within the same zoning district are meeting the setback requirements for the R-B zoning district.

Any approval should consider these conditions:

1. Approval would allow for a secondary frontage setback of 11 feet, where 25 feet is required.
2. Must comply with all current Building Codes and City of Gulfport Ordinances.
3. All protected trees shall be protected and preserved.

VARIANCE SUBMISSIONS

Demonstrate that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district. (i.e. What is special about your property that you need to request a variance)

The subject property will be used to offer affordable housing and lower maintenance with smaller lot size

Demonstrate that the special conditions and circumstances do not result from the actions of the applicant. (i.e., Show that you did not cause the need for the variance.)

The subject property has been sitting dormant for years with no new construction in the area. The variance is necessary to bring affordable housing and much needed improvements to the area.

Demonstrate that an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution. (i.e., Explain what your hardship is and why the property cannot comply with the zoning ordinance. Further explain why this hardship is not commonly found on other properties?)

The hardship deals with the challenge of constructing housing that will be affordable for the consumer. A smaller lot size variance will allow for a lower purchase price and lower maintenance costs. There are other variances in the area.

Demonstrate how the literal interpretation of the provisions of the zoning ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of the zoning ordinance. (i.e., Explain how the request meets the right of reasonable economic return and/or the right to reasonable development of your property which might generally be expected in your district).

We are not asking for anything that does not already exist in other parts of this area. We are simply asking for the option to build on a smaller lot. More homes that are affordable and less yard to maintain and clutter buildup. Building a 1600 sf home on A 5000 sf lot will meet the current setbacks in excess on all 4 sides.

See attached; Other properties, Setbacks.

Demonstrate that the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and hardship. (i.e., Will you receive any special benefit that others who follow the Zoning Ordinance cannot receive?)

There are no special benefits for us. The benefit will be to the consumer.

State whether the use proposed is permissible by right, with planning approval or by special exception with respect to uses of land or structures.

We would like to ask for permission to approve this by right. We can meet the required setbacks. The land around us is large 3-5-acre, family-owned Home Sites. The land to the east is grown up vacant lots, and a house or 2. Building these affordable homes would help to clean up this area and bring it back to Life.

Variance Request regarding corner lot side setback.

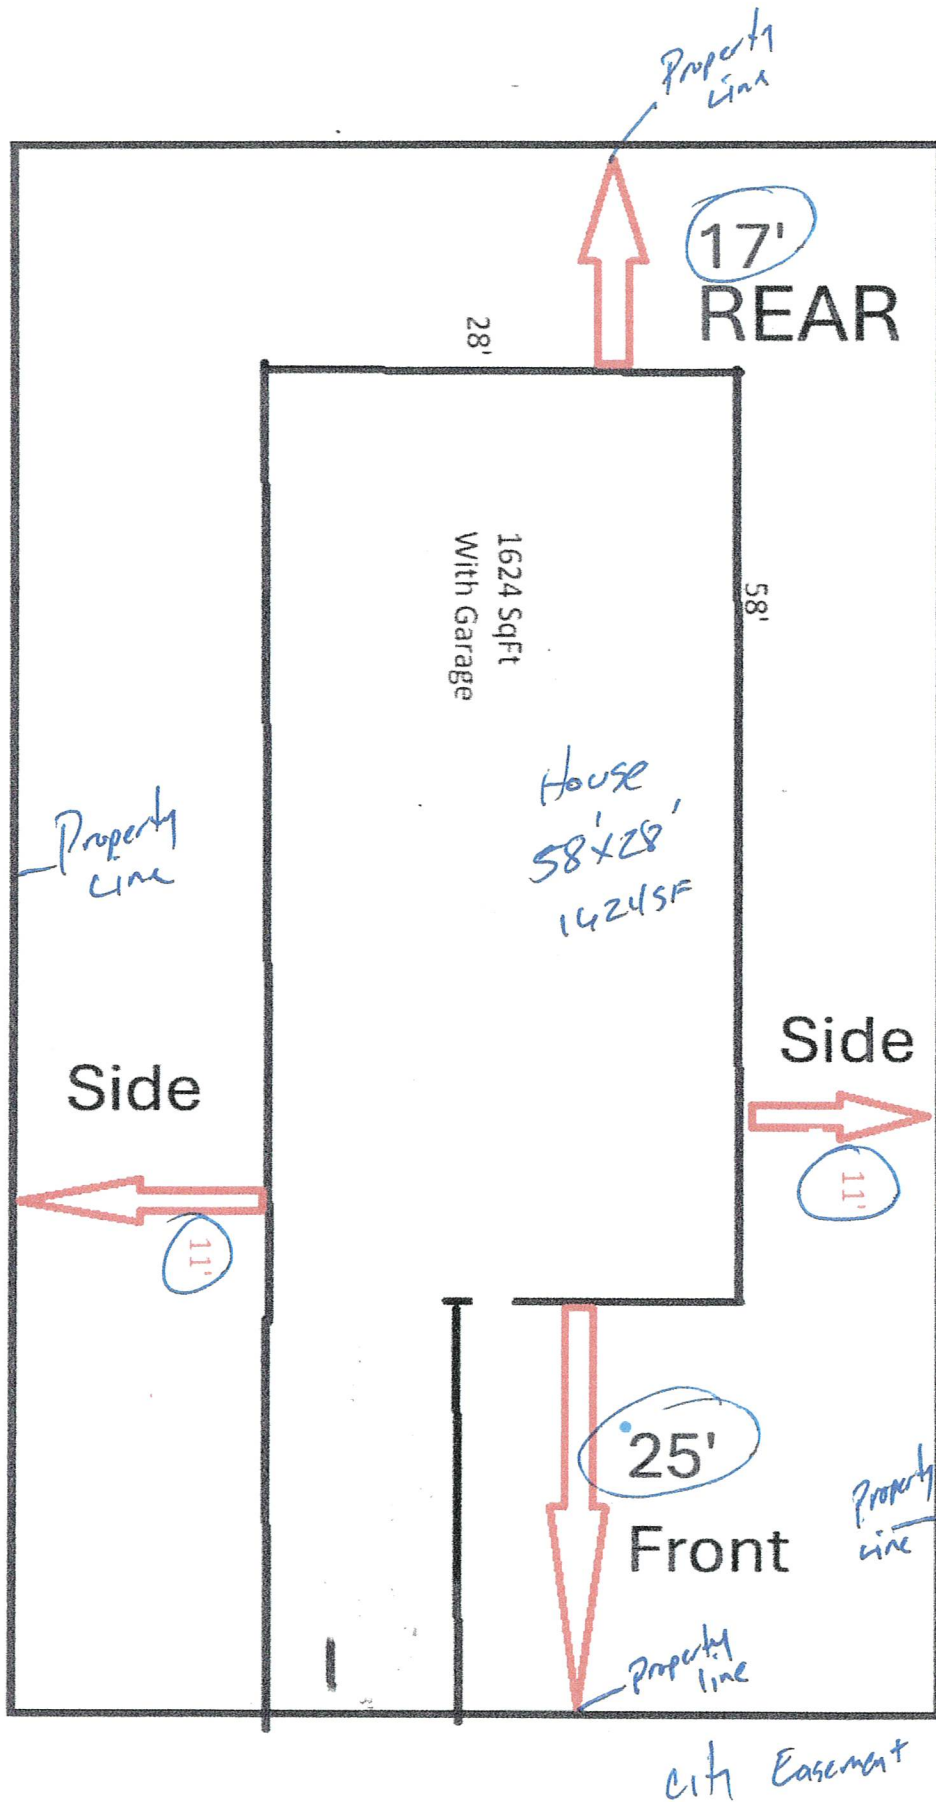

2900 43rd aka Papania Lane.

We request a Variance of 11' from the side property line on the corner lot. (43rd & 29th)

The current side setback for a corner lot is 25'

There are several mature live oaks on this property, the variances will allow us to better fit the houses around the live oaks and not cut them down.

We understand that surveys and formal site plans will need to be submitted along with plans before moving forward. This is a request to reduce the side back from 25' to 11' at the corner of 43rd and 29th.

DEFENDANTS

**JUDGMENT VACATING ROADWAYS, ALLEYS AND COVENANTS AND
AMEND/RESUBDIVIDE PLATS**

THIS MATTER, having come before this Court on the Amended Petition of the Plaintiff, PATRICK PAPANIA, to Vacate Roadways, Alleys and Covenants and Amend/Resubdivide Plats, the Court having reviewed the pleadings and being fully advised in the premises and noting no objections, finds that the relief requested in Plaintiff's Amended Petition should be GRANTED. The Court finds as follows:

1. The Plaintiff, Patrick Papania is the owner of certain real property lying and being situated in the First Judicial District of Harrison County, Mississippi, more particularly described as Blocks 2 and 3, Montgomery Addition Subdivision, Harrison County, Mississippi, First Judicial District. The Court further finds,
2. That the Defendants herein, who are adversely affected or directly interested in the proceedings, are as follows:
 - (a) The City of Gulfport, Mississippi ("City"), which may be served with process upon the City Clerk, Rashida Bell, at 2309 15th Street, Gulfport, Mississippi 39501, in the manner consistent with Rule 4 of the Mississippi Rules of Civil Procedure,

- (b) Harrison County, Mississippi ("County"), which may be served with process upon the President of the Harrison County Board of Supervisors at her usual mailing address of 1801 23rd Avenue, Gulfport, Mississippi 39501 in the manner consistent with Rule 4 of the Mississippi Rules of Civil Procedure; and
- (c) Tony Shifalo, an adjoining property owner, who may be served with process at 4037 Brem Street, Bay St. Louis, MS 39520, and who has agreed to divide the 80-foot right of way that separates his property from the Plaintiff's property.
- (d) Deborah Holmes, an adjoining property owner, who may be served with process at 1316 Pinecrest Avenue, Gulfport, Mississippi 39507, and who has agreed to divide the 80-foot right of way that separates her property from the Plaintiff's property.
- (e) Any and all other persons with an interest in the portion of the plat being vacated, whose names, post office boxes and addresses are unknown after a diligent search and inquiry and who may be served with process by publication in accordance with Rule 4 of the Mississippi Rules of Civil Procedure.

The Court further finds,

3. That this Court has subject matter jurisdiction over this matter pursuant to Mississippi Code §§ 19-27-31 and 11-17-31 *et seq.* Venue is also proper in this Court. The Court further finds,

4. That the Plaintiff seeks to vacate the following described land and property (hereinafter, the "Subject Property") lying and being situated in the First Judicial District, Harrison County, Mississippi, to-wit:

GENERAL INFORMATION

Case File Number: 2506ZB075

Hearing Date: July 31, 2025

Current Zoning/Use: R-B / Single-Family home and Vacant lots

Legal: Variance 2506ZB075, by agent Michael Cowan, seeking approval for lot size of 5,000 square feet where 7,500 is required, Tax Parcel 07100-01-012.000, 07100-01-012.001, 07100-03-033.000, 07100-03-032.000, 2900 43rd Ave, 2920 43rd Ave, Zoned R-B (Residence-Business), Ward 1

TECHNICAL DETAILS

Variations involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variations should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant is seeking approval for 5,000 square foot lot sizes for development of a subdivision of single-family homes where district regulation requires lot sizes of 7,500 square feet.

- (a) The applicant states that “the subject property will be used to offer affordable housing and lower maintenance with smaller lot size.” This statement does not address any special circumstances which are particular to the land, structure, or any building involved that are not applicable to other lands, structures, or building in the same district. The applicant is seeking to divide the subject parcels into 5,000 square foot lots for a subdivision for single family homes, where ordinance requires 7,500 square feet for each lot. The hardship, or special conditions, are created by the applicant seeking to deviate from district regulations by creating smaller lots.
- (b) The applicant states “the subject property has been sitting dormant for years with no new construction in the area, the variance is necessary to bring affordable housing and much needed improvements to the area.” This statement does not demonstrate how any hardship does not result from the actions of the applicant. The properties in question have a total acreage of approximately 4.1 acres, excluding the unimproved right-of-way running between the properties. With this amount of acreage, the applicant has more than enough square footage to divide the parcels into 7,500 square foot lots for the single-family home subdivision. The applicant is creating their own hardship by seeking to create lots that are smaller than what district regulations allow.
- (c) The applicant claims that the hardship deals with the challenge of constructing housing that will be affordable for the consumer, and that the smaller lot size variance would allow for a lower purchase price and lower maintenance costs. The applicant also claims that there are other variances in this area. These claims do not address any hardship caused by the physical character of the land. The applicant is creating their own hardship by seeking to deviate from the lot size requirements for the R-B zoning district in order to place more houses within their proposed subdivision in and maximize their profits. Upon review of the surrounding area, staff could find no record of variances that went before this board.
- (d) The applicant claims that they are not asking for anything that does not already exist in other parts of the area, that they are seeking to build single-family homes on smaller lots. While there are some properties in the nearby area that are less than the 7,500 square foot size, these properties are either divided down the original lot lines of pre-existing platted subdivisions or they are within a different zoning that does not have a minimum build site, or lot size, requirement. The applicant’s requested lot size is the same as what is required for an R-1-5 zoning district for single-family homes. The applicant is asking to utilize the lot size requirements of a separate zoning district without rezoning the subject properties, which would constitute as an instance of De Facto rezoning.
- (e) The applicant states “there are no special benefits for us, the benefit will be to the consumer.” The applicant’s statement does not address how granting the variance would grant special privileges that others in the same district would not be able to enjoy. As noted prior the applicant’s request is to seek approval for smaller lot sizes similar to another zoning district without rezoning the subject properties. Granting this variance would confer special privileges as there have been other similar requests put before this

Technical Report

VARIANCE

board that were denied due to the instance of De Facto rezoning, such as case 2304ZB035.

(f) This property is zoned R-B, and a single-family home is allowed by right.

EXECUTIVE SUMMARY

The applicant is seeking approval for lot sizes of 5,000 square feet where district regulations for R-B zoning requires 7,500 square feet for single-family homes. The six-hardship criteria have not been met, and the hardship provided by the applicant does not meet merit. The applicant is seeking approval for smaller lots sizes in order to place more houses with a subdivision of single-family homes to increase profit. The applicant's request would seeking for the lot size requirement for a separate zoning district, R-1-5, without rezoning the property, which is an instance of De Facto rezoning. Granting this variance would confer special privileges as there have been other similar requests that have been denied by this board due to the issue of De Facto rezoning, such as case# 2304ZB035.

Any approval should consider these conditions:

1. Approval would allow for lot sizes of 5,000 square feet where 7,500 square feet is required.
2. Must comply with all current Building Codes and City of Gulfport Ordinances.
3. All protected trees shall be protected and preserved.

VARIANCE SUBMISSIONS

Demonstrate that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district. (i.e. What is special about your property that you need to request a variance)

The subject property will be used to offer affordable housing and lower maintenance with smaller lot size

Demonstrate that the special conditions and circumstances do not result from the actions of the applicant. (i.e., Show that you did not cause the need for the variance.)

The subject property has been sitting dormant for years with no new construction in the area. The variance is necessary to bring affordable housing and much needed improvements to the area.

Demonstrate that an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution. (i.e., Explain what your hardship is and why the property cannot comply with the zoning ordinance. Further explain why this hardship is not commonly found on other properties?)

The hardship deals with the challenge of constructing housing that will be affordable for the consumer. A smaller lot size variance will allow for a lower purchase price and lower maintenance costs. There are other variances in the area.

Demonstrate how the literal interpretation of the provisions of the zoning ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of the zoning ordinance. (i.e., Explain how the request meets the right of reasonable economic return and/or the right to reasonable development of your property which might generally be expected in your district).

We are not asking for anything that does not already exist in other parts of this area. We are simply asking for the option to build on a smaller lot. More homes that are affordable and less yard to maintain and clutter buildup. Building a 1600 sf home on A 5000 sf lot will meet the current setbacks in excess on all 4 sides.

See attached; Other properties, Setbacks.

Demonstrate that the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and hardship. (i.e., Will you receive any special benefit that others who follow the Zoning Ordinance cannot receive?)

There are no special benefits for us. The benefit will be to the consumer.

State whether the use proposed is permissible by right, with planning approval or by special exception with respect to uses of land or structures.

We would like to ask for permission to approve this by right. We can meet the required setbacks. The land around us is large 3-5-acre, family-owned Home Sites. The land to the east is grown up vacant lots, and a house or 2. Building these affordable homes would help to clean up this area and bring it back to Life.

Variance to allow residential homes to be built on a 5000sf lot

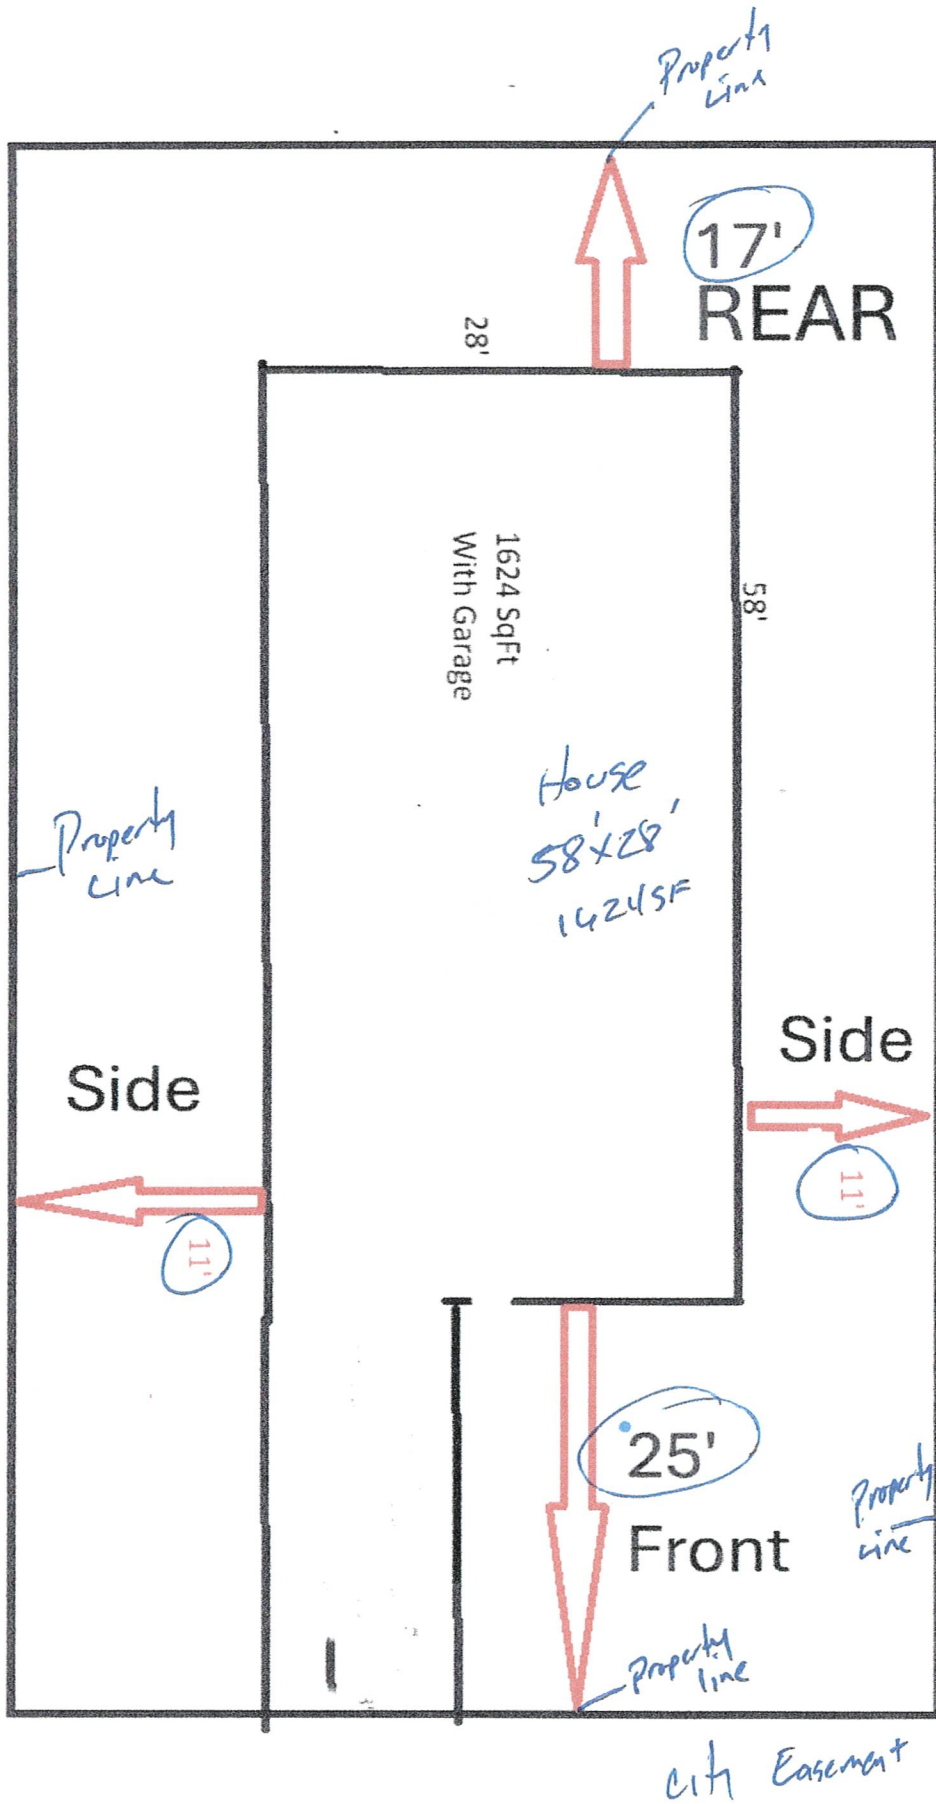

The 5000sf lot size that we are proposing does meet the current set back requirements.

By granting us the use of a 5000sf lot size, we can provide a more affordable home and reduce the potential for clutter. 5000sf is perfect for starter families and others that do not want ***big yard*** maintenance.

A 1200 to 1600sf house on 5000sf gives us 3400 sf of low maintenance Green Space., less space to grow up, park a broken-down vehicle, just less space to trash up. Easy to keep up.

Look at developments that are 5-10 years old and you will see what we are trying to prevent.

This property is where Mr. Tony Shifalo grew up, over the years and through many hurricanes, this area has become vacant. North, South, East and West of the property, you will see vacant run-down houses, vacant lots with nothing but a slab and other vacant properties with things that just need to go to the dump. We want to help clean up this area and provide affordable housing.

FIRST JUDICIAL DISTRICT BY _____ D.C.

PATRICK PAPANIA

PLAINTIFF

VS.

CAUSE NO. 24-1294(1)

**THE CITY OF GULFPORT, MISSISSIPPI;
HARRISON COUNTY, MISSISSIPPI;
TONY SHIFALO; DEBORAH HOLMES; AND
ANY AND ALL OTHER PERSONS WITH
AN INTEREST IN THE PROPERTY DESCRIBED
IN THE SUBJECT PETITION**

DEFENDANTS

**JUDGMENT VACATING ROADWAYS, ALLEYS AND COVENANTS AND
AMEND/RESUBDIVIDE PLATS**

THIS MATTER, having come before this Court on the Amended Petition of the Plaintiff, PATRICK PAPANIA, to Vacate Roadways, Alleys and Covenants and Amend/Resubdivide Plats, the Court having reviewed the pleadings and being fully advised in the premises and noting no objections, finds that the relief requested in Plaintiff's Amended Petition should be GRANTED. The Court finds as follows:

1. The Plaintiff, Patrick Papania is the owner of certain real property lying and being situated in the First Judicial District of Harrison County, Mississippi, more particularly described as Blocks 2 and 3, Montgomery Addition Subdivision, Harrison County, Mississippi, First Judicial District. The Court further finds,

2. That the Defendants herein, who are adversely affected or directly interested in the proceedings, are as follows:

- (a) The City of Gulfport, Mississippi ("City"), which may be served with process upon the City Clerk, Rashida Bell, at 2309 15th Street, Gulfport, Mississippi 39501, in the manner consistent with Rule 4 of the Mississippi Rules of Civil Procedure.

- (b) Harrison County, Mississippi ("County"), which may be served with process upon the President of the Harrison County Board of Supervisors at her usual mailing address of 1801 23rd Avenue, Gulfport, Mississippi 39501 in the manner consistent with Rule 4 of the Mississippi Rules of Civil Procedure; and
- (c) Tony Shifalo, an adjoining property owner, who may be served with process at 4037 Brem Street, Bay St. Louis, MS 39520, and who has agreed to divide the 80-foot right of way that separates his property from the Plaintiff's property.
- (d) Deborah Holmes, an adjoining property owner, who may be served with process at 1316 Pinecrest Avenue, Gulfport, Mississippi 39507, and who has agreed to divide the 80-foot right of way that separates her property from the Plaintiff's property.
- (e) Any and all other persons with an interest in the portion of the plat being vacated, whose names, post office boxes and addresses are unknown after a diligent search and inquiry and who may be served with process by publication in accordance with Rule 4 of the Mississippi Rules of Civil Procedure.

The Court further finds,

3. That this Court has subject matter jurisdiction over this matter pursuant to Mississippi Code §§ 19-27-31 and 11-17-31 *et seq.* Venue is also proper in this Court. The Court further finds,

4. That the Plaintiff seeks to vacate the following described land and property (hereinafter, the "Subject Property") lying and being situated in the First Judicial District, Harrison County, Mississippi, to-wit:

VARIANCE

GENERAL INFORMATION

Case File Number: 2506ZB076

Hearing Date: July 31, 2025

Current Zoning/Use: R-1-7.5 / Single-Family Home

Legal: Variance 2506ZB076, by owner Daniel Samms, seeking approval for an 8-foot tall fence where 6 feet is the height limit, Tax Parcel 0911D-06-049.000, 2621 6th Ave, Zoned R-1-7.5 (Single-family), Ward 2

TECHNICAL DETAILS

Variations involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variations should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant requests a variance for an 8 foot fence where 6 feet is the maximum. While 8 feet could be achieved by affixing a 2 foot lattice to achieve the 8 foot height, the applicant would like to maintain the solid material for the 8 foot height. As there are no surrounding fences in the area, this petition would establish precedence in this area if it were to be approved.

- (a) The applicant does not answer this question. The property in question has no peculiar or special circumstance that would require a fence to be raised above the 6 foot maximum.
- (b) The applicant states that the current chain link fence is old and damaged. While this is true, the cause of this request is directly from the applicant's desire to exceed the 6 foot maximum.
- (c) The applicant does not answer this question. An ordinance change may provide a solution to this request as if 8 foot fences were allowed by right, then a variance request would not be required.
- (d) The applicant does not answer this question. Upon inspection of the surrounding area, approval of this case would establish precedence as there are no permitted 8 foot fences existing in that area. Therefore, this request would not be in harmony with the area.
- (e) The applicant does not answer this question. The surrounding area has no permitted 8 foot fences or any associated variances for an 8 foot fence. Approval of this petition would establish precedence in this area.
- (f) This property is zoned R-1-7.5, and a fence is allowed by right

EXECUTIVE SUMMARY

No genuine hardship is shown. The six criteria to be considered a hardship have not been met. There are no fences in the surrounding area that reflect an 8 foot fence height and approval of this petition would establish precedence in this area.

Any approval should consider these conditions:

- 1. Approval allows for a side setback of 13.35 feet where 14 feet is required.
- 2. Must comply with all zoning rules and regulations.
- 3. Permit required

ANSWERS

Fence Variance Submissions

Explanation: There are 4 rental units that face the Northside of my property (see attached Photo and Area Map). I would like to install an 8ft fence along the north side of property due to the number of families, elevation of land and decks that face my property. I believe this fence will benefit both properties as well as the neighborhood and all the people that will be impacted by this fence. Both mine and neighboring homes are of similar color and style.

Thank you for your consideration.

1. There are no safety concerns to the subject property, adjacent properties, ingress and egress, streets, alleyways, or bodies of water.
2. The current chain link fence is very old and damaged.
3. Both mine and neighboring homes are of similar color and style. The new fence will complement the neighborhood.
4. New fence will have no impact on ingress or egress
5. Will not screen, buffer or separate any nuisance or hazardous features.
6. It is compatible with the adjacent properties.

GENERAL INFORMATION

Case File Number: 2506SE077

Hearing Date: Zoning Board July 31, 2025
Planning Commission July 24, 2025

Current Zoning/Use: B-2/Commercial Building

Legal: Special Exception 2506SE077, by agent Charfonya Boose, seeking approval for a liquor store use, Tax Parcel 0910N-07-007.000, 406 Pass Road, Zoned B-2 (General Business), Ward 4

TECHNICAL DETAILS

The applicant requests a special exception for a liquor store use at 406 Pass Road, zoned B-2 (General Business). Ordinance 3158 approved on August 3, 2022, eliminated the distance requirements required in the chart of permitted uses for these establishments, however the proposed liquor store is still required to go through Special Exception. The applicant has provided an affidavit that the state requires, that lets us know that the applicant is compliant with Mississippi Code 67-1-51. According to Mississippi Code 67-1-51 section (3) (a), " Except as otherwise provided in this subsection, no authority shall be granted to any person to manufacture, sell or store for sale any intoxicating liquor as specified in this article within four hundred (400) feet of any church, school (excluding any community college, junior college, college or university), kindergarten or funeral home. However, within an area zoned commercial or business, such minimum distance shall be not less than one hundred (100) feet." The property was granted a variance for 0 parking where 7 are required with case 2501ZB009. It should be noted that the site still requires 1 handicap space which is shown on the site plan. The applicant states that the use would be in harmony with the community as the business is located very near to L&M Package store located at 423 Pass Rd. The closest church, the Wilderness Place, is approximately 613 feet from the proposed liquor store use. It is clear, upon staff visit, the area is heavily commercial with uses such as a Shell gas station, Sagan Wholesale, and Tire Doctor.

EXECUTIVE SUMMARY

The applicant requests a special exception for a liquor store use at 406 Pass Road, zoned B-2. The property was granted a variance for 0 parking where 7 are required with case 2501ZB009. It should be noted that the site would still require a handicap parking space which the applicant has indicated on the site plan. The applicant states that the liquor store business would be harmonious with the area and would not create issues with traffic. The closest church, The Wilderness Place, is approximately 613 feet from the proposed liquor store use. The applicant provided staff with a notarized statement claiming that they are in compliance with the state. It is clear, upon staff visit, the area is heavily commercial with uses such as a Shell gas station, Sagan Wholesale, and Tire Doctor.

To, whom it may concern,

The owner previously obtained a variance from the City of Gulfport to have permission to enter and exit off of Pass Rd. at the address of 406 Pass Rd for customers of the Business of Booz Liquor Store.

Booz Liquor Store building at 406 Pass Rd. will have a driveway which is the side of the building where other businesses such as Pinky Hair, Aerya Variety Store & Maystone Locksmith uses for loading.

The refuse area will have a dumpster from Waste Pro.

Mississippi Power, Sparklight, Gulfport water department and waste Pro will be of service once of the approval.

406 Pass Rd does not need any storage in the front of the building.

The signs will be on the building it will not cause any interference with traffic or neighboring businesses, or traffic the lighting will also not disturb traffic or neighboring businesses.

Booz Liquor Store, will be in harmony with the community because it will bring business and revenue to the neighboring businesses and the city of Gulfport. It will not be detrimental to the neighborhood or public welfare. The traffic will not be congested. It also will be in harmony with the community because L & M Liquor Store is 528 ft from 406 Pass Rd. where Booz Liquor Store will be. Warehouse ~~Place~~ is 1,056 ft. from Booz Liquor Store. It meets all requirements of the zoning Ordinance.

To Whom It May Concern:

At their public hearing on Thursday, January 16, 2025, the Gulfport Zoning Board of Adjustment and Appeals approved your variance request with the following conditions:

1. Approval allows for zero required parking spaces.
2. Must apply for a privilege license.
3. Must comply with all rules and regulations.

All variances, unless otherwise specified by the Board of Adjustment and Appeals, shall be void if the project has not commenced within one year of approval. Commencement shall include securing and maintaining a building permit, certificate of occupancy, or privilege license for the use in the application and shall generally conform to the site plan as approved. The applicant should keep a copy of this letter with their property records for future reference.

Any person may appeal this decision to the Gulfport City Council within fifteen (15) calendar days of the public hearing. The filing fee for an appeal is based on the actual cost of the required official transcript and any related miscellaneous charges. Any appeal shall be in writing and submitted to the Department of Urban Development - Planning Division stating what decision is being appealed and why you are aggrieved.

If you have any questions or comments, please contact this office.

Variance 2506ZB078: Variance 2506ZB078, by owner Ancillary Capital LLC, seeking approval for an 8-foot-tall fence where the height limit is 6 feet, Tax Parcel 0811L-03-030.001, 1114 33rd Ave, Zoned T4+ (General Urban Zone "Plus"), Ward 2

Technical Report

VARIANCE

GENERAL INFORMATION

Case File Number: 2506ZB078

Hearing Date: July 31, 2025

Current Zoning/Use: T4+ / Single-Family Dwelling

Legal: Variance 2506ZB078, by owner Ancillary Capital LLC, seeking approval for an 8-foot-tall fence where the height limit is 6 feet, Tax Parcel 0811L-03-030.001, 1114 33rd Ave, Zoned T4+ (General Urban Zone "Plus"), Ward 2

TECHNICAL DETAILS

Variations involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variations should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant requests a variance in order to construct an 8-foot-tall chain link fence where 6 foot is the height limit for a solid fence with no lattice. The City of Gulfport fence ordinance states that fences in Residential Districts between the primary and continuous front façade line continuing to the rear of the property must not be higher than 6 feet above grade except where required to be higher by city ordinance. It is clear to staff, upon site visit, that no 8-foot fences exist in the immediate area and that the approval of this variance would create a precedence and would not be in harmony with the existing neighborhood.

- (a) The applicant does not address this section and instead addresses the fence variance submission question of safety in regard to the subject property. The applicant states that this fence will replace a derelict fence and not negatively impact ingress and egress or the surrounding neighborhood.
- (b) The applicant does not address this section and instead addresses the fence variance submission question of visual Impact on adjacent properties. The applicant states that the fence will be a positive impact visually to surrounding properties because it will replace a derelict fence.
- (c) The applicant does not address the hardship for the variance, or how the physical character of the property would result in a hardship requiring the need for a variance. However, the applicant answers the fence variance question in regard to design in relation to others in the neighborhood. The applicant states that the fence will blend in and compliment the historic character of the area. However, it is clear to staff that no other 8 foot fences exist in the area.
- (d) The applicant does not address the literal interpretation of the ordinance and instead answers the fence variance questions regarding ingress and egress. The applicant states that the fence will not impact the ingress and egress of the site. It is clear to staff that the literal interpretation of the ordinance would not allow an 8 foot solid chain link fence.
- (e) The applicant does not address this question and instead answers the fence variance question regarding screening of any nuisance or hazardous feature. The applicant states that the fence will screen them from the unkept yard next door. It is clear to staff that no 8 foot fence exists in the immediate area and the granting of this variance would create a precedence.
- (f) The applicant states that the fence will be compatible with the adjacent properties in design, style, an appearance. However, it is clear to staff that no 8 foot fence exists in the immediate area and approval of this variance would create a precedence. A fence is allowed by right.

EXECUTIVE SUMMARY

The applicant requests a variance in order to construct an 8-foot-tall chain link fence where 6 foot is the height limit for a solid fence with no lattice. The six criteria for a hardship have not been met by the applicant. The applicant did not address the hardship aspect of this variance other than the fence will provide a barrier between their yard and the unkept yard next door. It is clear to staff, upon site visit, that no 8-foot fences exist in the immediate area and that the approval of this variance would create a precedence and would not be in harmony with the surrounding area.

Technical Report

VARIANCE

Any approval should consider these conditions:

1. Approval would allow for an 8 foot fence where 6 feet is the limit.
2. Permit required.

APPLICATION FOR VARIANCE CONT.

Parcel # 0811L-03-030.001 | 1114 33rd Ave. | Ancillary Capital, LLC / Collin Bourgeois

Please explain the nature of the project that requires the variance(s). When determining a variance to fence, wall, and hedge requirements, the zoning board shall consider the following, which must also be addressed by the applicant on a separate sheet of paper:

1. *Safety in regard to the subject property, adjacent properties, ingress and egress, streets, alleyways, and water bodies;*
 - a. This fence will not negatively affect the safety in regard to the subject property, adjacent properties, ingress and egress, streets, alleyways, and water bodies because it will only be down a portion of one side.
 - b. There will be multiple access points from the same side, front, rear and opposite side.
 - c. The street and alleyway will be unobstructed.
 - d. There will be a positive safety impact with the installation of this fence because it will replace a derelict fence and better contain and obscure the unkept nuisance and junk on the other side.

2. *Visual impact on adjacent properties, streets, alleyways, and water bodies;*
 - a. This fence will provide a positive impact visually on the street and adjacent properties because it will replace a section of derelict fence and it will have blooming Confederate Jasmine growing up the fence.

3. *Design in relation to other structures on the same lot, adjacent properties, and the neighborhood;*
 - a. The design will be in keeping with the new house we are building and to the surrounding properties and neighborhood because it will blend in with and compliment the historic character of the area.

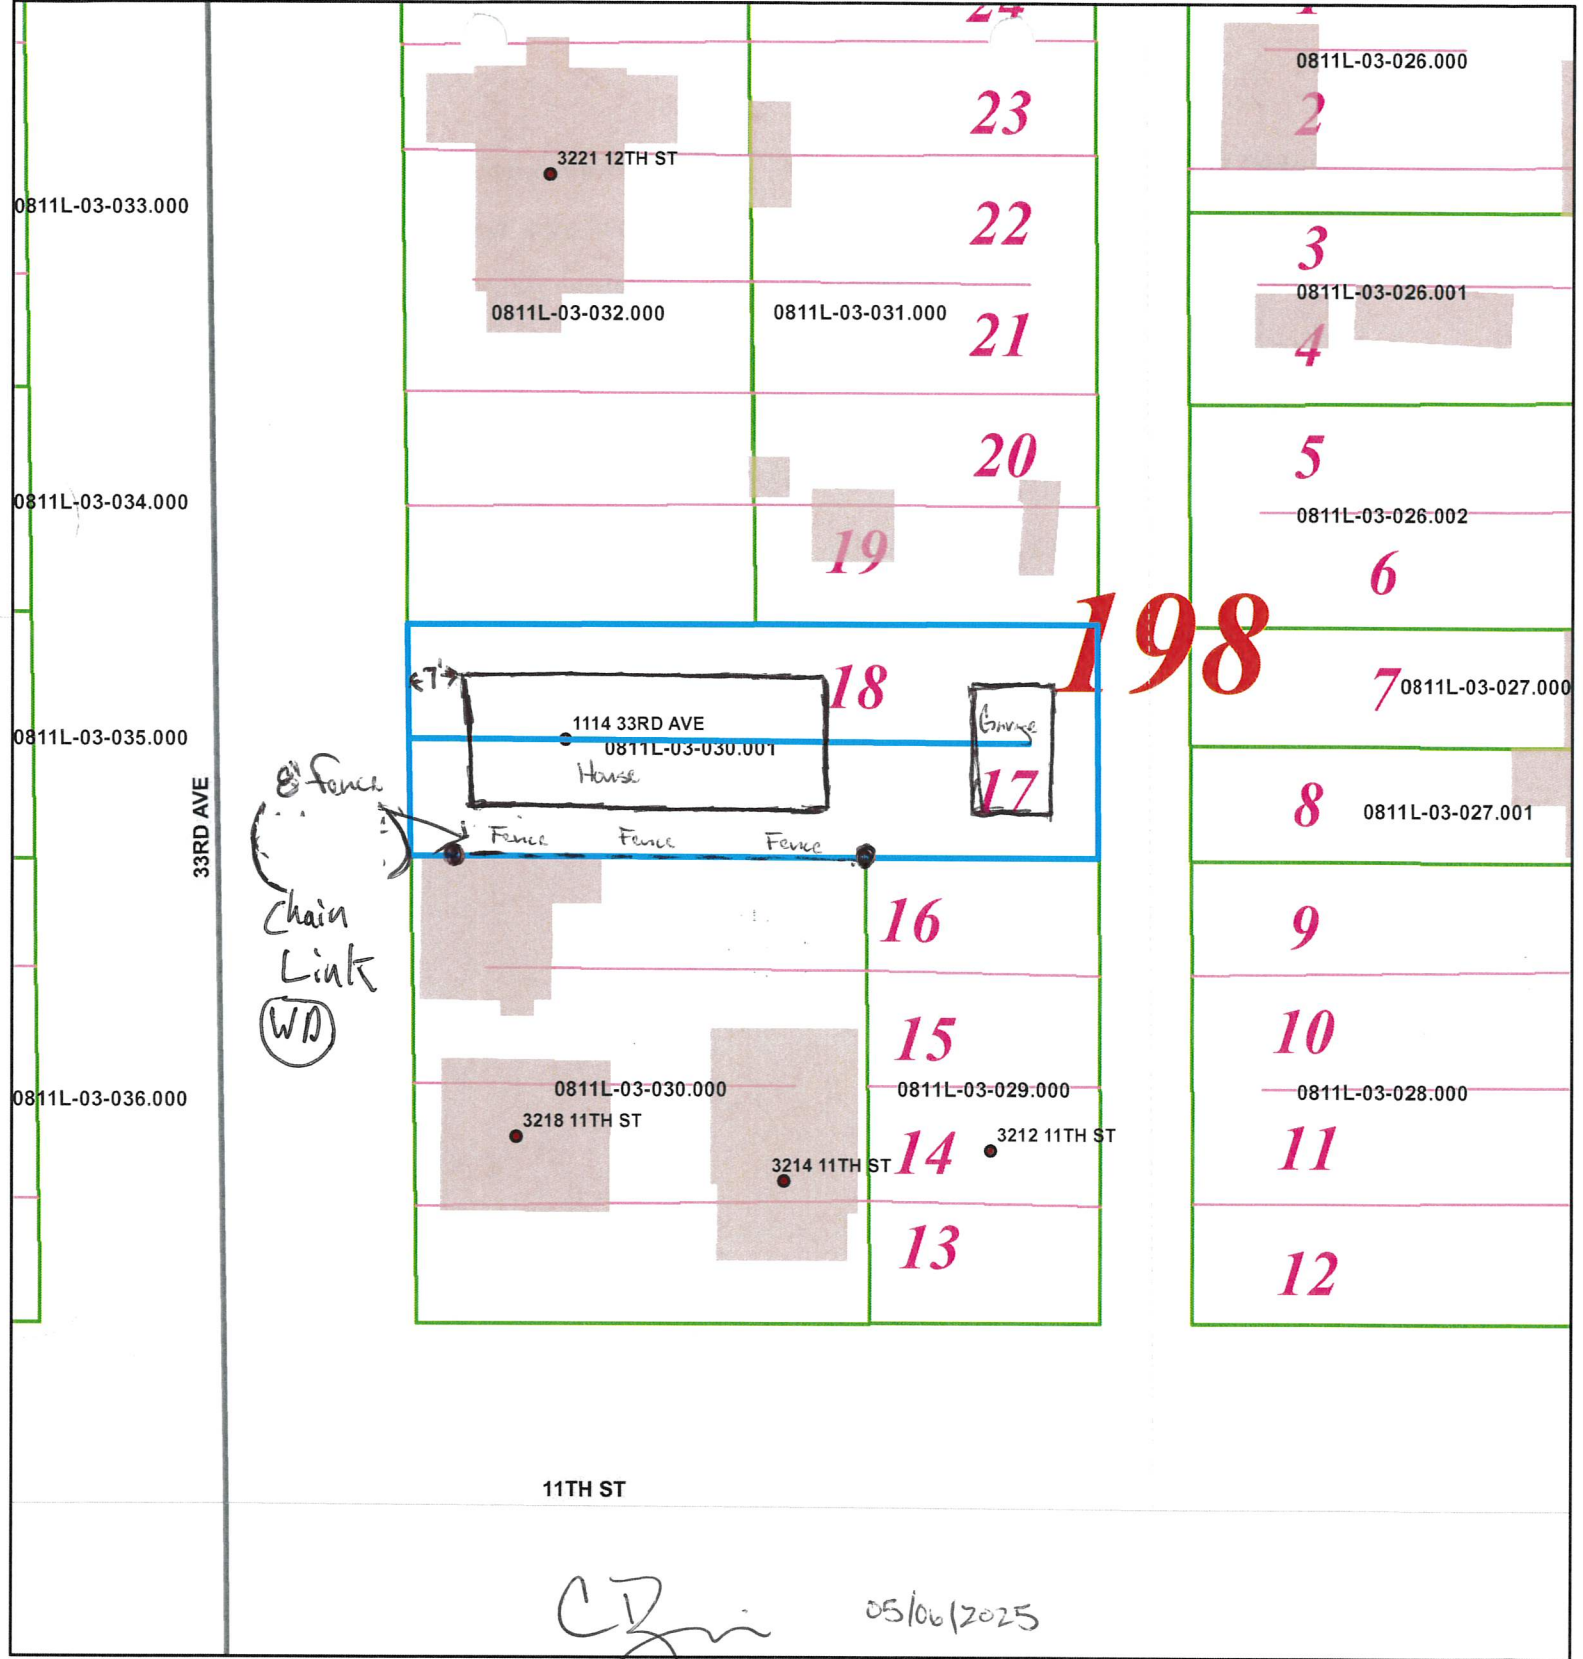

4. *Impact on ingress and egress, if applicable;*
 - a. This fence will not impact ingress and egress because there is ample, unimpeded access from the front, rear, opposite side and other points along this side.

5. *Screening, buffering or separation of any nuisance or hazardous feature;*
 - a. This fence will help to screen, buffer and provide better separation between the side yard and side porch where we will be enjoying coffee and the unkept yard, house and items strewn about the property next door.

APPLICATION FOR VARIANCE CONT.

Parcel # 0811L-03-030.001 | 1114 33rd Ave. | Ancillary Capital, LLC / Collin Bourgeois

6. *Compatibility with adjacent properties;*
 - a. The fence will be compatible with the adjacent properties in design, style and appearance. It will enhance the visible greenery and add to the original historic character of the neighborhood.

GENERAL INFORMATION

Case File Number: 2506ZB079

Hearing Date: July 31, 2025

Current Zoning/Use: T4+ / Vacant Lot

Legal: Variance 2506ZB079, by owner Ancillary Capital LLC, seeking approval for an 8-foot-tall fence where the height limit is 6 feet, Tax Parcel 0811L-03-034.000, 1115 33rd Ave, Zoned T4+ (General Urban Zone "Plus"), Ward 2

TECHNICAL DETAILS

Variations involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variations should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant requests a variance for an eight-foot-tall chain-link fence where the height limit is six feet.

- (a) The applicant did not address this section. The applicant instead addressed the fence variance submission questions, stating that “there will be a positive safety impact with the installation of this fence because it will help provide a barrier between the noxious, moving vehicles in the asphalt parking lot for the apartment next door.” Upon staff review from a site visit, the fence as proposed will not present a site visibility issue.
- (b) The applicant did not address this section. The applicant instead addresses the visual impact question from the fence variance submission questions. The applicant notes that this barrier will have a positive impact visually on the street and adjacent properties because it will help screen the asphalt parking lot and vehicles from the apartment building on the other side. The applicant also notes that the fence will have blooming confederate jasmine growing up the fence.
- (c) The applicant does not address the hardship for the variance, or how the physical character of the property would result in a hardship requiring the need for a variance. The applicant says the design of the barrier will be keeping the historic characteristic of the area. If the proposed fence height were to be six feet tall instead of the proposed eight feet a variance would not be required, thus the applicant has caused their own hardship.
- (d) The applicant does not address the literal interpretations of the ordinance in the statements. Upon staff review of the proposed fence, the placement of the proposed fence would not cause sight or safety issues regarding visibility and would be permissible without the need for a variance at six feet in height.
- (e) The applicant does not address this section. The applicant does note of other properties the immediate area that they claim has similar styles of fences to what is proposed and provided photographs of the fences in question.
- (f) This property is zoned T4+, and a chain-link fence would be permissible should it meet current fence ordinance.

EXECUTIVE SUMMARY

The applicant is seeking approval for an eight-foot-tall chain link fence where six feet is the height limit. The six criteria for hardship have not been met and an eight-foot fence would not be in line with the surrounding area. The applicant is also seeking approval for another eight-foot fence located across the street at 1114 33rd Avenue, case number 2506ZB078. While an eight-foot-tall chain link fence may provide a barrier for the site, a six-foot tall fence would be allowable without the need for a variance.

Any approval should consider these conditions:

1. Approval allows for an eight-foot-tall chain link fence where six feet is the height limit.

APPLICATION FOR VARIANCE CONT.

Parcel # 0811L-03-034.000 | 1115 33rd Ave. | Ancillary Capital, LLC / Collin Bourgeois

Please explain the nature of the project that requires the variance(s). When determining a variance to fence, wall, and hedge requirements, the zoning board shall consider the following, which must also be addressed by the applicant on a separate sheet of paper:

1. *Safety in regard to the subject property, adjacent properties, ingress and egress, streets, alleyways, and water bodies;*
 - a. There will be a positive safety impact with the installation of this barrier because it will help provide a barrier between the noxious, moving vehicles in the asphalt parking lot for the apartment building next door.
 - b. This barrier will not negatively affect the safety in regard to the subject property, adjacent properties, ingress and egress, streets, alleyways, and water bodies because it will only be down a portion of one side.
 - c. There will be multiple access points from the same side, front, rear and opposite side.
 - d. The street and alleyway will be unobstructed.

2. *Visual impact on adjacent properties, streets, alleyways, and water bodies;*
 - a. This barrier will provide a positive impact visually on the street and adjacent properties because it will help screen the asphalt parking lot and vehicles from the apartment building on the other side. It will have blooming Confederate Jasmine growing up the fence which will enhance the aesthetics of the neighborhood.

3. *Design in relation to other structures on the same lot, adjacent properties, and the neighborhood;*
 - a. The design of the barrier will be in keeping with the historic character of the area.

4. *Impact on ingress and egress, if applicable;*
 - a. This barrier will not impact ingress and egress because there is ample, unimpeded access from the front, rear, opposite side and other points along this side.

5. *Screening, buffering or separation of any nuisance or hazardous feature;*
 - a. This barrier will help screen, buffer, and separate the noxious, moving vehicles in the asphalt parking lot for the apartment building next door.

APPLICATION FOR VARIANCE CONT.

Parcel # 0811L-03-034.000 | 1115 33rd Ave. | Ancillary Capital, LLC / Collin Bourgeois

6. *Compatibility with adjacent properties;*
 - a. The barrier will be compatible with the adjacent properties in design, style and appearance. It will enhance the visible greenery and add to the original historic character of the neighborhood.

GENERAL INFORMATION

Case File Number: 2507ZB084

Hearing Date: July 31, 2025

Current Zoning/Use: T4+,T4L, B-2 / Vacant Lots and Commercial Structure

Legal: Variance 2507ZB084, by agent Donovan Scruggs, seeking approval for lot sizes of 4,000 square feet for single-family homes where 7,500 square feet is required, Tax Parcels 1010M-02-001.000, 1010M-02-001.002, 1010M-02-001.003, 1010M-02-001.004, 1010M-02-001.005, 1010M-02-001.006, 1010M-02-005.001, 5th Street, Zoned B-2 (General-Business), T4L (General Urban Zone "Limited"), T4+ (General Urban Zone "Plus"), Ward 2.

TECHNICAL DETAILS

Variations involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variations should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant is seeking approval for lots sizes of 4,000 square feet for single-family homes, for a proposed residential development, where minimum lots size requirement for single-family home construction is 7,500 square feet.

- (a) The applicant does not address any special conditions or circumstances particular to the land that is not applicable to other lands. Despite the applicant's claims that the variance is not to increase the density of the number of dwellings in their proposed subdivision, their request is to allow them to place more dwellings in their proposed development. The special conditions, or hardship, results from the applicant wishing to develop a greater density of single-family homes than what would be allowed by right.
- (b) The applicant notes in their application that their request for reduced lot size for "patio homes" would be more closely associated with the "R-1.5" District which permits 5,000 square feet for single-family residential lots. They note however that the noted zoning district does not allow townhomes and would not be consistent with the area. The applicant claims that the T4L zoning would be more appropriate. While the northern half of the subject site is currently zoned B-2, a zoning map amendment is set to go before City Council for the rezoning of the six northern parcels to T4L. While City of Gulfport does not have an "R-1.5" Zoning District in its ordinance, it does have a zoning district of R-1-5 which does require 5,000 square feet for residential lots for single-family homes. However, the applicant's request is for lot sizes that are smaller than 5,000 square feet, and if the properties were to be rezoned to T4L district regulations would require 7,500 square feet. The applicant refers to the single-family homes as "patio homes" claiming that City of Gulfport does not have a definition for a "patio home" in its ordinance. While City of Gulfport's ordinances do not contain a definition for a patio home, an inquiry into the description of a patio home notes a patio home is a type of single-family dwelling that is often attached to another unit via a common wall. This description would follow closely with the description for a rowhouse or townhouse. Upon further inspection of the proposed development, the applicant is seeking to utilize what is defined in Appendix A, Sec IV, (A),(10) (per ordinance no. 3470) as a Small house/ Small Lot Development, which is only allowable in R-3 zoning districts. The applicant's claims do not address how the special conditions were not caused by the actions of the applicant. Furthermore, the applicant is using varying terminology, and the comparison of an uninvolved zoning district, to obfuscate the intent of seeking the variance to place more single-family homes than would be able to be placed with the 7,500 square foot size requirements for single-family homes, should the northern properties be rezoned to T4L. As the desire to increase profits for a proposed development is not a hardship resulting from the characteristics of the land, the special conditions for their hardship are a result of the applicant's actions.
- (c) The applicant instead diverts their answer to discuss zero-lot line developments, and how if the portion of the structure that would abut the property line were to be moved away from the property line by five feet it would not be considered a zero-lot line development. While it is true that a zero-lot line development consists of zero lot line dwellings that have a building wall directly abut an interior lot line, this does not address
- (d) The applicant claims in their application that the developer of this project could have submitted a plan for townhouse and smaller zero-lot line parcels as the T4L zoning allows for townhouses, zero-lot line dwellings, multi-family, and single-family residential

Technical Report

VARIANCE

uses. The applicant also claims that the ordinance does not specifically permit "patio homes", and claims that a "patio home" development would be less dense than some of the residential developments that would be allowed by right. Regarding the applicant's statement for the use of townhouse, zero-lot line, multi-family, and single-family dwelling uses; per the City of Gulfport's Chart of Permitted Uses, these listed residential uses would be allowed by right within the T4L zoning district. However, any proposed development for listed uses would be subject to adhere to the current regulations depending on the type of subdivision proposed. If the developer was to have submitted a development plan for a townhouse, zero-lot line, multi-family, or single-family dwelling development that was meeting current regulations by the ordinance, the developer would not have needed a variance. In regard to the claims about City of Gulfport's ordinance not specifically permitting "patio homes", while the ordinance does not have a listed definition of a "patio home" a simple inquiry regarding their general description notes that they are detached or semi-detached single-family dwellings that often have shared walls with neighboring homes, making them similar to row-houses or townhomes. The applicant's proposed development merges townhomes and what closely resembles small house/ small lot development which ordinance only allows in R-3 zoning districts, and the literal interpretation of the ordinance would require the property to be rezoned to the appropriate zoning district.

- (e) The applicant claims that granting the variance will not confer privileges that would be denied by this ordinance. The applicant goes further into claiming that the "patio homes" are similar in nature to zero-lot dwellings, and would be allowed by right. As mentioned prior, the applicant's proposed development is more similar to incorporating townhomes and a small lot development. While townhomes would be an allowable use within the T4L zoning district, the small house/ small lot development is only allowed in R-3 zoning districts. The applicant's request would grant special privileges that would be denied by this ordinance, as is akin to De Facto rezoning due to the applicant seeking the variance in order to utilize the requirements for a residential use that would require a zoning change to the R-3 zoning district to be allowable by ordinance. This board has denied similar variance requests in the past, such as with Case# 2304ZB035, due to similar issues of potential De Facto rezoning.
- (f) The six northern parcels are currently zoned B-2, and is presently being requested to be rezoned to T4L. Per the Chart of Permitted Uses, B-2 allows for townhomes per Planning Commission Approval and does not allow for Single-Family homes. The southern parcel is presently zoned T4L, and per the Chart of Permitted Uses Townhomes and Single-Family homes are allowed by Right.

EXECUTIVE SUMMARY

The applicant is seeking approval for smaller lot sizes of at least 4,000 square feet for single-family homes where ordinance requires 7,500 square feet. The six hardship criteria have not been met, and the hardship noted does not meet merit. The applicant is seeking the variance to place more single-family homes within the proposed development than ordinance would allow, due to the required number of square footage for the buildable lots for single-family homes. The applicant has caused their own hardship by seeking to deviate from the lot size requirements to increase their profit from the proposed development. Upon further inspection of the proposed

Technical Report

VARIANCE

development, the applicant is seeking to utilize small house/ small lot development in the proposed zoning of T4L, which requires R-3 zoning, without rezoning the properties to the appropriate zoning district. This would have the applicant seeking approval to utilize subdivision requirements that would not be allowed within the proposed zoning district without rezoning, which would fall under the description of De Facto rezoning. This board has denied similar variance requests before, such as case 2304ZB035, due to similar issues of De Facto rezoning.

Any approval should consider these conditions:

1. Approval would allow for lot sizes for single-family homes of 4,000 square feet where 7,500 square feet is required.
2. Must comply with all current Building Codes and City of Gulfport Ordinances.
3. All protected trees to be protected and preserved. The site plan should reflect this, as discussed during the Preliminary Plan Review meeting on 05/28/2025.

General Durable Power of Attorney of Rose Mary G. Collins

I, Rose Mary G. Collins of Biloxi, Mississippi, am creating a durable power of attorney under the laws of the State of Mississippi. I hereby revoke all Powers of Attorney previously granted by me as Principal and terminate all Agency relationships created by me except:

Powers granted by me under any Advance Healthcare Directive;

Powers granted by me on forms provided by financial institutions granting the right to write checks on, deposit funds to and withdraw funds from accounts to which I am a signatory; and

Powers granting access to a safe deposit box.

Article One Appointment of Agent

Section 1.01 Initial Agent

I appoint Thomas N. Collins, Sr. (one of my sons) to serve as my Agent.

Section 1.02 Successor Agent

If Thomas N. Collins, Sr. fails to serve, I appoint Martha Collins LeTard (one of my daughters) to serve as successor Agent.

Section 1.03 Prior or Joint Agent Unable to Act

A successor Agent or an Agent serving jointly with another Agent may establish that the acting Agent or joint Agent is no longer able to serve as Agent, by signing an affidavit that states that the Agent is not available or is incapable of acting. The affidavit may (but need not) be supported by a death certificate of the Agent, a certificate showing that a guardian or conservator has been appointed for the Agent, a letter from a physician

stating that the Agent is incapable of managing his or her own affairs, or a letter from the Agent stating his or her unwillingness to act or delegating his or her power to the successor Agent.

Article Two

Effectiveness of Appointment - Durability Provision

Section 2.01 Effectiveness

The authority granted to my Agent under this power of attorney will be effective immediately upon my signing this instrument.

Section 2.02 Durability

The authority granted to my Agent under this power of attorney shall not be affected by my subsequent disability, incompetency, incapacity or lapse of time.

If this power of attorney becomes operative because of my disability or incapacity and if the authority granted to my Agent becomes effective because of my incapacity and I am no longer incapacitated, as evidenced in the manner provided above, this power of attorney shall not be revoked and my Agent's power shall become effective again on my subsequent incapacity as provided above.

Section 2.03 Term of Durable Power of Attorney

This Durable Power of Attorney shall expire at the earlier of:

My death (except for post-death matters allowed under the laws of Mississippi),
or

Upon my revocation of this Power of Attorney.

Article Three

Powers Granted to My Agent

I grant my Agent the powers described in this Article so that my Agent may act on my behalf. In addition, my Agent may do everything necessary to exercise the powers listed below.

Section 3.01 Power to Sell

Unless specifically limited by the other provisions of this power of attorney, my Agent may sell any interest I own in any kind of property, real or personal, tangible or intangible, including any contingent or expectant interest, marital right and any right of survivorship incident to joint tenancy or tenancy by the entirety. My Agent may determine the terms of sale and may grant options with regard to sales.

My Agent may dispose of sales proceeds on my behalf as my Agent determines is appropriate.

Section 3.02 Power to Buy

Unless specifically limited by the other provisions of this power of attorney, my Agent may buy any kind of property. My Agent may determine the terms for buying property and may obtain options to buy property. In addition, my Agent may arrange to insure the purchased property, and otherwise arrange for its safekeeping.

My Agent is authorized to borrow money for the purposes described in this Section and to secure the loan in any manner my Agent determines is appropriate.

My Agent is authorized to repay from my funds any money borrowed by me or on my behalf and to pay for any purchases made or cash advanced using my credit cards.

Section 3.03 Power to Invest

My Agent may invest and reinvest all or any part of my property in any other property of whatever type, real or personal, tangible or intangible, and whether located inside or outside the geographic borders of the United States and its possession or territories. Unless specifically limited by the other provisions of this power of attorney, my Agent may:

- Invest in securities of all kinds, limited partnership interests, real estate or any interest in real estate whether or not productive at the time of investment, commodities contracts of all kinds, interests in trusts including investment trusts;

- Participate in common, collective or pooled trust funds or annuity contracts;

- Sell or otherwise terminate any investment made by me or on my behalf, and establish and terminate savings and money market accounts at banks and other financial institutions;

- Establish and terminate accounts with securities brokers and use brokerage accounts to make short sales and to buy on margin, and pledge any securities held or purchased in brokerage accounts as security for loans and advances made to the account;

- Establish and terminate agency accounts with corporate fiduciaries; and

- Employ and fire financial and investment advisors.

Section 3.04 Power to Contract

My Agent may enter into contracts of any type and for any purpose. My Agent may modify and cancel any existing or any new contracts to which I am a party.

Section 3.05 Power to Manage Real Property

My Agent may manage any real property I now own or may acquire in the future including my personal residence. Unless specifically limited by the other provisions of this power of attorney, my Agent may:

- Lease and sublease property for any period, and grant options to lease or subdivide property, even if the term of the lease, sublease or option extends beyond the term of this power of attorney;

- Eject and remove tenants or other persons from property, and recover the property by all lawful means;

- Collect and sue for rents;

- Pay, compromise or contest tax assessments and apply for tax assessment refunds;

Subdivide, partition, develop, dedicate property to public use without consideration, or grant or release easements over my real property;

Maintain, protect, repair, preserve, insure, build upon, improve, demolish, abandon and alter all or any part of my real property;

Employ laborers;

Obtain or vacate plats and adjust boundaries;

Adjust differences in the property's value on exchange or partition by giving or receiving consideration;

Release or partially release real property from a lien;

Enter into any contracts, covenants and warranty agreements regarding my real property that my Agent considers appropriate; and

Encumber property by mortgage or deed of trust.

My Agent may accept real property as a gift or as security for a loan.

Section 3.06 Power to Manage Tangible Personal Property

My Agent may manage any tangible personal property I now own or may acquire in the future. Unless specifically limited by the other provisions of this power of attorney, my Agent may:

Lease and sublease property for any period, and grant options to lease or subdivide property, even if the term of the lease, sublease or option extends beyond the term of this power of attorney;

Recover my property by all lawful means;

Collect and sue for rents;

Pay, compromise or contest tax assessments and apply for tax assessment refunds;

Maintain, protect, repair, preserve, insure, improve, destroy, and abandon all or any part of my property; and

Grant security interests in my property.

My Agent may accept tangible personal property as a gift or as security for a loan.

Section 3.07 Power to Operate Businesses

My Agent may continue operating and managing any business in which I now or later own an interest for the period of time and in any manner my Agent considers appropriate. Unless specifically limited by the other provisions of this power of attorney, my Agent may:

Act as a director, general or limited partner, or associate or officer of the business;
Select and vote for directors, partners, associates and officers of the business and enter into owners' agreements with other owners of any business in which I have an interest;

Execute agreements and amendments to agreements necessary to the operation of the business including, but not limited to, stockholder agreements, partnership agreements, buy-sell agreements and operating agreements for limited liability companies;

Hire and fire employees;

Pay employees' salaries and provide for employee benefits;
Employ legal, accounting, financial and other consultants;
Continue, modify, terminate, renegotiate and extend any contracts with any person, firm, association or corporation;
Execute business tax returns and other government forms required for my business;
Pay all business related expenses;
Transact business for me in my name and on my behalf;
Contribute additional capital to the business;
Change the name or the form of the business;
Incorporate the business;
Enter into a partnership agreement with other persons;
Join in a plan to reorganize or consolidate my business, or merge my business with any other business;
Establish the value of the business under "buy-out" or "buy-sell" agreements to which I am a party;
Create, continue or terminate retirement plans for my business' employees and make contributions required by those plans;
Advance money or other property to the business and make loans of cash or securities to the business as my Agent considers appropriate; and
Borrow for the business and secure any loans with business assets or my personal assets.

My Agent may sell, liquidate or close a business upon terms my Agent considers appropriate, including a sale in exchange for cash, a private annuity and an installment note or any combination of those arrangements.

Section 3.08 Power to Manage Partnership and Limited Liability Company Interests

My Agent may manage any general, limited or special partnership interest or any limited liability company interest I own now or in the future. Unless specifically limited by the other provisions of this power of attorney, my Agent may:

Exercise any right, power, privilege or option I may have or may claim under any contract with the partnership or limited liability company;
Modify or terminate my interest on terms and conditions my Agent considers appropriate;
Enforce the terms of the partnership agreement or limited liability company operating agreement for my protection by instituting or maintaining any action, proceeding or otherwise as my Agent considers appropriate; and
Defend, arbitrate, settle or compromise any action or other legal proceeding to which I am a party because of my membership in the partnership or limited liability company.

Section 3.09 Power Regarding Securities

My Agent may exercise all rights regarding securities that I own now or in the future. Specifically my Agent may:

Buy, sell, and exchange all types of securities and financial instruments including but not limited to stocks, bonds and mutual funds;

Receive certificates and other evidences of ownership with regard to securities;

Hold securities in bearer or uncertified form and use a central depository, clearing agency or book-entry system such as The Depository Trust Company, Euroclear or the Federal Reserve Bank of New York;

Place all or any part of my securities in the custody of a bank or trust company or in the name of its nominee;

Employ a broker-dealer as custodian for my securities and register the securities in the name of the broker-dealer or its nominee;

Exercise voting rights with respect to securities in person or by proxy, enter into voting trusts, and consent to limitations on the right to vote;

Participate in any reorganization, recapitalization, merger or similar transaction; and

Exercise any subscription rights, option rights (whether or not qualified under the Internal Revenue Code) or other rights to which I am entitled now or in the future, or to sell and dispose of these rights, and, if required, to sign my name to rights, warrants or other similar instruments.

Section 3.10 Power to Collect and Settle My Obligations

My Agent may collect all rights and benefits to which I am entitled now or in the future, including, but not limited to rights to, cash payments, property, debts, accounts, legacies, bequests, devises, dividends and annuities. In collecting my obligations, my Agent may demand, sue for, arbitrate, settle, compromise, receive, deposit, expend for my benefit, reinvest or otherwise dispose of these matters as my Agent determines appropriate.

My Agent may use all lawful means and methods to recover these assets and rights, to qualify me for benefits and claim benefits on my behalf, and to compromise claims and grant discharges regarding the matters described in this Section. My Agent may convert my assets into assets that do not disqualify me from receiving benefits, or my Agent may divest my assets altogether. In any divestment action or asset conversion, I direct my Agent to avoid disrupting the dispositive provisions of my estate plan as established by me prior to my incapacity.

Section 3.11 Power Regarding Governmental Benefits

All powers described in this Section are exercisable with respect to all federal and state (or any subdivision thereof) programs existing when this power of attorney was executed or for which I become eligible after this power of attorney is executed. The power of attorney shall extend to any state in which I live when my Agent's powers become effective.

My Agent is appointed as my "Representative Payee" for the purposes of receiving Social Security benefits. My Agent may collect all benefits payable to or for my benefit by any governmental agency or body, such as Supplemental Security Income (SSI),

Medicaid, Medicare, and Social Security Disability Insurance (SSDI). My Agent shall have the full power to represent me and deal in all ways necessary concerning rights or benefits payable to me by any governmental agency including, without limitation, Supplemental Security Income (SSI), Medicaid and Social Security Disability Insurance (SSDI).

My Agent may:

Gift or otherwise spend down my estate for Medicaid eligibility and planning.

Execute vouchers in my name for allowances and reimbursements payable to me by the United States, a foreign government, a state, or a subdivision of a state to me, including allowances and reimbursements for my transportation, children's and other individual's customarily or legally entitled to be supported by me, and for shipment of their household effects.

Take possession, remove and ship any of my property from a post, warehouse, depot, dock, or other place of storage, whether governmental or private, and execute and deliver a release, voucher, receipt, bill of lading, shipping ticket, certificate, or other instrument for that purpose.

Prepare, file, and prosecute my claims for benefits or assistances, financial or otherwise, for any claim to which I am entitled under a statute or government regulation.

Prosecute, defend, arbitrate, settle, and propose or accept a compromise with respect to any benefits I may be entitled to receive.

Receive the financial proceeds of any type of claim described in this Section and invest, disburse, or use the proceeds on my behalf for any lawful purpose.

Sign on my behalf any document necessary to permit my return to my residence following my incapacity or other condition that prevents me from currently living there.

Execute any trust agreement described in 42 U.S.C. § 1396p (d)(4) with any trustee or trustees that my Agent selects. In addition, my Agent may deliver and convey any or all of my assets to the trustee or trustees of the trust as well as designate the trust as payee of any income to which I may be entitled.

Section 3.12 Power Regarding My Retirement Plans and Other Employee Benefits

My Agent may exercise all rights and collect all qualified retirement benefits to which I am entitled now or in the future. Specifically, my Agent may:

Establish, using any of my assets, one or more qualified retirement plans in my name;

Make contributions, including "rollover" contributions, or cause contributions to be made, to any qualified retirement plan my Agent considers appropriate using my assets;

Receive and endorse checks and other distributions to me from any qualified retirement plans, or arrange for the direct deposit of those checks or distributions in any of my accounts;

Elect any form of payment from my qualified retirement plans and to withdraw benefits on my behalf from the IRAs and retirement plans;

Make, exercise, waive or consent to any and all elections and options that I may have regarding contributions to qualified retirement plans, investments and administration of the retirement plans, and distribution or other forms of qualified retirement benefits available to me;

Convert all or a portion of a qualified retirement plan to a Roth IRA under Section 408A of the Internal Revenue Code (or other similar qualified retirement plan); and

Borrow money, purchase assets from any of my qualified retirement plans and sell assets to any of my qualified retirement plans if the plan authorizes these actions.

Section 3.13 Power Regarding Bank Accounts

My Agent may establish bank accounts of any type in one or more bank institutions that my Agent may choose. My Agent may modify, terminate, make deposits to, write checks on, make withdrawals from and grant security interests in any account in my name or to which I am an authorized signatory, except accounts held by me in a fiduciary capacity. In exercising this authority, it does not matter whether or not the account was established by me or for me by my Agent. My Agent is authorized to negotiate, endorse or transfer any check or other instrument with respect to any account, to contract for any services rendered by any bank or financial institution, and to execute, on my behalf as principal, any agency or power of attorney forms furnished by a bank with respect to accounts with the bank that appoints the bank or any person as my agent.

Section 3.14 Power Regarding Safe-Deposit Boxes

My Agent may contract with any institution to rent a safe-deposit box in my name. My Agent may have access to any safe-deposit box in my name or with respect to which I am an authorized signer. This Section will apply whether or not the contract for the safe-deposit box was executed by me alone or jointly with others or by my Agent in my name. My Agent may also add to or remove the contents of a safe-deposit box, or terminate any rental contract for a safe-deposit box.

Section 3.15 Power to Prosecute and Defend Legal Actions

My Agent may institute, supervise, prosecute, defend, intervene in, abandon, compromise, adjust, arbitrate, settle, dismiss, and appeal from any and all legal, equitable, judicial or administrative hearings, actions, suits or proceedings involving me in any way. This authority includes, but is not limited to, claims by or against me arising out of property damage or personal injury suffered by or caused by me or under circumstances such that the resulting loss may be imposed on me. My Agent may otherwise engage in litigation involving me, my property or my legal interests, including any property, interest or person for which or whom I have or may have any responsibility.

Section 3.16 Power to Loan and Borrow

My Agent may make secured or unsecured loans to any person, entity, trust or estate on my behalf, for any term or payable on demand, with or without interest. My Agent may

enter into or modify the terms of any mortgage, deed of trust or security agreement made in connection with any loan and may release or foreclose on the mortgage, deed of trust, or security.

My Agent may borrow money on my behalf at interest rates and on other terms that my Agent considers advisable from any person, institution or other source including, if my then-acting Agent is a corporate fiduciary, its own banking or commercial lending department.

My Agent may encumber my property by mortgages, pledges, and other hypothecation and shall have the power to enter into any mortgage or deed of trust even though the term of the mortgage or deed of trust may extend beyond the term for which this power of attorney is effective.

My Agent may borrow money for any purpose on any life insurance policy owned by me on my life even though the term of the loan may extend beyond the term for which this power of attorney is effective. My Agent may grant a security interest in the policy to secure the loan. In this regard, my Agent may assign and deliver the policy as security. No insurance company will be under any obligation to determine the necessity of the loan or how my Agent applies the loan proceeds.

Section 3.17 Power to Create Revocable Trusts for my Benefit

My Agent may execute a revocable trust agreement with any trustee or trustees that my Agent selects. All income and principal must be paid under the trust agreement, to me or another person for my benefit or applied for my benefit. The income and principal of the trust must be paid under the agreement in the amounts that I or my Agent requests or that the trustee or trustees determine. The terms of the trust agreement must provide that upon my death the remaining income and principal be distributed to my personal representative for distribution as part of my probate estate. The trust agreement must provide that it may be revoked or amended by me or my Agent at any time. The trust agreement, however, must provide that any amendment by my Agent must be of a type that by law or under the provisions of this power of attorney could have been included in the original trust agreement. In addition, my Agent may deliver and convey any or all of my assets to the trustee or trustees of the revocable living trust, or convey any or all of my assets to a revocable living trust that exists now or is created by me after the creation of this power of attorney.

My Agent may be sole trustee of my revocable living trust or one of several trustees.

Section 3.18 Power to Renounce or Resign from Fiduciary Positions

My Agent may resign or renounce for me any fiduciary position I hold now or in the future including personal representative, trustee, guardian, attorney-in-fact, and officer or director of a corporation and any governmental or political office or position. In so doing, my Agent may file an accounting with the appropriate court of competent jurisdiction or settle on the basis of a receipt, release or other appropriate method.

Section 3.19 Power to Disclaim or Release Property Interests

My Agent may renounce and disclaim any property or property interest or power to which I may become entitled by gift, testate or intestate succession. My Agent may release or abandon any property interest or power that I may own or hold now or in the future, including any interest in, or right over, a trust, including the right to alter, amend,

revoke or terminate the trust. My Agent may claim an elective share in any estate or under any will. But my Agent may not make any disclaimer that is expressly prohibited by the law or other provisions of this power of attorney.

Section 3.20 Power Regarding Insurance

My Agent may purchase, maintain, surrender, collect, or cancel:

All kinds of life insurance or annuities on my life or the life of any one in whom I have an insurable interest;

Liability insurance protecting me and my estate against third party claims;

Hospital insurance, medical insurance, Medicare supplement insurance, custodial care insurance, and disability income insurance for me or my dependents; and

Casualty insurance insuring my assets against loss or damage due to fire, theft, or other commonly insured risk.

My Agent may pay all insurance premiums, select any options under the policies, increase coverage under any policy, borrow against any policy, pursue all insurance claims on my behalf, and adjust insurance losses. This authority shall apply to both private and public plans, including Medicare, Medicaid, SSI and Workers' Compensation.

Section 3.21 Power Regarding Taxes

My Agent may represent me in all tax matters and proceedings before any agent or officer of the Internal Revenue Service, state and local authorities and in any court, for all periods including the date this power of attorney is executed until December 31, 2050.

My Agent may:

Prepare, sign, and file all federal, state, and local tax returns including income, gift, FICA and payroll tax returns on my behalf;

Prepare, sign, and file claims for refunds, requests for extensions of time to file returns or pay taxes, extensions and waivers of applicable periods of limitation, protests and petitions to administrative agencies or courts (including, but not limited to, the United States Tax Court);

Sign consents and agreements under Section 2032A of the Internal Revenue Code or any successor section and consents to split gifts, closing agreements, and any power of attorney form required by the Internal Revenue Service or any state or local taxing authority with respect to any tax year;

Pay taxes due, collect and dispose of refunds as my Agent determines appropriate, post bonds, receive confidential information and contest deficiencies determined by the Internal Revenue Service or any state or local taxing authority;

Exercise any election I have under federal, state or local tax law and allocate any generation-skipping tax exemption to which I am entitled; and

Engage representation for me in any and all tax proceedings by attorneys-at-law, Certified Public Accountants, enrolled agents, and other licensed tax professionals.

Section 3.22 Power to Deal with My Spouse

If I am married, my Agent may deal with my spouse on my behalf. In dealing with my spouse, my Agent may partition, transfer and exchange any of my marital property estate, whether separate or community property between my spouse and me. My Agent may enter into and execute on my behalf marital property agreements, partition and exchange agreements or community property agreements or may enforce, amend or revoke any marital property agreement between my spouse and me but only with respect to rights in and obligations with respect to property owned by my spouse, by me or by both of us and with respect to reclassification of management and control over our property.

Section 3.23 Power to Make Gifts

My Agent may make gifts on my behalf. In order to make gifts, my Agent may withdraw assets from any trust created by me or by my Agent acting within the authority granted in Section 3.17 and from which I may withdraw assets.

For purposes of this power of attorney, my Agent may forgive any debts owed to me, and any debt forgiven will be considered a gift to the debtor.

For purposes of this Section, "my beneficiaries" shall mean my descendants and beneficiaries, including contingent beneficiaries, named in my Will.

As mentioned in Section 3.11, my Agent may gift or otherwise spend down my estate for Medicaid eligibility and planning.

My Agent may make gifts on the following terms and conditions:

(a) Continuation of My Gifting

My Agent may honor pledges and continue to make gifts to charitable organizations that I have regularly supported in the amounts I have customarily given. My Agent may make gifts in order to assure the continuation of any gifting program initiated by me prior to the time I became incapacitated.

My Agent may make special occasion gifts to my estate plan beneficiaries, family members, or friends, in equal or unequal amounts, that reflect my past giving and my relationship with such individuals.

(b) Gifts to My Agent

I specifically authorize gifts to my Agent, but only a Special Agent appointed under the provisions of Section 7.02 may make gifts to my Agent. My Agent may not make gifts to himself or herself, his or her estate, his or her creditors, or the creditors of his or her estate.

(c) Gifts to My Beneficiaries

My Agent may make gifts on my behalf, limited in amount to the federal annual gift tax exclusion amount, to or for the benefit of my beneficiaries if my Agent considers the gift to be in my best interest or in the best interest of the beneficiary, including, without limitation, the minimization of income, estate, inheritance or gift taxes.

(d) Methods of Making Gifts

My Agent may make gifts of my property under this Section outright, in trust or in any other manner that my Agent considers appropriate.

By way of example and without limiting my Agent's powers under this Section, my Agent is specifically authorized to make gifts by creating tenancy in common and joint tenancy interests or establishing irrevocable trusts including charitable or non-charitable split interest trusts. My Agent may make gifts by establishing and contributing my property to corporations, family limited partnerships, limited liability partnerships, limited liability companies or other similar entities and by making gifts of interests in any of those entities.

To accomplish the objectives described in this subsection, my Agent may establish and maintain financial accounts of all types and may execute, acknowledge, seal and deliver deeds, assignments, agreements, authorizations, checks and other instruments. My Agent may prosecute, defend, submit to arbitration, settle or propose or accept a compromise with respect to a claim existing in favor of or against me based on or involving a gift transaction on my behalf. My Agent may intervene in any related action or proceeding.

My Agent may perform any other act my Agent considers necessary or desirable to complete a gift on my behalf in accordance with the provisions of this Section.

(e) Standard for Making Gifts

It is my desire that in making gifts on my behalf, my Agent consider the history of my gift making and my estate plan. To the extent reasonably possible, I direct my Agent to avoid disrupting the dispositive provisions of my estate plan as established by me prior to my incapacity.

(f) Ratification of Gifts

I specifically ratify any gifts made by my Agent under the terms of this power of attorney.

Article Four Care and Control of Principal

My Agent may, in my Agent's sole and absolute discretion, exercise the following powers with respect to the control and management of my person.

Section 4.01 Power to Provide for My Support

My Agent may do anything reasonably necessary to maintain my customary standard of living, including:

Maintain my residence by paying all operating costs, including, but not limited to, interest on mortgages or deeds of trust, amortization payments, repairs and taxes, or by purchasing, leasing or making other arrangements for a different residence;

Provide normal domestic help;

Provide clothing, transportation, medicine, food and incidentals; and

Make all necessary arrangements, contractual or otherwise, for my care at any hospital, hospice, nursing home, convalescent home or similar establishment, or in my own residence should I desire it, and assure that all of my essential needs are met wherever I may be.

Section 4.02 Power to Provide for Support of Dependents

My Agent may make payments as my Agent deems necessary for the health, education, maintenance or support of those my Agent determines to be dependent on me for support.

Section 4.03 Power to Protect or Dispose of Property

If my Agent determines that I will never be able to return to my residence from a hospital, hospice, nursing home, convalescent home or similar facility, my Agent may dispose of my residence. In so doing, my Agent may sell, lease, sublease or assign my interest on terms and conditions that my Agent considers appropriate.

My Agent may store and safeguard any items of tangible personal property remaining in my residence and pay all storage costs. Alternatively, my Agent may sell any items that my Agent believes I will never need again on terms and conditions that my Agent considers appropriate.

As an alternative to storing my tangible personal property, my Agent may transfer custody and possession, but not title, of any property item to the person named in my Will or my revocable living trust as the person entitled to receive that property item on my death.

Section 4.04 Power to Make Advance Funeral Arrangements

My Agent may make advance arrangements for my funeral and burial, including a burial plot, marker and any other related arrangements that my Agent considers appropriate.

Article Five Incidental Powers

My Agent may perform those acts and execute and deliver those legal documents necessary or appropriate to the exercise of the powers set forth in this power of attorney, including, but not limited, to the following incidental powers.

Section 5.01 Power to Commence Court Proceedings

My Agent may commence any court proceedings necessary to protect my legal rights and interests under this power of attorney including, but not limited to:

Actions for declaratory judgments from any court of competent jurisdiction interpreting the validity of this power of attorney and any of the acts sanctioned by this power of attorney; provided, however, that my Agent need not seek a declaratory judgment to perform any act sanctioned by this power of attorney;

Actions for mandatory injunctions requiring any person or entity to comply with my Agent's directions as authorized by this power of attorney; and

Actions for actual and punitive damages and the recoverable costs and expenses of such litigation against any person or entity who negligently or willfully fails or refuses to follow my Agent's directions as authorized by this power of attorney.

Section 5.02 Power to Employ and Discharge Personnel

My Agent may employ and remove investment advisors, accountants, auditors, depositories, custodians, brokers, consultants, attorneys, expert advisors, agents and employees to advise or assist my Agent as my Agent considers appropriate.

Section 5.03 Power to Sign Documents

My Agent may sign, execute, endorse, seal, acknowledge, deliver and file or record all appropriate legal documents necessary to exercise the powers granted under this power of attorney.

Section 5.04 Power to Submit Costs for Payment

If my Agent incurs costs in performing any powers granted under this power of attorney, or in enforcing compliance with the powers given to my Agent under this power of attorney, my Agent may submit those costs to any person who has the authority to pay those costs such as the trustee of my revocable living trust or to my guardian or conservator. My trustee, conservator or guardian shall promptly pay those costs.

Section 5.05 Power Regarding My Mail

My Agent may open, read, respond to and redirect my mail. My Agent may represent me before the U.S. Postal Service and all other mail or package carriers in any matter relating to mail or delivery services including the receipt of certified mail.

Section 5.06 Power Regarding Memberships

My Agent may establish, cancel, continue or initiate my membership in organizations and associations of all kinds.

Section 5.07 Power Regarding Custody of Documents

My Agent may take, give or deny custody of my important documents, including my Will and any codicils, trust agreements, deeds, leases, life insurance policies, contracts or securities. My Agent may disclose or not disclose the whereabouts or contents of those documents as my Agent believes appropriate.

Article Six Limitation on Powers

All powers granted to my Agent under this power of attorney are subject to the limitations set forth in this Article.

Section 6.01 Tax Sensitive Powers

No individual serving as my Agent may exercise any fiduciary power or discretion if the exercise of that power or discretion would:

Cause any income generated by my property to be attributed to my Agent for federal income tax purposes;

Cause the value of any property subject to this power of attorney to be included in my Agent's gross estate for federal estate tax purposes;

Cause any distribution made or allowed to be made by my Agent to be treated as a gift from my Agent; or

Discharge a legal obligation of my Agent.

If the exercise of a power by my Agent under this power of attorney would cause any of the foregoing results, a Special Agent appointed under the provisions of Section 7.02 may exercise the power or discretion.

Section 6.02 Life Insurance on the Life of My Agent

No individual Agent may exercise any powers or rights in a policy owned by me that insures the life of that Agent. Any powers and rights regarding the policy will be exercised solely by another Agent serving under this power of attorney.

Section 6.03 Prohibition on Power over Prior Transfers

No Agent may exercise any power or authority over any irrevocable trust created by my Agent to which I am a trustee or a beneficiary or any asset given to me by my Agent.

Section 6.04 My Agent to Avoid Disrupting My Estate Plan

If it becomes necessary for my Agent to liquidate or reinvest any of my assets to provide support for me, I direct that my Agent, to the extent that it is reasonably possible, avoid disrupting the dispositive provisions of my estate plan as established by me prior to my incapacity.

If it is necessary to disrupt the dispositive provisions of my estate plan, my Agent will use his or her best efforts to restore my plan as soon as possible. My Agent will make reasonable efforts to obtain and review my estate plan. I authorize any person with knowledge of my estate plan or possession of my estate planning documents to disclose information to my Agent and to provide copies of documents to my Agent.

Article Seven Administrative Powers and Provisions

This Article contains certain administrative powers and provisions that facilitate the use of the power of attorney and that protect my Agent and those who rely upon my Agent.

Section 7.01 Release of Information

My Agent may release and obtain, as the case may be, any and all information regarding my financial investments and taxes, including any information regarding stocks, bonds, certificates of deposit, bank accounts, tax returns, retirement accounts, pension plans, and any other documents or information regarding my financial affairs and taxes from my attorneys-at-law, financial advisors, insurance professionals, accountants, stockbrokers, stock transfer agents, and any other persons having such information.

I release these persons or entities from any liability for releasing the above-referenced information to my Agent in reliance on this Section.

If my Agent is an attorney-at-law or other accounting or financial professional, the professional regulations of my Agent's profession and federal law may prohibit my Agent from releasing information about my financial affairs to others if I am a client of my Agent. This instrument, therefore, is a limited waiver of any privilege (such as the

attorney-client privilege) that I have established with any Agent as a client. The privilege is waived for the limited purpose of permitting my Agent to perform his or her duties under this power of attorney.

Section 7.02 Appointment of a Special or Ancillary Agent

If for any reason any Agent is unwilling or unable to act with respect to any property or any provision of this power of attorney, my Agent shall appoint, in writing, a corporate fiduciary or an individual to serve as Special Agent as to the property or with respect to the provision. The Special Agent appointed must be an individual that is not related or subordinate to my Agent within the meaning of Section 672(c) of the Internal Revenue Code. My Agent may revoke any such appointment at will.

If my Agent determines that it is necessary or desirable to appoint an Ancillary Agent to act under this power of attorney in a jurisdiction other than this one, my Agent may do so. In making an appointment, my Agent may sign, execute, deliver, acknowledge and make declarations in any documents that may be necessary, desirable, convenient or proper in order to carry out the appointment.

A Special or Ancillary Agent may exercise all powers granted by this power of attorney unless expressly limited elsewhere in this power of attorney or by the instrument appointing the Special or Ancillary Agent. A Special or Ancillary Agent may resign at any time by delivering written notice of resignation to my Agent. Notice of resignation shall be effective in accordance with the terms of the notice.

Section 7.03 Agent Authorized to Employ My Attorney

My Agent may employ the attorney who prepared this power of attorney or any other attorney employed by me in connection with my estate plan or business matters and I specifically:

- Waive any and all conflicts of interest that might arise through such employment;
- Authorize the attorney to make full disclosure of my estate plan and business to the Agent; and
- Authorize the attorney to accept the engagement.

Section 7.04 Reimbursement for Expenses

My Agent may reimburse himself or herself for all reasonable expenses incurred for carrying out any provision of this power of attorney.

Section 7.05 Liability of Agent

I release and discharge any Agent acting in good faith from any and all civil liability and from all claims or demands of all kinds whatsoever by me, my estate, and my heirs, successors and assigns arising out of the acts or omissions of my Agent, except for willful misconduct or gross negligence. This protection extends to the estate, heirs, successors and assigns of my Agent.

Section 7.06 Amendment and Revocation

I may amend or revoke this power of attorney at any time. Amendments to this document must be made in writing by me personally (not by my Agent) and must be attached to the original of this document and recorded in the same county or counties as the original if the original is recorded.

Section 7.07 Resignation

My Agent may resign by the execution of a written resignation delivered to me or, if I am mentally disabled, by delivery to any person with whom I am residing or who has my care and custody.

Section 7.08 Signature of Agent

My Agent shall use the following form when signing documents on my behalf pursuant to this power:

Rose Mary G. Collins by [enter Agent's name], her Agent.

Section 7.09 Interpretation

This power of attorney is a general power of attorney and should be interpreted as granting my Agent all general powers permitted under the laws of State of Mississippi. The description of specific powers is not intended to, nor does it, limit or restrict any of the general powers granted to my Agent.

Section 7.10 Use of "Agent" Nomenclature

The word "Agent" and any modifying or equivalent word or substituted pronoun includes the singular and the plural and the masculine, feminine and neuter genders.

Section 7.11 Third Party Reliance

No person who relies in good faith on the authority of my Agent under this power of attorney will incur any liability to me, my estate, or my heirs, successors and assigns.

Any party dealing with my Agent may conclusively rely upon an affidavit or certificate of my Agent that:

The authority granted to my Agent under this power of attorney is in effect;

My Agent's actions are within the scope of my Agent's authority under this power of attorney;

I was competent when I executed this power of attorney;

I have not revoked this power of attorney; and

My Agent is currently serving as my Agent.

Section 7.12 Effect of Duplicate Originals or Copies

If this power of attorney has been executed in multiple counterparts, each counterpart original will have equal force and effect. My Agent may make photocopies (photocopies shall include: facsimiles and digital or other reproductions, hereafter referred to collectively as "photocopy") of this power of attorney and each photocopy will have the same force and effect as the original.

Section 7.13 Governing Law

This power of attorney's validity and interpretation will be governed by the laws of the State of Mississippi. To the extent permitted by law, this power of attorney is applicable to all my property, whether real, personal, intangible or mixed, wherever located, and whether or not the property is owned by me now or in the future.

Section 7.14 Severability

If any provision of this power of attorney is declared invalid for any reason, the remaining provisions will remain in full force and effect.

**Article Eight
Declarations of the Principal**

I understand that this power of attorney is an important legal document. Before executing this power of attorney, my attorney explained to me the following:

The power of attorney provides my Agent with broad powers to dispose of, sell, convey and encumber my real and personal property.

The powers will exist for an indefinite period of time unless I revoke the power of attorney or I have limited their duration by specific provisions in the power of attorney.

This Durable Power of Attorney will continue to exist notwithstanding my subsequent disability or incapacity.

I have the power to revoke or terminate this Durable Power of Attorney at any time.

 Applicant: Elliott Land Developments, LLC**

Prepared by: S. Donovan Scruggs, AICP
 Date: May 6, 2025

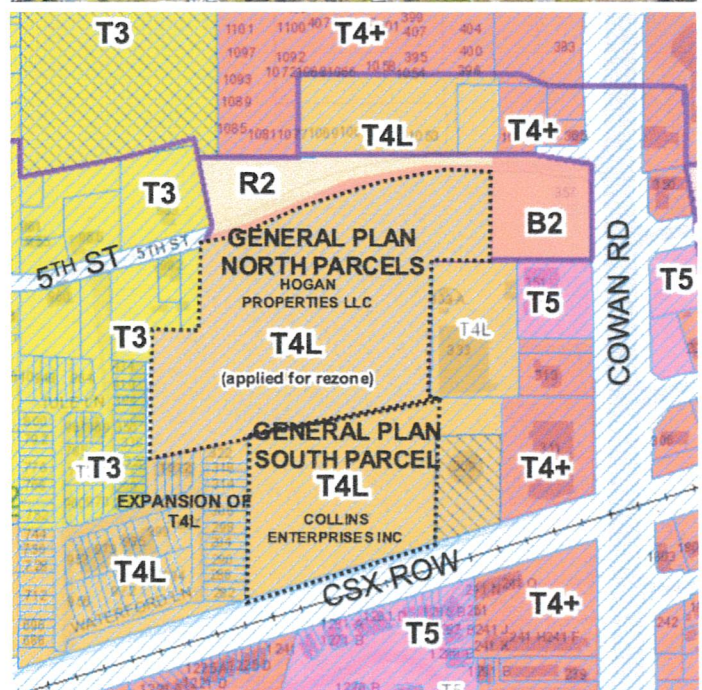

Elliott Land Developments, LLC (Elliott) is submitting an application for a General Plan that includes multiple parcels of land for a mixed residential development. The site includes several parcels that are expected to be rezoned to T4L to extend a consistent zoning over the entire site and parcels. This request is on the May 2025 Planning Commission Agenda and is expected to be considered by the Gulfport City Council on June 17, 2025. In total, the site is approximately 10.9 acres. This includes 3.6 acres along the southern portion (owned by Collins Enterprises), and 7.3 acres along 5th Street (owned by Hogan Properties, LLC). The properties are under contract for purchase by Elliott who intends to develop the subdivision addressed in the application.

This report and accompanying application are intended to support “**Lot Area Variances**” for this proposed subdivision development. The requested zoning (T4L) allows for multiple residential types, structures, and densities. However, stipulations within the zoning regulations do not allow for “patio homes”. The American Planning Association (APA) in its publication *A Planner’s Dictionary* provides multiple definitions of a “**Patio House**” and the following is consistent with this proposal:

A detached, single-family unit typically situated on a reduced-size lot that orients outdoor activity within rear or side yard patio areas for better use of the site for outdoor living space.

In this case, the proposed patio homes differ from zero-lot line and townhouses that are permitted uses because the patio homes will have setbacks or separations from the front, sides, and rear property lines. Townhouses may have no setback and common walls along both side property lines, and a zero lot line dwelling will have no

setback on one side. These dwellings within Gulfport's zoning code allow minimum lot sizes of 1,200 square feet and 2,800 square feet, respectively. A plain reading of the City's zoning regulations require a minimum lot size of 7,500 square feet for a detached single-family dwelling because it does not define or recognize patio homes. The proposed development will include approximately 67 total lots. Of these, 25 lots are proposed as townhouse lots. The remaining lots range in sizes from 4,000 to over 9,000 square feet with the majority ranging between 5,000 and 7,000 square feet. The proposed single-family lots are, in many cases, twice the size of the minimum required lot sizes of zero lot line parcels, and these larger lots can easily accommodate the district's required setbacks on either side of the homes. The requested variance is not provided to increase density or grant the developer any additional privileges. The request is to provide an improved product that is much less dense than the code permits. This deviation should not be considered adverse to the health, safety, or public welfare of the area.

1. Overview.

The subject site is adjacent to CSX Railroad right of way along the southern boundary. To the east is an elevated water storage tank and the Cowan Road corridor that includes a variety of businesses, institutional uses, and residential properties. To the north is a recently constructed single family development that will soon begin construction of new homes. To the west is another residential neighborhood under construction.

The location of the project is unique. The eastern portion of the property is adjacent to more intensely zoned areas that include B-2, T4+, and T5. In addition, the development is located in the shadows of a large, elevated storage tank of the City of Gulfport. The Cowan Lorraine corridor has grown tremendously over the years and has become more commercialized. This growth is ongoing and is expected to continue. Some of the properties immediately adjacent

and the east of the proposed site will like be redeveloped at some point in the future. Because of this ongoing and anticipated development, a more intense or higher density use is warranted for the subject site.

To the west are residential areas that include moderately dense and compact lots. Farther west are more traditional Single Family Residential lots and neighborhoods. This proposal will provide a transitional area between the commercial areas along Cowan Road and the more traditional, less intense residential areas to the west.

Elliott Land Developments, LLC is purchasing several properties owned by Hogan Properties, LLC and Collins Enterprises, Inc. With both proposed conveyances, the current owners plan to retain the eastern portions of their respective properties along Cowan Road. The conveyances to Elliott only includes the western portions of these holdings. These eastern properties are currently commercial and are expected to remain commercial.

The Hogan Parcels are contained with a subdivision recorded as "Resubdivision of Parcels "1010M-02-001.000" into Parcels 1, 2, 3, 4, 5, 6, & 7". Hogan, as the current owner, is the sole owner of the entire subdivision and should be the only individual with interest or potential adversely impacted. The conveyance and re-subdivision of the western parcels are voluntary to the current owner and reflected within his letter of authorization for the application. Elliott's goal is to vacate lots 2 through 7 to allow the replatting of the parcels (upper image).

The Collins parcel is a larger tract that extends from Cowan Road westward. This property includes approximately 13 acres. The owner intends to retain the eastern portions of the property (approximately 3 acres) along Cowan Road. Elliott plans to purchase the western portion of the property (center image).

Elliott's proposal includes the purchase of the western portions of Hogan and Collins and plat and/or replat the area into a new subdivision. Elliott's General Plan application includes these areas to be acquired (lower image).

2. Existing Zoning, Proposed Zoning, Dwellings and Lots.

At time of application (approximately May 5, 2025) the Hogan or northern portion of General Plan area is designated as B-2. By the time of hearing on the General Plan and the Variances of this request, it is anticipated that the zoning will be changed to T4L. This will provide uniform zoning on the proposed footprint of the properties. The T4L zoning designation permits a number of high to moderate housing options which include townhouses, zero lot line homes, duplexes (two-family) and multifamily dwellings. The General Plan associated with this application will include zero-lot line and townhouse dwellings. These uses are permitted 'by-right' in the T4L District.

Despite being a permitted use within several districts including T4L, the zoning ordinance does not include district specific standards for townhouses and zero-lot line dwellings within district regulations. Instead *Section IV. Supplementary Regulations. A. Supplementary Use Regulations. (10) Townhouses and Zero Lot Line Residential Uses* of the zoning regulations describe and define the requirements for constructing these moderate density dwelling units. Based on the dwelling type, some setbacks (specifically side yards) vary from the base district. Below are some details related lot requirements that differ from the base district:

The proposed T4L District permits townhouses and zero lot line homes 'by-right'. However, the City of Gulfport's zoning regulations does not include provisions for patio homes or reduced-lot, detached homes which tend to be smaller homes on smaller lots. These homes are similar to zero-lot line developments but have setbacks along the front, rear, and side yards. The zoning regulations permits lots as small as 1,200 square feet for townhouses or 2,800 square feet for zero-lot line units, but requires 7,500 square feet for all other detached single-family residential dwellings. This request is to permit a reduction in the required lot sizes to 4,000 square feet to permit the inclusion of patio homes in the development [a more detailed summary of the proposed lot size distribution is attached in Exhibit A]. Unlike zero-lot line homes, patio homes are not constructed along a lot line with a zero setback and includes minimum setbacks of the district on all sides. This

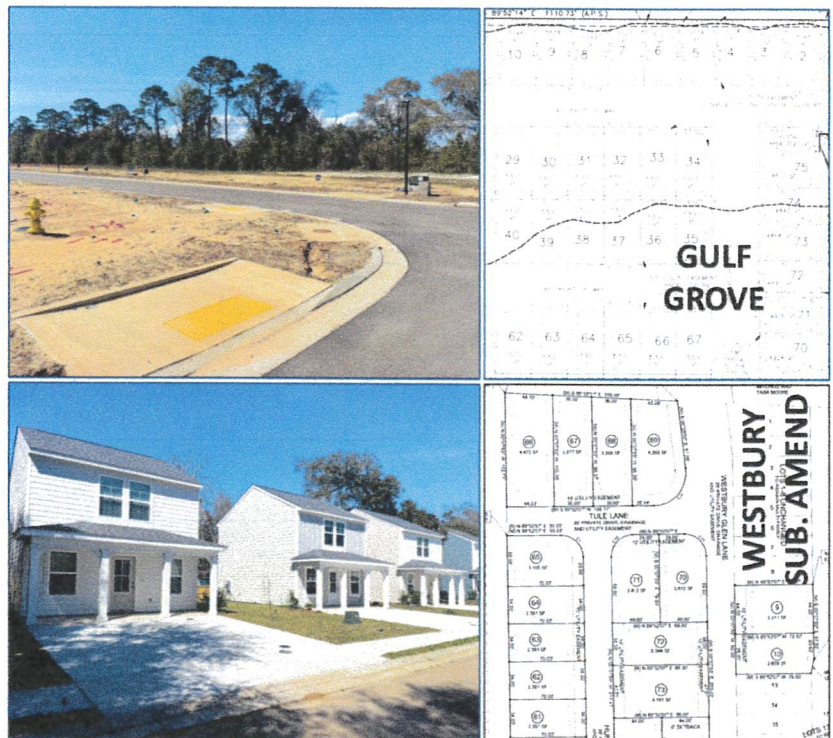

will permit windows and doors along all sides of the dwellings and removes the need for a maintenance easement on adjacent lots.

Elliott's General Plan has been designed to accommodate primarily zero-lot line homes and townhouses. The General Plan includes approximately 67 lots with 25 townhouse lots and 42 lots that can accommodate zero lot line dwellings or patio homes. Of the 42 lots for detached units, the vast majority (35 or more) are greater than 5,000 square feet (currently approximately 6 are less than 5,000 square feet). Larger lots exceed 7,000 square feet, and it is likely that a small number of lots will range between 8,000 and 10,000 square feet. If the Zoning Board grants the variance, the developer intends to construct primarily patio homes on the single-family lots with limited zero-lot line units. The determination by the Zoning Board will have little or no impact on the proposed General Plan with exception of the setbacks for the detached units (typical setbacks are provided for both lot types). The images on the previous page provide the minimal setbacks that are required, but the proposed but actual setbacks are expected to exceed the minimum required setbacks.

3. Ongoing Developments

The surrounding area has recently experienced a significant amount of new growth. Two ongoing projects represent

a change in development patterns within the area. Gulf Grove, located to the north of the proposed rezoning site, replaced a project that never began. Gulf Grove is a 'zero-lot line' development with lot sizes ranging from approximately 4,800 to 5,500 square feet. This development will include 75 new lots. The site was originally planned after Hurricane Katrina as a higher density site, but Gulf Grove will allow medium-high density units or small lots to be conveyed as single-family residential. This project represents a trend towards a more compact, residential character in the area.

To the west of the current project is Westbury Gardens (Westbury Subdivision, Amended Plat). As indicated, this is a replat of a prior development that was initiated in approximately 2007 but never was completed. The property was purchased, and the plat was amended in

2024. The site is currently under construction with new zero-lot line units. These lots range in sizes from approximately 2,380 to 4,400 square feet. [Note in image above no windows are along sides of dwellings].

The lots within Gulf Grove are more consistent with the Elliott's General Plan, but Elliott's project is expect to provide more larger lots on average. The mix of units of Elliott's Plan is also consistent with Westbury Gardens, but the lots are much larger and wider than the zero-lot line parcels of that development.

The proposed development will consist of 67 units. This includes approximately 42 zero-lot line units and 25 townhouses. The zero-lot line dwellings are situated on lots that typically range between 4,000 and 10,000 square feet. The lot widths are typically 50 feet. This development will also include townhouse lot that have areas as small approximately 2,000 square feet with widths of 20 feet. All of the lots, especially the zero-lot line units, are significantly wider than the minimum requirements 28 feet.

4. Variance Considerations.

According to Section IV Supplementary Regulations 10. Townhouses and Zero-lot Line Developments. "In order to allow any deviation from the following minimum requirements for these types of development, the developer must show evidence that such deviation will not adversely affect the health, safety and welfare of the public." This provides a much lower 'bar' than providing a specific hardship as required for other variances. Providing a less dense area with greater separation should be considered a safer for a public safety view point. Similarly, the removal of the maintenance easement removes what could be a maintenance concern with disputing neighbors or, at minimal, an inconvenience. Finally, less dense developments typically generate less traffic. The requested deviation is not to provide greater density or otherwise benefit the developer, but to provide greater setbacks and separation between detached structures.

Applications for dimensional variances require that the applicants address the following questions:

a. Demonstrate that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district.

The T4L District permits a variety of residential building types to include single-family residential, multifamily, zero-lot line, and townhouses. In most cases, these dwellings are used to achieve the maximum density permitted for a particular property. More units oftentimes mean greater sales or rents. In this case, the developer is hoping to deviate from the minimum district standards for zero-lot lines for a more moderate density for a patio home (reduced lot size) development. Instead of a development that includes numerous 2,800 square foot lots with zero lot line units with windowless elevations along a property line, the developer is hoping to construct a more attractive but compact subdivision with larger lot sizes that is less dense with lots ranging from 4,000 to 10,000 square feet. This is different from the design of similar nearby developments to create a greater diversity of housing options.

b. Demonstrate that the special conditions and circumstances do not result from the actions of the applicant.

Reduced lot size or patio home developments are most closely associated with the R-1.5 District that permits 5,000 square feet, single-family residential lots. This district, however, does not permit townhouse or zero-lot line units. Furthermore, with a portion of the property already designated as T4L, rezoning to a single-family residential district may not be consistent with the area. Additional buffering could be imposed on adjacent commercial areas. However, the R-1.5 District is the only district that permits single-family residential lots of 5,000 square feet.

In an effort to provide a mix of residential units within a zoning designation that is considered flexible but consistent with the surrounding area, the T4L is the most appropriate district.

c. Demonstrate that an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution.

The hardship associated with this project cannot be addressed within a single district of the ordinance. A portion of the property is currently zoned B-2, and the effort is on-going to secure a T4L designation. The T4L District that is currently along the southern portion of the property to be purchased and developed provides a viable alternative of zero-lot line units, but regardless of lot size, a zero-lot line unit must be constructed along a common lot line of an adjacent parcel and imposes of 5 foot maintenance easement on the adjacent parcel. While this is an adequate solution for a zero-lot line development on minimum lot sizes, the proposal of permitting the 5-foot maintenance easement along the primary lot was rejected. It was rightly stated, "If a five foot setback is provided, it is not a zero lot line development." This provides no option or 'middle ground' between a 2,800 zero-lot line development and a 7,500 square foot single family lot.

Deviations associated with townhomes and zero-lot line homes required a lower standard than a typical 'hardship variance'. According to the zoning regulations, the developer must show that the proposal is not adverse to public health, safety, and general welfare.

d. Demonstrate how the literal interpretation of the provisions of the zoning ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of the zoning ordinance.

The developer of this project could very easily submit a plan with a higher density by developing townhouse and smaller zero-lot line parcels. The minimum lot width of a zero-lot line parcel is 28 feet. The applicant's proposal include zero lot line parcels that are typically 50 feet in widths. With proposed building widths of 30 feet, there is no real need to have 15 to 20 feet of setback on one side and zero setback on another and a five foot maintenance easement on the neighbors' property. The T4L District permits zero-lot line dwelling, townhouses, multifamily, and single-family residential. The ordinance does not specifically permit patio homes, but as proposed, this development would be less dense than a number of different by-right building types. Furthermore, the proposed density should be considered consistent with the district and the area.

e. Demonstrate that the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and hardship.

The request to construct a reduced lot sized development or patio home project will no confer additional privileges to the land owner. Patio homes are similar in nature to zero-lot line units that are permitted by right. Zero-lot line homes typically include smaller lot areas and widths. While the developer has submitted a General Plan that includes approximately 67 lots and 42 detached dwelling lots, the lots are much larger than required of zero-lot line developments. Of the 42 lots, the vast majority of these lots exceed 5,000 square feet in size which is substantially larger than the 2,800 required in zero-lot line developments. In fact, the 6 smallest lots within the development have areas between 4,000 and 5,000 square feet. The requested variance will allow the homes to have two side yard setbacks and not rely on an easement on the neighbor's yard. Further, by permitting side yard setbacks, the homes can have windows and openings on all sides of the buildings to enhance fire safety.

f. State whether the use proposed is permissible by right, with planning approval or by special exception with respect to uses of land or structures.

The proposed project is a mixed residential development that will include town houses and zero-lot line units that are "by right". Additionally, the use of "single-family residential" is permitted use. Elliott Land Development, LLC would like to include patio homes or reduce lot size developments which requires a dimensional variance of the minimal lot sizes. The required variance for the smallest proposed lot (approximately 4,070 square feet) is approximately 46 percent of the 7,500 square feet required lot size. Proposed lot size of 5,000 to 7,000 square feet (which account for approximately 27 of the 42 detached dwelling lots) require variances of 33 to 9 percent, respectively. There are 9 lots that are proposed that range from 7,000 to 10,750 square feet.

4. Conclusion.

The subject site has never been developed and is expected to be rezoned to T4L. This district permits zero lot line units and townhouses as permitted or 'by-right' uses. The applicant has provided a conceptual General Plan that includes approximately 67 units (42 zero-lot line (or patio homes) and 25 townhouses). All lots for zero-lot line dwellings within the development greatly exceed the minimum requirements of the zoning regulations.

The request to construct patio homes or reduced lot dwelling is not permitted in the zoning ordinance. The only district that permits smaller lots is the R-1.5 District. Aside from that district, the smallest lot permitted for single-family residential is 7,500 square feet. The requested variance reflects an effort to build a more compatible, more attractive,

and less dense development. While a zero-lot line development with smaller lots could be designed with many more units, the developer is hoping to include lots that are much larger than the minimum. Because the lots are larger, there is no need for zero lot line units. These units prohibit doors and entrances on the side with not setback and require a five maintenance easement on the adjacent lots.

According to Section IV Supplementary Regulations 10. Townhouses and Zero-lot Line Developments. "In order to allow any deviation from the following minimum requirements for these types of development, the developer must show evidence that such deviation will not adversely affect the health, safety and welfare of the public.". The provides a much lower 'bar' than providing a specific hardship as required for other variances. Providing a less dense area with greater separation should be considered a safer for a public safety view point. Similarly, the removal of the maintenance easement removes what could be a maintenance concern with disputing neighbors. Finally, less dense typically means less traffic. The requested deviation is not to provide greater density or otherwise benefit the developer, but to provide greater setbacks and separation between detached structures.

The most direct approach to permit this requested development is to provide variances for the proposed detached, dwelling lots (approximately 42). The applicant is requesting the following variances from the minimum area of 7,500 square feet for single-family residences, accordingly:

Variance	Proposed Minimum Lot Size	Maximum Number Permitted
Reduction of up to 3,500 sq. ft. (46%)	4,000 sq. ft.	8 Units (20%)
Reduction of up to 2,500sq. ft.(33%)	5,000 sq. ft.	30 Units (71%)
Reduction of up to 500 sq. ft. (10%)	7,000sq. ft.	8 Units (20%)

The chart above is provided to demonstrate that a blanket or 'across the board' variance of 3,500 square feet is not requested. The applicant is not attempting to maximize density or the number of lots. The effort is to reduce the number of lots and provide a more attractive residential development with moderate-sized residential lots that are much larger than the minimum required lot sizes of the district.

Proposed Lot Distribution For Detached Structures*

Variance	Proposed Minimum	Maximum Number	Maximum Variance
Maximum Reductions	Lot Size	Permitted	Distribution
Up to 3,500 sq. ft. (46%)	4,000 sq. ft.	8 Units	20%
Up to 2,500sq. ft.(33%)	5,000 sq. ft.	30 Units	71%
Up to 500 sq. ft. (10%)	7,000sq. ft.	8 Units	20%

*The project is still in a sketch plat form that has not been finalized. The overall lot count is expected to include approximately 67 units with 42 detached structures, but this number could slightly increase or decrease. The proposed distribution is flexible to accommodate changes that may occur during General Plan approval and meetings with various City Departments.

GENERAL INFORMATION

Case File Number: 2507SE086

Hearing Date: Zoning Board July 31, 2025
Planning Commission July 24, 2025

Current Zoning/Use: B-2 / Commercial Structure

Legal: Special Exception 2507SE086, by owner Vintage Properties LLC, seeking approval for a liquor store use, Tax Parcel 0910N-06-019.000, 423 Pass Road, Zoned B-2 (General-Business), Ward 3

TECHNICAL DETAILS

The applicant is requesting special exception to an existing liquor store located at 423 Pass Road, zoned B-2 (General Business). The applicant stated that the business has been operating for over 50 years and thought that they were grandfathered in with the City of Gulfport. The applicant was unaware that they needed a privilege license and wanted to become compliant with the City of Gulfport. Ordinance 3158 approved on August 3, 2022, eliminated the distance requirements required in the chart of permitted uses for these establishments, however the proposed liquor store is still required to go through Special Exception. The applicant has provided an affidavit that the state requires, that lets us know that the applicant is compliant with Mississippi Code 67-1-51. According to Mississippi Code 67-1-51 section (3) (a), "Except as otherwise provided in this subsection, no authority shall be granted to any person to manufacture, sell or store for sale any intoxicating liquor as specified in this article within four hundred (400) feet of any church, school (excluding any community college, junior college, college or university), kindergarten or funeral home. However, within an area zoned commercial or business, such minimum distance shall be not less than one hundred (100) feet." The closest church, Life Church, being approximately 1,284 feet away from the subject site. The liquor store is located between two Elementary Schools. Central Elementary is approximately 3,509 feet away and Pass Road Elementary is located 2,144 feet away. Upon staff review of the surrounding area, the area is a commercial zone. Commercial businesses that are located nearby include Pass Road Mini Storage, located across the street at 500 Pass Road. Directly behind the liquor store is House of Carpet at 3206 B Avenue, and Jamison Auto Group at 3204 B Avenue.

EXECUTIVE SUMMARY

The applicant is seeking approval for a liquor store in a B-2 zoning district. The applicant states that they have been operating at this location for over 50 years at the current location of 423 Pass Road. The applicant cites that ingress and egress for vehicles and pedestrians will utilize the current, established entrances and exits serving Pass Road and B Avenue. The applicant says that there are no issues with utilities, access, or parking with the proposed site and use. No variance will be needed for backing out into city right-of-way will be needed for this property since it is pre-existing non-conforming on Pass Road. The City of Gulfport's off-street parking ordinances require 1 parking space per 300 square feet of gross-floor area. The building is

SPECIAL EXCEPTION

approximately 4,609 square feet and has 17 parking spaces including one van accessible parking space. Even though this has been operating for over 50 years, the current zoning district for liquor store use requires approval from both the Zoning Board and Planning Commission, so they can be compliant with the City of Gulfport.

Any approval should consider these conditions:

1. Liquor store use approval requires both the Zoning Board and Planning Commission.
2. Must comply with all current Building Codes and City of Gulfport Ordinances.

ZONING BOARD OF ADJUSTMENT AND APPEALS

Hearing Date: Thursday, July 31, 2025

Variance 2507ZB088: Variance 2507ZB088, by agent David Becher, seeking approval for lot size of 4,682 square feet where 7,500 is required, Tax Parcel 0911A-02-117.000, 690 Beach Drive, Zoned T4+ (General Urban Zone "Plus"), Ward 2

GENERAL INFORMATION

Case File Number: 2507ZB088

Hearing Date: July 31, 2025

Current Zoning/Use: T4+ / Vacant Lot

Legal: Variance 2507ZB088, by agent David Becher, seeking approval for lot size of 4,682 square feet where 7,500 is required, Tax Parcel 0911A-02-117.000, 690 Beach Drive, Zoned T4+ (General Urban Zone "Plus"), Ward 2.

TECHNICAL DETAILS

Variations involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variations should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant is seeking approval to build a single-family home on a proposed subdivided lot that will be less than 7,500 square feet, required by District Regulations for T4+ (General Urban Zone “Plus”) in Appendix A. The applicant is seeking to take a conforming lot that meets district regulations for building lot size for a single-family home and divide it into two non-conforming lots that are smaller than what current district regulations require. The applicant has caused their own hardship.

- (a) The applicant notes the owner’s request to build a single-family home on each of the proposed subdivided lots and claims that what is unique about this property is the presence of live oak and palm trees that are a few feet from the property line. The applicant notes the owner’s intent to create a crushed stone easement along the rear property line and not build any structure within 30 feet of the tree trunks. From a site visit staff confirmed the presence of trees towards the rear of the property, however said trees are located on the property north of the subject site. While the preservation of protected trees would be a potential hardship, the trees are not located on the subject site and only the live oak is a protected tree. The subject site is a vacant lot of land that has been vacant since 2007 according to available imagery. Regarding the crushed stone material, if that is to be used for parking material, a separate approved variance will be required due to parking ordinances requiring either asphalt or concrete for parking material.
- (b) The applicant references the preservation of the protected tree as the reason for the hardship claiming that approval of the variance would promote economic growth along Beach Drive while protecting a live oak tree. As stated in the previous response, while tree preservation would generally be a hardship, these trees are not located on the subject site but rather on the property north of the subject site. The applicant is seeking to take a conforming lot that meets district regulations for building lot size for a single-family home and divide it into two non-conforming lots that are smaller than what current district regulations require. The applicant has caused their own hardship.
- (c) The applicant references the preservation of the protected tree on the property north of the subject site as the basis of their hardship, and claims that approval of the variance would alleviate any hardship while protecting the trees and developing the vacant lot. The mentioned trees are not located on the subject site, and dividing a conforming lot, as requested, would not reasonably alleviate any hardship caused by tree preservation. The applicant is seeking to divide the property in order to construct a second home on a lot smaller than what current district regulations require.
- (d) The applicant claims that there are other properties less than 7,500 square feet with single-family homes on them. After looking in the surrounding district, staff did note several properties with single-family homes that are smaller than 7,500 square feet. However, these properties appear to have existed when this district was under Appendix D (Smartcode), which allowed for smaller lot sizes. Since that time this area has rescinded its Smartcode Community Plan and reverted to Appendix A transect zones, which requires 7,500 square feet for lot sizes for single-family homes.
- (e) The applicant claims that granting approval of the variance would not grant them benefits that others who follow the Zoning Ordinance cannot receive. While there are other properties that have single-family homes that are smaller than the 7,500 square feet required by current district regulations, these properties were developed when the area was under Appendix D (Smartcode) regulations which allowed for smaller lot sizes.

Technical Report

VARIANCE

Since that time, the area has rescinded their Smartcode Community Plan and reverted to Appendix A transect zones, which requires 7,500 square feet for lot sizes for single-family homes. Granting the variance would set a precedent in the area regarding current district regulations.

- (f) This property is zoned T4+, and a single-family home is allowed by right.

EXECUTIVE SUMMARY

The applicant is seeking approval to divide the subject parcel into two smaller parcels and build a single-family home on a parcel smaller than the 7,500 square feet required by Appendix A District Regulations. The six hardship criteria have not been met, and the hardship noted does not meet merit. The applicant claims the basis of their hardship resulting from the preservation of live oaks that are close to the northern property line. Upon staff review of the subject site, staff noted that the mentioned trees are not located on the subject property but on the property north of the subject site. The applicant also notes the intention of placing a 12-foot crushed stone easement along the north property line. If the crushed stone is to be used as material for parking, it will require a separate variance due to the parking ordinance in Appendix A requiring either concrete or asphalt for material for parking spaces. The applicant is wishing to divide a conforming lot into two smaller non-conforming lots in order to construct two separate homes on two separate parcels smaller than the required lot size. The applicant has caused their own hardship. While there are other properties in the surrounding district that are smaller than 7,500 square feet, they were developed back when this area was under Appendix D (Smartcode) regulations, which allowed for lot sizes smaller than 7,500 square feet. However, since that time the area has rescinded their Smartcode Community Plan and reverted to Appendix A transect zones, which requires 7,500 square feet for lot sizes for single-family homes. Granting the variance would set a precedent in the area regarding current district regulations. Engineering is wanting Parcel A to have an easement to allow for installation of a water service line and a sewer line and a sewer service line to allow Parcel B to connect to water and sewer lines in Dolan Ave. There are no water or sewer utilities on Beach Dr. (Hwy 90). The private driveway must be paved with concrete or asphalt on City right-of-way. The applicant must confirm there is sufficient space to the rear or beneath the proposed home for the required parking.

Any approval should consider these conditions:

1. Proof of parcel separation to be provided before any permits for vertical construction can be issued.
2. Separate variance will be required for crushed stone/ gravel driveway.
3. Approval allows for a single-family home to be built on a 4,682 square foot lot, where district regulations require a lot size of 7,500 square feet.
4. Parcel A must provide an easement to allow for installation of a water service line and a sewer line and a sewer service line to allow Parcel B to connect to water and sewer lines in Dolan Ave. There are no water or sewer utilities on Beach Dr. (Hwy 90). The private driveway must be paved with concrete or asphalt on City right-of-way. The applicant must confirm there is sufficient space to the rear or beneath the proposed home for the required parking.

SURVEY BY J. MICHAEL CASSADY, P.L.S. DATED 08/08 /03

**LEGAL DESCRIPTION PARCEL "B"
(PER SURVEY) DURBIN SURVEY**

A parcel of land located in the City of Gulfport, First Judicial District of Harrison County, State of Mississippi, and being more particularly described as follows:

Commencing at the intersection of the westerly margin of Dolan Avenue with the North margin of Beach Drive or Highway 90, thence run S 79°21'06" W 35.85 feet along said North margin to an iron rod and the Point of Beginning, thence run N 00°57'44" E 138.94 feet to an iron rod, thence N 89°19'51" W 36.00 feet to an iron rod, thence S 00°40'24" W 146.00 feet to the North margin of Beach Drive, thence N 79°21'06" E 36.00 feet along the northerly right-of-way of U.S. Highway 90 to the Point of Beginning. Said parcel contains 5078 square feet or 0.12 acres. Bearings based on GPS Observation, Mississippi East Zone, NAD 83, International Survey Feet, per survey by Gary Durbin, P.L.S. dated May 1, 2025. and also a 12 foot Access Easement along the North 12 feet of Parcel "A" to benefit Parcel B.

This survey does not reflect a title search by Gary A. Durbin, P.L.S., nor should it be considered as such. This survey therefore does not depict all easements and encumbrances that could affect this property.

This is a Class "B" survey per "The Standards of Practice for Land Surveying in the State of Mississippi".

Bearings based on GPS Observation of the east margin of Beverly Drive, NAD 83, MS East Zone, convergence angle -0.130449, scale factor 0.9999960.

This property is situated in Zone "AE-16" per FEMA Flood Insurance Rate Map, City of Biloxi, Harrison County, Mississippi, Community Panel Number 28047C-0291-G, Revised: 6/16/09. This does not warranty that this property will not or could not flood

This is to CERTIFY that this plat or map and the survey on which it is based were made in accordance with "The Standards of Practice for Land Surveying in the State of Mississippi".

VARIANCE SUBMISSION
690 Beach Drive, Gulfport, MS 39507
Zoned T4+

Answer the following six questions individually and thoroughly as a separate attachment.

1. Demonstrate that special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures, or buildings in the same district. (i.e., What is special about your property that you need to this request a variance?) **Response:** *Owner requests Board approval to build two single-family homes on one vacant lot being subdivided into two ~ 5,000 sq. ft. lots, less than the 7,500 sq. ft. minimum. This parcel is unique as a live oak tree, estimated to be up to 300 years old (per Gulfport City Arborist), and two palms are growing together within a few feet of the rear property line. To protect the trees while developing this T4+ parcel, the Owner will create a 12' crushed stone easement along the rear property line and not build any structure within 30' of these tree trunks.*
2. Demonstrate that the special conditions and circumstances do not result from the actions of the applicant. (i.e., Show that you did not cause the need for the variance.) **Response:** *The live oak tree has grown within a few feet of the North property line over the past 300 years. Board approval of this variance will promote economic growth along an underdeveloped stretch of Beach Drive, while thoughtfully protecting "a healthy live oak tree estimated to be up to 300 years old".*
3. Demonstrate that unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution. (i.e., Explain what your hardship is and why the property cannot comply with the zoning ordinance. Further, explain why this hardship is not commonly found on other properties?) **Response:** *I believe it is unusual to see a 300-year-old live oak and two palm trees growing together within a few feet of each other on Beach Drive. To preserve this uncommon occurrence while developing this parcel, the Owner will record a 12' easement along the rear property line and not build any structure within 30' of these tree trunks. Board approval of the Owners' variance request will alleviate any unnecessary hardship while protecting the trees and developing a lot which has been vacant for nearly 20 years.*
4. Demonstrate how the literal interpretation of the provisions of the zoning ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of the zoning ordinance. (i.e., Explain how the request meets the right of reasonable economic return and/or right to reasonable development of your property which might be generally expected in your district.) **Response:** *There are several single-family homes (SFH) with ~ 5,000 square feet lots within blocks of the property and more SFH with lot sizes less than 7,500 square feet in the district.*
5. Demonstrate that the granting of the variance will not confer the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use the property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and hardship. (i.e., Will you receive any special benefit that others who follow the Zoning Ordinance cannot receive?) **Response:** *I will not receive any special benefit that others who follow the Zoning Ordinance cannot receive.*
6. State whether the use proposed is permissible by right, with planning approval or by special exception with respect to uses of land or structures. **Response:** *I understand the use proposed is permissible by right with planning approval of this variance exception.*

ZONING BOARD OF ADJUSTMENT AND APPEALS

Hearing Date: Thursday, July 31, 2025

Variance 2507ZB089: Variance 2507ZB089, by agent David Becher, seeking approval for lot size of 5,078 square feet where 7,500 is required, Tax Parcel 0911A-02-117.000, 690 Beach Drive, Zoned T4+ (General Urban Zone "Plus"), Ward 2

Technical Report

VARIANCE

GENERAL INFORMATION

Case File Number: 2507ZB089

Hearing Date: July 31, 2025

Current Zoning/Use: T4+ / Vacant Lot

Legal: Variance 2507ZB089, by agent David Becher, seeking approval for lot size of 5,078 square feet where 7,500 is required, Tax Parcel 0911A-02-117.000, 690 Beach Drive, Zoned T4+ (General Urban Zone "Plus"), Ward 2.

TECHNICAL DETAILS

Variances involve special cases where unique factors contribute to justify a use of property that does not conform to the City's enforced ordinances. Therefore, variances should not be granted unless they are able to adequately meet the following conditions:

- (a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same district;
- (b) The special conditions and circumstances do not result from the actions of the applicant;
- (c) That an unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution;
- (d) That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of this ordinance;
- (e) That the granting of the variance will not confer on the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use their property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and the hardship;
- (f) That the use proposed is permissible by right or with planning approval or by special exception.

(Ord. App. A Sec. VIII (B)(2)(c)(1))

Technical Report

VARIANCE

The applicant is seeking approval to build a single-family home on a proposed subdivided lot that will be less than 7,500 square feet, required by District Regulations for T4+ (General Urban Zone "Plus") in Appendix A. The applicant is seeking to take a conforming lot that meets district regulations for building lot size for a single-family home and divide it into two non-conforming lots that are smaller than what current district regulations require. The applicant has caused their own hardship.

- (a) The applicant notes the owner's request to build a single-family home on each of the proposed subdivided lots and claims that what is unique about this property is the presence of live oak and palm trees that are a few feet from the property line. The applicant notes the owner's intent to create a crushed stone easement along the rear property line and not build any structure within 30 feet of the tree trunks. From a site visit staff confirmed the presence of trees towards the rear of the property, however said trees are located on the property north of the subject site. While the preservation of protected trees would be a potential hardship, the trees are not located on the subject site and only the live oak is a protected tree. The subject site is a vacant lot of land that has been vacant since 2007 according to available imagery. Regarding the crushed stone material, if that is to be used for parking material, a separate approved variance will be required due to parking ordinances requiring either asphalt or concrete for parking material.
- (b) The applicant references the preservation of the protected tree as the reason for the hardship claiming that approval of the variance would promote economic growth along Beach Drive while protecting a live oak tree. As stated in the previous response, while tree preservation would generally be a hardship, these trees are not located on the subject site but rather on the property north of the subject site. The applicant is seeking to take a conforming lot that meets district regulations for building lot size for a single-family home and divide it into two non-conforming lots that are smaller than what current district regulations require. The applicant has caused their own hardship.
- (c) The applicant references the preservation of the protected tree on the property north of the subject site as the basis of their hardship, and claims that approval of the variance would alleviate any hardship while protecting the trees and developing the vacant lot. The mentioned trees are not located on the subject site, and dividing a conforming lot, as requested, would not reasonably alleviate any hardship caused by tree preservation. The applicant is seeking to divide the property in order to construct a second home on a lot smaller than what current district regulations require.
- (d) The applicant claims that there are other properties less than 7,500 square feet with single-family homes on them. After looking in the surrounding district, staff did note several properties with single-family homes that are smaller than 7,500 square feet. However, these properties appear to have existed when this district was under Appendix D (Smartcode), which allowed for smaller lot sizes. Since that time this area has rescinded its Smartcode Community Plan and reverted to Appendix A transect zones, which requires 7,500 square feet for lot sizes for single-family homes.
- (e) The applicant claims that granting approval of the variance would not grant them benefits that others who follow the Zoning Ordinance cannot receive. While there are other properties that have single-family homes that are smaller than the 7,500 square feet required by current district regulations, these properties were developed when the area was under Appendix D (Smartcode) regulations which allowed for smaller lot sizes.

Technical Report

VARIANCE

Since that time, the area has rescinded their Smartcode Community Plan and reverted to Appendix A transect zones, which requires 7,500 square feet for lot sizes for single-family homes. Granting the variance would set a precedent in the area regarding current district regulations.

- (f) This property is zoned T4+, and a single-family home is allowed by right.

EXECUTIVE SUMMARY

The applicant is seeking approval to divide the subject parcel into two smaller parcels and build a single-family home on a parcel smaller than the 7,500 square feet required by Appendix A District Regulations. The six hardship criteria have not been met, and the hardship noted does not meet merit. The applicant claims the basis of their hardship resulting from the preservation of live oaks that are close to the northern property line. Upon staff review of the subject site, staff noted that the mentioned trees are not located on the subject property but on the property north of the subject site. The applicant also notes the intention of placing a 12-foot crushed stone easement along the north property line. If the crushed stone is to be used as material for parking, it will require a separate variance due to the parking ordinance in Appendix A requiring either concrete or asphalt for material for parking spaces. The applicant is wishing to divide a conforming lot into two smaller non-conforming lots in order to construct two separate homes on two separate parcels smaller than the required lot size. The applicant has caused their own hardship. While there are other properties in the surrounding district that are smaller than 7,500 square feet, they were developed back when this area was under Appendix D (Smartcode) regulations, which allowed for lot sizes smaller than 7,500 square feet. However, since that time the area has rescinded their Smartcode Community Plan and reverted to Appendix A transect zones, which requires 7,500 square feet for lot sizes for single-family homes. Granting the variance would set a precedent in the area regarding current district regulations. Engineering is wanting Parcel B to obtain an easement to allow for installation of a water service line and a sewer line and a sewer service line to allow Parcel B to connect to water and sewer lines in Dolan Ave. There are no water or sewer utilities on Beach Dr. (Hwy 90).

Any approval should consider these conditions:

1. Proof of parcel separation to be provided before any permits for vertical construction can be issued.
2. Separate variance will be required for crushed stone/ gravel driveway.
3. Approval allows for a single-family home to be built on a 4,682 square foot lot, where district regulations require a lot size of 7,500 square feet.
4. Parcel B must obtain an easement to allow for installation of a water service line and a sewer line and a sewer service line to allow Parcel B to connect to water and sewer lines in Dolan Ave. There are no water or sewer utilities on Beach Dr. (Hwy 90).

VARIANCE SUBMISSION
690 Beach Drive, Gulfport, MS 39507
Zoned T4+

Answer the following six questions individually and thoroughly as a separate attachment.

1. Demonstrate that special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures, or buildings in the same district. (i.e., What is special about your property that you need to this request a variance?) **Response:** *Owner requests Board approval to build two single-family homes on one vacant lot being subdivided into two ~ 5,000 sq. ft. lots, less than the 7,500 sq. ft. minimum. This parcel is unique as a live oak tree, estimated to be up to 300 years old (per Gulfport City Arborist), and two palms are growing together within a few feet of the rear property line. To protect the trees while developing this T4+ parcel, the Owner will create a 12' crushed stone easement along the rear property line and not build any structure within 30' of these tree trunks.*
2. Demonstrate that the special conditions and circumstances do not result from the actions of the applicant. (i.e., Show that you did not cause the need for the variance.) **Response:** *The live oak tree has grown within a few feet of the North property line over the past 300 years. Board approval of this variance will promote economic growth along an underdeveloped stretch of Beach Drive, while thoughtfully protecting "a healthy live oak tree estimated to be up to 300 years old".*
3. Demonstrate that unnecessary hardship is created by the physical character of the property and is peculiar and unusual to such an extent that it is evidence that amendment of the zoning ordinance does not offer a reasonable solution. (i.e., Explain what your hardship is and why the property cannot comply with the zoning ordinance. Further, explain why this hardship is not commonly found on other properties?) **Response:** *I believe it is unusual to see a 300-year-old live oak and two palm trees growing together within a few feet of each other on Beach Drive. To preserve this uncommon occurrence while developing this parcel, the Owner will record a 12' easement along the rear property line and not build any structure within 30' of these tree trunks. Board approval of the Owners' variance request will alleviate any unnecessary hardship while protecting the trees and developing a lot which has been vacant for nearly 20 years.*
4. Demonstrate how the literal interpretation of the provisions of the zoning ordinance would deprive the applicant of rights commonly enjoyed by properties in the same district under the terms of the zoning ordinance. (i.e., Explain how the request meets the right of reasonable economic return and/or right to reasonable development of your property which might be generally expected in your district.) **Response:** *There are several single-family homes (SFH) with ~ 5,000 square feet lots within blocks of the property and more SFH with lot sizes less than 7,500 square feet in the district.*
5. Demonstrate that the granting of the variance will not confer the applicant any special privilege that is denied by this ordinance to other lands, structures, or buildings in the same district, other than to permit the applicant to use the property in a manner as nearly equivalent to uses generally permitted in the district considering the conditions and circumstances involved and hardship. (i.e., Will you receive any special benefit that others who follow the Zoning Ordinance cannot receive?) **Response:** *I will not receive any special benefit that others who follow the Zoning Ordinance cannot receive.*
6. State whether the use proposed is permissible by right, with planning approval or by special exception with respect to uses of land or structures. **Response:** *I understand the use proposed is permissible by right with planning approval of this variance exception.*

GENERAL INFORMATION

Case File Number: 2507SE093

Hearing Date: Zoning Board July 31, 2025
Planning Commission July 24, 2025

Current Zoning/Use: T6 / Commercial Building

Legal: Special Exception 2507SE093, by agent Kara Alley, seeking approval for a liquor store use, Tax Parcel 0811F-04-044.000, 1615 25th Ave, Zoned T6 (Urban Core Zone), Ward 3

TECHNICAL DETAILS

The applicant requests a special exception to establish a liquor store at 1615 25th Avenue, zoned T6 (Urban Core Zone). Ordinance 3158 approved on August 3, 2022, eliminated the distance requirements required in the chart of permitted uses for these establishments, however the proposed liquor store is still required to go through Special Exception. The applicant has provided an affidavit that the state requires, that lets us know that the applicant is compliant with Mississippi Code 67-1-51. According to Mississippi Code 67-1-51 section (3) (a), “ Except as otherwise provided in this subsection, no authority shall be granted to any person to manufacture, sell or store for sale any intoxicating liquor as specified in this article within four hundred (400) feet of any church, school (excluding any community college, junior college, college or university), kindergarten or funeral home. However, within an area zoned commercial or business, such minimum distance shall be not less than one hundred (100) feet.” The closest active church use, St. John the Evangelist, is approximately 424 feet away from the subject property. It should be noted that St. John’s school and Ovation Learning Center were located across the street, however, neither have active licenses and are approximately 130 from the subject site. Upon staff review, the area is surrounded by many commercial uses such as Coast Roast Coffee & Tea, Pop Brothers, and Moses Men’s Wear. It should be noted that the site is located within the section of downtown that lifts the parking requirements that would otherwise need to be met.

EXECUTIVE SUMMARY

The applicant requests a special exception to establish a liquor store at 1615 25th Avenue, zoned T6 (Urban Core Zone). It should be noted that according to Appendix A, Section VI (A) (1), properties within the Central Business District of Gulfport are exempt from the off-street parking requirements. The site in question is located within the Central Business District according to the official zoning map. The applicant states that building will be aesthetically pleasing and that the business will be an asset to the downtown area. The proposed liquor store will be located between Bryan Jacobs Insurance Agency and Anderson Law Group. The immediate area has many commercial uses such as Coast Roast Coffee & Tea, Pop Brothers, and Moses Men’s Wear. The closest church use, St. John the Evangelist, is approximately 424 feet away from the subject property. It should be noted that St. John’s school and Ovation Learning Center were

SPECIAL EXCEPTION

located across the street, however, neither have active licenses and are approximately 130 feet from the subject site.

Any approval should consider these conditions:

1. Approval from both Planning Commission and Zoning Board would allow for a Liquor store use.
2. Must comply with all current Building Codes and City of Gulfport Ordinances.

Hearing Date: Zoning Board July 31, 2025
Planning Commission July 24, 2025

Current Zoning/Use: R-1-7.5 / Single-Family

Legal: Special Exception 2508SE094, by agent Debra Fox, seeking approval for an assisted living facility, Tax Parcel 0910J-01-049.000, 803 Courthouse Road, Zoned R-1-7.5 (Single-family), Ward 4

TECHNICAL DETAILS

The applicant requests a Special Exception to allow for an assisted living facility use located at 803 Courthouse Road, zoned R-1-7.5 (Single-family). The applicant states, “that the personal care home will operate 24 hours a day, seven days a week, accepting individuals who require personal care services or individuals, who due to functional impairments, may require mental health services to compensate for activities of daily living.” Clients will live in the home on a full- time basis and will receive services such as hot meals, snacks, transportation to doctor appointments, recreational events, laundry service, as well as medication management. The applicant, Mrs. Fox, stated in her written checklist that she has been an active nurse for over 40 years. The caregiver shall provide residents with meals three times daily seven days a week. Further, it is implied that the living facility will have six or fewer residents. The home has four bedrooms and four bathrooms; three bedrooms will be shared by clients and the fourth bedroom will be used by the caregiver. Off-street parking is a requirement and will use Rooming Houses parking requirements; 1.5 spaces per guest room. The applicant already has existing parking requirements for 2 vehicles and provided an additional parking plan with 2 regular parking spaces and one handicapped van accessible parking space that will fit in behind the back of the house making a total of 4 parking spaces and one handicapped van accessible parking space. The additional parking spaces must be concrete or asphalt and must be lined parking spaces. Upon site visit, this single-family home is located just north of the intersection of Pass Road and Courthouse Road, between Pass Road and Commerce Street.

EXECUTIVE SUMMARY

The applicant requests a special exception to allow a group home with care giver on site. Clients will live in the home on a full- time basis and will receive services such as hot meals, snacks, transportation to doctor appointments, recreational events, laundry service, as well as medication management. The applicant has existing parking requirements for 2 vehicles and will provide additional parking with 2 regular parking spaces and one handicapped van accessible parking space that will fit in behind the back of the house making a total of 4 parking spaces and one handicapped van accessible parking space. The additional parking spaces must be concrete or asphalt and must be lined parking spaces. Engineering requires revising the site plan to show the

GENERAL INFORMATION

Case File Number: 2508SE095

Hearing Date: Zoning Board July 31, 2025
Planning Commission July 24, 2025

Current Zoning/Use: R-1-7.5 / Single-Family

Legal: Special Exception 2508SE095, by agent James Fox, seeking approval for an assisted living facility, Tax Parcel 0910J-01-050.000, 1 39th Street A, Zoned R-1-7.5 (Single-family), Ward 4

TECHNICAL DETAILS

The applicant requests a Special Exception to allow for an assisted living facility use located at 1 39th Street A zoned R-1-7.5 (Single-family). The applicant states, “that the personal care home will operate 24 hours a day, seven days a week, accepting individuals who require personal care services or individuals, who due to functional impairments, may require mental health services to compensate for activities of daily living. Clients will live in the home on a full- time basis and will receive services such as hot meals, snacks, transportation to doctor appointments, recreational events, laundry service, as well as medication management. The caregiver shall provide residents with meals three times daily seven days a week. Further, it is implied that the living facility will have six or fewer residents. The home has four bedrooms and four bathrooms; three bedrooms will be shared by clients and the fourth bedroom will be used by the caregiver. Off-street parking is a requirement and will use Rooming Houses parking requirements; 1.5 spaces per guest room. The applicant already has existing parking requirements for 2 vehicles and provided an additional parking plan with 2 regular parking spaces and one handicapped van accessible parking space that will fit in front of the house making a total of 4 parking spaces and one handicapped van accessible parking space. The additional parking spaces must be concrete or asphalt and must be lined parking spaces. Upon site visit, this home is located at the end of 39th Street among other single-family dwellings.

EXECUTIVE SUMMARY

The applicant requests a special exception to allow a group home with care giver on site. Clients will live in the home on a full- time basis and will receive services such as hot meals, snacks, transportation to doctor appointments, recreational events, laundry service, as well as medication management. The applicant already has existing parking requirements for 2 vehicles and will provide additional parking spaces with 2 regular parking spaces and one handicapped van accessible parking space that will fit in front of the house making a total of 4 parking spaces and one handicapped van accessible parking space. The additional parking spaces must be concrete or asphalt and must be lined parking spaces. Engineering and Traffic & Safety disapproves the parking layout provided in the application, does not meet City of Gulfport standards.
