- 8 Establishment of EMS District**
- 18 Budget Amendment for CDBG**

#### **Deletion of Routine Agenda Item:**

- 36 Advertisement for RFP for Ambulance Services**

**Motion to Approve Agenda as Adjusted, Moved By** Myles Sharp, **Seconded by** Cara Pucheu

**Vote:** Motion Carried By Unanimous Roll Call Vote

**Aye:** Kenneth Casey, Ricky Dombrowski, Ella Holmes-Hines, Rusty Walker, Myles Sharp, R.Lee Flowers, Cara Pucheu

## **Presentation Agenda**

- **Mayor's Report**

The President called for the Mayor's Report at this time.

Mayor Billy Hewes welcomed everyone to the Gulfport City Council meeting.

A moment of silence was requested for those who have lost their lives in the Louisiana flood, and prayers were asked for our neighboring state as they begin recovery from this disaster.

**One Coast-One Relief** - The Mayor reported that the response to this call for assistance has been exceptional! One 18 wheeler was filled, with another enroute. The Mayor updated that trucks would depart at 6:30 on Wednesday, August 17 to distribute goods to the East Baton Rouge area. Thanks were given to everyone making donations, or assisting in any way with this effort to help Louisiana flood victims.

**Bow Ties & Beignets + Bacon** - Mayor Hewes reported that the event, scheduled for Friday, August 26, 2016 is near sell-out capacity! The Mayor reminded everyone that the financial goal of \$25,000 would assist the Harrison County Emergency Children's Shelter.

### **Upcoming Events:**

**Senior's BBQ** - Thursday, August 18 from 9 a.m. to 2 p.m. at the Barksdale Pavilion. Sponsored by the City and Boyington Rehabilitation Services.

**Shrimp Bowl** - Friday, August 19, at Biloxi High School.

**Cinema by the Shore** - Friday, August 19 at Jones Park. Showing will be "Star Wars: The Force Awakens". Pre-activities begin at 6:30 p.m. with bounce houses, games, photo booth and the robotics team. Movie begins at 7:45.

**JLUS Community Meeting** - Thursday, August 30 at 4:30 p.m. at Westside Community Center. The public is invited!

This concluded the Mayor's Report.

-----

**Motion to authorize the settlement terms relating to the Struthers Property, Moved By Ella Holmes-Hines, Seconded By Ricky Dombrowski (terms as follows:)**

1. Confirmation that the Lease has been terminated and all settlement negotiations are withdrawn and held for naught.
2. If the Tenant and Rosens desire to avoid the payment of all unpaid > rent and claims as may be allowed under the Lease, a complaint for > eviction and complaint for recovery on the personal guarantees, a > mutual release must be executed by and between the Tenant and the Rosens with the GRC and City not later than five (5) business days from date of receipt of the mutual release and the Tenant must completely vacate the premises on or before 30 days from the date of execution of the mutual release.
3. If Tenant and Rosens deliver the fully executed Mutual Release to the GRC and City by or before the end of five (5) business days from > the date of receipt of the mutual release, the Tenant may continue in possession of the premises for a period not to exceed 30 days from the date of execution of the mutual release for the limited purpose of winding-up its business and removal its remaining property ( the "Wind-up Period").
4. During the Wind-up Period, assuming a mutual release has been duly executed, the Tenant may allow persons to enter the premises for the limited purposes of purchasing or removing the property of the Tenant. However, under no circumstances may Tenant accept, purchase or receive additional scrap, materials or property of any type on the lease premises during the Wind-up Period.

5. In the event Tenant and Rosens fail to deliver the fully executed Mutual Release on or before five (5) business days from date of receipt of the mutual release, all activity of the Tenant shall immediately cease and the gates to the leased premises shall be locked immediately.
6. Notwithstanding the execution of mutual releases, any property which remains on the premises after the Wind-up Period, will be deemed abandoned and all rights, title and interest therein or related thereto will be disclaimed, transferred and released to GRC.
7. Any property which exists on and along the front of the premises area adjacent to 34th St. must be immediately removed.
8. Upon delivery of the premises to the GRC, the premises and adjoining right of way must be delivered to GRC free and clear of cars, scrap, debris, etc
9. .In the event mutual releases are executed, Tenant must provide GRC with 24 hour written notice by email to Steve Hendrix, counsel for GRC, of Tenant's need to enter upon the premises for purposes of selling or removing its property during the Wind-up Period.
10. GRC may, at its sole discretion, place security on the premises at any time after five (5) business days from date of Tenant's receipt of the mutual release.
11. Failure to deliver an executed Mutual Release within five (5) business days from date of receipt of the same by Tenant will result in GRC commencing its complaint for eviction and the City commencing its complaint for recovery against the personal guarantors of the Lease.

**Vote:** Motion Carried By Unanimous Roll Call Vote:

**Aye:** Ricky Dombrowski, Ella Holmes-Hines, Rusty Walker, Myles Sharp, R.Lee Flowers and Cara Pucheu

**Absent:** Kenneth Casey

-----

**In response to the lease amendments proposed by the John C. Robinson Foundation “Brown Condor Association” a Motion was Moved By, Ella Holmes-Hines, Seconded By Cara Pucheu, the following:**

1. The “Early Termination” provision changes requested by the Association are acceptable.
2. The “Default” provisions must remain as presented by the City. The period of time to make repairs to the roof and HV/AC should be 12 months.
3. The “Rent and Taxes” provision may be amended to provide the City collect 10% of each ticket sold rather than \$.75 or \$1.50 for each ticket, as some tickets may be provided as complimentary.
4. The “Maintenance” provision relative to the time for repairs of the roof and HV/AC must remain at 12 months.
5. The “Insurance” provision will require coverage in the amount customarily required by the City.
6. An option to purchase will not be granted to the Association.

**Vote:** Motion Carried By Unanimous Roll Call Vote:

**Aye:** Ricky Dombrowski, Ella Holmes-Hines, Rusty Walker, Myles Sharp, R.Lee Flowers and Cara Pucheu

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Ronda Cole, Clerk of Council  
City Council

**Date:** 08/29/2016

**Subject:** Resolution - approving the budget of Memorial Hospital at Gulfport for its 2017 fiscal year.

**Recommendation:**

Councilmember \_\_\_\_\_ introduced and moved adoption of the following resolution:

**RESOLUTION APPROVING THE BUDGET OF MEMORIAL HOSPITAL AT GULFPORT FOR ITS 2017 FISCAL YEAR**

WHEREAS, the Board of Trustees of Memorial at Gulfport has filed its Budget for its fiscal year from October 1, 2016, to September 30, 2017, and requested approval of said Budget; and

WHEREAS, the Council of the City of Gulfport has reviewed the said Budget and finds that it should be approved;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, that the Budget of Memorial Hospital at Gulfport for the fiscal year 2017, a copy of which is on file with the City Clerk, be and it hereby is approved with the understanding that except as to funding previously authorized or authorized subsequent to this date by separate resolutions, funds for the Hospital's Budget shall not be provided by the City of Gulfport.

Councilmember \_\_\_\_\_ seconded the above and foregoing motion, and after discussion a vote of the members present was taken with the following results:

|                                           |       |

## **Executive Summary of Fiscal Year (FY) 2017 Budget**

### **Overview**

The healthcare industry continues to face challenges as it reacts to the changes implemented in governmental (Federal and State) reimbursement programs (Medicare and Medicaid). Public finance rating agencies (Moody's, Fitch and Standard and Poor's) all expect the reimbursement changes (those implemented and those scheduled) will remain a long-term challenge for the public hospital sector.

Medicare and Medicaid funding changes have negatively impacted Memorial's operations. The Medicare and Medicaid programs represent 75% of the hospital's business. Since 2011, the Affordable Care Act (ACA) and other regulatory cuts (Sequestration, Two Midnight Rule, Wage Index Reclassification) have cumulatively reduced Medicare payments to Memorial by over \$22M. On the state level, Memorial believes the Division of Medicaid (DOM), from 2014 to 2016, misallocated Medicaid supplemental payments. This misallocation underfunded Memorial by \$25M and we are suing the Medicaid program for the \$25M in underpayments. We expect a 24-36 month legal process in resolving this issue. We've prepared the 2017 budget in response to the funding challenges outlined above.

The underlying goal in our FY 2017 budget is to enhance the long-term viability of our core services (Emergency Room Trauma Care, Medical/Surgical Acute Care, Telemetry Care, Intensive Care, Neonatal Intensive Care) and maintain community access to these healthcare services. To that end, the 2017 budget includes several key initiatives:

- A decision to cease Memorial Behavioral Health (MBH) operations no later than April 1, 2017, to allow time for the sale of MBH. Medicaid programs represent 65% of the MBH business. Since 2013, in spite of cost restructure, MBH has experienced operating losses between \$4.0 to \$4.7M per year. This budget requests an RFP process for a new owner. Under the current Medicaid payment policies, private freestanding mental health facilities receive higher Medicaid payments than Memorial. A new owner would maintain community access and services, preserve jobs for the current MBH employees and eliminate operating losses related to State tax liabilities.
- A decision to restructure post-acute Inpatient (IP) Memorial Rehabilitation services. Medicare represents 65% of the IP rehabilitation business. Medicare has had increasing focus on restructuring post-acute care payments. Since 2014, Rehab has seen a 4% reduction in payment related to ACA and Budget Relief Act mandates, negative inflation adjustments and, beginning in FY 2016, Medicare Wage Index payment reductions of 8% phased over FY 2016/2017. Additionally, new reporting requirements that will impact payments or increase costs are planned for 2018. Memorial plans to outsource operations with a national rehabilitation provider. This allows shared operating, financial and regulatory risk, creates a defined revenue stream for the facility and other services, and maintains access and services for the community while preserving the jobs of current rehabilitation employees.
- We will be revising/updating our financial policies to better match the current healthcare landscape. With Medicare for the elderly, Medicaid for the low income population, employer

based insurance and the federally mandated insurance requirements for all the populations, we will orient our policies to the various copays and deductibles required by the individual's insurance.

The above initiatives, along with volume increases in core services operations, are projected to yield operating income at breakeven levels in FY2017, up from the projected operating loss of \$6.5M in FY 2016.

#### **Volume/Revenue Services**

- We expect a 3.7% increase in routine admissions and 1.5% increase in patient days for surgical and medical patients. Due to reductions associated with the MBH and Rehab initiatives, total admissions and inpatient days are expected to decrease by 6.8% and 12.9% respectively. These two service lines represent about 4% of Memorial's total revenue base.
- Outpatient hospital service volumes and physician clinic visit volumes are slated to grow by 2% with growth associated with increases in Primary Care, Cardiology, Chronic Care Management, Occupational Medicine, Medical Oncology, and Bariatric Services. Our Level II Trauma Center will continue to be fully staffed in FY 2017.
- Revenues for FY 2017, including the above service line initiatives, are 2% above FY2016 due to the routine service line growth and revenue initiatives above.

#### **Cost Structure**

Total costs are up 2.2% over FY 2016 which compares favorably with CMS national industry inflation projections of 2.7%. Healthcare costs continue to rise, particularly in nursing wages, as national nursing shortages are impacting local market wage rates. Full time equivalents (FTEs) reported will remain flat, a combination of a decrease of 140 associated with the MBH and Rehab initiatives and an increase of 144 new FTEs added to support volume increases.

#### **Pension Funding**

The FY2017 budget fully funds the projected actuarial required funding for the Defined Benefit Plan at \$10.2M.

#### **Un-sponsored Care Obligations**

Memorial Hospital continues to be the safety net hospital for Harrison County and the City of Gulfport with 9.3% of its services and costs committed to the medically needy.

#### **Rates**

Net patient revenue per unit of service is expected to grow by 9% over FY2016. National industry rate levels are projected to increase an average of 9-10%.

#### **Cash Flow**

The FY2017 Budget produces an expected cash flow of \$36.4M after \$7M is utilized for routine replacement and upgrades of capital equipment and a projected \$12.5M is deployed for State approved projects to upgrade the facility.

### **Key Risk Factors**

State, local, and Industry-wide forces that could impact budget performance:

- Medicare/Medicaid reimbursement reductions
- Volume assumptions
- Local unemployment levels
- Local healthcare labor market shortages

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Dustin Uselton, Assistant Attorney  
Economic Development

**Date:** 08/30/2016

**Subject:** Resolution - approving a Petition by Gulf Coast Shipyard Group, Inc. for a municipal ad valorem tax exception, not to include school district taxes for a period of five (5) years for capital investment and to authorize the exemption on certain tangible property pursuant to Miss. Code (1972) ann., as amended, Sec. 27-31-101, et. seq.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_\_ day of \_\_\_\_\_, 2016 the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
TO APPROVE PETITION BY GULF COAST SHIPYARD GROUP, INC. FOR A  
MUNICIPAL AD VALOREM TAX EXEMPTION, NOT TO INCLUDE SCHOOL  
DISTRICT TAXES FOR A PERIOD OF FIVE (5) YEARS FOR CAPITAL  
INVESTMENT AND TO AUTHORIZE THE EXEMPTION ON CERTAIN TANGIBLE  
PROPERTY PURSUANT TO MISS. CODE (1972) ANN., AS AMENDED, SEC. 27-31-  
101, ET. SEQ.**

**WHEREAS**, Gulf Coast Shipyard Group, Inc., filed its Petition for exemption from municipal ad valorem taxes on certain tangible properties as part of its new additions to facilities and equipment related to its industrial enterprise located at 13085 Seaway Road in Gulfport, Mississippi; and a copy of its Petition is annexed hereto as **Exhibit “1”**; and

**WHEREAS**, its Petition provides a full itemized list of the tangible property proposed to be exempted, copy attached hereto as **Exhibit “1”** with the valuation of articles at true value applied for tax exemption and the real properties sought for tax exemption, as evaluated appear to comprise an addition of facilities and properties used in connection with the operation of said enterprise as provided for under Miss. Code (1972), Ann., as amended, §§ 27-31-105, et seq., and do not constitute a renovation or replacement of realty or personalty in whole or in part previously exempted; and the Harrison County Development Commission has verified the information presented, and has entered its Resolution recommending approval of an exemption in the amount of \$1,240,670.00 (85% of their request) for five (5) years for Harrison County ad valorem taxes; and

**WHEREAS**, it appears to the Governing Authority of the City of Gulfport that the Petitioner, by the addition to its facilities and equipment shall serve to increase jobs and industrialization in the City of Gulfport, and thereby promote the community and the municipality, and that it is in the best interest of the City of Gulfport that said ad valorem tax exemption on said real property and added facilities and equipment at the true value of \$1,240,670.00 (85% of the request) as shown on Exhibit “1” for a period of five (5) years should be approved for tax exemption beginning on January 1, 2016, subject to final approval of eligibility by the State Tax Commission of the State of Mississippi.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:**

**SECTION 1.** That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**SECTION 2.** That the Petition for ad valorem tax exemption on real property and additions to the real property, facilities and equipment by Gulf Coast Shipyard Group, Inc., which is a bona fide new enterprise of public utility in the City of Gulfport for the tax year beginning on January 1, 2016, on the property described in the application and on Exhibit “1” hereto at a true value of \$1,240,670.00 (85% of the request), for a period of five (5) years should be hereby approved, subject to final approval and certification of eligibility by the Mississippi State Tax Commission.

**SECTION 3.** That subject to said final approval of eligibility by the Mississippi State Tax Commission, Gulf Coast Shipyard, Inc. is hereby granted a tax exemption on municipal ad valorem taxes, not including school district taxes, for said property described in its petition and on Exhibit “1” hereto, at a true value of \$1,240,670.00 (85% of the request) for a period of five

(5) years beginning on January 1, 2016, conditioned on the use of said property in the operations of its industrial enterprise during said five (5) year period of time.

**SECTION 3.** That this Resolution shall be spread upon the minutes of the Gulfport City Council, with a certified copy of this resolution to be provided to the State Tax Commission within thirty (30) days from date hereof, and subject to final approval of eligibility of Gulf Coast Shipyard Group, Inc. for tax exemption by the State Tax Commission that the clerk shall furnish one (1) certified copy hereof, together with a copy of the State Tax Commission certification and the final Resolution of the Council to the Tax Assessor of Harrison County for the purpose of obtaining the certificate of said Tax Assessor stating that the property as itemized in the Petition has been placed on the appropriate tax roll as “Non-Taxable”, except for state and school district ad valorem taxes for the duration of the exemption period only.

**SECTION 4.** This Resolution shall be in full force and effect immediately upon its adoption and enactment according to law.

The above and foregoing Resolution was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

APPLICATION TO THE CITY COUNCIL, CITY OF GULFPORT  
HARRISON COUNTY, MISSISSIPPI  
FOR EXEMPTION FROM  
AD VALOREM TAXES

APPLICATION OF GULF COAST SHIPYARD GROUP, INC.  
FOR EXEMPTION FROM  
AD VALOREM TAXES FOR A PERIOD OF  
10 YEARS AS AUTHORIZED BY  
SECTION 27-31-105, et seq., OF THE  
MISSISSIPPI CODE OF 1972, AS AMENDED

TO THE HONORABLE MAYOR AND CITY COUNCIL, CITY OF GULFPORT MISSISSIPPI:

Comes now **Gulf Coast Shipyard Group, Inc.** (the "Applicant") and files this its Application in triplicate for exemption from ad valorem taxation, except school district taxes and the "mandated levies" described in Code Section 27-39-329 and respectfully represents unto the Honorable Mayor and City Council, City of Gulfport Mississippi as follows:

1. Applicants have negotiated in good faith with the City Council as to the ad valorem tax exemption authorized by Code Section 27-31-105 and related Code Sections.
2. Applicants, Gulf Coast Shipyard Group, Inc. is a Delaware Corporation and domiciled in the City of Gulfport, Harrison County, Mississippi at 13085 Seaway Road.
3. Applicant is now operating as a manufacturer of ocean-going and inland marine vessels, within the City of Gulfport, Mississippi, which industry is a bona fide new enterprise of "public utility" within the meaning of Section §27-31-101 et seq., and related Sections of the Mississippi Code of 1972, as amended, and is eligible for the exemption, namely Mississippi Code Annotated Section §27-31-101.
4. The Applicants are therefore eligible for the exemption granted by Code Section 27-31-105 as a manufacturing enterprise described in Code Section 27-31-101.

5. The exemption prayed for in this Application is with regard to additions to, expansions of, or replacements with respect to Applicant's said enterprise of "public utility" as enumerated in Code Section 27-31-101 et seq., and related Sections of the Mississippi Code of 1972, as amended, and is eligible for the exemption, namely Mississippi Code Annotated Section 27-31-105, which expansions, additions, and replacements will promote the industrialization of Mississippi, and will promote the development of Harrison County, and the City of Gulfport, Mississippi.

6. Applicants have expanded and upgraded its facilities with additions and replacements during 2015. This Application relates to the additions and replacements (as listed in "Exhibit A, A-1" hereto) acquired as a result of such additions, expansions and replacements.

7. Applicant's additions, expansions, and replacements, which are the subject of this Application, were completed within the meaning of the applicable statutes of the State of Mississippi on December 31, 2015. In accordance with the provisions of Code Section 27-31-105, the exemption hereby claimed should commence on the 1<sup>st</sup> day of January 2016.

8. The true value of all tangible personal property to be exempted is \$1,459,611.59 and the true value for the Land acquisition is to be determined by the County Assessor's office and is shown in the itemized list attached hereto as "Exhibit A, A-1" and made a part hereof.

9. The exemption from ad valorem taxation, except school district taxes and the "mandated levies", on the tangible property described in "Exhibits A, A-1" should be granted for a ten (10) year period beginning on 1<sup>st</sup> day of January, 2016.

### ***PRAYER***

WHEREFORE, Applicants pray that this City Council, City of Gulfport, Mississippi, enter a finding that the Applicants have negotiated in good faith with the City Council as to the requested exemption; the Applicants have in fact undertaken an addition to, expansion of, or replacement with respect to an enterprise of "public utility"; and that the additions, expansions, and replacements were completed on December 31, 2015, and that the Applicant be granted an exemption, under Code Section 27-31-105, from ad valorem taxation, except school district ad valorem taxes and the "mandated levies" described in Code Section 27-39-329, as provided by law, for a ten-year period beginning on January 1, 2015, for the items of tangible property used in, or necessary to the operation of the Applicants expanded enterprise in the County of Harrison, City of Gulfport, Mississippi and

described in "Exhibit A, A-1" attached hereto; and that this City Council, City of Gulfport Mississippi, approve this Application by an Order of Resolution spread upon its minutes, declaring that such property is exempt from all ad valorem taxation, except school district ad valorem taxes and the "mandated levies", for a period of ten (10) years and forward this Application with copies and a certified transcript of such approval to the Mississippi Department of Revenue and that, upon approval of this Application by the Mississippi Department of Revenue and the issuance of its certificate of approval, the City Council, City of Gulfport Mississippi, will enter a Final Order on its minutes granting the prayed for exemption and notify the County Tax Assessor of such exemption and obtain a certificate of the County Tax Assessor verifying the status of said property as non-taxable on the appropriate tax rolls.

Respectfully submitted, this the 20<sup>th</sup> day of April 2016.

There next came on for discussion the application of Gulf Coast Shipyard Group, Inc. for an ad valorem tax exemption pursuant to Mississippi Code Annotated Section 27-31-105, and after a general discussion of the subject Commissioner Levens offered the following Resolution for adoption:

**RESOLUTION**

A RESOLUTION OF THE HARRISON COUNTY DEVELOPMENT COMMISSION ACKNOWLEDGING THAT GULF COAST SHIPYARD GROUP, INC. HAS PROPERLY FULFILLED ALL REQUIREMENTS OF MISSISSIPPI CODE ANNOTATED SECTION 27-31-105 FOR AN AD VALOREM TAX EXEMPTION FOR CERTAIN CAPITAL INVESTMENTS MADE IN HARRISON COUNTY, AND MET THE REQUIREMENTS SET FORTH IN THE HARRISON COUNTY TAX ABATEMENT POLICY AND ADVISING THE HARRISON COUNTY BOARD OF SUPERVISORS AND THE CITY OF GULFPORT, AND RECOMMENDING APPROVAL OF A PERSONAL PROPERTY TAX EXEMPTION IN THE AMOUNT OF \$1,240,670.00, WHICH REPRESENTS EIGHTY-FIVE (85%) PERCENT OF THEIR REQUEST, FOR A PERIOD OF FIVE (5) YEARS BEGINNING IN 2016.

BE IT RESOLVED by the Harrison County Development Commission that:

WHEREAS, at its regular meeting of May 24, 2016, the Commission considered the application of Gulf Coast Shipyard Group, Inc. for a ten (10) years ad valorem tax exemption of certain capital expansion and improvements constructed at its Gulfport, Mississippi location, pursuant to Mississippi Code Annotated Section 27-31-105, et seq., a copy of which application being attached hereto as Exhibit A; and

WHEREAS this Commission does find and adjudicate that the applicant has fully met all statutory requirements and fulfilled all obligations under law required of it to seek and be granted such an ad valorem tax exemption and met the requirements as shown in Exhibit "B" of the Harrison County Tax Abatement Policy; and

WHEREAS, the Harrison County Development Commission is the economic development authority charged by the Harrison County Board of Supervisors with making the initial determination of whether the applications for such tax exemptions qualify for approval under law, and for reporting such findings to the taxing authority for its consideration. Now, therefore,

BE IT RESOLVED, by this means the Harrison County Board of Supervisors and the City of Gulfport is hereby advised that such application for tax exemption, a copy of which application being

attached hereto, has been made in accordance with applicable law, meets all statutory requirements and obligations for approval, and may properly be considered by the Board and City Council for approval; it is further

RESOLVED, that the Harrison County Development Commission does recommend such approval be granted to the Applicant for personal property in the amount of \$1,240,670.00, which represents eighty-five (85%) percent of their request, for a period of five (5) years beginning in 2016, upon such terms and conditions and for such term as allowed by law and deemed appropriate in the judgment of the Board of Supervisors,

On a roll call vote, the result was as follows:

|                                   |               |
|-----------------------------------|---------------|
| Commissioner Johnny Atherton      | Voted: Yea    |
| Commissioner Sharon Bentz Mustard | Voted: Absent |
| Commissioner Frank Castiglia, Jr. | Voted: Yea    |
| Commissioner Warren Conway        | Voted: Absent |
| Commissioner Jennifer Burke       | Voted: Yea    |
| Commissioner Brian Gollott        | Voted: Yea    |
| Commissioner Sam LaRosa           | Voted: Yea    |
| Commissioner Cliff Kirkland       | Voted: Yea    |
| Commissioner Rip Daniels          | Voted: Absent |
| Commissioner Mark Schloegel       | Voted: Yea    |
| Commissioner John B. Sneed        | Voted: Yea    |

A majority of the Members present and having voted in the affirmative, the President declared the motion carried and the resolution adopted on the 24<sup>th</sup> day of May, 2016.

### **CERTIFICATE**

I, Michelle Walker, Recording Secretary of the Harrison County Development Commission, hereby certify that the attached Resolution dated 24<sup>th</sup> day of May, 2016, is a true and correct copy of such Resolution adopted on such date.

WITNESS MY SIGNATURE, this the 24<sup>th</sup> day of May, 2016.

  
Michelle Walker, Secretary

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Ronda Cole, Clerk of Council  
City Council

**Date:** 08/23/2016

**Subject:** Resolution - approving the third amended and restated by-laws of the Gulfport Redevelopment Commission and for related purposes - first reading at the August 16, 2016 meeting - introduced by Councilmember Dombrowski.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_\_ day of September, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
TO APPROVE THE THIRD AMENDED AND RESTATED BYLAWS OF THE  
GULFPORT REDEVELOPMENT COMMISSION**

**WHEREAS**, at the September 6, 2016 meeting of the Gulfport City Council (“City Council”), the City Council adopted a resolution to require certain amendments to the bylaws of the Gulfport Redevelopment Commission (“GRC”), the urban renewal agency of the City of Gulfport, Mississippi.

**WHEREAS**, the GRC has coordinated and refined certain operating procedures with the City of Gulfport; and

**WHEREAS**, to formally adopt these operating procedures, the Third Amended and Restated Bylaws of the Gulfport Redevelopment Commission were drafted by special counsel and reviewed by the Legal Department and a “marked up” version (to assist with locating the amendments to the Bylaws) of the Third Amended and Restated Bylaws is attached hereto as Exhibit “A” and submitted herewith for review and consideration by the City Council.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:**

**SECTION 1.** That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**SECTION 2.** That The Third Amended and Restated Bylaws of the Gulfport Redevelopment Commission in substantially the form attached hereto as Exhibit “A” be, and it is

hereby adopted as the rules, regulations, procedures, and official bylaws to govern the organization and administration of the GRC.

**SECTION 3.** That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council, and a copy hereof shall be provided to the Chairman of the Gulfport Redevelopment Commission.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**AYES**

**NAYS**

**ABSENT**

**WHEREUPON**, the President declared the motion carried and the Resolution adopted, this the \_\_\_\_\_ day of September, 2016.

**(SEAL)**

**ATTEST:**

**ADOPTED:**

\_\_\_\_\_  
**CLERK OF THE COUNCIL**

\_\_\_\_\_  
**PRESIDENT**

The above and foregoing Resolution submitted to and approved by the Mayor, this the \_\_\_\_\_ day of September, 2016.

\_\_\_\_\_  
**MAYOR**

30716043v1

**THIRD AMENDED AND RESTATED  
BYLAWS**

**OF**

**GULFPORT REDEVELOPMENT COMMISSION**

**(Adopted as of June 3, 2008)**

**(Amended and Restated as of October 21, 2008,**

**Second Amended and Restated as of October 22, 2014, Third Amended and Restated as of  
April \_\_, 2016)**

# **THIRD AMENDED AND RESTATED BYLAWS OF GULFPORT REDEVELOPMENT COMMISSION**

These Second Amended and Restated Bylaws are subject to, and governed by, the laws of the State of Mississippi including, without limitation, the Mississippi “Urban Renewal Law”, Title 43, Chapter 35, Article I, Mississippi Code of 1972, as amended (collectively, the “Law”) and the authorizing resolution of the City of Gulfport, Mississippi (the “City”). On April 15, 2008, the City approved and authorized the creation of the Gulfport Development Commission as a public body corporate and politic to act as the urban renewal agency for the City pursuant to the powers and authority granted to it by the Law. On June 3, 2008, the City approved the initial Bylaws. On October 21, 2008, the City approved a name change to the “Gulfport Redevelopment Commission” and the adoption of the Amended and Restated Bylaws. On November 6, 2012, the City approved a change in the Amended and Restated Bylaws to permit a Commissioner to be re-appointed for successive terms. On October 21, 2014, the City approved the amendment to Section 6.2 as reflected in the Second Amended and Restated Bylaws. On April \_\_, 2016, the City approved the adoption of certain operating procedures as reflected in this Third Amended and Restated Bylaws.

## **ARTICLE 1**

**1.1 Name of Commission.** The name of the Commission shall be the “Gulfport Redevelopment Commission” (“Commission”).

**1.2 Powers.** The Commission was created pursuant to the Law through a resolution adopted by the City Council of Gulfport, Mississippi (the “City Council”) on April 15, 2008 (“Resolution”) (a copy of which is attached hereto as Exhibit 1.2) and shall be governed by a Board of Commissioners (“Board”) pursuant to the terms of these Bylaws. Certain powers are expressly reserved to the City by the Resolution and nothing herein shall be deemed to modify or contradict such reservation in any manner. The Commission shall have all powers and authority granted by Law but subject to any restrictions or limitations expressly contained in the Resolution or these Bylaws. The restriction contained in the Resolution relating to the reservation by the City of the power to approve urban renewal plans and modifications thereof shall not be deemed to restrict or limit the Commission’s authority to modify or alter any site specific concept plans, including, without limitation, any plans or concepts of Duany Plater-Zyberk & Company. The City and Commission recognize that such revisions will be necessary to promote and facilitate the urban renewal and redevelopment of the specific site or project as determined by the Commission to be in the best interest of the City. The Commission shall be required to seek approval from the City in the event of a material change in use from the conceptual plan approved by the City for the applicable site. In the event of a conflict between the provisions of these Bylaws and the Resolution or the mandatory provisions of the Law, such provisions of the Resolution and Law, as the case may be, will be controlling. For purposes of these Bylaws references to the City shall be deemed to refer to the Mayor and the City Council acting as the governing authority of the City and is intended to mean both the Mayor and City Council, not either as an individual or group of individuals.

**1.3 Purpose.** The specific purpose of the Commission is to promote and facilitate the urban renewal and redevelopment of certain parcels of real property, improvements or other assets or projects as may be designated from time to time by the City. Unless authorized by the City, the Commission shall have no authority to independently designate additional parcels or sites for acquisition or redevelopment by the Commission. Provided, however, this shall not be deemed to restrict or limit the Commission's authority to negotiate and with Council Approval enter into any ancillary contracts or agreements with adjoining property owners if the Commission determines such contract or agreement promotes or enhances the potential renewal or redevelopment of the Commission's specific parcel or project. Approval of such contracts or agreements by the Commission shall be spread upon the minutes of the Commission and shall be subject to ratification by the City Council. The Commission shall provide the City with copies of all such contracts or agreements in a timely manner. Notwithstanding the foregoing sentence, the Commission has no authority to contract to purchase, lease or otherwise acquire the fee interest in additional parcels or sites without the prior approval of the City.

**1.4 Registered Office and Agent.** The registered office and registered agent of the Commission shall be as designated from time to time by the appropriate filing by the Commission in the office of the Secretary of State of Mississippi, and shall be the Municipal Clerk of the City, and her/his successors in office.

**1.5 Offices.** The Commission's primary office shall be City Hall, 2309 1<sup>st</sup> Street, Gulfport, Mississippi or such other places within the City as the Board may from time to time determine.

## ARTICLE 2

**2.1 Assets.** All assets of the Commission shall be principally dedicated to the betterment of the City. The City may deed to the Commission specific parcels of real property and related improvements to be owned and developed at the discretion of the Commission in accordance with Law, the Resolution and any applicable deed restrictions. The Commission shall have no authority to sell or otherwise transfer the fee interest in certain designated parcels of real estate. The foregoing sentence shall not restrict the Commission from entering into long term leases for up to sixty (60) years provided the execution of any such lease complies with the approval process set forth in Section 6.2 below. It shall be the duty of the Board to administer and manage all assets of the Commission as contemplated hereby.

**2.2 Budgets.** Unless authorized by the City, the Commission shall not have a separate budget. It is initially contemplated that the Commission will not need a separate budget and all required employees or related supplies and services will be provided by the City in accordance with the City's normal budgetary process. Upon request of the Board, the City will consider establishing a separate budget for the Commission, including, without limitation, the establishment of reserves for certain contingencies or projects identified by the Commission and approved by the City. In the event the City authorizes a separate budget for the Commission, the Commission will be required to submit such budget to the City for approval in the normal course. The Commission will provide a quarterly accounting review to determine if distributions should be paid by the City.

**2.3 Distributions.** The Board shall quarterly declare and the Commission shall pay distributions to the City of all revenue collected by the Commission; provided, however, no such cash or property distributions may be made if, after giving it effect: (i) the Commission would not be able to pay its debts as they become due in the ordinary course of business, or (ii) the Commission's total assets would be less than the sum of its total liabilities, or (iii) such payment is prohibited by Law.

### **ARTICLE 3**

**3.1 Management.** The business and affairs of the Commission shall be managed by its Board who may exercise all such powers of the Commission and do all such lawful acts and things subject to any limitation set forth in the Law, Resolution or by these Bylaws.

#### **3.2 Number; Appointment; Tenure of Commissioners.**

(a) The number of the Commissioners constituting the entire Board shall be five (5). Commissioners shall hold office until their successors have been duly appointed and qualify. Commissioners must be residents and qualified electors of the area of operation of the City and in all cases otherwise eligible under Law.

(b) The initial slate of Commissioners shall serve the staggered term established for their respective seat at the time of appointment. Each duly appointed successor Commissioner shall serve a five (5) year term, unless removed pursuant to these Bylaws. The five (5) seats of the Board will be evenly staggered over the five (5) year term in accordance with Law and the Resolution. Except for the initial terms, each Commissioner's term shall commence on July 15 and expire on the fifth anniversary thereof.

(c) The Mayor shall appoint, with City Council confirmation of, each Commissioner and each successor Commissioner. The Mayor shall strongly consider applicants submitted by members of the City Council. The City Council shall take action regarding any appointment within sixty (60) days of the appointment. Appointment of a Commissioner shall not of itself create any contract or employment rights of any type.

(d) A Commissioner may be re-appointed for successive terms.

(e) A certificate evidencing the appointment or reappointment and confirmation of any Commissioner shall be filed with the City Clerk and such certificate shall be conclusive evidence of the due and proper appointment of such Commissioner.

#### **3.3 Resignation; Removal.**

(a) A Commissioner may resign at any time by delivering written notice to the Board, the Chair or the Executive Director as well as to the Mayor with copy to be recorded in the minutes of the City Council. A resignation is effective when the notice is delivered, unless the

notice specifies a later effective date. A member of any committee may resign by delivering written notice either as aforesaid or to the committee of which such person is a member or to the chair thereof.

~~(b)–~~ Any Commissioner appointed by the Mayor and confirmed by the City Council serves at the will of the City and may be removed either with or without cause by the City. Any such removal shall require the joint action of the Mayor and the City Council, initiated by either. Neither the Mayor nor the City Council shall have the authority acting individually to remove a Commissioner. A Commissioner may be removed only at a meeting called for the purpose of removing such Commissioner. The meeting notice must state that the purpose, or one of the purposes, of the meeting is removal of the Commissioner. A Commissioner may be removed by the City: (i) without cause; (ii) for inefficiency or neglect of duty (including failure to attend more than twenty (20%) of the Commission's regular meetings during a calendar year), (iii) misconduct in office, or (iv) violation of Law. Provided, however, a Commissioner may only be removed after a hearing and after he or she shall have been given a copy of the charges at least ten (10) days prior to such hearing and have had an opportunity to be heard in person or by legal counsel.

**3.4 Vacancy.** Any vacancy occurring on the Board shall be promptly filled by the City and such successor Commissioner shall serve the remaining unexpired term of the vacating Commissioner. The City Council shall take action regarding any appointment within sixty (60) days of the appointment. A vacancy may result from the resignation, death, incapacity or removal of a Commissioner.

**3.5 Place of Meetings.** The Commissioners shall hold their meetings in the Chambers within the City Council at 2309 15<sup>th</sup> Street, Gulfport, Mississippi ("City Hall"), or, if unavailable or for due cause, such other suitable location within the City that is open to the public and properly designated in the notice calling such meeting.

**3.6 First Meeting.** The first meeting of each Board consisting of newly appointed members shall be held for the purpose of electing officers, as applicable, and transacting such other business that may properly come before the meeting.

**3.7 Meetings.** Subject to applicable Law, regular meetings of the Board shall be held on the second Tuesday of every month at 2:00 pm in the Chambers of the City Council. All aspects of notice associated with all meetings of the Commission shall comply with state law, and there shall be an agenda posted and made readily available on the City's official website at least one (1) business day in advance of the meeting with respect to items that will be addressed during regular meetings of the Commission. This agenda can be subject to modification by the Commission. without the necessity of notice of the date, time, place or purpose of the meeting, unless otherwise required by law; provided however, If the first Tuesday of a month falls on the first day of the month, the regular meeting of the Commission will be held on the third Tuesday of the month at 2:00 pm in the Chambers of the City Council without the necessity of notice of the date, time, place or purpose of the meeting, unless otherwise required by law. If such day is a legal holiday or in the event of a change in time or location, the Chair or Executive Director shall notify all Commissioners of such change and properly post notice of same. Special meetings of the

Board may be called by the Chair or Executive Director on two (2) days notice of the meeting date, time and place to each Commissioner and properly post notice of said meeting in accordance with law. The business to be transacted at, and the purpose of, any special meeting shall be specified in the notice or waiver of notice. The Commission shall provide monthly updates to the City Council at the first meeting of the City Council each month during the Mayor's report. **The official minutes of all Commission meetings shall be spread upon the official minutes of the City Council.** The City administration and the City Council shall have the right to have one or more representatives attend each meeting of the Commission. All meetings shall be conducted in an orderly manner and as applicable, in accordance with Robert's Rules of Order and Mississippi law or these Bylaws so long as not in conflict therewith.

**3.8 Waiver.** Whenever any notice is required to be given by Law, the Resolution, or these Bylaws, a Commissioner may waive such notice, whether before or after the time stated in such notice, in writing signed by the Commissioner entitled to such notice and delivered to the Commission. Attendance of a Commissioner at a meeting shall constitute a waiver of notice of such meeting, except where a Commissioner attends for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened. Consent in writing by a Commissioner to any action taken or resolution adopted by the Commission shall constitute a waiver of any and all notices required to be given in connection with such action or resolution.

**3.9 Quorum.** At all meetings of the Board, the presence of a majority of the Commissioners shall constitute a quorum for the transaction of business, and the act of a majority of the Commissioners present at any meeting at which there is a quorum shall be the act of the Board, except as may be otherwise specifically provided by Law, or by the Resolution, or by these Bylaws.

**3.10 Adjournment.** A quorum of Commissioners may adjourn any meeting of the Board to another date, time or place if the same is announced at the meeting before adjournment. If a quorum shall not be present at any meeting of Commissioners, the Commissioners present may adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present. Any business which might have been transacted at the original meeting may be transacted at such adjourned meeting at which a quorum is present or represented.

**3.11 Telephonic Meetings.** Subject to applicable notice provisions and unless otherwise restricted by Law, members of the Board, or members of any committee designated by the Board, may participate in and hold a meeting by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting may simultaneously hear each other, and participation in such meeting shall constitute presence in person at such meeting, except where a person's participation is for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

**3.12 Committees.** The Board may, by resolution adopted by a majority of the whole Board,

designate from among its members one or more committees, each composed of three or more Commissioners, to the extent provided in such resolution. The provisions of these Bylaws governing meetings, notice and waiver of notice, quorum and voting requirements of the Board, apply to committees and their members as well. Notwithstanding the foregoing, the Board shall appoint a selection committee ("Selection Committee") which will review responses to Requests for Proposals ("RFP") or Request for Qualifications ("RFQ") issued by the Commission. Each Selection Committee will be comprised of members of the Board, two representatives from the City administration and two members of the City Council. Representatives from the City administration and the City Council shall be determined respectively by the City administration and City Council on a case by case basis and such representation is subject to change at any time at the election of the administration and City Council, as applicable. The Selection Committee shall make recommendations to the Commission with the Commission making the final decision regarding selection of the applicable responder to the RFP or RFQ. **The Commission must have a representative from City of Gulfport Procurement Department present at all bid openings.**

**3.13 Presumption of Assent.** Any Commissioner who is present at a meeting of the Board at which action on any matter is taken shall be presumed to have assented to the action taken unless: (1) he or she objects at the beginning of the meeting (or promptly upon his or her arrival) to holding it or transacting business at the meeting; (2) his or her dissent or abstention from the action taken is entered in the minutes of the meeting; or (3) he or she delivers his or her written notice of dissent or abstention to the presiding officer of the meeting before its adjournment or to the Commission immediately after the adjournment of the meeting. Such right to dissent shall not apply to a Commissioner who voted in favor of the action taken.

**3.14 Procedure at Meeting.** The Chair shall preside at all meetings of the Board **and shall be responsible for establishing and publishing the agenda for all Commission meetings.** In absence of the Chair at any meeting, the Vice-Chair shall preside or any member of the Board selected by the Commissioners present. The Secretary of the Commission shall act as secretary at all meetings of the Board **and shall maintain the official minutes of the Board.** In the Secretary's absence, the presiding officer of the meeting may designate any person to act as secretary. At all meetings of the Board, business shall be transacted in such order as **the Board may from time to time determine** established by the published agenda, **subject to modifications as may be permitted by law or reasonable modifications as deemed necessary to address urgent matters of public importance.**

**3.15 No Commissioner Compensation.** Commissioners shall not be paid any compensation for services to the Commission or for attendance at any meeting of the Board. Unless expressly authorized by the City, Commissioners shall also not be reimbursed for expenses incurred in connection with serving as a Commissioner, including, without limitation, travel expenses.

**3.16 No Conflict of Interest.** No Commissioner shall take or otherwise participate in any action that is prohibited by Law. No Commissioner shall take or otherwise participate in any action that may create a conflict of interest. In the event any Commissioner becomes aware of any potential violation of Law or situation, **that** with notice, passage of time, or both, would create a conflict of interest, such Commissioner shall immediately disclose in writing such

situation to the Executive Director and the Board **as well as to the City**. No Commissioner may serve the Commission in any other capacity as an officer (other than Chair and Vice-Chair), agent, employee, independent contractor or otherwise.

**3.17 Exculpation of Liability.** No Commissioner shall have any liability to the Commission for money damages for any action taken, or any failure to take any action, as a Commissioner in good faith, except liability for (i) the amount of a financial benefit received by a Commissioner to which he is not entitled; (ii) an intentional infliction of harm on the Commission; or (iii) a violation of the Law (civil or criminal).

## ARTICLE 4

**4.1 Number; Qualifications of Officers.** One or more officers of the Commission shall be elected by the Board and may include a Chair, Vice-Chair, an Executive Director, a Secretary and a Treasurer. The Board may also elect one or more Assistant Secretaries and Assistant Treasurers as the Board may from time to time determine. Secretary, Treasurer and/or assistants may be held by the same person.

**4.2 Election.** The Board shall appoint one of their number as Chairman. The Chair shall serve a two year term as Chair and may **not** be elected to successive terms as Chair. The Board shall annually, or promptly upon a vacancy, elect one or more officers. Such officers shall be appointed for such terms and shall exercise such powers and perform such duties as shall be determined from time to time by the Board. Officers (other than the Chair) may be elected to successive terms. Each officer shall hold office until his or her successor shall have been duly elected and shall qualify or until his death, incapacity, resignation or removal. Election or appointment of an officer or agent shall not of itself create any contract or employment rights of any type.

**4.3 No Officer Compensation.** Officers shall not be paid any compensation or benefits for services to the Commission or for attendance at any meeting of the Board. Unless expressly authorized by the City, officers shall not be reimbursed for expenses incurred in connection with serving as an officer including, without limitation, travel expenses. No officer may separately serve the Commission in any other capacity as an agent, independent contractor or otherwise. **If an officer is an employee of the City, such individual is contemplated that each officer (other than the Chair and Vice-Chair) will be an employee of the City. As such, the officer** will receive all of his or her compensation and related benefits directly from the City. The Commission shall have no obligation to reimburse the City for any employee compensation, benefits or other employee related expenses.

**4.4 Resignation; Removal.** An officer may resign at any time by delivering written notice to the Board, Executive Director or the Secretary of the Commission. A resignation is effective when the notice is delivered, unless the notice specifies a later effective date. Any officer elected or appointed by the Board serves at the will of the Board and may be removed **from that office at any time upon an affirmative vote by a majority of the remaining Board members** either with or without cause.

**4.5 Chair.** The Chair shall be the principal executive officer of the Commission and, subject to the control of the Board and the City, shall have general management and oversight of the business and affairs of the Commission. The Chair shall see that all orders and resolutions of the Board are carried into effect and shall perform such other duties as the Board and the City shall prescribe, including establishing and publishing the agenda for each Commission meeting.

**4.6 Vice Chair.** The Vice Chair shall have such powers and perform such duties as the Board may from time to time prescribe or as the Chair may from time to time delegate to the Vice Chair. In the absence of the Chair, or in the event of his or her death or disability, the Vice-Chair shall perform the duties of the Chair until the Board has elected a new Chair.

**4.7 Executive Director.** Subject to the general supervisory powers of the Chair, the Executive Director shall have general and active management of the day to day business and affairs of the Commission and shall perform such other duties as the Board shall prescribe. The Executive Director shall assist the Chair in the management of the business of the Commission and in the implementation of orders and resolutions of the Board.

**4.8 Secretary.** The Secretary shall attend all meetings of the Board and record all votes and the minutes of all proceedings in a book to be kept for that purpose. The Secretary shall give, or cause to be given, notice of all special meetings of the Board, and shall perform such other duties as may be prescribed by the Board or Executive Director. The Secretary shall keep in safe custody the seal of the Commission, if any, and, when authorized by the Board, affix the same to any instrument requiring it, and, when so affixed, it shall be attested by his or her signature. Unless a separate position is created by the Board, the Secretary shall also perform all functions of the Treasurer.

**4.9 Treasurer.** The Treasurer, if appointed, shall have the custody of the funds and shall, in cooperation with the assistance of the City Comptroller or equivalent officer of the City, keep full and accurate accounts of receipts and disbursements of the Commission and shall deposit all monies and other valuable effects in the name and to the credit of the Commission in such depositories as may be designated by the Board. The Treasurer shall disburse the funds of the Commission as may be ordered by the Board, taking proper vouchers for such disbursements, and shall render to the Executive Director and Commissioners, at the regular meetings of the Board, or whenever they may require it, an account of all his or her transactions as Treasurer and of the financial condition of the Commission, and shall perform such other duties as the Board may prescribe. If required by the Board or otherwise by law, the Treasurer shall give the Commission a bond in such form, in such sum, and with surety or sureties as shall be satisfactory to the Board for the faithful performance of the duties of such office and for the restoration to the Commission, in case of his or her death, resignation, retirement or removal from office, of all books, papers, vouchers, money and other property of whatever kind in the Treasurer's possession or under his or her control belonging to the Commission.

**4.10 Assistant Officers.** The Board may appoint one or more assistant officers that shall, in the absence or disability of the officer being assisted, perform the duties and exercise the powers

of such officer and shall perform such other duties and have such other powers as the Board may from time to time prescribe.

## ARTICLE 5

**5.1 Insurance.** The Commission may purchase and maintain insurance on behalf of any person who is or was a Commissioner against any liability asserted against such person in his or her capacity as a Commissioner, or arising out of such person's status as such, whether or not the Commission would have the power to indemnify such person under the provisions of Law or the Resolution.

**5.2 Dissolution.** The Commission is subject to dissolution by the City through joint action of the Mayor and the City Council, initiated by either. Neither the Mayor nor the City Council shall have the authority acting individually to dissolve or terminate the Commission in accordance with Law. Upon any determination to dissolve the Commission in accordance with Law, the City shall remove all Commissioners and shall authorize and direct the Executive Director or such other person as selected by the City to take all necessary steps to unwind and dissolve the Commission, including, without limitation, to satisfy all debts, transfer all assets to either the City or its designee, and terminate or assign any and all third party contracts as applicable. Provided, however, no such dissolution shall terminate or be deemed to terminate any outstanding ground or long term leases relating to assets of the Commission. All such ground or long term leases shall be assigned to the City or its designee upon any such dissolution of the Commission.

## ARTICLE 6

**6.1 Checks.** All checks, drafts, or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Commission shall be signed by any two of the Executive Director and Commissioners or as the Board may otherwise expressly authorize and designate by resolution.

**6.2 Contracts.** All contracts, agreements and instruments binding on the Commission shall be signed by two Commissioners, one of which must be the Chair or as the Board may otherwise expressly authorize or designate by resolution. The Board shall require that all procurements, RFPs and RFQs or their equivalents shall ~~will~~ be coordinated with and facilitated through the City's procurement department. The Board shall present any and all (i) contracts with a financial commitment or monetary obligation of greater than \$100,000 ~~\$300,000~~ either individually or in a series of related contracts, or (ii) contracts of greater than \$50,000 and less than \$100,000 ~~\$300,000~~ either individually or in a series of related contracts which exceed the budget item for such contract or the applicable budget as approved by the Commission and the City by more than fifteen percent (15%), to the City Council for approval prior to execution by the Commission. The Board shall present any and all ground, operating or capital leases with a term of more than one (1) ~~three (3)~~ years to the City Council for approval prior to execution by the Commission. The Commission shall not incur any indebtedness for borrowed money except upon authorization by the Board and Council and in accordance with the Laws of the State. Prior to incurring any such indebtedness, the Commission must notify the City of the economic terms of the proposed

indebtedness and the use of the proceeds and seek the City's support, and input and approval regarding such indebtedness.

**6.3 Deposits.** All funds of the Commission, not otherwise employed, shall be deposited from time to time to the credit of the Commission in such banks, savings and loan institutions, trust companies, or other depositories as the Board, by resolution, may select.

**6.4 Books and Records.** The Commission, by and through the City's appropriate Department(s) and staff, shall keep correct and complete but separate books and records of accounting of the finances of the Commission. The Commission shall further keep written minutes of all proceedings of the Board and official action taken by the Board, including recording of all votes, abstentions or absentees by the Commissioners.

### **6.5 Reports.**

(a) The Commission shall coordinate through and work with the City's Department of Finance or its equivalent office in the City regarding all financial statements and related financial matters. The City's Department of Finance or its equivalent office in the City shall provide monthly operating statements and such other assistance as may be required in connection with the separate financial books, records, and accounting of the Commission to be kept and maintained by the City's appropriate Department(s) and staff. As part of the financial services being provided by the City, the Commission shall be included in the annual audit of the City as its urban renewal agency.

(b) The Commission shall file with the City, on or before ~~January~~ March 31 of each year, an annual report of its activities for its preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income and operating expenses as of the end of such fiscal year. At the time of filing the report, the Commission shall publish a true and correct copy of such report in a newspaper of general circulation in the City.

(c) From time to time as determined by the Commission or upon the request of the City, the Commission will provide the City with advisory reports and updates of any material transactions or activities either undertaken or under serious consideration by the Commission. No action shall be expressly required by the City with respect to any such advisory reports unless requested by the Commission.

**6.6 Seal.** The seal of the City shall also be the seal of the Commission. Such seal, or a facsimile thereof, may be impressed on, affixed to, or in any manner reproduced upon, instruments of any nature required to be executed by officers of the Commission.

**6.7 Fiscal Year.** The fiscal year of the Commission shall be from October 1 through September 30 of each year or as otherwise determined by the City by amendment to these Bylaws.

**6.8 Amendments.** These Bylaws or any provision hereof may from time to time be altered, amended or repealed, and new Bylaws may be adopted by the City. The Board shall have no

authority to alter, amend or repeal these Bylaws; provided, however, the Board may from time to time request the City to consider alterations or amendments to these Bylaws.

**6.9 Table of Contents, Headings.** The Table of Contents and headings used in these Bylaws have been inserted for convenience only and do not constitute matters to be construed in interpretation of these Bylaws. As the context requires, any references to gender or the singular or plural shall be to the opposite.

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Ronda Cole, Clerk of Council  
Administration

**Date:** 08/31/2016

**Subject:** Resolution - approving the third amended and restated by-laws of the Gulfport Redevelopment Commission and for related purposes - introduced by the Administration.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_\_ day of September, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
TO APPROVE THE THIRD AMENDED AND RESTATED BYLAWS OF THE  
GULFPORT REDEVELOPMENT COMMISSION**

**WHEREAS**, at the September 6, 2016 meeting of the Gulfport City Council (“City Council”), the City Council adopted a resolution to require certain amendments to the bylaws of the Gulfport Redevelopment Commission (“GRC”), the urban renewal agency of the City of Gulfport, Mississippi.

**WHEREAS**, the GRC has coordinated and refined certain operating procedures with the City of Gulfport; and

**WHEREAS**, to formally adopt these operating procedures, the Third Amended and Restated Bylaws of the Gulfport Redevelopment Commission were drafted by special counsel and reviewed by the Legal Department and a “marked up” version (to assist with locating the amendments to the Bylaws) of the Third Amended and Restated Bylaws is attached hereto as Exhibit “A” and submitted herewith for review and consideration by the City Council.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:**

**SECTION 1.** That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**SECTION 2.** That The Third Amended and Restated Bylaws of the Gulfport Redevelopment Commission in substantially the form attached hereto as Exhibit “A” be, and it is

hereby adopted as the rules, regulations, procedures, and official bylaws to govern the organization and administration of the GRC.

**SECTION 3.** That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council, and a copy hereof shall be provided to the Chairman of the Gulfport Redevelopment Commission.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**AYES**

**NAYS**

**ABSENT**

**WHEREUPON**, the President declared the motion carried and the Resolution adopted, this the \_\_\_\_\_ day of September, 2016.

**(SEAL)**

**ATTEST:**

**ADOPTED:**

\_\_\_\_\_  
**CLERK OF THE COUNCIL**

\_\_\_\_\_  
**PRESIDENT**

The above and foregoing Resolution submitted to and approved by the Mayor, this the \_\_\_\_\_ day of September, 2016.

# **THIRD AMENDED AND RESTATED BYLAWS OF GULFPORT REDEVELOPMENT COMMISSION**

These Second Amended and Restated Bylaws are subject to, and governed by, the laws of the State of Mississippi including, without limitation, the Mississippi “Urban Renewal Law”, Title 43, Chapter 35, Article I, Mississippi Code of 1972, as amended (collectively, the “Law”) and the authorizing resolution of the City of Gulfport, Mississippi (the “City”). On April 15, 2008, the City approved and authorized the creation of the Gulfport Development Commission as a public body corporate and politic to act as the urban renewal agency for the City pursuant to the powers and authority granted to it by the Law. On June 3, 2008, the City approved the initial Bylaws. On October 21, 2008, the City approved a name change to the “Gulfport Redevelopment Commission” and the adoption of the Amended and Restated Bylaws. On November 6, 2012, the City approved a change in the Amended and Restated Bylaws to permit a Commissioner to be re-appointed for successive terms. On October 21, 2014, the City approved the amendment to Section 6.2 as reflected in the Second Amended and Restated Bylaws. On April \_\_, 2016, the City approved the adoption of certain operating procedures as reflected in this Third Amended and Restated Bylaws.

## **ARTICLE 1**

**1.1 Name of Commission.** The name of the Commission shall be the “Gulfport Redevelopment Commission” (“Commission”).

**1.2 Powers.** The Commission was created pursuant to the Law through a resolution adopted by the City Council of Gulfport, Mississippi (the “City Council”) on April 15, 2008 (“Resolution”) (a copy of which is attached hereto as Exhibit 1.2) and shall be governed by a Board of Commissioners (“Board”) pursuant to the terms of these Bylaws. Certain powers are expressly reserved to the City by the Resolution and nothing herein shall be deemed to modify or contradict such reservation in any manner. The Commission shall have all powers and authority granted by Law but subject to any restrictions or limitations expressly contained in the Resolution or these Bylaws. The restriction contained in the Resolution relating to the reservation by the City of the power to approve urban renewal plans and modifications thereof shall not be deemed to restrict or limit the Commission’s authority to modify or alter any site specific concept plans, including, without limitation, any plans or concepts of Duany Plater-Zyberk & Company. The City and Commission recognize that such revisions will be necessary to promote and facilitate the urban renewal and redevelopment of the specific site or project as determined by the Commission to be in the best interest of the City. The Commission will only be required to seek approval from the City in the event of a material change in use from the conceptual plan approved by the City for the applicable site. In the event of a conflict between the provisions of these Bylaws and the Resolution or the mandatory provisions of the Law, such provisions of the Resolution and Law, as the case may be, will be controlling. For purposes of these Bylaws references to the City shall be deemed to refer to the Mayor and the City Council acting as the governing authority of the City.

**1.3 Purpose.** The specific purpose of the Commission is to promote and facilitate the urban renewal and redevelopment of certain parcels of real property, improvements or other assets or projects as may be designated from time to time by the City. Unless authorized by the City, the Commission shall have no authority to independently designate additional parcels or sites for acquisition or redevelopment by the Commission. Provided, however, this shall not be deemed to restrict or limit the Commission's authority to enter into any ancillary contracts or agreements with adjoining property owners if the Commission determines such contract or agreement promotes or enhances the potential renewal or redevelopment of the Commission's specific parcel or project. Notwithstanding the forgoing sentence, the Commission has no authority to contract to purchase, lease or otherwise acquire the fee interest in additional parcels or sites without the prior approval of the City.

**1.4 Registered Office and Agent.** The registered office and registered agent of the Commission shall be as designated from time to time by the appropriate filing by the Commission in the office of the Secretary of State of Mississippi, and shall be the Municipal Clerk of the City, and her/his successors in office.

**1.5 Offices.** The Commission's primary office shall be City Hall, 2309 15<sup>th</sup> Street, Gulfport, Mississippi or such other places within the City as the Board may from time to time determine.

## ARTICLE 2

**2.1 Assets.** All assets of the Commission shall be principally dedicated to the betterment of the City. The City may deed to the Commission specific parcels of real property and related improvements to be owned and developed at the discretion of the Commission in accordance with Law, the Resolution and any applicable deed restrictions. The Commission shall have no authority to sell or otherwise transfer the fee interest in certain designated parcels of real estate. The foregoing sentence shall not restrict the Commission from entering into long term leases for up to sixty (60) years provided the execution of any such lease complies with the approval process set forth in Section 6.2 below. It shall be the duty of the Board to administer and manage all assets of the Commission as contemplated hereby.

**2.2 Budgets.** Unless authorized by the City, the Commission shall not have a separate budget. It is initially contemplated that the Commission will not need a separate budget and all required employees or related supplies and services will be provided by the City in accordance with the City's normal budgetary process. Upon request of the Board, the City will consider establishing a separate budget for the Commission, including, without limitation, the establishment of reserves for certain contingencies or projects identified by the Commission and approved by the City.

**2.3 Distributions.** The Board shall quarterly declare and the Commission shall pay distributions to the City of all revenue collected by the Commission; provided, however, no such cash or property distributions may be made if, after giving it effect: (i) the Commission would not be able to pay its debts as they become due in the ordinary course of business, or (ii) the Commission's total assets would be less than the sum of its total liabilities, or (iii) such payment is prohibited by Law.

### ARTICLE 3

**3.1 Management.** The business and affairs of the Commission shall be managed by its Board who may exercise all such powers of the Commission and do all such lawful acts and things subject to any limitation set forth in the Law, Resolution or by these Bylaws.

#### **3.2 Number; Appointment; Tenure of Commissioners.**

(a) The number of the Commissioners constituting the entire Board shall be five (5). Commissioners shall hold office until their successors have been duly appointed and qualify. Commissioners must be residents and qualified electors of the area of operation of the City and in all cases otherwise eligible under Law.

(b) The initial slate of Commissioners shall serve the staggered term established for their respective seat at the time of appointment. Each duly appointed successor Commissioner shall serve a five (5) year term, unless removed pursuant to these Bylaws. The five (5) seats of the Board will be evenly staggered over the five (5) year term in accordance with Law and the Resolution. Except for the initial terms, each Commissioner's term shall commence on July 15 and expire on the fifth anniversary thereof.

(c) The Mayor shall appoint, with City Council confirmation of, each Commissioner and each successor Commissioner. The Mayor shall strongly consider applicants submitted by members of the City Council. The City Council shall take action regarding any appointment within sixty (60) days of the appointment. Appointment of a Commissioner shall not of itself create any contract or employment rights of any type.

(d) A Commissioner may be re-appointed for successive terms.

(e) A certificate evidencing the appointment or reappointment and confirmation of any Commissioner shall be filed with the City Clerk and such certificate shall be conclusive evidence of the due and proper appointment of such Commissioner.

#### **3.3 Resignation; Removal.**

(a) A Commissioner may resign at any time by delivering written notice to the Board, the Chair or the Executive Director. A resignation is effective when the notice is delivered, unless the notice specifies a later effective date. A member of any committee may resign by

delivering written notice either as aforesaid or to the committee of which such person is a member or to the chair thereof.

(b) Any Commissioner appointed by the Mayor and confirmed by the City Council serves at the will of the City and may be removed either with or without cause by the City. Any such removal shall require the joint action of the Mayor and the City Council, initiated by either. Neither the Mayor nor the City Council shall have the authority acting individually to remove a Commissioner. A Commissioner may be removed only at a meeting called for the purpose of removing such Commissioner. The meeting notice must state that the purpose, or one of the purposes, of the meeting is removal of the Commissioner. A Commissioner may be removed by the City: (i) for inefficiency or neglect of duty (including failure to attend more than twenty (20%) of the Commission's regular meetings during a calendar year), (ii) misconduct in office, or (iii) violation of Law. Provided, however, a Commissioner may only be removed after a hearing and after he or she shall have been given a copy of the charges at least ten (10) days prior to such hearing and have had an opportunity to be heard in person or by legal counsel.

**3.4 Vacancy.** Any vacancy occurring on the Board shall be promptly filled by the City and such successor Commissioner shall serve the remaining unexpired term of the vacating Commissioner. The City Council shall take action regarding any appointment within sixty (60) days of the appointment. A vacancy may result from the resignation, death, incapacity or removal of a Commissioner.

**3.5 Place of Meetings.** The Commissioners shall ~~primarily~~ hold their meetings in the Chambers ~~of~~within the City Council at 2309 15<sup>th</sup> Street, Gulfport, Mississippi ("City Hall"), or, ~~if~~ ~~unavailable or for due cause, some~~ such other suitable location within the City that is open to the public and properly designated in the notice calling such meeting.

**3.6 First Meeting.** The first meeting of each Board consisting of newly appointed members shall be held for the purpose of electing officers, as applicable, and transacting such other business that may properly come before the meeting.

**3.7 Meetings.** Subject to applicable Law, regular meetings of the Board shall be held on the ~~first~~ ~~Monday~~second Tuesday of every month at ~~3:30~~3:00 pm in the Chambers of the City Council without the necessity of notice of the date, time, place or purpose of the meeting, unless otherwise required by law; provided however, if the first ~~Monday~~Tuesday of a month falls on the first day of the month, the regular meeting of the Commission will be held on the third Tuesday of the month at ~~3:30~~3:00 pm in the Chambers of the City Council without the necessity of notice of the date, time, place or purpose of the meeting, unless otherwise required by law. If such day is a legal holiday or in the event of a change in time or location, the Chair or Executive Director shall notify all Commissioners of such change and properly post notice of same. Special meetings of the Board may be called by the Chair or Executive Director on two (2) days notice of the meeting date, time and place to each Commissioner and properly post notice of said meeting, ~~or otherwise~~ in accordance with law. The business to be transacted at, and the purpose of, any special meeting shall be specified in the notice or waiver of notice. The Commission shall provide monthly updates to the City Council at the first meeting of the City Council each month-

~~as part of~~ during the Mayor's report. The ~~Director of the City's Department of Economic Development, or City employee who serves in an equivalent position should such office not be held, shall attend each meeting of the Commission as representative of the~~ City administration and ~~one or more members of the City Council~~ may shall have the right to have one or more representatives attend ~~meetings~~each meeting of the Commission ~~as needed~~. All meetings shall be conducted in an orderly manner and as applicable, in accordance with Robert's Rules of Order and ~~governed by~~ Mississippi law or these Bylaws so long as not in conflict therewith.

**3.8 Waiver.** Whenever any notice is required to be given by Law, the Resolution, or these Bylaws, a Commissioner may waive such notice, whether before or after the time stated in such notice, in writing signed by the Commissioner entitled to such notice and delivered to the Commission. Attendance of a Commissioner at a meeting shall constitute a waiver of notice of such meeting, except where a Commissioner attends for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened. Consent in writing by a Commissioner to any action taken or resolution adopted by the Commission shall constitute a waiver of any and all notices required to be given in connection with such action or resolution.

**3.9 Quorum.** At all meetings of the Board, the presence of a majority of the Commissioners shall constitute a quorum for the transaction of business, and the act of a majority of the Commissioners present at any meeting at which there is a quorum shall be the act of the Board, except as may be otherwise specifically provided by Law, or by the Resolution, or by these Bylaws.

**3.10 Adjournment.** A quorum of Commissioners may adjourn any meeting of the Board to another date, time or place if the same is announced at the meeting before adjournment. If a quorum shall not be present at any meeting of Commissioners, the Commissioners present may adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present. Any business which might have been transacted at the original meeting may be transacted at such adjourned meeting at which a quorum is present or represented.

**3.11 Telephonic Meetings.** Subject to applicable notice provisions and unless otherwise restricted by Law, members of the Board, or members of any committee designated by the Board, may participate in and hold a meeting by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting may simultaneously hear each other, and participation in such meeting shall constitute presence in person at such meeting, except where a person's participation is for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

**3.12 Committees.** The Board may, by resolution adopted by a majority of the whole Board, designate from among its members one or more committees, each composed of three or more Commissioners, to the extent provided in such resolution. The provisions of these Bylaws governing meetings, notice and waiver of notice, quorum and voting requirements of the Board,

apply to committees and their members as well. Notwithstanding the foregoing, the Board shall appoint a selection committee (“Selection Committee”) which will review responses to Requests for Proposals (“RFP”) or Request for Qualifications (“RFQ”) issued by the Commission. Each Selection Committee will be comprised of members of the Board, two representatives from the City administration, ~~one of whom shall be the Director of the City’s Department of Economic Development or, if he or she is unavailable, his or her designee,~~ and two members of the City Council. Representatives from the City administration and the City Council shall be determined respectively by the City administration and City Council on a case by case basis and such representation is subject to change at any time at the election of the administration and City Council, as applicable. The Selection Committee shall make recommendations to the Commission with the Commission making the final decision regarding selection of the applicable responder to the RFP or RFQ.

**3.13 Presumption of Assent.** Any Commissioner who is present at a meeting of the Board at which action on any matter is taken shall be presumed to have assented to the action taken unless: (1) he or she objects at the beginning of the meeting (or promptly upon his or her arrival) to holding it or transacting business at the meeting; (2) his or her dissent or abstention from the action taken is entered in the minutes of the meeting; or (3) he or she delivers his or her written notice of dissent or abstention to the presiding officer of the meeting before its adjournment or to the Commission immediately after the adjournment of the meeting. Such right to dissent shall not apply to a Commissioner who voted in favor of the action taken.

**3.14 Procedure at Meeting.** The Chair shall preside at all meetings of the Board. In absence of the Chair at any meeting, the Vice-Chair shall preside or any member of the Board selected by the Commissioners present. The Secretary of the Commission shall act as secretary at all meetings of the Board. In the Secretary’s absence, the presiding officer of the meeting may designate any person to act as secretary. At all meetings of the Board business shall be transacted in such order as the Board may from time to time determine.

**3.15 No Commissioner Compensation.** Commissioners shall not be paid any compensation for services to the Commission or for attendance at any meeting of the Board. Unless expressly authorized by the City, Commissioners shall also not be reimbursed for expenses incurred in connection with serving as a Commissioner, including, without limitation, travel expenses.

**3.16 No Conflict of Interest.** No Commissioner shall take or otherwise participate in any action that is prohibited by Law. No Commissioner shall take or otherwise participate in any action that may create a conflict of interest. In the event any Commissioner becomes aware of any potential violation of Law or situation with notice, passage of time, or both, would create a conflict of interest, such Commissioner shall immediately disclose in writing such situation to the Executive Director and the Board. No Commissioner may serve the Commission in any other capacity as an officer (other than Chair and Vice-Chair), agent, employee, independent contractor or otherwise.

**3.17 Exculpation of Liability.** No Commissioner shall have any liability to the Commission for money damages for any action taken, or any failure to take any action, as a Commissioner in

good faith, except liability for (i) the amount of a financial benefit received by a Commissioner to which he is not entitled; (ii) an intentional infliction of harm on the Commission; or (iii) a violation of the Law (civil or criminal).

#### ARTICLE 4

**4.1 Number; Qualifications of Officers.** One or more officers of the Commission shall be elected by the Board and may include a Chair, Vice-Chair, an Executive Director, a Secretary and a Treasurer. The Board may also elect one or more Assistant Secretaries and Assistant Treasurers as the Board may from time to time determine. Secretary, Treasurer and/or assistants may be held by the same person.

**4.2 Election.** The Board shall appoint one of their number as Chairman. The Chair shall serve a two year term as Chair and may not be elected to successive terms as Chair. The Board shall annually, or promptly upon a vacancy, elect one or more officers. Such officers shall be appointed for such terms and shall exercise such powers and perform such duties as shall be determined from time to time by the Board. Officers (other than the Chair) may be elected to successive terms. Each officer shall hold office until his or her successor shall have been duly elected and shall qualify or until his death, incapacity, resignation or removal. Election or appointment of an officer or agent shall not of itself create any contract or employment rights of any type.

**4.3 No Officer Compensation.** Officers shall not be paid any compensation or benefits for services to the Commission or for attendance at any meeting of the Board. Unless expressly authorized by the City, officers shall not be reimbursed for expenses incurred in connection with serving as an officer including, without limitation, travel expenses. No officer may separately serve the Commission in any other capacity as an agent, independent contractor or otherwise. It is contemplated that each officer (other than the Chair and Vice-Chair) will be an employee of the City. As such, the officer will receive all of his or her compensation and related benefits directly from the City. The Commission shall have no obligation to reimburse the City for any employee compensation, benefits or other employee related expenses.

**4.4 Resignation; Removal.** An officer may resign at any time by delivering written notice to the Board, Executive Director or the Secretary of the Commission. A resignation is effective when the notice is delivered, unless the notice specifies a later effective date. Any officer elected or appointed by the Board serves at the will of the Board and may be removed at any time by the Board either with or without cause.

**4.5 Chair.** The Chair shall be the principal executive officer of the Commission and, subject to the control of the Board, shall have general management and oversight of the business and affairs of the Commission. The Chair shall see that all orders and resolutions of the Board are carried into effect and shall perform such other duties as the Board shall prescribe.

**4.6 Vice Chair.** The Vice Chair shall have such powers and perform such duties as the Board may from time to time prescribe or as the Chair may from time to time delegate to the Vice

Chair. In the absence of the Chair, or in the event of his or her death or disability, the Vice-Chair shall perform the duties of the Chair until the Board has elected a new Chair.

**4.7 Executive Director.** Subject to the general supervisory powers of the Chair, the Executive Director shall have general and active management of the day to day business and affairs of the Commission and shall perform such other duties as the Board shall prescribe. The Executive Director shall assist the Chair in the management of the business of the Commission and in the implementation of orders and resolutions of the Board.

**4.8 Secretary.** The Secretary shall attend all meetings of the Board and record all votes and the minutes of all proceedings in a book to be kept for that purpose. The Secretary shall give, or cause to be given, notice of all special meetings of the Board, and shall perform such other duties as may be prescribed by the Board or Executive Director. The Secretary shall keep in safe custody the seal of the Commission, if any, and, when authorized by the Board, affix the same to any instrument requiring it, and, when so affixed, it shall be attested by his or her signature. Unless a separate position is created by the Board, the Secretary shall also perform all functions of the Treasurer.

**4.9 Treasurer.** The Treasurer, if appointed, shall have the custody of the funds and shall, in cooperation with the assistance of the City Comptroller or equivalent officer of the City, keep full and accurate accounts of receipts and disbursements of the Commission and shall deposit all monies and other valuable effects in the name and to the credit of the Commission in such depositories as may be designated by the Board. The Treasurer shall disburse the funds of the Commission as may be ordered by the Board, taking proper vouchers for such disbursements, and shall render to the Executive Director and Commissioners, at the regular meetings of the Board, or whenever they may require it, an account of all his or her transactions as Treasurer and of the financial condition of the Commission, and shall perform such other duties as the Board may prescribe. If required by the Board or otherwise by law, the Treasurer shall give the Commission a bond in such form, in such sum, and with surety or sureties as shall be satisfactory to the Board for the faithful performance of the duties of such office and for the restoration to the Commission, in case of his or her death, resignation, retirement or removal from office, of all books, papers, vouchers, money and other property of whatever kind in the Treasurer's possession or under his or her control belonging to the Commission.

**4.10 Assistant Officers.** The Board may appoint one or more assistant officers that shall, in the absence or disability of the officer being assisted, perform the duties and exercise the powers of such officer and shall perform such other duties and have such other powers as the Board may from time to time prescribe.

## ARTICLE 5

**5.1 Insurance.** The Commission may purchase and maintain insurance on behalf of any person who is or was a Commissioner against any liability asserted against such person in his or her capacity as a Commissioner, or arising out of such person's status as such, whether or not the Commission would have the power to indemnify such person under the provisions of Law or the Resolution.

**5.2 Dissolution.** The Commission is subject to dissolution by the City through joint action of the Mayor and the City Council, initiated by either. Neither the Mayor nor the City Council shall have the authority acting individually to dissolve or terminate the Commission in accordance with Law. Upon any determination to dissolve the Commission in accordance with Law, the City shall remove all Commissioners and shall authorize and direct the Executive Director to take all necessary steps to unwind and dissolve the Commission, including, without limitation, to satisfy all debts, transfer all assets to either the City or its designee, and terminate or assign any and all third party contracts as applicable. Provided, however, no such dissolution shall terminate or be deemed to terminate any outstanding ground or long term leases relating to assets of the Commission. All such ground or long term leases shall be assigned to the City or its designee upon any such dissolution of the Commission.

## ARTICLE 6

**6.1 Checks.** All checks, drafts, or other orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Commission shall be signed by any two of the Executive Director and Commissioners or as the Board may otherwise expressly authorize and designate by resolution.

**6.2 Contracts.** All contracts, agreements and instruments binding on the Commission shall be signed by two Commissioners, one of which must be the Chair or as the Board may otherwise expressly authorize or designate by resolution. The Board shall require that all procurements, RFPs and RFQs or their equivalents will be coordinated with and facilitated through the City's procurement department. The Board shall present any and all (i) contracts with a financial commitment or monetary obligation of greater than \$~~50,000~~300,000 either individually or in a series of related contracts, or (ii) contracts of greater than \$50,000 and less than \$300,000 either individually or in a series of related contracts which exceed the budget item for such contract or the applicable budget as approved by the Commission and the City by more than fifteen percent (15%), to the City Council for approval prior to execution by the Commission. The Board shall present any and all ground, operating or capital leases with a term of more than ~~one~~three (~~1~~3) ~~year~~years to the City Council for approval prior to execution by the Commission. The Commission shall not incur any indebtedness for borrowed money except upon authorization by the Board and in accordance with the Laws of the State. Prior to incurring any such indebtedness, the Commission must notify the City of the economic terms of the proposed indebtedness and the use of the proceeds and seek the City's support and input regarding such indebtedness.

**6.3 Deposits.** All funds of the Commission, not otherwise employed, shall be deposited from time to time to the credit of the Commission in such banks, savings and loan institutions, trust companies, or other depositories as the Board, by resolution, may select.

**6.4 Books and Records.** The Commission, by and through the City's appropriate Department(s) and staff, shall keep correct and complete but separate books and records of accounting of the finances of the Commission. The Commission shall further keep written minutes of all proceedings of the Board and official actions taken by the Board, including recording of all votes, abstentions or absentees by the Commissioners.

**6.5 Reports.**

(a) The Commission shall coordinate through and work with the City's Department of Finance or its equivalent office in the City regarding all financial statements and related financial matters. The City's Department of Finance or its equivalent office in the City shall provide monthly operating statements and such other assistance as may be required in connection with the separate financial books, records, and accounting of the Commission to be kept and maintained by the City's appropriate Department(s) and staff. As part of the financial services being provided by the City, the Commission shall be included in the annual audit of the City as its urban renewal agency.

(b) The Commission shall file with the City, on or before March 31 of each year, an annual report of its activities for its preceding fiscal year, which report shall include a complete financial statement setting forth its assets, liabilities, income and operating expenses as of the end of such fiscal year. At the time of filing the report, the Commission shall publish a true and correct copy of such report in a newspaper of general circulation in the City.

(c) From time to time as determined by the Commission or upon the request of the City, the Commission will provide the City with advisory reports and updates of any material transactions or activities either undertaken or under serious consideration by the Commission. No action shall be expressly required by the City with respect to any such advisory reports unless requested by the Commission.

**6.6 Seal.** The seal of the City shall also be the seal of the Commission. Such seal, or a facsimile thereof, may be impressed on, affixed to, or in any manner reproduced upon, instruments of any nature required to be executed by officers of the Commission.

**6.7 Fiscal Year.** The fiscal year of the Commission shall be from October 1 through September 30 of each year or as otherwise determined by the City by amendment to these Bylaws.

**6.8 Amendments.** These Bylaws or any provision hereof may from time to time be altered, amended or repealed, and new Bylaws may be adopted by the City. The Board shall have no authority to alter, amend or repeal these Bylaws; provided, however, the Board may from time to time request the City to consider alterations or amendments to these Bylaws.

**6.9 Table of Contents, Headings.** The Table of Contents and headings used in these Bylaws have been inserted for convenience only and do not constitute matters to be construed in interpretation of these Bylaws. As the context requires, any references to gender or the singular or plural shall be to the opposite.

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Kris Riemann, Director  
Engineering

**Date:** 08/16/2016

**Subject:** Resolution - approving award and contract to Jay Bearden Construction, Inc., for the West 28th Street Area Water Main Improvements Project, Part 2 and authorizing the Mayor to execute the same.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE AWARD TO JAY BEARDEN CONSTRUCTION, INC., FOR THE WEST 28<sup>TH</sup> STREET AREA WATER MAIN IMPROVEMENTS PROJECT – PART 2 PROJECT, TO APPROVE CONTRACT BETWEEN THE CITY OF GULFPORT AND JAY BEARDEN CONSTRUCTION, INC., FOR SAID PROJECT, TO AUTHORIZE THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY, AND FOR RELATED PURPOSES**

**WHEREAS**, the City of Gulfport desires to undertake a project to make certain renovations, modifications and upgrades to the existing water system north of 28<sup>th</sup> Street including the installation of 9,000 linear feet of 6” and 8” water main (PVC and ductile iron), directional drilling of 735 linear feet of water main, road restoration, replacement of sidewalk, curb, culvert pipe, and vegetation re-establishment; and

**WHEREAS**, pursuant to authority of this City Council, the City solicited bids for the aforementioned project and received bids from three (3) contractors; and

**WHEREAS**, the lowest and best bid of the three (3) bids received was submitted by Jay Bearden Construction, Inc., of Richland, Mississippi, in the amount of \$855,917.67; and

**WHEREAS**, the Council finds that it is in the best interest of the City to award the contract for the aforementioned project to Jay Bearden Construction, Inc., as the low bidder and to approve a contract with Jay Bearden Construction, Inc., concerning the same (see Exhibit “A” attached hereto).

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:**

**Section 1.** That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**Section 2.** That the bid of Jay Bearden Construction, Inc., of Richland, Mississippi, in the amount of \$855,917.67 be and the same is hereby accepted, and that the contract attached hereto as Exhibit “A” be and the same is hereby approved and found to be in the best interest of

the City, and the Mayor is hereby authorized to execute the same on behalf of the City of Gulfport.

**Section 3.** That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and ready by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**AYES**

**NAYS**

**ABSENT**

**Re:** Recommendation to Award Contract

- West 28<sup>th</sup> Street Area Water Main Improvements - Part 2

---

On July 28, 2016, bids were received for the above referenced project. Three (3) bids were received. The lowest bid received was from Jay Bearden Construction, Inc. of Richland, MS, in the amount of \$855,917.67. Attached is a copy of the bid tabulation. The contract time is 270 calendar days.

The project consists of furnishing materials, labor, and equipment for certain renovations, modifications and upgrades to the existing City of Gulfport water system north of 28<sup>th</sup> Street. This work includes the installation of 9,000 linear feet of 6" and 8" water main (PVC and ductile iron), directional drilling 735 linear feet of water main, road restoration, replacement of sidewalk, curb, culvert pipe, and vegetation re-establishment.

The project is funded 100% by the 2014 Bond Issue. With an engineer's estimate of \$1,097,975, the project is within the budget. The firm of Neel-Schaffer, Inc. has completed the Engineering design and will oversee the inspection.

I recommend approval of the contract to Jay Bearden, Inc. Please place this item on the September 6, 2016 Council Agenda.

This item has been approved by:

Mayor or C.A.O.

Gulfport, MS 39507

Re: West 28<sup>th</sup> Street Area Water Main Improvements – Part II  
City of Gulfport, Mississippi  
Bid Results

Dear Mr. Riemann:

As you are aware, construction bids were taken on July 28, 2016 at 10:00 AM for the above referenced project. The certified bid tabulation is attached for your use and information.

Based on the results of the bid tabulation, Jay Bearden Construction, Inc. was the lowest responsive bidder for the project. Their bid was below the Engineer's Estimate of \$1,097,975 for the project. The engineers estimate is included with the bid tabulation. There were no errors in any of the bids and all bidders acknowledged one addendum.

Therefore, we recommend that the City accept the low bid submitted by Jay Bearden Construction, Inc. in the amount of \$855,917.67, and award be made.

Please feel free to contact me if you have any questions or concerns related to the bid results.

Sincerely,

Janis Dinardo, P.E.  
Project Engineer  
Neel-Schaffer, Inc.

**SECTION 00520**  
**CONTRACT**

---

**THIS AGREEMENT** is dated as of the \_\_\_\_\_ day of \_\_\_\_\_ in the year 20\_\_, by and between the City of Gulfport (hereinafter called OWNER) and (hereinafter called CONTRACTOR).

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

**ARTICLE 1 - WORK**

CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

**WEST 28<sup>TH</sup> STREET AREA WATER MAIN IMPROVEMENTS PART II**  
**GULFPORT, MISSISSIPPI**

**ARTICLE 2 - ENGINEER**

The Project has been designed by:

NEEL-SCHAFER  
772 Howard Avenue  
Biloxi, Mississippi 39530

who is hereinafter called ENGINEER and who is to act as OWNER's representative, assume all duties and responsibilities and have the rights and authority assigned to ENGINEER in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

**ARTICLE 3 - CONTRACT TIMES**

3.1. The Work will be substantially completed within Two Hundred and Seventy (270) calendar days from the date when the Contract Time commences to run as provided in paragraph 2.03 of the General Conditions.

3.2. *Liquidated Damages.* OWNER and CONTRACTOR recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the Work is not completed within the times specified in paragraph 3.1 above, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. They also recognize the delays, expense and difficulties involved in proving the actual loss suffered by OWNER if

CITY OF GULFPORT

CONTRACT  
00520-1

the Work is not completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER Six Hundred and No/Dollars (\$600.00) for each calendar day that expires after the time specified in paragraph 3.1 for Substantial Completion until the Work is substantially complete. After Substantial Completion, if CONTRACTOR shall neglect, refuse or fail to complete the remaining Work within the time specified for completion and readiness for final payment or any proper extension thereof granted by OWNER, CONTRACTOR shall pay OWNER Six Hundred and No/Dollars (\$600.00) for each calendar day that expires after the time specified in the Certificate of Substantial Completion for completion and readiness for final payment.

#### ARTICLE 4 - CONTRACT PRICE

OWNER shall pay CONTRACTOR for completion of the Work in accordance with the Contract Documents in current funds as follows:

The sum of \$ Eight Hundred Fifty Five Thousand Nine Hundred Seventeen Dollars and Sixty Seven Cents  
(\$ 855,917.67) in accordance with CONTRACTOR'S Bid Proposal  
dated July 28, 2016.

#### ARTICLE 5 - PAYMENT PROCEDURES

CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

5.1. *Progress Payments; Retainage.* OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR's Applications for Payment as recommended by ENGINEER, on or about the 15th day of each month during construction as provided in paragraphs 5.1.1 and 5.1.2 below. All such payments will be measured by the schedule of values established in paragraph 2.07 of the General Conditions (and in the case of Unit Price Work, based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements.

5.1.1. Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage indicated below, but, in each case, less the aggregate of payments previously made and less such amounts as ENGINEER shall determine, or OWNER may withhold, in accordance with paragraph 14.02 of the General Conditions.

5.1.1.1. Projects with a Contract total amount of less than \$250,000 and no subcontractor:

5.1.1.1.1. Ninety percent (90%) of Work completed (with the balance being retainage).

5.1.1.1.2. Ninety percent (90%) (with the balance being retainage) of material and equipment not incorporated in the Work (but delivered, suitably stored and accompanied by documentation satisfactory to OWNER as provided in paragraph 14.02 of the General Conditions).

5.1.1.2. On projects in which the total Contract Price is Two Hundred Fifty Thousand Dollars (\$250,000.00) or greater or on any Contract with a subcontractor, regardless of amount; when the work is at least fifty percent (50%) complete, on schedule and satisfactory in the engineer's opinion, fifty percent (50%) of the retainage held to date shall be returned to the prime contractor for distribution to the appropriate subcontractors and suppliers. After fifty percent (50%) completion, projects of this magnitude shall have a two and one-half percent (2.5%) retainage provided that the project is on schedule and satisfactory in the engineer's opinion.

5.1.2. Upon Substantial Completion, in an amount sufficient to increase total payments to CONTRACTOR to ninety-seven and one-half percent (97.5%) of the Contract Price (with the balance being retainage), less such amounts as ENGINEER shall determine, or OWNER may withhold, in accordance with paragraph 14.02 of the General Conditions.

5.2. *Final Payment.* Upon final completion and acceptance of the Work in accordance with paragraph 14.07 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER as provided in said paragraph 14.07.

## **ARTICLE 6 - INTEREST**

All moneys not paid when due as provided in Article 14 of the General Conditions shall bear interest from the due date until paid at the rate of one percent (1%) per month until fully paid.

## **ARTICLE 7 - CONTRACTOR'S REPRESENTATIONS**

In order to induce OWNER to enter into this Agreement, CONTRACTOR makes the following representations:

7.1. CONTRACTOR has examined and carefully studied the Contract Documents (including the Addenda listed in paragraph 8) and the other related data identified in the Bidding Documents, including the "technical data."

7.2. CONTRACTOR has visited the site and become familiar with and is satisfied as to the general, local and site conditions that may affect cost, progress, performance or furnishing of the Work.

7.3. CONTRACTOR is familiar with and is satisfied as to all federal, state, and local Laws and Regulations that may affect cost, progress, performance and furnishing of the Work.

CITY OF GULFPORT

CONTRACT  
00520-3

7.4. CONTRACTOR has carefully studied all reports of explorations and tests of subsurface conditions at or contiguous to the site and all drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the site (except Underground Facilities) which have been identified in the Supplementary Conditions as provided in paragraph 4.02.A of the General Conditions. CONTRACTOR accepts the determinations set forth in paragraph SC-4.02 of the Supplementary Conditions of the extent of the "technical data" contained in such reports and drawings upon which CONTRACTOR is entitled to rely as provided in paragraph 4.02 of the General Conditions. CONTRACTOR acknowledges that such reports and drawings are not Contract Documents and may not be complete for CONTRACTOR's purposes. CONTRACTOR acknowledges that OWNER and ENGINEER do not assume responsibility for the accuracy or completeness of information and data shown or indicated in the Contract Documents with respect to Underground Facilities at or contiguous to the site. CONTRACTOR has obtained and carefully studied (or assumes responsibility for having done so) all such additional supplementary examinations, investigations, explorations, tests, studies and data concerning conditions (surface, subsurface and Underground Facilities) at or contiguous to the site or otherwise which may affect cost, progress, performance or furnishing of the Work or which relate to any aspect of the means, methods, techniques, sequences and procedures of construction to be employed by CONTRACTOR and safety precautions and programs incident thereto. CONTRACTOR does not consider that any additional examinations, investigations, explorations, tests, studies or data are necessary for the performance and furnishing of the Work at the Contract Price, within the Contract Times and in accordance with the other terms and conditions of the Contract Documents.

7.5. CONTRACTOR is aware of the general nature of work to be performed by OWNER and others at the site that relates to the Work as indicated in the Contract Documents.

7.6. CONTRACTOR has correlated the information known to CONTRACTOR, information and observations obtained from visits to the site, reports and drawings identified in the Contract Documents and all additional examinations, investigations, explorations, tests, studies and data with the Contract Documents.

7.7. CONTRACTOR has given ENGINEER written notice of all conflicts, errors, ambiguities or discrepancies that CONTRACTOR has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR, and the Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

## **ARTICLE 8 - CONTRACT DOCUMENTS**

The Contract Documents which comprise the entire agreement between OWNER and CONTRACTOR concerning the Work consist of the following:

8.1. This Agreement (pages 1 to 7, inclusive).

CITY OF GULFPORT

CONTRACT  
00520-4

8.2 Notice of Award.

8.3. Performance, Payment, and other Bonds consisting of four (4) pages.

8.4. Notice to Proceed.

8.5. General Conditions (pages 1 to 46, inclusive).

8.6. Supplementary Conditions (pages 1 to 15, inclusive).

8.7 Technical specifications bearing the title:

**TECHNICAL SPECIFICATIONS FOR THE WEST 28<sup>TH</sup> STREET AREA WATER  
MAIN IMPROVEMENTS PART II  
GULFPORT, MISSISSIPPI**

8.8. Drawings consisting of a cover sheet and sheets numbered TL-1 through SP-3, inclusive, with each sheet bearing the following general title:

**WEST 28<sup>TH</sup> STREET AREA WATER MAIN IMPROVEMENTS PART II  
GULFPORT, MISSISSIPPI**

8.9. Addenda numbers 1 to 1, inclusive.

8.10. CONTRACTOR's Bid Proposal (pages 1 to 7, inclusive).

8.11. Documentation submitted by CONTRACTOR prior to Notice of Award (pages    to   , inclusive).

8.12. The following which may be delivered or issued after the Effective Date of the Agreement and are not attached hereto: All Written amendments and other documents amending, modifying or supplementing the Contract Documents pursuant to paragraph 3.04 of the General Conditions.

The documents listed in paragraphs 8.2 et seq. above are attached to this Agreement (except as expressly noted otherwise above).

There are no Contract Documents other than those listed above in this Article 8. The Contract Documents may only be amended, modified or supplemented as provided in paragraph 3.04 of the General Conditions.

**ARTICLE 9 - MISCELLANEOUS**

9.1. Terms used in this Agreement which are defined in Article 1 of the General Conditions will have the meanings indicated in the General Conditions.

CITY OF GULFPORT

CONTRACT  
00520-5

9.2. No assignment by a party hereto of any rights under or interests in the Contract Documents will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

9.3. OWNER and CONTRACTOR each binds itself, its partners, successors, assigns and legal representatives to the other party hereto, its partners, successors, assigns and legal representatives in respect to all covenants, agreements and obligations contained in the Contract Documents.

9.4. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon OWNER and CONTRACTOR, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

9.5. *Contractor's Certifications.* CONTRACTOR certifies that it has not engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the Contract. For the purposes of this Paragraph 9.5:

9.5.1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the bidding process or in the Contract execution;

9.5.2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the bidding process or the execution of the Contract to the detriment of OWNER, (b) to establish Bid or Contract prices at artificial non-competitive levels, or (c) to deprive OWNER of the benefits of free and open competition;

9.5.3. "collusive practice" means a scheme or arrangement between two or more Bidders, with or without the knowledge of OWNER, a purpose of which is to establish Bid prices at artificial, non-competitive levels; and

9.5.4. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the bidding process or affect the execution of the Contract.

9.6. OTHER PROVISIONS.

None.

IN WITNESS WHEREOF, OWNER and CONTRACTOR have signed this Agreement in triplicate. One counterpart each has been delivered to OWNER, CONTRACTOR and ENGINEER. All portions of the Contract Documents have been signed, initialed or identified by OWNER and CONTRACTOR or identified by ENGINEER on their behalf.

This Agreement will be effective on \_\_\_\_\_, 20\_\_\_\_, (which is the effective Date of the Agreement).

Notes: (1) Provide supplemental execution by any additional parties, such as joint venturers. (2) Any singular reference to Contractor, Surety, Owner, or other party shall be considered plural where applicable.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

2. If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Paragraph 3.

3. If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after:

3.1 The Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor, and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Paragraph 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor, and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;

3.2 The Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and

3.3 The Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.

4. Failure on the part of the Owner to comply with the notice requirement in Paragraph 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

5. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owners concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 7 in excess of the Balance of

the Contract Price incurred by the Owner as a result of the Contractor Default; or

5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor, and with reasonable promptness under the circumstances:

5.4.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or

5.4.2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

6. If the Surety does not proceed as provided in Paragraph 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Paragraph 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

7. If the Surety elects to act under Paragraph 5.1, 5.2, or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication for:

7.1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

7.2 additional legal, design professional, and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 5; and

7.3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

8. If the Surety elects to act under Paragraph 5.1, 5.3, or 5.4, the Surety's liability is limited to the amount of this Bond.

9. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors, and assigns.

10. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.

11. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within

two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum periods of limitations available to sureties as a defense in the jurisdiction of the suit shall be applicable.

12. Notice to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

13. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

#### 14. Definitions

14.1 Balance of the Contract Price: The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made including allowance for the Contractor for any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

14.2 Construction Contract: The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

14.3 Contractor Default: Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

14.4 Owner Default: Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

14.5 Contract Documents: All the documents that comprise the agreement between the Owner and Contractor.

15. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

16. Modifications to this Bond are as follows:

## PAYMENT BOND

CONTRACTOR (name and address):

Notes: (1) Provide supplemental execution by any additional parties, such as joint venturers. (2) Any singular reference to Contractor, Surety, Owner, or other party shall be considered plural where applicable.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner to pay for labor, materials, and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.
2. If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies, and holds harmless the Owner from claims, demands, liens, or suits by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.
3. If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 13) of claims, demands, liens, or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, and tendered defense of such claims, demands, liens, or suits to the Contractor and the Surety.
4. When the Owner has satisfied the conditions in Paragraph 3, the Surety shall promptly and at the Surety's expense defend, indemnify, and hold harmless the Owner against a duly tendered claim, demand, lien, or suit.
5. The Surety's obligations to a Claimant under this Bond shall arise after the following:
  - 5.1 Claimants who do not have a direct contract with the Contractor,
    - 5.1.1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and
    - 5.1.2 have sent a Claim to the Surety (at the address described in Paragraph 13).
  - 5.2 Claimants who are employed by or have a direct contract with the Contractor have sent a Claim to the Surety (at the address described in Paragraph 13).
6. If a notice of non-payment required by Paragraph 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Paragraph 5.1.1.
7. When a Claimant has satisfied the conditions of Paragraph 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:
  - 7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and
  - 7.2 Pay or arrange for payment of any undisputed amounts.
  - 7.3 The Surety's failure to discharge its obligations under Paragraph 7.1 or 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Paragraph 7.1 or 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.
8. The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Paragraph 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.
9. Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.
10. The Surety shall not be liable to the Owner, Claimants, or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to or give notice on behalf of Claimants, or otherwise have any obligations to Claimants under this Bond.
11. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.
12. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Paragraph 5.1.2 or 5.2, or

(2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

13. Notice and Claims to the Surety, the Owner, or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.
14. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.
15. Upon requests by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

#### 16. Definitions

16.1 **Claim:** A written statement by the Claimant including at a minimum:

1. The name of the Claimant;
2. The name of the person for whom the labor was done, or materials or equipment furnished;
3. A copy of the agreement or purchase order pursuant to which labor, materials, or equipment was furnished for use in the performance of the Construction Contract;
4. A brief description of the labor, materials, or equipment furnished;
5. The date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
6. The total amount earned by the Claimant for labor, materials, or equipment furnished as of the date of the Claim;
7. The total amount of previous payments received by the Claimant; and
8. The total amount due and unpaid to the Claimant for labor, materials, or equipment furnished as of the date of the Claim.

16.2 **Claimant:** An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials, or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond

shall be to include without limitation in the terms of "labor, materials, or equipment" that part of the water, gas, power, light, heat, oil, gasoline, telephone service, or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials, or equipment were furnished.

16.3 **Construction Contract:** The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

16.4 **Owner Default:** Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

16.5 **Contract Documents:** All the documents that comprise the agreement between the Owner and Contractor.

17. If this Bond is issued for an agreement between a contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

18. Modifications to this Bond are as follows:

# Memorandum - City of Gulfport

## Purchasing

---

**To:** The Honorable Mayor and City Council

**From:** Connie Debenport, Purchasing Manager

**Date:** August 25, 2016

**Re: West 28<sup>th</sup> Street Area Water Main Improvements, Part 2**  
**Contract Award**  
**Bid Received 07-28-2016**

---

Please see attached letters from Kris Riemann and Janis Dinardo, Project Engineer with Neel-Schaffer, Inc. requesting your approval of Contract Award to the lowest and best bid as submitted by Jay Bearden Construction for a total bid amount of \$855,917.67.

The project is consists of furnishing labor, material and equipment for renovations, modifications and upgrades to the existing water system North of 28<sup>th</sup> Street.

It is my recommendation to approve this request, thank you for your consideration

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Connie Debenport, Manager  
Purchasing

**Date:** 08/19/2016

**Subject:**

Resolution - approving Professional Services Agreement with Brown, Mitchell and Alexander, Inc. for the Ship Island Ferry Boat Terminal Facility Improvements Project, contingent upon MDOT approval.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
TO APPROVE ENGINEERING SERVICES CONTRACT WITH BROWN, MITCHELL,  
AND ALEXANDER, INC., FOR ENGINEERING SERVICES RELATED TO THE SHIP  
ISLAND FERRY BOAT TERMINAL FACILITY IMPROVEMENTS PROJECT; TO  
AUTHORIZE THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY  
OF GULFPORT; AND FOR RELATED PURPOSES**

**WHEREAS**, the City of Gulfport intends to undertake a project to make improvements to the Ship Island Ferry Boat Terminal Facility located at or near the City's Jones Park; and

**WHEREAS**, a proposed Agreement Between Owner and Engineer for Professional Services with Brown, Mitchell, and Alexander, Inc., is attached hereto as a part of Exhibit "A" for consideration by the City Council; and

**WHEREAS**, it is found that entry into the Agreement attached hereto as a part of Exhibit "A" is in the best interest of the City of Gulfport.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:**

**SECTION 1.** That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**SECTION 2.** That the proposed Agreement Between Owner and Engineer for Professional Services with Brown, Mitchell, and Alexander, Inc., be and the same is hereby approved (contingent upon approval by the Mississippi Department of Transportation) in substantially the form attached and the Mayor be and he is hereby authorized to execute the same on behalf of the City of Gulfport.

**SECTION 3.** That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**AYES**

**NAYS**

**ABSENT**

**WHEREUPON**, the President declared the motion carried and the Resolution adopted, this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**(SEAL)**

**ATTEST:**

**ADOPTED:**

\_\_\_\_\_  
**CLERK OF THE COUNCIL**

\_\_\_\_\_  
**PRESIDENT**

The above and foregoing Resolution submitted to and approved by the Mayor, this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

\_\_\_\_\_  
**MAYOR**

**BROWN, MITCHELL  
& ALEXANDER, INC.**

**RE: *Agreement Between Owner & Engineer for Professional Services  
City of Gulfport and Brown, Mitchell & Alexander, Inc.  
Ship Island Ferry Boat Terminal Facility Improvements Project***

Dear Mr D'Aquila:

Enclosed please find two (2) originals of *Agreement Between Owner & Engineer for Professional Services between the City of Gulfport and Brown, Mitchell & Alexander, Inc.* for professional engineering services for the Ship Island Ferry Boat Terminal Facility Improvements Project.

After your review, please forward to the City Council for approval. Once executed, please return one original to our office for our records.

If you should have any questions, please do not hesitate to contact either myself or Ben Smith. We are looking forward to this project.

Sincerely,

Dax Alexander, P.E.  
Principal

Enclosures

**AGREEMENT  
BETWEEN OWNER AND ENGINEER  
FOR PROFESSIONAL SERVICES**

**ORIGINAL**

THIS IS AN AGREEMENT effective as of \_\_\_\_\_ (“Effective Date”) between  
\_\_\_\_\_  
**City of Gulfport, Mississippi** (“Owner”) and  
\_\_\_\_\_  
**Brown, Mitchell & Alexander, Inc.** (“Engineer”).

Owner's Project, of which Engineer's services under this Agreement are a part, is generally identified as follows:

Professional design services as required to design, bid, and perform environmental permit coordination for the **SHIP ISLAND FERRY BOAT TERMINAL FACILITY IMPROVEMENTS PROJECT**, including an open air pavilion and access pier. The open air pavilion will be of similar architecture to the adjacent pavilion and will be based on a layout that fits the City of Gulfport's established lease area. The access pier will be based on the previously designed pier that includes water, sewer and electrical services to the pier. The Project will utilize both local and federal and/or state funds.

The Project will also include preparation of construction documents, bid assistance, and completion of all relative activities in accordance with MDOT's LPA Project Development Manual.

Environmental Permitting and Coordination includes preparation, tracking and related coordination of permit applications as needed to obtain approvals from the MS Department of Marine Resources (MDMR) and the U.S. Army Corps of Engineers (USACE).

Other terms used in this Agreement are defined in Article 7.

Engineer's services under this Agreement are generally identified as follows: Basic and additional services as outlined in this agreement.

Owner and Engineer further agree as follows:

**ARTICLE 1 – SERVICES OF ENGINEER**

**1.01 Scope**

- A. Engineer shall provide, or cause to be provided, the services set forth herein and in Exhibit A.

**ARTICLE 2 – OWNER'S RESPONSIBILITIES**

**2.01 General**

- A. Owner shall have the responsibilities set forth herein and in Exhibit B.
- B. Owner shall pay Engineer as set forth in Article 4 and Exhibit C.

- C. Owner shall be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by Owner to Engineer pursuant to this Agreement. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement, subject to any express limitations or reservations applicable to the furnished items.
- D. Owner shall give prompt written notice to Engineer whenever Owner observes or otherwise becomes aware of:
  - 1. any development that affects the scope or time of performance of Engineer's services;
  - 2. the presence at the Site of any Constituent of Concern; or
  - 3. any relevant, material defect or nonconformance in: (a) Engineer's services, (b) the Work, (c) the performance of any Constructor, or (d) Owner's performance of its responsibilities under this Agreement.

### **ARTICLE 3 – SCHEDULE FOR RENDERING SERVICES**

#### **3.01 Commencement**

- A. Engineer is authorized to begin rendering services as of the Effective Date.

#### **3.02 Time for Completion**

- A. Engineer shall complete its obligations within a reasonable time. Specific periods of time for rendering services, or specific dates by which services are to be completed, are provided in Exhibit A, and are hereby agreed to be reasonable.
- B. If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, shall be adjusted equitably.
- C. If Owner authorizes changes in the scope, extent, or character of the Project or Engineer's services, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, shall be adjusted equitably.
- D. Owner shall make decisions and carry out its other responsibilities in a timely manner so as not to delay the Engineer's performance of its services.
- E. If Engineer fails, through its own fault, to complete the performance required in this Agreement within the time set forth, as duly adjusted, then Owner shall be entitled, as its sole remedy, to the recovery of direct damages, if any, resulting from such failure.

## ARTICLE 4 – INVOICES AND PAYMENTS

### 4.01 *Invoices*

- A. *Preparation and Submittal of Invoices:* Engineer shall prepare invoices in accordance with its standard invoicing practices and the terms of Exhibit C. Engineer shall submit its invoices to Owner on a monthly basis. Invoices are due and payable within 30 days of receipt.

### 4.02 *Payments*

- A. *Application to Interest and Principal:* Payment will be credited first to any interest owed to Engineer and then to principal.
- B. *Failure to Pay:* If Owner fails to make any payment due Engineer for services and expenses within 30 days after receipt of Engineer's invoice, then:
  - 1. amounts due Engineer will be increased at the rate of 1.0% per month (or the maximum rate of interest permitted by law, if less) from said thirtieth day; and
  - 2. Engineer may, after giving seven days written notice to Owner, suspend services under this Agreement until Owner has paid in full all amounts due for services, expenses, and other related charges. Owner waives any and all claims against Engineer for any such suspension.
- C. *Disputed Invoices:* If Owner disputes an invoice, either as to amount or entitlement, then Owner shall promptly advise Engineer in writing of the specific basis for doing so, may withhold only that portion so disputed, and must pay the undisputed portion subject to the terms of Paragraph 4.01.
- D. *Sales or Use Taxes:* If after the Effective Date any governmental entity takes a legislative action that imposes additional sales or use taxes on Engineer's services or compensation under this Agreement, then Engineer may invoice such additional sales or use taxes for reimbursement by Owner. Owner shall reimburse Engineer for the cost of such invoiced additional sales or use taxes; such reimbursement shall be in addition to the compensation to which Engineer is entitled under the terms of Exhibit C.

## ARTICLE 5 – OPINIONS OF COST

### 5.01 *Opinions of Probable Construction Cost*

- A. Engineer's opinions (if any) of probable Construction Cost are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If Owner requires greater assurance as

to probable Construction Cost, then Owner agrees to obtain an independent cost estimate.

5.02 *Designing to Construction Cost Limit*

- A. If a Construction Cost limit is established between Owner and Engineer, such Construction Cost limit and a statement of Engineer's rights and responsibilities with respect thereto will be specifically set forth in Exhibit F to this Agreement.

5.03 *Opinions of Total Project Costs*

- A. The services, if any, of Engineer with respect to Total Project Costs shall be limited to assisting the Owner in tabulating the various categories that comprise Total Project Costs. Engineer assumes no responsibility for the accuracy of any opinions of Total Project Costs.

**ARTICLE 6 – GENERAL CONSIDERATIONS**

6.01 *Standards of Performance*

- A. *Standard of Care:* The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.
- B. *Technical Accuracy:* Owner shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation, unless such corrective action is directly attributable to deficiencies in Owner-furnished information.
- C. *Consultants:* Engineer may retain such Consultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive objections by Owner.
- D. *Reliance on Others:* Subject to the standard of care set forth in Paragraph 6.01.A, Engineer and its Consultants may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.
- E. *Compliance with Laws and Regulations, and Policies and Procedures:*
  - 1. Engineer and Owner shall comply with applicable Laws and Regulations.
  - 2. Engineer shall comply with any and all policies, procedures, and instructions of Owner that are applicable to Engineer's performance of services under this Agreement and that Owner provides to Engineer in writing, subject to the standard of care set forth in Paragraph 6.01.A, and to the extent compliance is not inconsistent with professional practice requirements.

3. This Agreement is based on Laws and Regulations and Owner-provided written policies and procedures as of the Effective Date. The following may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, or compensation:
  - a. changes after the Effective Date to Laws and Regulations;
  - b. the receipt by Engineer after the Effective Date of Owner-provided written policies and procedures;
  - c. changes after the Effective Date to Owner-provided written policies or procedures.
- F. Engineer shall not be required to sign any document, no matter by whom requested, that would result in the Engineer having to certify, guarantee, or warrant the existence of conditions whose existence the Engineer cannot ascertain. Owner agrees not to make resolution of any dispute with the Engineer or payment of any amount due to the Engineer in any way contingent upon the Engineer signing any such document.
- G. The general conditions for any construction contract documents prepared hereunder are to be EJCDC® C-700 "Standard General Conditions of the Construction Contract" (2013 Edition), prepared by the Engineers Joint Contract Documents Committee, unless expressly indicated otherwise in Exhibit J or elsewhere in this Agreement.
- H. Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor shall Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.
- I. Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's, failure to furnish and perform the Work in accordance with the Construction Contract Documents.
- J. Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the Construction Contract Documents, other than those made by Engineer or its Consultants.
- K. Engineer is not required to provide and does not have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.
- L. Engineer's services do not include providing legal advice or representation.
- M. Engineer's services do not include (1) serving as a "municipal advisor" for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the

Securities and Exchange Commission, or (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances.

- N. While at the Site, Engineer, its Consultants, and their employees and representatives shall comply with the applicable requirements of Contractor's and Owner's safety programs of which Engineer has been informed in writing.

#### 6.02 *Design Without Construction Phase Services*

- A. Engineer shall be responsible only for those Construction Phase services expressly required of Engineer in Exhibit A, Paragraph A1.05. With the exception of such expressly required services, Engineer shall have no design, Shop Drawing review, or other obligations during construction, and Owner assumes all responsibility for the application and interpretation of the Construction Contract Documents, review and response to Contractor claims, Construction Contract administration, processing of Change Orders and submittals, revisions to the Construction Contract Documents during construction, construction observation and review, review of Contractor's payment applications, and all other necessary Construction Phase administrative, engineering, and professional services. Owner waives all claims against the Engineer that may be connected in any way to Construction Phase administrative, engineering, or professional services except for those services that are expressly required of Engineer in Exhibit A.

#### 6.03 *Use of Documents*

- A. All Documents are instruments of service, and Engineer shall retain an ownership and property interest therein (including the copyright and the right of reuse at the discretion of the Engineer) whether or not the Project is completed.
- B. If Engineer is required to prepare or furnish Drawings or Specifications under this Agreement, Engineer shall deliver to Owner at least one original printed record version of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations.
- C. Owner may make and retain copies of Documents for information and reference in connection with the use of the Documents on the Project. Engineer grants Owner a limited license to use the Documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment due and owing for all services relating to preparation of the Documents, and subject to the following limitations: (1) Owner acknowledges that such Documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, on any other project, or for any other use or purpose, without written verification or adaptation by Engineer; (2) any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and Consultants; (3) Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners,

agents, employees, and Consultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the Documents without written verification, completion, or adaptation by Engineer; and (4) such limited license to Owner shall not create any rights in third parties.

- D. If Engineer at Owner's request verifies the suitability of the Documents, completes them, or adapts them for extensions of the Project or for any other purpose, then Owner shall compensate Engineer at rates or in an amount to be agreed upon by Owner and Engineer.

#### 6.04 *Electronic Transmittals*

- A. Owner and Engineer may transmit, and shall accept, Project-related correspondence, Documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with a mutually agreeable protocol.
- B. If this Agreement does not establish protocols for electronic or digital transmittals, then Owner and Engineer shall jointly develop such protocols.
- C. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the items, or from those established in applicable transmittal protocols.

#### 6.05 *Insurance*

- A. Engineer shall procure and maintain insurance as set forth in Exhibit G. Engineer shall cause Owner to be listed as an additional insured on any applicable general liability insurance policy carried by Engineer.
- B. Owner shall procure and maintain insurance as set forth in Exhibit G. Owner shall cause Engineer and its Consultants to be listed as additional insureds on any general liability policies carried by Owner, which are applicable to the Project. Notwithstanding any requirement contained elsewhere in this Agreement, Owner may self-insure, as allowed by law, and, at its option, obtain excess insurance coverage.
- C. Owner shall require Contractor to purchase and maintain policies of insurance covering workers' compensation, general liability, motor vehicle damage and injuries, and other insurance necessary to protect Owner's and Engineer's interests in the Project. Owner shall require Contractor to cause Engineer and its Consultants to be listed as additional insureds with respect to such liability insurance purchased and maintained by Contractor for the Project.
- D. Owner and Engineer shall each deliver to the other certificates of insurance evidencing the coverages indicated in Exhibit G. Such certificates shall be furnished prior to commencement of Engineer's services and at renewals thereafter during the life of the Agreement.

- E. All policies of property insurance relating to the Project, including but not limited to any builder's risk policy, shall allow for waiver of subrogation rights and contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any insured thereunder or against Engineer or its Consultants. Owner (to the extent allowed by law) and Engineer waive all rights against each other, Contractor, the Consultants, and the respective officers, directors, members, partners, employees, agents, consultants, and subcontractors of each and any of them, for all losses and damages caused by, arising out of, or resulting from any of the perils or causes of loss covered by any builder's risk policy and any other property insurance relating to the Project. Owner and Engineer shall take appropriate measures in other Project-related contracts to secure waivers of rights consistent with those set forth in this paragraph.
- F. All policies of insurance shall contain a provision or endorsement that the coverage afforded will not be canceled or reduced in limits by endorsement, and that renewal will not be refused, until at least 10 days prior written notice has been given to the primary insured. Upon receipt of such notice, the receiving party shall promptly forward a copy of the notice to the other party to this Agreement.
- G. At any time, Owner may request that Engineer or its Consultants, at Owner's sole expense, provide additional insurance coverage, increased limits, or revised deductibles that are more protective than those specified in Exhibit G. If so requested by Owner, and if commercially available, Engineer shall obtain and shall require its Consultants to obtain such additional insurance coverage, different limits, or revised deductibles for such periods of time as requested by Owner, and Exhibit G will be supplemented to incorporate these requirements.

#### 6.06 *Suspension and Termination*

##### A. *Suspension:*

- 1. *By Owner:* Owner may suspend the Project for up to 90 days upon seven days written notice to Engineer.
- 2. *By Engineer:* Engineer may, after giving seven days written notice to Owner, suspend services under this Agreement if Owner has failed to pay Engineer for invoiced services and expenses, as set forth in Paragraph 4.02.B, or in response to the presence of Constituents of Concern at the Site, as set forth in Paragraph 6.10.D.

##### B. *Termination:* The obligation to provide further services under this Agreement may be terminated:

- 1. For cause,
  - a. by either party upon 30 days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party.
  - b. by Engineer:

- 1) upon seven days written notice if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional; or
  - 2) upon seven days written notice if the Engineer's services for the Project are delayed or suspended for more than 90 days for reasons beyond Engineer's control, or as the result of the presence at the Site of undisclosed Constituents of Concern, as set forth in Paragraph 6.10.D.
  - 3) Engineer shall have no liability to Owner on account of such termination.
- c. Notwithstanding the foregoing, this Agreement will not terminate under Paragraph 6.06.B.1.a if the party receiving such notice begins, within seven days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein shall extend up to, but in no case more than, 60 days after the date of receipt of the notice.
2. For convenience, by Owner effective upon Engineer's receipt of notice from Owner.
- C. *Effective Date of Termination:* The terminating party under Paragraph 6.06.B may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files.
- D. *Payments Upon Termination:*
1. In the event of any termination under Paragraph 6.06, Engineer will be entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all Reimbursable Expenses incurred through the effective date of termination. Upon making such payment, Owner shall have the limited right to the use of Documents, at Owner's sole risk, subject to the provisions of Paragraph 6.03.
  2. In the event of termination by Owner for convenience or by Engineer for cause, Engineer shall be entitled, in addition to invoicing for those items identified in Paragraph 6.06.D.1, to invoice Owner and receive payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with Engineer's Consultants, and other related close-out costs, using methods and rates for Additional Services as set forth in Exhibit C.

## 6.07 Controlling Law

- A. This Agreement is to be governed by the Laws and Regulations of the State of Mississippi.

#### 6.08 *Successors, Assigns, and Beneficiaries*

- A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 6.08.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.
- B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, money that is due or may become due) in this Agreement without the written consent of the other party, except to the extent that any assignment, subletting, or transfer is mandated by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.
- C. Unless expressly provided otherwise in this Agreement:
  - 1. Nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Constructor, other third-party individual or entity, or to any surety for or employee of any of them.
  - 2. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.
  - 3. Owner agrees that the substance of the provisions of this Paragraph 6.08.C shall appear in the Construction Contract Documents.

#### 6.09 *Dispute Resolution*

- A. Owner and Engineer agree to negotiate all disputes between them in good faith for a period of 30 days from the date of notice prior to ~~invoking the procedures of Exhibit H or other provisions of this Agreement,~~ or exercising their rights at law.
- B. If the parties fail to resolve a dispute through negotiation under Paragraph 6.09.A, ~~then either or both may invoke the procedures of Exhibit H. If Exhibit H is not included, or if no dispute resolution method is specified in Exhibit H,~~ then the parties may exercise their rights at law.

#### 6.10 *Environmental Condition of Site*

- A. Owner represents to Engineer that as of the Effective Date to the best of Owner's knowledge no Constituents of Concern, other than those disclosed in writing to Engineer, exist at or adjacent to the Site.
- B. If Engineer encounters or learns of an undisclosed Constituent of Concern at the Site, then Engineer shall notify (1) Owner and (2) appropriate governmental officials if Engineer reasonably concludes that doing so is required by applicable Laws or Regulations.

- C. It is acknowledged by both parties that Engineer's scope of services does not include any services related to unknown or undisclosed Constituents of Concern. If Engineer or any other party encounters, uncovers, or reveals an undisclosed Constituent of Concern, then Owner shall promptly determine whether to retain a qualified expert to evaluate such condition or take any necessary corrective action.
- D. If investigative or remedial action, or other professional services, are necessary with respect to undisclosed Constituents of Concern, or if investigative or remedial action beyond that reasonably contemplated is needed to address a disclosed or known Constituent of Concern, then Engineer may, at its option and without liability for consequential or any other damages, suspend performance of services on the portion of the Project affected thereby until such portion of the Project is no longer affected.
- E. If the presence at the Site of undisclosed Constituents of Concern adversely affects the performance of Engineer's services under this Agreement, then the Engineer shall have the option of (1) accepting an equitable adjustment in its compensation or in the time of completion, or both; or (2) terminating this Agreement for cause on seven days notice.
- F. Owner acknowledges that Engineer is performing professional services for Owner and that Engineer is not and shall not be required to become an "owner," "arranger," "operator," "generator," or "transporter" of hazardous substances, as defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with Engineer's activities under this Agreement.

#### 6.11 *Indemnification and Mutual Waiver*

- A. *Indemnification by Engineer:* To the fullest extent permitted by Laws and Regulations, Engineer shall indemnify and hold harmless Owner, and Owner's officers, directors, members, partners, agents, consultants, and employees, from losses, damages, and judgments (including reasonable consultants' and attorneys' fees and expenses) arising from third-party claims or actions relating to the Project, provided that any such claim, action, loss, damages, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of Engineer or Engineer's officers, directors, members, partners, agents, employees, or Consultants. ~~This indemnification provision is subject to and limited by the provisions, if any, agreed to by Owner and Engineer in Exhibit I, "Limitations of Liability."~~
- B. *Indemnification by Owner:* To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Consultants from and against any and all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to the Project, provided that any such claim, cost, loss, or damage is attributable to bodily injury, sickness, disease, or death or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, but only to the extent caused by any negligent act or omission of

Owner or Owner's officers, directors, members, partners, agents, employees, consultants, or others retained by or under contract to the Owner with respect to this Agreement or to the Project.

- C. *Environmental Indemnification:* To the fullest extent permitted by Laws and Regulations, Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and Consultants from all claims, costs, losses, damages, actions, and judgments (including reasonable consultants' and attorneys fees and expenses) caused by, arising out of, relating to, or resulting from a Constituent of Concern at, on, or under the Site, provided that (1) any such claim, cost, loss, damages, action, or judgment is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom, and (2) nothing in this paragraph shall obligate Owner to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence or willful misconduct.
- D. *No Defense Obligation:* The indemnification commitments in this Agreement do not include a defense obligation by the indemnitor unless such obligation is expressly stated.
- E. *Percentage Share of Negligence:* To the fullest extent permitted by Laws and Regulations, a party's total liability to the other party and anyone claiming by, through, or under the other party for any cost, loss, or damages caused in part by the negligence of the party and in part by the negligence of the other party or any other negligent entity or individual, shall not exceed the percentage share that the party's negligence bears to the total negligence of Owner, Engineer, and all other negligent entities and individuals.
- F. *Mutual Waiver:* To the fullest extent permitted by Laws and Regulations, Owner and Engineer waive against each other, and the other's employees, officers, directors, members, agents, insurers, partners, and consultants, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to this Agreement or the Project, from any cause or causes.

#### 6.12 *Records Retention*

- A. Engineer shall maintain on file in legible form, for a period of five years following completion or termination of its services, all Documents, records (including cost records), and design calculations related to Engineer's services or pertinent to Engineer's performance under this Agreement. Upon Owner's request, Engineer shall provide a copy of any such item to Owner at cost.

#### 6.13 *Miscellaneous Provisions*

- A. *Notices:* Any notice required under this Agreement will be in writing, addressed to the appropriate party at its address on the signature page and given personally, by registered or certified mail postage prepaid, or by a commercial courier service. All notices shall be effective upon the date of receipt.
- B. *Survival:* All express representations, waivers, indemnifications, and limitations of liability included in this Agreement will survive its completion or termination for any reason.

- C. *Severability*: Any provision or part of the Agreement held to be void or unenforceable under any Laws or Regulations shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Owner and Engineer, which agree that the Agreement shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.
- D. *Waiver*: A party's non-enforcement of any provision shall not constitute a waiver of that provision, nor shall it affect the enforceability of that provision or of the remainder of this Agreement.
- E. *Accrual of Claims*: To the fullest extent permitted by Laws and Regulations, all causes of action arising under this Agreement shall be deemed to have accrued, and all statutory periods of limitation shall commence, no later than the date of Substantial Completion.

## ARTICLE 7 – DEFINITIONS

### 7.01 *Defined Terms*

- A. Wherever used in this Agreement (including the Exhibits hereto) terms (including the singular and plural forms) printed with initial capital letters have the meanings indicated in the text above, in the exhibits, or in the following definitions:
  - 1. *Addenda*—Written or graphic instruments issued prior to the opening of bids which clarify, correct, or change the bidding requirements or the proposed Construction Contract Documents.
  - 2. *Additional Services*—The services to be performed for or furnished to Owner by Engineer in accordance with Part 2 of Exhibit A of this Agreement.
  - 3. *Agreement*—This written contract for professional services between Owner and Engineer, including all exhibits identified in Paragraph 8.01 and any duly executed amendments.
  - 4. *Application for Payment*—The form acceptable to Engineer which is to be used by Contractor during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Construction Contract.
  - 5. *Basic Services*—The services to be performed for or furnished to Owner by Engineer in accordance with Part 1 of Exhibit A of this Agreement.
  - 6. *Change Order*—A document which is signed by Contractor and Owner and authorizes an addition, deletion, or revision in the Work or an adjustment in the Construction Contract Price or the Construction Contract Times, or other revision to the Construction Contract, issued on or after the effective date of the Construction Contract.
  - 7. *Change Proposal*—A written request by Contractor, duly submitted in compliance with the procedural requirements set forth in the Construction Contract, seeking an

adjustment in Construction Contract Price or Construction Contract Times, or both; contesting an initial decision by Engineer concerning the requirements of the Construction Contract Documents or the acceptability of Work under the Construction Contract Documents; challenging a set-off against payments due; or seeking other relief with respect to the terms of the Construction Contract.

8. *Constituent of Concern*—Asbestos, petroleum, radioactive material, polychlorinated biphenyls (PCBs), hazardous waste, and any substance, product, waste, or other material of any nature whatsoever that is or becomes listed, regulated, or addressed pursuant to (a) the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. (“CERCLA”); (b) the Hazardous Materials Transportation Act, 49 U.S.C. §§5501 et seq.; (c) the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. (“RCRA”); (d) the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; (e) the Clean Water Act, 33 U.S.C. §§1251 et seq.; (f) the Clean Air Act, 42 U.S.C. §§7401 et seq.; or (g) any other federal, State, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.
9. *Construction Contract*—The entire and integrated written contract between the Owner and Contractor concerning the Work.
10. *Construction Contract Documents*—Those items designated as “Contract Documents” in the Construction Contract, and which together comprise the Construction Contract.
11. *Construction Contract Price*—The money that Owner has agreed to pay Contractor for completion of the Work in accordance with the Construction Contract Documents.
12. *Construction Contract Times*—The number of days or the dates by which Contractor shall: (a) achieve milestones, if any, in the Construction Contract; (b) achieve Substantial Completion; and (c) complete the Work.
13. *Construction Cost*—The cost to Owner of the construction of those portions of the entire Project designed or specified by or for Engineer under this Agreement, including construction labor, services, materials, equipment, insurance, and bonding costs, and allowances for contingencies. Construction Cost does not include costs of services of Engineer or other design professionals and consultants; cost of land or rights-of-way, or compensation for damages to property; Owner’s costs for legal, accounting, insurance counseling, or auditing services; interest or financing charges incurred in connection with the Project; or the cost of other services to be provided by others to Owner. Construction Cost is one of the items comprising Total Project Costs.
14. *Constructor*—Any person or entity (not including the Engineer, its employees, agents, representatives, and Consultants), performing or supporting construction activities relating to the Project, including but not limited to Contractors, Subcontractors, Suppliers, Owner’s work forces, utility companies, other contractors, construction managers, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.

15. *Consultants*—Individuals or entities having a contract with Engineer to furnish services with respect to this Project as Engineer's independent professional associates and consultants; subcontractors; or vendors.
16. *Contractor*—The entity or individual with which Owner enters into a Construction Contract.
17. *Documents*—Data, reports, Drawings, Specifications, Record Drawings, building information models, civil integrated management models, and other deliverables, whether in printed or electronic format, provided or furnished in appropriate phases by Engineer to Owner pursuant to this Agreement.
18. *Drawings*—That part of the Construction Contract Documents that graphically shows the scope, extent, and character of the Work to be performed by Contractor.
19. *Effective Date*—The date indicated in this Agreement on which it becomes effective, but if no such date is indicated, the date on which this Agreement is signed and delivered by the last of the parties to sign and deliver.
20. *Engineer*—The individual or entity named as such in this Agreement.
21. *Field Order*—A written order issued by Engineer which requires minor changes in the Work but does not change the Construction Contract Price or the Construction Contract Times.
22. *Laws and Regulations; Laws or Regulations*—Any and all applicable laws, statutes, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.
23. *Owner*—The individual or entity named as such in this Agreement and for which Engineer's services are to be performed. Unless indicated otherwise, this is the same individual or entity that will enter into any Construction Contracts concerning the Project.
24. *Project*—The total undertaking to be accomplished for Owner by engineers, contractors, and others, including planning, study, design, construction, testing, commissioning, and start-up, and of which the services to be performed or furnished by Engineer under this Agreement are a part.
25. *Record Drawings*—Drawings depicting the completed Project, or a specific portion of the completed Project, prepared by Engineer as an Additional Service and based on Contractor's record copy of all Drawings, Specifications, Addenda, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications, as delivered to Engineer and annotated by Contractor to show changes made during construction.
26. *Reimbursable Expenses*—The expenses incurred directly by Engineer in connection with the performing or furnishing of Basic Services and Additional Services for the Project.

27. *Resident Project Representative*—The authorized representative of Engineer assigned to assist Engineer at the Site during the Construction Phase. As used herein, the term Resident Project Representative or "RPR" includes any assistants or field staff of Resident Project Representative. The duties and responsibilities of the Resident Project Representative, if any, are as set forth in Exhibit D.
28. *Samples*—Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and that establish the standards by which such portion of the Work will be judged.
29. *Shop Drawings*—All drawings, diagrams, illustrations, schedules, and other data or information that are specifically prepared or assembled by or for Contractor and submitted by Contractor to illustrate some portion of the Work. Shop Drawings, whether approved or not, are not Drawings and are not Construction Contract Documents.
30. *Site*—Lands or areas to be indicated in the Construction Contract Documents as being furnished by Owner upon which the Work is to be performed, including rights-of-way and easements, and such other lands furnished by Owner which are designated for the use of Contractor.
31. *Specifications*—The part of the Construction Contract Documents that consists of written requirements for materials, equipment, systems, standards, and workmanship as applied to the Work, and certain administrative requirements and procedural matters applicable to the Work.
32. *Subcontractor*—An individual or entity having a direct contract with Contractor or with any other Subcontractor for the performance of a part of the Work.
33. *Substantial Completion*—The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of Engineer, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Construction Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.
34. *Supplier*—A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with Contractor or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by Contractor or a Subcontractor.
35. *Total Project Costs*—The total cost of planning, studying, designing, constructing, testing, commissioning, and start-up of the Project, including Construction Cost and all other Project labor, services, materials, equipment, insurance, and bonding costs, allowances for contingencies, and the total costs of services of Engineer or other design professionals and consultants, together with such other Project-related costs that Owner furnishes for inclusion, including but not limited to cost of land, rights-of-way, compensation for damages to properties, Owner's costs for legal, accounting, insurance counseling, and auditing services, interest and financing charges incurred in connection with the Project, and the cost of other services to be provided by others to Owner.

36. *Work*—The entire construction or the various separately identifiable parts thereof required to be provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.
37. *Work Change Directive*—A written directive to Contractor issued on or after the effective date of the Construction Contract, signed by Owner and recommended by Engineer, ordering an addition, deletion, or revision in the Work.

B. *Day*:

1. The word “day” means a calendar day of 24 hours measured from midnight to the next midnight.

## ARTICLE 8 – EXHIBITS AND SPECIAL PROVISIONS

### 8.01 *Exhibits Included:*

- A. Exhibit A, Engineer’s Services.
- B. Exhibit B, Owner’s Responsibilities.
- C. Exhibit C, Payments to Engineer for Services and Reimbursable Expenses.
- D. ~~Exhibit D, Duties, Responsibilities and Limitations of Authority of Resident Project Representative.~~
- E. ~~Exhibit E, Notice of Acceptability of Work.~~
- F. ~~Exhibit F, Construction Cost Limit.~~
- G. Exhibit G, Insurance.
- H. ~~Exhibit H, Dispute Resolution.~~
- I. ~~Exhibit I, Limitations of Liability.~~
- J. ~~Exhibit J, Special Provisions.~~
- K. ~~Exhibit K, Amendment to Owner-Engineer Agreement.~~

### 8.02 *Total Agreement*

- A. This Agreement, (together with the exhibits included above) constitutes the entire agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or

canceled by a written instrument duly executed by both parties. Amendments should be based whenever possible on the format of Exhibit K to this Agreement.

#### 8.03 *Designated Representatives*

- A. With the execution of this Agreement, Engineer and Owner shall designate specific individuals to act as Engineer's and Owner's representatives with respect to the services to be performed or furnished by Engineer and responsibilities of Owner under this Agreement. Such an individual shall have authority to transmit instructions, receive information, and render decisions relative to this Agreement on behalf of the respective party whom the individual represents.

#### 8.04 *Engineer's Certifications*

- A. Engineer certifies that it has not engaged in corrupt, fraudulent, or coercive practices in competing for or in executing the Agreement. For the purposes of this Paragraph 8.04:
  - 1. "corrupt practice" means the offering, giving, receiving, or soliciting of any thing of value likely to influence the action of a public official in the selection process or in the Agreement execution;
  - 2. "fraudulent practice" means an intentional misrepresentation of facts made (a) to influence the selection process or the execution of the Agreement to the detriment of Owner, or (b) to deprive Owner of the benefits of free and open competition;
  - 3. "coercive practice" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in the selection process or affect the execution of the Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement, the Effective Date of which is indicated on page 1.

This is **EXHIBIT A**, consisting of 16 pages, referred to in and part of the **Agreement between Owner and Engineer for Professional Services** dated \_\_\_\_\_.

## **Engineer's Services**

---

Article 1 of the Agreement is supplemented to include the following agreement of the parties.

Engineer shall provide Basic and Additional Services as set forth below.

### **PART 1 – BASIC SERVICES**

#### **A1.01 Study and Report Phase – NOT APPLICABLE**

#### **A1.02 Preliminary Design Phase**

- A. After acceptance by Owner of the Report and any other Study and Report Phase deliverables; selection by Owner of a recommended solution; issuance by Owner of any instructions of for use of Project Strategies, Technologies, and Techniques, or for inclusion of sustainable features in the design; and indication by Owner of any specific modifications or changes in the scope, extent, character, or design requirements of the Project desired by Owner, (1) Engineer and Owner shall discuss and resolve any necessary revisions to Engineer's compensation (through application of the provisions regarding Additional Services, or otherwise), or the time for completion of Engineer's services, resulting from the selected solution, related Project Strategies, Technologies, or Techniques, sustainable design instructions, or specific modifications to the Project, and (2) upon written authorization from Owner, Engineer shall:
1. Prepare Preliminary Design Phase documents consisting of final design criteria, preliminary drawings, outline specifications, and written descriptions of the Project.
  2. In preparing the Preliminary Design Phase documents, use any specific applicable Project Strategies, Technologies, and Techniques authorized by Owner during or following the Study and Report Phase, and include sustainable features, as appropriate, pursuant to Owner's instructions.
  3. Provide necessary field surveys and topographic and utility mapping for Engineer's design purposes. Comply with the scope of work and procedure for the identification and mapping of existing utilities selected and authorized by Owner pursuant to advice from Engineer based on ASCE 38, "Standard Guideline for the Collection and Depiction of Existing Subsurface Utility Data," as set forth in Paragraph A1.01.A.12 above. If no such scope of work and procedure for utility mapping has been selected and authorized, then at a minimum the utility mapping will include Engineer contacting utility owners and obtaining available information.
  4. Visit the Site as needed to prepare the Preliminary Design Phase documents.

5. Advise Owner if additional reports, data, information, or services of the types described in Exhibit B are necessary and assist Owner in obtaining such reports, data, information, or services.
  6. Continue to assist Owner with Project Strategies, Technologies, and Techniques that Owner has chosen to implement.
  7. Based on the information contained in the Preliminary Design Phase documents, prepare a revised opinion of probable Construction Cost, and assist Owner in tabulating the various cost categories which comprise Total Project Costs.
  8. Obtain and review Owner's instructions regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Also obtain and review copies of Owner's design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents or content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and in the draft Construction Contract Documents, when applicable.
  9. Perform or provide the following other Preliminary Design Phase tasks or deliverables:  
***None***
  10. Furnish up to two (2) hard copies and one (1) electronic copy of the Preliminary Design Phase documents, opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables to Owner within 45 days of authorization to proceed with this phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items.
- B. Engineer's services under the Preliminary Design Phase will be considered complete on the date when Engineer has delivered to Owner the revised Preliminary Design Phase documents, revised opinion of probable Construction Cost, and any other Preliminary Design Phase deliverables.

#### A1.03 *Final Design Phase*

- A. After acceptance by Owner of the Preliminary Design Phase documents, revised opinion of probable Construction Cost as determined in the Preliminary Design Phase, and any other Preliminary Design Phase deliverables, subject to any Owner-directed modifications or changes in the scope, extent, character, or design requirements of or for the Project, and upon written authorization from Owner, Engineer shall:
1. Prepare final Drawings and Specifications indicating the scope, extent, and character of the Work to be performed and furnished by Contractor.

2. Visit the Site as needed to assist in preparing the final Drawings and Specifications.
3. Provide technical criteria, written descriptions, and design data for Owner's use in filing applications for permits from or approvals of governmental authorities having jurisdiction to review or approve the final design; assist Owner in consultations with such authorities; and revise the Drawings and Specifications in response to directives from such authorities, as appropriate.
4. Advise Owner of any recommended adjustments to the opinion of probable Construction Cost.
5. After consultation with Owner, include in the Construction Contract Documents any specific protocols for the transmittal of Project-related correspondence, documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website. Any such protocols shall be applicable to transmittals between and among Owner, Engineer, and Contractor during the Construction Phase and Post-Construction Phase, and unless agreed otherwise shall supersede any conflicting protocols previously established for transmittals between Owner and Engineer.
6. Assist Owner in assembling known reports and drawings of Site conditions, and in identifying the technical data contained in such reports and drawings upon which bidders or other prospective contractors may rely.
7. In addition to preparing the final Drawings and Specifications, assemble drafts of other Construction Contract Documents based on specific instructions and contract forms, text, or content received from Owner.
8. Prepare or assemble draft bidding-related documents (or requests for proposals or other construction procurement documents), based on the specific bidding or procurement-related instructions and forms, text, or content received from Owner.
9. Perform or provide the following other Final Design Phase tasks or deliverables:  
**None**
10. Furnish for review by Owner, its legal counsel, and other advisors, up to two (2) hard copies and one (1) electronic copy of the final Drawings and Specifications, assembled drafts of other Construction Contract Documents, the draft bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables, within 60 days of authorization to proceed with the Final Design Phase, and review them with Owner. Within 14 days of receipt, Owner shall submit to Engineer any comments regarding the furnished items, and any instructions for revisions.
11. FINAL CONTRACT PLANS (PS & E ASSEMBLY) The final contract plans shall include all items required in the preliminary design plans and all other information such as, but not limited to, detailed index, general notes, summary of quantities, estimated quantities, OFFICE REVIEW PLANS, special design sheets, erosion control sheets, and a detailed construction estimate.

The Engineer shall prepare all special provisions pertinent to the intent of the plans unless MDOT has on hand suitable special provisions that may be used.

The Engineer shall submit three (3) sets of ½ size prints with standards included and two (2) sets of ½ scale prints without standards along with four (4) sets of contract documents for MDOT review. The marked OFFICE REVIEW PLANS must be returned with the PS&E ASSEMBLY.

- B. Engineer's services under the Final Design Phase will be considered complete on the date when Engineer has delivered to Owner the final Drawings and Specifications, other assembled Construction Contract Documents, bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables.
- C. In the event that the Work designed or specified by Engineer is to be performed or furnished under more than one prime contract, or if Engineer's services are to be separately sequenced with the work of one or more prime Contractors (such as in the case of fast-tracking), Owner and Engineer shall, prior to commencement of the Final Design Phase, develop a schedule for performance of Engineer's services during the Final Design, Bidding or Negotiating, Construction, and Post-Construction Phases in order to sequence and coordinate properly such services as are applicable to the work under such separate prime contracts. This schedule is to be prepared and included in or become an amendment to Exhibit A whether or not the work under such contracts is to proceed concurrently.
- D. The number of prime contracts for Work designed or specified by Engineer upon which the Engineer's compensation has been established under this Agreement is one (1). If more prime contracts are awarded, Engineer shall be entitled to an equitable increase in its compensation under this Agreement.

#### A1.04 *Bidding or Negotiating Phase*

- A. After acceptance by Owner of the final Drawings and Specifications, other Construction Contract Documents, bidding-related documents (or requests for proposals or other construction procurement documents), and the most recent opinion of probable Construction Cost as determined in the Final Design Phase, and upon written authorization by Owner to proceed, Engineer shall:
  - 1. Assist Owner in advertising for and obtaining bids or proposals for the Work, assist Owner in issuing assembled design, contract, and bidding-related documents (or requests for proposals or other construction procurement documents) to prospective contractors, and, where applicable, maintain a record of prospective contractors to which documents have been issued, attend pre-bid conferences, if any, and receive and process contractor deposits or charges for the issued documents.
  - 2. Prepare and issue Addenda as appropriate to clarify, correct, or change the issued documents.
  - 3. Provide information or assistance needed by Owner in the course of any review of proposals or negotiations with prospective contractors.

4. Consult with Owner as to the qualifications of prospective contractors.
  5. Consult with Owner as to the qualifications of subcontractors, suppliers, and other individuals and entities proposed by prospective contractors, for those portions of the Work as to which review of qualifications is required by the issued documents.
  6. If the issued documents require, the Engineer shall evaluate and determine the acceptability of "or equals" and substitute materials and equipment proposed by prospective contractors, provided that such proposals are allowed by the bidding-related documents (or requests for proposals or other construction procurement documents) prior to award of contracts for the Work. Services under this paragraph are subject to the provisions of Paragraph A2.02.A.2 of this Exhibit A.
  7. Attend the bid opening, prepare bid tabulation sheets to meet Owner's schedule, and assist Owner in evaluating bids or proposals, assembling final contracts for the Work for execution by Owner and Contractor, and in issuing notices of award of such contracts.
  8. If Owner engages in negotiations with bidders or proposers, assist Owner with respect to technical and engineering issues that arise during the negotiations.
  9. Perform or provide the following other Bidding or Negotiating Phase tasks or deliverables: **None**
- B. The Bidding or Negotiating Phase will be considered complete upon commencement of the Construction Phase or upon cessation of negotiations with prospective contractors.
- A1.05 **Construction Phase** – will only be provided upon written authorization of Owner. Not part of Basic Services under this agreement. We understand that a CE&I contract in accordance with MDOT procedures will be secured for this work.
- A1.06 **Post-Construction Phase** - will only be provided upon written authorization of Owner. Not part of Basic Services under this agreement. We understand that a CE&I contract in accordance with MDOT procedures will be secured for this work.

## **PART 2 – ADDITIONAL SERVICES**

### **A2.01 Additional Services Requiring Owner's Written Authorization**

- A. If authorized in writing by Owner, Engineer shall provide Additional Services of the types listed below. These services are not included as part of Basic Services and will be paid for by Owner as indicated in Exhibit C.
1. Preparation of applications and supporting documents (in addition to those furnished under Basic Services) for private or governmental grants, loans, or advances in connection with the Project; preparation or review of environmental assessments and impact statements; review and evaluation of the effects on the design requirements for the Project of any such statements and documents prepared by others; and assistance in obtaining approvals (permitting) of authorities having jurisdiction over the anticipated environmental impact of the Project.

2. Services to make measured drawings of existing conditions or facilities, to conduct tests or investigations of existing conditions or facilities, or to verify the accuracy of drawings or other information furnished by Owner or others.
3. Services resulting from significant changes in the scope, extent, or character of the portions of the Project designed or specified by Engineer, or the Project's design requirements, including, but not limited to, changes in size, complexity, Owner's schedule, character of construction, or method of financing; and revising previously accepted studies, reports, Drawings, Specifications, or Construction Contract Documents when such revisions are required by changes in Laws and Regulations enacted subsequent to the Effective Date or are due to any other causes beyond Engineer's control.
4. Services resulting from Owner's request to evaluate additional Study and Report Phase alternative solutions beyond those agreed to in Paragraph A1.01.A.1 and 2.
5. Services required as a result of Owner's providing incomplete or incorrect Project information to Engineer.
6. Providing renderings or models for Owner's use, including services in support of building information modeling or civil integrated management.
7. Undertaking investigations and studies including, but not limited to:
  - a. detailed consideration of operations, maintenance, and overhead expenses;
  - b. the preparation of feasibility studies (such as those that include projections of output capacity, utility project rates, project market demand, or project revenues) and cash flow analyses, provided that such services are based on the engineering and technical aspects of the Project, and do not include rendering advice regarding municipal financial products or the issuance of municipal securities;
  - c. preparation of appraisals;
  - d. evaluating processes available for licensing, and assisting Owner in obtaining process licensing;
  - e. detailed quantity surveys of materials, equipment, and labor; and
  - f. audits or inventories required in connection with construction performed or furnished by Owner.
8. Furnishing services of Consultants for other than Basic Services.
9. Providing data or services of the types described in Exhibit B, when Owner retains Engineer to provide such data or services instead of Owner furnishing the same.
10. Providing the following services:
  - a. Services attributable to more prime construction contracts than specified in Paragraph A1.03.D.
  - b. Services to arrange for performance of construction services for Owner by contractors other than the principal prime Contractor, and administering Owner's contract for such services.

11. Services during out-of-town travel required of Engineer, other than for visits to the Site or Owner's office as required in Basic Services (Part 1 of Exhibit A).
12. Preparing for, coordinating with, participating in and responding to structured independent review processes, including, but not limited to, construction management, cost estimating, project peer review, value engineering, and constructibility review requested by Owner; and performing or furnishing services required to revise studies, reports, Drawings, Specifications, or other documents as a result of such review processes.
13. Preparing additional bidding-related documents (or requests for proposals or other construction procurement documents) or Construction Contract Documents for alternate bids or cost estimates requested by Owner for the Work or a portion thereof.
14. Assistance in connection with bid protests, rebidding, or renegotiating contracts for construction, materials, equipment, or services, except when such assistance is required to complete services required by Paragraph 5.02.A and Exhibit F.
15. Preparing conformed Construction Contract Documents that incorporate and integrate the content of all Addenda and any amendments negotiated by Owner and Contractor.
16. Providing Construction Phase services beyond the original date for completion and readiness for final payment of Contractor, but only if such services increase the total quantity of services to be performed in the Construction Phase, rather than merely shifting performance of such services to a later date.
17. Preparing Record Drawings, and furnishing such Record Drawings to Owner.
18. Supplementing Record Drawings with information regarding the completed Project, Site, and immediately adjacent areas obtained from field observations, Owner, utility companies, and other reliable sources.
19. Conducting surveys, investigations, and field measurements to verify the accuracy of Record Drawing content obtained from Contractor, Owner, utility companies, and other sources; revise and supplement Record Drawings as needed.
20. Preparation of operation, maintenance, and staffing manuals.
21. Protracted or extensive assistance in refining and adjusting of Project equipment and systems (such as initial startup, testing, and balancing).
22. Assistance to Owner in training Owner's staff to operate and maintain Project equipment and systems.
23. Assistance to Owner in developing systems and procedures for (a) control of the operation and maintenance of Project equipment and systems, and (b) related recordkeeping.

24. Preparing to serve or serving as a consultant or witness for Owner in any litigation, arbitration, lien or bond claim, or other legal or administrative proceeding involving the Project.
25. Overtime work requiring higher than regular rates.
26. Providing construction surveys and staking to enable Contractor to perform its work other than as required under Paragraph A1.05.A.8; any type of property surveys or related engineering services needed for the transfer of interests in real property; and providing other special field surveys.
27. Providing more extensive services required to enable Engineer to issue notices or certifications requested by Owner.
28. Extensive services required during any correction period, or with respect to monitoring Contractor's compliance with warranties and guarantees called for in the Construction Contract (except as agreed to under Basic Services).
29. Other additional services performed or furnished by Engineer not otherwise provided for in this Agreement.

**A2.02    *Additional Services Not Requiring Owner's Written Authorization***

- A. Engineer shall advise Owner that Engineer is commencing to perform or furnish the Additional Services of the types listed below. For such Additional Services, Engineer need not request or obtain specific advance written authorization from Owner. Engineer shall cease performing or furnishing such Additional Services upon receipt of written notice to cease from Owner.
  1. Services in connection with Work Change Directives and duly approved Change Orders to reflect changes requested by Owner.
  2. Services in making revisions to Drawings and Specifications occasioned by the acceptance of substitute materials or equipment other than "or equal" items; services after the award of the Construction Contract in evaluating and determining the acceptability of a proposed "or equal" or substitution which is found to be inappropriate for the Project; evaluation and determination of an excessive number of proposed "or equals" or substitutions, whether proposed before or after award of the Construction Contract.
  3. Services resulting from significant delays, changes, or price increases occurring as a direct or indirect result of materials, equipment, or energy shortages.
  4. Additional or extended services arising from (a) the presence at the Site of any Constituent of Concern or items of historical or cultural significance, (b) emergencies or acts of God endangering the Work, (c) damage to the Work by fire or other causes during construction, (d) a significant amount of defective, neglected, or delayed Work, (e) acceleration of the progress schedule involving services beyond normal working hours, or (f) default by Contractor.

5. Services (other than Basic Services during the Post-Construction Phase) in connection with any partial utilization of the Work by Owner prior to Substantial Completion.
6. Evaluating unreasonable or frivolous requests for interpretation or information (RFIs), Change Proposals, or other demands from Contractor or others in connection with the Work, or an excessive number of RFIs, Change Proposals, or demands.
7. Reviewing a Shop Drawing or other Contractor submittal more than three times, as a result of repeated inadequate submissions by Contractor.
8. While at the Site, compliance by Engineer and its staff with those terms of Owner's or Contractor's safety program provided to Engineer subsequent to the Effective Date that exceed those normally required of engineering personnel by federal, State, or local safety authorities for similar construction sites.
9. The Engineer anticipates the use of the following sub-consultant:

- a. **Eley Guild Hardy Architects, P.A. – Architectural Services**

**Architect Scope:** Design of the pavilion including structural and electrical design for the pavilion; coordination and providing Civil Engineer with size and location of water / sewer connections for pavilion and trailer; electrical design for pier power/lighting system; and assist Civil Engineer in the Bidding Phase of the Project.

**Eley Guild Hardy Architects P.A. may have their own subconsultants.**

This is **EXHIBIT B**, consisting of 3 pages, referred to in and part of the **Agreement between Owner and Engineer for Professional Services** dated \_\_\_\_\_.

## **Owner's Responsibilities**

---

Article 2 of the Agreement is supplemented to include the following agreement of the parties.

B2.01 In addition to other responsibilities of Owner as set forth in this Agreement, Owner shall at its expense:

- A. Provide Engineer with all criteria and full information as to Owner's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility, and expandability, and any budgetary limitations.
- B. Give instructions to Engineer regarding Owner's procurement of construction services (including instructions regarding advertisements for bids, instructions to bidders, and requests for proposals, as applicable), Owner's construction contract practices and requirements, insurance and bonding requirements, electronic transmittals during construction, and other information necessary for the finalization of Owner's bidding-related documents (or requests for proposals or other construction procurement documents), and Construction Contract Documents. Furnish copies (or give specific directions requesting Engineer to use copies already in Engineer's possession) of all design and construction standards, Owner's standard forms, general conditions (if other than EJCDC® C-700, Standard General Conditions of the Construction Contract, 2013 Edition), supplementary conditions, text, and related documents and content for Engineer to include in the draft bidding-related documents (or requests for proposals or other construction procurement documents), and draft Construction Contract Documents, when applicable. Owner shall have responsibility for the final content of (1) such bidding-related documents (or requests for proposals or other construction procurement documents), and (2) those portions of any Construction Contract other than the design (as set forth in the Drawings, Specifications, or otherwise), and other engineering or technical matters; and Owner shall seek the advice of Owner's legal counsel, risk managers, and insurance advisors with respect to the drafting and content of such documents.
- C. Furnish to Engineer any other available information pertinent to the Project including reports and data relative to previous designs, construction, or investigation at or adjacent to the Site.
- D. Following Engineer's assessment of initially-available Project information and data and upon Engineer's request, obtain, furnish, or otherwise make available (if necessary through title searches, or retention of specialists or consultants) such additional Project-related information and data as is reasonably required to enable Engineer to complete its Basic and Additional Services. Such additional information or data would generally include the following:
  - 1. Property descriptions.
  - 2. Zoning, deed, and other land use restrictions.

3. Utility and topographic mapping and surveys.
  4. Property, boundary, easement, right-of-way, and other special surveys or data, including establishing relevant reference points.
  5. Explorations and tests of subsurface conditions at or adjacent to the Site; geotechnical reports and investigations; drawings of physical conditions relating to existing surface or subsurface structures at the Site; hydrographic surveys, laboratory tests and inspections of samples, materials, and equipment; with appropriate professional interpretation of such information or data.
  6. Environmental assessments, audits, investigations, and impact statements, and other relevant environmental, historical, or cultural studies relevant to the Project, the Site, and adjacent areas.
  7. Data or consultations as required for the Project but not otherwise identified in this Agreement.
- E. Arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under the Agreement.
- F. Recognizing and acknowledging that Engineer's services and expertise do not include the following services, provide, as required for the Project:
1. Accounting, bond and financial advisory (including, if applicable, "municipal advisor" services as described in Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) and the municipal advisor registration rules issued by the Securities and Exchange Commission), independent cost estimating, and insurance counseling services.
  2. Legal services with regard to issues pertaining to the Project as Owner requires, Contractor raises, or Engineer reasonably requests.
  3. Such auditing services as Owner requires to ascertain how or for what purpose Contractor has used the money paid.
- G. Provide the services of an independent testing laboratory to perform all inspections, tests, and approvals of samples, materials, and equipment required by the Construction Contract Documents (other than those required to be furnished or arranged by Contractor), or to evaluate the performance of materials, equipment, and facilities of Owner, prior to their incorporation into the Work with appropriate professional interpretation thereof. Provide Engineer with the findings and reports generated by testing laboratories, including findings and reports obtained from or through Contractor.
- H. Provide reviews, approvals, and permits from all governmental authorities having jurisdiction to approve all phases of the Project designed or specified by Engineer and such reviews, approvals, and consents from others as may be necessary for completion of each phase of the Project.

- I. Advise Engineer of the identity and scope of services of any independent consultants employed by Owner to perform or furnish services in regard to the Project, including, but not limited to, cost estimating, project peer review, value engineering, and constructibility review.
- J. If Owner designates a construction manager or an individual or entity other than, or in addition to, Engineer to represent Owner at the Site, define and set forth as an attachment to this Exhibit B the duties, responsibilities, and limitations of authority of such other party and the relation thereof to the duties, responsibilities, and authority of Engineer.
- K. If more than one prime contract is to be awarded for the Work designed or specified by Engineer, then designate a person or entity to have authority and responsibility for coordinating the activities among the various prime Contractors, and define and set forth the duties, responsibilities, and limitations of authority of such individual or entity and the relation thereof to the duties, responsibilities, and authority of Engineer as an attachment to this Exhibit B that is to be mutually agreed upon and made a part of this Agreement before such services begin.
- L. Inform Engineer in writing of any specific requirements of safety or security programs that are applicable to Engineer, as a visitor to the Site.
- M. Examine all alternative solutions, studies, reports, sketches, Drawings, Specifications, proposals, and other documents presented by Engineer (including obtaining advice of an attorney, risk manager, insurance counselor, financial/municipal advisor, and other advisors or consultants as Owner deems appropriate with respect to such examination) and render in writing timely decisions pertaining thereto.
- N. Inform Engineer regarding any need for assistance in evaluating the possible use of Project Strategies, Technologies, and Techniques, as defined in Exhibit A.
- O. Advise Engineer as to whether Engineer's assistance is requested in identifying opportunities for enhancing the sustainability of the Project.
- P. Place and pay for advertisement for Bids in appropriate publications.
- Q. Furnish to Engineer data as to Owner's anticipated costs for services to be provided by others (including, but not limited to, accounting, bond and financial, independent cost estimating, insurance counseling, and legal advice) for Owner so that Engineer may assist Owner in collating the various cost categories which comprise Total Project Costs.
- R. Attend and participate in the pre-bid conference, bid opening, pre-construction conferences, construction progress and other job related meetings, and Site visits to determine Substantial Completion and readiness of the completed Work for final payment.
- S. Authorize Engineer to provide Additional Services as set forth in Part 2 of Exhibit A of the Agreement, as required.
- T. Perform or provide the following: **None**

This is **EXHIBIT C**, consisting of 1 pages, referred to in and part of the Agreement between Owner and Engineer for Professional Services dated \_\_\_\_\_.

**Payments to Engineer for Services and Reimbursable Expenses**  
**COMPENSATION PACKET BC-1: Basic Services – Lump Sum**

---

Article 2 of the Agreement is supplemented to include the following agreement of the parties:

**ARTICLE 2 – OWNER’S RESPONSIBILITIES**

**C2.01 Compensation for Basic Services – Lump Sum Method of Payment**

A. Owner shall pay Engineer for Basic Services set forth in Exhibit A, as follows:

1. A Lump Sum amount of **\$64,425.00** based on the following estimated distribution of compensation:

|                                  |              |
|----------------------------------|--------------|
| a. Preliminary Design Phase      | \$ 14,499.00 |
| b. Final Design Phase            |              |
| Design                           | \$ 24,855.00 |
| PS&E Assembly                    | \$ 21,000.00 |
| c. Bidding and Negotiating Phase | \$ 4,071.00  |

**TOTAL BASIC SERVICES LUMP SUM    \$64,425.00**

2. Engineer may alter the distribution of compensation between individual phases noted herein to be consistent with services actually rendered, but shall not exceed the total Lump Sum amount unless approved in writing by the Owner.
  3. The Lump Sum includes compensation for Engineer’s services and services of Engineer’s Consultants, if any. Appropriate amounts have been incorporated in the Lump Sum to account for labor costs, overhead, profit, expenses, and Consultant charges.
  4. The portion of the Lump Sum amount billed for Engineer’s services will be based upon Engineer’s estimate of the percentage of the total services actually completed during the billing period.
- B. *Period of Service:* The compensation amount stipulated in Compensation Packet BC-1 is conditioned on a period of service not exceeding twelve (12) months. If such period of service is extended, the compensation amount for Engineer's services shall be appropriately adjusted.

**PACKET AS-1:**

**Additional Services – Standard Hourly Rates**

---

Article 2 of the Agreement is supplemented to include the following agreement of the parties:

**C2.05 Compensation for Additional Services – Standard Hourly Rates Method of Payment**

A. Owner shall pay Engineer for Additional Services, if any, as follows:

1. *Permitting Assistance & Monitoring for Department of Marine Resources Coastal Zone Consistency; U.S. Army Corps of Engineers 404/10 Permit, and MDEQ Water Quality Certification:* For services of Engineer's personnel engaged directly on the Project pursuant to Paragraph A2.01 or A2.02 of Exhibit A, except for services as a consultant or witness under Paragraph A2.01.A.20, (which if needed shall be separately negotiated based on the nature of the required consultation or testimony) an amount equal to the cumulative hours charged to the Project by each class of Engineer's personnel times Standard Hourly Rates for each applicable billing class for all Additional Services performed on the Project, plus related Reimbursable Expenses and Engineer's Consultant's charges, if any. The total compensation under this paragraph is estimated to be **\$6,500.00.**

B. *Compensation For Reimbursable Expenses:*

1. For those Reimbursable Expenses that are not accounted for in the compensation for Basic Services under Paragraph C2.01 and are directly related to the provision of Additional Services, Owner shall pay Engineer at the rates set forth in Appendix 1 to this Exhibit C.
2. Reimbursable Expenses include the expenses identified in Appendix 1 and the following categories: transportation (including mileage), lodging, and subsistence incidental thereto; providing and maintaining field office facilities including furnishings and utilities; toll telephone calls, mobile phone charges, and courier charges. The total compensation under this paragraph is estimated to be **\$2,000.00.**
3. The amounts payable to Engineer for Reimbursable Expenses, if any, will be the Additional Services-related internal expenses actually incurred or allocated by Engineer, plus all invoiced external Reimbursable Expenses allocable to such Additional Services, the latter multiplied by a factor of 1.1.

C. *Other Provisions Concerning Payment for Additional Services:*

1. Whenever Engineer is entitled to compensation for the charges of Engineer's Consultants, those charges shall be the amounts billed by Engineer's Consultants to Engineer times a factor of 1.1.
2. To the extent necessary to verify Engineer's charges and upon Owner's timely request, Engineer shall make copies of such records available to Owner at cost.

This is **Appendix 1 to EXHIBIT C**, consisting of 1 page, referred to in and part of the **Agreement between Owner and Engineer for Professional Services** dated \_\_\_\_\_.

### **Reimbursable Expenses Schedule**

---

Reimbursable Expenses are subject to review and adjustment per Exhibit C. Rates and charges for Reimbursable Expenses as of the date of the Agreement are:

|                             |                |
|-----------------------------|----------------|
| 8"x11" Copies/Impressions   | \$ .20/page    |
| Copies of Drawings          | \$.33 /sq. ft. |
| Mileage (auto)              | \$ .565/mile   |
| Air Transportation          | at cost        |
| Field Supplies              | at cost        |
| UPS/Federal Express/Postage | at cost        |
| Meals and Lodging           | at cost        |
|                             |                |
|                             |                |

This is **Appendix 2 to EXHIBIT C**, consisting of 2 pages, referred to in and part of the **Agreement between Owner and Engineer for Professional Services** dated \_\_\_\_\_.

## **Standard Hourly Rates Schedule**

---

**A. Standard Hourly Rates:**

1. Standard Hourly Rates are set forth in this Appendix 2 to this Exhibit C and include salaries and wages paid to personnel in each billing class plus the cost of customary and statutory benefits, general and administrative overhead, non-project operating costs, and operating margin or profit.
2. The Standard Hourly Rates apply only as specified in Article C2.

**B. Schedule:**

Hourly rates for services performed on or after the date of the Agreement are:

CITY OF GULFPORT  
2014 ENGINEERING MASTER SERVICES AGREEMENT  
ENGINEERING FEES  
STANDARD HOURLY RATES SCHEDULE

---

| <u>Position</u>                                                  | <u>Billing Rate</u> |
|------------------------------------------------------------------|---------------------|
| Principal Engineer                                               | \$135.00            |
| Senior Professional Engineer (held P.E. License minimum 5 Years) | \$115.00            |
| Professional Engineer (Licensed P.E.)                            | \$ 97.00            |
| Senior Project Manager                                           | \$105.00            |
| Project Engineer                                                 | \$ 75.00            |
| Professional Land Surveyor / Environmental Scientist             | \$ 80.00            |
| Survey Crew Chief                                                | \$ 47.00            |
| Instrument Person                                                | \$ 35.00            |
| Senior CAD Technician (minimum 15 Years Experience)              | \$ 80.00            |
| CAD Technician                                                   | \$ 50.00            |
| Clerical                                                         | \$ 43.00            |
| Resident Project Representative                                  | \$ 70.00            |
| Engineering/Specification Technician                             | \$ 50.00            |

This is **EXHIBIT G**, consisting of 2 pages, referred to in and part of the **Agreement between Owner and Engineer for Professional Services** dated \_\_\_\_\_.

## **Insurance**

---

Paragraph 6.05 of the Agreement is supplemented to include the following agreement of the parties:

### **G6.05 Insurance**

C. The limits of liability for the insurance required by Paragraph 6.05.A and 6.05.B of the Agreement are as follows:

1. By Engineer:

- |                                                                                   |                |
|-----------------------------------------------------------------------------------|----------------|
| a. Workers' Compensation:                                                         | \$1,000,000    |
| b. Employer's Liability --                                                        |                |
| 1) Bodily injury, each accident:                                                  | \$1,000,000    |
| 2) Bodily injury by disease, each employee:                                       | \$1,000,000    |
| 3) Bodily injury/disease, aggregate:                                              | \$1,000,000    |
| c. General Liability --                                                           |                |
| 1) Each Occurrence (Bodily Injury and Property Damage):                           | \$1,000,000    |
| 2) General Aggregate:                                                             | \$2,000,000    |
| d. Excess or Umbrella Liability --                                                |                |
| 1) Per Occurrence:                                                                | \$1,000,000    |
| 2) General Aggregate:                                                             | \$1,000,000    |
| Automobile Liability --Combined Single Limit (Bodily Injury and Property Damage): | \$1,000,000    |
| e. Professional Liability --                                                      |                |
| 1) Each Claim Made                                                                | \$1,000,000    |
| 2) Annual Aggregate                                                               | \$1,000,000    |
| f. Other (specify):                                                               | Not Applicable |

2. By Owner:

Workers' Compensation: \$1,000,000

Employer's Liability --

Bodily injury, each accident: \$1,000,000

Bodily injury by disease, each employee: \$1,000,000

Bodily injury/disease, aggregate: \$1,000,000

General Liability --

Each Occurrence (Bodily Injury  
and Property Damage): \$1,000,000

General Aggregate: \$2,000,000

Excess or Umbrella Liability --

Per Occurrence: \$1,000,000

General Aggregate: \$1,000,000

Automobile Liability --Combined Single  
Limit (Bodily Injury and Property Damage): \$1,000,000

Professional Liability --

Each Claim Made \$1,000,000

Annual Aggregate \$1,000,000

Other (specify): Not Applicable

3. During the term of this Agreement the Engineer shall notify Owner of any other Consultant to be listed as an additional insured on Owner's general liability policies of insurance.

4. The Owner shall be listed on Engineer's general liability policy as provided in Paragraph 6.05.A:

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Kris Riemann, Director  
Engineering

**Date:** 08/16/2016

**Subject:** Resolution - regarding Engineering Services Agreement with Brown, Mitchell and Alexander, Inc. for Airport Road Extension to Washington Avenue Project.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
TO APPROVE ENGINEERING SERVICES CONTRACT WITH BROWN, MITCHELL,  
AND ALEXANDER, INC., FOR ENGINEERING SERVICES RELATED TO THE  
AIRPORT ROAD EXTENSION TO WASHINGTON AVENUE PROJECT; TO  
AUTHORIZE THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY  
OF GULFPORT; AND FOR RELATED PURPOSES**

**WHEREAS**, the City of Gulfport intends to undertake a project to four lane Airport Road and to install a roundabout at Washington Avenue at an estimated cost of \$1,000,000.00 (City's 20% share will be \$200,000.00); and

**WHEREAS**, three firms were considered to provide the engineering services required for the design of this project per Small Purchase regulations and Brown, Mitchell and Alexander, Inc., was selected as the project engineer as more fully set forth in the memorandum attached hereto as part of collective Exhibit "A"; and

**WHEREAS**, a proposed Preliminary Engineering Services Contract with Brown, Mitchell, and Alexander, Inc., is attached hereto as a part of Exhibit "A" for consideration by the City Council; and

**WHEREAS**, a proposed Small Purchase letter is attached hereto as a part of Exhibit "A" for consideration by the City council.

**WHEREAS**, it is found that entry into the Contract attached hereto as a part of Exhibit "A" and submission of the Small Purchase Letter attached hereto as a part of Exhibit "A" is in the best interest of the City of Gulfport.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:**

**SECTION 1.** That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**SECTION 2.** That the proposed Preliminary Engineering Services Contract with Brown, Mitchell, and Alexander, Inc., be and the same is hereby approved (contingent upon the approval of the Mississippi Department of Transportation) in substantially the form attached and the Mayor be and he is hereby authorized to execute the same on behalf of the City of Gulfport.

**SECTION 3.** That the Small Purchase letter included as a part of Exhibit "A" hereto be and the same is hereby approved and the Mayor be and he is hereby authorized to execute the same and submit it to the Mississippi Department of Transportation.

**SECTION 4.** That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**AYES**

**NAYS**

**ABSENT**

**WHEREUPON,** the President declared the motion carried and the Resolution adopted, this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**(SEAL)**

**ATTEST:**

**ADOPTED:**

\_\_\_\_\_  
**CLERK OF THE COUNCIL**

\_\_\_\_\_  
**PRESIDENT**

The above and foregoing Resolution submitted to and approved by the Mayor, this the  
\_\_\_\_\_ day of \_\_\_\_\_, 2016.

**MAYOR**

# Memorandum – City of Gulfport

**To:** Connie Debenport, Purchasing  
**CC:** Mayor Billy Hewes  
Dr. John Kelly, CAO  
Linda Elias, Finance  
Wayne Miller, P.E., Public Works  
**From:** Kris Riemann, P.E. *RKR*  
**Date:** 8/15/16  
**Re:** **Recommendation to Approve Engineering Services Agreement**  
- **Airport Road Extension to Washington Avenue**  
- **STP-9156-00(001) LPA/107222-701000**

---

Attached for your consideration is the Contract Agreement for Engineering Services with Brown, Mitchell, and Alexander, Inc. for the referenced project. The cost of these services shall not exceed \$149,979.47. The scope of the services includes, but is not limited to, project administration in accordance with the LPA manual, all necessary investigations and design of the Airport Road Extension to Washington Avenue. The consultant shall provide preliminary engineering services for improvements to Airport Road and Washington Avenue, including a roundabout.

As allowed by the Mississippi Department of Transportation, I am recommending utilizing a Small Purchase, as defined by CFR 172.5(a)(2), which bypasses the standard competitive selection procedure for projects where the total professional services involving federal funds are valued under the Federal simplified acquisition threshold for A&E Services. Professional Services for Preliminary Design Phase cannot exceed \$150,000 to use the Small Purchase process. The Local Public Authority (Gulfport) shall submit to MDOT a Small Purchase Letter per LPA SOP2. The Purchasing Agent and I considered three firms (Neel-Schaffer, Inc., A. Garner Russell & Associates, and Brown, Mitchell, and Alexander, Inc.) which are on the City's Master Services Agreements. Attached is the letter to be executed by the Mayor on behalf of the City of Gulfport.

The project shall be designed to 4-lane Airport Road and to install a roundabout at Washington Avenue. The total estimated cost of the project is \$1,000,000. The City's share will be 20% or \$200,000. The City has **budgeted \$150,000** toward the engineering design.

I recommend approval, contingent on the approval of the Mississippi Department of Transportation. Please place this item on the September 6, 2016 Council Agenda.

Scot Ehrgott, P.E.  
Consultant Services Director  
Mississippi Department of Transportation  
P.O. Box 1850  
Jackson, Mississippi 39215

**RE: CONSULTANT SELECTION**  
**Airport Road Extension to Washington Avenue**  
**-STP-9156-00(001) LPA/107222-701000**

Dear Mr. Ehrgott,

With this letter the City of Gulfport (LPA) is requesting to use the Small Purchase Procedures as outlined in the Local Public Agency Consultant Operating Procedures for Professional Services, Section 2.2.1 Small Purchase Procedures.

*"Small Purchase Procedures – Procuring professional services for contracts and total costs below the Federal simplified acquisition threshold for those services applicable to architectural, engineering and design related services (A&E Services). This process bypasses a competitive advertisement; however, the LPA shall consider three (3) qualified firms."*

The LPA has considered (3) three qualified firms Neel-Schaffer, Inc., A. Garner Russell & Associates, and Brown, Mitchell, and Alexander, Inc. By our internal selection process, we have selected Brown, Mitchell, and Alexander, Inc. to assist us with this Project as our Professional Consultant on all phases of the Project. The total costs for all professional services associated with all phases of the Project utilizing federal funds for the Consultant selected are estimated to be less than the Federal Simplified Acquisition Threshold.

Thank you for your time and consideration. Please call Kris Riemann, P.E., City Engineer, at (228) 868-5740 if you have any questions, concerns or comments.

Sincerely,

---

Billy Hewes, Mayor

cc: Jeff Altman, P.E.  
David Seyfarth, P.E.

## **PRELIMINARY ENGINEERING SERVICES CONTRACT**

***City of Gulfport Airport Road Extension & Roundabout Project***  
**STP-9156-00(001) LPA/107222-701000**  
***Harrison County, Mississippi***

THIS CONTRACT, is made and entered into by and between the *City of Gulfport, Mississippi*, a body Politic of the State of Mississippi (the "LPA"), and, *Brown, Mitchell & Alexander Inc.* (the "CONSULTANT"), a *Mississippi* Corporation, duly registered to do business in the State of Mississippi, whose address for mailing is 401 Cowan Road Suite A, Gulfport, MS 39507, effective as of the date of latest execution below.

### **WITNESSETH:**

WHEREAS, the LPA requires the services of a professional engineering firm to provide preliminary engineering for the extension of a 4-lane section on Airport Road east to Washington Avenue, including a roundabout at Washington Avenue, Gulfport, Harrison County, hereinafter called the "PROJECT"; and

WHEREAS, the LPA desires to engage a qualified and experienced CONSULTANT to perform engineering services in connection with the PROJECT, all of which are hereinafter called the "SERVICES"; and,

WHEREAS, the CONSULTANT has represented to the LPA that it is experienced and qualified to provide those services, and the LPA has relied upon such representation; and,

WHEREAS, the CONSULTANT herein was chosen for their expertise in performing the services in connection with the PROJECT and found satisfactory by the LPA; which is now desirous of entering into a contract;

WHEREAS, the CONSULTANT herein was chosen through the LPA Consultant Selection Process pursuant to Mississippi Department of Transportation (hereinafter "MDOT") LPA Project Development Manual and pursuant to Federal Highway Administration ("FHWA") regulations, Engineering and Design Related Service Contracts, 23 C.F.R. Part 172 (as amended) and found satisfactory;

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein and for other good and valuable considerations flowing unto the parties, the receipt and sufficiency of which is hereby acknowledged, the LPA and the CONSULTANT do hereby contract and agree as follows:

### **ARTICLE I. GENERAL RECITALS**

CONSULTANT shall, for the agreed fees, furnish all engineering services and materials required to perform the tasks described in the Scope of Work for the proposed transportation project. In so doing, CONSULTANT shall meet the current industry standards (and any MDOT or LPA standards identified in Exhibit 2) as to general format and content and in addition thereto, any special requirements of the LPA.

THE LPA, in support of CONSULTANT will provide the CONSULTANT a Scope of Work shown in "Exhibit 2" hereto and any other data which may be of assistance to CONSULTANT and within the possession and control of the LPA.

Manuals, guides, and specifications applicable to this CONTRACT shall be those approved and/or adopted by MDOT and in effect on the effective date of this CONTRACT, unless otherwise specified in this Contract or subsequently directed by MDOT during the course of the CONTRACT.

## **ARTICLE II. SCOPE OF WORK**

The CONSULTANT shall conduct the SERVICES in accordance with the Scope of Work attached to this CONTRACT as "Exhibit 2" and made a part hereof as if fully set forth herein. The performance of the SERVICES referred to in "Exhibit 2" shall be the primary basis for measurement of performance under this CONTRACT. The LPA specifically reserves the right and privilege to enlarge or reduce the scope; or to cancel this CONTRACT at any time.

## **ARTICLE III. CONTRACT TERM**

This CONTRACT shall commence upon the latest date of execution below and continue until such time as the above named project is successfully completed to the satisfaction of the LPA or until December 31, 2018, 12 Midnight, CDT, at which time this CONTRACT shall absolutely and finally terminate.

During the term of this CONTRACT, the LPA reserves the right to terminate this CONTRACT in whole or in part, at any time, with or without cause, upon seven (7) days written notice to the CONSULTANT, notwithstanding any just claims by the CONSULTANT for payment of SERVICES rendered prior to the date of termination. The LPA shall be liable only for the costs, fees and expenses for demobilization and close out of contract, based on actual time and expenses incurred by CONSULTANT in the packaging and shipment of all documents covered by this CONTRACT to the LPA. In no event shall the LPA be liable for lost profits or other consequential damages.

## **ARTICLE IV. TIME OF PERFORMANCE**

TIME IS OF THE ESSENCE IN THIS CONTRACT. The CONSULTANT shall be prepared to perform its responsibilities for providing SERVICES commencing on the date of execution of the CONTRACT.

The CONSULTANT has submitted a proposed project schedule to the LPA which has been incorporated herein as a part of "Exhibit 2", which when approved by final execution of this CONTRACT shall control the evaluation of the CONSULTANT's progress on this PROJECT. A copy of the progress schedule, indicating the actual time expended on specific portions of this project, shall be submitted along with an estimated percentage completed with each monthly statement.

A Notice to Proceed shall be issued under authority from the LPA within 30 days after final execution of this CONTRACT. The CONSULTANT may not begin work on any feature of this PROJECT prior to receiving a Notice to Proceed from the LPA.

## **ARTICLE V. RELATIONSHIP OF THE PARTIES**

The relationship of the CONSULTANT to the LPA is that of an independent contractor, and said CONSULTANT, in accordance with its status as an independent contractor, covenants and agrees that it will conduct itself consistent with such status, that it will neither hold itself out as, nor claim to be, an officer or employee of the LPA by reason hereof. The CONSULTANT will not by reason hereof, make any claim, demand or application or for any right or privilege applicable to an officer or employee of the LPA, including but not limited to workers' compensation coverage, unemployment insurance benefits, social security coverage, retirement membership or credit, or any form of tax withholding whatsoever.

All notices, communications, and correspondence between the LPA and the CONSULTANT shall be directed to the key personnel and agents designated in this contract.

## **ARTICLE VI. COMPENSATION, BILLING & AUDIT**

### **A. Cost and Fees**

The CONSULTANT shall be paid on the basis set forth in "Exhibit 3" to this CONTRACT. Under no circumstances shall the LPA be liable for any amounts, including any costs, which exceed the maximum dollar amount of compensation that is specified in and set forth in "Exhibit 3".

#### B. Monthly Billing

The CONSULTANT may submit monthly billing to the LPA. (A sample of a preferred invoice is attached as "Exhibit 4".) Each billing shall include all time and allowable expenses through the end of the billing period. Direct expenses, as used herein, include the costs of travel, subsistence, shipping charges, long distance telephone calls and printing if it is not company accounting policy to include these costs in overhead rates. The LPA retains the right to verify time and expense records by audit of any or all CONSULTANT's time and accounting records at any time during the life of the CONTRACT and up to three years thereafter.

If SERVICES are rendered within a given State fiscal year, an invoice requesting payment from the CONSULTANT shall be presented to the LPA within 60 days of the end of the State fiscal year. Should the CONSULTANT fail to present the invoice within the allotted time, legislative approval may be required before payment can be rendered.

The CONSULTANT further agrees that FHWA or any other Federal Agency may audit the same records at any time during the life of the CONTRACT and up to three years thereafter, should the funding source for all or any part of the CONTRACT be funds of the United States of America.

#### C. Record Retention

The CONSULTANT shall maintain all time and expense records incurred on the PROJECT and used in support of its proposal and shall make such material available at all reasonable times during the period of the CONTRACT and for three years from the date of final payment under this CONTRACT for inspection by the LPA, and copies thereof shall be furnished upon request, at the LPA's expense. The CONSULTANT agrees that the provisions of this Article shall be included in any CONTRACT it may make with any subcontractors, assignees or transferees.

#### D. Retainage

The LPA shall retain the final 25% of the CONSULTANT's Fixed Fee until the final payment request has been received and an audit of the total PROJECT cost to date has been completed by the LPA or its designee.

### ARTICLE VII. FINAL PAYMENT

The CONSULTANT shall clearly indicate on its last Invoice for the CONTRACT that the Invoice is "FINAL". The LPA will confirm that the CONTRACT is ready to be closed and the "FINAL" Invoice may be paid. All "FINAL" invoices shall pay any retainage withheld on the CONTRACT. However, under no circumstances will the total amount paid exceed the maximum not to exceed amount established for the CONTRACT. The CONSULTANT agrees that acceptance of the final payment shall be in full and final settlement of all claims arising against the LPA for work done, documents furnished, cost incurred, or otherwise arising out of this CONTRACT and shall release the LPA from any and all further claims of whatever nature, whether known or unknown, for and on account of said CONTRACT, including payment for any and all work done, and labor and material furnished in connection with the same. Errors and/or omissions discovered subsequent to the acceptance by the LPA of the final contract documents shall be corrected by the CONSULTANT without additional compensation. The CONSULTANT shall submit their "FINAL" invoice no later than 45 days following termination of the CONTRACT.

### ARTICLE VIII. REVIEW OF WORK

Authorized representatives of the LPA may at all reasonable times review and inspect the SERVICES under this CONTRACT and any addenda or amendments thereto. Authorized representatives of the FHWA may also review and inspect the SERVICES under this CONTRACT should funds of the United States of America be in any way utilized in payment for said SERVICES. Such inspection shall not make the United States of America a party to this CONTRACT, nor will FHWA interfere with the rights of either party hereunder.

All reports, drawings, studies and maps prepared by and for the CONSULTANT, shall be made available to authorized representatives of the LPA for inspection and review at all reasonable times in the General Offices of the LPA. Authorized representatives of the FHWA may also review and inspect said reports, drawings, studies and maps prepared under the CONTRACT should funds of the United States of America be in any way utilized in payment for the same. Acceptance by the LPA shall not relieve the CONSULTANT of its professional obligation to correct, at its expense, any of its breaches, errors and/or omissions, in the final version of the work.

The CONSULTANT shall be responsible for performance of and compliance with all terms of this CONTRACT, including the Scope of Work and other exhibits, and including any technical specifications and special requirements of the LPA, and shall be responsible for errors and/or omissions, including those as to conduct and care, format and content, for all aspects of the CONTRACT, and including professional quality and technical accuracy of all designs, drawings, specifications, and other services furnished by the CONSULTANT.

Failure to comply with any terms of this CONTRACT shall be corrected by the CONSULTANT without additional compensation.

If any breach of CONTRACT, is discovered by LPA personnel after final acceptance of the work by the LPA, then the CONSULTANT shall, without additional compensation, cure any deficiency or breach including errors and/or omissions in designs, plans, drawings, specifications, or other services.

In the event that the project schedule requires that a breach of this CONTRACT be corrected by someone other than the CONSULTANT then the actual costs incurred by the LPA for such corrections shall be the responsibility of the CONSULTANT. The LPA shall give the CONSULTANT an opportunity to correct said breach unless (1) the LPA determines, in its sole discretion, that the CONSULTANT cannot cure the breach within the schedule established by the LPA, or (2) the LPA determines, in its sole discretion, that the CONSULTANT cannot cure the breach to the satisfaction of the LPA.

In the event that the CONSULTANT breaches this CONTRACT, and the breaches of the CONSULTANT are discovered during the construction phase, then an accounting of all costs incurred by the LPA resulting from such breach, including errors and/or omissions, will be made and such amount will be recovered from the CONSULTANT.

#### **ARTICLE IX. RESPONSIBILITIES FOR CLAIMS AND LIABILITY**

The CONSULTANT shall indemnify, defend and hold harmless the LPA and all its officers, agents and employees from any claim, loss, damage, cost, charge or expense arising out of any negligent act, actions, neglect or omission by the CONSULTANT, its agents, employees, or subcontractors during the performance of this CONTRACT, whether direct or indirect, and whether to any person or property for which LPA or said parties may be subject, except that neither the CONSULTANT nor any of his agents or subcontractors will be liable under this provision for damages arising out of the injury or damage to persons or property solely caused or resulting from the negligence of the LPA or any of its officers, agents or employees.

The CONSULTANT'S obligations under this Article, including the obligations to indemnify, defend, hold harmless, pay reasonable attorney fees or, at the LPA'S option, participate and associate with the LPA in the defense and trial or arbitration of any damage claim, lien or suit and any related settlement negotiations, shall be initiated by the LPA'S notice of claim for indemnification to the CONSULTANT. Only an adjudication or judgment after the highest appeal is exhausted specifically finding the LPA entirely responsible shall excuse performance of this provision by the CONSULTANT. In such case, the LPA shall pay all costs and fees related to this obligation and its enforcement. Should there be a finding of dual or multiple liability, costs and fees shall be apportioned accordingly.

In conjunction herewith, the LPA agrees to notify CONSULTANT in writing as soon as practicable after receipt or notice of any claim involving CONSULTANT. These indemnities shall not be limited by reason of the listing of any insurance coverage below.

#### ARTICLE X. INSURANCE

Prior to beginning the work, the CONSULTANT shall obtain and furnish certificates to the LPA for the following minimum amounts of insurance:

- A. Workers' Compensation Insurance in accordance with the laws of the State of Mississippi.
- B. Public Liability Insurance in an amount not less than one million dollars (\$1,000,000.00) on account of any one occurrence.
- C. Property Damage Insurance in an amount not less than five hundred thousand dollars (\$500,000.00) from damages on account of any one occurrence, with an aggregate limit of not less than one million dollars (\$1,000,000.00).
- D. Valuable Documents Insurance, whether as a part of the property damage insurance referenced above or as separate insurance, in an amount sufficient to cover all costs associated with repairing, restoring or replacing any documents kept or created by Consultant as a part of the Services, in the event of casualty to, or loss or theft of such documents.
- E. Errors and Omissions Insurance, in an amount not less than one million dollars (\$1,000,000.00) per incident; one million dollars (\$1,000,000.00) aggregate.
- F. Comprehensive Automobile Liability Insurance, with a combined single limit for bodily injury and property damage of not less than one million dollars (\$1,000,000.00) per incident with respect to CONSULTANT's (owned, hired or non-owned) vehicles, assigned to or used in the performance of services.

The LPA shall be listed as a certificate holder of insurance on any of the insurance required under this CONTRACT.

In the event that the CONSULTANT retains any subcontractor or other personnel to perform SERVICES or carry out any activities under or incident to work on any project or phase of this CONTRACT, CONSULTANT agrees to obtain from said subcontractor or other personnel, certificates of insurance demonstrating that said subcontractor or other personnel has sufficient coverage, or to include said subcontractor or other personnel within CONSULTANT's coverage for the duration of said PROJECT or phase for which said subcontractor or other personnel is employed.

The Insurance coverage recited above shall be maintained in full force and effect by CONSULTANT during the life of this CONTRACT. Should CONSULTANT cease to carry the errors and omissions coverage listed above for any reason, it shall obtain "tail" coverage at the same limits for a period of not less than three (3) years subsequent to policy termination or contract termination, whichever is longer. Should CONSULTANT change insurance carriers for errors and /or coverage, it shall obtain a "retroactive coverage" endorsement from its new insurance carrier.

Insurance carriers must be properly licensed and/or must hold a Certificate of Authority from the Mississippi Department of Insurance.

A certificate of insurance acceptable to the LPA shall be issued to the LPA by the CONSULTANT prior to the execution of this CONTRACT by the CONSULTANT and thereafter on an annual basis for the duration of this CONTRACT as evidence that policies providing the required coverage, conditions and limits are in full force and effect. Such certificate shall identify this CONTRACT and contain provisions that coverage afforded under the policies will not be cancelled, terminated, or materially altered until at least thirty (30) days prior written notice has been given to the LPA.

The CONSULTANT will furnish certified copies, upon request, of any or all of the policies and/or endorsements to the LPA prior to the execution of this CONTRACT and thereafter on an annual basis for the duration of this CONTRACT.

The CONSULTANT shall provide the LPA any and all documentation necessary to prove compliance with the insurance requirements of this CONTRACT as such documentation is requested, from time to time, by the LPA.

If the CONSULTANT fails to procure or maintain required insurance, the LPA may immediately elect to terminate this CONTRACT or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, and all monies so paid by the LPA shall be repaid by the CONSULTANT to the LPA upon demand, or the LPA may offset the cost of the premiums against any monies due to the CONSULTANT from the LPA.

#### **ARTICLE XI. COVENANT AGAINST CONTINGENT FEES AND LOBBYING**

The CONSULTANT shall comply with the relevant requirements of all federal, state or local laws. The CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this CONTRACT, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the CONSULTANT, any fee commission, percentage, brokerage fee, gifts or any other consideration contingent upon or resulting from the award or making of the CONTRACT. The CONSULTANT warrants that it shall not contribute any money, gift or gratuity of any kind, either directly or indirectly to any employee of the LPA, or to any employee of the Mississippi Department of Transportation. For breach or violation of this warranty, the LPA shall have the right to terminate this CONTRACT without liability, and the CONSULTANT shall forfeit any sums due hereunder at the time of such breach and may be barred from performing any future services for the LPA or participating in any future contracts with the LPA.

#### **ARTICLE XII. EMPLOYMENT OF LPA'S PERSONNEL**

The CONSULTANT shall not employ any person or persons in the employ of the LPA for any work required by the terms of this CONTRACT, without the written permission of the LPA, except as may otherwise be provided for herein.

#### **ARTICLE XIII. MODIFICATION**

If, prior to the satisfactory completion of the SERVICES under this CONTRACT, the LPA materially alters the scope, character, complexity or duration of the SERVICES from those required under this CONTRACT, a supplemental agreement may be executed between the parties. Also, a supplemental agreement may be executed between the parties in the event that both parties agree the CONSULTANT's compensation should be increased due to an unanticipated increase in the nature, scope or amount of work necessary to properly provide the SERVICES required on any particular phase or project begun hereunder.

Oral agreements or conversations with the LPA, any individual member of the LPA, officer, agent, or employee of the Mississippi Department of Transportation, either before or after execution of this CONTRACT, shall not affect or modify any of the terms or obligations contained in this CONTRACT. All modifications to this CONTRACT, amendments or addenda thereto must be submitted in writing and signed by the parties thereto before any work is commenced.

The CONSULTANT may not begin work on any modifications, amendments, or addenda prior to receiving a Notice to Proceed.

Minor changes in the proposal which do not involve changes in the compensation, extensions of time or changes in the goals and objectives of the CONTRACT may be made by written notification of such change by either the LPA or the CONSULTANT to the other party, and shall become effective upon written acceptance thereof (i.e. letter agreement).

#### **ARTICLE XIV. SUBLETTING, ASSIGNMENT OR TRANSFER**

It is understood by the parties to this CONTRACT that the work of the CONSULTANT is considered personal by the LPA. The CONSULTANT shall not assign, sublet or transfer any or all of its interest in this CONTRACT without prior written approval of the LPA. Under no circumstances will CONSULTANT be allowed to sublet more than 60% of the work required under this contract. It is clearly understood and agreed that specific projects or phases of the work may be sublet in their entirety provided that CONSULTANT performs at least 40% of the overall contract with its own forces. Consent by the LPA to any subcontract shall not relieve CONSULTANT from any of its obligations hereunder, and CONSULTANT is required to maintain final management responsibility with regard to any such subcontract.

The LPA reserves the right to review all subcontract documents prepared in connection with this CONTRACT, and the CONSULTANT agrees that it shall submit to the LPA any proposed subcontract document together with subcontractor cost estimates for review and written concurrence of the LPA in advance of their execution.

The CONSULTANT shall make prompt payment to all subconsultants no later than 15 days from receipt of each payment the LPA makes to the CONSULTANT. Each month, the CONSULTANT shall submit OCR-484-C found on MDOT's website to the LPA along with the Invoice. This form certifies payments to all Subconsultants and shows all firms even if the CONSULTANT has paid no monies to the firm during that estimate period (negative report).

#### **ARTICLE XV. OWNERSHIP OF PRODUCTS AND DOCUMENTS AND WORK MADE FOR HIRE**

The CONSULTANT agrees that all reports, computer information and access, drawings, studies, notes, maps and other data, prepared by and for them under the terms of this CONTRACT shall be delivered to, become and remain in the property of the LPA upon creation and shall be delivered to the LPA upon termination or completion of work, or upon request of the LPA regardless of any claim or dispute between the parties. All such data shall be delivered within thirty (30) days of receipt of a written request by the LPA.

The CONSULTANT and the LPA intend and agree that this CONTRACT to be a contract for services and each party considers the products and results of the services to be rendered by the CONSULTANT hereunder, including any and all material produced and/or delivered under this CONTRACT (the "Work"), to be a "work made for hire" under U.S. copyright and all applicable laws. The CONSULTANT acknowledges and agrees that the LPA owns all right, title, and interest in and to the Work including, without limitation, the copyright thereto and all trademark, patent, and all intellectual property rights thereto.

If for any reason the Work would not be considered a work made for hire under applicable law, or in the event this CONTRACT is determined to be other than a contract or agreement for a work made for hire, the CONSULTANT does hereby transfer and assign to the LPA, and its successors and assigns, the entire right, title, and interest in and to any Work prepared hereunder including, without limitation, the following: the copyright and all trademark, patent, and all intellectual property rights in the Work and any registrations and copyright, and/or all other intellectual property, applications relating thereto and any renewals and extensions thereof; all works based upon, derived from, or incorporating the Work; all income, royalties, damages, claims, and payments now or

hereafter due or payable with respect thereto; all causes of action, either in law or in equity, for past, present, or future infringement based on the copyrights and/or all other intellectual property; all rights, including all rights to claim priority, corresponding to the foregoing in the United States and its territorial possessions and in all foreign countries. The CONSULTANT agrees to execute all papers and perform such other proper acts as the LPA may deem necessary to secure for the LPA or its designee the rights herein assigned.

The LPA may, without any notice or obligation of further compensation to the CONSULTANT, publish, re-publish, anthologize, use, disseminate, license, or sell the Work in any format or medium now known or hereafter invented or devised. The LPA'S rights shall include, without limitation, the rights to publish, re-publish, or license a third party to publish, re-publish, or sell the Work in print, on the World Wide Web, or in any other electronic or digital format or database now known or hereafter invented or devised, as a separate isolated work or as part of a compilation or other collective work, including a work different in form from the first publication, and to include or license a third party to include the Work in an electronic or digital database or any other medium or format now known or hereafter invented or devised.

The CONSULTANT shall obtain any and all right, title, and interest to all input and/or material from any third party subconsultant, or any other party, who may provide such input and/or material to any portion of the Work so that said right, title, and interest, and all such interest in and to the Work including, without limitation, the copyright thereto and all trademark, patent, and all intellectual property rights thereto, shall belong to the LPA.

For any intellectual property rights currently owned by third parties or by the CONSULTANT and not subject to the terms of this CONTRACT, the CONSULTANT agrees that it will obtain or grant royalty-free, nonexclusive, irrevocable license(s) for or to the LPA at no cost to the LPA to use all copyrighted or copyrightable work(s) and all other intellectual property which is incorporated in the material furnished under this CONTRACT. Further, the CONSULTANT warrants and represents to the LPA that it has obtained or granted any and all such licensing prior to presentation of any Work to the LPA under this CONTRACT. This obligation of the CONSULTANT does not apply to a situation involving a third party who enters a license agreement directly with the LPA.

The CONSULTANT warrants and represents that it has not previously licensed the Work in whole or in part to any third party and that use of the Work in whole or in part will not violate any rights of any kind or nature whatsoever of any third party. The CONSULTANT agrees to indemnify and hold harmless the LPA, its successors, assigns and assignees, and its respective officers, directors, agents and employees, from and against any and all claims, damages, liabilities, costs and expenses (including reasonable attorneys' fees), arising out of or in any way connected with any breach of any representation or warranty made by CONSULTANT herein.

#### **ARTICLE XVI. PUBLICATION AND PUBLICITY**

The CONSULTANT agrees that it shall not for any reason whatsoever communicate to any third party, with the exception of the MDOT and the FHWA, in any manner whatsoever concerning any of its CONTRACT work product, its conduct under the CONTRACT, the results or data gathered or processed under this CONTRACT, which includes, but is not limited to, reports, computer information and access, drawings, studies, notes, maps and other data prepared by and for the CONSULTANT under the terms of this CONTRACT, without prior written approval from the LPA, unless such release or disclosure is required by judicial proceeding. The CONSULTANT agrees that it shall immediately refer any third party who requests such information to the LPA and shall also report to the LPA any such third party inquiry, with the exception of the MDOT and/or the FHWA. This Article shall not apply to information in whatever form that comes into the public domain, nor shall it restrict the CONSULTANT from giving notices required by law or complying with an order to provide information or data when such order is issued by a court, administrative agency or other authority with proper jurisdiction, or if it is reasonably necessary for the CONSULTANT to defend itself from any suit or claim.

IT IS FURTHER AGREED, that all approved releases of information, findings, and recommendations shall include a disclaimer provision and that all published reports shall include that disclaimer on the cover and title page in the following form:

*The opinions, findings, and conclusions in this publication are those of the author(s) and not necessarily those of the Local Public Agency, Mississippi Department of Transportation, Mississippi Transportation Commission, the State of Mississippi, or the Federal Highway Administration.*

#### **ARTICLE XVII. CONTRACT DISPUTES**

This CONTRACT shall be deemed to have been executed in *Harrison County, Mississippi*, and all questions including, but not limited to, questions of interpretation, construction and performance shall be governed by the laws of the State of Mississippi, excluding its conflicts of laws provisions, and any litigation with respect to this CONTRACT shall be brought in a court of competent jurisdiction in *Harrison County, State of Mississippi*. The CONSULTANT expressly agrees that under no circumstances shall the LPA be obligated to or responsible for payment of an attorney's fee for the cost of legal action to or on behalf of the CONSULTANT.

#### **ARTICLE XVIII. COMPLIANCE WITH APPLICABLE LAW**

- A. The undersigned certify that to the best of their knowledge and belief, the foregoing is in compliance with all applicable laws.
- B. The CONSULTANT shall observe and comply with all applicable federal, state, and local laws, rules and regulations, policies and procedures, ordinances, and orders and decrees of bodies or tribunals of the United States of America or any agency thereof, the State of Mississippi or any agency thereof, and any local governments or political subdivisions, that are in effect at the time of the execution of this CONTRACT or that may later become effective.
- C. The CONSULTANT shall not discriminate against any employee nor shall any party be subject to discrimination in the performance of this CONTRACT because of race, creed, color, sex, national origin, age or disability.
- D. IT IS FURTHER SPECIFICALLY AGREED that the CONSULTANT shall comply and shall require its subcontractors to comply with the regulations for COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964, as amended, and all other applicable federal regulations as stated in "Exhibit 5" which is incorporated herein by reference.
- E. It is agreed that the CONSULTANT will comply with the provisions set forth in Department of Transportation, 49 CFR, Section 18, Et Seq., regarding Uniform Administrative Requirements for Grants and Cooperative agreements in its administration of this CONTRACT or any subcontract resulting herefrom.
- F. The CONSULTANT agrees that it will abide by the provisions of 49 CFR Section 26 regarding disadvantaged business enterprises and include the certification made in "Exhibit 5" to this CONTRACT in any and all subcontracts which may result from this CONTRACTS.
- G. The CONSULTANT shall comply and shall require its subconsultants to comply with Code of Federal Regulations CFR 23 Part 634 - Worker Visibility - as stated in "Exhibit 5".
- H. IMMIGRANT STATUS CERTIFICATION. The CONSULTANT represents that it is in compliance with the Immigration Reform and Control Act of 1986 (Public Law 99-603), as amended, in relation to all employees performing work in the State of Mississippi and does not knowingly employ persons in violation of the United States immigration laws. The CONSULTANT further represents that it is registered and participating in the Department of

Homeland Security's E-Verify™ employment eligibility verification program, or successor thereto, and will maintain records of compliance with the Mississippi Employment Protection Act including, but not limited to, requiring compliance certification from all subcontractors and vendors who will participate in the performance of this Agreement and maintaining such certifications for inspection if requested. The CONSULTANT acknowledges that violation may result in the following: (a) cancellation of any public contract and ineligibility for any public contract for up to three (3) years, or (b) the loss of any license, permit, certification or other document granted by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. The CONSULTANT also acknowledges liability for any additional costs incurred by the LPA due to such contract cancellation or loss of license or permit. The CONSULTANT is required to provide the certification on Exhibit 9 in this CONTRACT to the LPA verifying that the CONSULTANT and subconsultant(s) are registered and participating in E-Verify prior to execution of this CONTRACT.

- I. The covenants herein shall, except as otherwise provided, accrue to the benefit of and be binding upon the successors and assigns of the parties hereto.

#### **ARTICLE XIX. WAIVER**

Failure of either party hereto to insist upon strict compliance with any of the terms, covenants, and conditions hereof shall not be deemed a waiver or relinquishment of any similar right or power hereunder at any subsequent time, or of any other provision hereof, nor shall it be construed to be a modification of the terms of this CONTRACT.

#### **ARTICLE XX. SEVERABILITY**

If any terms or provisions of this CONTRACT are prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of this CONTRACT shall not be affected thereby and each term and provision of this CONTRACT shall be valid and enforceable to the fullest extent permitted by law.

#### **ARTICLE XXI. ENTIRE AGREEMENT**

This CONTRACT constitutes the entire agreement of the parties with respect to the subject matter contained herein and supersedes and replaces any and all prior negotiations, understandings, and agreements, written or oral, between the parties relating thereto.

#### **ARTICLE XXII. CONFLICT OF INTEREST**

The CONSULTANT covenants that no public or private interests exist and none shall be acquired directly or indirectly which would conflict in any manner with the performance of the CONSULTANT'S CONTRACT. The CONSULTANT further covenants that no employee of the CONSULTANT or of any subconsultant(s), regardless of his/her position, is to personally benefit directly or indirectly from the performance of the SERVICES or from any knowledge obtained during the CONSULTANT'S execution of this CONTRACT.

#### **ARTICLE XXIII. AVAILABILITY OF FUNDS**

It is expressly understood and agreed that the obligation of the LPA to proceed under this CONTRACT is conditioned upon the availability of funds, the appropriation of funds by the Mississippi Legislature, and the receipt of state and/or federal funds. If, at any time, the funds anticipated for the fulfillment of this CONTRACT are not forthcoming or are insufficient, either through the failure of the federal government to provide funds or of the State of Mississippi to appropriate funds or the discontinuance or material alteration of the program under which funds were provided, or if funds are not otherwise available to the LPA for the performance of this CONTRACT, the LPA shall have the right, upon written notice to the CONSULTANT, to immediately terminate or stop work on this CONTRACT without damage, penalty, cost, or expense to the LPA of any kind whatsoever. The effective date of termination shall be as specified in the notice of termination.

#### **ARTICLE XXIV. STOP WORK ORDER**

- A. **Order to Stop Work.** The LPA may, by written order to the CONSULTANT at any time, and without notice to any surety, require the CONSULTANT to stop all or any part of the work called for by this CONTRACT. This order shall be for a specified period not exceeding twenty-four (24) months after the order is delivered to the CONSULTANT unless the parties agree to any further period. Any such order shall be identified specifically as a stop work order issued pursuant to this clause. Upon receipt of such an order, the CONSULTANT shall forthwith comply with its terms and take all steps to minimize the occurrence of costs allocable to the work covered by the order during the period of work stoppage. Before the stop work order expires, or within any further period to which the parties shall have agreed, the LPA shall either:

- (1) cancel the stop work order; or
- (2) terminate the work covered by such order according to and as provided in Article III of this CONTRACT.

Prior to the LPA'S taking official action to stop work under this CONTRACT, the Executive Director of MDOT and/or the LPA may notify the CONSULTANT, in writing, of the MDOT or the LPA's intentions to ask the LPA or CONSULTANT to stop work under this CONTRACT. Upon notice from the Executive Director of MDOT or the LPA, the CONSULTANT shall suspend all activities under this CONTRACT, pending final action by the LPA.

- B. **Cancellation or Expiration of the Order.** If a stop work order issued under this clause is canceled at any time during the period specified in the order, or if the period of the order or any extension thereof expires, the CONSULTANT shall have the right to resume work. If the LPA decides that it is justified, an appropriate adjustment may be made in the delivery schedule. If the stop work order results in an increase in the time required for or in the CONSULTANT'S cost properly allocable to the performance of any part of this CONTRACT and the CONSULTANT asserts a claim for such an adjustment within 30 days after the end of the period of work stoppage, an equitable adjustment in this CONTRACT may be made by written modification of this CONTRACT as provided by the terms of this CONTRACT.
- C. **Termination of Stopped Work.** If a stop work order is not canceled and the work covered by such order is terminated, the CONSULTANT may be paid for services rendered prior to the Termination. In addition to payment for services rendered prior to the date of termination, the LPA shall be liable only for the costs, fees, and expenses for demobilization and close out of this CONTRACT, based on actual time and expenses incurred by the CONSULTANT in the packaging and shipment of all documents covered by this CONTRACT to the LPA. In no event shall the LPA be liable for lost profits or other consequential damages.

#### **ARTICLE XXV. KEY PERSONNEL & DESIGNATED AGENTS**

CONSULTANT agrees that Key Personnel identified as assigned to this PROJECT shall not be changed or reassigned without prior approval of the LPA or, if prior approval is impossible, and then notice to the LPA and subsequent review by the LPA which may approve or disapprove the action. For purposes of implementing this section and all other sections of this CONTRACT with regard to notice, the following individuals are herewith designated as agents for the respective parties unless otherwise identified in the addenda hereto:

## **EXHIBIT 2**

### **Scope of Work**

**City of Gulfport Airport Road Extension & Roundabout  
STP-9156-00(001) LPA/107222-701000  
Harrison County, Mississippi**

#### **GENERAL DESCRIPTION:**

This CONTRACT includes environmental studies required to complete an environmental assessment, all necessary field surveying, the determination of required Right-of-Way limits, geotechnical investigation, roadway hydraulic design, roadway design, and appurtenances for the preparation of construction plans. The project includes improving Airport Road between Cuandet Road and Washington Avenue, including relocation of the intersection of Washington Avenue and Airport Road in Harrison County. The intersection improvements will require relocation of the intersection approximately 750 linear feet northwest of the current intersection to accommodate planned expansion of the Gulfport-Biloxi International Airport runway. Intersection improvements also include developing the intersection as a roundabout.

The following engineering services shall be performed by the CONSULTANT on behalf of the Local Public Agency (LPA) in accordance with this CONTRACT at the direction of the LPA, unless otherwise modified by the Mississippi Department of Transportation (MDOT).

A project schedule is required. Work progression is to proceed in accordance with the attached agreed project schedule. The following engineering services shall be performed by the CONSULTANT in accordance with this CONTRACT and the latest Project Development Manual (PDM) for the LPA at the time of the execution of this contract. Where this CONTRACT and the PDM differ, the PDM shall govern.

A monthly status report along with an updated project schedule is required. This report is to be submitted by the 7<sup>th</sup> of each month to the LPA for their signature and then submitted to the District LPA Coordinator. This monthly report is to be submitted by the CONSULTANT and will update the LPA on the status of the project. Recent milestones in plan development, such as the submittal of plans for review, shall be documented. Also, the target dates for the future milestones should be included.

Surveys shall at all times comply with the following:

1. MDOT Survey Manual;
2. Mississippi Board of Registration for Professional Engineers and Land Surveyor's "Standards of Practice for Surveying" in Mississippi. All traverses and right of way monument locations (being set) shall meet with Class "A" of the standards of practice specifications and traverses shall be properly adjusted according to good surveying practices. Side ties or other locations of improvements or features shall meet the class specification normally required by said minimum standards;
3. Land Surveying laws as defined in the Mississippi Code of 1972 as well as current case law including interpretations of those laws by the judicial branches of the United States and State of Mississippi governments;

4. Local Zoning and Subdivision laws and regulations in the project area. (Properties falling within the required right of way are not subject to these regulations. However, the remainder portion of the original tract may be affected by the MDOT acquisitions.); and
5. Specific instructions as required by the Mississippi Department of Transportation on individual Projects.

**TYPICAL ITEMS/MATERIALS PROVIDED BY THE LPA:**

Based upon availability, the LPA will provide within normal resources of the LPA, the following:

1. Maps, aerial photographs, and other cartographic items as may be available;
2. Available old construction plans, drawings, and maps pertinent to the project;
3. Copies of previous studies/analyses, environmental assessments, conceptual plan, and other information pertaining to the project;
4. A single point of contact within the LPA for day-to-day coordination of each CONTRACT;
5. United States Geological Survey (USGS) Hydrology Reports (For all bridge/culvert sites over 1000 acres of drainage area). These reports will include no hydraulic recommendations.);

**GENERAL REQUIREMENTS:**

As directed, the CONSULTANT shall provide engineering/technical assistance to perform specific assignments requiring needed expertise or staff resources unavailable to the LPA.

Manuals, guides, and specifications applicable to this CONTRACT shall be those approved and adopted by the MDOT and in effect on the effective date this CONTRACT unless otherwise specified in the CONTRACT or subsequently directed by the MDOT during the course of this CONTRACT.

The design of roadways shall be in compliance with the MDOT Roadway Design Manual, and supplemented with updated design policies as described in design memos located on the MDOT Roadway Design Division's File Transfer Protocol (FTP) site, American Association of State Highway and Transportation Officials (AASHTO)'s Policy on Geometric Design Of Highways and Streets; MDOT Standard Drawings (roadway and bridge), MDOT Roadway CADD Manual; MDOT Standard Specifications for Road and Bridge Construction; Manual on Uniform Traffic Control Devices (MUTCD); MDOT Access Management Policy; and MDOT Survey Manual. The latest edition of the aforementioned documents shall be used.

Hydraulic design shall conform to the MDOT's Roadway Design Manual, 23 CFR 625, 630 AND 650, 44 CFR Part 60.3(d)(3), the Floodplain Management Regulations for the State of Mississippi (Chapter 5, General laws of 1979, 1st Extraordinary session of the State, as amended) and Federal Emergency Management Agency (FEMA) regulations and any other State or Federal regulations as appropriate.

This project shall be performed using English units, unless stated otherwise by the MDOT.

The CONSULTANT shall not begin work in any phase of this CONTRACT until a written NOTICE TO PROCEED (NTP) for that individual phase has been issued. The LPA reserves the right to not issue a NTP until work in the previous phase has been completed.

For contract plans sheets of bridges and other structures:

All preliminary plan sheets of bridges and other structures shall be marked "PRELIMINARY, NOT FOR CONSTRUCTION" in the seal block location on each sheet. Once final plans are complete, the "PRELIMINARY, NOT FOR CONSTRUCTION" markings shall be removed, and the CONSULTANT's engineer that designed the structure or components detailed on the sheet shall place his/her seal/stamp in the seal block locations on each sheet. The seal/stamp must be signed and dated by the CONSULTANT's engineer.

For other type contract plans sheets:

All preliminary plans shall be marked "PRELIMINARY, NOT FOR CONSTRUCTION" on each sheet. Once plans are complete, the "PRELIMINARY" markings shall be removed, and the Roadway Title sheet shall be signed and sealed/stamped by the CONSULTANT's engineer. If the scope of the CONSULTANT's work is limited to certain aspects of the plans, the scope shall be briefly noted near the seal/stamp (e.g., "ROADWAY AND LIGHTING ONLY" or "BRIDGE AND RETAINING WALL ONLY"). If multiple CONSULTANTS develop the plans, each firm shall sign and seal/stamp the title sheet.

It is the responsibility of the CONSULTANT to request and receive approval from the LPA's Project Manager prior to making any changes to plans developed under this contract. This requirement includes plans developed by any subconsultants.

Other provisions herein notwithstanding, in emergencies due to bridge damage, verbal NTP with a follow-up letter of authorization may be given to the CONSULTANT by the LPA, or designee, to assess the damage, make recommendations for remedial safety measures and obtain essential information for preparing an estimate of time and cost.

As a minimum, the Scope of Work shall be divided into two phases as follows:

#### FIELD REVIEW PLANS

- Part 1 -- Pre-Design Conference
- Part 2 -- Conceptual Plans
- Part 3 -- Preliminary Right-of-Way Plans
- Part 4 -- Highway Hydraulic Design
- Part 5 -- Field Inspection Plans
- Part 6 -- Final Right-of-Way Plans
- Part 7 -- Final Right-of-Way Maps and Deeds

#### OFFICE REVIEW PLANS

- Part 1 -- Design Conference
- Part 2 -- Office Review Plans
- Part 3 -- Final Contract Plans

\* See Plan Requirements for Roadway Plans and for Bridge Plans in the section below.

\*\* Color Plan & Profile Sheets as described in the PDF Images section below are required for Printed Sheets.

### ROADWAY AND BRIDGE PLAN REQUIREMENTS:

Electronic File Transfer: All Roadway Design milestone submittals should be through the department's Projectwise application to specific project directories created by MDOT when the notice to proceed is issued. Help files for Roadway Design related Projectwise tasks (account creation, designer instructions, software options, etc.) can be found at GOMDOT -> Divisions -> Roadway Design -> CADD Info -> Other Help Documents.

It is imperative that CADD files are submitted along with PDF's when Final ROW or Final Plan revisions are made.

All additions or revisions shall be done by CADD require the submittal of revised CADD files.

#### A. Scale of Drawings:

Plans shall be prepared at the following scales:

|                                                                                                                       | <u>RURAL</u> | <u>URBAN</u> |
|-----------------------------------------------------------------------------------------------------------------------|--------------|--------------|
| (1) Plan/Profile Sheets with Geometrics                                                                               |              |              |
| Horizontal - - - - -                                                                                                  | 1" = 100'    | 1" = 20'     |
| Vertical - - - - -                                                                                                    | 1" = 10'     | 1" = 5'      |
| (2) Form Grades for Channelized Intersections<br>And Interchange Ramps - - - - -                                      | 1" = 20'     | 1" = 20'     |
| (3) Detail Geometrics for Channelized Intersections                                                                   | 1" = 20'     | 1" = 20'     |
| (4) Cross-Sections - - - - -                                                                                          | 1" = 10'     | 1" = 5'      |
| (5) Scales for Bridge Sheets shall conform to the Specifications described in the MDOT<br>Bridge Division CADD Manual |              |              |
| (6) Other sheets at appropriate scale.                                                                                |              |              |

**B. Size of Drawings:**

Sheet size and margin dimensions for Bridge sheets shall conform to the specifications described in the Bridge Division CADD Manual. PDF image size of all other drawings shall measure 22x34.6 inches, which matches the sheet plotting shape. The only exception to this is scanned hard copies that may be inserted in the PDF plan set (i.e. sheets requiring seals/signatures). PDF images generated this way shall not exceed 23x36 inches.

**C. Size of Lettering:**

The MDOT's policy requires the contract plans to be a 50% reduction of the original plans; therefore, the CONSULTANT shall provide a minimum letter size of 1/8 inch (preferably 0.15 inch) in order to be legible when reduced to 50% of the original size. All plans submitted by the CONSULTANT shall conform to the quality standards adopted by the MDOT as shown in the MDOT Design Manual and the MDOT Project Director may reject any plans not conforming to these standards.

**D. PDF Images:**

Format and file names of Portable Document Format (PDF)'s shall be as described below and in the MDOT's Roadway Design Division's CADD Manual.

a) Adobe PDF – Multi-Page (**Plans must be in order.**)

b) Color of plans:

- Plan & Profile Sheets – Color – Controlled by Pen Tables RwdPdf\_Color.tbl or RwdPdf\_Color\_Final.tbl  
The Pen tables establish different colors based on levels for the following elements in the resulting prints:

Proposed Elements - Black  
Proposed Hydraulic Elements - Blue  
Existing Elements - Maroon  
Profile Grid – Light Brown

Elements will need to be on correct levels.

- All Other Sheets – Black & White (Including Erosion Control Sheets)

- Exceptions - Colors are allowed on any special design sheets where the designer thinks color will aid in clarity (i.e. Traffic Control). Any Special Design Sheets where color is used shall follow the Plan & Profile sheets in the plans (Group all color sheets together) and should have a legend explaining the difference in the colors. Only darker colors should be used on these Special Design Sheets and red and green cannot be used. If Pen Tables other than described above is used, they should be submitted with CADD File deliverables.
- c) Page Size - All Electronic Prints (Images) need to be Full Scale (22"x34.6")
- d) Content - Ensure all data is present on the PDF images (Correct Levels On/Off, Correct Reference Files On/Off, etc.)
- e) Rotation - The PDF's should be rotated so that they are readable when opened.
- f) Resolution – 400-600 DPI
- g) RWDPDF.set shall be used in the creation of the PDF's.
- h) RWDPDF.pltcfg shall be used in the creation of the PDF's.
- i) PDF Version – 1.7 minimum.
- j) Other settings required which are set by default using RWDPDF.pltcfg but have to be manually set under "PDF Format Configuration":

Engineering Links (On)  
 Searchable Text (On)  
 Level Label (OFF)  
 Disable Save Views/Reference Bookmarks (On)

- k) Filename: FMSNUMBER -Date-Print Type.PDF
    - \* Each Final ROW revision requires 2 documents to be submitted, one with only revisions, and the other with the most current ROW plans.
    - \* Cross Sections should be submitted in separate multi-page files.
    - Examples:
    - 100078-201000-2009-04-05-HydraulicSurvey.PDF
    - 100078-201000-2009-04-05-Conceptual.PDF
    - 100078-201000-2009-09-05- PreROW.PDF
    - 100078-201000-2009-11-05-FI.PDF (*Field Inspection*)
    - 100078-201000-2010-01-08-FinalROW.PDF (*Final ROW*)
    - 100078-201000-2010-01-08-FinalROWXS.PDF (*Final ROW XS*)
- 
- 100078-201000-2010-02-03-FinalROW.PDF (*Final ROW Revision*) (*Contains all sheets with revisions – Current set of plans*)
- 100078-201000-2010-02-03-FinalROWRev.PDF (*Final ROW Revision*) (*Contains Title Sheet & just revised sheets.*)
- 100078-301000-2010-11-10-OfficeReview.PDF
- 100078-301000-2010-11-10-FinalPlans.PDF
- 100078-301000-2010-11-10-FinalXS.PDF

## **ENVIRONMENTAL STUDIES:**

### **A. GENERAL:**

The CONSULTANT will perform Engineering and environmental assessments and prepare the National Environmental Policy Act (NEPA) Document, draft/preliminary and final, in accordance with the US Department of Transportation, Federal Highway Administration Technical Advisory T 6640.8A, Guidance for Preparing and Processing Environmental Documents and Section 4 (F) Documents; Federal-Aid Policy Guide 23 CFR 770, 771, 772, and 777; and MDOT Project Development/Environmental Documentation, S.O.P. No. ENV-02-01-00-000 and other related Federal and State procedures that are in effect at the time of the CONTRACT.

The CONSULTANT will perform Cultural Resources surveys, testings, assessments, and mitigations and will prepare reports, draft/preliminary and final, in accordance with MDOT and Mississippi Department of Archives and History (MDAH) cultural resources guidelines and in accordance with all Federal codes and regulations related to cultural resources management that are in effect at the time of the CONTRACT.

#### B. FEASIBILITY STUDIES:

The CONSULTANT shall conduct feasibility studies for transportation facilities. Feasibility Studies are conducted to determine reasonable alternatives to provide a required operational capability, evaluate those alternatives individually and against one another, and recommend to the LPA the alternative which best provides the required operational capability. The study shall be conducted in accordance with acceptable standards for the transportation mode being studied, and according to Federal and State requirements for such studies. An economic analysis to determine the Benefit/Cost of each alternative may be required. Documentation for Federal or State approvals may also be required. In most cases, the methodology for Feasibility Studies will be well established and widely known; however, in some instances, the CONSULTANT may be called upon to develop a methodology, subject to approval of MDOT. Feasibility Studies will most often be required for roads and highways, but the CONSULTANT may also be called upon for Feasibility Studies of transit, waterway, water, port, aeronautic facilities and/or other capabilities. The CONSULTANT may be required to participate in meetings with public or other officials, meetings with the general public, and in public hearings, preparing such presentations as the LPA may direct. Draft and final reports shall be provided in such quantities and in such media as each CONTRACT shall provide.

Coordination with Federal or other State agencies, Metropolitan Planning Organizations (MPO), local political officials, or other non-MDOT agencies or individuals will be affected through MDOT. MDOT may, in its discretion, authorize the CONSULTANT direct coordination authority on a specific project, on a case-by-case basis.

A Feasibility Study may be conducted independently, it may include, or it may be included in, a CONTRACT for an Environmental Assessment or Conceptual Design.

#### Other Transportation Facilities:

For other transportation facilities such as airports, waterports, transit, and light rail, the CONSULTANT may be called upon to develop alternatives and methodologies to quantitatively determine the best alternative for a facility. Development of methodology shall be in conjunction with, and subject to, the approval of the MDOT.

#### C. CONCEPTUAL PLANS:

Conceptual roadway plans shall include title sheet(s), typical sections, plan-profile sheets, traffic control sheets, and right-of-way limits with or without property boundaries.

The CONSULTANT will investigate all local roads within the project limits to determine if realignments are necessary. Factors which may dictate realignments include, but are not limited to, angle of intersection, sight distance, crossover locations, and offset intersections. Survey for realignments will be performed prior to printing Preliminary RIGHT-OF-WAY plans to ensure approval by the LPA (a site visit by the CONSULTANT may be needed prior to survey). If CONSULTANT is not performing the survey, the proposed realignment will be sent to the LPA to ensure accurate alignment information.

Conceptual plans shall conform to the MDOT Roadway Design Division's CADD Specifications as described in the MDOT Roadway Design Division's CADD User's Manual. Bridge plans shall conform to the MDOT Bridge Division's CADD specifications as described in the MDOT Bridge Division CADD Manual.

All electronic files associated with the conceptual plans shall be submitted with the paper copies of the conceptual plans. These files shall be submitted on CD's, DVD's, or other approved media with a project description (Project Number, Route, County, etc.) and the words "Conceptual Plans" listed on the exterior of the disks.

#### **FIELD SURVEY:**

The CONSULTANT shall survey the project utilizing standard surveying practices as required to prepare preliminary and final contract plans in accordance with the current MDOT Design Manual. The work shall be performed in accordance with the current MDOT Survey Manual, unless specifically accepted, and with any additional instructions or requests as specified by the LPA, including the following:

##### **A. Centerline Survey and Control:**

1. Document "good faith" efforts to notify the property owners prior to entering upon the property for survey purposes;
2. Establish horizontal and vertical control, intermediate control and centerline in accordance with the MDOT Survey Manual;
3. ~~Perform hydraulic survey according to the MDOT Survey Manual;~~
4. Participate in centerline inspection (hub-line review) immediately following its location to determine if any adjustments are necessary. The CONSULTANT shall make all necessary adjustments resulting from this inspection, and shall also make any adjustments necessary as a result of the centerline inspection(s) from the adjacent project(s);
5. Perform complete topographic survey along proposed centerline in accordance with the MDOT Survey Manual;
6. By the time Preliminary Right-of-Way (ROW) plans are developed, the CONSULTANT will be required to establish the location of property lines, determine ownership from deeds of record, and develop a Property Map of the project according to standard,

recognized surveying procedures in preparation for Right-of-Way documents meeting the Mississippi Board's "Standards of Practice" for surveying in the State of Mississippi as set forth and published by the State Board of Licensure for Professional Engineers and Surveyors. The following are required MDOT elements:

- a) A detailed and diligent search and collection of property corners, ROW markers, and property line evidence shall be conducted on all parcels in or connecting to the limits of the project. A detailed description of the property evidence found will be required for each point collected;
  - b) Existing highway ROW, local road ROW, railroad ROW, and utility ROW that fall within the topographic limits of the project shall be collected.;
  - c) Each land parcel boundary in or connecting to the limits of the project shall be drawn and the boundary lines delineated as; from evidence or deed. Each individual parcel to be labeled with the following: owner name and tax parcel number. All GLO lines intersecting the project labeled with appropriate Section, Township, and Range information. Lot and block or tract numbers of property and adjoining lots of Subdivisions;
  - d) All corners and evidence found shall be labeled with coordinates and the description of the evidence found. It shall not be necessary to show station/offset to any corners or to property lines at their intersection with the existing centerline. No ROW markers or property corners symbology shall be shown unless they are collected in the field;
  - e) Any distances or bearings shown on this drawing shall be grid;
  - f) North arrow;
  - g) The property point ASC II file shall be printed by the consultant and the professional surveyor in charge of the project shall certify by signing and placing his or her seal on each page that the coordinate values of this file meets or exceeds requirements for land class "B", as required by Mississippi Board of Licensure for Professional Engineers and Land Surveyor's "Standards of Practice" for Land Surveying in the State of Mississippi.
7. Any local road to be relocated on the project will be submitted to the LPA for approval. A site visit by the appropriate representatives of the LPA and MDOT will be made with the CONSULTANT to review the proposed relocations. The approved relocations will then be staked and cross-sections developed by one of the methods outlined in the MDOT Survey Manual; and
8. In the case of any discrepancy or ambiguity between the MDOT Survey Manual, the Mississippi Board's "Standards of Practice" or specifications listed within this CONTRACT the CONSULTANT shall adhere to the most stringent requirement for the specific task in question, unless otherwise directed in writing by a representative of the MDOT authorized to make alterations to this CONTRACT.
9. The location of any utility shall be delineated, as described in the MDOT Survey Manual; and

## 9. Wetlands/Waters Delineation and Reporting Requirements

### B. General Assessment Requirements

1. The CONSULTANT will identify all wetlands and streams falling partially or wholly within the project boundaries or which may be affected by the project.
2. Information referenced may include the most recent infrared photography, aerial photography, National Wetlands Inventory (NWI) maps, quadrangle maps, soils maps, etc. Referenced information will not substitute for the requirement for an on-site field determination.
3. Wetlands will be identified using the routine method set forth in the United States Army Corps of Engineers (USACE) 1987 manual. The 2008 Interim Regional Supplemental Guidance to the Corps of Engineers 1987 Wetland Delineation Manual and corresponding Supplemental Wetland Delineation Forms will be used.
4. The CONSULTANT will classify wetlands utilizing United States Fish and Wildlife Service's (USFW) "Classification of Wetlands and Deepwater Habitats of the United States, 1979".
5. The CONSULTANT will map USACE jurisdictional limits on quadrangle maps. Maps will depict the different types of jurisdictional areas.
6. The CONSULTANT will participate in any field review with the USACE, if required.
7. Other waters falling under the jurisdiction of the USACE will be identified, classified, quantified, and located.
8. Other waters, having the potential for being impacted, will be identified with an assessment of their current physical and functional characteristics. Geospatial coordinates of each stream location shall be provided. NOTE: Should a stream require re-routing, the CONSULTANT will thoroughly describe the current stream and provide construction details and location of the new stream design to the MDOT prior to finalizing the design.
9. The CONSULTANT will assess and report all conveyance systems including ephemeral, intermittent, and perennial streams which display bed and bank characteristics and/or Ordinary High Water Marks (OHWM's).
10. The CONSULTANT will collect and map all wetland perimeters, wetland reference sites, wetland data points, stream reaches, stream data points, and photo identification points within the project boundary in the form of shape files. The CONSULTANT will provide these and any other geospatial items in Mississippi State Plane (East or West) or Mississippi Transverse Mercator for the entire project. These coordinates, site identifiers, station numbers will also be included on the wetland delineation forms and stream descriptions. The CONSULTANT

will provide the MDOT Environmental and Roadway Design Divisions with a copy of all shape files.

11. The CONSULTANT will provide the MDOT Environmental and Roadway Design Divisions with a copy of design drawings which indicate the locations of all wetlands and streams surveyed. The CONSULTANT will submit these drawings along with the accompanying wetlands and streams technical report. All digital files shall be prepared using the appropriate seed file provided by the LPA and located in Mississippi State Plane Coordinates.
12. The CONSULTANT will provide the MDOT Environmental and Roadway Design Divisions with two (2) electronic copies and two (2) hard copies of the wetland and stream technical report.
13. The CONSULTANT will ensure that all wetland and stream identification numbers and/or letters flow from the Beginning of Project (B.O.P.) to the End of Project (E.O.P.).

#### C. Wetlands and Streams Mapping.

1. The CONSULTANT will include aerial and quadrangle Index Maps which show the entire alignment from the B.O.P. to the E.O.P and include beginning and ending station numbers. This index map (on 8 1/2" x 11") should include the ROW boundaries and numbered index boxes corresponding to inset maps.
2. The CONSULTANT will provide smaller scale Inset Maps (8 1/2" x 11") sufficiently expanded to provide greater detail of the wetland and streams encountered within the survey area. Inset maps will include aeriels and quadrangles. These inset maps will include the ROW boundary and Centerline Station Number information along the project segment. Each wetland or stream encountered within the ROW boundary should be identified.
3. The CONSULTANT will provide delineation forms and photos for referenced upland sites adjacent to each wetland survey area.
4. The CONSULTANT will provide wetlands and streams polygons for design plan and profile sheets. For Wetland Sites: each wetland site will have site descriptor and include the site ID, acres of impact, types of impacts for EACH site (i.e., fill, bridge, buffer, etc.), station numbers from beginning to end of each site, and type of wetland. For Stream Sites: each stream segment will have a site descriptor and include the site ID, linear feet of impact, types of impacts for EACH segment (i.e., fill, bridge, culvert, buffer, etc.), station number(s), Cowardin stream classification.

#### D. Wetlands Assessment Reporting

1. The CONSULTANT will provide a Summary Table of Wetland Impacts describing the following: A heading to include the project numbers, the project extent, and the counties the impacts site are in. The table will describe each wetland impact site separately. It will include the Site Number or letter, Station Number from beginning to end, a single GPS coordinate point locator in Decimal Degrees, Wetland Classification, acres impacted, and type of impact (i.e., fill, 200' bridge, etc.).

2. The CONSULTANT will follow the Summary Table of Wetland Impacts with a brief, one-paragraph Wetland Area Description Summary for each of the wetland impact area. It will describe the wetland classification and indicate if the impact site is typical for the area. It will describe any additional wetland classes noted in the area.

*NOTE: The CONSULTANT will determine if any wetland impact site is located within "special properties" such as USACE, USFWS, United States Forest Service (USFS), Conservation Reserve Program (CRP), Farmed Wetland, Prior Converted, Wetland Reserve Program (WRP), or others not listed prior to conducting assessments. The CONSULTANT will describe the special condition in detail in the descriptor paragraph. The CONSULTANT will notify the MDOT Environmental and Roadway Design Division Engineers immediately when any "special property" is located within project ROW boundaries and which was not reported during the evaluation phase so that alignment adjustments can be considered if needed.*

3. The CONSULTANT will follow each separate wetland area descriptor paragraph with an Interim Regional Supplement to the USACE Wetland Delineation Form and corresponding Photos. One form will be required for each wetland area. Forms will include the site number, station numbers, a decimal degree Global Positioning System (GPS) point, and photo numbers. Photos, enough to accurately describe the wetland, will follow each form and will indicate the azimuth and GPS location it was taken. The photo point and azimuth will also be placed on the inset maps for reference. The photo will have a reference feature such as a shovel or person to provide depth of field. One photo at each site will include a close-up view of a soil profile on a sharpshooter or similar immediately after digging.

#### **SURVEY DATA SUBMITTAL:**

1. At the end of PHASE A, the CONSULTANT shall submit two copies of a CD containing the following Information (This is in addition to the CADD files required to be submitted):
  - a) An ASCII file containing the horizontal and vertical control point information established by the consultant. Naming of the file shall be firm's name\_fms#\_detail code#\_Control.txt. File format shall be point number, northing, easting, elevation, and point description.
  - b) An ASCII file containing the field collected property point information. Naming of the file shall be firm's name\_fms#\_detail code#\_property.txt. File format shall be point number, northing, easting, elevation, and point description. Also this file shall be printed by the consultant and the professional surveyor in charge of the project shall certify by signing and placing his or her seal on each page that the coordinate values of this file meets or exceeds requirements for land class "B", as required by Mississippi Board of Licensure for Professional Engineers and Land Surveyor's "Standards of Practice" for Land Surveying in the State of Mississippi. This file shall be scanned and submitted in a pdf format. Naming of the file shall be firm's name\_fms#\_Detail code\_property certification.pdf.

- c) An ASCII file containing the preliminary ROW marker coordinates. Naming of the file shall be firm's name\_fms#\_detail code#\_preliminary\_row.txt. File format shall be point number, northing, easting, RWM, and station-offset.
  - d) A pdf file containing the alignment geometry data. Naming of the file shall be firm's name\_fms#\_detail code#\_alignments.pdf. The consultant shall describe each alignment (mainline, ramps, loops, detours, local roads, other) and save to a text file. Each text file shall be incorporated into the PDF with bookmarks for each alignment. Naming of each bookmark will be such that users will be able to associate the name with a physical location on the project. A certification by the Professional Engineer and Professional Surveyor stating alignment data contained in the PDF is the final alignments as of the certified date and were staked in the field as shown. This certification shall be in the form of a cover sheet in the pdf bearing the seal, date, and signature of each of the professionals.
  - e) A PDF file containing the completed MDOT survey notification forms for each landowner along the project. Naming of the file shall be firm's name\_fms#\_detail code#\_survey\_notification.pdf
  - f) An ASCII file containing all topographic points collected for the project. Naming of the file shall be firm's name\_fms#\_detail code#\_topo.pdf. File format shall be point number, northing, easting, elevation, point code, line code: point description.
  - g) An ASCII file containing hydraulic profile data collected for the project. Include points at all the major breaks. File Format shall be point number, Station/elevation, point code, point description.
2. At the end of PHASE B, the CONSULTANT shall submit two copies of a CD containing the following information:

An ASCII file containing the final ROW marker coordinates used for field staking. Naming of the file shall be firm's name\_fms#\_detail code#\_final\_row.txt. File format shall be point number, northing, easting, RWM, and station-offset. A certification bearing the seal, date, and signature of the Professional Surveyor shall accompany this file stating accuracy requirements listed below were achieved. The accuracy standards for placement of monuments shall be 0.05 feet relative to the project control established by MDOT or in accordance with Mississippi Board's "Standards of Practice, Class "A", for surveying in the State of Mississippi as set forth and published by the State Board of Registration for Professional Engineers and Land Surveyors". The more stringent of these two accuracy standards will apply and shall be used. The top of the pins shall be two to six inches below the ground surface.

#### **PHASE A: FIELD REVIEW PLANS:**

The CONSULTANT shall not begin work on PHASE A until a NTP has been issued.

Roadway plans shall conform to the MDOT Roadway Design Division's CADD specifications as described in the MDOT Roadway Design Division's CADD User's Manual. When field inspection plans are submitted, all hydraulic calculations (for drainage areas under 1000 acres) shall be included.

Unless stated otherwise in the CONTRACT, the following specific requirements are typical for this phase:

#### Part 1 - PRE-DESIGN CONFERENCE

The purpose of the conference is to discuss LPA procedures, contract administration, data required by this CONTRACT, the design criteria, and other matters as the parties deem necessary. After the Pre-Design Conference, the Project Director shall authorize the CONSULTANT to proceed with the preparation of the conceptual design plans.

#### Part 2 – CONCEPTUAL PLANS

The CONSULTANT shall prepare and submit conceptual plans for the project to include, where applicable:

- A. ROADWAY PLANS: Title Sheet(s), typical sections, plan-profile sheets, traffic control sheets, conceptual permanent directional signing layout sheets, conceptual pavement marking sheets, special design sheets where needed, phase construction sheets as required (plan & elevation) and ROW limits with or without property boundaries.

The CONSULTANT shall conduct an over/under analysis to determine the most cost-effective solution for which route to be bridged. Factors which may dictate this solution include, but are not limited to, ROW acquisition, maintenance of traffic, bridge cost, existing elevations at both proposed roadways, and constructability.

The CONSULTANT shall submit the interchange ramp alignments to the LPA to ensure accurate alignment information after the interchange configuration has been approved. The CONSULTANT will make any adjustments deemed necessary by the LPA.

The CONSULTANT will investigate all local roads within the project limits to determine if realignments are necessary. Factors which may dictate realignments include, but are not limited to, angle of intersection, sight distance, crossover locations, and offset intersections. Survey for realignments will be performed prior to printing Preliminary Right-of-Way plans to ensure approval by the LPA (a site visit by the CONSULTANT may be needed prior to survey). If CONSULTANT is not performing the survey, any proposed realignment will be sent to the LPA to ensure accurate alignment information.

A lighting plan shall be included in the conceptual plans. The CONSULTANT shall determine the most effective means of lighting the roadway to achieve the desired lighting levels. The conceptual plans shall show the location of the proposed lighting assemblies and provide information for the LPA's review. Height of poles, number of luminaries, type of lamps and any special features required shall be indicated on the plans. The CONSULTANT shall ensure that the proposed layout satisfies the AASHTO and FHWA requirements for the type of roadway being lit.

#### Part 3 - PRELIMINARY RIGHT-OF-WAY PLANS

The CONSULTANT shall prepare and submit Preliminary Right-of-Way plans in accordance with the LPA's format based on the approved conceptual plan. The Preliminary Right-of-Way plans shall contain the title sheet, typical sections, and plan and profile sheets showing all geometrics, profile grades, construction limits, and Preliminary Right-of-Way limits. The Preliminary Right-of-Way limits shall be consistent with the Conceptual Right-of-Way that was presented during the environmental process, subject to changes as needed based on preliminary design.

#### Part 4 – HIGHWAY HYDRAULIC DESIGN

HIGHWAY HYDRAULIC DESIGN (Drainage Area < 1000 ac): Highway hydraulic design including hydrology, channels, culverts, energy dissipaters, storm drainage systems, and storage facilities shall be in conformance with the MDOT Roadway Design Manual, AASHTO Drainage Manual, FHWA Hydraulic Engineering Circulars and Publications, 23 CFR 625, 630 and 650, 44 CFR Part 59-78, the Floodplain Management Regulations for the State of Mississippi (Chapter 5, General Laws of 1979, 1<sup>st</sup> Extraordinary Session of the State, as amended and supplemented from time to time), National Flood Insurance Program (NFIP) regulations, and Federal Emergency Management Agency (FEMA) regulations and any other applicable Laws.

Drainage design should achieve the most effective and economical methods by which runoff waters can be passed through and removed from the roadway. Drainage installations should not create hazardous conditions for traffic operations nor should they adversely affect conditions of adjoining properties.

Major reference publications (latest editions and interim revisions) for hydraulic design of highways are as follows (but not limited to):

1. FHWA Publication *Hydraulic Design of Highway Culverts*, Hydraulic Design Series Number 5 (HDS-5)
2. FHWA Publication *Hydraulic Design of Energy Dissipators for Culverts and Channels*, Hydraulic Engineering Circular No. 14 (HEC-14).
3. FHWA Publication *Design of Roadside Channels with Flexible Linings*, Hydraulic Engineering Circular No. 15 (HEC-15).
4. FHWA Publication *Urban Drainage Design Manual*, Hydraulic Engineering Circular No. 22 (HEC-22).

The hydraulic analysis shall be performed using a nationally recognized and readily available computer program for determination of design requirements. Acceptable software for drainage design applications may include HY-8 Culvert Hydraulic Analysis Program, FHWA Hydraulic Toolbox, HEC-RAS, PondPack, StormCAD, StreamStats, HEC-HMS, WMS, and SMS.

If the project is located in or across a FEMA Regulatory Floodway or base flood elevations have been determined as shown on the National Flood Insurance Program (NFIP) maps, the CONSULTANT shall obtain the step-backwater hydraulic model for the specified stream and community from FEMA. Modification of this input data will be required to demonstrate that the proposed development will not impact the pre-project base flood elevations, regulatory floodway elevations, or regulatory floodway widths.

For structures with drainage areas less than 1000 acres, the design flood for encroachments by through lanes of Interstate highways shall not be less than the flood with a 2 percent chance of being

exceeded in any given year per 23 CFR 650.115. Further design flood classifications and standards are specified in the Roadway Design Manual.

The final submittal shall include as a minimum one hard copy of reports spiral bound, all pertinent digital files on a CD placed in the back of the report, including a color PDF of the hydraulic report to the MDOT.

The CONSULTANT shall prepare and submit Highway Hydraulic Design and Recommendations in accordance with the MDOT's format to the MDOT for review and comment.

The Highway Hydraulic Design submittal shall include Structure recommendations, all hydraulic computations, supporting data and documentation, including but not limited to:

- A. **FINAL STRUCTURE RECOMMENDATIONS:** The Hydraulic Structure Recommendations shall be completed in accordance with MDOT Roadway Design Manual, MDOT Design Memos, and other guidance as applicable. Recommendations shall be provided in the appropriate format as required.
- a. Design data for culverts shall be recorded and provided on the Culvert Hydraulic Design Summary Table as stated in the MDOT Roadway Design Manual, see Figure 7-3A. The table shall be included with the plans.
  - b. Drainage details shall be provided in a Microstation or equivalent file including but not limited to hydraulic structure recommendations placed accordingly on the roadway Plan & Profile sheets for reference into the plans. The following shall be provided as a minimum:
    - i. Plan view shall show all structures in the proper location, and include corresponding labels as to size and type.
    - ii. Profile view shall show the structures in the proper location.
    - iii. Drainage Details Note box including information to be placed by Roadway Design or the CONSULTANT in the profile for each structure (pipe or box culvert).
      1. Structure information shall include location including station, type, size, length, drainage area, flow lines, skew, and any other accompanying structures (end sections, junction boxes, collars, etc). The accompanying structures should also include flowlines and dimensions where applicable.
      2. Details of flat bottom ditches including but not limited to grades, bottom widths, side slopes, and location.
  - c. All structures shall be drawn to proper flowlines, dimensions and labeled in the cross section file provided by Roadway Design
- B. **STORM SEWER DESIGN:** Storm sewer design shall be prepared according to the MDOT Roadway Design Manual and FHWA Publication *Urban Drainage Design Manual*, Hydraulic Engineering Circular No. 22 (HEC-22). Recommendations shall be provided in the appropriate format as required.
- a. Design data for structures shall be recorded and provided in a separate table or plan view showing every structure with drainage area and flow rate into the structure.
  - b. Drainage details shall be provided in a Microstation or equivalent file including but not limited to hydraulic structure recommendations placed accordingly on the roadway 1"=20' Plan & Profile sheets (left and right) for reference into the plans. The following shall be provided as a minimum:
    - i. Plan view shall show all structures in the proper location, and include corresponding labels as to size and type. Pipes shall also be labeled including a direction of flow.

- ii. Profile view shall show the structures in the proper location, and drawn to proper flow lines and dimensions. Pipe slopes shall be labeled. Profile view shall also include the existing and proposed roadway profile provided by Roadway Design.
  - iii. Drainage Details Note box including information to be placed by Roadway Design or the CONSULTANT in the profile for each structure (pipe or box culvert).
    - 1. Structure information shall include but not limited to location including station, type, size, length, top, height, width, drainage area, flowlines, skew, inverts, and openings with pipe size and any other accompanying structures (end sections, junction boxes, collars, etc). The accompanying structures should also include flowlines and dimensions where applicable.
  - c. All structures shall be drawn to proper flowlines, dimensions and labeled in the cross section file provided by Roadway Design.
- C. HYDRAULIC MODELS AND CALCULATIONS: Hydraulic models shall be provided when required. Input and output from software and any other calculations used in hydraulic design shall be provided.
- D. "NO-RISE/NO-IMPACT" CERTIFICATION: If the project is located in or across a FEMA regulatory floodway or base flood elevations have been determined as noted on the NFIP maps, the CONSULTANT shall obtain the step-backwater hydraulic model for the specified stream and community from FEMA. The CONSULTANT shall complete a "No-Rise/No-Impact certification and report. The report shall contain all needed documentation and technical data required by a "No-Rise/No-Impact" certification for the COMMISSION's review. The step-backwater hydraulic model shall be modified to demonstrate that the proposed development will not impact the pre-project base flood elevations, regulatory floodway elevations, or regulatory floodway widths.

The CONSULTANT shall submit the hydraulic studies and recommendations to the MDOT.

The CONSULTANT will allow approximately three (3) weeks for review by the MDOT in their progress schedule unless indicated otherwise. Upon completion of the review by the MDOT, comments shall be provided to the CONSULTANT. The CONSULTANT shall address the comments and provide updated studies and recommendations for subsequent review. Any changes or revisions required as a result of the above reviews shall be considered as part of the covered work.

If changes result from the field inspection or the MDOT's review, the consultant shall provide revised hydraulic studies and recommendations, amended hydraulic analysis and revised drawings as appropriate.

The CONSULTANT shall prepare and submit Final Hydraulic Studies and Recommendations in accordance with the MDOT's format and shall account for any changes from the field inspection to the COMMISSION for review and approval. Documentation from the field inspection shall be added to the report including but not limited to statements for any revisions.

One (1) complete set of the Final Hydraulic studies, design/analysis computations, supporting data and reports shall be submitted to the MDOT after all changes from the field inspection and MDOT's review have been made. This submittal shall include but is not limited to: 1) Model input and output; 2) Computations; 3); 4) Supporting drawings; and 5) All correspondence with governmental and regulatory agencies regarding levees and water crossings. In the event a FEMA regulatory floodway is involved, the CONSULTANT shall also submit a copy of the following as appropriate: 1)FEMA flood study data; 2) Topographic maps showing revised floodway and floodplain boundaries (when

directed by the MDOT); 3) No-Rise/No-Impact certification; 4) CLOMR application (when directed by the MDOT); 5) LOMR (when directed by the MDOT); and 6) All correspondence with FEMA and the Community Floodplain Administrator.

The CONSULTANT shall submit one (1) FINAL hard copy, bound hydraulic report when required including a CD/DVD of all pertinent digital files including a color PDF of the report. The CD/DVD shall be located in the back of the report.

The CONSULTANT shall also submit the Final Hydraulic Study and recommendations to the MDOT.

#### Part 7 - FIELD INSPECTION PLANS

The CONSULTANT shall prepare and submit field inspection plans in accordance with the LPA'S format based on the approved conceptual plan. The field inspection plans shall contain, as a minimum:

- A. ROADWAY PLANS: Title sheet, typical sections, preliminary listing of pay items, plan and profile sheets showing all geometrics, profile grades, construction limits, cross-sections, preliminary earthwork quantities, preliminary permanent directional signing layout sheets, preliminary pavement marking sheets, Right-of-Way limits, size and location of all drainage structures, as well as any traffic control that will be required during construction. Cross drain structures shall be plotted on the cross sections. The Right-of-Way limits will be based on the normal border width, and will represent the actual proposed Right-of-Way for the project.

After the field review is conducted, the CONSULTANT shall provide the LPA with written updated right-of-way and construction cost estimates. These estimates shall be based on historical cost data from similar MDOT projects.

#### Part 8 - FINAL RIGHT-OF-WAY PLANS

Subsequent to the Field Inspection, the CONSULTANT shall make all necessary changes which arise during the inspection. After completion of all revisions and changes requested by the LPA, the CONSULTANT shall furnish four (4) sets of Draft Final Right-of-Way plans and one (1) set of Draft Final Right-of-Way cross-sections for review by the LPA. Allow approximately four (4) weeks for LPA review, after which time the CONSULTANT shall meet with the LPA for a Draft Final Right-of-Way review to discuss the necessary changes.

Upon completion of any and all changes, the CONSULTANT shall submit plan sheets of the project which show the Right-of-Way and all public and private utility locations and ownerships which will be affected by the construction. The CONSULTANT shall submit one (1) set of cross sections for the project. The CONSULTANT shall also provide the LPA with written update Right-of-Way and construction cost estimates. These estimates shall be based on historical cost data from similar recent MDOT projects.

The CONSULTANT shall include revised preliminary bridge drawings with the submittal of Final ROW plans.

All related electronic files for these Right-of-Way plans shall be submitted along with the plans on CD/DVD with a project description (including Project Number, Route, County) listed on the exterior of the disk along with the words "Final RIGHT-OF-WAY." In lieu of CD/DVD, the CONSULTANT may transmit the files by FTP or e-mail. The electronic CADD files may be in a compressed (zipped)

format. The CONSULTANT shall, if requested by the LPA, attend any meetings concerning the project. Any changes or revisions required as a result of the above reviews shall be considered as part of the covered work.

At the time Final Right-of-Way Plans are submitted, a copy of all hydraulic calculations (for drainage areas under 1000 acres) shall be submitted. For each cross drain, a completed Culvert Design Form from Chapter 7 of the MDOT Roadway Design Manual shall be included. For closed storm sewer systems, a network flow diagram or chart indicating flow rates in each inlet and pipe shall also be included.

The Final Right-of-Way Plans shall be accompanied by a written certification and completed checklist from the CONSULTANT that a detailed check of all geometric design items has been made prior to submission. This certification is to include criteria specified on the RWD-600, as well as design elements described in the current version of the AASHTO Policy on Geometric Design of Highways and Streets, other applicable AASHTO publications, the current version of the MDOT Roadway Design Manual, and current Roadway Design memos. Any approved Design Exceptions or Design Variances shall be noted on and attached to this certification. The plans will not be accepted without this written certification and completed checklist.

NOTE: Preliminary Right-of-Way Plans, Field Inspection Plans, Final Right-of-Way Plans and Revised Right-of-Way Plans shall be submitted in the following two formats:

- a) Black & White PDF images (22"x34.6", 400-600DPI) on CD/DVD or other approved media as described in Roadway Design Division's CADD Manual.
- b) Printed 1/2 Scale Plan Sheets.

#### Part 9 - FINAL RIGHT-OF-WAY MAPS AND DEEDS

The COMMISSION may opt to negotiate a fee with the CONSULTANT for preparation of Final Right-of-Way plans including deed research, location of property lines, preparation of acquisition (appraisal) maps and preparation of plats for conveyance and legal descriptions prepared in accordance with the Standards of Practice for Surveying in the State of Mississippi. Field staking of proposed Right-of-Way limits and easements is to be included. Not included are a title search, property acquisition and closing.

The Right-of-Way Acquisition Map is a composite mosaic of the individual parcels which are to be acquired on the project. This map is used by the appraisers and negotiators to present the information to the landowners during the acquisition phase of the Right-of-Way process. The map includes a layout sheet which locates the project on the highway, showing a Point of Beginning and an End of Project, or Work Sites in the case of bridges or intersection projects. The following sheets are generally at a scale of 1"= 100', 1"= 200', or 1"= 400' (depending on the amount of information presented and the size of the project). Each parcel to be acquired is identified by parcel number, owner name, and area of take. The remaining area is shown for the parent parcel of each take area. Also, each instrument needed to acquire the properties is identified on the maps. Instruments include Warranty Deeds (W-deeds), Quitclaim Deeds (Q-deeds), Temporary Easements (T-deeds), Permanent Easements (E-deeds) and Access Rights Deeds (G-Deeds). The maps are printed out on E-size sheets on reproducible film media when finalized to preserve the information.

The Right-of-Way Division of MDOT has Standard Operating Procedures and a Right-of-Way Manual. The CONSULTANT shall adhere to the Standard Operating Procedures and the

requirements set forth in the Right-of-Way Manual in the preparation of Maps and Deeds. The Right-of-Way Division may review any or all parts of the Maps and Deeds in order to check compliance with the Standard Operating Procedures and the Right-of-Way Manual.

The CONSULTANT acknowledges that revisions to plans and to Maps and Deeds shall be given high priority treatment, especially after the release of a complete set of Maps and Deeds. The CONSULTANT shall complete revisions to Maps and Deeds in a timely manner that will not impede the progress of the appraisal and acquisition phases of the Right-of-Way process.

#### **PHASE B: OFFICE PLANS:**

PHASE B shall consist of all services required for the production of final contract plans. The CONSULTANT shall not begin work on PHASE B until a written NOTICE TO PROCEED for PHASE B has been issued.

Roadway plans shall conform to Roadway Design Division's CADD specifications as described in Roadway Design Division's CADD USER'S MANUAL. When Field Inspection plans are submitted, all hydraulic calculations (for drainage areas under 1000 acres) shall be included.

Bridge plans shall conform to Bridge Division's CADD specifications as described in the Bridge Division CADD Manual.

Unless stated otherwise in the CONTRACT, the following specific requirements are typical for this phase:

##### **Part 1 - DESIGN CONFERENCE**

The purpose of the Design Conference is to discuss any updated procedures or policies the LPA may have enacted that would impact the final design phase of the project. These items would not be considered extra work but would help to minimize the number of corrections that are generated at the Office Review stage. The design conference may also require a visit to the project site.

##### **Part 2 – OFFICE REVIEW PLANS**

After the Office Review plans (100% plan development, pending final review) are complete, the CONSULTANT shall submit one (1) set of reproducible plans and quantity calculations in 8.5"x11" format for review by the LPA. A pdf file of the quantity calculations shall also be submitted. A final Office Review will be required and the CONSULTANT shall be required to attend. Allow approximately three (3) weeks from the submittal date of the reproducibles for scheduling and completing the Office Review. In the office review, the LPA shall review and mark the plans with all required revisions.

After the Office Review is conducted, the CONSULTANT shall provide the LPA with a written updated construction cost estimate. This estimate shall be based on the plan quantities and historical cost data for the pay items.

##### **Part 3 - FINAL CONTRACT PLANS**

The final contract plans shall include all items required in the final right-of-way plans and all other information such as, but not limited to:

- A. **ROADWAY PLANS:** Title sheet; detailed index; general notes; typical sections; summary of quantities; estimated quantities; plan-profile sheets; special design sheets; traffic control plan; complete form grades for interchange ramps, loops, and channelized intersections (in accordance with current Design Manual, at 25 feet intervals); permanent directional signing sheets that include layouts, details (signs and overhead assemblies), and estimated quantities; detailed pavement marking sheets; Right-of-Way Coordinate Sheet(s), final cross-sections; and all notes and data used to develop the plans.

Lighting plans shall include lighting layouts; legend; lighting notes; summary of quantities; estimated quantities; special design sheets and special provisions.

- B. **Submittal:** Unless otherwise specified in the CONTRACT, after all revisions have been made, the CONSULTANT shall submit the final contract plans including all survey notes, design, special provisions, estimates of cost and revised quantity computations (2 sets), Two (2) complete sets of structural design computations, Two (2) complete sets of the Bridge Load Rating Report, structure quantity estimates and all notes or other data used in development of the plans including Raw Data and ASCII coordinate files. The design computations shall be legible, neat and orderly, and properly identified and referenced. All analysis computations and pertinent sketches are understood to be part of the design computations.

The final contract plans shall be accompanied by a written certification and completed checklist from the CONSULTANT that a detailed check of the plans, including quantity computations, has been made prior to submission. This review is to include a detailed check of the earthwork quantities for any amount of earthwork, unless otherwise approved by the LPA. The CONSULTANT shall submit a list of all comments, the resolution to the comments, and one (1) PDF scan of the marked-up plans used to complete the CONSULTANT's internal quality control review to confirm that a detailed review has been performed by the CONSULTANT prior to final contract plans submittal. The plans may not be accepted without this written certification and completed checklist.

Final contract plans shall be submitted as original drawings.

All related electronic files shall be submitted with original drawings on CD/DVD with a project description (including Project Number, Route, and County) and the words "Final Plans," and the date written on the exterior of the disk. In lieu of CD/DVD, the CONSULTANT may transmit the files by FTP or e-mail. The electronic CADD files may be in a compressed (zipped) format.

The CONSULTANT shall prepare all special provisions pertinent to the intent of the plans unless the LPA has on hand suitable special provisions that will be used.

#### **TRAFFIC ENGINEERING:**

A. **PERMANENT SIGNING PLANS AND DETAILS:**

Permanent signing plans and details for new construction projects shall be developed in accordance with the requirements of the MUTCD, MDOT signing policies and practices and at the direction of the Roadway Design Division Engineer, while in consultation with the Traffic Engineering Division.

### EXHIBIT 3

#### FEES AND EXPENSES

The LPA shall pay the CONSULTANT on an actual cost-plus fixed-fee with an upset limit for the satisfactory completion of the Scope of Work set forth under "Exhibit 2", hereto, for all salaries, payroll additives, overhead, direct costs and CONSULTANT's fixed fees attributable to this CONTRACT.

Actual costs as the term is used herein shall include all direct salaries, payroll additives, overhead and direct cost. Direct salaries are those amounts actually paid to the person performing the SERVICES which are deemed reasonably necessary by the LPA for the advancement of the Scope of Work. Overtime work is not contemplated by this contract. Accordingly, direct salaries chargeable to this contract shall not include any overtime premium. Salaries for officers, principals or partners shall not increase at a rate in excess of that for other employees. Payroll additives and overhead consist of employee fringe benefits and that part of CONSULTANT's allowable indirect costs attributable to this contract. Direct Costs are those charges deemed reasonably necessary by the LPA for the successful completion of the Scope of Work which are charged directly to the project and not included in overhead.

Fixed fee as the term is used herein shall mean a dollar amount established to cover the CONSULTANT's profit and business expenses not allocable to overhead for the successful completion of the SERVICES.

#### SCHEDULE OF MAXIMUM RATES, EXPENSES & FEES:

The following schedule of rates for services will not be exceeded for all work under this CONTRACT:

##### Direct Salaries:

Direct salaries shall not exceed those amounts actually paid to an employee performing services reasonably necessary for the completion of the Scope of Work set forth under "Exhibit 2" to this contract.

All charges for services must be substantiated by supporting data, i.e. certified time sheets, daily logs, check stubs, pay vouchers, etc.

##### Payroll Additive & Overhead:

The rate, based on the CONSULTANT'S latest governmental audited rate, not to exceed two (2) years, and as approved by MDOT, for payroll additives and overhead shall be computed at 156.89 % (FOCM: 0.30 %) of direct salary cost. This rate shall be used to calculate costs under this CONTRACT and in the preparation of costs estimates for Supplemental Agreements under this CONTRACT. The estimated FOCM for cost proposals in Supplemental Agreements must be specially identified and distinguished from the other costs. Profit/Fee shall not include amounts applicable to FOCM. Final payment of these costs shall be adjusted after completion of the final audit to reflect the actual rates experienced by the CONSULTANT during the course of this CONTRACT; however, in no event shall such an adjustment allow the CONTRACT'S cost to exceed the maximum limitation stated. Said audit of the CONSULTANT will be conducted by the LPA, or the LPA's designated auditor at the conclusion of the contract in accordance with Federal and LPA requirements.

*All overhead rates submitted to MDOT for approval shall comply with the AASHTO Audit Guide, 2010, as amended. In addition, the CONSULTANT shall submit written certification in accordance with FHWA Order 4470.1A, as amended, that the indirect cost rate submitted does not include any costs which are expressly unallowable and the indirect cost rate was established only with allowable costs in accordance with the applicable cost principles contained in the Federal Acquisition Regulations (FAR) of 48 CFR part 31.*

**Direct Costs:**

The LPA will reimburse the CONSULTANT's actual documented expenses; or the amount allowable under the current edition of the MDOT State Travel Handbook, whichever is lower. Except as otherwise specifically provided herein, the procedures generally outlined in the MDOT State Travel Handbook shall govern the allowability of any expense reimbursement. (i.e. no meal reimbursement when there is no overnight stay).

All direct costs (except meals) must be substantiated by supporting data, i.e. mileage, log books, receipts, etc.

All other expenses will be reimbursed upon receipt of acceptable paid invoices.

**Fixed Fee:**

The CONSULTANT's fixed fee shall be **\$ 13,068.86**, which sum shall be paid incrementally each month in an amount determined by multiplying the total fixed fee by the project completion percentage, less any amounts previously paid for fixed fees.

**Contract Maximums:**

Under no circumstances shall the amount payable by the LPA for this assignment exceed **\$ 149,979.47** (Total of all Charges) without the prior written consent of both parties.

**Fee and Expense Summary**

| Labor Cost & Overhead | Direct Cost | Fixed Fee   | FCCM      | Sub-Consultant | Total        |
|-----------------------|-------------|-------------|-----------|----------------|--------------|
| \$108,907.13          | \$3,695.00  | \$13,068.86 | \$ 127.18 | \$24,181.29    | \$149,979.46 |

### NOTICE TO CONTRACTORS, FEDERAL-AID CONTRACT COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964 COPELAND ANTI-KICKBACK ACT, DAVIS BACON ACT CONTRACT WORK HOURS AND SAFETY STANDARDS ACT CLEAN AIR ACT, ENERGY POLICY AND CONSERVATION ACT DISADVANTAGED BUSINESS ENTERPRISES, WORKER VISIBILITY

During the performance of this CONTRACT, the CONSULTANT, for itself, its assignees and successor-in-interest (hereinafter referred to as the "CONSULTANT") agrees as follows:

1. Compliance with Regulations: The CONSULTANT will comply with the Regulations of the Department of Transportation relative to nondiscrimination in Federally-assisted programs of the Department of Transportation (Title 49, Code of Federal Regulations, Part 21, hereinafter referred to as the "Regulations"), which are herein incorporated by reference and made a part of this CONTRACT.

2. Nondiscrimination: The CONSULTANT, with regard to the work performed by it after award and prior to completion of the contract work, will not discriminate on the grounds of race, religion, color, sex, national origin, age or disability in the selection and retention of subcontractors including procurement of materials and leases of equipment. The CONSULTANT will not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the CONTRACT covers a program set forth in Appendix B of the Regulations. In addition, the CONSULTANT will not participate either directly or indirectly in discrimination prohibited by 23 C.F.R. 710.405(b).

3. Solicitations for Subcontracts, Including Procurement of Materials and Equipment: In all Solicitations, either by competitive bidding or negotiation made by the CONSULTANT for work to be performed under a subcontract, including procurement of materials or equipment, each potential subcontractor or supplier shall be notified by the CONSULTANT of the CONSULTANT's obligations under this CONTRACT and the Regulations relative to nondiscrimination on the grounds of race, religion, color, sex, national origin, age or disability.

4. Anti-kickback provisions: All contracts and subcontracts for construction or repair shall include a provision for compliance with the Copeland "Anti-Kick Back" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR, Part 3). This Act provides that each contractor or subcontractor shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The CONSULTANT shall report all suspected or reported violations to the LPA.

5. Davis Bacon Act: When required by the federal grant program legislation, all construction contracts awarded to contractors and subcontractors in excess of \$2,000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR, Part 5). Under this Act, contractors shall be required to pay wages to laborers and mechanics at a rate not less than the minimum wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages specified in a wage determination made by the Secretary of Labor. In addition, contractors shall be required to pay wages not less often than once a week.

6. Contract Work Hours and Safety Standards Act: Where applicable, all contracts awarded by or to contractors and subcontractors in excess of \$100,000 which involve the employment of mechanics or laborers shall include a provision for compliance with sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Department of Labor Regulations (29 CFR, Part 5). Under section 103 of the Act, each contractor shall be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker

is compensated at a rate of not less than 1 1/2 times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health and safety as determined under construction, safety, and health standards promulgated by the Secretary of Labor. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

7. Clean Air Act: Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857 (h)), Section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR Part 15) (Contracts and subcontracts in amounts in excess of \$100,000).

8. Energy Policy and Conservation Act: Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163).

9. Disadvantaged Business Enterprises: It is the policy of the Mississippi Department of Transportation to comply with the requirements of 49 C.F.R. 26, to prohibit unlawful discrimination, to meet its goal for DBE participation, to meet that goal whenever possible by race-neutral means, to create a level playing field, and to achieve that amount of DBE participation that would be obtained in a non-discriminatory market place. To meet that objective in any United States Department of Transportation assisted contracts, the LPA and the CONSULTANT shall comply with the "Mississippi Department of Transportation's Disadvantaged Business Enterprise Programs For United States Department Of Transportation Assisted Contracts".

Neither the CONSULTANT (Contractor), nor any sub-recipient or sub-contractor shall discriminate on the bases of race, color, national origin, or sex in the performance of this contract. The CONSULTANT (Contractor) shall carry out applicable requirements of 49 C.F.R. 26 in the award and administration of United States Department of Transportation assisted contracts. Failure of the CONSULTANT (Contractor) to carry out those requirements is a material breach of the contract which may result in the termination of this contract or such other remedies as the Mississippi Department of Transportation deems appropriate.

10. Worker Visibility: All workers within the right-of-way of a Federal-aid highway who are exposed either to traffic (vehicles using the highway for the purposes of travel) or to construction equipment within the work area shall wear high-visibility safety apparel – personal protective safety clothing that is intended to provide conspicuity during both daytime and nighttime usage, and that meets the Performance Class 2 or 3 requirements of the ANSI/ISEA 107-2004 publication entitled "American National Standard for High-Visibility Safety Apparel and Headwear" – for compliance with 23 CFR, Part 634.

## EXHIBIT 6

### **CERTIFICATION REGARDING DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS**

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS** - Certification in accordance with Section 29.510 Appendix A, C.F.R./Vol. 53, No. 102, page 19210 and 19211:

- (1) The CONSULTANT certifies to the best of its knowledge and belief that it and its principals:
  - (a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
  - (b) have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction, violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
  - (c) are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses enumerated in paragraph (f)(b) of this certification;
  - (d) have not within a three-year period preceding this application/proposal had one or more public transactions (federal, state or local) terminated for cause or default; and
  - (e) has not either directly or indirectly entered into any agreement participated in any collusion; or otherwise taken any action in restraint of free competitive negotiation in connection with this CONTRACT.
- (2) The CONSULTANT further certifies, to the best of his/her knowledge and belief, that:
  - (a) No federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a member of Congress, an officer or employee of Congress, or employee of a member of Congress in connection with the awarding of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement; and
  - (b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of Congress, or any employee of a member of Congress in connection with this CONTRACT, Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions will be completed and submitted.

The certification contained in (1) and (2) above is a material representation of fact upon which reliance is placed and a pre-requisite imposed by Section 1352, Title 31, U. S. Code prior to entering into this CONTRACT. Failure to comply shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000. The CONSULTANT shall include the language of the certification in all subcontracts exceeding \$100,000 and all sub-contractors shall certify and disclose accordingly.

I hereby certify that I am the duly authorized representative of the CONSULTANT for purposes of making this certification, and that neither I, nor any principal, officer, shareholder or employee of the above firm has:

- (a) employed or retained for commission, percentages, brokerage, contingent fee, or other consideration, any firm or person (other than a bona fide employee working solely for me or the above consultant) to solicit or secure this agreement; or
- (b) agreed, as an express or implied condition for obtaining this CONTRACT, to employ or retain the services of any firm or person in connection with carrying out the agreement; or
- (c) paid, or agreed to pay, to any firm, organization or person (other than a bona fide employee working solely for me or the above consultant) any fee, contribution, donation, or consideration of any kind for, or in connection with, procuring or carrying out the agreement; except as herein expressly stated (if any).

I acknowledge that this Agreement may be furnished to the Federal Highway Administration, United States Department of Transportation, in connection with the Agreement involving participation of Federal-Aid Highway funds, and is subject to applicable state and federal laws, both criminal and civil.

SO CERTIFIED this \_\_\_\_ day of \_\_\_\_\_, 2016.

### PRIME CONSULTANT / CONTRACTOR EEV CERTIFICATION AND AGREEMENT

By executing this Certification and Agreement, the undersigned verifies its compliance with the, "Mississippi Employment Protection Act," Section 71-11-3 of the Mississippi Code of 1972, as amended, and any rules or regulations promulgated by the LPA, Mississippi Transportation Commission [MTC], Department of Employment Security, State Tax Commission, Secretary of State, Department of Human Services in accordance with the Mississippi Administrative Procedures Law (Section 25-43-1 et seq., Mississippi Code of 1972, as amended), stating affirmatively that the individual, firm, or corporation which is contracting with the LPA has registered with and is participating in a federal work authorization program\* operated by the United States Department of Homeland Security to electronically verify information of newly hired employees pursuant to the Immigration Reform and Control Act of 1986, Pub.L. 99-603, 100 Stat 3359, as amended. The undersigned agrees to inform the LPA if the undersigned is no longer registered or participating in the program.

The undersigned agrees that, should it employ or contract with any entity(s) in connection with the performance of this CONTRACT, the undersigned will secure from such entity(s) verification of compliance with the Mississippi Employment Protection Act. The undersigned further agrees to maintain records of such compliance and provide a copy of each such verification to the LPA, if requested, for the benefit of the LPA or this CONTRACT.

170798

EEV\* Company Identification Number [Required]

The undersigned certifies that the above information is complete, true and correct to the best of my knowledge and belief. The undersigned acknowledges that any violation may be subject to the cancellation of the contract, ineligibility for any state or public contract for up to three (3) years, the loss of any license, permit, certificate or other document granted by any agency, department or government entity for the right to do business in Mississippi for up to one (1) year, or both, any and all additional costs incurred because of the contract cancellation or the loss of any license or permit, and may be subject to additional felony prosecution for knowingly or recklessly accepting employment for compensation from an unauthorized alien as defined by 8 U.S.C §1324a(h)(3), said action punishable by imprisonment for not less than one (1) year nor more than five (5) years, a fine of not less than One Thousand Dollars (\$1,000.00) nor more than Ten Thousand Dollars (\$10,000.00), or both, in addition to such prosecution and penalties as provided by Federal law.

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Karen McCarty, Grants Management  
Community Development

**Date:** 08/29/2016

**Subject:** Resolution - approving Collaboration Agreement between the City of Gulfport and Mississippi Regional Housing Authority VIII to conduct a Regional Affirmatively Further Fair Housing Assessment under the Lead of MRHAVIII, and authorizing Mayor to execute same.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE COLLABORATION AGREEMENT BETWEEN THE MISSISSIPPI REGIONAL HOUSING AUTHORITY VIII AND CITY OF GULFPORT, MISSISSIPPI, FOR THE 2020-2024 ASSESSMENT OF FAIR HOUSING, TO APPROVE AGREEMENT, TO AUTHORIZE THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY, AND FOR RELATED PURPOSES**

**WHEREAS**, the Mississippi Regional Housing Authority VIII, is a public housing authority (PHA) with a fiscal year beginning date of January 2017. The Mississippi Regional Housing Authority VIII's next 5-year PHA plan will begin in 2020.

**WHEREAS**, City of Gulfport, Mississippi is a consolidated plan program participant with a program year start date of January 1, 2017. City of Gulfport's next 5-year consolidated plan cycle will begin in 2017.

**WHEREAS**, the Program Participants are subject to the affirmatively furthering fair housing requirements found at 24 CFR §§5.150 through 5.180 and required to submit an Assessment of Fair Housing (AFH); and

**WHEREAS**, the Program Participants (the City and MRHA VIII) wish to collaborate to submit the AFH pursuant to a Collaboration Agreement attached hereto as Exhibit "A"; and

**WHEREAS**, the governing authority hereby finds that entry into the Collaboration Agreement attached hereto as Exhibit "A" is in the best interest of the City of Gulfport.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:**

**Section 1.** That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**Section 2.** That the Collaboration Agreement attached hereto as Exhibit "A" be and the same is hereby approved in the form attached hereto as Exhibit "A" and that the Mayor be and he is hereby authorized to execute the same on behalf of the City of Gulfport.

**Section 3.** That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and ready by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

### **Please place the following items on the September 6, 2016 Council Agenda:**

Resolution to approve Collaboration Agreement between the City of Gulfport and Mississippi Regional Housing Authority to conduct HUD required Affirmatively Furthering Fair Housing Assessment (AFFH), with MRHAVIII as the Lead Entity. The Regional AFFH will be due April 6, 2019. The CDBG and HOME Programs will also change its current Consolidated Plan Years of 2012-2017 to 2015-2019 and all future plan years, to match that of MRHAVIII, the Lead Entity, as required under the program guidelines. City of Gulfport and MRHAVIII currently utilize the same program years, thus no changes will be required.

Funding Source: Community Development Block Grant and HOME Programs.

COLLABORATION AGREEMENT  
BETWEEN THE  
MISSISSIPPI REGIONAL HOUSING AUTHORITY VIII  
AND  
CITY OF GULFPORT, MISSISSIPPI  
FOR  
THE 2020-2024 ASSESSMENT OF FAIR HOUSING

THIS AGREEMENT, entered this \_\_\_\_ day of \_\_\_\_\_, 2016 by and between the Mississippi Regional Housing Authority VIII (herein called the "Housing Authority ") and City of Gulfport, Mississippi (herein called the "City ") (collectively referred to as "Program Participants").

WHEREAS, the Mississippi Regional Housing Authority VIII, is a public housing authority (PHA) with a fiscal year beginning date of January 2017. The Mississippi Regional Housing Authority VIII's next 5-year PHA plan will begin in 2020.

WHEREAS, City of Gulfport, Mississippi is a consolidated plan program participant with a program year start date of January 1, 2017. City of Gulfport's next 5-year consolidated plan cycle will begin in 2017.

WHEREAS, the Program Participants are subject to the affirmatively furthering fair housing requirements found at 24 CFR §§5.150 through 5.180 and required to submit an Assessment of Fair Housing (AFH); and

WHEREAS, the Program Participants wish to collaborate to submit the AFH;

NOW, THEREFORE, it is agreed between the parties hereto that:

LEAD ENTITY

The Mississippi Regional Housing Authority VIII will serve as the lead entity of the collaboration and will be responsible for submitting the joint and/or regional AFH on behalf of all the collaborating Program Participants.

PROGRAM YEAR/FISCAL YEAR ALIGNMENT

Collaborating Program Participants will, to the extent practicable, align their consolidated plan program year start date(s) and/or PHA plan fiscal year beginning date(s) in accordance with the regulations at 24 CFR 91.10, for consolidated plan program participants, or 24 CFR part 903, for PHAs. If alignment of program year(s) or fiscal year(s) is not possible, the AFH will be submitted in accordance with the lead entity's consolidated plan program year start date or PHA plan fiscal year beginning date (as applicable).

CONSOLIDATED PLANNING/PHA PLANNING CYCLE ALIGNMENT

Collaborating Program Participants will, to the extent practicable, align their consolidated planning cycle(s) and/or PHA planning cycle(s) in accordance with the regulations at 24 CFR part 91, for consolidated plan program participants, or 24 CFR part 903, for PHAs. If alignment of consolidated planning cycle(s) or PHA planning cycle(s) is not possible, the AFH will be submitted in accordance with the lead entity's consolidated plan cycle or PHA plan cycle.

## ROLES/RESPONSIBILITIES OF PROGRAM PARTICIPANTS

### Assessment of Fair Housing

Program Participants will be accountable for their individual analysis, goals, and priorities relevant to their geographic area to be included in the joint AFH. All program participants shall be equally accountable for the analysis and any joint goals and priorities. Program participants will share equally in the responsibilities of completing sections of the AFH with the exception of those specifically identified below:

#### Program Participant #1

1. Section V. *Fair Housing Analysis, subsection C. Publicly Supported Housing Analysis*
2. Oversee the submission of the joint AFH on behalf of all collaborating program participants by the April 6, 2019 deadline.

#### Program Participant #2

1. Section V. *Fair Housing Analysis, subsection A. Demographic Summary*
2. Section V. *Fair Housing Analysis, subsection B. General Issues*
3. Section V. *Fair Housing Analysis, subsection E. Fair Housing Enforcement, Outreach Capacity, and Resources*

No one program participant shall be responsible for the individual portions of the other program participant. The joint AFH does not relieve either program participant from its obligation to analyze and address local and regional fair housing issues and contributing factors that affect fair housing choice and to set priorities and goals for its geographic area to overcome the effects of contributing factors and related fair housing issues.

Each collaborating program participant must sign the AFH to be submitted to the U.S. Department of Housing and Urban Development (HUD). The authorized representative of each program participant must sign and date applicable certification(s).

## COSTS

Program Participants shall be responsible for any costs related to their individual analysis and goals, including but not limited to research, community participation, printing, documentation and advertisement. However, if services are rendered to all Participating Participants, such as, but not limited to Consultants, Community Participation, printing, documentation and advertisement, etc. then costs will be divided to the percentage of the jurisdictional boundaries of each Program Participant.

## WITHDRAWAL

Program participants may withdraw from this Agreement by setting forth the reasons for such withdrawal and the effective date in writing. Written notification of withdrawal shall be giving at least fifteen (15) business days prior (by hand delivery or posting in the U.S. mail) to the affected program participants.

The withdrawing Program Participant must promptly notify HUD of its withdrawal from the collaboration. A withdrawal will impact the date on which an AFH submission is due. HUD will work with the affected program

participants to determine whether a new submission date is needed for either the withdrawing participant or remaining participants. As necessary, HUD will establish a new submission date.

#### SEVERABILITY

If any provision of this Agreement is held invalid, the remainder of the Agreement shall not be affected thereby and all other parts of this Agreement shall nevertheless be in full force and effect.

#### SECTION HEADINGS AND SUBHEADINGS

The section headings and subheadings contained in this Agreement are included for convenience only and shall not limit or otherwise affect the terms of this Agreement.

#### WAIVER

A Program Participant's failure to act with respect to a breach by another Program Participant does not waive its right to act with respect to subsequent or similar breaches. The failure of the Program Participant to exercise or enforce any right or provision shall not constitute a waiver of such right or provision.

#### ENTIRE AGREEMENT

This Agreement between the Program Participants for the submission of the 2020 AFH, supersedes all prior or contemporaneous communications and proposals, whether electronic, oral, or written between the Program Participants with respect to this Agreement. By way of signing this agreement, the Program Participants are bound to perform the agreements within this agreement. Any amendment to this agreement must be submitted to HUD.

IN WITNESS WHEREOF, the Parties have executed this contract as of the date first written above.

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Margaret Murdock, Assistant Attorney  
Administration

**Date:** 08/29/2016

**Subject:** Resolution - approving Lease Agreement between the City of Gulfport and the Mississippi Department of Public Safety for property located at 12188 Hwy. 49, and authorizing the Mayor to execute the same.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE LEASE AGREEMENT BETWEEN THE CITY OF GULFPORT AND THE MISSISSIPPI DEPARTMENT OF PUBLIC SAFETY, TO AUTHORIZE THE MAYOR TO EXECUTE AND DELIVER THE SAME ON BEHALF OF THE CITY OF GULFPORT, AND FOR RELATED PURPOSES**

**WHEREAS**, the City of Gulfport, in 2015, entered into a Memorandum of Lease Agreement to lease the surplus municipal real property located at 12188 Highway 49, including improvements thereon (Tax Parcel No. 0808E-02-030.054) to the Mississippi Department of Public Safety for the purpose of locating a Mississippi Highway Patrol Drivers Services Office in the City of Gulfport; and

**WHEREAS**, the Lease Agreement provides that the property and improvements noted above shall be leased by the City to the Department at a rental rate of \$0.00 per month, except during a twelve (12) month reimbursement period during which time amount expended by the City to renovate or repair the structure located on the leased property would be reimbursed to the City by the Department in twelve (12) equal installments (monthly rent), pursuant to an amendment to be approved and executed by the City and the Department; and

**WHEREAS**, initial renovation and repair work has now wrapped up at a total cost of \$25,930.42, and it is necessary to enter into Amendment No. 1 to the Memorandum of Lease Agreement to establish the rent payments during the twelve (12) month reimbursement period; and

**WHEREAS**, in order for the State of Mississippi to begin issuing the payments for the renovation and repair work noted above, it is required that they have on file their standard "Lease Agreement".

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:**

**Section 1.** That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**Section 2.** That the proposed Lease Agreement between the City of Gulfport and the Mississippi Department of Public Safety be and the same is hereby found to be in the best interest of the City of Gulfport and is approved in the form as attached hereto as Exhibit "A" and the Mayor is hereby authorized to execute and deliver the same on behalf of the City of Gulfport.

**Section 3.** That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and ready by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

MAYOR

LEASE AGREEMENT

## State of Mississippi Standard Form

This Lease Agreement entered into on this the 5th day of May, 2016, which is on or after the date the Public Procurement Review Board approved this Lease by and between City of Gulfport, whose address is 1410 24th Avenue Gulfport, MS 39501, (hereinafter referred to as "Lessor"), and the Mississippi Department Public Safety (MDPS), whose address is 1900 East Woodrow Wilson Jackson, MS 39216, (hereinafter referred to as "Lessee"). The terms "Lessor" and "Lessee" shall include, whenever the context admits or requires, singular or plural, the heirs, legal representatives, successors and assigns of the respective parties.

## WITNESSETH

FOR AND IN CONSIDERATION of the rental, covenants and conditions hereinafter stipulated to be paid and performed by Lessee, Lessor does hereby demise and let unto Lessee and Lessee does hereby accept and let from Lessor, the following described property situated in the City of Gulfport, County of Harrison, State of Mississippi, described as follows, to-wit:

Office Space located at 12188 Highway 49, Gulfport, MS 39503

SECTION 1. The primary term of this Lease (defined for the purpose of this Lease as that period of time for which rent is to be paid) shall be for 3 years and 10 months, commencing on May 5, 2016, and ending at 12:00 midnight on March 17, 2020. The Lessor agrees that should the above described space not be prepared for occupancy per the specifications agreed between Lessor and Lessee by the first day of the primary term of this Lease, the rent will be prorated accordingly or the Lease may be voided at the option of the Lessee.

SECTION 2. The Lessee agrees to pay One Dollars (\$1) per Year to the Lessor for the demised premises, pursuant to the following schedule:

SECTION 3. The Lessee shall have, hold and use the demised premises for the purposes of conducting the business activities of MS Dept of Public Safety Driver License Office.

SECTION 4. The Lessee will, at all times, attempt to act in a prudent manner to conserve the amount of utilities consumed. The Lessor shall furnish and pay for, as and when due, all utilities consumed or used incidently to the demised premises, such as electricity, gas, water, sewer and all other public utilities of every nature, kind and description, or, only those utilities listed on the following lines:

SECTION 5. The Lessee will, at all times, take good and ordinary care and precaution for the preservation of the demised premises. The Lessor shall furnish the following janitorial services:

SECTION 6. The Lessor shall pay, during the term of this Lease and any extended term hereof, all state, county and city ad valorem taxes and special assessments assessed against the property herein demised excluding any such taxes as may be assessed against Lessee's fixtures and equipment used in said demised premises.

SECTION 7. In the event that escalations for Lessor's expenses are to be incorporated as a provision of this Lease, only those escalations listed, and under terms as described by the attachment of a "State of Mississippi Standard Escalation Agreement," will be acceptable.

SECTION 8. Any notice required to be given by either party to the other party under the terms of this Lease shall be served upon such party by United States Certified Mail, as follows:

To Lessor: City of Gulfport  
1410 24th Avenue  
Gulfport, MS 39501

To Lessee: MS Department of Public Safety  
1900 East Woodrow Wilson  
Jackson, MS 39216

SECTION 9. It is expressly understood and agreed that the Lessee's assumption of occupancy and the payment of rent is conditional on the receipt of Federal and/or State funds, and in the event of a discontinuance or decrease in Federal and/or State funds, and in the event of a discontinuance or decrease in Federal and/or State funds for any cause necessitating a reduction in the Lessee's staff or need for space, the Lessee's obligation for the payment of rent shall be diminished in proportion to the reduction in space without penalty or interest or the Lease may be terminated. The Lessee shall notify the Lessor at least thirty (30) days in advance of any reduction in space or termination of the Lease necessitated by the discontinuance or decrease in Federal and/or State funds.

SECTION 10. It is distinctly understood and agreed by and between the parties hereto that in the event space becomes available to the Lessee herein in any State-owned building, this Lease shall be terminated within thirty (30) days from and after the date of written notice of termination of said Lease by the Lessee to the Lessor and the terms contained herein shall become null and void without further consideration by Lessee.

SECTION 11. The Lessee shall not, without the previous consent in writing of the Lessor, assign this Lease or sublet the whole or any part of the demised premises or any part thereof to be used or occupied by others, which consent by Lessor shall not be unreasonably withheld. In the event Lessor consents to any such assignment or subletting, Lessee shall remain and continue primarily liable for the performance of the covenants and obligations on his part to be performed under this Lease during the primary or any extended term hereof.

SECTION 12. The Lessor agrees to keep the building improvements erected on the demised premises insured against loss or damage by fire and all standard extended coverage perils for the full, fair insurable value thereof in a solvent and responsible company or companies authorized to do business in the State of Mississippi. The Lessor agrees to hold Lessee harmless and indemnified against any liability for injury or death to any person or damage to property in or upon the leased premises not caused directly by an act or omission of the Lessee or employee, agent, or patron of the Lessee.

SECTION 13. At the expiration of the tenancy hereby created and any extended term thereof, Lessee shall surrender the leased premises in the same condition as the leased premises were in upon delivery of possession thereto under this Lease, reasonable wear and tear excepted, and damage by unavoidable casualty excepted. Lessee's obligation to observe or perform this covenant shall extend past the expiration or other termination of this Lease for not more than thirty (30) days. Any claims of Lessor against Lessee under this section must be delivered in writing to the Lessee as specified in Section 8 no later than thirty (30) days after the expiration or termination of this Lease.

SECTION 14. The Lessor covenants to keep and maintain, at Lessor's expense, said demised premises and facilities in a state of tenantable repair during the term of the Lease. Lessor shall not be called upon to make any such repairs occasioned by the acts of negligence of the Lessee, its agents, patrons, or employees, except where covered under Lessor's fire and extended coverage insurance. Lessor shall supply at Lessor's expense all filters, freon, and parts for the heating and cooling equipment and all bulbs, lamps, tubes and starters needed for light fixtures. All repairs at Lessor's expense shall include, but not be limited to (1) keeping the heating and cooling equipment operational so that temperatures remain between 68 and 78 degrees Fahrenheit; (2) maintaining elevators so as to operate safely; (3) maintaining all doors, locks and windows to operate properly; (4) maintaining all electrical equipment and plumbing pipes and fixtures to operate properly; (5) maintaining all fire and safety equipment as required by local code; (6) maintaining roof and exterior of building to prevent leaking water.

Should, at any time during the term of this Lease, hazardous material, chemical, or odor be discovered in the leased building in amounts determined by the Mississippi Department of Environmental Quality to be unacceptable, the Lessor will have sixty (60) days from the date of written notice by the Lessee to satisfactorily dispose of the hazardous material, chemical, or odor or the Lessee may terminate the Lease after sixty (60) days with no penalty to the Lessee.

SECTION 15. Should the demised building be totally or substantially destroyed by fire, the elements or otherwise, so as to render the demised building untenable, either party shall have the option to cancel the remaining portion of this Lease or of any extended term or period hereof. Lessee shall have no obligation to pay rent of any nature so long as the demised building is untenable. Lessor may offer comparable space under the same terms and conditions as this Lease, subject to Lessee's approval.

SECTION 16. Failure on the part of the Lessee to pay any installment of rent when the same comes due and payable, or failure of either Lessee or Lessor promptly and faithfully to keep and perform each and every covenant agreed and stipulated herein on the part of the Lessee or Lessor to be kept and performed, shall at the option of the Lessor or Lessee cause a forfeiture of this Lease.

Nothing contained in the foregoing paragraph shall be construed to waive either party's right to cancel this Lease in the event of any forfeiture or breach on the part of the other party hereto, all of which rights or cancellation are herein specifically reserved.

Prior to a declaration of forfeiture for default in payment of rent or additional rent, Lessor shall give to Lessee a Notice in writing thirty (30) days prior thereto in the manner provided for by Section 8 hereof, during which time Lessee may purge itself of the grounds of forfeiture by paying such rent. As to default by Lessee in performing covenants other than for payment of rent prior to a declaration of forfeiture, Lessor shall give to Lessee a notice in writing thirty (30) days prior thereto in the manner provided for by Section 8 during which time Lessee may purge itself of the grounds of forfeiture by curing the stated grounds of forfeiture within such thirty (30) days or within such longer term as may be reasonably necessary to cure such defect.

SECTION 17. Lessor covenants that the Lessee, on paying the rent herein determined, and performing the covenants and agreements hereof, shall peaceably have, hold and enjoy the demised premises and all rights, easements and privileges belonging or otherwise pertaining thereto, during the full term of this Lease, and any extension thereof.

SECTION 18. Lessor will provide paved parking area sufficient for the operation of said agencies on the leased premises, without additional cost to Lessee. Lessor will maintain such parking lot throughout the term of this Lease and any extension thereof in a serviceable condition. Lessor will reserve \_\_\_\_\_ spaces exclusively for the Lessee.

Lessor agrees to keep all parking areas provided to Lessee clean and free of trash and debris.

SECTION 19. Lessor hereby grants to Lessee the right and option to extend this Lease for a further term of up to three (3) months commencing at the expiration of the original term; provided, however, that written notice of the exercise of such option shall be given by Lessee to Lessor at least thirty (30) days before the expiration of the term of this Lease. Such extension shall be at the same annual rental rate as that provided herein for the last year of the original term and the actual rental amount shall be prorated according to the length of the additional term. All other terms and conditions set out herein shall be in effect during the term of the extension.

SECTION 20. Any request for amendments or modifications to this Lease by the Lessor or Lessee must be listed below in this section or on an addendum to this Lease as noted by listing such addendum in this section. Approval of any amendments or modifications of this Lease will become valid and made a part of this Lease only when approved by the Division of General Services, a/k/a Department of Finance and Administration through the Bureau of Building, Grounds and Real Property Management, and the Public Procurement Review Board, as evidenced by the signature of its Administrator. \*\*From 5/5/2016 to 4/30/2017 MDPS will pay the City of Gulfport \$2,160.87 per month. After this period MDPS will pay the City of Gulfport \$1.00 per year until the termination of this lease.

Approved \_\_\_\_\_ Disapproved \_\_\_\_\_ Date: \_\_\_\_\_

Division of General Services, a/k/a Department of Finance and Administration through the Bureau of Building, Grounds and Real Property Management

By: \_\_\_\_\_ Title: RPM Director

SECTION 21. This Lease will not become valid and binding until approved in writing by the Division of General Services, a/k/a Department of Finance and Administration through the Bureau of Building, Grounds and Real Property Management, and the Public Procurement Review Board. No amendment to or modification of this Lease shall become valid and binding until approved in writing by the Division of General Services, a/k/a Department of Finance and Administration through the Bureau of Building, Grounds and Real Property Management, and the Public Procurement Review Board

SECTION 22. Lessor covenants that the demised premises included in this Lease are in compliance with the Americans with Disabilities Act, 1990, Federal and State laws, and local ordinances. At the sole discretion of the Lessee, failure to comply may result in the termination of this Lease by Lessee.

The Lessor warrants that the buildings covered by this Lease comply with all state and local building codes and all zoning ordinances and subdivision covenants.

SECTION 23. The Lessor or Lessors herein warrant that this Lease will be in compliance with Section 25-4-103 and 25-4-105 of the Mississippi Code of 1972, as amended. Should it be determined during the term of this Lease that the Lessor or Lessors are not in compliance with said statutes, the Lessee may terminate this Lease with a written thirty (30) days notice to Lessor with no penalty to the Lessee.

SECTION 24. The Lessee and Lessor may terminate this Lease, upon mutual agreement. The Lessee and Lessor shall agree in writing as to the said termination, specifying the part of the Lease terminated and when the termination becomes effective, with notification to the Bureau of Building, Grounds and Real Property Management. This Section does not affect the Sections herein that pertain to default and/or failure to comply with Lease provisions and pertains only to cancellation and/or termination of Lease, upon mutual agreement of the parties.

SECTION 25. "Contractor" in this Section shall mean Professional, Vendor, Architect, Engineer, Lessor, etc.

The State agrees to make payment in accordance with Mississippi law on "Timely Payments for Purchases by Public Bodies", Section 31-7-301, et seq. of the Mississippi Code of 1972, as amended, which generally provides for payment of undisputed amounts within forty-five (45) days of receipt of the invoice.

The State requires the Contractor to submit invoices electronically throughout the term of the agreement. Vendor invoices shall be submitted to the state agency using the processes and procedures identified by the State. Payments by state agencies using the Statewide Automated Accounting System (SAAS) shall be made and remittance information provided electronically as directed by the State. These payments shall be deposited into the bank account of the Contractor's choice. Contractor understands and agrees that the State is exempt from the payment of taxes. All payments shall be in United States currency.

No payment, including final payment, shall be construed as acceptance of defective or incomplete work, and the Contractor shall remain responsible and liable for full performance.

The Contractor represents and warrants that it will ensure its compliance with the Mississippi Employment Protection Act, Section 71-11-1, et seq of the Mississippi Code Annotated (Supp 2008) and will register and participate in the status verification system for all newly hired employees. The term "employee" as used herein means any person that is hired to perform work within the State of Mississippi. As used herein, "status verification system" means the Illegal Immigration Reform and Immigration Responsibility Act of 1996 that is operated by the United States Department of Homeland Security, also known as the E-Verify Program, or any other successor electronic verification system replacing the E-Verify Program. The Contractor agrees to maintain records of such compliance, and upon request of the State and approval of the Social Security Administration or Department of Homeland Security, where required, to provide a copy of each such verification to the State. The Contractor further represents and warrants that any person assigned to perform services hereunder meets the employment eligibility requirements of all immigration laws of the State of Mississippi. The Contractor understands and agrees that any breach of these warranties may subject the Contractor to the following: (a) termination of this Agreement and ineligibility for any state or public contract in Mississippi for up to three (3) years, with notice of such cancellation/termination being made public, or (b) the loss of any license, permit, certification or other document granted to the Contractor by an agency, department or governmental entity for the right to do business in Mississippi for up to one (1) year, or (c) both. In the event of such termination/cancellation, the Contractor would also be liable for any additional costs incurred by the State due to the contract cancellation or loss of license or permit."

IN WITNESS WHEREOF, this Lease Agreement has been duly executed in duplicate originals on the date hereinabove set forth.

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Kris Riemann, Director  
Engineering

**Date:** 08/29/2016

**Subject:** Resolution - approving Contract with Covington Civil and Environmental, Inc. for Hurricane or Tropical Storm Debris Pre-Event Monitoring and authorizing the Mayor to execute the same.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL TO APPROVE CONTRACT FOR DEBRIS REMOVAL MONITORING SERVICES, TO APPROVE CONTRACT, TO AUTHORIZE THE MAYOR TO EXECUTE THE SAME ON BEHALF OF THE CITY, AND FOR RELATED PURPOSES**

**WHEREAS**, the City of Gulfport is located in an area of the Gulf Coast that, from time to time, is impacted by tropical systems from the Gulf of Mexico and sustains, to varying degrees, damage to structures and/or vegetation that requires coordinated debris removal activities; and

**WHEREAS**, integral to a successful debris removal program is comprehensive monitoring to ensure accuracy in work and record keeping; and

**WHEREAS**, the City of Gulfport requested proposals for debris monitoring services and, ultimately, recommends for approval a contract with Covington Civil and Environmental, Inc. (hereinafter, Covington), for debris removal monitoring services; and

**WHEREAS**, ta proposed contract between the City and Covington for debris removal monitoring services is attached hereto as a part of Exhibit “A” ;

**WHEREAS**, the governing authority hereby finds that entry into the Contract for Debris Removal Monitoring Services as attached hereto in Exhibit “A” is in the best interest of the City of Gulfport.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:**

**Section 1.** That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**Section 2.** That the Contract for Debris Removal Monitoring Services attached hereto as a part of Exhibit “A” be and the same is hereby approved in the form attached hereto in Exhibit “A” and that the Mayor be and he is hereby authorized to execute the same on behalf of the City of Gulfport.

**Section 3.** That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and ready by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**AYES**

**NAYS**

**ABSENT**

**WHEREUPON**, the President declared the motion carried and the Resolution adopted this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**(SEAL)**

**PRESIDENT**

The above and foregoing Ordinance was submitted to and approved by the Mayor, this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**APPROVED:**

\_\_\_\_\_  
**MAYOR**

# Memorandum – City of Gulfport

**To:** Connie Debenport, Purchasing  
**CC:** Mayor Billy Hewes  
Dr. John Kelly, CAO  
Wayne Miller, P.E., Public Works  
Linda Elias, Finance  
**From:** Kris Riemann, P.E. *RKR*  
**Date:** 8/24/16  
**Re:** **Recommendation to Approve Contract for Pre-Event Monitoring for Hurricanes or Tropical Storms**  
**- Covington Civil & Environmental, LLC.**

---

Attached for your consideration is contract for Pre-event Monitoring with Covington Civil & Environmental, LLC. The duration of the contract shall be for a period of one (1) year with an extension of up to three (3) years. We shall enter into a pre-event contract, which would result in no immediate cost to the City.

The Debris Monitor shall assist the City of Gulfport in its emergency debris management and planning by monitoring the field operations regarding all storm generated debris; debris pickup, debris hauling, debris staging and reduction, temporary site management, debris management, and final disposal of debris to an approved facility in order to eliminate immediate threats to life, public health and safety, and assist in the economic recovery to the City in the event of a natural or man-made catastrophe.

The contract once initiated within a federal declared emergency will save the City 2% toward the required 25% match. Normally FEMA pays 75%, State at 12.5% and the City is 12.5%. This 2% discount will reduce the City's portion to 10.5%.

I recommend approval, contingent on the approval of the Mississippi Emergency Management Agency/Federal Emergency Management Agency. Please place this item on the September 6, 2016 Council Agenda.

1. Pre-Event Monitoring Contract

## **CONTRACT FOR DEBRIS REMOVAL MONITORING SERVICES**

This Contract for Debris Removal Monitoring Services ("Contract") is made and effective this \_\_\_ day of August, 2016 by and between the City of Gulfport, Mississippi ("City") through its Office of Procurement whose address is 1410 24th Avenue, Gulfport, MS 39501 and Covington Civil & Environmental, LLC ("Consultant") whose address is 2510 14th Street, Suite 1010, Gulfport, MS 39501.

WHEREAS, City issued a Request for Proposals for debris monitoring services to assist the City of Gulfport in its emergency debris management and planning by monitoring the field operations regarding all storm generated debris; debris pickup, debris hauling, debris staging and reduction, temporary site management, debris management, and final disposal of debris to an approved facility in order to eliminate immediate threats to life, public health and safety, and assist in the economic recovery to the City in the event of a natural or man-made catastrophe on May 20, 2016;

WHEREAS, Consultant submitted its Proposal for Debris Removal Monitoring Services, including a Qualifications Proposal and a Cost Proposal, on June 21, 2016; and,

WHEREAS, City issued a Notice of Award to Consultant on August 24, 2016.

NOW THEREFORE, in consideration of the premises and agreements contained herein, the receipt and sufficiency of which are hereby acknowledged, the parties mutually agree as follows:

### **1. Term and Contingency Contract.**

**Term.** The term of this Contract ("**Term**") shall commence on September 6, 2016 ("**Commencement Date**") and shall expire (unless sooner terminated as herein provided) on December 31, 2020.

**Cessation of City's Obligation As a Matter of Law.** The Governing Authority of the City elected for a term of office beginning in July 2017, may act to renegotiate or cease funding of or void this Contract with or without cause at any time after officially commencing to serve its term of office. Unless and until official action, if any, to renegotiate or terminate or void this Contract is taken by the newly elected Governing Authority, and reasonable notice is given by City to Consultant thereof, said Contract shall remain in full force and effect until expiration of the-term as provided herein or approved extensions hereof.

City and Consultant acknowledge and agree this Contract is a contingency contract in that it will be activated only in the event of an emergency. As such, no compensation will accrue to the Consultant unless and until the Contract is activated either in anticipation of a natural disaster or immediately after such disaster.

## **2. Scope of Services – Emergency Debris Removal Monitoring.**

The Consultant shall provide all services described herein including, but are not limited to, monitoring the following – field operations regarding all storm generated debris; debris pickup, debris hauling, debris staging and reduction, temporary debris storage site management, debris management, and final disposal of debris to an approved facility (“Services”). Roads and other City facilities will be identified by the City and direction will be given to the Consultant for clearing these roads and facilities and act in accordance with the City Debris Management Plan. The City reserves the right to add or remove highway segments at the direction of the Debris Manager. While this Contract scope provides for debris removal work off the state road system, no work on or off the State Road System is guaranteed. The City, at its sole discretion, may elect to perform work with in house forces or other contract forces, or may cancel this contract at any time if in the best interest of the City.

Consultant shall be responsible for tracking all of the Contract costs and adhering to the ‘not to exceed’ limit as defined. Proper notification must be given to the City as costs approach this limit.

Consultant shall begin providing Services upon authorization by the City. No guarantee on minimum or maximum amounts per items bid is made under this Contract. No adjustment to bid prices will be considered due to increases or decreases in estimated quantities or fuel costs.

In the event of impact of another City or City, the terms and conditions of this Contract may apply to work in the affected City or City.

## **3. Definitions.**

Debris Management Team – The team staffed by the City of Gulfport, Debris Monitoring Consultant and the CONTRACTOR.

Debris Monitoring Consultant – A Consultant retained by the City to manage administrative aspects of the recovery process including processing FEMA submittals.

Debris – Scattered items and materials, broken, destroyed, or displaced by a disaster. Example: trees, construction and demolition material, personal property.

FEMA – Federal Emergency Management Agency

FHWA – Federal Highway Administration

MEMA – Mississippi Emergency Management Agency

TDSRS – Temporary Debris Staging and Reduction Sites

#### **4. Statement of Work.**

##### **A. Administration**

1. The Consultant shall ensure daily reports are provided to the City Debris Manager or designee and other key City personnel within a minimum number of hours requested by the Debris Manager. The Consultant shall ensure that debris monitors report within a minimum number of hours after the disaster event.
2. It is the responsibility of the Consultant to assist the Department in performing:
  - a) Contract Administration
  - b) Damage Assessment
  - c) Environmental Permitting of temporary debris management sites
  - d) Truck Certification
  - e) Debris Removal Monitoring
  - f) Quality Assurance and Quality Control of all documentation pertaining to debris removal monitoring.
  - g) Assist the Department in responding to public inquiries.
  - h) Be available to address questions from FEMA and FHWA both during and after Services have been performed.
3. Provide assistance as needed pre-event.

##### **B. Debris Monitoring Operations**

The Consultant shall coordinate with the City to schedule debris removal monitoring and contractor operations. The Consultant shall provide the following:

Project Manager who shall be responsible for the overall project management and coordination of the debris monitoring services required to oversee the debris removal operations. The Project Manager shall be the point of contact to the City. The Project Manager shall assign Field Operations Manager(s) to oversee the debris removal contractor(s), monitors, and a Data Manager to provide supervision of the data entry operations and documentation process.

Project Manager duties include but are not limited to the following:

1. Ensure a sufficient number of trained debris monitors are available to monitor the “first push” (cut & toss) operations.
2. Ensure a sufficient number of trained debris monitors are available to monitor all “first pass” and subsequent passes of debris removal and hauling activities.
3. Provide tower / disposal site monitors to observe and record all debris loads entering the temporary debris management sites.
4. Provide tower / disposal site monitors to observe and record all debris loads exiting the temporary debris management sites for final disposal.
5. Provide data entry and document processing personnel if applicable.
6. Conduct safety meetings with field staff, as necessary.
7. Respond to and document issues regarding complaints, damages, accidents or incidents involving the Consultant or Contractor personnel and ensure that they are fully documented and reported.
8. Coordinate daily briefings with the City and the debris removal contractor(s), daily status reports of work process and staffing.
9. Ensure the documentation of environmental authorizations and/or permits for temporary debris management sites and final disposal.
10. Review and reconcile debris removal contractor invoices submitted to the City.
11. Preparation of interim operations and status reports and final report, as directed by the City.

### **C. Field Monitoring**

The Consultant shall provide trained staff in sufficient numbers to adequately monitor all operations supervised by Field Operations Managers. Duties of monitors shall include, but are not limited to, the following:

1. Truck certification and documentation of all vehicles used in the debris removal activities.
2. Quality assurance / quality control (QA/QC) of truck certification measurements throughout life of project.
3. Provide monitoring services and documentation of all eligible debris removal activities from Federal Aid eligible roadways – First Push (Cut & Toss) and First Pass.
4. Provide monitoring services and documentation of all eligible debris removal activities on non-Federal Aid eligible roadways, As Directed by the City– First Push (Cut & Toss) and First Pass.
5. Provide monitoring services and documentation of all eligible debris removal activities from second and subsequent passes on all roadways, As Directed by the City.
6. Ensure that ineligible debris is not collected by the debris removal contractor, unless directed in writing by the City.

7. Disposal Site / Tower Monitors will observe and record the truck quantity estimates of inbound and outbound debris.
8. Exit Site Monitors will observe that all outbound trucks are fully discharged of their load prior to exit of the temporary debris management site.
9. Monitors will ensure that accurate, legible, and complete documentation is provided through load tickets, truck certifications, and/or other logs and reports, as required.
10. Maintain photo documentation of the debris removal trucks and activities, specifically of the hazardous stump removal process, hangers, leaners, or tree removal and/or other special or unusual occurrences in the field.
11. Document and report activities to the City which may require remediation, such as: fuel spills, hazardous materials collection locations, and other similar environmental concerns.
12. Document and report to the City damages which occur on public or private property as a result of the debris removal operations.
13. Document and report to the City any violations of Department of Environmental Protection's (DEP) debris site conditions.
14. If DEP debris site conditions are violated the Consultant shall oversee tasks sufficient to satisfy the DEP performed by the debris removal contractor.

**D. Data Management and Documentation**

The Consultant shall ensure all necessary documentation is provided as follows:

1. Ensure all eligible debris removal operations activities are documented and tracked specific to the FHWA-ER program, the FEMA PA program or other applicable Federal, state or local agencies.
2. Documentation of the number of crews and types of equipment utilized, actual hours of operation, and locations of work performed during the time and materials phase of operations.
3. Completion of truck certifications, equipment certifications, and establishment of a QA/QC program throughout the life of the project.
4. Load tickets documenting the eligible debris removal and/or disposal activities by the applicable program FHWA – ER or FEMA PA, and/or other federal, state or local programs as outlined in and in accordance with the Debris Management Plan.
5. Documentation of eligible hazardous stump removal, hangers, leaners, or tree removal which includes photos, GPS coordinates street or milepost identifier, and/or other information as available and applicable.
6. Environmental authorizations and/or permits, as applicable.
7. Daily electronic spreadsheet summaries of cubic yards / tons collected by Federal program. The daily summary shall be communicated to the City Emergency Coordination Officer (CECO) or designee.

8. Production in electronic format (scanned) and paper copies of all documentation for submittal to Federal and/or State agencies.
9. Provide certified weigh master if necessary.
10. Assist the City in creating field maps using GIS, as well as track and present contractor progress in GIS.
11. Organize, maintain, and provide the City electronic copies of documentation in a satisfactory manner. All documentation and information related to the project shall be surrendered to the City upon completion of the project.

The Consultant may exercise the option to utilize electronic debris monitoring.

#### **E. Equipment Requirements**

1. Data Storage Media – Debris management data will be stored and transferred on encryption protected removable data storage media. All data media will be provided by the Consultant. Data must include a unique user ID which identifies the user's role, limits the user's ability to collect or validate information, etc. and employs an anti-tampering mechanism. Consultant shall provide media to each person performing a debris mission role that results in data collection, i.e., drivers, ticket managers, etc.
2. Handheld Units (HHU) - The Consultant will provide weather proof and shock resistant handheld units (HHU) for recording debris management data in the field. These HHU devices will be capable of writing data to, and reading data from, the removable data storage media. HHUs shall have the capability to determine locations by GPS and the capability to write GPS coordinates to the removable media. The HHUs will perform two functions: (1) Recording of initial load data information, and (2) verification of vehicle certification, and recording of debris type and quantity and (3) All field units will be operated by stand-alone power sources which will allow the units to perform uninterrupted for a shift.
  - a. HHUs capable of recording truck certification data onto driver removable media are used at the truck certification area. Truck certification records will include truck measurements, Truck ID, Driver ID and a digital photograph of the truck and trailers.
  - b. HHUs capable of recording user ID information, including a unique user ID, digital photograph and any additional user information required for system operation.
  - c. GPS- HHU units shall have integrated GPS capability. GPS readings (accuracy within 3 meters of the HHU) shall automatically be recorded without any additional manual effort each time the HHU unit records and retrieves information related to the debris mission. External GPS units shall have reliable connectivity to the HHU and be rugged and durable.

3. Durable Printer – The Consultant shall provide a durable printer to print load tickets at the request of the City. Once the tower manager completes the load data entries the information shall be transmitted to the printer. The printer will print a minimum 2 copies of the ticket. Two copies shall be given to the driver (one copy for the driver and the other for the prime contractor. The HHU should have program flexibility to alter the number of printed tickets. The printed ticket paper and print shall be of a quality that the print is not affected by harsh weather conditions and does not fade over time, nor smear or deteriorate due to moisture or UV rays. All field units will be operated by stand-alone power sources which will allow the units to perform uninterrupted for a minimum of a shift.
4. Server(s) – The Consultant shall provide computer servers for the storage and maintenance of records. The data contained in the Consultant’s database shall be placed on the Internet for controlled use, and be password protected by the Consultant. Upon completion of the work, the consultant shall surrender the records to the City who shall maintain the official database and records on its government furnished secure server. Access to the City server is limited to “Official Use Only”. The City server is provided and maintained by the City.
5. Back-up equipment – In the event of equipment malfunction, loss or damage, the Consultant shall assure a sufficient supply of replacement equipment and personnel are available such that production is not affected. The back-up equipment shall be readily available on-site for rapid distribution.
6. GIS – GIS mapping shall be provided by the Consultant from the most current source(s) available. This information shall be used as a base map to visually illustrate work zones, ticket and tower personnel locations and activities, work progress, historically and/or environmentally sensitive areas, geospatial data and other mission informational needs from the data gathered by the HHUs.
7. Internet Accessible database – The Consultant will establish a web based database which is updated daily if not real-time. The data shall be accessible, by permission only, to sub-contractors, local and state officials and others on a “need to know” basis. Database access will be role-based and no direct access to the data tables shall be allowed, unless approved by the City.

**F. General Statement of Electronic Debris Monitoring System Parameters**

1. The system must utilize an encryption protected removable data storage device. The data storage device will store data collected in the field, such as fields from traditional debris paper load tickets as well as truck certification information. The device must be capable of depicting images and other identifying data.

2. The system must have a database capable of storing all data collected in the field. The Consultant shall provide the City a copy of the database with a matching structure at the completion of the work unless otherwise specified.
3. The system must include the capability to share database records with contractors, sub-contractors, the Department, and others via the internet. Data contained in the system must be password protected, implement role-based access controls and must have viewing, printing and editing capabilities. Each contractor, subcontractor and customer must have permissions that allow only them to review and print information specific to their need. The system shall also have the capability to generate reports on all aspects of the debris mission.
4. The Consultant uses the HHU to initiate the load data by entering the debris type into the HHU. The driver's media card will either be swiped or inserted into the HHU and the HHU will write the debris type, pick-up GPS location), address of pick-up if applicable, time, date, truck certification and driver information, and the ticket manager's unique ID Code onto the removable media. Once the data is written to the media, the Ticket Manager will return the media to the driver. By this action, the Consultant verifies the debris meets FEMA and FHWA eligibility requirements.
5. HHUs are used at the debris verification area of disposal site(s) by tower manager. The vehicle driver presents the removable media, which was previously initiated by the field monitor, to the tower manager personnel located in the disposal site tower(s). The tower manager verifies the debris classification is appropriate (vegetative, C&D, mixed, etc. and manually revises, if needed), verifies vehicle(s) and driver information is correct, estimates and enters the load quantity into the HHU. The HHU will automatically extract the information recorded earlier on the smart card and add the information to the tower manager's HHU including the date, time debris arrives, site ID, GPS readings, load quantity and tower manager unique ID Code.
6. All information regarding each debris load will be stored in the HHUs internal memory or on a separate, encryption protected removable media device. The debris load information will be uploaded to the system City and Consultant databases. Once this information is recorded, the tower manager HHU will clear the removable media's debris data for the driver to re-use.
7. The media will retain a running total of the quantity and type of debris hauled by a particular vehicle. All debris load information within the tower manager HHU will be retained until upload to the database has been accomplished and confirmed by authorized personnel. Direct access to data on the HHU will be restricted to personnel specifically authorized to do so by the City.

## **G. Functional Specifications and System Architecture**

1. Ticket/Tower Managers – Personnel Registration, Administration and Management: The system shall have the capability to manage user roles. The majority of the system users will be either ticket or tower managers. At a minimum, the system must have the following capabilities:
  - a. A means to create encryption protected electronic media with unique User ID, digital photograph, user roles and other identifying data;
  - b. Electronic registration of ticket/tower monitor;
  - c. Link designated ticket/tower personnel roles to a specific mission;
  - d. The ability to edit ticket/tower personnel roles i.e., create, update and delete;
  - e. Store ticket/tower personnel contact information relative to the mission;
  - f. Track and Manage ticket/tower personnel role and status
  - g. Assign and track equipment assigned to the user;
  - h. Reject invalid ticket/tower personnel credentials;
  - i. Reject invalid certification credentials.
2. Truck Certification: The system shall have the capability to record truck and trailer certification data. Truck certification is used to register authorized debris hauling vehicles and equipment. At a minimum, the following must be included:
  - a. A means of electronically registering authorized debris Consultant vehicles and equipment;
  - b. Link electronic registration to digital images/Identify mission and respective City;
  - c. Generate unique ID's for contractor vehicles and equipment;
  - d. Utilize uniform measurements e.g. feet and inches;
  - e. Capture vehicle volume;
  - f. Utilize industry standard equations for all volume calculations;
  - g. Capture drivers and certification team member unique identification number;
  - h. A means to create encryption protected electronic driver removable media with unique Truck ID, digital photograph, truck and /or trailer measurements, vehicle volume, and other identifying data;
  - i. must depict image and other identifying data;
  - j. must contain counter area for total cubic yards hauled;
  - k. must employ anti-tampering mechanism;
  - l. Capability to recertify vehicles;
  - m. Recertified vehicles must be recorded in an audit table;
  - n. Certification data must be associated to authorized system user;
  - o. Reject media which are not associated with current event and applicant;
  - p. Capture vehicle audit records;
  - q. Create a printed certification record;

- r. Administrative reporting capabilities.
3. Right-of-Way (ROW) Debris Management: ROW transactional data must be captured, stored, validated, audited, reported and transmitted to mission managers, haulers and applicants. At a minimum, the application must exhibit the following characteristics:
- a. Allow creation of point of origin load data on encryption protected driver media when position is known and credentials have been authenticated;
  - b. Capture date and time and other relevant point of origin data;
  - c. Validate media is present in system and configured to receive data;
  - d. Designate debris type;
  - e. Designate debris location as Federal Aid or Non-Federal Aid;
  - f. Designate first pass and subsequent passes;
  - g. Write point of origin load data using encrypted storage algorithms;
  - h. Associate ticket/tower personnel credentials with point of origin load data;
  - i. Acknowledge successful card write via display status message;
  - j. Provide user configurable time option for GPS audit;
  - k. Detect current location using GPS and store data to secure memory location;
  - l. Provide capability to add digital image if debris is other than vegetative or C&D.
4. Debris Disposal Site Management: Completed ROW, and Per-unit point of origin transactions must be received at the approved disposal site. Transactions are not considered complete until they are processed thru the receiving applications. At a minimum, the system must provide the capability to:
- a. Accept site configuration data at the beginning of each work day;
  - b. Dynamically configure receiving application based on site configuration data;
  - c. Display certification data and photo from driver smart card so that ticket/tower personnel can perform a field audit of truck/trailer to assure data matches certification and placard number;
  - d. Accept loads where:
    - a. Mission and applicant are valid;
    - b. Media authentication data is valid and unaltered;
  - e. Media contains valid load data;
  - f. Designate debris type;
  - g. Record debris volume (based on unit of measure);
  - h. Receive volume or per unit loads;
  - i. Identify original load data;
  - j. Identify duplicate load data;
  - k. Configure number of hard copies;

- l. Create load data record in internal storage;
  - m. Create backup copy of internal storage;
  - n. Prepare driver media for next load;
  - o. Increment driver smart card based on total CY counter value;
  - p. Continuously calculate and present real-time disposal site statistics;
  - q. Re-print load ticket data;
  - r. Interface with durable outdoor printer;
  - s. Preserve in its original state, then transmit daily transaction data;
  - t. Associate ticket/tower personnel credentials with each received load.
5. Field Administrative Functions: The system must have the capability to perform administrative duties in the field. Requirements include the capability to edit user roles, verify vehicle audit information, display real-time collection volumes, and review ticket/tower personnel GPS audit logs. At a minimum, the system must provide the capability to:
- a. Change ticket/tower personnel identification badge roles and responsibilities;
  - b. Review media total CY counter value;
  - c. Audit vehicle certification data;
  - d. Validate/Invalidate smart cards;
  - e. Reinitiate security sequence for ticket/tower personnel or media;
  - f. In tabular format, display the results of ticket/tower GPS audit files by limiting access to the internet data or by the Department secure server.
6. Data Consolidation and Analysis/Reports Generation: Transactional data must be summarized, validated, presented and audited to provide an overall status of mission performance. The system must facilitate billing, error reporting, performance tracking and graphical data preparation. At a minimum the Data Consolidation/Data Storage and Data must provide the following:
- Analysis/Reports tools must provide the capability to:
- a. Accept transactional data sets from multiple debris location systems
  - b. Recognize multiple mission/applicant configurations
  - c. Grant access to authorized authenticated users or processes
  - d. Contain a master record of:
    - i. Roles and responsibilities
    - ii. Ticket/tower personnel credentials and other data
    - iii. Certification credentials and other data
    - iv. Mission data
    - v. Applicant data
    - vi. Geospatial data
      - Street centerlines
      - City outlines

- Population and demographic
- Elevation
- Wetlands delineation
- Historic and Environmentally Sensitive areas
- Debris work zones
- Parcel data
- Land use
- FEMA flood zones
- vii. Graphically depict:
  - Load locations by contractor
  - Load locations by subcontractor
  - Load locations by driver
  - Load locations by ticket/tower personnel
  - Load locations by date range
  - Load locations by zone
  - Load locations by municipality
  - Load locations by applicant
  - Load locations by mission
  - Load locations by debris type
  - Load locations by disposal site
  - Load locations by Federal, state and private roads
  - Load locations by land use
  - Load locations by disposal site
- viii. Thematic mapping techniques to distinguish different data by color and/or symbol
- ix. Identify data attributes for a single point of data
- x. Select one or many points of data
- xi. Calculate operational efficiency statistics such as:
  - Trip turnaround time
  - Trip distance to disposal site (straight line projection sorted by 0 -15 miles, 16 – 30 miles, 31 – 60 miles and greater than 61 miles)
  - Average container fill percentage
  - Average tower manager load call
- xii. Load call trend data e.g., by tower managers, contractor, sub contractor, driver, etc.
- xiii. Dynamically configure user interface in response to point data selection to limit user authorities
- xiv. Multiple data selections generate tabular data reports
- xv. Filter mechanisms to highlight geospatial data
- xvi. Control data access using role based security

- xvii. User interface and access to underlying system data must dynamically configured at run time through the presentation of appropriate user credentials
- xviii. Manage data ownership
- xix. Provide access based on security role model
- xx. Identify and distribute “owned” transactional datasets to limit internet access to the website data to view only your data
- xxi. Prevent distributed data from being reprocessed for billing purposes
- xxii. Identify billing data sets based on parameters such as:
  - Time/Date
  - Contractor/Subcontractor
  - Debris type
  - Debris disposal method (haul-in, reduction, open burn, incineration, haul-out, leave in place, etc.)
  - Haul distance
  - Route billing data sets via defined and customizable workflow rules
  - Approved billing data sets
  - Communicate general event status e.g.:
  - Total CY hauled (by debris type)
  - Total CY by disposal site
  - Total CY by contractor/subcontractor
  - Total CY by work zone/sector
  - Total CY by municipality
  - Total CY by Federal, state and private roads
  - Total CY by certified vehicle
  - Number of vehicles utilized
  - Number of ticket/tower personnel resources assigned
- xxiii. Manage user roles, responsibilities and passwords
- xxiv. Prevent modification to original data by unauthorized or unauthenticated users
- xxv. Insert audit records into audit tables for all insertions, modifications, and deletions to original data.

7. Field Architecture – The field based system must be characterized by the following general statements of direction with respect to construction, operability, supportability and security. At a minimum, the system must:
- i. Require user authentication credentials
  - ii. Display current version at application start-up
  - iii. Synchronize with Greenwich Mean Time (GMT) for all date/time fields

- iv. System must utilize location specific configuration data to initiate a warm start sequence for global positioning system
  - v. System must remain in a ready state by default
  - vi. Acknowledge successful card write via display status message
  - vii. Create identification structures which utilize encryption technologies
  - viii. Employ anti-tamper and anti-tearing methods and technologies
  - ix. Where applicable, utilize 3 DES data encryption technologies to protect data
  - x. Perform validation and checksum (a running production total of cubic yards or appropriate payment capacity) stored on each debris vehicle's removable media)
8. Back-office Architecture – At a minimum, the back-office applications must be characterized by the following general statements of direction with respect to construction, operability, supportability and security.
- i. Utilize relational database technology
  - ii. Employ geospatial analysis tools for data visualization
  - iii. Enable audit ability for:
    - a. Data insertion
    - b. Data modification
    - c. Data deletion
  - iv. Prevent field and row level data deletion
  - v. All access to data must be controlled
  - vi. Store certification and other identification data using encrypted relational technology
  - vii. Reside in a secure internet environment
  - viii. Preserve base transactional data in its original state prior to processing or consolidation with other data
9. Initial Startup Procedure For Debris Removal – Debris missions are critical to emergency response and the Consultant should be adequately prepared to respond.

## **H. Reporting**

The City requires the Consultant to provide daily status reports, unless otherwise specified, of the debris removal operations, preparation of interim reports (as directed by the City), as well as a final report of the debris removal operations.

1. The daily status report shall include at a minimum: the daily cubic yards/tons collected by material and by program (FHWA-ER First Pass, First Pass on non-Federal Aid roadways, second and subsequent passes on all roadways), cumulative totals in cubic yards/tons by debris type, number of debris removal

crews and equipment operating, number of debris monitors in field, cubic yards/ton by debris type hauled to final disposal and location of final disposal, and total cubic yard/tons hauled to recycling or salvage facilities.

2. An interim status report may be required at the discretion of the Department. A final report covering the history of the operations, the locations temporary debris sites used, remediation and site closure activities, including any environmental reports or authorizations generated; and the locations of final disposal sites and permits, recycling facilities and salvage facilities used during operations. The report may include identification of weakness in the operations and recommendations for future debris activities.

**I. Permits**

1. Assist the City with any permit applications and coordination with environmental agencies.
2. Assist the City with any pre or post sampling of soil or groundwater.
3. Monitor compliance by the contractors to any permit requirements.

**J. Meetings and Communication**

1. Conduct daily meetings with the City and the Debris Removal Contractor.
2. Conduct field meetings as needed.

**K. Invoicing**

1. Ensure all contract quantities for both the contractors and monitors are documented and recorded according to current Federal requirements, including but not limited to FHWA-ER actual costs incurred (cradle to grave) for work conducted on First Push and First Pass Federal Aid roadways, including time at disposal sites estimating loads on incoming and outgoing debris loads.
2. For Non-Federal Aid eligible roadways FEMA PA program actual costs incurred (cradle to grave) for work conducted on non-Federal Aid eligible roadways First Push, First Pass, and second and subsequent passes. Monitor's invoices must delineate between hours spent on FHWA vs. FEMA reimbursed tasks.
3. Maintain a database of all contract quantities and perform contractor invoice verification for the City.
4. All invoices shall be submitted in an acceptable format to the City in an electronic and hard copy format with daily reports as supporting documentation. The invoices must be submitted in accordance with the Consultant Invoice Transmittal

System (CITS) procedures and other federal, state and local rules, regulations and laws.

5. Invoices shall be submitted on a monthly basis to the City.
6. Final invoice will be submitted to the City not later than the 30th day following final acceptance of the individual task of as requested by the City.

## **5. Notices.**

All notices, requests, consents, claims, demands, waivers and other communications hereunder shall be in writing and shall be deemed to have been given (a) when delivered by hand (with written confirmation of receipt); (b) when received by the addressee if sent by a nationally recognized overnight courier (receipt requested); (c) on the date sent by facsimile or e-mail of a PDF document (with confirmation of transmission) if sent during normal business hours of the recipient, and on the next business day if sent after normal business hours of the recipient; or (d) on the third day after the date mailed, by certified or registered mail, return receipt requested, postage prepaid. Such communications must be sent to the respective parties at the following addresses:

If to City:                      City of Gulfport  
Office of Procurement  
1410 24TH Avenue, Gulfport, MS 39501  
Attn. Connie Debenport, CPPB (Purchasing Manager)  
E-MAIL: cdebenport@gulfport-ms.gov (preferred method of communication)  
TELEPHONE: (228) 868-5705  
FACSIMILE: (228) 868-5704

If to Consultant:              Covington Civil & Environmental, LLC  
Attn. Todd Hairston  
2510 14th Street, Suite 1010  
Gulfport, MS 39501  
Phone: (228) 396-0486  
todd@ccellc.us

## **6. Equal Opportunity Agreement.**

In connection with the Services provided and performed under this Contract, Consultant agrees to support and abide by the City's Equal Opportunity Pledge. Consultant agrees to:

- Not discriminate against any employee or job applicant because of their race, creed, color, sex, marital status or national origin;

- Post a copy of this pledge in a conspicuous place, available to all employees and job applicants.
- Place or cause to be placed a statement in all solicitations or advertisement for job applicants, including subcontracts, that the Proposer is an “Equal Opportunity Employer”.

## **7. Indemnification.**

The Consultant shall indemnify and save harmless the City of Gulfport, its officials and employees, from all losses, damages, costs, expenses, liability, claims, actions, and judgments of any kind whatsoever brought or asserted against, or incurred by, the City, including without limitation attorney’s fees and costs of litigation, to the extent that the same arise out of or are caused by any act or omission of the consultant, its sub-consultants or subcontractors, or by the employees, officers, directors, or agents of the consultant, or its subcontractors.

## **8. Insurance Requirements.**

Prior to commencing work, the Consultant shall procure and maintain at Consultant’s own cost and expense for the duration of the agreement, the following insurance against claims for injuries to person(s) or damages to property which may arise from, or in connection with, the performance of the work or services hereunder by the Consultant, his agents, representatives, employees or subcontractors, at Consultant’s sole cost.

Consultant shall maintain limits no less than:

*Commercial General/Umbrella Liability Insurance* - \$1,000,000 limit per occurrence for property damage and bodily injury. The service provider should indicate in its proposal whether the coverage is provided on a claims-made or preferably on an occurrence basis. The insurance shall include coverage for the following:

- Premise/Operations
- Explosion, Collapse and Underground Property Damage Hazard (only when applicable to the project)
- Products/Completed Operations
- Contractual
- Independent Contractors
- Broad Form Property Damage
- Personal Injury

*Business Automobile/Umbrella Liability Insurance* - \$1,000,000 limit per accident for property damage and personal injury.

- Owned/Leased Autos
- Non-owned Autos
- Hired Autos

*Workers' Compensation and Employers' Umbrella Liability Insurance* - Workers' Compensation coverage with benefits and monetary limits in accordance with the laws of the State of Mississippi. This policy shall include Employers' Umbrella Liability coverage for \$1,000,000 per accident. Workers' Compensation coverage is required as a condition of performing work or services for the City whether or not the Consultant or Vendor is otherwise required by law to provide such coverage.

#### Other Insurance Provisions

##### *Commercial General Liability and Automobile Liability Coverage*

- The City of Gulfport, members of its City Council, officers, agents, employees and volunteers are to be covered as additional insured's as respects: liability arising out of activities performed by or on behalf of the Consultant; products and completed operations of the Consultant; premises owned, leased or used by the Consultant or premises on which Consultant is performing services on behalf of the City. The coverage shall contain no special limitations on the scope of protection afforded to the City of Gulfport, members of the City Council, boards, commissions and committees, officers, agents, employees and volunteers.
- The Consultant's insurance coverage shall be primary insurance as respects the City of Gulfport, members of its City Council, officers, agents, employees and volunteers. Any insurance or self-insurance maintained by the City of Gulfport, members of its City Council, boards, commissions and committees, officers, agents, employees and volunteers shall be excess of Consultant's insurance and shall not contribute with it.
- Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City of Gulfport, members of its City Council, officers, agents, employees and volunteers.
- Coverage shall state that Consultant's insurance shall apply separately to each insured against whom a claim is made or suit is brought, except with respect to the limits of the insurer's liability.

##### *Workers' Compensation and Employers' Liability and Property Coverage*

- The insurer shall agree to waive all rights of subrogation against the City of Gulfport, member of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers for losses arising from activities and operations of Consultant in the performance of services under this Agreement.

#### All Coverage

- Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) days prior written notice has been given to the City.

- If Consultant, for any reason, fails to maintain insurance coverage, which is required pursuant to this Agreement, the same shall be deemed a material breach of contract. City, at its sole option, may terminate this Agreement and obtain damages from the Consultant resulting from said breach.
- Alternatively, City may purchase such required insurance coverage (but has no special obligation to do so), and without further notice to Consultant, City may deduct from sums due to Consultant any premium costs advanced by City for such insurance.
- City named as "additional insured" as it's interest may appear.

#### Deductibles and Self-Insured Retentions

- Any deductibles or self-insured retentions must be declared to and approved by the City. At the option of the City, the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City of Gulfport, members of its City Commission, boards, commissions and committees, officers, agents, employees and volunteers; or the Consultant shall procure a bond guaranteeing payment of losses, related investigation, claim administration and defense expenses.

#### Acceptability of Insurers

- Insurance is to be placed with Mississippi admitted insurers rated B+X or better by *A.M. Best's* rating service.

#### Verification of Coverage

- Consultant shall furnish the City with certificates of insurance and with original endorsements affecting coverage required by this clause. The certificates and endorsements for each policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be received and approved by the City before work commences.

#### Subcontractors:

- Consultant shall include each of its subcontractors as insureds under the policies of insurance required herein.

Consultant's duty to defend, indemnify and hold the City of Gulfport harmless shall be absolute. It shall not abate or end by reason of the expiration or termination of any contract unless otherwise agreed by the City of Gulfport in writing. The provision of this section shall survive the termination of the contract and shall remain in full force and effect with respect to all such matters no matter when they arise.

In the event of any dispute between the parties as to whether a claim, demand, suit, action, proceeding, lien or judgment appears to have been caused by or appears to have arisen out of or in connection with acts or omissions of Consultant, Consultant shall never-the-less fully defend such claim, demand, suit, action, proceeding, lien or judgment until and unless there is a determination by a court of competent jurisdiction that the acts and omissions of Consultant are not at issue in the matter.

Consultant's indemnification shall cover, and Consultant agrees to indemnify the City of Gulfport, in the event the City of Gulfport is found to have been negligent for having selected Consultant to perform the work described in this request.

Consultant shall cause all trade contractors and any other contractor who may have a contract to perform construction or installation work in the area where work will be performed under this request, to agree to indemnify the City of Gulfport and to hold it harmless from all claims for bodily injury and property damage that arise may from said Consultant's operations. Such provisions shall be in form satisfactory to the City of Gulfport.

Loss Deduction Clause – the City of Gulfport shall be exempt from, and in no way liable for, any sums of money which may represent a deductible in any insurance policy. The payment of deductibles shall be the sole responsibility of Consultant and/or trade contractor providing such insurance.

## **9. Payment.**

Prompt Pay Policy. It is the policy of the City of Gulfport to fully implement the provisions of the State of Mississippi Prompt Payment Act. For more information, refer to <http://www.zlien.com/prompt-payment/mississippi-prompt-payment-statute/>

Withholding Payment. In the event this Contract is canceled under any provision herein, the City of Gulfport may withhold from the Consultant any monies owed on that or any contract, an amount sufficient to compensate for damages suffered because of the violation resulting in cancellation.

Consultant shall present an itemized invoice each week to City covering the total for reimbursable costs and Services performed during the preceding week. All invoices presented by Consultant to City shall be due and payable on net 30 day terms pursuant to

If part of an invoice is incomplete, in error or disputed, City shall pay the undisputed amount and provide a written description detailing the disputed portion of the invoice within the payment period set forth herein. The disputed portion of the invoice shall be placed in escrow with an acceptable third party until the dispute is resolved. Undisputed amounts not paid when due shall bear interest at the rate of two percent (2.0%) monthly, compounded monthly, from the date due until paid in full.

All undisputed amounts owed shall be paid within thirty (30) days after the invoices are presented to the City.

## **10. Performance and Payment Bond**

In the event this Contract is activated and requested by the City, Consultant shall post with the City of Gulfport within thirty-six (36) hours of notice and prior to any work commencing, a performance and payment bond in the amount of one hundred percent (100%) of the total purchase order amount. These bonds shall be executed by a corporate surety company duly authorized and admitted to do business in the State of Mississippi and licensed to insure such a bond in the State of Mississippi. Provide a letter from Surety Company of current bonding availability. Each year upon renewal an updated letter is required to be provided to the Office of Procurement.

## 11. Piggybacking.

No other governmental entities are permitted to utilize this agreement in accordance with FEMA regulations.

## 12. Fee Schedule

### DEBRIS MONITORING SERVICES

Consultant shall charge, and City agrees to pay,

| Item | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Hourly Rate |
|------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------|
| 1.   | <b>Project Manager:</b> This position will serve as the Contractors' manager on the project. This position will direct the activities of contractor staff. Will work directly with the City's representative on the project. The Project Manager will be involved in pre-event planning and meetings as to become familiar with the City and its' operation.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | \$65.00     |
| 2.   | <b>Lead Monitors:</b> Assist in setting-up and manning the TDSRS. Help train the Site and Field Monitors and track their performance. Assist in assigning Field Monitors to contract haulers. Assist in assigning Field Monitors and contract haulers to collection grids. Assist in tracking the daily collection on a citywide grid map. Assist in coordinating the daily collection operation in concert with the contract haulers Site Superintendent. Track the daily count of Field Monitors necessary to meet the contract hauler's demands. Track the daily count of contract hauler's trucks, trailers and loading equipment. Provide daily collection status reports to the Project Coordinator on request. Fill in as Site Monitor if needed. Record and inspect any property damage, public or private that may occur during the debris removal operation. Track and verify the satisfactory repair of any damage. | \$59.00     |
| 3.   | <b>Site Monitors:</b> Trained to evaluate and certify that each load of debris represents the actual size of the load by percentage of total rated capacity. FEMA staff rates the performance of                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | \$29.50     |

|    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |         |
|----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
|    | each Site Monitor for accuracy. FEMA requires that two trained inspectors rate each load before it can be off-loaded at the collection site. One inspector is representing the City and the other is representing the Contractor. Both Site Monitors must agree on the percentage of load and sign off on the load ticket for the cubic yard quantity to be FEMA reimbursable.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |         |
| 4. | <b>Field Monitors:</b> Trained to follow each contract hauler as debris is collected throughout the City. The Monitor must witness and certify by street address that the storm debris was collected from public roadways only. The Monitor must certify that the debris piles are not mixed (vegetation or construction & demolition debris) before loading. The Monitor is assigned to hauler(s) and given a certain grid in the City to collect either vegetation or C&D debris. The Monitor must assure that all targeted debris is removed by the contract hauler during each pass before the contract hauler may move to a new area. The Monitor must record the time, location and sign the contract haulers load ticket before the load can be delivered to the collection site for processing. The Monitor is responsible for reporting any unsafe or unauthorized collection practices to the Site Monitors for corrective action. | \$29.50 |

The fees set forth above shall be subject to the following annual adjustments:

Percentage Adjustment for Year 2 3.0%

Percentage Adjustment for Year 3 3.0%

Percentage Adjustment for Year 4 3.0%

Percentage Adjustment for Year 5 3.0%

### 13. Force Majeure.

Except for the duty to make payments hereunder when due and the indemnification and insurance provisions under this Contract, neither Consultant nor City shall be liable for the non-performance of its obligations under this Contract to the extent such non-performance is due to a Force Majeure Event. As used in this Contract, a "Force Majeure Event" means an event or other circumstance beyond the reasonable control of the applicable Party, including: general strikes, lockouts, or other industrial disturbances; acts of God, war, preparation for war; the requirement, urgency or intervention of naval or Military executives or other agencies of government; blockade, sabotage, vandalism and malicious mischief, threats of vandalism and bomb scares and insurrection; landslides, tidal waves, floods, tornadoes, and earthquakes, provided that a Force Majeure Event shall not include any breakdown of equipment or the failure of any subcontractor to perform its obligations, unless either event is caused by a Force Majeure Event.

In the event of the occurrence of a Force Majeure Event, the Party unable to perform shall promptly notify the other Party in writing stating the nature of the occurrence and, to the extent known at the time, the estimated length of its inability to perform. The Party claiming the Force Majeure Event shall use all commercially reasonable efforts to resume performance as quickly as possible and shall be excused from performance only for such period of time, and only to the extent necessary, as it shall reasonably take to cure the Force Majeure Event in accordance with the terms of this Contract.

#### **14. Termination.**

Either Party may terminate this Contract by giving the other Party written notice at least 30 days prior to the date of such termination. Promptly following such termination of this Contract, each Party shall pay to the other Party any amounts due and payable pursuant to this Contract as of the date of such termination. Such termination shall not effect obligations incurred before the date of such termination.

#### **15. Miscellaneous.**

- a. This Contract shall be construed and the rights of the Parties shall be determined according to the laws of the State of Mississippi. Any controversies which are not resolved shall be determined in the exclusive venue of the Circuit Court of Harrison County, Mississippi. If necessary to enforce a provision or obligation herein, the Party who successfully compels compliance with such provision or obligation is entitled to recover its reasonable attorney fees, costs and expenses.
- b. This Contract shall inure to the benefit of and shall be binding upon the Parties hereto and their respective heirs, executors, administrators, successors and permitted assigns. Neither Party shall assign this Contract or any portion hereof, or any of its rights or obligations hereunder, whether by operation of law or otherwise, without the prior written consent of the other Party.
- c. No waiver by either Party of any of the terms, provisions or conditions hereof shall be effective unless such waiver is in writing and signed by an authorized officer of the Party making such waiver. The waiver by either Party of a breach or violation of any provision of this Contract shall not operate as, or be construed to be, a waiver by that Party of any subsequent breach of the same or other provision hereof.
- d. This Contract supersedes all previous contracts regarding the Services to be performed by Contractor, and constitutes the entire agreement of whatsoever kind or nature existing between or among the Parties respecting the subject matter herein.

- e. No amendments or modifications of this Contract shall be valid unless evidenced in writing and signed by both Parties.
- f. If any term or provision of this Contract is prohibited by the laws of the State of Mississippi or declared invalid or void by a court of competent jurisdiction, the remainder of the Contract shall be valid and enforceable to the fullest extent permitted by law.
- g. This Contract may be executed in counterparts, each of which shall be deemed an original but all of which together shall be deemed to be one and the same agreement. A signed copy of this Contract may be delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Contract.
- h. All records must be available by the consultant through the Office of Inspector General (OIG) Audit. In addition, the consultant must be available to answer any questions by the City, FEMA, MEMA, OIG, or other governing authority through the audit process.

IN WITNESS WHEREOF, the undersigned Parties have executed this Contract as of the Effective Date first written above.

1. **Lighting Equipment Lease.** Mississippi Power Company ("MPC") will lease to Customer the "Facilities" described on Page 1 of this Lease Agreement ("Agreement") for use at the "Premises" (the "Service Address" shown on Page 1). Customer grants a license of right of access to MPC (and to MPC's representatives and contractors) to enter the Premises to install, connect, inspect, maintain, test, replace, repair, or remove the Facilities; to remove or disconnect pre-existing equipment as noted; or to conduct any other Agreement-related activity (collectively, the "MPC Activities"). Customer acknowledges that the Facilities, though attached to real property, will always remain the exclusive personal property of MPC and that MPC may remove the facilities when this Agreement ends. Customer also acknowledges that regulatory change during the Agreement term may require MPC to modify or replace some Facilities.
2. **Term.** The "Initial Term" of this Agreement is the period stated on Page 1, calculated from the date of the first monthly bill. After the Initial Term, the Agreement will automatically renew on an annual basis until terminated by either Customer or MPC by providing written notice of intent to terminate to the other party at least 30 days before the desired termination date. MPC's address for notice is Mississippi Power Company, ATTN: Marketing Lighting Services, PO Box 4079, Gulfport, MS 39502-4079. Customer's address for notice is the Mailing Address shown on Page 1.
3. **Payment.** MPC will invoice Customer per the terms stated on Page 1. Customer agrees to pay the amount billed by the due date. If there is a balance outstanding past the due date, Customer agrees to also pay a 1.5% late fee on the unpaid monthly balance and also acknowledges that Customer may be required to pay a deposit of up to two times the Monthly Charge in order to continue service. CUSTOMER ACKNOWLEDGES THAT MPC MAKES NO REPRESENTATION OR WARRANTY REGARDING TREATMENT OF THIS TRANSACTION BY THE INTERNAL REVENUE SERVICE OR THE STATUS OF THIS AGREEMENT UNDER ANY FEDERAL OR STATE TAX LAW; CUSTOMER ENTERS INTO THIS AGREEMENT IN SOLE RELIANCE UPON CUSTOMER'S OWN ADVISORS.
4. **Equipment Protection.** Throughout this Agreement's term, Customer will inform its personnel (and any contractor or person performing construction at the Premises or digging near MPC's Facilities) of the Facilities presence. Either Customer or the other party must provide notices and locate requests to the Mississippi One Call System and must coordinate all activities with the One Call Center and with all utility facility owners or operators as required by the then current Mississippi One Call Law. Customer further acknowledges that any such work may require compliance with certain laws and regulations, including, without limitation, the Mississippi High Voltage Power Lines Act, Miss. Code Ann. §§ 45-15-1, et seq., and regulations of the Occupational Safety and Health Administration. These laws and regulations shall be independently consulted by Customer to determine if any additional compliance measures shall be undertaken by Customer prior to commencement of any work; provided, however, that no work shall be performed until such consultation and compliance has been completed. As between Customer and MPC, Customer will bear all costs arising from failure to comply with these laws or for Facility damage caused by anyone other than MPC (or MPC's representatives or contractors). IF THE FACILITIES ARE DAMAGED, CUSTOMER WILL REPORT THE DAMAGE TO MPC AS SOON AS POSSIBLE BY CALLING 800-487-3275.
5. **Maintenance/Repairs.** During this Agreement's term, MPC will maintain the Facilities and will bear the cost of routine repair or replacement. All non-routine maintenance or repair can be done at the Customer's request and will be billed to Customer at then-current MPC rates. Customer must notify MPC of any need for Facility repair by calling 877-656-1836. If the Facility damage was caused by Customer or third party, Customer will reimburse MPC for the repair or replacement cost. Either Party shall be excused from performance of its obligations hereunder other than accrued payment obligations and shall not be construed to be in default in respect of such obligations to the extent that, and for so long as, failure to perform such obligations is due to a Force Majeure Event defined as any occurrence, nonoccurrence or set of circumstances that is beyond the reasonable control of such Party.
6. **Safety/Damages.** CUSTOMER ACKNOWLEDGES SOLE RESPONSIBILITY FOR THE SAFETY OF THE PREMISES AND ACKNOWLEDGES THAT MPC NEITHER HAS, NOR ASSUMES, ANY OBLIGATION TO ENSURE THE PREMISES' SAFETY. MPC makes no covenant, warranty, or representation of any kind (including warranty of fitness for a particular purpose or of merchantability) regarding the equipment or any MPC activity under this agreement. Customer will not be entitled to indirect or consequential damages from MPC of any kind (including loss of revenue, loss of actual or anticipated profits, loss of capital costs, loss of business reputation, or punitive damages) arising from any damage or delay involving the Facilities or this Agreement.
7. **Indemnity.** To the fullest extent allowed by law, Customer agrees to indemnify, defend (if requested by MPC), and hold harmless MPC and its affiliates and contractors (and their officers, directors, employees, representatives, and agents) from and against any claim, demand, damage, expense (including attorney's fees and court costs), action, proceeding, judgment, penalty, fine, cost, or other liability (whether based upon tort, breach of contract, strict liability, equity, or otherwise) of any kind or nature for bodily injury (including death) to persons, damage to real or personal property (including loss of use), monetary damage, or equitable relief caused by or arising out of any act or omission of Customer involving this Agreement, the Facilities, or the Premises, in whatever manner caused and regardless of whether caused by or arising out of the joint, concurrent, or contributory (but not sole) negligence of MPC, any other person indemnified under this Agreement, or any other person not a party to this Agreement.
8. **Default.** Customer will be in default if any amount owed under this Agreement is not paid within 45 days of billing. MPC's waiver of any past default will not waive any other default. If default occurs, MPC may, at its discretion, immediately terminate this Agreement, collect all past due amounts and all amounts due for the Facilities during the Agreement's remaining term, remove the Facilities from the Premises, and seek any other available remedy. MPC shall be entitled to reasonable attorney's fees, costs and expenses associated with any claim or litigation concerning Customer's default of this Agreement.
9. **Entire Agreement.** This Agreement contains the parties' entire agreement relating to the Facilities and replaces any prior agreement, written or oral. This Agreement may be modified only by an amendment signed by each party, except that updated contact information (e.g. address, phone number, etc) may be provided at any time by written notice to the other party. This Agreement will be governed by Mississippi law. If any provision is ruled invalid or unenforceable, the Agreement as a whole will not be affected. In this Agreement, "including" means "including, but not limited to."
10. **Pole Attachments.** If Customer desires to attach anything to any Facilities (poles, light fixtures, brackets, etc), Customer must first obtain MPC's written permission. Customer must contact MPC's Lighting Services Business Unit at 877-656-1836 to obtain the proper pole attachment authorization.
11. **Customer Representations.** Customer represents to MPC that: (i) Customer is expressly authorized by all Premises owners (and any other party with rights in the Premises) to enter into this Agreement and to authorize the MPC Activities (including the use of vehicles, equipment, tools, and materials necessary); (ii) all Premises property lines are clearly and accurately marked; and (iii) the Premises' final grade will vary no more than 6" from the grade existing at the time of Facility installation.
  - a. **Customer Duty.** If MPC agrees to allow Customer to perform any part of the Facility installation (including trenching) itself or through a third party, Customer warrants that its work will meet MPC's installation specifications (which will be provided to the Customer). Customer will bear all reasonable additional costs arising from Customer's non-compliance with MPC's specifications or lack of timely (i.e. 10 days) notice to MPC that MPC's portion of the Facilities installation can commence.
  - b. **Underground Facilities/Obstructions.** Because MPC's Activities may require excavation or digging, Customer acknowledges that Customer must mark all underground obstructions and private utilities and facilities (e.g. gas lines, water lines, sewer lines, irrigation facilities, low voltage data or communication cables or lines, etc) at the Premises. Customer warrants either that: (i) all underground obstructions and private utilities and facilities have been marked or will be marked before MPC commences Facility installation or other MPC Activities involving excavation or digging; or (ii) there are no underground obstructions or private utilities or facilities at the Premises.
  - c. **Unforeseen Conditions.** If Customer fails to properly mark or identify a private utility or facility or other underground obstruction, and damage occurs in connection with MPC's Activities, Customer agrees that, as between Customer and MPC, Customer will bear sole responsibility for any and all damages incurred, including MPC and/or third-party damages, and that MPC will have no liability for any damage or resulting delay. Customer also acknowledges that the estimated charges shown on Page 1 include no allowance for any subsurface rock, wetlands, underground stream, buried waste, unsuitable or unstable soil, underground obstruction, archeological artifact, burial ground, threatened or endangered species, hazardous substance, etc. not known to Customer or properly identified and marked by Customer. If an unforeseen condition is encountered, MPC, in its sole discretion, may stop all MPC Activity until Customer either remedies the unforeseen condition or agrees to reimburse all MPC expenses arising from the unforeseen condition. Customer will bear all costs of any Facility modification or change requested by Customer or dictated by unforeseen conditions or circumstances outside MPC's control.

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Kris Riemann, Director  
Engineering

**Date:** 08/25/2016

**Subject:** Resolution - approving an Outdoor Lighting Maintenance Agreement with Mississippi Power to maintain city-owned street lights and authorizing the Mayor to execute the same.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL TO AUTHORIZE THE  
EXECUTION OF AN OUTDOOR LIGHTING MAINTENANCE AGREEMENT WITH  
MISSISSIPPI POWER COMPANY AND FOR RELATED PURPOSES**

**WHEREAS**, the City of Gulfport desires to engage the services of the Mississippi Power Company to provide maintenance service to outdoor street lighting in various locations in and around the City, in particular at various locations downtown, along Airport Road, Cowan Road and US Highway 90; and

**WHEREAS**, Mississippi Power has provided a proposed Outdoor Lighting Maintenance Agreement for the purpose of providing the requested outdoor lighting maintenance, which Agreement is incorporated herein and attached hereto as Exhibit “A”; and

**WHEREAS**, the Governing Authority finds it in the best interest of the City to enter into the attached Agreement (Exhibit “A”) in the same or substantially the same form as attached hereto as Exhibit “A”.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY  
COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:**

**Section 1.** That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**Section 2.** That the proposed Outdoor Lighting Maintenance Agreement with Mississippi Power should be and the same is hereby approved in the same or substantially the same form as the Agreement set out in Exhibit “A”.

**Section 3.** That the Mayor be and he is hereby authorized to sign any and all documents necessary to effectuate this Agreement.

**Section 4.** That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**AYES**

**NAYS**

**ABSENT**

**WHEREUPON**, the President declared the motion carried and the Resolution adopted this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**(SEAL)**

**ATTEST:**

**ADOPTED:**

\_\_\_\_\_  
**CLERK OF THE COUNCIL**

\_\_\_\_\_  
**PRESIDENT**

The above and foregoing Resolution was submitted to and approved by the Mayor, this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**APPROVED:**

**MAYOR**

# Memorandum – City of Gulfport

**To:** Connie Debenport, Purchasing  
**CC:** Mayor Billy Hewes Linda Elias, Finance  
Dr. John Kelly, CAO Wayne Miller, P.E., Public Works  
**From:** Kris Riemann, P.E. *RKR*  
**Date:** 8/25/16  
**Re:** **Outdoor Lighting Maintenance Agreement**  
- City Wide  
- Mississippi Power Company

---

Attached for your consideration is the Outdoor Lighting Maintenance Agreement for the above referenced project. This agreement allows for Mississippi Power Company to maintain all of the street lights owned by the City of Gulfport. Gulfport must still have ownership since the lights were paid for by federal and state grants. The cost will be \$4,000.00 per month. We have this amount budgeted in the FY 2016 budget.

I recommend approval.

Please place this item on the September 6, 2016 Council Agenda.

Attachments: 1. Outdoor Lighting Maintenance Agreement

## **OUTDOOR LIGHTING MAINTENANCE AGREEMENT**

This Outdoor Lighting Maintenance Agreement ("Agreement") is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2016, ("Commencement Date") between Mississippi Power Company ("MPC") of Gulfport, Mississippi and City of Gulfport, Mississippi, MPC Account# \_\_\_\_\_ ("Customer"), in accordance with the terms, specifications and conditions hereinafter set forth.

**Section 1. Scope of Work.** During the Term of this Agreement, MPC shall, pursuant to the terms and conditions contained herein, maintain, furnish and replace, when necessary, all of the outdoor street lighting equipment owned by the Customer and subject to this Agreement as is more particularly described below.

### **1.1 Description of Equipment.**

Pole Count: 0

Pole Type: N/A

Light Count: 664

Light Description: (108) 150W HPS Acorn fixtures, (10) 400W HPS Cobra fixtures, (542) 400W HPS Pendant fixtures, (4) 250W HPS Cobra fixtures

Location: Various locations downtown, Airport Rd, Cowan Rd and Highway 90

Job Order Number: \_\_\_\_\_

**1.2 Maintenance Services.** Subject to Section 4 below, in exchange for the monthly Maintenance Fee, MPC shall furnish, repair, or replace when necessary all defective capacitors, starters, lamps, ballasts, and photo cells of the above described equipment. This Agreement does not govern the repair or replacement of service conductor wiring to the outdoor lighting equipment and the cost of any such repair or replacement conducted by MPC shall be charged to Customer separately.

**1.3 Requests for Service.** Customer is responsible for notifying MPC of any maintenance required under this Agreement. MPC service calls will be made between 8:00 am and 4:30 pm, Monday through Friday, within five business days from receipt of Customer's notification.

**1.4 Additional Equipment.** By written addendum executed by both parties and attached hereto, additional outdoor street lighting equipment owned or to be owned by the Customer may be added to or removed from the Description of Equipment and shall be subject to the terms and conditions of this Agreement as if fully stated herein.

**Section 2. Term.** The initial Term of this Agreement shall be one year from the Commencement Date and shall remain in effect unless cancelled by either party after 90 days written notice or as is otherwise provided in Section 3.1 below.

**Section 3.**     **Fee.** In exchange for the services provided by MPC under this Agreement, Customer shall pay to MPC the following:

**3.1     Maintenance Fee.** Starting with the first billing cycle after the Commencement Date, Customer shall pay monthly to MPC the total sum of **\$4,000** for lighting maintenance as modified by the parties in accordance with the following terms:

(a)     MPC may request an adjustment to the Maintenance Fee to become effective on the anniversary date of the Commencement Date of this Agreement by providing written notice of such request to Customer at least 90 days prior to the effective date. On the anniversary date of the Commencement Date of this Agreement, any requested adjustment in the Maintenance Fee shall automatically go into effect unless previously rejected in writing by the Customer. This Agreement shall terminate 60 days after receipt by MPC of Customer's written rejection and Customer shall continue to pay the most recent approved Maintenance Fee until termination.

(b)     In the event that additional outdoor street lighting equipment is added to this Agreement pursuant to Section 1.4, MPC may request an adjustment to the Maintenance Fee to become effective on the date such equipment is added.

**3.2     Energy Fee.** Customer lights referenced in Section 1.1 will be metered in accordance with the most recent Commission approved applicable rate schedule. Any conflicts with any terms or conditions contained in MPC's approved Rate Schedule shall supersede this agreement.

**Section 4.**     **Inspection.**

**4.1     Inspection Report.** Prior to or within 30 days following the Commencement Date, MPC shall perform an inspection of the outdoor street lighting equipment described in this Agreement and prepare a report detailing all Customer-owned equipment that is damaged, defective, obsolete, or otherwise in need of repair or replacement.

**4.2     Duty to Repair.** Customer has the duty to repair or replace, at its sole cost and expense, all of the outdoor street lighting equipment identified by MPC in the inspection performed pursuant to Section 4.1. Any and all costs incurred by MPC to maintain, furnish, repair or replace any equipment identified pursuant to this Section by MPC shall be separately billed to the Customer and not covered under the monthly Maintenance Fee described in Section 3 above.

**4.3     Exclusion of Equipment.** Any and all outdoor street lighting equipment identified by MPC in the inspection performed pursuant to Section 4.1 shall not be maintained by MPC or subject to any other terms and conditions of this Agreement until repaired or replaced.

**Section 5.**     **Maintenance Agreement Only.** Unless otherwise specifically stated in this Agreement, it is understood by and between the Customer and MPC that this Agreement is for maintenance services only and that in performing under this Agreement MPC is not providing any representations or warranties, expressed or implied, as to the reasonableness of the

design, operation, location, sufficiency of lighting, legality or safety of or undertaken any responsibility or liability in connection with Customer's outdoor street lighting equipment inspected, furnished, repaired or installed pursuant to this Agreement.

## **Section 6. Indemnity.**

**6.1 MPC's Indemnification.** Customer specifically agrees to indemnify and hold harmless MPC for all costs and expenses, including attorney's fees, from any and all claims for damages, injury, loss or death arising out MPC's performance of this Agreement that is caused directly or indirectly by the negligent or intentional acts of the Customer, its employees, agents or contractors.

**6.2 Customer's Indemnification.** MPC specifically agrees to indemnify and hold harmless Customer for all costs and expenses, including attorney's fees, from any and all claims for damages, injury, loss or death arising out MPC's performance of this Agreement that is caused directly or indirectly by the negligent or intentional acts of MPC, its employees, agents or contractors.

**Section 7. Force Majeure.** MPC will not be liable for the replacement or repair of any Customer-owned equipment damaged as a result of a Force Majeure. "Force Majeure" means an event or condition that is unforeseeable and is beyond either Party's control and includes, but is not limited to, orders of government agencies, strikes, lockouts and other labor disturbances (even if terminable by the affected party acceding to the demands of any labor group); war, riots, terrorism and civil insurrection; and lightning, fire, flood, hurricane, earthquake and other severe weather events.

**Section 8. Right of Subrogation.** Customer hereby assigns to MPC and MPC shall be subrogated to all rights of the City to pursue collection of any and all costs incurred by MPC from any third party causing damage to or destruction of any Customer-owned equipment subject to this Agreement that has been repaired or replaced by MPC.

## **Section 9. Rights Incident to Agreement.**

**9.1 Right of Entry.** Customer hereby provides MPC the limited right to enter upon and use any land owned or controlled by Customer, including access to all easements and rights-of-way, necessary, in MPC's sole discretion, to perform the services provided for under this Agreement.

**9.2 Traffic Control.** If applicable, Customer agrees to provide traffic control personnel upon request for all maintenance procedures and must be present, unless otherwise released by MPC, until all work is complete.

**Section 10. Entire Agreement.** This is the entire agreement between the parties and it is expressly agreed that no promises or agreements other than those contained in this written Agreement have been made between the parties and that no agent or representative of MPC has any authority to obligate MPC by any agreement terms or conditions not herein expressly contained.

**Section 11. Hazardous Material.** MPC will not, at any time nor under any circumstances, accept ownership from Customer of any environmentally hazardous material. In the event that Customer desires MPC to dispose of any environmentally hazardous material on behalf of Customer, then such disposal shall be done at the sole option of MPC and for an additional charge.

**Section 12. Assignment.** Neither this Agreement nor any right or obligation hereunder shall be assigned by any party hereto without the prior written consent of the other party.

**Section 13. Modification.** This Agreement may be amended or otherwise modified only by mutual agreement of the parties in writing.

**Section 14. Choice of Law.** This agreement shall be interpreted and construed under the laws of the State of Mississippi.

**Section 15. Authority to Execute.** The undersigned representatives of both MPC and the Customer represent that each are duly authorized and have complied with all applicable laws ordinances, resolutions and procedures necessary to obtain the authority to do so.

**Section 16. Confidentiality.** This Agreement contains confidential and proprietary data and information that shall be kept as confidential to the fullest extent permitted by Mississippi law. Customer shall notify MPC of any third party requests to disclose any of the confidential information contained herein.

BY THEIR SIGNATURES BELOW, the undersigned parties to this Agreement have agreed to the terms and conditions provided herein.

City of Gulfport  
Attn: Kris Riemann – Director of Engineering  
4050 Hewes Ave  
Gulfport, MS 39507

Dear Mr. Riemann:

Mississippi Power Company (MPC) would like to propose a lighting maintenance agreement for the street lights owned by the City of Gulfport. The advantages of using MPC to provide your lighting maintenance includes our 24 hour call center, over 80 years of lighting experience, quick response from local experienced employees, utility-grade material, low monthly maintenance fee that is included on your existing light bill, and our existing lighting material inventory.

Based on our initial assessment, the fixtures included in this proposal are provided below. There may be additional fixtures you would like for us to include in our plan, if so, please let us know. We will need to verify the number of lights prior to entering an agreement.

---

**Option One**

---

- Downtown Post Top Fixtures (Qty = 108)
- Hwy 49 cobra head fixtures from 28<sup>th</sup> St to Turkey Creek Bridge (Qty = 100)
- Pendant fixtures on Hwy 49 (Qty = 46)
- Pendant fixtures on Cowan Lorraine (Qty = 81)
- Pendant fixtures on Hwy 90 (Qty = 309)
- Pendant fixtures on Airport Rd (Qty = 106)
- City parking lot at Hancock Bank cobra head fixtures (Qty = 4)
- Black cobra head fixtures @ new traffic signal poles in downtown (Qty = 10)
- Total # of city owned street lights = 764

| Maintenance Plan Summary                                                                                                                                                                                                                                                                                     |

|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description of services: <ul style="list-style-type: none"><li>• Includes repair of lamp, ballast, and photocells only (664 lights).</li><li>• Customer responsible for reporting lights to MPC to be repaired.</li><li>• MPC to provide labor, equipment, &amp; material for repairs/maintenance.</li></ul> |
| <b>Monthly Cost = \$4,000</b>                                                                                                                                                                                                                                                                                |

**Option Two includes maintenance of existing City-owned fixtures (lamp, ballast and photocells only) and also a lease to upgrade Highway 49 to LED (28<sup>th</sup> St to Turkey Creek)**

- Upfront Cost: **\$0.00** -- No upfront cost
- Monthly Lease Cost: **\$1,763.58/month\***
  - Project is contingent upon final approval from MDOT
  - *Estimated \$775 in monthly energy savings\*\**
  - Estimated monthly maintenance savings: ???

*\*7 year minimum lease term required and includes complete maintenance of lighting system excluding customer provided circuit breaker and lighting contractor. Customer is responsible for all energy costs. Applicable taxes not included.*

*\*\* Energy savings are estimated based on dusk/dawn (or 11 hrs per day) usage at an estimated rate of 11.5¢/kWh energy rate with existing 400W fixtures*

---

**Prior to entering the maintenance agreement, all streets lights must be in good working order.** It is the customer's responsibility to repair or replace, at its sole cost and expense, all defective outdoor lighting and pole components prior to entering the maintenance agreement. MPC can provide a cost estimate to perform any repairs if desired.

Mississippi Power will work with the City of Gulfport to develop a phased-in approach for the street light maintenance as repairs are made to the existing lights.

Pricing is good for 60 days. This agreement contains confidential and proprietary pricing information that shall be kept as confidential to the fullest extent permitted by Mississippi law.

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Kris Riemann, Director  
Engineering

**Date:** 08/25/2016

**Subject:** Resolution - approving Application and Project Agreement with the Natural Resources Conservation Service for Flat Branch and Qubbie Creek and authorizing the Mayor or his designee to execute the same.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
TO APPROVE APPLICATION AND PROJECT AGREEMENT BETWEEN THE CITY  
OF GULFPORT AND NATURAL RESOURCES CONSERVATION SERVICE, FOR  
ENGINEERING DESIGN AND CONSTRUCTION SERVICES RELATED TO THE  
FLAT BRANCH (NORTHWOOD HILLS DRIVE) AND QUBBIE CREEK, AND  
EMERGENCY WATERSHED PROTECTION PROJECT, TO AUTHORIZE THE  
EXECUTION OF THE SAME BY THE MAYOR AND FOR RELATED PURPOSES**

**WHEREAS**, it is necessary for the City of Gulfport to repair erosion located at Flat Branch near Northwood Hills Drive and Qubbie Creek caused by flooding from rain events and has created the need for an Emergency Watershed Protection Project; and

**WHEREAS**, an APPLICATION AND PROJECT AGREEMENT BETWEEN THE CITY OF GULFPORT AND NATURAL RESOURCES CONSERVATION SERVICE is attached hereto for review as Exhibit “A” hereto and is recommended for approval as being in the best interest of the City of Gulfport.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:**

**SECTION 1.** That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**SECTION 2.** That the APPLICATION AND PROJECT AGREEMENT BETWEEN THE CITY OF GULFPORT AND NATURAL RESOURCES CONSERVATION SERVICE, be and it is hereby approved in the same form as is found in Exhibit “A” to this resolution, and the Mayor be, and he is hereby, authorized to execute the same on behalf of the City of Gulfport.

**SECTION 3.** That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**Re:** **Request to Approve Application and Project Agreement with the Natural Resources Conservation Service**

- Flat Branch (Northwood Hills Drive) and Qubbie Creek
- Emergency Watershed Protection Project

---

Attached for your consideration, are various documents related to the above referenced project. This project is designed to repair erosion at two(2) locations: Flat Branch near Northwood Hills Drive and Qubbie Creek. See attached map.

The estimated engineering design and construction cost of the project is \$385,500.00. The repairs will be funded 75% by the Natural Resources Conservation Service (NRCS) at \$289,125.00 with the remaining 25% (\$96,375.00) to be paid by the City. Any easement acquisition will be the responsibility of the City. The budget amendment for \$100,000.00 in on the same agenda.

Please place this item on the September 6, 2016 City Council Agenda.

**Re: EWP**

Dear Mr. Harrington:

Please see the below projects in which we request funding due to the rain event on Tuesday, February 23, 2016.

1. 12217 Old Hwy 49 (Qubbie Creek)
2. 15294-15284 Northwood Hills Drive (Flatbranch) - This project was previously approved but never happened due to lack of easements. We believe that this easement can be acquired at this time. Please see attached pictures and design for this project completed by Brown, Mitchell & Alexander, Inc.
3. 53<sup>rd</sup> Avenue and 34<sup>th</sup> Street
4. Flatbranch (South of O'Neal Road)

Any assistance in funding these projects would be greatly appreciated.

If you need additional information or have any questions, please contact our office at (228) 868-5740.

Sincerely,

A handwritten signature in blue ink that reads "Wayne E. Miller". The signature is written over a horizontal line.

**STATEMENT OF WORK  
AGREEMENT NO. \_\_\_\_\_  
BETWEEN THE  
U.S. DEPARTMENT OF AGRICULTURE  
NATURAL RESOURCES CONSERVATION SERVICE  
AND THE  
CITY OF GULFPORT**

**PROJECT:** Mississippi, Emergency Watershed Protection (“EWP”) FY 2016 Project # \_\_\_\_\_ – Locally Led with Technical and Financial Assistance

This agreement is entered into by and between the U. S. Department of Agriculture, Natural Resources Conservation Service, hereinafter referred to as the “NRCS”, and **City of Gulfport** hereinafter referred to as the “Sponsor”.

### **I. PURPOSE**

The purpose of this agreement is to provide financial and/or technical assistance to implement recovery measures that, if left undone, pose a risk to life and/or property.

### **II. AUTHORITY**

Under the provisions of Section 216 of Public Law 81-516, Emergency Watershed Protection Program, and Title IV of the Agricultural Credit Act of 1978, Public Law 95-334, NRCS is authorized to assist the Sponsor in relieving hazards created by natural disasters that cause a sudden impairment of a watershed.

### **III. OBJECTIVES**

The objective of this agreement is to remove watershed impairments caused by **April 14, 2015** storm event that are creating a serious threat to life and property through a locally awarded and administered construction contract. The design and installation of EWP measures are detailed in the individual damage survey report (DSRs) and listed below:

| Damage Survey Report (DSR) No.    | Description                  | Estimated Construction Cost |
|-----------------------------------|------------------------------|-----------------------------|
| <b>280471501</b>                  | <b>NORTHWOOD HILLS DRIVE</b> | \$ 285,000.00               |
| <b>280471502</b>                  | <b>QUBBIE CREEK SITE</b>     | \$100,500.00                |
| Total Estimated Construction Cost |                              | \$ 385,500.00               |

A. The individual Damage Survey Report(s) (“DSR”) is established through discussions between the Sponsor and NRCS. It defines the site(s), work to be completed, and estimated construction costs for this project.

**B. It is agreed that the total estimated construction cost are: \$ \$385,500.00. Based on this estimate:**

1. NRCS will contribute Financial Assistance Funds ("FA") in the amount of \$ 289,125.00 (up to 75 percent of total construction costs) as reimbursement to the Sponsor for approved on-the-ground construction costs. Construction costs are associated with the installation of the project measures including labor, equipment, and materials.
2. NRCS will contribute Technical Assistance Funds ("TA") in the amount of \$ 28,912.50 (up to 7.5 percent of total construction costs) as reimbursement for technical and administrative costs directly charged to the project. Technical and administrative costs are associated with project design and development of construction drawings and specifications; soliciting, evaluating, awarding a administering a contract, including verifying invoices and recording keeping; development of operations and maintenance plans; development and implementation of quality assurance and inspection plans. While NRCS can reimburse 100 percent of these costs (no Sponsor required cost share) up to 7.5 percent of the total construction costs, it is possible that technical and administrative costs will exceed this amount, requiring the Sponsor to contribute resources to complete technical and administrative work.
3. The Sponsor will contribute funds in the amount of \$ \$96,375.00 (25 percent of the total construction costs) in either direct cash expenditures, the value of non-cash materials or services, or in-kind contributions. The value of any in-kind contribution shall be agreed to in writing prior to implementation.

#### IV. RESPONSIBILITIES OF THE PARTIES

##### A. THE SPONSOR WILL:

1. Accomplish construction of the EWP project measures by contracting, in-kind construction services, or a combination of both.
2. Provide the following individuals as contacts:

|                       | Technical                            | Administrative                          |
|-----------------------|--------------------------------------|-----------------------------------------|
| <b>Name:</b>          | Dax Alexander                        | Kris Riemann                            |
| <b>Address:</b>       | 401 Cowan Road<br>Gulfport, MS 39507 | 4050 Hewes Avenue<br>Gulfport, MS 39507 |
| <b>Telephone No.</b>  | 228-864-7612                         | 228-868-5740                            |
| <b>Email Address:</b> | dax@bmaengineers.com                 | kriemann@gulfport-ms.gov                |

Sponsor contacts will work closely with the NRCS in carrying out the terms and conditions of the agreement. They will complete proper documents to ensure payment of funds by NRCS as requested to complete the objectives of

the agreement and will be the representative for the Sponsor in all matters concerning this agreement.

3. Comply with the applicable requirements in Attachment B, "General Terms and Conditions," of this agreement.
4. Comply with all laws, regulations, Executive Orders, and other applicable terms and conditions referenced and incorporated as attachments to this agreement.
5. Acquire and provide certification to NRCS that real property rights (land and water), permits and licenses in accordance with local, state, and Federal laws necessary for the installation of EWP project measures have been obtained at no cost to NRCS prior to soliciting for construction. This includes any rights associated with required environmental mitigation. Sponsors shall provide such certification on Form NRCS-ADS-78, Assurances Relating to Real Property Acquisition. Sponsors shall also provide an attorney's opinion supporting this certification. Costs related to land rights and permits are the Sponsor's responsibility and ineligible for reimbursement.
6. Accept all financial and other responsibility for excess costs resulting from their failure to obtain, or their delay in obtaining, adequate land and water rights, permits and licenses needed for the Project.
7. Provide 25% of the actual, eligible and approved construction cost, as outlined in Section III.B. These costs may be in the form of cash, in-kind construction services, or a combination of both.

Eligible construction costs are described in the approved Damage Survey Report (DSR) listed in Section III. Final construction items that are eligible construction costs will be agreed upon during the pre-design conference. These costs consist of costs from contracts awarded to contractors, and eligible Sponsor in-kind construction costs for materials, labor, and equipment. The Sponsor shall provide NRCS documentation to support all eligible construction costs.

Construction costs incurred prior to the Sponsor and NRCS signing this agreement are ineligible and will not be reimbursed.

8. Be responsible for 100 percent of all ineligible construction costs, and 100 percent of any unapproved upgrade to increase the level of protection over and above that described in the DSR.
9. Account for and report FA and TA expenditures separately in order for expenses to be eligible for reimbursement. NRCS funding for this project is provided to the Sponsor in two separate NRCS funding accounts, one for TA and one for FA, requiring this separation.

10. For contracts, provide NRCS a copy of solicitation notice, bid abstract, and notice of contract award, or other basis of cost and accomplishment.
11. For in-kind construction services (materials, labor, and/or equipment supplied by the Sponsor), develop a Plan of Operations describing the construction services to be performed including estimated quantities and values. The Plan of Operations shall be concurred in by NRCS at the pre-design conference. In-kind construction services for equipment shall not exceed published FEMA equipment rates unless otherwise documented and concurred in advance by NRCS.

The following documentation is required to support the Sponsor's request for reimbursement of in-kind construction services:

- a. Invoices covering actual costs of materials used in constructing the eligible EWP project measures.
  - b. Records documenting the type, quality, and quantities of materials actually used in constructing the eligible EWP project measures.
  - c. Daily time records for each employee showing name, classification, wage rate, hours, and dates actually employed for constructing the eligible EWP project measures.
  - d. Equipment operating records showing the type and size of equipment, hourly rate, actual hours of operation and dates used to install the eligible EWP project measures. Equipment idle time is not eligible in-kind construction services, even if on the job site, and should not be included in the equipment operating records.
12. Provide all technical and administrative services necessary for contract solicitation, award, and administration; engineering design services; construction management and inspections, and other services. Reimbursement amount for eligible Sponsor technical and administrative services will be as described in Section III.B.2. The Sponsors will retain records to support costs incurred.
- a. Prepare all contractual documents and contract for the project measures in accordance with 2 CFR § 200.317-326 (Attachment E) and clauses referenced in Appendix II, Part 200, (Attachment C), applicable state requirements, and the Sponsors' procurement regulations.
  - b. Prepare design and construction specifications, and drawings in accordance with standard engineering principles and in compliance with NRCS programmatic requirements. The construction plans shall be reviewed and approved by the Sponsors before submittal to NRCS. The construction plans shall be reviewed and approved by a Professional Engineer (PE) registered in the State of Mississippi before submittal to NRCS.
  - c. The contracts for design services and construction described in this Agreement shall not be awarded to the Sponsors or to any firm in which any Sponsors' official or any member of such official's immediate family

has direct or indirect interest in the pecuniary profits or contracts of such firms. Reference 2 CFR § 200.318 regarding standards of conduct covering conflicts of interest and governing the performance of its employees engaged in the selection, award, and administration of contracts.

**Costs for technical and administrative services incurred prior to the Sponsor and NRCS signing this agreement are ineligible and will not be reimbursed.**

13. Within thirty (30) calendar days of signing the project agreement, hold a pre-design conference with the Sponsor, Sponsor's design engineer, and NRCS. The design conference shall set forth design parameters concurred by both the Sponsor and NRCS. During the pre-design conference, NRCS will determine the eligible construction costs.
14. Within fourteen (14) calendar days of the pre-design conference submit to NRCS a schedule with time lines of major items to be completed. Milestones shall include, but not limited to, obtaining land rights, obtaining permits, completing any necessary surveys, completing draft engineering plans and specifications for NRCS review, completing final engineering plans and specifications, completing quality assurance plan, solicit bids, award contract, issue notice to proceed, and complete construction.
15. Prior to commencement of work and/or solicitation of bids, submit for NRCS review, the preliminary design, construction specifications, and engineering drawings prepared in accordance with standard engineering principles and design parameters set forth in the pre-design conference.
16. Upon receiving comments from NRCS, prepare the final design, construction specifications, and engineering drawings in accordance with standard engineering principles, design parameters set forth in the pre-design conference. One set of the final plans and specifications shall be submitted to NRCS for final review and concurrence prior to solicitation of bids and/or commencement of work. The final construction plans and specifications shall be signed and sealed by a licensed Professional Engineer registered in the State of Mississippi. A copy of the signed and seal plans and specifications shall be provided to NRCS.
17. Prior to commencement of work and/or solicitation of bids, submit for NRCS review and concurrence a Quality Assurance Plan (QAP). The QAP shall outline technical and administrative expertise required to ensure the EWP project measures are installed in accordance with the plans and specifications, identify individuals with the expertise, describe items to be inspected, list equipment required for inspection, outline the frequency and timing of inspection (continuous or periodic), outline inspection procedures, and record keeping requirements. A copy of the final QAP shall be provided to NRCS prior to commencement of construction.

18. Provide construction inspection in accordance with the QAP.
19. Prepare and submit for NRCS concurrence an Operation and Maintenance (O&M) Plan, if applicable, prior to commence of work. The O&M Plan shall describe the activities the Sponsor will do to ensure the project performs as designed. Upon completion of the project measures, the Sponsor shall assume responsibility for O&M. See NRCS O&M Plan template sample – Attachment G.
20. Provide copies of site maps to appropriate Federal and State agencies for environmental review. Sponsor will notify NRCS of environmental clearance, modification of construction plans, or any unresolved concerns as well as copies of all permits, licenses, and other documents required by Federal, state, and local statutes and ordinances prior to solicitation for installation of the EWP project measures. All modifications to the plans and specifications shall be reviewed and concurred on by NRCS.
21. Ensure that any special requirements for compliance with environmental and/or cultural resource laws are incorporated into the project.
22. Will arrange and pay for any necessary location, removal, or relocation of utilities. EWP program regulations prohibit NRCS from reimbursing the Sponsor or otherwise paying for any such costs; nor do the costs qualify as a Sponsor cost-share contribution.
23. Ensure that technical and engineering standards and specifications of NRCS are adhered to during construction of the Project, as interpreted by NRCS **Program Contact**. Provide NRCS **Program Contact** progress reports as necessary and agreed to. Progress reports should include technical on-site inspections of work accomplished for the period, work planned, results of material tests, deficient work products and/or tests with corrective actions taken, modifications anticipated, technical problems encountered, contractual issues and other relevant information.
24. Ensure that all contractors on NRCS assisted projects are performing their work in accordance with OSHA regulations, NRCS Supplement to OSHA Parts 1910 and 1926, and the Contract Work Hours and Safety Standards Act (40 USC 327-330) as supplemented by Department of Labor regulations (29 CFR Part 5) (see Attachment D). The Sponsor is responsible for periodically checking the contractor's compliance with safety requirements.
25. Complete and submit (on Sponsor letterhead) the information from the Accrual Information Form (Attachment G) and submit it to the NRCS Administrative Contact no later than 15 days prior to the end of the quarter (submit by March 15, June 15, September 15, and December 15). NRCS requires quarterly accrual information on the value of the work that has been performed or will be performed in cooperation with NRCS, but for which an

SF 270 has not yet been submitted. The U.S. Congress relies on audits of financial statements, including accrual information, to determine future funding amounts for NRCS on-going and new projects and programs.

26. Arrange for and conduct final inspection of completed project with NRCS to determine whether all work has been performed in accordance with contractual requirements. Provide a PE certification that the Project was installed in accordance with approved plans and specifications.
27. Provide PE-certified as-built drawings and quantities for the project. A copy of the as-built drawings will be submitted to the NRCS Program Manager
28. Pay the contractor(s) as provided in the contract(s).
29. Submit copies of billings for reimbursement to NRCS on Form SF-270, "Request for Advance or Reimbursement", on a monthly, but not less than quarterly (March, June, September, and December) basis to the NRCS Administrative Contact. Final payment request shall be submitted within thirty (30) calendar days of completion of the EWP project measures. All requests for reimbursement shall include all appropriate and complete documentation to support the reimbursement request. Payments will be withheld until all required documentation is submitted and complete.

**The required supporting documentation for reimbursement of construction costs include invoices and proof of payment to the contractor showing the items and quantities installed and certified by the engineer of record along with any supporting documentation such as quantity calculations, rock weight tickets, etc.**

**The required supporting documentation for reimbursement of in-kind construction expenses will include employee time sheets, employee hourly rate, equipment operating logs, equipment hourly rate, and material quantities and invoices.**

**The required documentation for reimbursement of technical and administrative services will be invoices and proof of payment to consultants and/or employee time sheets along with the employee's hourly rate, hours worked, and date work was performed.**

30. Be responsible for ensuring their SAM registration is active throughout the life of the agreement so that reimbursements are not delayed. NRCS cannot process a reimbursement to a sponsor unless the sponsor is registered in the System for Award Management (SAM).
31. Take reasonable and necessary actions to dispose of all contractual and administrative issues arising out of the construction contract awarded under this Agreement. This includes, but is not limited to disputes, claims, protests of award, source evaluation, and litigation that may result from the Project.

Such actions will be at the expense of the Sponsor, including any legal expenses.

32. Receive payment under this Agreement using electronic funds transfer (EFT) procedures in accordance with 31 C.F.R. § 208.
33. Be responsible, without recourse to NRCS or USDA, for the settlement and satisfaction of all contractual and legal issues arising out of arrangements entered into between the Sponsors and third parties to carry out the approved Project. Matters concerning violation of law should be referred to the Federal, State, or local authority having proper jurisdiction.
34. Hold and save NRCS free from any and all claims or causes of action whatsoever resulting from the obligations undertaken by the Sponsor under this agreement or resulting from the work provided for in this agreement.
35. Retain all records dealing with the award and administration of contract(s) for three (3) years from the date of the sponsor's submission of the final Request for Reimbursement or until final audit findings have been resolved, whichever is longer. If any litigation is started before the expiration of the three (3) year period, the records are to be retained until the litigation is resolved or the end of the three (3) year period, whichever is longer. Make such records available to the Comptroller General of the United States or his or her duly authorized representative and accredited representatives of the U.S. Department of Agriculture or cognizant audit agency for the purpose of making audit, examination, excerpts, and transcripts.
36. Be responsible for all administrative expenses (including but shall not be limited to facilities, clerical expenses), and legal counsel necessary including the fees of such attorney or attorneys deemed necessary by NRCS to resolve any legal matters.
37. Submit requests for a time extension to the agreement, (if necessary), in writing no less than forty five (45) days prior to the expiration date of the agreement, specified in Section VI. A request for a time extension must be supported by:
  - a. justification for the need of an extension and why it would be in the best interest of the government;
  - b. a statement documenting why the project was not completed on schedule;
  - c. a plan detailing how the project will be successfully completed if extended;
  - d. a revised schedule (inclusive of dates) by work tasks through project completion.

Submit the written, signed request to the NRCS Technical Contact.

38. By signing this Agreement, the Sponsor assures the Department of Agriculture that the program or activities provided for under this Agreement

will be conducted in compliance with all applicable Federal civil rights laws, rules, regulations, and policies.

**B. THE NRCS WILL:**

1. Provide the following individuals as **contacts**:

|                       | Technical Contact                                 | Administrative |
|-----------------------|---------------------------------------------------|----------------|
| <b>Name:</b>          | Norman Patterson                                  | xxxx           |
| <b>Address:</b>       | 113 Fairfield, Ste. 110,<br>Hattiesburg, MS 39402 | xxxxxx         |
| <b>Telephone No.</b>  | (601) 296-1173 x127                               | xxxxxxx        |
| <b>Email Address:</b> | Norman.patterson@ms.usda.gov                      | xxxxxxx        |

2. Reimburse the Sponsor up to 75 percent of the actual cost of construction as Financial Assistance and up to 7.5 percent of the actual cost of construction as Technical Assistance. Funds will be expended as explained in Section III. B. 1 and 2.
3. Assist Sponsor and Sponsor's engineer in establishing design parameters; determine eligible construction costs during the pre-design conference as set forth in Section IV.A.13.
4. Review, comment and concur in preliminary and final plans, specifications, O&M Plan, Plan of Operations (if required) and QAP as described in Sections IV.A, Items 11, 15, 16, 17, and 19.
5. Not be substantially involved with the technical or contractual administration of this agreement, but will provide advice and counsel as needed.
6. Make periodic site visits during the installation of the EWP project measures to review construction progress, document conformance to engineering plans and specifications, and provide any necessary clarification on the Sponsor's responsibility as set forth in Section IV.A.
7. Upon notification of the completion of the EWP project measures described in Section III, NRCS shall promptly review the performance of the Sponsor to determine if the requirements of this agreement and fund expenditures as agreed have been met.
8. Make payment to the Sponsor covering NRCS' share of the cost upon receipt and approval of Form SF-270 and supporting documentation. In the event there are questions regarding the SF 270 and supporting documentation, NRCS will contact the Sponsor in a timely manner to resolve concerns.

## C. IT IS MUTUALLY AGREED:

1. This agreement may become null and void 120 calendar days after the date NRCS has signed and executed this agreement if a solicitation for bids has not been publicly advertised or a contract has not been awarded.
2. The furnishing of financial, administrative and/or technical assistance above the original funding amount by NRCS is contingent on there being sufficient unobligated and/or uncommitted funding in the EWP Program that is available for obligation in the year in which the assistance will be provided. NRCS cannot make commitments in excess of funds authorized by law or made administratively available. Congress may impose obligational limits on program funding that constrains NRCS' ability to provide such assistance.
3. The furnishing of the administrative and technical services by NRCS is contingent upon the continuing availability of appropriations by the Congress from which payment may be made and shall not obligate NRCS if the Congress fails to so appropriate.
4. In the event of default of a construction contract awarded pursuant to this Agreement, any additional funds properly allocable as construction costs required to ensure completion of the job are to be provided in the same ratio as construction funds are contributed by the parties under the terms of this Agreement. Any excess costs including interest resulting from a judgment collected from the defaulting contractor, or his or her surety, will be prorated between the Sponsor and NRCS in the same ratio as construction funds are contributed under the terms of the Agreement.
5. Additional funds, including interest properly allocable as construction costs as determined by NRCS, required as a result of decision of the CO or a court judgment in favor of a claimant will be provided in the same ratio as construction funds are contributed under the terms of this Agreement. NRCS will not be obligated to contribute funds under any Agreement or commitment made by the Sponsor without prior concurrence of NRCS.
6. The State Conservationist may make adjustments in the estimated cost to NRCS set forth in Section III. B. for constructing the EWP project measures. Such adjustments may increase or decrease the amount of estimated funds that are related to differences between such estimated cost and the amount of the awarded contract or to changes, differing site conditions, quantity variations, or other actions taken under the provisions of the contract. No adjustment will be made to change the cost sharing assistance provided by NRCS as set forth in Section III. B. nor reduce funds below the amount required to carry out NRCS' share of the contract.
7. That once the project is completed and all requests for reimbursement submitted, any excess funding remaining in the agreement (over and above the

NRCS commitment of up to 75 percent of actual construction costs and within the not-to-exceed amount) will be de-obligated from the agreement.

8. NRCS, at its sole discretion, may refuse to cost share should the Sponsor, in administering the contract, elect to proceed without complying with their responsibilities as set out in Section IV.A of this agreement.

## **V. EXPECTED ACCOMPLISHMENTS AND DELIVERABLES**

The following accomplishments and deliverable will be provided to NRCS.

1. One copy of the final engineering plans, specifications signed and sealed by a licensed professional engineer, including engineer's cost estimate, and approved Plan of Operations (if applicable) for sites identified in Section III.
2. Signed NRCS-ADS-78 supported by an attorney's opinion.
3. One copy of the quality assurance plan.
4. One copy of the operation and maintenance plan.
5. One copy of the notice of solicitation, bid abstract, and notice of award.
6. Certification that the project was installed in accordance with the plans and specifications.
7. As-built drawings of final construction sign by a licensed professional engineer within 30 days of completion of construction.
8. Quantities of the units of work applied for each site within 30 days of completion of construction.

## **VI. PERIOD OF PERFORMANCE**

This agreement is effective as of the date of final signature by USDA/NRCS on NRCS-ADS-093 form, Notice of Grant and Agreement Award, and continues in full force and effect through 12-1-2017. The agreement may be amended to extend the date. Requests from the Sponsor to the NRCS State Conservationist to extend the term of the agreement must be submitted in writing 45 calendar days prior to the expiration date of the agreement and include a detailed description of circumstances that created the need for the extension. The Sponsor must be vigilant in tracking the expiration date(s) of the agreement and subsequent amendments.

## **VII. RESOURCES REQUIRED**

### **A. Sponsor:**

- Technical personnel to develop technically sound and feasible solutions to restore the sites and develop engineering plans and specifications and equipment and personnel to provide construction inspection.
- Administrative personnel to provided contracting services and/or procurement of items/services needed to implement the agreement, obtain land rights, and other administrative requirements identified in the agreement.
- Office space and associated office equipment to prepare reports, prepare payments requests, etc.
- Equipment and personnel if identified in a Plan of Operations for force accounts.

**B. NRCS**

- Technical and administrative personnel to provided assistance to support the implementation of the agreement.

**VIII. MILESTONES**

Milestones shall include, but not limited to, the following items:

1. Pre-construction design conference within 30 days of signing agreement.
2. Submit to NRCS a schedule with time lines of major items to be completed within 14 days of the pre-design conference.
3. Acquire needed real property rights and permits (signed NRCS-ADS-78 supported by an attorney's opinion) prior to start of construction.
4. Obtaining permits.
5. Completing any necessary surveys.
6. Completing draft engineering plans and specifications for NRCS review.
7. Completing final engineering plans and specifications.
8. Completing quality assurance plan.
9. Solicit bids.
10. Award contract.
11. Issue notice to proceed.
12. Complete construction and submit as-built drawings/quantities by the date as specified in Section VI.

**IX. ATTACHMENTS TO AGREEMENT**

The following attachments are incorporated into the agreement:

Attachment B: General Terms and Conditions for Grants and Cooperative Agreements

Attachment C: Appendix II to 2 CFR Part 200— Contract Provisions for Non-Federal Entity  
Contracts Under Federal Awards

Attachment D: NRCS Supplement to OSHA Parts 1910 and 1926

Attachment E: Procurement Standards – 2 CFR § 200.317 through §200.326

Attachment F: 7 CFR Part 624 – Emergency Watershed Protection

Attachment G: The following to be submitted by the Sponsor:

AD-3031 Assurance Regarding Felony Conviction or Tax Delinquent  
Status for Corporate Applicants

NRCS-ADS-78 Assurances Relating to Real Property Acquisition and  
sample title of opinion letter

Sample Plan of Operations

O&M Plan Template

SF-270 Request for Advance Reimbursement

SF-425 Federal Financial Report

Quarterly Accrual Report Format

Revised July 2015

**NATURAL RESOURCES CONSERVATION SERVICE  
U.S. DEPARTMENT OF AGRICULTURE**

**GENERAL TERMS AND CONDITIONS  
GRANTS AND COOPERATIVE AGREEMENTS**

**I. APPLICABLE REGULATIONS**

- a. The recipient, and recipients of any subawards under this award, agree to comply with the following regulations, as applicable. The full text of Code of Federal Regulations references may be found at <http://www.access.gpo.gov/nara/cfr/cfr-table-search.html#page1> and <http://www.ecfr.gov/>.
- (1) 2 CFR Part 25, "Universal Identifier and System of Award Management"
  - (2) 2 CFR Part 170, "Reporting Subaward and Executive Compensation Information"
  - (3) 2 CFR Part 180, "OMB Guidelines To Agencies On Governmentwide Debarment And Suspension (Nonprocurement)"
  - (4) 2 CFR Part 182, "Governmentwide Requirements for Drug-Free Workplace (Financial Assistance)"
  - (5) 2 CFR Part 200, "Uniform Administrative Requirements, Cost Principles, And Audit Requirements for Federal Awards"
- b. The recipient, and recipients of any subawards under this award, assure and certify that they have and/or will comply with the following regulations, as applicable. The full text of Code of Federal Regulations references may be found at <http://www.access.gpo.gov/nara/cfr/cfr-table-search.html#page1> and <http://www.ecfr.gov/>.
- (1) 2 CFR Part 175, "Award Term for Trafficking in Persons"
  - (2) 2 CFR Part 417, "Nonprocurement Debarment and Suspension"
  - (3) 2 CFR Part 418, "New Restrictions on Lobbying"
  - (4) 2 CFR Part 421, "Requirements for Drug-Free Workplace (Financial Assistance)"
- c. Allowable project costs will be determined in accordance with the authorizing statute, the purpose of the award, and to the extent applicable to the type of organizations receiving the award, regardless of tier. The following portions of the Code of Federal Regulations are hereby incorporated by reference (the full text of Code of Federal Regulations references may be found at <http://www.access.gpo.gov/nara/cfr/cfr-table-search.html#page1> and <http://www.ecfr.gov/>).
- (1) 2 CFR Part 200, "Uniform Administrative Requirements, Cost Principles And Audit Requirements For Federal Awards"
  - (2) 48 CFR Part 31, "Contract Cost Principles and Procedures"

**II. UNALLOWABLE COSTS**

The following costs are not allowed:

- a. Costs above the amount authorized for the project
- b. Costs incurred after the expiration of the award including any no-cost extensions of time
- c. Costs that lie outside the scope of the approved project and any amendments thereto
- d. Compensation for injuries to persons or damage to property arising from project activities

This list is not exhaustive. For general information about the allowability of particular items of costs, please see 2 CFR Part 200, "Subpart E - Cost Principles", or direct specific inquiries to the NRCS administrative contact identified in the award.

### III. CONFIDENTIALITY

- a. Activities performed under this award may involve access to confidential and potentially sensitive information about governmental and landowner issues. The term "confidential information" means proprietary information or data of a personal nature about an individual, or information or data submitted by or pertaining to an organization. This information must not be disclosed without the prior written consent of NRCS.
- b. The recipient's personnel will follow the rules and procedures of disclosure set forth in the Privacy Act of 1974, 5 U.S.C. Section 552a, and implementing regulations and policies with respect to systems of records determined to be subject to the Privacy Act. The recipient's personnel must also comply with privacy of personal information relating to natural resources conservation programs in accordance with section 1244 of Title II of the Farm Security and Rural Investment Act of 2002 (Public Law 107-171).
- c. The recipient agrees to comply with NRCS guidelines and requirements regarding the disclosure of information protected under Section 1619 of the Food, Conservation, and Energy Act of 2008 (PL 110-246), 7 U.S.C. 8791.

### IV. PRIOR APPROVAL REQUIREMENTS

The following are the most common situations requiring prior approval. However, the recipient is also bound by any other prior approval requirements of the applicable administrative provisions and Federal cost principles.

- a. Purpose or Deliverables.—When it is necessary for the recipient to modify the purpose or deliverables, the recipient must submit a written request and justification for the change along with the revised purpose or deliverables of the award to the NRCS administrative contact. The request should contain the following:
  1. Grant or agreement number
  2. Narrative explaining the requested modification to the project purpose or deliverables
  3. A description of the revised purpose or deliverables
  4. Signatures of the authorized representative, project director, or both
- b. Subcontractual Arrangement.—The recipient must submit a justification for the proposed subcontractual arrangements, a statement of work to be performed, and a detailed budget for the subcontract to the NRCS administrative contact. Subcontractual arrangements disclosed in the application do not require additional postaward approval.
- c. Absence or Change in Project Leadership.—When a project director or the person responsible for the direction or management of the project—
  1. Relinquishes active direction of the project for more than 3 consecutive months or has a 25 percent or more reduction in time devoted to the project, the grantee must notify the NRCS administrative contact in writing, identifying who will be in charge during the project director's absence. The notification must include the qualifications and the signature of the replacement, signifying his or her willingness to serve on the project.
  2. Severs his or her affiliation with the grantee, the grantee's options include—
    - i. Replacing the project director. The grantee must request written approval of the replacement from the NRCS administrative contact and must include

the qualifications and the signature of the replacement signifying his or her willingness to serve on the project.

- ii. Subcontracting to the former project director's new organization. The grantee must request approval from the administrative contact to replace the project manager and retain the award, and to subcontract to the former project director's new organization certain portions of the project to be completed by the former project director.
  - iii. Relinquishing the award. The grantee must submit to the NRCS administrative contact a signed letter by the grantee and the project director that indicates that the grantee is relinquishing the award. The letter must include the date the project director is leaving and a summary of progress to date. A final Standard Form (SF) 425 reflecting the total amount of funds spent by the recipient must be attached to the letter.
3. Transfers the award to his or her new organization, the authorized organization's representative at the new organization must submit the following to the NRCS administrative contact as soon as the transfer date is firm and the amount of funds to be transferred is known:
- i. The forms and certifications included in the application package
  - ii. A project summary and work statement covering the work to be completed under the project (deliverables and objectives must be the same as those outlined in the approved proposal)
  - iii. An updated qualifications statement for the project director showing his or her new organizational affiliation
  - iv. Any cost-sharing requirements under the original award transfer to the new institution; therefore, cost-sharing information must be included in the proposal from the new organization

**Note:** The transfer of an award from one organization to another can take up to 90 days to accomplish, which may result in a delay in the project director resuming the project at the new organization.

- d. Budget Revisions.—Budget revisions will be in accordance with 2 CFR Part 200.308.
- e. No-Cost Extensions of Time.—When a no-cost extension of time is required, the recipient must submit a written request to the NRCS administrative contact no later than 30 days before the expiration date of the award. The request must contain the following:
  - The length of additional time required to complete the project and a justification for the extension
  - A summary of progress to date
  - An estimate of funds expected to remain unobligated on the scheduled expiration date
  - A projected timetable to complete the portions of the project for which the extension is being requested
  - Signature of the grantee and the project director
  - A status of cost sharing to date (if applicable)

**Note:** An extension will not exceed 12 months. Only in exceptional cases will more than one extension be granted. Requests for no-cost extensions received after the expiration of the award will not be granted.

**V. PAYMENTS**

- a. Payment by NRCS to the entity will be made monthly or quarterly (whichever is mutually agreed upon by both parties) on a reimbursable or advanced basis upon completion of work outlined herein. Payment will be executed upon the submission of a properly executed form SF-270. The SF-270 must cite the agreement number, remittance address, and billing period. The SF-270 must be sent to the NRCS administrative contact at the address identified in block 8 of the Notice of Grant/Agreement Award.
- b. Unless otherwise specified in the award, the recipient must receive payments through electronic funds transfers.
- c. Recipients requesting advances should request payments in amounts necessary to meet their current needs pursuant to procedures contained in the Federal administrative provisions and **31 CFR Part 205**.
- d. The method of payment between the recipient and its contractors will be in accordance with the policies and procedures established by the recipient except that the contractors may not use the USDA Office of Financial Management/National Finance Center method to request payments. If the grantee makes advance payments to contractors, the grantee must ensure that the timing of such payments is designed to minimize elapsed time between the advance payment and the disbursement of funds. Payment requests from the grantee's contractors will not be sent to NRCS for review or approval.
- e. Accounting records for all costs incurred under this award must be supported by source documentation. Such documentation includes, but is not limited to, canceled checks, paid bills, payroll records, and subcontract award documents. Labor cost charges to this award must be based upon salaries actually earned and the time actually worked on this award. All project costs must be incurred within the approved project period of this award, including any approved no-cost extension of time. Costs that cannot be supported by source documentation or that are incurred outside of the approved project period and budget may be disallowed and may result in award funds being returned to the Federal Government by the recipient.

**VI. FINANCIAL REPORTING**

- a. Recipients must submit a Federal Financial Report (FFR), SF 425 and 425A, in accordance with the following schedule (recipients may download the applicable form at <http://www.forms.gov>):

| <u>Quarterly Schedule</u> | <u>Report Due Date</u> |
|---------------------------|------------------------|
| October 1 to December 31  | January 31             |
| January 1 to March 31     | April 30               |
| April 1 to June 30        | July 30                |
| July 1 to September 30    | October 30             |

Reports must be submitted on an accrual accounting basis. Failure to submit reports in accordance with the above schedule may result in suspension or termination of award.

- b. A final Report must be submitted no later than 90 days after the completion of the award. For final FFRs, reporting end date must be the end date of the project or agreement period. The reports should be submitted to the NRCS administrative contact identified in award notifications.

**VII. PERFORMANCE MONITORING AND REPORTING**

- a. The recipient is responsible for monitoring day-to-day performance and for reporting to NRCS. If the project involves subcontractual arrangements, the recipient is also responsible for monitoring the performance of project activities under those arrangements to ensure that approved goals and schedules are met.
- b. Every 6 months the recipient must submit a written progress report. Each report must cover—
  - 1. A comparison of actual accomplishments with the goals and objectives established for the reporting period and, where project output can be quantified, a computation of the costs per unit of output.
  - 2. The reasons why goals and objectives were not met, if appropriate.
  - 3. Additional pertinent information including, where appropriate, analysis and explanation of cost overruns or high unit cost.
- c. The recipient must submit a final performance report within 90 days after completion of project.

**VIII. SPECIAL PROVISIONS**

- a. The recipient assures and certifies that it will comply with the minimum-wage and maximum-hour provisions of the Federal Fair Labor Standards Act.
- b. Employees of NRCS will participate in efforts under this agreement solely as representatives of the United States. To this end, they may not participate as directors, officers, employees, or otherwise serve or hold themselves out as representatives of the recipient. They also may not assist the recipient with efforts to lobby Congress or to raise money through fundraising efforts. Further, NRCS employees must report to their immediate supervisor any negotiations with the recipient concerning future employment and must refrain from participation in efforts regarding such parties until approved by the agency.
- c. Employees of the recipient will not be considered Federal employees or agents of the United States for any purposes under this agreement.

**IX. PATENTS, INVENTIONS, COPYRIGHTS, AND ACKNOWLEDGMENT OF SUPPORT AND DISCLAIMER**

- a. Allocation of rights of patents, inventions, and copyrights must be in accordance with 2 CFR Part 200.315. This regulation provides that small businesses normally may retain the principal worldwide patent rights to any invention developed with USDA support.
- b. In accordance with 37 CFR Section 401.14, each subject invention must be disclosed to the Federal agency within 2 months after the inventor discloses it in writing to contractor personnel responsible for patent matters. Invention disclosure statements pursuant to 37 CFR Section 401.14(c) must be made in writing to:

Acquisitions Division  
Grants and Agreements Team  
1400 Independence Avenue, SW.  
Room 6823 South Building  
Washington, DC 20250

- c. USDA receives a royalty-free license for Federal Government use, reserves the right to require the patentee to license others in certain circumstances, and requires that anyone exclusively licensed to sell the invention in the United States must manufacture it domestically.
- d. The following acknowledgment of NRCS support must appear in the publication of any material, whether copyrighted or not, and any products in electronic formats (World Wide Web pages, computer programs, etc.) that is substantially based upon or developed under this award:
  - “This material is based upon work supported by the Natural Resources Conservation Service, U.S. Department of Agriculture, under number [recipient should enter the applicable award number here].”

In addition, all publications and other materials, except scientific articles or papers published in scientific journals, must include the following statement:

- “Any opinions, findings, conclusions, or recommendations expressed in this publication are those of the author(s) and do not necessarily reflect the views of the U.S. Department of Agriculture.”

The recipient is responsible for ensuring that an acknowledgment of NRCS is made during news media interviews, including popular media such as radio, television, and news magazines, that discuss in a substantial way work funded by this award.

#### **X. COST-SHARING REQUIREMENTS**

- a. If the award has specific cost-sharing requirements, the cost-sharing participation in other projects may not be counted toward meeting the specific cost-share requirement of this award, and must come from non-Federal sources unless otherwise stated in the applicable program announcement.
- b. Should the recipient become aware that it may be unable to provide the cost-sharing amount identified in this award, it must—
  - 1. Immediately notify the NRCS administrative contact of the situation.
  - 2. Specify the steps it plans to take to secure replacement cost sharing.
  - 3. Indicate the plans to either continue or phase out the project in the absence of cost sharing.
- c. If NRCS agrees to the organization’s proposed plans, the recipient will be notified accordingly. If the organization’s plans are not acceptable to NRCS, the award may be subject to termination. NRCS modifications to proposed cost sharing revisions are made on a case-by-case basis.
- d. Failure by the recipient to notify NRCS in accordance with paragraph (b) above may result in the disallowance of some or all the costs charged to the award, the subsequent recovery by NRCS of some of the NRCS funds provided under the award, and possible termination of the award, and may constitute a violation of the terms and conditions of the award so serious as to provide grounds for subsequent suspension or debarment.
- e. The recipient must maintain records of all project costs that are claimed by the recipient as cost sharing as well records of costs to be paid by NRCS. If the recipient’s cost participation includes in-kind contributions, the basis for determining the valuation for volunteer services and donated property must be documented.

**XI. PROGRAM INCOME**

Income derived from patents, inventions, or copyrights will be disposed of in accordance with the recipient's own policies. General program income earned under this award during the period of NRCS support must be added to total project funds and used to further the purpose and scope of this award or the legislation under which this award is made.

**XII. NONEXPENDABLE EQUIPMENT**

Recipients purchasing equipment or products with funds provided under this award are encouraged to use such funds to purchase only American-made equipment and products. Title to nonexpendable equipment purchased with award funds will vest in the recipient upon completion of the award project and acceptance by NRCS of required final reports. When equipment is no longer needed by the recipient and the per-unit fair market value is less than \$5,000, the recipient may retain, sell, or dispose of the equipment with no further obligation to NRCS. However, if the per-unit fair market value is \$5,000 or more, the recipient must submit a written request to the NRCS administrative contact for disposition instructions.

**XIII. LIMIT OF FEDERAL LIABILITY**

The maximum financial obligation of NRCS to the recipient is the amount of funds indicated in the award as obligated by NRCS. However, in the event that an erroneous amount is stated on the approved budget, or any supporting document relating to the award, NRCS will have the unilateral right to make the correction and to make an appropriate adjustment in the NRCS share of the award to align with the Federal amount authorized.

**XIV. MODIFICATIONS AND TERMINATIONS**

NRCS may amend or modify the award through an exchange of correspondence between authorized officials of the recipient and NRCS. The award is subject to termination if NRCS determines that the recipient has failed to comply with the terms and conditions of the award. In the event that the award is terminated, the financial obligations of the parties will be those set forth in 2 CFR Part 200.339.

**XV. AWARD CLOSEOUT**

Award closeout is the process by which NRCS determines that all required project activities have been performed satisfactorily and all necessary administrative actions have been completed.

## Appendix II to Part 200

### Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. **(Not required for EWP program)**

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not

apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6201).

(I) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide Excluded Parties List System in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1986 Comp., p. 189) and 12689 (3 CFR Part 1989 Comp., p. 235), "Debarment and Suspension." The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(J) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award of \$100,000 or more must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(K) See § 200.322 Procurement of recovered materials.

**NATURAL RESOURCES CONSERVATION SERVICE  
SUPPLEMENT TO OSHA PARTS 1910 AND 1926  
CONSTRUCTION INDUSTRY STANDARDS AND INTERPRETATIONS**

The Contractor shall comply with OSHA (Occupational Safety and Health Administration) Parts 1910 and 1926, Construction Industry Standards and Interpretations, and with this supplement.

Requests for variances or waiver from this supplement are to be made to the Contracting Officer in writing supported by evidence that every reasonable effort has been made to comply with the contractual requirements. A written request for a waiver or a variance shall include--

- (1) Specific reference to the provision or standard in question;
- (2) An explanation as to why the waiver is considered justified; and
- (3) The Contractor's proposed alternative, including technical drawings, materials, or equipment specifications needed to enable the Contracting Officer to render a decision.

No waiver or variance will be approved if it endangers any person. The Contractor shall not proceed under any requested revision of provision until the Contracting Officer has given written approval. The Contractor is to hold and save harmless the Natural Resources Conservation Service free from any claims or causes of action whatsoever resulting from the Contractor or subcontractors proceeding under a waiver or approved variance.

Copies of OSHA Parts 1910 and 1926, Construction Industry Standards and Interpretations, may be obtained from:

Superintendent of Documents  
U.S. Government Printing Office  
Washington, D.C. 20402

**1.0 GENERAL CONTRACTOR REQUIREMENTS:**

**1.1 SAFETY PROGRAM.** Each Contractor is to demonstrate that he or she has facilities for conducting a safety program commensurate with the work under contract. The Contractor is to submit in writing a proposed comprehensive safety program to the Contracting Officer for approval before the start of construction operations. The program is to specifically state what provisions the Contractor proposes to take for the health and safety of all employees, including subcontractors and rental equipment operators. The program shall be site specific and provide details relevant to the work to be done, the hazards associated with the work, and the actions that will be necessary to minimize the identified hazards.

**1.2 PRECONSTRUCTION SAFETY MEETING.** Representatives for the Contractor are to meet with the Contracting Officer (CO) or the CO's representative before the start of construction to discuss the safety program and the implementation of all health and safety standards pertinent to the work under this contract.

**1.3 JOINT SAFETY POLICY COMMITTEE.** The Contractor or designated on-site representative is to participate in monthly meetings of a joint Safety Policy Committee, composed of the Natural Resources Conservation Service (Contracting Local Organization in locally awarded contracts) and Contractor supervisory personnel. At these meetings the Contractor's project manager and the Contracting Officer will review the effectiveness of the Contractor's safety effort, resolve current health and safety problems, and coordinate safety activities for upcoming work.

**1.4 SAFETY PERSONNEL.** Each Contractor is to designate a competent supervisory employee satisfactory to the Contracting Officer to administer the safety program.

**1.5 SAFETY MEETINGS.** A minimum of one "on-the-job" or "toolbox" safety meeting is to be conducted each week by all field supervisors or foremen and attended by mechanics and all construction personnel at the jobsite. The Contractor is to also conduct regularly scheduled supervisory safety meetings at least monthly for all levels of job supervision.

1.6 SAFETY INSPECTION. The Contractor shall perform frequent and regular safety inspections of the jobsite, materials, and equipment, and shall correct deficiencies.

1.7 FIRST AID TRAINING. Every Contractor foreman's work crew must include an employee who has a current first aid certificate from the Mine Safety and Health Administration, American Red Cross, or other state-approved organization.

1.8 REPORTS. Each Contractor is to maintain an accurate record of all job-related deaths, diseases, or disabling injuries. The records shall be maintained in a manner approved by the Contracting Officer. A copy of all reports is to be provided to the Contracting Officer. All fatal or serious injuries are to be reported immediately to the Contracting Officer, and every assistance is to be given in the investigation of the incident, including submission of a comprehensive narrative report to the Contracting Officer. Other occurrences with serious accident potential, such as equipment failures, slides, and cave-ins, must also be reported immediately. The Contractor is to assist and cooperate fully with the Contracting Officer in conducting accident investigations. The Contracting Officer is to be furnished all information and data pertinent to investigation of an accident.

1.9 CERTIFICATION OF INSURANCE. Contractors are to provide the Contracting Officer or his or her authorized representative with certificates of insurance before the start of operations indicating full compliance with State Worker's Compensation statutes, as well as other certificates of insurance required under the contract.

## **2.0 FIRST AID AND MEDICAL FACILITIES:**

2.1 FIRST AID KITS. A 16-unit first aid kit approved by the American Red Cross is to be provided at accessible, well-identified, locations at the ratio of at least 1 kit for each 25 employees. The first aid kits are to be moisture proof and dust tight, and the contents of the kits are to be replenished as used or as they become ineffective or outdated.

2.2 EMERGENCY FIRST AID. At least one employee certified to administer emergency first aid must be available on each shift and duly designated by the Contractor to care for injured employees. The names of the certified employees shall be posted at the jobsite.

2.3 COMMUNICATION AND TRANSPORTATION. Prior to the start of work, the Contractor is to make necessary arrangements for prompt and dependable communications, transportation, and medical care for injured employees. At least one stretcher and two blankets shall be readily available for transporting injured employees.

2.4 FIRST AID AND MEDICAL REPORTS. The Contractor is to maintain a record system for first aid and medical treatment on the jobsite. Such records are to be readily available to the Contracting Officer and are to include--

- (a) A daily treatment log listing chronologically all persons treated for occupational injuries and illnesses;
- (b) Cumulative record of injury for each individual;
- (c) Monthly statistical records of occupational injuries, classified by type and nature of injury; and
- (d) Required records for worker's compensation.

2.5 SIGNS AND DIRECTIONAL MARKINGS. Adequate identification and directional markers are to be provided to readily denote the location of all first aid stations.

2.6 EMERGENCY LISTING. A listing of telephone numbers and addresses of doctor, rescue squad, hospital, police, and fire departments is to be provided at all first aid locations.

## **3.0 PHYSICAL QUALIFICATIONS OF EMPLOYEES:**

3.1 GENERAL REQUIREMENTS. Persons employed throughout the contract are to be physically qualified to perform their assigned duties. Employees must not knowingly be permitted or required to work while their ability or alertness is impaired by fatigue, illness, or any other reason that may jeopardize themselves or others.

3.2 HOIST OPERATORS. Operators of cranes, cableways, and other hoisting equipment shall be examined annually by a physician and provided with a certification stating that they are physically qualified to safely operate hoisting equipment. The Contractor is to submit a copy of each certification to the Contracting Officer.

3.3 HEAVY EQUIPMENT OPERATORS. It is recommended that operators of trucks and heavy construction equipment be given physical examinations to determine if they are physically qualified to perform their assigned work without endangering themselves or others.

3.4 MOTOR VEHICLE OPERATORS. Operators of motor vehicles engaged primarily in the transportation of personnel are to be 18 years of age or older and have a valid state operator's permit or license for the equipment being operated. The operators must have passed a physical examination administered by a licensed physician within the past year showing that they are physically qualified to operate vehicles safely.

#### **4.0 PERSONAL PROTECTIVE EQUIPMENT:**

4.1 HARDHAT AREAS. The entire jobsite, with the exception of offices, shall be considered a hardhat area. All persons entering the area are, without exception, required to wear hardhats. The Contractor shall provide hardhats for visitors entering hardhat areas.

4.1.1 LABELS. Hardhats shall bear a manufacturer's label indicating design compliance with the appropriate ANSI (American National Standards Institute) standard.

4.2 POSTING. Signs at least 3 by 4 feet worded as follows with red letters (minimum 6 inches high) and white background shall be erected at access points to designated hardhat areas:

#### **CONSTRUCTION AREA - HARDHATS REQUIRED BEYOND THIS POINT**

These signs are to be furnished and installed by the Contractor at entries to shops, construction yards, and job access points.

#### **4.3 SAFETY GOGGLES (DRILLERS)**

4.3.1 DRILLERS AND HELPERS. Drillers and helpers operating pneumatic rock drills must wear protective safety goggles.

#### **5.0 MACHINERY AND MECHANIZED EQUIPMENT:**

5.1 SAFE CONDITION. Before any machinery or mechanized equipment is initially used on the job, it must be inspected and tested by qualified personnel and determined to be in safe operating condition and appropriate for the intended use. Operators shall inspect their equipment prior to the beginning of each shift. Any deficiencies or defects shall be corrected prior to using the equipment. Safety equipment, such as seatbelts, installed on machinery is to be used by equipment operators.

5.2 TAGGING AND LOCKING. The controls of power-driven equipment under repair are to be locked. An effective lockout and tagging procedure is to be established, prescribing specific responsibilities and safety procedures to be followed by the person or persons performing repair work. Mixer barrels are to be securely locked out before permitting employees to enter them for cleaning or repair.

#### **5.3 HAUL ROADS FOR EQUIPMENT**

5.3.1 ROAD MAINTENANCE. The Contractor shall maintain all roadways, including haul roads and access roads, in a safe condition so as to eliminate or control dust and ice hazards. Wherever dust is a hazard, adequate dust-laying equipment shall be available at the jobsite and utilized to control the dust.

5.3.2 SINGLE-LANE HAUL ROADS. Single-lane haul roads with two-way traffic shall have adequate turnouts. Where turnouts are not practical, a traffic control system shall be provided to prevent accidents.

5.3.3 TWO-WAY HAUL ROADS. On two-way haul roads, arrangements are to be such that vehicles travel on the right side wherever possible. Signs and traffic control devices are to be employed to indicate clearly any variations from a right-hand traffic pattern. The road shall be wide enough to permit safe passage of opposing

traffic, considering the type of hauling equipment used.

**5.3.4 DESIGN AND CONSTRUCTION OF HAUL ROADS.** Haul road design criteria and drawings, if requested by the Contracting Officer, are to be submitted for approval prior to road construction. Sustained grades shall not exceed 12 percent and all curves shall have open-sight line with as great a radius as practical. All roads shall be posted with curve signs and maximum speed limits that will permit the equipment to be stopped within one-half the minimum sight distance.

**5.3.5 OPERATORS.** Machinery and mechanized equipment shall be operated only by authorized qualified persons.

**5.3.6 RIDING ON EQUIPMENT.** Riding on equipment by unauthorized personnel is prohibited. Seating and safety belts shall be provided for the operator and all passengers.

**5.3.7 GETTING ON OR OFF EQUIPMENT.** Getting on or off equipment while the equipment is in motion is prohibited.

**5.3.8 HOURS OF OPERATION.** Except in emergencies, an equipment operator shall not operate any mobile or hoisting equipment for more than 12 hours without an 8-hour rest interval away from the job.

#### **5.4 POWER CRANES AND HOISTS (TRUCK CRANES, CRAWLER CRANES, TOWER CRANES, GANTRY CRANES, HAMMERHEAD CRANES, DERRICKS, CABLEWAYS, AND HOISTS)**

**5.4.1 PERFORMANCE TEST.** Before initial onsite operation, at 12-month intervals, and after major repairs or modification, power cranes, derricks, cableways, and hoists must satisfactorily complete a performance test to demonstrate the equipment's ability to safely handle and maneuver the rated loads. The tests shall be conducted in the presence of a representative of the Contracting Officer. Test data shall be recorded and a copy furnished the Contracting Officer.

**5.4.2 PERFORMANCE TEST—POWER CRANES** (Crawler mounted, truck mounted and wheel mounted). The performance test is to be carried out as per ANSI requirements. The test is to consist of raising, lowering, and braking the load and rotating the test load through 360° degrees at the specified boom angle or radius. Cranes equipped with jibs or boom-tip extensions are to be tested using both the main boom and the jib, with an appropriate test load in each case.

**5.4.3 PERFORMANCE TEST—DERRICKS, GANTRY CRANES, TOWER CRANES, CABLEWAYS, AND HOISTS, INCLUDING OVERHEAD CRANES.** This equipment is to be performance tested as per ANSI requirements.

**5.4.4 BOOM ANGLE INDICATOR.** Power cranes (includes draglines) with booms capable of moving in the vertical plane shall be provided with a boom angle indicator in good working order.

**5.4.5 CRANE TEST CERTIFICATION.** The performance test required by 5.4.2 and 5.4.3 is fulfilled if the Contractor provides the Contracting Officer a copy of a certificate of inspection made within the past 12 months by a qualified person or by a government or private agency satisfactory to the Contracting Officer.

**5.4.6 POSTING FOR HIGH VOLTAGE LINES.** A notice of the 10-foot (or greater) clearance required by OSHA 1926.550, Subpart N, shall be posted in the operator's cab of cranes, shovels, boom-type concrete pumps, backhoes, and related equipment.

**5.4.7 BOOM STOPS.** Cranes or derricks with cable-supported booms, except draglines, shall have a device attached between the gantry of the A-frame and the boom chords to limit the elevation of the boom. The device shall control the vertical motions of the boom with increasing resistance from 83° or less, until completely stopping the boom at not over 87° above horizontal.

**5.4.8 SAFETY HOOKS.** Hooks used in hoisting personnel or hoisting loads over construction personnel or in the immediate vicinity of construction personnel shall be forged steel equipped with safety keepers. When shackles are used under these conditions, they shall be of the locking type or have the pin secured to prohibit turning.

#### **5.5 ROLLOVER PROTECTIVE STRUCTURES (ROPS)**

**5.5.1 ROLLOVER PROTECTIVE STRUCTURES.** OSHA 1926, Subpart W, Overhead Protection, Sections 1001 and 1002 are applicable regardless of the year in which the equipment was manufactured and regardless of the struck capacity of the equipment.

**5.5.2 EQUIPMENT REQUIRING ROPS.** The requirement for ROPS meeting 5.5.1 above applies to crawler and rubber-tired tractors such as dozers, push-and-pull tractors, winch tractors, tractors with backhoes, and mowers; off-highway, self-propelled, pneumatic-tired earthmovers, including scrapers, motor graders and loaders; and rollers, compactors, water tankers (excluding trucks with cabs). These requirements shall also apply to agricultural and industrial tractors and similar equipment.

**5.5.3 EQUIPMENT REQUIRING SEATBELTS.** The requirements for seatbelts as specified in OSHA Subpart O, Motor Vehicles, Mechanized Equipment, and Marine Operations, Section 1926.602 shall also apply to self-propelled compactors and rollers, and rubber-tired skid-steer equipment.

## **6.0 LADDERS AND SCAFFOLDING:**

**6.1 LADDERS.** OSHA 1926, Subpart L - Section 450. Ladders shall be used as work platforms only when use of small hand tools or handling of light material is involved. No work requiring lifting of heavy materials or substantial exertion shall be done from ladders.

**6.2 SCAFFOLDING.** OSHA 1926, Subpart L - Section 451. Scaffolds, platforms or temporary floors shall be provided for all work except that which can be done safely from the ground or similar footing.

**6.3 SAFETY BELTS, LIFELINE, AND LANYARDS.** OSHA 1926, Subpart E, Section 104. Lifelines, safety belts and lanyards independently attached or attended, shall be used when performing such work as the following when the requirements of 6.1 or 6.2 above cannot be met.

- (a) Work on stored material in hoppers, bins, silos, tanks, or other confined spaces.
- (b) Work on hazardous slopes, structural steel, or poles; erection or dismantling of safety nets, tying reinforcing bars; and work from Boatswain's chairs, swinging scaffolds, or other unguarded locations at elevations greater than 6 feet.
- (c) Work on skips and platforms used in shafts by crews when the skip or cage does not block the opening to within 1 foot of the sides of the shaft, unless cages are provided.

This page intentionally left blank.

**Procurement Standards – 2 CFR § 200.317 through §200.326****§ 200.317 Procurements by states.**

When procuring property and services under a Federal award, a state must follow the same policies and procedures it uses for procurements from its non-Federal funds. The state will comply with § 200.322 Procurement of recovered materials and ensure that every purchase order or other contract includes any clauses required by section § 200.326 Contract provisions. All other non-Federal entities, including subrecipients of a state, will follow § 200.318 General procurement standards through § 200.326 Contract provisions.

**§ 200.318 General procurement standards.**

(a) The non-Federal entity must use its own documented procurement procedures which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this section.

(b) Non-Federal entities must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

(c) (1) The non-Federal entity must maintain written standards of conduct covering conflicts of interest and governing the performance of its employees engaged in the selection, award and administration of contracts. No employee, officer, or agent must participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, non-Federal entities may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity.

(2) If the non-Federal entity has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, the non-Federal entity must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, the non-Federal entity is unable or appears to be unable to be impartial in conducting a procurement action involving a related organization.

(d) The non-Federal entity's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.

(e) To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the Federal government, the non-Federal entity is encouraged to enter into state and local intergovernmental agreements or inter-entity agreements where appropriate for procurement or use of common or shared goods and services.

(f) The non-Federal entity is encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.

(g) The non-Federal entity is encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions. Value engineering is a systematic and creative analysis of each contract item or task to ensure that its essential function is provided at the overall lower cost.

(h) The non-Federal entity must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

(i) The non-Federal entity must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price.

(j) (1) The non-Federal entity may use time and material type contracts only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and material type contract means a contract whose cost to a non-Federal entity is the sum of:

- (i) The actual cost of materials; and
- (ii) Direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

(2) Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, each contract must set a ceiling price that the contractor exceeds at its own risk. Further, the non-Federal entity awarding such a contract must assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

(k) The non-Federal entity alone must be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the non-Federal entity of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgment for that of the non-Federal entity unless the matter is primarily a Federal concern. Violations of law will be referred to the local, state, or Federal authority having proper jurisdiction.

#### **§ 200.319 Competition.**

(a) All procurement transactions must be conducted in a manner providing full and open competition consistent with the standards of this section. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, and invitations for bids or requests for proposals must be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include but are not limited to:

- (1) Placing unreasonable requirements on firms in order for them to qualify to do business;
- (2) Requiring unnecessary experience and excessive bonding;
- (3) Noncompetitive pricing practices between firms or between affiliated companies;
- (4) Noncompetitive contracts to consultants that are on retainer contracts;
- (5) Organizational conflicts of interest;

(6) Specifying only a "brand name" product instead of allowing "an equal" product to be offered and describing the performance or other relevant requirements of the procurement; and

(7) Any arbitrary action in the procurement process.

(b) The non-Federal entity must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts state licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

(c) The non-Federal entity must have written procedures for procurement transactions. These procedures must ensure that all solicitations:

(1) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equivalent" description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and

(2) Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

(d) The non-Federal entity must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the non-Federal entity must not preclude potential bidders from qualifying during the solicitation period.

#### **§ 200.320 Methods of procurement to be followed.**

The non-Federal entity must use one of the following methods of procurement.

(a) Procurement by micro-purchases. Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed \$3,000 (or \$2,000 in the case of acquisitions for construction subject to the Davis-Bacon Act). To the extent practicable, the non-Federal entity must distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be awarded without soliciting competitive quotations if the non-Federal entity considers the price to be reasonable.

(b) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the Simplified Acquisition Threshold. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources.

(c) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm fixed price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in paragraph (c)(1) of this section apply.

(1) In order for sealed bidding to be feasible, the following conditions should be present:

- (i) A complete, adequate, and realistic specification or purchase description is available;
- (ii) Two or more responsible bidders are willing and able to compete effectively for the business; and
- (iii) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

(2) If sealed bids are used, the following requirements apply:

- (i) The invitation for bids will be publicly advertised and bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids;
- (ii) The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
- (iii) All bids will be publicly opened at the time and place prescribed in the invitation for bids;
- (iv) A firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and
- (v) Any or all bids may be rejected if there is a sound documented reason.

(d) Procurement by competitive proposals. The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

(1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical;

(2) Proposals must be solicited from an adequate number of qualified sources;

(3) The non-Federal entity must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;

(4) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

(5) The non-Federal entity may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

(e) [Reserved]

(f) Procurement by noncompetitive proposals. Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- (1) The item is available only from a single source;
- (2) The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
- (3) The Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity; or
- (4) After solicitation of a number of sources, competition is determined inadequate.

**§ 200.321 Contracting with small and minority businesses, women's business enterprises, and labor surplus area firms.**

(a) The non-Federal entity must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

(b) Affirmative steps must include:

- (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
- (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
- (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
- (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;
- (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and
- (6) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs (1) through (5) of this section.

**§ 200.322 Procurement of recovered materials.**

A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

**§ 200.323 Contract cost and price.**

(a) The non-Federal entity must perform a cost or price analysis in connection with every procurement action in excess of the Simplified Acquisition Threshold including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a

starting point, the non-Federal entity must make independent estimates before receiving bids or proposals.

(b) The non-Federal entity must negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration must be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

(c) Costs or prices based on estimated costs for contracts under the Federal award are allowable only to the extent that costs incurred or cost estimates included in negotiated prices would be allowable for the non-Federal entity under Subpart E—Cost Principles of this part. The non-Federal entity may reference its own cost principles that comply with the Federal cost principles.

(d) The cost plus a percentage of cost and percentage of construction cost methods of contracting must not be used.

**§ 200.324 Federal awarding agency or pass-through entity review.**

(a) The non-Federal entity must make available, upon request of the Federal awarding agency or pass-through entity, technical specifications on proposed procurements where the Federal awarding agency or pass-through entity believes such review is needed to ensure that the item or service specified is the one being proposed for acquisition. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the non-Federal entity desires to have the review accomplished after a solicitation has been developed, the Federal awarding agency or pass-through entity may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.

(b) The non-Federal entity must make available upon request, for the Federal awarding agency or pass-through entity pre-procurement review, procurement documents, such as requests for proposals or invitations for bids, or independent cost estimates, when:

(1) The non-Federal entity's procurement procedures or operation fails to comply with the procurement standards in this part;

(2) The procurement is expected to exceed the Simplified Acquisition Threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation;

(3) The procurement, which is expected to exceed the Simplified Acquisition Threshold, specifies a "brand name" product;

(4) The proposed contract is more than the Simplified Acquisition Threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

(5) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the Simplified Acquisition Threshold.

(c) The non-Federal entity is exempt from the pre-procurement review in paragraph (b) of this section if the Federal awarding agency or pass-through entity determines that its procurement systems comply with the standards of this part.

(1) The non-Federal entity may request that its procurement system be reviewed by the Federal awarding agency or pass-through entity to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews must occur where there is continuous high-dollar funding, and third party contracts are awarded on a regular basis;

(2) The non-Federal entity may self-certify its procurement system. Such self-certification must not limit the Federal awarding agency's right to survey the system. Under a self-certification procedure, the Federal awarding agency may rely on written assurances from the non-Federal entity that it is complying with these standards. The non-Federal entity must cite specific policies, procedures, regulations, or standards as being in compliance with these requirements and have its system available for review.

**§ 200.325 Bonding requirements.**

For construction or facility improvement contracts or subcontracts exceeding the Simplified Acquisition Threshold, the Federal awarding agency or pass-through entity may accept the bonding policy and requirements of the non-Federal entity provided that the Federal awarding agency or pass-through entity has made a determination that the Federal interest is adequately protected. If such a determination has not been made, the minimum requirements must be as follows:

(a) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.

(b) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(c) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

**§ 200.326 Contract provisions.**

The non-Federal entity's contracts must contain the applicable provisions described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

## § 623.22

withheld or be required to be refunded with interest thereon, as determined appropriate by NRCS, and the contract with the landowner may be terminated. In such a case, NRCS may also continue to hold the easement interest acquired under this part.

(b) A scheme or device includes, but is not limited to, coercion, fraud, misrepresentation, depriving any other person of payments for cost-share practices or easements for the purpose of obtaining a payment to which a person would otherwise not be entitled.

(c) An owner of land subject to this part who succeeds to the responsibilities under this part shall report in writing to NRCS any interest of any kind in the land subject to this part that is retained by a previous participant. Such interest includes a present, future or conditional interest, reversionary interest or any option, future or present, with respect to such land and any interest of any lender in such land where the lender has, will, or can obtain, a right of occupancy to such land or an interest in the equity in such land other than an interest in the appreciation in the value of such land occurring after the loan was made. A failure of full disclosure will be considered a scheme or device under this section.

## § 623.22 Filing of false claims.

If it is determined by NRCS that any participant has knowingly supplied false information or has knowingly filed a false claim, such participant shall be ineligible for any payment under this part. False information or false claims include claims for payment for practices which do not meet the specifications of the applicable WRPO. Any amounts paid under these circumstances shall be refunded, together with interest as determined by NRCS, and any amounts otherwise due such participant shall be withheld.

## PART 624—EMERGENCY WATERSHED PROTECTION

Sec.

624.1 Purpose.

624.2 Objective.

624.3 Scope.

624.4 Definitions.

## 7 CFR Ch. VI (1–13 Edition)

624.5 Coordination.

624.6 Program administration.

624.7 Cost-sharing.

624.8 Assistance.

624.9 Time limits.

624.10 Floodplain easements.

624.11 Waivers.

AUTHORITY: Sec. 216, P.L. 81–516, 33 U.S.C. 701b–1; Sec. 403, P.L. 95–334, as amended, 16 U.S.C. 2203; 5 U.S.C. 301.

SOURCE: 70 FR 16926, Apr. 4, 2005, unless otherwise noted.

## § 624.1 Purpose.

The Natural Resources Conservation Service (NRCS) and United States Forest Service (FS) are responsible for administering the Emergency Watershed Protection (EWP) Program. This part sets forth the requirements and procedures for Federal assistance, administered by NRCS, under Section 216, Public Law 81–516, 33 U.S.C. 701b–1; and Section 403 of the Agricultural Credit Act of 1978, Public Law 95–334, as amended by Section 382, of the Federal Agriculture Improvement and Reform Act of 1996, Public Law 104–127, 16 U.S.C. 2203. The Secretary of Agriculture has delegated the administration of the EWP Program to the Chief of NRCS on state, tribal, and private lands, and Chief of FS on National Forest Systems lands, including any other lands that are administered under a formal agreement with the FS. The FS administers the EWP Program in accordance with the Forest Service Manuals 1950 and 3540, and the Forest Service Handbook 1909.15

## § 624.2 Objective.

The objective of the EWP Program is to assist sponsors, landowners, and operators in implementing emergency recovery measures for runoff retardation and erosion prevention to relieve imminent hazards to life and property created by a natural disaster that causes a sudden impairment of a watershed.

## § 624.3 Scope.

EWP Program technical and financial assistance may be made available to a qualified sponsor, or landowners when a floodplain easement is the selected alternative by the Secretary of Agriculture, upon a qualified sponsor

## Natural Resources Conservation Service, USDA

## § 624.5

or landowner's request when a Federal emergency is declared by the President or when a local emergency is declared by the NRCS State Conservationist. The EWP Program is designed for emergency recovery work, including the purchase of floodplain easements. Emergency watershed protection is authorized in the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa.

### § 624.4 Definitions.

(a) *Defensibility* means the extent to which an action is:

(1) More beneficial than adverse in the extent and intensity of its environmental and economic effects;

(2) In compliance with Federal, State, and local laws;

(3) Acceptable to affected individuals and communities;

(4) Effective in restoring or protecting the natural resources;

(5) Complete with all necessary components included; and

(6) Efficient in achieving the desired outcome.

(b) *Exigency* means those situations that demand immediate action to avoid potential loss of life or property, including situations where a second event may occur shortly thereafter that could compound the impairment, cause new damages or the potential loss of life if action to remedy the situation is not taken immediately.

(c) *Floodplain easement* means a reserved interest easement, which is an interest in land, defined and delineated in a deed whereby the landowner conveys all rights and interest in the property to the grantee, but the landowner retains those rights, title, and interest in the property which are specifically reserved to the landowner in the easement deed.

(d) *Imminent threat* means a substantial natural occurrence that could cause significant damage to property or threaten human life in the near future.

(e)(1) *Limited resource area* is defined as a county where:

(i) Housing values are less than 75 percent of the State housing value average; and

(ii) Per capita income is 75 percent or less than the National per capita income; and

(iii) Unemployment is at least twice the U.S. average over the past 3 years based upon the annual unemployment figures.

(2) NRCS will use the most recent National census information available when determining paragraphs (e)(1)(i) and (ii) of this section.

(f) *Natural occurrence* includes, but is not limited to, floods, fires, windstorms, ice storms, hurricanes, typhoons, tornadoes, earthquakes, volcanic actions, slides, and drought.

(g) *Project sponsor* means a State government or a State agency or a legal subdivision thereof, local unit of government, or any Native American tribe or tribal organization as defined in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b), with a legal interest in or responsibility for the values threatened by a watershed emergency; is capable of obtaining necessary land rights; and is capable of carrying out any operation and maintenance responsibilities that may be required.

(h) *Watershed emergency* means adverse impacts to resources exist when a natural occurrence causes a sudden impairment of a watershed and creates an imminent threat to life or property.

(i) *Watershed impairment* means the situation that exists when the ability of a watershed to carry out its natural functions is reduced to the point where an imminent threat to health, life, or property is created. This impairment can also include sediment and debris deposition in floodplains and upland portions of the watershed.

### § 624.5 Coordination.

(a) If the President declares an area to be a major disaster area, NRCS will provide assistance which will be coordinated with the Federal Emergency Management Agency (FEMA) or its designee. FEMA is the lead federal agency for Presidentially-declared natural disasters.

(b) When an NRCS State Conservationist determines that a watershed

impairment exists, but the President does not declare an area to be a major disaster area, FEMA does not coordinate assistance. In this situation, NRCS will assume the lead, provide assistance, and coordinate work with the appropriate State office of emergency preparedness and other Federal, tribal, or local agencies involved with emergency activities, as appropriate.

(c) In the case where the watershed impairment exists solely on FS System lands, the FS will determine the existence of the impairment, assume the lead, provide assistance and coordinate work with the appropriate State office of emergency preparedness and other Federal, tribal, or local agencies involved with emergency activities, as appropriate.

**§ 624.6 Program administration.**

(a) *Sponsors.* (1) When the State Conservationist declares that a watershed impairment exists, NRCS may, upon request, make assistance available to a sponsor which must be a State or political subdivision thereof, qualified Indian tribe or tribal organization, or unit of local government. Private entities or individuals may receive assistance only through the sponsorship of a governmental entity.

(2) *Sponsors must:*

(i) Contribute their share of the project costs, as determined by NRCS, by providing funds or certain services necessary to undertake the activity. Contributions that may be applied towards the sponsor's applicable cost-share of construction costs include:

(A) Cash;

(B) In-kind services such as labor, equipment, design, surveys, contract administration and construction inspection, and other services as determined by the State Conservationist; or

(C) A combination of cash and in-kind services;

(ii) Obtain any necessary real property rights, water rights, and regulatory permits;

(iii) Agree to provide for any required operation and maintenance of the completed emergency measures; and

(iv) Comply with applicable registration and reporting requirements of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109–

282, as amended), and 2 CFR parts 25 and 170.

(b) *Eligibility.* NRCS will provide assistance based upon the NRCS State Conservationist's determination that the current condition of the land or watershed impairment poses a threat to health, life, or property. This assistance includes EWP practices associated with the removal of public health and safety threats, and restoration of the natural environment after disasters, including acquisition of floodplain easements.

(1) *Priority EWP assistance* is available to alleviate exigency situations. NRCS may approve assistance for temporary correction practices to relieve an exigency situation until a more acceptable solution can be designed and implemented.

(2) *Limitations.* (i) In cases where the same type of natural event occurs within a 10-year period and a structural measure has been installed or repaired twice within that period using EWP assistance, then EWP assistance is limited to those sites eligible for the purchase of a floodplain easement as described in § 624.10 of this part.

(ii) EWP assistance will not be used to perform operation or maintenance, such as the periodic work that is necessary to maintain the efficiency and effectiveness of a measure to perform as originally designed and installed.

(iii) EWP assistance will not be used to repair, rebuild, or maintain private or public transportation facilities, public utilities, or similar facilities.

(iv) EWP assistance, funded by NRCS, will not be provided on any Federal lands if such assistance is found to augment the appropriations of other Federal agencies.

(v) EWP assistance is not available for repair or rehabilitation of non-structural management practices, such as conservation tillage and other similar practices.

(3) *Repair of structural, enduring, and long-life conservation practices.* (i) Sponsors may receive EWP assistance for structural, enduring, and long-life conservation practices including, but not limited to, grassed waterways, terraces, embankment ponds, diversions, and water conservation systems, except where the recovery measures are

eligible for assistance under the Emergency Conservation Program administered by the Farm Service Agency.

(ii) EWP assistance may be available for the repair of certain structural practices (i.e., dams and channels) originally constructed under Public Law 83-566; Public Law 78-534; Subtitle H of Title XV of the Agriculture and Food Act of 1981 (16 U.S.C. 3451 et seq., commonly known as the Resource Conservation and Development Program); and the Pilot Watershed Program of the Department of Agriculture Appropriation Act of 1954 (Pub. L. 83-156; 67 Stat. 214). EWP assistance may not be used to perform operation and maintenance activities specified in the agreement for the covered structure project entered into with the eligible local organization responsible for the works of improvement.

(iii) NRCS may authorize EWP assistance for modifying damaged practices when technology advances or construction techniques warrant modifications, including when modifications are the result of federal permitting or other requirements necessary to implement the recovery measure, and will be cost-shared as described in § 624.7.

(iv) EWP assistance is only available when public or private landowners, land managers, land users, or others document they have exhausted or have insufficient funding or other resources available to provide adequate relief from applicable hazards.

(4) Increased level of protection. In cases other than those described in paragraph (b)(3)(iii) of this section, if the sponsor desires to increase the level of protection that would be provided by the EWP practice, the sponsor will be responsible for paying 100 percent of the costs of the upgrade or additional work.

(c) *Eligible practices.* NRCS will only provide assistance for measures that:

(1) Provide protection from additional flooding or soil erosion; and,

(2) Reduce threats to life or property from a watershed impairment, including sediment and debris removal in floodplains and uplands; and

(3) Restore the hydraulic capacity to the natural environment to the maximum extent practical; and

(4) Are economically and environmentally defensible and technically sound.

(d) *Documentation.* NRCS will document the economic rationale of proposed practices in appropriate detail before the allocation of emergency funding, including projects under consideration for floodplain easements in § 624.10. Generally, the expected value of the property restored should exceed the cost of emergency measures, including taking into consideration environmental benefits. Documentation will include, but is not limited to:

(1) Number of locations and extent of damage, including environmental and cultural resources at risk, because of the watershed impairment;

(2) Estimated damages to the values at risk if the threat is imminent but not yet realized;

(3) Events that must occur for any imminent threat to be realized and the estimated probability of their occurrence both individually and collectively;

(4) Estimates of the nature, extent, and costs of the emergency practices to be constructed to recover from an actual threat or relieve an imminent threat;

(5) Thorough description of the beneficial and adverse effects on environmental resources, including fish and wildlife habitat;

(6) Description of water quality and water conservation impacts, as appropriate;

(7) Analysis of effects on downstream water rights; and

(8) Other information deemed appropriate by NRCS to describe adequately the environmental impacts to comply with the National Environmental Policy Act, Endangered Species Act, National Historic Preservation Act, and related requirements.

(e) *Implementation.* When planning emergency recovery practices, NRCS will emphasize measures that are the most economical and are to be accomplished by using the least damaging practical construction techniques and equipment that retain as much of the existing characteristics of the landscape and habitat as possible. Construction of emergency practices may include, but are not limited to, timing

#### § 624.7

#### 7 CFR Ch. VI (1–13 Edition)

of the construction to avoid impacting fish spawning, clearing of right-of-ways, reshaping spoil, debris removal, use of bioengineering techniques, and revegetation of disturbed areas. Mitigation actions needed to offset potential adverse impacts of the EWP Program practices should be planned for installation before, or concurrent with, the installation of the EWP Program practices. In rare occurrences where mitigation cannot be installed concurrently, plans will require mitigation be accomplished as soon as practical.

(f) NRCS may determine that a measure is not eligible for assistance for any reason, including economic and environmental factors or technical feasibility.

[70 FR 16926, Apr. 4, 2005, as amended at 76 FR 19684, Apr. 8, 2011]

#### § 624.7 Cost-sharing.

(a) Except as provided in paragraph (b) of this section, the Federal contribution toward the implementation of emergency measures may not exceed 75 percent of the construction cost of such emergency measures, including work done to offset or mitigate adverse impacts as a result of the emergency measures.

(b) If NRCS determines that an area qualifies as a limited resource area, the Federal contribution toward the implementation of emergency measures may not exceed 90 percent of the construction cost of such emergency measures.

#### § 624.8 Assistance.

(a) Sponsors must submit a formal request to the State Conservationist for assistance within 60 days of the natural disaster occurrence, or 60 days from the date when access to the sites becomes available. Requests must include a statement that the sponsors understand their responsibilities and are willing to pay its cost-shared percentage as well as information pertaining to the natural disaster, including the nature, location, and scope of the problems and the assistance needed.

(b) On receipt of a formal request for EWP assistance, the State Conservationist or designee shall immediately investigate the emergency situation to determine whether EWP is applicable

and to prepare an initial cost estimation for submission to the NRCS Chief or designee. The cost estimation will be submitted no later than 60 days from receipt of the formal request from the sponsor. The State Conservationist will take into account the funding priorities identified in paragraph (c) (3) of this section. The State Conservationist will forward the damage survey report, which provides the information pertaining to proposed EWP practice(s) and indicates the amount of funds necessary to undertake the Federal portion, to the NRCS Chief or designee. This information will be submitted no later than 60 days from receipt of the formal request from the sponsor, or no later than 60 days from the date funding is made available to the State Conservationist, whichever is later. NRCS may not commit funds until notified by the Chief, or designee, of the availability of funds.

(c) Before the release of financial assistance, NRCS will enter into a Cooperative Agreement with a sponsor that specifies the responsibilities of the sponsor under this part, including any required operation and maintenance responsibilities. NRCS will not provide funding for activities undertaken by a sponsor prior to the signing of the agreement between NRCS and the sponsor.

(1) NRCS will only provide funding for work that is necessary to reduce applicable threats.

(2) Efforts must be made to avoid or minimize adverse environmental impacts associated with the implementation of emergency measures, to the extent practicable, giving special attention to protecting cultural resources and fish and wildlife habitat.

(3) Funding priorities for recovery measures. NRCS will provide EWP assistance based on the following criteria, which are ranked in the order of importance:

- (i) Exigency situations;
- (ii) Sites where there is a serious, but not immediate threat to human life;
- (iii) Sites where buildings, utilities, or other important infrastructure components are threatened;
- (iv) When reviewing paragraphs (c)(3)(i) through (iii) of this section,

NRCS will take into account the following resources as they may affect the priority, including, but not limited to:

(A) Sites inhabited by federally listed threatened and endangered species or containing federally designated critical habitat where the species or the critical habitat could be jeopardized, destroyed, or adversely modified without the EWP practice;

(B) Sites that contain or are in the proximity to cultural sites listed on the National Register of Historic Places where the listed resource would be jeopardized if the EWP practice were not installed;

(C) Sites where prime farmland supporting high value crops is threatened;

(D) Sites containing wetlands that would be damaged or destroyed without the EWP practice;

(E) Sites that have a major effect on water quality; and

(F) Sites containing unique habitat, including but not limited to, areas inhabited by State-listed threatened and endangered species, fish and wildlife management areas, or State-identified sensitive habitats; and

(v) Other funding priorities established by the Chief of NRCS.

#### § 624.9 Time limits.

Funds must be obligated by the State Conservationist and construction completed within 220 calendar days after the date funds are committed to the State Conservationist, except for emergency situations in which case the construction must be completed within 10 days after the date the funds are committed.

#### § 624.10 Floodplain easements.

(a) *General.* NRCS may purchase floodplain easements as an emergency measure. NRCS will only purchase easements from landowners on a voluntary basis.

(b) *Floodplain easements.* (1) Floodplain easements established under this part will be:

(i) Held by the United States, through the Secretary of Agriculture;

(ii) Administered by NRCS or its designee; and

(iii) Perpetual in duration;

(2) *Eligible land.* NRCS may determine land is eligible under this section if:

(i) The floodplain lands were damaged by flooding at least once within the previous calendar year or have been subject to flood damage at least twice within the previous 10 years; or

(ii) Other lands within the floodplain would contribute to the restoration of the flood storage and flow, erosion control, or that would improve the practical management of the easement; or

(iii) Lands would be inundated or adversely impacted as a result of a dam breach.

(3) *Ineligible land.* NRCS may determine that land is ineligible under this section if:

(i) Implementation of restoration practices would be futile due to "on-site" or "off-site" conditions;

(ii) The land is subject to an existing easement or deed restriction that provides sufficient protection or restoration, as determined by the Chief of NRCS, of the floodplain's functions and values; or

(iii) The purchase of an easement would not meet the purposes of this part.

(4) *Compensation for easements.* NRCS will determine easement compensation in accordance with applicable regulation and other law.

(5) NRCS will not acquire any easement unless the landowner accepts the amount of the easement payment that is offered by NRCS. NRCS reserves the right not to purchase an easement if the easement compensation for a particular easement would be too expensive, as determined by NRCS.

(6) NRCS may provide up to 100 percent of the restoration and enhancement costs of the easement. NRCS may enter into an agreement with the landowner or another third party to ensure that identified practices are implemented. NRCS, the landowner, or other designee may implement identified practices. Restoration and enhancement efforts may include both structural and non-structural practices. An easement acquired under this part shall provide NRCS with the full authority to restore, protect, manage, maintain, and enhance the functions and values of the floodplain.

(7) The landowner must:

## § 624.11

(i) Comply with the terms of the easement;

(ii) Comply with all terms and conditions of any associated agreement; and

(iii) Convey title to the easement that is acceptable to NRCS and warrant that the easement is superior to the rights of all others, except for exceptions to the title that are deemed acceptable by NRCS.

(8) Structures, including buildings, within the floodplain easement may be demolished and removed, or relocated outside the 100-year floodplain or dam breach inundation area.

(c) Easements acquired under this part may not be modified or terminated. However, in limited situations, as determined by the Chief of NRCS and when in the best interest of the Government, land exchanges may be authorized pursuant to (7 U.S.C. 428a) and other applicable authorities.

(d) *Enforcement.* (1) In the event of a violation of an easement, the violator will be given reasonable notice and an opportunity to correct the violation within 30 days of the date of the notice, or such additional time as NRCS may allow.

(2) NRCS reserves the right to enter upon the easement area at any time to remedy deficiencies or easement violations. Such entry may be made at the discretion of NRCS when such actions are deemed necessary to protect important floodplain functions and values or other rights of the United States under the easement. The landowner will be liable for any costs incurred by the United States as a result of the landowner's negligence or failure to comply with easement or agreement obligations.

(3) In addition to any and all legal and equitable remedies as may be available to the United States under applicable law, NRCS may withhold any easement and cost-share payments owing to landowners at any time there is a material breach of the easement covenants or any associated agreements. Such withheld funds may be used to offset costs incurred by the United States, in any remedial actions, or retained as damages pursuant to court order or settlement agreement.

(4) NRCS will be entitled to recover any and all administrative and legal

## 7 CFR Ch. VI (1–1–13 Edition)

costs, including attorney's fees or expenses, associated with any enforcement or remedial action.

(5) On the violation of the terms or conditions of the easement or related agreement, the easement shall remain in force, and NRCS may require the landowner to refund all or part of any payments received by the landowner under this Part, together with interest thereon as determined appropriate by NRCS.

(6) All the general penal statutes relating to crimes and offenses against the United States shall apply in the administration of floodplain easements acquired under this part.

### § 624.11 Waivers.

To the extent allowed by law, the NRCS Deputy Chief for Programs may waive any provision of these regulations when the agency makes a written determination that such waiver is in the best interest of the Federal government.

**ASSURANCES RELATING TO  
REAL PROPERTY ACQUISITION**

---

A. PURPOSE - This form is to be used by sponsor(s) to provide the assurances to the Natural Resources Conservation Service of the U.S. Department of Agriculture which is required in connection with the installation project measures which involve Federal financial assistance furnished by the Natural Resources Conservation Service.

---

B. PROJECT MEASURES COVERED -

Name of project: DSR: #DSR#

Identity of improvement or development: Erosion Control

Location: #Harrison Co. – Site(s): #Flat Branch, Qubbie Creek

---

C. REAL PROPERTY ACQUISITION ASSURANCE -

This assurance is applicable if real property interests were acquired for the installation of project measures, and/or if persons, businesses, or farm operations were displaced as a result of such installation; and this assurance was not previously provided for in the watershed, project measure, or other type of plan.

If this assurance was not previously provided, the undersigned sponsor(s) hereby assures they have complied, to the extent practicable under State law, with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act (42 U.S.C. 4601-4655), as implemented in 7 C.F.R. Part 21. Any exceptions taken from the real property acquisition requirements under the authority of 42 U.S.C. 4655 because of State law have been or are hereby furnished to the Natural Resources Conservation Service along with the opinion of the Chief Legal Officer of the State containing a full discussion of the facts and law furnished.

---

D. ASSURANCE OF ADEQUACY OF REAL PROPERTY RIGHTS -

The undersigned sponsor(s) hereby assures that adequate real property rights and interests, water rights if applicable, permits and licenses required by Federal, State, and local law, ordinance or regulation, and related actions have been taken to obtain the legal right to install, operate, maintain, inspect and inspect the above-described project measures, except for structures or improvements that are to be removed, relocated, modified, or salvaged before and/or during the installation process.

This assurance is given with the knowledge that sponsor(s) are responsible for any excess costs or other consequences in the event the real property rights are found to be inadequate during the installation process.

Furthermore, this assurance is supported by an attorney's opinion attached hereto that certifies an examination of the real property instruments and files was made and they were found to provide adequate title, right, permission and authority for the purpose(s) for which the property was acquired.

---

If any of the real property rights or interests were obtained by condemnation (eminent domain) proceedings, sponsor(s) further assure and agree to prosecute the proceedings to a final conclusion and pay such damages as awarded by the court.

---

**OPERATION AND MAINTENANCE AGREEMENT**

This agreement is entered into by and between the Natural Resources Conservation Service, United States Department of Agriculture, hereinafter referred to as NRCS, and the following organization(s), hereinafter referred to as the Sponsor(s):

**City of Gulfport (MS)**

The Sponsor(s) and the Service agree to carry out the terms of this agreement for the operation and maintenance of the project measures in the State of Mississippi. The project measures covered by this agreement are identified as follows: Streambank stabilization with rock riprap- #Flat Branch, Qubbie Creek.

**I. OPERATIONS**

- A. The Sponsor(s) will be responsible for operating the measure without cost to the Service as follows:
  - 1. In compliance with applicable Federal, State and local laws;
  - 2. In compliance with the conditions set out in the instruments by which rights were acquired to install, operate and maintain the measure(s);
  - 3. In a manner that will protect the environment and permit the measure(s) to serve the purpose for which installed as set forth in the program agreement;
  - 4. In keeping with the requirements to provide inspection, operation and maintenance reports within the time frame provided in the attached plan.
- B. The Service will, upon request of the Sponsor(s) and to the extent that its resources permit, provide consultative assistance in the operation of the structural measures.
- C. Admission or users fees shall be charged only as necessary to produce revenues required by the Sponsor(s) to amortize its share of installation costs for that portion of the measures pertaining to recreation of fish and wildlife and to provide adequate inspection, operation, maintenance, and replacement of the same.
- D. In a recreation or fish and wildlife measure the Sponsor(s) may dispense such services and commodities, or arrange with private concessionaires for the dispensing of such services and commodities, which will contribute to the full use and enjoyment of the measure by the public at prices which are reasonable and compatible with prices for similar services and commodities within the area served by the measure.

**II. MAINTENANCE**

- A. The Sponsor(s) will:

1. Be responsible for and promptly perform or have performed without cost to the Service all maintenance of the measures determined by either the Sponsor(s) or the Service to be needed.
  2. Obtain prior Service approval of all plans, designs and specifications for maintenance work.
- B. The Service will upon request of the Sponsor(s) and to the extent that its resources will permit, provide consultative assistance in the maintenance of the measure(s).

### III. REPLACEMENT

- A. The Sponsor(s) will be responsible for the replacement of parts or portions of the measure(s) which has a physical life of less duration than the evaluated life of the measure(s).
- B. The Service will upon request of the Sponsor(s), provide consultative assistance in the replacement of measure parts or portions.

### IV. PLAN OF OPERATION AND MAINTENANCE

The Service and the Sponsor(s) will prepare a detailed plan of operation and maintenance for each measure covered by the agreement. More than one measure may be included in a single plan provided that the measures are sufficiently similar to warrant such action. Each such plan shall be attached to become a part of this agreement.

### V. INSPECTIONS AND REPORTS

- A. The sponsor(s) will inspect the measures at least annually and after each major storm or occurrence of any unusual conditions that might adversely affect the measure(s).
- B. The Service or Federal land administering agency may inspect the measures at any reasonable time during the period covered by this agreement. At the discretion of the State Conservationist, Service personnel may assist the Sponsor(s) in their inspection.
- C. A written report will be made of each inspection. A copy of each report will be provided by the inspecting party to the other party within ten days of the date on which the inspection was made. The report will describe the conditions found and list any corrective action needed with a time frame to complete each action.

### VI. TIME OF RESPONSIBILITY

The Sponsor(s)' responsibility for operation and maintenance begins when a part of or all of the work if installing a measure is completed and accepted or is determined complete by the Service. This responsibility shall continue until the expiration of the evaluated life of all the installed project measures. This does not relieve the Sponsor(s)' liability which continues throughout the life of the measure or until the measure is modified to remove potential loss of life or property.

### VII. RECORDS

The Sponsor(s) will maintain in a centralized location a record of all inspections and significant actions taken, cost of performance and completion date with respect to

operation, maintenance and replacement. The Service may inspect these records at any reasonable time during the term of the agreement.

#### VIII. GENERAL

- A. The Sponsor(s) will:
  - 1. Prohibit the installation of any structure or facilities that will interfere with the operation or maintenance of the project measures.
  - 2. Obtain prior Service approval of the plans and specifications for any alteration or improvement to the structural measures.
  - 3. Obtain prior Service approval of any agreement to be entered into with other parties for the operation or maintenance of all or any part of the agreement after it has been signed by the Sponsor(s) and the other party.
- B. Service personnel will be provided the right to free access to the project measures at any reasonable time for the purpose of carrying out the terms of this agreement.
- C. The responsibilities of the Sponsor(s) under this agreement are effective simultaneously with the acceptance of the project measures in whole or part.
- D. Comply with the attached PROPERTY MANAGEMENT STANDARDS.

## OPERATION AND MAINTENANCE PLAN

### Gulfport

#### Flat Branch, Qubbie Creek

#### I. Operation

The Sponsors will operate this measure in accordance with the terms of the Operation and Maintenance Agreement. This includes the administration, management, and performance of nonmaintenance actions needed to keep completed works of improvement functioning as planned.

#### II. Maintenance

A. The channel should be maintained in such a way as to keep it free of any debris, silt bars or other obstructions that will reduce its capacity. Bank stabilization measures should be used to prevent erosion. The undesirable vegetation should be cut or sprayed with approved herbicides and removed from the channel. An access road should be maintained along side the channel for easy maintenance.

B. It is anticipated that the following items of maintenance, repair, or replacement will be needed during the effective life of the measure.

1. Vegetation:

a. Reseed, resod, and fertilize areas of stand or areas destroyed by erosion, freezing, or drought. If necessary, restore eroded areas before reseeding.

b. Cut or spray with approved herbicide and remove undesirable vegetation. Observe local ordinances regarding spraying and burning.

c. Fertilize vegetation as required to maintain a vigorous stand.

d. Control grazing to insure proper vegetative cover.

e. Mow grass at regular intervals to maintain optimum cover.

2. Channels - lined and unlined

a. Remove sand and gravel bars and properly dispose of them outside the channel perimeter.

b. Remove and properly dispose of debris. Give special attention to removal and proper disposal of debris and repair erosion damage at structures.

c. Replace, reinforce, or extend riprap where needed. Make repairs to grade control structures where needed.

d. Keep access roads for maintenance and maintenance travelways in usable condition.

e. Maintain dikes and spoil to divert water to protected inlets and prevent overbank flow.

f. Renovate channel banks damaged by storm flow.

g. Rehabilitate damaged pipe inlets from fields or side channels. Replace eroded soil adjacent to structures.

C. The estimated average annual cost of providing the necessary maintenance for this measure is \$200.00. Funds to finance this cost will be provided by the City of Gulfport, from general tax revenues.

- D. The City of Gulfport will be responsible for and promptly perform or have performed all maintenance of the measure determined by either the Sponsors or the Service to be needed.

The City of Gulfport, with consulting assistance from the Natural Resources Conservation Service, will assist in the maintenance which can be accomplished with normal farm equipment such as removal of debris, control of undesirable vegetation, controlled grazing and mowing, and fertilizing vegetation.

- E. The measure will be inspected at least annually and after unusually severed floods or the occurrence of any other unusual condition that might adversely affect the measure. Annual inspections will be performed during the month of July. Annual and special inspections will include but not be limited to an examination of the following items.
1. Stability of channel grades and side slopes
  2. Excessive sedimentation
  3. Condition of rip-rapped areas
  4. Obstructions and undesirable vegetative growth
  5. Scour at bridge piers, abutments and other adjacent property
  6. Severity of erosion of berms and undesirable vegetative growth
  7. Condition of cleared and snagged areas
  8. Condition of fences and gates
- F. A written report will be made of each inspection as provided in the O&M Agreement. A follow-up report will be provided when all corrective action has been accomplished.
- G. The requirements will remain in effect until the expiration of the effective life of the measure based on a mutual determination of the Sponsors and the Service.
- H. Service personnel will assist the Sponsors on annual and special inspections until such time as the State Conservationist determines that Service participation is no longer necessary. At this time, he will so notify the Sponsor in writing. This notice will constitute an amendment to the Plan.
- I. Each sponsoring organization that has responsibility for O&M of any project measure will be furnished an Operation and Maintenance Handbook. The handbook is to acquaint Sponsors with the essentials of operating and maintaining their projects. The information and suggestions can help Sponsors understand the jobs and how to carry them out in a timely and efficient manner.

Standard Form 425  
OMB Approval Number: 0348-0061  
Expiration Date: 10/31/2011

## Paperwork Burden Statement

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is 0348-0061. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0060), Washington, DC 20503.

## Federal Financial Report Instructions

### Report Submissions

- 1) Recipients will be instructed by Federal agencies to submit the *Federal Financial Report (FFR)* to a single location, except when an automated payment management reporting system is utilized. In this case, a second submission location may be required by the agency.
- 2) If recipients need more space to support their *FFRs*, or *FFR Attachments*, they should provide supplemental pages. These additional pages must indicate the following information at the top of each page: Federal grant or other identifying number (if reporting on a single award), recipient organization, Data Universal Numbering System (DUNS) number, Employer Identification Number (EIN), and period covered by the report.

### Reporting Requirements

- 1) The submission of interim *FFRs* will be on a quarterly, semi-annual, or annual basis, as directed by the Federal agency. A final *FFR* shall be submitted at the completion of the award agreement. The following reporting period end dates shall be used for interim reports: 3/31, 6/30, 9/30, or 12/31. For final *FFRs*, the reporting period end date shall be the end date of the project or grant period.
- 2) Quarterly and semi-annual interim reports shall be submitted no later than 30 days after the end of each reporting period. Annual reports shall be submitted no later than 90 days after the end of each reporting period. Final reports shall be submitted no later than 90 days after the project or grant period end date.

Note: For single award reporting:

- 1) Federal agencies may require both cash management information on lines 10(a) through 10(c) and financial status information lines 10(d) through 10(o).
- 2) 10(b) and 10(e) may not be the same until the final report.

| 10e                                                                                   | Federal Share of Expenditures                                  | Enter the amount of Federal fund expenditures. For reports prepared on a cash basis, expenditures are the sum of cash disbursements for direct charges for property and services; the amount of indirect expense charged; the value of third-party in-kind contributions applied; and the amount of cash advance payments and payments made to subrecipients. For reports prepared on an accrual basis, expenditures are the sum of cash disbursements for direct charges for property and services; the amount of indirect expense incurred; the value of in-kind contributions applied; and the net increase or decrease in the amounts owed by the recipient for (1) goods and other property received; (2) services performed by employees, contractors, subrecipients, and other payees; and (3) programs for which no current services or performance are required. Do not include program income expended in accordance with the deduction alternative, rebates, refunds, or other credits. (Program income expended in accordance with the deduction alternative should be reported separately on Line 10o.) |
| 10f                                                                                   | Federal Share of Unliquidated Obligations                      | Unliquidated obligations on a cash basis are obligations incurred, but not yet paid. On an accrual basis, they are obligations incurred, but for which an expenditure has not yet been recorded. Enter the Federal portion of unliquidated obligations. Those obligations include direct and indirect expenses incurred but not yet paid or charged to the award, including amounts due to subrecipients and contractors. On the final report, this line should be zero unless the awarding agency has provided other instructions.<br><br><i>Do not include any amount in Line 10f that has been reported in Line 10e. Do not include any amount in Line 10f for a future commitment of funds (such as a long-term contract) for which an obligation or expense has not been incurred.</i>                                                                                                                                                                                                                                                                                                                          |
| 10g                                                                                   | Total Federal Share (Sum of Lines 10e and 10f)                 | Enter the sum of Lines 10e and 10f.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

**Title:**

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Kris Riemann, Director  
Engineering

**Date:** 08/24/2016

**Subject:** Resolution - approving Change Order #2 (Final) to Agreement with Gulf Breeze Landscaping for the Downtown Streetscape Improvements, Phase 3 (Fishbone Alley Project) and authorizing the Mayor to execute the same.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
TO APPROVE CHANGE ORDER #2 TO AGREEMENT WITH gulf breeze landscaping  
FOR THE DOWNTOWN STREETScape IMPROVEMENTS, PHASE 3 (FISHBONE  
ALLEY) PROJECT, TO AUTHORIZE THE MAYOR TO EXECUTE SAID CHANGE  
ORDER, AND FOR RELATED PURPOSES**

**WHEREAS**, Gulf Breeze Landscaping was awarded the contract for the Downtown Streetscape Improvements, Phase 3 (Fishbone Alley) Project located in the City of Gulfport; and

**WHEREAS**, certain and various changes to the contract as more fully set forth in the attached Change Order #1 (which is attached hereto as a part of Exhibit “A”), resulting in INCREASED contract costs of \$9,371.16 and no additional increase in contract time; and

**WHEREAS**, the City Engineer and the Project Engineer have reviewed Change Order #2 and have recommended approval thereof.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:**

**SECTION 1.** That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**SECTION 2.** That Change Order #2 to the City’s contract with Gulf Breeze Landscaping for the Downtown Streetscape Improvements, Phase 3 (Fishbone Alley) Project, be and the same is hereby approved in the form as is found in Exhibit “A” to this resolution and is found to be in the best interest of the City, and the Mayor is, hereby, authorized to execute the same on behalf of the City of Gulfport.

**SECTION 3.** That the proposed changes to the contract are necessary and/or incidental to the completion of the work as originally bid, are not outside the scope of the original contract, are commercially reasonable and not made to circumvent the public purchasing statutes.

**SECTION 4.** That the INCREASE in project costs is reasonable in light of all relevant facts and circumstances.

**SECTION 5.** That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

# Memorandum – City of Gulfport

**To:** Connie Debenport, Purchasing  
**CC:** Mayor Billy Hewes                      Linda Elias, Finance  
            Dr. John Kelly, CAO                      Wayne Miller, P.E., Public Works  
**From:** Kris Riemann, P.E. *RKR*  
**Date:** 8/23/16  
**Re:** Change Order Number 2 (Final)  
            - Downtown Streetscape Improvements, Phase 3 (Fishbone Alley)

---

Attached for your consideration is the referenced change order number 2, in the additive amount of \$9,371.16 and 0 calendar days of time. This change is necessary to reflect the actual quantities and items used during the construction of this project.

This project is designed to install streetscaping in the alleys between 13<sup>th</sup> Street and 14<sup>th</sup> Streets between Highway 49 and 27<sup>th</sup> Avenue. This project will create Fishbone Alley. The project is funded by Community Development Block Grant funding.

I recommend approval.

Please place this item on the September 6, 2016 Council Agenda.

                                            2. Change Order No. 2

August 23, 2016

Mr. Kris Riemann, P.E., Director  
Gulfport Engineering Department  
4050 Hewes Avenue  
Gulfport, MS 39507

**RE: Gulfport Streetscape Alley Project  
Gulfport, Mississippi**

Dear Mr. Riemann:

Gulf Breeze Landscaping has completed the above referenced project. We have prepared and enclosed several final documents for your review and approval:

1. One (1) Final Pay Application No. 7, and
2. Three (3) original Summary Change Orders to reflect actual quantities used on the project.

Also enclosed for your records are the following close-out documents as required by the General Conditions of the contract documents:

- ☐ Certificate of Insurance reflecting Completed Operations Coverage,
- ☐ Contractor's Affidavit of Payment of Debts and Claims,
- ☐ Contractor's Affidavit of Release of Liens, and
- ☐ Consent of Surety Company to Final Payment.

Therefore, subject to review by the appropriate City official of the enclosed documents, we recommend final payment to the Contractor for the total amount due this application of \$57,412.13.

Please place the Pay Application and Summary Change Order on the next available Council agenda for approval of payment to the Contractor. Please have two fully executed originals of the summary change returned to our office for further distribution.

If you should have any questions, please do not hesitate to contact me at 864-7612.

Sincerely,

Kevin Mullen, P.E.  
Project Engineer

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Ronda Cole, Clerk of Council  
Legal

**Date:** 08/29/2016

**Subject:** Resolution - approving Property Access Approval Form in conjunction with MDEQ investigation, to authorize the Mayor to execute the same, and for related purposes - tabled at the August 16, 2016 City Council Meeting.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
TO APPROVE PROPERTY ACCESS APPROVAL FORM IN CONJUNCTION WITH  
MDEQ INVESTIGATION, TO AUTHORIZE THE MAYOR TO EXECUTE SAID  
FORM, AND FOR RELATED PURPOSES**

**WHEREAS**, the Mississippi Department of Environmental Quality (MDEQ) is conducting an investigation in the area of 30<sup>th</sup> Street and 12<sup>th</sup> Avenue, and its contractor (W.L. Burle Engineers) has determined that the optimal place for a monitoring well is the median in 30<sup>th</sup> Street; and

**WHEREAS**, the City of Gulfport desires to assist MDEQ in the pending investigation by allowing and permitting the monitoring well and associated activities to take place in the Right of Way as more fully set forth on the survey attached hereto as Exhibit “A” and in accord with the terms set forth in the Property Access Approval Form attached hereto as Exhibit “B”.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF GULFPORT, MISSISSIPPI, AS FOLLOWS:**

**SECTION 1.** That the matters, facts, and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**SECTION 2.** That Property Access Approval Form be and the same is hereby approved in substantially the form attached hereto as Exhibit “B” and the Mayor be and he is hereby authorized to execute the same on behalf of the City of Gulfport, Mississippi.

**SECTION 3.** That this Resolution shall be in effect immediately upon its passage and enactment according to law, and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**AYES**

**NAYS**

**ABSENT**

**WHEREUPON**, the President declared the motion carried and the Resolution adopted, this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**(SEAL)**

**ATTEST:**

**ADOPTED:**

\_\_\_\_\_  
**CLERK OF THE COUNCIL**

\_\_\_\_\_  
**PRESIDENT**

The above and foregoing Resolution submitted to and approved by the Mayor, this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

\_\_\_\_\_  
**MAYOR**

**PROPERTY ACCESS APPROVAL FORM**

1. The undersigned property owner, \_\_\_\_\_ ("undersigned"), hereby gives permission to W.L. Burle Engineers (Burle) and its agents and contractors to enter the undersigned's property ("the property") located at:

\_\_\_\_\_.

2. This permission is specifically limited to the following activities which may be performed by Burle, its agents, or its contractors:

a. Assessment, including, among other things, installation of monitoring wells, as needed to determine remediation requirements.

b. The installation of monitoring wells, trenching and piping thereto.

c. The periodic monitoring or inspecting of the monitoring wells.

3. Burle, its agents, or its contractors may enter the property during normal business hours and may also make arrangements to enter the property at other times after agreement from the undersigned.

4. The undersigned shall not be liable for any injury, damage, or loss on the property suffered by Burle, its agents, or its contractors not caused by the negligence or intentional acts of the undersigned's agents or employees.

5. Burle, its agents, and its contractors will repair damage to the property caused by its activities on the property using the degree of care and skill ordinarily exercised under similar conditions by reputable members of the appropriate profession for which activities are being performed.

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Margaret Murdock, Assistant Attorney  
Legal

**Date:** 08/29/2016

**Subject:** Resolution - ratifying Advertising Agency Agreement between the Gulfport Redevelopment Commission, an urban renewal agency of the City of Gulfport, and Mesh Design, LLC, and approving Work Order One, and for related purposes.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
TO RATIFY ADVERTISING AGENCY AGREEMENT BETWEEN THE GULFPORT  
REDEVELOPMENT COMMISSION, AN URBAN RENEWAL AGENCY OF THE CITY  
OF GULFPORT, AND MESH DESIGN, LLC, AND TO APPROVE WORK ORDER  
ONE, AND FOR RELATED PURPOSES**

**WHEREAS**, the Gulfport Redevelopment Commission (hereinafter, GRC) has undertaken a project to design, construct, and manage a world class aquarium in downtown Gulfport on property that the GRC owns; and

**WHEREAS**, substantial funding for the aquarium project has been obtained, but additional funding will be required to complete the aquarium and open its doors to the citizens of Gulfport, the State of Mississippi and other visitors to our City; and

**WHEREAS**, the GRC has retained the services of MESH Design, LLC, to provide certain promotional, fundraising, advertising and related services, and a copy of the GRC's Advertising Agency Agreement is attached hereto as Exhibit "A" to be ratified and spread across the Minutes of the City of Gulfport; and

**WHEREAS**, the GRC has negotiated WORK ORDER ONE with MESH which is attached hereto as Exhibit "B", and

**WHEREAS**, the GRC has requested City Council approval of WORK ORDER ONE; and

**WHEREAS**, THE City Council believes that it is in the best interest of the City that the GRC be authorized to submit WORK ORDER ONE to MESH Design, LLC, and move forward with the work contemplated in WORK ORDER ONE.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF  
THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:**

**Section 1.** That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**Section 2.** That the Advertising Agency Agreement attached hereto as Exhibit "A" be and the same is hereby ratified and it is ordered that the same be spread across the minutes of the Gulfport City Council.

**Section 3.** That WORK ORDER ONE attached hereto as Exhibit "B" be and the same is hereby approved and the GRC is authorized to proceed with the same.

**Section 4.** That this Resolution be, and it is hereby ordered to be spread on the minutes of the governing Authority, and to be in full force and effect immediately upon its passage and enactment according to law.

The above and foregoing Resolution, after having been first reduced to writing and ready by the Clerk, was introduced by \_\_\_\_\_, seconded by \_\_\_\_\_, and was adopted by the following roll call vote:

**AYES**

**NAYS**

**ABSENT**

**WHEREUPON,** the President declared the motion carried and the Resolution adopted this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**(SEAL)**

**ATTEST:**

**ADOPTED:**

\_\_\_\_\_  
**CLERK OF THE COUNCIL**

\_\_\_\_\_  
**PRESIDENT**

The above and foregoing Ordinance was submitted to and approved by the Mayor, this  
the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

APPROVED:

---

MAYOR

## **ADVERTISING AGENCY AGREEMENT**

This Advertising Agency Agreement ("Agreement") is made and effective this \_\_\_\_ day of July, 2016 by and between the **Gulfport Redevelopment Commission**, the urban renewal agency of the City of Gulfport, Mississippi ("Client") and **MESH Design, LLC** ("Agency").

Client is developing the Mississippi Aquarium (the "Aquarium"), which will be built in Gulfport, Mississippi. Agency is a design and advertising agency located in Baton Rouge, Louisiana. For their mutual benefit, Client desires to engage Agency to render, and Agency desires to render to Client, certain advertising agency services, all as set forth herein.

NOW, THEREFORE, in consideration of the mutual agreements and covenants herein contained the parties hereto agree as follows:

### **1. Agency of Record**

Client engages Agency to serve as its exclusive advertising agency for Client with respect to promoting the Aquarium (hereinafter, the "Work"). Work specifically includes, and Client specifically authorizes Agency to perform, the following responsibilities: oversee and implement the research, consulting, planning, acquisition, and creative work on various advertising and communications projects for the Aquarium, including but not limited to, branding, print media, web and interactive media, graphic design, video and audio media, marketing, strategy, social media, copywriting, public relations, and measurement and analysis. Nothing herein shall limit or restrict Client's ability to utilize its employees (inclusive of the City of Gulfport) to further promote or advertise the Aquarium.

### **2. Public Notification of Agency**

Agency will notify all necessary media of this Agreement and of the fact that Agency is the Advertising Agency of Record for Client. Client agrees to instruct media and outside services to contact Agent directly.

### **3. Term**

This Agency of Record contract shall commence on the effective date hereof and continue until Client terminates the Agreement. Client may terminate this Agreement without cause upon sixty (60) days' written notice to Agency. In the event that either party fails to carry out and comply with any of the terms of this Agreement, the other party may terminate this Agreement upon twenty (20) days written notice to the non-complying party. Upon notice of intent to terminate Agreement, Agency shall not incur additional expenses or undertake further Work. Upon termination, all parties will work toward an equitable settlement of fees as is outlined in the fee schedule.

### **4. Standards of Quality**

The Client specifically agrees and authorizes the Agency to handle and direct the consulting, planning and creative work, including coordination and follow-through, for all Advertising and communications. Notwithstanding the foregoing, all outside professional services engaged by Agency in excess of Thirty Thousand and NO/100 dollars (\$30,000.00) in the aggregate under one or a series of contracts for similar services shall comply with the procurement policies applicable to the Client or the City of Gulfport, Mississippi and after approved by Client.

## **5. Scope of Work and Compensation**

- A) The Scope of Work provided by Agency and the compensation for such Work shall be agreed to by Client and Agency through separate written and accepted proposal(s). Any written and accepted proposal(s) agreed to by Client and Agency shall be addendums to and subject to the terms of this Agreement.
- B) If Agency is requested to render services outside of a written and accepted proposal, Client shall pay Agency at its regular hourly rates as set forth on the rate sheet attached hereto as **"Exhibit A."**
- C) If Agency is requested to purchase any media for advertising (print, outdoor, electronic, radio) outside of a written and accepted proposal, Agency shall receive a commission based upon Agency's then current gross rate for that type of media, which commission shall be calculated on the net charges levied by any media. Agency's commission shall be considered earned upon the effective date of the agreement giving rise to the commission. To the extent there is a change in the actual charges incurred, the commission due Agency will also change.
- D) Client shall reimburse Agency for any charges or expenses incurred by Agency as a result of changes or cancellations directed by Client. Any such cancellations or changes shall not result in loss, reduction, or forfeiture of Agency's commission.
- E) All outside vendors necessary for the implementation and delivery of the Work, or other advertising and creative needs associated with the Work, shall be selected and hired by Agency, subject to the Client's approval. Client shall pay Agency for all expenses incurred, plus Agency's standard mark-up which varies based upon the type and services rendered by such outside vendors.
- D) Client shall reimburse Agency for actual and reasonable out-of-pocket expenses incurred in the performance of any services that are within the approved budget for such expenses ("Approved Expenses"). Agency must provide Client in advance with a budget for any such expenses and Client shall review and either approve or reject in writing such requested budget. Agency shall have no right to be reimbursed for any expenses which are not consistent with or which exceed the approved budget. Client will reimburse Agency within 45 days of receipt of documentation of Approved Expenses.

## **6. Confidentiality**

Agency and Client acknowledge that each will have access to certain confidential information of the other related to the other's business, plans, pricing structure, and operations. All such information shall be considered as being secret and confidential and will not be disclosed to any third party, except as required by law.

## **7. Indemnification**

A) To the fullest extent permitted by law, Agency shall indemnify and hold harmless Client from all claims, damages, losses and expenses, including attorney's fees, arising out of or resulting from the intentional actual violation, infringement, or misappropriation of any copyrighted material or any material breach under this Agreement by Agency, its employees, agents, consultants, or anyone directly or indirectly employed by any of them, or anyone for whose acts it is liable.

B) To the fullest extent permitted by law, Agency shall further indemnify and hold harmless Client from all claims, damages, losses and expenses, including attorney's fees, which do not arise out of or result from the negligent performance of professional services, but which arise from personal injury or property damage caused, in whole or in part, by an omission, error, negligence or misconduct by Agency, its employees, agents, consultants, anyone directly or indirectly employed by any of them, and in connection with the services performed under this Agreement.

C) The indemnification obligation set forth Paragraph B shall apply to the extent such claim, damage, loss or expense is caused by Agency, its employees, consultants, or anyone directly or indirectly employed by any of them, and shall not be limited by any limitation on amount or type of damages, compensation or benefits payable by or for Agency under workers' or workmen's compensation acts, disability payment acts or other employee benefit acts. Agency shall not, however, be required to indemnify or hold harmless any indemnified party for its own negligence.

D) Agency shall not be held liable for failure of media or suppliers to meet their obligations.

## **8. Work Made for Hire**

A) Agency agrees that any and all tangible and intangible property and the like, including without limitation, ideas, trade secrets, patents, trademarks, service marks, copyrights, inventions, documentation, improvements, developments, formulations, know-how, processes, methods, concepts, results, discoveries, designs, patterns, devices, diagrams, charts, drawings, data, specifications and like information (collectively, "Intellectual Property") conceived of, developed, and/or reduced to practice in connection with Agency's engagement under this Agreement for or on behalf of Client, along with all developments and improvements thereof as well as all developments and improvements of any Intellectual Property of Client, shall become the sole and exclusive property of Client, regardless of the time and place performed and whether arising by Agency's own deed or from the collaboration with others (such Intellectual Property, "Engagement Intellectual Property").

B) All Engagement Intellectual Property shall be considered "works made for hire" and shall be the sole and exclusive property of Client. To the extent any Engagement Intellectual Property does not constitute a work made for hire, Agency hereby assigns all rights, title and interests in and to all Engagement Intellectual Property to Client. Agency and Client further agree to take such additional actions, execute such documents and do all other things necessary to vest full right, title, interest and ownership of all Engagement Intellectual Property in Client.

C) Agency understands that the term "Moral Rights" means any rights or paternity or integrity, including any right to claim authorship of a copyrightable work, to object to a modification of such copyrightable work, and any similar right existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or generally referred to as a "moral right." Agency hereby waives and agrees never to assert any Moral Rights that Agency or Agency's employees may have in any Engagement Intellectual Property.

## **9. Notices.**

Any notice required by this Agreement or given in connection with it, shall be in writing and given to the appropriate party by personal service, nationally recognized overnight courier (e.g. Federal Express) by facsimile or other electronic transmission (with confirmation of receipt or with an additional copy sent by regular U.S. mail) or by depositing same in the United States Mail, postage prepaid, return receipt requested and addressed as follows:

#### **10. Final Agreement.**

This Agreement terminates and supersedes all prior understandings or agreements and contains the entire agreement between Client and Agency related to the subject matter hereof. Amendments to this Agreement must be in writing and signed by authorized officers of both Client and Agency.

**11. No Guarantee.** Agency has made no promise or guarantee regarding specific results or responses to the Work.

#### **12. Force Majeure**

Except for the obligation to make payments, neither party will be liable for any failure or delay in its performance under this Agreement due to any cause beyond its reasonable control, including, but not limited to, terrorist acts, cyber-attacks or internet disruptions, acts of war, acts of God, earthquake, hurricanes, fires, flood, embargo, riot, sabotage, labor shortage or dispute, or governmental acts.

#### **13. Governing Law.**

This Agreement shall be governed by and construed in accordance with the laws of the State of Mississippi. To the extent any provision of this Agreement is not enforceable under Mississippi law, such provision shall be modified, deleted or deemed invalid to the extent it is either not authorized by or

## WORK ORDER ONE

### Iteration One: Work Order

---

#### Discovery

During discovery, we will work to identify key factors such as target audiences, short-term and long-term goals, strengths and weaknesses, competitive advantages, and tonality. We will then compile the aforementioned information and begin creative ideation and marketing strategy.

**Discovery Total ..... \$7,000**

#### Secondary Research

MESH will perform secondary research to drive the strategic planning process. We will start by tapping into industry research and case studies conducted by the state/regional tourism entities. This will help us tailor our strategic decisions to best suit our environment and anticipate any potential opportunities or obstacles. A large portion of secondary research will be dedicated to our target audience. This will include both quantitative and qualitative information on the demographics and psychographics of our target segments, as well as their media consumption habits. This information will dictate both media placement and creative communication to ensure we are efficiently connecting with our desired audience with impactful messages that resonate with each segment.

**Secondary Research Total..... \$10,000**

#### Brand Identity Development

MESH will work with the Aquarium team to craft the brand mission, vision, purpose and overall core values along with the identity, design and creative elements, which may include but is not limited to: logo refresh, tagline, logo treatment, text treatment, signature colors and color palettes, icons, symbols, graphic motifs, and other elements. Development of a brand voice statement will include a two to six sentence statement that encompasses the personality and culture of the brand. A brand deck will be created to illustrate the new brand in a thoughtful and meaningful manner through the use of key words and visuals. Additional deliverables include:

- Mission statement
- Brand vision
- Brand purpose
- 3 B's of branding
- Core values
- Primary goals & objectives
- Logo refresh
- Brand Standards
- Redesign of pre-construction site signage design

**Brand Identity Total ..... \$20,000**

## INTEGRATED MARKETING & ADVERTISING

7924 Wrenwood Blvd. [C] Baton Rouge, LA 70809

[P] 225.248.1111 [F] 248.1407 [www.meshbr.com](http://www.meshbr.com)

### Business Papers

Using the new logo and branding elements, MESH will create a set of personalized business papers. The business papers may include one business card template, letterhead and envelope, and email signature. Printing costs are proposed separately.

**Business Papers Total ..... \$3,800**

### Program Development

#### Corporate Partnership/Sponsorship Program Development

MESH will develop a corporate partnership program that supports the mission of the Mississippi Aquarium facility, while offering value and marketing flexibility to potential partners. The program will clarify partnership needs, explore the potential benefits and risks of partnerships and determine the types of partnerships which will be most effective for the project. Final deliverable is a corporate partnership/sponsorship program plan with detailed goals and objectives, strategies and actionable tactics.

#### Membership Program Development

MESH will build a membership program around the Mississippi Aquarium mission that activates like-minded individuals who seek to be involved with the economic development and preservation of the Mississippi Gulf Coast. Final deliverable is a membership program plan with detailed goals and objectives, strategies and actionable tactics.

#### Community Engagement and Volunteer Program Development

MESH will create a year-long community engagement and volunteer plan supporting the pre-launch of the Mississippi Aquarium. Final deliverable is a community engagement and volunteer program plan with detailed goals and objectives, strategies and actionable tactics.

**Program Development Total ..... \$11,450**

### Marketing Plan Development

MESH will develop a communication or go-to-market plan that will outline a strategy to achieve the goals of the Mississippi Aquarium. This may include: Situation Analysis, Target Audience, Business Objectives, Marketing Objectives, Marketing Strategies, Creative/brand tone and feel, Brand Strategy, Media Strategy, Guerilla Marketing Strategy, Social Media Strategy, Public Relations Objectives, Public Relations Strategy, Tactics, Recommended Annual Marketing Budget, Project Administration and Coordination, and Promotional Calendar.

**Marketing Plan Development Total ..... \$15,000**

### Public Relations Plan

MESH will develop a public relations plan that will include the following deliverables:

#### Stakeholder Mapping:

Includes Media, Opinion Leaders, Targeted Stakeholders, General Public.

**Public Relations Plan + Living Editorial Calendar:**

Includes identification of objectives, key audiences, media, topline messages, event opportunities, editorial opportunities.

**Message Development + Speakers Bureau:**

Includes topline message development, briefing documents, talking points, speeches, presentations, press preparation.

**Crisis Communication Plan:**

Includes potential crises categorization, identification of SMEs, external stakeholders, internal spokesperson(s), crisis communication clearance protocol, general communications messaging.

**Major Event Planning and Coordination Plan:**

Includes outreach, logistics/staging planning, run of show, press coordination (internal/external), coordination with local partners.

**Public Relations Plan Development Total ..... \$40,000**

**Microsite**

MESH will concept, design and develop a microsite for the Mississippi Aquarium. The microsite will be developed and launched in early Fall 2016. Below please find additional information and features to be expected on the microsite. Please note that this list is not inclusive and may be adjusted throughout the process.

- Site will be constructed using Webflow and responsive design techniques to optimize delivery to mobile platforms as well as laptop and desktop systems
- A details page specifying the location, timeline and values of the Aquarium
- eCommerce capability to support donations and advanced purchase memberships
- Blog for sponsored content and republished press
- Press room where the public can access press releases, logos, images, renderings, contact information and a media kit
- FAQ page to answer commonly asked questions
- The ability to capture email addresses in a subscription form to keep the public updated about Aquarium progress and news

**Microsite Total ..... \$15,000**

**Account Service Management**

For an average of (30) hours monthly from August 2016 - January 2017, MESH will enact comprehensive management of the Mississippi Aquarium account and overall business marketing. Account Service management is project management that includes everything from continued strategic input to regular quality checks, client meetings, creative briefs and status reports with the primary objective of meeting all project milestones and business goals. Also included in this amount is a monthly status meeting between MESH and the pertinent parties of the Mississippi Aquarium.

**Account Management Total ..... \$4,500/Mo**

### Membership Welcome Kit Design

Using Mississippi Aquarium's brand elements, MESH will design one (1) membership welcome kit and its contents, to include the following items:

- Box packaging design
- Vinyl car decal design
- Aquarium sticker design
- T-shirt design
- Performance
- Polo Shirt design
- One (1) insert card design containing welcome message
- Membership card design
- Lapel pin design
- Branded hats
- Huggies

**Membership Welcome Kit Total ..... \$9,000**

### Membership Welcome Kit Printing

Includes printing/production costs for the following items. Quantities listed below.

|                                                 |                |
|-------------------------------------------------|----------------|
| <b>(500) Boxes Total .....</b>                  | <b>\$5,750</b> |
| <b>(1,000) Vinyl Car Decals Total.....</b>      | <b>\$1,700</b> |
| <b>(1,000) Aquarium Sticker Total .....</b>     | <b>\$1,000</b> |
| <b>(500) T-shirts Total.....</b>                | <b>\$5,000</b> |
| <b>(500) Lapel Pins Total.....</b>              | <b>\$2,000</b> |
| <b>(500) Welcome Card Total.....</b>            | <b>\$1,000</b> |
| <b>(500) Branded Hats Total .....</b>           | <b>\$1,000</b> |
| <b>(1,000) Huggies Total.....</b>               | <b>\$1,000</b> |
| <b>(250) Performance Polo Shirts Total.....</b> | <b>\$8,300</b> |

## Fundraising and Development: Work Order

---

### Sales Packet

Includes the concept and design of one (1) sales packet (including a folder design and four (4) 8.5" x 11" branded sales sheets).

- Copywriting
- Graphic Design
- Project Administration/Coordination
- Print Coordination

**Sales Packet Total ..... \$12,000**

**Email Marketing Account Set-up**

MESH will create a MailChimp account on behalf of the Mississippi Aquarium. Cost does not include monthly MailChimp fees.

**Email Marketing Account Set-up Total ..... \$2,200**

**E-newsletter Design/Template**

MESH will concept and design one (1) graphically-based eNewsletter template that can be used by the Aquarium to send out email communications to its email database through MailChimp. Time includes template copywriting.

**eNewsletter Design Total ..... \$1,500**

**PowerPoint Template**

Using the new logo and branding elements, MESH will create three (3) branded PowerPoint templates to be used in development-specific presentations. MESH will provide slide design, font selections and formatting specifications.

**PowerPoint Template Total..... \$3,000**

## PAYMENT SCHEDULE: ITERATION ONE

| Iteration One                          |               | August '16 | Sept '16  | October '16 | Nov '16  | Dec '16  | Jan '17  |
|----------------------------------------|---------------|------------|-----------|-------------|----------|----------|----------|
| Discovery                              | \$ 7,000.00   | \$ 7,000   |           |             |          |          |          |
| Secondary Research                     | \$ 10,000.00  | \$ 5,000   | \$ 5,000  |             |          |          |          |

## PAYMENT SCHEDULE: OUT OF POCKET EXPENSES

| Out of Pocket Expenses |           | Aug '16   | Sept '16  | Oct '16   | Nov '16   | Dec '16   | Jan '17   |
|------------------------|-----------|-----------|-----------|-----------|-----------|-----------|-----------|
| Travel Expenses        | \$ 600.00 | \$ 100.00 | \$ 100.00 | \$ 100.00 | \$ 100.00 | \$ 100.00 | \$ 100.00 |
| <i>sub total</i>       | \$ 600.00 | \$ 100.00 | \$ 100.00 | \$ 100.00 | \$ 100.00 | \$ 100.00 | \$ 100.00 |

Please note, an allowance for travel expenses has been included in the out of pocket expenses above. These reimbursable travel expenses shall not exceed \$100 per month and the client will not be billed if travel allowance is not used.

## TERMS AND CONDITIONS

### PROPOSAL VALIDITY:

This proposal is valid for fifteen (15) calendar days, after which Mesh Design, L.L.C., (MESH) reserves the right to revise the terms of the proposal and estimated costs and services. Please notify us if you wish to consider this proposal for more than 15 days from today's date, August 15, 2016.

### REVISIONS:

We include three (3) rounds of revisions/reviews by the client to all creative design and copy.

Once materials are approved in the final round of revision, client requested changes will be honored, yet will incur additional fees/ revised proposal and delay the project. Should changes be required at this point, MESH will get client approval before providing a change order proposal or billing at MESH's hourly rate.

### ESTIMATES:

Final fees and expenses shall not exceed the estimates shown within this work order without client's prior written consent. Unless otherwise noted, this proposal does not include any stock photography, original photography, original fonts, hosting, hosting setup, ground transportation, airfare, lodging, meals, travel expenses, laser proofs, printer proofs, expedited shipping, photography session fees, talent fees, sales tax or URL purchases. Should the scope of work change as the planning process moves forward, MESH will put all changes in writing to the client and get client approval before proceeding with any work.

### OUT OF POCKET EXPENSES

| Description .....                               | Billing Method                      |
|-------------------------------------------------|-------------------------------------|
| Black and White Laser Proofs .....              | No Charge                           |
| Color Laser Proofs.....                         | Billed directly to Client by MESH   |
| Test scans, film and proofs .....               | Billed directly to Client by vendor |
| High-resolution scanning .....                  | Billed directly to Client by vendor |
| Film and printer's proofs .....                 | Billed directly to Client by vendor |
| Airfare as approved by client.....              | Reimbursed by Client at cost        |
| Out-of-town lodging as approved by client ..... | Reimbursed by Client at cost        |
| Photography and related expenses .....          | Billed directly to Client by vendor |
| Out of Scope Printing .....                     | Billed directly to Client by vendor |
| Express Shipping .....                          | Billed through Client (FedEx)       |

### MODIFICATIONS & INDEMNITY

Modifications of the approved proposal must be written, except that the invoice may include, and the client shall pay, fees or expenses that were orally authorized in order to progress promptly with the work. MESH is fully responsible for acquiring and defending all intellectual property rights associated with all Works created by MESH under this agreement. MESH shall indemnify client for all liability associated with the Works. MESH shall assume responsibility for clearance and copyrighting of any and all verbiage and/or graphics or WORKS deemed as requiring protection under state and national trademark or patent laws.

### MASTER AGREEMENT

This work order is subject to the terms and conditions of that certain Advertising Agency Agreement between MESH and the Gulfport Redevelopment Commission ("Client") dated July 2016 (the "Agreement"). In the event of any conflict between this work order and the Agreement, the terms and provisions of the Agreement shall govern and control

### ACCEPTANCE:

To initiate work, a representative of Client authorized to sign contracts must accept the terms of this agreement by signing

and dating the proposal in the space indicated below and returning a signed original copy to MESH, within 15 days from date listed on the title page and top of this page. Thank you for your consideration, and we look forward to working with you.

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Connie Debenport, Manager  
Purchasing

**Date:** 08/26/2016

**Subject:** Approval - of proposal submitted for body-worn camera services, also approval of payment schedule for the Police Department.

**Recommendation:**

# Memorandum - City of Gulfport

## Purchasing

**To:** The Honorable Mayor and City Council

**From:** Connie Debenport, CPPB

**Date:** August 19, 2016

**Re: RFP for Body Worn Cameras Services  
Police Department  
RFP's Received August 9, 2016 @ 5:00 pm**

On August 9, 2016, the City of Gulfport received 5 submissions in response to the above mentioned RFP. The submissions were distributed to the selection committee to review and discuss the submissions, turn in the grading sheets and determine if there was a need for interviews.

See below table which represents the points assessed in accordance with the grading criteria as noted in the RFP. The evaluation committee was made up of 5 members.

|                                                    | Digital Alley | Turn-Key Mobility | Pro-Vision | Pileum     | TASER      |
|----------------------------------------------------|---------------|-------------------|------------|------------|------------|
| 1. Experience of Provider (20 pts)                 | 85            | 65                | 0          | 85         | 100        |
| 2. Past Performance (20 pts)                       | 70            | 45                | 0          | 85         | 85         |
| 3. Vendor Equipment & ability to perform. (50 pts) | 100           | 120               | 0          | 245        | 145        |
| <b>TOTALS</b>                                      | <b>255</b>    | <b>230</b>        | <b>0</b>   | <b>415</b> | <b>330</b> |

Based on the grading criteria as presented, the selection committee is recommending Pileum as the highest scoring firm with pricing as submitted in the attached proposal.

Thank you for your consideration

Subject: RFP Body Worn Camera System

On behalf of Pileum, thank you for the opportunity to present information on the BodyWorn™ camera system, RocketIoT In-Car video camera system and AvailWeb digital evidence solution by Utility. We are proud that the BodyWorn™ system has been recognized as the industry's leading Generation 2 body worn camera solution for law enforcement agencies across the U.S. In fact, Utility is the sole vendor in this category winning the 2016 AWS City on a Cloud Innovation Challenge. We are totally committed to the successful deployment of Bodyworn and In-Car camera systems for the City of Gulfport.

Pileum is proposing a complete integrated solution consisting of the Utility BodyWorn camera system and the Utility RocketIoT In-Car video system with built-in GPS tracking and mobile hotspot. AvailWeb, a cloud-based digital evidence management system which serves as a single management interface for the entire solution, is also included. Our proposal includes 100 Bodyworn cameras and RocketIoT In-Car System bundles, on-site installation, on-site training, unlimited cloud storage (when configured within industry standards for retention policies), two vest carriers or four duty shirts per equipped officer, as well as the hardware and software required to operate the system. The City will simply need to provide carrier (i.e. Verizon, AT&T or other) connectivity for the RocketIoT for each vehicle. Our proposal includes the requested three year pricing as well as the pricing for two optional additional years.

We also included two optional sections to our proposal. The first option is a unit cost for our BodyWorn only bundle. This optional bundle could be utilized should Gulfport PD wish to equip an officer with a BodyWorn camera but who does not need a corresponding In-Car camera system. The second option is a unit cost for our BodyWorn plus Rocket bundle. This optional bundle includes both a BodyWorn camera and a Rocket device. This bundle could be utilized should Gulfport PD wish to equip an officer with a BodyWorn

camera and their vehicle with GPS tracking and a mobile WiFi hotspot but not an In-Car Camera System. We should note that the Rocket can be easily upgraded to provide In-Car camera functionality in the future. Both of these options include on-site installation, on-site training, unlimited cloud storage (when configured within industry standards for retention policies), two vest carriers or four duty shirts per equipped officer, as well as the hardware and software required to operate the system.

BodyWorn™ has capabilities that provide unique benefits to the City of Gulfport Police Department:

- **Automatic, Policy-Based Smart Recording:** In addition to a manual Bluetooth remote, recording can be triggered automatically by custom policies your department creates: sensors in the vehicle, remote activation from dispatch or a supervisor, running and acceleration, entry into a designated mapped Action Zone or Geofence. As a result, more video is captured, freeing officers to focus on their jobs. This system can be integrated with your CAD system to institute dispatch policy and provide you with additional situational awareness tools.
- **Secure, Immediate Wireless Upload to the Cloud:** Video evidence uploads immediately upon being taken, in an encrypted file format to a secure cloud, resulting in reliable evidence capture and enhanced situational awareness between the officer and dispatch. This eliminates the added risk of losing video evidence by waiting until end of shift to connect to a docking station.
- **Smart Waypoints:** A body worn camera's embedded storage is typically the least secure location within the video data ecosystem. Utility moves video data as fast as it is collected (in real-time, on-the-fly) from the BodyWorn camera to available secure storage Smart Waypoints within Utility's provided Eco-System. This eliminates the need for docking stations, their cost and risk of data loss, and protects chain-of-custody. To be clear, our proposal includes a business-class high-speed Internet connection - at no cost to the City - to be dedicated to the secure offload of the Bodyworn and In-Car video without taxing the City bandwidth resources. This represents an estimated annual value of \$6,000 to the City of Gulfport (\$18,000 over three years and \$30,000 over five years).
- **Real-Time Communications:** Utility's BodyWorn™ camera can communicate time sensitive information including BOLO, Amber, Silver, and Officer Down alerts to the officer and to dispatch. Using the real-time, map-based situational awareness tools can improve officer safety and save lives.
- **Functional Fusion to the Uniform:** Traditional clip-on cameras bounce, are bulky and fall off. Utility's camera is built into the officer's uniform, is seamless, and reliably captures video evidence.

- **Smart, Automatic Redaction Capability:** Utility's redaction for Body and In-Vehicle Cameras address important privacy and FOIA concerns, but also allows the MSP to control and manage data storage costs. This cost savings can make all the difference, affording the most value for dollars spent.
- **Synchronized BodyWorn and In-Car video:** The BodyWorn™ and Rocket-IoT™ in-car video recording system seamlessly integrates into the same incident for Chain-of-Custody and playback review.

Utility's BodyWorn™ system is scalable, user-friendly, requires no ancillary devices, and no additional hardware or software. It is a complete system which runs on a familiar Android computing device porting proven video software in development and use for more than a decade. Moreover, as mentioned earlier and included in our proposal, BodyWorn™ integrates with Rocket-IoT™ in-car video solution with GPS and mobile hotspot functionality, for maximum interoperability.

Thank you for your interest in our solution. We are excited to work together and look forward to making your Body Worn Camera program a resounding success!

Sincerely,

Jill Beneke  
President and CEO  
Pileum Corporation

## Statement of Work

| Statement of Work                                                                                                                                                                                                                                                                                          | Satisfaction             | Response                                                                                                                                                                                                                                                                                              |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal worn-on-body battery-operated video and audio recording system that works in tandem with vehicle mounted camera system.                                                                                                                                                                           | <b>Meets Requirement</b> | The BodyWorn is a personal worn-on-body, battery-operated, video and audio recording system that works in tandem with the Rocket IoT, which is the vehicle mounted camera system. Our proposal includes both the Bodyworn camera system and the RocketIoT In-Car Video System.                        |
| The worn-on-body and In-Car video system shall have the ability to offload video directly to a departmental approved access point from the vehicle or the body camera via a secure wireless connection and without the need for a hard-wired connection, physical docking of the camera, or USB drive.     | <b>Meets Requirement</b> | The BodyWorn and the Rocket IoT In-Car system have the ability to offload video directly to a departmental approved access point from the vehicle or the body camera via a secure wireless connection and without the need for a hard-wired connection, physical docking of the camera, or USB drive. |
| The Vendor's solution shall provide automated Body Camera triggers including at a minimum; motion activation, officer-down activation, activation by entering a geographic/geofence location, activation by CAD dispatch, support for various vehicle related triggers, and activation by vehicular crash. | <b>Meets Requirement</b> | The BodyWorn ecosystem provides automated Body Camera triggers including motion activation, officer-down activation, activation by entering a geographic/geofence location, activation by CAD dispatch, support for various vehicle related triggers, and activation by vehicular crash.              |
| Single management interface for both in-vehicle and worn-on-body cameras.                                                                                                                                                                                                                                  | <b>Meets Requirement</b> | AVaiL Web acts as a single management interface for the Rocket IoT In-Car and the BodyWorn cameras. Avail Web and the RocketIoT In-Car system is included in our proposal.                                                                                                                            |
| The vendor's solution must have Wi-Fi capability to connect through in car camera and body worn devices.                                                                                                                                                                                                   | <b>Meets Requirement</b> | The BodyWorn ecosystem has Wi-Fi capability to connect through the Rocket IoT and the BodyWorn.                                                                                                                                                                                                       |
| Smart video redaction capability; system shall provide automated video redaction capability. Capabilities should include:                                                                                                                                                                                  | <b>Meets Requirement</b> | AVaiL Web provides Smart Redaction <sup>SM</sup> capability which provides automated video                                                                                                                                                                                                            |

|                                                                                                                                                                                                                                                                                                                                                              |                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Facial recognition and tracking, Object recognition and tracking, Skin recognition, and Scene blur;                                                                                                                                                                                                                                                          |                          | redaction capability. Smart Redaction <sup>SM</sup> includes capabilities for facial recognition and tracking, object recognition and tracking, skin recognition, and scene blur.                                                                                                                                                                                                                                                                                                                                                                                                       |
| The Vendor's solution shall provide unlimited cloud based evidence management and file storage at the firm fixed price provided within this proposal (subject to retention periods required by law).                                                                                                                                                         | <b>Meets Requirement</b> | The BodyWorn ecosystem provides unlimited cloud based evidence management and file storage at the firm fixed price provided within this proposal. Utility understands that this is subject to retention periods required by law.                                                                                                                                                                                                                                                                                                                                                        |
| Full system upgrades including camera hardware upgrade during life of leasing/service agreement;                                                                                                                                                                                                                                                             | <b>Meets Requirement</b> | Pileum, in conjunction with Utility, will include full system upgrades including body worn camera hardware upgrades with a minimum commitment of 5 years, OR a 2 year renewal after a 3 year initial commitment.                                                                                                                                                                                                                                                                                                                                                                        |
| Leasing of system is preferred, though other options may be submitted for review. In any case, pricing shall include full systems upgrades, maintenance, training, and support for life of lease. Minimum commitment to base lease of fully working system shall be three years with optional renewals at the same price and terms for two additional years. | <b>Meets Requirement</b> | <p>Our proposal is based on an initial up-front hardware charge and a recurring annual charge to cover software access, storage, maintenance and support. We are also willing to provide COG with leasing options should they desire to spread the up-front hardware cost over the life of the contract.</p> <p>Our proposal includes full system upgrades, maintenance, training and support for the life of the lease and/or contract. Note that, as discussed above, the hardware upgrades are contingent upon a 5 year commitment or a 3 year commitment with a 2 year renewal.</p> |

## Proposal Preparation and Submission Instructions

| Requirement                                                                                                                                                                                                                                                                                                                                                                                                                                | Satisfaction             | Response                                                                                                                                                                                                                                                                                                      |

| B. The Contractor shall provide a robust, fault tolerant infrastructure that allows for high availability of at least 99.95%.                                                                                                                                                                                                                                                                                         | <b>Exceeds Requirement</b> | AVaiL Web, in conjunction with Amazon AWS, provides a robust, fault tolerant infrastructure that allows for high availability of at least 99.95% AVaiL Web exceeds requirement with 99.99% availability.                                                                                                                                                                                                                                                                                                                                                                |
| C. Data Transfer Bandwidth: Bandwidth utilized to transfer files/objects in/out of the provider's infrastructure shall support a minimum of 100Gb/S of data transferred (in and out) via the Internet for all users of the system so that COG has no upload bandwidth restrictions that are due to utilization rates. COG upload bandwidth of less than 1Gb/S is anticipated.                                         | <b>Meets Requirement</b>   | In using Amazon AWS as the cloud infrastructure, bandwidth utilized to transfer files/objects in/out of AVaiLWeb is scalable past 100Gb/S of data transferred (in and out) via the Internet for all users of the system so that COG has no upload bandwidth restrictions that are due to utilization rates.                                                                                                                                                                                                                                                             |
| D. Data Storage: Shall support a minimum of 25TB live and ready-to-access data and shall provide offline or archival storage of all I20 camera system's video during the use period. No data shall be deleted until COG has approved such deletion. Vendor will work with COG for requests to provide video and other stored material for courts, trials, and other via a controlled and documented chain of custody. | <b>Meets Requirement</b>   | AVaiL Web supports an unlimited amount of data storage, in accordance with COG video retention policies, including a minimum of 25TB live and ready-to-access data. Data will not be deleted until the retention time, set and approved by COG, has been reached. Avail Web, the management software for the system, will provide COG with the ability to export video and other evidence for courts, trials and other via a controlled and documented chain of custody. Support is included with our proposal in the event COG needs assistance with these activities. |

| <b>HARDWARE</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                          |                                                                                                                                                                                                                                                                                                                                                               |
| A. Generally, COG seeks a hardware system that is robust, feature rich, easy to use, with high video resolution, and long battery life. The following specifications are preferred but not required to be proposed. While, generally, COG has completed due-diligence and determined basic requirements, with rapid changes in the technical marketplace prudence dictates that COG will leave open this specification for Proposals from all responsible vendors with proven offerings that will meet COG needs. COG prefers systems that meet the following: | <b>Meets Requirement</b> | The BodyWorn is a robust, feature rich, easy-to-use hardware system capable of high video resolution and long battery life affording COG the ability to Automated Video Recording Triggers, Automated Wireless Video Offload, Real-Time Situational Awareness (GPS Location of Officers), Officer Down Reporting, and Video Playback and Review in the field. |
| a. Low weight                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | <b>Meets Requirement</b> | The BodyWorn is a low weight device.                                                                                                                                                                                                                                                                                                                          |
| b. Low-light video recording capability                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | <b>Meets Requirement</b> | The BodyWorn records video in low-light environments.                                                                                                                                                                                                                                                                                                         |
| c. High resolution video capture at high bit rate with optically clear and wide rectilinear, preferred, image                                                                                                                                                                                                                                                                                                                                                                                                                                                  | <b>Meets Requirement</b> | The BodyWorn captures high resolution video at a high bit rate with optically clear and wide rectilinear, preferred, image.                                                                                                                                                                                                                                   |
| d. H.264 encoding MPEG video compression format without proprietary 'wrapper'; can be viewed by commercial video software players without proprietary software                                                                                                                                                                                                                                                                                                                                                                                                 | <b>Meets Requirement</b> | The BodyWorn utilizes H.264 encoding MPEG4 video compression format without a proprietary wrapper. BodyWorn video can be exported to MP4 and ISO formats which can be viewed by commercial video software players without proprietary software.                                                                                                               |
| e. High quality audio recording with easy mute and record buttons                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | <b>Meets Requirement</b> | The BodyWorn captures high quality audio recording in addition to having easy mute and record buttons. It also has an easy to access "status" button.                                                                                                                                                                                                         |

|                                                                                                                                                                         |                            |                                                                                                                                                                                                                                                                       |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| f. Buffered video recording so that activation of RECORD option also captures at least the prior 30 seconds or longer                                                   | <b>Meets Requirement</b>   | The BodyWorn system can be set up for buffered video recording so that activation of RECORD option also captures at least the prior 30 seconds or longer.                                                                                                             |
| g. Covert mode operation for lights and sounds to be muted easily                                                                                                       | <b>Meets Requirement</b>   | The BodyWorn supports covert mode operation where lights and sounds can be muted easily.                                                                                                                                                                              |
| h. Wireless video upload and offloading at high speed and rate of bit transfer                                                                                          | <b>Meets Requirement</b>   | The BodyWorn supports wireless video upload and offloading at high speed and rate of bit transfer.                                                                                                                                                                    |
| i. At least full shift, 12 hour, battery life even if recording at highest resolution for half of shift                                                                 | <b>Meets Requirement</b>   | The BodyWorn's battery life is sufficient for a full shift, 12 hour, even if recording at highest resolution for half of shift.                                                                                                                                       |
| j. High speed re-charging of battery, 6 hours or less. Charging via system dock or USB.                                                                                 | <b>Exceeds Requirement</b> | The BodyWorn supports high speed re-charging of battery 6 hours or less via micro-USB. The BodyWorn can be fully recharged in approximately <b>2 hours</b> .                                                                                                          |
| k. GPS geo-referenced video tagging, time and date on screen overlay, and unit serial number onscreen overlay                                                           | <b>Meets Requirement</b>   | The BodyWorn provides GPS geo-referenced video tagging, time and date on screen overlay, and unit serial number on screen overlay. BodyWorn also provides real-time situational awareness of the officer's GPS location along with officer down reporting capability. |
| l. Head or shoulder mounting preferred                                                                                                                                  | <b>Exceeds Requirement</b> | BodyWorn is mounted securely inside an officer's uniform, allowing for a more stable, reliable video evidence capture in comparison to head or shoulder mounted cameras which are vulnerable to fall off of an officer during critical, high stress, situations.      |
| m. Charging docking stations or other system for charging while uploading data to cloud storage are system-oriented for rack or other space saving installation methods | <b>Meets Requirement</b>   | Although the BodyWorn supports simultaneous charging and uploading of video data to the Cloud storage, <b>docking stations are not required</b> to accomplish this task. Massive infrastructure improvements for power and                                            |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                          |                                                                                                                                                                                                                                                                                                                                                             |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                          | network connectivity are often required for charging docking stations. Since BodyWorn supports automatic wireless offload from the field, there is <b>no need</b> for this massive infrastructure. COG will have immediate access to the video in the Cloud.                                                                                                |
| n. Access to video for immediate replay in field via smartphone or other device                                                                                                                                                                                                                                                                                                                                                                                                                  | <b>Meets Requirement</b> | The BodyWorn allows users, if authorized, to immediately replay video in the field <b>without the need or added expense of an additional device</b> . This playback occurs on the Bodyworn device, which includes a high-resolution video screen.                                                                                                           |
| o. Custody of content and internal controls to prevent tampering of captured data                                                                                                                                                                                                                                                                                                                                                                                                                | <b>Meets Requirement</b> | The BodyWorn employs a chain-of-custody and internal controls to prevent tampering of captured data.                                                                                                                                                                                                                                                        |
| p. GPS tag to indicate location of device; preferred but not identified in the marketplace at time of this RFP creation                                                                                                                                                                                                                                                                                                                                                                          | <b>Meets Requirement</b> | The BodyWorn provides GPS information to indicate the location of the device.                                                                                                                                                                                                                                                                               |
| q. Ruggedized and durable; attaches firmly and doesn't detach easily during physical activity                                                                                                                                                                                                                                                                                                                                                                                                    | <b>Meets Requirement</b> | The BodyWorn is ruggedized and durable; it attaches firmly and doesn't detach easily during physical activity. Our system provides the most robust mounting system available on the market.                                                                                                                                                                 |
| <b>TRAINING</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                          |                                                                                                                                                                                                                                                                                                                                                             |
| The Proposer shall include training of personnel on use, maintenance and care, and all aspects of system shall be included in the pricing. Training for use of camera system shall be performed on site at COG Police offices on I5th Street in Gulfport, MS. A classroom with video projection shall be made available. Training for cloud and data storage/access/and use shall be performed on site at COG or at proposer's offices as determined to be best suited for the intended outcome. | <b>Meets Requirement</b> | Pileum / Utility will include training of personnel on use, maintenance and care, and all aspects of the BodyWorn ecosystem shall be included in the pricing. Utility understands and will comply with all training for use of camera and cloud and data storage/access/use will be performed on site at COG Police offices on I5th Street in Gulfport, MS. |
| <b>MISCELLANEOUS CABLES AND EXTENSIONS/BATTERY BACK-UPS/ALL INCLUSIVE</b>                                                                                                                                                                                                                                                                                                                                                                                                                        |                          |                                                                                                                                                                                                                                                                                                                                                             |

|                                                                                                                                                                                                                                                                                                                                                                  |                          |                                                                                                                                                                                                                                                                                                                                                                                          |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| A. The selected vendor shall provide a system that is all-inclusive of all cables, extensions, accessories, and other required equipment, plant, labor, and material required to ensure continuous operations as outlined and desired. Provide battery backups for all docking and upload stations with new batteries. Refurbished batteries are not acceptable. | <b>Meets Requirement</b> | Pileum / Utility will provide a system that is all-inclusive of all cables, extensions, accessories, and other required equipment, plant, labor, and material required to ensure continuous operations as outlined and desired. The BodyWorn system <b>does not require or use</b> any docking or upload stations as it has the ability to upload video via WiFi or cellular connection. |
| B. The RFP pricing provided shall be for a completely implemented system that includes deployment assistance, training, installation, set-up, and all other necessary work to begin normal stabilized operations of the system.                                                                                                                                  | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                                                                                                                                                                                                                                                                                                               |
| <b>EXECUTION</b>                                                                                                                                                                                                                                                                                                                                                 |                          |                                                                                                                                                                                                                                                                                                                                                                                          |
| A. Provide sufficient labor, material, and mobilization to provide the system commencing on the agreed date of start.                                                                                                                                                                                                                                            | <b>Meets Requirement</b> | Pileum / Utility will provide sufficient labor, material, and mobilization to provide the system commencing on the agreed date of start.                                                                                                                                                                                                                                                 |
| B. Provide professional installers, trainers, management, software, and other personnel, in the regular practice of the work and craft being attempted.                                                                                                                                                                                                          | <b>Meets Requirement</b> | Pileum / Utility will provide professional installers, trainers, management, software, and other personnel, in the regular practice of the work and craft being attempted.                                                                                                                                                                                                               |

| The selected vendor's failure to have the system ready in the negotiated time frame for use may cause irreparable harm to COG that cannot be exactly and accurately calculated. Because of that, the parties agree to add to any agreements or contracts that, except for cause by force majeure, the selected vendor shall pay to COG the stipulated Liquidated Damage, not penalty, of \$250 per calendar day that the system has not been fully accepted as complete by COG beyond the agreed-upon date. The date will be subject to mutually satisfactory negotiations prior to Contract execution. | <b>Meets Requirement</b> | Read and understood. | E. Insurance certificates are not required to be submitted with the proposal, but will be required of the selected vendor within ten days of request by COG.                                                                                                                                                                                                                                                                                                                                        | <b>Meets Requirement</b> | Pileum / Utility has read and understands. This certificate will be provided to COG upon request. |
| <b>WARRANTY OF SYSTEM</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                          |                                                                                                   |
| A. The vendor shall provide advanced replacement of damaged products and shall provide, at time of delivery, at least 3% of all material provided, or one unit if 3% is less than one, as hot swappable reserve. The hot swappable reserves shall be used until advanced replacements arrive.                                                                                                                                                                                                       | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                        |
| a. Advanced Replacement: Vendor shall provide an identical or updated replacement product upon email, phone, or other prior-agreed method of notice, upon COG's notification that a product is defective or failed. Vendor shall ship replacement product within the next business day of notice via Federal Express or UPS second day shipping methods prior to receiving the bad product from COG. COG shall ship bad product to vendor upon receiving advanced replacement in working condition. | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                        |
| B. The warranty period shall extend for the full time of the lease and cover all provided materials that are not listed as or obvious as expendables or supplies.                                                                                                                                                                                                                                                                                                                                   | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                        |
| a. Exception: During the warranty period, batteries, though normally considered an expendable item, shall be replaced at no cost to COG when they no longer provide at least 80% of their rated new operating time.                                                                                                                                                                                                                                                                                 | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                        |
| C. Fill out any necessary warranty card or other warranty-required information in the name of COG and provide to COG ready to mail if required to be mailed to vendor(s).                                                                                                                                                                                                                                                                                                                           | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                        |
| <b>PAYMENT TO SELECTED VENDOR/PERIOD OF USAGE</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                          |                                                                                                   |
| The vendor shall be paid monthly, quarterly, or yearly in arrear as negotiated with selected vendor. No payment shall be made to vendor prior to receipt and                                                                                                                                                                                                                                                                                                                                        | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                        |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                          |                                                                                                                                                                                                      |

Vendors submit such material at their own expense and acknowledge, by submission, that the products are samples with no commercial value.                                                                                                                                                                                                                                                                           | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                                                                                                                           |
| <b>TIMEFRAME FOR WORK</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                          |                                                                                                                                                                                                      |
| The selected vendor shall perform the work to ensure the display is operational for the specified period of operation. That notwithstanding, the vendor shall not take possession of the site prior to October 1st, of the year and then only in coordination with the COG to ensure continuation of scheduled events without disruption. Work that does not impact scheduled events or does not unreasonably interfere with public access may commence earlier upon written agreement and agreement on a progress schedule. Generally, this early work would be contemplated to include first year power distribution and communications cabling. | <b>Meets Requirement</b> | Pileum / Utility has read and understands. We have included a sample schedule in a subsequent section of this proposal. We will work with the COG to finalize a project schedule upon project award. |
| <b>BACKGROUND AND SAFETY CHECKS OF PERSONNEL</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                          |                                                                                                                                                                                                      |
| COG requires that the proposer have in place a system of background screening and verification of all employees that work on systems being proposed and shall certify that they meet the minimum                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                          | Pileum Corporation's hiring procedures include an intense background verification process that includes credit checks, criminal background checks, DEA                                               |

|                                                                                                                                                                                                                                                                                                                                                                                                                                          |                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

| standards required, as exist, by the Department of Justice. Proposer shall be expected to include security measures and plans in the proposal.                                                                                                                                                                                                                                                                                           |                          | substance check, and personnel/business references. The standard hiring practice includes a multiple layer interview with a 3 or more month window seeking consistency, continual reference, and culture. Upon request, Pileum will make available the Employee Handbook that includes our personnel policies. Utility employees are subject to the same stringent background verification procedures as Pileum employees. This includes credit checks, criminal background checks, DEA substance checks, and personnel/business references and other measures dictated by the many compliance requirements Utility must maintain as a manufacturer to government and law enforcement agencies. |
| <b>OTHER CONDITIONS</b>                                                                                                                                                                                                                                                                                                                                                                                                                  |                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| A. No Joint Venture partnerships shall be considered. The COG seeks to maintain a single point of responsibility through a prime contract relationship.                                                                                                                                                                                                                                                                                  | <b>Meets Requirement</b> | Pileum / Utility has read and understands. Pileum will be the prime contractor and will be the single point of responsibility. Note that installation services will be performed by Utility and Pileum personnel.                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| B. COG reserves the right to reject any and/or all submittals; to make scope modifications, and to negotiate with one or more of the responders, and to waive any and/or all technicalities, all of which COG deems to be in their best interest. Neither this Request for Proposals nor any proposal submitted, nor the selection of any proposal, nor any negotiations with any party, will impose any obligation or liability on COG. | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

## Evaluation and Award Criteria

### Experience of Provider

The City of Gulfport has requested proposals from qualifying vendors to provide wearable body cameras to capture video from an officer's perspective. Pileum Corporation is a Systems Integration and Information Technology Consulting firm based in Jackson, Mississippi. Our experience from a broad range of industries allows us to use creativity, objectivity, and analytical methodologies in solving problems and/or creating new opportunities. Pileum is an authorized and certified reseller for Utility Associates, a leader in mobile communications and software-as-a-service for the utility and law enforcement industries. Utility's line of Generation 2 BodyWorn video coupled with the AVaiLWeb SaaS solution and Rocket vehicle solutions establishes them as leaders in a market with solutions that solve issues in competing body camera vendors.

#### **PILEUM Company Profile**

Founded in early 2002 in Jackson, Mississippi, PILEUM is a technology consulting firm. We are leading-edge innovators, combining industry knowledge, functional experience, and technology skills to help our clients grow and create extraordinary value in their businesses. We come to our clients with the freedom to choose what is best for their particular situation. Our experience from a broad range of industries allows us to use creativity, objectivity, and analytical methodologies in solving problems and/or creating new opportunity. We employ the "best of the best" philosophy, sourcing our staff from high caliber individuals that have worked in the best organizations in Mississippi and throughout the Southeast. Pileum also has locations in Birmingham Alabama, Hattiesburg Mississippi, Knoxville Tennessee and Nashville Tennessee.

### **Pileum Relevant Experience**

PILEUM has consultants with a broad range of technology and management experience. Our practice includes professionals from the areas of network engineering, electrical engineering, senior management, finance, accounting and project management. We are rich in experience and have a variety of industry backgrounds. Our unique understanding of how to use technology to enhance the bottom line is our way of delivering a tangible result. By combining the talents of engineering with the experience of our finance, accounting, and management team, we can quickly justify and measure a project's true impact to the company. Pileum was the first certified reseller in the Southeast for Utility Associates and has worked with Utility to implement their next generation line of BodyWorn cameras and Rocket in-car mobile hot spots for a number of entities. Given the technology driven solution that Utility provides, Pileum is uniquely situated to work with law enforcement to deliver solutions tailored to the needs of that agency. Pileum staff is not just skilled and certified in all aspects of the information technology infrastructure, we are certified and experienced with the Utility solution portfolio, enabling us to drive a project to a successful conclusion from inception to installation.

### **UTILITY Company Profile**

Utility (Utility Associates, Inc.) is a Delaware Corporation with Headquarters in Decatur, Georgia. The company was incorporated in 2001 and specializes in Software as a Service for Public Safety, Transit, and Utility companies within the US. With over 50,000 devices deployed, Utility has worked with many progressive first responders, transit agencies and utilities to incorporate industry best practices to help solve critical legal evidence capture and field situational awareness management challenges.

Utility hardware and software is designed, developed, manufactured, packaged, and shipped at our state-of the-art locations in Decatur and Covington, Georgia in Metropolitan Atlanta.

Many vendors outsource engineering, software development and support, and/or manufacturing offshore. Rather, Utility's control of the design, development, manufacturing and customer support experience through our in-house team of professionals allows us to provide a secure, reliable solution, and eliminate an 8,000 mile supply chain, while rapidly innovating and responding to our customers' needs.

### **UTILITY Relevant Experience**

The Utility BodyWorn video recording software is the proven result of 10+ years of development and deployment in thousands of In-Car Video Recording systems around the US. The video recording software was originally developed between 2004 and 2008, developed and sold as video recording hardware and software for Police and Public Transit In-Car Video Recording systems. Approximately \$70M of venture capital went into the legacy firm, with another \$20M of venture debt. A significant portion of this capital funded the development of the mobile Chain of Custody Linux-based video recording software that was ported by Utility to run on Android mobile computing devices. Utility acquired the successor company in January 2013. Utility added further audit trail and functional capabilities to the firm's video recording software. The Utility BodyWorn software running on an Android mobile computing device, represents over 10+ years of proven police video recording software that has been ported to the Android platform.

Some of Utility's notable customers include:

City of Biloxi MS Police Department

Florida Highway Patrol

New York State Police

Colorado State Patrol

Dallas Area Rapid Transit

Chicago Transit Authority

Consolidated Edison

Dominion Power

Southern Company/ Atlanta Gas Light

City of Alexandria LA Police Department

Bexar County TX Sheriff's Office

City of Atlanta GA Police Department

Colorado Springs CO Police Department

Long Beach CA Police Department

Boca Raton FL Police Department

Lilburn GA Police Department

Decatur GA Police Department

Marietta GA Police Department

## UTILITY Other Relevant Experience for the City of Gulfport

### Utility's Strengths Include:

- In-house Design Engineering with vast years of experience in developing and delivering industry standard products of highest quality and interoperability.
- Deep experience in designing and assisting in network design for video flow and storage at public safety departments.
- Knowledgeable in recent implemented CJIS requirements for agencies.
- Ability to roll-out large-scale and complicated implementations within a tight time frame with success.
- Advanced state of the art technology for in-car and body worn video.
- Utility owns US Patent 6,831,556 for a “Composite Mobile Digital Information System” for public safety vehicles. This patent was issued on December 14, 2004, and describes a vehicle video recording system for capturing video, audio, and metadata information. Utility manufactures and sells a vehicle video recording system that is covered by US Patent 6,831,556. “Pre-Event Recording” is a key part of our patented system, and is a capability that the City should evaluate closely.
- A staff of experienced professionals with many years of Digital Multi-Media Evidence experience.
- All Utility solutions are Country of Origin USA, are manufactured in the USA.
- Utility is fully committed to supporting the country through the Buy American Act and the American Recovery and Reinvestment Act. All Utility solutions are BAA

and ARRA Compliant.

### Team Management and Key Personnel Bios

For the Delivery of this Body Worn Cameras Project to the City of Gulfport, The Pileum/Utility Project Management Team is led by a Project Executive, and managed by a highly experienced, single-point Project Manager who will work directly with the City, in an integrated, streamlined structure with seamless and efficient delivery of services for the Body Worn Cameras project.

The Project Manager manages the Project Management Team, which includes the Deployment Manager, who together represent the technical day-to-day expertise to deliver coordination across our technical and customer service process. They are experienced with initiatives for police departments comparable to City of Gulfport Police Department, expert in video management and communications, and comprise the most experienced and knowledgeable resources at-hand for this important project.

**Project Management Team** summary bios are highlighted below.

## PROJECT MANAGEMENT TEAM

**LONNIE MORRISON, PMP**  
PROJECT MANAGER

### PROFESSIONAL BACKGROUND

Morrison is an experienced, Certified Project Management Professional (PMP), with strong communication and interpersonal skills. As Project Manager, Lonnie leads the PM Team through planning and execution of Utility's hardware and software solutions. He collaborates with Customer Support and Implementation to ensure that every part of the deployment is a success. His strong organizational and communication skills combine with deep technical experience in mobile data computers, vehicle tracking solutions, in-vehicle video and secure in-vehicle router networks, mobile high speed data, dispatch systems, and cellular networks.

### CURRENT AND PAST RELEVANT EMPLOYMENT

Morrison joined Utility in 2014, in capacity of both Field Engineer and Project Manager. In his previous work, Morrison successfully collaborated on design/deployment of Cisco VPN and NetMotion VPN networks as a cost reduction measure; provided technical support to field engineers for installation of Cisco routers and virtual circuits; deployed high speed secure data connection to facilitate remote access to secure managed communications networking elements; and supervised and managed installation of multi-channel radio links, tactical satellite radios and remote extension switches. Morrison is a U.S Army veteran, serving as MSE Transmission Chief at Fort Bragg, North Carolina.

## Project Executive Team

Pileum Executive Team support to the City of Gulfport is represented by the President and Chief Executive Officer, Chief Operations Officer, and Director of Engineering.

### JILL BENEKE, PRESIDENT AND CEO

#### PROFESSIONAL BACKGROUND

Prior to founding Pileum, career accomplishments were in the Financial Services profession, including 18 years of experience developing and managing a full range of non-traditional business banking services. Demonstrated experience building teams of highly respected industry professionals with skills such as asset management, sales, telemarketing, research and development, IT operations, product, project management and customer service.

#### CURRENT AND PAST RELEVANT EMPLOYMENT

With over twenty years' experience in the financial services industry, Jill Beneke served as a Senior Vice President of Deposit Guaranty National Bank before forming PILEUM Corporation. Her responsibilities have included organizing new business enterprises within Deposit Guaranty, business process review and remediation of organization, strategic planning of technology deployments, staffing for major business units, and advising executive management on business practices and effective leadership principals. Jill has also advised on appropriate change management principals and on appropriate training vehicles for providing the highest level of customer service.

Selected as a senior executive for management after the acquisition of Deposit Guaranty by First American Corporation and AmSouth, Beneke held corporate strategy, planning, and execution positions for the mergers. Jill also held executive line management positions in both the acquiring companies, where she managed hundreds of employees and several billion in assets. Jill left the financial services industry in 2001 to form PILEUM Corporation and Metrix Solutions.

## PROJECT MANAGEMENT TEAM

**LONNIE MORRISON**  
PROJECT MANAGER

### PROFESSIONAL BACKGROUND

Morrison is an experienced, Certified Project Management Professional (PMP), with strong communication and interpersonal skills. As Project Manager, Lonnie leads the PM Team through planning and execution of Utility's hardware and software solutions. He collaborates with Customer Support and Implementation to ensure that every part of the deployment is a success. His strong organizational and communication skills combine with deep technical experience in mobile data computers, vehicle tracking solutions, in-vehicle video and secure in-vehicle router networks, mobile high speed data, dispatch systems, and cellular networks.

### CURRENT AND PAST RELEVANT EMPLOYMENT

Morrison joined Utility in 2014, in capacity of both Field Engineer and Project Manager. In his previous work, Morrison successfully collaborated on design/deployment of Cisco VPN and NetMotion VPN networks as a cost reduction measure; provided technical support to field engineers for installation of Cisco routers and virtual circuits; deployed high speed secure data connection to facilitate remote access to secure managed communications networking elements; and supervised and managed installation of multi-channel radio links, tactical satellite radios and remote extension switches. Morrison is a U.S Army veteran, serving as MSE Transmission Chief at Fort Bragg, North Carolina.

### EDUCATION

Project Management Institute  
Motorola iDEN EBTS, DCS T1 HDSL Network

### CERTIFICATIONS

## PROJECT MANAGEMENT TEAM

**PAUL BRYANT**  
DEPLOYMENT MANAGER

### PROFESSIONAL BACKGROUND

Bryant is an experienced deployment manager with a successful track record of on-time and structured deployments from 10 to 30,000. Clients attribute their successful implementations to his strong communication skills, detailed documentation, and highly organized approach that is project milestone driven.

### CURRENT AND PAST RELEVANT EMPLOYMENT

As Deployment/ Implementation Manager, Paul orchestrates installation, training and the deployment of staff and resources to our customer's organizations. Paul Bryant has been with Utility since 2014 in various customer-facing roles including sales, support, project deployment and service support. He has over 14 years of experience in customer service operations.

### EDUCATION

## CUSTOMER SUPPORT TEAM

**JOHN BEVER**  
ACCOUNT MANAGER

### PROFESSIONAL BACKGROUND

A recent addition to the Utility sales team, Bever provides an extraordinary level of service to clients. He has more than five years experience in consulting and management support, in research, presentations, training, education, and decision support to leadership. Bever serves as Account Manager for numerous key client relationships, and excels at bringing clients solutions that address their emerging technical needs and while solving existing problems.

### CURRENT AND PAST RELEVANT EMPLOYMENT

Bever's professional career started in consulting in the telecommunications industry at Capgemini, in roles including project management, testing, maintenance and deployment. Bever is a proven leader, evidenced in his military career where he previously served as project manager at Center for SEAL and SWCC, where he led and managed personnel in special operations training for the United States and Foreign Armed Services and other designated personnel in basic Naval Special Warfare tactics, techniques and procedures.

### EDUCATION

Bachelor of Science, Political Science and Government  
United States Naval Academy

### CERTIFICATIONS

## PROJECT MANAGEMENT TEAM

**RAY GRANT**  
SR FIELD ENGINEER

### PROFESSIONAL BACKGROUND

Over the past 23 years, Grant has developed proven expertise in video management and its integration throughout Utility's digital communication solutions. He excels in various customer-facing roles, as well as the installation, configuration, integration and support of large-scale frame relay networks and server/workstations with an emphasis on network devices/routers and Internet connectivity. At Utility, Grant has played an instrumental role in developing product enhancements for the Public Safety market and implementing proven project

management procedures.

### CURRENT AND PAST RELEVANT EMPLOYMENT

Grant has been actively working on the leading edge of video evidence collection since 2007. He is an analytical, proactive problem solver, quickly assessing complex situations, a respected coach/mentor, and a customer-focused Network and System Engineer with experience in the administration of global LAN/WAN infrastructure for leading corporations such as MCI/WorldCom and Reuters. Grant is accomplished at directing comprehensive voice/data installations, planning/ executing disaster recovery and providing day-to-day Level 2 and pre-sales support.

### CERTIFICATIONS

Microsoft Certified Systems Engineer; Certified NetWare Engineer 5.x, 4.x, 3.x; BodyWorn, AVAIL Web, Rocket IoT, and Rocket

### EDUCATION

Control Data Institute, New York, New York

## IMPLEMENTATION TEAM

**ERIC BEDELL**  
DATABASE MANAGER

### PROFESSIONAL BACKGROUND

As Director of Technology, Eric Bedell focuses on designing and implementing hardware and software solutions, concentrating on GUI and Windows-specific applications. After graduating from Georgia Tech in 1995, Eric joined PadSystems, a predecessor company to Utility, to work on mobile work management software. This background allowed for an easy transition to the Utility environment where Eric was part of the original team that designed AVail and RCM and has also been a major part of the design and roll out of DataSync, the Atlas camera backend software and most recently, AVailWeb.

### CURRENT AND PAST RELEVANT EMPLOYMENT

Eric has been with Utility since the inception of the company. He brings over 18 years of experience to Utility and has always worked with a focus on mobile technology. Having Eric here at Decatur headquarters is integral to our ability to manage our databases efficiently and make changes quickly when needed.

### EDUCATION

Bachelor of Science in Electrical Engineering  
Georgia Institute of Technology

### CERTIFICATIONS

Rocket, ATLAS, and BodyWorn

## IMPLEMENTATION TEAM

**A. J. GRANT**  
TRAINER

### PROFESSIONAL BACKGROUND

Grant is an experienced field technician with a record of success working with large customers on accelerated projects. Grant has led on-site installation of hardware, including communications and video recording equipment, in both body-worn camera and in-car video deployments. He also has managed large-scale accelerated rollouts of mobile hotspot Rocket router deployments in applications ranging from small to commercial sized vehicles. Grant is a customer-focused professional who combines excellent communication skills with a technical aptitude and deep product knowledge to ensure successful deployment and implementation results for his customers.

### CURRENT AND PAST RELEVANT EMPLOYMENT

As Trainer, A.J. is responsible for the satisfaction of all management and technical issues relating to product implementation. He works with the sales and project management teams to ensure that every part of the deployment is a success. He also works with legacy customers as they renew software, upgrade hardware and expand their initial deployments. Grant has been with Utility since 2014, with 8+ years of previous experience in customer service and service management positions. His curiosity, aptitude, technical skills propelled him to design and build the control system and scientific payload for a large scale, eight-foot model rocket capable of a mile-high trajectory, and to create a start-up company to tutor and field support amateur racecar drivers.

### EDUCATION

Bachelor of Arts, Political Science  
University of North Carolina – Charlotte

### CERTIFICATIONS

BodyWorn, AVAIL Web, Rocket IoT, Rocket

## IMPLEMENTATION TEAM

**REECE STARKS**  
TRAINER

### PROFESSIONAL BACKGROUND

Starks is an experienced, client-focused professional with a solid understanding of both software and hardware implementations. He has installed and configured Utility's video management service for clients across the U.S. Reece's strong communication and interpersonal skills, and commitment to client satisfaction result in timely and precise execution of installations.

### CURRENT AND PAST RELEVANT EMPLOYMENT

Starks has experience in both Utility's sales team and field support organization. His background in sales strategy, production, deployment training, and customer support give him broad knowledge and experience to successfully manage Utility's service model to meet our customers' needs. As Trainer, Reece is responsible for the satisfaction of all management and technical issues relating to product implementation. He works with the sales and project management teams to ensure that every part of the deployment is a success. He also works with legacy customers as they renew software, upgrade hardware and expand their initial deployments. In his previous professional experience, Starks has experience in research, quantitative analysis, and served as a project manager for a global telecom company.

### EDUCATION

Bachelor of Science, Finance, Georgia State University

### CERTIFICATIONS

BodyWorn, AVAIL Web, Rocket IoT, Rocket

## Past Performance Providing Similar Work

Utility is a vertically integrated US manufacturer and supplier of body worn cameras, mobile routers, mobile Digital Multi-Media Evidence management systems, and situational awareness software solutions for the law enforcement community, transportation agencies, and utilities. Our systems preserve the reputations of law enforcement departments and their officers, discourage frivolous litigation, support prosecution, and promote officer safety. We support a base of over 350+ client agencies spanning small 5 unit installations to multi-precinct fleets with hundreds of vehicles.

Utility is regularly engaged in the business of providing the equipment, system and services described in this RFP request, with many years of experience in the U.S. with body worn digital camera systems, and in-vehicle video cameras and video management. Utility has extensive service working with federal/ state/ county and or city law enforcement agencies with body cameras incorporating similar technology.

Utility has demonstrated successful past performance for clients within the State of Mississippi, including the City of Biloxi, Mississippi; as well as within the nearby region with clients such as the City of Alexandria, Louisiana; Bexar County Sheriff Office in San Antonio, Texas, and the City of Laredo, Texas.

Utility's experience includes large-scale, large department deployments across the nation, including the City of Long Beach, California; the City of Colorado Springs, Colorado; and the City of Boca Raton, Florida. Utility has deep experience in large-scale and accelerated deployments, including Florida Highway Patrol deployment in more than 1937 vehicles for in-car video supported by Utility's mobile hotspot Rocket router for high video speed

offload; as well as 1820 units mobile hotspot Rocket deployment for Chicago Transit Authority in 2012, and an additional 1000 units in 2015.

## References

In response to the City of Gulfport's request, below Utility provides a list of similar government agencies as Utility references, including the last five agencies where the system was installed.

**Name of Agency:** Atlanta (GA) Department of Corrections

**Contact Name – Agency Project Manager:** Chief Patrick Labat

**Contact Phone:** 404.865.8063

**Contact Email:** [plabat@AtlantaGa.Gov](mailto:plabat@AtlantaGa.Gov)

**Scope and Magnitude of Project:** Deployment of 135 units BodyWorn cameras system for Officers throughout the jail; and 300 ruggedized vehicle-mount Rockets mobile routers providing In-Car Video and High Speed Offload of VideoData in Transport vans.

**Was the project completed on time and in budget?** YES

**Name of Agency:** Bexar County (TX) Sheriff Department

**Contact Name – Agency Project Manager:** Robert Adelman, Public Safety Communications Mgr

**Contact Phone:** 210.335.4601

**Contact Email:** [radelman@bexar.org](mailto:radelman@bexar.org)

**Scope and Magnitude of Project:** Initial deployment of 300 BodyWorn cameras system for officers in 2016; Deployment of 130 Rockets in 2012 with WiFi Hot Spot, GPS to CAD, High Speed Offload of Video Data, with deployment of additional 100 Rockets in 2015.

**Was the project completed on time and in budget?** YES for Rockets installations. BodyWorn is to be implemented in 2016.

**Name of Agency:** Biloxi (MS) Police Department

**Contact Name – Agency Project Manager:** Major Jim Adamo

**Contact Phone:** 228.392.0641

**Contact Email:** [jadamo@biloxi.ms.us](mailto:jadamo@biloxi.ms.us)

**Scope and Magnitude of Project:** Deployment of 120 units BodyWorn camera system with integrated deployment of 100 ruggedized vehicle-mount mobile router Rockets with WiFi Hot Spot, GPS to CAD, High Speed Offload of Video Data.

**Was the project completed on time and in budget?** Yes for Testing Deployment. Production Deployment in Process – currently on schedule and within budget.

**Name of Agency:** City of Marietta (GA)

**Contact Name – Agency Project Manager:** Ronald Barrett, Director of MIS

**Contact Phone:** 770.794.5287

**Contact Email:** [rbarrett@mariettaga.gov](mailto:rbarrett@mariettaga.gov)

**Scope and Magnitude of Project:** Deployment of 142 units BodyWorn camera system, with deployment of 70 units in-car camera system in Police Department with additional 25 in Fire Department. Installation of 200 integrated ruggedized vehicle-mount mobile router Rockets with WiFi Hot Spot, GPS to CAD, High Speed Offload of Video Data.

**Was the project completed on time and in budget?** YES

**Name of Agency:** City of Decatur (GA) Police Department

**Contact Name – Agency Project Manager:** Chief Mike Booker

**Contact Phone:** 404.373.6551

**Contact Email:** [mike.booker@decaturga.com](mailto:mike.booker@decaturga.com)

**Scope and Magnitude of Project:** Deployment of 42 units BodyWorn camera system, with integrated deployment of 32 ruggedized vehicle-mount mobile router Rockets with WiFi Hot Spot, GPS to CAD, High Speed Offload of Video Data.

**Was the project completed on time and in budget?** YES

**Name of Agency:** City of Lilburn (GA) Police Department

**Contact Name – Agency Project Manager:** Chief Bruce Hedley

**Contact Phone:** 404.516.0101

**Contact Email:** [bhedley@cityoflilburn.com](mailto:bhedley@cityoflilburn.com)

**Scope and Magnitude of Project:** Deployment of 30 units BodyWorn camera system, with integrated deployment of 30 ruggedized vehicle-mount mobile router Rockets with WiFi Hot Spot, GPS to CAD, High Speed Offload of Video Data.

**Was the project completed on time and in budget?** YES

## Vendor's Equipment and Ability to Perform

Utility has been developing and deploying mobile resource management solutions since 2001. The Utility Team is expert in video management and communications, and has been immersed in Utility's AvaiL Web and BodyWorn™ development, implementation and deployment from its inception. The Team will comprise the most experienced and knowledgeable resources at-hand for City of Gulfport and the Gulfport Police Department (GPD) in this important project for the community.

With over 50,000 devices deployed, Utility has considerable, proven experience managing the implementation of body mobile cameras, vehicle routers for law enforcement communications, and mobile video for first responders nationwide including large-scale deployments and comparable functionality similar size law enforcement agencies to the GPD. Utility's hardware and software intentionally designed for interoperability and ease of use, with highly reliable, intuitive technology and software. As a result of having a 'solution that just works' Utility is able to both provide implementation, training and 24/7 support at the industry's most efficient ratio of staffing to deployed units in the field.

Utility's BodyWorn™ is scalable, user-friendly, requires no ancillary devices, and no additional hardware or software. It is a complete system run on a familiar Android computing device porting proven video software in development and use for more than a decade. Moreover, BodyWorn™ is able to integrate with our Rocket™ mobile hotspot vehicle router, and our Rocket-IoT™ in-car video solution, for maximum interoperability.

### Availability of Equipment, Facilities and Personnel

This project will be led and managed from Pileum's company offices in Jackson, Mississippi, with the technical support from Utility's company headquarters in Decatur, Georgia, in Metropolitan Atlanta. Additionally, Utility maintains a warehouse facility in Covington, Georgia, for equipment storage and supply, configuration and operational requirements for the duration of this project. Personnel employed at these Pileum and Utility locations will contribute to the implementation of the Body Worn Camera System project.

### Project Understanding

Utility understands from the RFP requirements that this Proposal calls for:

- the purchase of body worn camera system for 100 persons.
- system that works in tandem with vehicle mounted camera system
- solution that shall have the ability to offload video directly to a departmental approved access point from the vehicle or the body camera via a secure wireless

connection and without the need for a hard-wired connection, physical docking of the camera, or USB drive

- solution that shall provide automated Body Camera triggers as so noted
- a single management interface for both in-vehicle and worn-on-body cameras
- solution that must have Wi-Fi capability to connect through in car camera and body worn camera devices
- solution shall provide Smart redaction capability, with automated video redaction capability, to include: Facial recognition and tracking, Object recognition and tracking, Skin recognition, and Scene blur
- solution shall provide unlimited cloud based evidence management and file storage at a firm fixed price (subject to retention periods required by law)
- solution shall provide full system upgrades including camera hardware upgrade during life of leasing/service agreement
- solution preferred to be leasing of system as so described in the RFP

Utility implementation schedule highlights the potential to integrate the implementations to assure progress toward the City's intent to foster integration between body worn video and in-car camera systems. Utility's BodyWorn can stand independent in its implementation or can accompany the schedule for Rocket-IoT in-car installations. (Our proposal includes both BodyWorn and Rocket-IoT in-car camera systems)

The BodyWorn solution was engineered and designed to simplify a law enforcement officer's interface with their Police body worn camera technology. The BodyWorn user interface is intuitive and readily adoptable.

The actual Implementation Plan will be created through communication with the Gulfport Police Department, as we develop a partnership that combines our expertise and experience with in-car video and body camera implementation with the Department's essential knowledge of its policies, practices, and preferences in executing deployment. The City's process will determine the actual date, determined by the legislative approval and planning dates.

The description that follows is an explanation of typical deployment practices, and it provides a high-level comparison of GPD's ultimate deployment aims with Utility's demonstrated capabilities in the field.

### Proposed Implementation Schedule

Utility is able to deliver the entire proposed order immediately. The actual rate of deployment is based upon training and GPD implementation schedules. For Gulfport, the Utility Team proposes to deploy and install the entire implementation of 100 BodyWorn units and 100 Rocket IoT units within 60-90 days. Our example timeline assumes announcement of contract award and start date in early September 2016. The schedule can be adjusted to meet GPD's rollout preferences.

BodyWorn can be successfully deployed at a rate of 250 devices per month, well within GPD's stated requirements. BodyWorn can have a flexible rollout and deployment rate, depending upon the preferences, procurement and financial imperatives of the City and the Gulfport Police Department. Utility could increase the number and/or rate of deployment, should GPD desire.

Utility proposes a process that begins with the initial installation of 15 Rocket-IoT in-car video camera units in September, 2016, with the remaining Rocket-IoT in-car video camera units installed during October and November, 2016. This reflects an installation of the entire 100 units over 60-90 days.

| 27 | Delivery of carriers and BWC to 85 Officers                                                         | 8 days         | Mon 10/24/16        | Wed 11/2/16         |

The BodyWorn deployment schedule is dependent upon GPD's recording policy being in-place, availability of officers, and defined, designated locations for training and implementation. It is also dependent upon whether the department chooses Utility to perform scheduling of officer fitting/ measurement and ordering of BodyWorn carrier system, or the GPD chooses an existing approved uniform vendor to provide this function.

A discussion of training components follows at the end of this section.

### Proposed Implementation Phases

Once the purchase order is received, a project charter document will be prepared. The charter will define the scope of work and responsibilities. The "Who, What, Where, When, How, and Why" of the contracted scope of work will be identified. The exact

installation/ deployment schedule will be determined during Phase I: Finalize Project Charter.

The Rocket-IOT In-Car Video installation project will include six (6) phases.

1. Finalize Project Charter based upon Project Purchase Order
2. Installation Location Setup and Install Crew Scheduling and Training
3. Test Installation
4. Test Installation Validation and Acceptance Testing
5. Fleet installation
6. Installation Location close-out

The BodyWorn implementation will consist of five (5) phases

1. Finalize project charter based upon project purchase order
2. Approved departmental procedural policy is implemented and in-place
3. Deployment and training location set up and trainer scheduling
4. Mobile device and uniform carrier distribution in conjunction with training
5. Software training for admin staff and procedural acceptance of officers

Utility will provide internal staff for the duration of the deployment. The deployment team will ensure the successful implementation and testing of the BodyWorn device, and associated software as well as working with the department to establish a protocol that provides for a successful handoff of the devices.

The installation schedule of Rocket-IoT in-car camera units will depend upon, and is determined by, the number and availability of vehicles for install. The BodyWorn deployment schedule is dependent upon finalization of GPD's recording policy being in-place, availability of officers, and selection of designated locations for training and implementation. It is also dependent upon whether the Department chooses Utility to perform scheduling of officer fitting/ measurement and ordering of the BodyWorn carrier system, or the Department chooses an existing approved uniform vendor to provide this function.

Utility will provide internal staff for the duration of the implementation. The implementation team will ensure the successful testing and installation of the Rocket-IOT devices, BodyWorn devices, and associated software. Utility staff will also work with the Department to establish a protocol that provides a successful handoff of the devices.

## Project Plan of Operation

The detailed Project Plan below illustrates the step-by-step process from Project Kick-off to the Final Hand-Off, including Implementation, Training of all categories of relevant GPD staff, Trouble Shooting and Support Escalation, Device Training, and AVaiL Web training.

- I. The Project Kick Off
  - a. Project Kick Off Meeting
  - b. Team Introductions from Pileum/Utility Team and GPD
    - i. Pileum/Utility Project Team, and Utility Support Team
    - ii. GPD Project Team, and GPD Information Technology Support Team
  - c. Roles, Responsibilities and Expectations of all team members
    - i. Engage Quality Control Plan to Ensure On-Budget Performance
    - ii. Project Change Request Procedures, Corrective Actions Plan to Address Delays
  - d. Project Scope
    - i. GPD to provide Utility with planed testing locations and commands
      1. Total number of Administrative Personnel, Total number of Supervisory Personnel, and Total number of expected Line Officers and Specialized Units
2. Implementation Project Start Date
  - a. BodyWorn Carrier Fitting and Hardware and Software implementation
    - i. GPD Supervisor and Line Officer Carrier Fitting and Training
      1. BodyWorn System Carrier fitting all users.
        - a. Supervisory and line officer Carrier fitting.
        - b. Utility Project Team will perform this function at designated locations throughout GPD. Corrective Action Plan for Delays
      2. BodyWorn Carrier uniform selection
        - a. Supervisors, and Uniformed Officers
  - b. GPD IT Support Staff Training
    - i. Training of GPD IT Managers and support staff on the complete BodyWorn System.
    - ii. Operational overview for Adds, Moves & Changes.
    - iii. GPD System requirements and operational overview and functionality.
  - c. GPD Command and Administrative Staff Training
    - i. Administrative training of evidence handling procedures
    - ii. Checks and balances and chain of evidence reporting

- iii. Operational functionality for the Review/Playback of video
  - iv. Operational functionality for the export of video for adjudication needs
  - v. Overview for Adds, Moves & Changes
- d. Trouble Shooting and Support Escalation
  - i. Full Documentation of the BodyWorn System
    - 1. Complete operational instructions: Printed and Electronic Format.
    - 2. Support Contacts and break fix escalation procedures.
- e. Device Training on the Operational Features and Functions of the BodyWorn System.
  - i. All Users
    - 1. Device Utilization training
      - a. Daily operational usage, System Device Insertion into secure Carrier
    - 2. Logging in or out
    - 3. On and Off Duty
    - 4. Starting & Stopping recording
      - a. Locally: By User
      - b. Remotely: By Supervisor, Dispatch, and Command etc.
    - 5. Recording Automatically
      - a. Preconfigured triggering
        - i. Secure Connected device – Wrist band Controller
        - ii. Action Zones, and Geo Fencing
        - iii. Physical actions
  - ii. Video and Photographic classification and officer notes
    - 1. On scene at time of incident, and Follow up / Investigation post incident
  - iii. AVaiLWeb user training for all levels of users
    - 1. Accessing AVaiLWeb Solution
    - 2. User Rights Functionality overview and feature breakout
      - a. Administrative
        - i. Features and Functionality
        - ii. Evidence preparation, exportation and submission
          - 1. Redaction, ISO, and MP4
      - b. Supervisory, and Line Officer groups
        - i. Features and Functionality
          - 1. Review, and Annotation

3. Solution navigation and usage – All Users
4. Understanding User rights based solution
3. Utility to GPD Support Staff Project Hand-Off
  - i. Project transition to customer, review of policies and support procedures
  - ii. Support and training as required for support staff and training personnel.
  - iii. Implementation Project End Date; Quality Control Plan Close-Out
  - iv. Ongoing Support and Break Fix; Perpetual Service tied to Warranties and Subscriptions

### Milestones

- Contract Purchase Order received
- Project Charter with Implementation Schedule published
- Properly configured and activated Modem Aircards are received
- Properly measured and fitted uniform carriers are received
- Rocket Installation location determined
- BodyWorn deployment location determined
- Installation Team Training completed, if required
- Test Installation Completed and signed off on
- Test BodyWorn Deployment completed
- BodyWorn Team Training completed
- Implementation Kickoff
- Weekly Installation Status Reports published
- Final Vehicle Install completed
- Final BodyWorn Deployment completed
- Implementation Location Closeout completed

### Critical Success Factors

- Project Charter published

- Modem Aircards (or SIM cards) are delivered on schedule, are activated, and have been properly provisioned by the cellular carrier
- Installation Procedures and Checklist are provided
- Installation Team has appropriate installation skills
- Installation Team is trained in approved Installation Procedures
- Installation locations are covered with adequate heat and power
- BodyWorn Deployment Team is prepared with approved Devices and Carriers
- BodyWorn Deployment locations are suitable rooms for group training
- Vehicles are delivered to the Installation Location(s) on schedule
- BodyWorn units are delivered to the Deployment Location(s) on schedule
- Installation and Acceptance Test Procedures are followed

### Assumptions

- GPD provides adequate covered Installation location(s) so that installation work can be completed during inclement weather within the allotted installation time
- Suitable rooms for group training and distribution of BodyWorn units are provided
- Modem Aircards are delivered on schedule, are activated, and have been properly provisioned by the cellular carrier.
- Vendors and any Subcontractor staff have the requisite skills and training to properly install modems and deploy BodyWorn devices within the budgeted installation time.
- Vehicles are delivered to the designated installation location(s), and BodyWorn units to the deployment sites according to the delivery schedule.
- Vehicles are reasonably clean and installation crews have access to vehicle areas necessary to install antennas and Rocket Lockers.

## Testing and Training

### Overview

This section of the response to the City of Gulfport RFP for Body Worn Camera System Project identifies the major tasks associated with Testing and Training required for

fulfilling the scope of work described in the RFP. Utility is skilled and experienced in delivering both the technology and training necessary for GPD to get optimum use and operability from the total system solution provided by BodyWorn and AVaiLWeb platform.

The Team has worked together as an integrated team to complete projects for customers in law enforcement, with Testing and Training in agencies with similar requirements to GPD. The Pileum/Utility Team has a strong record of effective project management, founded on strong communication skills, and an ability to understand and focus on our client's priorities throughout the implementation.

This project will be led and managed from Pileum's office in Jackson, Mississippi, with team technical, operations leadership, and support from Utility's company headquarters in Decatur, Georgia, in Metropolitan Atlanta. Additionally, Utility maintains a warehouse facility in Covington, Georgia, for equipment storage and supply, configuration and operational requirements for the duration of this project. Personnel employed at these Pileum and Utility locations will contribute to the implementation of the GPD project.

### **Pilot Testing**

The Utility team begins deployment with an initial pilot test deployment of two (2) BodyWorn carriers, which will be performed using the standard Utility checklist. Three (3) days of acceptance testing for the BodyWorn cameras will also be performed. Typically, Utility will provide, at no cost to the City, at least two (2) BodyWorn and all necessary equipment for upload for up to a seven (7) day testing period.

Any "Lessons Learned" and changes to the deployment checklist will be documented and finalized as the basis for the full rollout implementation process. The exact location(s) and deployment schedule will then be finalized.

Examples of Testing Documentation are provided below.

| UTILITY                                                                                                                                                             |                                           | BodyWorn Acceptance Testing WorkSheet                                                                        |           |

### Officer / End User Training

Training will be provided in a “train-the-trainer” classroom environment. We propose a hands-on approach to training to ensure all respective individuals have complete understanding and are comfortable with using the system.

Estimated time: 4 hours (2 hours training, 1.5 hours hands-on operation, 30 min for Q&A)

Format: Classroom, PowerPoint, and hands on with demo system(s)

The objectives of this training session are as follows:

- Operating the BodyWorn system
- Using the BodyWorn application
- Starting recording/stopping recording
- Explaining triggers and how they work
- Classifying video
- Transfer the Digital MultiMedia Evidence from BodyWorn to the storage system  
(This will be a wireless automatic process but we will cover what happens so that the officers understand)
- Enter evidence classification metadata and tags.

Advanced technical support and video management training will be provided in a classroom environment. We propose a hands-on approach to training to ensure all respective individuals have complete understanding, and are comfortable using, and training on the system.

### High Level/ Supervisor Training

Estimated time: 4 hours (2 hours training, 1.5 hours hands-on operation, 30 min for Q&A)

Format: Classroom, PowerPoint and hands on with demo system(s)

The objectives of this training session are as follows:

- Operating the BodyWorn system
- Using the BodyWorn application
- Start recording/stop recording
- Explaining triggers and how they work
- Classifying video
- Equipment assignment in the Video Management Software
- BodyWorn configuration assignment and settings

- Hardware troubleshooting
- RMA process
- Advanced entering of evidence classification metadata and tags
- Advance use of Video Management Software for video management, storage, and security.

### Training for Upgrades

If GPD decides to upgrade any of its hardware, one of Utility's representatives will be on location to provide the additional training associated with the new product. We will keep GPD informed of upcoming software changes that may impact the features and functionality of the BodyWorn device. Documentation will be sent to GPD to notify of the pending upgrade. In any instance where re-training will be required, we will ensure that a training session occurs before the change is pushed to the end users.

We are confident that GPD law enforcement officers and administrators will value the advanced design of BodyWorn, which allows updates and enhancements to be pushed wirelessly to devices, in a simple and automatic manner once training and informational updates are complete.

### Support and Ongoing Service

Once all training is completed, any assistance needed for Utility products can be directed to our internal support center. Pileum personnel are also available for onsite support if and as needed. Our support team has thorough knowledge to assist in BodyWorn, hardware, and AVaiLWeb Video Management questions. System down guaranteed response time is 2 hours on a 24 hours per day, 365 days per year basis. Single user issue maximum response time is 4 hours starting at 8:00am on the following business day the issue is logged.

The BodyWorn and AVaiLWeb applications are administered via a browser-based solution and may be remotely managed, configured, and diagnosed. Any remote access used by Utility support is encrypted and logged into the department's chain of custody. Utility's hardware and software is intentionally designed for interoperability and ease of use, with highly reliable, intuitive technology and software. As a result of having a 'solution that just works' Utility is able to both provide implementation, training and 24/7 support at the industry's most efficient ratio of staffing to deployed units in the field.

# The Ultimate Ecosystem

Mission Critical Mobile Intelligence.

Protect What's Important:  
Officers, Evidence and Community Transparency

Capture high-quality video with our one-of-a-kind integrated body camera. Use personalized triggers to start and stop camera recording.

All data collected by Utility is encrypted and securely stored in the cloud. No need for cumbersome docking stations or server rooms. Eliminates risk of data loss.

Utility's comprehensive user-friendly online platform allows the user to store, manage and retrieve important videos at the click of a button.

Share videos using our state-of-the-art automated redaction software to blur anything from large crowds to an identifiable mark.

## Vendor's Equipment: Technical Approach to Features and Capabilities

This section of the RFP response describes a system overview of technical features, capabilities, and design considerations that are included in the Utility Ultimate Ecosystem. This combination of features and capabilities is unmatched by any other body-worn video recording service, and describes the ideal structure designed for a cohesive department.

The BodyWorn camera is a smart computing device that utilizes real-time 4G-LTE cellular communications provided by the Rocket Vehicle Router along with a variety of sensors and configurable operating software for autonomous processing. This combination of software and communications driven technology provides policy-based recording control, automatic “Officer Down” safety reporting, and geo-fence zone awareness, while minimizing the impact of racial bias in recording decisions and police officer distraction.

Utility’s BodyWorn camera uses a mobile computing device to capture and manage video for on-duty Police Officers. Using familiar technology reduces officer distraction and therefore, personal safety risk. BodyWorn also offers the ability to receive messages and take actions based upon configuration rules processed by software that can be updated at any time.

### **Clip-On Cameras Fall Off**

With police departments spending big dollars on body-worn cameras, the intent should be to reliably record video of an incident. Cameras that are clipped onto eyeglasses, headbands, shirt collars, or epaulets are very exposed to getting knocked askew and recording unreliable video.

The time the police department most wants to collect video of an incident is when an officer gets into a use of force situation with an assailant. A clip-on camera is most likely to

get knocked-off and sent flying to the ground during a struggle. The Edmonton Canada Body Worn Video report from June 2015 stated "in use of force situations the camera almost always became partially or fully dislodged," and on several occasions the camera flew off and was 'lost' without the wearer realizing it. The Edmonton report further "expressed strong safety concerns because the pressure of the camera against a member's temple could cause injury in a dynamic interaction; and, the breakaway wire could be used as a weapon against the member". For all these reasons, a clip-on body-worn camera is a fundamentally bad concept.

### **Camera Integrated into Uniform**

Because of the fundamental problems of a clip-on camera, the Utility BodyWorn is integrated into the police officer's uniform. It is securely mounted and can't be snatched off by an assailant. It can't fall off when the officer runs or gets into a struggle. The

officer always knows exactly where the camera is pointing. There is no wire that can be used to strangle an officer. The camera is mounted in front of the officer's body armor, not against the head where it could cause a head injury.

The most important factors for the Utility BodyWorn camera integration into the officer's uniform are that officer safety is maximized, and BodyWorn video is recorded reliably.

### **Never Lose Video**

Some body-worn cameras have been known to lose when the camera's battery is low. Any body-worn camera where video can be lost is going to damage public trust in police transparency and accountability.

The Utility technical approach to body-worn cameras is to never have any situation or possibility where body-worn video can be lost. The Utility BodyWorn camera has no cable, and there is no battery level or condition that would cause video to be lost.

### **Policy Changes**

Utility's BodyWorn software driven policy-based recording ensures consistent, transparent, bias-free, and reliable video recording starts and stops that implement your department's Command Staff video recording policy decisions without exception. Also, being that the system is updated "over the air" allows for all body-worn cameras to be consistently current - policies may now change without the headache associated with a manual update process.

### **Audit Trail Records**

To ensure public trust in police transparency, a body-worn camera should generate and immediately upload a video recording Start or Stop audit trail message. An audit trail record exists in the Video Management system. It logs when and where a camera starts or stops recording, whether the body-worn video camera ever makes it back to a police station to be placed into a docking station or not. If a Recording Start or Stop audit trail message

is received, but no matching body-worn video is uploaded, the Command Staff can know to start looking for the missing video file. This will increase public confidence in your department's transparency for 21<sup>st</sup> Century Policing.

### **Audio and Video Privacy Requests Audits**

The BodyWorn camera audio can be muted based on departmental policy. Citizens may request that audio and/or video recording be stopped before they will provide a statement or information to a police officer. The BodyWorn camera audibly announces to the police officer and to nearby citizens that audio recording is being muted. The announcement is recorded as part of the audio track before audio is actually muted. This way there is an audit trail and positive confirmation that audio was muted. In a similar manner, if an officer unmutes the audio to restart audio recording, an audible message prompt announces to the officer and nearby citizens that audio recording is being restarted.

### **Automatic NFC Login**

Our smart technology strives to reduce officer interaction as much as possible. Our BodyWorn leverages an NFC chip embedded in the body armor carrier, shirt, or other garment where the camera is mounted securely. The NFC chip uniquely identifies each police officer. The BodyWorn NFC identifies the embedded chip stating officer's login credentials. The BodyWorn uses the NFC credential to establish a secure VPN connection to any nearby Rocket Vehicle Router or other authorized access point, and logs the officer into AVaiLWeb.

This is all performed without the officer having to manually login. Every recorded video is linked to the officer wearing the garment with the NFC chip. A camera with no screen or entry method offers no way for an officer to log into his body-worn camera at the start of each shift. This raises the risk that the officer assigned to a camera is not the officer actually wearing it. The automatic NFC login capability provided by the Utility BodyWorn prevents this from ever happening.

## Accelerometer Based Video Recording Start and Stop

The Utility BodyWorn provides automatic video recording Start and Stop based upon motion and acceleration detected by the device. If an officer starts running, the BodyWorn will start recording if it is not already. During a chase of an assailant is not the time for an officer to start fumbling around trying to manually press a record start button. A body-worn recording device should start recording automatically during these situations.

**Automatic Trigger when Officer Starts Running**

## “Officer Down” Automatic Reporting

Similarly, an accelerometer and 3 axis position sensor can determine when an officer is in a horizontal orientation. When this is detected, the device provides a voice notification prompt to the officer to de-activate a pending “Officer Down “emergency alert. If the

officer doesn't respond, the BodyWorn sends an emergency message to the central video repository, which in turn generates an emergency notification to all designated users than an officer is down and provides

an exact GPS location of the officer in web based map view. Central Dispatch and nearby officers can respond to the exact location where the officer is known to be down. The BodyWorn camera also automatically starts recording and uploading metadata, video and audio. In this way, the BodyWorn provides a very significant police officer safety capability.

## BOLO, Amber, and Silver Alerts

Since the Utility BodyWorn has 4G-LTE communications through the Rocket Vehicle Router, the BodyWorn can receive, as well as send, real-time information. A dispatcher can send an immediate BOLO (Be On the Look Out), Amber, or Silver alert to a group of officers such as homicide or traffic, all officers within a Geo-Fence zone, or to every on-duty officer.

BOLO, Amber, and Silver alerts can include text messages, voice announcements, and pictures. An officer's BodyWorn will announce the officer has received a BOLO alert, or

can be configured to vibrate if the audio is muted. The officer can take the BodyWorn out of the armor vest or jacket, and look at the text and picture of the BOLO suspect, or the picture and description of the child or senior citizen. Information is communicated immediately, which increases officer safety and allows your department to respond to calls faster.

The BodyWorn camera can also take pictures of suspects, and share those pictures with Central Dispatch and other officers. This allows a police officer to show a picture of a

suspect to a victim to identify a suspect without having to confront the suspect a second time. This technology avoids “re-victimizing the victim”.

### **Current H.264 Video Recording Standard**

The Utility BodyWorn camera is based upon current MPEG-4 H.264 Video Recording Standard. *In contrast, other vendors use the older MPEG-4 Part 2 a.k.a H.263 Video Recording Standard in their cameras. This is very important to departments, because video recorded using the older, obsolete H.263 is about twice as large as video of the same resolution using the current H.264.* Big video file sizes can cost the customer double in storage space. For a large police department, the cost of additional video storage caused by antiquated H.263 compression could be budget buster that may be easily avoided by selecting a system that utilizes current technology (H.264 compression).

It is important to note that video cannot be compressed after it is recorded. Compressing the video after recording changes it, which breaks the Chain of Custody. So once video is recorded, that is the size of the video file that has to be stored – sometimes for years before it can be purged. The double cost of storing video recorded using an H.263 video camera will continue each month until the video is purged.

An alternative way to compare H.264 to H.263 is to note that H.264 can record in High Definition 720 resolution in the same video file size that H.263 records low definition 640 x 480 VGA. HD 720 video resolution captures a much higher resolution video that shows more detail – which is better evidence. The average citizen’s smart phone has a High Definition camera for recording video. Higher resolution video is more credible than low definition video. If the police officer’s body-worn camera records in low definition 640 x 480 VGA resolution, citizen video will be considered a more reliable depiction of what happened in an Incident. Your department’s credibility will be compromised as a result.

### **Slice File Recording Format**

The mobile Chain of Custody video recording software uses a highly secure slice file structure. Instead of common video file formats such as .mp4 and .avi that generate one large file for the entire video segment, our video is recorded and encrypted in one-minute “slice” files.

This format also supports a very fast upload of video. Each one-minute slice file can be immediately uploaded as it is recorded through a very secure AES-256 encrypted data tunnel to the video evidence repository. So an officer recording video during an incident is uploading each one-minute video segment while recording the incident. Even if the officer is attacked and the camera is destroyed, most of the video is already uploaded and logged into the central video repository. As a result, there is no opportunity for anyone to lose or tamper with video recordings before they are uploaded.

### **Video File Playback Security**

Because videos are recorded and stored as one-minute slice files, standard .mp4, .avi and other standard video player software cannot play them. A 30 minute video is a collection of 30 one-minute slice files. The AVaiL Web viewer stitches the slice files together to play the video. Therefore, for someone to attempt to hack into Amazon to get a video, they would have to find and assemble all 30 slice files, and know how to extract a standard video playback format such as .mp4, mpg, .avi, or another common video file format from the slice. It would be almost impossible for someone to get a BodyWorn video file and play it outside of AVaiL Web without exporting the video first. Once video is in the secure AVaiL Web VMS, users with appropriate levels of access can create these exports and share in industry standard formats. All chains are maintained.

## Encryption

BodyWorn provides video security by encrypting the video using AES-256 encryption on the video while it is stored in the body-worn camera itself, maintaining encryption while the video is being uploaded from the body-worn camera to the central video repository, and also in the central video repository. This is known as encryption at rest and encryption in transit. Any body-worn camera service that does not encrypt video using AES-256 encryption at rest and in transit inherently is at risk of being compromised.

Rocket-IoT is Utility's innovative answer to in-car video, reliable connectivity and GPS based situational awareness combined. With advanced capabilities including: automatic recording activation with digital inputs, crash sensor, seamless integration with BodyWorn and cloud-based over-the-air configuration, it's more than just a dash camera; it's part of a powerful platform connecting mobile, cloud and wearable technologies.

## Upload Video Immediately

Video evidence should be uploaded to the secure central video repository as soon as possible after it is recorded. The fastest and least intrusive way to upload Rocket IoT and BodyWorn video is through Wi-Fi access points. The Utility Rocket IoT system provides Wi-Fi access within 1500 feet of the patrol car and can upload 1GB of data in 90 seconds or less. Other authorized access points can also be used to immediately upload video files. Rocket IoT and BodyWorn video may be automatically upload through secure Wi-Fi or cellular connections. BodyWorn video may be immediately transferred to the Rocket IoT evidence vault in the vehicle then uploaded based on incident classification allowing for better management of the video data. High priority incidents may be upload over the cellular network while standard priority incidents are uploaded over Wi-Fi once the system is within range of an approved access point.

Wi-Fi or Cellular wireless video upload avoids the need to purchase and install docking stations. There is no need for a secure room to provide Chain of Custody control over body-worn cameras while they are uploading video some hours after the end of the shift. Furthermore, your department does not have to install and support upgraded internal data networks to transfer video files from the manual docking stations to an internet access point. The cost savings from not having to purchase, install, and support manual docking stations will be significant, while at the same time, video will be uploaded much sooner and more securely with much less opportunity for video to be lost or compromised.

## Uploading Video and the Function of Smart Waypoints

A body worn camera's embedded storage is typically the least secure location within the video data ecosystem. Video isolated to a camera is at risk - whether it is theft, physical damage, or loss/dropped equipment. Given a single device's limitations and vulnerabilities,

Utility moves video data quickly from its BodyWorn camera to available secure storage within Utility's provided Eco System as fast as it is collected.

Unlike Utility's Generation 2 solution, older generation body worn cameras are incapable of achieving secure, real-time on-the-fly video offload. This is an important distinction with key benefits to law enforcement video data security and agency costs. The lack of real-time on-the-fly offload by older generation cameras puts their isolated camera data at risk, and added expense for equipment and video management.

Such older generation cameras require manual docking stations, an older technology which requires significant infrastructure requirements and costs that are typically unaccounted for within initial budgets. Docking contributes unnecessary risk and inconvenience to an officer's daily routine. Risk increases since metadata associated is not uploaded immediately, and chain-of-custody and other evidentiary information is not cataloged while the information is collected, denying any centralized accounting for lost videos. Utility's Generation 2 solution Body Worn uniquely addresses each one of these limitations through its automated real-time metadata exchange, ensuring that video recorded in the field is accounted for (in advance of the video being uploaded to CJIS Compliant cloud storage) and resulting in centralized accounting of video.

Utility's BodyWorn technology mitigates this risk through real-time offloading of the video to secure Smart Waypoints. Waypoints are unique to Utility's BodyWorn solution.

Utility's pairing of BodyWorn and Smart Waypoints ensures that Chain-of-custody is significantly improved by moving all captured video to more secure Smart Waypoints as soon as practical. Note that evidentiary video on the BodyWorn is moved in near real-time to more secure locations on-the-fly without effort. Smart Waypoints include a hardened solid-state storage vault known as a Rocket IoT, which is secured within the trunk of the officer's vehicle. In most cases, this vault will be the first Smart Waypoint for BodyWorn

video data. When Smart Waypoints are secured in the trunk (recognized as a CJIS compliant environment), they are always within range. Parking Yards, vehicle refueling areas, and Departmental buildings may also become Smart Waypoints, to allow the real-time upload of video data to continue uninterrupted, continuously, without any burden to the officer or IT infrastructure. This mitigates any risk of loss of video data, while providing for an automated offload that reduces the burden otherwise put upon the officer.

Typically, the Rocket IoT In-Car Smart Waypoint will manage the data upload to the next Smart Waypoint according to policies configured within the Smart Eco-System. Evidentiary high-priority video will be uploaded in near real-time over the customer's cellular provider, while uncategorized video will be offloaded at parking Yard Smart Waypoints. Rocket IOT also provides the triggers, solid-state storage, and communications for the system, and it provides an accelerated pathway to a fully integrated in-car video system, utilizing Utility's BodyWorn cameras. The in-car video system is fully integrated and interoperable with Utility's BodyWorn cameras.

Smart Waypoints serve a second valuable function by constantly managing the flow of video storage to free the amount of on-device storage from limitation. While the BodyWorn device itself can store 10+ hours of video, its storage capacity remains near-constant, as data is moved to more secure Smart Waypoints as they are within range. The typical storage of a BodyWorn camera is about one tenth of that of the Rocket IoT, Utility's in-car video system. Utility's Yard Smart Waypoints on the other hand, have a storage capacity of approximately ten times Utility's in-car video systems (1TB typical storage for Yard Smart Waypoints). This allows for each upstream waypoint to act as a buffer for data routed to cloud storage. The high-speed connection afforded between waypoints is generally much faster than that available through

ISPs, so buffering is required to expedite the offload processing and to minimize the inconvenience to the officer. Many cars can upload to the Utility's Yard Smart Waypoints simultaneously to provide the fastest means of offloading data from in-car systems.

### **Terms for Smart Waypoints**

Central to Utility's Smart Waypoint Eco System is the Rocket IoT. Utility includes the "Free Use" of each Utility provided Rocket IoT, from initial installation through the duration of the SaaS contract plus extensions. The "Free Use" of in-vehicle front and back cameras is provided with the term of Utility's SaaS Contract. Utility's turnkey installation includes all mounting hardware, antennas, triggers, and installation of front and rear in-car cameras and a full test of the system.

The aforementioned combination of software, hardware, and communications driven technology provides your Command Staff with policy-based recording control and automatic offload of evidentiary video.

Utility will provide "Free Use" of Smart Waypoints for the duration of the SaaS contract and any extensions of such contract. The number of Rocket IoT devices is defined by the Department's needs, solicitation, and the responding Proposal. Yard Smart Waypoints will be determined based upon the contemplated deployment size. One (1) Yard Smart Waypoint will be provided for each one hundred (100) BodyWorn Cameras or in-car video systems or combination thereof under SaaS Contract rounded up.

Utility's Smart Waypoints may be connected to the customer's network, but at a minimum, one (1) of the Smart Waypoints will provide a dedicated and secure high speed Internet connection for video to be routed to the CJIS compliant cloud storage. This will minimize any infrastructure upgrades required when deploying Utility's system. And this dedicated high-speed Internet connection cost will be paid by Utility. The speed of this connection

will be balanced with the anticipated video load to provide timely upload of the majority of evidentiary video (balance of priority and streaming video will be over customer's cellular network).

Utility will provide additional high-speed connections if required at a ratio of one (1) dedicated high-speed connection for each two hundred fifty (250) BodyWorn Cameras or In-Car Video systems, or combination thereof under SaaS Contract rounded up (for example 376 BodyWorn would allow for 2 dedicated and disparate high-speed Internet connections paid by Utility).

### **Policy-Based Video Recording Start and Stop**

Our Generation 2 body-worn recording system leverages real-time communications and sensors as data inputs to perform policy-based video recording. To the maximum extent possible, the body-worn camera should automatically start and stop video recording based upon policies established by your department. The Utility BodyWorn camera can begin and end recording based upon one or more messages received from a Rocket Vehicle Router, Central Dispatch, or a wristband controller. As well as from one or more sensors included in the BodyWorn camera such as GPS, Accelerometer, proximity sensor, magnetic sensor, and/or NFC reader.

Complex policy-based video recording rules can be defined and implemented through the BodyWorn software. As an example, Command Staff may decide that if an officer stops the police car (speed = 0), the light bar is on, and the officer opens the car door, the BodyWorn camera should automatically start recording video. Another Command policy might be that BodyWorn video recording under this scenario is also stopped by the car light bar being turned off.

## Video Management/Situational Awareness

AVaiL Web is a simple user interface for situational awareness and video management that provides faster response times and better policing for citizens. Our video management functionality utilizes multiple, user-friendly tabs on the dashboard displaying video playback, and GPS meta data simultaneously. Including this functionality within AVaiL Web minimizes training and implementation cost, and avoids a dispatcher or field user from having to switch between multiple applications to perform their work. Seconds can make the difference between life and death during a tense incident, and mistakes can be fatal.

## Powerful Video Search

AVaiL Web provides a powerful search capability to identify all digital evidence recorded in an area for a date range, time range, officer, classification, user-defined codification, or with specific keywords in notes. There are two panel displays to play video. The left panel shows the actual video playback. The right panel shows a map with a “breadcrumb” trail laid over Google Maps of the location of the BodyWorn as the video was recorded. The bottom of the right panel also displays thumbnail images of the video. Thumbnails allow the viewer to quickly scan a video and identify persons and locations of interest. Video playback immediately starts with a click on the timeline at the location of interest. The viewer doesn’t have to slide a scrubber bar back and forth to find the video segment of interest. These viewing panels allow the viewer to very quickly find and view the video of interest.

## Video Classification

Classifying is critical to searching for video, and managing video retention. The officer who just witnessed an incident is the ideal circumstance to classify video. The BodyWorn camera provides a screen where the officer can choose one or more classification types from among your department defined, authorized categories. This classification selection can also be entered or updated using the AVaiLWeb Video Management service.

A quick and easy way to classify video at the scene increases categorizing accuracy, and avoids the need to hire additional staff to review and classify video after the fact.

Classifications are instantly uploaded to the central video repository, and are immediately available to Dispatchers and Supervisors as needed.

### Classification-based Video Retention

Classifications are assigned retention periods that can be configured for each customer. Videos with multiple classifications will be retained for the longest retention period. AVaiL Web Video Management users have no ability to delete videos. Videos are stored at AWS and are automatically replicated across multiple data centers, so there is no scenario where a video can be deleted on an unauthorized basis.

### Automated, Location-Based Recording Triggers

The Utility BodyWorn also provides automatic video recording Start and Stop based upon location and 'Action Zones' in the AVaiLWeb Video Management service. Pre-defined (known high-crime areas) or adhoc Action Zones can be used by dispatchers to automatically start video recording when an officer enters the zone. Rules can also define when an officer can stop recording. Command staff may decide the policy under this scenario requires that the recording stop upon the officer leaving the Action Zone or he may stop it himself.

Since the BodyWorn camera is constantly reporting GPS location, it's also possible to produce the dates, times, and duration of time spent in a 'Geo-Fence Zone' such as a police beat or inside a predictive policing zone. Your department can also respond to elected officials who have constituent concerns about inadequate police presence in their neighborhood. AVaiL Web can provide exact facts about police presence at any given street address for any given period.

## Live Streaming

Depending upon security and cost policy, it is also possible to stream video in near-real time to Central Dispatch. Dispatch can send a “push” message to activate a group of BodyWorn devices within a geo-fence zone and view live footage of what is happening at their location. **Dispatch can also click into devices whose video is actively recording to see what that officer is currently seeing.** A feature such as this could allow Dispatch to send officer assistance in the event that officer cannot call for help.

## Role-Based Security

Citizen privacy and police accountability demand that only authorized persons are allowed access to video recordings. AVaiL Web provides a robust level of access control, where the permissions and access rights can be controlled on a group or individual login basis. Access can also be restricted by IP address range or individual IP address. Temporary keys are used to provide one time access to each video, so that view URL addresses cannot be copied and shared. Challenge questions are supported when a user logs into AVaiL Web from a different IP address. Other additional security measures are provided to ensure that only authorized staff are allowed to view or work with authorized videos. A full audit trail is maintained of all additions, changes, and deletions to user profiles and access rights.

## Chain of Custody Logging

In addition to role-based security, the AVaiL Web Video Management service provides a vigorous Chain of Custody audit trail of all events and access related to a digital evidence. Every time a video is saved, redacted, viewed, or distributed, an audit trail record of the access is logged

while the video is being retained. The audit trail records who touched any video in some way; when it was touched, the IP address of the device, and what action was taken with the video.

The viewer has no

ability to modify or delete videos, thus preserving the Chain of Custody.

| Chain of Custody                                            |                     |                |               |                                        |

## Chain of Custody Risk Mitigation

Police departments spending millions of dollars on body-worn video services should be sure the video is admissible as evidence in a court trial. A body-worn video service that breaks the Chain of Custody is a waste of time and money. Chain of Custody requires positive control of evidence from the moment it is captured until it is presented to a Judge or Jury.

There are many faults in a system that relies upon unattended docking stations mounted in a hallway to upload video after a police officer leaves. The device is not under positive

control. A camera sitting in a docking station that has not yet uploaded video could be removed or an upload problem in one camera may block the video upload from a following camera, and the video never gets uploaded. Also, a body-worn camera where the video is not encrypted on the camera itself is vulnerable to being destroyed or tampered with by a hacker who has physical possession of the camera.

### Security Watermarks

Police video privacy is very important to maintaining citizen trust. No police department wants video leaked to YouTube or social media sites. The AVaiL Web Video Management automatically displays visual watermarks of the login ID on the video playback, so that if someone uses a cell phone or camera to take a video of the video, the User ID is displayed in the video, and the source of the leak can be tracked. In addition to a visual watermark, other watermark and security indicators are included in each video to trace any source of video being leaked to the public.

### **Police Transparency vs. Video Redaction Cost and Lead-Time**

The *Police Transparency versus Video Redaction Cost and Lead-Time* white paper included as an attachment to this RFP response describes why an Automatic Video Redaction capability should be required as a part of a BodyWorn Video Management service. Once your officers start recording a lot of videos, there is likely going to be a large amount of records requests for body-worn videos. Body-worn videos will have to be redacted before they are released. Minors, innocent bystanders, and undercover police officers will need to be protected. Redaction needs to include body parts such as arms with identifiable tattoos, license plate numbers, driver's licenses, and other objects. The general rule of thumb is that it takes 5 to 10 hours of effort to manually redact an hour of video. So police departments are facing an huge increase in labor effort to perform redaction of body-worn video.

Police departments that are not able to release redacted video on a short time frame are at risk of public concern about transparency. If the backlog of video redaction grows and release of redacted videos gets delayed, there will likely be a public perception that the department is hiding video it does not want to release. All police departments need a low cost and fast way to redact body-worn video.

Therefore, Utility has developed a very powerful Automated Video Redaction capability as part of the AVaiL Web service. A commonly used redaction technique we offer is called Full Blur (with and without audio), which smears the entire video – similar to smearing Vaseline across the camera lens. Considered crude and rejected as inadequate by third parties such as the ACLU. It raises doubt about police good faith efforts to provide 21<sup>st</sup> Century Policing transparency and accountability. However, it is a form of redaction.

In addition, Utility offers three levels of selective redaction unparalleled by our competitors:

Skin Blur redacts skin in videos. So it automatically redacts not only faces, but also arms and legs with identifying marks such as tattoos.

Interactive Redaction allows an operator to mark people and objects, and then the redaction software blurs the selected objects as they move around in the video.

The result is video can be redacted in minutes rather than hours. The labor savings are dramatic, which avoids a major additional cost of labor to produce redacted body-worn video. It also allows police departments to respond to open records requests in a much timelier manner. Faster turnaround of redacted video in response to open records requests will increase public confidence in your department. The SmartRedaction service is included in the Video Management section of AVaiL Web. Videos can be searched, redacted as

needed, and then exported as .mp4 or .iso files to be provided to third parties. It is important to note that only a copy of a video is redacted. The original video recording is retained and is never edited in any way.

### **Network / Bandwidth Requirements**

The proposed body-worn video service will not require any additional new installation of Network hardware or acquisition of additional network Bandwidth. Video will be uploaded to the Cloud service through existing Wi-Fi access points, or if available, through vehicle routers, such as Utility's Rocket router, leveraging cellular connections in police vehicles. Many agencies implementing docking station solutions find that their IT infrastructure is unable to support mass data offload at shift changes to upload video. BodyWorn provides automatic continuous upload, thereby eliminating this concern.

### **Hardware Security**

Utility is providing all hardware and materials used to deliver the body-worn video service for all requested BodyWorn units during the one-year initial term, with renewal available for a multiple-year term.

### **Database and Optional Software**

Departments will need access to a current desktop Web Browser and Broadband internet connectivity to use the AVaiLWeb Video Management Service. Google Chrome is the optimal browser to use the Service. There is no additional or optional Software or Hardware needed to use the Avail Web Service.

### **System Security**

As documented in this narrative, the Software as a Service subscription and the Service provide complete end-to-end security from the time video is recorded until it is purged at the end of the video retention classification.

Video is encrypted at rest using AES-256 encryption as it is captured on the body-worn recording device. Each one-minute segment of video is hash totaled, and is then uploaded to the video storage repository using an AES-256 encrypted virtual private network tunnel in transit from the BodyWorn to the central video repository. The video files stored at the central video repository are AES-256 encrypted while at rest in the central video repository.

No system user has the ability to delete a video. Videos are only purged based upon retention rules identified for each classification of video. Video files are replicated across multiple AWS data centers, and Amazon commits to 99.999999% file recovery.

All these controls and reports allow Utility to provide unmatched security over the Confidentiality, Integrity, Availability, Performance, and Reliability of body-worn video.

## PROPOSAL PRICING FORM – Body Worn Camera and In-Car Video System

We offer to provide the following items as specified within the RFP as titled above as follows:

Provide EACH pricing and EXTENDED pricing per line.

NOTE: This list is not intended to be a comprehensive list of all materials anticipated on the project, just a sampling of commonly-used items to present a quantifiable and comparable pricing basis to the greatest extents possible. The following products might ultimately not be used in the final accepted show design, but will serve as the basis for the cost of show elements when that show is finally selected. As such, pricing cost data, such as a percentage of mark-up, or wholesale or manufacture pricing may be requested and shall be provided by vendor to ensure that elements subsequently chosen, but not included herein, are priced consistently with this submitted and scored pricing. Use numerals and not words.

### BASE SYSTEM LEASE PRICE

We offer to provide the complete system requested in the RFP entitled BODY WORN CAMERA SYSTEM including training, hardware, software, cloud storage, maintenance, and warranty during term.

#### LEASE AMOUNT:

NOT OFFERED \_\_\_\_\_ ( \$N/A \_\_\_\_\_ )  
*Written words above* *Numerals above*

PER: N/A  
*Write in year, quarter, or month above*

If a leased system is not offered, write the words, NOT OFFERED in the amount space and NA in the PER space. Do not submit both LEASE and PURCHASE prices. Only submit purchase if a lease option is not available.

### PURCHASE PRICE

We offer to provide the complete system requested in the RFP entitled BODY WORN CAMERA SYSTEM including 100 BodyWorn Cameras, 100 In-Car Camera System, training, hardware, software, cloud storage, maintenance, and warranty during term.

#### SINGLE LUMP SUM AMOUNT:

|                                                                      |                  |
|----------------------------------------------------------------------|------------------|
| Three Year Cost – Six Hundred Seventy Six Thousand Dollars           | (\$ 676,000.00)  |
| Two Year Renewal Option – Three Hundred Eighty Four Thousand Dollars | (\$ 384,000.00)  |
| Total Five Year Cost – One Million Sixty Thousand Dollars            | (\$1,060,000.00) |

*Written words above* *Numerals above*

***Note: We are very willing to discuss leasing options, annual payments or other payment terms should we be selected as the winning vendor.***

We further agree to hold our prices firm for a period of not less than 90 days and to enter into a Contract, as requested, to provide the System upon receipt of a written intent to negotiate or award letter from CITY OF GULFPORT, MS.

| Selection may be made of two or more Offeror's deemed to be fully qualified and best suited among those submitting proposals on the basis of the evaluation factors included in the Request for Proposals, including price, if so stated in the Request for Proposals. Negotiations shall be conducted with the Offeror's so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, the selection committee shall select the Offeror which, in its opinion, has made the best proposal, and shall make recommendation to the governing authority. Should the City of Gulfport determine in writing and in its sole discretion that only one Offeror is fully qualified, or that one Offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that Offeror. The award document will be a contract incorporating by reference all the requirements, terms and conditions of the solicitation and the contractor's proposal as negotiated. | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                              |
| Proposal Duration                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                          |                                                                                                         |
| Proposals submitted in response to this RFP must be valid for a period of ninety (90) days from proposal submission deadline, and must be so marked.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | <b>Meets Requirement</b> | This proposal is valid for a period of 90 days from the proposal submission deadline of August 9, 2016. |
| Should services be unsatisfactory or untimely, the City shall have the right to cancel the services immediately pursuant to a written notice that identifies the failure to the (insert firm/individual). Cancellation shall not release the OFFEROR from legal remedies available to the City.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                              |
| The Contractor may not cancel the award during the initial contract term, but may,                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | <b>Meets Requirement</b> | Pileum / Utility has read and understands.                                                              |

|                                                                                                                                                                                                                                             |                          |                                            |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------------------------|
| upon sixty (60) days written notice to the City, cancel the contract during subsequent terms.                                                                                                                                               |                          |                                            |
| Disqualification of Proposer                                                                                                                                                                                                                |                          |                                            |
| Although not intended to be an inclusive list of causes for disqualification, any one or more of the following causes, among others, may be considered sufficient for the disqualification of a proposer and the rejection of his proposal: |                          |                                            |
| 1. Evidence of collusion among proposers.                                                                                                                                                                                                   | <b>Meets Requirement</b> | Pileum / Utility has read and understands. |
| 2. Lack of competency as revealed by either financial statements and/or experience as submitted or other factors.                                                                                                                           | <b>Meets Requirement</b> | Pileum / Utility has read and understands. |
| 3. Lack of responsibility as shown by past work, judged from the standpoint of workmanship as submitted.                                                                                                                                    | <b>Meets Requirement</b> | Pileum / Utility has read and understands. |
| 4. Default or termination on a previous contract for failure to perform or otherwise.                                                                                                                                                       | <b>Meets Requirement</b> | Pileum / Utility has read and understands. |
| Direct Contact                                                                                                                                                                                                                              |                          |                                            |
| Direct contact with any City employee, including the Governing Authority, on the subject of this proposal, is strictly forbidden. Addendum No. I dated August 3, 2016

### **Trade Secrets / Proprietary Information**

Yes, the submittal does contain proprietary information on pages 69-97. These sections have been marked in red on the top and bottom center of the page. This document includes distinctive information on the Utility solution portfolio considered confidential and important.

Pileum Corporation and Utility are equal opportunity employers. Pileum and Utility are drug-free workplaces.

# Terms and Conditions

## T-1. CONTRACT

Pileum Corporation (hereinafter SELLER) Terms and Conditions and order information set forth in this document or incorporated by reference and any modification made pursuant to it shall constitute the complete and exclusive written expression of the terms and conditions of the agreement between the parties, regardless of any conflicting, inconsistent or additional provisions proposed by BUYER, and supersedes all prior or contemporaneous proposals (oral or written), understandings, representations, conditions, warranties, covenants, and all other communications between the parties relating to the subject matter of this contract. The terms and conditions of this contract as set out herein may not in any way be explained or supplemented by a prior or existing course of dealings between the parties by any usage of trade or custom, or by any prior performance between the parties pursuant to this contract or otherwise and may not be modified in any way by any subsequent orders, proposals, acknowledgments, or other communications which relate to said order, unless specifically agreed in writing by BUYER and SELLER. SELLER is not responsible for typographical errors made in any of its publications, or for stenographic or clerical errors made in preparation of quotations, acknowledgments, or specifications. All such errors are subject to correction. All prices are based on the quantity and delivery shown on the quotation or acknowledgment.

## T-2. LIMITED WARRANTY

Products manufactured by SELLER are warranted at time of shipment to be free from defects in material and workmanship under normal use and service. This warranty is only applicable to any of SELLER's products which BUYER returns to SELLER within one (1) year from the date of initial delivery, and which SELLER determines to be defective within the terms of this warranty. Products delivered by SELLER are warranted at time of shipment to be free from defects in material and workmanship under normal use and service. SELLER's obligations, with respect to such applicable warranty returns, are limited to repair, replacement, or refund of the purchase price actually paid for the product, at SELLER's sole option. SELLER shall bear round-trip shipment costs of defective Items found to be covered by this warranty. Defective Products or parts thereof may be replaced with either new, factory refurbished, or remanufactured parts. Defective parts, which have been replaced, shall become the SELLER's property. This warranty does not extend to any product sold by SELLER which has been subjected to misuse, neglect, accident, improper installation, or a use for purposes not included or not in accordance with operational maintenance procedures and instructions furnished by SELLER, or which has been repaired or altered by BUYER or persons other than SELLER or which has been damaged by secondary causes, including but not limited to, improper voltages, adverse environment conditions, improper signals, or products which have had their serial number or any part thereof altered, defaced, or removed. SELLER liability does not cover normal wear and tear or deterioration. THE FOREGOING, WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, INCLUDING, BUT NOT LIMITED TO, WRITTEN, EXPRESS, IMPLIED OR STATUTORY WARRANTIES. IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY AND DESIGN WARRANTIES ARE SPECIFICALLY EXCLUDED AND SHALL NOT APPLY. SELLER'S OBLIGATIONS AND BUYER'S REMEDIES WITH RESPECT TO DEFECTIVE OR NONCONFORMING PRODUCTS ARE SOLELY AND EXCLUSIVELY AS STATED HEREIN.

## T-3. LIMITATION OF LIABILITY

IN NO EVENT WILL SELLER BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES INCLUDING, BUT NOT LIMITED TO, DAMAGES RESULTING FROM LOSS OF PROFIT OR REVENUE, INSTALLATION OR REMOVAL COSTS OR COSTS OF SUBSTITUTE PRODUCTS. BUYER AGREES THAT ANY BASIS FOR IMPOSING ANY LIABILITY ON SELLER FOR PROPERTY DAMAGE, PERSONAL INJURY, OR DEATH, OR LEGAL EXPENSES RELATING TO THE SALE OR USE OF SELLER'S PRODUCTS SHALL BE VOID AND UNENFORCEABLE TO THE EXTENT NOT PROHIBITED BY LAW. THE TOTAL LIABILITY OF SELLER ON ANY CLAIM, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, ARISING OUT OF, CONNECTED WITH OR RESULTING FROM THE MANUFACTURE, SALE, DELIVERY, RESALE, REPAIR, REPLACEMENT OR USE OF ANY PRODUCT WILL NOT EXCEED THE PRICE PAID FOR THE PRODUCT OR PART THEREOF WHICH GIVES RISE TO THE CLAIM. BUYER AGREES TO HOLD SELLER HARMLESS FROM ALL LIABILITIES AND CLAIMS ARISING FROM USE OF SELLER'S PRODUCT.

## T-4. DELIVERY

The shipment date set out herein is SELLER's best estimate of the time material will be shipped from its factory, and SELLER assumes no liability for loss, damage, or consequential damages due to delays for any reason. In no way shall SELLER be bound to a firm shipment or delivery date, regardless of the wording in the BUYER's order, except if expressly agreed to in writing by SELLER.

## T-5. SHIPMENTS

All shipments are F.O.B. SELLER's factory. SELLER assumes no liability for loss, delay, breakage, or damage after delivering packaged products in good order to the carrier. All risks of loss transfer to the BUYER upon delivery of the goods to the carrier at the F.O.B. point. All transportation and shipment costs are the sole liability of the BUYER.

## T-6. ACCEPTANCE

Final acceptance or rejection of the goods to the contractual requirements shall be at SELLER's factory in accordance with SELLER's standard factory acceptance procedure within thirty (30) days after written notice to BUYER of acceptance test schedule. Title shall pass to the BUYER

upon acceptance of each line item at SELLER's factory. Upon acceptance of each unit of goods, BUYER waives any right to revoke such acceptance for any reason, whether known or unknown to BUYER at the time of acceptance. BUYER's sole and exclusive remedy regarding any defect or nonconformance becoming apparent in the goods after such acceptance shall be as set out in Clause T-2 hereof entitled WARRANTY.

**T-7. FORCE MAJEURE**

In no event shall SELLER be liable for any losses or damages (including incidental or consequential damages), delays or defaults occasioned by: (1) acts of God or of a public enemy, (2) acts of the United States or any state or political subdivision thereof, (3) fires, floods, explosions or other catastrophes, (4) epidemics and quarantine restrictions, (5) strikes, slowdowns or labor stoppages of any kind, (6) freight embargoes, (7) unusually severe weather (8) delays of a supplier, or (9) causes beyond the control of the SELLER.

**T-8. TERMINATION**

In the event of termination of all or any part of the order by BUYER or SELLER prior to completion of performance hereunder, SELLER shall be entitled to the amount owed as of the date of termination, which is calculated based on the total project value less the pro-rated amount to be refunded. The amount refunded is calculated as a percentage of time remaining on the original contract.

**T-9. PATENTS, TRADEMARKS, AND COPYRIGHTS**

None of the SELLER's patent, trademark, copyright, or trade secret rights is transferred to BUYER other than the right to use SELLER-supplied products in the normal course of its business.

**T-10. BUYER'S DATA**

BUYER agrees that all data furnished in conjunction with its order together with any information furnished orally shall be free from proprietary or confidentiality restriction except as otherwise agreed in writing by SELLER.

**T-11. PRICE, QUANTITY AND TAXES**

The prices and quantities set out herein represent the quantity information contained in BUYER's order to SELLER, and SELLER's agreed-to-price therefore, and shall be controlling. In case of dispute, both parties shall in good faith seek to reach agreement in accord with the original agreed-to-order. BUYER agrees to pay all applicable federal, state and local revenue, excise, sales, use or similar taxes. BUYER, at SELLER's discretion, shall provide SELLER with a suitable tax-exempt certificate acceptable to the taxing authorities.

**T-12. CHANGES**

Any changes by BUYER relating to the work to be performed, method of shipment or packing, schedule, or place of delivery must be made by written order to SELLER. If such changes cause an increase or decrease in the cost of performance or in the time required for performance, SELLER shall be entitled to an equitable adjustment and the contract shall be modified accordingly prior to implementation of the change.

**T-13. TERMS OF PAYMENT**

Payment is due thirty (30) days from the date of shipment, contingent upon credit approval, unless otherwise specified on the invoice. Each shipment shall be considered a separate and independent transaction and therefore payment shall be made accordingly without any setoff. If shipments are delayed by or at the request of BUYER, Amounts outstanding and unpaid beyond the time specified in these terms may, at the sole discretion of the SELLER, accrue interest at 1.5% per month for the duration of the unpaid balance. Orders for custom or special products and/or services are irrevocable and may require advance payment. Failure of BUYER to make payments shall be grounds for SELLER to delay shipment, place the BUYER on Credit Hold or terminate the contract in whole or in part.

**T-14. LETTER OF CREDIT**

SELLER shall not be obligated to provide a letter of credit or other form of contract guarantee for payments received prior to final delivery.

**T-15. ASSIGNMENT**

Neither this contract nor any interest herein may be assigned by BUYER, either voluntarily or by operation of law without the prior written consent of SELLER. No consent shall be deemed to relieve BUYER of its obligations to fully comply with the requirements hereof. SELLER may, without BUYER's consent, assign any monies due or to become due hereunder.

**T-16. JURISDICTION**

This contract shall be governed by and construed according to the Laws of the State of Georgia, and exclusive jurisdiction and venue shall lie in the courts of the State of Georgia.

**T-17. MERCHANDISE AND CLAIM TERMS**

Orders cancelled by BUYER will be subject to a cancellation charge not to exceed 20% of the value of the cancelled order, at SELLER's discretion.

T-18. RETURNED GOODS

No merchandise will be accepted for return without written authorization. All returns must be unused, undamaged, in the original factory carton, and accompanied by a "Return Material Authorization (RMA) number and a copy of the SELLER invoice. Restocking charges apply to returned goods depending upon the circumstances of return and condition of product. All returned goods must be shipped prepaid, insured, and properly packed and the RMA number must be referenced on all correspondence and must be visible on the exterior of the carton.

T-19. GENERAL

SELLER reserves the right to make changes in design, at any time, without incurring any obligations to provide same on units previously purchased or to continue to supply obsolete units or parts. The invalidity in whole or in part of any provision of this contract shall not affect the validity of other provisions. The failure of either party to insist, in any one or more instances, upon the performance of any term or terms of this order shall not be construed as a waiver or relinquishment of that party's right to such performance or to future performance of such a term or terms, and the other party's obligation in respect hereto shall continue in full force and effect. SELLER specifically rejects and objects to BUYER issuance of any unilateral order not in full compliance and agreement with these SELLER Terms and Conditions of Sale, except if expressly agreed to in writing by SELLER.

## SOFTWARE AS A SERVICE AGREEMENT

This Utility Associates, Inc. Software as a Service Agreement (the "Agreement") is entered into between Utility Associates, Inc. ("UA"), a Delaware corporation having its principal place of business at 250 East Ponce de Leon Ave., Suite 600, Decatur, Georgia 30030, and

---

(the "Customer"). This Agreement shall be effective as of the date UA signs this Agreement (the "Effective Date"). The Parties agree as follows:

### ARTICLE 1- SCOPE OF SERVICES

**1.1.1 Access to Software.** UA is the developer and owner of, or has rights to, certain enterprise mobile device tracking and messaging software known as "RCM – Remote Configuration Management", "DataSync", "AVail™", "AVail Web", "Vehicle Diagnostics", and "RFID Tracking" and related content to be provided to Customer; such software, its related content and any related documentation provided by UA, and the means used to provide the software to Customer and the services described herein are collectively referred to as the "Service". Subject to Customer's payment of the applicable fees and Customer's compliance with the terms of this Agreement, Customer, its affiliates and its and their employees ("Licensed Users") shall have the right to access and use the Service solely for Customer's and its affiliates' internal business purposes. UA will issue to one Licensed User ("Customer Administrator") an individual logon identifier and password ("Administrator Logon") for purposes of administering the Service. Using the Administrator's Logon, the Customer Administrator shall assign each Licensed User a unique logon identifier and password ("User Login") and provide such information to the Licensed Users and UA via the Service. Customer shall not provide a User Login to any individual or entity that is not a Licensed User to use the Service. Customer shall be responsible to ensure, by agreement or otherwise, that each Licensed User will: (a) be responsible for the security and/or use of his or her User Login; (b) not disclose such logon identifier or password to any person or entity; (c) not permit any other person or entity to use his or her User Login; (d) use the Service only in accordance with the terms and conditions of this Agreement and on the workstation software from which the Service is accessed. UA shall have the right to deactivate, change and/or delete User Logins of Licensed Users who have violated this Agreement and to deny or revoke access to the Service, in whole or in part, if UA reasonably believes Customer and/or its Licensed Users are in material breach of this Agreement. Customer shall be solely responsible for ensuring that the access to the Service by a Licensed User who ceases to be an employee of Customer or one of its affiliates is terminated. UA shall have no responsibility for managing, monitoring, and/or overseeing Customer's and its Licensed Users' use of the Service. Customer acknowledges that the Service may contain devices to monitor Customer's compliance with the terms and restrictions contained herein and Customer's obligations hereunder.

**1.1.2 Operating Environment.** Customer is solely responsible for acquiring, installing, operating and maintaining the hardware and software environment necessary to access and use the Service remotely via the Internet.

**1.1.3 Changes to Service.** UA may upgrade, modify, change or enhance ("Change") the Service and convert Customer to a new version thereof at any time in its sole discretion so long as such Change does not materially diminish the scope of the Service, in which event Customer shall have the right to terminate this Agreement upon thirty (30) days written notice to UA. During the term of this agreement, if UA upgrades the version of the Service Customer is using under this Agreement, Customer will not be charged an upgrade fee. Should UA offer additional optional software modules in the future that complement the Software, Customer may elect to purchase the optional software modules for an additional fee; however, Customer has no obligation to do so.

**1.1.4 Help Desk.** Between the hours of 9:00 a.m. and 5:00 p.m., Eastern Standard Time, Monday through Friday excluding UA holidays ("UA Business Hours"), UA shall provide Customer support in the form of a Help Desk. Customers reporting issues through email will receive confirmation of the issue within a reasonable time and will receive a callback the same business day if practical. The Help Desk is always subject to availability of our technical staff and clause 1.1.5 below. Outside of UA Business Hours, support calls are fielded by a 24x7 answering service and relayed to the on-call UA Support Staff.

**1.1.5 Uptime Commitment.**

a. **Availability.** The Service will be made available to Customer and its Licensed Users twenty-four hours a day, seven days a week less the period during which the Service are not available due to one or more of the following events (collectively, the "Excusable Downtime"):

- (i) Scheduled network, hardware or service maintenance;
- (ii) The acts or omissions of Customer or Customer's employees, agents, contractors, vendors, or anyone gaining access to the Service by means of a User Login;
- (iii) A failure of the Internet and/or the public switched telephone network;
- (iv) The occurrence of any event that is beyond UA's reasonable control, or
- (v) At Customer's direction, UA restricting Customer's and its Licensed Users access to the Service.

b. **Commitment.** Customer is responsible for promptly notifying UA in the event of a suspected Service failure. For the purposes of establishing uptime herein, downtime begins upon such notification and ends upon restoration of Service. Subject to Customer satisfying its obligations herein, UA guarantees that the Service will be available to Customer and its Licensed Users at least 98% of the time during each calendar month, excluding Excusable Downtime ("Uptime Commitment"). If UA fails to satisfy the Uptime Commitment during a month, then UA will credit to Customer a pro-rated portion of the Fees in the first month of the next succeeding calendar quarter following the failure. For purposes of this Section, "pro-rated portion of the Fees" means the product obtained by multiplying the applicable Fees during the month of the failure by a fraction, the numerator of which will be the number of hours that the Service did not satisfy the Uptime Commitment, and the denominator of which will be the total number of hours during the month that such failure occurred less Excusable Downtime.

## ARTICLE 2-USE OF THE SERVICE

**2.1 Scope of Use.** Subject to the terms and conditions of this Agreement, including, without limitation, Section 2.2 and 2.3 hereof and Customer's payment of all applicable Fees, UA hereby grants to Customer a limited, a non-exclusive, non-assignable, non-transferable license (the "License"), without the right to sublicense, to access and use the Service, during the Term, over the Internet for Customer's and its affiliates' internal business purposes, on a computer or a computer network operated by Customer, only by Licensed Users and only using the User Logins provided to UA for such Licensed Users for such use.

**2.2 End User License Agreements.** The Licensed software may incorporate software under license from a third party. If the third party requires Customer's notification of such use through an End User License Agreement (EULA), UA will provide such notification to the Customer. In order to use the Service, Customer agrees to be bound by all EULA(s) provided at the time of delivery whether by hardcopy or displayed upon Installation or use of the Service. Customer's use of the Service subsequent to such notice(s) shall constitute Customer's acceptance of the EULA(s).

**2.3 Restrictions.** Customer and its Licensed Users shall not (a) copy the Service or any portion thereof other than as required to use the Service remotely as intended by this Agreement; (b) translate, decompile or create or attempt to create, by reverse engineering or otherwise, the source code from the object code of the Service; (c) modify, adapt, translate or create a derivative work from the Service; (d) use the Service to track more than the number of tracked asset units for which Fees have been paid pursuant Article 3 below; (e) sell, lease, loan, license, assign, sublicense, rent, transfer, publish, disclose, divulge, display, make available to third parties on a time-sharing or service bureau basis or otherwise make available for the benefit of third parties all or any part of the Service, including, without limitation, by transmitting or providing the Service, or any portion thereof, over the Internet, or otherwise, to any third party; (f) interfere or attempt to interfere with the operation of the Service in anyway; (g) remove, obscure or alter any label, logo, mark, copyright notice, trademark or other proprietary rights notices affixed to or contained within the Service; (h) create any frames or other references at any other web sites pertaining to or using any of the information provided through the Service or links to the Service; or (i) engage in any action that constitutes a material breach of the terms and conditions of this Agreement. All rights not expressly granted hereunder are reserved to UA.

## ARTICLE 3- FEES AND PAYMENT TERMS

**3.1 Fees.** As a condition to the License granted pursuant to Section 2.1 above, Customer shall pay Software as a Service annual usage fees ("Fees"). Customer shall, in addition to the Fees required hereunder, pay all applicable sales, use, transfer or other taxes and all duties, whether international, national, state or local, however designated, which are levied or imposed by reason of the transaction(s) contemplated hereby, excluding, however, income taxes on income which may be levied against UA ("Taxes"). Customer shall reimburse UA for the amount of any such Taxes. If Customer fails to pay any undisputed Fees within thirty (30) business days of the date they are due, the Service shall be suspended until all outstanding Fees have been paid. All Fees shall be non-refundable except as otherwise set forth herein.

**3.2 Time-and-Materials Service.** If Customer requests and UA agrees to provide services that are outside the scope of the Service, such services shall be provided at UA's then-current hourly service rates or as established within a separate agreement addressing these specific requests.

## ARTICLE 4-REPRESENTATIONS AND WARRANTIES

**4.1 Warranties.** Each party (the "Representing Party") represents and warrants to the other that (a) it has the authority to enter this Agreement and to perform its obligations under this Agreement; (b) the execution and performance of this Agreement does not and will not violate any agreement to which the Representing Party is a party or by which it is otherwise bound; and (c) when executed and delivered, this Agreement will constitute a legal, valid and binding obligation of the Representing Party, enforceable in accordance with its terms. In addition to the foregoing, UA warrants that the software provided as part of the Service will materially conform to the applicable then-current documentation relating to the Service when used in an operating environment that complies with the then-current documentation relating to the Service. If UA alters the documentation in a way that materially diminishes the scope of the Services, Customer shall have the right to terminate this Agreement upon thirty (30) days prior written notice to UA. In the event that the software which is part of the Service fails to perform in accordance with this warranty, Customer shall promptly inform UA of such fact, and, as Customer's sole and exclusive remedy, UA shall either: (i) repair or replace the Service to correct any defects in the software without any additional charge to Customer, or (ii) terminate this Agreement and provide Customer, as Customer's sole and exclusive remedy, with a pro rata refund (for the unexpired portion of the applicable Term) of the Fees paid to UA hereunder. Customer represents and warrants to UA that Customer and its Licensed Users (i) will use the Service only for lawful purposes; (ii) will not interfere with or disrupt the operation of the Service or the servers or networks involved with the operation of the Service; (iii) attempt to gain unauthorized access to the Service, other accounts, computer systems or networks connected to the Service, through any other means; or (iv) interfere with another user's use and enjoyment of the Service.

**4.2 Export Restrictions.** Customer represents and warrants that it and all Licensed Users will comply with all applicable laws, rules and regulations in the jurisdiction from which they access the Service, including those laws, rules and regulations which apply to the access, import, use and export of controlled technology or other goods. Customer also agrees that it and all Licensed Users will comply with the applicable laws, rules and regulations of the jurisdictions from which UA operates the Service (currently, the United States of America and the State of Georgia). In particular, Customer represents, warrants and covenants that it shall not, without obtaining prior written authorization from UA and, if required, of the Bureau of Export Administration of the United States Department of Commerce or other relevant agency of the United States Government, access, use, export or re-export, directly or indirectly, the Service, or any portion thereof or any Confidential Information of UA (including without limitation information regarding the use, access, deployment, or functionality of the Service) from the United States to (a) any country destination to which access, use, export or re-export is restricted by the Export Administration Regulations of the United States Department of Commerce; (b) any country subject to sanctions administered by the Office of Foreign Assets Control, United States Department of the Treasury; or (c) such other countries to which access, use, export or re-export is restricted by any other United States government agency. Customer further agrees that it is solely responsible for compliance with any import laws and regulations of the country of destination of permitted access, use, export or re-export, and any other import requirement related to a permitted access, use, export or re-export.

**4.3 Warranty Disclaimer.** CUSTOMER ACKNOWLEDGES THAT, EXCEPT AS PROVIDED HEREIN, THE SERVICE IS PROVIDED HEREUNDER WITH NO WARRANTY WHATSOEVER. CUSTOMER ACKNOWLEDGES THAT ITS USE OF THE SERVICE IS AT ITS OWN RISK. EXCEPT AS EXPRESSLY PROVIDED HEREIN, (a) THE SERVICE IS PROVIDED SOLELY ON AN "AS-IS" BASIS, AND (b) UA MAKES, AND CUSTOMER RECEIVES, NO WARRANTIES, EXPRESS, IMPLIED, OR OTHERWISE. UA EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY, MERCHANTABLE QUALITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, AND/OR NON-INFRINGEMENT AND ALL DUTIES AND OBLIGATIONS IMPLIED IN LAW. UA DOES NOT WARRANT THAT THE SERVICE SHALL BE OPERABLE, SHALL PROPERLY STORE DATA, SHALL OPERATE UNINTERRUPTED OR ERROR FREE, SHALL BE SECURE, SHALL KEEP DATA CONFIDENTIAL, SHALL FUNCTION OR OPERATE IN CONJUNCTION WITH ANY OTHER PRODUCT OR SHALL MEET CUSTOMER'S NEEDS.

## ARTICLE 5-LIMITATION OF LIABILITY

**5.1 General.** EXCEPT FOR INDEMNIFICATION OBLIGATIONS SET FORTH HEREIN, IN NO EVENT SHALL EITHER PARTY, THEIR PARTNERS, PRINCIPALS, EMPLOYEES OR AGENTS BE LIABLE FOR ANY CONSEQUENTIAL, EXEMPLARY, SPECIAL, INDIRECT, INCIDENTAL OR PUNITIVE DAMAGES OR LOST REVENUE, LOST PROFITS OR ANTICIPATED BUSINESS ARISING FROM OR RELATING TO THIS AGREEMENT, THE SUBJECT MATTER HEREOF OR THE SERVICE, INCLUDING WITHOUT LIMITATION, DAMAGES ARISING FROM LOSS OF INFORMATION OR DATA, HOWEVER CAUSED (EVEN IF THEY HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES). EXCEPT FOR INDEMNIFICATION OBLIGATIONS SET FORTH HEREIN, THE AGGREGATE LIABILITY OF THE PARTIES WITH RESPECT TO ANY DAMAGES INCURRED IN ANY ONE YEAR PERIOD IN THE TERM FOR ANY OTHER DAMAGES ARISING FROM OR RELATING TO THIS AGREEMENT, THE SUBJECT MATTER HEREOF, OR THE SERVICE, HOWEVER CAUSED, UNDER ANY THEORY OF LIABILITY, SHALL NOT EXCEED THE AMOUNTS RECEIVED BY OR OWED TO UA FROM CUSTOMER RELATING TO ITS USE OF THE SERVICE DURING SUCH ONE

YEAR PERIOD. EXCEPT FOR INDEMNIFICATION OBLIGATIONS SET FORTH HEREIN, THIS LIMITATION APPLIES TO ALL CAUSES OF ACTIONS OR CLAIMS IN THE AGGREGATE INCLUDING WITHOUT LIMITATION, BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, STRICT LIABILITY, MISREPRESENTATION, CLAIMS FOR FAILURE TO EXERCISE DUE CARE IN THE PERFORMANCE OF UA'S SERVICES HEREUNDER, AND OTHER TORTS. FURTHER, NO CAUSE OF ACTION WHICH ACCRUED MORE THAN TWO (2) YEARS PRIOR TO THE FILING OF A SUIT ALLEGING SUCH CAUSE OF ACTION MAY BE ASSERTED HEREUNDER. CUSTOMER AND UA EXPRESSLY ACKNOWLEDGE AND AGREE THAT THE LIMITATIONS AND EXCLUSIONS CONTAINED HEREIN REPRESENT THE PARTIES' AGREEMENT AS TO THE ALLOCATION OF RISK BETWEEN THE PARTIES IN CONNECTION WITH THIS AGREEMENT. THE PAYMENTS PAYABLE TO UA IN CONNECTION HERewith REFLECT THIS ALLOCATION OF RISK AND THE EXCLUSION OF CONSEQUENTIAL AND OTHER DAMAGES AND THE OTHER LIMITATIONS HEREIN.

**5.2 Indemnification.** Customer agrees to defend, indemnify, reimburse and hold harmless UA and its partners, principals, employees and agents with respect to any claim, demand, action, debt, loss, liability, cost and expense (including reasonable attorneys' fees, costs and expenses) arising "in a reasonably foreseeable manner" from breach of this Agreement or any of the representations, warranties, obligations, covenants or agreements herein by Customer or its affiliates, or by any of the agents, employees or Licensed Users thereof, or in connection with use of the Service by or through Customer or its affiliates or any Licensed User. *As used in the immediately preceding sentence, the term "reasonably foreseeable manner" means that a reasonable person familiar with this Agreement and the nature of the Service (including without limitation the use of such Service by other customers of UA), after careful consideration of the nature of the applicable breach of this Agreement or use of the Service, could have anticipated that the applicable claim, demand, action, debt, loss, liability, cost or expense might result from such breach or use.* UA shall indemnify, defend, reimburse and hold harmless Customer and its affiliates and the directors, officers, employees and agents of the foregoing with respect to any claim, demand, action, debt, loss, liability, cost and expense (including reasonable attorneys' fees, costs and expenses) to the extent based upon any third party claim (an "Infringement Claim") that the aspects of the Service that are proprietary to UA in the form originally licensed to Customer infringes any U.S. copyright or patent rights of any third party; *provided, however, that UA shall have no obligation pursuant to the foregoing to the extent based on or related to (i) any use of the Service in violation of this Agreement or the then-current documentation relating to the Service, (ii) any use of the Service in conjunction with any product, data, hardware or software not contemplated in the then-current documentation relating to the Service, (iii) any data or information of Customer or its affiliates, or (iv) any modifications to the Service made by anyone other than UA (unless otherwise authorized in writing by UA).* Moreover, *notwithstanding any provision hereof to the contrary, Customer's exclusive remedy for loss of use of the Service due to any Infringement Claim shall be to suspend its payment of Fees to UA hereunder for the period during which its use of the Service is actually prohibited by reason of such Infringement Claim, and UA shall have no liability for any other actual, special, incidental or consequential damages based on such loss of use.* The foregoing states the entire liability of UA with respect to any Infringement Claim, and Customer hereby expressly waives any other obligations or liabilities.

**5.3 Indemnification Procedures.** A Party seeking indemnification hereunder (an "Indemnified Party") shall give the Party from whom indemnification is sought (the "Indemnifying Party"): (i) reasonably prompt notice of the relevant claim; *provided, however, that failure to provide such notice shall not relieve the Indemnifying Party from its liability or obligation hereunder except to the extent of any material prejudice directly resulting from such failure;* (ii) reasonable cooperation, at the Indemnifying Party's expense, in the defense of such claim; and (iii) the right to control the defense and settlement of any such claim; *provided, however, that the Indemnifying Party shall not, without the prior written approval of the Indemnified Party, settle or dispose of any claims in a manner that affects the Indemnified Party's rights or interest.* The Indemnified Party shall have the right to participate in the defense at its own expense.

#### ARTICLE 6-CONFIDENTIAL INFORMATION

**6.1 Confidential Information.** As used herein, the term "Confidential Information" means all technical, business and other information relating to the Service, which (i) is possessed or hereafter acquired by UA and disclosed to Customer or Licensed Users, (ii) derives economic value from not being generally known to persons other than UA and its customers, and (iii) is the subject of efforts by UA that are reasonable under the circumstances to maintain its secrecy or confidentiality. Confidential Information shall include, but shall not be limited to, oral or written (including, without limitation, storage in electronic or machine readable media) information with respect to UA's trade secrets, know-how, proprietary processes, operations, employees, contractors, prospects, business plans, product or service concepts, business methods, hardware, software, codes, designs, drawings, products, business models and marketing strategies, in each case relating to the Service. Confidential Information shall not include any information which Customer can demonstrate (a) has become generally available to and known by the public (other than as a result of a disclosure directly or indirectly by Customer, any of its affiliates or any of its or their respective employees, contractors or agents), (b) has been made available to Customer on a non-confidential basis from a source other than UA, provided that such source is not and was not bound by a confidentiality agreement with UA or any other legal obligation of non-disclosure, or (c) has been independently acquired or developed by Customer without violating any of its obligations under this Agreement.

**6.2 Non-Disclosure of Confidential Information.** Customer shall hold confidential all Confidential Information (as defined in Section 6.1) of UA and shall not disclose or use (except as expressly provided in this Agreement) such Confidential Information without the express written consent of UA. Confidential Information of UA shall be protected by the Customer with the same degree of care as Customer uses for protection of its own confidential information, but no less than reasonable care. Customer may disclose Confidential Information only to those of its employees who have a need to know the Confidential Information for purposes of performing or exercising rights granted under this Agreement and only to the extent necessary to do so. At any time upon the request of UA, the Customer shall promptly, at the option of UA, either return or destroy all (or, if UA so requests, any part) of the Confidential Information previously disclosed and all copies thereof, and the Customer shall certify in writing as to its compliance with the foregoing. Customer agrees to secure and protect the Confidential Information in a manner consistent with the maintenance of UA's rights therein and to take appropriate action by instruction or agreement with its Licensed Users to satisfy its obligations hereunder. Customer shall use its reasonable commercial efforts to assist UA in identifying and preventing any unauthorized access, use, copying or disclosure of the Confidential Information, or any component thereof. Without limitation of the foregoing, Customer shall advise UA immediately in the event Customer learns or has reason to believe that any person has violated or intends to violate these confidentiality obligations or the proprietary rights of UA, and Customer will, at Customer's expense, cooperate with UA in seeking injunctive or other equitable relief in the name of Customer or UA against any such person. In the event Customer is required to disclose any Confidential Information by law or court order, it may do so, provided that UA is provided a reasonable opportunity to prevent such disclosure, and, in the event of a disclosure, that the Customer apply reasonable commercial efforts to ensure that available confidentiality protections are applied to such information. In such event, Customer shall not be liable for such disclosure unless such disclosure was caused by, or resulted from, in whole or in part, a previous disclosure by Customer, any of its affiliates or any of its or their respective employees, contractors or agents, not permitted by this Agreement. UA Confidential Information shall not include information which can be demonstrated by Customer: (i) to have become part of the public domain except by an act or omission or breach of this Agreement on the part of Customer, its employees, or agents; (ii) to have been supplied to Customer after the time of disclosure without restriction by a third party who is under no obligation to UA to maintain such information in confidence; or (iii) required to be disclosed by law or court order, provided that UA is provided a reasonable opportunity to prevent such disclosure, and, in the event of a disclosure, that Customer apply reasonable commercial efforts to ensure that available confidentiality protections are applied to such information.

**6.3 Non-Disclosure of Customer Confidential Information.** Notwithstanding any provision of this Agreement to the contrary, UA shall hold confidential all information disclosed to UA (a) concerning the business affairs or proprietary and trade secret information of Customer, (b) any information that derives economic value from not being generally known to persons other than Customer and its employees, and (c) any information that is the subject of efforts by Customer that are reasonable under the circumstances to maintain its secrecy or confidentiality, whether disclosed to UA by Customer in oral, graphic, written, electronic or machine readable form ("Customer Confidential Information") and shall not disclose or use such Customer Confidential Information without the express written consent of Customer. Customer Confidential Information shall be protected by UA with the same degree of care as UA uses for its own confidential information, but no less than reasonable care. UA may disclose Customer Confidential Information only to those of its employees who have a need to know the Customer Confidential Information for purposes of performing or exercising rights granted under this Agreement and only to the extent necessary to do so. At any time upon the request of Customer, UA shall promptly, at the option of Customer, either return or destroy all (or, if Customer so requests, any part) of the Customer Confidential Information previously disclosed and all copies thereof, and UA shall certify in writing as to its compliance with the foregoing. UA agrees to secure and protect the Customer Confidential Information in a manner consistent with the maintenance of Customer's rights therein and to take appropriate action by instruction or agreement with its employees to satisfy its obligations hereunder. UA shall use reasonable commercial efforts to assist Customer in identifying and preventing any unauthorized access, use, copying or disclosure of the Customer Confidential Information, or any component thereof. Without limitation of the foregoing, UA shall advise Customer immediately in the event UA learns or has reason to believe that any person has violated or intends to violate these confidentiality obligations or the proprietary rights of Customer, and UA will, at UA's expense, cooperate with Customer in seeking injunctive or other equitable relief in the name of UA or Customer against any such person. Customer Confidential Information shall not include information which can be demonstrated by UA: (i) to have become part of the public domain except by an act or omission or breach of this Agreement on the part of UA, its employees, or agents; (ii) to have been supplied to UA after the time of disclosure without restriction by a third party who is under no obligation to Customer to maintain such information in confidence; or (iii) required to be disclosed by law or court order, provided that Customer is provided a reasonable opportunity to prevent such disclosure, and, in the event of a disclosure, that UA apply reasonable commercial efforts to ensure that available confidentiality protections are applied to such information.

**6.4 Passwords.** Any and all logon identifiers and passwords provided hereunder are deemed Confidential Information of UA. Customer and Licensed Users are responsible for maintaining the confidentiality of such logon identifiers and passwords. Customer agrees to (a) immediately notify UA of any unauthorized use of such logon identifiers or passwords or

any other breach of security pertaining to the Service, and (b) ensure that Licensed Users exit from their accounts at the end of each session. UA can not and will not be liable for any loss or damage arising from Customer's or any Licensed User's failure to comply with this Section 6.4.

6.5 Term. With regard to Confidential Information that constitutes trade secrets, the obligations in this Section shall continue for so long as such information constitutes a trade secret under applicable law. With regard to all other Confidential Information, the obligations in this Section shall continue for the term of this Agreement and for a period of five years thereafter.

#### ARTICLE 7-PROPRIETARY RIGHTS

7.1 *Proprietary Rights.* No right (except for the License right granted in Article 2), title or interest in any intellectual property or other proprietary rights are granted or transferred to Customer hereunder. UA and its third-party licensors and service providers retain all right, title and interest, including, without limitation, all patent, copyright, trade secret and all other intellectual property and proprietary rights, inherent in and appurtenant to the Service and all derivative works connected therewith.

#### ARTICLE 8-TERM AND TERMINATION

8.1 *Term; Termination.* The term of this Agreement (the "Term") shall commence on the Effective Date and shall continue for an initial term of one (1) year thereafter, unless terminated earlier or renewed as set forth herein, and shall automatically renew for additional one (1) year terms unless either party cancels such renewal by written notice to the other party at least sixty (60) days in advance of the expiration of the then-current term. Either party may immediately terminate this Agreement in the event that: (a) the other party breaches any material obligation, warranty, representation or covenant under this Agreement, (b) the other party becomes insolvent or is unable to pay its debts as due, enters into or files (or has filed or commenced against it) a petition, arrangement, action or other proceeding seeking relief or protection under the bankruptcy laws of the United States or similar laws of any other jurisdiction or transfers all of its assets to another person or entity, or (c) Customer has not used the Service for a consecutive six (6) month period. If timely payment of undisputed Fees is not received by its due date, UA reserves the right to either suspend or terminate Customer's or Licensed User's access to the Service. Upon termination or expiration of this Agreement for any reason, the License and the Service shall terminate, Customer will be obligated to pay any and all Fees due hereunder up through the date of such termination or expiration and UA shall have no further obligations to Customer. Sections 2.2, 2.3, and 4.3 and Articles 5, 6, 7, 8, and 9 hereof shall survive the expiration or termination of this Agreement for any reason.

#### ARTICLE 9-MISCELLANEOUS

9.1 *Notices.* Any written notice required or permitted to be delivered pursuant to this Agreement will be in writing and will be deemed delivered: (a) upon delivery if delivered in person; (b) three (3) business days after deposit in the United States mail, registered or certified mail, return receipt requested, postage prepaid; (c) upon transmission if sent via telecopier/facsimile, with a confirmation copy sent via overnight mail; (d) one (1) business day after deposit with a national overnight courier;

\_\_\_\_\_

9.2 *Governing Law and Venue.* This Agreement, and all the rights and duties of the parties arising from or relating in any way to the subject matter of this Agreement shall be governed by, construed and enforced in accordance with the laws of the State of Georgia (excluding any conflict of laws provisions of the State of Georgia). Any suit or proceeding relating to this Agreement shall be brought in the courts, state and federal, located in Fulton County, State of Georgia.

**9.3 UCITA Disclaimer.** THE PARTIES AGREE THAT THE UNIFORM COMPUTER TRANSACTIONS ACT OR ANY VERSION THEREOF, ADOPTED BY ANY STATE, IN ANY FORM ("UC/TA"), SHALL NOT APPLY TO THIS AGREEMENT. TO THE EXTENT THAT UCITA IS APPLICABLE, THE PARTIES AGREE TO OPT OUT OF THE APPLICABILITY OF UCITA PURSUANT TO THE OPT-OUT PROVISION(S) CONTAINED THEREIN.

**9.4 Assignment.** Customer will not assign, sublicense or otherwise transfer this Agreement, in whole or in part, nor delegate or subcontract any of its rights or obligations hereunder, without UA's prior written consent, except in the event of an assignment to an affiliate.

**9.5 Force Majeure.** Neither party shall have any liability to the other or to third parties for any failure or delay in performing any obligation under this Agreement due to circumstances beyond its reasonable control including, without limitation, acts of God or nature, actions of the government, fires, floods, strikes, civil disturbances or terrorism, or power, communications, satellite or network failures; provided, however, this Section 9.5 shall not apply to Customer's obligation to pay any of the Fees in accordance with Article 3 hereof. .

**9.6 Modifications.** All amendments or modifications of this Agreement shall be in writing signed by an authorized representative of each party hereto. The parties expressly disclaim the right to claim the enforceability or effectiveness of: (a) any amendments to this Agreement that are not executed by an authorized representative of UA and Customer; (b) any oral modifications to this Agreement; and (c) any other amendments based on course of dealing, waiver, reliance, estoppel or similar legal theory. The parties expressly disclaim the right to enforce any rule of law that is contrary to the terms of this Section.

**9.7 Waiver.** The failure of either party to enforce, or the delay by either party in enforcing, any of its rights under this Agreement will not be deemed to be a waiver or modification by such party of any of its rights under this Agreement.

**9.8 Severability.** If any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, in whole or in part, such holding shall not affect the validity or enforceability of the other provisions of this Agreement.

**9.9 Headings.** The headings used herein are for reference and convenience only and shall not enter into the interpretation hereof.

**9.10 Entire Agreement.** This Agreement (including the Schedules and any addenda hereto) contains the entire agreement of the parties with respect to the subject matter of this Agreement and supersedes all previous communications, representations, understandings and agreements, either oral or written, between the parties with respect to said subject matter.

## Supplemental Information

Supplemental information has been included in the following order. See below summary for explanation of organization.

- Utility Product Sheets
  - Demonstrates equipment's ability to perform as outlined in the RFP on page 9, "Vendor's Equipment and Ability to Perform"
  - Provides product data and drawings for review and comparison
- Generation 2 Body-Worn Cameras and the Evidence EcoSystem Datasheet
  - Demonstrates equipment's ability to perform as outlined in the RFP on page 9, "Vendor's Equipment and Ability to Perform"
- CJIS Compliance in the Cloud
  - Speaks to Privacy of Data, Ability to Perform
- CJIS Compliance on AWS
  - Speaks to Privacy of Data, Ability to Perform
- Amazon Web Services Names BodyWorn as 2016 Innovation Challenge Award Winner
  - Referenced in cover letter of this response
  - Speaks to Privacy of Data, Ability to Perform
- Poll Results: American Voters' Views on Police Body Cameras
  - Demonstrates equipment's ability to perform as outlined in the RFP on page 9, "Vendor's Equipment and Ability to Perform"

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Kris Riemann, Director  
Engineering

**Date:** 08/25/2016

**Subject:** Final Acceptance - of Savoy Place Subdivision for water and sewer improvements only.

**Recommendation:**

# Memorandum – City of Gulfport

**To:** Margaret Murdock, Legal

**CC:** Mayor Billy Hewes

Dr. John Kelly, CAO

**From:** Kris Riemann, P.E. *RKR*

**Date:** 08/23/2016

**Re: Recommendation to Accept Savoy Place – Water and Sewer Improvements  
for the Start of the Warranty Period**

---

On July 19, 2016 Engineering and Public Works conducted an inspection of the referenced subdivision (Water and Sewer Only). Deficiencies were noted and have since been corrected. This subdivision is located outside of the City Limits; however, it is located within the City's franchise area for water and sewer service.

A warranty bond in the amount of \$10,700.00 is required for the period of one (1) year to cover the improvements.

At the conclusion of the warranty period, the developer is required to notify the city to schedule a warranty inspection. Prior to acceptance for perpetual maintenance all deficiencies shall be corrected.

We recommend acceptance of the water and sewer improvements in the subdivision and the start of the one year warranty period based on the above conditions.

Please place this item on the September 6, 2016 council agenda.

This item has been approved by:

Mayor or C.A.O. \_\_\_\_\_

**PUNCH LIST**

1. Coat inside of all sewer manholes with cold tar epoxy per specs.
2. Clean and grout all manhole sewer pipe inverts.
3. Grout the annular space between the pipe and the pipe entry gasket boot to flush with the interior of all SMH.
4. Align manhole lid, manhole #9.
5. Level all water meter boxes.
6. Uncover and raise water meter boxes on Lots 4,19,20.
7. Install sewer clean out cap on Lot 26.
8. Align water valve box with valve adjacent to Lots 8 and 27.
9. Align pumper connection 90 degrees to curb on all hydrants.
10. As-built drawings need to reflect the change in pipe type along Highway 53.

Mr. Jeremy Harrison  
City of Gulfport  
4050 Hewes Avenue  
Gulfport, MS 39507

RE: Savoy Place, Lots 1-42  
Agreement  
Harrison County, MS  
Benchmark Project No.: B-2728

Mr. Harrison,

Belvedere Place, LLC shall be responsible for installing the necessary sanitary sewer improvements required to connect to the proposed sewer system on the South side of Highway 53 along Church Street that will be provided by the City of Gulfport as part of the Lyman Area Sanitary Sewer Project at a later date. The improvements shall include all construction required in order to: 1) extend an 8" main line from the location shown on Exhibit A out of SMH-1 or SMH-2 (proposed manholes provided by City of Gulfport) to the north side of Hwy 53 and set a manhole (MH-A); 2) convert the existing lift station installed in Belvedere Place shown on Exhibit B as LS-2 into a gravity system with an 8" main line and manholes Easterly along Hwy 53 until we reach said MH-A (said improvement shall only be required if SMH-1 or SMH-2 flowline elevations allow for a gravity system to be installed per City Standards); & 3) connect the existing gravity flow system serving Savoy Place to said MH-A and remove the remaining existing sewer main and manholes that were installed from Savoy westerly along Hwy 53 to the existing lift station (LS-2) at Belvedere Place. Until then, the sanitary sewer system for Savoy Place will remain in the required one year warranty period, the City of Gulfport will take over maintenance of said sewer system when the tie in to the future system has been made before the one year warranty period ends. Plans will be provided to City for above referenced work for review and approval prior to construction.

Sincerely,

Gregory A. Bonds, P.E.

There came on for consideration at a meeting of the Mayor and members of the Council of the City of Gulfport, Mississippi, held on the 6th day of September, 2016, the following Resolution:

**A RESOLUTION OF THE MAYOR AND MEMBERS OF THE COUNCIL OF THE CITY OF GULFPORT FINDING AND ADJUDICATING THAT THE HEREIN DESCRIBED PARCELS OF LAND ARE IN SUCH A STATE OF UNCLEANLINESS AS TO BE A MENACE TO THE PUBLIC HEALTH, SAFETY, AND WELFARE OF THE COMMUNITY AND AUTHORIZING ADVERTISEMENT FOR BIDS TO HAVE LAND CLEANED AND TO ASSESS THE COSTS TO THE SAID PROPERTIES**

**WHEREAS**, Mayor and members of the Council of the City of Gulfport finds, determines, and adjudicates, based upon the investigation of the City's Department of Urban Development Code Enforcement Division, that the parcels of land described below are in such a state of uncleanliness as to be a menace to the public health, safety and welfare of the community; and

**WHEREAS**, said properties, as described herein, are lying and being within the City of Gulfport, First Judicial District, Harrison County, Mississippi; and

**WHEREAS**, the parcels investigated by the Department of Urban Development Code Enforcement Division and recommended by them for adjudication as being parcels in such a state of uncleanliness as to be a menace to the public health, safety and welfare of the community are as follows:

- |           |                                                                                                                                                                        |

**WHEREAS**, the Mayor and members of the Council of the City of Gulfport further find, determine and adjudicate that advertisement for bids to clean the above referenced properties should be made in the form and manner by law provided; and

**WHEREAS**, the Mayor and members of the Council further find, determine and adjudicate that the cost of the demolition and lot cleanup shall not exceed the aggregate amount of \$20,000.00 per parcel shall be a lien against said property and shall be enrolled in the office of the Circuit Clerk of the First Judicial District of Harrison County, Mississippi as other judgments are enrolled, and thereafter, the Tax Collector of the Municipality shall, upon order of the Mayor and members of the Council, proceed to sell the herein described land to satisfy said lien as now provided by law for the sale of land for delinquent municipal taxes.

**NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND MEMBERS**

**OF THE COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS:**

**SECTION 1.** That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**SECTION 2.** That the City Clerk be and is hereby authorized to advertise for bids to clean the property described above lying and being within the City of Gulfport, First Judicial District of Harrison County, Mississippi.

**SECTION 3.** That the cost of cleanup of the herein described property, including any penalty assessed, shall be a lien against said property and shall be enrolled in the office of the Circuit Clerk of the First Judicial District of Harrison County, Mississippi, and thereafter, the Tax Collector of the City, shall, upon order of the Mayor and members of the Council, proceed to sell the land to satisfy said lien as now provided by law for the sale of lands delinquent municipal taxes.

Amendment to transfer budget from Personal Services to Capital Outlay in order to purchase Body Camera's for the Police Department. This amendment is being requested by the Police Chief.

Amendment # 2016-58

## Memorandum

---

**To:** Mayor Billy Hewes and  
Gulfport City Council

**From:** Sherry Dulaney, Accounts Payable Supervisor  
Accounts Payable

**Date:** 08/26/2016

**Subject:** Docket of Claims - to be approved through September 7, 2016.

**Recommendation:**

There came on for consideration at a duly constituted meeting of the Mayor and Members of the City Council of the City of Gulfport, Mississippi, held on the \_\_\_\_\_ day of \_\_\_\_\_, 2016, the following Resolution:

**A RESOLUTION BY THE GULFPORT CITY COUNCIL  
APPROVING THE DOCKET OF CLAIMS**

**WHEREAS**, following the City Council’s approval of the budget, funds for the City of Gulfport are vested with the Mayor and Administration; and

**WHEREAS**, claims presented to the City for payment must be approved by the City Council through a Docket of Claims process; and

**WHEREAS**, the Administration for the City of Gulfport has prepared, certified, and submitted to the City Council a “Docket of Claims” for approval, attached hereto as Exhibit “A”; and

**WHEREAS**, in submitting this Docket of Claims, the Comptroller has certified to the Council that to the best of her knowledge and belief, all items contained within the Docket of Claims have been properly procured and appear to be within previously budgeted amounts and are lawful and appropriate for payment; and

**WHEREAS**, in authorizing payment for the Docket, the City Council must rely on this certification and by reliance on this certification, hereby authorizes payment to be issued to satisfy all claims found within the Docket, unless specifically excluded by the Council.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY  
COUNCIL OF THE CITY OF GULFPORT, MISSISSIPPI, AS FOLLOWS, TO WIT:**

**Section 1.** That the matters, facts and things recited in the Preamble hereto are hereby adopted as the official findings of the Governing Authority.

**Section 2.** That the Docket of Claims is hereby approved in the form attached hereto as Exhibit “A”, except for those claims specifically excluded by the Council.

**Section 3.** That this Resolution shall take full force and effect immediately upon its passage and enactment according to law and shall be spread upon the minutes of the Gulfport City Council.

The above and foregoing Resolution, after having been first reduced to writing and read by the Clerk, was introduced by Councilmember \_\_\_\_\_, seconded by Councilmember \_\_\_\_\_, and was adopted by the following roll call vote:

**YEAS:**

**NAYS:**

**ABSENT:**

**WHEREUPON**, the President declared the motion carried and the Resolution adopted, this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**(SEAL)**

**ATTEST:**

**ADOPTED:**

\_\_\_\_\_  
**CLERK OF THE COUNCIL**

\_\_\_\_\_  
**PRESIDENT OF THE COUNCIL**

The above and foregoing Resolution having been submitted to and approved by the Mayor, this the \_\_\_\_\_ day of \_\_\_\_\_, 2016.

**APPROVED:**

\_\_\_\_\_  
**MAYOR**
